3.		Transactions concluded on an MTF																		
3.1	R	The <i>COBS</i> provisions in paragraph 2.1R do not apply to transactions concluded under the rules governing an <i>MTF</i> between members or participants of the <i>MTF</i> . However, the member or participant must comply with those provisions in respect of its <i>clients</i> if, acting on its <i>clients</i> behalf, it is executing their orders on an <i>MTF</i> .																		
		[Note: article 19(4) of <i>MiFID</i>]																		
3A.		Operators of OTFs																		
3A.1	G	A <i>firm</i> which <i>operates an organised trading facility</i> should refer to MAR 5A.3.9R which specifies how the provisions in this sourcebook apply to that activity.

		[Note: article 24(6) of <i>MiFID</i>]																		
5.2	G	This exclusion for consumer credit products is intended to apply on a narrow basis in relation to cases in which the <i>investment service</i> is a part of another financial product. It does not apply where the <i>investment service</i> is the essential or leading part of the financial product. It also does not apply where the service provided is a combination of an <i>investment service</i> and an <i>ancillary service</i> (for example, granting a credit for the execution of an order where the credit is instrumental to the buying or the selling of a <i>financial instrument</i> .) The exclusion also does not apply in relation to the sale of a <i>financial instrument</i> for the pur																		

pose of enabling a *client* to invest money to repay his obligations under a loan, mortgage or home reversion.

5A. Mortgages and mortgage bonds

- 5A.1 R The *rule* in paragraph 5A.2R applies in relation to an *MCD credit agreement* with a *consumer* which is subject to the provisions concerning the creditworthiness assessment of *consumers* in Chapter 6 of the *MCD* (which were transposed in *MCOB 11* and *MCOB 11A*).
- 5A.2 R If an agreement with a *consumer* within paragraph 5A.1R has as a pre-requisite the provision to that same *consumer* of an *investment service* in relation to mortgage bonds satisfying the conditions in paragraph 5A.3R in order for the loan to be payable, refinanced or redeemed, that *investment service* is not subject to the *rules* in this sourcebook which implemented article 25 of *MiFID*.
- 5A.3 R The conditions in paragraph 5A.2R are that the mortgage bonds:
- (1) are specifically issued to secure the financing of the *MCD credit agreement* in paragraph 5A.1R; and
 - (2) have terms which are identical to the *MCD credit agreement* in paragraph 5A.1R.

[Note: article 25(7) of *MiFID*]

- 6.1 R If a *firm* (or its *appointed representative* or, where applicable, its *tied agent*) outsources *insurance distribution activities* to a *third party processor*:
- (1) the *firm* must accept responsibility for the acts and omissions of that *third party processor* conducting those outsourced activities; and
 - (2) any *COBS rule* requiring the *third party processor's* identity to be disclosed to *clients* must be applied as a requirement to disclose the *firm's* identity;
- unless the *third party processor* is giving *personal recommendations* in relation to *advising on investments* (except *P2P agreements*).

7. Modified meaning of regulated activities for UK AIFMs and UK UCITS management companies

- 7.1 R In determining whether a provision in *COBS* applies to a UK AIFM or a UK UCITS management company, an activity carried on by the *firm* which would be a *regulated activity* but for article 72AA (Managers of UCITS and AIFs) of the *Regulated Activities Order*, must be treated as a *regulated activity* carried on by the *firm*.

1.2	G	[deleted]	
1.3	G	Certain chapters of this sourcebook apply only to <i>firms</i> in relation to their <i>MiFID</i> , <i>equivalent third country or optional exemption business</i> and, in some of these chapters, specified <i>insurance distribution activities</i> (sometimes only in relation to <i>insurance-based investment products</i>) while others apply only to <i>firms’ designated investment business</i> which is not <i>MiFID</i> , <i>equivalent third country or optional exemption business</i> or, in some of these chapters, certain <i>insurance distribution activities</i> .	
1.4	G	COBS 18 (Specialist regimes) contains specialist regimes which modify the application of the provisions in this sourcebook for particular types of <i>firm</i> and business. To the extent that they are in conflict, the <i>rules</i> in COBS 18 on the application of the provisions in this sourcebook should be understood as overriding any other provision (whether in COBS 1 or an individual chapter) on the application of COBS.

This section does not apply to the provision of *independent advice* or *restricted advice* on a *retail investment product* in the course of *MiFID*, *equivalent third country* or *optional exemption business*. - (1) a fee, commission or non-monetary benefit paid or provided to or by the *client* or a *person* on behalf of the *client*; or
- (2) a fee, commission or non-monetary benefit paid or provided to or by a third party or a *person* acting on behalf of a third party, if:

 - (b) the existence, nature and amount of the fee, commission or benefit, or, where the amount cannot be ascertained, the method of calculating that amount, is clearly disclosed to the *client*, in a manner that is comprehensive, accurate and understandable, before the provision of the service;

2.3.9	G		The following <i>guidance</i> and <i>evidential provisions</i> provide examples of arrangements the <i>FCA</i> believes will breach the <i>client's best interests rule</i> if a <i>firm</i> sells or <i>arranges</i> the sale of a <i>packaged product</i> for a <i>retail client</i> .
2.3.10	E		<ol style="list-style-type: none"> (1) If a <i>firm</i> is required to disclose <i>commission</i> (see ■ COBS 6.4) to a <i>client</i> in relation to the sale of a <i>packaged product</i> (other than in relation to arrangements between firms that are in the same <i>immediate group</i>) the firm should not enter into any of the following: <ol style="list-style-type: none"> (a) volume overrides, if <i>commission</i> paid in respect of several transactions is more than a simple multiple of the <i>commission</i> payable in respect of one transaction of the same kind; and (b) an agreement to indemnify the payment of <i>commission</i> on terms that would or might confer an additional financial benefit on the recipient in the event of the <i>commission</i> becoming repayable.

- (2) Contravention of (1) may be relied upon as tending to establish contravention of the *rule* on inducements (■ COBS 2.3.1 R).
- 2.3.11 G (1) If a *firm* enters into an arrangement with another firm under which it makes or receives a payment of *commission* in relation to the sale of a *packaged product* that is increased in excess of the amount disclosed to the *client*, the *firm* is likely to have breached the *rules* on disclosure of charges, remuneration and commission (see ■ COBS 6.4) and, where applicable, the *rule* on inducements in ■ COBS 2.3.1R (2)(b), unless the increase is attributable to an increase in the *premiums* or contributions payable by that *client*.
- Providing credit and other benefits to firms that give personal recommendations on retail investment products or P2P agreements**
- 2.3.11A G The following *guidance* and *evidential provisions* provide examples of arrangements the *FCA* believes will breach the *client's best interests rule* in relation to a *personal recommendation* of a *retail investment product* or *P2P agreement* to a *retail client*.
- 2.3.12 E (1) This *evidential provision* applies in relation to a holding in, or the provision of *credit* to, a *firm* which holds itself out as making *personal recommendations* to *retail clients* on *retail investment products* or *P2P agreements*, except where the relevant transaction is between *persons* who are in the same *immediate group*.
- (2) A *retail investment product* provider or *operator of an electronic system in relation to lending* should not take any step which would result in it:
- (a) having a direct or indirect holding of the capital or *voting power* of a firm in (1); or
- (b) providing *credit* to a *firm* in (1) (other than continuing to facilitate the payment of an *adviser charge* or *consultancy charge* where it is no longer payable by the *retail client*, as described in ■ COBS 6.1A.5 G or ■ COBS 6.1C.6 G);
- unless all the conditions in (4) are satisfied. A *retail investment product* provider or *operator of an electronic system in relation to lending* should also take reasonable steps to ensure that its *associates* do not take any step which would result in it having a holding as in (a) or providing *credit* as in (b).
- (3) A *firm* in (1) should not take any step which would result in a *retail investment product* provider or *operator of an electronic system in relation to lending* having a holding as in (2)(a) or providing *credit* as in (2)(b), unless all the conditions in (4) are satisfied.
- (4) The conditions referred to in (2) and (3) are that:
- (a) the holding is acquired, or *credit* is provided, on commercial terms, that is terms objectively comparable to those on which an independent *person* unconnected to a *retail investment product* provider or *operator of an electronic system in relation to*

- lending* would, taking into account all relevant circumstances, be willing to acquire the holding or provide credit;
- (b) the *firm* (or, if applicable, each of the *firms*) taking the step has reliable written evidence that (a) is satisfied;

(c) there are no arrangements, in connection with the holding or *credit*, relating to the channelling of business from the *firm* in (1) to the *retail investment product provider or operator of an electronic system in relation to lending* ; and

(d) the *retail investment product provider or operator of an electronic system in relation to lending* is not able, and none of its *associates* is able, because of the holding or *credit*, to exercise any influence over the *personal recommendations* made in relation to *retail investment products* or *P2P agreements* given by the *firm* or the advice given, or services provided to, an employer in connection with a *group personal pension scheme* or *group stakeholder pension scheme*.
- (5) In this *evidential provision*, in applying (2) and (3) any holding of, or *credit* provided by, a *retail investment product provider's or operator of an electronic system in relation to lending's associate* is to be regarded as held by, or provided by, that *retail investment product provider or operator of an electronic system in relation to lending*. .

(6) [deleted]

(7) Contravention of (2) or (3) may be relied upon as tending to establish contravention of the *rule* on inducements (■ COBS 2.3.1 R).

2.3.12A

G

Where a *retail investment product provider or operator of an electronic system in relation to lending*, or its *associate*, provides *credit* to a *retail client* of a *firm* making *personal recommendations* in relation to *retail investment products* or *P2P agreements* or giving advice, or providing services, to an employer in connection with a *group personal pension scheme* or *group stakeholder pension scheme*, this may create an indirect benefit for the *firm* and, to the extent that this is relevant, the provider of *retail investment products* or *operator of an electronic system in relation to lending* may need to consider the examples in ■ COBS 2.3.12E as if it had provided the *credit* to the *firm*.

2.3.13

G

In considering the compliance of arrangements between members of the same *immediate group* with the *rule* on inducements (■ COBS 2.3.1 R), *firms* may wish to consider the *evidential provisions* in ■ COBS 2.3.10 E and ■ COBS 2.3.12 E, to the extent that these are relevant.

Reasonable non-monetary benefits

2.3.14

G

(1) In relation to the sale of *retail investment products*, the table on reasonable non-monetary benefits (■ COBS 2.3.15 G) indicates the kind of benefits which are capable of enhancing the quality of the service provided to a *client* and, depending on the circumstances, are capable of being paid or received without breaching the *client's best interests rule*. However, in each case, it will be a question of fact whether these conditions are satisfied.

(2) The *guidance* in the table on reasonable non-monetary benefits is not relevant to non-monetary benefits which may be given by a *retail investment product* provider or its *associate* to its own *representatives*. The *guidance* in this provision does not apply directly to non-monetary benefits provided by a *firm* to another *firm* that is in the same *immediate group*. In this situation, the *rules* on *commission equivalent* (■ COBS 6.4.3 R), the requirements on a *retail investment product* provider making a *personal recommendation* in respect of its own *retail investment products* (■ COBS 6.1A.9 R) or the requirements on a *firm* giving advice, or providing services, to an employer in connection with a *group personal pension scheme* or *group stakeholder pension scheme* produced by the *firm* (■ COBS 6.1C.8 R) will apply.

2.3.15

G This table belongs to ■ COBS 2.3.14 G.

2	<i>A retail investment product</i> provider assisting another <i>firm</i> to promote its <i>retail investment products</i> so that the quality of its service to <i>clients</i> is enhanced. Such assistance should not be of a kind or value that is likely to impair the recipient <i>firm's</i> ability to pay due regard to the interests of its <i>clients</i> , and to give advice on, and recommend, <i>retail investment products</i> available from the recipient <i>firm's</i> whole <i>range</i> or <i>ranges</i> . Joint marketing exercises
3	<i>A retail investment product</i> provider providing generic product literature (that is, letter heading, leaflets, forms and envelopes) that is suitable for use and distribution by or on behalf of another <i>firm</i> if: (a) the literature enhances the quality of the service to the <i>client</i> and is not primarily of promotional benefit to the <i>retail investment product</i> provider; and (b) the total costs (for example, packaging, posting, mailing lists) of distributing such literature to its <i>client</i> are borne by the recipient <i>firm</i> .
4	<i>A retail investment product</i> provider supplying another <i>firm</i> with 'freepost' envelopes, for forwarding such items as completed applications, medical reports or copy client agreements.
5	<i>A retail investment product</i> provider supplying product specific literature (for example, <i>key features documents</i> , minimum information) to another <i>firm</i> if: (a) the literature does not contain the name of any other <i>firm</i> ; or (b) if the name of the recipient <i>firm</i> is included, the literature enhances the quality of the service to the <i>client</i> and is not primarily of promotional benefit to the recipient <i>firm</i> .
6	<i>A retail investment product</i> provider supplying draft articles, news items and <i>financial promotions</i> for publication in another <i>firm's</i> magazine, only if in each case any costs paid by the <i>product provider</i> for placing the articles and <i>financial promotions</i> are not more than market rate, and exclude distribution costs.

	Seminars and conferences
7	<p>A <i>retail investment product</i> provider taking part in a seminar organised by another <i>firm</i> or a third party and paying toward the cost of the seminar, if:</p> <ul style="list-style-type: none"> (a) its participation is for a genuine business purpose; and (b) the contribution is reasonable and proportionate to its participation and by reference to the time and sessions at the seminar when its staff play an active role.
	Technical services and information technology
8	A <i>retail investment product</i> provider supplying a 'freephone' link to which it is connected.
9	<p>A <i>retail investment product</i> provider supplying another <i>firm</i> with any of the following:</p> <ul style="list-style-type: none"> (a) quotations and <i>projections</i> relating to its <i>retail investment products</i> and, in relation to specific <i>investment</i> transactions (or for the purpose of any scheme for review of past business), advice on the completion of forms or other <i>documents</i>; (b) access to data processing facilities, or access to data, that is related to the <i>retail investment product</i> provider's business; (c) access to third party electronic dealing or quotation systems that are related to the <i>retail investment product</i> provider's business; and (d) software that gives information about the <i>retail investment product</i> provider's <i>retail investment products</i> or which is appropriate to its business (for example, for use in a scheme for review of past business or for producing <i>projections</i> or technical product information).
10	A <i>retail investment product</i> provider paying cash amounts or giving other assistance to a <i>firm</i> not in the same <i>immediate group</i> for the development of software or other computer facilities necessary to operate software supplied by the <i>retail investment product</i> provider, but only to the extent that by doing so it will generate equivalent cost savings to itself or <i>clients</i> .
11	A <i>retail investment product</i> provider supplying another <i>firm</i> with information about sources of mortgage finance.
12	A <i>retail investment product</i> provider supplying another <i>firm</i> with generic technical information in writing, not necessarily related to the <i>product provider's</i> business, when this information states clearly and prominently that it is produced by the <i>product provider</i> or (if different) supplying <i>firm</i> .
	Training
13	A <i>retail investment product</i> provider providing another <i>firm</i> with training facilities of any kind (for example, lectures, venue, written material and software).
	Travel and accommodation expenses
14	<p>A <i>retail investment product</i> provider reimbursing another <i>firm's</i> reasonable travel and accommodation expenses when the other <i>firm</i>:</p> <ul style="list-style-type: none"> (a) participates in market research conducted by or for the <i>retail investment product</i> provider; (b) attends an annual national event of a <i>United Kingdom</i> trade association, hosted or co-hosted by the <i>retail investment product</i> provider;

- (c) participates in the *retail investment product* provider's training facilities (see 13);
- (d) visits the *retail investment product* provider's *United Kingdom* office in order to:
 - (i) receive information about the *retail investment product* provider's administrative systems; or
 - (ii) attend a meeting with the *retail investment product* provider and an existing or prospective *client* of the receiving *firm*.

2.3.16 G In interpreting the table of reasonable non-monetary benefits, *retail investment product* providers should be aware that where a benefit is made available to one *firm* and not another, this is more likely to impair compliance with the *client's best interests rule* and that, where any benefits of substantial size or value (such as adviser training programmes or significant software) are made available to *firms* that are subject to the *rules* on adviser charging and remuneration (■ COBS 6.1A) or consultancy charging and remuneration (■ COBS 6.1C), these benefits should be made available equally across those *firms* if they are provided at all.

2.3.16A G In interpreting the table of reasonable non-monetary benefits, a *firm* that provides a *personal recommendation* in relation to a *retail investment product* to a *retail client* or gives advice, or provides a service, to an employer in connection with a *group personal pension scheme* or a *group stakeholder pension scheme* should be aware that acceptance of benefits on which the *firm* will have to rely for a period of time is more likely to impair compliance with the *client's best interests rule*. For example, accepting services which provide access to another *firm's* systems or software on which the *firm* will need to rely to gain access to the *firm's client* data in the future, would be likely to conflict with the *rule* on inducements (■ COBS 2.3.1R).

Application of guidance on reasonable non-monetary benefits

2.3.16B R The *guidance* on reasonable non-monetary benefits in ■ COBS 2.3.14G to ■ COBS 2.3.16AG does not apply to a *firm* which:

- (1) makes *personal recommendations* to *retail clients* in relation to *retail investment products*, *pension transfers*, *pension conversions*, *pension opt-outs* or *P2P agreements*, and to which ■ COBS 6.1A (Adviser charging and remuneration) applies; or
- (2) is a *retail investment product* provider, a *platform service provider* or a *firm* which is an *operator of an electronic system in relation to lending* to which ■ COBS 6.1B (Retail investment product provider, operator of an electronic system relating to lending, and platform service provider requirements relating to adviser charging and remuneration) applies.

2.3.16C G However, ■ COBS 6.1A and ■ COBS 6.1B do permit minor non-monetary benefits which meet the relevant requirements set out in ■ COBS 6.1A.5AR(2).

2.3.17 R

Record keeping: inducements

- (1) A *firm* must make a record of the information disclosed to the *client* in accordance with ■ COBS 2.3.1R (2)(b) and must keep that record for at least five years from the date on which it was given.
- (2) A *firm* must also make a record of each benefit given to another *firm* which does not have to be disclosed to the *client* in accordance with ■ COBS 2.3.1R (2)(b)(ii), and must keep that record for at least five years from the date on which it was given.

 - (b) a payment or benefit which enables or is necessary for the provision of an *investment service*, or the distribution of an *insurance-based investment product*, by the *firm*, such as custody costs, settlement and exchange fees, regulatory levies or legal fees and which, by its nature, cannot give rise to conflicts with the *firm's* duty to act honestly, fairly and professionally in the best interests of the *client*; or

[Note: article 24(9) of *MiFID*, article 22(3) and 29(3) of the *IDD*]

2.3A.7

E

A *firm* which fails to comply with ■ COBS 2.3A.5R is to be regarded as not fulfilling its obligations in relation to:

Fees, commissions or non-monetary benefits which are designed to enhance the quality of a service

2.3A.8

R

- (1) For the purposes of ■ COBS 2.3A.6R(1)(a)(i), a fee, commission or non-monetary benefit is designed to enhance the quality of the relevant service to a *client* only if :
 - (a) it is justified by the provision of an additional or higher level service to the *client* and is proportional to the level of inducements received;
 - (b) it does not directly benefit the recipient *firm*, its *shareholders* or *employees* without tangible benefit to the *client*;
 - (c) it is justified by the provision of an ongoing benefit to the *client* in relation to an ongoing inducement; and
 - (d) the provision of the service by the *firm* to the *client* is not biased or distorted as a result of the fee, commission or non-monetary benefit.
- (2) A *firm* must fulfil these conditions on an ongoing basis as long as the *firm* continues to pay or receive the fee, commission or non-monetary benefit.

[Note: article 11(2) and (3) of the *MiFID Delegated Directive*]

2.3A.9

R

A fee, commission or non-monetary benefit may be justified for the purposes of ■ COBS 2.3A.8R(1)(a) where, for example, the *firm* provides:

- (1) *restricted advice* on, and access to, a wide range of suitable *financial instruments* or *insurance-based investment products* including an

appropriate number of *financial instruments* or *insurance-based investment products* from third party product providers having no close links with the *firm*; or

(2) *restricted advice* combined with:

- (a) an offer to the *client*, at least on an annual basis, to assess the continuing suitability of the *financial instruments* or *insurance-based investment products* in which the *client* has invested; or
- (b) another ongoing service that is likely to be of value to the *client* such as advice about the suggested optimal asset allocation of the *client*; or

(3) access, at a competitive price, to a wide range of *financial instruments* or *insurance-based investment products* that are likely to meet the needs of the *client*, including an appropriate number of *financial instruments* or *insurance-based investment products* from third party product providers having no close links with the *firm*, together with either the provision of added-value tools, such as objective information tools helping the *client* to take investment decisions or enabling the *client* to monitor, model and adjust the range of *financial instruments* or *insurance-based investment products* in which they have invested, or providing periodic reports of the performance and costs and charges associated with the *financial instruments* or *insurance-based investment products*.

[Note: article 11(2) of the *MiFID Delegated Directive*]

Additional requirements for the assessment of inducements: insurance-based investment products

2.3A.9A

- (1) An inducement or inducement scheme will have a detrimental impact on the quality of the relevant service to the *client* where it is of such a nature and scale that it provides an incentive to carry out *insurance distribution activities* in a way that is not in compliance with the obligation to act honestly, fairly and professionally in accordance with the best interests of the *client*.
- (2) For the purposes of assessing whether an inducement or inducement scheme has a detrimental impact on the quality of the relevant service to the *client*, an *insurance intermediary* or an *insurer* must perform an overall analysis taking into account all relevant factors which may increase or decrease the risk of detrimental impact on the quality of the relevant service to the *client*, and any organisational measures taken by the *firm* carrying out *insurance distribution activities* to prevent the risk of detrimental impact.
- (3) A *firm* must, in particular, consider the following criteria:
 - (a) whether the inducement or inducement scheme could provide an incentive to the *firm* to offer or recommend a particular *insurance-based investment product* or a particular service to the *client* despite the fact that the *firm* would be able to offer a different *insurance-based investment product* or service which would better meet the *client's* needs;
 - (b) whether the inducement or inducement scheme is solely or predominantly based on quantitative commercial criteria or

whether it takes into account appropriate qualitative criteria, reflecting compliance with applicable legal requirements, the quality of services provided to *clients* and *client* satisfaction;

- (c) the value of the inducement paid or received in relation to the value of the *insurance-based investment product* and the services provided;
- (d) whether the inducement is entirely or mainly paid at the moment of the conclusion of the *policy* or extends over the whole term of that contract;
- (e) the existence of an appropriate mechanism for reclaiming the inducement in case the *insurance-based investment product* lapses or is surrendered at an early stage or in case the interests of the *client* have been harmed;
- (f) the existence of any form of variable or contingent threshold or any other kind of value accelerator which is unlocked by attaining a target based on volume or value of sales.

- (4) For the purposes of (1) to (3):
 - (a) ‘inducement’ means any fee, commission, or any non-monetary benefit provided by or to an *insurance intermediary* or *insurer* in connection with the distribution of an *insurance-based investment product*, to or by any party except the *client* involved in the transaction in question or a *person* acting on behalf of that *client*;
 - (b) ‘inducement scheme’ means a set of rules governing the payment of inducements, including the conditions under which the inducements are paid.

Disclosure of payments or benefits received from, or paid to, third parties

- 2.3A.10 R
- (1) Prior to the provision of the relevant service, the *firm* must disclose to the *client* the information set out in ■ COBS 2.3A.6R(2) and, where applicable, ■ COBS 2.3A.6R(4).
 - (2) For these purposes, minor non-monetary benefits may be described in a generic way, but other non-monetary benefits received or paid by the *firm* in connection with a service provided to the *client* must be priced and disclosed separately.

[Note: article 11(5)(a) of the *MiFID Delegated Directive*]

2.3A.11 R Where a *firm* is unable to ascertain on an ex-ante basis the amount of any payment or benefit to be received or paid, and instead discloses to the *client* the method of calculating the relevant amount, the *firm* must also inform the *client* of the exact amount of the payment or benefit received or paid on an ex-post basis.

 - (a) a *retail client* outside the *United Kingdom*; or
 - (b) (for *investment services*) a *professional client*.

Fees, commission, and non-monetary benefits paid or provided by a person on behalf of the client

2.3A.18

G

Fees, commission or non-monetary benefits paid or provided by a *person* on behalf of the *client* are acceptable only if that *person* is aware that such payments have been made on that *client's* behalf and the amount and frequency of any payment is agreed between the *client* and the *firm* and not determined by a third party. This could be the case where:

- (1) a *client* pays a *firm's* invoice directly or it is paid by an independent third party who has no connection with the *firm* regarding the *investment service* provided to the *client* and is acting only on the instructions of the *client*; or
- (2) cases where the *client* negotiates a fee for a service provided by a *firm* and pays that fee.

This would generally be the case for accountants or lawyers acting under a clear payment instruction from the *client* or where a *person* is acting as a mere conduit for the payment.

[Note: recital 75 to *MiFID*]

Acceptable minor non-monetary benefits

2.3A.19

R

An acceptable minor non-monetary benefit is one which:

- (1) is clearly disclosed prior to the provision of the relevant service to the *client*, which the *firm* may describe in a generic way (where applicable, in accordance with ■ COBS 2.3A.10R);
- (2) is capable of enhancing the quality of service provided to the *client*;
- (3) is of a scale and nature that it could not be judged to impair the *firm's* compliance with its duty to act honestly, fairly and professionally in the best interests of the *client*;
- (4) is reasonable, proportionate and of a scale that is unlikely to influence the *firm's* behaviour in any way that is detrimental to the interests of the relevant *client*; and
- (5) consists of:
 - (a) information or documentation relating to a *financial instrument* or an *investment service*, that is generic in nature or personalised to reflect the circumstances of an individual *client*;
 - (b) written material from a third party that is commissioned and paid for by a corporate *issuer* or potential *issuer* to promote a new issuance by the company, or where the third party *firm* is contractually engaged and paid by the *issuer* to produce such

material on an ongoing basis, provided that the relationship is clearly disclosed in the material and that the material is made available at the same time to any *firms* wishing to receive it, or to the general public;

- (c) participation in conferences, seminars and other training events on the benefits and features of a specific *financial instrument* or an *investment service*;
- (d) hospitality of a reasonable de minimis value, such as food and drink during a business meeting or a conference, seminar or other training events mentioned under paragraph (c);
- (e) research relating to an issue of *shares, debentures, warrants or certificates representing certain securities* by an *issuer*, which is:
 - (i) produced:
 - (A) prior to the issue being completed; and
 - (B) by a *person* that is providing underwriting or placing services to the *issuer* on that issue; and
 - (ii) made available to prospective investors in the issue;
- (f) research that is received so that the *firm* may evaluate the research provider's research service, provided that:
 - (i) it is received during a trial period that lasts no longer than three *months*;
 - (ii) no monetary or non-monetary consideration is due (whether during the trial period, before or after) to the research provider for providing the research during the trial period;
 - (iii) the trial period is not commenced with the research provider within 12 *months* from the termination of an arrangement for the provision of research (including any previous trial period) with the research provider; and
 - (iv) the *firm* makes and retains a record of the dates of any trial period accepted under this *rule*, as well as a record of how the conditions in (i) to (iii) were satisfied for each such trial period;
- (g) research on listed or unlisted companies with a market capitalisation below £200m, provided that it is offered on a rebundled basis or provided for free. The market capitalisation is to be calculated with reference to the average closing price of the *shares* of the company at the end of each *month* to 31 October for the preceding 24 *months*. For companies newly admitted to trading, determination of the threshold should be based on the market capitalisation at the close of day one trading and apply until the date of the next re-assessment (i.e. 31 October). For these purposes, *firms* may reasonably rely on the assessment of a third party that the research is on a company with a market capitalisation below £200m;
- (h) third party research that is received by a *firm* providing *investment services* or *ancillary services* to *clients* where it relates to fixed income, currency or commodity instruments;
- (i) research received from a research provider where the research provider is not engaged in execution services and is not part of a

financial services group that includes an *investment firm* that offers execution or brokerage services;

- (j) written material that is made openly available from a third party to any firm wishing to receive it or to the general public. "Openly available" in this context means that there are no conditions or barriers to accessing the written material other than those which are necessary to comply with relevant regulatory obligations, for example requiring a log-in, sign-up or submission of user information by a firm or a member of the public in order to access that material; or
- (k) *corporate access services* which relate to listed or unlisted companies with a market capitalisation below £200m in accordance with ■ COBS 2.3A.19R 5(g).

2.3A.20

G

■ COBS 2.3A.8R sets out the conditions to be met if a fee, commission or non-monetary benefit is designed to enhance the quality of the service to a *client*. Those conditions are also likely to be relevant to *firms* considering whether a non-monetary benefit is capable of enhancing the quality of the service to a *client* for the purposes of the *rule* on acceptable minor non-monetary benefits (see ■ COBS 2.3A.19R(2)).

[Note: articles 24(7) and (8) of *MiFID* refer to minor non-monetary benefits that are capable of enhancing the quality of service provided to the *client*]

2.3A.21

G

A non-monetary benefit that involves a third party allocating valuable resources to the *firm* is not a minor non-monetary benefit and accordingly is considered to impair compliance with the *firm's* duty to act in the *client's* best interest.

[Note: recital 30 to the *MiFID Delegated Directive*]

2.3A.22

G

For the purposes of ■ COBS 2.3A.19R(4) and ■ (5)(a), non-substantive material or services consisting of short term market commentary on the latest economic statistics or company results or information on upcoming releases or events which are provided by a third party and which:

- (1) contain only a brief unsubstantiated summary of the third party's own opinion on the information; and
- (2) do not include any substantive analysis (e.g. where the third party simply reiterates a view based on an existing recommendation or substantive research),

can be deemed to be information relating to a *financial instrument* or *investment service* of a scale and nature such that it constitutes an acceptable minor non-monetary benefit.

[Note: recital 29 to the *MiFID Delegated Directive*]

2.3A.22A

G

In relation to ■ COBS 2.3A.19R 5(h), since the particular features of the fixed income, currency and commodity markets, whereby portfolio managers and independent investment advisers transact with counterparties based on

competitive pricing processes, the pricing of transactions in fixed income, currency and commodity instruments will typically not take into account research services.

Paying commission on non-advised sales of packaged products

2.3A.23 **G** The following *guidance* and *evidential provisions* provide examples of arrangements the *FCA* believes will breach the *client's best interests rule* if a *firm* sells or *arranges* the sale of a *packaged product* for a *retail client*.

2.3A.24 **E**

- (1) If a *firm* is required to disclose commission (see **■ COBS 6.4** (Disclosure of charges, remuneration and commission)) to a *client* in relation to the sale of a *packaged product* (other than in relation to arrangements between *firms* that are in the same *immediate group*) the *firm* should not enter into any of the following:
 - (a) volume overrides, if commission paid in respect of several transactions is more than a simple multiple of the commission payable in respect of one transaction of the same kind; and
 - (b) an agreement to indemnify the payment of commission on terms that would or might confer an additional financial benefit on the recipient in the event of the commission becoming repayable.
- (2) Contravention of (1) may be relied upon as tending to establish contravention of **■ COBS 2.3A.5R**.

2.3A.25 **G** If a *firm* enters into an arrangement with another *firm* under which it makes or receives a payment of commission in relation to the sale of a *packaged product* that is increased in excess of the amount disclosed to the *client*, the *firm* is likely to have breached the *rules* on disclosure of charges, remuneration and commission (see **■ COBS 6.4**) and, where applicable, the *rules* on inducements in **■ COBS 2.3A.6R(2)** and **■ (3)**, unless the increase is attributable to an increase in the *premiums* or contributions payable by that *client*.

Providing credit and other benefits to firms that advise retail clients on retail investment products

2.3A.26 **G** The following *guidance* and *evidential provisions* provide examples of arrangements the *FCA* believes will breach the *client's best interests rule* in relation to a *personal recommendation* of a *retail investment product* to a *retail client*.

2.3A.27 **E**

This *evidential provision* applies in relation to a holding in, or the provision of *credit* to, a *firm* which holds itself out as making *personal recommendations* to *retail clients* on *retail investment products*, except where the relevant transaction is between *persons* who are in the same *immediate group*.

A *retail investment product* provider should not take any step which would result in it:

- (a) having a direct or indirect holding of the capital or *voting power* of a *firm* in (1); or

- (b) providing *credit* to a *firm* in (1) (other than continuing to facilitate the payment of an *adviser charge* or *consultancy charge* where it is no longer payable by the *retail client*, as described in ■ COBS 6.1A.5G or ■ COBS 6.1C.6G);

unless all the conditions in (4) are satisfied. A *retail investment product* provider should also take reasonable steps to ensure that its *associates* do not take any step which would result in it having a holding as in (a) or providing *credit* as in (b).

A *firm* in (1) should not take any step which would result in a *retail investment product* provider having a holding as in (2)(a) or providing *credit* as in (2)(b), unless all the conditions in (4) are satisfied.

The conditions referred to in (2) and (3) are that:

- (a) the holding is acquired, or *credit* is provided, on commercial terms, that is terms objectively comparable to those on which an independent *person* unconnected to a *retail investment product* provider would, taking into account all relevant circumstances, be willing to acquire the holding or provide *credit*;
- (b) the *firm* (or, if applicable, each of the *firms*) taking the step has reliable written evidence that (a) is satisfied;
- (c) there are no arrangements, in connection with the holding or *credit*, relating to the channelling of business from the *firm* in (1) to the *retail investment product* provider; and
- (d) the *retail investment product* provider is not able, and none of its *associates* is able, because of the holding or *credit*, to exercise any influence over the *personal recommendations* made in relation to *retail investment products* given by the *firm*.

In this *evidential provision*, in applying (2) and (3) any holding of, or *credit* provided by, a *retail investment product* provider's *associate* is to be regarded as held by, or provided by, that *retail investment product* provider.

Contravention of (2) or (3) may be relied upon as tending to establish contravention of ■ COBS 2.3A.15R.

2.3A.28

Where a *retail investment product* provider, or its *associate*, provides *credit* to a *retail client* of a *firm* making *personal recommendations* in relation to *retail investment products*, this may create an indirect benefit for the *firm* and, to the extent that this is relevant, the provider of *retail investment products* may need to consider the examples in ■ COBS 2.3A.27E as if it had provided the *credit* to the *firm*.

2.3A.29

In considering the compliance of arrangements between members of the same *immediate group* with ■ COBS 2.3A.15R, *firms* may wish to consider the *evidential provisions* in ■ COBS 2.3A.24E and ■ COBS 2.3A.27E, to the extent that these are relevant.

Guidance on inducements

2.3A.30 **G** A *firm* which fails to comply with the rules on inducements will not meet its obligations in relation to conflicts of interest (see ■ SYSC 10) or the obligation to act honestly, professionally and fairly in accordance with the best interests of its *clients*.

[Note: article 24(9) of *MiFID*]

2.3A.31 **G** A *firm* is unlikely to meet its obligations relating to best execution (see ■ COBS 11.2A), inducements (in this section), and conflicts of interest (see ■ SYSC 10) where it receives payment, remuneration or commission from third parties (including those entities to whom or which it directs orders for execution) in relation to the execution of *client* orders. *Firms* should also have regard to the FSA's Guidance on the practice of 'Payment for Order Flow'.

[Note: for the FSA's Guidance on the practice of 'Payment for Order Flow' see: <http://www.fca.org.uk/publication/finalised-guidance/fg12-13.pdf>]

Record keeping: inducements

2.3A.32 **R** A *firm* must hold evidence that any fees, commission or non-monetary benefits paid or received by the *firm* are designed to enhance the quality of the relevant service to the *client* by:

- (1) keeping an internal list of all fees, commission and non-monetary benefits received by the *firm* from a third party in relation to the provision of the service; and
- (2) recording how the fees, commission and non-monetary benefits paid or received by the *firm*, or that the *firm* intends to use, enhance the quality of the services provided to the relevant *clients* and the steps taken in order not to impair the *firm's* compliance with the duty to act honestly, fairly and professionally in the best interests of the *client*.

[Note: article 11(4) of the *MiFID Delegated Directive*]

2.3A.33 **G** In relation to the *MiFID business* of a *firm*, article 72 and Annex 1 of the *MiFID Org Regulation* also make provision for the keeping of records on inducements.

[Note: article 72 and Annex 1 of the *MiFID Org Regulation*]

2.3A.34 **R** In relation to the *equivalent business of a third country investment firm* and *MiFID optional exemption business*, information disclosed to the *client* in accordance with ■ COBS 2.3A.6R(2), ■ (3) and ■ (4) and ■ COBS 2.3A.10R to ■ COBS 2.3A.12R must be retained in a medium that allows the storage of information in a way accessible for future reference by the FCA, and in such a form and manner that:

- (1) the FCA is able to access it readily and to reconstitute each key stage of the processing of each transaction;

- (2) it is possible for any corrections or other amendments, and the contents of the records prior to such corrections or amendments, to be easily ascertained;
- (3) it is not possible for the records otherwise to be manipulated or altered;
- (4) it can be exploited through information technology or any other efficient method of exploitation when analysis of the data cannot be easily carried out due to the volume and nature of the data; and
- (5) the *firm's* arrangements comply with the record keeping requirements irrespective of the technology used.

2.3A.35

G

In relation to the distribution of an *insurance-based investment product*, a *firm* should refer to ■ SYSC 3 (for insurers and managing agents) and ■ SYSC 9 (for other *firms*) for its obligations in relation to record keeping.

2.3B Inducements and research

Application

2.3B.1 **R** This section applies to a *firm* carrying on *MiFID*, *equivalent third country* or *optional exemption business*.

2.3B.2 **G**

(1) A *firm* providing *independent advice*, *restricted advice* or *portfolio management services* to *retail clients* in the *United Kingdom*, or which provides *independent advice* or *portfolio management services* to *retail clients* outside the *United Kingdom* or to *professional clients* is prohibited from receiving inducements (other than acceptable minor non-monetary benefits) in relation to those services under ■ COBS 2.3A.15R and ■ COBS 2.3A.16R. Compliance with ■ COBS 2.3B allows such a *firm* to receive third party *research* without breaching that prohibition.

(2) In addition, ■ COBS 2.3B enables *investment firms* other than those in (1) to receive *research* without subjecting it to an assessment under the inducements rule in ■ COBS 2.3A, as *research* acquired in accordance with this section will not constitute an inducement.

Receiving third party research without it constituting an inducement

2.3B.3 **R** Third party *research* that is received by a *firm* providing *investment services* or *ancillary services* to *clients* will not be an inducement under ■ COBS 2.3A.5R, ■ COBS 2.3A.15R or ■ COBS 2.3A.16R if it is received in return for either of the following:

- (1) direct payments by the *firm* out of its own resources; or
- (2) payments from a separate *research* payment account controlled by the *firm*, provided that the *firm* meets the requirements in ■ COBS 2.3B.4R relating to the operation of the account.

[Note: article 13(1)(a) and (b)(excl. (i) – (iv)) of the *MiFID Delegated Directive*]

Conditions relating to the operation of the research payment account

2.3B.4 **R** The requirements referred to in ■ COBS 2.3B.3R(2) for the operation of a *research* payment account are:

- (1) the *research* payment account must only be funded by a specific *research* charge to *clients*, which must:
 - (a) only be based on a *research* budget set by the *firm* for the purpose of establishing the amount needed for third party *research* in respect of *investment services* rendered to its *clients*; and
 - (b) not be linked to the volume or value of transactions executed on behalf of *clients*;
- (2) (a) the *firm* must set and regularly assess a *research* budget as an internal administrative measure as part of establishing a *research* payment account and agreeing the *research* charge with its *clients*; and
 - (b) the *research* budget must comply with ■ COBS 2.3B.7R, ■ COBS 2.3B.8R(2) and ■ COBS 2.3B.11R;
- (3) the *firm* must be fully responsible for the *research* payment account; and
- (4) the *firm* must regularly assess the quality of the *research* purchased, based on robust quality criteria, and its ability to contribute to better investment decisions for the *clients* who pay the *research* charge.

[Note: article 13(1)(b)(i-iv) and (2)(a) and (b) of the *MiFID Delegated Directive*]

2.3B.5

R

A *firm* using a *research* payment account must provide the following information to *clients*:

- (1) before the provision of an *investment service* or *ancillary service* to *clients*, information about the budgeted amount for *research* and the amount of the estimated *research* charge for each of them; and
- (2) annual information on the total costs that each of them has incurred for third party *research*.

[Note: article 13(1) second subparagraph of the *MiFID Delegated Directive*]

2.3B.6

G

In accordance with *Principle 7* (communications with clients), a *firm* should inform *clients* in the annual information in ■ COBS 2.3B.5R(2) that they are entitled to request the information set out in ■ COBS 2.3B.20R(1).

2.3B.7

R

A *firm* must ensure that:

- (1) the total amount of *research* charges collected from *clients* under ■ COBS 2.3B.4R(1) does not exceed the *research* budget established under ■ COBS 2.3B.4R(2) (and, where relevant, amended under ■ COBS 2.3B.8R(2)); and
- (2) the *research* budget and *research* payment account are not used to fund research generated internally by the *firm* itself.

[Note: article 13(4) and (6) of the *MiFID Delegated Directive*]

- 2.3B.8** **R**
- (1) A *firm* must agree with *clients*, in the *firm's* investment management agreement or general terms of business:
 - (a) the *research* charge as budgeted by the *firm*; and
 - (b) the frequency with which the specific *research* charge will be deducted from the resources of the *client* over the year.
 - (2) A *firm* must not increase its *research* budget unless it has provided, in advance, clear information to relevant *clients* about such intended increases.
 - (3) If there is a surplus in a *research* payment account at the end of a period, the *firm* must have a process to:
 - (a) rebate those funds to relevant *clients*; or
 - (b) offset it against the *research* budget and charge for relevant *clients* calculated for the following period.

[Note: article 13(5) of the *MiFID Delegated Directive*]
 - (4) In calculating a rebate or offset as set out in (3), a *firm* must take reasonable steps to maintain a fair allocation of costs between *clients*.

2.3B.9 **G** Information on increases in the *research* budget under **COBS 2.3B.8R(2)** should be provided to relevant *clients* in good time before such increases are to take effect.

2.3B.10 **G** A *firm* that operates arrangements for collecting *research* charges by deducting charges from those *clients'* resources should ensure that those arrangements comply with **CASS 8** (Mandates), as applicable.

Governance and oversight of research payment accounts

- 2.3B.11** **R** For the purposes of **COBS 2.3B.4R(2)**, a *firm* must ensure that:
- (1) the *research* budget is managed solely by the *firm* and is based on a reasonable assessment of the need for third party *research*;
 - (2) the allocation of the *research* budget to purchase third party *research* is subject to appropriate controls and *senior management* oversight to ensure it is managed and used in the best interests of the *firm's* *clients*; and
 - (3) the controls under (2) include a clear audit trail of:
 - (a) payments made to *research* providers; and
 - (b) how the amounts paid were determined with reference to:
 - (i) the quality criteria required by **COBS 2.3B.4R(4)**; and
 - (ii) the *firm's* policy for using third party *research* established under **COBS 2.3B.12R**.

2.3B.18 **R** For the purposes of ■ COBS 2.3B.3R and ■ COBS 2.3B.4R, a *firm* may delegate the administration of the *research* payment account to a third party, provided that the arrangement facilitates payments to *research* providers, in the name of the *firm*, for the purchase of third party *research*, without any undue delay and in accordance with the *firm's* instruction.

[Note: article 13(7) of the *MiFID Delegated Directive*]

2.3B.19 **G**

- (1) In order that a *firm* retains sufficient control, and is responsible for, a *research* payment account when relying on a third party to administer it, the *firm* should consider whether its arrangements with that third party will ensure that:
 - (a) the *firm* can collect *client research* charges relating to a specific *research* budget into a separate *research* payment account for that budget, as cleared funds, without undue delay (and, in any event, no later than 30 days after deduction from the *client's* account);
 - (b) the *firm* retains sole, full and absolute discretion over the use of the account and the making of payments or rebates;
 - (c) *research* payment account monies are ring-fenced and separately identifiable from the assets of the third party or, where the third party administrator is a *bank*, are held on deposit for the *firm*; and
 - (d) the third party provider has, or its creditors on insolvency have, no right of access or recourse to the *research* payment account for its own benefit, for example to offset other fees owed by the *firm* or for use as collateral.
- (2) The *firm* remains fully responsible for discharging all of its obligations to its *clients* set out in ■ COBS 2.3B regardless of any arrangements it makes with third parties, and should ensure it acts in the best interests of its *clients* when deducting *research* charges from their accounts and procuring *research*.

Disclosure on request of payments made from a research payment account

2.3B.20 **R**

- (1) Where a *firm* operates a *research* payment account, it must provide on request to its *clients* a summary of:
 - (a) the providers paid from this account;
 - (b) the total amount they were paid over a defined period;
 - (c) the benefits and services received by the *firm*; and
 - (d) how the total amount spent from the account compares to the budget set by the *firm* for that period, noting any rebate or carry-over if residual funds remain in the account.
- (2) A *firm* must also be able to provide the information in paragraph (1) to the *FCA* on request for all *research* payment accounts.

[Note: article 13(2) of the *MiFID Delegated Directive*]

Research for the purposes of research payment accounts

- 2.3B.21** **R** A *firm* must only use monies in a *research* payment account established under ■ COBS 2.3B.3R(2) to pay for *research* or to pay a rebate to *clients* in accordance with ■ COBS 2.3B.8R(3)(a).
- 2.3B.22** **G** A *firm* should also consider whether the goods or services it is looking to receive are acceptable minor non-monetary benefits under ■ COBS 2.3A.19R or ■ COBS 2.3A.22G, which can be received without breaching the inducements rules under ■ COBS 2.3A.15R or ■ COBS 2.3A.16R.
- 2.3B.23** **G** Examples of goods or services that the *FCA* does not regard as *research*, and as a result could not be paid for from *research* payment accounts, include:
- (1) post-trade analytics;
 - (2) price feeds or historical price data that have not been analysed or manipulated in order to present the *firm* with meaningful conclusions;
 - (3) services relating to the valuation or performance measurement of portfolios;
 - (4) seminar fees;
 - (5) *corporate access services*;
 - (6) subscriptions for publications;
 - (7) travel, accommodation or entertainment costs;
 - (8) order and execution management systems;
 - (9) membership fees to professional associations;
 - (10) direct *money* payments; and
 - (11) administration of a *research* payment account.
- 2.3B.24** **G** A *firm* should not enter into any arrangements relating to the receipt of, and payment for, third party *research*, whether acquired in accordance with ■ COBS 2.3B.3R(1) or ■ (2), that would compromise its ability to meet its best execution obligations as applicable under ■ COBS 11.2A.

2.3C Research and execution services

Application

2.3C.1

R

This section applies to an *investment firm* providing execution services to:

- (1) a *firm* carrying on *MiFID*, equivalent third country or optional exemption business; or
- (2) an *investment firm* authorised under the UK provisions which implemented *MiFID* that is not within (1); or
- (3) a *UCITS management company*; or
- (4) a *full-scope UK AIFM*; or
- (5) a *small authorised UK AIFM*; or
- (6) a *residual CIS operator*; or
- (7) [deleted]
- (8) an *OPS firm*.

Requirement on a firm that executes orders and provides research to price and supply services separately

2.3C.2

R

A *firm* providing execution services must:

- (1) identify separate charges for its execution services that only reflect the cost of executing the transaction;
- (2) subject each other benefit or service (other than an acceptable minor non-monetary benefit in ■ COBS 2.3A.19R) which it provides to *persons* listed in ■ COBS 2.3C.1R(1) to ■ (6) to a separately identifiable charge; and
- (3) ensure that the supply of, and charges for, other benefits or services under (2) is not influenced or conditioned by levels of payment for execution services.

[Note: article 13(9) of the *MiFID Delegated Directive*]

2.3C.3

R

A *firm* providing both execution and *research* services must price and supply them separately.

2.3C.4

G

Compliance with ■ COBS 2.3C.2R is intended to enable a *firm* subject to ■ COBS 2.3A.15R and ■ COBS 2.3A.16R to comply with its obligation not to accept and retain fees, commissions or any monetary or non-monetary benefits paid or provided by any third party or a *person* acting on behalf of a third party in relation to the provision of the service to *clients*.
[Note: recital 26 to the *MiFID Delegated Directive*]

2.4 Agent as client and reliance on others

2.4.1 **R** This section applies to a *firm* that is conducting *designated investment business* or *ancillary activities* or, in the case of *MiFID*, *equivalent third country* or *optional exemption business*, other *ancillary services*.

2.4.2 **G** This section is not relevant to, nor does it affect:

- (1) the question of who is the *firm's* counterparty for prudential purposes; or
- (2) any obligation a *firm* may owe to any other *person* under the general law; or
- (3) any obligation imposed on a *firm* by article 26 of *MiFIR* or MiFID RTS 22.

Agent as client

2.4.3 **R**

- (1) If a *firm* (F) is aware that a *person* (C1) with or for whom it is providing services is acting as agent for another person (C2) in relation to those services, C1, and not C2, is the *client* of F in respect of that business.
- (2) Paragraph (1) does not apply if:
 - (a) F has agreed with C1 in writing to treat C2 as its *client*; or
 - (b) C1 is neither a *firm* nor an *overseas financial services institution* and the main purpose of the arrangements between the parties is the avoidance of duties that F would otherwise owe to C2.

If this is the case, C2 is the *client* of F in respect of that business and C1 is not.
- (3) If there is an agreement under (2)(a) in relation to more than one C2 represented by C1, F may discharge any requirement to notify, obtain consent from, or enter into an agreement with each C2 by sending to, or receiving from, C1 a single communication expressed to cover each C2, except that the following will be required for each C2:
 - (a) separate risk warnings required under this sourcebook;
 - (b) separate confirmations under the requirements on occasional reporting (■ COBS 16.2 or ■ COBS 16A.3); and
 - (c) separate *periodic statements*.

Reliance on other investment firms: MiFID and equivalent business

2.4.4

R

- (1) This rule applies if a *firm* (F1), in the course of performing *MiFID* or *equivalent third country business*, receives an instruction to provide an *investment* or *ancillary service* on behalf of a *client* (C) through another *firm* (F2), if F2 is:
 - (a) a *MiFID investment firm* or a *third country investment firm*; or
 - (b) an *investment firm* that is:
 - (i) a *firm* ; and
 - (ii) subject to equivalent relevant requirements.
- (2) F1 may rely upon:
 - (a) any information about C transmitted to it by F2; and
 - (b) any recommendations in respect of the service or transaction that have been provided to C by F2.
- (3) F2 will remain responsible for:
 - (a) the completeness and accuracy of any information about C transmitted by it to F1; and
 - (b) the suitability for C of any advice or recommendations provided to C.
- (4) F1 will remain responsible for concluding the services or transaction based on any such information or recommendations in accordance with the applicable requirements under the *regulatory system*.

[Note: article 26 of *MiFID*]

2.4.5

G

- (1) If F1 is required to perform a suitability assessment or an appropriateness assessment under ■ COBS 9A or ■ COBS 10A, it may rely upon a suitability assessment performed by F2, if F2 was subject to the requirements for assessing suitability in ■ COBS 9A (excluding the *basic advice rules*) in performing that assessment.
- (2) If F1 is required to perform an appropriateness assessment under ■ COBS 10A, it may rely upon an appropriateness assessment performed by F2, if F2 was subject to the requirements for assessing appropriateness in ■ COBS 10A.2 in performing that assessment.

Reliance on other insurance distributors

2.4.5A

R

Where a *firm* carrying on *insurance distribution activities* in relation to an *insurance-based investment product* is required to perform an appropriateness assessment under ■ COBS 10A, it may rely upon:

- (1) a suitability assessment performed by another *firm*, if that other *firm* was subject to the requirements for assessing suitability in ■ COBS 9A; or
- (2) an appropriateness assessment performed by another *firm*, if that other *firm* was subject to the requirements for assessing appropriateness in ■ COBS 10A.2,

in performing that assessment.

[Note: article 30(2) of the IDD]

Reliance on others: other situations

- 2.4.6** **R** (1) This *rule* applies if the applicable *rule* on reliance on other *investment firms* or *insurance distributors* (■ COBS 2.4.4 R and ■ COBS 2.4.5AR) does not apply.
- (2) A *firm* will be taken to be in compliance with any *rule* in this sourcebook that requires it to obtain information to the extent it can show it was reasonable for it to rely on information provided to it in writing by another *person*.
- 2.4.7** **E** (1) In relying on ■ COBS 2.4.6 R, a *firm* should take reasonable steps to establish that the other *person* providing written information is not connected with the *firm* and is competent to provide the information.
- (2) Compliance with (1) may be relied upon as tending to establish compliance with ■ COBS 2.4.6 R.
- (3) Contravention of (1) may be relied upon as tending to establish contravention of ■ COBS 2.4.6 R.
- 2.4.8** **G** It will generally be reasonable (in accordance with ■ COBS 2.4.6R (2)) for a *firm* to rely on information provided to it in writing by an unconnected *authorised person* or a *professional firm*, unless it is aware or ought reasonably to be aware of any fact that would give reasonable grounds to question the accuracy of that information.
- 2.4.9** **R** Any information that a *rule* in COBS or CASS requires to be sent to a *client* may be sent to another *person* on the instruction of the *client* so long as the recipient is not connected to the *firm*.
- 2.4.10** **R** In the case of business that is not *MiFID* or *equivalent third country business*, if a *rule* in COBS or CASS requires information to be sent to a *client*, a *firm* need not send that information so long as it takes reasonable steps to establish that it has been or will be supplied by another *person*.

2.5 Optional additional products

Restriction on marketing or providing an optional product for which a fee is payable

2.5.1

R

- (1) A *firm* must not enter into an agreement with a *client* under which a charge is, or may become, payable for an optional additional product unless the *client* has actively elected to obtain that specific product.
- (2) A *firm* must not impose a charge on a *client* for an optional additional product under an agreement entered into on or after 1 April 2016 unless the *client* has actively elected to obtain that specific product before becoming bound to pay the charge.
- (3) A *firm* must not invite or induce a *client* to obtain an optional additional product for which a charge will be, or may become, payable if the *firm* knows or has reasonable cause to suspect that:
 - (a) a contravention of (1) or (2) will take place with respect to the product; or
 - (b) the *person* supplying the optional additional product will act in a way that would contravene (1) or (2) if that *person* were a *firm*.
- (4) An omission by a *client* is not to be regarded as an active election for the purposes of this *rule*.
- (5) It is immaterial for the purposes of (3) whether or not the *firm* would or might be a party to the agreement for the optional additional product.
- (6) A charge includes a financial consideration of any kind, whether payable to the *firm* or any other *person*.
- (7) An optional additional product is a good, service or right of any description, whether or not financial in nature, that a *client* may obtain (or not, as the case may be) at his or her election in connection with, or alongside, a *designated investment*.
- (8) If the *client* is required to obtain the additional product as a condition of the transaction related to the *designated investment*, then that product is an optional additional product if the *client* is given a choice:
 - (a) as to the seller or supplier of that product; or
 - (b) which specific product to obtain.

- (9) It is immaterial for the purposes of (7) and (8) whether the optional additional product is obtained from the *firm* or another *person*.
- (10) (a) If, under the terms and conditions of an optional additional product, there is to be an automatic renewal of the agreement on substantially the same terms, it suffices for the purposes of (1) to (3) if the *client* actively elected before entering into the initial agreement or a preceding renewal to obtain the product.
- (b) An automatic renewal of the agreement is not to be regarded as being on substantially the same terms if, following the renewal, a charge will or may become payable for the optional additional product for the first time (in which case, (1) to (3) apply at the time of the renewal).
- (c) Except as set out in (b), changes in the level of charges for an optional additional product are to be disregarded in determining whether an automatic renewal of an agreement is on substantially the same terms.
- (11) A *client* may make an active election for the purposes of this rule through an intermediary in the sales process and through a *person* acting on behalf of the *firm*.

- 2.5.2 G An example of an omission by a *client* which is not to be regarded as an active election is the failure by the *client* to change a default option such as a pre-ticked box on a website.
- 2.5.3 G *Firms* are reminded that a similar prohibition on opt-out selling of add-on products is imposed by The Consumer Contracts (Information, Cancellation and Additional Charges) Regulations 2013 in relation to optional additional agreements where the main sale is not a financial service or product.
- 2.5.4 G *Firms* are reminded that they must ensure that their *appointed representatives* comply with this section ■ COBS 2.5.

Chapter 3

Client categorisation

3.1 Application

Scope

- 3.1.1

R

The scope of this chapter is the same as that of the *rules* in the *Handbook* to which it relates.
- 3.1.2

G

This chapter relates to parts of the *Handbook* whose application depends on whether a *person* is a *client*, a *retail client*, a *professional client* or an *eligible counterparty*. However, it does not apply to the extent that another part of the *Handbook* provides for a different approach to *client* categorisation. For example, a separate approach to *client* categorisation is set out in the definition of a *retail client* for a *firm* that gives *basic advice*.
- 3.1.2A

R

Subject to ■ COBS 3.1.3R and ■ COBS 3.6.4CR, in this chapter provisions marked “UK” apply to a *firm’s* business other than *MiFID business* as if they were *rules*.
- 3.1.3

R

The sections in this chapter on general notifications (■ COBS 3.3) and policies, procedures and records (■ COBS 3.8) do not apply in relation to a *firm* that is neither:

(1) conducting *designated investment business*; nor

(2) in the case of *MiFID* or *equivalent third country business* providing an *ancillary service* that does not constitute *designated investment business*.
- Mixed business
- 3.1.4

R

If a *firm* conducts business for a *client* involving both:

(1) *MiFID* or *equivalent third country business*; and

(2) other *regulated activities* subject to this chapter;

it must categorise that *client* for such business in accordance with the provisions in this chapter that apply to *MiFID* or *equivalent third country business*, including those provisions applied to the *equivalent business of a third country investment firm* as a result of ■ COBS 3.1.2AR.

3.1.5

G

(1) For example, the requirement concerning mixed business will apply if a *MiFID investment firm* or *third country investment firm* advises a

COBS 3/2

■ Release 37 ● Jun 2024

client on whether to invest in a *scheme* or a *life policy*. This is because the former is within the scope of *MiFID* and the latter is not. In such a case, the *MiFID client* categorisation requirements prevail.

- (2) The requirement does not apply where the *MiFID or equivalent third country business* is provided separately from the other *regulated activities*. Where this is the case, in accordance with *Principle 7* (communications with clients) the basis on which the different activities will be performed, including any differences in the categorisations that apply, should be made clear to the *client*.

3.2 Clients

General definition

3.2.1

R

- (1) A *person* to whom a *firm* provides, intends to provide or has provided:
 - (a) a service in the course of carrying on a *regulated activity*; or
 - (b) in the case of *MiFID* or equivalent *third country business*, an *ancillary service*,is a "client" of that *firm*.
- (2) A "client" includes a potential client.
- (3) In relation to the *financial promotion rules*, a *person* to whom a *financial promotion* is or is likely to be *communicated* is a "client" of a *firm* that *communicates* or *approves* it.
- (4) A client of an *appointed representative* or, if applicable, a *tied agent* is a "client" of the *firm* for whom that *appointed representative*, or *tied agent*, acts or intends to act in the course of business for which that *firm* has accepted responsibility under the *Act* or *MiFID* (see sections 39 and 39A of the *Act*).

[Note: article 4(1)(9) of *MiFID*]

3.2.2

G

- (1) A *corporate finance contact* or a *venture capital contact* is not a *client* under the first limb of the general definition. This is because a *firm* does not provide a service to such a contact. However, it will be a *client* under the third limb of the general definition for the purposes of the *financial promotion rules* if the *firm* *communicates* or *approves* a *financial promotion* that is or is likely to be *communicated* to such a contact.
- (2) *Communicating* or *approving* a *financial promotion* that is or is likely to be *communicated* to such a contact is not *MiFID* or equivalent *third country business*. In such circumstances, the "non-MiFID" *client* categorisations are relevant and, in categorising *elective professional clients*, the "quantitative test" will not need to be satisfied.

3.2.3

R**Who is the client?**

- (1) If a *firm* provides services to a *person* that is acting as an agent, the identity of its client will be determined in accordance with the *rule* on agents as clients (see ■ COBS 2.4.3 R).
- (2) In relation to a *firm* establishing, operating or winding up a *personal pension scheme* or a *stakeholder pension scheme*, a member or beneficiary of that scheme is a *client* of the *firm*.
- (3) If a *firm* that does not fall within (2) provides services to a *person* that is acting as the trustee of a trust, that *person* will be the *firm's client* and the underlying beneficiaries of the trust will not.
- (4) In relation to business that is neither *MiFID* or *equivalent third country business*, if a *firm* provides services to a fund that does not have separate legal personality, that fund will be the *firm's client*.
- (5) If a *firm* provides services relating to a contribution to or interest in a *CTF* (except for a *personal recommendation* relating to a contribution to a *CTF* or in relation to the *communication* or *approval* of a *financial promotion*), the *firm's* only *client* is:
 - (a) the *registered contact*, if there is one;
 - (b) otherwise, the *person* to whom the statement must be sent in accordance with Regulation 10 of the *CTF Regulations*.

3.3 General notifications

3.3.1 R [deleted]

3.3.1A UK Articles 45(1) and (2) of the *MiFID Org Regulation* require *firms* to provide *clients* with specified information concerning *client* categorisation.

45(1)Investment firms shall notify new clients, and existing clients that the investment firm has newly categorised as required by UK law on markets in financial instruments, of their categorisation as a retail client, a professional client or an eligible counterparty in accordance with that Directive.

(2)Investment firms shall inform clients in a durable medium about any right that client has to request a different categorisation and about any limitations to the level of client protection that a different categorisation would entail.

[Note: articles 45(1) and (2) of the *MiFID Org Regulation*]

3.3.1B R The information referred to in article 45(2) of the *MiFID Org Regulation* (as reproduced at ■ COBS 3.3.1AUK) must be provided to *clients* prior to any provision of services.

[Note: paragraph 2 of section I of annex II to *MiFID*]

3.3.2 G This chapter requires a *firm* to allow a *client* to request re-categorisation as a *client* that benefits from a higher degree of protection (see ■ COBS 3.7.1 R). A *firm* must therefore notify a *client* that is categorised as a *professional client* or an *eligible counterparty* of its right to request a different categorisation whether or not the *firm* will agree to such requests. However, a *firm* need only notify a *client* of a right to request a different categorisation involving a lower level of protection if it is prepared to consider such requests.

3.4 Retail clients

3.4.1

R

A *retail client* is a *client* who is not a *professional client* or an *eligible counterparty*.

[**Note:** article 4(1)(11) of *MiFID*]

3.4.2

R

If a *firm* provides services relating to a *CTF* (except for a *personal recommendation* relating to a contribution to a *CTF*), the *firm's client* is a *retail client* even if it would otherwise be categorised as a *professional client* or an *eligible counterparty* under this chapter.

3.5 Professional clients

- 3.5.1** **R** A professional client is a client that is either a *per se professional client* or an *elective professional client*.
[Note: article 4(1)(10) of MiFID]

Per se professional clients

- 3.5.2** **R** Each of the following is a *per se professional client* unless and to the extent it is an *eligible counterparty* or is given a different categorisation under this chapter:
- (1) an entity required to be authorised or regulated to operate in the financial markets. The following list includes all authorised entities carrying out the characteristic activities of the entities mentioned, whether authorised in the UK or a third country:
 - (a) a *credit institution*;
 - (b) an *investment firm*;
 - (c) any other authorised or regulated financial institution;

3.5.2A **R** [deleted]

3.5.2B **R** A *firm* must categorise a local public authority or municipality which (in either case) does not manage public debt as a *retail client*, unless it is permitted to treat such a *person* as an *elective professional client* in accordance with ■ COBS 3.5.3BR to ■ COBS 3.5.3ER.

3.5.2C G As a result of ■ COBS 3.5.2BR, a local public authority or municipality which (in either case) does not manage public debt should not be treated as a *per se* professional client.

Elective professional clients

3.5.3 R A *firm* may treat a *client* other than a local public authority or municipality as an *elective professional client* if it complies with (1) and (3) and, where applicable, (2):

- (1) the *firm* undertakes an adequate assessment of the expertise, experience and knowledge of the *client* that gives reasonable assurance, in light of the nature of the transactions or services envisaged, that the *client* is capable of making his own investment decisions and understanding the risks involved (the "qualitative test");
- (2) in relation to *MiFID* or equivalent third country business in the course of that assessment, at least two of the following criteria are satisfied:
 - (a) the *client* has carried out transactions, in significant size, on the relevant market at an average frequency of 10 per quarter over the previous four quarters;

 - (c) the *client* must state in writing, in a separate document from the contract, that it is aware of the consequences of losing such protections.

[Note: first, second, third and fifth paragraphs of section II.1 and first paragraph of section II.2 of annex II to *MiFID*]

3.5.3A G (1) As a result of ■ COBS 3.5.3BR and ■ COBS 3.5.3ER a *firm* should always assess a local public authority or municipality against a "quantitative test" to treat it as an *elective professional client*, regardless of whether the *firm* intends to conduct business involving *MiFID* or equivalent third country business or other regulated activities subject to ■ COBS 3.

3.5.3B

R

- (2) The “quantitative test” that a *firm* should use depends on the application of ■ COBS 3.5.3BR (which applies for *UK clients*) and ■ COBS 3.5.3ER (which applies for non-*UK clients*).
- (1) A *firm* may treat a *UK* local public authority or municipality as an *elective professional client* if it complies with ■ COBS 3.5.3R(1) and ■ COBS 3.5.3R(3) and, in addition, paragraph (2) of this rule.
- (2) In the course of the assessment under ■ COBS 3.5.3R(1) the criterion in (a) below is satisfied as well as one of the criteria in (b) below (the “quantitative test”):
- (a) the size of the *client’s financial instrument* portfolio defined as including cash deposits and *financial instruments*, exceeds £10,000,000; and
- (b) either:
- (i) the *client* has carried out transactions, in significant size, on the relevant market at an average frequency of ten per quarter over the previous four quarters; or
 - (ii) the *person* authorised to carry out transactions on behalf of the *client* works or has worked in the financial sector for at least one year in a professional position, which requires knowledge of the provision of services envisaged; or
 - (iii) the *client* is an ‘administering authority’ of the Local Government Pension Scheme within the meaning of the version of Schedule 3 of The Local Government Pension Scheme Regulations 2013 or, (in relation to Scotland) within the meaning of the version of Schedule 3 of The Local Government Pension Scheme (Scotland) Regulations 2014 in force at 1 January 2018, and is acting in that capacity.

- (a) business in the course of or connected to its administration of a *pension scheme*; and
- (b) other business as a local public authority or municipality.
- (2) A *firm* must apply the qualitative and quantitative tests required as a result of ■ COBS 3.5.3BR separately and independently in relation to the *client’s* business under (1)(a) and (1)(b).
- (3) A *firm* must follow the procedure in ■ COBS 3.5.3R(3) required as a result of ■ COBS 3.5.3BR separately and independently in relation to the *client’s* business under (1)(a) and (1)(b).

4.1.7E

G

The exemption in article 73ZA of the *Financial Promotion Order* does not give rise to a type of *excluded communication*.

Where? General position

4.1.8

R

- (1) In relation to communications by a *firm* to a *client* in relation to its *designated investment business* this chapter applies in accordance with the *general application rule* and the *rule* on business with *UK clients* from an overseas establishment (■ **COBS 1 Annex 1 Part 2** paragraph 2.1R).
- (2) In addition, the *financial promotion rules* apply to a *firm* in relation to:
 - (a) the *communication* of a *financial promotion* to a *person* inside the *United Kingdom*;
 - (b) the *communication* of a *cold call* to a *person* outside the *United Kingdom*, unless:
 - (i) it is made from a place outside the *United Kingdom*; and
 - (ii) it is made for the purposes of a business which is carried on outside the *United Kingdom* and which is not carried on in the *United Kingdom*; and
 - (c) the *approval* of a *financial promotion* for *communication* to a *person* inside the *United Kingdom*.

- Firms should note the territorial scope of this chapter is also affected by:

 - (1) the disapplication for *financial promotions* originating outside the *United Kingdom* that are not capable of having an effect within the *United Kingdom* (section 21(3) of the *Act* (Restrictions on financial promotion)) (see the defined term "*excluded communication*");
 - (2) the exemptions for overseas communicators (see the defined term "*excluded communication*"); and
 - (3) the *rules* on *financial promotions* with an overseas element (see ■ COBS 4.9).

4.2 Fair, clear and not misleading communications

The fair, clear and not misleading rule

4.2.1

R

- (1) A *firm* must ensure that a communication or a *financial promotion* is fair, clear and not misleading.
- (2) This *rule* applies in relation to:
 - (a) a communication by the *firm* to a *customer* in relation to *designated investment business* which is not *MiFID*, *equivalent third country* or *optional exemption business*, other than a *third party prospectus*;
 - (aa) a communication to an *eligible counterparty* that is in relation to:
 - (i) *MiFID* or *equivalent third country business* other than a *third party prospectus*; or
 - (ii) *insurance distribution*;
 - (ab) a communication by the *firm* to a *customer* in relation to *MiFID*, *equivalent third country* or *optional exemption business*, other than a *third party prospectus*;
 - (b) a *financial promotion* communicated by the *firm* that is not:
 - (i) an *excluded communication*;
 - (ii) a *non-retail communication*;
 - (iii) a *third party prospectus*; and
 - (c) a *financial promotion* approved by the *firm*.
- (3) As part of complying with (1), a *firm* must take into account the nature of the *client*.

[**Note:** ,article 24(3) and article 30(1) of *MiFID*, article 17(2) of the *IDD* and article 77 of the *UCITS Directive*]

4.2.2

G

- (1) The *fair, clear and not misleading rule* applies in a way that is appropriate and proportionate taking into account the means of communication, the information the communication is intended to convey and the nature of the *client* and of its business, if any. So a communication addressed to a *professional client* or an *eligible counterparty* may not need to include the same information, or be presented in the same way, as a communication addressed to a *retail client*.

4.2.3

G

Part 7 (Offences relating to Financial Services) of the Financial Services Act 2012 creates criminal offences relating to certain misleading statements and practices.

- (2) ■ COBS 4.2.1R(2)(b) does not limit the application of the *fair, clear and not misleading rule* under ■ COBS 4.2.1R (2) (a). So, for example, a communication in relation to *designated investment business* that is both a communication to a *professional client* and a *financial promotion*, will still be subject to the *fair, clear and not misleading rule*.

[Note: article 30(1) of *MiFID* and recital 65 to the *MiFID Org Regulation*, article 17(2) of the *IDD*]

4.2.4

G

Fair, clear and not misleading financial promotions

A *firm* should ensure that a *financial promotion*:

- (1) for a product or service that places a *client's* capital at risk makes this clear;
- (2) that quotes a yield figure gives a balanced impression of both the short and long term prospects for the *investment*;
- (3) that promotes an *investment* or service whose charging structure is complex, or in relation to which the *firm* will receive more than one element of remuneration, includes the information necessary to ensure that it is fair, clear and not misleading and contains sufficient information taking into account the needs of the recipients;
- (4) that names the *FCA*, *PRA* or both as its regulator and refers to matters not regulated by either the *FCA*, *PRA* or both makes clear that those matters are not regulated by the *FCA*, *PRA* or either;
- (5) that offers *packaged products* or *stakeholder products* not produced by the *firm*, gives a fair, clear and not misleading impression of the producer of the product or the manager of the underlying investments.

4.2.5

G

A communication or a *financial promotion* should not describe a feature of a product or service as "guaranteed", "protected" or "secure", or use a similar term unless:

- (1) that term is capable of being a fair, clear and not misleading description of it; and
- (2) the *firm* communicates all of the information necessary, and presents that information with sufficient clarity and prominence, to make the use of that term fair, clear and not misleading.

4.2.6

R

The reasonable steps defence to an action for damages.....
If, in relation to a particular communication or *financial promotion*, a *firm* takes reasonable steps to ensure it complies with the *fair, clear and not misleading rule*, a contravention of that *rule* does not give rise to a right of action under section 138D of the *Act*.

4.3 Financial promotions to be identifiable as such

4.3.1

R

- (1) A *firm* must ensure that a *financial promotion* addressed to a *client* is clearly identifiable as such.

[**Note:** article 24(3) of *MiFID*, article 17(2) of the *IDD* and article 77 of the *UCITS Directive*]

- (2) If a *financial promotion* relates to a *firm's MiFID, equivalent third country or optional exemption business*, this rule does not apply to the extent that the *financial promotion* is a *third party prospectus*.

- (3) If a *financial promotion* relates to a *firm's business* that is not *MiFID or equivalent third country business*, this rule applies to *communicating or approving the financial promotion* but does not apply:

- (a) to the extent that it is an *excluded communication*;
- (b) to the extent that it is a prospectus advertisement to which article 22 of the *Prospectus Regulation* applies;
- (c) if it is *image advertising*;
- (d) if it is a *non-retail communication*;
- (e) [deleted]

- (4) In the case of a marketing communication that relates to:

- (a) a *UCITS scheme*, or
- (b) *insurance distribution*,

(2) and (3) do not limit the application of this *rule*.

4.4 Compensation information

- 4.4.1 **R** A *firm* must ensure that any reference in advertising to an investor compensation scheme is limited to a factual reference to the scheme.
[Note: article 10(3) of the *Investor Compensation Directive*]
- 4.4.2 **G** [deleted]
- 4.4.3 **R** To ensure that a *firm* pays due regard to the information needs of its *clients*, and communicates information to them in a way which is clear, fair and not misleading with respect to the activity of *issuing electronic money*, a *firm* must ensure that, in good time before the *firm* issues *electronic money* to a *person*, it has been communicated to that *person* on paper or in another *durable medium* that the *compensation scheme* does not cover claims made in connection with *issuing electronic money*.

4.5 Communicating with retail clients (non-MiFID provisions)

Application

4.5.1

R

- (1) Subject to (2) and (3), this section applies to a *firm* in relation to:
 - (a) the provision of information in relation to its *designated investment business*; and
 - (b) the *communication* or *approval* of a *financial promotion*; where such information or *financial promotion* is addressed to, or disseminated in such a way that it is likely to be received by, a *retail client*.
- (2) This section does not apply to a *firm* communicating in relation to its *MiFID*, *equivalent third country* or *optional exemption business*.
- (3) This section does not apply in relation to a communication:
 - (a) to the extent that it is an *excluded communication*;
 - (b) to the extent that it is a prospectus advertisement to which article 22 of the *Prospectus Regulation* applies;
 - (c) if it is *image advertising*.

General rule

4.5.2

R

A *firm* must ensure that information:

- (1) includes the name of the *firm* (and also, where relevant, the name of the *firm* that has confirmed the compliance of the *financial promotion* for the purposes of ■ COBS 4.10.9AR(3)(a));
- (1A) where relevant, includes the date on which the *financial promotion* was *approved*;
- (2) is accurate and always gives a fair and prominent indication of any relevant risks when referencing any potential benefits of *relevant business* or a *relevant investment*;
- (3) is sufficient for, and presented in a way that is likely to be understood by, the average member of the group to whom it is directed, or by whom it is likely to be received;
- (4) does not disguise, diminish or obscure important items, statements or warnings.

4.5.2A

R

- (5) uses a font size in the indication of relevant risks that is at least equal to the predominant font size used throughout the information provided, as well as a layout that ensures that such indication is prominent;
- (6) is consistently presented in the same language throughout all forms of information and marketing materials that are provided to each *client*, unless the *client* has agreed to receive information in more than one language; and
- (7) is up-to-date and relevant to the means of communication used.

- (1) This *rule* applies:

- (a) to a *financial promotion communicated* by way of a website, mobile application or other digital medium; and
- (b) where the format is such that, where relevant:
 - (i) the name of the *firm* that *approved* or confirmed the compliance of the *financial promotion*; or
 - (ii) the date on which the *financial promotion* was *approved*, cannot reasonably be included in the *financial promotion*.

- (2) The information in (1)(b) may be provided on a webpage to which a link is clearly provided in the *financial promotion*.

- (3) The link in (2) must be in the format: 'Approver FRN [*firm* reference number of the *firm* that *approved* or confirmed the compliance of the *financial promotion*]'

4.5.3

G

- (1) The effect of ■ **COBS 4.5.2R(1)** is that, where relevant and subject to ■ **COBS 4.5.2AR**, the name of the *firm* that *approved* or confirmed the compliance of a *financial promotion* must be included in that *financial promotion*.
- (2) The name of the *firm* may be a trading name or shortened version of the legal name of the *firm*, provided the *retail client* can identify the *firm* communicating the information and, if different, the *firm* that *approved* or confirmed the compliance of the *financial promotion*.
- (3) The name of the *firm* (and any link provided pursuant to ■ **COBS 4.5.2AR**) should be given sufficient prominence to enable the *retail client* to easily identify the *firm* responsible for the compliance of the *financial promotion* with applicable *rules*.

4.5.4

G

In deciding whether, and how, to communicate information to a particular target audience, a *firm* should take into account the nature of the product or business, the risks involved, the *client's* commitment, the likely information needs of the average recipient, and the role of the information in the sales process.

4.5.5

G

When communicating information, a *firm* should consider whether omission of any relevant fact will result in the information being insufficient, unclear,

unfair or misleading. When considering whether a fact should be included in the communication or omitted from it, a *firm* should bear in the mind the guidance in ■ COBS 4.2.2G to provide information which is appropriate and proportionate.

Comparative information

4.5.6

R

If information compares *relevant business*, *relevant investments*, or persons who carry on *relevant business*, a *firm* must ensure that the comparison is meaningful and presented in a fair and balanced way

Referring to tax

4.5.7

R

- (1) If any information refers to a particular tax treatment, a *firm* must ensure that it prominently states that the tax treatment depends on the individual circumstances of each *client* and may be subject to change in future.
- (2) This *rule* applies in relation to a *financial promotion* except to the extent that it relates to a *pure protection contract* that is a *long-term care insurance contract*.

Consistent financial promotions

4.5.8

R

- (1) A *firm* must ensure that information contained in a *financial promotion* is consistent with any information the *firm* provides to a *retail client* in the course of carrying on *designated investment business*.
- (2) This *rule* does not apply to a *financial promotion* to the extent that it relates a *pure protection contract* that is a *long-term care insurance contract*.

Innovative finance ISA

4.5.9

G

Examples of information about relevant risks (■ COBS 4.5.2R) that a *firm* should give a *retail client* in relation to an *innovative finance ISA* include:

- (1) an explanation of the tax consequences if:
 - (a) the *innovative finance component* is a *P2P agreement* that is not repaid; and
 - (b) an *operator of an electronic system in relation to lending* which facilitates a *P2P agreement* fails;
- (2) the procedure for, timing and tax consequences of:
 - (a) withdrawing a *P2P agreement* from the *innovative finance ISA*; and
 - (b) a request for transfer of all or part of the *innovative finance components* in the *innovative finance ISA*;
- (3) a warning, as relevant, that it may, or will, not be possible to sell or trade *P2P agreements* at market value on a secondary market; and

- (4) an express warning that holding an *investment* within an *innovative finance ISA* does not reduce the risks associated with that *investment* or guarantee returns and that it is possible to lose all of the money invested. This warning should be additional to any more general warning that a product or service places a *client's* capital at risk (■ COBS 4.2.4G(1)).

4.5.10 G Operators of electronic systems in relation to lending and firms which advise on P2P agreements should also have regard to the guidance in ■ COBS 14.3.7AG and ■ COBS 14.3.7BG regarding the types of information they should provide to *clients* to explain the specific nature and risks of P2P agreements.

Lifetime ISA

4.5.11 G Information about relevant risks (■ COBS 4.5.2R) that a *firm* should give a *retail client* in relation to a *lifetime ISA* may include:

- (1) an explanation of:
 - a *retail client's* eligibility to subscribe to a *lifetime ISA* (including annual subscription limits) and to claim the *lifetime ISA* government bonus;
 - (b) the *lifetime ISA* government withdrawal charge and the circumstances in which it might arise; and
 - (c) the process by which a *retail client* can transfer a *lifetime ISA*; and
- (2) warnings that, if the *retail client*:
 - (a) incurs a *lifetime ISA* government withdrawal charge, the *retail client* may get back less than they paid in to a *lifetime ISA*;
 - (b) saves in a *lifetime ISA* instead of enrolling in, or contributing to a *qualifying scheme, occupational pension scheme, or personal pension scheme*:
 - (i) the *retail client* may lose the benefit of contributions by an employer (if any) to that scheme; and
 - (ii) the *retail client's* current and future entitlement to means tested benefits (if any) may be affected.

Authorised fund managers' communications in relation to benchmarks

4.5.11A R The rules in ■ COBS 4.5.12R to ■ COBS 4.5.15R apply to:

- (1) a *financial promotion* relating to an *authorised fund*;
- (2) a communication which contains a statement referring to or concerning the past performance of an *authorised fund*; and
- (3) any other communication about an *authorised fund* that refers in any way to the aims of the *fund* or describes the benefits or risks of investing in it.

- 4.5.11B** G As a result of ■ COBS 4.5.11AR, ■ COBS 4.5.12R to ■ COBS 4.5.15R would not normally be expected to apply to administrative communications if those communications do not refer in any way to the aims of an *authorised fund* or describe the benefits or risks of investing in it. Examples of such communications might include contract notes that simply set out details of the *unitholder's* purchase or *redemption* of *units*, statements of income distributions or accumulations, and confirmations of a change of *unitholder* registration details.
- 4.5.12** R Subject to ■ COBS 4.5.13R, an *authorised fund manager* must include in any communication about an *authorised fund* to which this rule applies:
- (1) a short explanation, in terms consistent with the relevant *prospectus*, of the choice and use of every *target benchmark*, *constraining benchmark* or *comparator benchmark* used in relation to the *scheme*; or
 - (2) where no *target benchmark*, *constraining benchmark* or *comparator benchmark* is referred to in the *prospectus*, a statement to that effect and a short explanation of how investors can assess the performance of the *scheme*.
- 4.5.13** R Where an *authorised fund manager* includes, in any communication about an *authorised fund* to which this rule applies, an indication of past performance for any *authorised fund* it manages, it must (in addition to complying with ■ COBS 4.6.2R where applicable):
- (1) include the corresponding past performance record of any *target benchmark* or *constraining benchmark* referred to in the *prospectus* of the *scheme*; and
 - (2) not include an indication of past performance for any index, indices or similar factor that is not referred to in the *prospectus* of the *scheme*.
- 4.5.14** R
- (1) Subject to paragraph (2), if a communication to which ■ COBS 4.5.13R applies includes information comparing past performance of the *scheme* against one or more *comparator benchmarks*, the *authorised fund manager* must, for the period specified in paragraph (3) and in every subsequent communication it makes that is also subject to ■ COBS 4.5.13R:
 - (a) include a comparison against the same *comparator benchmark* or *comparator benchmarks*; and
 - (b) not include a comparison against any other benchmark.
 - (2) Paragraph (1) does not apply if such a comparison would not be compliant with ■ COBS 4.5.13R as a result of a change to the *prospectus* of the *scheme*.
 - (3) The period specified for the purposes of paragraph (1) is:
 - (a) twelve *months* after a one-off communication is made; or

- (b) for as long as the communication remains available to the public in a *durable medium* and has not been superseded by a revised version.

4.5.15 **R** ■ COBS 4.5.12R to ■ COBS 4.5.14R do not apply in respect of any reference to a *comparator benchmark* that is not identified in the *prospectus* of the relevant *scheme* when that reference appears in a communication that is:

- (1) used exclusively in the course of a personal visit, telephone conversation or other interactive dialogue; or
- (2) in response to a specific unsolicited request by a *client* for past performance to be compared with a particular *comparator benchmark*.

Funds investing in inherently illiquid assets (FIAs)

4.5.16 **R** (1) This *rule* applies to any *financial promotion* relating to a *FIA* except the *FIA's prospectus*.

- (2) A *firm* must ensure that the following risk warning is given:

"[Name of fund] invests in assets that may at times be hard to sell. This means that there may be occasions when you experience a delay or receive less than you might otherwise expect when selling your investment. For more information on risks, see the prospectus and key investor information document."

- (3) If the *financial promotion* is a *non-real time financial promotion*, a *firm* must ensure that the risk warning is prominently placed in the *financial promotion* in a font size that is at least equal to the predominant font size used throughout the communication.

4.5.17 **G** The *rules* in ■ COBS 4.5 do not apply to the form or content of a *NURS-KII document* (see ■ COBS 4.1.7AR (Modification relating to the KII Regulation)).

4.5A Communicating with clients (including past, simulated past and future performance) (MiFID provisions)

Application

- 4.5A.1** **R** (1) This section applies to a *firm* in relation to:
- (a) the provision of information; or
 - (b) the *communication of a financial promotion*, which relates to the *firm's MiFID, equivalent third country or optional exemption business*.
- (2) This section does not apply to a communication:
- (a) to the extent that it is a *third party prospectus*; or
 - (b) if it is *image advertising*.

[Note: article 24(3) of *MiFID*]

- 4.5A.2** **R** Provisions in this section marked "UK" apply in relation to *MiFID optional exemption business* as if they were *rules* (see ■ **COBS 1.2.2G**).

- 4.5A.2A** **G** The effect of ■ **GEN 2.2.22AR** is that provisions in this section marked "UK" also apply in relation to the *equivalent business of a third country investment firm* as if they were *rules*.

- (e) the information does not disguise, diminish or obscure important items, statements or warnings,
- (f) the information is consistently presented in the same language throughout all forms of information and marketing materials that are provided to each client, unless the client has accepted to receive information in more than one language,

[Note: article 44(1) and (2) of the *MiFID Org Regulation*]

- 4.5A.4 G The name of the *firm* may be a trading name or shortened version of the legal name of the *firm*, provided the *client* can identify the *firm* communicating the information.
- 4.5A.5 G In deciding whether, and how, to communicate information to a particular target audience, a *firm* should take into account the nature of the product or business, the risks involved, the *client's* commitment, the likely information needs of the average recipient, and the role of the information in the sales process.
- 4.5A.6 G When communicating information, a *firm* should consider whether omission of any relevant fact will result in the information being insufficient, unclear, unfair or misleading.

Comparative information

- 4.5A.7 UK 44(3) Where the information compares investment or ancillary services, financial instruments, or persons providing investment or ancillary services, investment firms shall ensure that the following conditions are satisfied:
 - (a) the comparison is meaningful and presented in a fair and balanced way;

(a) that indication is not the most prominent feature of the communication;

(b) the information must include appropriate performance information which covers the preceding 5 years, or the whole period for which the financial instrument has been offered, the financial index has been established, or the investment service has been provided where less than five years, or such longer period as the firm may decide, and in every case that performance information is based on complete 12-month periods;

[Note: article 44(4) of the *MiFID Org Regulation*]

4.5A.11

G

The obligations relating to describing performance should be interpreted in the light of their purpose and in a way that is appropriate and proportionate taking into account the means of communication and the information the communication is intended to convey. For example, a *periodic statement* in relation to *managing investments* that is sent in accordance with the *rules* on

reporting information to *clients* (see ■ COBS 16 and ■ COBS 16A) may include past performance as its most prominent feature.

[Note: recital 65 to the *MiFID Org Regulation*]

Simulated past performance

44(5) Where the information includes or refers to simulated past performance, investment firms shall ensure that the information relates to a financial instrument or a financial index, and the following conditions are satisfied:

For the purposes of ■ COBS 4.5A.12UK, the conditions referred to in article 44(5)(b) can be found reproduced in ■ COBS 4.5A.10UK.

Future performance

4.5A.14 UK

44(6) Where the information contains information on future performance, investment firms shall ensure that the following conditions are satisfied:

(a) the information is not based on or refer to simulated past performance;

(b) the information is based on reasonable assumptions supported by objective data;

(c) where the information is based on gross performance, the effect of commissions, fees or other charges is disclosed;

(d) the information is based on performance scenarios in different market conditions (both negative and positive scenarios), and reflects the nature and risks of the specific types of instruments included in the analysis;

(e) the information contains a prominent warning that such forecasts are not a reliable indicator of future performance.

[Note: article 44(6) of the *MiFID Org Regulation*]

- 4.5A.15** G A *firm* should not provide information on future performance if it is not able to obtain the objective data needed to comply with the requirements regarding information on future performance in ■ **COBS 4.5A.14UK**. For example, objective data in relation to *EIS shares* may be difficult to obtain.

Information that uses the name of any competent authority.....

- 4.5A.16** UK 44(8) The information shall not use the name of any competent authority in such a way that would indicate or suggest endorsement or approval by that authority of the products or services of the investment firm.

[Note: article 44(8) of the *MiFID Org Regulation*]

Funds investing in inherently illiquid assets (FIAs).....

- 4.5A.17** R

For more information on risks, see the prospectus and key investor information document.”
 - (3) If the *financial promotion* is a *non-real time financial promotion*, the risk warning must be prominently placed in the *financial promotion* in a font size that is at least equal to the predominant font size used throughout the communication.

- 4.5A.18** G The *rules* in ■ **COBS 4.5A** do not apply to the form or content of a *NURS-KII document* (see ■ **COBS 4.1.7AR** (Modification relating to the KII Regulation)).

4.6 Past, simulated past and future performance (non-MiFID provisions)

R

(1) Subject to (2) and (3), this section applies to a *firm* in relation to:

(a) [deleted]

(b) the *communication* or *approval* of a *financial promotion*,

where such information or *financial promotion* is addressed to, or disseminated in such a way that it is likely to be received by, a *retail client*.

(2) This section does not apply to a *firm* communicating in relation to its *MiFID*, *equivalent third country* or *optional exemption business*

(3) This section does not apply in relation to a communication:

(a) to the extent that it is an *excluded communication*;

(b) to the extent that it is a prospectus advertisement to which article 22 of the *Prospectus Regulation* applies;

(c) if it is *image advertising*;

(d) to the extent that it relates to a *deposit* that is not a *structured deposit* (see also ■ COBS 4.1.1R(3));

(e) to the extent that it relates to a *pure protection contract* that is a *long-term care insurance contract*.

Past performance

4.6.2

R

A *firm* must ensure that information that contains an indication of past performance of *relevant business*, a *relevant investment* or a financial index, satisfies the following conditions:

(1) that indication is not the most prominent feature of the communication;

(2) the information includes appropriate performance information which covers the preceding five years, or the whole period for which the investment has been offered, the financial index has been established, or the service has been provided (where less than five years, or such longer period as the *firm* may decide), and in every case that performance information must be based on complete 12-month periods;

(3) the reference period and the source of information are clearly stated;

- (4) the information contains a prominent warning that the figures refer to the past and that past performance is not a reliable indicator of future results;
- (5) if the indication relies on figures denominated in a currency other than pounds sterling, the currency is clearly stated, together with a warning that the return may increase or decrease as a result of currency fluctuations;
- (6) if the indication is based on gross performance, the effect of commissions, fees or other charges is disclosed.

4.6.3

G

The obligations relating to describing performance should be interpreted in the light of their purpose and in a way that is appropriate and proportionate taking into account the means of communication and the information the communication is intended to convey. For example, a periodic statement in relation to *managing investments* that is sent in accordance with the *rules* on reporting information to *clients* (see ■ COBS 16) may include past performance as its most prominent feature.

4.6.4

G

If a *financial promotion* includes information referring to the past performance of a *packaged product* that is not a *financial instrument*, a *firm* will comply with the *rule* on appropriate performance information (■ COBS 4.6.2R (2)) if the *financial promotion* includes, in the case of a *scheme*, unit-linked *life policy*, unit-linked *personal pension scheme* or unit-linked *stakeholder pension scheme* (other than a unitised with-profits *life policy* or *stakeholder pension scheme*) past performance information calculated and presented in accordance with the table in ■ COBS 4.6.4A G.

4.6.4A

G

This Table belongs to ■ COBS 4.6.4 G

Percentage growth					
[Fund name]	Quarter/ Year - Quarter/ Year	Quarter/ Year - Quarter/ Year	Quarter/ Year - Quarter/ Year	Quarter/ Year - Quarter/ Year	Quarter/ Year - Quarter/ Year
	pgr%	pgr%	pgr%	pgr%	pgr%

- Notes:
1. The table should show performance information for five (or if performance information for fewer than five is available, all) complete 12-month periods, the most recent of which ends with the last full quarter preceding the date on which the *firm* first *communicates* or *approves* the *financial promotion*.
2. For products with performance data for fewer than five 12-month periods, *firms* should clearly indicate that performance data does not exist for the relevant periods.
3. No allowance should be made for tax recoveries on income for *pension contracts*, *ISAs* or *PEPs*.
4. pgr is the percentage growth rate for the year, where: $pgr = ((P1 - P0) / P0) * 100$ and rounded to the nearest 0.1%, with exact 0.05% rounded to the nearest even 0.1%; and where P0 is the price at the start of the 12-month period and P1 is the price on the same day in the following 12-month period.
5. The prices should allow for any net distributions to be reinvested.

6. The price at P1 must be adjusted for any charges since the date of P0 which are based on a proportion of the fund and are levied by the cancellation of units.
7. The *firm* should use single pricing, or (if this is not available) bid to bid prices, unless the *firm* has reasonable grounds to be satisfied that another basis would better reflect the past performance of the fund.

4.6.4B

G

- (1) The *firm* should present the information referred to in ■ COBS 4.6.4 G no less prominently than any other past performance information.
- (2) This *guidance* does not apply to a *prospectus*, *key investor information document* or *NURS-KII document* drawn up in accordance with *COLL*.

4.6.5

G

- (1) In relation to a *packaged product* (other than a *scheme*, a unit-linked *life policy*, unit-linked *personal pension scheme* or a unit-linked *stakeholder pension scheme* (that is not a unitised with-profits *life policy* or *stakeholder pension scheme*)), the information should be given on:
 - (a) an offer to bid basis (which should be stated) if there is an actual return or comparison of performance with other *investments*; or
 - (b) an offer to offer, bid to bid or offer to bid basis (which should be stated) if there is a comparison of performance with an index or with movements in the price of *units*; or
 - (c) a single pricing basis with allowance for charges.
- (2) If the pricing policy of the *investment* has changed, the prices used should include such adjustments as are necessary to remove any distortions resulting from the pricing method.

Simulated past performance

4.6.6

R

A *firm* must ensure that information that contains an indication of simulated past performance of *relevant business*, a *relevant investment* or a financial index, satisfies the following conditions:

- (1) it relates to an investment or a financial index;
- (2) the simulated past performance is based on the actual past performance of one or more investments or financial indices which are the same as, substantially the same as, or underlie, the investment concerned;
- (3) in respect of the actual past performance referred to in (2), the conditions set out in paragraphs (1) to (3), (5) and (6) of the *rule* on past performance (■ COBS 4.6.2 R) are complied with; and
- (4) the information contains a prominent warning that the figures refer to simulated past performance and that past performance is not a reliable indicator of future performance.

Future performance

4.6.7

R

- (1) A *firm* must ensure that information that contains an indication of future performance of *relevant business*, a *relevant investment*, a *structured deposit* or a financial index, satisfies the following conditions:
 - (a) it is not based on and does not refer to simulated past performance;
 - (b) it is based on reasonable assumptions supported by objective data;
 - (c) where the indication is based on gross performance, the effect of commissions, fees or other charges is disclosed;
 - (ca) it is based on performance scenarios in different market conditions (both negative and positive scenarios), and reflects the nature and risks of the specified types of investments included in the analysis; and
 - (d) it contains a prominent warning that such forecasts are not a reliable indicator of future performance.
- (2) This *rule* only applies in relation to *financial promotions* that relate to a *financial instrument* (or a financial index that relates exclusively to *financial instruments*) or a *structured deposit*.

4.6.8

G

A *firm* should not provide information on future performance if it is not able to obtain the objective data needed to comply with the *rule* on future performance. For example, objective data in relation to *EIS shares* may be difficult to obtain.

4.6.9

R

- (1) A *firm* that communicates to a *client* a *projection* for a *packaged product* which is not a *financial instrument* must ensure that the *projection* complies with the *projections rules* in ■ **COBS 13.4**, ■ **COBS 13.5** and ■ **COBS 13 Annex 2**.
- (2) A *firm* must not communicate a *projection* for a highly volatile product to a *client* unless the product is a *financial instrument*.

4.7 Direct offer financial promotions

Application

4.7.-2

R

This section (other than ■ COBS 4.7.-1AEU to ■ COBS 4.7.-1DG) does not apply in relation to a communication:

- (1) to the extent that it is an *excluded communication*;
- (2) to the extent that it is a prospectus advertisement to which article 22 of the *Prospectus Regulation* applies;
- (3) if it is *image advertising*;
- (4) to the extent that it relates to a *deposit* that is not a *cash deposit ISA*, *cash-only lifetime ISA* or *cash deposit CTF*;
- (5) to the extent that it relates to a *pure protection contract* that is a *long-term care insurance contract*.

4.7.-1

G

- (1) ■ COBS 4.7.-1AUK to ■ COBS 4.7.1R contain provisions on the communication of *direct offer financial promotions*.
- (2) In broad terms:
 - (a) ■ COBS 4.7.-1AUK is relevant to a *firm* communicating a *direct offer financial promotion* in relation to its *MiFID*, *equivalent third country* or *optional exemption business*;
 - (b) ■ COBS 4.7.1R is relevant to a *firm* communicating a *direct offer financial promotion* that does not relate to its *MiFID*, *equivalent third country* or *optional exemption business*; and
 - (c) the application of the other operative provisions in this section is not affected by reference to *MiFID*, *equivalent third country* or *optional exemption business*.
- (3) However, a *MiFID investment firm*, *third country investment firm* or *MiFID optional exemption firm* which is subject to the requirements in ■ COBS 4.7.-1AUK may be subject to the rule in ■ COBS 4.7.1R to the extent that it communicates a *direct offer financial promotion*:
 - (a) which is not a marketing communication; or
 - (b) which does not relate to its *MiFID*, *equivalent third country* or *optional exemption business*.

Direct offer financial promotions relating to MiFID, equivalent third country or optional exemption business**4.7.-1A** **UK**

46(6) Marketing communications containing an offer or invitation of the following nature and specifying the manner of response or including a form by which any response may be made, shall include such of the information referred to in Articles 47 to 50 as is relevant to that offer or invitation:

(a) an offer to enter into an agreement in relation to a financial instrument or investment service or ancillary service with any person who responds to the communication;

(b) an invitation to any person who responds to the communication to make an offer to enter into an agreement in relation to a financial instrument or investment service or ancillary service.

However, the first subparagraph shall not apply if, in order to respond to an offer or invitation contained in the marketing communication, the potential client must refer to another document or documents, which, alone or in combination, contain that information.

[Note: article 46(6) of the *MiFID Org Regulation*]

Effect of provisions marked “UK” for third country investment firms and MiFID optional exemptions firms**4.7.-1B** **R**

Provisions in this section marked “UK” apply in relation to *MiFID optional exemption business* as if they were *rules* (see ■ COBS 1.2.2G).

4.7.-1C **G**

The effect of ■ GEN 2.2.22AR is that provisions in this section marked “UK” also apply in relation to the *equivalent business of a third country investment firm* as if they were *rules*.

4.7.-1D **G**

For the purposes of ■ COBS 4.7.-1AUK, the provisions of articles 47 to 50 of the *MiFID Org Regulation* can be found reproduced in ■ COBS 6.1.2A and ■ COBS 14.3A.

Other direct offer financial promotions**4.7.1** **R**

- (1) Subject to (3) and (4), a *firm* must ensure that a *direct offer financial promotion* that is addressed to, or disseminated in such a way that it is likely to be received by, a *retail client* contains:
 - (a) the information referred to in the *rules* on information disclosure (■ COBS 6.1.4 R, ■ COBS 6.1.6 R, ■ COBS 6.1.7 R, ■ COBS 6.1.9 R, ■ COBS 14.3.2 R, ■ COBS 14.3.3 R, ■ COBS 14.3.4 R and ■ COBS 14.3.5 R) as is relevant to that offer or invitation; and
 - (b) additional appropriate information about the *relevant business* and *relevant investments* so that the *client* is reasonably able to understand the nature and risks of the *relevant business* and *relevant investments* and consequently to take investment decisions on an informed basis.
- (2) This *rule* does not require the information in (1) to be included in a *direct offer financial promotion* if, in order to respond to an offer or invitation contained in it, the *retail client* must refer to another

document or documents, which, alone or in combination, contain that information.

(3) This *rule* does not apply in relation to a marketing communication that relates to a *firm's MiFID, equivalent third country or optional exemption business*

Guidance

4.7.2 G Although ■ **COBS 4.7.1R (1)(b)** does not apply in relation to *MiFID, equivalent third country or optional exemption business*, similar requirements may apply under ■ **COBS 2.2A**.

4.7.2A G

(1) ■ **BCOBS 2A** contains *rules and guidance* about the inclusion of a summary box in a *direct offer financial promotion* relating to a *cash deposit ISA* or *cash deposit CTF* provided by a *firm* other than a *credit union*.

(2) Where ■ **BCOBS 2A** applies, ■ **COBS 4.7.1R(1)(b)** does not require a *firm* to include information outside a summary box in a *direct offer financial promotion* to the extent that this would simply repeat information included in a summary box in the same *financial promotion*.

4.7.3 G

(1) ■ **COBS 4.7.1R (2)** allows a *firm* to communicate a *direct offer financial promotion* that does not contain all the information required by ■ **COBS 4.7.1R (1)**, if the *firm* can demonstrate that the *client* has referred to the required information before the *client* makes or accepts an offer in response to the *direct offer financial promotion*.

(2) A *firm* communicating or approving a *direct offer financial promotion* may also be subject to:

(a) the *rules* on providing product information in ■ **COBS 14.2**, including the exceptions in ■ **COBS 14.2.5R** to ■ **14.2.9R**; and

(b) the requirement in the *PRIPs Regulation* to provide a *key information document*.

4.7.4 G In order to enable a *client* to make an informed assessment of a *relevant investment* or *relevant business*, a *firm* may wish to include in a *direct offer financial promotion*:

(1) a summary of the taxation of any *investment* to which it relates and the taxation consequences for the average member of the group to whom it is directed or by whom it is likely to be received;

(2) a statement that the recipient should seek a *personal recommendation* if he has any doubt about the suitability of the *investments* or services being promoted; and

		(3) (in relation to a promotion for a <i>non-PRIP packaged product</i> that is not a <i>financial instrument</i>) a <i>key features illustration</i> , in which a <i>generic projection</i> may generally be used.

- (2) if the *financial promotion* is *image advertising*;
- (3) if the financial promotion is a *non-retail communication*;
- (4) [deleted]
- (5) to the extent that the *financial promotion* relates to a *pure protection contract* that is a *long-term care insurance contract*.

Restriction on cold calling

4.8.2

R

A *firm* must not make a *cold call* unless:

- (1) the recipient has an established existing client relationship with the *firm* and the relationship is such that the recipient envisages receiving *cold calls*; or
- (2) the *cold call* relates to a generally marketable *packaged product* which is not:
 - (a) a *higher volatility fund*; or
 - (b) a *life policy* with a link (including a potential link) to a *higher volatility fund*; or
- (3) the *cold call* relates to a *controlled activity* to be carried on by an *authorised person* or *exempt person* and the only *controlled investments* involved or which reasonably could be involved are:
 - (a) *readily realisable securities* (other than warrants); and
 - (b) generally marketable non-g geared *packaged products*.

4.8.3

R

Promotions that are not in writing.....

A firm must not communicate a solicited or unsolicited *financial promotion* that is not in writing, to a *client* outside the *firm's* premises, unless the *person communicating* it:

- (1) only does so at an appropriate time of the day;
- (2) identifies himself and the *firm* he represents at the outset and makes clear the purpose of the communication;
- (3) clarifies if the *client* would like to continue with or terminate the communication, and terminates the communication at any time that the *client* requests it; and
- (4) gives a contact point to any *client* with whom he arranges an appointment.

4.9 Financial promotions with an overseas element

Application

4.9.1

R

- (1) Subject to (2) and (3), this section applies to a *firm* in relation to the *communication* or *approval* of a *financial promotion* that relates to the business of an *overseas person*.
- (2) This section does not apply to a *firm* in relation to its *MiFID* or *equivalent third country business*.
- (3) If a communication relates to a *firm's* business that is not *MiFID* or *equivalent third country business*, this section does not apply:
 - (a) to the extent that it is an *excluded communication*;
 - (b) to the extent that it is a prospectus advertisement to which article 22 of the *Prospectus Regulation* applies;
 - (c) if it is *image advertising*;
 - (d) if it is a *non-retail communication*;
 - (e) [deleted]
 - (f) to the extent that it relates to a *pure protection contract* that is a *long-term care insurance contract*.

4.9.2

G

Approving a *financial promotion* for communication by an *unauthorised person* is not *MiFID* or *equivalent third country business*.

Financial promotions for the business of an overseas person

4.9.3

R

A *firm* must not *communicate* or *approve* a *financial promotion* which relates to a particular *relevant investment* or *relevant business* of an *overseas person*, unless:

- (1) the *financial promotion* makes clear which *firm* has *approved* or *communicated* it and, where relevant, explains:
 - (a) that the *rules* made under the *Act* for the protection of *retail clients* do not apply;
 - (b) the extent and level to which the *compensation scheme* will be available, or if the scheme will not be available, a statement to that effect; and
 - (c) if the communicator wishes, the protection or compensation available under another system of regulation; and

- (2) the *firm* has taken reasonable steps to satisfy itself that the *overseas person* will deal with *retail clients* in the *United Kingdom* in an honest and reliable way.

Financial promotions for an overseas long-term insurer

4.9.4

R

A *firm* may only communicate or approve a *financial promotion* to enter into a *life policy* with a *person* who is:

- (1) an *authorised person*; or
- (2) an *exempt person* who is exempt in relation to *effecting or carrying out contracts of insurance* of the *class* to which the *financial promotion* relates; or
- (3) an *overseas long-term insurer* that is entitled under the law of its home country or territory to carry on there *insurance business* of the *class* to which the *financial promotion* relates.

4.9.5

R

A *financial promotion* for an *overseas long-term insurer*, which has no establishment in the *United Kingdom*, must include:

- (1) the full name of the *overseas long-term insurer*, the country where it is registered, and, if different, the country where its head office is situated;
- (2) a prominent statement that 'holders of policies issued by the company will not be protected by the Financial Services Compensation Scheme if the company becomes unable to meet its liabilities to them'; and
- (3) if any trustee, investment manager or *United Kingdom* agent of the *overseas long-term insurer* is named which is not independent of the *overseas long-term insurer*, a prominent statement of that fact.

4.9.6

R

A *financial promotion* for an *overseas long-term insurer* which is authorised to carry on *long-term insurance business* in any country or territory listed in paragraph (c) of the Glossary definition of *overseas long-term insurer* must also include:

- (1) the full name of any trustee of property of any description which is retained by the *overseas long-term insurer* in respect of the promoted contracts;
- (2) an indication whether the investment of such property (or any part of it) is managed by the *overseas long-term insurer* or by another *person* and the full name of any *investment manager*;
- (3) the registered office of any such trustee and of any *investment manager* and of his principal office (if different); and
- (4) where any *person* in the *United Kingdom* takes, or may take, any steps on behalf of the *overseas long-term insurer* to enter into a promoted contract, the following details:
 - (a) the full name of the *overseas long-term insurer*;

4.9.7

R

If a *financial promotion* relates to a *life policy* with an *overseas long-term insurer* but does not name the *overseas long-term insurer* by giving its full name or its business name:

- (b) the registered office, head office or principal place of business of that *person* in the *United Kingdom*; and
- (c) if there is more than one such *person*, the principal or main *person* in the *United Kingdom*.

- (1) it must include the following prominent statement: "This financial promotion relates to an insurance company which does not, and is not authorised to, carry on in any part of the United Kingdom the class of insurance business to which this promotion relates. This means that the management and solvency of the company are not supervised by the *Financial Conduct Authority* or the *Prudential Regulation Authority*. Holders of policies issued by the company will not have the right to complain to the Financial Ombudsman Service if they have a complaint against the company and will not be protected by the Financial Services Compensation Scheme if the company should become unable to meet its liabilities to them"; and
- (2) if it also refers to other *investments*, it must make this clear.

4.10 Approving and confirming compliance of financial promotions

Systems and controls

- 4.10.1** G The rules in ■ SYSC 3 (and also for *Solvency II firms*, the PRA Rulebook: Solvency II firms: Conditions Governing Business) and ■ SYSC 4 require a *firm* that communicates with a *client* in relation to *designated investment business*, or *communicates* or *approves* a *financial promotion*, to put in place systems and controls or policies and procedures, or an effective internal control system, in order to comply with the *rules* in this chapter.

Approving financial promotions

- 4.10.1A** G The purpose of ■ COBS 4.10.2R is to ensure that a *firm* that *approves* a *financial promotion* for *communication* by an *unauthorised person*:
- (1) satisfies itself of the compliance of that *financial promotion* with the *financial promotion rules*; and
 - (2) having *approved* that *financial promotion*, takes appropriate steps to ensure that the *financial promotion* remains compliant for the lifetime of its *communication*.
- 4.10.1B** G
- (1) The effect of section 55NA of the Act is that a *firm* is unable to *approve* a *financial promotion* unless:
 - (a) the *firm* is a *permitted approver* in relation to the *financial promotion*; or
 - (b) an *approver permission exemption* applies.
 - (2) ■ SUP 6A contains *guidance* on applying for *approver permission*.
 - (3) The requirements in this section that apply to a *firm* after it has *approved* a *financial promotion* continue to apply even where the *firm* ceases to be entitled to *approve* that *financial promotion*, for example because it ceases to be a *permitted approver* in respect of that *financial promotion*. This includes the requirement to monitor continuing compliance of the *financial promotion*. In such a scenario, if the *firm* became aware that the *financial promotion* no longer complied with the *financial promotion rules*, it could withdraw its *approval* but could not *approve* amendments to the *financial promotion*.

4.10.2

R

- (1) Before a *firm* approves a *financial promotion* for communication by an *unauthorised person*, it must confirm that the *financial promotion* complies with the *financial promotion rules*.
- (1A) After a *firm* has complied with (1), and for as long as the *financial promotion* is communicated, the *firm* must take reasonable steps to monitor the continuing compliance of that *financial promotion* with the *financial promotion rules*.

[Note: for the FCA's guidance on 'Ongoing monitoring' see: <https://www.fca.org.uk/firms/financial-promotions-and-adverts/approving-financial-promotions>]

A *firm* that has approved a *financial promotion* issued, and for communication by, an *unauthorised person* must require from that *person*, a written quarterly attestation that there has been no material change:

 - (a) to the *financial promotion*; or
 - (b) in circumstances which might affect the continuing compliance of the *financial promotion* with the *financial promotion rules*.

For the purpose of (1B), a *firm* must:

 - (a) require the first attestation no less than 3 *months* after it approves the *financial promotion*; and
 - (b) thereafter, require attestations at least once every 3 *months* for as long as the *financial promotion* is communicated.
- (2) If, at any time after a *firm* has complied with (1), a *firm* becomes aware that a *financial promotion* no longer complies with the *financial promotion rules*, it must withdraw its *approval* and notify any *person* that it knows to be relying on its *approval* as soon as reasonably practicable.
- (3) When approving a *financial promotion*, the *firm* must confirm compliance with the *financial promotion rules* that would have applied if the *financial promotion* had been communicated by a *firm* other than in relation to *MiFID* or equivalent *third country business*.

4.10.2A

R

- (1) This *rule* applies to a *firm* that approves:
 - (a) a *direct offer financial promotion* relating to a *restricted mass market investment*; or
 - (b) a *financial promotion* relating to a *non-mass market investment*, for communication to a *retail client*.
- (2) A *firm* must take reasonable steps to ensure, on a continuing basis:
 - (a) that the conditions specified in:
 - (i) ■ COBS 4.12A.15R(1)(b) are being satisfied in relation to each communication of the *direct offer financial promotion* relating to the *restricted mass market investment*;
 - (ii) ■ COBS 4.12B.10R(2)(b) are being satisfied in relation to each communication of the *financial promotion* relating to the *non-mass market investment*; and

- (b) if the *firm* will not itself carry out the appropriateness assessment required by ■ COBS 4.12A.28R, that the appropriateness assessments undertaken comply with the *rules* specified in ■ COBS 4.12A.28R.
- (3) If the *firm* is not satisfied that the relevant conditions are being satisfied or that the appropriateness assessments undertaken comply with the relevant *rules* then it must withdraw its *approval* of the *financial promotion* in accordance with ■ COBS 4.10.2R(2).
- 4.10.2B** G ■ COBS 4.11.6R requires a *firm* that approves a *direct offer financial promotion* relating to a *restricted mass market investment* for *communication* to a *retail client* to take reasonable steps to ensure that it is provided with, or has ready access to, information relating to the *communication* of the *direct offer financial promotion*. These records should assist the *firm* in complying with ■ COBS 4.10.2AR.
- 4.10.2C** G A *firm* is reminded of its obligations under ■ ESG 4.3.1R when it *communicates* or *approves* a *financial promotion* that makes reference to the *sustainability characteristics* of a product or service.
- 4.10.3** G
- (1) Section 21(1) of the Act (Restrictions on financial promotion) prohibits an *unauthorised person* from *communicating* a *financial promotion*, in the course of business, unless an exemption applies or the *financial promotion* is *approved* by a *firm*. Many of the *rules* in this chapter apply when a *firm* approves a *financial promotion* in the same way as when a *firm* communicates a *financial promotion* itself.
 - (2) A *firm* may also wish to *approve* a *financial promotion* that it *communicates* itself. This would ensure that an *unauthorised person* who then also *communicates* the *financial promotion* to another person will not contravene the restriction on *financial promotion* in the Act (section 21).
 - (3) *Approving* a *financial promotion* for *communication* by an *unauthorised person* is not MiFID, equivalent third country or optional exemption business.
 - (4) A *firm* may not *approve* a *financial promotion* relating to an *unregulated collective investment scheme* unless the *firm* would be able to *communicate* the promotion without breaching section 238(1) of the Act (see section 240 of the Act). The exemptions from that section in the Financial Services and Markets Act 2000 (Promotion of Collective Investment Schemes) (Exemptions) Order 2001 (as amended from time to time) are relevant.
 - (5) The *rules* in ■ COBS 4.12B prevent a *firm* from *approving* a *financial promotion* for a *non-mass market investment* for *communication* to *retail clients* unless an exemption applies. Where an exemption requires a preliminary assessment of suitability, the effect of ■ COBS 4.12B.7R is that this assessment must be undertaken by the *firm* approving the *financial promotion*.
 - (6) For the purposes of ■ COBS 4.10.2R(1B), a *financial promotion* should be considered to be issued by an *unauthorised person* where that

		<p><i>unauthorised person</i> is responsible for the overall contents of the <i>financial promotion</i> (see also ■ PERG 8.6.1G).</p> <p>(7) The effect of ■ COBS 4.10.2R(1A) and ■ (2) and ■ COBS 4.10.2AR(3) is that where a <i>firm</i> identifies that a <i>financial promotion</i> that it has <i>approved</i> is no longer compliant with the <i>financial promotion rules</i>, the <i>firm</i> must withdraw its <i>approval</i>.</p> <p>(8) A <i>registered person</i> is not able to approve a <i>financial promotion</i>.</p>
4.10.3A	G	<p>If a <i>firm</i>:</p> <p>(1) is unable to obtain an attestation required by ■ COBS 4.10.2R(1B), that <i>firm</i> should consider whether to withdraw its <i>approval</i>;</p> <p>(2) in response to a request to provide an attestation, is informed of changes which indicate that the <i>financial promotion</i> no longer complies with the <i>financial promotion rules</i>, it must withdraw its <i>approval</i>,</p> <p>in each case in accordance with ■ COBS 4.10.2R(2).</p>
4.10.4	R	A <i>firm</i> must not <i>approve</i> a <i>financial promotion</i> to be made in the course of a personal visit, telephone conversation or other interactive dialogue.
4.10.5	R	If a <i>firm</i> <i>approves</i> a <i>financial promotion</i> in circumstances in which one or more of the <i>financial promotion rules</i> , or the prohibition on approval of promotions for <i>collective investment schemes</i> in section 240(1) of the Act (Restriction on approval), are expressly disapplied, the <i>approval</i> must be given on terms that it is limited to those circumstances.
4.10.6	G	For example, if a <i>firm</i> <i>approves</i> a <i>financial promotion</i> for <i>communication</i> to a <i>professional client</i> or an <i>eligible counterparty</i> , the <i>approval</i> must be limited to <i>communication</i> to such <i>persons</i> .
4.10.7	G	If an <i>approval</i> is limited, and an <i>unauthorised person</i> <i>communicates</i> the <i>financial promotion</i> to <i>persons</i> not covered by the <i>approval</i> , the <i>unauthorised person</i> may commit an offence under the restriction on financial promotion in the Act (section 21). A <i>firm</i> giving a limited <i>approval</i> may wish to notify the <i>unauthorised person</i> accordingly.
4.10.7A	G	An <i>approved financial promotion</i> that is addressed to, or disseminated in such a way that it is likely to be received by, a <i>retail client</i> is required to include the name of the <i>firm</i> that <i>approved</i> it and the date on which it was <i>approved</i> (■ COBS 4.5.2R).

Communicating financial promotions

4.10.8 **G** If a *firm* continues to *communicate* a *financial promotion* when the *financial promotion* no longer complies with the *rules* in this chapter, it will breach those *rules*.

4.10.9 **G** A *financial promotion* which is clearly only relevant at a particular date will not cease to comply with the *financial promotion rules* merely because the passage of time has rendered it out-of-date; an example would be a dated analyst's report.

Competence and expertise

4.10.9A **R**

- (1) A *firm* must not *communicate* or *approve* a *financial promotion* unless the *individual* or *individuals* responsible for the compliance of the *financial promotion* with the *financial promotion rules* has or have appropriate competence and expertise.
- (2) Appropriate competence and expertise for the purposes of (1) means competence and expertise in the *investment* or financial service to which the *financial promotion* relates. It does not necessarily, for example, require competence or expertise in the day-to-day commercial activities of a *company* issuing *securities* for the purposes of raising capital.
- (3) If a *firm* (A) determines that it lacks appropriate competence and expertise in relation to a *financial promotion*, it must:
 - (a) have another *firm* (B) confirm that the *financial promotion* complies with the *financial promotion rules* before A *communicates* that *financial promotion*; or
 - (b) decline to *approve* that *financial promotion*.
- (4) A *registered person* is not permitted to confirm the compliance of a *financial promotion* for the purpose of ■ COBS 4.10.9AR(3).

4.10.9B **R**

A *firm* must not confirm the compliance of a *financial promotion* for the purpose of ■ COBS 4.10.9AR(3)(a) unless:

- (a) it is satisfied that the *financial promotion* complies with the *financial promotion rules*; and
- (b) the *individual* or *individuals* responsible for providing that confirmation has or have appropriate competence and expertise.

A *firm* must not confirm the compliance of a *financial promotion* to be made in the course of a personal visit, telephone conversation or other interactive dialogue.

Relying on another firm's confirmation of compliance

4.10.10 **R**

- (1) A *firm* (A) will not contravene any of the *financial promotion rules* if it *communicates* a *financial promotion* which has been produced by another *person* and:

- (a) A takes reasonable care to establish that another *firm* (B) has confirmed that the *financial promotion* complies with the *financial promotion rules*;
 - (b) A takes reasonable care to establish that it *communicates* the *financial promotion* only to recipients of the type for whom it was intended at the time B carried out the confirmation exercise;
 - (c) so far as A is, or ought reasonably to be, aware:
 - (i) the *financial promotion* has not ceased to be fair, clear and not misleading since that time; and
 - (ii) B has not withdrawn the *financial promotion*; and
 - (d) A takes reasonable care to establish that B did not breach the *approver permission requirement* in the context of confirming compliance.
- (2) This *rule* does not apply in relation to *MiFID*, *equivalent third country* or *optional exemption business*.

4.10.11 G A *firm* should inform anyone relying on its confirmation of compliance if it becomes aware that the *financial promotion* no longer complies with the *rules* in this chapter.

Conflicts of interest

- 4.10.12** R
- (1) This *rule* applies to a *firm* that:
 - (a) *approves* a *financial promotion* for communication by an *unauthorised person*; or
 - (b) confirms the compliance of a *financial promotion* for the purposes of ■ COBS 4.10.9AR(3)(a).
 - (2) A *firm* must take all appropriate steps to identify and to prevent or manage conflicts of interest between the *firm*, including its managers, employees and *appointed representatives* (or, where applicable, *tied agents*), or any *person* directly or indirectly linked to them by *control*, and a *person* for whom the *firm*:
 - (a) *approves* a *financial promotion*; or
 - (b) confirms the compliance of a *financial promotion*.

4.11 Record keeping: financial promotion

General

4.11.1

R

- (1) A *firm* must make an adequate record of any *financial promotion*:
 - (a) it *communicates*;
 - (b) it *approves*; or
 - (c) of which it confirms compliance (■ COBS 4.10.9AR(3)(a)), other than a *financial promotion* made in the course of a personal visit, telephone conversation or other interactive dialogue.
- (2) For a telemarketing campaign, a *firm* must make an adequate record of copies of any scripts used.
- (2A) [deleted] [*Editor's note*: This provision now appears with minor amendments at COBS 4.11.4R]
- (2B) In respect of each *financial promotion* in (1), a *firm* must make an adequate record demonstrating how it has satisfied itself that it has the necessary competence and expertise required by ■ COBS 4.10.9AR.
- (3) A *firm* must retain the record in relation to a *financial promotion* relating to:
 - (a) a *pension transfer, pension conversion, pension opt-out or FSAVC*, indefinitely;
 - (b) a *life policy, occupational pension scheme, SSAS, personal pension scheme or stakeholder pension scheme*, for six years;
 - (c) *MiFID or equivalent third country business*, for five years; and
 - (d) any other case, for three years.
- (4) If a communication relates to a *firm's MiFID, equivalent third country or optional exemption business*, this section does not apply:
 - (a) to the extent that the communication is a *third party prospectus*;
 - (b) if it is *image advertising*;
 - (c) if it is a *non-retail communication*.
- (5) If a communication relates to a *firm's business* that is not *MiFID or equivalent third country business*, this section does not apply:
 - (a) to the extent that it is an *excluded communication*;

- (b) to the extent that it is a prospectus advertisement to which article 22 of the *Prospectus Regulation* applies;
- (c) if it is *image advertising*;
- (d) if it is a *non-retail communication*;
- (e) [deleted]
- (f) to the extent that it relates to a *pure protection contract* that is a *long-term care insurance contract*.

4.11.1A G A *MiFID investment firm, third country investment firm or MiFID optional exemption firm* should refer to the requirements on record keeping in the *MiFID Org Regulation* and ■ **SYSC 9**.

4.11.2 G A *firm* should consider maintaining a record of why it is satisfied that the *financial promotion* complies with the *financial promotion rules*.

4.11.3 G If the *financial promotion* includes market information that is updated continuously in line with the relevant market, the record-keeping *rules* do not require a *firm* to record that information.

Promotions of restricted mass market investments and non-mass market investments

4.11.4 R If a *firm communicates or approves a financial promotion* which relates to a *non-mass market investment* where that *financial promotion* is addressed to or disseminated in such a way that it is likely to be received by a *retail client*:

- (1) the *person* allocated the *compliance oversight function* in the *firm* must make a record at or near the time of the *communication or approval* certifying that the promotion complies with the restrictions set out in section 238 of the *Act* and in ■ **COBS 4.12B**, as applicable;
- (2) the making of the record required in (1) may be delegated to one or more *employees* of the *firm* who report to and are supervised by the *person* allocated the *compliance oversight function*, provided the process for certification of compliance has been reviewed and approved by the *person* allocated the *compliance oversight function* no more than 12 *months* before the date of the *communication or approval* of the promotion;
- (3) as part of the record required in (1), the *firm* must make a record of which exemption was relied on for the purposes of the promotion, together with the reason why the *firm* is satisfied that that exemption applies;
- (4) where the *firm* relies on an exemption that requires investor certification and warnings to investors, the record required in (1) must include a record of any certificate or investor statement (as signed by the investor) and of any warnings or indications required by the exemption;
- (5) if the *rules* in ■ **COBS 4.12B** do not apply because the promotion is an *excluded communication* (■ **COBS 4.12B.4R**), the *firm* must identify in

the record required in (1) which type of *financial promotion* defined as an *excluded communication* corresponds to the promotion being made, including, where applicable, which article in the *Financial Promotion Order* or in the *Promotion of Collective Investment Schemes Order* was relied on for the purposes of the promotion, together with the reason why the *firm* is satisfied that the exemption applies.

4.11.5

R

- (1) This rule applies to a *firm* that *communicates* or may *communicate* a *direct offer financial promotion* in relation to a *restricted mass market investment* to which ■ COBS 4.12A.15R applies.
- (2) A *firm* must make an adequate record of:
 - (a) the categorisation of each *retail client* (■ COBS 4.12A.21R) and the evidence obtained in support of that categorisation;
 - (b) where an appropriateness assessment is undertaken (■ COBS 4.12A.28R):
 - (i) the total number of assessments undertaken;
 - (ii) the number of assessments resulting in a determination that the *investment* was appropriate;
 - (iii) the number of assessments resulting in a determination that the *investment* was not appropriate;
 - (iv) in respect of each *retail client*, the outcome of the appropriateness process; and
 - (v) in respect of each *retail client*, the number of times that *retail client* was subject to an appropriateness assessment in respect of the same *investment*.

4.11.6

R

A *firm* that *approves* a *direct offer financial promotion* in relation to a *restricted mass market investment* to which ■ COBS 4.12A.15R applies must take reasonable steps to ensure that:

- (1) adequate records of the information required by ■ COBS 4.11.5R are made in connection with the *communication* of the *direct offer financial promotion*; and
- (2) the *firm* is provided with, or otherwise has ready access to, the records in (1).

4.11.7

R

A *firm* must retain the records required by ■ COBS 4.11.4R and ■ COBS 4.11.5R for 5 years.

4.11.8

R

Where a *firm* is required by ■ COBS 4.12A.44R(2)(b) or ■ COBS 4.12B.13R(2)(b) to maintain a record of its grounds for using an alternative form of risk summary, it must retain the record of its decision for 5 years.

4.12 [deleted]

[Editor’s note: The substance of the provisions in COBS 4.12 are now incorporated in, and appear at, COBS 4.12B.]

4.12A Promotion of restricted mass market investments

Purpose

- 4.12A.1** **G** The *rules* in this section:
- (1) require that any *financial promotion* relating to a *restricted mass market investment* includes a prescribed form of risk warning;
 - (2) restrict the *communication* and *approval* of *direct offer financial promotions* in relation to *restricted mass market investments* except where certain conditions are satisfied; and
 - (3) require that a *financial promotion* which relates to a *restricted mass market investment* does not offer to any *retail client* any form of incentive. The purpose of this *rule* (■ [COBS 4.12A.7R](#)) is to ensure that *retail clients* are not persuaded or incited to *engage in investment activity* relating to a *restricted mass market investment* other than by reference to the features of the investment activity that is the subject of the *financial promotion*.

Application

- 4.12A.2** **R** This section applies to a *firm* when *communicating* a *financial promotion*, or *approving* a *financial promotion* for *communication*, to a *retail client* in relation to a *restricted mass market investment*.
- 4.12A.3** **R** In this section, reference to a *firm* includes:
- (1) *TP firms*, to the extent that this section does not already apply to those *TP firms* as a result of ■ [GEN 2.2.26R](#); and
 - (2) *Gibraltar-based firms*, to the extent that this section does not already apply to such a *Gibraltar-based firm* as a result of ■ [GEN 2.3.1R](#).
- 4.12A.4** **R** This section does not apply to:
- (1) *excluded communications*;
 - (2) *image advertising*; or
 - (3) *financial promotions* to the extent that they relate to *local authority securities*.

4.12A.5 G ■ COBS 4.12A.15R does not apply in relation to *credit union subordinated debt* or to deferred shares issued by a *credit union*. *Firms* are reminded that ■ CREDS 3A contains requirements regarding the retail distribution and *financial promotion* of these instruments.

4.12A.6 G The requirements in this section relating to the provision of risk warnings are in addition, and without prejudice, to *firms'* other obligations in relation to the provision of information.

Restrictions on monetary and non-monetary incentives

4.12A.7 R

- (1) A *firm* must not *communicate* or *approve* a *financial promotion* which relates to a *restricted mass market investment* and which offers to a *retail client* any monetary or non-monetary incentive.
- (2) The *rule* in (1) does not apply where the conditions in paragraph (3) or (4) are satisfied.
- (3) The conditions are that:
 - (a) the relevant incentive is a product or service produced or provided by the *person*, or a member of the *group* of the *person*, who will benefit from the proceeds of the investment; and
 - (b) the *financial promotion* relates to a *non-readily realisable security*, *P2P agreement*, *P2P portfolio* or a unit in a *long-term asset fund*.
- (4) The conditions are that the incentive is:
 - (a) offered for the exclusive purpose of encouraging a *retail client* to transfer their existing holding of one or more *restricted mass market investments* from an existing arrangement with one *person* to a different arrangement with another *person*; and
 - (b) not structured in such a way as to encourage further investment in any *restricted mass market investment*.

4.12A.8 G For the purposes of ■ COBS 4.12A.7R, monetary and non-monetary incentives include, but are not limited to:

- (1) offering bonuses when investing in a *restricted mass market investment*;
- (2) offering bonuses where the *client* refers another *person*;
- (3) offering cashback when investing in a *restricted mass market investment*;
- (4) offering discounts or rebates on fees paid that are linked to volumes of trades made in *restricted mass market investments*;
- (5) offering free gifts once an investment in a *restricted mass market investment* has been made such as laptops or mobile telephones; or
- (6) offering any additional free *investments* or offering discounts on *investments*.

- 4.12A.9** G
- (1) Information and research tools do not constitute non-monetary incentives.
 - (2) Lower fees or charges not linked to volumes of trades, made available to all *retail clients*, do not constitute a monetary incentive.
 - (3) The effect of ■ **COBS 4.12A.7R(4)** is that a *financial promotion* may offer an incentive to transfer an existing holding of a *restricted mass market investment* (for example, from one platform to another). However, the incentive must relate solely to the transfer and must not be used to encourage *retail clients* to otherwise *engage in investment activity* in relation to *restricted mass market investments*.

- 4.12A.9A** G
- Subject to ■ **COBS 4.12A.8G** and ■ **COBS 4.12A.9G**, the following factors are otherwise relevant in determining whether a benefit is an incentive:
- (1) A benefit which is intrinsically connected with the *investment* or investment activity that is the subject of the *financial promotion* is unlikely to constitute an incentive – for example, voting rights which are carried by a share. However, a benefit which is entirely separable from the *investment* or investment activity that is the subject of the *financial promotion* is likely to be an incentive.
 - (2) A benefit which is only available for a fixed period of time, or is contingent upon investing in a *restricted mass market investment* in the future, is likely to constitute an incentive. This would not include, for example, a benefit which is offered in connection with a specified event, such as the first close of an investment.
 - (3) A benefit which is only available to *retail clients* who invest through a particular medium is likely to constitute an incentive – for example, a benefit which is only offered to *retail clients* who invest via a social media link.

- 4.12A.9B** G
- (1) ■ **COBS 4.12A.7R** applies irrespective of the nature of the investment activity. This means that the *rule* applies not only in relation to incentives to *buy restricted mass market investments* but also, for example, to incentives to enter into agreements for the purposes of transacting in *restricted mass market investments*.
 - (2) The rationale for offering the incentive is immaterial. This means that the *rule* applies to incentives which are intended, for example, to encourage *retail clients* to make investments ahead of the end of the tax year.

Risk warning

- 4.12A.10** R A firm must not *communicate* or *approve* a *financial promotion* which relates to a *restricted mass market investment* unless it contains a risk warning that complies with ■ **COBS 4.12A.11R**.

- 4.12A.11** R
- (1) For the purposes of ■ **COBS 4.12A.10R**, the *financial promotion* must contain:
 - (a) the following risk warning if the *financial promotion* relates to one or more *non-readily realisable securities*:

Don't invest unless you're prepared to lose all the money you invest. This is a high-risk investment and you are unlikely to be protected if something goes wrong.

- (b) the following risk warning if the *financial promotion* relates to one or more *P2P agreements* or *P2P portfolios*:

Don't invest unless you're prepared to lose money. This is a high-risk investment. You may not be able to access your money easily and are unlikely to be protected if something goes wrong.

- (c) the following risk warning if the *financial promotion* relates to a *unit* in a *long-term asset fund*:

This is a high-risk investment, and assets may take a long time to buy and sell. Only invest if you can wait (possibly several years) to get your money back. You do not have protection against poor performance.

the following risk warning if the *financial promotion* relates to one or more *qualifying cryptoassets*:

Don't invest unless you're prepared to lose all the money you invest. This is a high-risk investment and you should not expect to be protected if something goes wrong.

- (2) Where the number of characters contained in the risk warning in (1) exceeds the number of characters permitted by a third-party marketing provider:

- (a) the following risk warning must be used if the *financial promotion* relates to one or more *non-readily realisable securities* or *qualifying cryptoassets*:

Don't invest unless you're prepared to lose all the money you invest.

- (b) the following risk warning must be used if the *financial promotion* relates to one or more *P2P agreements* or *P2P portfolios*:

Don't invest unless you're prepared to lose money.

- (c) the following risk warning must be used if the *financial promotion* relates to a *unit* in a *long-term asset fund*:

This is a high-risk investment, so only invest if you can wait to get your money back.

- (3) Where the *financial promotion* is, or is to be, *communicated* by way of a website, mobile application or other digital medium:

- (a) the risk warning in (1) or (2) must also include a link:
- (i) in the form of the text: Take 2 mins to learn more; and
 - (ii) which, when activated, delivers an appropriate risk summary in a pop-up box (or equivalent) relating to the type of *investment* that is the subject of the *financial promotion* selected from ■ COBS 4 Annex 1R;
- (b) the link required by (3)(a) need not be:
- (i) in the form required by (3)(a)(i) if the inclusion of that additional text would exceed the number of characters permitted by a third-party marketing provider;

- (ii) provided if the medium of communication does not allow the incorporation of a link.
- (4) Where the *financial promotion* is communicated other than by way of a website, mobile application or other digital medium (and including where the *financial promotion* is a *real time financial promotion*), the risk warning in (1) must be:
 - (a) provided:
 - (i) in a *durable medium*; or
 - (ii) if the medium of communication means that the risk warning cannot be provided in a *durable medium*, in a manner appropriate to the medium of communication; and
 - (b) however the *financial promotion* is communicated, accompanied by an appropriate risk summary:
 - (i) in a *durable medium*; and
 - (ii) relating to the type of *investment* that is the subject of the *financial promotion* selected from ■ COBS 4 Annex 1R, unless it is not possible to obtain the information necessary to enable the risk summary to be provided in a *durable medium*.
- (5) (a) A *firm* must omit the words “and you are unlikely to be protected if something goes wrong” from the risk warnings required by (1)(a), (1)(b) or (1)(d) if the conditions in (5)(b) apply.
 - (b) The conditions are that:
 - (i) the *financial promotion* relates to an *investment*:
 - (A) that is issued by; or
 - (B) the provision of which involves a, *participant firm* or an *appointed representative* of a *participant firm*; and
 - (ii) the activity of the *person* in (i) is of a type that could give rise to a *protected claim*.
 - (c) A *firm* that omits the words in (a) must make a record of the basis on which the conditions in (b) are met.
- (6) The risk warning required by (1) or (2) and the risk summary required by (4)(b) must comply with ■ COBS 4.12A.36R and ■ COBS 4.12A.38R.
- (7) The risk summary required by (3)(a)(ii) must comply with ■ COBS 4.12A.40R and ■ COBS 4.12A.42R.
- (8) Where the *financial promotion* relates to a *unit* in a *long-term asset fund*, the appropriate risk summary required by (3)(a)(ii) or (4)(b) (see ■ COBS 4 Annex 1R(7) (Risk summary for units in a long-term asset fund)) must be adapted to reflect the characteristics of the relevant *LTAf*, particularly the *dealing* arrangements for the *LTAf* and the applicable *notice period*.

4.12A.12 G

- (1) Reference in ■ COBS 4.12A.11R(5)(b)(i)(B) to the ‘provision’ of an *investment* is to a *person* developing, managing or packaging an *investment* such as an *operator*. It does not refer to *persons* involved

4.12A.13 G

in distributing, or intermediating the sale of, an *investment* such as a financial adviser, a *person arranging investments* or an *operator of an electronic system in relation to lending*.

- (2) A *firm* relying on ■ COBS 4.12A.11R(5) should consider obtaining external legal advice (from legal advisers with relevant expertise and experience) on the appropriateness of omitting the words in that *rule* from a risk warning. Any such advice should be recorded as part of the *firm's* compliance with ■ COBS 4.12A.11R(5)(c).

4.12A.14 G

- (1) Even where it is not possible to provide a risk warning in a *durable medium* (for example, because the *financial promotion* is a *real time financial promotion*), the recipient of the *financial promotion* must still ordinarily be provided with an appropriate risk summary in a *durable medium* at or around the time that the *financial promotion* is communicated (■ COBS 4.12A.11R(4)(b)).
- (2) It is unlikely to be possible to comply with ■ COBS 4.12A.11R(4)(b) where the *financial promotion* is communicated by means of (without limitation) a television or radio broadcast. In such a case, the *financial promotion* must still include the relevant risk warning specified in ■ COBS 4.12A.11R(1).

Direct offer financial promotions

4.12A.15 R

- (1) ■ COBS 4.12A.15R to ■ COBS 4.12A.35G apply in relation to *direct offer financial promotions* to *retail clients* in relation to *restricted mass market investments*.
- (2) A *firm* may communicate information about a *P2P agreement* or a *P2P portfolio* to a *retail client* before ■ COBS 4.12A.15R applies, provided that the defining elements of a *direct offer financial promotion* are not present in that communication. This information may comprise, without limitation, mandatory disclosures applicable to that *firm*, such as those set out in ■ COBS 18.12.24R to ■ COBS 18.12.28R, including information about:
 - (a) the identity of the borrower(s);
 - (b) the *price* or *target rate*, provided they are accompanied by a fair description of the anticipated actual return, taking into account fees, default rates and taxation;
 - (c) the term;
 - (d) the risk categorisation; and
 - (e) a description of any security interest, insurance, guarantee or other risk mitigation measures adopted by the *firm*.
- (3) ■ COBS 4.12A.18R (First condition: cooling off period) does not apply where a *direct offer financial promotion* to a *retail client* relates only to a *unit* in a *long-term asset fund*.
- (1) Unless permitted by ■ COBS 4.12A.17R and subject to (2), (3) and (4), a *firm* must not:
 - (a) communicate a *direct offer financial promotion* relating to a *restricted mass market investment* to a *retail client* unless the

conditions in ■ COBS 4.12A.18R (cooling off period), ■ COBS 4.12A.20R (personalised risk warning), ■ COBS 4.12A.21R (categorisation) and ■ COBS 4.12A.28R (appropriateness) are satisfied; or

(b) *approve a direct offer financial promotion relating to a restricted mass market investment for communication to a retail client unless the firm is satisfied that the conditions in ■ COBS 4.12A.18R (cooling off period), ■ COBS 4.12A.20R (personalised risk warning), ■ COBS 4.12A.21R (categorisation) and ■ COBS 4.12A.28R (appropriateness) will be satisfied in relation to each communication of the direct offer financial promotion.*

- (2) The conditions in ■ COBS 4.12A.18R (cooling off period) and ■ COBS 4.12A.20R (personalised risk warning) do not need to be satisfied if the *retail client* has previously received a *direct offer financial promotion* relating to a *restricted mass market investment* from the same *person* as would otherwise need to satisfy them.
- (3) The condition in ■ COBS 4.12A.28R (appropriateness) does not need to be satisfied if the specific type of *restricted mass market investment* to which the *direct offer financial promotion* relates has previously been assessed as appropriate for the *retail client* by the same *person* as would otherwise need to undertake the assessment.
- (4) Where the *direct offer financial promotion* relates only to a *unit* in a *long-term asset fund*:
 - (a) the condition in ■ COBS 4.12A.18R (cooling off period) does not apply; and
 - (b) the condition in ■ COBS 4.12A.20R (personalised risk warning) does not need to be satisfied if the *retail client* has previously received a *direct offer financial promotion* relating to a *unit* in a *long-term asset fund* from the same *person* that would otherwise need to satisfy the condition.

4.12A.16 G The effect of ■ COBS 4.12A.15R and related provisions in this section is that:

- (1) a personalised risk warning and cooling off period are only required on the first occasion that a *firm*, or other *person communicating an approved direct offer financial promotion*, communicates a *direct offer financial promotion* relating to a *restricted mass market investment* (other than a *unit* in a *long-term asset fund*) to a particular *retail client*;
- (1A) where a *direct offer financial promotion* relates only to a *unit* in a *long-term asset fund*:
 - (a) a personalised risk warning is required only on the first occasion that a *firm*, or other *person communicating an approved direct offer financial promotion*, communicates a *direct offer financial promotion* to a particular *retail client*; and
 - (b) a cooling off period is not required;
- (2) an appropriateness assessment is only required on the first occasion that a particular *retail client* responds to a *direct offer financial promotion* relating to a specific type of *restricted mass market investment* (although a *firm* should consider whether it would be in

the best interests of the *retail client* for a further assessment to be undertaken, for example due to lapse of time, even where this is not required); and

- (3) in any case, a *direct offer financial promotion* relating to a *restricted mass market investment* can only be communicated to a *retail client* who has a current statement (completed and signed within the period of 12 months ending with on the day on which the communication is to be made) of a type falling within ■ COBS 4.12A.22R and which applies to the type of *restricted mass market investment* to which the *direct offer financial promotion* relates.

4.12A.17 R

A *firm* may communicate or approve a *direct offer financial promotion* relating to a *restricted mass market investment* to, or for communication to, a *retail client* if:

- (1) the *firm* itself will comply with the suitability rules (■ COBS 9 and ■ 9A) in relation to the investment promoted; or
- (2) the *retail client* has confirmed before the promotion is made that they are a *retail client* of another *firm* that will comply with the suitability rules (■ COBS 9 and ■ 9A) in relation to the investment promoted; or
- (3) the *retail client* is a *corporate finance contact* or a *venture capital contact*.

First condition: cooling off period

4.12A.18 R

- (1) The first condition is that following the *retail client's* request to receive the *direct offer financial promotion*, the *firm*, or other person communicating the *direct offer financial promotion*:
 - (a) allows a period of at least 24 hours (the 'cooling off period') to elapse before communicating the *direct offer financial promotion*;
 - (b) following the lapse of time in (a), invites the *retail client* to specify whether they wish to:
 - (i) leave the investment journey; or
 - (ii) continue to receive the *direct offer financial promotion*; and
 - (c) the *retail client* specifies that they wish to continue to receive the *direct offer financial promotion*.
- (2) The options in (1)(b) must be presented with equal prominence.
- (3) This condition does not apply if the *direct offer financial promotion* relates only to *units* in a *long-term asset fund*.

4.12A.19 G

■ COBS 4.12A.18R does not prevent the person who is subject to it from engaging with the *retail client* during the cooling off period. This includes for the purposes of providing the *client* with the personalised risk warning required by ■ COBS 4.12A.20R and obtaining the information necessary to undertake the appropriateness assessment required by ■ COBS 4.12A.28R.

4.12A.20 R

Second condition: personalised risk warning

- (1) Subject to (1A) below, the second condition is that before *communicating the direct offer financial promotion*, the *firm*, or other person communicating the *direct offer financial promotion*:

- (a) obtains the *retail client's* full name; and
- (b) having obtained the *retail client's* name, communicates to that *retail client* the following personalised risk warning:

[Client name], this is a high-risk investment. How would you feel if you lost the money you're about to invest? Take 2 mins to learn more.

- (1A) Where the *direct offer financial promotion* relates to a *unit* in a *long-term asset fund*, the second condition is that before *communicating the direct offer financial promotion*, the *firm*, or other person communicating the *direct offer financial promotion*:

- (a) obtains the *retail client's* full name; and
- (b) having obtained the *retail client's* name, communicates to that *retail client* the following personalised risk warning:

[Client name], this is a high-risk investment, and assets may take a long time to buy and sell. Only invest if you can wait (possibly several years) to get your money back. You do not have protection against poor performance. Take 2 mins to learn more.

[Editor's note: The last sentence in this text will be underlined in the final rules.]

- (2) If the *direct offer financial promotion* is, or is to be, *communicated* by means of a website, mobile application or other digital medium, the personalised risk warning in (1)(b) or (1A)(b) must:

- (a) be clearly brought to the *retail client's* attention by means of a pop-up box (or equivalent);
- (b) include a link which, when activated, delivers an appropriate risk summary in a further pop-up box (or equivalent):
 - (i) relating to the type of *restricted mass market investment* that is the subject of the *direct offer financial promotion*; and
 - (ii) selected from ■ COBS 4 Annex 1R; and
- (c) be accompanied by an invitation to the *retail client* to specify whether they wish to:
 - (i) leave the investment journey; or
 - (ii) continue to receive the *direct offer financial promotion*.

- (3) If the *direct offer financial promotion* is, or is to be, *communicated* other than by means of a website, mobile application or other digital medium:

- (a) the personalised risk warning in (1)(b) or (1A)(b) must be:
 - (i) provided to the *retail client* omitting the words "Take 2 mins to learn more"; and
 - (ii) accompanied by an appropriate risk summary in a *durable medium* relating to the type of *restricted mass market*

investment that is the subject of the *direct offer financial promotion* selected from ■ COBS 4 Annex 1R; and

- (b) the *retail client* must then be invited to specify whether they wish to:
 - (i) leave the investment journey; or
 - (ii) continue to receive the *direct offer financial promotion*.
- (4) The options in (2)(c) and (3)(b) must be presented with equal prominence.
- (5) This condition:
 - (a) is only satisfied if the *retail client* specifies that they wish to continue to receive the *direct offer financial promotion*; and
 - (b) must be satisfied before steps are taken to satisfy the conditions in ■ COBS 4.12A.21R (categorisation) and ■ COBS 4.12A.28R (appropriateness).
- (6) The personalised risk warning required by (1)(b) or (1A)(b) and the risk summary required by (2)(b) must comply with ■ COBS 4.12A.40R and ■ COBS 4.12A.42R.
- (7) The risk summary required by (3)(a)(ii) must comply with ■ COBS 4.12A.36R and ■ COBS 4.12A.38R.
- (8) Where the *financial promotion* relates to a *unit* in a *long-term asset fund*, the appropriate risk summary required by (2)(b) or (3)(a)(ii) (see ■ COBS 4 Annex 1R(7) (Risk summary for units in a long-term asset fund)) must be adapted to reflect the characteristics of the relevant *LTAF*, particularly the *dealing* arrangements for the *LTAF* and the applicable *notice period*.

Third condition: categorisation

4.12A.21 R

The third condition is that before *communicating* the *direct offer financial promotion*, the *firm*, or other *person communicating* the *direct offer financial promotion*, takes reasonable steps to establish that the *retail client* is:

- (1) certified as:
 - (a) a 'high net worth investor';
 - (b) a 'sophisticated investor'; or
 - (c) a 'restricted investor', or
- (2) if the *direct offer financial promotion* relates to a *non-readily realisable security*, a *P2P agreement*, a *P2P portfolio* or a *unit* in a *long-term asset fund*, self-certified as a 'sophisticated investor',

in each case in accordance with ■ COBS 4.12A.22R.

4.12A.22 R

- (1) A certified high net worth investor, a certified sophisticated investor, a self-certified sophisticated investor or a restricted investor is an individual:
 - (a) who has completed and signed, within the period of 12 *months* ending on the day on which the *communication* is made, a

statement in the terms set out in the applicable rule listed below and as modified by (2):

- (i) certified high net worth investor: ■ COBS 4 Annex 2R;
- (ii) certified sophisticated investor: ■ COBS 4 Annex 3R;
- (iii) self-certified sophisticated investor: ■ COBS 4 Annex 4R;
- (iv) restricted investor: ■ COBS 4 Annex 5R; and
- (b) whose completion of the statement in (a) indicates that they meet the relevant criteria to be categorised as such.

(2) When used in relation to *P2P agreements* or a *P2P portfolio*, the statement in ■ COBS 4 Annex 4R (self-certified sophisticated investor) must be modified as follows:

- (a) the reference to “an unlisted company” must be replaced with a reference to “a P2P agreement or P2P portfolio”; and
- (b) the reference to “private equity, or in the provision of finance for small and medium enterprises” must be replaced with a reference to “the provision of finance, resulting in an understanding of the P2P agreements or P2P portfolios to which the promotions will relate”.

4.12A.23 E For the purposes of ■ COBS 4.12A.21R, a *firm* (or relevant other *person*) will have taken reasonable steps to establish the certification of a *retail client* where:

- (1) the *firm* (or other *person*) has obtained the relevant completed certificate from the *retail client*; and
- (2) the *retail client's* completion of the certificate evidences that the *retail client* meets the criteria to be certified as such.

4.12A.24 G Where the *direct offer financial promotion* will relate to more than one type of *restricted mass market investment*, the condition in ■ COBS 4.12A.21R may be satisfied by the *retail client* signing a combined statement that meets the requirements in ■ COBS 4 Annex 2R to ■ COBS 4 Annex 5R, as applicable, in respect of each type of *restricted mass market investment* to which the *direct offer financial promotion* will relate.

4.12A.25 G

- (1) Where the restricted investor statement (■ COBS 4 Annex 5R) refers to a restricted investor not investing more than 10% of their net assets, this refers to the *retail client's* aggregate investment across all types of *restricted mass market investment*.
- (2) However, a *retail client* may be informed that they need not include in the calculation referred to in (1) any investment in a *restricted mass market investment* made in response to a *direct offer financial promotion* for the purpose of which they were categorised as sophisticated (whether on a certified or self-certified basis).

4.12A.26 R A *firm* must not:

- (1) influence, or seek to influence, the information that a *retail client* provides when completing a certificate in ■ COBS 4.12A.22R; or

- (2) encourage a *retail client* to complete a further certificate in the event that a *client's* signed certificate indicates that they do not meet the criteria to be categorised as a high net worth, sophisticated or restricted investor, as applicable.

Fourth condition: appropriateness

4.12A.27 **G**

- (1) The fourth condition is relevant if the recipient of the *direct offer financial promotion* makes an application or order for a *restricted mass market investment* in response to that *direct offer financial promotion*.
- (2) The fourth condition requires a *restricted mass market investment* to be assessed as appropriate for a *retail client* before an application or order is processed. The *rules* and *guidance* are not prescriptive as to how such an assessment is undertaken. The condition is designed to ensure that *retail clients* are only able to invest in *restricted mass market investments* which they have the knowledge and experience to understand, particularly in relation to the risks. Appropriateness processes should be designed to this end.

4.12A.28 **R**

- (1) The fourth condition applies where the *firm* itself or the *person* who will:
- (a) *arrange or deal* in relation to a *non-readily realisable security*;
 - (b) facilitate the *retail client* becoming a lender under a *P2P agreement* or a *P2P portfolio*; or
 - (c) *arrange or deal* in relation to a *unit* in a *long-term asset fund*, or *issue* such a *unit*; or
 - (d) transact in a *qualifying cryptoasset*,
- is aware, or ought reasonably to be aware, that an application or order is in response to the *direct offer financial promotion*.
- (2) The condition is that the *firm* or *person* in (1) will only process the application or order once it has assessed that the *restricted mass market investment* is appropriate for the *retail client* in compliance with the *rules* in ■ COBS 10 or ■ COBS 10A (as applicable) or equivalent requirements as modified and supplemented by ■ COBS 4.12A.30R to ■ COBS 4.12A.32R.

4.12A.29 **G**

- (1) If the *person* in ■ COBS 4.12A.28R(1) is not a *firm*, the effect of ■ COBS 4.12A.28R(2) is that the *person* is required to undertake that assessment as if the *rules* in ■ COBS 10 or ■ COBS 10A applied to them.
- (2) The *firm* or *person* in ■ COBS 4.12A.28R(1) can gather information for the purpose of assessing, and undertake its assessment of, whether a *restricted mass market investment* is appropriate for a *retail client* before the end of any 'cooling off period' required by ■ COBS 4.12A.18R.

4.12A.30 **R**

In the course of providing information regarding their knowledge and experience for the purpose of the appropriateness assessment required by ■ COBS 4.12A.28R, the *retail client* must not be provided with assistance, information, guidance or feedback which might affect the substance of the information that they provide.

4.12A.31 R

- (1) This *rule* applies if:
 - (a) a *restricted mass market investment* is assessed as not being appropriate for a particular *retail client*; and
 - (b) the assessment of appropriateness is based on a series of questions which the *retail client* is required to answer.
- (2) The *retail client* must not be informed of the particular answers which led to the *restricted mass market investment* being assessed as not appropriate for them.
- (3) Any further assessment of the appropriateness of that *restricted mass market investment* for that *retail client* must not be based on the same questions as were used for the purpose of a previous assessment of the appropriateness of that *restricted mass market investment* for that *retail client*.

4.12A.32 R

- (1) This *rule* applies where a first and second assessment have both determined that a *restricted mass market investment* is not appropriate for a particular *retail client*.
- (2) Following the second, and each and every subsequent, determination that a *restricted mass market investment* is not appropriate for a *retail client*, any further assessment of the appropriateness of that *restricted mass market investment* for that *retail client* must not be undertaken for at least 24 hours.

4.12A.33 G

The effect of ■ COBS 4.12A.28R to ■ COBS 4.12A.32R is that:

- (1) *direct offer financial promotions* relating to *restricted mass market investments* may only be *communicated*, or *approved for communication*, to *retail clients* if any application or order received in response to that *direct offer financial promotion* will be fulfilled only where that *restricted mass market investment* has been assessed as being appropriate for that *retail client*;
- (2) if the assessment of appropriateness results in the provision of a warning (a determination that the *restricted mass market investment* is not appropriate for the *retail client* (■ COBS 10.3 or ■ COBS 10A.3)), then an order or application received in response to a *direct offer financial promotion* may not be fulfilled; and
- (3) the circumstances in which an assessment of appropriateness need not be undertaken (■ COBS 10.4 and ■ COBS 10A.4) are not relevant for the purpose of the fourth condition.

4.12A.34 G

When gathering information regarding a *retail client's* knowledge and experience for the purpose of assessing whether a *restricted mass market investment* is appropriate for that *retail client*, the *firm* or *person* undertaking the assessment should:

- (1) avoid asking the *retail client* questions that invite binary (yes/no) answers;
- (2) if asking multiple-choice questions, use questions which offer at least 3 plausible answers (excluding the option to answer 'do not know', or similar); and

4.12A.35 G

(3) ensure that questions address matters that are relevant to the specific type of *investment* in which the *retail client* has expressed interest (see also ■ COBS 10.2.2R).

- (1) A *retail client* should only be informed of the outcome of an appropriateness assessment once they have provided all of the information required for the assessment to be undertaken.
- (2) ■ COBS 4.12A.31R(2) does not prevent a *retail client* from being informed of the broad reasons for which a *restricted mass market investment* was assessed not to be appropriate for them or of the nature of the deficiencies identified in their knowledge or experience. The *rule* is intended to prevent a *retail client* from being informed only of the questions within an assessment which led to a *restricted mass market investment* being assessed not to be appropriate such that the *client* is able simply to change their answer in any subsequent assessment without improving their own understanding.
- (3) For the purposes of ■ COBS 4.12A.31R(3), any questions used to undertake a further assessment of appropriateness should be sufficiently different such that the *retail client* could not simply infer the answers that would lead to an assessment of appropriateness from the outcome of their responses to a previous set of questions.
- (4) A *firm* should consider whether the particular features of a *restricted mass market investment* mean that an interval of greater than 24 hours should be applied following a second assessment (and any subsequent assessment) that that *investment* is not appropriate for a *retail client* (■ COBS 4.12A.32R(2)).
- (5) A *retail client* may be informed of the option to re-apply to *buy* a *restricted mass market investment* following a determination that the *restricted mass market investment* is not appropriate for them. However, the *retail client* should not be encouraged to do so.

Requirements of risk warnings and non-digital risk summaries

4.12A.36 R

- (1) The relevant risk warning in ■ COBS 4.12A.11R(1) or ■ (2) and the relevant risk summaries in ■ COBS 4.12A.11R(4)(b) and ■ COBS 4.12A.20R(3)(a)(ii) must:
 - (a) be prominent, taking into account the content, size and orientation of the *financial promotion* as a whole;
 - (b) except where the risk warning cannot be provided in writing, be clearly legible, contained within its own border and with bold and underlined text as indicated in ■ COBS 4.12A.11R or ■ COBS 4 Annex 1R.
- (2) The relevant risk warning in ■ COBS 4.12A.11R(1) or (2) must, if the *financial promotion* is, or is to be, *communicated* by means of:
 - (a) a website or mobile application:
 - (i) be statically fixed and visible at the top of the screen, below anything else that also stays static, even when the *retail client* scrolls up or down the webpage; and
 - (ii) be included as described in (i) on each linked webpage on the website or page on the application relating to the relevant *investment*;

(b) a television broadcast, be prominently fixed on the screen for the duration of the broadcast.

4.12A.37 G

- (1) The FCA expects *firms* to take account of the latest version of the international Web Content Accessibility Guidelines (WCAG) accessibility standard when designing digital financial promotions and, in particular, how the risk warning will be displayed: <https://www.w3.org/WAI/WCAG21/quickref/>
- (2) *Firms* should have regard to the intended or likely recipients of a *financial promotion*. Where a *firm* considers that such *persons* are unlikely to have a good understanding of the English language, a risk warning or risk summary required by the *rules* in this section should be provided in an appropriate language in addition to English.

4.12A.38 R

The *financial promotion* must not contain any design feature which has the intent or effect of reducing the visibility or prominence of the risk warning or risk summary.
[Note: The FCA has also issued non-Handbook guidance on prominence in financial promotions. See <https://www.fca.org.uk/publication/finalised-guidance/fg-fin-proms-prominence.pdf>]

4.12A.39 G

- For the purposes of ■ COBS 4.12A.38R, design features which might reduce the visibility or prominence of a risk warning or risk summary include, but are not limited to:
- (1) using a font size for the risk warning or risk summary that is smaller than the standard size used in the *financial promotion*;
 - (2) using a background colour that does not sufficiently contrast the text or makes it difficult for the *client* to read the text;
 - (3) fading the text of the risk warning or risk summary;
 - (4) placing the risk warning or risk summary at the bottom of the promotion or embedding it within other standard information, for example legal information or the *firm's* contact details;
 - (5) requiring additional links to be clicked in order for the full text of the risk warning to be seen;
 - (6) using a font or background in the risk warning or risk summary in the same colours as the *firm's* brand, or using a font or background in the same colours as the rest of the *financial promotion*; and
 - (7) using a font or background in the risk warning or risk summary in the same colour as other forms of disclosure and standard information; the colour of the font and background should distinguish the risk warning or risk summary from other forms of information.

Requirements of digital personalised risk warnings and digital risk summaries

4.12A.40 R

The relevant personalised risk warning in ■ COBS 4.12A.20R(2) and the relevant risk summaries in ■ COBS 4.12A.11R(3)(a)(ii) and ■ COBS 4.12A.20R(2)(b) must be:

4.12A.41 G

- (1) prominently brought to the *retail client's* attention, taking into account the content, size and orientation of the *financial promotion* as a whole;
- (2) clearly legible, contained within its own border and with bold and underlined text as indicated in ■ COBS 4.12A.20R(1)(b), ■ COBS 4.12A.20R(1A)(b) and ■ COBS 4 Annex 1R;
- (3) statically fixed and visible in the middle of the screen; and
- (4) the main focus of the screen.

4.12A.42 R

The *financial promotion* must not contain any design feature which has the intent or effect of reducing the visibility or prominence of the personalised risk warning or risk summary.

[Note: The FCA has also issued non-Handbook guidance on prominence in financial promotions. See <https://www.fca.org.uk/publication/finalised-guidance/fg-fin-proms-prominence.pdf>]

4.12A.43 G

For the purposes of ■ COBS 4.12A.42R, design features which might reduce the visibility or prominence of a personalised risk warning or risk summary include, but are not limited to:

- (1) using a font size for the personalised risk warning or risk summary that is smaller than the standard size used in the *financial promotion*;
- (2) using a background colour that does not sufficiently contrast the text or makes it difficult for the *retail client* to read the text;
- (3) fading the text of the personalised risk warning or risk summary;
- (4) placing the personalised risk warning or risk summary at the bottom of the promotion or embedding it within other standard information, for example legal information or the *firm's* contact details;
- (5) requiring additional actions to be taken by the *retail client*, such as requiring additional links to be clicked in order for the full text of the personalised risk warning or risk summary to be seen;
- (6) using a font or background in the risk warning in the same colours as the *firm's* brand, or using a font or background in the same colours as the rest of the *financial promotion*; and
- (7) using a font or background in the risk warning in the same colour as other forms of disclosure and standard information; the colour of the

font and background should distinguish the personalised risk warning or risk summary from other forms of information.

Risk summaries

4.12A.44 **R** Where a *rule* in this section requires a *firm* to communicate a risk summary selected from ■ COBS 4 Annex 1R, the *firm* must either:

- (1) (subject to ■ COBS 4.12A.46R) provide the risk summary as it appears in ■ COBS 4 Annex 1R; or
- (2) provide a version of the risk summary in ■ COBS 4 Annex 1R in appropriately amended form, provided that:
 - (a) the *firm* has a valid reason for each amendment;
 - (b) the *firm* makes a record of each amendment and the reason for it;
 - (c) any alternative or additional text is in plain English; and
 - (d) the amended risk summary does not take longer than around 2 minutes to read.

4.12A.45 **G** For the purposes of ■ COBS 4.12A.44R(2), the following reasons are considered to be valid:

- (1) the relevant part of the risk summary in ■ COBS 4 Annex 1R would be misleading in relation to the particular *investment*;
- (2) the relevant part of the risk summary in ■ COBS 4 Annex 1R would be irrelevant in relation to the particular *investment*;
- (3) the risk summary in ■ COBS 4 Annex 1R does not include a risk that is relevant to the particular *investment* and it is appropriate for that further risk to be included;
- (4) the sole purpose of the relevant statement in the risk summary is to include a hyperlink to a webpage and the medium of communication does not permit the incorporation of a link;
- (5) the *firm* is required to adapt the risk summary in accordance with ■ COBS 4.12A.11R(8) (Risk warning) or ■ COBS 4.12A.20R(8) (Second condition: personalised risk warning).

This list is not exhaustive.

4.12A.46 **R** ■ COBS 4.12A.44R(1) does not apply to a *firm* which communicates a risk summary relating to *units* in an *LTAf* (see ■ COBS 4.12A.11R(8) (Risk warning) and ■ COBS 4.12A.20R(8) (Second condition: personalised risk warning)).

4.12A.47 **G** A *firm* communicating a risk summary relating to *units* in an *LTAf* (see ■ COBS 4 Annex 1R(7) (Risk summaries)) is required to adapt the risk summary to reflect the characteristics of the relevant *LTAf*, particularly the *dealing* arrangements for the *LTAf* and the applicable *notice period* (see ■ COBS 4.12A.11R(8) (Risk warning) and ■ COBS 4.12A.20R(8) (Second condition: personalised risk warning)). Other amendments may also be appropriate.

When amending the risk summary, the *firm* will need to comply with ■ COBS 4.12A.44R(2).

4.12B Promotion of non-mass market investments

Application

- 4.12B.1** **R** This section applies to:
- (1) *firms*;
 - (2) *TP firms*, to the extent that this section does not already apply to those *TP firms* as a result of ■ GEN 2.2.26R; and
 - (3) *Gibraltar-based firms*, to the extent that this section does not already apply to such a *Gibraltar-based firm* as a result of ■ GEN 2.3.1R,
- when *approving or communicating financial promotions* in relation to *non-mass market investments*.
- 4.12B.2** **G** In addition to the *persons* listed in ■ COBS 4.12B.1R, *persons* (including *unauthorised persons*) who benefit from a temporary exemption or exclusion from the *general prohibition* under:
- (1) Part 7 of the *EU Exit Passport Regulations*; or
 - (2) Part 4 of the *Electronic Commerce and Solvency 2 (Amendment etc.) (EU Exit) Regulations 2019* (SI 2019/1361),
- are required to comply with the *rules* in this section as a consequence of:
- (3) regulation 59 of the *EU Exit Passport Regulations*; or
 - (4) regulation 19 of the *Electronic Commerce and Solvency 2 (Amendment etc.) (EU Exit) Regulations 2019*.
- 4.12B.3** **R** Throughout this section, references to a *firm* include a *TP firm* and a *Gibraltar-based firm*.
- 4.12B.4** **R** This section does not apply to:
- (1) *excluded communications*; or
 - (2) *financial promotions* to the extent that they relate to *local authority securities*.

Purpose and overview of the rules

4.12B.5 G

- (1) The *rules* in this section are intended to ensure that *financial promotions* relating to *non-mass market investments* are not *communicated* to ordinary retail investors. They do not apply to *excluded communications*, to *financial promotions* to the extent that they relate to *local authority securities* or to *financial promotions* insofar as they are directed at *clients* other than *retail clients*.

(2) The *rules* in this section reflect the often complex and high-risk nature of *non-mass market investments*.

(3) The *rules* in this section therefore restrict *firms* from *approving* or *communicating financial promotions* in relation to *non-mass market investments* which are addressed to, or disseminated in such a way that they are likely to be received by, a *retail client*, subject to certain exemptions.

(4) The exemptions referred to in (3) are set out in ■ COBS 4.12B.7R(5).

(5) (a) *Firms* must also comply with ■ COBS 4.12B.7R(1)(b) and the *rules* in ■ COBS 4.12B.14R to ■ COBS 4.12B.30R (see (b) below) where:

(i) the *financial promotion* relates to a *non-mass market investment*; and

(ii) the *firm* wishes to rely on exemptions 9 (certified high net worth investors), 10 (certified sophisticated investors) or 11 (self-certified sophisticated investors).

(b) ■ COBS 4.12B.7R(1)(b) and ■ COBS 4.12B.14R to ■ COBS 4.12B.31G cover:

(i) preliminary assessment of suitability (in relation to exemptions 9 and 11);

(ii) personalised risk warning, risk summary and cooling off period;

(iii) risk warnings; and

(iv) monetary and non-monetary incentives.

(5A) ■ COBS 4.12B.17R requires that a *financial promotion* which relates to a *non-mass market investment* does not offer to any *retail client* any form of incentive. The purpose of this *rule* is to ensure that retail clients are not persuaded or incited to *engage in investment activity* relating to a *non-mass market investment* other than by reference to the features of the investment activity that is the subject of the *financial promotion*.

(6) Where the *financial promotion* relates to a *speculative illiquid security*, *firms* must also comply with ■ COBS 4.12B.32R, ■ COBS 4.12B.33R and ■ COBS 4.12B.35R which relate to the disclosure of costs, charges and commission.

(7) The table below explains how the *rules* apply and to which *non-mass market investments* the *rules* apply, after the provisions in ■ COBS 4.12B.4R have been applied.

Promotion of non-mass market investments

4.12B.6 R

- (1) A *firm* must not *communicate* or *approve* a *financial promotion* which relates to a *non-mass market investment* where that *financial promotion* is addressed to, or disseminated in such a way that it is likely to be received by, a *retail client*.

Exemptions from the restrictions on the promotion of non-mass market investments

4.12B.7 R

- (1) The restriction in ■ COBS 4.12B.6R does not apply if the following conditions are met:
 - (a) the *financial promotion* falls within an applicable exemption in the first column in the table in (5) because either:
 - (i) it is made to, or directed at, only those recipients whom the *firm communicating* the *financial promotion* has taken reasonable steps to establish are *persons* in the second column of the table; or
 - (ii) the *firm approving* the *financial promotion* has taken reasonable steps to establish that the *financial promotion* will be made to, or directed at, only those recipients who are *persons* in the second column of the table;
 - (b) where the third column of the table refers to the need for a preliminary assessment of suitability, that assessment is undertaken before the *financial promotion* is made to or directed at the recipient;

- (c) the *firm* complies with the relevant *rules* in ■ COBS 4.12B.14R to ■ 4.12B.35R relating to the use of exemptions 9 (certified high net worth investors), 10 (certified sophisticated investors) or 11 (self-certified sophisticated investors), as provided by ■ COBS 4.12B.7R(5).
- (2) For the purposes of ■ COBS 4.12B.7R(1)(a), a *firm* will have taken reasonable steps to establish that the recipients of the *financial promotion* are *persons* in the second column of the table where the *firm* has:
 - (a) obtained the relevant completed certificate from the *retail client*; and
 - (b) satisfied itself that the *retail client's* completion of the certificate evidences that the *retail client* meets the criteria to be certified as such.
- (3) Where a *firm* approves or communicates a *financial promotion* the preliminary assessment of suitability required by ■ COBS 4.12B.7R(1)(b) must be undertaken by that *firm*.
- (4) A *firm* may rely on more than one exemption in relation to the same *financial promotion*.

4.12B.8

R

A *firm* may communicate an invitation or inducement to participate in an *unregulated collective investment scheme* without breaching the restriction on promotion in section 238 of the Act if the promotion falls within an exemption in the table in ■ COBS 4.12B.7R(5) and is in accordance with ■ COBS 4.12B.7R(1).

Advice and preliminary assessment of suitability

4.12B.9

G

(1) Where a *firm* communicates any promotion of a *non-mass market investment* in the context of advice, it should have regard to and comply with its obligations under ■ COBS 9 or ■ 9A (as applicable). *Firms* should also be mindful of the appropriateness requirements in ■ COBS 10 and ■ 10A which apply to a wide range of non-advised services.

(2) (a) The effect of ■ COBS 4.12B.7R(1)(b) is that where a *firm* wishes to rely on exemptions 9 (certified high net worth investors) or 11 (self-certified sophisticated investors), as provided by ■ COBS 4.12B.7R(5), the preliminary assessment of suitability must be undertaken before promotion of the *non-mass market investment* is made to or directed at *clients* (in addition to other requirements). Where a *firm* *approves* or *communicates* a financial promotion the preliminary assessment of suitability must be undertaken by that *firm* as required by ■ COBS 4.12B.7R(3).

(b) There is no duty to communicate the preliminary assessment of suitability to the *client*. If the *firm* does so, it must not do so in a way that amounts to making a *personal recommendation* unless it complies with the rules in ■ COBS 9 or ■ 9A (as applicable) on suitability.

(c) The requirement for a preliminary assessment of suitability does not extend to a full suitability assessment, unless advice is being offered in relation to the *non-mass market investment* being promoted, in which case the requirements in ■ COBS 9 or ■ 9A apply (as applicable). However, it requires that the *firm* takes reasonable steps to acquaint itself with the *client's* profile and objectives in order to ascertain whether the *non-mass market investment* under contemplation is likely to be suitable for that *client*. The *firm* should not promote the *non-mass market investment* to the *client* if it does not consider it likely to be suitable for that *client* following such preliminary assessment.

Promotions to certified high net worth investors, certified sophisticated investors or self-certified sophisticated investors

4.12B.10 **R**

- (1) ■ COBS 4.12B.10R to ■ COBS 4.12B.31G apply to *financial promotions* which:
- (a) relate to *non-mass market investments* ; and
 - (b) are *communicated*, or are to be *communicated*, to certified high net worth investors, certified sophisticated investors or self-certified sophisticated investors for the purposes of the exemptions in ■ COBS 4.12B.7R(5).
- (2) A *firm* may only rely on exemptions 9 (certified high net worth investors), 10 (certified sophisticated investors) or 11 (self-certified sophisticated investors) to:
- (a) *communicate a financial promotion* to which this rule applies if the *firm* has complied with the rules in ■ COBS 4.12B.14R to ■ COBS 4.12B.35R, as appropriate; or
 - (b) *approve for communication a financial promotion* to which this rule applies if the *firm* is satisfied that the rules in ■ COBS 4.12B.14R to ■ COBS 4.12B.35R, as appropriate, will be satisfied in relation to each *communication* of the *financial promotion*.
- (3) The conditions in ■ COBS 4.12B.14R (personalised risk warning) and ■ COBS 4.12B.15R (cooling off period) do not need to be satisfied if the *retail client* has previously received a *financial promotion* relating to a *non-mass market investment* from the same *person* as would otherwise need to satisfy them.

4.12B.11 **G**

Where a *firm* is relying on exemptions 9 (certified high net worth investors), 10 (certified sophisticated investors) or 11 (self-certified sophisticated investors), in accordance with ■ COBS 4.12B.7R(1)(a), it must first take reasonable steps to establish that the *retail client* falls into one of those categories and then the *firm* must undertake a preliminary assessment of suitability in accordance with ■ COBS 4.12B.7R(1)(b), where relevant. Once a *firm* has completed these steps, it must comply with the rules in ■ COBS 4.12B.14R to ■ COBS 4.12B.35R.

4.12B.12 **G**

The effect of ■ COBS 4.12B.10R(3) and related provisions in this section is that a personalised risk warning and cooling off period are only required on the first occasion that a *firm*, or other *person communicating a financial promotion*, communicates a *financial promotion* relating to a *non-mass market investment* to a particular *retail client*.

Risk summaries

4.12B.13 **R**

Where a *rule* in this section requires a *firm* to communicate a risk summary selected from ■ COBS 4 Annex 1R, the *firm* must either:

- (1) provide the risk summary as it appears in ■ COBS 4 Annex 1R; or
- (2) provide a version of the risk summary in ■ COBS 4 Annex 1R in appropriately amended form, provided that:
 - (a) the *firm* has a valid reason for each amendment;

- (b) the *firm* makes a record of each amendment and the reason for it;
- (c) any alternative or additional text is in plain English; and
- (d) the amended risk summary does not take longer than around 2 minutes to read.

4.12B.13A **G**

For the purposes of ■ COBS 4.12B.13R(2), the following reasons are considered to be valid:

- (1) the relevant part of the risk summary in ■ COBS 4 Annex 1R would be misleading in relation to the particular *investment*;
- (2) the relevant part of the risk summary in ■ COBS 4 Annex 1R would be irrelevant in relation to the particular *investment*;
- (3) the risk summary in ■ COBS 4 Annex 1R does not include a risk that is relevant to the particular *investment*, and it is appropriate for that further risk to be included;
- (4) the sole purpose of the relevant statement in the risk summary is to include a hyperlink to a webpage and the medium of communication does not permit the incorporation of a link.

This list is not exhaustive.

Prior conditions for communication to certified high net worth investors, certified sophisticated investors or self-certified sophisticated investors

4.12B.14 **R**

- (1) The first condition is that before *communicating the financial promotion*, the *firm*, or other *person communicating the financial promotion*:

- (a) obtains the *retail client's* full name; and
- (b) having obtained the *retail client's* name, communicates to that *retail client* the following personalised risk warning:

[Client name], this is a high-risk investment. How would you feel if you lost the money you're about to invest? Take 2 mins to learn more.

- (2) If the *financial promotion* is, or is to be, *communicated* by means of a website, mobile application or other digital medium, the personalised risk warning in (1)(b) must:
 - (a) be clearly brought to the *retail client's* attention by means of a pop-up box (or equivalent);
 - (b) include a link which, when activated, delivers an appropriate risk summary in a further pop-up box (or equivalent):
 - (i) relating to the type of *non-mass market investment* that is the subject of the *financial promotion*; and
 - (ii) selected from ■ COBS 4 Annex 1R; and
 - (c) be accompanied by an invitation to the *retail client* to specify whether they wish to:
 - (i) leave the investment journey; or

(ii) continue to receive the *financial promotion*.

(3) If the *financial promotion* is, or is to be, *communicated* other than by means of a website, mobile application or other digital medium:

(a) the personalised risk warning in (1)(b) must be:

(i) provided to the *retail client* omitting the words “Take 2 mins to learn more”; and

(ii) accompanied by an appropriate risk summary in a *durable medium* relating to the type of *non-mass market investment* that is the subject of the *financial promotion* selected from ■ COBS 4 Annex 1R; and

(b) the *retail client* must then be invited to specify whether they wish to:

(i) leave the investment journey; or

(ii) continue to receive the *financial promotion*.

(4) The options in 2(c) and (3)(b) must be presented with equal prominence.

(5) The condition is only satisfied if the *retail client* specifies that they wish to continue to receive the *financial promotion*.

(6) This rule does not apply to a *financial promotion* of a *closed-ended investment fund* applying for, or with, a *premium listing* and which complies with the requirements of ■ LR 15.

(7) The personalised risk warning required by (2)(a) and the risk summary required by (2)(b) must comply with ■ COBS 4.12B.28R and ■ COBS 4.12B.30R.

(8) The risk summary required by (3)(a)(ii) must comply with ■ COBS 4.12B.24R and ■ COBS 4.12B.26R.

4.12B.15 R

(1) The second condition applies if a *retail client* requests to view a *financial promotion* of a *non-mass market investment* (including of a *security* in a *closed-ended investment fund* applying for, or with, a *premium listing* and which complies with the requirements of ■ LR 15).

(2) The second condition is that, before *communicating* the *financial promotion*, the *firm* or other *person communicating* the *financial promotion*:

(a) allows a period of at least 24 hours (the ‘cooling off period’) to elapse;

(b) following the lapse of time in (a), invites the *retail client* to specify whether they wish to:

(i) leave the investment journey; or

(ii) continue to receive the *financial promotion*; and

(c) the *retail client* specifies that they wish to continue to receive the *financial promotion*.

(3) The options in (2)(b) must be presented with equal prominence.

- 4.12B.16** G ■ COBS 4.12B.15R does not prevent the *person* who is subject to it from engaging with the *retail client* during the cooling off period. This includes for the purposes of providing the *client* with the personalised risk warning required by ■ COBS 4.12B.14R and obtaining the information necessary to undertake the preliminary assessment of suitability required by ■ COBS 4.12B.7R(1)(b).

Restrictions on monetary and non-monetary incentives

- 4.12B.17** R
- (1) A *firm* must not *communicate* or *approve* a *financial promotion* which relates to a *non-mass market investment* and which offers to a *retail client* any monetary or non-monetary incentive.
 - (2) The *rule* in (1) does not apply to a product or service produced or provided by the *person*, or a member of the *group* of the *person*, who will benefit from the proceeds of the investment.
 - (3) The *rule* in (1) does not apply where the incentive is:
 - (a) offered for the exclusive purpose of encouraging a *retail client* to transfer their existing holding of one or more *non-mass market investments* from an existing arrangement with one *person* to a different arrangement with another *person*; and
 - (b) not structured in such a way as to encourage further investment in any *non-mass market investment*.

- 4.12B.18** G For the purposes of ■ COBS 4.12B.17R monetary and non-monetary incentives include, but are not limited to:

- (1) offering bonuses when investing in a *non-mass market investment*;
- (2) offering bonuses where the *client* refers another *person*;
- (3) offering cashback when investing in a *non-mass market investment*;
- (4) offering discounts or rebates on fees paid that are linked to volumes of trades made in *non-mass market investments*;
- (5) offering free gifts once an investment in a *non-mass market investment* has been made such as laptops or mobile telephones; or
- (6) offering any additional free *investments* or offering discounts on *investments*.

- 4.12B.19** G
- (1) Information and research tools do not constitute non-monetary incentives.
 - (2) Lower fees or charges not linked to volumes of trades, made available to all *retail clients*, do not constitute a monetary incentive.
 - (3) The effect of ■ COBS 4.12B.17R(3) is that a *financial promotion* may offer an incentive to transfer an existing holding of a *non-mass market investment* (for example, from one platform to another). However, the incentive must relate solely to the transfer and must not be used to encourage *retail clients* to otherwise *engage in investment activity* in relation to *non-mass market investments*.

4.12B.19A G Subject to ■ **COBS 4.12B.18G** and ■ **COBS 4.12B.19G**, the following factors are relevant in determining whether a benefit is an incentive:

- (1) A benefit which is intrinsically connected with the *investment* or investment activity that is the subject of the *financial promotion* is unlikely to constitute an incentive – for example, voting rights which are carried by a share. However, a benefit which is entirely separable from the *investment* or investment activity that is the subject of the *financial promotion* is likely to be an incentive.
- (2) A benefit which is only available for a fixed period of time, or is contingent upon investing in a *non-mass market investment* in the future, is likely to constitute an incentive. This would not include, for example, a benefit which is offered in connection with a specified event such as the first close of an investment.
- (3) A benefit which is only available to *retail clients* who invest through a particular medium is likely to constitute an incentive – for example, a benefit which is only offered to *retail clients* who invest via a social media link.

- 4.12B.19B** G
- (1) ■ **COBS 4.12B.17R** applies irrespective of the nature of the investment activity. This means that the *rule* applies not only in relation to incentives to *buy non-mass market investments* but also, for example, to incentives to enter into agreements for the purposes of transacting in *non-mass market investments*.
 - (2) The rationale for offering the incentive is immaterial. This means that the *rule* applies to incentives which are intended, for example, to encourage *retail clients* to make investments ahead of the end of the tax year.

Risk warning to be included in the financial promotion.....

4.12B.20 R A firm must not *communicate* or *approve* a *financial promotion* which relates to a *non-mass market investment* unless it contains a risk warning that complies with ■ **COBS 4.12B.21R**.

- 4.12B.21** R
- (1) For the purposes of ■ **COBS 4.12B.20R** the *financial promotion* must contain the following risk warning:

Don't invest unless you're prepared to lose all the money you invest. This is a high-risk investment and you are unlikely to be protected if something goes wrong.
 - (2) Where the number of characters contained in the risk warning in (1) exceeds the number of characters permitted by a third-party marketing provider, the following risk warning must be used:

Don't invest unless you're prepared to lose all the money you invest.
 - (3) Where the *financial promotion* is, or is to be, *communicated* by way of a website, mobile application or other digital medium:
 - (a) the risk warning in (1) or (2) must also include a link:
 - (i) in the form of the text: Take 2 mins to learn more; and

- (ii) which, when activated, delivers an appropriate risk summary in a pop-up box (or equivalent) relating to the type of *non-mass market investment* that is the subject of the *financial promotion* selected from ■ COBS 4 Annex 1R;
- (b) the link required by (3)(a) need not be:
 - (i) in the form required by 3(a)(i) if the inclusion of that additional text would exceed the number of characters permitted by a third-party marketing provider;
 - (ii) provided if the medium of communication does not allow the incorporation of a link.
- (4) Where the *financial promotion* is *communicated* other than by way of a website, mobile application or other digital medium (and including where the *financial promotion* is a *real time financial promotion*), the risk warning in (1) must be:
 - (a) provided:
 - (i) in a *durable medium*; or
 - (ii) if the medium of communication means that the risk warning cannot be provided in a *durable medium*, in a manner appropriate to the medium of communication; and
 - (b) however the *financial promotion* is *communicated*, accompanied by an appropriate risk summary in a *durable medium* relating to the type of *non-mass market investment* that is the subject of the *financial promotion* selected from ■ COBS 4 Annex 1R.
- (5) (a) A *firm* must omit the words “and you are unlikely to be protected if something goes wrong” from the risk warning required by (1) if the conditions in (b) apply.
 - (b) The conditions are that:
 - (i) the *financial promotion* relates to an *investment*:
 - (A) that is issued by; or
 - (B) the provision of which involves a, *participant firm* or an *appointed representative* of a *participant firm*; and
 - (ii) the activity of the *person* in (i) is of a type that could give rise to a *protected claim*.
 - (c) A *firm* that omits the words in (a) must make a record of the basis on which the conditions in (b) are met.
- (6) This *rule* does not apply to a *financial promotion* of a *closed-ended investment fund* applying for, or with, a *premium listing* and which complies with the requirements of ■ LR 15.
- (7) The risk warning required by (1) or (2) and the risk summary required by (4)(b) must comply with ■ COBS 4.12B.24R and ■ COBS 4.12B.26R.
- (8) The risk summary required by (3)(a)(ii) must comply with ■ COBS 4.12B.28R and ■ COBS 4.12B.30R.

- 4.12B.22** G
- (1) Reference in ■ [COBS 4.12B.21R\(5\)\(b\)\(i\)\(B\)](#) to the ‘provision’ of an *investment* is to a *person* developing, managing or packaging an *investment* such as an *operator*. It does not refer to *persons* involved in distributing, or intermediating the sale of, an *investment* such as a financial adviser or a *person arranging investments*.
 - (2) A *firm* relying on ■ [COBS 4.12B.21R\(5\)](#) should consider obtaining external legal advice (from legal advisers with relevant expertise and experience) on the appropriateness of omitting the words in that *rule* from a risk warning. Any such advice should be recorded as part of the *firm’s* compliance with ■ [COBS 4.12B.21R\(5\)\(c\)](#).

- 4.12B.23** G
- Even where it is not possible to provide a risk warning in a *durable medium* (for example, because the *financial promotion* is a *real time financial promotion*), the recipient of the *financial promotion* must still be provided with an appropriate risk summary in a *durable medium* at or around the time that the *financial promotion* is *communicated* (■ [COBS 4.12B.21R\(4\)](#)).

Requirements of risk warnings and non-digital risk summaries

- 4.12B.24** R
- (1) The relevant risk warning in ■ [COBS 4.12B.21R\(1\)](#) or ■ (2) and the relevant risk summaries in ■ [COBS 4.12B.14R\(3\)\(a\)\(ii\)](#) and ■ [COBS 4.12B.21R\(4\)\(b\)](#) must:
 - (a) be prominent, taking into account the content, size and orientation of the *financial promotion* as a whole;
 - (b) except where the risk warning cannot be provided in writing, be clearly legible, contained within its own border and with bold and underlined text as indicated in ■ [COBS 4.12B.21R](#) or ■ [COBS 4 Annex 1R](#).
 - (2) The relevant risk warning in ■ [COBS 4.12B.21R\(1\)](#) or ■ (2) must, if the *financial promotion* is, or is to be, *communicated* by means of a website or mobile application:
 - (a) be statically fixed and visible at the top of the screen, below anything else that also stays static, even when the *retail client* scrolls up or down the webpage; and
 - (b) be included as described in (a) on each linked webpage on the website or page on the application relating to the *non-mass market investment*.

- 4.12B.25** G
- The *FCA* expects *firms* to take account of the latest version of the international Web Content Accessibility Guidelines (WCAG) accessibility standard when designing how the risk warning will be displayed: <https://www.w3.org/WAI/WCAG21/quickref/>

- 4.12B.26** R
- The *financial promotion* must not contain any design feature which has the intent or effect of reducing the visibility or prominence of the risk warning or risk summary.
- [**Note:** The *FCA* has also issued non-Handbook guidance on prominence in financial promotions. See <https://www.fca.org.uk/publication/finalised-guidance/fg-fin-proms-prominence.pdf>]

4.12B.27 G For the purposes of ■ **COBS 4.12B.26R**, design features which might reduce the visibility or prominence of a risk warning or risk summary include, but are not limited to:

- (1) using a font size for the risk warning or risk summary that is smaller than the standard size used in the *financial promotion*;
- (2) using a background colour that does not sufficiently contrast the text or makes it difficult for the *client* to read the text;
- (3) fading the text of the risk warning or risk summary;
- (4) placing the risk warning or risk summary at the bottom of the promotion or embedding it within other standard information, for example legal information or the *firm's* contact details;
- (5) requiring additional links to be clicked in order for the full text of the risk warning to be seen;
- (6) using a font or background in the risk warning or risk summary in the same colours as the *firm's* brand, or using a font or background in the same colours as the rest of the *financial promotion*; and
- (7) using a font or background in the risk warning or risk summary in the same colour as other forms of disclosure and standard information; the colour of the font and background should distinguish the risk warning or risk summary from other forms of information.

Requirements of digital personalised risk warnings and digital risk summaries

4.12B.28 R The relevant personalised risk warning in ■ **COBS 4.12B.14R(2)** and the relevant risk summaries in ■ **COBS 4.12B.14R(2)(b)** and ■ **COBS 4.12B.21R(3)(a)(ii)** must be:

- (1) prominently brought to the *retail client's* attention, taking into account the content, size and orientation of the *financial promotion* as a whole;
- (2) clearly legible, contained within its own border and with bold and underlined text as indicated in ■ **COBS 4.12B.14R(1)(b)** and ■ **COBS 4 Annex 1R**;
- (3) statically fixed and visible in the middle of the screen; and
- (4) the main focus of the screen.

4.12B.29 G The *FCA* expects *firms* to take account of the latest version of the international Web Content Accessibility Guidelines (WCAG) accessibility standard when designing how the personalised risk warning or risk summary will be displayed: <https://www.w3.org/WAI/WCAG21/quickref/>

4.12B.30 R The *financial promotion* must not contain any design feature which has the intent or effect of reducing the visibility or prominence of the personalised risk warning or risk summary.
[Note: The *FCA* has also issued non-Handbook guidance on prominence in financial promotions. See <https://www.fca.org.uk/publication/finalised-guidance/fg-fin-proms-prominence.pdf>]

4.12B.31 **G** For the purposes of **■ COBS 4.12B.30R**, design features which might reduce the visibility or prominence of a personalised risk warning or risk summary include, but are not limited to:

- (1) using a font size for the personalised risk warning or risk summary that is smaller than the standard size used in the *financial promotion*;
- (2) using a background colour that does not sufficiently contrast the text or makes it difficult for the *retail client* to read the text;
- (3) fading the text of the personalised risk warning or risk summary;
- (4) placing the personalised risk warning or risk summary at the bottom of the promotion or embedding it within other standard information, for example legal information or the *firm's* contact details;
- (5) requiring additional actions to be taken by the *retail client*, such as requiring additional links to be clicked in order for the full text of the personalised risk warning or risk summary to be seen;
- (6) using a font or background in the risk warning in the same colours as the *firm's* brand, or using a font or background in the same colours as the rest of the *financial promotion*; and
- (7) using a font or background in the risk warning in the same colour as other forms of disclosure and standard information; the colour of the font and background should distinguish the personalised risk warning or risk summary from other forms of information.

Further requirement to include a statement of costs, charges and commission where the financial promotion relates to speculative illiquid securities

4.12B.32 **R** A *firm* must not *communicate* or *approve* a *financial promotion* which relates to a *speculative illiquid security* to, or for *communication* to, a *retail client* unless it contains statements that comply with **■ COBS 4.12B.33R**.

4.12B.33 **R** For the purposes of **■ COBS 4.12B.32R**, the *financial promotion* must contain:

- (1) a statement which expresses as a percentage the total amount of the capital raised by the issue of the *speculative illiquid security* which will be paid out in costs, fees, charges and commissions and other expenses to any third party;
- (2) a statement which expresses as a cash sum the percentage referred to in (1) above; and
- (3) in addition to the statements in (1) and (2) above, a statement which provides a breakdown of the actual or potential expenditure to be paid out of an investor's capital and details of the third party (or parties) who will receive it.

4.12B.34 **G**

- (1) There is an illustration of how a *firm* should comply with **■ COBS 4.12B.33R(2)** in (2) below.
- (2) Where a *firm* pays 30% of the total amount of capital raised by the issue of *speculative illiquid securities* towards costs, fees, charges and

commissions and other expenses to any third party, the statement should say: **"For every £100 you invest, £30 will be paid to third parties to meet costs, fees, charges and commissions."**

- 4.12B.35** R The statements providing the percentage figure in ■ **COBS 4.12B.33R(1)** and the cash sum in ■ **COBS 4.12B.33R(2)** must:
- (1) be prominent;
 - (2) be contained together within their own border and with bold text;
 - (3) immediately follow the most prominent reference to the expected return on the *speculative illiquid security*; and
 - (4) be published so that they are clearly legible against a neutral background.
- 4.12B.36** G The statement providing the breakdown of expenditure in ■ **COBS 4.12B.33R(3)** should be included in the *financial promotion* in a clear and prominent way.
- 4.12B.37** G The purpose of the statements required by ■ **COBS 4.12B.33R** is to enable an investor to consider the proportion of capital raised by an issue of a *speculative illiquid security* that will not be invested. This information should help the investor to assess the risk that the *issuer* will be unable to pay any advertised interest payments, other income or otherwise to repay the investor's capital at maturity.
- Definition of sophisticated and high net worth investors**.....
- 4.12B.38** R A certified high net worth investor is an individual who has completed and signed, within the period of twelve *months* ending on the day on which the communication is made, a statement in the terms set out in ■ **COBS 4 Annex 2R**, and whose completion of the statement indicates that they meet the relevant criteria to be categorised as such.
- 4.12B.39** R A certified sophisticated investor is an individual:
- (1) who has a written certificate signed within the last 36 *months* by a *firm* confirming they have been assessed by that *firm* as sufficiently knowledgeable to understand the risks associated with engaging in investment activity in *non-mass market investments*; and
 - (2) who has completed and signed, within the period of twelve *months* ending on the day on which the communication is made, a statement in the terms set out in ■ **COBS 4 Annex 3R**, and whose completion of the statement indicates that they meet the relevant criteria to be categorised as such.
- 4.12B.40** R A self-certified sophisticated investor is an individual who has completed and signed, within the period of twelve *months* ending on the day on which the communication is made, a statement in the terms set out in ■ **COBS 4 Annex 4R**, and whose completion of the statement indicates that they meet the relevant criteria to be categorised as such.

4.12B.41 G Where the *financial promotion* will relate to more than one type of *non-mass market investment*, the *retail client* may sign a combined statement that meets the requirements in ■ COBS 4 Annex 2R to ■ COBS 4 Annex 4R, as applicable, in respect of each type of *non-mass market investment* to which the *financial promotion* will relate.

4.12B.42 R A *firm* must not:

- (1) influence, or seek to influence, the information that a *retail client* provides when completing a certificate for the purposes of ■ COBS 4.12B.38R to ■ COBS 4.12B.40R; or
- (2) encourage a *retail client* to complete a further certificate in the event that a *client's* signed certificate indicates that they do not meet the criteria to be categorised as a certified high net worth investor, certified sophisticated investor or self-certified sophisticated investor, as applicable.

Sophisticated and high net worth investors: guidance on certification by authorised person and reliance on self-certification

4.12B.43 G

- (1) A *firm* which wishes to rely on any of the *certified high net worth investor* exemptions (see Part I of the Schedule to the *Promotion of Collective Investment Schemes Order*, Part I of Schedule 5 to the *Financial Promotion Order* and ■ COBS 4.12B.38R) should have regard to its duties under the *Principles* and the *client's best interests rule*. In particular, the *firm* should take reasonable steps to ascertain that the *retail client* does, in fact, meet the income and net assets criteria set out in the relevant statement for *certified high net worth investors*.
- (2) In addition, the *firm* should consider whether the promotion of the *non-mass market investment* is in the interests of the *retail client* and whether it is fair to make the promotion to that *client* on the basis that the *client* is a *certified high net worth investor*, having regard to the generally complex nature of *non-mass market investments*. A *retail client* who meets the criteria for a *certified high net worth investor* but not for a *certified sophisticated investor* may be unable to properly understand and evaluate the risks of the *non-mass market investment* in question.

4.12B.44 G

- (1) A *firm* which is asked to or proposes to assess and certify a *retail client* as a *certified sophisticated investor* (see article 23 of the *Promotion of Collective Investment Schemes Order*, article 50 of the *Financial Promotion Order* and ■ COBS 4.12B.39R) should have regard to its duties under the *Principles* and the *client's best interests rule*. In particular, the *firm* should carry out that assessment with due skill, care and diligence, having regard to the generally complex nature of *non-mass market investments* and the level of experience, knowledge and expertise that the *retail client* being assessed must possess in order to be fairly and reasonably assessed and certified as a sophisticated investor.
- (2) (a) For example, a *retail client* whose *investment* experience is limited to mainstream *investments* such as regularly traded *securities* issued by *listed companies*, *life policies* or *units* in

regulated collective investment schemes (other than qualified investor schemes) is generally unlikely to possess the requisite knowledge to adequately understand the risks associated with investing in non-mass market investments.

- (b) In exceptional circumstances, however, the *retail client* may have acquired the requisite knowledge through means other than their own investment experience, for example, if the *retail client* is a professional of several years' experience with the design, operation or marketing of complex investments such as *options*, *futures*, *contracts for differences* or *non-mass market investments*.

4.12B.45 G

- (1) A *firm* which wishes to rely on any of the *self-certified sophisticated investor* exemptions (see Part II of the Schedule to the *Promotion of Collective Investment Schemes Order*, Part II of Schedule 5 to the *Financial Promotion Order* and ■ **COBS 4.12B.40R**) should have regard to its duties under the *Principles* and the *client's best interests rule*. In particular, the *firm* should consider whether the promotion of the *non-mass market investment* is in the interests of the *client* and whether it is fair to make the promotion to that *client* on the basis of self-certification.
- (2) For example, it is unlikely to be appropriate for a *firm* to make a promotion under any of the *self-certified sophisticated investor* exemptions without first taking reasonable steps to satisfy itself that the investor does in fact have the requisite experience, knowledge or expertise to understand the risks of the *non-mass market investment* in question. A *retail client* who meets the criteria for a *self-certified sophisticated investor* but not for a *certified sophisticated investor* may be unable to properly understand and evaluate the risks of a *non-mass market investment*.

One-off promotions

4.12B.46 G

- (1) A *firm* which wishes to rely on one of the *one-off promotion* exemptions provided by the *Promotion of Collective Investment Schemes Order* or the *Financial Promotion Order* to promote a *non-mass market investment* to a *retail client* should have regard to its duties under the *Principles* and the *client's best interests rule*. In particular, the *firm* should consider whether the *financial promotion* of the *non-mass market investment* is in the interests of the *client* and whether it is fair to make the *financial promotion* to that *client* on the basis of a *one-off promotion* exemption.
- (2) The *one-off promotion* exemptions permit the promotion of investments to *clients* under certain conditions (see ■ **PERG 8.14.3G** to ■ **PERG 8.14.13G** for guidance on the scope of the one-off exemptions in the *Financial Promotion Order*). *Firms* should note that, in the *FCA's* view, promotion of a *non-mass market investment* to a *retail client* who is not a *certified high net worth investor*, a *certified sophisticated investor* or a *self-certified sophisticated investor* is unlikely to be appropriate or in that *client's* best interests.

Qualified investor schemes

4.12B.47 G

- (1) A *firm* which wishes to promote *units* in a *qualified investor scheme* to a *retail client* in circumstances where the *firm* considers the

financial promotion to be an *excluded communication* (see ■ COBS 4.12B.4R(1)) should have regard to its duties under the *Principles* and the *client's best interests rule*.

- (2) As explained in ■ COLL 8.1, *qualified investor schemes* are intended only for *professional clients* and *retail clients* who are sophisticated investors. *Firms* should note that, in the *FCA's* view, promotion of *units* in a *qualified investor scheme* to a *retail client* who is not a *certified sophisticated investor* or a *self-certified sophisticated investor* is unlikely to be appropriate or in that *client's* best interests.

Electronic documents

4.12B.49 [G] In this section:

- (1) any requirement that a document is signed may be satisfied by an electronic signature or electronic evidence of assent; and
- (2) any references to writing should be construed in accordance with ■ GEN 2.2.14R and its related *guidance* provisions.

Definition of speculative illiquid security

4.12B.50 [R] Subject to ■ COBS 4.12B.52R to ■ COBS 4.12B.54R, a *speculative illiquid security* is a *debenture* or *preference share* which:

- (1) has a denomination or minimum investment of less than £100,000 (or an equivalent amount as defined in ■ COBS 4.12B.51R); and
- (2) has been issued, or is to be issued, in circumstances where the *issuer* or a member of the *issuer's group* uses, will use or purports to use some or all of the proceeds of the issue directly or indirectly for one or more of the following:
 - (a) the provision of loans or finance to any *person* other than a member of the *issuer's group*;
 - (b) *buying* or acquiring *specified investments* (whether they are to be held directly or indirectly);
 - (c) *buying* or acquiring *investments* other than *specified investments* (whether they are to be held directly or indirectly);
 - (d) *buying* real property or an interest in real property (whether it is to be held directly or indirectly);
 - (e) paying for or funding the construction of real property.

4.12B.51 [R] For the purposes of ■ COBS 4.12B.50R(1):

- (1) an equivalent amount in relation to an amount denominated in any currency other than sterling is an amount of equal value denominated wholly or partly in another currency; and
- (2) the equivalent amount is to be calculated at the latest practicable date before (but in any event not more than three *business days* before) the date of the issue of *debentures* or *preference shares*.

- 4.12B.52** R A *debenture* or *preference share* that does not otherwise fall within ■ COBS 4.12B.50R is not a *speculative illiquid security* by virtue only of the fact that the proceeds of the issue are used to *buy* or *acquire specified investments* as part of the ordinary cash management activities or treasury functions of an *issuer* (or its *group*) carrying on a general commercial or industrial purpose as defined in ■ COBS 4.12B.54R(1).
- 4.12B.53** R For the purposes of ■ COBS 4.12B.50R, and notwithstanding the exemption for *readily realisable securities* in ■ COBS 4.12B.54R(3)(d), a *debenture* is also a *speculative illiquid security* if:
- (1) it meets the conditions set out in ■ COBS 4.12B.50R; and
 - (2) it:
 - (a) is admitted to official listing on an exchange in the *United Kingdom* or an *EEA State*; and
 - (b) is not regularly traded on or under the rules of such an exchange; or
 - (3) it:
 - (a) is a newly issued *debenture* which can be reasonably expected to be admitted to official listing on an exchange in the *United Kingdom* or an *EEA State*; and
 - (b) cannot reasonably be expected to be regularly traded on or under the rules of such an exchange when it begins to be traded.
- 4.12B.54** R A *debenture* or *preference share* is not a *speculative illiquid security* where one or more of the exemptions in (1), (3) or (4) below applies.
- (1) This exemption applies where:
 - (a) the *issuer* or a member of the *issuer's group* uses the proceeds of the issue for the purpose of the activities in ■ COBS 4.12B.50R(2)(c) (*buying* or *acquiring investments* other than *specified investments*), (d) (*buying* real property or an interest in real property) or (e) (*paying for* or *funding* the construction of real property); and
 - (b) the relevant property or *investment* is or will be used by the *issuer* or a member of the *issuer's group* for a general commercial or industrial purpose which it carries on.
 - (2) The exemption in (1) will not apply in respect of a *debenture* or *preference share* within ■ COBS 4.12B.50R(2)(d) or ■ (e) if the ability of the *issuer* to pay in relation to the *debenture* or *preference share*:
 - (a) any *coupon* or other income; and/or
 - (b) capital at maturity,
 is wholly or predominantly linked to, contingent on, highly sensitive to, or dependent, on a return generated as a result of the matters referred to in ■ COBS 4.12B.50R(2)(d) or ■ (e).
 - (3) This exemption applies where the *debenture* or *preference share* is:
 - (a) issued, or to be issued, by a *credit institution*;
 - (b) issued, or to be issued, by an *investment trust*;

- (c) a *non-mainstream pooled investment*;
- (d) a *readily realisable security* except for a *debenture* within ■ COBS 4.12B.53R; or
- (e) a *P2P agreement*.

(4) This exemption applies where:

- (a) the *issuer* is:
 - (i) a *property holding vehicle*; or
 - (ii) a *single-company holding vehicle*;
- (b) any *financial promotions* made relating to the investment comply with ■ COBS 4.12A as appropriate; and
- (c) any *financial promotion* made relating to a *single-company holding vehicle* clearly and prominently states which *single company* the investment relates to.

4.12B.55 R

- (1) For the purposes of ■ COBS 4.12B.54R(1)(b), a general commercial or industrial purpose includes the following:
 - (a) a commercial activity, involving the purchase, sale and/or exchange of goods or commodities and/or the supply of services; or
 - (b) an industrial activity involving the production of goods; or
 - (c) a combination of (a) and (b).
- (2) For the purposes of ■ COBS 4.12B.54R(1)(b), a general commercial or industrial purpose does not include:
 - (a) investment to generate a pooled return;
 - (b) property development or construction services; and
 - (c) hiring, leasing or rental services.

Guidance on general commercial or industrial purpose

4.12B.56 G

- (1) ■ COBS 4.12B.50R provides that a *debenture* or *preference share* will fall within the definition of a *speculative illiquid security* where the proceeds of the issue are to be used by the *issuer* or a member of the *issuer's group* to fund various activities including *buying* or *acquiring investments* (other than *specified investments*) or the *buying* or *construction* of real property.
- (2) However, ■ COBS 4.12B.54R(1) provides an exemption in cases where the *investments* (other than *specified investments*) that are bought or acquired, or the property which is bought or constructed are or will be used by the *issuer* or a member of the *issuer's group* for a general commercial or industrial purpose which it carries on.
- (3) General commercial or industrial purpose is defined in ■ COBS 4.12B.55R.
- (4) The effect of the exemption in ■ COBS 4.12B.54R(1) is that a *debenture* or *preference share* will not be a *speculative illiquid security* where the proceeds of the issue are used by the *issuer* or a member of the *issuer's group* to buy or acquire *investments* (other than *specified*

investments), or to buy or construct real property, and the relevant *investments* or property are or will be used by the *issuer* or *group* member for the purposes of its own commercial or industrial activities. This is illustrated in the examples in (5) and (6) below.

- (5) In relation to ■ COBS 4.12B.50R(2)(c) (*buying* or acquiring *investments* other than *specified investments*):
 - (a) where a *company* issues a *debenture* or *preference share* and uses the proceeds to purchase IT equipment for use in its business, to the extent that the IT equipment might be considered an *investment*, the *debenture* or *preference share* will benefit from the exemption because the IT equipment is used by the *company* for its own commercial activities (in this case, for use by its staff to provide services to customers);
 - (b) where a supermarket chain issues a *debenture* or *preference share* and uses the proceeds to purchase stock (for example wine) for sale as part of its retail business, to the extent that the wine might be considered an *investment*, the *debenture* or *preference share* will benefit from the exemption because the wine is used by the supermarket for its own commercial activities (in this case, to sell it on to its retail customers for a profit);
 - (c) where a *company* issues a *debenture* or *preference share* and uses the proceeds to buy or acquire art or fine wine as an investment, it will not benefit from the exemption because the art or fine wine will not be used by the *company* itself for its own commercial activities; if the art or fine wine is used to generate a pooled return, then the exemption would also not apply as a result of ■ COBS 4.12B.55R(2)(a); and
 - (d) where a *company* issues a *debenture* or *preference share* and uses the proceeds to purchase IT equipment for the purpose of hiring or leasing those out to another *company*, it will not benefit from the exemption because it is not using the IT equipment for its own commercial activities and hiring and leasing services are excluded from the definition of general commercial or industrial purpose as a result of ■ COBS 4.12B.55R(2)(c).
- (6) In relation to ■ COBS 4.12B.50R(2)(d) or ■ (e) (*buying* or constructing real property):
 - (a) where a retailer issues a *debenture* or *preference share* and uses the proceeds to build a shop, the *debenture* or *preference share* will benefit from the exemption because the property is used by the retailer for its own commercial activities (in this case, the sale of goods);
 - (b) where a property developer issues a *debenture* or *preference share* and uses the proceeds to fund the costs of a property development or construction of property, which is intended to be sold or rented out for commercial purposes or as residential dwellings, it will not benefit from the exemption because the development will not be used by the developer itself, and property development and construction services are excluded from the definition of general commercial or industrial purpose (see ■ COBS 4.12B.55R(2)(b));
 - (c) where a *company* issues a *debenture* or *preference share* to fund the costs of constructing a power station which the *company*

intends to operate itself with a view to selling the electricity it produces, the *debenture* or *preference share* will benefit from the exemption (unless ■ COBS 4.12B.54R(2) applies). That is because it will use the property for its own commercial or industrial activities (generating electricity). However, *firms* should also consider ■ COBS 4.12B.54R(2) and the *guidance* in (7) below.

- (7) ■ COBS 4.12B.54R(2) provides that the general commercial or industrial purposes exemption does not apply where the ability of the issuer to pay the *coupon* or other income or to repay capital on maturity in relation to the *debenture* or *preference share* is wholly or predominantly linked to, contingent on, highly sensitive to, or dependent on, a return generated as a result of the matters referred to in ■ COBS 4.12B.50R(2)(d) or ■ (e) (buying or construction of real property).
- (8) The effect of the above is that where a *company* issues a *debenture* or *preference share* for the purpose of buying real property, an interest in real property or funding the construction of a particular project and the *company's* ability to pay interest on the *debenture* or *preference share* or repay capital depends on the success of that purchase or project, the exemption in ■ COBS 4.12B.54R(1) will not apply. In those circumstances, the *debenture* or *preference share* will be a *speculative illiquid security* unless one of the other exemptions in ■ COBS 4.12B.54R applies.

A *firm* should select the correct statement in the relevant section and omit the statement(s) in that section that are not appropriate. *Firms* should omit square brackets.

Where a risk summary in this Annex includes only one available statement in relation to *unregulated collective investment schemes*, *firms* should use this where the *investment* is a *unit* in an *unregulated collected investment scheme*. Risk summary for investments in *non-readily realisable securities* which are *arranged* by a *firm* by way of an online platform

Estimated reading time: 2 min

Due to the potential for losses, the Financial Conduct Authority (FCA) considers this investment to be high risk.

What are the key risks?

1.You could lose all the money you invest

- Most investments are shares in start-up businesses or bonds issued by them. Investors in these shares or bonds often lose 100% of the money they invested, as most start-up businesses fail.
- Certain of these investments can be held in an Innovative Finance ISA (IFISA). An IFISA does not reduce the risk of the investment or protect you from losses, so you can still lose all your money. It only means that any potential returns will be tax free.
- Checks on the businesses you are investing in, such as how well they are expected to perform, may not have been carried out by the platform you are investing through. You should do your own research before investing.

2.You won't get your money back quickly

- Even if the business you invest in is successful, it will likely take several years to get your money back.
- The most likely way to get your money back is if the business is bought by another business or lists its shares on an exchange such as the London Stock Exchange. These events are not common.
- Start-up businesses very rarely pay you back through dividends. You should not expect to get your money back this way.
- Some platforms may give you the opportunity to sell your investment early through a 'secondary market' or 'bulletin board', but there is no guarantee you will find a buyer at the price you are willing to sell.

3. Don't put all your eggs in one basket

- Putting all your money into a single business or type of investment for example, is risky. Spreading your money across different investments makes you less dependent on any one to do well. A good rule of thumb is not to invest more than 10% of your money in high-risk investments. [<https://www.fca.org.uk/investsmart/5-questions-ask-you-invest>]

4. The value of your investment can be reduced

- If your investment is shares, the percentage of the business that you own will decrease if the business issues more shares. This could mean that the value of your investment reduces, depending on how much the business grows. Most start-up businesses issue multiple rounds of shares.
- These new shares could have additional rights that your shares don't have, such as the right to receive a fixed dividend, which could further reduce your chances of getting a return on your investment.

5. You are unlikely to be protected if something goes wrong

- Protection from the Financial Services Compensation Scheme (FSCS), in relation to claims against failed regulated firms, does not cover poor investment performance. Try the FSCS investment protection checker here. [<https://www.fscs.org.uk/check/investment-protection-checker/>]
- Protection from the Financial Ombudsman Service (FOS) does not cover poor investment performance. If you have a complaint against an FCA-regulated platform, FOS may be able to consider it. Learn more about FOS protection here. [<https://www.financial-ombudsman.org.uk/consumers>].

Risk summary for *P2P agreements* or *P2P portfolios*

Estimated reading time: 2 min

Due to the potential for losses, the Financial Conduct Authority (FCA) considers this investment to be high risk.

What are the key risks?

1. You could lose the money you invest

- Many peer-to-peer (P2P) loans are made to borrowers who can't borrow money from traditional lenders such as banks. These borrowers have a higher risk of not paying you back.
- Advertised rates of return aren't guaranteed. If a borrower doesn't pay you back as agreed, you could earn less money than expected. A higher advertised rate of return means a higher risk of losing your money.
- These investments can be held in an Innovative Finance ISA (IFISA). An IFISA does not reduce the risk of the investment or protect you from losses, so you can still lose all

your money. It only means that any potential gains from your investment will be tax free.

2. You are unlikely to get your money back quickly

- Some P2P loans last for several years. You should be prepared to wait for your money to be returned even if the borrower repays on time.
- Some platforms may give you the opportunity to sell your investment early through a 'secondary market', but there is no guarantee you will be able to find someone willing to buy.
- Even if your agreement is advertised as affording early access to your money, you will only get your money early if someone else wants to buy your loan(s). If no one wants to buy, it could take longer to get your money back.

3. Don't put all your eggs in one basket

- Putting all your money into a single business or type of investment for example, is risky. Spreading your money across different investments makes you less dependent on any one to do well.
- A good rule of thumb is not to invest more than 10% of your money in high-risk investments. [<https://www.fca.org.uk/investsmart/5-questions-ask-you-invest>]

4. The P2P platform could fail

- If the platform fails, it may be impossible for you to collect money on your loan. It could take years to get your money back, or you may not get it back at all. Even if the platform has plans in place to prevent this, they may not work in a disorderly failure.

5. You are unlikely to be protected if something goes wrong

- The Financial Services Compensation Scheme (FSCS), in relation to claims against failed regulated firms, does not cover investments in P2P loans. You may be able to claim if you received regulated advice to invest in P2P, and the adviser has since failed. Try the FSCS investment protection checker here. [<https://www.fscs.org.uk/check/investment-protection-checker/>]

What are the key risks?

1.You could lose all the money you invest

- If the business you are investing in fails, there is a high risk that you will lose your money. Most start-up and early-stage businesses fail.

- Advertised rates of return aren't guaranteed. This is not a savings account. If the borrower doesn't pay you back as agreed, you could earn less money than expected. A higher advertised rate of return means a higher risk of losing your money. If it looks too good to be true, it probably is.

- Many bonds last for several years, so you should be prepared to wait for your money to be returned even if the business you're investing in repays on time.

- You are unlikely to be able to cash in your investment early by selling your bond. You are usually locked in until the business has paid you back over the period agreed.

4.Don't put all your eggs in one basket

- Putting all your money into a single business or type of investment for example, is risky. Spreading your money across different investments makes you less dependent on any one to do well.

- Advertised rates of return aren't guaranteed. This is not a savings account. If the issuer doesn't pay you back as agreed, you could earn less money than expected or nothing at all. 3. You are unlikely to get your money back quickly

- This type of business could face cash-flow problems that delay interest payments. It could also fail altogether and be unable to repay investors their money.
- You are unlikely to be able to cash in your investment early by selling it. You are usually locked in until the business has paid you back over the period agreed. In the rare circumstances where it is possible to sell your investment in a 'secondary market', you may not find a buyer at the price you are willing to sell.

4. This is a complex investment

- This investment has a complex structure based on other risky investments. A business that raises money like this lends it to, or invests it in, other businesses or property. This makes it difficult for the investor to know where their money is going.
- This makes it difficult to predict how risky the investment is, but it will most likely be high.
- You may wish to get financial advice before deciding to invest.

Risk summary for *units in a long-term asset fund*

Estimated reading time: 2 min

Due to the potential for losses, the Financial Conduct Authority (FCA) considers this investment to be high risk.

What are the key risks?

1.You should be ready to invest for the long term and, during this time, the value of your investment may go up or down. You may lose money on your investment.

- Assets in this fund may take a long time to buy and sell.
- Long-Term Asset Funds (LTAFs) can invest into fixed assets, infrastructure, or complex financial products, all of which are relatively hard to sell. Investors who do not remain invested for the long-term may not get back all of their money. It may take many years to make a profit on the investment.
- You should carry out your own research, so that you understand what you are investing in.

2.If you decide to exit early, you won't get your money back quickly

- This LTAF accepts requests to sell units only once a month and there is also a 90-day waiting period before the value of your units is determined and you receive your money. This means that:

o If you choose to sell your units on 2 January, and the trading day is the 15th of the month, you won't get any money back until approximately 20 April, assuming a few extra days for the trade to close and funds to transfer.

o The value of the units you sell will be at the price set on 15 April if it is a business day, or else the next business day after it.

- Once your redemption request has been approved, you cannot cancel your request.

3. It will take a long time to make profits

- If the assets the LTAF invests in are successful, it may still take a long time to get your money back and make a profit.

- You should not expect to get your money back as payments of income (unless the LTAF includes payments of income as an investment objective).

4. Don't put all your eggs in one basket

- Putting all your money into a single investment or type of investment is risky. Spreading your money across different investments makes you less dependent on any one to do well.

- A good rule of thumb is not to invest more than 10% of your money in high-risk investments.

5. You are unlikely to be protected if something goes wrong

- Protection from the Financial Services Compensation Scheme (FSCS), in relation to claims against failed regulated firms, does not cover poor investment performance. Learn more about FSCS protection here [<https://www.fscs.org.uk/check/investment-protection-checker/>].

- Protection from the Financial Ombudsman Service (FOS) does not cover poor investment performance. If you have a complaint against an FCA-regulated platform, FOS may be able to consider it. Learn more about FOS protection here [<https://www.financial-ombudsman.org.uk/consumers>].

8 Risk summary for *qualifying cryptoassets*

Estimated reading time: 2 min

Due to the potential for losses, the Financial Conduct Authority (FCA) considers this investment to be high risk.

What are the key risks?

1. You could lose all the money you invest

- The performance of most cryptoassets can be highly volatile, with their value dropping as quickly as it can rise. You should be prepared to lose all the money you invest in cryptoassets.

- The cryptoasset market is largely unregulated. There is a risk of losing money or any cryptoassets you purchase due to risks such as cyber-attacks, financial crime and firm failure.

2. You should not expect to be protected if something goes wrong

- The Financial Services Compensation Scheme (FSCS) doesn't protect this type of investment because it's not a 'specified investment' under the UK regulatory regime – in other words, this type of investment isn't recognised as the sort of investment that the FSCS can protect. Learn more by using the FSCS investment protection checker here. [<https://www.fscs.org.uk/check/investment-protection-checker/>]

- [The Financial Ombudsman Service (FOS) will not be able to consider complaints related to this firm] or [Protection from the Financial Ombudsman Service (FOS) does not cover poor investment performance. If you have a complaint against an FCA-regulated

firm, FOS may be able to consider it.] Learn more about FOS protection here. [<https://www.financial-ombudsman.org.uk/consumers>]

3.You may not be able to sell your investment when you want to

- There is no guarantee that investments in cryptoassets can be easily sold at any given time. The ability to sell a cryptoasset depends on various factors, including the supply and demand in the market at that time.
- Operational failings such as technology outages, cyber-attacks and comingling of funds could cause unwanted delay and you may be unable to sell your cryptoassets at the time you want.

4.Cryptoasset investments can be complex

- Investments in cryptoassets can be complex, making it difficult to understand the risks associated with the investment.
- You should do your own research before investing. If something sounds too good to be true, it probably is.

5.Don't put all your eggs in one basket

- Putting all your money into a single type of investment is risky. Spreading your money across different investments makes you less dependent on any one to do well.
- A good rule of thumb is not to invest more than 10% of your money in high-risk investments. [<https://www.fca.org.uk/investsmart/5-questions-ask-you-invest>]

Chapter 5

Distance communications

5.1 The distance marketing disclosure rules

Application

- 5.1.-1R
- (1) This section applies to a *firm* that carries on any distance marketing activity from an establishment in the *United Kingdom*, with or for a *consumer* in the *United Kingdom*.

(2) If a *firm* is an intermediary rather than the supplier under the *distance contract*, references to '*firm*' in ■ COBS 5 Annex 1 R and ■ COBS 5 Annex 2 R are to be interpreted as referring to the supplier except for references to '*firm*' in ■ COBS 5 Annex 1 R (2), (4) and (18).

The distance marketing disclosure rules

- 5.1.1R
- A *firm* must provide a *consumer* with the distance marketing information (■ COBS 5 Annex 1 R) in good time before the *consumer* is bound by a *distance contract* or offer.

[Note: article 3(1) of the *Distance Marketing Directive*]

- 5.1.2R
- A *firm* must ensure that the distance marketing information, the commercial purpose of which must be made clear, is provided in a clear and comprehensible manner in any way appropriate to the means of distance communication used, with due regard, in particular, to the principles of good faith in commercial transactions, and the legal principles governing the protection of those who are unable to give their consent, such as minors.

[Note: article 3(2) of the *Distance Marketing Directive*]

- 5.1.3R
- When a *firm* makes a voice telephony communication to a *consumer*, it must make its identity and the purpose of its call explicitly clear at the beginning of the conversation.

[Note: article 3(3)(a) of the *Distance Marketing Directive*]

Exception: contracts for payment services

- 5.1.4R
- A *firm* must ensure that information on contractual obligations to be communicated to a *consumer* during the pre-contractual phase is in conformity with the contractual obligations which would result from the law presumed to be applicable to the *distance contract* if that contract is concluded.

[Note: article 3(4) of the *Distance Marketing Directive*]

		Terms and conditions, and form
5.1.5	R	<p>A <i>firm</i> must communicate to the <i>consumer</i> all the contractual terms and conditions and the information referred to in the distance marketing disclosure <i>rules</i> (■ COBS 5.1.1 R to ■ COBS 5.1.4 R) on a <i>durable medium</i> available and accessible to the <i>consumer</i> in good time before the <i>consumer</i> is bound by any <i>distance contract</i> or offer.</p> <p>[Note: article 5(1) of the <i>Distance Marketing Directive</i>]</p>
5.1.6	G	<p>A <i>firm</i> will provide information, or communicate contractual terms and conditions, to a <i>consumer</i> if another <i>person</i> provides the information, or communicates the terms and conditions, to the <i>consumer</i> on its behalf.</p>
		Exception: distance contract as a stage in the provision of another service
5.1.7	R	<p>This section does not apply to a <i>distance contract</i> to deal as agent, advise or arrange, if the <i>distance contract</i> is concluded merely as a stage in the provision of another service by the <i>firm</i> or another <i>person</i>.</p> <p>[Note: recital 19 to the <i>Distance Marketing Directive</i>]</p>
		Exception: successive operations
5.1.8	R	<p>In the case of a <i>distance contract</i> comprising an initial service agreement, followed by successive operations or a series of separate operations of the same nature performed over time, the <i>rules</i> in this section only apply to the initial agreement.</p> <p>[Note: article 1(2) of the <i>Distance Marketing Directive</i>]</p>
5.1.9	R	<p>If there is no initial service agreement but the successive operations or separate operations of the same nature performed over time are performed between the same contractual parties, the distance marketing disclosure <i>rules</i> (■ COBS 5.1.1 R to ■ COBS 5.1.4 R) will only apply:</p> <ul style="list-style-type: none">(1) when the first operation is performed; and(2) if no operation of the same nature is performed for more than a year, when the next operation is performed (the next operation being deemed the first in a new series of operations). <p>[Note: recital 16 and article 1(2) of the <i>Distance Marketing Directive</i>]</p>
5.1.10	G	<p>In this section:</p> <ul style="list-style-type: none">(1) 'initial service agreement' includes the opening of a bank account and the concluding of a portfolio management contract;(2) 'operations' includes transactions made within the framework of a portfolio management contract; and(3) adding new elements to an initial service agreement, such as the ability to use an electronic payment instrument together with one's existing bank account, does not constitute an 'operation' but an additional contract to which the <i>rules</i> in this section apply. The

subscription to new *units* of the same *fund* is considered to be one of 'successive operations of the same nature'.

[**Note:** recital 17 of the *Distance Marketing Directive*]

5.1.11

G

In the *FCA*'s view, other examples of:

- (1) 'initial service agreement' include:
- (a) subscribing to an *investment trust savings scheme*; or

(b) concluding a *life policy, personal pension scheme or stakeholder pension scheme* that includes a pre-selected option providing for future increases or decreases in regular *premiums* or payments; and
- (2) 'operations' include:
- (a) successive purchases or sales of *shares* under an *investment trust savings scheme*; and

(b) subsequent index-linked changes to premiums or increases or decreases to pension contributions following fluctuations in salary.

Exception: voice telephony communications

5.1.12

R

In the case of a voice telephony communication, and subject to the explicit consent of the *consumer*, only the abbreviated distance marketing information (■ COBS 5 Annex 2R) needs to be provided during that communication. However, a *firm* must still provide the distance marketing information (■ COBS 5 Annex 1R) on a *durable medium* available and accessible to the *consumer* in good time before the *consumer* is bound by any *distance contract* or offer, unless another exception applies.

[**Note:** articles 3(3)(b) and 5(1) of the *Distance Marketing Directive*]

Exception: means of distance communication not enabling disclosure

- 5.1.13** **R** A *firm* may provide the distance marketing information (■ COBS 5 Annex 1R) and the contractual terms and conditions in a *durable medium* immediately after the conclusion of a *distance contract*, if the contract has been concluded at a *consumer's* request using a means of distance communication that does not enable the provision of that information in that form in good time before the *consumer* is bound by any *distance contract* or offer.

[Note: article 5(2) of the *Distance Marketing Directive*]

Exception: contracts for payment services

- 5.1.13A** **R** Where a *distance contract* is also a contract for *payment services* to which the *Payment Services Regulations* apply, a *firm* is required to provide to the *consumer* only the information specified in rows 7 to 12, 15, 16 and 20 of ■ COBS 5 Annex 1 R.

[Note: article 4(5) of the *Distance Marketing Directive*]

- 5.1.13B** **G** Where a *distance contract* covers both *payment services* and non-payment services, this exception applies only to the *payment services* aspects of the contract. A *firm* taking advantage of this exception will need to comply with the information requirements in Part 6 of the *Payment Services Regulations*.

Distance marketing: other provisions

- 5.1.14** **R** If, at any time during the contractual relationship, a *consumer* that is a party to a *distance contract* asks a *firm*:

- (1) for a paper copy of the terms and conditions of that contract; or
- (2) to change the means of distance communication used;

the *firm* must provide that paper copy or change the means of distance communication used, unless (in the latter case) that would be incompatible with the contract or the nature of the service provided.

[Note: article 5(3) of the *Distance Marketing Directive*]

Unsolicited services

- 5.1.15** **R**
- (1) A *firm* must not enforce, or seek to enforce, any obligations under a *distance contract* against a *consumer*, in the event of an unsolicited supply of services, the absence of reply not constituting consent.
 - (2) This *rule* does not apply to the tacit renewal of a *distance contract*.

[Note: article 9 of the *Distance Marketing Directive*]

Mandatory nature of consumer's rights

- 5.1.16** **R** If a *consumer* purports to waive any of the *consumer's* rights created or implied by the *rules* in this section, a *firm* must not accept that waiver, nor seek to rely on or enforce it against the *consumer*.

[Note: article 12 of the *Distance Marketing Directive*]

5.1.17 **R** If a *firm* proposes to enter into a *distance contract* with a *consumer* that will be governed by the law of a country outside the *United Kingdom*, the *firm* must ensure that the *consumer* will not lose the protection created by the *rules* in this section if the *distance contract* has a close link with the territory of the *United Kingdom*.

[**Note:** articles 12 and 16 of the *Distance Marketing Directive*]

The information required to be disclosed by ■ **COBS 6.1ZA.15BR** and ■ **COBS 6.1ZA.15CR** includes the type of the *remuneration* and, taking into account the clear, fair and not misleading rule (■ **COBS 4.2.1R**), should also include the source of the *remuneration*.

6.1ZA.15F G

When considering what information to provide about the *remuneration*, a *firm* should include all *remuneration* which the *insurance intermediary* or the *employee* of an *insurance undertaking*, receives or may receive in relation to the distribution of the *life policy*. This includes *remuneration*:

- (1) provided indirectly by the *insurer* or another *firm* within the distribution chain; or
- (2) provided by way of a bonus (whether financial or non-financial) paid to the *firm* by the *insurer* or another *firm*, or provided by the *firm* to its *employees*, where this bonus is contingent on the achievement of a target to which the distribution of the particular *life policy* could contribute. For example, this can include cash bonuses paid for achieving a sales target and additional annual leave for achieving a high customer service score on sales calls, profit share arrangements, overrides or other enhanced commissions.

6.1ZA.15G **R** If any payments, other than ongoing *premiums* and scheduled payments, are made by the *client* under the *life policy* after its conclusion, a *firm* must make the disclosures required by **■ COBS 6.1ZA.15BR** or **■ COBS 6.1ZA.15CR**, for each such payment.

[**Note:** articles 19(3) and (5) of the *IDD*]

6.1ZA.15H **G** Examples of the type of payments made are those for mid-term adjustments, administration fees and cancellation fees.

Insurance distributors fee disclosure: additional requirements

6.1ZA.15I **R**

- (1) Where a *fee* is payable in relation to a *life policy*, the *firm* must inform its *client* of the amount of the *fee*.
- (2) The information in (1) must be given before the *client* incurs liability to pay the *fee*, or before conclusion of the *life policy*, whichever is earlier.
- (3) To the extent that it is not possible for an amount to be given, a *firm* must give the basis for its calculation.

[**Note:** articles 19(2) and (5) of the *IDD*]

6.1ZA.15J **R** The *fee* disclosure requirement extends to all such *fees* that may be charged during the life of a *policy*.

Information about costs and charges of different services or products: MiFID business

6.1ZA.16 **R**

- (1) This *rule* applies to a *firm* that offers an *investment service* with another service or product or as part of a package or as a condition of the same agreement or package.
- (2) The *firm* must inform the *client* whether it is possible to buy the different components separately and must provide information on the costs and charges of each component.
- (3) If the agreement or package is offered to a *retail client*, the *firm* must:
 - (a) inform that *retail client* if the risks resulting from the agreement or package are likely to be different from the risks associated with the components when taken separately; and
 - (b) provide that *retail client* with an adequate description of the different components of the agreement or package and the way in which its interaction modifies the risks.

[**Note:** article 24(11) of *MiFID*]

Cross selling requirements where insurance is the primary product

6.1ZA.16A **R** When offering a non-insurance ancillary product or service as part of a package or the same agreement with a *life policy*, a *firm* must:

- (1) inform the *client* whether it is possible to buy the different components separately and, if so, must provide the *client* with an adequate description of:
 - (ba) the different components;
 - (b) where applicable, any way in which the risk or insurance coverage resulting from the agreement or package differs from that associated with the components taken separately; and
- (2) provide the *client* with separate evidence of the costs and charges of each component.

[Note: article 24(1) and (2) of the *IDD*]

Cross selling requirements where insurance is the ancillary product

6.1ZA.16B R When offering a *life policy* ancillary to and as part of a package or in the same agreement with a non-insurance product or service, a *firm* must offer the *client* the option of buying the non-insurance goods or services separately.

6.1ZA.16C R ■ COBS 6.1ZA.16BR does not apply where the non-insurance product or service is any of the following:

- (1) *investment services or activities*; or
- (2) a credit agreement as defined in point 3 of article 4 of the *MCD* which is:
 - an *MCD credit agreement*; or
 - an *exempt MCD credit agreement*; or
 - a *CBTL credit agreement*; or
 - a credit agreement referred to in articles 72G(3B) and (4) of the *Regulated Activities Order*; or
- (3) a payment account as defined in regulation 2(1) of the *Payment Accounts Regulations*.

[Note: article 24(3) of the *IDD*]

6.1ZA.16D R ■ COBS 6.1ZA.16AR to ■ COBS 6.1ZA.16CR do not prevent the distribution of insurance products which provide coverage for various types of risks (multi-risk insurance policies).

[Note: article 24(5) of the *IDD*]

6.1ZA.16E G In addition to the rules in ■ COBS 6.1ZA.16AR and ■ 6.1ZA.16BR *firms* should still comply with the other *rules* in *COBS* relating to the offer and sale of insurance products that form part of the package or agreement, such as ■ COBS 2.5 (Optional additional products).

[Note: article 24(6) of the *IDD*]

46(2) Subject to paragraph 2A, investment firms must, in good time before the provision of investment services or ancillary services to clients or potential clients, to provide the information required under Articles 47 to 50.

46(2A) Where the agreement to buy or sell a financial instrument is concluded using a means of distance communication, which prevents the delivery of the information on costs and charges before that conclusion:

Timing of disclosure: specified rules for insurance distribution

6.1ZA.19A R

(1) A *firm* must provide a *client* with the information required by ■ COBS 6.1ZA.7AR, ■ COBS 6.1ZA.10AR and ■ COBS 6.1ZA.15AR in good time before the provision of the *insurance distribution activity* concerned unless otherwise provided by this *rule*.

(2) A *firm* may instead provide that information immediately after starting to provide the *insurance distribution activity* concerned if:

(a) the *firm* was unable to comply with (1) because, at the request of the *client*, the agreement was concluded using a means of

distance communication which prevented the *firm* from doing so; and

- (b) in any case where the *rule* on voice telephony communications (■ COBS 5.1.12R) does not otherwise apply, the *firm* complies with that *rule* in relation to the *retail client*, as if that *client* were a *consumer*.

Medium of disclosure: insurance distribution

6.1ZA.19B **R** Where this section requires an *insurance distributor* to provide information to *clients* in relation to a *life policy* it must do so in accordance with ■ COBS 7.4 (Means of communication to clients), unless COBS 6.1ZA.18AR(2) applies.

Existing clients: MiFID business

- 6.1ZA.21 **G**
- (1) A *firm* need not treat each of several transactions in respect of the same type of *financial instrument* as a new or different service and so does not need to comply with the disclosure *rules* in this chapter in relation to each transaction.
[Note: recital 69 to the *MiFID Org Regulation*]
 - (2) A *firm* should ensure that the *client* has received all relevant information in relation to a subsequent transaction, such as details of product charges that differ from those disclosed in respect of a previous transaction.

6.1A Adviser charging and remuneration

Application - Who? What?

- 6.1A.1
- R
- (1) This section applies to a *firm* which makes *personal recommendations* to *retail clients* in relation to *retail investment products*, *pension transfers*, *pension conversions*, *pension opt-outs* or *P2P agreements*.

(2) This section does not apply to a *firm* giving advice, or providing services, to an employer in connection with a *group personal pension scheme* or *group stakeholder pension scheme*.

- 6.1A.1A
- G
- PERG 8.30B (Personal recommendations) describes what is meant by a *personal recommendation* in the context of the definition of the *regulated activity of advising on investments (except P2P agreements)*. That guidance is also relevant to the meaning of *personal recommendation* in this section in relation to a *retail investment product*. The guidance in ■ PERG 8.24 to ■ PERG 8.30B does not apply to the *regulated activity of advising on P2P agreements*.

- 6.1A.1B
- G
- In this section, ■ COBS 6.1A.4AR, ■ COBS 6.1A.4ABR and ■ COBS 6.1A.4BR are not relevant to a *firm* making *personal recommendations* in relation to *P2P agreements*.

- 6.1A.2
- R
- This section does not apply to a *firm* when it gives *basic advice* in accordance with the *basic advice rules*.

- 6.1A.2A
- R
- This section does not apply to a *firm* when it makes a *personal recommendation* to a *retail client* in relation to a *Holloway sickness policy*, provided that the *Holloway policy special application conditions* are met.

Application - Where?

- 6.1A.3
- R
- This section does not apply if the *retail client* is outside the *United Kingdom* except to the extent that the service provided is *advising on conversion or transfer of pension benefits*.

Requirement to be paid through adviser charges

- 6.1A.4
- R
- Except as specified in this section, a firm must:

(1) only be remunerated for the *personal recommendation* (and any other related services provided by the *firm*) by *adviser charges*; and

6.1A.4A

R

- (2) not solicit or accept (and ensure that none of its *associates* solicits or accepts) any other commissions, remuneration or benefit of any kind in connection with the *firm's business of advising* or any other related services, regardless of whether it intends to refund the payments or pass the benefits on to the *retail client*; and
- (3) not solicit or accept (and ensure that none of its *associates* solicits or accepts) *adviser charges* in relation to the *retail client's retail investment product* or *P2P agreement* which are paid out or advanced by another party over a materially different time period, or on a materially different basis, from that in or on which the *adviser charges* are recovered from the *retail client*.

Exception: Events before December 2012

A *firm* and its *associates* may:

- (1) solicit and accept a commission, remuneration or benefit of any kind in the circumstances set out in ■ **COBS 6.1A.4 R** if:
 - (a) the *personal recommendation* was made on or before 30 December 2012;
 - (b) the solicitation and acceptance of the commission, remuneration or benefit of any kind was permitted by the *rules* in force on 30 December 2012;
 - (c) the contract under which the right to receive the commission, remuneration or benefit of any kind was entered into on or before 30 December 2012;
 - (d) the terms of that contract as at 30 December 2012 included the right to receive the commission, remuneration or benefit of any kind; and
 - (e) the *retail client* enters into the transaction in respect of which the *personal recommendation* was given within a reasonable time of the *personal recommendation* being given; and
- (2) enter into an arrangement under which the right to receive the commission, remuneration or benefit of any kind in (1) is transferred to that *firm* or its *associate*.

6.1A.4AA

G

- (1) A *firm* may continue to accept a commission, remuneration or benefit of any kind after 30 December 2012 if there is a clear link between the payment and an investment in a *retail investment product* which was made by the *retail client* following a *personal recommendation* made, or a transaction executed, on or before 30 December 2012. This is the case even if the *firm* makes a *personal recommendation* to the same *retail client* after 30 December 2012 to the extent that the continued payment can properly be regarded as linked to the pre 31 December 2012 *personal recommendation* or transaction, rather than the new *personal recommendation*. Of course this is dependent upon the terms of the contract contemplating the continued receipt of such payments.
- (2) Examples of circumstances where a commission, remuneration or benefit is clearly linked to the retention of an investment in a *retail investment product* and can therefore continue to be accepted include (in each case where the terms of the contract contemplate a continued payment of the kind referred to in (1)):

- (a) no change is made to the *retail client's* investment in the relevant *retail investment product*;
 - (b) the *retail client's* investment in, or regular contribution to, the relevant *retail investment product* is reduced; the *firm* may continue to accept the payment associated with the reduced investment amount;
 - (c) the *retail client's* investment in the relevant *retail investment product* is transferred from accumulation *units* to income *units* or vice versa;
 - (d) the *retail client* transfers all or part of his investment between funds within a *life policy*.
- (3) If a *firm* makes a *personal recommendation* to a *retail client* and wishes to:
- (a) receive remuneration for that *personal recommendation* in addition to any commission, remuneration or benefit of any kind it receives in the circumstances contemplated by (1); or
 - (b) be paid additional amounts for any actions which are linked to a new amount invested by the *retail client* in the relevant *retail investment product*;

it should only be paid those additional amounts for that *personal recommendation* or for those actions by *adviser charges*.

- (4) A *firm* may offset against any *adviser charges* which are payable by the *retail client* any commission, remuneration or benefit of any kind it receives in the circumstances contemplated in (1).

6.1A.4AB R

A *firm* and its *associates* may solicit and accept a commission, remuneration or benefit of any kind from a *discretionary investment manager* in the circumstances in ■ COBS 6.1A.4 R if:

- (1) the *firm* or its *associates* recommended the *discretionary investment manager* to a *retail client* on or before 30 December 2012;
- (2) the solicitation and acceptance of the commission, remuneration or benefit of any kind was permitted by the *rules* in force on 30 December 2012;
- (3) the contract under which the right to receive the commission, remuneration or benefit of any kind was entered into on or before 30 December 2012;
- (4) the terms of that contract as at 30 December 2012 included the right to receive the commission, remuneration or benefit of any kind; and
- (5) the *retail client* agreed an investment mandate with the *discretionary investment manager* within a reasonable time of the recommendation to use the *discretionary investment manager* being made.

6.1A.4AC G

- (1) If a *firm* makes a recommendation of a *discretionary investment manager* to a *retail client* and wishes to:
 - (a) receive remuneration for that recommendation in addition to any commission, remuneration or benefit of any kind it receives in the circumstances contemplated by ■ COBS 6.1A.4AB R; or

- (b) be paid additional amounts for any actions linked to a new amount invested by the retail client through the same *discretionary investment manager*;

it should only be paid those additional amounts for that recommendation or for those actions by *adviser charges*.

- (2) A *firm* may offset against any *adviser charges* which are payable by the *retail client* any commission, remuneration or benefit of any kind it receives in the circumstances contemplated in ■ COBS 6.1A.4AB R.

Re-registration of commission when a retail client moves to a new adviser

6.1A.4B **R**

If a *retail client* chooses to become a *client* of a *firm* and that *firm* or its *associate* enters into an arrangement in ■ COBS 6.1A.4AR (2), the *firm* must:

- (1) before the arrangement is entered into, disclose to the *retail client* that the transfer of the commission, remuneration or benefit of any kind will be requested by the *firm* or its *associate*;
- (2) throughout the period during which the *firm* or its *associate* receives the commission, remuneration or benefit of any kind, provide the *retail client* with an ongoing service; and
- (3) as soon as reasonably practicable after it makes the disclosure in (1):
 - (a) disclose to the *retail client*, as a cash amount or percentage of funds under management, the amount of the commission, remuneration or benefit of any kind it expects to receive and any it has received; and
 - (b) provide the *retail client* with a description of the ongoing service it will provide to the *retail client* in accordance with (2).

Exception: Employer or trustee funded pension advice charge

6.1A.4C **R**

A *firm* may receive an *employer or trustee funded pension advice charge*.

Exception: receipt and refund of adviser charges

6.1A.5 **G**

A *firm* may receive an *adviser charge* that is no longer payable (for example, after the service it is received in payment for has been amended or terminated) provided the *firm* refunds any such payment to the *retail client*.

Acceptable minor non-monetary benefits

6.1A.5A **R**

- (1) For the purposes of ■ COBS 6.1A.4R(2), a *firm* or its *associate* may solicit or accept minor non-monetary benefits which meet the requirements of:
 - (a) ■ COBS 2.3A.15R, in relation to the provision of *investment services*; or
 - (b) paragraph (2), in relation to other business.
- (2) An acceptable minor non-monetary benefit is one which:
 - (a) is clearly disclosed prior to the provision of the relevant service to the *client*, which the *firm* may describe in a generic way;

- (b) is capable of enhancing the quality of service provided to the *client*;
- (c) is of a scale and nature that it could not be judged to impair the *firm's* compliance with its duty to act honestly, fairly and professionally in the best interests of the *client*;
- (d) is reasonable, proportionate and of a scale that is unlikely to influence the *firm's* behaviour in any way that is detrimental to the interests of the relevant *client*; and
- (e) consists of:
 - (i) information or documentation relating to a specific *retail investment product* or a service provided in the course of carrying on related *designated investment business*, that is generic in nature or personalised to reflect the circumstances of an individual *client*;
 - (ii) written material from a third party that is commissioned and paid for by a corporate *issuer* or potential *issuer* to promote a new issuance by the company, or where the third party *firm* is contractually engaged and paid by the *issuer* to produce such material on an ongoing basis, provided that the relationship is clearly disclosed in the material and that the material is made available at the same time to any *firms* wishing to receive it, or to the general public;
 - (iii) participation in conferences, seminars and other training events on the benefits and features of a specific *retail investment product* or a service provided in the course of carrying on related *designated investment business*; and
 - (iv) hospitality of a reasonable de minimis value, such as food and drink during a business meeting or a conference, seminar or other training events mentioned under (iii).
 - (v) research relating to an issue of *shares, debentures, warrants or certificates representing certain securities* by an *issuer*, which is:
 - (A) produced:
 - (1) prior to the issue being completed; and
 - (2) by a *person* that is providing underwriting or placing services to the *issuer* on that issue; and
 - (B) made available to prospective investors in the issue; or
 - (vi) research that is received so that the *firm* may evaluate the research provider's research service, provided that:
 - (A) it is received during a trial period that lasts no longer than three *months*;
 - (B) no monetary or non-monetary consideration is due (whether during the trial period, before or after) to the research provider for providing the research during the trial period;
 - (C) the trial period is not commenced with the research provider within 12 *months* from the termination of an arrangement for the provision of research (including any previous trial period) with the research provider; and
 - (D) the *firm* makes and retains a record of the dates of any trial period accepted under this *rule*, as well as a record

		of how the conditions in (A) to (C) were satisfied for each such trial period.
6.1A.5B	G	<p>■ COBS 2.3A.8R sets out the conditions to be met if a fee, commission or non-monetary benefit is designed to enhance the quality of the service to a <i>client</i> in relation to <i>MiFID</i>, <i>equivalent third country</i> or <i>optional exemption business</i> or the distribution of an <i>insurance-based investment product</i>. For the purposes of ■ COBS 2.3A.19R(2) and ■ COBS 6.1A.5AR(2), those conditions are also likely to be relevant to <i>firms</i> considering whether a fee, commission or non-monetary benefit is capable of enhancing the quality of the service to a <i>client</i> in relation to the restriction in ■ COBS 6.1A.4R(2).</p> <p>[Note: articles 24(7) and (8) of <i>MiFID</i> refer to minor non-monetary benefits that are capable of enhancing the quality of service provided to the <i>client</i>]</p>
		Related and other services
6.1A.6	R	<p>‘Related service(s)’ for the purposes of ■ COBS 6.1A includes:</p> <ul style="list-style-type: none">(1) <i>arranging or executing</i> a transaction which has been recommended to a <i>retail client</i> by the <i>firm</i>, an <i>associate</i> or another <i>firm</i> in the same <i>group</i> or conducting administrative tasks associated with that transaction; or(2) managing a relationship between a <i>retail client</i> (to whom the <i>firm</i> provides <i>personal recommendations</i> on <i>retail investment products</i>, <i>pension transfers</i>, <i>pension conversions</i>, <i>pension opt-outs</i> or <i>P2P agreements</i>) and a <i>discretionary investment manager</i> or providing a service to such a client in relation to the investments managed by such a manager; or(3) recommending a <i>discretionary investment manager</i> to a <i>retail client</i> (to whom the <i>firm</i> provides <i>personal recommendations</i> or other services in relation to <i>retail investment products</i>, <i>pension transfers</i>, <i>pension conversions</i>, <i>pension opt-outs</i> or <i>P2P agreements</i>).
6.1A.6A	G	<p>‘Other services’ in ■ COBS 6.1A.6R (3) includes:</p> <ul style="list-style-type: none">(1) providing information relating to <i>retail investment products</i>, <i>pension transfers</i>, <i>pension conversions</i>, <i>pension opt-outs</i>, <i>P2P agreements</i> or <i>operators of electronic systems</i> in relation to <i>lending</i> to the <i>retail client</i>, for example, general market research; or(2) passing on information from the <i>discretionary investment manager</i> to the <i>retail client</i>.
		Guidance on the requirement to be paid through adviser charges
6.1A.7	G	<p>The requirement to be paid through <i>adviser charges</i> does not prevent a <i>firm</i> from making use of any facility for the payment of <i>adviser charges</i> on behalf of the <i>retail client</i> offered by another <i>firm</i> or other third parties provided that the facility complies with the requirements of ■ COBS 6.1B.9R.</p>

- 6.1A.8** G Examples of payments and benefits that should not be accepted under the requirement to be paid through *adviser charges* include:
- (1) a share of the *retail investment product* charges or *platform service provider's* charges, or *retail investment product* provider's or *platform service provider's* revenues or profits;
 - (2) a commission set and payable by a *retail investment product* provider or an *operator of an electronic system in relation to lending* in any jurisdiction; and
 - (3) a share of the *operator of the electronic system in relation to lending's* charges, revenues or profits.

Requirements on a firm making a personal recommendation in respect of its own retail investment products or P2P agreements

- 6.1A.9** R If the *firm* or its *associate* is the *retail investment product* provider, *platform service provider* or *operator of an electronic system in relation to lending*, the *firm* must ensure that the level of its *adviser charges* is at least reasonably representative of the cost of the services associated with making the *personal recommendation* (and related services).

- 6.1A.10** G An *adviser charge* is likely to be reasonably representative of the cost of the services associated with making the *personal recommendation* if:
- (1) the total expected costs associated with making a *personal recommendation* and distributing the *retail investment product* will:
 - (a) be recovered through *adviser charges*; and
 - (b) not be recovered by charges for, or profits from, other services (such as manufacturing and administering the *retail investment product*);
 - (2) the *adviser charges* are reasonably capable of being self-supporting over a period of five years, or longer where this can be shown to be consistent with the *firm's* established payback period; and
 - (3) were the *personal recommendation* and any related services to be provided by an unconnected *firm*, the level of *adviser charges* would be appropriate in the context of the service being provided by the *firm*.

- 6.1A.10A** G
- (1) In ■ **COBS 6.1A.10G(1)**, the total costs associated with making a *personal recommendation* and distributing the *retail investment product* include attributable indirect costs from the *firm's* (or *group's*) wider business such as *firm* or *group* overheads.
 - (2) In ■ **COBS 6.1A.10G(2)**, the *firm's* established payback period is the period of time in which the cash outflows associated with an investment made by the *firm* (or *group*) are expected to be recovered from the cash inflows generated by the *adviser charges*.

Requirement to use a charging structure

- 6.1A.11** **R** A *firm* must determine and use an appropriate charging structure for calculating its *adviser charge* for each *retail client*.
- 6.1A.12** **G** A *firm* can use a standard charging structure.
- 6.1A.13** **G** In determining its charging structure and *adviser charges* a *firm* should have regard to its duties under the *client's best interests rule*. Practices which may indicate that a *firm* is not in compliance with this duty include:
- (1) varying its *adviser charges* inappropriately according to provider or, for substitutable and competing *retail investment products*, the type of *retail investment product*; or
 - (2) allowing the availability or limitations of services offered by third parties to facilitate the payment of *adviser charges* to influence inappropriately its charging structure or *adviser charges*; or
 - (3) varying its *adviser charges* inappropriately according to *operator of an electronic system in relation to lending*.
- 6.1A.14** **R** A *firm* must not use a charging structure which conceals the amount or purpose of any of its *adviser charges* from a *retail client*.
- 6.1A.14A** **R** A *firm* must not make a *personal recommendation* to a *retail client* in relation to a *retail investment product* or *P2P agreement* if it knows, or ought to know, that:
- (1) the product's charges, the *platform service provider's* charges or the *operator of the electronic system in relation to lending's* charges are presented in a way that offsets or may appear to offset any *adviser charges* or *platform charges* that are payable by that *retail client*; or
 - (2) the product's charges or other payments are maintained by the *retail investment product* provider or *operator of the electronic system in relation to lending* at a level such that a cash rebate, other than a cash rebate permitted by **■ COBS 6.1B.7A R** or **■ COBS 6.1E.10R (2)**, is payable to the *retail client*.
- 6.1A.15** **G** A *firm* is likely to be viewed as operating a charging structure that conceals the amount or purpose of its *adviser charges* if, for example:
- (1) it makes arrangements for amounts in excess of its *adviser charges* to be deducted from a *retail client's* investments from the outset, in order to be able to provide a cash refund to the *retail client* later; or
 - (2) it provides other services to a *retail client* (for example, *advising on a home finance transaction* or *advising on an equity release transaction*), and its *adviser charges* do not represent a reasonable proportion of the costs associated with the *personal recommendation* for the *retail investment product* or *P2P agreement* and its related services.

Calculation of the cost of adviser services to a client

6.1A.16 G To meet its responsibilities under the *client's best interests rule* and *Principle 6* (Customers' interests):

- (1) a *firm* should consider whether the *personal recommendation* or any other related service is likely to be of value to the *retail client* when the total charges the *retail client* is likely to be required to pay are taken into account;
- (2) a *firm* that *advises on conversion or transfers of pension benefits* should consider whether it would be more appropriate to give a *retail client abridged advice* (under ■■ COBS 19.1A) rather than a *full pension transfer or conversion advice* (under ■ COBS 19.1) taking into account the total charges the *retail client* is likely to pay.

Initial information for clients on the cost of adviser services

6.1A.17 R A *firm* must disclose its charging structure to a *retail client* in writing, in good time before making the *personal recommendation* (or providing related services) or commencement of the *abridged advice* process.

6.1A.18 G A *firm* may wish to consider disclosing as its charging structure a list of the advisory services it offers with the associated indicative charges which will be used for calculating the *adviser charge* for each service.

6.1A.18A R

- (1) Where the services to be provided in ■ COBS 6.1A.17R include *full pension transfer or conversion advice* (other than where the only *safeguarded benefit* involved is a *guaranteed annuity rate*), the disclosure required under ■ COBS 6.1A.17R must include a personalised charges communication.
- (2) The personalised charges communication in (1) must include the following:
 - (a) the expected amounts payable (in *cash terms*) for the *full pension transfer or conversion advice*, and, where applicable, any *advice on investments* (whether by the *firm* or any other *firm*) in connection with the *retail client's pension transfer or pension conversion*;
 - (b) where the *firm* is subject to the ban on contingent charging rules (see ■ COBS 19.1B) (Ban on contingent charging)) because the *client* does not fall within one of the exceptions in ■ COBS 19.1B.9R, a statement that the amount of charges payable in relation to *full pension transfer or conversion advice* is the same whether or not the advice is to transfer or convert or to remain in their *ceding arrangement*;
 - (c) the estimated amount of the monthly charge (in *cash terms*) for ongoing advice and/or services (whether provided by the *firm* or any other *firm*) in the first year following the transfer or conversion, assuming that funds remain invested with no growth but taking into account the cost of initial advice;
 - (d) whether and the extent to which the charges in the first year are lower than the charges anticipated in subsequent years;
 - (e) if the charges are significantly lower in the first year compared to subsequent years, the *firm* must indicate the amount of the

monthly charge (in *cash terms*) in subsequent years until the point at which the charges are no longer expected to vary significantly from year to year; and

- (f) where relevant, a statement that the expected amounts payable in (a) do not include any amounts that may be payable by the *client* for any related advice or services they may receive that fall outside the *UK* regulatory regime.

(3) Where the *firm* (or any other *firm*) offers different types of ongoing advice and/or services with different charging structures, the *firm* must include in the personalised charges communication, the charges for each type of ongoing advice and/or service it offers.

(4) Where a *firm* has reasonable grounds to believe that it is not subject to the ban on contingent charging *rules* (see ■ COBS 19.1B) because the *client* falls within one of the exceptions in ■ COBS 19.1B.9R:

- (a) the reasons why the *firm* considers that the *client* falls within one of the exceptions, and including a description of the evidence relied on by the *firm* in support;
- (b) the amounts payable (in *cash terms*) if the *firm's* recommendation is for the *client* not to transfer or not to convert their pension, and the amounts payable (including any amounts recoverable by the *firm* (or any other *firm*) as part of ongoing charges) if the advice is to transfer or to convert; and
- (c) a statement that:
 - (i) the reasons set out in (4a) may change after further analysis of the *client's* circumstances; and
 - (ii) if after further analysis of the *client's* circumstances, the *firm* determines that it is subject to the ban on contingent charging *rules* because the *client* does not fall within one of the exceptions in ■ COBS 19.1B.9R, then the amount of charges payable in relation to *full pension transfer or conversion advice* is the same whether or not the advice is to transfer or convert or to remain in their *ceding arrangement*.

6.1A.18B R

Where the services to be provided in ■ COBS 6.1A.17R include *abridged advice*, the *firm* must disclose to the *client* in writing the amounts payable (in *cash terms*) in each of the following situations:

- (1) the *firm* gives *abridged advice* and a *personal recommendation* not to transfer or convert their pension;
- (2) the *firm* starts the *abridged advice* process but is unable to take a view on whether it is in the *client's* best interests to transfer or convert without undertaking *full pension transfer or conversion advice*; and
- (3) the *firm* gives *abridged advice* followed by *full pension transfer or conversion advice* .

6.1A.19 G

In order to meet the requirement in the *rule* on information disclosure before providing services (■ COBS 2.2.1 R), a *firm* should ensure that the disclosure of its charging structure is in clear and plain language and, as far as is practicable, uses *cash terms*. If a *firm's* charging structure is in non-cash

terms, examples in *cash terms* should be used to illustrate how the charging structure will be applied in practice.

- 6.1A.20** G A *firm* is unlikely to meet its obligations under the *fair, clear and not misleading rule* and the *client's best interests rule* unless it ensures that:
- (1) the charging structure it discloses reflects, as closely as is practicable, the total *adviser charge* to be paid; for example, the *firm* should avoid using a wide range; and
 - (2) if using hourly rates in its charging structure, it states whether the rates are indicative or actual hourly rates, provides the basis (if any) upon which the rates may vary and provides an approximate indication of the number of hours that the provision of each service is likely to require.

6.1A.21 G [deleted]

Ongoing payment of adviser charges

- 6.1A.22** R A *firm* must not use an *adviser charge* which is structured to be payable by the *retail client* over a period of time unless (1) or (2) applies:
- (1) the *adviser charge* is in respect of an ongoing service for the provision of *personal recommendations* or related services and:
 - (a) the *firm* has disclosed that service along with the *adviser charge*; and
 - (b) the *retail client* is provided with a right to cancel the ongoing service, which must be reasonable in all the circumstances, without penalty and without requiring the *retail client* to give any reason; or
 - (2) the *adviser charge* relates to a *retail investment product* or a *pension transfer, pension conversion* or *pension opt-out* or arrangement with an *operator of an electronic system in relation to lending* for which an instruction from the *retail client* for regular payments is in place and the *firm* has disclosed that no ongoing *personal recommendations* or service will be provided.

- 6.1A.22A** G To comply with the *rule* on providing a *retail client* with the right to cancel an ongoing service for the provision of *personal recommendations* or related services without penalty (■ **COBS 6.1A.22R (1)(b)**) a *firm* should:
- (1) ensure that any notice period of the *retail client's* right of cancellation is reasonable;
 - (2) not make any charge in respect of cancellation of the ongoing service except for an amount which is in proportion to the extent of the service already provided by the *firm* up to the date of cancellation of the ongoing service; and
 - (3) not make cancellation conditional on, for example, requiring the *retail client* to sell any *retail investment products* or to assign any *P2P agreements* to which the ongoing service relates.

6.1A.22B R If a *retail client* exercises his right to cancel an ongoing service, the *firm* must clearly disclose to the *retail client* whether charges for other services provided by the *firm*, such as *custody services*, will continue to be payable by the *retail client*.

6.1A.23 R If ■ COBS 6.1A.22R(1) or ■ (2) do not apply, a *firm* may not offer *credit* to a *retail client* for the purpose of paying *adviser charges* unless this would be in the best interests of the *retail client*.

Disclosure of total adviser charges payable

6.1A.24 R

- (1) A firm must agree with and disclose to a *retail client* the total *adviser charge* payable to it or any of its *associates* by a *retail client*.
- (2) A disclosure under (1) must:
 - (a) be in *cash terms* (or convert non-cash terms into illustrative cash equivalents);
 - (b) be as early as practicable;
 - (c) be in a *durable medium* or through a website (if it does not constitute a *durable medium*) if the *website conditions* are satisfied; and
 - (d) if there are payments over a period of time, include the amount and frequency of each payment due, the period over which the *adviser charge* is payable and the implications for the *retail client* if the *retail investment product* or arrangement with the *operator of an electronic system in relation to lending* is cancelled before the *adviser charge* is paid and, if there is no ongoing service, the sum total of all payments.

6.1A.24A G If the price of the *retail investment product* may vary as a result of fluctuations in the financial markets and the *adviser charge* is expressed as a percentage of that price, a *firm* need not disclose to the *retail client* the total *adviser charge* payable to the *firm* or any of its *associates* by the *retail client* until after execution of the transaction, provided it then does so promptly.

6.1A.25 G A *firm* may include the information required by the *rule* on disclosure of total *adviser charges* (■ COBS 6.1A.24 R) in a *suitability report*.

6.1A.26 G To comply with the *rule* on disclosure of total *adviser charges* (■ COBS 6.1A.24 R) and the *fair, clear and not misleading rule*, a *firm's* disclosure of the total *adviser charge* should:

- (1) provide information to the *retail client* as to which particular service an *adviser charge* applied to;
- (2) include information as to when payment of the *adviser charge* is due;
- (3) inform the *retail client* if the total *adviser charge* varies materially from the charge indicated for that service in the *firm's* charging structure;
- (4) if an ongoing *adviser charge* is expressed as a percentage of funds under management, clearly reflect in the disclosure that the *adviser charge* may increase as the fund grows; and

- (5) if an ongoing *adviser charge* applies for an ongoing service, clearly confirm the details of the ongoing service, its associated charges, and how the *retail client* can cancel this service and cease payment of the associated charges.

Record keeping

6.1A.27

R

A *firm* must keep a record of:

- (1) its charging structure;
- (2) the total *adviser charge* payable by each *retail client*; and
- (3) if the total *adviser charge* paid by a *retail client* has varied materially from the charge indicated for that service in the *firm's* charging structure, the reasons for that difference.

Application - Who? What?

- 6.1 B.1

R

(1) This section applies to:

 - (a) a *firm* which is a *retail investment product* provider;
 - (b) in relation to ■ COBS 6.1B.9 R, ■ COBS 6.1B.10 G and ■ COBS 6.1B.11 G, a *platform service provider*; and
 - (c) a *firm* which is an *operator of an electronic system in relation to lending*;

The *guidance* in ■ PERG 8.24 to ■ PERG 8.30B does not apply to the *regulated activity of advising on P2P agreements*.
- 6.1 B.1 B

G

In this section, ■ COBS 6.1B.5AR and ■ COBS 6.1B.7AR are not relevant in circumstances where a *retail client* receives a *personal recommendation* in relation to a *P2P agreement*.

R

This section does not apply to a *firm* when a *retail client* receives *basic advice* in accordance with the *basic advice rules*.

6.1B.2A R This section does not apply to a *firm* in circumstances where a *retail client* receives a *personal recommendation* in relation to one of the *firm's Holloway sickness policies*, provided that the *Holloway policy special application conditions* are met.

Application - Where?

6.1B.4 R This section does not apply if the *retail client* is outside the *United Kingdom*.

Requirement not to offer commissions

6.1B.5 R

- (1) Except as specified in ■ **COBS 6.1B.5AR**, a *firm* must not offer or pay (and must ensure that none of its *associates* offers or pays) any commissions, remuneration or benefit of any kind to another *firm*, or to any other third party for the benefit of that *firm*, in connection with that *firm's business of advising* (or any related services), except those that facilitate the payment of *adviser charges* from a *retail client's* investments in accordance with this section.
- (2) Paragraph (1) does not apply to minor non-monetary benefits which meet the requirements of:
 - (a) ■ **COBS 2.3A.19R**, in connection with the provision of *investment services*; or
 - (b) ■ **COBS 6.1A.5AR(2)**, in connection with other business.

6.1B.5-A G The *guidance* in ■ **COBS 6.1A.5BG** is also relevant for the purposes of ■ **COBS 6.1B.5R(2)**.

6.1B.5A R A *firm* and its *associates* may:

- (1) offer and pay a commission, remuneration or benefit of any kind in the circumstances set out in ■ **COBS 6.1B.5 R** if:
 - (a) the *personal recommendation* was made on or before 30 December 2012;
 - (b) the offer and payment was permitted by the *rules* in force on 30 December 2012;
 - (c) the contract under which the right to receive the commission, remuneration or benefit of any kind was entered into on or before 30 December 2012;
 - (d) the terms of that contract as at 30 December 2012 included the right to receive the commission, remuneration or benefit of any kind; and
 - (e) the *retail client* enters into the transaction in respect of which the *personal recommendation* was given within a reasonable time of the *personal recommendation* being given; and

		(2) enter into an arrangement under which the right to receive the commission, remuneration or benefit of any kind in (1) is transferred to another <i>firm</i> or its <i>associate</i> .
6.1B.5B	G	A <i>firm</i> may continue paying commission, remuneration or benefits of any kind to another <i>firm</i> in relation to a <i>personal recommendation</i> made by that other <i>firm</i> in circumstances where that other <i>firm</i> may accept that commission, remuneration or benefit of any kind (see ■ COBS 6.1A.4A R and ■ COBS 6.1A.4AA G).

		Distinguishing product and P2P platform charges from adviser charges
6.1B.7	R	<p>A <i>firm</i> must:</p> <ol style="list-style-type: none">(1) take reasonable steps to ensure that its <i>retail investment product</i> charges or its charges as an <i>operator of an electronic system in relation to lending</i> are not structured so that they could mislead or conceal from a <i>retail client</i> the distinction between those charges and any <i>adviser charges</i> payable in respect of its <i>retail investment products</i> or investments in <i>P2P agreements</i> made through the system of which it is the <i>operator of an electronic system in relation to lending</i>;(2) not include in any marketing materials in respect of its <i>retail investment products</i>, the service it offers as an <i>operator of an electronic system in relation to lending</i> or facilities for collecting <i>adviser charges</i> any statements about the appropriateness of levels of <i>adviser charges</i> that a <i>firm</i> could charge in making <i>personal recommendations</i> or providing related services in relation to its <i>retail investment products</i> or investments through the system in relation to which it is the <i>operator of an electronic system in relation to lending</i> ; and(3) not defer, discount or rebate <i>retail investment product</i> charges or its charges as an <i>operator of an electronic system in relation to lending</i> in a way that offsets or may appear to offset any <i>adviser charges</i> or <i>platform charges</i> that are payable, including by maintaining <i>retail investment product</i> charges or its charges as an <i>operator of an electronic system in relation to lending</i> at a level such that a cash rebate, other than a cash rebate permitted by ■ COBS 6.1B.7A R or ■ COBS 6.1E.10R (2), is payable to the <i>retail client</i>.
6.1B.7A	R	<p>A <i>retail investment product</i> provider may maintain <i>retail investment product</i> charges at a level such that a cash rebate is payable to the <i>retail client</i> if:</p> <ol style="list-style-type: none">(1) the <i>retail investment product</i> transaction was agreed on or before 5 April 2014 and executed within a reasonable time of that agreement; and(2) the <i>retail client's</i> right to receive the cash rebate arose on or before 5 April 2014; and(3) on or after 6 April 2014 no change is made to that product, or, where there is such a change on or after 6 April 2014, only in relation to the unchanged part of that product.

- 6.1B.7B** G In the *FCA's* view, if the *platform service provider* retained any part of a rebate on or before 5 April 2014, the *retail client* is unlikely to have had a right to receive that part of the rebate.
- 6.1B.7C** G The following examples do not entail changes to the *retail investment product*:
- (1) no change is made to the *retail client's* investment in the relevant product or to the level of the *retail client's* regular contributions into that product;
 - (2) the *retail client's* investment in, or regular contribution to, the relevant product is reduced: the *retail investment product* provider may continue to pay the cash rebate associated with the reduced investment amount;
 - (3) the *retail client's* investment in the relevant product is transferred from accumulation *units* to income *units* or vice versa;
 - (4) part of the *retail client's* investment is switched between funds within a *retail investment product*, such as a *SIPP*, or a *retail investment product* wrapper, such as an *ISA*: the *retail investment product* provider may continue to pay the cash rebate associated with the part of the *retail client's* investment which has not been switched into another fund;
 - (5) the level of cash rebate payable to the *retail client* is reduced;
 - (6) the product is converted to a share class which does not pay a commission, remuneration or benefit of any kind to a *firm* and is otherwise unchanged.
- 6.1B.8** G ■ **COBS 6.1B.7 R** does not prevent a *firm* from offering a promotional discount to a *retail client* in the form of extra *units* or additional investment, but a *firm* should not offer to invest more than 100% of the *retail client's* investment.
- Requirements on firms facilitating the payment of adviser charges**
.....
- 6.1B.9** R ■ **COBS 6.1B.7 R** does not prevent a *firm* from offering a promotional discount to a *retail client* in the form of extra *units* or additional investment, but a *firm* that offers to facilitate, directly or through a third party, the payment of *adviser charges*, including by means of a *platform service* must:
- (1) obtain and validate instructions from a *retail client* in relation to an *adviser charge*;
 - (2) offer sufficient flexibility in terms of the *adviser charges* it facilitates; and
 - (3) not pay out or advance *adviser charges* to the *firm* to which the *adviser charge* is owed over a materially different time period, or on a materially different basis to that in which it recovers the *adviser charge* from the *retail client* (including paying any *adviser charges* to the *firm* that it cannot recover from the *retail client*).

- 6.1B.9A** G A *firm* facilitates the payment of *adviser charges* for the purposes of ■ COBS 6.1B.9 R if the *adviser charge* is not paid directly by the *retail client*, but is instead paid on behalf of the *retail client* via the *firm*.
- 6.1B.9B** G A *firm* may facilitate the payment of *adviser charges* for the purposes of ■ COBS 6.1B.9 R by:
- (1) selling all or part of the *retail client's retail investment product* to pay the *adviser charge*; or
 - (2) disposing of or reducing all or part of the *retail client's* rights under the *retail investment product* (for example, by way of a part disposal which creates benefits under a *life policy*) to pay the *adviser charge*; or
 - (3) separating out an amount or amounts for the payment of the *adviser charge* from the amount received from the *retail client* to be invested or from the *premium* in the case of a *life policy*; or
 - (4) paying the *adviser charge* from the *retail client's* cash account.
- 6.1B.10** G A *firm* should consider whether the flexibility in levels of *adviser charges* it offers to facilitate is sufficient so as not to unduly influence or restrict the charging structure and *adviser charges* that the *firm* providing the *personal recommendation* or related services can use.
- 6.1B.11** G ■ COBS 6.1B.9R(3) does not prevent a *firm*, if this is in the *retail client's* best interests, from entering into an agreement with another *firm* which is providing a *personal recommendation* to a *retail client*, or with a *retail client* of such a *firm*, to provide it with *credit* separately in accordance with the *rules and guidance* on providing credit and other benefits to *firms* that provide *personal recommendations* on *retail investment products* or *P2P agreements* (see ■ COBS 2.3.12 E, ■ COBS 2.3.12A G), ■ COBS 2.3A.27E and ■ COBS 2.3A.28G).

6.1C.5 **R** Except as specified in ■ COBS 6.1C.5A R, ■ COBS 6.1C.5B R and ■ COBS 6.1C.5C R, a *firm* must:

- (1) only be remunerated for giving advice, or providing services, to an employer in connection with a *group personal pension scheme* or *group stakeholder pension scheme* by *consultancy charges* or by a fee payable by the employer;
- (2) not solicit or accept (and ensure that none of its *associates* solicits or accepts) any other commissions, remuneration or benefit of any kind in relation to that advice, or those services, regardless of whether it intends to refund the payments or pass the benefits on to the *group personal pension scheme* or *group stakeholder pension scheme*; and

6.1C.5A **R** A *firm* and its *associates* may, except in relation to a *qualifying scheme*:

- (1) solicit and accept a commission, remuneration or benefit of any kind in the circumstances set out in ■ COBS 6.1C.5 R if:
 - (a) the employer's part of the relevant scheme was established on or before 30 December 2012; and
 - (b) the solicitation and acceptance of the commission, remuneration or benefit of any kind was permitted by the *rules* in force on 30 December 2012; and
- (2) enter into an arrangement under which the right to receive the commission, remuneration or benefit in (1) is transferred to that *firm* or its *associate*.

Re-registration of commission when an employer moves to a new adviser

6.1C.5B **R** If an employer chooses to appoint a *firm* to provide advice or services in connection with a *group personal pension scheme* or a *group stakeholder pension scheme* and that *firm* or its *associate* enters into an arrangement in ■ COBS 6.1C.5AR (2), the *firm* must:

- (1) before the arrangement is entered into, disclose to the employer that the transfer of the commission, remuneration or benefit of any kind will be requested by the *firm* or its *associate*;
- (2) throughout the period during which the *firm* or its *associate* receives the commission, remuneration or benefit of any kind, provide the employer with an ongoing service; and
- (3) as soon as reasonably practicable after it makes the disclosure in (1):
 - (a) disclose to the employer the basis and amount of the commission, remuneration or benefit of any kind it expects to receive and any it has received; and
 - (b) provide the employer with a description of the ongoing service it will provide to the employer in accordance with (2).

- 6.1C.5C** **R** In connection with a *qualifying scheme*, a *firm* may only solicit or accept *consultancy charges* from an operator of a *qualifying scheme* if the *operator* has confirmed that express agreement has been given by members of that scheme under **■ COBS 19.6.4 R**.
- 6.1C.6** **G** A *firm* may receive a *consultancy charge* that is no longer payable (for example, after the service it is received in payment for has been amended or terminated) provided the *firm* passes any such payments to the relevant *group personal pension scheme* or *group stakeholder pension scheme*.
- 6.1C.7** **G** The requirement to be paid through *consultancy charges* does not prevent a *firm* from making use of any facility for the payment of *consultancy charges* provided by another *firm* or other third parties provided that the facility complies with the requirements of **■ COBS 6.1D.9 R**.
- 6.1C.8** **G** Examples of payments and benefits that should not be accepted under the requirement only to be paid through *consultancy charges* include:
- (1) a share of the charges applied to a *group personal pension scheme*, *group stakeholder pension scheme* or the scheme provider's revenues or profits (except if the *firm* providing the advice to an employer in relation to such a scheme is the scheme provider);
 - (2) a commission set and payable by a *retail investment product* provider in any jurisdiction.
- Requirements on a product provider giving advice to an employer in respect of the product provider's own group personal pension scheme or group stakeholder pension scheme products.
- 6.1C.9** **R** If the *firm* or its *associate* is the *group personal pension scheme* or *group stakeholder pension scheme* provider, the *firm* must ensure that the level of its *consultancy charges* is at least reasonably representative of the cost associated with giving the advice to the employer in relation to the relevant scheme.
- 6.1C.10** **G** A *consultancy charge* is likely to be reasonably representative of the cost of the services associated with giving advice, or providing services, to an employer in connection with a *group personal pension scheme* or *group stakeholder pension scheme* if:
- (1) the total expected costs associated with advising the employer in relation to the *group personal pension scheme* or *group stakeholder pension scheme* will:
 - (a) be recovered through *consultancy charges*; and
 - (b) not be recovered by charges for, or profits from, other services (such as those associated with establishing and operating that scheme);
 - (2) *consultancy charges* are reasonably capable of being self-supporting over a period of five years, or longer where this can be shown to be consistent with the *firm's* established payback period; and

		<p>(3) (were the services to be provided by an unconnected <i>firm</i>), the level of <i>consultancy charges</i> would be appropriate in the context of the service being provided by the <i>firm</i>.</p>
6.1C.10A	G	<p>(1) In ■ COBS 6.1C.10G(1), the total costs associated with advising the employer in relation to the <i>group personal pension scheme</i> or <i>group stakeholder pension scheme</i> include attributable indirect costs of the <i>firm's</i> (or <i>group's</i>) wider business such as <i>firm</i> or <i>group</i> overheads.</p> <p>(2) In ■ COBS 6.1C.10G(2), the <i>firm's</i> established payback period is the period of time in which the cash outflows associated with an investment made by the <i>firm</i> (or <i>group</i>) are expected to be recovered from the cash inflows generated by the <i>adviser charges</i>.</p>
		<p>Requirement to use a charging structure</p>
6.1C.11	R	<p>A <i>firm</i> must determine and use an appropriate charging structure for calculating its <i>consultancy charge</i> for each employer.</p>
6.1C.12	G	<p>A <i>firm</i> can use a standard charging structure.</p>
6.1C.13	G	<p>(1) In determining its charging structure and <i>consultancy charges</i> a <i>firm</i> should have regard to the best interests of the employer and the employer's employees.</p> <p>(2) A <i>firm</i> may not be acting in the best interests of the employer and the employer's employees if it:</p> <ul style="list-style-type: none">(a) varies its <i>consultancy charges</i> inappropriately according to product provider; or(b) allows the availability or limitation of services offered by third parties to facilitate the payment of <i>consultancy charges</i> to influence inappropriately its charging structure or <i>consultancy charges</i>. <p>(3) <i>Firms</i> are reminded that the <i>client's best interests rule</i> may also apply.</p>
6.1C.14	R	<p>A <i>firm</i> must not use a charging structure which conceals the amount or purpose of any of its <i>consultancy charges</i> from an employer or an employee.</p>
6.1C.15	G	<p>A <i>firm</i> is likely to be viewed as operating a charging structure that conceals the amount or purpose of its <i>consultancy charges</i> if, for example, it makes arrangements for amounts in excess of its <i>consultancy charges</i> to be deducted from an employee's investments from the outset, in order to be able to provide a cash payment to the employer or employee later.</p>
		<p>Initial information for clients on the cost of consultancy services</p>
6.1C.16	R	<p>A <i>firm</i> must disclose its charging structure to an employer in writing, in good time before giving advice, or providing services, to the employer in connection with a <i>group personal pension scheme</i> or <i>group stakeholder pension scheme</i>.</p>

- 6.1C.17** G A *firm* should ensure that the disclosure of its charging structure is in clear and plain language and, as far as is practicable, uses *cash terms*. If a *firm's* charging structure is in non-cash terms, examples in *cash terms* should be used to illustrate how the charging structure will be applied in practice.
- 6.1C.18** R **Disclosure of total consultancy charges payable**
- (1) A *firm* must agree with and disclose to an employer the total *consultancy charge* payable to it or any of its *associates*.
- (2) A disclosure under (1) must:
- (a) be in *cash terms* (or convert non-cash terms into illustrative cash equivalents);
 - (b) be made as early as practicable and, in any event, before the employer:
 - (i) selects a particular *group personal pension scheme* or *group stakeholder pension scheme* for the benefit of its employees; or
 - (ii) if applicable, reviews its *group personal pension scheme* or *group stakeholder pension scheme* arrangements;
 - (c) be in a *durable medium* or through a website (if it does not constitute a *durable medium*) if the *website conditions* are satisfied;
 - (d) if there are payments over a period of time, include:
 - (i) the amount and frequency of each payment due; and
 - (ii) the period over which the *consultancy charge* is payable;
 - (iii) an explanation of the implications for the employer and its employees if an employee leaves the employer's service; and
 - (iv) an explanation of the implications for the employer and its employees if contributions to the *group personal pension scheme* or *group stakeholder pension scheme* are cancelled before the *consultancy charge* is fully paid.
- 6.1C.19** G To comply with the *rule* on disclosure of total *consultancy charges* payable (■ COBS 6.1C.18R) and the *fair, clear and not misleading rule*, a *firm's* disclosure of the total *consultancy charge* should:
- (1) provide information to the employer as to which particular service a *consultancy charge* applies;
 - (2) include information as to when payment of the *consultancy charge* is due;
 - (3) if an ongoing *consultancy charge* is expressed as a percentage of funds under management, clearly reflect in the disclosure how that *consultancy charge* may increase as the fund grows.
- 6.1C.20** R **Requirement not to make a consultancy charge in certain circumstances**
- When an employer asks a *firm* to provide advice to the employer's employees, the *firm*:

- (1) may make a *consultancy charge* for the cost of preparing and giving advice to each employee who chooses to accept his employer's offer of advice;
- (2) must not make a *consultancy charge* for the cost of preparing or giving advice to an employee who chooses not to accept the offer of advice;
- (3) (if the *firm* prepares generic advice to be given to more than one employee) must not make more than one *consultancy charge* for preparing that advice.

Disclosure to employees

6.1C.20A **R**

A *firm* must take reasonable steps to ensure that its *representatives*, when making contact with an employee with a view to giving a *personal recommendation* on his or her employer's *group personal pension scheme* and/or *group stakeholder pension scheme*, inform the employee:

- (1) that the *firm* will be providing a *personal recommendation* on a *group personal pension scheme* and/or *group stakeholder pension scheme* provided by the employer;
- (2) whether the employee will be provided with a *personal recommendation* that is restricted to the *group personal pension scheme* or *group stakeholder pension scheme* provided by the employer or the recommendation will also cover other products; and
- (3) that the employee will have to pay an *adviser charge* (if applicable) unless the *representative* is making contact pursuant to an agreement made between the *firm* and the employer under which the *firm* is remunerated by *consultancy charging* or a fee payable by the employer.

Record-keeping

6.1C.21 **R**

A *firm* must keep a record of:

- (1) its charging structure;
- (2) the *consultancy charges* payable by each employer and each of the employer's employees; and
- (3) if the *consultancy charge* for a particular service has varied materially from that indicated in the *firm's* charging structure, the reasons for that difference.

		<div>Application - Who? What?</div>	
6.1D.1	R	<div>This section applies to a <i>firm</i> that is a <i>group personal pension scheme</i> or <i>group stakeholder pension scheme</i> provider, but only if the <i>firm</i> providing the relevant scheme (or another <i>firm</i>) gives advice, or provides services, to an employer in connection with that scheme.</div>	
		<div>Application - Where?</div>	
6.1D.2	R	<div>This section does not apply if the employer is outside the <i>United Kingdom</i>.</div>	
		<div>Interpretation</div>	
6.1D.3	R	<div>In this section 'giving advice, or providing services, to an employer in connection with a <i>group personal pension scheme</i> or <i>group stakeholder pension scheme</i>' includes:</div> <div><div>(1) giving advice or assistance to an employer on the operation of such a scheme;</div><div>(2) taking, or helping the employer to take, the steps that must be taken to enable an employee of the employer to become a member of such a <i>scheme</i>; and</div><div>(3) giving advice to an employee, pursuant to an agreement between the employer and the advisor, about the benefits that are, or might be, available to the employee if he is, or if he becomes, a member of such a scheme.</div></div>	
		<div>Requirement not to offer commission, provide factoring or offer credit to a third party</div>	
6.1D.4	R	<div>(1) Except as specified in ■COBS 6.1D.6A R, a <i>firm</i> must not offer or pay (and must ensure that none of its <i>associates</i> offers or pays) any commissions, remuneration or benefit of any kind to another <i>firm</i>, an <i>employee benefit consultant</i> or to any other third party for the benefit of that <i>firm</i>, <i>employee benefit consultant</i> or third party in relation to the sale or purchase of:</div> <div><div>(a) a <i>group personal pension scheme</i> or <i>group stakeholder pension scheme</i>, whether or not that sale or purchase is accompanied or facilitated by advice given to the purchasing employer or the employer's employees; or</div></div>	

(b) an *investment*, if that sale or purchase is, or was, for the benefit of an *occupational pension scheme* established as an alternative to a *group personal pension scheme* or *group stakeholder pension scheme*.

(2) Except in connection with a *qualifying scheme*, paragraph (1)(a) does not prevent a *firm* from making a payment to a third party that has facilitated the payment of a *consultancy charge* from a *group personal pension scheme* or *group stakeholder pension scheme*, provided that that payment is only in respect of that facilitation.

(3) For the purposes of (1)(b) only, an *occupational pension scheme* will be established as an alternative to a *group personal pension scheme* or *group stakeholder pension scheme* if, in order to meet the most material of its objectives, an employer could reasonably have chosen to establish an *occupational pension scheme* on the one hand, or a *group personal pension scheme* or *group stakeholder pension scheme* on the other, and it chose to establish an *occupational pension scheme*.

6.1D.5 G The requirement not to offer or pay commission does not prevent a *firm* from making a payment to a third party in respect of administration or other charges incurred, for example a payment to a fund supermarket or a third party administrator.

6.1D.6 R A *firm* that produces a *group personal pension scheme* or *group stakeholder pension scheme* must not offer or make any credit available out of its own funds, and to or for the benefit of another *firm*, an *employee benefit consultant* or another third party.

6.1D.6A R A *firm* and its *associates* may, except in connection with a *qualifying scheme*:

- (1) offer and pay a commission, remuneration or benefit of any kind in the circumstances set out in ■ **COBS 6.1D.4 R** if:
 - (a) the employer's part of the relevant scheme was established on or before 30 December 2012; and
 - (b) the offer or payment was permitted by the *rules* in force on 30 December 2012; and
- (2) enter into an arrangement under which the right to receive the commission, remuneration or benefit of any kind in (1) is transferred to another *firm* or its *associate*.

Distinguishing product charges from consultancy charges

6.1D.7 R A *firm* must:

- (1) take reasonable steps to ensure that its *group personal pension scheme* and *group stakeholder pension scheme* charges are not structured so that they could mislead or conceal from an employer the distinction between those charges and any *consultancy charges* payable in respect of the scheme; and
- (2) not include in any marketing materials in respect of its *group personal pension schemes* or *group stakeholder pension schemes* any

statements about the appropriateness of levels of *consultancy charges* that a *firm* could charge in giving advice to an employer in relation to a such a scheme.

6.1D.8 G A *firm* should not offer to invest more than 100% of the *retail client's* contribution to a *group personal pension scheme* or *group stakeholder pension scheme*.

Requirements on firms facilitating the payment of consultancy charges

6.1D.9 R A *firm* that offers to facilitate, directly or through a third party, the payment of *consultancy charges* must:

- (1) obtain and validate instructions from the relevant employer in relation to the *consultancy charge*;
- (2) offer sufficient flexibility in terms of the *consultancy charges* it facilitates;
- (3) not pay out or advance *consultancy charges* to the *firm* to which the *consultancy charge* is owed over a materially different time period, or on a materially different basis to that in which it recovers the *consultancy charges* from the employee (including paying any *consultancy charges* to the *firm* that it cannot recover from the employee); and
- (4) ensure that the *consultancy charges* levied do not exceed those agreed between the employee's employer and the relevant adviser (unless the prior written consent of the employee is obtained).

6.1D.9A G A *firm* facilitates the payment of *consultancy charges* for the purposes of ■ COBS 6.1D.9 R if the *consultancy charge* is not paid directly by the employee, but is instead paid on behalf of the employee via the *firm*.

6.1D.9B G A *firm* facilitates the payment of *consultancy charges* for the purposes of ■ COBS 6.1D.9 R by:

- (1) selling all or part of, or rights under, the employee's investment in a *group personal pension scheme* or *group stakeholder pension scheme* to pay the *consultancy charge*; or
- (2) disposing of or reducing all or part of the employee's rights under the *group personal pension scheme* or *group stakeholder pension scheme* (for example, by way of a part disposal which creates benefits under a *life policy*) to pay the *consultancy charge*; or
- (3) separating out an amount or amounts for the payment of the *consultancy charge* from the amount received from the employer on behalf of the employee or from the premium in the case of a *life policy*.

6.1D.10 G A *firm* should consider whether the flexibility in levels of *consultancy charges* it offers to facilitate is sufficient so as not to unduly influence or restrict the

charging structure and *consultancy charges* that the *firm* providing advice to an employer in relation to a *group personal pension scheme* or *group stakeholder pension scheme* can use.

Disclosure of total consultancy charges payable

- 6.1D.11

R

A *firm* must, in good time, provide an employee with sufficient information on the total *consultancy charge* payable by the employee.
- 6.1D.12

G

To comply with ■ COBS 6.1D.11R, a *firm's* disclosure should be in *cash terms* (or convert non-cash terms into illustrative cash equivalents) and should:

(1) include information as to the period over which the *consultancy charge* is payable;

(2) provide information on the implications for the employee if the employee leaves the employer's service or their contributions to the *group personal pension scheme* or *group stakeholder pension scheme* are cancelled before the *consultancy charge* is fully paid.
- 6.1D.13

G

A *firm* may provide the disclosure in ■ COBS 6.1D.11R at the same time as it provides a *key features document*.

Distinguishing platform charges from product charges and adviser charges

6.1E.8 **R** A *platform service provider* must not *arrange* for a *retail client* to buy a *retail investment product* if:

		Introduction
6.2B.5	G	This section transposed provisions in <i>MiFID</i> on describing advice services relating to <i>financial instruments</i> and <i>structured deposits</i> for all <i>clients</i> and reproduces a number of provisions of the <i>MiFID Org Regulation</i> as explained in ■ COBS 1.2. The requirements apply in relation to <i>MiFID</i> , <i>equivalent third country</i> or <i>optional exemption business</i> . The requirements are extended to apply to other <i>investment advice</i> and cover other <i>retail investment products</i> when the <i>client</i> is a <i>retail client</i> in the <i>United Kingdom</i> .
		Interpretation of rules and guidance: relevant products
6.2B.6	R	<p>In this section a “relevant product” is:</p> <ul style="list-style-type: none"> (1) where the <i>client</i> is a <i>retail client</i> in the <i>United Kingdom</i>, a <i>financial instrument</i>, <i>structured deposit</i> or other <i>retail investment product</i>; or (2) otherwise, a <i>financial instrument</i> or <i>structured deposit</i>. <p>[Note: article 1(4) of <i>MiFID</i>]</p>
		Interpretation of provisions marked “UK”: MiFID business
6.2B.7	R	A <i>firm</i> must treat obligations in relation to <i>financial instruments</i> as extending to other <i>retail investment products</i> when complying with the provisions in this section marked “UK” in the course of <i>MiFID business</i> with a <i>retail client</i> in the <i>United Kingdom</i> .
6.2B.8	G	<p>References to <i>financial instruments</i> include <i>structured deposits</i> (but not other <i>retail investment products</i>) when a <i>firm</i> is complying with the provisions in this section marked “UK” in the course of <i>MiFID business</i> with a <i>retail client</i> outside the <i>United Kingdom</i> or with a <i>professional client</i>.</p> <p>[Note: article 1(2) of the <i>MiFID Org Regulation</i>]</p>
		Interpretation of provisions marked “UK”: non-MiFID business
6.2B.9	R	<p>In relation to business that is not <i>MiFID business</i>, a <i>firm</i> must comply with provisions in this section marked “UK” as if they were <i>rules</i> but:</p> <ul style="list-style-type: none"> (1) reading references to <i>financial instruments</i> as including <i>structured deposits</i> and (if the <i>client</i> is a <i>retail client</i> in the <i>United Kingdom</i>) other <i>retail investment products</i>; (2) (for business that is not <i>equivalent business of a third country investment firm</i> or <i>MiFID optional exemption business</i>) the <i>firm</i> need not comply with the following provisions of the <i>MiFID Org Regulation</i>: <ul style="list-style-type: none"> (a) the requirement in paragraph 2 of article 52(1) of the <i>MiFID Org Regulation</i> (reproduced in ■ COBS 6.2B.32UK) not to give undue prominence to their <i>independent advice services</i>; (b) the requirement in article 52(4) of the <i>MiFID Org Regulation</i> (reproduced in ■ COBS 6.2B.36UK) to distinguish the range of <i>financial instruments</i> issued or provided by entities not being closely linked with the <i>firm</i>; and (c) the requirement in article 53(3)(c) of the <i>MiFID Org Regulation</i> (reproduced in ■ COBS 6.2B.29UK) that a <i>firm</i> does not allow a

natural person to provide both *independent advice* and *restricted advice*.

Interpretation: non-independent advice and restricted advice

6.2B.10 G This section refers to both “restricted advice” and “non-independent advice”. These terms have the same meaning.

Firms holding themselves out as independent

6.2B.11 R If a *firm* informs a *client* that it provides *independent advice*, that *firm* must assess a sufficient range of relevant products available on the market which must:

- (1) be sufficiently diverse with regard to their:
 - (a) type; and
 - (b) issuers or product providers,
 to ensure that the *client’s* investment objectives can be suitably met; and
- (2) not be limited to relevant products issued or provided by:
 - (a) the *firm* itself or by entities having close links with the *firm*; or
 - (b) other entities with which the *firm* has such close legal or economic relationships, including contractual relationships, as to present a risk of impairing the independent basis of the advice provided.

[Note: article 24(7)(a) of *MiFID*]

6.2B.12 R ■ COBS 6.2B.11R does not apply to *group personal pension schemes* if a *firm* discloses information to a *client* in accordance with the *rule* on *group personal pension schemes* (■ COBS 6.1C.20AR).

6.2B.13 G The combined effect of ■ COBS 6.2B.6R and ■ COBS 6.2B.11R is that the assessment undertaken by a *firm* for the purpose of ■ COBS 6.2B.11R must:

- (1) where the *client* is a *retail client* in the *United Kingdom*, include a sufficient range of *financial instruments*, *structured deposits* and other *retail investment products*; or otherwise
- (2) include a sufficient range of *financial instruments* and *structured deposits*,

which in each case must meet the requirements as to diversity and scope in ■ COBS 6.2B.11R(1) and ■ (2) respectively.

Requirements for firms providing focused independent advice

6.2B.14 G A *firm* that holds itself out as providing *independent advice* may provide broad and general advice or specialist and specific advice.

[Note: recital 71 to the *MiFID Org Regulation*]

- 6.2B.15** UK 53(2) An investment firm that provides investment advice on an independent basis and that focuses on certain categories or a specified range of financial instruments shall comply with the following requirements:
- (a) the firm shall market itself in a way that is intended only to attract clients with a preference for those categories or range of financial instruments;
 - (b) the firm shall require clients to indicate that they are only interested in investing in the specified category or range of financial instruments; and
 - (c) prior to the provision of the service, the firm shall ensure that its service is appropriate for each new client on the basis that its business model matches the client's needs and objectives, and the range of financial instruments that are suitable for the client. Where this is not the case the firm shall not provide such a service to the client.

[Note: article 53(2) of the *MiFID Org Regulation*]

- 6.2B.16** G
- (1) ■ **COBS 6.2B.15UK** means that a *firm* providing *independent advice* need not provide advice on all relevant products. A *firm* may market itself as, for example, an independent stockbroker that provides *independent advice* on *shares* only. A *firm* might alternatively market itself on the basis of providing *independent advice* on a particular product market such as ethical and socially responsible investments. The requirements in ■ **COBS 6.2B.15UK** apply to ensure that *clients* of a *firm* that provides *independent advice* on a focused basis properly understand the nature of the advice that they will receive and that the service is appropriate.
 - (2) A *firm* that provides *independent advice* in respect of a relatively narrow market should not hold itself out as acting independently in a broader sense. A *firm* which specialises in providing advice in respect of a particular market might include reference to the provision of independent investment advice in its name. However, it would need to be clear in any marketing materials, and when describing its service, that it only provides *independent advice* in respect of that particular product market.

Sufficient range

- 6.2B.17** G The extent of the assessment which a *firm* is required to undertake in order to meet the requirement to assess a sufficient range of relevant products will depend on:
- (1) the nature of the *independent advice* service provided by the *firm* (general or focused) for the purposes of ■ **COBS 6.2B.15UK**;
 - (2) the investment objectives of the *client* (■ **COBS 6.2B.11R(1)**); and
 - (3) the *firm's* close links and relationships with product providers and issuers (■ **COBS 6.2B.11R(2)**).

6.2B.18 UK

53(1) Investment firms providing investment advice on an independent basis shall define and implement a selection process to assess and compare a sufficient range of financial instruments available on the market in accordance with ■ **COBS 6.2B.11R**. The selection process shall include the following elements: ...

(a) the number and variety of financial instruments considered is proportionate to the scope of investment advice services offered by the independent investment adviser;

(b) the number and variety of financial instruments considered is adequately representative of financial instruments available on the market;

(c) the quantity of financial instruments issued by the investment firm itself or by entities closely linked to the investment firm itself is proportionate to the total amount of financial instruments considered; and

(d) the criteria for selecting the various financial instruments shall include all relevant aspects such as risks, costs and complexity as well as the characteristics of the investment firm's clients, and shall ensure that the selection of the instruments that may be recommended is not biased.

Where such a comparison is not possible due to the business model or the specific scope of the service provided, the investment firm providing investment advice shall not present itself as independent.

[**Note:** article 53(1) of the MiFID Org Regulation]

6.2B.19 G

(1) ■ **COBS 6.2B.11R** does not require a *firm* providing *independent advice* to assess every relevant product available on the market before making a *personal recommendation*.

[**Note:** recital 73 to *MiFID*]

(2) Notwithstanding (1), since the assessment conducted by the *firm* must be such as to ensure the *client's* investment objectives can be suitably met, a *firm* providing *independent advice* should be in a position to advise on all types of relevant product within the scope of the market (for the purposes of ■ **COBS 6.2B.15UK**) on which it provides advice. When the *client* is a *retail client* in the *United Kingdom*, this means being in a position to advise on all types of *financial instrument*, *structured deposit* and other *retail investment products*.

(3) For example, a *firm* providing *independent advice* on *personal pension schemes* should be in a position to consider all *personal pension schemes*. What will constitute a sufficient range of *personal pension schemes* to be considered before providing a *client* with a *personal recommendation* will, however, depend upon the investment objectives of that *client*.

(4) A *firm* not specialising in a particular market would generally be expected to be in a position to consider all relevant product types which would be capable of meeting the investment objectives of its *clients*.

(5) If a *firm* that provides focused *independent advice* is not able to recommend a *financial instrument* that would meet the investment

objectives of a *client*, the *firm* should not provide that *client* with a *personal recommendation*. For example, if a *firm* providing *independent advice* on *shares* considered that a *client's* investment objectives would be better met by way of investment in an accumulation product, it should not provide that *client* with a *personal recommendation*.

Guidance on the independence standard

6.2B.20 G A *personal recommendation* on a relevant product that invests in a number of underlying relevant products would not of itself enable the *firm* providing the *personal recommendation* to satisfy the requirement to have considered a sufficient range of relevant products which are sufficiently diverse (■ COBS 6.2B.11R), even if the relevant product invests in a wide range of underlying *investments*.

6.2B.21 G The effect of ■ COBS 6.2B.11R(2) is that a *firm* which is subject to any form of agreement with an issuer or provider of relevant products that confines that *firm* to providing advice on relevant products issued or provided by that other *person* only will not be in a position to provide *independent advice*.

6.2B.22 G The fact that a *firm* is owned by, or owns, in whole or in part, the issuer or provider of relevant products does not prevent that *firm* from providing *independent advice*, provided that the *firm's* assessment of relevant products is:

- (1) not limited to relevant products issued or provided by that related issuer or provider (■ COBS 6.2B.11R(2));
- (2) proportionate; and
- (3) not biased (■ COBS 6.2B.18UK).

6.2B.23 G In providing *independent advice* to a *retail client* in the *United Kingdom* a *firm* should consider financial products other than relevant products which are capable of meeting the investment needs and objectives of that *retail client*, examples of which could include national savings and investments (ns&i) products and *cash deposit ISAs*.

Use of platforms

6.2B.24 R A *firm* which:

- (1) holds itself out to a *retail client* in the *United Kingdom* as acting independently; and
- (2) relies upon a single *platform service* to facilitate the majority of its *personal recommendations*,

must ensure that, as appropriate, the selection of relevant products made available by the *platform service provider* is such as to enable the *firm* to satisfy the requirements of ■ COBS 6.2B.11R.

6.2B.25 G When a *firm* considers whether a *platform service provider's* selection of relevant products enables it to satisfy the requirements of ■ **COBS 6.2B.11R**, a *firm* should take into account any fees, commission or non-monetary benefits the *platform service provider* receives in relation to those relevant products.

Use of panels

6.2B.26 G A *firm* providing *independent advice* may satisfy the requirement to assess a sufficient range of relevant products which are sufficiently diverse (■ **COBS 6.2B.11R**) by using 'panels'. Such a *firm* would need to ensure that any panel is sufficiently broad in its composition to enable the *firm* to make *personal recommendations* based on an assessment of a sufficient range of relevant products available on the market which are sufficiently diverse. The *firm* would need to review the panel regularly and ensure that the *client's* investment objectives can be suitably met.

6.2B.27 G When using a panel a *firm* may exclude a certain type or class of relevant product from the panel if, after review, there is a valid reason, consistent with this section and the *client's best interests rule*, for doing so.

6.2B.28 G If a *firm* providing *independent advice* chooses to engage a third party to conduct an assessment of the relevant products available on the market, the *firm* remains responsible for complying with the requirements of ■ **COBS 6.2B.11R** to ensure that its advice is based on an assessment of a sufficient range of relevant products which are sufficiently diverse as to ensure that the *client's* investment objectives can be suitably met.

Requirements for firms providing both independent and restricted advice

6.2B.29 UK 53(3)An investment firm offering investment advice on both an independent basis and on a non-independent basis shall comply with the following obligations:

(a)in good time before the provision of its services, the investment firm has informed its clients, in a durable medium, whether the advice will be independent or non-independent in accordance with [■ **COBS 6.2B.33R**] and the relevant implementing measures;

(b)the investment firm has presented itself as independent for the services for which it provides investment advice on an independent basis; and

(c)the investment firms has adequate organisational requirements and controls in place to ensure that both types of advice services and advisers are clearly separated from each other and that clients are not likely to be confused about the type of advice that they are receiving and are given the type of advice that is appropriate for them. The investment firm shall not allow a natural person to provide both independent and non-independent advice.

[**Note:** article 53(3) of the *MiFID Org Regulation*]

6.2B.30 G A *firm* that offers an unlimited range of *regulated mortgage contracts*, or gives advice in relation to *contracts of insurance* on the basis of a fair

analysis, but offers *restricted advice* on relevant products should not hold itself out as acting independently for its business as a whole, for example by holding itself out as an independent financial adviser. However, it may disclose that it offers an unlimited range of *regulated mortgage contracts* or gives advice in relation to *contracts of insurance* on the basis of a fair analysis provided it makes clear in accordance with the *fair, clear and not misleading rule* (■ COBS 4.2.1R) that it provides *restricted advice* on relevant products.

6.2B.31 G A firm that provides *basic advice* on stakeholder products may still use the facilities and stationery it uses for other business in accordance with the rule on basic advice on stakeholder products: other issues (■ COBS 9.6.17 R (2)).

6.2B.32 UK 52(1)Where advice is offered or provided to the same client on both an independent and non-independent basis, investment firms shall explain the scope of both services to allow investors to understand the differences between them and not present itself as an independent investment adviser for the overall activity. Firms shall not give undue prominence to their independent investment advice services over non-independent investment services in their communications with clients.

[Note: article 52(1) of the *MiFID Org Regulation*]

Disclosing the nature of advice provided

6.2B.33 R (1) A firm must disclose to a client, in good time before the provision of *investment advice* or *basic advice*:

- (a) whether its advice will be:
 - (i) *independent advice*; or
 - (ii) *restricted advice*;
- (b) whether the advice will be based on a broad or more restricted analysis of different types of relevant products; and
- (c) where the advice will be *restricted advice*, whether the range will be limited to relevant products issued or provided by entities having close links with the firm or any other legal or economic relationships, such as contractual relationships, so as to present a risk of impairing the independent basis of the advice provided.

[Note: article 24(4)(a)(i) and (ii) of *MiFID*]

(2) A firm must include the term “independent advice” or “restricted advice” or both, as relevant, in the disclosure.

6.2B.34 R (1) A firm must provide the information required by ■ COBS 6.2B.33R in a comprehensible form in such a manner that the client is reasonably able to understand the nature and risks of the *investment service* and of the specific type of *financial instrument* that is being offered and, consequently, to take investment decisions on an informed basis.

(2) That information may be provided in a standardised format.

[Note: article 24(5) of *MiFID*]

6.2B.35 **UK** 52(1) Investment firms shall explain in a clear and concise way whether and why investment advice qualifies as independent or non-independent and the type and nature of the restrictions that apply, including, when providing investment advice on an independent basis, the prohibition to receive and retain inducements.

[Note: article 52(1) of the *MiFID Org Regulation*]

6.2B.36 **UK** 52(2) Investment firms providing investment advice, on an independent or non-independent basis, shall explain to the client the range of financial instruments that may be recommended, including the firm's relationship with the issuers or providers of the instruments.

52(3) Investment firms shall provide a description of the types of financial instruments considered, the range of financial instruments and providers analysed per each type of instrument according to the scope of the service, and, when providing independent advice, how the service provided satisfies the conditions for the provision of investment advice on an independent basis and the factors taken into consideration in the selection process used by the investment firm to recommend financial instruments, such as risks, costs and complexity of the financial instruments.

52(4) When the range of financial instruments assessed by the investment firm providing investment advice on an independent basis includes the investment firm's own financial instruments or those issued or provided by entities having close links or any other close legal or economic relationship with the investment firm as well as other issuers or providers which are not linked or related, the investment firm shall distinguish, for each type of financial instrument, the range of the financial instruments issued or provided by entities not having any links with the investment firm.

[Note: article 52(2), (3) and (4) of the *MiFID Org Regulation*]

Medium of disclosure

6.2B.37 **G** A firm should provide the disclosure information required by the rule on describing the breadth of a firm's advice service (■ COBS 6.2B.33R) in a *durable medium* or through a website (if it does not constitute a *durable medium*) provided the *website conditions* are satisfied.

Additional oral disclosure for firms providing restricted advice

6.2B.38 **R** If a firm provides *restricted advice* and engages in spoken interaction with the *retail client*, in addition to the disclosure required by ■ COBS 6.2B.33R, a firm must disclose orally in good time before the provision of its *investment advice* that it provides *restricted advice* and the nature of that restriction.

6.2B.39 **G** Examples of statements which would comply with ■ COBS 6.2B.38R include:

- (1) "I am a [Firm X] adviser offering restricted advice, which means that my advice is restricted to advice on [Firm X] [products/stakeholder products] only"; or
- (2) "I am a [Firm X] adviser offering restricted advice, which means that my advice is restricted to advice on [products/stakeholder products] from a limited number of companies that [Firm X] has selected".

Record keeping

6.2B.40 G *Firms* are reminded of the general record keeping requirements in ■ SYSC 3.2 and ■ SYSC 9. A *firm* should keep appropriate records of the disclosures required by this section.

Systems and controls

- 6.2B.41 G
- (1) *Firms* are reminded of the systems and controls requirements in SYSC.
 - (2) A *firm* providing *restricted advice* should take reasonable care to establish and maintain appropriate systems and controls to ensure that if there is no relevant product in the *firm's* range of products which meets the investment needs and objectives of the *client*, no *personal recommendation* should be made.
 - (3) A *firm* specialising in a particular market should take reasonable care to establish and maintain appropriate systems and controls to ensure that it does not make a *personal recommendation* if there is a relevant product outside the market on which it provides *investment advice* which would meet the investment needs and objectives of the *client*.

6.4 Disclosure of charges, remuneration
and commission

Application

6.4.1 **R** This section applies to a *firm* when it sells or *arranges* the sale of a *packaged product* to a *retail client* and the *firm's* services to sell or *arrange* are not in connection with the provision of a *personal recommendation*.

6.4.2 **G** [deleted]

Disclosure of commission (or equivalent) for packaged
products

6.4.3 **R**

- (1) If a *firm* sells or *arranges* the sale of a *packaged product* to a *retail client*, and subsequently if the *retail client* requests it, the *firm* must disclose to the *client* in *cash terms*.
 - (a) any *commission* receivable by it or any of its *associates* in connection with the transaction;
 - (b) if the *firm* is also the *product provider*, any *commission* or *commission equivalent* payable in connection with the transaction; and
 - (c) if the *firm* or any of its *associates* is in the same *immediate group* as the *product provider*, any *commission equivalent* in connection with the transaction.
- (2) Disclosure "in *cash terms*" in relation to *commission* does not include the value of any indirect benefits listed in the table at **COBS 2.3.15 G**.
- (3) In determining the amount to be disclosed as *commission equivalent*, a *firm* must put a proper value on the cash payments, benefits and services provided to its *representatives* in connection with the transaction.
- (4) This *rule* does not apply if:
 - (a) the *firm* is acting as an *investment manager*; or
 - (b) the *retail client* is not present in the *United Kingdom* at the time of the transaction; or
 - (c) the *firm* provides the *client* with a *key features document*, a *key investor information document*, an *EEA key investor information document* or a *NURS-KII document*, in accordance with **COBS 14**, provided that the *firm* discloses to the *client* the actual amount or value of *commission* or *equivalent* within five *business days* of effecting the transaction.

		(5) If the terms of a <i>packaged product</i> are varied in a way that results in a material increase in <i>commission</i> or <i>commission equivalent</i> , a <i>firm</i> must disclose to a <i>retail client</i> in writing any consequent increase in <i>commission</i> or <i>equivalent</i> receivable by it in relation to that transaction.
6.4.4	G	Where a <i>firm</i> is required to disclose the value of <i>commission equivalent</i> , the value will be at least as high as the amount of any <i>commission</i> .
6.4.4A	R	If the <i>firm</i> or its <i>associate</i> is the <i>pure protection contract insurer</i> , it may comply with ■ COBS 6.4.3R (1)(b) and ■ (c) by disclosing to the <i>consumer</i> an <i>indicative adviser charge</i> as an alternative to a <i>commission equivalent</i> .
6.4.4B	R	The <i>indicative adviser charge</i> must be at least reasonably representative of the cost of the services associated with making the <i>personal recommendation</i> in relation to the <i>pure protection contract</i> .
6.4.4C	G	<p>An <i>indicative adviser charge</i> is likely to be reasonably representative of the cost of the services associated with making the <i>personal recommendation</i> if:</p> <ul style="list-style-type: none"> (1) the total expected costs associated with making a <i>personal recommendation</i> and distributing the <i>pure protection contract</i> will: <ul style="list-style-type: none"> (a) be recovered through <i>indicative adviser charges</i>; and (b) not be recovered by charges for, or profits from, other services (such as manufacturing and administering the <i>pure protection contract</i>); (2) <i>indicative adviser charges</i> are reasonably capable of being self-supporting over a period of five years, or longer where this can be shown to be consistent with the <i>firm's</i> established payback period; and (3) the <i>personal recommendation</i> and any related services were to be provided by an unconnected <i>firm</i>, the level of the <i>indicative adviser charge</i> would be appropriate in the context of the service being provided by an unconnected <i>firm</i>.
6.4.4D	G	<ul style="list-style-type: none"> (1) In ■ COBS 6.4.4CG(1), the total costs associated with making a <i>personal recommendation</i> and distributing the <i>pure protection contract</i> include attributable indirect costs of the <i>firm's</i> (or <i>group's</i>) wider business such as <i>firm</i> or <i>group</i> overheads. (2) In ■ COBS 6.4.4CG(2), the <i>firm's</i> established payback period is the period of time in which the cash outflows associated with an investment made by the <i>firm</i> (or <i>group</i>) are expected to be recovered from the cash inflows generated by the <i>adviser charges</i>.
6.4.5	R	<ul style="list-style-type: none"> (1) A <i>firm</i> must make the disclosure required by the <i>rule</i> on disclosure of <i>commission</i> or <i>equivalent</i> (■ COBS 6.4.3 R) as close as practicable to the time that it sells or <i>arranges</i> the sale of a <i>packaged product</i>. (2) The <i>firm</i> must make the disclosure:

		<p>(a) in a <i>durable medium</i>; or</p> <p>(b) when a <i>retail client</i> does not make a written application to enter into a transaction, orally. 6.4.8	G	<p>A disclosure made under this section should indicate the timing of any payment. Calculating commission equivalent

This table forms part of ■ COBS 6.4.6 E.

Calculating commission equivalent

This table sets out the basis on which the *firm* should determine the value of cash payments, benefits and services to be disclosed as *commission equivalent*. Benefits and services, as set out in parts B and C below, need be included only if their value is such that they could not be provided to a *firm* as a non-monetary benefit listed in the table in COBS 2.3.15 G. The result of the calculation should be that the amounts disclosed as *commission equivalent* are, as far as possible, the same as the amounts and value of *commission* which would be paid in a corresponding sale.

Part A: Cash payments

1. These cover all payments by a *firm* to a *representative*, *appointed representative* or, where applicable, a *tied agent*, or a *firm* in the same *immediate group* in relation to a transaction in a *packaged product*. This includes bonus payments, manager's overrides, extra earnings from other transactions and other payments conditional on amounts of new business.
2. In determining the amounts to be included in the calculation, a *firm* should have regard to the following:
 - (a) when the precise rate of *commission equivalent* is not known in advance (for example, if retrospective volume overrides apply), the *firm* should estimate the rate likely to apply to the *representative* in question. When an identical *commission equivalent* scale applies to all *representatives* (although they might earn differing percentages of it), the same average amount of *commission equivalent* (and the value of other benefits and services) in respect of identical transactions may be disclosed, regardless of the percentage of the scale paid to each individual *representative*. Averaging should not be used for *appointed representatives*, or, where applicable, *tied agents*.
 - (b) all credits to an account from which periodic withdrawals may be made should be included.
 - (c) when a payment is made before the *firm* receives the *premium* or the investment monies to which it relates (for example, indemnity *commission equivalent*), it should be included as being received at the time of payment. *Firms* that wish to explain this arrangement to the *clients* are free to do so, provided this does not detract from the required disclosure.
 - (d) when the *firm* arranges for a third party to make a payment to a *representative* in exchange for the income stream to which the *representative* is entitled, or to make a loan to the *representative* on the security or expectation of future payments from the *firm*, this should be treated as if it were a payment from the *firm* at the time of the transaction.
 - (e) when a *firm* provides, or arranges for a third party to provide, a loan to a *representative*, on the security of, or in the expectation of, future payments from the *firm*, the amounts to be included are the payments to the *representative* on which the provision of the loan is based, as if they were received at the time the transaction was effected, irrespective of their actual timing.
 - (f) when an agent is employed and remunerated by the *firm's appointed representative*, or, where applicable, *tied agent*, the payments to be included should be those made by the *firm* to the *appointed representative*.

Calculating commission equivalent

ive or tied agent, not those made by the *appointed representative* or *tied agent* to its own agent.

Part B: Benefits

3. Benefits include the cost to the *firm* of all non-monetary benefits provided by it to a *representative*. A benefit should be included whether or not the *representative* is liable to income tax on it and whether it is chargeable to tax. Examples of benefits include the use of a car, attendance at conferences, subsidised loans, contributions to *pension schemes*, national insurance contributions, and the value of *share option* (taking into account any discount on issue and assuming that the *shares* in question grow at a reasonable rate in line with other *investments*).

Part C: Services

4. Services include benefits which are not indirect benefits within the table in COBS 2.3.15 G.
5. The following services should be included:
 - (a) office accommodation and equipment, including telephone, photocopying and fax;
 - (b) loans where a commercial rate of interest is not charged, including *commission equivalent* advances overdue for repayment;
 - (c) general stationery and mailing or distribution costs;
 - (d) computer hardware and software (except software which specifically relates to the *firm's packaged product*, such as software used for producing illustrations, *projection* and product information);
 - (e) clerical and administrative support;
 - (f) business insurance cover, including professional indemnity and fidelity guarantee;
 - (g) recruitment;
 - (h) compliance monitoring;
 - (i) *client* services;
 - (j) business planning services;
 - (k) line management.
6. To put a value on these services, the following costs should be included:
 - (a) all overheads attributable to a particular cost item (for example, the cost of a compliance official);
 - (b) salary costs pro rata if individuals are only engaged part-time on relevant business;
 - (c) rent and associated premises costs at an appropriately reduced rate if the premises are also used for other business activities;
 - (d) only that proportion of the cost of lead generation promotions attributable to the generation of relevant business (but including the placing of any *financial promotion*, and its mailing or provision of access to third party *clients*);
 - (e) only the marginal additional compliance costs of ensuring that *representatives* and their support and training material comply with relevant *rules*;
 - (f) the commercial value of a service which is the use of an asset owned by the *firm* (for example in the case of a property, its full market rent);
 - (g) in respect of *appointed representative*, or, where applicable *tied agent*, the costs of any promotion in a newspaper or elsewhere and the provision of *representative*-specific literature in connection with a *financial promotion*;

Calculating commission equivalent

- (h) in respect of a *firm* in the same *immediate group* and connected *appointed representatives* or, where applicable, *tied agents*, where the name of the company is included in the *financial promotion*, the costs of any promotion in a newspaper or elsewhere and the provision of literature specific to the *representative* in connection with a *financial promotion*.
7. The following costs should be excluded:
- (a) the cost of corporate awareness advertising;
 - (b) training costs;
 - (c) costs of developing and maintaining computer systems for the provision of *projections* of benefits, *client-specific key features documents* or other product information; or other product information;
 - (d) costs of compensating *clients*;
 - (e) the costs of head office and branch level management and support, other than payments to *managers* falling under Part 1, for *representatives*, if these services could also be provided to a *firm* not in the same *immediate group*, for example, broker consultants and 'inspectors'.
- Part D: Calculation methodology
8. Estimating commission equivalent
- The cost of benefits and services should normally be based on the most recent relevant experience of the *firm*, except if the *firm* has grounds to believe that the *commission equivalent* for the period concerned will be higher or lower than that implied by the experience or no such experience is available. In such a case, the estimate should be based on and evidenced by business plans which the *firm* is satisfied are achievable.
9. *Firms* that receive or expect to receive:
- (a) *commission* in respect of *packaged products* which are not its own products or the products of a *product provider* who is in the same *immediate group*; and
 - (b) *commission equivalent* in respect of its own products;
- must ensure that the costs and benefits attributed to these products do not exceed the amounts that can be financed from that *commission*.
- Construction of commission equivalent scales
10. The total costs of cash payments, benefits and services should be assessed and the normal approach is to split them into new business costs and after sale servicing costs. The costs of each of these functions should be assessed directly in relation to the work carried out by the *representatives*.
11. (a) The total *commission equivalent* costs identified in 10 should be spread across the business using a new business *commission equivalent* scale and a servicing *commission equivalent* scale respectively.
- (b) The *commission equivalent* scales should distinguish between products for which the *commission equivalent* of *representatives* is likely to be different.
12. If the *representative's commission equivalent* includes a cash payment related to volume and/or value of the transactions sold (which payment must be in accordance with the *client's best interest rule*), the following method would be appropriate:
- (a) The payment scales should be grossed up by new business uplift factors or servicing uplift factors as appropriate to reflect the cost of benefits and services. The grossed up scales represent the new business and servicing *commission equivalent* scales, and are applied to each contract to derive the *commission equivalent* to be disclosed.

Calculating commission equivalent

- (b) If servicing costs are expected to be incurred in any year in which no servicing payments are to be made on a contract, disclosure should still be made, for example by using a technique similar to that described in 14.
13.
 - (a) When a *representative* receives a salary, or other payment unrelated to volume or sales:
 - (i) this should be amalgamated with the cost of benefits and services; and
 - (ii) the total costs should be apportioned over individual transactions in a way that reflects the value of a contract to a *firm* or the *firm's immediate group*.
 - (b) If a *firm* is a distributor for a *product provider* within the same *immediate group*, the *firm* must apportion total costs over individual transactions in a way that reflects the value of the contract to the *firm's immediate group*.
14. If a *representative* agrees to forgo part of his or her normal payment to improve the terms of the contract, the disclosure may be reduced in such a way that fairly reflects the overall effect of the amount foregone.
15. The *firm* should review the *commission equivalent* scales if at any time it becomes aware that the *commission equivalent* figures have become misleading. A review should take place at least annually.
- Payments to associates
16. If a *firm* pays *commission equivalent* to another *firm* in the same *immediate group*, or an *appointed representative* or, where applicable *tied agent*, which is an *associate* of the *firm*, it should ensure that the calculation of the sum to be disclosed is the higher of:
 - (a) all payments, benefits and services provided to the *firm* or *appointed representative* or *tied agent*, from whatever source, plus an additional allowance for profit of 15% - unless the *firm* can demonstrate that another figure (higher or lower) is more appropriate; and
 - (b) the cash payments actually paid by the *firm*, plus the value of services provided.

Identified costs that should form part of the costs to be disclosed to clients

This Annex belongs to ■ COBS 6.1ZA.14UK.¹

Table 1 – All costs and associated charges charged for the investment service(s) and/or ancillary services provided to the client that should form part of the amount to be disclosed.

Cost items to be disclosed		Examples
One-off charges related to the provision of an investment service	All costs and charges paid to the investment firm at the beginning or at the end of the provided investment service(s).	Deposit fees, termination fees and switching costs ² .

Table 2 – All costs and associated charges related to the financial instrument that should form part of the amount to be disclosed.

Cost items to be disclosed		Examples
One-off charges	All costs and charges (included in the price or in addition to the price of the financial instrument) paid to product suppliers at the beginning or at the end of the investment in the financial instrument.	Front-loaded management fee, structuring fee ⁴ , distribution fee.
Ongoing charges	All ongoing costs and charges related to the management of the financial product that are deducted from the value of the financial instrument during the investment in the financial instrument. Incidental costs		Performance fees.

¹ It should be noted that certain cost items appear in both tables but are not duplicative since they respectively refer to costs of the product and costs of the service. Examples are the management fees (in Table 1, this refers to management fees charged by an investment firm providing the service of portfolio management to its clients, while in Table 2 this refers to management fees charged by an investment fund manager to its investor) and broker commissions (in Table 1, this refers to commissions incurred by the investment firm when trading on behalf of its clients, while in Table 2 this refers to commissions paid by investment funds when trading on behalf of the fund).

² Switching costs should be understood as costs (if any) that are incurred by investors by switching from one investment firm to another investment firm.

³ Broker commissions should be understood as costs that are charged by investment firms for the execution of orders.

⁴ Structuring fees should be understood as fees charged by manufacturers of structured investment products for structuring the products. They may cover a broader range of services provided by the manufacturer.

Chapter 9

Suitability (including basic advice) (other than MiFID and insurance-based investment products)

9.1 Application and purpose provisions

Application

- (a) makes a *personal recommendation* to a *retail client* in relation to a *designated investment*;
 - (b) *manages investments* of a *retail client* of the *firm*;
 - (c) manages the assets of an *occupational pension scheme*, *stakeholder pension scheme* or *personal pension scheme*, other than in relation to its *MiFID*, *equivalent third country* or *optional exemption business* or to an *insurance-based investment product*.

- 9.1.1A **G** ■ COBS 9A contains suitability requirements which apply in respect of *insurance-based investment products*, or in respect of a *firm's MiFID*, *equivalent third country* or *optional exemption business* involving the provision of *investment advice* or *portfolio management*.

Providing basic advice on a stakeholder product

- 9.1.2 **R** If a *firm* to which this chapter applies makes a *personal recommendation* in relation to a *stakeholder product* it may choose to give *basic advice* under the *rules* in section 9.6 of this chapter instead of the *rules* in the remainder of this chapter.

P2P agreements

- 9.1.3 **R** [deleted]
- 9.1.3A **G** This chapter does not apply to a *firm* which *manages investments* when that *firm* takes a decision to trade for a *client* and that decision relates to a *P2P agreement*. This is because the *regulated activity* of *managing investments* does not extend to the management of assets where those assets are *P2P agreements*.
- 9.1.4 **R** [deleted]

		Life policies for professional clients
9.1.5	R	If the <i>firm</i> makes a <i>personal recommendation</i> to a <i>professional client</i> to take out a <i>life policy</i> which is not an <i>insurance-based investment product</i> , this chapter applies, but only those <i>rules</i> which implemented the requirements of the <i>IDD</i> .
9.1.6	G	If a <i>rule</i> implemented a requirement of the <i>IDD</i> , a Note (" Note: ") follows the <i>rule</i> indicating which provision was being implemented. ■ COBS 2.1 (acting honestly fairly and professionally), COBS 2.6 (additional insurance distribution obligations), ■ COBS 4 (communicating with clients), ■ COBS 6 (information about the firm, its services and remuneration) and ■ COBS 14 (product information) contains contain further <i>rules</i> which implemented the <i>IDD</i>
9.1.7	G	[deleted]
		Related rules
9.1.8	G	For a <i>firm</i> making <i>personal recommendations</i> in relation to pensions: (1) ■ COBS 19.1 contains additional provisions relevant to assessing suitability and the contents of suitability reports for <i>full pension transfer or conversion advice</i> ; and (2) ■ COBS 19.1A contains additional provisions relevant to assessing suitability and the contents of <i>suitability reports</i> for <i>abridged advice</i> .
9.1.9	G	■ COBS 6.1ZA (Insurance mediation) contains requirements relating to the basis on which certain recommendations may be made, including requirements relating to fair analysis and range and scope.

9.2 Assessing suitability

[Note: The FCA has also issued non-Handbook guidance for firms who advise on pension transfers. See <https://www.fca.org.uk/publication/finalised-guidance/fg21-3.pdf>]

Assessing suitability: the obligations

9.2.1

R

- (1) A *firm* must:
 - (a) take reasonable steps to ensure that a *personal recommendation*, or a decision to trade, is suitable for its *client*; and
 - (a) ensure that any *life policy* proposed is consistent with the *client's* insurance demands and needs.
- (2) When making the *personal recommendation* or *managing his investments*, the *firm* must obtain the necessary information regarding the *client's*:
 - (a) knowledge and experience in the investment field relevant to the specific type of *designated investment* or service;
 - (b) financial situation; and
 - (c) investment objectives;
 so as to enable the *firm* to make the recommendation, or take the decision, which is suitable for the *client* and for a *life policy*, to propose a contract that is consistent with the *client's* insurance demands and needs.

[Note: recital 44 to, and second paragraph of article 20(1), of the *IDD*]

9.2.1A

G

A *client's* insurance demands and needs are those which would need to be obtained under ■ COBS 7.3 where a contract is sold without the provision of a *personal recommendation*.

9.2.2

R

- (1) A *firm* must obtain from the *client* such information as is necessary for the *firm* to understand the essential facts about him and have a reasonable basis for believing, giving due consideration to the nature and extent of the service provided, that the specific transaction to be recommended, or entered into in the course of managing:
 - (a) meets his investment objectives;
 - (b) is such that he is able financially to bear any related investment risks consistent with his investment objectives; and
 - (c) is such that he has the necessary experience and knowledge in order to understand the risks involved in the transaction or in the management of his portfolio.
- (2) The information regarding the investment objectives of a *client* must include, where relevant, information on the length of time for which

		he wishes to hold the investment, his preferences regarding risk taking, his risk profile, and the purposes of the investment.
		(3) The information regarding the financial situation of a <i>client</i> must include, where relevant, information on the source and extent of his regular income, his assets, including liquid assets, investments and real property, and his regular financial commitments.
9.2.3	R	<p>The information regarding a <i>client's</i> knowledge and experience in the investment field includes, to the extent appropriate to the nature of the <i>client</i>, the nature and extent of the service to be provided and the type of product or transaction envisaged, including their complexity and the risks involved, information on:</p> <p>(1) the types of service, transaction and <i>designated investment</i> with which the <i>client</i> is familiar;</p> <p>(2) the nature, volume, frequency of the <i>client's</i> transactions in <i>designated investments</i> and the period over which they have been carried out;</p> <p>(3) the level of education, profession or relevant former profession of the <i>client</i>.</p>
9.2.4	R	A <i>firm</i> must not encourage a <i>client</i> not to provide information for the purposes of its assessment of suitability.
9.2.5	R	<p>Reliance on information</p> <p>A <i>firm</i> is entitled to rely on the information provided by its <i>clients</i> unless it is aware that the information is manifestly out of date, inaccurate or incomplete.</p>
9.2.6	R	<p>Insufficient information</p> <p>If a <i>firm</i> does not obtain the necessary information to assess suitability, it must not make a <i>personal recommendation</i> to the <i>client</i> or take a decision to trade for him.</p>
9.2.7	G	Although a <i>firm</i> may not be permitted to make a <i>personal recommendation</i> or take a decision to trade because it does not have the necessary information, its <i>client</i> may still ask the <i>firm</i> to provide another service such as, for example, to arrange a deal or to deal as agent for the <i>client</i> . If this happens, the <i>firm</i> should ensure that it receives written confirmation of the instructions. The <i>firm</i> should also bear in mind the <i>client's best interests rule</i> and any obligation it may have under the <i>rules</i> relating to appropriateness when providing the different service (see ■ COBS 10, Appropriateness (for non-advised services)) and ■ COBS 10A, Appropriateness (for non-advised services) (MiFID and insurance-based investment products provisions)).
9.2.8	R	[deleted]

Friendly society life policies

9.2.9

R

- (1) When recommending a small *friendly society life policy*, a *firm*, for the purpose of assessing suitability, need only obtain details of the net income and expenditure of the *client* and his dependants.
- (2) A *friendly society life policy* is small if the *premium*:
 - (a) does not exceed £50 a year; or
 - (b) if payable weekly, £1 a week.
- (3) The *firm* must keep for five years a record of the reasons why the recommendation is considered suitable.

9.3 Guidance on assessing suitability

- 9.3.1
- G
- (1) A transaction may be unsuitable for a *client* because of the risks of the *designated investments* involved, the type of transaction, the characteristics of the order or the frequency of the trading.

(2) In the case of *managing investments*, a transaction might also be unsuitable if it would result in an unsuitable portfolio.

[deleted]

Churning and switching

- 9.3.2
- G
- (1) A series of transactions that are each suitable when viewed in isolation may be unsuitable if the recommendation or the decisions to trade are made with a frequency that is not in the best interests of the *client*.

(2) A *firm* should have regard to the *client's* agreed investment strategy in determining the frequency of transactions. This would include, for example, the need to switch a *client* within or between *packaged products*.

[deleted]

Income withdrawals, short-term annuities and uncrystallised funds pension lump sum payments

- 9.3.3
- G
- When a *firm* is making a *personal recommendation* to a *retail client* about *income withdrawals*, *uncrystallised funds pension lump sum* payments or purchase of *short-term annuities*, it should consider all the relevant circumstances including:

(1) the *client's investment* objectives, need for tax-free cash and state of health;

(2) current and future income requirements, existing pension assets and the relative importance of the plan, given the *client's* financial circumstances;

(3) the *client's* attitude to risk, ensuring that any discrepancy is clearly explained between his or her attitude to an *income withdrawal*, *uncrystallised funds pension lump sum* payment or purchase of a *short-term annuity* and other *investments*.

9.3.3A

G

- (1) When a *firm* is making a *personal recommendation* to a *retail client* about the investment of funds in the client's *capped drawdown pension fund* or *flexi-access drawdown pension fund* its suitability assessment under ■ COBS 9.2.1R(1)(a) should include consideration of *pathway investments*.
- (2) *Pathway investments* do not need to be considered where the *personal recommendation* is to purchase a fixed-term product that:
 - (a) provides a guaranteed income, a guaranteed capital return or both; and
 - (b) does not expose the client to investment risk, if the client remains in the product for the fixed term.

Loans and mortgages

9.3.4

G

When considering the suitability of a particular *investment* product which is linked directly or indirectly to any form of loan, mortgage or *home reversion plan*, a *firm* should take account of the suitability of the overall transaction. The *firm* should also have regard to any applicable suitability *rules* in MCOB.

Investments subject to restrictions on retail distribution

9.3.5

G

- (1) *Firms* should note that restrictions and specific requirements apply to the retail distribution of certain *investments*:
 - (a) *non-mass market investments* are subject to a restriction on financial promotions (see section 238 of the Act and ■ COBS 4.12B);
 - (b) *restricted mass market investments* are subject to a restriction on *direct offer financial promotions* (see ■ COBS 4.12A);
 - (c) *contingent convertible instruments* and *CoCo funds* are subject to a restriction on sales and on promotions (see ■ COBS 22.3);
 - (d) *mutual society shares* are subject to specific requirements in relation to *dealing* and *arranging* activities (see ■ COBS 22.3);
 - (e) deferred shares issued by a *credit union* are subject to specific requirements in relation to *dealing* and *arranging* activities (see ■ CREDS 3A.5);
 - (f) *credit union subordinated debt* is subject to a restriction on *direct offer financial promotions* (see ■ CREDS 3A.5).
 - (g) [deleted]
- (2) A *firm* should be satisfied that an exemption is available before recommending an *investment* subject to a restriction on distribution to a *retail client*, noting in particular that a *personal recommendation* to invest will generally incorporate a *financial promotion*.
- (3)
 - (a) In addition to assessing whether the promotion is permitted, a *firm* giving advice on a *designated investment* subject to a restriction on distribution should comply with their obligations in ■ COBS 9 and ensure any *personal recommendation* is suitable for its client.
 - (b)
 - (i) In considering its obligations under ■ COBS 9, a *firm* purchasing a *designated investment* subject to a restriction

on distribution on behalf of a *retail client* as part of a discretionary management agreement should exercise particular care to ensure the transaction is suitable and in that *client's* best interests, having regard to the *FCA's* view that such *designated investments* pose particular risks of inappropriate distribution.

- (ii) A restriction on promotion does not affect a transaction where there has been no prior communication with the *client* in connection with the investment by the *firm* or a *person* connected to the *firm*. Nonetheless, if promotion of a *designated investment* to a *retail client* would not have been permitted, then the discretionary manager's decision to purchase it on behalf of the *retail client* should be supported by detailed and robust justification of his assessment of suitability.

Pension transfers, conversions and opt-outs

9.3.6

G

Guidance on assessing suitability when a *firm* is making a *personal recommendation* for a *retail client* who is, or is eligible to be, a member of a *pension scheme* with *safeguarded benefits* and who is considering whether to transfer, convert or opt-out is contained in ■ COBS 19.1.6G (in respect of *full pension transfer or conversion advice* or advice on a *pension opt-out*) and ■ COBS 19.1A.11G (in respect of *abridged advice*).

9.4 Suitability reports

Providing a suitability report

- 9.4.1** **R** A *firm* must provide a *suitability report* to a *retail client* if the *firm* makes a *personal recommendation* to the *client* and the *client*:
- (1) acquires a holding in, or *sells* all or part of a holding in:
 - (a) a *regulated collective investment scheme*;
 - (b) an *investment trust* where the relevant *shares* have been or are to be acquired through an *investment trust savings scheme*;
 - (c) an *investment trust* where the relevant *shares* are to be held within an *ISA* which has been promoted as the means for investing in one or more specific *investment trusts*; or
 - (2) *buys, sells, surrenders, converts or cancels* rights under, or suspends contributions to, a *personal pension scheme* or a *stakeholder pension scheme*; or
 - (3) elects to make *income withdrawals*, an *uncrystallised funds pension lump sum* payment or purchase a *short-term annuity*; or
 - (4) enters into a *pension opt-out*.
- 9.4.2** **R** If a *firm* makes a *personal recommendation* in relation to a *life policy*, it must provide the *client* with a *suitability report*.
 [Note: first and third paragraphs of article 20(1) of the *IDD*]
- 9.4.2A** **R** If a *firm* makes a *personal recommendation* in relation to a *pension transfer* or *pension conversion*, it must provide:
 the *client* with a *suitability report*; and
 (except where the only *safeguarded benefit* involved is a *guaranteed annuity rate*) a one page summary at the front of the *suitability report*.
- 9.4.3** **R** The obligation to provide a *suitability report* does not apply:
- (1) if the *firm*, acting as an *investment manager* for a *retail client*, makes a *personal recommendation* relating to a *regulated collective investment scheme*;
 - (2) if the *client* is habitually resident outside the *United Kingdom* and the *client* is not present in the *United Kingdom* at the time of

		<p>acknowledging consent to the proposal form to which the <i>personal recommendation</i> relates;</p> <p>(3) [deleted]</p> <p>(4) if the <i>personal recommendation</i> is to increase a regular <i>premium</i> to an existing contract;</p> <p>(5) if the <i>personal recommendation</i> is to invest additional single <i>premiums</i> or single contributions to an existing <i>packaged product</i> to which a single <i>premium</i> or single contribution has previously been paid.</p> <p>Timing.....</p>
9.4.4	R	<p>A <i>firm</i> must provide the <i>suitability report</i> to the <i>client</i>:</p> <p>(1) in the case of a <i>life policy</i>, before the contract is concluded;</p> <p>(2) in the case of a <i>personal pension scheme</i> or <i>stakeholder pension scheme</i> that is not a <i>life policy</i>, where the <i>rules</i> on cancellation (■ COBS 15) require notification of the right to cancel, no later than the fourteenth day after the contract is concluded;</p> <p>(2A) in the case of a <i>pension transfer</i> or <i>pension conversion</i>, in good time before the transaction is effected; or</p> <p>(3) in any other case, when or as soon as possible after the transaction is effected or executed.</p> <p>[Note: first and third paragraphs of article 20(1) of the <i>IDD</i>]</p>
9.4.5	R	<p>[deleted]</p>
9.4.6	R	<p>In the case of telephone selling of a <i>life policy</i>, when the only contact between a <i>firm</i> and its <i>client</i> before conclusion of a contract is by telephone, the <i>suitability report</i> must be given in accordance with ■ COBS 7.4.</p> <p>[Note: article 23(7) of the <i>IDD</i>]</p>
		<p>Contents.....</p>
9.4.7	R	<p>The <i>suitability report</i> must, at least:</p> <p>(1) specify, on the basis of the information obtained from the <i>client</i>, the <i>client's</i> demands and needs;</p> <p>(2) explain why the <i>firm</i> has concluded that the recommended transaction is suitable for the <i>client</i> having regard to the information provided by the <i>client</i>;</p> <p>(3) explain any possible disadvantages of the transaction for the <i>client</i>; and</p> <p>(4) in the case of a <i>life policy</i>, include a personalised recommendation explaining why a particular <i>life policy</i> would best meet the <i>client's</i> demands and needs.</p> <p>[Note: first and third paragraphs of article 20(1) of the <i>IDD</i>]</p>

9.4.8 **R** A *firm* must ensure the details are modulated according to the complexity of the transaction or the proposed *contract of insurance* and the type of *client*.
[Note: article 20(2) of the *IDD*]

9.4.8A **R** Where a *friendly society* has given a *personal recommendation* on a small *life policy* in ■ **COBS 9.2.9R(2)**, the *suitability report* must include, at least, the information required by ■ **COBS 9.4.7R(1)** and (4).[Note: first and third paragraphs of article 20(1) of the *IDD*]

Means of communication (life policies)

9.4.9 **R** If a *firm* is providing a *suitability report* in the course of *insurance distribution activity*, the information must be in accordance with ■ **COBS 7.4**.
[Note: article 23 of the *IDD*]

Additional content for income withdrawals

9.4.10 **G** When a *firm* is making a *personal recommendation* to a *retail client* about *income withdrawals* or purchase of *short-term annuities* or making *uncrystallised funds pension lump sum* payments, explanation of possible disadvantages in the *suitability report* should include the risk factors involved in entering into an *income withdrawal*, purchase of a *short-term annuity* or making *uncrystallised funds pension lump sum* payments. These may include:

- (1) the capital value of the fund may be eroded;
- (2) the *investment* returns may be less than those shown in the illustrations;
- (3) annuity or *scheme pension* rates may be at a worse level in the future;
- (4) the levels of income provided may not be sustainable; and
- (5) there may be tax implications.

Additional content for pension transfers and conversions

9.4.11 **R** (1) A *firm* must include a one page summary at the front of the *suitability report* when making a *personal recommendation* in relation to a *pension transfer* or a *pension conversion*, except where the only *safeguarded benefit* involved is a *guaranteed annuity rate*.
(2) The one page summary must include the following:

- (a) a summary of the *personal recommendation*;
- (b) a statement as to whether the recommendation is in relation to *abridged advice* or *full pension transfer or conversion advice*;
- (c) information about the ongoing advice and/or services (if any) the *firm*, or any other *person*, proposes to provide to the *client* after the execution of the *pension transfer* or *pension conversion*;
- (d) the risks associated with *pension transfers* or *pension conversions* as set out in ■ **COBS 19.1.6G(4)(b)**, and an invitation to the *client* to consider whether they fully understand those risks and, if so, sign the one page summary to confirm that;

- (e) all of the ongoing advice charges, all other ongoing charges and any additional charges expected to be incurred by the *client* if they proceed with the *pension transfer* or *pension conversion*, together with a comparison to the charges and revalued monthly income in the *ceding arrangement* and to the charges in any *default arrangement* in any available *qualifying scheme*; and
 - (f) information about the amounts payable (in *cash terms*) in relation to the initial advice on the *pension transfer* or *pension conversion*, and the number of months (rounded up to the nearest whole month) it would take to pay that amount out of the revalued monthly income the *client* would receive from the *ceding arrangement*.
- (3) Where the *firm* only gave *abridged advice*:
 - (a) the information in (2)(c), (d) and (e) is not required;
 - (b) the information in (2)(f) must clearly state that this is only relevant if the *client* wishes to obtain *full pension transfer* or *conversion advice*; and
 - (c) the one page summary must also set out:
 - (i) that the *firm* has not given *full pension transfer* or *conversion advice*, and provide a summary of the difference between it and *abridged advice*; and
 - (ii) that where the *full pension transfer* or *conversion advice* is within the scope of the requirement in section 48 of the Pension Schemes Act 2015, no *firm* can arrange a *pension transfer* or a *pension conversion* unless the *client* receives *full pension transfer* or *conversion advice*.
- (4) The summary in (2)(a) must:
 - (a) set out whether the recommendation is to effect a *pension transfer* or *pension conversion* or to remain in the *client's* current scheme or arrangement;
 - (b) set out where in the *suitability report* the *client* can obtain a more detailed explanation of the recommendation;
 - (c) invite the *client* to consider whether they accept or do not accept the recommendation and, if so, sign the one page summary to confirm that; and
 - (d) where the *firm* provides *full pension transfer* or *conversion advice* and any *advice on investments* (whether by the *firm* or any other person) in connection with the *pension transfer* or *pension conversion*, set out the summary of the advice given by the *firm* and/or any other person for both services.
- (5) The information in (2)(c) must:
 - (a) set out that the *client* is not required to accept ongoing advice and/or services proposed (if any);
 - (b) explain that the *client* can opt out of receiving ongoing advice and/or services at any time;
 - (d) set out, in *cash terms*, the monthly and annual charges associated with receiving ongoing advice and/or services whether by the *firm* or any other person;
 - (d) where the *firm* proposes that it or another *firm* offers ongoing advice and/or services to the *client*, invite the *client* to consider

whether they wish to receive this ongoing advice and/or services proposition, and whether they agree to the associated charges, and if so, sign the one page summary to consent to receiving the ongoing advice and/or services, and agree to the associated charges; and

- (e) where the *client* declines to sign the one page summary for any of the proposals in (d), set out that the *client* is not required to accept ongoing advice and/or services, and explain that additional charges and/or other amounts may be payable by the *client* if they wish to receive ongoing advice and/or services from another person.
- (6) The summary of the anticipated charges associated with the *pension transfer* or *pension conversion* in (2)(e) must include the anticipated first-year charges after the *pension transfer* or *pension conversion* and be set out:
 - (a) in *cash terms*;
 - (b) alongside any charges associated with the *client's ceding arrangement* (and presented as nil if there are no charges); and
 - (c) alongside any charges associated with any *default arrangement* in any *qualifying scheme* available to the *client*, if the *client* chose to transfer to that scheme.
- (7) The revalued monthly income in the *ceding arrangement* referred to in (2)(e) must:
 - (a) (where the *client* has not passed the normal retirement age) be calculated by:
 - (i) revaluing the *future income benefits* to the date the *client* would normally be paid in accordance with [■ COBS 19 Annex 4B 1R\(1\)\(1\)](#); and
 - (ii) discounting the value of the *future income benefits* to the calculation date in accordance with the assumption in [■ COBS 19 Annex 4C 1R\(4\)\(d\)](#);
 - (b) (where the *client* has passed the normal retirement age) be calculated in line with the current income in the *ceding arrangement*.

9.4.12

G

- (1) If the *personal recommendation* to the *client* is to remain in the *ceding arrangement*, and the *client* declines to sign the one page summary to confirm that they intend to accept the *personal recommendation* in accordance with [■ COBS 9.4.11R\(4\)\(c\)](#), the *firm* should follow the insistent *client* guidance in [■ COBS 9.5A](#) (Additional guidance for firms with insistent clients).
- (2) If the *client* declines to sign the one page summary of the advice to confirm their understanding of the risks in [■ COBS 9.4.11R\(2\)\(d\)](#), the *firm* should take further steps to establish whether the *client* has fully understood the risks, and if not, consider changing its *personal recommendation*.
- (3) The other ongoing charges in [■ COBS 9.4.11R\(2\)\(e\)](#) include (but are not limited to):
 - (a) ongoing product charges, including those in relation to *investments* within the product;

- (b) discretionary fund management charges; and/or
 - (c) platform charges.
- (4) The additional charges in ■ COBS 9.4.11R(2)(e) include initial product charges, charges associated with accessing existing funds or moving funds to a different scheme.

9.5 Record keeping and retention
periods for suitability records

- 9.5.1

G

A *firm* to which ■ SYSC 9 applies is required to keep orderly records of its business and internal organisation (see ■ SYSC 9, General rules on record-keeping). Other *firms* are required to take reasonable care to establish and maintain such systems and controls as are appropriate to their business (see ■ SYSC 3, Systems and controls). The records may be expected to reflect the different effect of the *rules* in this chapter depending on whether the *client* is a *retail client* or a *professional client*: for example, in respect of the information about the *client* which the *firm* must obtain and whether the *firm* is required to provide a *suitability report*.
- 9.5.2

R

A *firm* must retain its records relating to suitability for a minimum of the following periods:

 - (1) if relating to a *pension transfer, pension conversion, pension opt-out* or *FSAVC*, indefinitely;
 - (2) if relating to a *life policy, personal pension scheme, stakeholder pension scheme* or benefits in a *defined contribution occupational pension scheme* (unless otherwise falling in (1) above), five years; and
 - (3) [deleted]
 - (4) in any other case, three years.
- 9.5.3

R

A *firm* need not retain its records relating to suitability if the *client* does not proceed with the recommendation

9.5A Additional guidance for firms with insistent clients

Purpose

- 9.5A.1** G The *guidance* in this section is relevant where a *client* of a *firm* becomes an insistent *client*. The purpose of the *guidance* is to set out how a *firm*, when dealing with an insistent *client*, can comply with its obligations under:
- (1) the *Principles* (see ■ PRIN 2);
 - (2) the *client's best interests rule* (see ■ COBS 2.1.1R);
 - (3) the *fair, clear and not misleading rule* (see ■ COBS 4.2.1R);
 - (4) the *rules* on suitability in this chapter (■ COBS 9 (Suitability (including basic advice))); and
 - (5) the *rules* on record-keeping (see ■ COBS 9.5 (Record keeping and retention periods for suitability reports) and ■ SYSC 9 (General rules on record-keeping)).

Who is an insistent client?

- 9.5A.2** G In this section, a *client* should be considered an insistent *client* where:
- (1) the *firm* has given the *client* a *personal recommendation*;
 - (2) the *client* decides to enter into a transaction which is different from that recommended by the *firm* in the *personal recommendation*; and
 - (3) the *client* wishes the *firm* to facilitate that transaction.

Information to be communicated to an insistent client

- 9.5A.3** G
- (1) Where a *firm* proceeds to execute a transaction for an insistent *client* which is not in accordance with the *personal recommendation* given by the *firm*, the *firm* should communicate to the insistent *client*, in a way which is clear, fair and not misleading, and having regard to the information needs of the insistent *client* so that the *client* is able to understand, the information set out in (2).
 - (2) The information which the *firm* should communicate to the insistent *client* is:
 - (a) that the *firm* has not recommended the transaction and that it will not be in accordance with the *firm's personal recommendation*;

- (b) the reasons why the transaction will not be in accordance with the *firm's personal recommendation*;
- (c) the risks of the transaction proposed by the insistent *client*; and
- (d) the reasons why the *firm* did not recommend that transaction to the *client*.

Acknowledgement from the insistent client

- 9.5A.4** G (1) The *firm* should obtain from the insistent *client* an acknowledgement that:
- (i) the transaction is not in accordance with the *firm's personal recommendation*; and
 - (ii) the transaction is being carried out at the request of the *client*.
- (2) Where possible, the acknowledgment should be in the *client's* own words.

Further personal recommendations given to an insistent client

- 9.5A.5** G Where a *firm* gives a further *personal recommendation* in relation to the transaction proposed by the insistent *client*, the *firm* should make clear to the *client* that this *personal recommendation* is distinct from, but does not affect the conclusions of, the initial *personal recommendation*.

Record keeping

- 9.5A.6** G (1) A *firm* dealing with an insistent *client* should retain a record of:
- (a) the advice and transaction process followed, including the communications with the *client*; and
 - (b) the acknowledgment from the *client* referred to in ■ COBS 9.5A.4G.

9.6 Special rules for giving basic advice on a stakeholder product

- 9.6.1 **G** This section applies to a *firm* giving *basic advice*, which has chosen to comply with the *rules* in this section instead of the other *rules* in this chapter (see ■ COBS 9.1.2 R).

Range

- 9.6.2 **R** A *firm* is permitted to maintain more than one *range of stakeholder products*.

- 9.6.3 **R** A *range of stakeholder products*:
- (1) may include more than one *deposit-based stakeholder product*;
 - (2) may include the *stakeholder products* of more than one *stakeholder product provider*;

 - (2) give the *client* a list of the *stakeholder products* and *stakeholder product providers* that appear in that *range*;
- if the *client* asks it do so.

Requirements on first contact

- 9.6.5 **R** When a *firm* first has contact with a retail client with a view to giving *basic advice* on a *stakeholder product*, it must give the *retail client*:
- (1) the *basic advice* initial disclosure information (■ COBS 9 Annex 1), in a *durable medium*, together with an explanation of that information, unless:
 - (a) it has already done so and the *basic advice* initial disclosure information is likely still to be accurate and appropriate; or

A <i>firm</i> that does that must not provide <i>basic advice</i> during the departure period. Sales processes for stakeholder products

This Annex gives *guidance* on the standards and requirements to which a *firm* may have regard in designing a sales process for *stakeholder products* and assumes that *firms* will provide *basic advice* to *retail clients* who have no practical knowledge of investing in *stakeholder products* or *investments*.

General Standards – all sales

- 1. A sales process for *stakeholder products* may allow the *representative* administering it to depart from scripted questions where this is desirable to enable the *retail client* to better understand the points that need to be made provided this is compatible with the *representative's* competence and the degree of support offered by the *firm's* software and other systems. A software-based system is more likely to provide an adaptable means of providing prompts and support for *representatives* which may accordingly support a more flexible sales process.
- 2. Questions, statements and warnings provided should be short, simple and in plain language. Questions should address one issue at a time.
- 3. The sales process should enable the *retail client* to exit freely and without pressure at any stage. It should also allow the *representative* to terminate the process at any stage if it appears unlikely (for affordability, mis-match, risk or other reasons) that there is a suitable product for the *retail client*.
- 4. Where necessary the sales process should incorporate procedures to allow uncertainties in the *retail client's* answers to be addressed before proceeding and should generally reflect caution about proceeding if clarification or further information cannot be obtained during the process (for example if a *retail client* cannot confirm whether he or she is eligible for membership of an *occupational pension scheme*).

Preliminary - all sales

- 5. The *retail client* should be given the following preliminary information:
 - (a) the *retail client* will only be given *basic advice* about *stakeholder products*;
 - (b) *stakeholder products* are intended to provide a relatively simple and low-cost way of investing and saving;
 - (c) the *range of stakeholder products* on which the *representative* will give advice to that *retail client*;
 - (d) the *retail client* will be asked a series of questions about his or her needs and circumstances and, at the end of the procedure, he or she may be recom-

		mended to acquire a <i>stakeholder product</i> ;
	(e)	the assessment of whether a <i>stakeholder product</i> is suitable will be made without a detailed assessment of the <i>retail client's</i> needs but will be based only on the information disclosed during the questioning process; and
	(f)	the <i>retail client's</i> answers will be noted and, at the end of the process, if a recommendation to acquire a <i>stakeholder product</i> is made, the <i>retail client</i> will be provided with a copy of the completed questionnaire.
6.	Following 5, the <i>retail client</i> should be asked if he or she wishes to proceed and, if not, the sales process should cease.	
Affordability - all sales		
7.	If it appears that the <i>retail client</i> is unlikely to be able to afford a <i>stakeholder product</i> , the sale should be terminated and the <i>retail client</i> given an explanation together with a copy of the questions and answers completed to that point.	
Financial Priorities and Debt - all sales		
8.	A <i>retail client</i> should be assessed to ascertain other possible financial priorities -for example, does the <i>retail client</i> need (a) insurance protection; (b) access to liquid cash to meet an emergency; or (c) to reduce existing debts? If appropriate, the <i>retail client</i> should be given an unambiguous warning about the desirability of meeting those priorities before acquiring a <i>stakeholder product</i> .	
9.	A stronger warning about the desirability of addressing debt as a priority should be given if it appears that the <i>retail client</i> is significantly indebted, especially if there is a strong indication that the debt commitments may render any new commitment unaffordable in the short-term. For this purpose a <i>firm</i> should consider using a threshold or indicator to decide whether a <i>retail client</i> should be excluded on the basis of affordability. Examples may include where the <i>retail client</i> has (a) annual unsecured debt repayments in excess of 20% of gross annual income or (b) four or more active forms of unsecured debt or (c) has consistently reached his overdraft limit. A <i>firm</i> should review its chosen indicator or threshold regularly to ensure that it reflects prevailing economic conditions and takes account of industry best practice.	
10.	A <i>firm</i> should clearly explain what it needs to know about a <i>retail client's</i> debt and consider using a range of alternative words (eg 'loans', 'student loans', 'borrowing' and 'other forms of credit') to ensure all relevant information is obtained. A <i>firm</i> may use a simple reckoner to assess <i>retail client</i> debt, but should be conscious of the nature of, and not give the impression that it is providing more than, <i>basic advice</i> .	
11.	If a <i>firm</i> gives a warning about the desirability of meeting other priorities before acquiring a <i>stakeholder product</i> , or about affordability, it should also invite the <i>retail client</i> to consider terminating the sales process.	
Saving and investment objectives - all sales (except establishing a stakeholder CTF)		

12. A *retail client's* savings and investment objectives, including the period over which the *retail client* wishes to save or invest, should be ascertained including whether the *retail client*:
 - (a) may need early access to some or all of the amount saved or invested; or
 - (b) wishes to save or invest for retirement; or
 - (c) wants to accumulate a specific sum by a specific date.
 13. If that information indicates that the *retail client's* objective is:
 - (a) to accumulate a specific sum by a specific date; or
 - (b) to save or invest only for the short term; or
 - (c) early access may be required to the whole of the sum saved or invested;the *firm* should not normally recommend a *CIS stakeholder product*, a *linked life stakeholder product*, a *stakeholder pension scheme* or topping up of a *stakeholder CTF*.
- Tolerance of risk - all sales
14. If a *retail client* is not willing to accept any risk of the capital value of an investment being reduced then *CIS stakeholder products*, *linked life stakeholder products* and *stakeholder CTFs* should not usually be recommended. However, a *firm* may, if appropriate, explain the effect of inflation on long-term savings especially in relation to pensions and invite the *retail client* to consider his attitude to risk in the light of that explanation.
 15. If a *retail client* is willing to accept the risk of capital reduction in some circumstances but not others then, before any recommendation to acquire a *CIS stakeholder product* or *linked life stakeholder product* is made, the *retail client* should be reminded of the other circumstances in which he or she is unwilling to accept risk to capital.
- Stakeholder pensions
16. A *stakeholder pension scheme* should not be recommended, and the *retail client* should be advised to seek alternative or further advice, if it appears that the *retail client*:
 - (a) has or will have access to an *occupational pension scheme*; or
 - (b) is likely to view income in retirement from state benefits as sufficient; or
 - (c) already has a pension to which he or she could make further contributions; or
 - (d) wishes to retire within five years.
 17. It may also be appropriate to advise the *retail client* that other courses of action may be more beneficial than buying a *stakeholder pension scheme* (for example joining an *occupational pension scheme*).

18. A *firm* designing a sales process for use in the workplace may take account of the benefits offered by the employer. If a *firm* recommends a *stakeholder pension scheme* on the basis of benefits provided by an employer, then it should explain the basis of the recommendation to the *retail client* and suggest that the *retail client* seek advice if he or she has any concerns.
19. A *firm* should design its processes with a view to addressing the risk that *retail clients* will fail to appreciate the significance of questions about their pension provision and should accordingly incorporate a range of questions and information designed to foster the *retail client's* understanding of the issues and to elicit appropriate information.
20. *Retail client* should be told that a *stakeholder pension scheme* is life-styled and what this means.
21. A *firm* may provide a copy of the table setting out initial monthly pension amounts, found within the "Stakeholder pension decision tree" factsheet, available on <https://www.moneyhelper.org.uk> in accordance with COBS 13 Annex 2 1.8R, but in doing so should also provide and explain the caveats and assumptions behind the table. A *firm* should make it clear that the decision on how much to invest is the *retail client's* responsibility and that they should get further advice if they have any concerns.
- ISAs
22. A *firm* should ascertain whether the *retail client* has already opened a mini or maxi *ISA* and, if so, whether it would be appropriate for the *retail client* to open a non-*ISA* version of the same product.

9A.1 Application and purpose

9A.2 Assessing suitability: the obligations

- 9A.2.1** **R** When providing *investment advice* or *portfolio management* a *firm* must:
- (1) obtain the necessary information regarding the *client's*:
 - (a) knowledge and experience in the investment field relevant to the specific type of *financial instrument*, *insurance-based investment product* or service;
 - (b) financial situation including his ability to bear losses; and
 - (c) investment objectives including his risk tolerance, so as to comply with (2);
 - (2) only recommend *investment services*, *financial instruments* and *insurance-based investment products*, as applicable, or take decisions to trade, which are suitable for the *client* and, in particular, in accordance with the *client's* risk tolerance and ability to bear losses.
- [Note: first paragraph of article 25(2) of *MiFID*, first paragraph of article 30(1) of the *IDD*]
- 9A.2.2** **G** *Firms* should undertake a suitability assessment not only when making a *personal recommendation* to buy a *financial instrument* or an *insurance-based investment product* but for all decisions whether to trade, including making any *personal recommendations* about whether or not to buy, hold or sell an investment.
- [Note: recital 87 to the *MiFID Org Regulation*]
- 9A.2.3** **G** Where a *firm* providing a *portfolio management* service makes a recommendation or request, or provides advice, to a *client* to the effect that the *client* should give or alter a mandate to the *firm* that defines the limits of the *firm's* discretion, that recommendation, request or advice should be considered a recommendation for the purposes of ■ **COBS 9A.2.1R**. A *firm* should therefore undertake a suitability assessment in relation to any such recommendation, request or advice.
- [Note: recital 89 to the *MiFID Org Regulation*]
- 9A.2.3A** **R** When proposing an *insurance-based investment product* a *firm* must ensure it is consistent with the *client's* insurance demands and needs.

- (1A) An *insurance-based investment product* may be unsuitable for a *client* due to the risks of the underlying investment assets, the type or characteristics of the product or the frequency of switching of underlying investment assets.
- (2) A series of transactions, each of which are suitable when viewed in isolation may be unsuitable if the recommendation or the decisions to trade are made with a frequency that is not in the best interests of the *client*.
- (3) In the case of *portfolio management*, a transaction might be unsuitable if it would result in an unsuitable portfolio.

Investments subject to restrictions on retail distribution: MiFID business and insurance-based investment products

9A.2.22

G

- (1) *Firms* should note that restrictions and specific requirements apply to the retail distribution of certain *investments*:
 - (a) *non-mass market investments* are subject to a restriction on *financial promotions* (see section 238 of the Act and ■ COBS 4.12B);
 - (b) *restricted mass market investments* are subject to a restriction on *direct offer financial promotions* (see ■ COBS 4.12A);
 - (c) *mutual society shares* are subject to specific requirements in relation to *dealing and arranging activities* (see ■ COBS 22.2);
 - (d) *contingent convertible instruments* and *CoCo funds* are subject to a restriction on sales and on promotions (see ■ COBS 22.3).
 - (e) [deleted]
- (2) A *firm* should be satisfied that an exemption is available before recommending an *investment* subject to a restriction on distribution to a *retail client*, noting in particular that a *personal recommendation* to invest will generally incorporate a *financial promotion*.
- (3) In addition to assessing whether the promotion is permitted, a *firm* giving advice on an *investment* subject to a restriction on distribution should comply with their obligations in ■ COBS 9A and ensure any *personal recommendation* is suitable for its *client*.
- (4) In considering its obligations under ■ COBS 9A, a *firm* purchasing an *investment* subject to a restriction on distribution on behalf of a *retail client* as part of a discretionary management agreement should exercise particular care to ensure the transaction is suitable and in the client's best interests, having regard to the *FCA's* view that such *investments* pose particular risks of inappropriate distribution.
- (5) A restriction on promotion does not affect a transaction where there has been no prior communication with the *client* in connection with

9A

the investment by the *firm* or a person connected to the *firm*. Nonetheless, if promotion of an *investment* to a *retail client* would not have been permitted, then the discretionary manager's decision to purchase it on behalf of the *retail client* should be supported by detailed and robust justification of his assessment of suitability.

Automated or semi-automated systems: MiFID business

9A.2.23 UK

54(1) Where investment advice or portfolio management services are provided in whole or in part through an automated or semi-automated system, the responsibility to undertake the suitability assessment shall lie with the investment firm providing the service and shall not be reduced by the use of an electronic system in making the personal recommendation or decision to trade.

Automated or semi-automated systems: insurance-based investment products

9A.2.24 G

For the avoidance of doubt, a *firm's* responsibility to perform the suitability assessment in accordance with ■ COBS 9A.2.1R and ■ COBS 9A.2.16R is not reduced where a *personal recommendation on insurance-based investment products* is provided in whole or in part through an automated or semi-automated system.

10.2.1	R	<p>(1) When providing a service to which this chapter applies, a <i>firm</i> must ask the <i>client</i> to provide information regarding his knowledge and experience in the investment field relevant to the specific type of product or service offered or demanded so as to enable the <i>firm</i> to assess whether the service or product envisaged is appropriate for the <i>client</i>.</p> <p>(2) When assessing appropriateness, a <i>firm</i> must determine whether the <i>client</i> has the necessary experience and knowledge in order to understand the risks involved in relation to the product or service offered or demanded.</p>

10.3 Warning the client

- 10.3.1

R

(1) If a *firm* considers, on the basis of the information received to enable it to assess appropriateness, that the product or service is not appropriate to the *client*, the *firm* must warn the *client*.

(2) This warning may be provided in a standardised format.
- 10.3.2

R

(1) If the *client* elects not to provide the information to enable the *firm* to assess appropriateness, or if he provides insufficient information regarding his knowledge and experience, the *firm* must warn the *client* that such a decision will not allow the *firm* to determine whether the service or product envisaged is appropriate for him.

(2) This warning may be provided in a standardised format.
- 10.3.3

G

If a *client* asks a *firm* to go ahead with a transaction, despite being given a warning by the *firm*, it is for the *firm* to consider whether to do so having regard to the circumstances.

10.4 Assessing appropriateness: when it need not be done

10.4.1

R

- (1) A *firm* is not required to ask its *client* to provide information or assess appropriateness if:
 - (a) the service only consists of execution and/or the reception and transmission of *client* orders, with or without *ancillary services*, it relates to particular *financial instruments* and is provided at the initiative of the *client*;
 - (b) the *client* has been clearly informed (whether the warning is given in a standardised format or not) that in the provision of this service the *firm* is not required to assess the suitability of the instrument or service provided or offered and that therefore he does not benefit from the protection of the *rules* on assessing suitability; and
 - (c) the *firm* complies with its obligations in relation to conflicts of interest.
- (2) The *financial instruments* referred to in (1)(a) are:
 - (a) [deleted]
 - (b) money market instruments, bonds or other forms of securitised debt (excluding those bonds or securitised debt that embed a *derivative*); or
 - (c) [deleted]
 - (d) other non-complex *financial instruments*.
- (3) A *financial instrument* is non-complex if it satisfies the following criteria:
 - (a) it is not a *derivative* or other security giving the right to acquire or sell a *transferable security* or giving rise to a cash settlement determined by reference to transferable securities, currencies, interest rates or yields, commodities or other indices or measures;
 - (b) there are frequent opportunities to dispose of, redeem, or otherwise realise the instrument at prices that are publicly available to the market participants and that are either market prices or prices made available, or validated, by valuation systems independent of the issuer;
 - (c) it does not involve any actual or potential liability for the *client* that exceeds the cost of acquiring the instrument; and
 - (d) adequately comprehensive information on its characteristics is publicly available and is likely to be readily understood so as to enable the average *retail client* to make an informed judgment as to whether to enter into a transaction in that instrument.

- 10.4.2

R

If a *client* engages in a course of dealings involving a specific type of product or service through the services of a *firm*, the *firm* is not required to make a new assessment on the occasion of each separate transaction. A *firm* complies with the *rules* in this chapter provided that it makes the necessary appropriateness assessment before beginning that service.
- 10.4.3

G

As explained in ■ COBS 4.12A.33G, ■ COBS 10.4 is not relevant for the purpose of complying with the *rules* requiring an appropriateness assessment under ■ COBS 4.12A in relation to *restricted mass market investments*.

10.5.2	G	A service can be considered to be provided at the initiative of a <i>client</i> notwithstanding that the <i>client</i> demands it on the basis of any communication containing a promotion or offer of <i>investments</i> made by any means that by its very nature is general and addressed to the public or a larger group or category of <i>clients</i> .

Assessing appropriateness: non-readily realisable securities

This Annex belongs to ■ COBS 10.2.9G(1)(a) and ■ COBS 10A.2.11G.

When determining whether a *retail client* has the necessary knowledge to understand the risks involved in relation to a *non-readily realisable security*, a *firm* should consider asking the *client* questions that cover, at least, the following matters:

- (1) the nature of the *client's* contractual relationship with the *issuer* and any underlying beneficiaries of the investment;
- (2) the possibility that the *client* could lose all the money they invest;
- (3) the risk of failure of the *issuer* and the associated risk of losing all of the money invested;
- (4) the regulated status of the investment activity, including that the issuance of *securities* does not ordinarily involve *regulated activity* and the implications in relation to *FCA* regulation;
- (5) the extent to which the protection of the *Financial Ombudsman Service* or *FSCS* apply to the investment activity (including the fact that these services do not protect investors against poor investment performance and that the *Financial Ombudsman Service* cannot ordinarily consider complaints in relation to *unauthorised persons*);
- (6) the potential illiquidity of *non-readily realisable securities* (including the unlikelihood or impossibility that the *client* will be able to sell the *security* and the nature of the mechanisms through which the *client* could be paid their money back);
- (7) the risk to any management and administration of the *client's* investment in the event of the *issuer* becoming insolvent or otherwise failing;
- (8) the role of the *issuer* (including its role in assessing and making underlying investments);
- (9) that where a *security* is held in an *innovative finance ISA* (IFISA), this does not reduce the risk of the *security* or otherwise protect the *client* from the risk of losing their money;
- (10) the benefits of diversification and that *retail clients* should not generally invest more than 10% of their net assets in *restricted mass market investments*;
- (11) where the *security* is a *share*:
 - (a) the likelihood of dividend payments;
 - (b) the risk of dilution from further issues of *shares* and the implications for the value of the *security*; and
 - (c) the risk of any further issues of *shares* granting preferential rights that negatively impact existing investors and the implications for the value of the *security*;
- (12) where the *security* is a *debenture*:
 - (a) the *client's* exposure to the credit risk of the *issuer*;
 - (b) that investing in a *debenture* is not comparable to depositing money in a savings account; and
 - (c) that returns may vary over time; and

- (13) where an investment in a *non-readily realisable security* is, or is to be, arranged by a *firm*:
- (a) the nature of the *client's* contractual relationships with the *firm*;
 - (b) the role of the *firm* and the scope of the service it provides to *clients* (including the extent of the due diligence that the *firm* undertakes in relation to the *securities* that it distributes); and
 - (c) the risk to any management and administration of the *client's* investment in the event of the *firm* becoming insolvent or otherwise failing.

Assessing appropriateness: P2P agreements and P2P portfolios

This Annex belongs to ■ COBS 10.2.9G(1)(b).

When determining whether a *retail client* has the necessary knowledge to understand the risks involved in relation to a *P2P agreement* or a *P2P portfolio*, a *firm* should consider asking the *client* questions that cover, at least, the following matters:

- (1) the nature of the *client's* contractual relationships with the borrower and the *firm*;
- (2) the *client's* exposure to the credit risk of the borrower;
- (3) that the *client* can lose all of the money that they invest in a *P2P agreement* or *P2P portfolio*;
- (4) that *P2P agreements* or *P2P portfolios* are not covered by FSCS and that the *Financial Ombudsman Service* does not protect investors against poor performance of *P2P agreements* or *P2P portfolios*;
- (5) that returns may vary over time;
- (6) that entering into a *P2P agreement* or investing in a *P2P portfolio* is not comparable to depositing money in a savings account;
- (7) the characteristics of any:
 - (a) security interest, insurance or guarantee taken in relation to the *P2P agreements* or *P2P portfolio*; or
 - (b) risk diversification facilitated by the *firm*; or
 - (c) *contingency fund* offered by the *firm*; or
 - (d) any other risk mitigation measure adopted by the *firm*;
- (8) that any of the measures in (7) adopted by the *firm* cannot guarantee that the *client* will not suffer a loss in relation to the money invested;
- (9) that where a *firm* has not adopted any risk mitigation measures (such as those in (7)), the extent of any loss of money invested is likely to be greater than if risk mitigation measures were adopted by the *firm*;
- (10) illiquidity in the context of a *P2P agreement* or *P2P portfolio*, including the risk that the lender may be unable to exit a *P2P agreement* before maturity even where the *firm* operates a secondary market (including the fact that any advertised access to money invested is not guaranteed);
- (11) the role of the *firm* and the scope of its services, including what the *firm* does and does not do on behalf of *clients*;
- (12) the risks to the management and administration of a *P2P agreement* or *P2P portfolio* in the event of the *firm's* becoming insolvent or otherwise failing;
- (13) that where a *P2P agreement* or *P2P portfolio* is held in an *innovative finance ISA* (IFISA), this does not reduce the risk of the *P2P agreement* or *P2P portfolio* or otherwise protect the *client* from the risk of losing their money; and

- (14) the benefits of diversification and that *retail clients* should not generally invest more than 10% of their net assets in *restricted mass market investments*.

Assessing appropriateness: units in a long-term asset fund

This Annex belongs to ■ COBS 10.2.9G(1)(m).

When determining whether a *retail client* has the necessary knowledge to understand the risks involved in relation to a *long-term asset fund*, a *firm* should consider asking the *client* questions that cover, at least, the following matters:

- (1) the possibility that the *client* could see the value of the amount they invest go down;
- (2) the potential illiquidity of *LTAFs* and their underlying assets;
- (3) the possibility that it could take the *client* many years to make a profit on the *money* they invest, and (where relevant) that payments of income may be limited or non-existent;
- (4) that due to the *dealing* frequency and *notice period* after a *redemption* request has been accepted (see ■ COLL 15.8.12R (Dealing: redemption of units):
 - (a) the *client* will not know the value of the proceeds of *redemption* until the end of the *notice period*; and
 - (b) it will take at least [period of time] for the *client* to receive the proceeds of *redemption*;
- (5) the risk of the *LTAF's investments* failing and the associated risk of the *client* losing all of the *money* invested;
- (6) the extent to which the protection of the *Financial Ombudsman Service* or *FSCS* apply to the investment activity (including the fact that these services do not protect investors against poor investment performance);
- (7) the nature of the *client's* contractual relationships with the *authorised fund manager* (including its role in assessing and making underlying *investments*);
- (8) the benefits of diversification and that *retail clients* should not generally invest more than 10% of their net assets in *restricted mass market investments*;
- (9) where the *units* in the *LTAF* are, or are to be, *dealt* or *arranged* by another *firm* (AF):
 - (a) the nature of the *client's* contractual relationships with (AF);
 - (b) the role of AF and the scope of the service it provides to *clients* (including the extent of the due diligence that AF undertakes in relation to *units* in *LTAFs* that it *deals* in or *arranges*); and
 - (c) the risk to any management and administration of the *client's* investment in the event of AF becoming insolvent or otherwise failing.

Assessing appropriateness: qualifying cryptoassets

This Annex belongs to ■ COBS 10.2.9G(1)(n).

When determining whether a *retail client* has the necessary knowledge to understand the risks involved in relation to a *qualifying cryptoasset*, a *firm* should consider asking the *client* questions that cover, at least, the matters in (1) to (12).

Firms may need to ask additional or alternative questions to ensure that the *retail client* has the necessary knowledge to understand the risks involved in relation to the specific type of *qualifying cryptoasset* offered.

The matters are:

- (1) the role of the business offering or marketing the *qualifying cryptoasset* (the business) and the scope of its services, including what the business does and does not do on behalf of *clients*, such as what due diligence is and is not undertaken by the business on any underlying investments;
- (2) the nature of the *client's* rights and obligations with the business, in particular the nature of the legal and beneficial ownership of the *qualifying cryptoasset* and the risks associated with those rights;
- (3) that the *client* can lose all of the money that they invest in a *qualifying cryptoasset*;
- (4) the potential complexity of investments in *qualifying cryptoassets* and the associated difficulty of understanding the risks of the investment;
- (5) that the performance of many *qualifying cryptoassets* can be highly volatile and that the value of an investment in a *qualifying cryptoasset* can fall as quickly as it can rise;
- (6) the risk of losing money or any *qualifying cryptoassets* purchased as a result of operational risks (such as through cyber-attacks, loss of private keys, comingling of funds) or financial crime;
- (7) the risk to any management and administration of the *client's* investment in the event of the business becoming insolvent or otherwise failing;
- (8) that the *client* may not be able to readily sell their *qualifying cryptoasset* investment, including as a result of market illiquidity or operational outages;
- (9) the regulated status of the business offering or marketing the *qualifying cryptoasset* and the investment activity and the implications of this in relation to *FCA* regulation;
- (10) the extent to which the protection of the *Financial Ombudsman Service* or *FSCS* apply to the investment activity (including the fact that these services do not protect investors against poor investment performance and that the *Financial Ombudsman Service* cannot ordinarily consider complaints in relation to *unauthorised persons*);
- (11) that investing in, and holding, *qualifying cryptoassets* is not comparable to investing in mainstream *investments* such as listed or exchange-traded securities; and
- (12) the benefits of diversification and that *retail clients* should not generally invest more than 10% of their net assets in *restricted mass market investments*.

10A.2.8	G	Knowledge and experience: MiFID business and insurance-based investment products Depending on the circumstances, a <i>firm</i> may be satisfied that the <i>client's</i> knowledge alone is sufficient for him to understand the risks involved in a product or service. Where reasonable, a <i>firm</i> may infer knowledge from experience.
10A.2.9	G	Increasing the client's understanding: MiFID business and insurance-based investment products If, before assessing appropriateness, a <i>firm</i> seeks to increase the <i>client's</i> level of understanding of a service or product by providing information to him, relevant considerations are likely to include the nature and complexity of the information and the <i>client's</i> existing level of understanding.

		No duty to communicate firm’s assessment of knowledge and experience: MiFID business and insurance-based investment products
10A.2.10	G	If a <i>firm</i> is satisfied that the <i>client</i> has the necessary experience and knowledge in order to understand the risks involved in relation to the product or service, there is no duty to communicate this to the <i>client</i> . If the <i>firm</i> does so, it must not do so in a way that amounts to making a <i>personal recommendation</i> unless it complies with the <i>rules</i> in ■ COBS 9A (MiFID and insurance-based investment products provisions).
		Restricted mass market investments
10A.2.11	G	When determining whether a <i>client</i> has the necessary knowledge to understand the risks involved in relation to a <i>restricted mass market investment</i> , a <i>firm</i> should consider asking the <i>client</i> questions that cover, at least, the matters in ■ COBS 10 Annex 1G in relation to <i>non-readily realisable securities</i> .
		Assessing appropriateness: units in long-term asset funds
10A.2.12	G	When determining whether a <i>client</i> has the necessary knowledge and experience to understand the risks involved in relation to a <i>unit</i> in a <i>long-term asset fund</i> (see ■ COBS 4.12A (Promotion of restricted mass market investments)), a <i>firm</i> should consider asking the <i>client</i> questions that cover, at least, the matters in ■ COBS 10 Annex 3G (Assessing appropriateness: units in a long-term asset fund).

10A.3 Warning the client

- 10A.3.1** **R** (1) If a *firm* considers, on the basis of information received to enable it to assess appropriateness, that the product or service is not appropriate for the *client*, the *firm* must warn the *client*.
- (2) This warning may be provided in a standardised format.
- [Note: article 25(3) of *MiFID*, second paragraph of article 30(2) of the *IDD*]
- 10A.3.2** **R** (1) If the *client* does not provide the information to enable the *firm* to assess appropriateness, or if the *client* provides insufficient information regarding their knowledge and experience, the *firm* must warn the *client* that the *firm* is not in a position to determine whether the service or product envisaged is appropriate for the *client*.
- (2) This warning may be provided in a standardised format.
- [Note: article 25(3) of *MiFID*, third paragraph of article 30(2) of the *IDD*]
- 10A.3.3** **G** If a *client* asks a *firm* to go ahead with a transaction, despite being given a warning by the *firm*, it is for the *firm* to consider whether to do so having regard to the circumstances.

10A.4 Assessing appropriateness: when it need not be done due to type of investment

10A.4.1 R

- (1) A *firm* is not required to ask its *client* to provide information or assess appropriateness if either (a) or (aa), and both (b) and (c), are met:
- (a) the service:
 - (i) only consists of execution or reception and transmission of *client* orders, with or without *ancillary services*, excluding *ancillary service* (2) in section B of Annex I to *MiFID* (granting of credits or loans), where the relevant credits or loans do not comprise existing credit limits of loans, current accounts and overdraft facilities of *clients*;
 - (ii) relates to particular *financial instruments* (see paragraph (2)); and
 - (iii) is provided at the initiative of the *client*; or
 - (aa) the *insurance distribution* activity:
 - (i) relates to particular types of *insurance-based investment products* (see (2A)); and
 - (ii) is carried out at the initiative of the *client*; and
 - (b) the *client* has been clearly informed (whether in a standardised format or not) that, in the provision of the service or *insurance distribution* activity, the *firm* is not required to assess the appropriateness of the *financial instrument* or service or *insurance-based investment product* provided or offered and that therefore the *client* does not benefit from the protection of the *rules* on assessing appropriateness; and
 - (c) the *firm* complies with its obligations in relation to conflicts of interest.
- (2) The *financial instruments* referred to in (1)(a)(ii) are any of the following:
- (a) shares in companies admitted to trading on:
 - (i) a *regulated market* or an *EU regulated market*; or
 - (ii) an equivalent third country market; or
 - (iii) an *MTF*,
except shares that embed a derivative and *units* in a collective investment undertaking that is not a *UCITS*; or
 - (b) bonds or other forms of securitised debt admitted to trading on:
 - (i) a *regulated market* or an *EU regulated market*; or

(ii) an equivalent third country market; or

(iii) an *MTF*,

except those that embed a derivative or incorporate a structure which makes it difficult for the *client* to understand the risk involved; or

(c) *money-market instruments*, excluding those that embed a derivative or incorporate a structure which makes it difficult for the *client* to understand the risk involved; or

(d) shares or *units* in a *UCITS*, excluding structured *UCITS* as referred to in the second subparagraph of article 36(1) of the *KII Regulation*; or

(e) *structured deposits*, excluding those that incorporate a structure which makes it difficult for the *client* to understand the risk of return or the cost of exiting the product before term; or

(f) other non-complex *financial instruments*.

(2A) The *insurance-based investment products* referred to in (1)(aa) are:

(a) *insurance-based investment products* which only provide investment exposure to *financial instruments* referred to in (2) and do not incorporate a structure which makes it difficult for the *client* to understand the risks involved; or

(b) other non-complex *insurance-based investment products*.

(3) For the purposes of this *rule*, a third country market is considered to be equivalent to a *regulated market* if it is a market in relation to which the Treasury has adopted an affirmative equivalence decision in accordance with the requirements and procedure in paragraph 8 of Part 1 of Schedule 3 to *MiFIR*..

[**Note:** article 25(4) of *MIFID*, article 30(3) of the *IDD*]

[**Note:** *ESMA* has published guidelines which specify criteria for the assessment of (i) debt instruments incorporating a structure which makes it difficult for the client to understand the risk involved, and (ii) structured deposits incorporating a structure which makes it difficult for the client to understand the risk of return or the cost of exiting the product before term (see *ESMA/2015/1787 (EN)*, 4 February 2016).]

[**Note:** *EIOPA* has published guidelines under the *IDD* which specify criteria for the assessment of insurance-based investment products that incorporate a structure which makes it difficult for the customer to understand the risk involved (see *EIOPA-17/651*, 4 October 2017).]

Other non-complex financial instruments

10A.4.2 UK

57 A financial instrument which is not explicitly specified in [■ **COBS 10A.4.1R(2)**] shall be considered as non-complex for the purposes of paragraph (2)(f) of that rule if it satisfies the following criteria:

(a) it does not fall within Article 2(1)(24)(c) of Regulation (EU) No 600/2014 or paragraphs 4 to 11 of Part 1 of Schedule 2 to the Regulated Activities Order;

(b) there are frequent opportunities to dispose of, redeem, or otherwise realise that instrument at prices that are publicly available

to market participants and that are either market prices or prices made available, or validated, by valuation systems independent of the issuer;

(c) it does not involve any actual or potential liability for the client that exceeds the cost of acquiring the instrument;

(d) it does not incorporate a clause, condition or trigger that could fundamentally alter the nature or risk of the investment or pay out profile, such as investments that incorporate a right to convert the instrument into a different investment;

(e) it does not include any explicit or implicit exit charges that have the effect of making the investment illiquid even though there are technically frequent opportunities to dispose of, redeem or otherwise realise it;

(f) adequately comprehensive information on its characteristics is publicly available and is likely to be readily understood so as to enable the average retail client to make an informed judgment as to whether to enter into a transaction in that instrument.

[Note: article 57 of the *MiFID Org Regulation*]

10A.4.2A G

As explained in ■ COBS 4.12A.33G, ■ COBS 10A.4 is not relevant for the purpose of complying with the *rules* requiring an appropriateness assessment under ■ COBS 4.12A in relation to *restricted mass market investments*.

Other non-complex insurance-based investment products.....

10A.4.3 R

An *insurance-based investment product* may be considered as non-complex for the purposes of ■ COBS 10A.4.1R where it satisfies all of the following criteria:

- (1) it includes a contractually guaranteed minimum maturity value which is at least the amount paid by the *client* after deduction of legitimate costs;
- (2) it does not incorporate a clause, condition or trigger that allows the insurance undertaking to materially alter the nature, risk, or pay-out profile of the *insurance-based investment product*;
- (3) it provides options to surrender or otherwise realise the *insurance-based investment product* at a value that is available to the *client*;
- (4) it does not include any explicit or implicit charges which have the effect that, even though there are technically options to surrender or otherwise realise *insurance-based investment product*, doing so may cause unreasonable detriment to the *client* because the charges are disproportionate to the cost to the insurance undertaking;
- (5) it does not in any other way incorporate a structure which makes it difficult for the *client* to understand the risks involved.

[Note: article 16 of the *IDD Regulation*]

10A.5

Assessing appropriateness: guidance

The initiative of the client: MiFID business and insurance-based investment products

10A.5.1

G

A service should be considered to be provided, or carried out, at the initiative of a *client* (see ■ COBS 10A.4.1R(1)(a)(iii) and (aa)(ii)), unless the *client* demands it in response to a personalised communication from or on behalf of the *firm* to that *client* which contains an invitation or is intended to influence the *client* in respect of a specific *financial instrument financial instrument, insurance-based investment product* or specific transaction.

[Note: recital 85 to MIFID]

10A.5.2

G

A service can be considered to be provided, or carried out, at the initiative of a *client* notwithstanding that the *client* demands it on the basis of any communication containing a promotion for, or offer of, *financial instruments or insurance-based investment products* made by any means and that by its very nature is general and addressed to the public or a larger group or category of *clients*.

[Note: recital 85 to MIFID]

Personalised communications: MiFID business and insurance-based investment products

10A.5.3

G

- (1) Communications to the world at large, such as those in newspapers or in billboards, are likely to be by their very nature general and therefore not personalised communications.
- (2) Communications addressed to a *client* (such as, for example, an email, telephone call or letter), may or may not be personalised depending on the content.
- (3) A communication is not personalised solely because it contains the name and address of the *client* or because a mailing list has been filtered.
- (4) If a *firm* is satisfied that a communication does not contain any personalised content, it may wish to make clear that it does not intend the communication to be personalised and that the personal circumstances of the recipient have not been taken into account.

		<div>10A.6</div> <div>Assessing appropriateness: when a firm need not assess appropriateness due to suitability assessment</div>
10A.6.1	G	A <i>firm</i> need not assess appropriateness if it is receiving or transmitting an order or carrying on <i>insurance distribution</i> in relation to an <i>insurance-based investment product</i> , for which it has assessed suitability under ■ COBS 9A (Suitability (MiFID and insurance-based investment products provisions)).
10A.6.2	G	A <i>firm</i> may not need to assess appropriateness if it is able to rely on a recommendation made by an <i>investment firm</i> (see ■ COBS 2.4.5G (Reliance on other investment firms: MiFID and equivalent business)) or, in relation to an <i>insurance-based investment product</i> , made by an <i>insurance distributor</i> (see ■ COBS 2.4.5AR (Reliance on other insurance distributors)).

10A.7 Record keeping and retention periods for appropriateness records

- 10A.7.1 G A *firm* is required to keep orderly records of its business and internal organisation, including all services and transactions undertaken by it. The records may be expected to include the *client* information a *firm* obtains to assess appropriateness and should be adequate to indicate what the assessment was.

Record keeping: MiFID business

- 10A.7.2 UK 56(2) Investment firms shall maintain records of the appropriateness assessments undertaken which shall include the following:

- (a) the result of the appropriateness assessment;
- (b) any warning given to the client where the investment service or product purchase was assessed as potentially inappropriate for the client, whether the client asked to proceed with the transaction despite the warning and, where applicable, whether the firm accepted the client's request to proceed with the transaction;
- (c) any warning given to the client where the client did not provide sufficient information to enable the firm to undertake an appropriateness assessment, whether the client asked to proceed with the transaction despite this warning and, where applicable, whether the firm accepted the client's request to proceed with the transaction.

[Note: article 56(2) of the *MiFID Org Regulation*]

Record keeping: insurance-based investment products

- 10A.7.2A R
- (1) Without prejudice to the application the *General data protection regulation*, a *firm* must maintain records of the assessment of appropriateness undertaken in accordance with ■ COBS 10A.2.1R and ■ COBS 10A.2.2R in relation to an *insurance-based investment product*.
 - (2) The records maintained under (1) must include the information obtained from the *client* and any documents agreed with the *client*, including documents that set out the rights of the parties and the other terms on which the *firm* will provide services to the *client*.
 - (3) The records in (1) must be retained for at least the duration of the relationship between the *firm* and the *client*.

- (4) The record in (1) must also include the following:
- (a) the result of the appropriateness assessment;
 - (b) any warning given to the *client* where the *insurance-based investment product* was assessed as potentially inappropriate for the *client*, whether the *client* asked to proceed with concluding the *policy* despite the warning and, where applicable, whether the *firm* accepted the *client's* request to proceed with concluding the *policy*;
 - (c) any warning given to the *client* where the *client* did not provide sufficient information to enable the *firm* to assess the appropriateness of the *insurance-based investment product*, whether the *client* asked to proceed with concluding the *policy* despite the warning and, where applicable, whether the *firm* accepted the *client's* request to proceed with concluding the *policy*.

[Note: article 19(1) and (3) of the *IDD Regulation*]

Record keeping: MiFID business and insurance-based investment products

10A.7.3

A *firm* should refer to ■ SYSC 3.3 (for *insurers* and *managing agents*) and ■ SYSC 9 (for other *firms*) for its obligations in relation to record keeping. These provisions require records kept for the purposes of this chapter to be retained for a period of at least five years.

11.1 Application

General application

11.1.1 R This chapter applies to a firm.

(1) [deleted]

(2) [deleted]

11.1.2 R Save as may be provided in the relevant sections, in this chapter, provisions marked “UK” apply to a *firm* which is not a *MiFID investment firm* as if they were *rules*.

Disapplication of best execution for non-financial spreads

11.1.6 R The section on best execution (■ COBS 11.2A) does not apply to a *firm* when:

(1) executing orders: or

(2) placing orders with other entities for execution: or

(3) transmitting orders to other entities for execution;

in relation to a *spread-bet* which is not a *financial instrument*, where the *firm* has not made a *personal recommendation* in relation to that *spread-bet*.

Disapplication of best execution to CIS operators purchasing or selling own units

11.1.7

R

The section on best execution (■ COBS 11.2 or ■ COBS 11.2B, as applicable) does not apply to a *firm* when, acting in the capacity of *operator* of a *regulated collective investment scheme*, it purchases or sells *units* in that *scheme*.

11.2 Best execution for AIFMs and residual CIS operators

Application

- 11.2.-7** **G** This section applies to:
- (1) a small authorised *UK AIFM* and a *residual CIS operator* in accordance with ■ COBS 18.5.2R; and
 - (2) a *full-scope UK AIFM*, in accordance with ■ COBS 18.5A.3R.
- 11.2.-6** **G** In accordance with ■ COBS 18.5.4R, this section does not apply to a small authorised *UK AIFM* of an *unauthorised AIF* or a *residual CIS operator* of a fund whose *fund* documents include a statement that best execution does not apply in relation to the *fund* and in which:
- (1) no investor is a *retail client*; or
 - (2) no current investor in the *fund* was a *retail client* when it invested in the *fund*.
- 11.2.-5** **G** In accordance with ■ COBS 18.5A.8R, only the following provisions of this section apply to a *full-scope UK AIFM*:
- COBS 11.2.5G;
 - COBS 11.2.17G;
 - COBS 11.2.23AR;
 - COBS 11.2.24R;
 - COBS 11.2.25R(1) and ■ COBS 11.2.26R, but only where an *AIF* itself has a governing body which can provide prior consent; and
 - COBS 11.2.27R, but only regarding the obligation on an *AIFM* to notify the *AIF* of any material changes to its order execution arrangements or execution policy.
- 11.2.-4** **G** A *firm* to which this section applies may comply with its obligations under this section by complying with the *rules* in ■ COBS 11.2B (Best execution for UCITS management companies).

Modifications

- 11.2.-3 **G** In accordance with ■ COBS 18.5.3R(1) and ■ COBS 18.5A.5R, references in this section to *customer* or *client* are to any *fund* for which the *firm* is acting or intends to act.
- 11.2.-2 **G** In accordance with ■ COBS 18.5.1AR and ■ COBS 18.5.3R(2), in the case of a small authorised *UK AIFM* of an unauthorised *AIF* which is a *collective investment scheme*, or a *residual CIS operator*, when a *firm* is required by the rules in this section to provide information to, or obtain consent from, a *fund*, the *firm* must ensure that the information is provided to, or consent obtained from, an investor or a potential investor in the *fund* as the case may be.
- 11.2.-1 **G** In accordance with ■ COBS 18.5.3R(3) and ■ COBS 18.5A.9R, references to the service of *portfolio management* in this section are to be read as references to the management by a *firm* of *financial instruments* held for or within the *fund*.

Obligation to execute orders on terms most favourable to the client

- 11.2.1 **R** A *firm* must take all reasonable steps to obtain, when executing orders, the best possible result for its *clients* taking into account the *execution factors*.

[Note: The Committee of European Securities Regulators (CESR) has issued a Question and Answer paper on best execution under the first Markets in Financial Instruments Directive (MiFID I, 2004/39/EU). This paper also incorporates the European Commission's response to CESR's questions regarding the scope of the best execution obligations under MiFID I. See 'CESR Questions & Answers: Best Execution under MiFID', May 2007, Ref: CESR/07-320]

- 11.2.1A **R** [deleted]

Application of best execution obligation

- 11.2.2 **G** The obligation to take all reasonable steps to obtain the best possible result for its *clients* (see ■ COBS 11.2.1 R) should apply to a *firm* which owes contractual or agency obligations to the *client*.
- 11.2.3 **G** [deleted]
- 11.2.4 **G** If a *firm* provides a quote to a *client* and that quote would meet the *firm's* obligations to take all reasonable steps to obtain the best possible result for its *clients* if the *firm* executed that quote at the time the quote was provided, the *firm* will meet those same obligations if it executes its quote after the *client* accepts it, provided that, taking into account the changing market conditions and the time elapsed between the offer and acceptance of the quote, the quote is not manifestly out of date.

11.2.5 G The obligation to deliver the best possible result when executing *client* orders applies in relation to all types of *financial instruments*. However, given the differences in market structures or the structure of *financial instruments*, it may be difficult to identify and apply a uniform standard of and procedure for best execution that would be valid and effective for all classes of instrument. Best execution obligations should therefore be applied in a manner that takes into account the different circumstances associated with the execution of orders related to particular types of *financial instruments*. For example, transactions involving a customised OTC *financial instrument* that involve a unique contractual relationship tailored to the circumstances of the *client* and the *firm* may not be comparable for best execution purposes with transactions involving shares traded on centralised *execution venues*.

11.2.5A G

Best execution criteria

11.2.6 R When executing a *client* order, a *firm* must take into account the following criteria for determining the relative importance of the *execution factors*:

- (1) the characteristics of the *client* including the categorisation of the *client* as retail or professional;
- (2) the characteristics of the *client* order;
- (3) the characteristics of *financial instruments* that are the subject of that order; and
- (4) the characteristics of the *execution venues* to which that order can be directed.
- (5) [deleted] *instrument constituting the fund*.

Role of price

11.2.7 R Where a *firm* executes an order on behalf of a *retail client*, the best possible result must be determined in terms of the total consideration, representing the price of the *financial instrument* and the costs related to execution, which must include all expenses incurred by the *client* which are directly related to the execution of the order, including *execution venue* fees, clearing and settlement fees and any other fees paid to third parties involved in the execution of the order.

11.2.8 G For the purposes of ensuring that a *firm* obtains the best possible result for the *client* when executing a *retail client* order in the absence of specific *client* instructions, the *firm* should take into consideration all factors that will allow it to deliver the best possible result in terms of the total consideration, representing the price of the *financial instrument* and the costs related to execution. Speed, likelihood of execution and settlement, the size and nature of the order, market impact and any other implicit transaction costs may be given precedence over the immediate price and cost consideration only insofar as they are instrumental in delivering the best possible result in terms of the total consideration to the *retail client*.

- 11.2.9 **G** A *firm's* execution policy should determine the relative importance of each of the *execution factors* or establish a process by which the *firm* will determine the relative importance of the *execution factors*. The relative importance that the *firm* gives to those *execution factors* must be designed to obtain the best possible result for the execution of its *client* orders. Ordinarily, the *FCA* would expect that price will merit a high relative importance in obtaining the best possible result for *professional clients*. However, in some circumstances for some *clients*, orders, *financial instruments* or markets, the policy may appropriately determine that other *execution factors* are more important than price in obtaining the best possible execution result.

Delivering best execution where there are competing execution venues

- 11.2.10 **R** For the purposes of delivering best execution for a *retail client* where there is more than one competing venue to execute an order for a *financial instrument*, in order to assess and compare the results for the *client* that would be achieved by executing the order on each of the *execution venues* listed in the *firm's* order execution policy that is capable of executing that order, the *firm's* own commissions and costs for executing the order on each of the eligible *execution venues* must be taken into account in that assessment.

- 11.2.11 **G** The obligation to deliver best execution for a *retail client* where there are competing *execution venues* is not intended to require a *firm* to compare the results that would be achieved for its *client* on the basis of its own execution policy and its own commissions and fees, with results that might be achieved for the same *client* by any other *firm* on the basis of a different execution policy or a different structure of commissions or fees. Nor is it intended to require a *firm* to compare the differences in its own commissions which are attributable to differences in the nature of the services that the *firm* provides to *clients*.

- 11.2.12 **R** A *firm* must not structure or charge its commissions in such a way as to discriminate unfairly between *execution venues*.

- 11.2.13 **G** A *firm* would be considered to structure or charge its commissions in a way which discriminates unfairly between *execution venues* if it charges a different commission or spread to *clients* for execution on different *execution venues* and that difference does not reflect actual differences in the cost to the *firm* of executing on those venues.

Requirement for order execution arrangements including an order execution policy

- 11.2.14 **R** A *firm* must establish and implement effective arrangements for complying with the obligation to take all reasonable steps to obtain the best possible result for its *clients*. In particular, the *firm* must establish and implement an order execution policy to allow it to obtain, for its *client* orders, the best possible result in accordance with that obligation.

- 11.2.15** **R** The order execution policy must include, in respect of each class of *financial instruments*, information on the different *execution venues* where the *firm* executes its *client* orders and the factors affecting the choice of *execution venue*. It must at least include those *execution venues* that enable the *firm* to obtain on a consistent basis the best possible result for the execution of *client* orders.
- 11.2.16** **G**
- (1) When establishing its execution policy, a *firm* should determine the relative importance of the *execution factors*, or at least establish the process by which it determines the relative importance of these factors, so that it can deliver the best possible result to its *clients*.
 - (2) In order to give effect to that policy, a *firm* should select the *execution venues* that enable it to obtain on a consistent basis the best possible result for the execution of *client* orders.
 - (3) A *firm* should apply its execution policy to each *client* order that it executes with a view to obtaining the best possible result for the *client* in accordance with that policy.
 - (4) The obligation to take all reasonable steps to obtain the best possible result for the *client* should not be treated as requiring a *firm* to include in its execution policy all available *execution venues*.
- 11.2.17** **G** The provisions of this section which provide that costs of execution include a *firm's* own commissions or fees charged to the *client* for the provision of an *investment service* should not apply for the purpose of determining what *execution venues* must be included in the *firm's* execution policy.
- 11.2.18** **G** The provisions of this section as to execution policy are without prejudice to the general obligation of a *firm* to monitor the effectiveness of its order execution arrangements and policy and assess the *execution venues* in its execution policy on a regular basis.
- Following specific instructions from a client**
- 11.2.19** **R**
- (1) Whenever there is a specific instruction from the *client*, the *firm* must execute the order following the specific instruction.
 - (2) A *firm* satisfies its obligation under this section to take all reasonable steps to obtain the best possible result for a *client* to the extent that it executes an order, or a specific aspect of an order, following specific instructions from the *client* relating to the order or the specific aspect of the order.
- 11.2.20** **G** When a *firm* executes an order following specific instructions from the *client*, it should be treated as having satisfied its best execution obligations only in respect of the part or aspect of the order to which the *client* instructions relate. The fact that the *client* has given specific instructions which cover one part or aspect of the order should not be treated as releasing the *firm* from its best execution obligations in respect of any other parts or aspects of the *client* order that are not covered by such instructions.

- 11.2.21** **G** A *firm* should not induce a *client* to instruct it to execute an order in a particular way, by expressly indicating or implicitly suggesting the content of the instruction to the *client*, when the *firm* ought reasonably to know that an instruction to that effect is likely to prevent it from obtaining the best possible result for that *client*. However, this should not prevent a *firm* inviting a *client* to choose between two or more specified trading venues, provided that those venues are consistent with the execution policy of the *firm*.

Information about the order execution policy

- 11.2.22** **R** A *firm* must provide appropriate information to its *clients* on its order execution policy.

- 11.2.23** **R**
- (1) A *firm* must provide a *retail client* with the following details on its execution policy in good time prior to the provision of the service:
 - (a) an account of the relative importance the *firm* assigns, in accordance with the *execution criteria*, to the *execution factors*, or the process by which the *firm* determines the relative importance of those factors;
 - (b) a list of the *execution venues* on which the *firm* places significant reliance in meeting its obligation to take all reasonable steps to obtain on a consistent basis the best possible result for the execution of *client* orders;
 - (c) a clear and prominent warning that any specific instructions from a *client* may prevent the *firm* from taking the steps that it has designed and implemented in its execution policy to obtain the best possible result for the execution of those orders in respect of the elements covered by those instructions.
 - (2) This information must be provided in a *durable medium*, or by means of a website (where that does not constitute a *durable medium*) provided that the *website conditions* are satisfied.

- 11.2.23A** **R** A *full-scope UK AIFM* must make available appropriate information on its execution policy required under article 27(3) of the *AIFMD level 2 regulation* (Execution of decisions to deal on behalf of the managed AIF) and on any material changes to that policy to the investors in of each *AIF* it manages.

- 11.2.24** **R** Where the order execution policy provides for the possibility that *client* orders may be executed outside a *regulated market* or an *MTF*, the *firm* must, in particular, inform its *clients* about this possibility.

Client consent to execution policy and execution of orders outside a regulated market or MTF

- 11.2.25** **R**
- (1) A *firm* must obtain the prior consent of its *clients* to the execution policy.
 - (2) [deleted]
 - (3) [deleted]

11.2.26 **R** A *firm* must obtain the prior express consent of its *clients* before proceeding to execute their orders outside a *regulated market* or an *MTF*. The *firm* may obtain this consent either in the form of a general agreement or in respect of individual transactions.

Monitoring the effectiveness of execution arrangements and policy

11.2.27 **R** A *firm* must monitor the effectiveness of its order execution arrangements and execution policy in order to identify and, where appropriate, correct any deficiencies. In particular, it must assess, on a regular basis, whether the *execution venues* included in the order execution policy provide for the best possible result for the *client* or whether it needs to make changes to its execution arrangements. The *firm* must notify *clients* of any material changes to their order execution arrangements or execution policy.

Review of the order execution policy

- 11.2.28 **R**
- (1) A *firm* must review annually its execution policy, as well as its order execution arrangements.
 - (2) This review must also be carried out whenever a material change occurs that affects the *firm's* ability to continue to obtain the best possible result for the execution of its *client* orders on a consistent basis using the venues included in its execution policy.

Demonstration of execution of orders in accordance with execution policy

- 11.2.29 **R**
- (1) A *firm* must be able to demonstrate to its *clients*, at their request, that it has executed their orders in accordance with its execution policy.

Duty of portfolio managers, receivers and transmitters and management companies to act in clients' best interests

11.2.30 **R** A *firm* must, when providing the service of *portfolio management*, comply with the obligation to act in accordance with the best interests of its *clients* when placing orders with other entities for execution that result from decisions by the *firm* to deal in *financial instruments* on behalf of its *client*.

11.2.31 **R** A *firm* must, when providing the service of reception and transmission of orders, comply with the obligation to act in accordance with the best interests of its *clients* when transmitting *client* orders to other entities for execution.

11.2.32 **R** In order to comply with the obligation to act in accordance with the best interests of its *clients* when it places an order with, or transmits an order to, another entity for execution, a *firm* must:

- (1) take all reasonable steps to obtain the best possible result for its *clients* taking into account the *execution factors*. The relative importance of these factors must be determined by reference to the *execution criteria* and, for *retail clients*, to the requirement to determine the best possible result in terms of the total consideration (see ■ COBS 11.2.7 R).

A *firm* satisfies its obligation to act in accordance with the best interests of its *clients*, and is not required to take the steps mentioned above, to the extent that it follows specific instructions from its *client* when placing an order with, or transmitting an order to, another entity for execution;

- (2) establish and implement a policy to enable it to comply with the obligation to take all reasonable steps to obtain the best possible result for its *clients*. The policy must identify, in respect of each class of instruments, the entities with which the orders are placed or to which the *firm* transmits orders for execution. The entities identified must have execution arrangements that enable the *firm* to comply with its obligations under this section when it places an order with, or transmits an order to, that entity for execution;

- (3) provide appropriate information to its *clients* on the policy established in accordance with paragraph (2);

- (4) monitor on a regular basis the effectiveness of the policy and, in particular, the execution quality of the entities identified in that policy and, where appropriate, correct any deficiencies; and

- (5) review the policy annually. This review must also be carried out whenever a material change occurs that affects the *firm's* ability to continue to obtain the best possible result for its *clients*.

- 11.2.33 G This section is not intended to require a duplication of effort as to best execution between a *firm* which provides the service of reception and transmission of orders or *portfolio management* and any *firm* to which that *firm* transmits its orders for execution.
- 11.2.34 R The provisions applying to a *firm* which places orders with, or transmits orders to, other entities for execution (see ■ COBS 11.2.30 R to ■ COBS 11.2.33 G) will not apply when the *firm* which provides the service of *portfolio management* or *collective portfolio management* and/or service of reception and transmission of orders also executes the orders received or the decisions to deal on behalf of its *client's* portfolio. In those cases the requirements of this section for *firms* who execute orders apply (see ■ COBS 11.2.1 R to ■ COBS 11.2.29 R).

- 11.2A.7** **G** The obligation to deliver the best possible result when executing *client* orders applies in relation to all types of *financial instruments*. However, given the differences in market structures and the structure of financial instruments, it may be difficult to identify and apply a uniform standard of, and procedure for, best execution that would be valid and effective for all classes of instrument. Best execution obligations should therefore be applied to take into account the different circumstances surrounding the execution of orders for particular types of *financial instruments*. For example, transactions involving a customised *OTC financial instrument* with a unique contractual relationship tailored to the circumstances of the *client* and the *firm* may not be comparable for best execution purposes with transactions involving *shares* traded on centralised *execution venues*. As best execution obligations apply to all *financial instruments*, irrespective of whether they are traded on *trading venues* or *OTC*, *firms* should gather relevant market data in order to check whether the *OTC* price offered for a *client* is fair and delivers on the best execution obligation.
- [Note: recital 104 to the *MiFID Org Regulation*]

Best execution criteria**11.2A.8** **UK**

64 (1) When executing client orders, investment firms shall take into account the following criteria for determining the relative importance of the factors referred to in [■ COBS 11.2A.2R]:

- (a) the characteristics of the client including the categorisation of the client as retail or professional;
- (b) the characteristics of the client order, including where the order involves a securities financing transaction (SFT);
- (c) the characteristics of financial instruments that are the subject of that order;
- (d) the characteristics of the execution venues to which that order can be directed.

For the purpose of this Article and Articles 65 and 66, 'execution venue' includes a regulated market, an MTF, an OTF, a systematic internaliser, or a market maker or other liquidity provider or an entity that performs a similar function in a third country to the function performed by any of the foregoing.

(2) An investment firm satisfies its obligation under [■ COBS 11.2A.2R, ■ COBS 11.2A.3G, ■ COBS 11.2A.9R, ■ COBS 11.2A.12R and ■ COBS 11.2A.15R] to take all sufficient steps to obtain the best possible result for a client to the extent that it executes an order or a specific aspect of an order following specific instructions from the client relating to the order or the specific aspect of the order.

(3) Investment firms shall not structure or charge their commissions in such a way as to discriminate unfairly between execution venues.

(4) When executing orders or taking decision to deal in OTC products including bespoke products, the investment firm shall check the fairness of the price proposed to the client, by gathering market data used in the estimation of the price of such product and, where possible, by comparing with similar or comparable products.

Role of price**11.2A.9** **R**

Where a *firm* executes an order on behalf of a *retail client*, the best possible result must be determined in terms of the total consideration, representing the price of the *financial instrument* and the costs related to execution, which must include all expenses incurred by the *client* which are directly related to the execution of the order, including *execution venue* fees, clearing and settlement fees and any other fees paid to third parties involved in the execution of the order.

[Note: article 27(1) of *MiFID*]

11.2A.10 **G**

When a *firm* executes a *retail client's* order in the absence of specific *client* instructions, for the purposes of ensuring that the *firm* obtains the best possible result for the *client*, the *firm* should take into consideration all factors that will enable it to deliver the best possible result in terms of the total consideration, representing the price of the *financial instrument* and the costs related to execution.

[Note: recital 101 to the *MiFID Org Regulation*]

- 11.2A.11** **G** Speed, likelihood of execution and settlement, the size and nature of the order, market impact and any other implicit transaction costs may be given precedence over the immediate price and cost consideration only insofar as they are instrumental in delivering the best possible result in terms of the total consideration to the *retail client*.

[Note: recital 101 to the *MiFID Org Regulation*]

Following specific instructions from a client

- 11.2A.12** **R** Whenever there is a specific instruction from the client, a *firm* must execute the order following the specific instruction.

[Note: article 27(1) of *MiFID*]

- 11.2A.13** **G** When a *firm* executes an order following specific instructions from the *client*, it should be treated as having satisfied its best execution obligations only in respect of the part or aspect of the order to which the *client* instructions relate. The fact that the client has given specific instructions which cover one part or aspect of the order should not be treated as releasing the *firm* from its best execution obligations in respect of any other parts or aspects of the *client* order that are not covered by such instructions.

[Note: recital 102 to the *MiFID Org Regulation*]

- 11.2A.14** **G** A *firm* should not induce a *client* to instruct it to execute an order in a particular way, by expressly indicating or implicitly suggesting the content of the instruction to the *client*, when the *firm* ought reasonably to know that an instruction to that effect is likely to prevent it from obtaining the best possible result for that *client*. However, this should not prevent a *firm* inviting a *client* to choose between two or more specified *trading venues*, provided that those venues are consistent with the execution policy of the *firm*.

[Note: recital 102 to the *MiFID Org Regulation*]

Delivering best execution where there are competing execution venues

- 11.2A.15** **R** A *firm's* own commissions and the costs for executing an order in each of the eligible *execution venues* must be taken into account when assessing and comparing the results that would be achieved for a *client* by executing the order on each of the *execution venues* listed in the *firm's* execution policy that is capable of executing that order.

[Note: article 27(1) of *MiFID*]

- 11.2A.16** **G** The obligation to deliver best execution for a *retail client* where there are competing *execution venues* is not intended to require a *firm* to compare the results that would be achieved for its *client* on the basis of its own execution policy and its own commissions and fees, with results that might be achieved for the same *client* by any other *firm* on the basis of a different execution policy or a different structure of commissions or fees. Nor is it intended to require a *firm* to compare the differences in its own commissions which are attributable to differences in the nature of the services that the *firm* provides to *clients*.

[Note: recital 93 to *MiFID*]

11.2A.17 **G** A *firm* would be considered to structure or charge its commissions in a way which discriminates unfairly between *execution venues* if it charged a different commission or spread to *clients* for execution on different *execution venues* and that difference did not reflect actual differences in the cost to the *firm* of executing on those *venues*.

[Note: recital 95 to *MiFID*]

11.2A.18 **G** The provisions of this section which provide that costs of execution include a *firm's* own commission or fees charged to the *client* for the provision of an investment service should not apply for the purpose of determining what *execution venues* must be included in the *firm's* execution policy in accordance with ■ COBS 11.2A.21R.

[Note: recital 94 to *MiFID*]

11.2A.19 **R** A *firm* must not receive any remuneration, discount or non-monetary benefit for routing *client* orders to a particular *trading venue* or *execution venue* which would infringe the requirements on conflicts of interests (as set out in ■ SYSC 10) or inducements as set out in ■ COBS 2.3 (for *firms* carrying on business other than *MiFID*, *equivalent third country* or *optional exemption business*) and in ■ COBS 2.3A, ■ COBS 2.3B and ■ COBS 2.3C (for *firms* carrying on *MiFID*, *equivalent third country* or *optional exemption business*).

[Note: article 27(2) of *MiFID*]

Requirement for order execution arrangements including an order execution policy

11.2A.20 **R** A *firm* must establish and implement effective arrangements for complying with the obligation to take all sufficient steps to obtain the best possible results for its *clients*. In particular, the *firm* must establish and implement an order execution policy to allow it to obtain, in accordance with ■ COBS 11.2A.2R, the best possible result for the execution of *client* orders.

[Note: article 27(4) of *MiFID*]

11.2A.21 **R** The order execution policy must include, in respect of each class of *financial instruments*, information on the different *execution venues* where the *firm* executes its *client* orders and the factors affecting the choice of *execution venue*. It must at least include those *execution venues* that enable the *firm* to obtain on a consistent basis the best possible result for the execution of *client* orders.

[Note: article 27(5) of *MiFID*]

11.2A.22 **R**

- (1) A *firm* must provide appropriate information to its *clients* on its order execution policy.
- (2) That information must explain clearly how orders will be executed by the *firm* for the *clients*.
- (3) The information must include sufficient details and be provided in a way that can be easily understood by *clients*.

[Note: article 27(5) of *MiFID*]

11.2A.23 **R**

- (1) A *firm* must obtain the prior consent of its *clients* to the execution policy.

[Note: article 27(5) of *MiFID*]

11.2A.24 **R**

- (1) Where a *firm's* order execution policy provides for the possibility that *client* orders may be executed outside a *trading venue*, a *firm* must, in particular, inform its *clients* about that possibility.
- (2) A *firm* must obtain the express prior consent of its *clients* before proceeding to execute their orders outside a *trading venue*.
- (3) A *firm* may obtain such consent either in the form of a general agreement or in respect of individual transactions.

[Note: article 27(5) of *MiFID*]

Execution policies

11.2A.25 **UK**

66 (1) Investment firms shall review, at least on an annual basis execution policy established pursuant to [■ COBS 11.2A.20R], as well as their order execution arrangements.

Such a review shall also be carried out whenever a material change as defined in Article 65(7) occurs that affects the firm's ability to continue to obtain the best possible result for the execution of its client orders on a consistent basis using the venues included in its execution policy. An investment firm shall assess whether a material change has occurred and shall consider making changes to the relative importance of the best execution factors in meeting the overarching best execution requirement.

(2) The information on the execution policy shall be customised depending on the class of financial instrument and type of the service provided and shall include information set out in paragraphs 3 to 9.

(3) Investment firms shall provide clients with the following details on their execution policy in good time prior to the provision of the service:

(a) an account of the relative importance the investment firm assigns, in accordance with the criteria specified in Article 59(1), to the factors referred to in [■ COBS 11.2A.2R], or the process by which the firm determines the relative importance of those factors.

(b) a list of the execution venues on which the firm places significant reliance in meeting its obligation to take all reasonable steps to obtain on a consistent basis the best possible result for the execution of client orders and specifying which execution venues are used for each class of financial instruments, for retail client orders, professional client orders and SFTs;

(c) a list of factors used to select an execution venue, including qualitative factors such as clearing schemes, circuit breakers, scheduled actions, or any other relevant consideration, and the relative importance of each factor; The information about the factors used to select an execution venue for execution shall be consistent with the controls used by the firm to demonstrate to clients that best execution has been achieved in a consistent basis when reviewing the adequacy of its policy and arrangements;

(d) how the execution factors of price costs, speed, likelihood of execution and any other relevant factors are considered as part of all sufficient steps to obtain the best possible result for the client;

(e) where applicable, information that the firm executes orders outside a trading venue, the consequences, for example counterparty risk arising from execution outside a trading venue, and upon client request, additional information about the consequences of this means of execution;

(f) a clear and prominent warning that any specific instruction from a client may prevent the firm from taking the steps that it has designed and implemented in its execution policy to obtain the best possible result for the execution of those orders in respect of the elements covered by those instructions;

(g) a summary of the selection process for execution venues, execution strategies employed, the procedures and process used to analyse the quality of execution obtained and how the firms monitor and verify that the best possible results were obtained for clients.

That information shall be provided in a durable medium, or by means of a website (where that does not constitute a durable medium) provided that the conditions specified in Article 3(2) are satisfied.

(4) Where investment firms apply different fees depending on the execution venue, the firm shall explain these differences in sufficient detail in order to allow the client to understand the advantages and the disadvantages of the choice of a single execution venue.

(5) Where investment firms invite clients to choose an execution venue, fair, clear and not misleading information shall be provided to prevent the client from choosing one execution venue rather than another on the sole basis of the price policy applied by the firm.

(6) Investment firms shall only receive third-party payments that comply with [■ COBS 2.3A.5R, ■ COBS 2.3A.6R and ■ COBS 2.3A.7E] and shall inform clients about the inducements that the firm may receive from the execution venues. The information shall specify the fees charged by the investment firm to all counterparties involved in the transaction, and where the fees vary depending on the client, the information shall indicate the maximum fees or range of the fees that may be payable.

(7) Where an investment firm charges more than one participant in a transaction, in compliance with [■ COBS 2.3A.5R, ■ COBS 2.3A.6R and ■ COBS 2.3A.7E], the firm shall inform its client of the value of any monetary or non-monetary benefits received by the firm.

(8) Where a client makes reasonable and proportionate requests for information about its policies or arrangements and how they are reviewed to an investment firm, that investment firm shall answer clearly and within a reasonable time.

(9) Where an investment firm executes orders for retail clients, it shall provide those clients with a summary of the relevant policy, focused on the total cost they incur.

11.2A.26 G

- (1) When establishing its execution policy in accordance with ■ COBS 11.2A.20R a *firm* should determine the relative importance of the factors mentioned in ■ COBS 11.2A.2R(2), or at least establish the process by which it determines the relative importance of these factors, so that it can deliver the best possible result to its *clients*.

- (2) Ordinarily, the *FCA* would expect that price will merit a high relative importance in obtaining the best possible result for *professional clients*. However, in some circumstances for some *clients*, orders, *financial instruments* or markets, the policy may appropriately determine that other *execution factors* are more important than price in obtaining the best possible execution result.
- (3) In order to comply with the obligation of best execution, a *firm*, when applying the criteria for best execution for *professional clients*, will typically not use the same *execution venues* for *securities financing transactions* and other transactions. This is because the securities financing transactions are used as a source of funding subject to a commitment that the borrower will return equivalent securities on a future date and the terms of the *securities financing transactions* are typically defined bilaterally between the counterparties ahead of the execution. Therefore, the choice of *execution venues* for *securities financing transactions* is more limited than in the case of other transactions, given that it depends on the particular terms defined in advance between the *counterparties* and on whether there is a specific demand on those *execution venues* for the *financial instruments* involved. As a result, the order execution policy established by *firms* should take into account the particular characteristics of *securities financing transactions* and it should list separately *execution venues* used for *securities financing transactions*.

[Note: recital 99 to the *MiFID Org Regulation*]

- 11.2A.27 G A *firm* should apply its execution policy to each *client* order that it executes with a view to obtaining the best possible result for the *client* in accordance with that policy.

[Note: recital 99 to the *MiFID Org Regulation*]

- 11.2A.28 G The obligation to take all sufficient steps to obtain the best possible result for the *client* should not be treated as requiring a *firm* to include in its execution policy all available *execution venues*.

- 11.2A.29 G An *investment firm* executing orders should be able to include a single *execution venue* in their policy only where they are able to show that this allows them to obtain best execution for their *clients* on a consistent basis. *Investment firms* should select a single *execution venue* only where they can reasonably expect that the selected *execution venue* will enable them to obtain results for *clients* that are at least as good as the results that they could reasonably expect from using alternative *execution venues*. This reasonable expectation must be supported by relevant data or by other internal analyses conducted by *investment firms*.

(4) Investment firms shall take all sufficient steps to obtain the best possible result for their clients taking into account the factors referred to in Article 27(1) of Directive 2014/65/EU. The relative importance of these factors shall be determined by reference to the criteria set out in Article 64(1) and, for retail clients, to the requirement under Article 27(1) of Directive 2014/65/EU.

An investment firm satisfies its obligations under paragraph 1 or 2, and is not required to take the steps mentioned in this paragraph, to the extent that it follows specific instructions from its client when placing an order with, or transmitting an order to, another entity for execution.

(5) Investment firms shall establish and implement a policy that enables them to comply with the obligation in paragraph 4. The policy shall identify, in respect of each class of instruments, the entities with which the orders are placed or to which the investment firm transmits orders for execution. The entities identified shall have execution arrangements that enable the investment firm to comply with its obligations under this Article when it places or transmits orders to that entity for execution.

(6) Investment firms shall provide information to their clients on the policy established in accordance with paragraph 5 and paragraphs 2 to 9 of Article 66. Investment firms shall provide clients with appropriate information about the firm and its services and the entities chosen for execution.

Upon reasonable request from a client, investment firms shall provide its clients or potential clients with information about entities where the orders are transmitted or placed for execution.

(7) Investment firms shall monitor on a regular basis the effectiveness of the policy established in accordance with paragraph 5 and, in particular, shall monitor the execution quality of the entities identified in that policy and, where appropriate, correct any deficiencies.

Investment firms shall review the policy and arrangements at least annually. Such a review shall also be carried out whenever a material change occurs that affects the firm's ability to continue to obtain the best possible result for their clients.

Investment firms shall assess whether a material change has occurred and shall consider making changes to the execution venues or entities on which they place significant reliance in meeting the overarching best execution requirement.

		<p>A material change shall be a significant event that could impact parameters of best execution such as cost, price, speed, likelihood of execution and settlement, size, nature or any other consideration relevant to the execution of the order.</p> <p>(8) This Article shall not apply where the investment firm that provides the service of portfolio management or reception and transmission of orders also executes the orders received or the decisions to deal on behalf of its client's portfolio. 11.2B Best execution for UCITS management companies

Application

- 11.2B.1** **G** This section applies to a *UCITS management company* when carrying on *scheme management activity*, in accordance with **COBS 18.5B.2R**.
- 11.2B.2** **G** A *firm* that is subject to **COBS 11.2** (Best execution for AIFMs and residual CIS providers) may comply with its obligations under **COBS 11.2** by complying with the *rules* in this chapter.
- 11.2B.3** **G** References in this chapter to a *scheme* are to a *UCITS scheme*.

Obligation to execute orders on terms most favourable to the scheme

- 11.2B.4** **R** A *management company* must act in the best interests of each *scheme* it manages when *executing* decisions to deal on behalf of the *scheme*.
[Note: article 25(1) of the *UCITS implementing Directive*]
- 11.2B.5** **R** A *management company* must take all sufficient steps to obtain, when *executing* decisions to deal, the best possible result for each *scheme* it manages, taking into account:
- (1) price;
 - (2) costs;
 - (3) speed;
 - (4) likelihood of execution;
 - (5) likelihood of settlement;
 - (6) order size and nature; and
 - (7) any other consideration relevant to the execution of the decision to deal,

(together the “*execution factors*”).

[Note: article 25(2) first sentence of the *UCITS implementing Directive*]

- 11.2B.6** G (1) The obligation to deliver the best possible result applies for all types of *financial instrument*. However, given the differences in market structures and the structure of *financial instruments*, it may be difficult to identify and apply a uniform standard of, and procedure for, best execution that would be valid and effective for all types of *financial instrument*.
- (2) Best execution obligations should therefore be applied to take into account the different circumstances surrounding the execution of orders for particular types of *financial instrument*. For example, transactions involving a customised *OTC financial instrument* with a unique contractual relationship tailored to the circumstances of the *scheme* and the *management company* may not be comparable for best execution purposes with transactions involving *shares* traded on centralised *execution venues*.
- (3) As best execution obligations apply to all *financial instruments*, irrespective of whether they are traded on *trading venues* or *OTC*, *management companies* should gather relevant market data to check whether the *OTC* price offered for a *scheme* is fair and delivers on the best execution obligation.
- 11.2B.7** R A *management company* must determine the relative importance of the *execution factors*, taking into account the following criteria:
- (1) the objectives, investment policy and risks specific to the *scheme*, as indicated in its *prospectus* or *instrument constituting the fund*;
- (2) the characteristics of the order, including where the order involves a *securities financing transaction*;
- (3) the characteristics of the *financial instruments* that are the subject of that order; and
- (4) the characteristics of the *execution venues* to which that order can be directed.
- [Note: article 25(2) second sentence of the *UCITS implementing Directive*]
- 11.2B.8** R A *management company* must take into account its own commissions and costs for executing an order, when assessing and comparing the results that would be achieved for a *scheme* by executing the order on each of the *execution venues* listed in the *management company's* execution policy that is capable of executing that order.
- 11.2B.9** G The requirement in ■ COBS 11.2B.8R that costs of execution include a *management company's* own commission or fees charged to the *scheme* should not apply for the purpose of determining which *execution venues* are included in the firm's execution policy in accordance with ■ COBS 11.2B.18R.
- 11.2B.10** R A *management company* must not receive any remuneration, discount or non-monetary benefit for routing orders to a particular *trading venue* or *execution venue* which would infringe the requirements on conflicts of interest (in ■ SYSC 10) or inducements (in ■ COBS 2.3 and ■ COBS 18 Annex 1).

- 11.2B.11** **R** A *management company* must not structure or charge its *commission* in a way that discriminates unfairly between *execution venues*.
- 11.2B.12** **G** A *management company* would be considered to discriminate unfairly between *execution venues* if it charged a different commission or spread to *schemes* for execution on different *execution venues* and that difference did not reflect actual differences in the cost to the *management company* of executing on those venues.
- 11.2B.13** **R** When executing orders or taking decisions to deal in *OTC* products including bespoke products, the *management company* must check the fairness of the price proposed to the *scheme*, by gathering market data used to estimate the price of such products and, where possible, by comparing with similar or comparable products.
- When executing orders or taking decisions to deal in OTC products including bespoke products, the management company must check the fairness of the price proposed to the scheme, by gathering market data used to estimate the price of such products and, where possible, by comparing with similar or comparable products.**
- 11.2B.14** **R** A *management company* must act in the best interests of each *scheme* it manages when placing orders to deal on behalf of that *scheme* with other entities for execution.
- [Note: article 26(1) of the *UCITS implementing Directive*]
- 11.2B.15** **R**
- (1) A *management company* must take all sufficient steps to obtain the best possible result for each *scheme* it manages when placing orders to deal on behalf of that *scheme* with other entities, taking into account the *execution factors*.
 - (2) A *management company* must determine the relative importance of the *execution factors* in accordance with ■ COBS 11.2B.7R.
- [Note: article 26(2) first and second sentences of the first paragraph of the *UCITS implementing Directive*]
- 11.2B.16** **G** This section is not intended to require a duplication of effort as to best execution between a *management company* and any firm with which that *management company* places its orders for execution.
- 11.2B.17** **R**
- (1) A *management company* must establish and implement effective arrangements for complying with the obligation to take all sufficient steps to obtain the best possible result for each *scheme* it manages.
 - (2) In particular, the *management company* must establish and implement an order execution policy to allow it to obtain the best possible result for each *scheme* it manages when:
 - (a) executing orders on behalf of the *scheme* (in accordance with ■ COBS 11.2B.5R); and
 - (b) placing orders with other entities for execution (in accordance with ■ COBS 11.2B.15R(1)).

[Note: articles 25(3) first paragraph and 26(2) third sentence of the first paragraph of the *UCITS implementing Directive*]

- 11.2B.18** R
- (1) The order execution policy must include, for each type of *financial instrument*, information on the different *execution venues* where the *management company* executes its *scheme orders* and the factors affecting the choice of *execution venue*.
 - (2) It must at least include *execution venues* that enable the *management company* to obtain the best possible result for the execution of *scheme orders* on a consistent basis.

- 11.2B.19** G
- The obligation in ■ **COBS 11.2B.17R** does not require a *management company* to include all available *execution venues* in its execution policy.

- 11.2B.20** G
- (1) When establishing its execution policy in accordance with ■ **COBS 11.2B.17R(2)**, a *management company* should determine the relative importance of the *execution factors*, or at least establish the process by which it determines the relative importance of these factors.
 - (2) Ordinarily, the *FCA* would expect that price will merit a high relative importance in obtaining the best possible result. However, in some circumstances for some *schemes*, orders, *financial instruments* or markets, the policy may appropriately determine that other *execution factors* are more important than price in obtaining the best possible result.
 - (3) A *management company*, when applying the criteria for best execution, will typically not use the same *execution venues* for *securities financing transactions* and other transactions. As a result, the order execution policy should take into account the particular characteristics of *securities financing transactions* and it should list separately *execution venues* used for *securities financing transactions*.

- 11.2B.21** R
- (1) The order execution policy must identify, for each type of *financial instrument*, the entities with which orders are placed or to which the *management company* transmits orders for execution.
 - (2) The entities identified must have execution arrangements that enable the *management company* to comply with its obligations under this section when it places or transmits orders to that entity for execution.

[Note: article 26(2) fourth sentence of the first paragraph and first sentence of the second paragraph]

- 11.2B.22** G
- (1) A *management company* may specify a single *execution venue*, or a single entity with which it places orders for execution, in its execution policy where it:
 - (a) is able to show that this allows it to obtain best execution, or, when placing orders for execution, the best possible result, for the *schemes* it manages on a consistent basis; and
 - (b) can reasonably expect that the selected *execution venue* or entity will enable it to obtain results for each *scheme* that are at least

as good as the results that it could reasonably expect from using alternative *execution venues* or entities.

- (2) The reasonable expectation in (1)(b) should be supported by relevant data or by other internal analyses conducted by the *management company*.

[deleted]

11.2B.23 R A *management company* must be able to demonstrate that it has executed or placed orders on behalf of each *scheme* it manages in accordance with its execution policy.
[Note: articles 25(5) and 26(4) of the *UCITS implementing Directive*]

11.2B.24 G A *management company* should apply its execution policy to each *scheme* order that it executes with a view to obtaining the best possible result for the *scheme* in accordance with that policy.

11.2B.25 G The provisions of this section relating to execution policy are in addition to the general obligation of a *management company* to monitor the effectiveness of its order execution arrangements and policy and assess the *execution venues* in its execution policy on a regular basis.

11.2B.26 R (1) A *management company* of an *ICVC* that is a *UCITS scheme* that is structured as an investment company, must obtain the prior consent of the *ICVC* or investment company to the execution policy.

(2) In the case of a *management company* that is the *ACD* of an *ICVC* that is a *UCITS scheme*, (1) does not apply where the *ACD* is the sole director of the *ICVC*.

[Note: article 25(3) first sentence of the second paragraph of the *UCITS implementing Directive*]

Monitoring and review of the order execution arrangements including the order execution policy

11.2B.27 R (1) A *management company* must monitor the effectiveness of its order execution arrangements and policy on a regular basis to identify and, where appropriate, correct any deficiencies.

(2) A *management company* that places orders with other entities for execution must in particular monitor the execution quality of those entities on a regular basis to identify and, where appropriate, correct any deficiencies.

(3) A *management company* must assess, on a regular basis:

- (a) whether the *execution venues* included in the order execution policy provide for the best possible result for the *schemes* it manages; and
- (b) whether it needs to make changes to its execution arrangements taking into account relevant data or other internal analyses conducted by the *management company*.

[Note: article 25(4) first sentence, and article 26(3) first paragraph of the *UCITS implementing Directive*]

11.2B.28 **R** A *management company* must:

- (1) (a) assess whether a material change has occurred in its order execution arrangements; and
 - (b) if so, consider making changes to the *execution venues* or entities on which it places significant reliance in meeting the overarching best execution requirement; and
- (2) review its execution policy, as well as its order execution arrangements:
 - (a) at least annually; and
 - (b) whenever a material change occurs that affects the *management company's* ability to continue to obtain the best possible result for the *scheme*.

[Note: article 25(4) second sentence, and article 26(3) second paragraph of the *UCITS implementing Directive*]

11.2B.29 **G** For the purposes of **COBS 11.2B.28R**, a material change is a significant event that could impact parameters of best execution such as cost, price, speed, likelihood of execution and settlement, size, nature or any other consideration relevant to the execution of the order.

11.2B.30 **G** A *management company* should compare and analyse relevant data to monitor and review their order execution arrangements.[deleted]

Information requirements

11.2B.31 **R** A *management company* must make available to the *unitholders* of each *scheme* it manages appropriate information on its execution policy and on any material changes to that policy.

[Note: articles 25(3) second sentence of the second paragraph and 26(2) second sentence of the second paragraph of the *UCITS implementing Directive*]

11.2B.32 **R** The information on the execution policy must:

- (1) be customised depending on the type of *financial instrument* and type of service provided; and
- (2) include the information in **COBS 11.2B.33R** and **COBS 11.2B.35R(1)** to **COBS 11.2B.35R(4)**.

11.2B.33 **R** A *management company* must make available the following details on its execution policy:

- (1) an account of the relative importance the *management company* assigns to the *execution factors*, or the process by which the

management company determines the relative importance of the *execution factors*;

- (2) a list of the *execution venues* on which the *management company* places significant reliance in meeting its obligation to take all reasonable steps to obtain the best possible result for the execution of *scheme* orders on a consistent basis, specifying which *execution venues* are used for each type of *financial instrument* and *SFT*;
- (3) appropriate information about the *management company* and the entities chosen for execution;
- (4) a list of the factors used to select an *execution venue* which:
 - (a) includes:
 - (i) qualitative factors such as clearing schemes, circuit breakers, scheduled actions, or any other relevant consideration; and
 - (ii) the relative importance of each factor; and
 - (b) is consistent with the controls used by the *management company* to demonstrate that best execution has been achieved on a consistent basis, when reviewing the adequacy of its policy and arrangements;
- (5) how the *execution factors* of price, costs, speed, likelihood of execution and any other relevant factors are considered as part of all sufficient steps to obtain the best possible result for the *scheme*;
- (6) where applicable:
 - (a) confirmation that the *management company* executes orders outside a *trading venue*;
 - (b) the consequences of this, for example counterparty risk arising from *execution* outside a *trading venue*; and
 - (c) a statement that additional information about the consequences of this means of *execution* is available on request; and
- (7) a summary of:
 - (a) the selection process for *execution venues*;
 - (b) the execution strategies employed;
 - (c) the procedures and process used to analyse the quality of execution obtained; and
 - (d) how the *management company* monitors and verifies that the best possible results were obtained for the *schemes* it manages.

11.2B.34 R

A *management company* must make the information in ■ COBS 11.2B.31R available to *unitholders* or potential *unitholders*:

- (1) in a *durable medium*; or
- (2) by means of a website (where that does not constitute a *durable medium*) provided that the *website conditions* are satisfied; or
- (3) in the *prospectus* of the *scheme*.

- 11.2B.35 **R**
- (1) A *management company* must make information available about the inducements that the *management company* may receive from *execution venues* in accordance with ■ COBS 2.3 and ■ COBS 18 Annex 1.
 - (2) The information in (1) must at least:
 - (a) specify the fees charged by the *management company* to all counterparties involved in the transaction; and
 - (b) where the fees vary depending on the *scheme*, indicate the maximum fees or range of the fees that may be payable.
 - (3) Where a *management company* applies different fees depending on the *execution venue*, a *management company* must explain these differences in sufficient detail to allow *unitholders* to understand the advantages and the disadvantages of the choice of a particular *execution venue*.
 - (4) Where a *management company* charges more than one participant in a transaction, the *firm* must make information available about the value of any monetary or non-monetary benefits received by the *firm*, in compliance with ■ COBS 2.3.1R.
 - (5) Where a *unitholder* makes a reasonable and proportionate request to a *management company* for information about its policies or arrangements and how they are reviewed, that *management company* must answer clearly and within a reasonable time.

11.2B.36 **R** [deleted]

11.2B.37 **R** Upon reasonable request from a *unitholder* or potential *unitholder*, a *management company* must provide information about entities where orders are transmitted or placed for execution.

11.3 Client order handling

General principles

11.3.1 R

- (1) A firm (other than a UCITS management company providing collective portfolio management services) which is authorised to execute orders on behalf of clients must implement procedures and arrangements which provide for the prompt, fair and expeditious execution of client orders, relative to other orders or the trading interests of the firm.

[Note: paragraph 1 of article 28(1) of MiFID]

- (2) These procedures or arrangements must allow for the execution of otherwise comparable orders in accordance with the time of their reception by the firm.

[Note: paragraph 2 of article 28(1) of MiFID]

- (3) A UCITS management company providing collective portfolio management services, must establish and implement procedures and arrangements in respect of all client orders it carries out which provide for the prompt, fair and expeditious execution of portfolio transactions on behalf of the UCITS scheme it manages.

[Note: article 27(1) first paragraph of the UCITS implementing Directive]

11.3.1A R

- (1) Subject to (2) and (3) in this chapter provisions marked "UK" apply to a firm's business other than MiFID business as if they were rules.
- (2) Provisions which derive from recitals to MiFID or the MiFID Org Regulation apply to all firms as guidance.
- (3) ■ COBS 11.3.4AUK, which reproduces article 67(2) of the MiFID Org Regulation, does not apply to a UCITS management company.

11.3.2 R

[deleted]

Carrying out client orders

11.3.2A UK

67(1)Investment firms shall satisfy the following conditions when carrying out client orders:

- (a)ensure that orders executed on behalf of clients are promptly and accurately recorded and allocated;
- (b)carry out otherwise comparable client orders sequentially and promptly unless the characteristics of the order or prevailing market

conditions make this impracticable, or the interests of the client require otherwise;

(c)inform a retail client about any material difficulty relevant to the proper carrying out of orders promptly upon becoming aware of the difficulty.

11.3.3

G

For the purposes of the provisions of this section, orders should not be treated as otherwise comparable if they are received by different media and it would not be practicable for them to be treated sequentially.

[Note: recital 110 to the MiFID Org Regulation]

11.3.4

R

Where a *management company* executes the order itself in the course of providing *collective portfolio management* services, it must take all reasonable steps to ensure that any *client financial instruments* or *client* funds received in settlement of that executed order are promptly and correctly delivered to the account of the appropriate *UCITS scheme*.

[Note: article 27(1) third paragraph of the UCITS implementing Directive]

Settlement of executed orders

11.3.4A

UK

67(2)Where an investment firm is responsible for overseeing or arranging the settlement of an executed order, it shall take all reasonable steps to ensure that any client financial instruments or client funds received in settlement of that executed order are promptly and correctly delivered to the account of the appropriate client.

11.3.5

R

[deleted]

Use of information relating to pending client orders

11.3.5A

UK

67(3)An investment firm shall not misuse information relating to pending client orders, and shall take all reasonable steps to prevent the misuse of such information by any of its relevant persons.

11.3.6

G

Without prejudice to the *Market Abuse Regulation*, for the purposes of the provision on the misuse of information (see ■ COBS 11.3.5AEU), any use by a *firm* of information relating to a pending *client* order in order to deal on own account in the *financial instruments* to which the *client* order relates, or in related *financial instruments*, should be considered a misuse of that information. However, the mere fact that *market makers* or bodies authorised to act as counterparties confine themselves to pursuing their legitimate business of buying and selling *financial instruments*, or that persons authorised to execute orders on behalf of third parties confine themselves to carrying out an order dutifully, should not in itself be deemed to constitute a misuse of information.

[Note: recital 110 to the MiFID Org Regulation]

Aggregation and allocation of orders

11.3.7

R

[deleted]

Aggregation and allocation of orders**11.3.7A** **UK**

68(1) Investment firms shall not carry out a client order or a transaction for own account in aggregation with another client order unless the following conditions are met:

(a) it is unlikely that the aggregation of orders and transactions will work overall to the disadvantage of any client whose orders are to be aggregated;

(b) it is disclosed to each client whose order is to be aggregated that the effect of aggregation may work to its disadvantage in relation to a particular order;

(c) an order allocation policy is established and effectively implemented, providing for the fair allocation of aggregated orders and transactions, including how the volume and price of orders determines allocations and the treatment of partial executions.

11.3.7B **R**

A *management company* must ensure that the order allocation policy referred to in article 68(1)(c) of the *MiFID Org Regulation*, reproduced at [■ COBS 11.3.7AUK](#), is in sufficiently precise terms.

[**Note:** article 28(1) of the *UCITS implementing Directive*]

11.3.8 **R**

[deleted]

Partial execution of aggregated client orders**11.3.8A** **UK**

68(2) Where an investment firm aggregates an order with one or more other client orders and the aggregated order is partially executed, it shall allocate the related trades in accordance with its order allocation policy.

Aggregation and allocation of transactions for own account**11.3.9** **R**

[deleted]

Aggregation and allocation of transactions for own account**11.3.9A** **UK**

69(1) Investment firms which have aggregated transactions for own account with one or more client orders shall not allocate the related trades in a way that is detrimental to a client.

11.3.10 **R**

[deleted]

11.3.10A **UK**

69 (2) Where an investment firm aggregates a client order with a transaction for own account and the aggregated order is partially executed, it shall allocate the related trades to the client in priority to the firm.

Where an investment firm aggregates a client order with a transaction for own account and the aggregated order is partially executed, it shall allocate the related trades to the client in priority to the firm. Where an investment firm is able to demonstrate on reasonable grounds that without the combination it would not have been able to carry out the order on such advantageous terms, or at all, it may allocate the transaction for own

account proportionally, in accordance with its order allocation policy referred to in Article 68(1)(c).

11.3.11 **R** [deleted]

11.3.11A **UK** 69(3)As part of the order allocation policy referred to in Article 68(1)(c), investment firms shall put in place procedures designed to prevent the reallocation, in a way that is detrimental to the client, of transactions for own account which are executed in combination with client orders.

11.3.12 **G** For the purposes of the provisions of this section, the reallocation of transactions should be considered as detrimental to a *client* if, as an effect of that reallocation, unfair precedence is given to the *firm* or to any particular person.

[Note: recital 109
to the *MiFID Org Regulation*]

11.3.13 **G** In this section, carrying out *client* orders includes:

- (1) the *execution of orders on behalf of clients*;
- (2) the placing of orders with other entities for execution that result from decisions to deal in *financial instruments* on behalf of *clients* when providing the service of *portfolio management* or *collective portfolio management*;
- (3) the transmission of *client* orders to other entities for execution when providing the service of reception and transmission of orders.

11.4 Client limit orders

Obligation to make unexecuted client limit orders public

11.4.-1 R In this chapter provisions marked "UK" apply to a *firm's* business other than *MiFID* business as if they were *rules*.

11.4.1 R Unless a *client* expressly instructs otherwise, a *firm* must, in the case of a *client limit order* in respect of shares admitted to trading on a *regulated market* or traded on a *trading venue* which is not immediately executed under prevailing market conditions, take measures to facilitate the earliest possible execution of that order by making public immediately that *client limit order* in a manner which is easily accessible to other market participants.

[Note: article 28(2) of *MiFID*]

11.4.2 G In respect of transactions executed between *eligible counterparties*, the obligation to disclose *client limit orders* should only apply where the counterparty is explicitly sending a *limit order* to a *firm* for its execution.

[Note: recital 105 to *MiFID*]

How client limit orders may be made public

11.4.3 EU [deleted]

11.4.3A UK A client limit order in respect of shares admitted to trading on a regulated market or traded on a trading venue which have not been immediately executed under prevailing market condition as referred to in ■ COBS 11.4.1R shall be considered available to the public when the investment firm has submitted the order for execution to a regulated market or a MTF or the order has been published by a person authorised to provide data reporting services under the *DRS Regulations* and can be easily executed as soon as market conditions allow.

11.4.4 G [deleted]

11.4.4A G *Firms* may comply with the obligations in ■ COBS 11.4.1R, to make public unexecuted *client limit orders*, by transmitting the *client* limit order to a *trading venue*.

[Note: article 28(2) of *MiFID*]

Orders that are large in scale

11.4.5 **R** The obligation in **COBS 11.4.1R** to make public a *limit order* is disapplied in respect of transactions that are large in scale compared with normal market as determined under article 4 of *MiFIR*.

Firms shall identify all potential conflicts of interest arising from other activities of the investment firm, or group, and implement appropriate management procedures. In particular, investment firms shall as a minimum requirement establish, implement and maintain internal arrangements to ensure both of the following:

(a) that the pricing of the offer does not promote the interests of other clients or firm's own interests, in a way that may conflict with the issuer client's interests; and

(b) the prevention or management of a situation where persons responsible for providing services to the firm's investment clients are directly involved in decisions about corporate finance advice on pricing to the issuer client.

Application of requirements for information flows during equity IPOs

11A.1.4A R

■ COBS 11A.1.4BR to ■ COBS 11A.1.4FR apply to a *firm* that:

(1) has *agreed to carry on regulated activities* for a *client* that is an *issuer* ("the *issuer client*") that include underwriting or placing of *financial instruments*, where:

(a) those *financial instruments* ("relevant securities") are either:

(i) *shares*; or

(ii) *certificates representing certain securities* where the certificate or other instrument confers rights in respect of *shares*;

(b) the relevant securities are intended to be *admitted to trading* in the *UK* for the first time;

(c) the trading under sub-paragraph (b) is intended to be effected by an *admission to trading* on a *regulated market*; and

(d) an approved *prospectus* will be required in accordance with article 3 of the *Prospectus Regulation* for the relevant securities; and

- (2) is intending to disseminate *investment research* or *non-independent research* on that *issuer client* or those relevant securities before the *admission to trading*.

Communications between the issuer and research analysts in equity IPOs

11A.1.4B R

- (1) Unless it complies with paragraphs (2) and (3) a *firm* must prevent its staff involved in the production of *investment research* or *non-independent research* ("the *firm's* analysts") from being in communication with the *issuer client* and/or the *issuer client's* representatives outside of the *firm* ("the *issuer team*").
- (2) Prior to the *firm's* analysts being in communication with the *issuer team*, the *firm* must ensure that a range of unconnected analysts (as defined in paragraph (4)) will have the opportunity (subject to ■ COBS 11A.1.4CR) either:
- (a) to join the *firm's* analysts in any communication with the *issuer team* that is made or received before the *firm* disseminates any *investment research* or *non-independent research* about the *issuer client* or the relevant securities as described in ■ COBS 11A.1.4AR(1); or
 - (b) to be in communication with the *issuer team* in a way that satisfies the following conditions:
 - (i) the communication results in those unconnected analysts receiving or being given access to all the information that is:
 - (A) given by the *issuer team* to the *firm's* analysts during the relevant period; and
 - (B) relevant for the purposes of the *firm* producing any *investment research* or *non-independent research* on the *issuer client* or the relevant securities;
 - (ii) the information that each of those unconnected analysts receives or can access is identical;
 - (iii) that communication is completed before the end of the relevant period; and
 - (iv) the relevant period for the purposes of sub-paragraphs (2)(b)(i) and (2)(b)(iii) starts from the time at which this *rule* applies and ends at the time at which the *firm* disseminates any *investment research* or *non-independent research* on the *issuer client* or the relevant securities.
- (3) (a) To select the range of unconnected analysts under paragraph (2) the *firm* must:
- (i) undertake an assessment of the potential range of unconnected analysts for the purposes of paragraph (2); and
 - (ii) use that assessment to ensure that the range of unconnected analysts given the opportunity under paragraph (2) is one that, in the *firm's* reasonable opinion, has a reasonable prospect of enabling potential investors to undertake a better-informed assessment of the present or future value of the relevant securities based on a more diverse set of substantiated opinions, compared to a situation in which the only research available to potential investors is that

disseminated by *firms* providing the service of underwriting or placing to the *issuer client*.

- (b) For its assessment and opinion under sub-paragraph (a) the *firm* may assume that an unconnected analyst that is given an opportunity to interact with the *issuer* team will publish an opinion on the *firm's issuer client* that will be available to potential investors.
- (c) The *firm* must make a written record of its assessment and opinion under sub-paragraph (a) at the time at which it forms its opinion.
- (d) The *firm's* record under sub-paragraph (c) must:
 - (i) set out the *firm's* process for conducting the assessment and forming the opinion under sub-paragraph (a);
 - (ii) identify the *firm's* staff that were involved in forming that opinion; and
 - (iii) explain the *firm's* consideration of the number and expertise of the unconnected analysts included in the range.
- (e) The *firm* must retain the record made under sub-paragraph (c) for five years from the date on which it is made.
- (4) An "unconnected analyst" means a *person* other than the *firm* or its staff:
 - (a) who does not provide the service of underwriting or placing of the same relevant securities to the same *issuer client*; and
 - (b) whose business or occupation may reasonably be expected to involve the production of research.

11A.1.4C R

- (1) If an opportunity communicated to the range of unconnected analysts under ■ COBS 11A.1.4BR(2) is subject to any restrictions that would apply to any of the unconnected analysts that accept the opportunity, a *firm* must ensure that those restrictions would not unreasonably prevent, limit or discourage those unconnected analysts from producing and disseminating research on the *issuer client* or the relevant securities.
- (2) The *firm* must also make and retain a written record of any such restrictions, regardless of whether the restrictions are subsequently applied to any unconnected analyst.
- (3) The *firm* must make the record at the time the opportunity is communicated to the range of unconnected analysts.
- (4) The *firm* must keep the record for a period of five years after the date it was made.

11A.1.4D E

- (1) A restriction is unreasonable under ■ COBS 11A.1.4CR(1) if it prevents an unconnected analyst from producing and disseminating research in circumstances in which the *firm* that is subject to ■ COBS 11A.1.4CR is itself able to produce and disseminate *investment research* or *non-independent research*.
- (2) Contravention of (1) may be relied upon as tending to establish non-compliance with ■ COBS 11A.1.4CR(1).

11A.1.4E R

- (1) Where a *firm* acts in accordance with ■ COBS 11A.1.4BR(2)(b) then it must make and retain a written record of:
 - (a) the information on the *issuer* or the relevant securities that is given by the *issuer* team to the *firm's* analysts during the relevant period under ■ COBS 11A.1.4BR(2)(b)(iv); and
 - (b) the information on the *issuer* or the relevant securities that is given by the *issuer* team to each of the relevant unconnected analysts during the same period.
- (2) The *firm* must make the record at the end of that period.
- (3) The *firm* must keep the record for a period of five years after the date it was made.

Timing restrictions for disseminating research on equity IPOs11A.1.4F R

- (1) A *firm* must not disseminate *investment research* or *non-independent research* on the relevant *issuer client* or relevant securities as described in ■ COBS 11A.1.4AR(1) until after the relevant time in paragraph (2).
- (2) The relevant time is:
 - (a) where a *firm* acts in accordance with ■ COBS 11A.1.4BR(2)(a), one day after the publication of the relevant document in paragraph (3); or
 - (b) otherwise, seven days after the publication of the relevant document in paragraph (3).
- (3) The relevant document is:
 - (a) an approved *prospectus* regarding the relevant securities; or
 - (b) an approved *registration document* regarding the *issuer*.
- (4) For this *rule*, publication of the relevant document means making the relevant document available to the public in accordance with article 21 of the *Prospectus Regulation*.
- (5) This *rule* does not apply to a *firm* in circumstances where, as a result of the *firm's* analysts being prevented from being in communication with the *issuer* team, it has not needed to engage with any unconnected analysts for the purposes of ■ COBS 11A.1.4BR.

Further requirements concerning the provision of information11A.1.5 UK

39(2) Investment firms shall provide clients with information about how the recommendation as to the price of the offering and the timings involved is determined. In particular, the firm shall inform and engage with the issuer client about any hedging or stabilisation strategies it intends to undertake with respect to the offering, including how these strategies may impact the issuer clients' interests. During the offering process, firms shall also take all reasonable steps to keep the issuer client informed about developments with respect to the pricing of the issue.

11A.1.6 UK

40(1) Investment firms placing financial instruments shall establish, implement and maintain effective arrangements to prevent recommendations on

placing from being inappropriately influenced by any existing or future relationships.

(2) Investment firms shall establish, implement and maintain effective internal arrangements to prevent or manage conflicts of interests that arise where persons responsible for providing services to the firm's investment clients are directly involved in decisions about recommendations to the issuer client on allocation.

(3) Investment firms shall not accept any third-party payments or benefits unless such payments or benefits comply with rules made by the Financial Conduct Authority under the Financial Services and Markets Act 2000 which were relied on before IP completion day to implement requirements laid down in Article 24 of Directive 2014/65/EU. In particular, the following practices shall be considered not compliant with those requirements and shall therefore be considered not acceptable:

(a) an allocation made to incentivise the payment of disproportionately high fees for unrelated services provided by the investment firm ('laddering'), such as disproportionately high fees or commissions paid by an investment client, or disproportionately high volumes of business at normal levels of commission provided by the investment client as a compensation for receiving an allocation of the issue;

(b) an allocation made to a senior executive or a corporate officer of an existing or potential issuer client, in consideration for the future or past award of corporate finance business ('spinning');

(c) an allocation that is expressly or implicitly conditional on the receipt of future orders or the purchase of any other service from the investment firm by an investment client, or any entity of which the investor is a corporate officer.

(4) Investment firms shall establish, implement and maintain an allocation policy that sets out the process for developing allocation recommendations. The allocation policy shall be provided to the issuer client before agreeing to undertake any placing services. The policy shall set out relevant information that is available at that stage, about the proposed allocation methodology for the issue.

(5) Investment firms shall involve the issuer client in discussions about the placing process in order for the firm to be able to understand and take into account the client's interests and objectives. The investment firm shall obtain the issuer client's agreement to its proposed allocation per type of client for the transaction in accordance with the allocation policy.

11A.1.7 UK

41 (1) Investment firms shall have in place systems, controls and procedures to identify and manage the conflicts of interest that arise when providing investment service to an investment client to participate in a new issue, where the investment firm receives commissions, fees or any monetary or non-monetary benefits in relation to arranging the issuance. Any commissions, fees or monetary or non-monetary benefits shall comply with the requirements in [■ COBS 2.3A.5R to ■ COBS 2.3A.7E, ■ COBS 2.3A.15R, ■ COBS 2.3A.16R, ■ COBS 2.3A.19R and ■ COBS 6.2B.11R] and be documented in the investment firm's conflicts of interest policies and reflected in the firm's inducements arrangements.

(2) Investment firms engaging in the placement of financial instruments issued by themselves or by entities within the same group, to their own

clients, including their existing depositor clients in the case of credit institutions, or investment funds managed by entities of their group, shall establish, implement and maintain clear and effective arrangements for the identification, prevention or management of the potential conflicts of interest that arise in relation to this type of activity. Such arrangements shall include consideration of refraining from engaging in the activity, where conflicts of interest cannot be appropriately managed so as to prevent any adverse effects on clients.

(3) When disclosure of conflicts of interest is required, investment firms shall comply with the requirements in Article 34(4), including an explanation of the nature and source of the conflicts of interest inherent to this type of activity, providing details about the specific risks related to such practices in order to enable clients to make an informed investment decision.

(4) Investment firms which offer financial instruments issued that are by themselves or other group entities to their clients and that are included in the calculation of prudential requirements specified in Regulation (EU) No 575/2013 of the European Parliament and of the Council¹, the law of the United Kingdom or any part of the United Kingdom ("UK law") which was relied on before IP completion day to implement Directive 2013/36/EU of the European Parliament and of the Council² or Directive 2014/59/EU of the European Parliament and of the Council³, shall provide those clients with additional information explaining the differences between the financial instrument and bank deposits in terms of yield, risk, liquidity and any protection provided in accordance with UK law which was relied on before IP completion day to implement Directive 2014/49/EU of the European Parliament and of the Council.

¹ Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms and amending Regulation (EU) No 648/2012 (OJ L 176, 27.6.2013, p.l)

² Directive 2013/36/EU of the European Parliament and of the Council of 26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms, amending Directive 2002/87/EC and repealing Directives 2006/48/EC and 2006/49/EC (OJ L 176, 27.6.2013, p.338)

³ Directive 2014/59/EU of the European Parliament and of the Council of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms and amending Council Directive 82/891/EEC, and Directives 2001/24/EC, 2002/47/EC, 2004/25/EC, 2005/56/EC, 2007/36/EC, 2011/35/EU, 2012/30/EU and 2013/36/EU, and Regulation (EU) No 1093/2010 and (EU) No 648/2012, of the European Parliament and of the Council (OJ L 173, 12.6.2014, p190)

Further requirements in relation to lending on provision of credit in the context of underwriting or placement

11A.1.8 UK

42(1) Where any previous lending or credit to the issuer client by an investment firm, or an entity within the same group, may be repaid with the proceeds of an issue, the investment firm shall have arrangements in place to identify and prevent or manage any conflicts of interest that may arise as a result.

(2) Where the arrangements taken to manage conflicts of interest prove insufficient to ensure that the risk of damage to the issuer client would be prevented, investment firms shall disclose to the issuer client the specific conflicts of interest that have arisen in relation to their, or group entities',

activities in a capacity of credit provider, and their activities related to the securities offering.

(3)Investment firms’ conflict of interest policy shall require the sharing of information about the issuer’s financial situation with group entities acting as credit providers, provided this would not breach information barriers set up by the firm to protect the interests of a client.

Record keeping requirements in relation to underwriting or placing

11A.1.9 UK

Investment firms shall keep records of the content and timing of instructions received from clients. A record of the allocation decisions taken for each operation shall be kept to provide for a complete audit trail between the movements registered in clients’ accounts and the instructions received by the investment firm. In particular, the final allocation made to each investment client shall be clearly justified and recorded. The complete audit trail of the material steps in the underwriting and placing process shall be made available to competent authorities upon request.

11A.2 Prohibition of future service restrictions

- 11A.2.1** **R** Unless exempted in **COBS 11A.2.2R**, a *firm* must not enter into an agreement in writing with a *client* that contains a *future service restriction*.
- 11A.2.2** **R** **COBS 11A.2.1R** does not apply to *future service restrictions* that:
- (1) are included in an agreement in writing for the *firm* to provide a bridging loan; and
 - (2) only involve the *firm* providing the *primary market and M&A services* to which the bridging loan relates.
- 11A.2.3** **R** For the purposes of **COBS 11A.2.2R**, “bridging loan” means a loan provided to a client for the purpose of providing short-term financing, and with the commercial intention that it be replaced with another form of financing (such as a *debenture* issue or a *share* issue).
- 11A.2.4** **G** A loan could be considered a bridging loan for the purposes of **COBS 11A.2.3** when, for example:
- (1) it is expressly documented that the intention of both parties is that the loan offers a temporary solution until the client is able to obtain longer-term financing from the capital markets or other future financing;
 - (2) it has a short term, typically of less than four years from signing, or the client is otherwise discouraged from retaining the loan as longer term financing, for example by stepping up the interest rates after an initial short period; and
 - (3) the terms provide that the proceeds from the future financing are used as mandatory pre-payment on the loan.
- 11A.2.5** **G**
- (1) Agreements for the provision of a specified or certain *primary market and M&A service* by the *firm* to the *client* are not prohibited by **COBS 11A.2.1R**, even where that service will take place in the future.
 - (2) **COBS 11A.2.1R** prohibits *future service restrictions* related to *primary market and M&A services* which may be required in the future but which, at the date of the agreement, are not yet specified or certain. *Future service restrictions* are prohibited because they prevent a *client* from freely deciding, as and when the need for *primary market and M&A services* arises, which *firm* to appoint to provide those services.

- 11A.2.6 G
- (1) The *future service restrictions* prohibited by ■ COBS 11A.2.1R relate to services that will be provided in the future.
 - (2) An example of restrictions that would therefore not be caught are those which relate to the recuperation of *fees* for work already undertaken by a *firm* in relation to a particular service or transaction when the *client* decides to use another financial institution for the same service or transaction ('tailgunner clauses').
- 11A.2.7 G
- (1) *Future service restrictions* bind the *client* to use the *firm* (or an *affiliated company*).
 - (2) Provisions in an agreement that only give a *firm* the right or opportunity to:
 - (a) pitch for future business; or
 - (b) be considered in good faith alongside other providers for future business; or
 - (c) match quotations from other providers, but which do not prevent the *client* from selecting the other providers,are not *future service restrictions*. In these cases, the *client* is not obliged to use the *firm* (or an *affiliated company*).

		Application
12.2.14	G	<p>This section applies to a <i>firm</i> that:</p> <p>(1) produces, or arranges for the production of, <i>investment research</i> that is intended or likely to be subsequently disseminated to <i>clients</i> of the <i>firm</i> or to the public, under its own responsibility or that of a member of its <i>group</i>; or</p> <p>(2) produces or disseminates <i>non-independent research</i>.</p>
12.2.15	R	<p>Where this section applies to a <i>firm</i> in relation to business other than its <i>MiFID business</i>, provisions in this section marked “UK” shall apply as if they were <i>rules</i>, other than those that copy out recitals, which shall apply as if they were <i>guidance</i>.</p>
12.2.16	G	<p>(1) This section applies to both <i>investment research</i> and <i>non-independent research</i>.</p> <p>(2) <i>Non-independent research</i> is not presented as objective or independent and is accordingly considered a marketing communication.</p> <p>(3) Both <i>investment research</i> and <i>non-independent research</i> are sub-categories of the type of information defined as an <i>investment recommendation</i> in ■ COBS 12.4.</p>
		Investment research and non-independent research
12.2.17	UK	<p>36(1) For the purposes of Article 37 investment research shall be research or other information recommending or suggesting an investment strategy, explicitly or implicitly, concerning one or several financial instruments or the issuers of financial instruments, including any opinion as to the present or future value or price of such instruments, intended for distribution channels or for the public, and in relation to which the following conditions are met:</p> <p>(a) the research or information is labelled or described as investment research or in similar terms, or is otherwise presented as an objective or independent explanation of the matters contained in the recommendation;</p> <p>(b) if the recommendation in question were made by an investment firm to a client, it would not constitute the provision of investment advice for the purposes of UK law on markets in financial instruments.</p>
		Non-independent research with reference to investment recommendations as defined in the Market Abuse Regulation
12.2.18	UK	<p>36(2) A recommendation of the type covered by point (35) of Article 3(1) of Regulation (EU) 596/2014 that does not meet the conditions set out in paragraph 1 shall be treated as a marketing communication for the purposes of UK law on markets in financial instruments and investment firms that produce or disseminate that recommendation shall ensure that it is clearly identified as such.</p> <p>Additionally, firms shall ensure that any such recommendation contains a clear and prominent statement that (or, in the case of an oral</p>

recommendation, to the effect that) it has not been prepared in accordance with legal requirements designed to promote the independence of investment research, and that it is not subject to any prohibition on dealing ahead of the dissemination of investment research.

Conflicts of interest

12.2.19 UK

37(1) Investment firms which produce, or arrange for the production of, investment research that is intended or likely to be subsequently disseminated to clients of the firm or to the public, under their own responsibility or that of a member of their group, shall ensure the implementation of all the measures set out in Article 34(3) in relation to the financial analysts involved in the production of the investment research and other relevant persons whose responsibilities or business interests may conflict with the interests of the persons to whom the investment research is disseminated.

The obligations in the first subparagraph shall also apply in relation to recommendations referred to in Article 36(2).

Recital 51

The measures and arrangements adopted by an investment firm to manage the conflicts of interests that might arise from the production and dissemination of material that is presented as investment research should be appropriate to protect the objectivity and independence of financial analysts and of the investment research they produce. Those measures and arrangements should ensure that financial analysts enjoy an adequate degree of independence from the interests of persons whose responsibilities or business interests may reasonably be considered to conflict with the interests of the persons to whom the investment research is disseminated.

Recital 52

Persons whose responsibilities or business interests may reasonably be considered to conflict with the interests of the persons to whom investment research is disseminated should include corporate finance personnel and persons involved in sales and trading on behalf of clients or the firm.

Recital 55

The concept of dissemination of investment research to clients or the public should not include dissemination exclusively to persons within the group of the investment firm. Current recommendations should be considered to be those recommendations contained in investment research which have not been withdrawn and which have not lapsed. The substantial alteration of investment research produced by a third party should be governed by the same requirements as the production of research.

12.2.20 G

- (1) *Firms* which produce, or arrange for the production of, *investment research* or *non-independent research* are also reminded of their obligations under ■ SYSC 10 (Conflicts of interest).
- (2) ■ COBS 12.2.19UK relates to the management of conflicts of interest in relation to *investment research*.
- (3) In relation to *non-independent research*, *firms* may wish to consider whether conflicts arise in relation to:
 - (a) *relevant persons* trading in *financial instruments* that are the subject of *non-independent research* which they know the *firm*

has published or intends to publish before *clients* have had a reasonable opportunity to act on it (other than when the *firm* is acting as *market maker* in good faith and in the ordinary course of market making, or in the execution of an unsolicited *client* order); and

- (b) the preparation of *non-independent research* which is intended first for internal use by the *firm* and then for later publication to *clients*.

Measures and arrangements required for investment research

12.2.21 UK

37(2) Investment firms referred to in the first subparagraph of paragraph 1 shall have in place arrangements designed to ensure that the following conditions are satisfied:

(a) financial analysts and other relevant persons do not undertake personal transactions or trade, other than as market makers acting in good faith and in the ordinary course of market making or in the execution of an unsolicited client order, on behalf of any other person, including the investment firm, in financial instruments to which investment research relates, or in any related financial instruments, with knowledge of the likely timing or content of that investment research which is not publicly available or available to clients and cannot readily be inferred from information that is so available, until the recipients of the investment research have had a reasonable opportunity to act on it;

(b) in circumstances not covered by point (a), financial analysts and any other relevant persons involved in the production of investment research do not undertake personal transactions in financial instruments to which the investment research relates, or in any related financial instruments, contrary to current recommendations, except in exceptional circumstances and with the prior approval of a member of the firm's legal or compliance function;

(c) a physical separation exists between the financial analysts involved in the production of investment research and other relevant persons whose responsibilities or business interests may conflict with the interests of the persons to whom the investment research is disseminated or, when considered not appropriate to the size and organisation of the firm as well as the nature, scale and complexity of its business, the establishment and implementation of appropriate alternative information barriers;

(d) the investment firms themselves, financial analysts, and other relevant persons involved in the production of the investment research do not accept inducements from those with a material interest in the subject-matter of the investment research;

(e) the investment firms themselves, financial analysts, and other relevant persons involved in the production of the investment research do not promise issuers favourable research coverage;

(f) before the dissemination of investment research issuers, relevant persons other than financial analysts, and any other persons are not permitted to review a draft of the investment research for the purpose of verifying the accuracy of factual statements made in that research, or for any purpose other than verifying compliance with the firm's legal obligations, where the draft includes a recommendation or a target price.

For the purposes of this paragraph, 'related financial instrument' shall be any financial instrument the price of which is closely affected by price movements in another financial instrument which is the subject of investment research, and includes a derivative on that other financial instrument.

Recital 53

Exceptional circumstances in which financial analysts and other persons connected with the investment firm who are involved in the production of investment research may, with prior written approval, undertake personal transactions in instruments to which the research relates should include those circumstances where, for personal reasons relating to financial hardship, the financial analyst or other person is required to liquidate a position.

Recital 54

Fees, commissions, monetary or non-monetary benefits received by the firm providing investment research from any third party should only be acceptable when they are provided in accordance with requirements specified in Article 24(9) of Directive 2014/65/EU and Article 13 of Commission Delegated Directive (EU) 2017 / 593.

Recital 56

Financial analysts should not engage in activities other than the preparation of investment research where engaging in such activities are inconsistent with the maintenance of that person's objectivity. These include participating in investment banking activities such as corporate finance business and underwriting, participating in 'pitches' for new business or 'road shows' for new issues of financial instruments; or being otherwise involved in the preparation of issuer marketing.

12.2.21A G

- (1) The phrase "participating in 'pitches' for new business" in Recital 56 to the *MiFID Org Regulation* would generally include a *financial analyst* interacting with an *issuer* to whom the *firm* is proposing to provide underwriting or placing services (including the *issuer's* representatives outside of the *firm* and any *person* who has an ownership interest in the *issuer*), until both:
 - (a) the *firm* that employs the *financial analyst* has agreed to carry on regulated activities that amount to underwriting or placing services for the *issuer*; and
 - (b) the extent of the *firm's* obligations to provide underwriting or placing services to the *issuer* as compared to the underwriting or placing services of any other *firm* that is appointed by the *issuer* for the same offering is confirmed in writing between the *firm* and *issuer*.
- (2)
 - (a) It may nevertheless be possible, in limited circumstances, for a *financial analyst's* interactions with any such *person* referred to under paragraph (1) to be entirely separate from the *firm's* 'pitches' such that the risk to their objectivity being impaired would be reasonably low.
 - (b) However, the *FCA* considers that would not be the case where the analyst is aware of the 'pitches', or may have reason to believe that the *firm* is conducting the 'pitches'.
- (3) In any case a *firm* should recognise that any situation in which there is a connection between its 'pitches' and a *person* with whom its *financial analyst* interacts can give rise to a conflict of interest (see ■ SYSC 10 (Conflicts of interest) and the relevant provisions of the *MiFID Org Regulation*).

Exemptions from article 37(1) of the MiFID Org Regulation**12.2.22** **UK**

37(3) Investment firms which disseminate investment research produced by another person to the public or to clients shall be exempt from complying with paragraph 1 if the following criteria are met:

- (a) the person that produces the investment research is not a member of the group to which the investment firm belongs;
- (b) the investment firm does not substantially alter the recommendations within the investment research;
- (c) the investment firm does not present the investment research as having been produced by it;
- (d) the investment firm verifies that the producer of the research is subject to requirements equivalent to the requirements under this Regulation in relation to the production of that research, or has established a policy setting such requirements.

12.2.23 **G**

The FCA would expect a *firm's conflicts of interest policy* to provide for *investment research* to be published or distributed to its *clients* in an appropriate manner. For example, the FCA considers it will be:

- (1) appropriate for a *firm* to take reasonable steps to ensure that its *investment research* is published or distributed only through its usual *distribution channels*;
- (2) inappropriate for an *employee* (whether or not a *financial analyst*) to communicate the substance of any *investment research*, except as set out in the *firm's conflicts of interest policy*; and
- (3) inappropriate for a *financial analyst* or other *relevant person* to prepare *investment research* which is intended first for internal use for the *firm's* own advantage, and then for later publication to its *clients* (in circumstances in which it might reasonably be expected to have a material influence on its *clients'* investment decisions).

12.2.24 **G**

The FCA would expect a *firm* to consider whether or not other business activities of the *firm* could create the reasonable perception that its *investment research* may not be an impartial analysis of the market in, or the value or prospects of, a *financial instrument*. A *firm* would therefore be expected to consider whether its *conflicts of interest policy* should contain any restrictions on the timing of the publication of *investment research*. For example, a *firm* might consider whether it should restrict publication of relevant *investment research* around the time of an investment offering.

Chapter 13

Preparing product information

13.1 The obligation to prepare product information

Non-PRIIP packaged products, cash-deposit ISAs and cash-deposit CTFs

13.1.1

R

A *firm* must prepare:

- (1) a *key features document* for each *non-PRIIP packaged product, cash-deposit ISA, cash-only lifetime ISA and cash-deposit CTF* it produces; and
- (2) a *key features illustration* for each *non-PRIIP packaged product* it produces;

in good time before those *documents* have to be provided.

PRIIPs

13.1.1A

G

- (1) The *PRIIPs Regulation* requires the manufacturer of a *PRIIP* to draw up a *key information document* in accordance with the *PRIIPs Regulation* before that *PRIIP* is made available to retail investors (as defined in the *PRIIPs Regulation*) in the *United Kingdom*.

[**Note:** article 5 of the *PRIIPs Regulation*]

- (2) Since the *PRIIPs Regulation* imposes requirements in relation to the preparation of product information for *PRIIPs*, the *rules* in ■ COBS 13.1 to ■ COBS 13.4 do not apply to a *firm* in relation to the manufacture of a *PRIIP* (except where applicable to *Solvency II Directive information*). ■ COBS 13.5 and ■ COBS 13.6 continue to apply where relevant.

Application of the PRIIPs regulation to funds

13.1.1B

G

- (1) A *UCITS management company* is exempt from the *PRIIPs Regulation* until 31 December 2026. These *firms* should continue to publish a *key investor information document* until that date (see ■ COLL 4.7).
- (2) (a) A manager of a *fund* offered to retail investors in the *United Kingdom*, other than a *UCITS*, is able to benefit from this exemption where a the *United Kingdom* applies rules on the format and content of the *key investor information document* which implemented articles 78 to 81 of the *UCITS Directive* to that *fund* (see article 32(2) of the *PRIIPs Regulation*).
- (b) The *FCA* has made *rules* for *authorised fund managers* of *non-UCITS retail schemes* to give them the choice of benefiting from this exemption (see ■ COLL 4.7).

		<p>(c) An authorised fund manager of a non-UCITS retail scheme offered to retail clients in the United Kingdom may, until 31 December 2026, draw up either:</p> <ul style="list-style-type: none">(i) a key information document in accordance with the PRIIPs Regulation; or(ii) a NURS-KII document. <p>[Note: Article 32(1) of the PRIIPs Regulation as amended by article 17(1) of Regulation (EU) 2019/1156 of the European Parliament and of the Council of 20 June 2019]</p>

13.1.2A	G	<p>A firm that effects life policies which are also PRIIPs should consider whether it is also required to draw up a key information document in respect of those life policies in accordance with the requirements of the PRIIPs Regulation.</p>

13.2 Product information: production standards, form and contents

13.2.1 G When a *firm* prepares *documents* or information in accordance with this chapter, the *firm* should consider the *rules* on providing product information (■ COBS 14). Those *rules* require a *firm* to provide the product information in a *durable medium* or via a website that meets the *website conditions* (if the website is not a *durable medium*).

[Note: article 29(4) of the *MiFID implementing Directive*]

13.2.1A G When a *firm* prepares *documents* or information for a *life policy, personal pension or stakeholder pension* in accordance with this chapter, the *firm* should:

- (1) consider the *rules* on communicating with clients (■ COBS 4). Those *rules* require a *firm* to ensure that a communication is fair, clear and not misleading. In particular, a *firm* should:
 - (a) take into account its target market's understanding of financial services when preparing *documents* and information;
 - (b) present information in a logical order;
 - (c) use clear and descriptive headings, and where appropriate, cross references and sub-headings to aid navigation;
 - (d) where possible, use plain language and avoid the use of jargon, unfamiliar or technical language;
 - (e) if it is necessary to use jargon, unfamiliar or technical language, provide accompanying explanations in plain language;
 - (f) use short sentences;
 - (g) (if the *key features illustration* is separate from the *key features document*) clearly cross-reference between the two and avoid duplication where possible;
 - (h) concentrate on key product information, cross reference to background information, detailed explanations and information about how to apply for the product; and
 - (i) avoid duplication and unnecessary disclaimers;
- (2) taking into account the means of printing or display, consider whether the following can be used to improve the *client's* understanding of the product, in particular:
 - (a) design devices such as side annotations, shading, colour, bulleted lists, tables and graphics; and
 - (b) the type size, line width, line spacing, and use of white space; and

13.2.2

R

- (3) ensure that the use of colour in a *document* does not disguise, diminish or obscure important information if that *document* is printed or photocopied in black and white.
- A *key features document* and a *key features illustration* must also:
- (1) (if it is a *key features document*) be produced and presented to at least the same quality and standard as the sales or marketing material used to promote the relevant product;
 - (2) (if it is a *key features document*) display the *firm's* brand at least as prominently as any other;
 - (3) (if it is a *key features document* or a *key features illustration* which does not form an integral part of the *key features document*) include the 'Key facts' logo in a prominent position at the top of the *document*; and
 - (4) (if it is a *key features document* or a *key features illustration* which does not form an integral part of the *key features document*) include the following statement in a prominent position:
"The Financial Conduct Authority is a financial services regulator. It requires us, [provider name], to give you this important information to help you to decide whether our [product name] is right for you. You should read this document carefully so that you understand what you are buying, and then keep it safe for future reference".

13.2.3

G

The *Solvency II Directive information* can be included in one or more of a *key features document*, a *key features illustration*, (where permitted by the *PRIPs Regulation*) a *key information document* or any other *document*.

13.2.4

R

The *documents* and information prepared in accordance with the *rules* in this chapter must not include anything that might reasonably cause a *retail client* to be mistaken about the identity of the *firm* that produced, or will produce, the product.

13.3 Contents of a key features document

General requirements

13.3.1 R

A key features document must:

- (1) include enough information about the nature and complexity of the product, how it works, any limitations or minimum standards that apply and the material benefits and risks of buying or investing for a *retail client* to be able to make an informed decision about whether to proceed;
- (2) explain:
 - (a) the arrangements for handling complaints about the product;
 - (b) that compensation might be available from the FSCS if the *firm* cannot meet its liabilities in respect of the product (if applicable);
 - (c) that a right to cancel or withdraw exists, or does not exist, and, if it does exist, its duration and the conditions for exercising it, including information about the amount a *client* may have to pay if the right is exercised, the consequences of not exercising it and practical instructions for exercising it, indicating the address to which any notice must be sent;
 - (d) (for a CTF) that *stakeholder CTFs*, *cash-deposit CTFs* and *security-based CTFs* are available and which type the *firm* is offering; and
 - (e) (for a *personal pension scheme* that is not an *automatic enrolment scheme*) clearly and prominently, that *stakeholder pension schemes* are generally available and might meet the *client's* needs as well as the scheme on offer; and
- (3) (for a *cash-only lifetime ISA*) include the information set out in ■ COBS 14 Annex 1.

13.3.1A G

When preparing a *key features document* for *pension annuity* and *drawdown pension* options *firms* should consider the information requirements for *firms* communicating with *clients* about their pension decumulation product options in ■ COBS 19.4.12R and ■ COBS 19.4.14R.

Additional requirements for non-PRIP packaged products

13.3.2 R

Table

A key features document for a non-PRIP packaged product must:

(1)	Include the title: 'key features of the [name of product]';
-----	---

(2)	describe the product in the order of the following headings, and by giving the following information under those headings:
Heading	Information to be given
'Its aims'	A brief description of the product's aims
'Your commitment' or 'Your investment'	What a <i>retail client</i> is committing to or investing in and any consequences of failing to maintain the commitment or investment
'Risks'	The material risks associated with the product, including a description of the factors that may have an adverse effect on performance or are material to the decision to invest
'Questions and Answers'	(in the form of questions and answers) the principle terms of the product, what it will do for a <i>retail client</i> and any other information necessary to enable a <i>retail client</i> to make an informed decision.
[Note: in respect of 'Risks', article 185(4) of the <i>Solvency II Directive</i>]

13.4 Contents of a key features illustration

- 13.4.1** **R** A key features illustration;
- (1) must include *appropriate charges information*;
 - (2) must include information about any interest that will be paid to *clients* on money held within a *personal pension scheme* bank account; and
 - (3) if it is prepared for a *non-PRIP packaged product* which is not a *financial instrument*:
 - (a) must include a *standardised deterministic projection*;
 - (b) the *projection* and charges information must be consistent with each other so that:
 - (i) the same intermediate growth rate and assumptions about regular contributions are used;
 - (ii) a *projection* in nominal terms is accompanied by an effect of charges table and reduction in yield information in nominal terms; and
 - (iii) a *projection* in real terms is accompanied by an effect of charges table and reduction in yield information in real terms; and
 - (c) it may also include *stochastic projections* if there are reasonable grounds for believing that a *retail client* will be able to understand the *stochastic projection* except that the most prominent *projection* must be a *standardised deterministic projection*.
- 13.4.1A** **R**
- (1) If ■ COBS 14.2.1R(3B), ■ (3C) or ■ (3D) applies, a *key features illustration* must also include the summary key information in ■ COBS 13.4.7R.
 - (2) There is no requirement to provide the summary key information in ■ COBS 13.4.7R if the *retail client* proposes to withdraw their pension scheme funds in full reducing the value of their rights to zero.
 - (3) Where (2) applies and a *retail client* subsequently does not withdraw their pension scheme funds in full reducing the value of their rights to zero, the *firm* must provide the *client* with the summary key information in ■ COBS 13.4.7R.

Exceptions

13.4.2

R

When the *rules* in this chapter require a *key features illustration* to be prepared, it must not take the form of a *generic key features illustration*:

- (1) unless there are reasonable grounds for believing that it will be sufficient to enable a *retail client* to make an informed decision about whether to invest; or
- (2) if it is part of a *direct offer financial promotion* which contains a *personal recommendation*; or
- (3) if a *personal pension scheme* or a *stakeholder pension scheme* is facilitating the payment of an *adviser charge*; or
- (4) if a *group personal pension scheme* or a *group stakeholder pension scheme* is facilitating the payment of a *consultancy charge* and the combined effect of the *consultancy charges* facilitated by the product and the product charges is not consistent for all investors in the relevant group or sub-group; or
- (5) unless it is prepared for groups or sub-groups of employees in a *group personal pension scheme* or a *group stakeholder pension scheme* and it contains:
 - (a) a *generic projection* which is prepared in accordance with ■ COBS 13 Annex 2 paragraph 1.3 and based on a default fund or other commonly selected fund;
 - (b) an effect of charges table calculated in accordance with ■ COBS 13 Annex 4 R paragraph 2 and contains additional rows that show a range of typical periods to retirement age; and
 - (c) reduction in yield information which is calculated in accordance with ■ COBS 13 Annex 4 R paragraph 3.3(2) and combines the product charge and, if applicable, the *consultancy charge*.

13.4.3

G

A *generic key features illustration* is unlikely to be sufficient to enable a *retail client* to make an informed decision about whether to invest if the *premium* or investment returns on the product will be materially affected by the personal characteristics of the investor.

13.4.4

R

There is no requirement under ■ COBS 13.4.1 R to include a *projection* in a *key features illustration*:

- (1) for a single *premium life policy* bought as a pure investment product, a product with benefits that do not depend on future investment returns or any other product if it is reasonable to believe that a *retail client* will not need one to be able to make an informed decision about whether to invest; or
- (2) if the product is a *life policy* that will be held in a *CTF* or sold with *basic advice* (unless the *policy* is a *stakeholder pension scheme*); or
- (3) if a *retail client* proposes to withdraw the funds in full from their , *personal pension scheme* *stakeholder pension scheme* or *drawdown pension* reducing the value of their rights to zero.

13.4.4A **R** Where **■ COBS 13.4.4R(3)** applies, if a *retail client* subsequently does not withdraw the funds in full from their *personal pension scheme*, *stakeholder pension scheme* or *drawdown pension* reducing their rights to zero, the *firm* must provide the *client* with a *standardised deterministic projection*.

13.4.5 **G** Although there may be no obligation to include a *projection* in a *key features illustration*, where a *firm* chooses to include one, the *projection* should:

- (1) Comply with the requirements in this section unless the *projection* relates to an investment that is a *financial instrument*.
- (2) Where the *projection* relates to a *financial instrument*, the *firm* should comply with either:
 - (a) the requirements in article 44(6) of the *MiFID Org Regulation* (see **■ COBS 4.5A.14UK**) where the *firm* is carrying on *MiFID*, *equivalent third country* or *optional exemption business*); or
 - (b) the requirements in **■ COBS 4.6.7R** where the *firm* is not carrying on *MiFID*, *equivalent third country* or *optional exemption business*.

Summary key information for income withdrawal or lump sum withdrawal

13.4.6 **G** The purpose of the summary key information is to present the main information from the *key features illustration* to assist a *retail client* to understand and engage with their chosen *income withdrawal* or *uncrystallised funds pension lump sum* arrangement.

13.4.7 **R**

- (1) The summary key information is:
 - (a) the value of the crystallised and uncrystallised funds in the *retail client's personal pension scheme*;
 - (b) the value of the *pension commencement lump sum*, if applicable;
 - (c) the projected value of the *retail client's personal pension scheme* or *stakeholder pension scheme* 5 and 10 years after the date of withdrawal;
 - (d) reduction in yield information prepared in real terms in accordance with **■ COBS 13 Annex 3 3R** or **■ COBS 13 Annex 4 3R** and presented as A% or D% accordingly;
 - (e) the *retail client's* age when their funds are projected to reduce to zero (if relevant);
 - (f) first year charges expressed in cash terms and determined in accordance with (2);
 - (g) if applicable, the following information about the *income withdrawal* or *uncrystallised funds pension lump sum* arrangement offered:
 - (i) an assumed start date;
 - (ii) for one-off payments, the withdrawal figure and date of withdrawal; and
 - (iii) if the *retail client* has chosen to take regular withdrawals or *uncrystallised funds pension lump sum* payments, the value of those withdrawals on an annual basis.

13.4.8

G

- (2) The first-year *charges* must be determined on the basis of the level of *charges* that the *retail client* would be expected to pay in the first year in accordance with the *firm's* charging structure before any promotional discount or reduction is applied, and:
- (a) where the effect of charges table has been prepared in accordance with ■ COBS 13 Annex 3 2.2R(2), using the amount representing the “effect of deductions to date” for the first year of the projection; or
 - (b) where the effect of charges table has been prepared in accordance with ■ COBS 13 Annex 4 2.2R, using the amount representing the difference between the values of “before charges are taken” and “after all charges are taken from this plan” for the first year of the projection.

Charges information should be presented as prominently as any other information in the summary key information.

Presentation of summary key information

13.4.9

R

- (1) The summary key information must:
- (a) be on the front page of the *key features illustration* or *key features document* (where ■ COBS 13.1.3R(3)(c) applies);
 - (b) not exceed a single side of A4-sized paper when printed; and
 - (c) include the ‘Key facts’ logo in a prominent position at the top of the document.
- (2) The requirement in (1)(b) does not apply if a *retail client* asks for summary key information to be provided in an accessible format and the fulfilment of that request will necessitate the use of more than a single side of A4-sized paper.

13.5 Preparing product information: other projections

Projections for in-force products

- 13.5.1** **R** A *firm* that communicates a *projection* for an in-force *packaged product* which is not a *financial instrument*:
- (1) must include a *standardised deterministic projection*;
 - (2) may also include a *stochastic projection* except that the most prominent *projection* must be a *standardised deterministic projection*; and
- must follow the *projection rules* in ■ COBS 13 Annex 2.

- 13.5.1A** **R** The requirement in ■ COBS 13.5.1R does not apply where a *retail client* proposes to withdraw the funds in full from their *personal pension scheme*, *stakeholder pension scheme* or *drawdown pension* reducing the value of their rights to zero.

Projections: other situations

- 13.5.2** **R**
- (1) A *firm* that communicates a *projection* for a *packaged product* which falls within (2) must ensure that the *projection* is either a *standardised deterministic projection* or a *stochastic projection* in accordance with ■ COBS 13 Annex 2.
 - (2) This *rule* applies to a *packaged product* which is:
 - (a) not a *financial instrument* or an in-force *packaged product*; and
 - (b) either:
 - (i) a non-*PRIP packaged product* for which a *key features illustration* is not required to be provided; or
 - (ii) a *PRIP* where the *projection* is not in the *key information document*.

- 13.5.2A** **R** The requirement in ■ COBS 13.5.2R does not apply where a *retail client* elects to withdraw the funds in full from their *personal pension scheme* or *stakeholder pension scheme* or *drawdown pension* reducing the value of their rights to zero.

- 13.5.2B** **G** Where a *firm* communicates a *projection* for a *packaged product* that is a *financial instrument*, the following future performance requirements are likely to apply:

- (1) article 44(6) of the *MiFID Org Regulation* (see ■ COBS 4.5A.14UK) where the *firm* is carrying on *MiFID*, *equivalent third country* or *optional exemption business*; or

(2) ■ COBS 4.6.7R where the *firm* is not carrying on *MiFID*, *equivalent third country* or *optional exemption business*.

Exceptions to the projection rules: projections for more than one product

- 13.5.3

R

A *firm* that communicates a *projection* of benefits for a *packaged product* which is not a *financial instrument*, as part of a combined *projection* where other benefits being projected include those for a *financial instrument* or *structured deposit*, is not required to comply with the projection rules in ■ COBS 13.4, ■ COBS 13.5 and ■ COBS 13 Annex 2 to the extent that the combined *projection* complies with the future performance requirements in either:

(1) article 44(6) of the *MiFID Org Regulation* (see ■ COBS 4.5A.14UK) where the *firm* is carrying on *MiFID*, *equivalent third country* or *optional exemption business*; or

(2) ■ COBS 4.6.7R where the *firm* is not carrying on *MiFID*, *equivalent third country* or *optional exemption business*.

- 13.5.4

G

The general requirement that communications be fair, clear and not misleading will nevertheless mean that a *firm* that elects to comply with the future performance rule in ■ COBS 4.6.7 R, or, if applicable, the requirement in article 44(6) of the *MiFID Org Regulation* (see ■ COBS 4.5A.14UK), will need to explain how the combined *projection* differs from other information that has been or could be provided to the client, including a *projection* provided under the *projection rules* in ■ COBS 13.4, ■ COBS 13.5 and ■ COBS 13 Annex 2. In particular, the *firm* should identify where a *projection* in real terms is required under ■ COBS 13.

13.6 Preparing product information: adviser and consultancy charges

- 13.6.1** **R** A *firm* that agrees to facilitate the payment of an *adviser charge* or *consultancy charge*, or an increase in such a charge, from a new or in-force *packaged product*, must prepare sufficient information for the *retail client* to be able to understand the likely effect of that facilitation, in good time before it takes effect.
- 13.6.2** **G** Where a *firm* agrees to facilitate the payment of an *adviser charge* or *consultancy charge* for a new *non-PRIIP packaged product*, it will satisfy the rule in **■ COBS 13.6.1R** by including the *appropriate charges information* in the *key features illustration*.

Projections

This annex belongs to ■ COBS 13.4.1 R (Contents of a key features illustration), ■ COBS 13.5.1 R (Projections for in-force products) and ■ COBS 13.5.2 R (Projections: other situations).

R

Projections

1 Calculating standardised deterministic projections

1.1 A *standardised deterministic projection* must:

- (1) include a *projection* of benefits at the lower, intermediate and *higher rates of return*;
- (2) be rounded down; and
- (3) show no more than three significant figures.

R

1.2 Calculating projections: additional requirements for a *personal pension scheme* and *stakeholder pension scheme*

- (1) A *standardised deterministic projection* must be in real terms and be accompanied by information explaining why price inflation has been taken into account and that price inflation reduces the worth of all savings and investments.
- (2) A *standardised deterministic projection* in real terms must be calculated using:
 - (a) the appropriate *lower, intermediate* and *higher rates of return*;
 - (b) the intermediate rate of price inflation, in accordance with COBS 13 Annex 2 2.5R; and
 - (c) an annuity calculated in accordance with COBS 13 Annex 2 3.1R.
- (3) The *standardised deterministic projection* must show only the numeric value of the three real rates of return after the appropriate price inflation assumption has been taken into account, that is, the real rate of projected growth which has been applied to the real value of the contributions.

G

1.2A A firm may provide a *retail client* with a *projection* in nominal terms:

- (1) of their fund or *pension commencement lump sum* for planning purposes (for example for a pension mortgage); or
 - (2) of a *pension commencement lump sum* or *income withdrawal* or *uncrystallised funds pension lump sum* if the *retail client* requests it,
- if the *projection* is prepared in a way which is consistent with the *standardised deterministic projection*.

R

- 1.3 (1) If a *generic projection* is prepared for a *stakeholder pension scheme* or *personal pension scheme* in circumstances where a *generic key features illustration* is permitted under COBS 13.4.2 R, sufficient separate *projections*, covering a range of different contractual periods and contributions, must be included for a *retail client* to be able to make an informed decision about whether to invest.

- (2) A *projection* prepared on that basis may omit projections at the *lower* and *higher* rates of return and only show a range of benefits in real terms at the *intermediate* rate of return.

G

- 1.4 A firm will provide sufficient separate *projections* if it prepares a table that shows *projections* in real terms for a variety of periods to maturity and a variety of contribution levels, taking into account the *charges* and other material terms that apply to the *stakeholder pension scheme* or *personal pension scheme*. Such a table could be laid out like a specimen benefits table (see COBS 13 Annex 2 1.8).

R

Providing a stochastic projection

- 1.5 A *stochastic projection* may only be provided if:

(1) [deleted]

(2) [deleted]

[deleted]

(3)

[deleted]

(4) it is based on a reasonable number of simulations and assumptions which are reasonable and supported by objective data;

(5) it is accompanied by enough information for the *retail client* to be able to understand the difference between the *stochastic projection* and the *standardised deterministic projection* being provided; and

(6) it is presented in real terms where the accompanying *standardised deterministic projection* is required to be in real terms.

1.6 [deleted]

R

Exceptions

1.7

A *projection* for an in-force product that will mature in six *months* or less may be prepared and presented on any reasonable basis.

1.7A If a *projection* is prepared in connection with an offer for or conclusion of a *personal pension scheme*, three different rates of return must be used.

[Note: article 185(5) of the *Solvency II Directive*]

R

1.8 In the case of a *stakeholder pension scheme* in circumstances where a *generic key features illustration* is permitted under COBS 13.4.2R, the specimen benefits table, contained within the "Stakeholder pension decision tree" factsheet available on <https://www.moneyhelper.org.uk> and headed "Pension Table...How much should I save towards a pension?" which sets out initial monthly pension amounts, may be used instead of a *standardised deterministic projection* but only if it is accompanied by an explanation of the caveats and assumptions behind the table.

R

1.9 The *rules* in this Annex do not apply to:

- (1) a *projection* for an in force product which is consistent with the *statutory money purchase illustration* requirements; and
- (2) a *safeguarded-flexible benefits risk warning*.

R

- 1.10 A *standardised deterministic projection* for an in force product may omit the *intermediate rate of return* except for *personal pension scheme* and *stakeholder pension scheme* contracts taken out after 5 April 2014.

R

- 2 Assumptions to follow when calculating projections.

Assumptions: projection date

- 2.1 A *standardised deterministic projection* must be calculated to the *projection date* described below:

Product	Projection date
(1) A contract which is a <i>whole life assurance</i> the <i>premiums</i> under which are regular <i>premiums</i>	The anniversary of the commencement date: <ul style="list-style-type: none"> (a) which first falls after the seventy-fifth birthday of the life assured; or (b) (if there is more than one life assured) the anniversary of the commencement date which falls after the seventy fifth birthday of: <ul style="list-style-type: none"> (i) (if benefits are payable on the first death) the oldest life assured; or (ii) (in all other cases) the youngest life assured; subject to a minimum <i>projection date</i> of ten years.
(2) A contract that is not in (1): <ul style="list-style-type: none"> (a) where the relevant marketing refers to a surrender value or an option to take benefits before they would otherwise be paid; or (b) that is open-ended, or linked to one or more lives, which is not a <i>personal pension scheme</i> or <i>stakeholder pension scheme</i> 	An appropriate date which highlights the features of the product
(3) A contract that is not in (1) or (2) and has a specified maturity date	The maturity date specified in the contract
(4) A contract that is not in (1) or (2) or (3)	The tenth anniversary of the commencement date

R

Assumptions: contributions

- 2.2 A *standardised deterministic projection* must:

- (1) take account of all contributions due during the *projection period*;
- (2) be calculated on the basis that contributions are accumulated, net of *charges*, at the appropriate rate of return compounded on an annual basis;
- (3) (if it includes assumptions about contribution increases in line with an index) be based on an assumption that contribution increases are consistent with any assumptions regarding that index in this annex; and
- (4) deduct from contributions any rider benefits or extra *premium* which may be charged for an increased underwriting risk.

R

Assumptions: rates of return

- 2.3 A *standardised deterministic projection* must be calculated as follows:

- (i) the *intermediate rate of return* must accurately reflect the investment potential of each of the product's underlying investment options;
- (iii) the *lower and higher rates of return* must maintain a differential of 3% relative to the *intermediate rate of return*; and
- (iii) the rates of return for each underlying investment option must not exceed the following maximum rates:

Nominal rates	Lower rate	Inter-mediate rate	Higher rate
tax-exempt business held in a <i>wrapper</i> or by a <i>friendly society</i>	2%	5%	8%
<i>personal pension schemes, stakeholder pension schemes and investment-linked annuities</i>			
all other products	1½%	4½%	7½%

R

Exceptions

2.4 A *standardised deterministic projection*:

- (1) [deleted]
- (2) may be calculated using a lower rate of return if a *retail client* requests it; and
- (3) where there is a contractual obligation to provide a minimum rate of return that exceeds any one or more of the *lower, intermediate or higher rates of return*, the *standardised deterministic projection* must be calculated by substituting the obligated rate of return for the *lower, intermediate or higher rate of return*, as appropriate.

R

Assumptions: inflation

2.5 If inflation is taken into account, the *standardised deterministic projection* must be calculated using the following rates:

	Lower rate	Inter-mediate rate	Higher rate
Price inflation	0.00%	2.00%	4.00%
Earnings inflation	≥1.5%	≥3.5%	≥5.5%

2.5A R If inflation is taken into account, and the level of future contributions, *charges* or benefits is linked to *RPI*, the *standardised deterministic projection* must be calculated using the following rates in respect of those future contributions, *charges* or benefits:

	Lower rate	Inter-mediate rate	Higher rate
RPI price inflation	1.00%	3.00%	5.00%

R

Assumptions: charges

2.6 The *charges* allowed for in a *standardised deterministic projection*:

- (1) must properly reflect:
 - (a) all of the charges, expenses and deductions a *client* will, or may expect to be taken after investment into the product;

- (b) the tax relief available to the *firm* in respect of so much of the *firm's* gross expenses as can properly be attributed to the contract; and
- (c) the fact that certain *charges* will be fully or partially off-set, but only to the extent that the *firm* can show that the off-set funds will be available when the relevant *charges* arise; and
- (2) must not include the *firm's* dealing costs incurred on the underlying portfolio; and
- (3) must include the retained interest *charges* specified in COBS 13 Annex 3 1.1R(4) or COBS 13 Annex 4 1.1R(4), where relevant.

- 2.7
- (1) Development and capital costs should normally be written off in the year in which they are incurred. However, some costs (for example, exceptional new business expenses) may be amortised and previous years' costs may then be brought into account.
 - (2) If it is reasonable to assume that higher expenses will be incurred in the future, appropriate allowances should be made, and any inflation assumptions should be consistent with those prescribed in these rules.
 - (3) Expenses should be apportioned appropriately between products so that scales of expenses can be calculated and applied.
 - (4) Where appropriate, mortality and morbidity should be allowed for on a best estimate basis. The basis for annuities should allow for future improvements in mortality.
 - (5) A projection should not assume that *charges* will fall over time to a rate that is lower than the rate currently being charged on the relevant product (or, if there is no such charge, on a similar product).
 - (6) A projection of surrender value, cash-in value or transfer value should take into account any specific current surrender value basis and penalties which may be applied.
 - (7) If a *personal pension scheme* is invested in assets that are volatile or difficult to value, the *standardised deterministic projection* should be prepared using the best available reasonable assumptions.
 - (8) The methodology for a projection including retained interest *charges* should:
 - (a) take account of any required minimum cash balances;
 - (b) be based on reasonable assumptions such that the overall charges in relation to the product and the investments are unlikely to be understated; and
 - (c) have regard to the overall level of retained interest *charges* across all relevant business.

Additional requirements: with-profits policies

- 2.8
- (1) A *standardised deterministic projection* for a *with-profits policy* must properly reflect the deductions from asset share which a *firm* expects to make in accordance with its *deductions plan*.
 - (2) A *standardised deterministic projection* for a *with-profits policy* where bonus rates apply must assume that the bonus rates supported by the relevant premium and rate of return apply throughout the term of the contract.

R

Additional requirements: drawdown pensions and regular *uncrystallised funds pension lump sum* payments

- 2.9
- (1) A *standardised deterministic projection* for a *drawdown pension* or regular *uncrystallised funds pension lump sum* payments must be based on the requirements contained in (2) to the extent that they impose additional or conflicting requirements to the balance of the *rules* in this section.
 - (2) A *standardised deterministic projection* for a *drawdown pension* or regular *uncrystallised funds pension lump sum* payments must include:

- (a)

where relevant the maximum initial income specified in the tables published by the Government Actuaries Department for a *drawdown pension*;
- (b)

the assumed level of income;
- (c)

for a *short-term annuity*, where subsequent *short-term annuities* are assumed, a statement reflecting that fact;
- (d)

(under 'What the benefits might be' or similar heading, either:

(i)

the amount of income and the projected value of the fund at five yearly intervals to age 99 for the *lower, intermediate* and *higher rate of return* for as long as the fund is projected to exist (at the *higher rate of return*); or

(ii)

a description of the income and a projection of the age at which the fund will cease to exist for the *lower, intermediate* and *higher rate of return*; and
- (e)

[deleted]
- (f)

the amount of annuity that could be secured using an immediate annuity rate available in the market.
- (3)

A *standardised deterministic projection* for a *drawdown pension* or regular *uncrystallised funds pension lump sum* payments may also include the projected open market values and the amounts of annuity that might be purchased at some point in the future.
- (4)

A *standardised deterministic projection* for a *drawdown pension* entered into before 6 April 2015 must, where relevant, be based on an assumption that the current gilt index yield will continue to apply throughout the relevant term.

3 How to calculate a projection for a future annuity

3.1 A *projection* for a future annuity must:

- (1)

be calculated by rounding all factors to three decimal places before applying them to the relevant retirement fund;
- (2)

use a mortality rate based on the year of birth rate derived from each of the Institute and Faculty of Actuaries' Continuous Mortality Investigation tables PMA16 and PFA16 and including mortality improvements derived from each of the male and female annual mortality projection models, in equal parts;
- (3)

[deleted]
- (4)

(for an annuity where two lives are concerned):

(a)

reflect the age difference between the two lives; or

(b)

be based on the assumption that the male life is three years older than the female (if the genders differ) or the two lives have the same age (if the genders are the same);
- (5)

include an expenses allowance of 4%;
- (6)

be based on the following rates of return as appropriate:

- 5 Projections: accompanying statements and presentation
- 5.1 A *standardised deterministic projection* must be accompanied by:
- (1) appropriate risk warnings, including warnings about volatility and the impact of inflation and that the product may pay back less than paid in (if that could be the case), and the degree to which any figures can be relied upon; and
 - (2) a statement:
 - (a) [deleted]
 - (b) that *charges* may vary;
 - (c) of the contributions that have been assumed;
 - (d) that increases in contributions have been assumed (if that is the case), together with sufficient information for a *retail client* to be able to understand the nature and magnitude of the assumed increases;
 - (e) of the sum of any actual *premiums* charged for any rider benefits or increased underwriting risks (where these have been charged);
 - (f) (for *personal pension schemes* and *stakeholder pension schemes*) of the assumptions used to calculate the regular income and that the *client* may choose when to take this income (if that is the case); and
 - (g) that the projection takes account of the existence of contractual obligations to provide a minimum rate (if that is the case).

[Note: article 185(5) of the *Solvency II Directive*]

R

- 5.1A When presenting a *standardised deterministic projection* a firm must:
- (1) include a short introductory explanation of what the *projection* seeks to illustrate;
 - (2) use a descriptive heading such as 'What your regular income might be worth in future or 'What might I get back from my plan?';
 - (3) place the *projection* and the associated explanation adjacent to each other on the same page; and
 - (4) explain that the *client* will be sent annual statements (if that is the case) which will allow them to keep track of their benefits.

Additional requirements: pension schemes and products linked to other products

- 5.2 A *standardised deterministic projection* for a product where the benefits illustrated depend on a link to a separate product must include an appropriate description of the material factors that might influence the returns available overall and any restrictions assumed in providing an illustration of benefits in relation to that separate product.

Charges

1 Appropriate charges information

1.1 Appropriate charges information comprises:

- (1) (a) a description of the nature and amount of the *charges* (including, where applicable, any retained interest *charges* under (4), below) a *client* will or may be expected to bear in relation to the product and, if applicable, any investments within the product; and
- (b) if applicable, a description of the nature and amount of the *adviser charges* a *retail client* has agreed may be taken, including whether it is taken before or after investment into the product;
- (2) an 'effect of charges' table;
- (3) 'reduction in yield' information; and
- (4) in relation to a *personal pension scheme*, the amounts (or if the amounts cannot be given, the formula by which the amounts can be calculated) of the *charges*, if any, which a *personal pension scheme operator* or *pension scheme* trustee will receive as retained interest in relation to money held within the *personal pension scheme*.

1.2 Where a *firm* does not include a *projection* within its *key features illustration* the charges information can be on a generic basis.

1.2A The information described in 1.1(4) must be disclosed alongside information about any other *charges* the *client* will be expected to bear, and information about any interest that will be paid to *clients* on money held within a *personal pension scheme* bank account.

Exceptions

1.3 An effect of charges table and reduction in yield information are not required for:

- (1) a *life policy* without a *surrender value*, but an appropriate warning must be included to make it clear that the *policy* has no cash-in value at any time;
- (2) [deleted];
- (3) [deleted]
- (4) a *stakeholder product* or a product that will be held in a *CTF* where the relevant product and the *CTF* levy their *charges* annually, if the following is included instead:

"There is an annual charge of y% of the value of the funds you accumulate. If your fund is valued at £250 throughout the year, this means we charge [£250 x y/100] that year. If your fund is valued at £500 throughout the year, this means we charge [£500 x y/100] that year. [After ten years these deductions reduce to [£250 x r/100] and [£500 x r/100] respectively.]"

where 'y' is the annual charge and 'r' is the reduced annual charge (if any); or
- (5) a *personal pension scheme*, *stakeholder pension scheme* or *drawdown pension* where the *client* elects to withdraw their funds in full, reducing the value of their rights to zero.

- 1.3A
- Where 1.3(5) applies, if a *client* subsequently does not withdraw the funds in full from their *personal pension scheme*, *stakeholder pension scheme* or *drawdown pension* reducing their rights to zero, the *firm* must provide the *client* with an 'effect of charges' table and 'reduction in yield' information.
- 1.4
- Reduction in yield information is not required for a without profits *life policy* with guaranteed benefits (except on surrender or variation), a *life policy* with a term not exceeding five years or a *life policy* that will be held in a *CTF*.
- R
- 2
- Effect of charges table
- 2.1
- Each 'effect of charges' table must be accompanied by, or refer to:
- (1)

a statement that all relevant guarantees have been taken into account (if there are any);
- (2)

[deleted]
- (3)

the rate of return (for *personal pension schemes* and *stakeholder pension schemes*, this must be net of price inflation, where appropriate) used to calculate the figures in the table; and
- (4)

an explanation of the purpose of the table and what the table shows.

2.2 The effect of charges table:

(1) for a *life policy* must be in the following form unless the firm chooses to adopt the form of the effect of charges table in ■ COBS 13 Annex 4 :

R

Note 1A	Note 2	Note 3	Note 4	Note 5	Note 6

(2) for any other *non-PRIP packaged product* must be in the following form:

At end of year	Investment to date	Income	Effect of deductions to date	What you might get back
	£	£	£	£

(3) must be completed in accordance with the following notes:

Note 1A	(a)	This column must include the first five years, every subsequent fifth year and the final year of the <i>projection period</i> .
	(b)	Figures may be shown for every subsequent tenth year rather than subsequent fifth year where the <i>projection period</i> exceeds 25 years, or for whole of life policies.

	(c) For whole of life policies, should the projected fund reach zero before the end of the <i>projection period</i> this must be highlighted.
	(d) [deleted]
	(e) If there is discontinuity in the trend of <i>surrender values</i> , the appropriate intervening years must also be included.
	(f) Figures for a longer term may be shown.
Note 1B	(a) This column must include the first year, the fifth year and every subsequent fifth year of the <i>projection period</i> .
	(b) [deleted]
	(c) Figures for a longer term may be shown.
Note 2	This column must show the cumulative contributions paid to the end of each relevant year.
Note 3	This column must show the cumulative withdrawals taken or income paid to the end of each relevant year (if any). The column may be omitted if withdrawals or income are not anticipated or allowed.
Note 4	This column is optional. If it is retained, it must show the total actual deductions to the end of each relevant year calculated using the following method: <ul style="list-style-type: none"> (a) apply the <i>intermediate rate of return</i> for the relevant product to the figure in the 'effect of deductions to date' column for the previous year; (b) subtract this figure from the figure in the 'effect of deductions to date' column for the year being shown; and (c) add the resulting figure to the figure in the 'total actual deductions to date' column for the previous year (if any).
Note 5	This column may be deleted if the product is a without profits <i>life policy</i> with benefits that are guaranteed except on surrender or variation, a <i>life policy</i> with a term not exceeding five years, or a <i>life policy</i> that will be held in a <i>CTF</i> . If this column is not deleted, the 'effect of deductions to date' figure must be calculated by taking the accumulated value of the fund without reference to <i>charges</i> and then subtracting from this figure the figure in the 'what you might get back column' for the same year.
Note 6	This column must show the <i>standardised deterministic projection</i> of the surrender value, cash-in value or transfer value, calculated in accordance with the <i>rules</i> in COBS 13 Annex 2 (Projections) at the appropriate <i>intermediate rate of return</i> to the end of each relevant year.

Exception

- 2.3 An effect of charges table and its title can be amended to the extent that it is necessary:
- (1) to properly reflect the nature and effect of, for example, the *adviser charges*, *consultancy charges* or the charges inherent in a particular product; or

3 Reduction in yield

3.1 Reduction in yield ('A') is 'B' less 'C' where:

- (1) 'B' is the *intermediate rate of return* (for *personal pension schemes* and *stakeholder pension schemes*, net of price inflation, where appropriate) for the relevant product; and
 - (2) 'C' is determined by:
 - (a) carrying out a *standardised deterministic projection* to the *projection date*, using 'B'; and then
 - (b) calculating the annual rate of return ('C') (rounded to the nearest tenth of 1 %) required to achieve the same projection value if *charges* are left out of account.
- 3.2 A *firm* must present reduction in yield as 'A%', as part of statements which explain that:
- (1) charges have the effect of reducing investment growth (after price inflation for personal pension schemes and stakeholder pension schemes) from 'B%' to 'C%', or in some other appropriate way; and
 - (2) the information about the reduction in investment growth can be used to compare the effect of charges with similar products.
- 3.3 If contributions will be invested in more than one fund in a single designated investment or made by an initial lump sum payment that is followed by regular contributions, the reduction in yield must be:
- (1) calculated separately for each fund or for the single contribution and the regular contributions (as the case may be); and
 - (2) presented:
 - (a) on a fund by fund, or single contribution and regular contribution, basis, together with a statement which explains the nature and effect of a reduction in yield, the reason for the inclusion of more than one reduction in yield figure and the reason for the differences between them; or
 - (b) (if the reduction in yield results are so similar that one figure could reasonably be regarded as representative of the others), as a single figure together with a statement which explains the nature and effect of a reduction in yield, and that the reduction in yield figure given is representative of the reduction in yield figures for each of the funds or for the single and regular contributions (as the case may be); or
 - (c) through a single figure combining the separate figures for each fund or contribution in a proportionate manner, with an appropriate description.
- 3.4 Where a *firm* is calculating reduction in yield information, it must:
- (1) disregard charges related to mortality and morbidity risks; or
 - (2) (where the requirement in (1) produces figures that are misleading) include a statement with the reduction in yield information that it has been calculated taking into account charges related to mortality and morbidity risk.

Exceptions

1.2 An effect of charges table and reduction in yield information are not required for a *stakeholder pension scheme*, where *adviser charges* or *consultancy charges* are not being facilitated by the scheme, if the following is included instead:

1.3 An effect of charges table and reduction in yield information are not required for a *personal pension scheme*, *stakeholder pension scheme* or *drawdown pension* where the *client* elects to withdraw their funds in full, reducing the value of their rights to zero.

1.3A Where 1.3 applies, if a *client* subsequently does not withdraw the funds in full from their *personal pension scheme*, *stakeholder pension scheme* or *drawdown pension* reducing their rights to zero, the *firm* must provide the *client* with an 'effect of charges' table and 'reduction in yield' information.

3 Reduction in yield

3.1 Product reduction in yield ('A') is 'B' less 'C' where:

- (1) 'B' is the *intermediate rate of return* (net of price inflation, where appropriate) for the relevant product; and
- (2) 'C' is determined by:

- (2) 'E' is determined by:
 - (a) carrying out a *standardised deterministic projection* to the *projection date* taking all *charges* into account, using 'B'; and then
 - (b) calculating the annual rate of return ('E') (rounded to the nearest tenth of 1 %) required to achieve the same projection value if *charges* are excluded.

3.3 (1) A *firm* must present the product reduction in yield as 'A%', as part of statements which explain that:

- (a) 'product charges reduce investment growth after price inflation from 'B%' to 'C%', or in some other appropriate way; and
- (b) the information about the reduction in investment growth can be used to compare the effect of charges with similar products.

(2) If *adviser charges* or *consultancy charges*, or both *adviser charges* and *consultancy charges* are to be facilitated by the product, a *firm* must also present the reduction in yield as 'D%', as part of a statement which explains that 'all charges reduce the investment growth (after price inflation, where appropriate) from 'B%' to 'E%', or in some other appropriate way and explain the difference between the two reduction in yield figures.

3.4 If contributions will be invested in more than one fund in a single designated investment or made by an initial lump sum payment that is followed by regular contributions, the reduction in yield must be:

- (1) calculated separately for each fund or for the single contribution and the regular contributions, as applicable; and
- (2) presented:
 - (a) on a fund-by-fund, or single contribution and regular contribution, basis, together with a statement which explains the nature and effect of a reduction in yield, the reason for the inclusion of more than one reduction in yield figure and the reason for the differences between them; or

- (b) (if the reduction in yield results are so similar that one figure could reasonably be regarded as representative of the others) as a single figure together with a statement which explains the nature and effect of a reduction in yield, and that the reduction in yield figure given is representative of the reduction in yield figures for each of the funds or for the single and regular contributions, as applicable; or
- (c) through a single figure combining the separate figures for each fund or contribution in a proportionate manner, with an appropriate description.

Providing product information to clients

14.1 Interpretation

14.1.1

R

In this chapter:

- (1) *'retail client'* includes the trustee or operator of a stakeholder pension scheme or personal pension scheme and the trustee of a money-purchase occupational pension scheme; and
- (2) (except in relation to the requirements under the *PRIPs Regulation*) *'sell'* includes *'sell, personally recommend or arrange the sale of'* in relation to a *designated investment* and equivalent activities in relation to a *cash-deposit ISA, cash-only lifetime ISA* and *cash-deposit CTF*.

14.2 Providing product information to clients

Providing information about PRIIPs

14.2.-1

G

- (1) The *PRIIPs Regulation* requires a person who advises on, or sells, a *PRIIP* to provide a retail investor (as defined in the *PRIIPs Regulation*) in the *United Kingdom* with the *key information document* for that *PRIIP*.

[Note: article 13 of the *PRIIPs Regulation*]

- (2) Since the *PRIIPs Regulation* imposes requirements in relation to the provision of information about *PRIIPs*, this chapter does not apply to a *firm* when it is advising on, or selling, a *PRIIP* (except where applicable to *Solvency II Directive information*).
- (3) A *firm* that sells a *life policy* that is also a *PRIIP* must provide the information required by ■ COBS 14.2.1R(2). Some or all of this information may be included in a *key information document* if this is required to be provided by, and such inclusion is permitted under, the *PRIIPs Regulation*.

The provision rules for products other than PRIIPs

14.2.1

R

A *firm* that sells, or (where relevant) gives effect to:

- (1) a *non-PRIIP packaged product* to a *retail client*, must provide a *key features document* and a *key features illustration* to that *client* (unless the *packaged product* is a *unit* in a *regulated collective investment scheme*);
- (2) a *life policy* to a *client*, must provide:
- (a) the *Solvency II Directive information* to that *client*;
 - (b) a *client* with objective and relevant information about the *policy*:
 - in a comprehensible form to allow the *client* to make an informed decision;
 - modulated in a way that takes into account the complexity of the *policy* and the type of *client*;

(3) An *authorised fund manager* and an *ICVC* in (1) that does not sell *units* in a *UCITS scheme* or a *KII-compliant NURS* directly, or through another natural or legal *person* who acts on its behalf and under its full and unconditional responsibility, must ensure that the *key investor information document* for the *UCITS scheme* or the *NURS-KII document* for the *KII-compliant NURS* is provided on request to product manufacturers and intermediaries selling, or advising

- 14.2.1C R A *firm* that arranges to facilitate the payment of an *adviser charge* or *consultancy charge*, or an increase in such a charge from an in-force *packaged product*, must provide to the *retail client* sufficient information for the *retail client* to be able to understand the likely effect of that facilitation.

- 14.2.1D G Where a *firm* arranges to facilitate the payment of an *adviser charge* or *consultancy charge* for a new *non-PRIP packaged product*, the information required by ■ COBS 14.2.1C R should be included in the *key features illustration*.

- 14.2.2 R The *documents* or information required to be provided or offered by ■ COBS 14.2.1 R and ■ COBS 14.2.1C R must be in a *durable medium* or made available on a website (where that does not constitute a *durable medium*) that meets the *website conditions*.

	Firm not to cause confusion about the identity of the producer of a product
14.2.4	R When a <i>firm</i> provides a <i>document</i> or information in accordance with the <i>rules</i> in this section, it must not do anything that might reasonably cause a <i>retail client</i> to be mistaken about the identity of the <i>firm</i> that has produced, or will produce, the product.

14.2.6A	R A <i>firm</i> is not required to provide a <i>key features illustration</i> in relation to a <i>pension annuity</i> if the <i>firm</i> provides the information required by ■ COBS 19.9 (Pension annuity comparison information).

14.2.8

R

Exception to the provision rules: key features documents and key features illustrations

A *firm* is not required to provide a *key features document* or a *key features illustration*, if:

- (1) the *client* is buying or investing in response to a *direct offer financial promotion* without receiving a *personal recommendation* to buy or invest; and
- (2) the *firm* provides materially the same information in some other way.

14.2.9

R

Exception to the provision rules: key features documents, key features illustrations, key investor information documents and NURS-KII documents

A *firm* is not required to provide a *key features document* or a *key features illustration* if:

- (1) the *client* is habitually resident outside the *United Kingdom* and not present in the *United Kingdom* when the relevant application is signed; or
- (2) the purchase is by a *discretionary investment manager* on behalf of a *retail client*; or
- (3) the sale is *arranged or personally recommended* by an *investment manager* and the *client* has agreed that a *key features document* is not required.
- (4) [deleted]

14.2.9A

R

For the purposes of the provision rules in relation to a *key investor information document* or a *NURS-KII document*, a *firm*:

- (1) may satisfy the requirement to provide the document to the investor by providing it to a *person* who has written authority to make investment decisions on that investor's behalf; and
- (2) is not required to consider as a new transaction:
 - (a) a subscription to *units* in a *UCITS scheme*, an *EEA UCITS scheme* or a *KII-compliant NURS* in which the *client* already holds *units*; or
 - (b) a series of connected transactions undertaken as the consequence of a single investment decision; or
 - (c) a decision by the *client* to switch from one class of *units* to another in the same *scheme*;

if an up-to-date version of the *key investor information document* or *NURS-KII document* for the *scheme* or the relevant class of *units* has already been provided to that *client*.

[Note: article 80 of the *UCITS Directive*]

14.2.10

G

- (1) [deleted]
- (2) The *FCA* would regard a decision to subscribe to a regular monthly savings plan as a single investment decision for the purpose of

■ COBS 14.2.9AR (2)(a). However, a subsequent decision by the *client* to increase the amount of the regular contributions to be invested in *units* of a particular *scheme* or to direct the contributions to a different *scheme*, would in each case constitute a new transaction.

14.2.11 **R** [deleted]

Exception: successive operations

14.2.12 **R** In the case of a *distance contract* comprising an initial service agreement, followed by successive operations or a series of separate operations of the same nature performed over time, the *rules* in this section only apply to the initial agreement.

14.2.13 **R** If there is no initial service agreement but the successive operations or separate operations of the same nature performed over time are performed between the same contractual parties, the *rules* in this section only apply:

- (1) when the first operation is performed; and
- (2) if no operation of the same nature is performed for more than a year, when the next operation is performed (the next operation being deemed to be the first in a new series of operations).

The timing rules

14.2.14 **R** When the *rules* in this section require a *firm* to:

- (1) [deleted]
- (2) provide a *key features document* or any other *document* or information to a *client*, the *document* or information must be provided free of charge and in good time before the *firm* carries on the relevant business; or
- (3) provide a *key investor information document*, *EEA key investor information document* or *NURS-KII document* to a *client*, it must be provided in good time before the *client's* proposed subscription for *units* in the *scheme*.

[Note: article 80 of the *UCITS Directive*]

Exception to the timing rules: child trust funds

14.2.15 **R** A *key features document* for an *HMRC allocated CTF* must be provided as soon as reasonably possible after the *CTF* has been opened.

Exception to the timing rules: distance contracts and voice telephony communications

14.2.16 **R** (1) A *firm* may provide a *document*, or the information required to be provided by the *rules* in this section, in a *durable medium* immediately after the conclusion of a *distance contract*, if the contract has been concluded at a *client's* request using a means of distance communication that does not enable the *document* or

information to be provided in that form in good time before the *client* is bound by the contract.

- (2) The exception in (1) does not apply in relation to the provision of an *EEA key investor information document*, a *key investor information document* or a *NURS-KII document* required to be provided under ■ COBS 14.2.1 R and ■ COBS 14.2.1A R.

14.2.17 **R**

- (1) Where the *rules* in this section require a *document* or information to be provided, in the case of a voice telephony communication, a *firm* must:
- (a) if the *client* gives explicit consent to receiving only limited information, provide the abbreviated distance marketing disclosure information () orally to the *client*;
 - (b) if the *client* does not give explicit consent to only receiving limited information, and the parties wish to proceed by voice telephony communication, provide the distance marketing information () orally to the *client*;
 - (c) in the case of (a) or (b), send the *documents* or information to the *client* in a *durable medium* immediately after the contract is concluded.
- (2) The exception in (1) does not apply in relation to the provision of an *EEA key investor information document*, a *key investor information document* or a *NURS-KII document* required to be provided under ■ COBS 14.2.1 R and ■ COBS 14.2.1A R.

Providing additional information to the client

14.2.18 **G**

- (1) A *firm* that provides the product information required by this section is not precluded from providing additional information to the *client* (for example, in order to assist the *client's* understanding of the proposed transaction).
- (2) When a *firm* provides additional information it should:
- (a) ensure that the additional information does not disguise, diminish or obscure important information contained in the product information required by this section;
 - (b) consider whether any other *rules* or requirements in any *EU*-derived regulations apply to the communication of that additional information. For example, for marketing communications relating to a *UCITS scheme* see ■ COBS 4.13.2 R; and
 - (c) have regard to the *fair, clear and not misleading rule*, the *client's best interests rule* and *Principles 6 and 7*.

- (3) Where a *rule* in this chapter applies to a *firm* which is *arranging* (bringing about) or *executing a deal* in a *speculative illiquid security*, the *rule* also applies to:
 - (a) a *TP firm* (to the extent that the *rule* does not already apply to such a *TP firm* as a result of ■ GEN 2.2.26R); and
 - (b) a Gibraltar-based firm (having the same meaning as in the *Gibraltar Order*) to the extent that the *rule* does not already apply to such a Gibraltar-based firm as a result of ■ GEN 2.3.1R).

14.3.1A

G

A *firm* carrying on *MiFID, equivalent third country or optional exemption business* should consider whether the requirements in articles 46 and 48 of the *MiFID Org Regulation* apply; see ■ COBS 14.3A (Information about financial instruments (MiFID provisions)).

14.3.3	R	<p>If a <i>firm</i> provides a <i>retail client</i> with information about a <i>designated investment</i> that is the subject of a current offer to the public and a prospectus has been published in connection with that offer in accordance with the <i>Prospectus Regulation</i>, that <i>firm</i> must inform the <i>retail client</i> where that prospectus is made available to the public.</p>
14.3.4	R	<p>Where the risks associated with a <i>designated investment</i> composed of two or more different <i>designated investments</i> or services are likely to be greater than the risks associated with any of the components, a <i>firm</i> must provide an adequate description of the components of that <i>designated investment</i> and the way in which its interaction increases the risks.</p>
14.3.5	R	<p>In the case of a <i>designated investment</i> that incorporates a guarantee by a third party, the information about the guarantee must include sufficient detail about the guarantor and the guarantee to enable the <i>retail client</i> to make a fair assessment of the guarantee.</p>

- (2) A *firm* may provide that information immediately after it begins to carry on that business if:
 - (a) the *firm* was unable to comply with (1) because, at the request of the *client*, the agreement was concluded using a means of distance communication which prevented the *firm* from complying with that *rule*; and
 - (b) in any case where the *rule* on voice telephony communications (■ COBS 5.1.12 R) does not otherwise apply, the *firm* complies with that *rule* as if the *client* was a *consumer*.

That description shall explain the nature of the specific type of instrument concerned, the functioning and performance of the financial instrument in different market conditions, including both positive and negative conditions, as well as the risks particular to that specific type of instrument in sufficient detail to enable the client to take investment decisions on an informed basis.

48(2) The description of risks referred to in paragraph 1 shall include, where relevant to the specific type of instrument concerned and the status and level of knowledge of the client, the following elements:

(a) the risks associated with that type of financial instrument including an explanation of leverage and its effects and the risk of losing the entire investment including the risks associated with insolvency of the issuer or related events, such as bail in;

(b) the volatility of the price of such instruments and any limitations on the available market for such instruments;

(c) information on impediments or restrictions for disinvestment, for example as may be the case for illiquid financial instruments or financial instruments with a fixed investment term, including an illustration of the possible exit methods and consequences of any exit, possible constraints and the estimated time frame for the sale of the financial instrument before recovering the initial costs of the transaction in that type of financial instruments;

(d) the fact that an investor might assume, as a result of transactions in such instruments, financial commitments and other additional obligations, including contingent liabilities, additional to the cost of acquiring the instruments;

(e) any margin requirements or similar obligations, applicable to instruments of that type.

48(3) Where an investment firm provides a retail client or potential retail client with information about a financial instrument that is the subject of a current offer to the public and a prospectus has been published in connection with that offer in accordance with the law of the United Kingdom which was relied on immediately before IP completion day to implement Directive 2003/71/EC, as that law is amended from time to time, that firm shall in good time before the provision of investment services or ancillary services to clients or potential clients inform the client or potential client where that prospectus is made available to the public.

48(4) Where a financial instrument is composed of two or more different financial instruments or services, the investment firm shall provide an adequate description of the legal nature of the financial instrument, the components of that instrument and the way in which the interaction between the components affects the risks of the investment.

48(5) In the case of financial instruments that incorporate a guarantee or capital protection, the investment firm shall provide a client or a potential client with information about the scope and nature of such guarantee or capital protection. When the guarantee is provided by a third party, information about the guarantee shall include sufficient detail about the guarantor and the guarantee to enable the client or potential client to make a fair assessment of the guarantee.

Lifetime ISA information

This Annex belongs to COBS 13.3.1R(3) and COBS 14.2.1R(4A).

Information which comprises the following:

1 Features of a lifetime ISA

1.1 R An explanation to the *retail client* of the key features of a *lifetime ISA*, including:

- (1) eligibility criteria to open and subscribe to a *lifetime ISA*;
- (2) annual *lifetime ISA* subscription limits;
- (3) tax treatment of qualifying investments held in a *lifetime ISA*;
- (4) process for transferring a *lifetime ISA*;
- (5) eligibility for the *lifetime ISA government bonus*; and
- (6) the *lifetime ISA government withdrawal charge* and the circumstances in which this might be incurred.

1.2 R The explanation in COBS 14 Annex 1 1.1R(6) should include a warning that:

- (1) the *lifetime ISA government withdrawal charge* recovers any *lifetime ISA government bonus* and any investment growth on that bonus plus an additional amount; and
- (2) if the *lifetime ISA government withdrawal charge* is incurred, the *retail client* could receive back less than they paid in.

2 Additional factors for a retail client to consider when deciding whether to invest in a lifetime ISA

2.1 R An explanation to the *retail client* of:

- (1) the different savings objectives for which the *lifetime ISA* is intended, being house purchase and/or saving for retirement, either in the alternative or in combination; and
- (2) the types of qualifying investments which can be held in the *lifetime ISA* being sold by the *firm*.

2.2 R A warning that if a *retail client* saves in a *lifetime ISA* instead of enrolling in, or contributing to, a *qualifying scheme*, *occupational pension scheme* or *personal pension scheme*:

- (1) the *retail client* may lose the benefit of contributions by an employer (if any) to that scheme; and
- (2) the *retail client's* current and future entitlement to means tested benefits (if any) may be affected.

2.3 G The explanation in COBS 14 Annex 1 2.1R should:

- (1) encourage a *retail client* to consider their *lifetime ISA* subscription level and choice of qualifying investment in relation to their savings objectives, their expected investment horizon and their financial circumstances as a whole, including other provision for retirement; and
- (2) inform the *retail client* that the factors in (1) may change over time and that the *retail client* should regularly review their *lifetime ISA* subscription and/or qualifying investments.

3 Example outcome of retirement saving by a retail client in a lifetime ISA

3.1 R A descriptive heading such as 'What a lifetime ISA might be worth at age 60?'

3.2

R

A completed version of the table in COBS 14 Annex 1 3.5R.

3.3

R

An explanation, positioned adjacent to this table on the same page, stating that:

(1)

the table is designed to:

(a)

help the *retail client* understand what the value of a *lifetime ISA* might be at age 60, depending on the age at which saving starts and assuming the maximum annual subscription at the beginning of each tax year up to age 50 and receipt of the *lifetime ISA government bonus*; and

(b)

provide information for a *retail client* who is saving for retirement in a *lifetime ISA* and so may not be relevant to a *retail client* whose saving objective for a *lifetime ISA* is house purchase; and

(2)

the estimated outcomes in Columns 4 and 5:

(a)

are based on standardised rates of return which may not reflect:

(i)

actual or expected returns; or

(ii)

the *retail client's* choice of qualifying investment for a *lifetime ISA* (accompanied by an indication of how the *retail client* can access information relating to the qualifying investments which the *retail client* may purchase from the *firm*); and

(b)

include the effect of *lifetime ISA charges* and inflation on estimated outcomes from a *lifetime ISA*; and

(3)

Column 6 shows the effect of *lifetime ISA charges* and inflation on the returns from a *lifetime ISA* which the *retail client* can use to compare the *lifetime ISA charges* applicable to other *lifetime ISAs* and charges applicable to longer-term savings products.

3.4

R

The explanations in COBS 14 Annex 1 3.3R(2) and COBS 14 Annex 1 3.3R(3) must include a statement that *lifetime ISA charges* taken into account in the table:

(1)

may vary over time; and

(2)

exclude any fee or charge:

(a)

payable by or on behalf of a *retail client* to a *firm* in relation to the provision of a *personal recommendation* by the *firm* in respect of the *lifetime ISA*; and

(b)

relating to the qualifying investments held in the *lifetime ISA* (including in relation to the provision of a *personal recommendation* in respect of those investments).

3.6

R

In preparing the table in COBS 14 Annex 1 3.5R, *firms* must:

- (1) Round all sterling amounts down to the nearest whole pound.
- (2) Complete Column 2 on the basis of:
 - (a) the *retail client* attaining each age listed in Column 1 in the tax year in respect of which the *retail client* is proposing to make a *lifetime ISA* subscription; and
 - (b) a maximum annual *lifetime ISA* subscription being made on 6 April of that tax year and each subsequent tax year, up to and including the tax year in which the *retail client* would reach age 50 (based on each assumed age in (a)).
- (3) Complete Column 3 on the basis of:
 - (a) subscriptions as calculated in Column 2; and
 - (b) receipt by the *retail client* of the *lifetime ISA government bonus* on:
 - (i) 5 April 2018 for the tax year 2017/18 (where relevant); and
 - (ii) 6 April of each subsequent tax year, up to and including the tax year in which the *retail client* would reach age 50 (based on each assumed age in 2(a)).
- (4) Complete Columns 4 and 5 on the basis of:
 - (a) investment of the *retail client's* assumed subscriptions and the *lifetime ISA government bonus*, as calculated for the purposes of Columns 2 and 3;
 - (b) (for Column 4) a nominal annual rate of return of 0%;
 - (c) (for Column 5) a nominal annual rate of return equal to the maximum intermediate rate of return 'x' given in COBS 13 Annex 2 2.3R; and
 - (d) the outcome in sterling in real terms:
 - (i) based on the nominal annual rate of return in the relevant column;
 - (ii) net of the intermediate rate of price inflation given in COBS 13 Annex 2 2.5R;
 - (iii) net of the effect of any *lifetime ISA charges*; and
 - (iv) compounded annually at the end of each tax year, up to and including the tax year in which the *retail client* would reach age 60 (based on each assumed age in 2(a)).
- (5) Complete Column 6 on the basis of a percentage rate 'y' (rounded to the nearest tenth of 1%), where 'y' is the annual rate of return which must be applied to each amount shown in Column 3 and compounded annually over the relevant period to achieve the sterling amount shown in Column 5.

4 Projections

- 4.1 R Where a *firm* chooses to provide a *projection*, including a *personal projection*, in relation to investing in a *lifetime ISA* in addition to the information in COBS 14 Annex 1 3 (Example outcome of retirement saving by a retail client in a lifetime ISA), a *firm* must ensure that:
- (1) the information in COBS 14 Annex 1 3 is displayed at least as prominently as the *projection*;
 - (2) where a *firm* that communicates a *projection* for a *lifetime ISA* in relation to its MiFID or equivalent third country business, the *projection* complies with the future performance requirements in article 44(6) of the MiFID Org Regulation (see COBS 4.5A.14COBS 4.5A.14UK); and

- (3) where a *firm* that communicates a *projection* for a *lifetime ISA* which is not in relation to its *MiFID* or *equivalent third country business*, the *projection* must be either a *standardised deterministic projection* or a *stochastic projection* in accordance with COBS 13 Annex 2.

5 Qualifying investments

- 5.1 G The information which a *firm* provides to a *retail client* in accordance with this Annex is intended to inform the *retail client* about the implications of that *retail client* saving and/or investing in a *lifetime ISA* (as opposed to saving and/or investing outside a *wrapper* or in a different *wrapper* or *pension wrapper*). A *firm* must still take into account and comply with any other requirements of this sourcebook in connection with the sale by the *firm* of qualifying investments to be held in a *lifetime ISA*.

Chapter 15

Cancellation

15.1 Application

15.1.1

G

This chapter is relevant to a *firm* that enters into a contract cancellable under this chapter. In summary, this means it is relevant to:

- (1) most providers of retail financial products that are based on *designated investments*; and
- (2) *firms* that enter into *distance contracts* with *consumers* that relate to *designated investment business*; and
- (3) *firms* that enter into *distance contracts* the making or performance of which by the *firm* constitutes, or is part of, the activity of *issuing electronic money*.

Definitions

15.1.2

R

In this section:

- (a) "pension transfer" means a transaction, resulting from the decision of a *retail client* who is an individual to require a transfer payment of benefits from a pension scheme to:
 - (i) benefits under a non-occupational pension scheme; or
 - (ii) (for transfers from a non-occupational pension scheme) benefits under a *defined contribution occupational pension scheme*;
- (b) "non-occupational pension scheme" means a *stakeholder pension scheme*, a *personal pension scheme* or a deferred annuity contract; and
- (c) "pension scheme" means an *occupational pension scheme* or a non-occupational pension scheme.

15.2 The right to cancel

Cancellable contracts

15.2.1 R A consumer has a right to cancel any of the following contracts with a firm:

<ul style="list-style-type: none">• a <i>life policy</i> (including a <i>pension annuity</i>, a <i>pension policy</i> or within a <i>wrapper</i>)• a contract to join a <i>personal pension scheme</i> or a <i>stakeholder pension scheme</i>• a <i>pension contract</i>• a contract for a pension transfer• a contract to vary an existing <i>personal pension scheme</i> or <i>stakeholder pension scheme</i> by exercising, for the first time, an option to make <i>income withdrawals</i>	30 calendar days	For a <i>life policy</i> effected when opening or transferring a <i>wrapper</i> , the 30 calendar day right to cancel applies to the entire arrangement For a contract to buy a <i>unit</i> in a <i>regulated collective investment scheme</i> within a <i>pension wrapper</i> , the cancellation right for 'non-life/pensions (advised but not at a distance)' below may apply Exemptions may apply (see COBS 15 Annex 1)

[Note: article 186 of the *Solvency II Directive* and article 6(1) of the *Distance Marketing Directive*]

15.2.2

G

- (1) If the same transaction attracts more than one right to cancel, the *firm* should apply the longest cancellation period applicable.
- (2) A *firm* may provide longer or additional cancellation rights voluntarily, but if it does these should be on terms at least as favourable to the *consumer* as those in this chapter, unless the differences are clearly explained.
- (3) If the right to cancel applies to a *wrapper* or *pension wrapper* and underlying investments, the *firm* may give the *consumer* the option of cancelling individual components separately if it wishes.

Start of cancellation period

15.2.3

R

The cancellation period begins:

- (1) either from the day of the conclusion of the contract, except in respect of contracts relating to *life policies* where the time limit will begin from the time when the *consumer* is informed that the contract has been concluded; or
- (2) from the day on which the *consumer* receives the contractual terms and conditions and any other pre-contractual information required under this sourcebook or the *PRIPs Regulation*, if that is later than the date referred to above.

[Note: article 186 of the *Solvency II Directive* and article 6(1) of the *Distance Marketing Directive*]

15.2.4

G

If a *firm* does not give a *consumer* the required information about the right to cancel and other matters, the contract remains cancellable and the *consumer* will not be liable for any *shortfall*.

Disclosing a right to cancel or withdraw

15.2.5

R(1) The *firm* must disclose to the *consumer*:

(a) in good time before or, if that is not possible, immediately after the *consumer* is bound by a contract that attracts a right to cancel or withdraw; and

(b) in a *durable medium*;

the existence of the right to cancel or withdraw, its duration and the conditions for exercising it including information on the amount which the *consumer* may be required to pay, the consequences of not exercising it and practical instructions for exercising it indicating the address to which the notification of cancellation or withdrawal should be sent.

(1A) If the *firm* offers to facilitate, directly or through a third party, the payment of *adviser charges* or *consultancy charges*, it must disclose to the *consumer* at the same time as it makes the disclosure in (1):

(a) whether any refund will include an *adviser charge* or *consultancy charge*; and

(b) that the *consumer* may be liable to pay any outstanding *adviser charges* or *consultancy charges*.

(2) This *rule* applies only where a *consumer* would not otherwise receive similar information under a *rule* in this sourcebook or in a *key information document* from the *firm* or another *authorised person* (such as under the distance marketing disclosure rules (■ COBS 5.1.1 R to ■ 5.1.4 R), ■ COBS 14 (Providing product information) or the *PRIPs Regulation*).

15.3 Exercising a right to cancel

Notice of exercise

- 15.3.1 R If a *consumer* exercises his right to cancel he must, before the expiry of the relevant deadline, notify this following the practical instructions given to him. The deadline shall be deemed to have been observed if the notification, if in a durable medium available and accessible to the recipient, is dispatched before the deadline expires.
[Note: article 6 (6) of the *Distance Marketing Directive*]
- 15.3.2 R A *consumer* need not give any reason for exercising his right to cancel.
[Note: article 6(1) of the *Distance Marketing Directive*]
- 15.3.3 G The *firm* should accept any indication that the *consumer* wishes to cancel as long as it satisfies the conditions for notification. In the event of any dispute, unless there is clear written evidence to the contrary, the *firm* should treat the date cited by the *consumer* as the date when the notification was dispatched.

Record keeping

- 15.3.4 R The *firm* must make adequate records concerning the exercise of a right to cancel or withdraw and retain them:

(1) indefinitely in relation to a pension transfer, *pension opt-out* or *FSAVC*;

(2) for at least five years in relation to a *life policy*, *pension contract*, *personal pension scheme*, *stakeholder pension scheme* or *lifetime ISA*; and

(3) for at least three years in any other case.

15.4 Effects of cancellation

Termination of contract

15.4.1 R By exercising a right to cancel, the *consumer* withdraws from the contract and the contract is terminated.

Payment for the service provided before cancellation

15.4.2 R

- (1) This *rule* applies in relation to a *distance contract* that is not a *life policy, personal pension scheme, cash deposit ISA, cash-only lifetime ISA* or *CTF*.
- (2) When the *consumer* exercises their right to cancel they may be required to pay, without any undue delay, for the service actually provided by the *firm* in accordance with the contract. The performance of the contract may only begin after the *consumer* has given their approval. The amount payable must not:
 - (a) exceed an amount which is in proportion to the extent of the service already provided in comparison with the full coverage of the contract; and
 - (b) in any case be such that it could be construed as a penalty.
- (3) The *firm* may not require the *consumer* to pay any amount on the basis of this *rule* unless it can prove that the *consumer* was duly informed about the amount payable, in conformity with the distance marketing disclosure rules. However, in no case may the *firm* require such payment if it has commenced the performance of the contract before the expiry of the cancellation period without the *consumer's* prior request.

[Note: article 7(1), (2) and (3) of the *Distance Marketing Directive*]

Shortfall

15.4.3 R

- (1) The *firm* may require the *consumer* to pay for any loss under a contract caused by market movements that the *firm* would reasonably incur in cancelling it. The period for calculating the loss shall end on the day on which the *firm* receives the notification of cancellation.
- (2) This *rule*:
 - (a) does not apply for a *distance contract* or for a contract established on a regular or recurring premium or payment basis; and
 - (b) only applies if the *firm* has complied with its obligations to disclose information concerning the right to cancel.

Obligations on cancellation

- 15.4.4

R

The *firm* must, without any undue delay and no later than within 30 calendar days, return to the *consumer* any sums it has received from him in accordance with the contract, except for any amount that the *consumer* may be required to pay under this section. This period shall begin from the day on which the *firm* receives the notification of cancellation.

[Note: article 7(4) of the *Distance Marketing Directive*]
- 15.4.5

R

The *firm* is entitled to receive from the *consumer* any sums and/or property he has received from the *firm* without any undue delay and no later than within 30 calendar days. This period shall begin from the day on which the *consumer* dispatches the notification of cancellation.

[Note: article 7(5) of the *Distance Marketing Directive*]
- 15.4.6

R

Any sums payable under this section on cancellation of a contract are owed as simple contract debts and may be set off against each other.

15.5 Special situations

Contracts with trustees and operators of pension schemes.....

15.5.1 R

In this chapter:

- (1) references to a *consumer* include the trustees of an *occupational pension scheme* and the trustees or *operator* of a *personal pension scheme* or *stakeholder pension scheme*; and
- (2) any contract with such *persons* is to be treated as a *non-distance contract*.

Other legislation including for child trust funds and automatic enrolment into pensions.....

15.5.2 R

This chapter applies as modified to the extent necessary for it to be compatible with any enactment.

15.5.3 G

For example:

- (1) the *Child Trust Fund Regulations* contain provisions relevant to cancellation rights; in particular they provide that any uninvested sums held in connection with a *CTF* should be held in a designated bank account; and the effect of conditions 4(a) and (b) in regulation 5 of the *Child Trust Fund Regulations* (applicable to non-*HMRC allocated CTF*) is that a *CTF* opened by way of *distance contract* has a cancellable management agreement in all cases and the *CTF* cannot be opened until the cancellation period has expired, therefore the price fluctuation exemption is not engaged;
- (2) where legislation does not permit sums within a *personal pension scheme* or *CTF* to be returned to a *consumer*, the requirement to do so on cancellation is modified to permit payment to another provider on behalf of the *consumer*; the *firm* should notify him, where relevant, as soon as possible that it holds money awaiting re-investment instructions; if that money is held in a non-interest bearing account this should be drawn to his attention;
- (3) the Occupational and Personal Pension Schemes (Automatic Enrolment) Regulations 2010 contain provisions relevant to cancellation rights; in particular they provide rights of opt-out from an *automatic enrolment scheme*; the cancellation rights in this chapter are modified to permit a provider to adopt the opt-out process in the Occupational and Personal Pension Schemes (Automatic Enrolment) Regulations 2010 in relation to all members of an *automatic enrolment scheme*; the cancellation rules will continue to

apply for any single premium contributions or transfers where these would normally attract this right.

Automatic cancellation of an attached distance contract

15.5.4 **G** When a *consumer* cancels a *distance contract* under this chapter, his notice may also operate to cancel any attached contract which is also a distance financial services contract unless the *consumer* gives notice that cancellation of the main contract is not to operate to cancel the attached contract (see regulation 12 of the *Distance Marketing Regulations*). Where relevant, this should be disclosed to the *consumer* along with other information on cancellation.

Appointed representatives

15.5.5 **G** This chapter does not act to cancel *distance contracts* entered into by an *appointed representative* or where applicable, by a *tied agent*, as principal such as a *distance contract* to provide advisory services, but the *Distance Marketing Regulations* (regulations 9 to 13, see regulation 4(3)) may have this effect.

Maxi-ISAs

15.5.6 **G** Where a *life policy* or *unit* bought on opening or transferring an *ISA* is cancellable, the right to cancel, or substitute right to withdraw, applies to the entire arrangement. For example, a maxi-ISA comprising a *life policy* in the stocks and shares component and a *cash component* would be cancellable as a whole with a cancellation period of 30 calendar days. However, a *firm* is free to give the *consumer* the option of cancelling individual components separately with the same cancellation period if it wishes.

Exemptions from the right to cancel

Exemptions for life policies and pension contracts (non-distance)		
1.1	R	<p>There is no right to cancel a non-distance contract that is a <i>life policy</i> or a <i>pension contract</i>:</p> <ul style="list-style-type: none">(1) that is a <i>pension fund management policy</i>; or(2) that relates to or is associated with securing benefits under a <i>defined benefits pension scheme</i>; or(3) for a term of six months or less, unless it is a single <i>premium</i> contract where the designated retirement date is within six months of the date of the policy; or(4) that is effected by the trustees of an <i>occupational pension scheme</i> or the employer, trustees or operator of a <i>stakeholder pension scheme</i> and that represents a:<ul style="list-style-type: none">(a) <i>pension buy-out contract</i>; or(b) purchase of a without-profits deferred <i>pension annuity</i>; or(c) <i>defined benefits pension scheme</i> or a single <i>premium</i> payment to any <i>occupational pension scheme</i> with a pooled fund (that is, underlying investments are not earmarked for individual scheme members); or(d) purchase made to insure and secure members' pension benefits under a <i>money-purchase occupational scheme</i> or <i>stakeholder pension scheme</i> (unless it is the master, first or only policy); or(5) if the <i>consumer</i>, at the time he signs the application, is <i>habitually resident</i> outside the <i>UK</i> and is not present in the <i>UK</i>.
1.2	G	<p>There is no right to cancel a non-distance contract for a <i>traded life policy</i>. This is because the 30-day right to cancel a <i>life policy</i> (in COBS 15.2.1 R) applies at the point of conclusion of the <i>life policy</i> not on its assignment. However, there may be a 14-day right to cancel a <i>distance contract</i> for a <i>traded life policy</i> unless an exemption applies, since that <i>distance contract</i> relates to <i>designated investment business</i>.</p> <p>Exemption for SIPPs</p>
1.3	R	<p>There is no right to cancel a contract to join a <i>SIPP</i> whose performance has been fully completed by both parties at the <i>consumer's</i> express request before the <i>consumer</i> exercises his right to cancel.</p>
1.4	G	<p>If a <i>consumer</i> requests that a <i>firm</i> complete a transaction to join a <i>SIPP</i> before the expiry of the cancellation period, the <i>firm</i> should, in having regard to the information needs of the <i>consumer</i>, make him aware that he will lose his right to cancel and satisfy itself on reasonable grounds that the customer understands the cost and other implications.</p> <p>Exemptions for certain pension arrangements (the 'cancellation substitute')</p>
1.5	R	<p>There is no right to cancel:</p> <ul style="list-style-type: none">(1) a contract for or funded (wholly or in part) from a pension transfer; or(2) a <i>pension annuity</i> due to commence within a year and a day of the contract or a variation of one with similar commencement; or(3) the exercise of an option to make <i>income withdrawals</i>;

to the extent that the right to cancel is replaced with a pre-contract right to withdraw the *consumer's* offer of at least 14 calendar days. The combined period of the right to withdraw and any residual right to cancel must be at least 30 calendar days.

Exemption for pension compensation

- 1.6 R There is no right to cancel a *pension annuity*, a *pension policy*, a *pension contract*, or a contract to join a *personal pension scheme* or *stakeholder pension scheme*, which in each case is funded (wholly or in part) from payments derived from compensation or redress following a review undertaken in relation to a complaint.

Exemption for annuities after death of the life assured

- 1.7 R A *firm* need not accept notification of cancellation of a *pension annuity* contract if the life (or any of the lives) assured under it has died before notice is given.

Exemptions for units (non-distance)

- (1) if the *unit* is not purchased from the scheme's *operator*, from the *operator's associate* acting as provider of a *wrapper*; or
 - (2) if the *consumer* is not a *retail client*; or
 - (3) if the contract represents an exchange of *units* between *sub-funds* of the same *umbrella*; or
 - (4) if the contract relates to a change between *units* of one class and *units* of another class in the same *scheme*; or
 - (5) if the contract relates to a *recognised scheme* and is with an *operator* who is not an *authorised person* or carrying on business in the *UK*; or
 - (6) if the *consumer* is not *habitually resident* in the *UK* at the date of the offer of the contract; or

 - (8) for the second and subsequent purchases of *units* under recurring single payment *unit* savings plans, provided that:
 - (a) the intention or option to make a series of single payments is disclosed at the outset (for example in pre-contract disclosure documents); or
 - (b) the intention is evidenced (for example, by the establishment of a direct debit mandate).

Exemptions for ISAs, CTFs and EISs (non-distance)

- 1.9 R There is no right to cancel a *non-distance contract*:
- (1) to open or transfer an *ISA* (mini or maxi and including all components whatever the underlying investment, but not a *cash deposit ISA* or an *ISA* containing a *life policy*); or
 - (2) to open or transfer a *CTF*; or

Chapter 16

Reporting information to clients (non-MiFID provisions)

16.1 Application

16.1.1 **R** [deleted]

16.1.2 **R** ■ COBS 16.2 to ■ COBS 16.4 apply in relation to *designated investment business* other than *MiFID*, *equivalent third country* or *optional exemption business*.

16.2 Occasional reporting

Execution of orders other than when managing investments.....

16.2.1

R

- (1) If a *firm* has carried out an order in the course of its *designated investment business* on behalf of a *client*, it must:
 - (a) promptly provide the *client*, in a *durable medium*, with the essential information concerning the execution of the order;
 - (b) in the case of a *retail client*, send the *client* a notice in a *durable medium* confirming the execution of the order and such of the *trade confirmation information* (■ COBS 16 Annex 1R) as is applicable:
 - (i) as soon as possible and no later than the first *business day* following that execution; or
 - (ii) if the confirmation is received by the *firm* from a third party, no later than the first *business day* following receipt of the confirmation from the third party; and
 - (c) supply a *client*, on request, with information about the status of his order.
- (2) Paragraph (1) does not apply to a *firm managing investments*.
- (3) Paragraph (1)(b) does not apply if the confirmation would contain the same information as a confirmation that is to be promptly dispatched to the *client* by another *person*.
- (4) Paragraphs (1)(a) and (b) do not apply to an order executed on behalf of a *client* that relates to a bond funding a mortgage loan agreement with the *client*. The report on the transaction must be made at the same time as the terms of the mortgage loan are communicated, but no later than one month after the execution of the order.
- (5) If a *firm* carries out an order for a *retail client* relating to *units* or *shares* in a collective investment undertaking that is part of a series of orders that are executed periodically, it must:
 - (a) comply with paragraph (1)(b) in relation to that order; or
 - (b) provide the *client* at least once every six months with such of the *trade confirmation information* (■ COBS 16 Annex 1R) as is applicable in relation to each transaction in that series carried out in the relevant reporting period.
- (6) In relation to subscription and *redemption* orders for *units* in a *UCITS scheme* executed by an *authorised fund manager*, paragraphs (1), (3) and (5) of this *rule* apply as if references to:
 - (a) a *client* and to a *retail client* were references to a *Unitholder* in the *scheme*; and

- (b) *trade confirmation information* in paragraphs (1)(b) and (5)(b) were to the information in paragraph (7).
- (7) The notice referred to in paragraph (1)(b) must, where applicable, for subscription and *redemption* orders for *units* in a *UCITS* scheme executed by an *authorised fund manager*, include the following information:
 - (a) the identification of the *management company*;
 - (b) the name or other designation of the *Unitholder*;
 - (c) the date and time of receipt of the order and method of payment;
 - (d) the date of execution;
 - (e) the identification of the *UCITS* scheme or;
 - (f) the nature of the order (subscription or *redemption*);
 - (g) the number of *units* involved;
 - (h) the *unit* price at which the *units* were subscribed or redeemed;
 - (i) the reference valuation date;
 - (j) the gross value of the order including charges for subscription or net amount after charges for *redemptions*; and
 - (k) the total sum of the commissions and expenses charged and where the investor so requests, an itemised breakdown.

[Note: article 24 of the *UCITS implementing Directive*]

16.2.2 G The requirement concerning orders relating to bonds funding a mortgage loan agreement is unlikely to be relevant to products in the *United Kingdom* market.

16.2.3 R For the purposes of calculating the unit price in the *trade confirmation information*, where the order is executed in tranches, the *firm* may supply the *client* with information about the price of each tranche or the average price. If the average price is provided, the *firm* must supply the *retail client* with information about the price of each tranche upon request.

16.2.3A G In determining what is essential information, a *firm* should consider including:

- (1) for transactions in a *derivative*:
 - (a) the maturity, delivery or expiry date of the derivative;
 - (b) in the case of an *option*, a reference to the last exercise date, whether it can be exercised before maturity and the strike price;

- (c) if the transaction *closes out* an open *futures* position, all essential details required in respect of each contract comprised in the open position and each contract by which it was *closed out* and the profit or loss to the *client* arising out of *closing out* that position (a difference account);
- (2) for the exercise of an *option*:
 - (a) the date of exercise, and either the time of exercise or that the *client* will be notified of that time on request;
 - (b) whether the exercise creates a sale or purchase in the underlying asset; and
 - (c) the strike price of the *option* (for a currency *option*, the rate of exchange will be the same as the strike price) and, if applicable, the total consideration from or to the *client*; and
- (3) the fact that the transaction involves any dividend or capitalisation or other right which has been declared, but which has not been paid, allotted or otherwise become effective in respect of the *investment*, and under the terms of the transaction the benefit of which will not pass to the purchaser.

Guidance on the requirements

16.2.4 G Where a *firm* executes an order in tranches, the *firm* may, where appropriate, indicate the trading time and the execution venue in a way that is consistent with this, such as, "multiple". In accordance with the *client's best interests rule*, a *firm* should provide additional information at the *client's* request.

16.2.5 G In accordance with ■ COBS 2.4.9 R, a *firm* may dispatch a confirmation to an agent, other than the *firm* or an *associate* of the *firm*, nominated by the *client* in writing.

Special cases

16.2.6 R A *firm* need not despatch a confirmation if:

- (1) the *firm* has agreed with the *client* (in the case of a *retail client*, in writing and with the *client's* informed consent) that confirmations need not be supplied, either generally or in specified circumstances; or
- (2) the *designated investment* is a *life policy*, *stakeholder pension scheme* or a *personal pension scheme* (other than a *SIPP*); or
- (3) the *designated investment* is held within a *CTF* and the statement provided under the *CTF Regulations* includes the information that would have been contained in a confirmation under this section (other than information that has since become irrelevant).

Record keeping: occasional reporting

16.2.7 R A *firm* must retain a copy of any confirmation despatched to a *client* under this section for a period of at least three years from the date of despatch.

16.3 Periodic reporting

Provision by the firm and contents

16.3.1

R

- (1) If a *firm* is *managing investments* on behalf of a *client*, it must provide the *client* with a *periodic statement* in a *durable medium* unless:
 - (a) such a statement is provided by another *person*; or
 - (b) all of the conditions in (1A) are satisfied.
- (1A) The conditions are that:
 - (a) the *firm* provides the *client* with access to an online system which qualifies as a *durable medium*;
 - (b) the online system provides the *client* with easy access to:
 - (i) up-to-date valuations of the *client's designated investments* and *client money*; and
 - (ii) the information that would otherwise be contained in a *periodic statement*; and
 - (c) the *firm* has evidence that the *client* has accessed a valuation of their *designated investments* or *client money* at least once during the previous quarter.
- (2) If the *client* is a *retail client*, the *periodic statement* must include such of the *periodic information* (■ COBS 16 Annex 2R) as is applicable.

16.3.2

R

- (1) In the case of a *retail client*, the *periodic statement* must be provided once every six *months*, except in the following cases:
 - (a) if the *retail client* so requests, the *periodic statement* must be provided every three *months*;
 - (b) if the *retail client* elects to receive information about executed transactions on a transaction-by-transaction basis (■ COBS 16.3.3 R) and there are no transactions in *derivatives* or other securities giving the right to acquire or sell a *transferable security* or giving rise to a cash settlement determined by reference to transferable securities, currencies, interest rates or yields, commodities or other indices or measures, the *periodic statement* must be provided at least once every twelve *months*;
 - (c) if the agreement between a *firm* and a *retail client* for the *managing of investments* authorises a leveraged portfolio, the *periodic statement* must be provided at least once a *month*.
- (2) A *firm* must inform a *retail client* that he has the right to request the provision of a *periodic statement* every three *months*.

16.3.3 **R** (1) If the *client* elects to receive information about executed transactions on a transaction-by-transaction basis, a *firm managing investments* must provide promptly to the *client*, on the execution of a transaction, the essential information concerning that transaction in a *durable medium*.

(2) If the *client* is a *retail client*, the *firm* must send the *client* a notice confirming the transaction and containing such of the information identified in column (1) of the table in ■ **COBS 16 Annex 1R** as is applicable:

(a) no later than the first *business day* following that execution; or

(b) if the confirmation is received by the *firm* from a third party, no later than the first *business day* following receipt of the confirmation from the third party;

unless the confirmation would contain the same information as a confirmation that is to be promptly dispatched to the *retail client* by another *person*.

16.3.4 **G** In accordance with ■ **COBS 2.4.9 R**, a *firm* may dispatch a periodic statement to an agent, other than the *firm* or an *associate* of the *firm*, nominated by the *client* in writing.

16.3.5 **R** For the purposes of calculating the unit price in the *trade confirmation information* or *periodic information*, where the order is executed in tranches, the *firm* may supply the *client* with information about the price of each tranche or the average price. If the average price is provided, the *firm* must supply the *retail client* with information about the price of each tranche upon request.

16.3.6 **R** (1) If a *firm*:

(a) *manages investments* for a *retail client*; or

(b) operates a *retail client* account that includes an uncovered open position in a contingent liability transaction,

it must report to the *retail client* any losses exceeding any predetermined threshold, agreed between it and the *retail client*.

(2) The *firm* must report:

(a) no later than the end of the *business day* in which the threshold is exceeded; or

(b) if the threshold is exceeded on a non-*business day*, the close of the next *business day*.

Contingent liability transactions

16.3.7 **R** For the purposes of this section, a contingent liability transaction is one that involves any actual or potential liability for the *client* that exceeds the cost of acquiring the instrument.

16.3.8 **R** [intentionally blank]

16.3.9 **G** When providing a *periodic statement* to a *retail client*, a *firm* should consider whether to include:

- (1) the *collateral* value in respect of any contingent liability transaction in the *client's* portfolio during the relevant period; and
- (2) *option* account valuations in respect of each open *option* written by the *client* in the *client's* portfolio at the end of the relevant period; stating:
 - (a) the *share, future, index* or other *investment* involved;
 - (b) the trade price and date for the opening transaction, unless the valuation statement follows the statement for the period in which the option was opened;
 - (c) the market price of the contract; and
 - (d) the exercise price of the contract.
- (3) Option account valuations may show an average trade price and market price in respect of an *option* series if the *retail client* buys a number of contracts within the same series.

Periodic reporting: special situations

16.3.10

R

A *firm* need not provide a *periodic statement*:

- (1) to a *client* habitually resident outside the *United Kingdom* if the *client* concerned has so requested or the *firm* has taken reasonable steps to establish that he does not wish to receive it;
- (2) in respect of a *CTF*, if the statement provided under the *CTF Regulations* contains the *periodic information*.

Record keeping: periodic reporting

16.3.11

R

A *firm* must make, and retain, a copy of any *periodic statement* for a period of at least three years from the date of despatch.

16.4 Statements of client designated investments or client money

- 16.4.1** **R** (1) A *firm* that holds *client designated investments* or *client money* for a *client* must send that *client* at least once a year a statement in a *durable medium* of those *designated investments* or that *client money* unless:
- (a) such a statement has been provided in a *periodic statement*; or
 - (b) the *firm*:
 - (i) provides the *client* with access to an online system, which qualifies as a *durable medium*, where up-to-date statements of a *client's designated investments* or *client money* can be easily accessed by the *client*; and
 - (ii) the *firm* has evidence that the *client* has accessed an up-to-date statement at least once during the previous quarter.
- (2) A *credit institution* need not send a statement in respect of *deposits* held by it.
- (3) This *rule* does not apply in relation to a *firm* holding *client designated investments* or *client money* under a *personal pension scheme* or a *stakeholder pension scheme*.
- (4) A *CTF* account provider holding *client designated investments* or *client money* under a *CTF* must provide a statement but need not do so more frequently than required by Regulation 10 of the *CTF Regulations*.

 - (3) the extent of any benefit that has accrued to the *client* by virtue of participation in any *securities financing transactions*, and the basis on which that benefit has accrued.
- 16.4.3** **R** In cases where the portfolio of a *client* includes the proceeds of one or more unsettled transactions, the information in a statement provided under this section may be based either on the trade date or the settlement date,

provided that the same basis is applied consistently to all such information in the statement.

16.4.4 **R** *A firm which holds designated investments or client money and is managing investments for a client may include the statement under this section in the periodic statement it provides to that client.*

16.4.5 **G** In reporting to a *client* in accordance with this section, a *firm* should consider whether to provide details of any assets loaned or charged including:

(1) which *investments* (if any) were at the end of the relevant period loaned to any third party and which *investments* (if any) were at that date charged to secure borrowings made on behalf of the portfolio; and

(2) the aggregate of any interest payments made and income received during the period in respect of loans or borrowings made during that period

16.4.6 **G** *Firms* subject to either or both the *custody chapter* and the *client money chapter* are reminded of the reporting obligations to *clients* in ■ **CASS 9.2** (Prime broker's daily report to clients) and ■ **CASS 9.5** (Reporting to clients on request).

At intervals of no longer than 12 months, beginning on the date a *retail client* first takes a *pension commencement lump sum* or an *uncrystallised funds pension lump sum payment*, or first makes an *income withdrawal*, the relevant *operator* of a *personal pension scheme* or *stakeholder pension scheme* must:

- (1) provide the *retail client* with such information as is necessary for the *retail client* to review the decision, including where relevant the information required by ■ COBS 13 Annex 2 2.9R (Additional requirements: drawdown pensions and regular uncrystallised funds pension lump sum payment), ■ COBS 16.6.8AR (pathway investments) and ■ COBS 16.6.10R (costs and charges disclosure); and

 - (a) review their choice of pension product;
 - (b) review their investment choices;
 - (c) take regulated advice to understand their options at retirement; and
 - (d) seek out guidance.

16.6.8A

 - (a) select a different *investment pathway* option and change their *pathway investment*;

 - (c) (where this option is available) split their drawdown fund across two or more *pathway investments*;
 - (d) choose a different product to access their pension savings;
 - (e) shop around, with an explanation of how they may do so.

- 16.6.8B** G If a *retail client* has been invested in the same *pathway investment* for 5 years (or a multiple of 5 years) a *firm* should consider including in the *retail client's* next annual statement:
- (1) a reminder of the number of years the *retail client* has been invested in the same *pathway investment*; and
 - (2) a statement that the *retail client* should review the *investment pathway* option.

- 16.6.9** G The information provided to the *retail client* in ■ **COBS 16.6.8R(1)** is likely to be sufficient for the *client* to review the decision if it contains at least one of the following (in addition to the information required by ■ **COBS 16.6.8AR** and ■ **COBS 16.6.10R**, as relevant):

 - (b) an indication of when the fund may cease to exist; or
 - (c) the rate of withdrawals or payments relative to a sustainable rate; or
 - (4) (if a *client* has only taken a *pension commencement lump sum*) information about their investment, fund choices, fund value and charges.

 - drawdown fund; or
 - personal pension scheme* or *stakeholder pension scheme* from which an *uncrystallised funds pension lump sum* payment was paid;
 - (b) aggregated and totalled; and
 - (c) expressed in pounds and pence.

 - (b) must make clear whether the costs and charges information relates to the whole pension scheme or only to the drawdown fund.

- (3) If the *operator* does not have the information necessary to comply with (1), it must take all reasonable steps to obtain it.
- (4) If the operator does not have exact figures for certain costs and charges, despite taking all reasonable steps to obtain them, the *operator*:
 - (a) must provide a reasonable estimate of such costs and charges when providing the costs and charges information; or
 - (b) if it is not possible to provide a reasonable estimate of such costs and charges, must include a written statement, with the costs and charges information, to explain which costs and charges are not included.
- (5) The *operator* must include a written statement with the costs and charges information, stating whether any adviser remuneration, including *adviser charges, consultancy charges, commission or commission equivalent*, is included in the aggregated costs and charges figure.
- (6) The *operator* must make clear what period is covered by the costs and charges information.

16.6.11 **R** ■ COBS 16.6.10R does not apply where costs and charges are discharged by payment of the fixed price of a drawdown pension product, which has been clearly disclosed to the *retail client*.

16.6.12 **G** Where ■ COBS 16.6.10R(1)(a)(ii) applies, the annual statement must include costs and charges for the whole of the *retail client's personal pension scheme or stakeholder pension scheme*.

16.6.13 **G** The *operator's* reasonable steps to obtain costs or charges information should include, where relevant, requesting this information from third parties that provide services relating to the *retail client's drawdown fund, personal pension scheme or stakeholder pension scheme*.

62(1) Investment firms providing the service of portfolio management to a retail client must inform the client where the overall value of the portfolio, as evaluated at the beginning of each reporting period, depreciates by 10% and thereafter at multiples of 10%, no later than the end of the business day in which the threshold is exceeded or, in a case where the threshold is exceeded on a non-business day, the close of the next business day.

62(2) Investment firms that hold a retail client account that includes positions in leveraged financial instruments or contingent liability transactions shall inform the client, where the initial value of each instrument depreciates by 10% and thereafter at multiples of 10%. Reporting under this paragraph should be on an instrument-by-instrument basis, unless otherwise agreed with the client, and shall take place no later than the end of the business day in which the threshold is exceeded or, in a case where the threshold is exceeded on a non-business day, the close of the next business day.

[Note: recital 96 to the *MiFID Org Regulation*]

Guidance on contingent liability transactions

16A.4.5 G

When providing a *periodic statement* to a *retail client*, a *firm* should consider whether to include:

- (1) the *collateral* value in respect of any contingent liability transaction in the *client's* portfolio during the relevant period; and
- (2) *option* account valuations in respect of each open *option* written by the *client* in the *client's* portfolio at the end of the relevant period; stating:

 - (b) the trade price and date for the opening transaction, unless the valuation statement follows the statement for the period in which the option was opened;
 - (c) the market price of the contract; and
 - (d) the exercise price of the contract.
- (3) *Option* account valuations may show an average trade price and market price in respect of an *option* series if the *client* buys a number of contracts within the same series.

16A.5 Statements of client financial instruments or client funds

16A.5.1 UK

63(1) Investment firms that hold client financial instruments or client funds shall send at least on a quarterly basis, to each client for whom they hold financial instruments or funds, a statement in a durable medium of those financial instruments or funds unless such a statement has been provided in any other periodic statement. Upon client request, firms shall provide such statement more frequently at a commercial cost.

The first subparagraph shall not apply to a credit institution that is a CRR firm as defined in Article 4(1)(2A) of Regulation (EU) No 575/2013 of the European Parliament and of the Council on prudential requirements for credit institutions and investment firms in respect of deposits within the meaning of Article 2(1)(23A) of Regulation (EU) No 600/2014 held by that institution.

63(2) The statement of client assets referred to in paragraph 1 shall include the following information:

- (a) details of all the financial instruments or funds held by the investment firm for the client at the end of the period covered by the statement;
- (b) the extent to which any client financial instruments or client funds have been the subject of securities financing transactions;
- (c) the extent of any benefit that has accrued to the client by virtue of participation in any securities financing transactions, and the basis on which that benefit has accrued;
- (d) a clear indication of the assets or funds which are subject to the rules of the UK law on markets in financial instruments and those that are not, such as those that are subject to Title Transfer Collateral Agreement;
- (e) a clear indication of which assets are affected by some peculiarities in their ownership status, for instance due to a security interest;
- (f) the market or estimated value, when the market value is not available, of the financial instruments included in the statement with a clear indication of the fact that the absence of a market price is likely to be indicative of a lack of liquidity. The evaluation of the estimated value shall be performed by the firm on a best effort basis.

In cases where the portfolio of a client includes the proceeds of one or more unsettled transactions, the information referred to in point (a) may be based either on the trade date or the settlement date, provided that the same basis is applied consistently to all such information in the statement.

The periodic statement of client assets referred to in paragraph 1 shall not be provided where the investment firm provides its clients with access to an online system, which qualifies as a durable medium, where up-to-date statements of client's financial instruments or funds can be easily accessed by the client and the firm has evidence that the client has accessed this statement at least once during the relevant quarter.

63(3) Investment firms which hold financial instruments or funds and which carry out the service of portfolio management for a client may include the statement of client assets referred to in paragraph 1 in the periodic statement it provides to that client pursuant to Article 60(1).

Claims handling for long-term care insurance

		<div>17.1</div> <div>Providing information to claimants, dealing with claims and warranties in policies</div>
17.1.1	R	<p>When an <i>insurer</i> or <i>managing agent</i> receives a claim under a <i>long-term care insurance contract</i>, it must respond promptly by providing the <i>policyholder</i>, or the <i>person</i> acting on the <i>policyholder's</i> behalf, with:</p> <div><div>(1) a claim form (if it requires one to be completed);</div><div>(2) a summary of its claims handling procedure; and</div><div>(3) appropriate information about the medical criteria that must be met, and any waiting periods that apply, under the terms of the <i>policy</i>.</div></div>
17.1.2	R	<div><div>Responding to a claim</div><p>As soon as reasonably practicable after receipt of a claim, the <i>insurer</i> or <i>managing agent</i> must tell the <i>policyholder</i>, or the <i>person</i> acting on the <i>policyholder's</i> behalf:</p><div><div>(1) (for each part of the claim it accepts), whether the claim will be settled by paying the <i>policyholder</i>, providing goods or services to the <i>policyholder</i> or paying another <i>person</i> to provide those goods or services; and</div><div>(2) (for each part of the claim it rejects), why the claim has been rejected and whether any future rights to claim exist.</div></div></div>
17.1.3	R	<div><div>Rejecting a claim</div><p>An <i>insurer</i> and a <i>managing agent</i> must not unreasonably reject a claim.</p></div>
17.1.4	R	<div><div>Cases where rejection of consumer’s claim is unreasonable: contracts or variations before 1 August 2017</div><p>For contracts entered into or variations agreed before 1 August 2017, except where there is evidence of fraud, an <i>insurer</i> and a <i>managing agent</i> must not reject a claim for:</p><div><div>(1) (in relation to contracts entered into or variations agreed on or before 5 April 2013) non-disclosure of a fact material to the risk which the <i>policyholder</i> could not reasonably have been expected to disclose; or</div><div>(2) misrepresentation of a fact material to the risk, unless the misrepresentation is negligent; or</div></div></div>

- (3) breach of warranty, unless the circumstances of the claim are connected to the breach, the warranty is material to the risk and was drawn to the *policyholder's* attention before the conclusion of the contract.

Cases where rejection of consumer's claim is unreasonable: contracts or variations on or after 1 August 2017

- 17.1.5** G (1) Cases in which rejection of a *consumer's* claim would be unreasonable (in the *FCA's* view) include, but are not limited to rejection:
- (a) for misrepresentation, unless it is a "qualifying misrepresentation" in ■ **ICOB 8.1.3R**;
 - (b) where the claim is subject to the Insurance Act 2015, for breach of warranty or term, or for fraud, unless the *insurer* is able to rely on the relevant provisions of the Insurance Act 2015; and
 - (c) where the *policy* is drafted or operated in a way that does not allow the *insurer* to reject.
- (2) The Insurance Act 2015 sets out a number of situations in which an *insurer* may have no liability or obligation to pay. For example:
- (a) section 10 provides situations in which an *insurer* has no liability under a *policy* due to a breach of warranty;
 - (b) section 11 places restrictions on an *insurer's* ability to reject a claim for breach of a term where compliance is aimed at reducing certain types of risk; and
 - (c) sections 12 and 13 provide for the extent to which a *firm* is entitled to reject fraudulent claims.
- 17.1.6** R For contracts entered into or variations agreed on or after 1 August 2017, a rejection of a *consumer policyholder's* claim for breach of a condition or warranty (that is not subject to and within section 10 or 11 the Insurance Act 2015) is unreasonable unless the circumstances of the claim are connected to the breach.
- 17.1.7** R An *insurer* must ensure that any condition or warranty included in a *long-term care insurance contract* with a *consumer*:
- (1) has operative effect only in relation to the types of crystallised risk covered by the *policy* that are connected to that condition or warranty; and
 - (2) is material to the risks to which it relates and is drawn to the *customer's* attention before the conclusion of the contract.

Duties of trustee firms under the general law

- 18.1.4
- G
- To the extent a *rule* in *COBS* applies to a *trustee firm*, that *rule*:
- (1)

applies in addition to any duties or powers imposed or conferred upon a trustee by the general law; and
- (2)

does not qualify or restrict the duties or powers that the general law imposes or confers upon a trustee; *trustee firms* will be under a duty to observe the provisions of their trust instrument; if its provisions conflict with any applicable *rule*, *trustee firms* will need to take advice in resolving the conflict.

Considering and complying with applicable COBS rules

- 18.1.5
- G
- In considering and reaching decisions as to how applicable rules in *COBS* apply in the context of a particular trust arrangement, a *trustee firm* should consider the nature of that arrangement and the provisions of the relevant trust instrument.

References to "client" in applicable COBS rules

- 18.1.6
- G
- Where an applicable *rule* in *COBS* requires the doing of any thing in relation to a *client*, the *trustee firm* should consider who, in the context of that *rule* and having regard to the particular trust arrangement, is the most appropriate person to treat as its *client*. 		<div>Application</div>
18.12.1	R	This section applies to <i>an operator of an electronic system in relation to lending</i> , but only in relation to a <i>person</i> becoming a lender under a <i>P2P agreement</i> .
18.12.2	R	<p>This section does not apply in relation to a current account agreement where:</p> <div><div>(1)</div><div>there is a possibility that the account holder may be allowed to overdraw on the current account without a pre-arranged overdraft or to exceed a pre-arranged overdraft limit; and</div></div> <div><div>(2)</div><div>if the account holder did so, this would be a <i>P2P agreement</i> (overrunning).</div></div>
		<div>Purpose</div>
18.12.3	G	<p>The purpose of this chapter is to ensure that, where applicable, a <i>firm</i>:</p> <div><div>prices and values <i>P2P agreements</i> fairly and appropriately;</div><div>will prevent lenders being exposed to risk outside of the parameters advertised at the time of investment;</div><div>has a reasonable basis to conclude that a <i>target rate</i> can be reasonably achieved; and</div><div>can support the statements made in its disclosures and financial promotions.</div></div>
		<div>Interpretation</div>
18.12.4	R	<p>In the remainder of this section:</p> <div><div>(1)</div><div>references to a <i>P2P agreement</i> include <i>non-P2P agreements</i> included in a <i>P2P portfolio</i>;</div><div>(2)</div><div>unless the context otherwise requires, references to “lender” also include a prospective lender;</div><div>(3)</div><div>a <i>firm</i> is treated as having determined the <i>price</i> of a <i>P2P agreement</i> in cases other than where the lender and the borrower have entered</div></div>

into a genuine negotiation to determine the *price* of that *P2P agreement*; and

- (4) references to repayment refer to repayment of capital or payment of interest or other charges (excluding any charge for non-compliance with a *P2P agreement*).

Credit risk assessment

18.12.5 **R** Where a *firm* determines the *price* of a *P2P agreement*, it must undertake a reasonable assessment of the credit risk of the borrower before the *P2P agreement* is made.

18.12.6 **R** A *firm* must base its *credit risk assessment* on sufficient information:

- (1) of which it is aware at the time the *credit risk assessment* is carried out;
- (2) obtained, where appropriate, from the borrower, and, where necessary, any other relevant sources of information.

The subject matter of the credit risk assessment

18.12.7 **R** The *firm* must consider the risk that the borrower will not make one or more repayments under the *P2P agreement* by the due date.

Scope, extent and proportionality of the credit risk assessment

18.12.8 **R** (1) The extent and scope of the *credit risk assessment*, and the steps that the *firm* must take to satisfy the requirement that the assessment is a reasonable one and based on sufficient information, is dependent upon, and proportionate to, the individual circumstances of each case.

(2) The *firm* must consider:

- (a) the types of information to use in the *credit risk assessment*;
- (b) the content and level of detail of the information to use;
- (c) whether the information in the *firm's* possession is sufficient;
- (d) whether and to what extent to obtain additional information from the borrower;
- (e) whether and to what extent to obtain information from any other sources;
- (f) whether and to what extent to verify the accuracy of the information that is used; and
- (g) the degree of evaluation and analysis of the information that is used,

having regard to the factors listed in (3) where applicable to the agreement.

(3) The factors to which the *firm* must have regard when complying with (2) and deciding what steps are needed to make the *credit risk assessment* a reasonable one include each of the following where applicable to the agreement:

- (a) the type of *credit*;
- (b) the amount of the *credit* or the *credit limit*;
- (c) the duration (or likely duration) of the *credit*;
- (d) the frequency of the repayments;
- (e) the amount of the repayments;
- (f) the annual percentage rate of charge; and
- (f) any other costs, including any charge for non-compliance with the agreement, which will or may be payable by or on behalf of the borrower in connection with the agreement.

18.12.9 **G** The *firm* may have regard, where appropriate, to information obtained:

- (1) in the course of previous dealings with the borrower but should consider whether the passage of time could have affected the validity of the information and whether it is appropriate to update it;
- (2) as part of conducting a *credit-worthiness assessment* in relation to a *P2P agreement* in accordance with ■ CONC 5.5A; or
- (3) as part of assessing affordability in relation to a *P2P agreement* comprising a *home finance transaction*, in accordance with ■ MCOB 11 as modified by ■ MCOB 15.

Policies and procedures for credit risk assessment

18.12.10 **R** A *firm* must:

- (1) establish, implement and maintain clear and effective policies and procedures:
 - (a) to enable it to carry out *credit risk assessments*; and
 - (b) setting out the principal factors it will take into account in carrying out *credit risk assessments*;
- (2) set out in writing the policies and procedures in (1), and (other than in the case of a *sole trader*) have them approved by its *governing body* or *senior personnel*;
- (3) assess and periodically review:
 - (a) the effectiveness of the policies and procedures in (1); and
 - (b) the *firm's* compliance with those policies and procedures and with its obligations under ■ COBS 18.12.5R to ■ 18.12.8R;
- (4) following the review in (3), take appropriate measures to address any deficiencies in the policies and procedures or in the *firm's* compliance with its obligations;
- (5) maintain a record of each transaction where a *P2P agreement* is entered into sufficient to demonstrate that:
 - (a) a *credit risk assessment* was carried out where required; and
 - (b) the *credit risk assessment* was reasonable and was undertaken in accordance with ■ COBS 18.12.5R to ■ 18.12.8R,

and in each case to enable the *FCA* to monitor the *firm's* compliance with its obligations under ■ COBS 18.12.5R to ■ 18.12.8R; and

- (6) (other than in the case of a *sole trader*) establish, implement and maintain robust governance arrangements and internal control mechanisms designed to ensure the *firm's* compliance with (1) to (5).

Pricing, allocation and portfolio composition

- 18.12.11** **R** Where a *firm* determines the *price* of a *P2P agreement* it must ensure that the *price* is fair and appropriate.
- 18.12.12** **R** To determine a fair and appropriate *price* for a *P2P agreement* the *firm* must at least ensure:
- (1) the *price* is reflective of the risk profile of the loan; and
 - (2) the *firm* has taken into account:
 - (a) the time value of money; and
 - (b) the credit spread of the *P2P agreement*.
- 18.12.13** **R** Where a *firm* selects which *P2P agreements* to facilitate for a lender, it must facilitate only those *P2P agreements* which are in line with the disclosures made pursuant to ■ COBS 18.12.27R.
- 18.12.14** **R** Where a *firm* is assembling or managing a *P2P portfolio*, it must ensure that it includes in that *P2P portfolio* only those *P2P agreements* it has determined with reasonable certainty will enable the lender to achieve the *target rate*.
- 18.12.15** **G** To be able to comply with ■ COBS 18.12.14R, a *firm* should use appropriate data and robust modelling. The data may be the *firm's* own or may be sourced from third parties. Modelling could include the *firm's credit risk assessment* of all borrowers under *P2P agreements* included in the *P2P portfolio*, taking into account the expected losses and the variability of losses through the cycle, and the *price* of such agreements as calculated in accordance with ■ COBS 18.12.12R.
- 18.12.16** **R** Where a *firm* determines the *price* of a *P2P agreement* it must review the valuation of each *P2P agreement* in at least the following circumstances:
- (1) when the *P2P agreement* is originated;
 - (2) where the *firm* considers that the borrower is unlikely to pay its obligations under the *P2P agreement* in full, without the *firm* enforcing any relevant security interest or taking other steps with analogous effect;
 - (3) following a *default*; and
 - (4) where the *firm* is facilitating an exit for a lender before the maturity date of the *P2P agreement*.

- 18.12.17** **R** Where a *firm* that determines the *price* of *P2P agreements* is facilitating an exit for a lender before the maturity date of a *P2P agreement*, the *firm* must ensure that the price offered for exiting the *P2P agreement* is fair and appropriate.

Risk management framework

- 18.12.18** **R**
- (1) Where any of **COBS 18.12.11R** to **18.12.17R** apply, a *firm* must have and use a *risk management framework* that is designed to achieve compliance with those *rules*.
 - (2) The *firm's risk management framework* must at least:
 - (a) be appropriate to the nature, scale and complexity of its business;
 - (b) take into account any *credit risk assessment*, *credit-worthiness assessment* or assessment of affordability under *MCOB*;
 - (c) categorise *P2P agreements* by their risk, taking into account the probability of default and the loss given default; and
 - (d) set out the circumstances in which the *firm* will review the valuation of each *P2P agreement*.
 - (3) The *firm* must set out in writing the *risk management framework*, and have it approved by its *governing body* or *senior personnel*.

- 18.12.19** **G** Where **COBS 18.12.11R** to **18.12.17R** do not apply to a *firm*, it would be good practice for the *firm* to consider whether, depending on its business model, it should apply the requirements in **COBS 18.12.18R(1)** to **(3)**.

Monitoring of the risk management framework

- 18.12.20** **R** A *firm* with a *risk management framework* must:
- (1) assess, monitor and periodically review the adequacy and effectiveness of the *risk management framework*, including by assessing outcomes against expectations;
 - (2) pursuant to (1), take appropriate measures to address any deficiencies in the *risk management framework*;
 - (3) maintain a record of each transaction where it has used the *risk management framework* to facilitate a *P2P agreement* sufficient to demonstrate that:
 - (a) the *price* of the *P2P agreement* was fair and appropriate in line with the *risk management framework*;
 - (b) where the *firm* selected which *P2P agreements* to facilitate for a lender, that its selection was in line with the *risk management framework*;
 - (c) any inclusion in a *P2P portfolio* was in line with the *risk management framework*,
 and in each case to enable the *FCA* to monitor the *firm's* compliance with its obligations regarding the *risk management framework*;
 - (4) establish, implement and maintain robust governance arrangements and internal control mechanisms designed to ensure the *firm's* compliance with (1) to (3); and

- (5) allocate to an *approved person* overall responsibility within the *firm* for the establishment and maintenance of an effective *risk management framework* and record that allocation.

Publication of an outcomes statement

- 18.12.21 **R** Where a *firm* determines the *price* of *P2P agreements* in any financial year of the *firm*, it must publish an *outcomes statement* within four *months* of the end of each financial year.

- 18.12.22 **R** A *firm* must ensure that each *outcomes statement* remains publicly available for at least 10 years from publication.

Content of an outcomes statement

- 18.12.23 **R** An *outcomes statement* must include, as applicable, for the financial year of the *firm*:

- (1) the expected and actual *default rate* of all *P2P agreements* the *firm* has facilitated by risk category, by reference to the risk categories set out in the *risk management framework*, in line with the requirements in ■ COBS 4.6 on past and future performance;
- (2) a summary of the assumptions used in determining expected future *default rates*; and
- (3) where the *firm* offered a *target rate*, the actual return achieved.

Information: role of an operator of an electronic system in relation to lending

- 18.12.24 **R** A *firm* must provide to a lender a description of its role in facilitating *P2P agreements*. That description must include:

- (1) the nature and extent of due diligence the *firm* undertakes in respect of borrowers;
- (2) a description of how loan risk is assessed, including a description of the criteria that must be met by the borrower before the *firm* considers the borrower eligible for a *P2P agreement*;
- (3) whether the *firm* will play a role in determining the *price* of a *P2P agreement* and, if so, what role;
- (4) where lenders do not have the choice to enter into specific *P2P agreements*, what role the *firm* will play in selecting *P2P agreements* for the lender;
- (5) where a *firm* offers a *P2P portfolio* to lenders, what role it will play in assembling or managing that *P2P portfolio*;
- (6) an explanation of the *firm's* procedure for dealing with a loan in late payment or default;
- (7) an explanation of how any tax liability for lenders arising from investment in *P2P agreements* will be calculated;

- (8) whether the *firm* will play a role in facilitating a secondary market in *P2P agreements* and, if so, what role, including:
 - (a) the procedure for a lender to access their money before the term of the *P2P agreement* has expired and the risk to their investment of doing so; and
 - (b) whether the *firm* displays *P2P agreements* that lenders wish to exit and that other lenders may choose to enter into; or
 - (c) whether the *firm* decides if the *P2P agreement* should be transferred to another lender without involving either lender in that decision.

Information: Financial Services Compensation Scheme

- 18.12.25 **R** A *firm* must provide confirmation to a lender that there is no recourse to the Financial Services Compensation Scheme.

Information: P2P agreements where the lender selects the agreements

- 18.12.26 **R** Where a lender has the choice to enter into specific *P2P agreements*, a *firm* must provide the lender with at least the following information about each *P2P agreement*:
- (1) where the *firm* determines the *price* of *P2P agreements*, the *price* of the *P2P agreement*;
 - (2) where not provided under (1), the annual percentage rate that will be paid by the borrower in respect of that *P2P agreement*, where applicable to that agreement;
 - (3) when the *P2P agreement* is due to mature;
 - (4) the frequency of the repayments to be made by the borrower;
 - (5) the amounts of the repayments to be made by the borrower;
 - (6) the total amount payable by the borrower;
 - (7) a fair description of the likely actual return, taking into account fees, *default* rates and taxation;
 - (8) where the *firm* determines the *price* of *P2P agreements*, details of the *credit risk assessment*, *credit-worthiness assessment* or assessment of affordability under MCOB carried out;
 - (9) whether the *P2P agreement* is backed by an asset (for example, secured against property developments) and if so, details of that asset;
 - (10) fees to be paid by the borrower or the lender, including any deduction from the interest to be paid by the borrower;
 - (11) where the *firm* determines the *price* of *P2P agreements*, the risk categorisation of that *P2P agreement* and an explanation of that risk categorisation, by reference to the risk categories set out in the *risk management framework*; and

- (12) where any of the terms in respect of which information must be provided under sub-paragraphs (1) to (7) is set by auction, a description of the auction process and of how those terms will be determined.

Information: P2P agreements where the firm selects the agreements

18.12.27 **R**

Where a *firm* selects which *P2P agreements* to facilitate for a lender, including where a *firm* offers a *P2P portfolio* to a lender, the *firm* must provide the lender with the following information about the *P2P agreements* it may facilitate for the lender:

- (1) the minimum and maximum interest rate that will be payable under any *P2P agreement* that may be facilitated for the lender;
- (2) the minimum and maximum maturity date of any *P2P agreement* that may be facilitated for the lender;

Information concerning platform failure

18.12.28 **R**

- (1) A *firm* must notify each lender of the *firm's* arrangements made under **SYSC 4.1.8AR** to ensure that *P2P agreements* facilitated by it will continue to be managed and administered in accordance with the contract terms between the *firm* and the lender.
- (2) Where a *firm's* arrangements made under **SYSC 4.1.8AR** include particular terms in its contracts with lenders, or include obtaining particular prior consents from lenders, the *firm* must clearly identify these arrangements and explain how they operate.
- (3) Where a *firm's* arrangements made under **SYSC 4.1.8AR** involve another *person* taking over the management and administration of *P2P agreements* if the *firm* ceases to operate the electronic system in relation to lending, the notification must inform lenders of:
 - (a) the identity of the *person* with which the arrangements have been made;
 - (b) how that *person* will hold the lenders' money; and
 - (c) whether that *person* is authorised by the FCA and, if it is, which relevant *Part 4A permissions* it holds.
- (4) A *firm* must also explain to each lender the particular risks to the management and administration of *P2P agreements* in the event of its own *failure*, including:

the possibility that *P2P agreements* may cease to be managed and administered before they mature;

the possibility that any *person* involved in the continued management and administration of *P2P agreements* after the *firm* fails may not be subject to the same regulatory regime and requirements as the *firm*, and the resulting possibility that regulatory protections may be reduced or no longer available; and

the likelihood that the majority of balances due to the lender are those due from borrowers rather than from the *firm* itself, so if the *firm* fails a lender's entitlement to any *client money* held by the *firm* would not include those balances that the *firm* has not yet received from borrowers.

The timing rules

18.12.29 **R**

- (1) The information to be provided in accordance with ■ COBS 18.12.24R to ■ 18.12.25R and ■ 18.12.27R to ■ 18.12.28R must be provided in good time before a *firm* carries on the relevant business for a lender.
- (2) The information to be provided in accordance with ■ COBS 18.12.26R must be provided each time before a *firm* facilitates a person becoming a lender under a *P2P agreement*, and in good time before doing so.
- (3) Where any of the terms in respect of which information must be provided under ■ COBS 18.12.26R(1) to ■ (7) are set by auction, that information must be provided as soon as reasonably practicable after those terms have been set as a result of the auction.

Keeping the client up to date

18.12.30 **R**

- (1) A *firm* must notify a lender in good time about any material change to the information provided under the *rules* in ■ COBS 18.12.24R and ■ 18.12.28R.
- (2) The notification in (1) must be given in a *durable medium* if the information to which it relates was given in a *durable medium*.

Ongoing disclosures

18.12.31 **R**

A *firm* must ensure that, at any point in time, a lender is able to access details of each *P2P agreement* they have entered into which was facilitated by that *firm*, including:

- (1) the *price* of the *P2P agreement*;
- (2) where not provided under (1), the annual percentage rate that will be paid by the borrower in respect of that *P2P agreement*, where applicable to that agreement;
- (3) the outstanding capital and interest payments in respect of that *P2P agreement*;
- (4) when the *P2P agreement* is due to mature;

- (8) where the *firm* determines the price of *P2P agreements*, details of the *credit risk assessment*, *credit-worthiness assessment* or assessment of affordability carried out under *MCOB*;
- (9) whether the *P2P agreement* is backed by an asset (for example, secured against property developments) and if so, details of that asset;
- (10) where the *firm*:
- (a) determines the *price of P2P agreements*;
 - (b) selects which *P2P agreements* to facilitate for a lender; or
 - (b) offers a *target rate*,
- the risk categorisation of that *P2P agreement* and an explanation of that risk categorisation, by reference to the risk categories set out in the *risk management framework*;
- (11) whether the *firm* considers that the borrower is unlikely to pay its obligations under the *P2P agreement* in full without the *firm* enforcing any relevant security interest or taking other steps with analogous effect and, if so, information to that effect; and
- (12) whether a *default* by the borrower under a *P2P agreement* has occurred and, if so, information to that effect.

Information: form

- 18.12.32 **R** The *documents* and information provided in accordance with ■ COBS 18.12.24R to ■ 18.12.28R and ■ COBS 18.12.31R must be in a *durable medium* or available on a website (where that does not constitute a *durable medium*) that meets the *website conditions*.

Contingency funds: standardised risk warning

- 18.12.33 **R**
- (1) In addition to any other risk warnings that must be given by a *firm*, a *firm* must provide the following risk warning to a lender when it offers a *contingency fund*, modified as necessary to reflect the terminology used by the *firm* to refer to a *contingency fund*:
- "The contingency fund we offer does not give you a right to a payment so you may not receive a pay-out even if you suffer loss. The fund has absolute discretion as to the amount that may be paid, including making no payment at all. Therefore, investors should not rely on possible pay-outs from the contingency fund when considering whether or how much to invest."**
- (2) The *firm* must provide the risk warning in a prominent place on every page of each website and mobile application of the *firm* available to lenders containing any reference to a *contingency fund*.

- (3) Where the lender has not approached the *firm* through a website or mobile application, the risk warning must be provided in a *durable medium* in good time before the *firm* carries on any business for that lender.

18.12.34 **R** The standardised risk warning must be:

- (1) prominent; and
- (2) contained within its own border and with bold text as indicated.

Contingency funds: published policy

- 18.12.35 **R**
- (1) A *firm* which offers a *contingency fund* to lenders must have a *contingency fund policy*.
 - (2) The *contingency fund policy* must contain the following information:
 - (a) an explanation of the source of the money paid into the fund;
 - (b) an explanation of how the fund is governed;
 - (c) an explanation of who the money belongs to;
 - (d) the considerations the fund operator takes into account when deciding whether or how to exercise its discretion to pay out from the fund, including examples. This should include:
 - (i) whether or not the fund has sufficient money to pay; and
 - (ii) that the fund operator has absolute discretion in any event not to pay or to decide the amount of the payment;
 - (e) an explanation of the process for considering whether to make a discretionary payment from the fund; and a description of how that money will be treated in the event of the *firm's* insolvency.
 - (f) The *contingency fund policy* must be provided on every page of each website and mobile application of the *firm* available to lenders and must be:
 - (3) The *contingency fund policy* must be provided on each website and mobile application of the *firm* available to lenders and must be:
 - (a) prominent;
 - (b) in an unrestricted part of the website or mobile application; and
 - (c) accessible via a link contained in the standardised risk warning in **COBS 18.12.33R**.
 - (4) Where the lender has not approached the *firm* through a website or mobile application this information must be provided in a *durable medium* in good time before the *firm* carries on any business for that lender.

18.12.36 **G** When deciding whether to pay out from the *contingency fund*, a *firm* should take into account fairness to lenders and whether the lender made an active choice about whether or not to participate in the *contingency fund*.

Contingency funds: information when the fund is used**18.12.37** **R**

- (1) A *firm* must notify a lender if they receive payment from a *contingency fund*.
- (2) This notification must state the amount paid to the lender from the *contingency fund*.
- (3) This notification must be provided either:
 - (a) at the time the payment is made; or
 - (b) on an aggregated basis at least once every three *months*.

Contingency funds: information about how the fund is performing**18.12.38** **R**

A *firm* which offers a *contingency fund* must make public on a quarterly basis the following facts about how the fund is performing:

the size of the fund compared to total amounts outstanding on *P2P agreements* relevant to the *contingency fund*;

what proportion of outstanding borrowing under *P2P agreements* has been paid using the *contingency fund*; and

a *firm* must:

- (a) only include the actual amount of money held in the *contingency fund* at the relevant time, net of any liabilities or pay outs agreed but not yet paid; and
- (b) not include any amounts due to be paid into the *contingency fund* that have not yet been paid into it.

Past performance**18.12.39** **R**

A *firm* must ensure that information that contains an indication of past performance only contains information that is reflective of the actual payments received by lenders from borrowers under *P2P agreements*.

18.12.40 **G**

One of the consequences of **COBS 18.12.39R** is that payments made to lenders from a *contingency fund* should not be reflected in any information that contains an indication of past performance. Firms should also take into account the effect of commissions, fees and other charges.

1.2	G	<p>In accordance with COBS 18.5.3CR and COBS 18.5A.7R, this section does not apply in relation to an <i>AIF</i> or <i>CIS</i> which in accordance with its core investment policy:</p> <ul style="list-style-type: none"> (1) does not generally invest in <i>financial instruments</i> that can be: <ul style="list-style-type: none"> (a) registered in a <i>financial instruments</i> account opened in the books of a <i>depository</i>; or (b) physically delivered to the <i>depository</i>; or (2) generally invests in <i>issuers</i> or <i>non-listed companies</i> to potentially acquire <i>control</i> over such companies either individually or jointly with other <i>funds</i>.
2	Rule on research and inducement	
2.1	R	<p>When <i>executing</i> orders, or placing orders with other entities for execution, that relate to <i>financial instruments</i> for, or on behalf of, the <i>fund</i>, a <i>firm</i> must not:</p> <ul style="list-style-type: none"> (1) accept and retain any fees, commissions or monetary benefits; or (2) accept any non-monetary benefits, <p>where these are paid or provided by any third party or a <i>person</i> acting on behalf of a third party.</p>
2.2	R	<p>A <i>firm</i> must:</p> <ul style="list-style-type: none"> (1) return to the <i>fund</i> as soon as reasonably possible after receipt any fees, commissions or any monetary benefits paid or provided by any third party or a <i>person</i> acting on behalf of a third party in relation to the services provided to that <i>fund</i>; and (2) inform the investors in the <i>fund</i> about the fees, commissions or any monetary benefits transferred to them (see paragraph 2.4G).
2.3	R	<p>Paragraph 2.1R does not apply to:</p> <ul style="list-style-type: none"> (1) minor non-monetary benefits that are: <ul style="list-style-type: none"> (a) capable of enhancing the quality of service provided to the <i>fund</i> (see paragraph 3.1R); and (b) of a scale and nature such that they could not be judged to impair the <i>firm's</i> compliance with its duty to act honestly, fairly and professionally in the best interests of the <i>fund</i>; and

		(2)	research if the requirements of COBS 2.3B (Inducements and research) as modified by paragraph 4 are met.
2.4	G		A <i>firm</i> may inform investors in the <i>fund</i> about the fees, commissions or monetary benefits transferred to them through:
		(1)	the periodic reporting statements provided to <i>participants</i> in an <i>unregulated collective investment scheme</i> in accordance with COBS 18.5.11R for a <i>small authorised UK AIFM</i> or a <i>residual CIS operator</i> ; or
		(2)	the annual reports provided on request to investors, for a <i>small authorised UK AIFM</i> in relation to an <i>authorised AIF</i> , a <i>full-scope UK AIFM</i> , or a <i>UCITS management company</i> .
3	Acceptable minor non-monetary benefits		
3.1	R		A <i>firm</i> must not accept a non-monetary benefit unless it is a minor non-monetary benefit which is reasonable, proportionate and of a scale that is unlikely to influence the <i>firm's</i> behaviour in any way that is detrimental to the interests of the <i>fund</i> , and which consists of:
		(1)	information or documentation relating to a <i>financial instrument</i> that is generic in nature; or
		(2)	written material from a third party that:
		(a)	is either:
		(i)	commissioned and paid for by a corporate <i>issuer</i> or potential <i>issuer</i> to promote a new issuance by the company; or
		(ii)	produced on an ongoing basis, where the third party is contractually engaged and paid by the <i>issuer</i> ;
		(b)	clearly discloses the relationship between the third party and the <i>issuer</i> ; and
		(c)	is made available at the same time to any <i>firm</i> wishing to receive it, or to the general public; or
		(3)	participation in conferences, seminars and other training events on the benefits and features of a specific <i>financial instrument</i> ; or
		(4)	hospitality of a reasonable de minimis value, such as food and drink during a business meeting or another training event mentioned under (3); or
		(5)	research relating to an issue of <i>shares</i> , <i>debentures</i> , <i>warrants</i> or <i>certificates representing certain securities</i> by an <i>issuer</i> , which is:
		(a)	produced by a <i>person</i> that is providing underwriting or placing services to the <i>issuer</i> on that issue;
		(b)	made available to prospective investors in the issue; and
		(c)	disseminated before the issue is completed; or

		<p>(6) free sample <i>research</i> provided for a limited trial period where:</p> <p>(a) the trial period lasts no longer than three months;</p> <p>(b) the trial period is not commenced with a provider within 12 <i>months</i> from the termination of an arrangement for the provision of <i>research</i> (including a previous trial period) with that provider;</p> <p>(c) the research provider offering the free trial has no existing relationship with the recipient <i>firm</i> for the provision of <i>research</i> or <i>execution</i> services; and</p> <p>(d) the recipient <i>firm</i> keeps records of the dates of any trial periods, and sufficient records to demonstrate compliance with the conditions in (a) to (c) above.</p> <p>(7) <i>research</i> on listed or unlisted companies with a market capitalisation below £200m, provided that it is offered on a rebundled basis or provided for free. The market capitalisation is to be calculated with reference to the average closing price of the shares of the company at the end of each <i>month</i> to 31 October for the preceding 24 <i>months</i>. For companies newly admitted to trading, determination of the threshold should be based on the market capitalisation at the close of day one trading and apply until the date of the next re-assessment (i.e., 31 October). For these purposes, <i>firms</i> may reasonably rely on the assessment of a third party that the <i>research</i> is on a company with a market capitalisation below £200m;</p> <p>(8) third party <i>research</i> that is received by a <i>firm</i> providing investment services or ancillary services to clients where it relates to fixed income, currency or commodity instruments;</p> <p>(9) <i>research</i> received from a research provider where the research provider is not engaged in <i>execution</i> services and is not part of a financial services group that includes an <i>investment firm</i> that offers <i>execution</i> or brokerage services;</p> <p>(10) written material that is made openly available from a third party to any <i>firm</i> wishing to receive it or to the general public. "Openly available" in this context means that there are no conditions or barriers to accessing the written material other than those which are necessary to comply with relevant regulatory obligations, for example requiring a log-in, sign-up or submission of user information by a <i>firm</i> or a member of the public in order to access that material; or</p> <p>(11) corporate access services which relate to listed or unlisted companies with a market capitalisation below £200m in accordance with paragraph 3.1 R(7).</p>
3.2	G	<p>An acceptable minor non-monetary benefit consisting of information or documentation relating to a <i>financial instrument</i> that is generic in nature may include material provided by a third party that:</p> <p>(1) consists of:</p> <p>(a) short term market commentary on the latest economic statistics; or</p> <p>(b) company results or information on upcoming releases or events;</p> <p>(2) contains only a brief unsubstantiated summary of the third party's own opinion on such information; and</p> <p>(3) does not include any substantive analysis (for example, where the third party simply reiterates a view based on an existing recommendation or substantive research).</p>

3.3	G	A non-monetary benefit that involves a third party allocating valuable resources to the <i>firm</i> is not a minor non-monetary benefit.
3.4	G	In relation to paragraph 3.1R(8) above, since the particular features of the fixed income, currency and commodity markets, whereby portfolio managers and independent investment advisers transact with counterparties based on competitive pricing processes, the pricing of transactions in fixed income, currency and commodity instruments will typically not take into account <i>research</i> services.

Pensions supplementary provisions

19.1 Pension transfers, conversions, and opt-outs

[Note: The FCA has also issued non-Handbook guidance for firms who advise on pension transfers. See <https://www.fca.org.uk/publication/finalised-guidance/fg21-3.pdf>]

Application

19.1.-1 R

[deleted]

19.1.-1A R

Except where a *firm* is providing *abridged advice* (see ■ COBS 19.1A), this section applies to a *firm* which:

- (1) gives *advice on pension transfers, pension conversions and pension opt-outs* to a *retail client*; or
- (2) *arranges pension transfers, pension conversions or pension opt-outs*, in relation to:

- (3) a *pension transfer*;
- (4) a *pension conversion*; or
- (5) a *pension opt-out* from a scheme with *safeguarded benefits* or potential *safeguarded benefits*.

19.1.-1B G

A *firm* should comply with this section in order to give appropriate independent advice for the purposes of section 48 of the Pension Schemes Act 2015.

19.1.1-A R

[deleted]

19.1.1 R

[deleted]

Requirement for pension transfer specialist

19.1.1A

R

- (1) A firm must ensure that *advice on pension transfers, pension conversions and pension opt-outs* is given or checked by a *pension transfer specialist*.
- (2) The requirement in (1) does not apply where the only *safeguarded benefit* involved is a *guaranteed annuity rate*.

Role of the pension transfer specialist when checking

19.1.1B

G

When a firm uses a *pension transfer specialist* to check its proposed *advice on pension transfers, pension conversions and pension opt-outs*, it should ensure that the *pension transfer specialist* takes the following steps:

- (1) checks the entirety and completeness of the advice;
- (2) confirms that any *personal recommendation* is suitable for the *retail client* in accordance with the obligations in ■ COBS 9.2.1R to ■ 9.2.3R and including those matters set out at ■ COBS 19.1.6G; and
- (3) confirms in writing that they agree with the proposed advice before it is provided to the *retail client*, including any *personal recommendation*.

Personal recommendation for pension transfers and conversions

19.1.1C

R

- (1) A firm must make a *personal recommendation* when it provides *advice on conversion or transfer of pension benefits*.
- (2) Before making the *personal recommendation* the firm must:
 - (a) determine the *proposed arrangement with flexible benefits* to which the *retail client* would move; and
 - (b) carry out the *appropriate pension transfer analysis* and produce the *transfer value comparator*.
- (3) The requirement in (2)(b) does not apply if the only *safeguarded benefit* involved is a *guaranteed annuity rate*.
- (4) The firm must take reasonable steps to ensure that the *retail client* understands how the key outcomes from the *appropriate pension transfer analysis* and the *transfer value comparator* contribute towards the *personal recommendation*.
- (5) Prior to making a *personal recommendation* to effect a *pension transfer or pension conversion*, a firm must obtain evidence that the client can demonstrate that they understand the risks to them of proceeding with the *pension transfer or pension conversion*.

19.1.1D

G

- (1) ■ COBS 9 contains suitability requirements which apply if a firm makes a *personal recommendation* in relation to *advice on conversion or transfer of pension benefits*.
- (2) (a) ■ COBS 9 requires a firm to obtain from the client necessary information for the firm to be able to make a recommendation.

The necessary information includes ensuring that the *client* has the necessary experience and knowledge to understand the risks involved in the transaction. If a *client* does not understand the risks and/or the *firm* does not have evidence that the *client* can demonstrate their understanding, then it is likely not to be appropriate, under the ■ COBS 9 requirements, to make a recommendation to transfer or convert.

(b) The *firm* should make a clear record of the steps it has taken to satisfy itself on reasonable grounds that it has adequate evidence of the *client's* demonstration of their understanding of the risks.

(3) When a *firm* is obtaining evidence as to whether the *client* can demonstrate that they understand the risks involved in the *pension transfer* or *pension conversion*, it should tailor its approach according to the experience, financial sophistication and/or vulnerability of each individual *client*.

Appropriate pension transfer analysis

19.1.2 **R** [deleted]

19.1.2A **R** [deleted]

19.1.2B **R** To prepare an appropriate transfer analysis a *firm* must:

- (1) assess the benefits likely to be paid and options available under the *ceding arrangement*;
- (2) compare (1) with those benefits and options available under the *proposed arrangement*;
- (3) where the *proposed arrangement* is a *personal pension scheme*, *stakeholder pension scheme* or *defined contribution occupational pension scheme* that is not a *qualifying scheme*, and a *qualifying scheme* is available to the *retail client*, compare the benefits and options available under the *proposed arrangement* with the benefits and options available under the *default arrangement* of the *qualifying scheme*; and
- (4) undertake the analysis in (1), (2) and (3) in accordance with ■ COBS 19 Annex 4A and ■ COBS 19 Annex 4C.

19.1.2C **R** ■ COBS 19.1.1-AR and ■ COBS 19.1.2BR do not preclude a *firm* from preparing other forms of the analysis (for example, stochastic cashflow modelling) which are relevant to making a *personal recommendation* to the *retail client*, as long as projected outcomes at the 50th percentile are no less conservative than if the analysis had been prepared in accordance with ■ COBS 19 Annex 4A and ■ COBS 19 Annex 4C.

19.1.2D **G** (1) This *guidance* applies if a *firm* presents information in the *appropriate pension transfer analysis* which considers the impact of:

- (a) the Pension Protection Fund and the *FSCS*; or
- scheme funding or employer covenants.

		<p>(2) If a <i>firm</i> presents the information in (1) it should, in accordance with <i>Principle 7</i> and the <i>fair, clear and not misleading rule</i>, do so in a way that is balanced and objective.</p> <p>(3) If a <i>firm</i> does not have specialist knowledge in assessing the impact of (1)(a) or 1(b), it should consider not including the information.</p>
19.1.2E	G	<p>(1) This <i>guidance</i> applies if a <i>firm</i> presents information in the <i>appropriate pension transfer analysis</i>:</p> <p>(a) that contains an indication of future performance; and</p> <p>(b) is produced by a financial planning tool or cash flow model that uses different assumptions to those shown in the <i>key features illustration</i> for the <i>proposed arrangement</i>.</p> <p>(2) A <i>firm</i> presenting the information in (1) should explain to the <i>retail client</i> why different assumptions produce different illustrative financial outcomes.</p>
19.1.3	G	[deleted]
		Transfer value comparator
19.1.3A	R	<p>(1) To prepare a <i>transfer value comparator</i>, a <i>firm</i> must compare the transfer value offered by the <i>ceding arrangement</i> with the estimated value needed today to purchase the <i>future income benefits</i> available under the <i>ceding arrangement</i> using a <i>pension annuity</i> (calculated in accordance with ■ COBS 19 Annex 4B and ■ COBS 19 Annex 4C).</p> <p>(2) The <i>firm</i> must provide the <i>transfer value comparator</i> to the <i>retail client</i> in a durable medium using the format and wording in ■ COBS 19 Annex 5 and using the notes set out in ■ COBS 19 Annex 5 1.2R.</p> <p>(3) When the <i>retail client</i> has passed the normal retirement age of the <i>ceding arrangement</i>, the <i>firm</i> must provide a <i>transfer value comparator</i> applying the retirement age assumed in the calculation of the transfer value.</p> <p>(4) Where the <i>ceding arrangement</i> allows the <i>retail client</i> to take their benefits at an age below the scheme's normal retirement age, with no reduction for early payment and where no consent is required, then the <i>firm</i> must provide a <i>transfer value comparator</i> assuming that the <i>retail client</i> will retire at this age.</p>
		Guidance on estimated transfer value
19.1.3B	G	<p>If a <i>firm</i> gives <i>advice on conversion or transfer of pension benefits</i> to a <i>retail client</i> under circumstances where the <i>ceding arrangement</i> is expected to be changed, or replaced by another scheme, the <i>firm</i> should:</p> <p>(1) prepare a provisional <i>appropriate pension transfer analysis</i> and <i>transfer value comparator</i> based on the information related to the changed or replacement scheme;</p> <p>(2) make reasonable assumptions about the changed or replacement scheme where the benefits are uncertain; and</p>

- (3) set out in a provisional *suitability report* any assumptions and uncertainties to the *retail client*, which should clearly set out that the *personal recommendation* can only be finalised once the transfer value and changed or replacement arrangements are certain.

19.1.4 **R** [deleted]

Guidance on assessing suitability

- 19.1.6 **G**
- (1) The *guidance* in this section relates to the obligations to assess suitability in ■ COBS 9.2.1R to ■ 9.2.3R.
 - (2) When a *firm* is making a *personal recommendation* for a *retail client* who is, or is eligible to be, a member of a *pension scheme* with *safeguarded benefits* and who is considering whether to transfer, convert or opt-out, a *firm* should start by assuming that a transfer, conversion or opt-out will not be suitable.
 - (3) A *firm* should only consider a transfer, conversion or opt-out to be suitable if it can clearly demonstrate, on contemporary evidence, that the transfer, conversion or opt-out is in the *retail client's* best interests.
 - (4) To demonstrate (3), the factors a *firm* should take into account include:
 - (a) the *retail client's* intentions for accessing pension benefits;
 - (b) the *retail client's* attitude to, and understanding of the risk of giving up *safeguarded benefits* (or potential *safeguarded benefits*) for *flexible benefits*, taking into account the following factors:
 - (i) the risks and benefits of staying in the ceding arrangement;
 - (ii) the risks and benefits of transferring into an arrangement with *flexible benefits*;
 - (iii) the *retail client's* attitude to certainty of income in retirement;
 - (iv) whether the *retail client* would be likely to access funds in an arrangement with *flexible benefits* in an unplanned way;
 - (v) the likely impact of (iv) on the sustainability of the funds over time;
 - (vi) the *retail client's* attitude to and experience of managing investments or paying for *advice on investments* so long as the funds last; and
 - (vii) the *retail client's* attitude to any restrictions on their ability to access funds in the *ceding arrangement*;

- (c) the *retail client's* attitude to, and understanding of investment risk;
 - (d) the *retail client's* realistic retirement income needs including:
 - (i) how they can be achieved;
 - (ii) the role played by *safeguarded benefits* (or potential *safeguarded benefits*) in achieving them; and
 - (iii) the consequent impact on those needs of a transfer, conversion or opt-out, including any trade-offs; and
 - (e) alternative ways to achieve the *retail client's* objectives instead of the transfer, conversion or opt-out.
- (5) If a *firm* uses a risk profiling tool or software to assess a *retail client's* attitude to the risk in (4)(b) it should:
- (a) check whether the tool or software is capable of taking into account at least those factors listed in (4)(b)(i) to (vii); and
 - (b) ensure that those factors which are not included are factored into the *firm's* assessment of the *client's* attitude to risk.
- (6) When a *firm* asks questions about a *retail client's* attitude to the risk in 4(b) it should consider the *rules* on communicating with *clients* (■ COBS 4), which require a *firm* to ensure that a communication is fair, clear and not misleading.
- (7) Where a *qualifying scheme* is available to the *retail client*, a *firm* considering making a *personal recommendation* to effect a *pension transfer* to a *personal pension scheme*, *stakeholder pension scheme* or *defined contribution occupational pension scheme* that is not a *qualifying scheme*:
- (a) should start by assuming that it will not be as suitable as a transfer to the *default arrangement* of an available *qualifying scheme*; and
 - (b) will need to be able to demonstrate clearly that, as at the time of the *personal recommendation*, it is more suitable than a transfer to the *default arrangement* of an available *qualifying scheme*.
- (8) For the purposes of (7):
- (a) a *qualifying scheme* is available to the *retail client* where it accepts transfers from other schemes into its *default arrangement*; and
 - (b) where more than one *qualifying scheme* is available to the *retail client*, the *firm* should consider the available *qualifying scheme* that the *retail client* most recently joined, but may, in addition, also consider any of the other *qualifying schemes* available to the *retail client*.
- (9) To demonstrate (7)(b) the *firm* may, subject to (10), take into account one or more of the following considerations:
- (a) the *retail client* provides evidence of experience at making active investment choices as a self-investor or as an advised investor (except in relation to investments in the *default arrangement* of a *qualifying scheme* or in a mortgage endowment policy or similar product);
 - (b) where the *retail client* wishes to access the funds within 12 *months* of entering into pension decumulation and the *qualifying*

scheme does not offer the *retail client* a decumulation option that would enable the *retail client* to achieve their desired outcome.

- (10) In taking into account the considerations in (9), as well as any other considerations that the *firm* may decide to take into account when demonstrating 7(b), the *firm* should also consider:
 - (a) whether those considerations are so important to the *client* as to outweigh other considerations in favour of the *default arrangement* of the available *qualifying scheme*; and
 - (b) why the outcome sought by transferring to a *personal pension scheme*, *stakeholder pension scheme* or *defined contribution occupational pension scheme* that is not a *qualifying scheme* cannot be achieved by transferring to the *qualifying scheme*.
- (11) The presence of one or more of the following circumstances should not be taken as sufficient to demonstrate that the *personal recommendation* in (7) is suitable:
 - (a) one of the *retail client's* objectives is to have access to a wider range of investment options than available under the *default arrangement* of the *qualifying scheme*;
 - (b) the transfer is to take place more than 12 *months* before the *retail client* enters into pension decumulation; and/or
 - (c) the *retail client* will enter into pension decumulation within the next 12 *months*, but the *retail client* has not yet decided whether or how they will access their funds.

Working with another adviser

19.1.6A

G

- (1) This *guidance* relates to the obligations to assess suitability in ■ COBS 9.2.1R to ■ 9.2.3R.
- (2) Paragraphs (3) and (4) apply in the following situations:
 - (a) where two or more *firms* are involved in providing both *advice on pension transfers, pension conversions and pension opt-outs* and *advice on investments* in relation to the same transaction; and
 - (b) where two or more *employees* within the same *firm* are involved in providing both *advice on pension transfers, pension conversions and pension opt-outs* and *advice on investments* in relation to the same transaction.
- (3) In such situations, *firms* should work together (or ensure their *employees* work together) to:
 - (a) obtain information from the *retail client* under ■ COBS 9.2.2R(1) that is sufficient to inform both the *advice on pension transfers, pension conversions and pension opt-outs* and the *advice on investments*; and
 - (b) obtain information from the *retail client* under ■ COBS 9.2.2R(2) about the client's preferences regarding risk taking and their risk profile that covers both the risk in ■ COBS 19.1.6R(4)(b) and the risk in ■ COBS 19.1.6R(4)(c).
- (4) In such situations, the *firm(s)* providing the *advice on investments* in relation to the proposed transaction should ensure that (where

relevant) the advice takes into account the impact of any loss of *safeguarded benefits* (or potentially *safeguarded benefits*) on the *retail client's* ability to take on investment risk.

Arranging without making a personal recommendation

19.1.7C R If a *firm* arranges a *pension transfer*, *pension conversion* or *pension opt-out* for a *retail client* without making a *personal recommendation* in relation to the *pension transfer*, *pension conversion* or *pension opt-out* it must:

- (1) make a clear record of the fact that the *firm* has not given that *personal recommendation* to the *client*;
- (1A) where the *pension transfer* or *pension conversion* is within the scope of the requirement in section 48 of the Pension Schemes Act 2015:
 - (a) not proceed with the arrangements until it has received confirmation, from the *firm* that gave the advice to the *retail client*, that the *retail client* has received a *personal recommendation* in accordance with the requirements of ■ COBS 19.1 (and that it was not *abridged advice*); and
 - (b) if the client has received a *personal recommendation*, ask whether or not the recommendation was to transfer or convert; and
 - (c) retain clear records showing evidence of (a) and (b);
- (1B) where the recommendation in (1A) was not to transfer or convert the *retail client's* subsisting rights in respect of *safeguarded benefits*, the *firm* arranging the *pension transfer* or *pension conversion* must:
 - (a) warn the *retail client* that they are acting against advice not to transfer or convert;
 - (b) ask the *retail client* whether they understand the consequences of acting against advice;
 - (c) where the *retail client* does not understand the consequences of acting against advice, refuse to arrange the *pension transfer* or conversion and instead refer the *retail client* back to the *firm* that advised them not to transfer or convert for an explanation of that advice; and
 - (d) retain a record of the communications with the *retail client* that evidence compliance with the requirements in (a) to (c);
- (2) retain the records in (1), (1A) and (1B) indefinitely.

19.1.7D G Where the advice referred to in ■ COBS 19.1.7C(1A) was *abridged advice*, the *firm* being asked to arrange the transfer or conversion should not ask the advising *firm* for confirmation of the *abridged advice* given. The *firm* is not

19.1.7E

R

permitted to arrange the relevant *pension transfer* or *pension conversion* where the advice given was *abridged advice*.

Where the *firm* that has given advice to a *retail client* is asked by a *firm* arranging a *pension transfer* or *pension conversion* that is within the scope of the requirement in section 48 of the Pension Schemes Act 2015 to:

- (a) provide a confirmation that the *retail client* has received a *personal recommendation* in accordance with the requirements of ■ COBS 19.1 (and that it was not *abridged advice*); and
- (b) if the client has received a personal recommendation, confirm whether or not the recommendation was to transfer or convert,

the advising *firm* must provide the requested information to the *firm* arranging a *pension transfer* or *pension conversion* as soon as reasonably practicable.

Suitability reports

19.1.8

G

If a *firm* provides a *suitability report* to a *retail client* in accordance with ■ COBS 9.4.2AR it should include:

- (1) a summary of the advantages and disadvantages of its *personal recommendation*;
- (2) an analysis of the financial implications (if the recommendation is to opt-out);
- (2A) a summary of the key outcomes from the *appropriate pension transfer analysis* (if the recommendation is to transfer or convert); and
- (3) a summary of any other material information.

19.1.9

G

If a *firm* proposes to advise a *retail client* not to proceed with a *pension opt-out*, it should give that advice in writing.

19.1.9A

R

Prior to finalising the *firm's personal recommendation*, a *firm* seeking evidence that the *client* can demonstrate their understanding of the risks in accordance with ■ COBS 19.1.1CR(5) must:

- (1) make a clear record of either:
 - (a) the evidence showing that the *client* demonstrated that they understood the risks involved in effecting a *pension transfer* or *pension conversion* and the steps taken by the *firm* to obtain that; or
 - (b) if the *firm* could not obtain evidence that the *client* could demonstrate that understanding and the *firm* did not change to a recommendation not to transfer, the steps taken by the *firm* to obtain the evidence and clear evidence and explanation of how the *firm* satisfied itself on reasonable grounds that it was still suitable to continue to make the same *personal recommendation*; and
- (2) retain the records in (1) indefinitely.

- 19.1.10

G

The statutory advice requirement

(1) Where a *firm* has advised a *retail client* in relation to a *pension transfer* or *pension conversion* and the *firm* is asked to confirm this for the purposes of section 48 of the Pension Schemes Act 2015, then the *firm* should provide such confirmation as soon as reasonably practicable.

(2) The *firm* should provide the confirmation regardless of whether it advised the *client* to proceed with a *pension transfer* or *pension conversion* or not.

- 19.1.11

G

Triage services

The table in ■ PERG 12 Annex 1G includes examples of when a *firm* is and is not *advising on conversion or transfer of pension benefits* when it has an initial “*triage*” conversation with a potential customer. The purpose of triage is to give the customer sufficient information about *safeguarded benefits* and *flexible benefits* to enable them to make a decision about whether to take *advice on conversion or transfer of pension benefits*.

19.1A Abridged advice on pension transfers and pension conversions

[Note: The FCA has also issued non-Handbook guidance for firms who advise on pension transfers. See <https://www.fca.org.uk/publication/finalised-guidance/fg21-3.pdf>]

Application

19.1A.1 R This section applies to a *firm* which gives *abridged advice* in relation to a *pension transfer* or *pension conversion* to a *retail client*.

19.1A.2 R A *firm* may not give *abridged advice* to the extent that the *safeguarded benefits* involved are *guaranteed annuity rates*.

Options when providing abridged advice

19.1A.3 R A *firm* giving a *retail client* *abridged advice* must either:

- (1) make a *personal recommendation* that the *client* remains in their *ceding arrangement*; or
- (2) do all of the following:
 - (a) inform the *client* that they are unable to take a view on whether it is in the *client's* best interests to transfer or convert without undertaking *full pension transfer or conversion advice*, even when the firm considers that it may be in the *client's* best interests;
 - (b) check if the *client* wants the *firm* to provide *full pension transfer or conversion advice* and check that the *client* understands the associated cost; and
 - (c) (if the *firm* has reason to believe that the *client* is suffering from *serious ill-health* or experiencing *serious financial difficulty*) make the *client* aware of the implications for the level of *adviser charges* if the *client* proceeded to *full pension transfer or conversion advice*.

Guidance about proceeding from abridged advice to full pension transfer or conversion advice

19.1A.4 G This *guidance* applies where a *firm* has given *abridged advice* to a *retail client* and the *client* wishes to proceed to *full pension transfer or conversion advice*.

- (1) Where the outcome of the *abridged advice* was a *personal recommendation* that the *client* remains in their *ceding arrangement*, the FCA's expectation is that in most cases the outcome of *full*

pension transfer or conversion advice will be a personal recommendation that the client remains in their ceding arrangement.

- (2) Where the outcome was a statement that the *firm* was unable to take a view on whether it would be in the *client's* best interests to transfer or convert without undertaking *full pension transfer or conversion advice*, the *FCA's* expectation is that the outcome of *full pension transfer or conversion advice* could still be a *personal recommendation* that the *client* remains in their *ceding arrangement*.

Inability to provide confirmation for the purposes of section 48 of the Pension Schemes Act 2015

- 19.1A.5 **R** A *firm* must not provide a confirmation for the purposes of section 48 of the Pension Schemes Act 2015 unless it has provided *full pension transfer or conversion advice*.

Prohibition

- 19.1A.6 **R** A *firm* must not carry out *appropriate pension transfer analysis* and/or prepare a *transfer value comparator* and/or consider the *proposed arrangement* when providing *abridged advice* to a *retail client*.

Requirement to use a pension transfer specialist

- 19.1A.7 **R** A *firm* must ensure that *abridged advice* is given or checked by a *pension transfer specialist*.

- 19.1A.8 **G** Where a *firm* uses a *pension transfer specialist* to check its proposed *abridged advice* it should have regard to the *guidance* in ■ COBS 19.1.1BG.

Relevant guidance about assessing suitability

- 19.1A.9 **G** If a *firm* provides a suitability report to a *retail client* in accordance with ■ COBS 9.4.2AR it should include (in addition to the requirements in ■ COBS 9.4):
- (1) a summary of the advantages and disadvantages of its *personal recommendation*; and
 - (2) a summary of any other material information that would assist the client in understanding the basis of the advice.
- 19.1A.10 **R** A *firm* must not arrange a transaction for a *client* where only *abridged advice* has been given.
- 19.1A.11 **G**
- (1) This *guidance* relates to a *firm's* obligations to assess suitability in accordance with ■ COBS 9.2.1R to ■ 9.2.3R.
 - (2) A *firm* should start by assuming that a *pension transfer* or *pension conversion* will not be suitable.
 - (3) For the purposes of the provision of *abridged advice*, the factors a *firm* should take into account include:

- (a) the *retail client's* intentions for accessing pension benefits;
 - (b) the *retail client's* attitude to, and understanding of the risk of, giving up *safeguarded benefits* for *flexible benefits*, taking into account the following factors:
 - (i) the risks and benefits of staying in the *ceding arrangement*;
 - (ii) the risks and benefits of transferring from the *ceding arrangement* into an arrangement with *flexible benefits*;
 - (iii) the *retail client's* attitude to certainty of income in retirement;
 - (iv) whether the *retail client* would be likely to access funds in an arrangement with *flexible benefits* in an unplanned way;
 - (v) the likely impact of (iv) on the sustainability of the funds over time;
 - (vi) the *retail client's* attitude to, and experience of, managing *investments* or paying for *advice on investments* so long as the funds last; and
 - (vii) the *retail client's* attitude to any restrictions on their ability to access funds in the *ceding arrangement*;
 - (c) the *retail client's* realistic retirement income needs including:
 - (i) how they can be achieved;
 - (ii) the role played by *safeguarded benefits* in achieving them; and
 - (iii) the consequent impact on those needs of a *pension transfer* or *pension conversion*, including any trade-offs in broad terms;
 - (d) alternative ways to achieve the *retail client's* objectives instead of the *pension transfer* or *pension conversion*;
 - (e) the *retail client's* attitude to, and understanding of, investment risk;
- (4) If a *firm* uses a risk profiling tool or software to assess a *retail client's* attitude to the risk in (3)(b) it should:
- (a) check whether the tool or software is capable of taking into account at least those factors listed in (3)(b)(i) to (vii); and
 - (b) ensure that those factors which are not included are factored into the *firm's* assessment of the *client's* attitude to risk.
- (5) When a *firm* asks questions about a *retail client's* attitude to the risk in 3(b) it should ensure they are fair, clear and not misleading in accordance with ■ COBS 4.

Guidance about charging for abridged advice

19.1A.12 G

- (1) A *firm* may provide *abridged advice* to a *retail client* free of charge. However, if they do, and the conclusion is that they are unable to give a *personal recommendation* without carrying out *full advice on pension transfers or conversions*, a *firm* will need to ensure it is able to demonstrate how it still complies with *Principle 8* (Conflicts of interest), and the rules on contingent charging (■ COBS 19.1B).
- (2) A *firm* that charges a *client* twice for what is, in essence, the same service is likely to be acting inconsistently with *Principle 2*, *Principle 6*

and *Principle 8*. As a result, a *firm* will be expected to offset the *adviser charges* paid by a *retail client* for the provision of *abridged advice* from the amount it would have otherwise charged that *retail client* for the provision of *full pension transfer or conversion advice*.

19.1B Ban on contingent charging for pension transfers and conversions

[**Note:** The FCA has also issued non-Handbook guidance for firms who advise on pension transfers. See <https://www.fca.org.uk/publication/finalised-guidance/fg21-3.pdf>]

Application

19.1B.1

R

This section applies to a *firm* in relation to the provision of:

- (1) *advice on conversion or transfer of pension benefits* except where:
 - (a) the only *safeguarded benefit* involved is a *guaranteed annuity rate*; or
 - (b) it is *abridged advice*;
- (2) *investment advice* or other services in connection with a *pension transfer* or *pension conversion* (including, but not limited to, implementing and arranging a *pension transfer* or *pension conversion*);
- (3) ongoing advice or other services in relation to rights or interests in a *non-DB pension scheme* derived in whole or part from a *pension transfer* or *pension conversion*; or
- (4) any related services.

Purpose

19.1B.2

G

The purpose of this section is to ensure that *firms'* charging structures, either individually or taken together with other *associates*, do not create any potential for a conflict of interest relating to, or an incentive to recommend or effect, a *pension transfer* or a *pension conversion* to a *retail client*.

Ban on contingent charging

19.1B.3

R

Except as specified in ■ COBS 19.1B.9(1) or ■ (2), a *firm* must ensure that both the methodology for calculating any part of, and the total value of, the *firm's adviser charges, employer or trustee funded pension advice charge* or *remuneration* do not vary depending on whether or not:

- (1) the *firm* makes a *personal recommendation* to a *retail client* to effect a *pension transfer* or a *pension conversion*; and/or
- (2) the *retail client* effects a *pension transfer* or a *pension conversion*; and/or
- (3) (in relation to ongoing advice or other services in relation to the *retail client's* rights or interests in a *non-DB pension scheme*) the

rights or interests in the *non-DB pension scheme* include sums derived from a *pension transfer* or a *pension conversion*.

19.1B.4 **R**

Where:

- (1) one *firm* carries out multiple services for a particular *retail client*; and/or
- (2) a *firm* and one or more *firms* that are its *associates* (including any other *firm* providing *investment advice* in relation to a *proposed arrangement*) are involved then,

■ COBS 19.1B.3R applies to the *firm* in relation to both the methodology for calculating any part of, and the total value of, the *adviser charges, employer or trustee funded pension advice charge* and/or *remuneration* of the *firm* and, where applicable, any of those *associates*.

19.1B.5 **R**

- (1) A *firm* must not allow itself to be part of any charging structure or arrangement (operated by the *firm* or any *associate*) which could create a potential incentive to any *firm* or any *firm* that is its *associate* to recommend or arrange a *pension transfer* or a *pension conversion* to or for a *retail client* or otherwise could circumvent the *rules* in this section.
- (2) This includes charging structures in relation to the pricing of other goods or services provided to the *client* or a connected *person* at any time by any *firm* involved in the *pension transfer* or *pension conversion* arrangements, or by any *associate* of the *firm*.

Examples of unacceptable practices

19.1B.6 **G**

The following *evidential provisions* provide examples of charging arrangements the *FCA* considers will breach the *rules* in this section.

19.1B.7 **E**

- (1) A *firm* should not charge and/or receive *adviser charges, employer or trustee funded pension advice charges* and/or *remuneration*, that are higher, when taken together, if the recommendation is to effect a transfer or conversion than if the recommendation is not to do so.
- (2) A *firm* and/or any of its *associates* that are *firms* should not charge and/or receive *remuneration* of a higher amount for their ongoing advice or services in relation to the funds in a *non-DB pension scheme* than they charge or receive where the funds are not derived from a *pension transfer* or a *pension conversion*.
- (3) A *firm* should not purport to charge a *retail client* the same for advice that recommends a *pension transfer* or a *pension conversion* as it would for advice that does not recommend a transfer or conversion, but not take reasonable steps to enforce payment of the full amount of the charge by the *retail client* where the advice is not to transfer or convert.
- (4) A *firm* should not charge a lower amount for any other services provided, or to be provided, by the *firm* or an *associate* to the *retail client* or, anyone connected to the *retail client*, if the *client* is advised not to transfer or convert.

- (5) A *firm* should not subsequently vary its *adviser charges*, *employer or trustee funded pension advice charge* and/or *remuneration* for advice and/or *related services* so that in practice they become dependent on the outcome of a *personal recommendation* or whether the *retail client* effects a *pension transfer* or a *pension conversion*.
- (6) A *firm* should not charge less in relation to *full pension transfer or conversion advice* (including charges for *abridged advice*) than it would do if it provided *investment advice* on the investment of the same size of pension funds but which did not include funds from a *pension transfer* or a *pension conversion*. This does not apply in relation to *full pension transfer or conversion advice* where part of the charge is payable by an *employer or trustee funded advice charge*.
- (7) A *firm* should not undertake some services related to *full pension transfer or conversion advice*, such as parts of *appropriate pension transfer analysis* or *transfer value comparator*, then decline to advise further and not charge for the work undertaken.
- (8) Contravention of:
 - (a) either of (1) or (2) may be relied upon as tending to establish contravention of ■ COBS 19.1B.3R; and
 - (b) any of (3) to (7) may be relied upon as tending to establish contravention of ■ COBS 19.1B.5R.

Guidance about charging for full pension transfer or conversion advice

19.1B.8

G

- (1) A *firm* may provide *full pension transfer or conversion advice* to a *retail client* free of charge in exceptional cases, even if they do not fall within the exceptions in ■ COBS 19.1B.9R(1) or ■ (2). This may be, for example, where the *firm* is acting entirely pro-bono on humanitarian grounds, or is helping a close family friend, where the *firm* can demonstrate that the *rules* on contingent charging in this chapter are not being breached. For example, where all of the related services provided (by the *firm* or any *associate*) are also free of charge. The *firm* will also need to show that the advice was free of charge irrespective of whether or not the advice results in a recommendation to transfer or convert.
- (2) Where a *firm* has provided a *retail client* with *abridged advice* and with *full pension transfer or conversion advice*, it should charge the *retail client* taking into account the guidance in ■ COBS 19.1A.12G(2).

Exceptions to the ban on contingent charging

19.1B.9

R

A *firm* need not comply with ■ COBS 19.1B.3R or ■ COBS 19.1B.5R in relation to *full pension transfer or conversion advice* if it has satisfied itself, on reasonable grounds and based on adequate supporting evidence, that the *retail client* is unable to pay for *full pension transfer or conversion advice* without using funds that are not reasonably available, and is either:

- (1) suffering from *serious ill-health*; or
- (2) (a) experiencing *serious financial difficulty* or likely would be if they had to pay for *full pension transfer or conversion advice* on a non-contingent basis; and

- (b) would be able to access their pension fund immediately after a *pension transfer* or a *pension conversion* has taken effect.

19.1B.10 R A *firm* that charges a *retail client* in relation to *full pension transfer or conversion advice* on a contingent basis in reliance on ■ COBS 19.1B.9R(1) or ■ (2), must ensure that the methodology for calculating, and the total value of, the *firm's* and any *associate's adviser charges, employer or trustee funded pension advice charge or remuneration* for that advice, any related service, and any ongoing advice or other services in relation to the *retail client's* rights or interests in a *non-DB pension scheme*, is not higher than if they had charged the *retail client* in relation to *full pension transfer or conversion advice* on a non-contingent basis.

19.1B.11 G A *client* is likely to meet the requirements for *serious ill-health* where:

- (1) the *retail client* has a particular medical condition, as shown by reliable medical reports or records; and
- (2) there are reputable sources of medical information to evidence that the medical condition in question results, in the majority of cases, in a life expectancy below age 75.

19.1B.12 G A *client* is likely to meet the requirement that they are unable to pay for *full pension transfer or conversion advice* without using funds that are not reasonably available where the amount of their reasonably available savings and investments is below the cost of *full pension transfer or conversion advice*.

19.1B.13 G The types of circumstances in which a *client* is likely to be able to show they are experiencing *serious financial difficulty* include where continuing to pay domestic bills and credit commitments is a heavy burden on the *client* and the *client* has missed payments for any credit commitments and/or any domestic bills in any three or more of the last six *calendar months*.

Examples of unacceptable reasons for relying on an exception to the ban on contingent charging

19.1B.14 G The following *evidential provisions* provide examples of what the *FCA* considers to be unacceptable reasons for relying on the *serious financial difficulty* and *serious ill health* exceptions and which, if relied on by a *firm*, the *FCA* considers will breach the *rules* in this section.

19.1B.15 E

- (1) A *firm* should not be satisfied that a *client* meets the requirements for *serious ill-health* where a *client* is only able to demonstrate an expected reduced life expectancy due to lifestyle factors (for example smoking or drinking alcohol) and not a medical condition.
- (2) A *firm* should not be satisfied that a *client* meets the requirements for *serious financial difficulty* where a *client* is experiencing *serious financial difficulties* because of incurring non-essential expenditure.
- (3) A *firm* should not be satisfied that a *client* will be able to access their pension fund immediately after a *pension transfer* or *pension*

(4) A *firm* should not be satisfied that a *client* is unable to pay for *full pension transfer or conversion advice* where a *client* is able to access reasonably available savings or investments to pay for *full pension transfer or conversion advice* but does not wish to access these to pay for advice.

19.1B.16 R Contravention of any of ■ COBS 19.1B.15E (1) to ■ (4) may be relied upon as tending to establish contravention of ■ COBS 19.1B.9R and therefore ■ COBS 19.1B.3R or ■ COBS 19.1B.5R.

Additional record-keeping requirements for a firm relying on an exception in COBS 19.1B.9R(1) or (2)

19.2 **Personal pensions, FSAVCs and
AVCs**

Financial promotions

19.2.1 **G** A *financial promotion* for a FSAVC should contain a prominent warning that, as an alternative an AVC arrangement exists, and that details can be obtained from the scheme administrator (if that is the case).

Suitability

19.2.2 **R** When a *firm* prepares a *suitability report* it must:

- (1) (in the case of a *personal pension scheme*), explain why it considers the *personal pension scheme* to be at least as suitable as a *stakeholder pension scheme*;
- (2) (in the case of a *personal pension scheme, stakeholder pension scheme* or FSAVC) explain why it considers the *personal pension scheme, stakeholder pension scheme* or FSAVC to be at least as suitable as any facility to make additional contributions to an *occupational pension scheme, group personal pension scheme* or *group stakeholder pension scheme* which is available to the *retail client*; and
- (3) (in the case of a *pension transfer*, other than where the only *safeguarded benefit* involved is a *guaranteed annuity rate*, where the *proposed arrangement* is a *personal pension scheme, stakeholder pension scheme* or *defined contribution occupational pension scheme* that is not a *qualifying scheme*) explain why, at the time of the *personal recommendation*, it considers the *proposed arrangement* to be more suitable than the *default arrangement* of an available *qualifying scheme*.

19.2.3 **R** When a *firm* promotes a *personal pension scheme*, including a *group personal pension scheme*, to a group of *employees* it must:

- (1) be satisfied on reasonable grounds that the scheme is likely to be at least as suitable for the majority of the *employees* as a *stakeholder pension scheme*; and
- (2) record why it thinks the promotion is justified.

Attachment (or earmarking) orders

- 19.2.4

G

(2) In particular, an *operator* should be mindful of its obligations under an attachment order to give notices to other parties, including transferee *operators* and relevant former spouses, where relevant events occur, such as transfers and significant reductions in benefits.

(3) A *firm*, when advising a *client* in relation to a *personal pension scheme* or *stakeholder pension scheme*, or in relation to a *pension transfer* or *pension conversion*, should enquire as to whether an attachment order exists and take it into account accordingly.

19.3 Product disclosure to members of occupational pension schemes

19.3.1

R

- (1) When a *firm* sells, *personally recommends* or arranges the payment of an *AVC* contribution by a member of an *occupational pension scheme* to be secured by a *packaged product* purchased by the scheme trustees, it must give the trustees sufficient information to pass to the relevant member for that member to be able to make informed comparisons between the *AVC* and any alternative *personal pension schemes* and *stakeholder pension schemes* available.
- (2) This *rule* applies to an *AVC* where members' benefits are linked to the earmarked segments of a *life policy* or *scheme*, but it does not apply to an *AVC* where the trustees make pooled investments and have their own arrangements for allocating investment returns to determine members' *AVC* benefits.

- 19.4.8C** **R** To prepare retirement risk warnings a *firm* must:
- (1) identify the main risk factors relevant to *retail clients'* exercise of open market options; and

- Step 2: identify which warnings to give a retail client**
- 19.4.8E** **R** To provide appropriate retirement risk warnings a *firm* must:
- (1) using information held about the *retail client* and their open market options, identify what risk factors are most likely to be present; and
 - (2) provide appropriate retirement risk warnings to the *retail client* in relation to the risk factors identified in (1).
- 19.4.8F** **G** If it is unclear whether a risk factor is present, a *firm* should assume that the risk factor is present and give the *client* the appropriate retirement risk warning.
- 19.4.8G** **G** **■ COBS 19.4.8J** requires a *firm* to use only one A4-sized page for a *client's* retirement risk warnings. A *firm* should prioritise those risk warnings it considers to be the most relevant to the *retail client's* exercise of open market options.
- 19.4.8H** **R** Retirement risk warnings which are provided between:
- (1) four to ten weeks before the client reaches 55 years of age; and
 - (2) seven *months* before the *retail client's* intended retirement date,

Communications about annuity options

19.4.12 **R** When a *firm* communicates with a *retail client* about their *pension annuity* options the *firm* must provide the *client* with information about how their circumstances can affect retirement income calculations and payments for *pension annuities* offered by the *firm* and on the open market.

Communications about options to access pension savings

19.4.15 **G** A *firm* should ensure that when it makes any communication with a *retail client* concerned with the *client's* options to access their pension savings it has regard to the *fair, clear and not misleading rule*, the *client's best interests rule* and *Principles 6* and *7*. In particular a *firm* should:

- (1) refer to the contents of the *MoneyHelper* fact sheet to identify what information might assist the *client* to understand their options;
- (2) consider whether it needs to include or refer to any information contained in the *MoneyHelper* fact sheet;

- (3) ensure that the content, presentation or layout of any:
 - (a) pension decumulation product information; or
 - (b) information provided in accordance with ■ COBS 19.4.6AR(2)(e), including information accessed via hypertext links or online calculators,

does not disguise, diminish or obscure important information or messages contained in the fact sheet or the single page summary document;
- (4) prominently highlight the ability to shop around and state clearly that other providers might offer pension decumulation products that are more appropriate for the *client's* needs and circumstances and may offer a higher level of retirement income;
- (5) present information in a logical order, using clear and descriptive headings and where appropriate cross-references and sub-headings to aid navigation; and
- (6) where possible, use plain language and avoid the use of jargon, unfamiliar or technical language or, where this is not possible, provide easily accessible accompanying explanations in plain language.

 - (ii) facilitating access to the *client's* pension savings; or
 - (b) the *client* has already accessed the *pensions guidance*; or

 - (d) the *firm* is providing the *client* with an open market options statement or six-week reminder in accordance with ■ COBS 19.4.5AR or ■ COBS 19.4.9R.

19.4.17 **G** An example of behaviour by or on behalf of a *firm* that is likely to contravene the *client's best interests rule* or *Principle 6* and may contravene other *Principles* is for a *firm* to actively discourage a *retail client* from using the *pensions guidance*, for example by:

- (1) leading the *client* to believe that using the *pensions guidance* is unnecessary or would not be beneficial; or
- (2) obscuring the statement about the availability of the *pensions guidance* or any other information relevant to the exercise of open market options.

Tax implications

19.4.18 **R** If a *firm* receives an application from a *retail client* to access some or all of their pension savings, the *firm* must provide the *client* with a description of the tax implications before the *client* accesses their pension savings.

19.4.19 **R** A *firm* is not required to provide the information in **COBS 19.4.18R** where it is provided in accordance with **COBS 14.2.1R**.

19.5.3

R

- (1) If a *firm* considers it appropriate, it may establish a *governance advisory arrangement* instead of an *IGC*, having regard to:
 - (a) for a *relevant scheme* operator, the size, complexity and nature of the *relevant scheme* it operates; or
 - (b) for a *pathway firm*, the size of the take up, or expected size of the take up, complexity and nature of the *pathway investment*.
- (2) If a *firm* has decided to establish a *governance advisory arrangement* rather than an *IGC*, this section (other than ■ COBS 19.5.9R (2), ■ COBS 19.5.9R (3), ■ COBS 19.5.10 G, ■ COBS 19.5.11 R and ■ COBS 19.5.12 G) apply to the *firm* by reading references to the *IGC* as references to the *governance advisory arrangement*.
- (3) A *firm* must establish a *governance advisory arrangement* on terms that secure the independence of the *governance advisory arrangement* and its Chair from the *firm*.

19.5.4

G

- (1) *Firms* with large or complex *relevant schemes* should establish an *IGC*. For the purposes of this section, a *firm* may determine whether it has large *relevant schemes* by reference to:
 - (a) the number of *relevant policyholders* in *relevant schemes*;
 - (b) the funds under management in *relevant schemes*; and
 - (c) the number of employers contributing to *relevant schemes*.
- (2) Examples of features that might indicate complex schemes include:
 - (a) schemes that are operated on multiple information technology systems;
 - (b) schemes that have multiple charging structures;
 - (c) schemes that offer a *with-profits fund*; and
 - (d) the *firm* offers *relevant policyholders* access to investment funds it operates or which are operated by an entity with the same ownership.
- (3) A *pathway firm* that has, or expects to have, a large take up of a *pathway investment* should establish an *IGC*.
- (4) A *firm* may determine whether it has, or expects to have, a large take up of a *pathway investment* by reference to:
 - (a) the number of *retail clients* invested, or expected to invest, in a *pathway investment* offered by the *firm*; or

- (b) the amount of the *firm's* pathway investors' funds under, or expected to be under management in a *pathway investment* offered by the *firm*.
- (5) Examples of features that might indicate a complex *pathway investment* include:
 - (a) a *pathway investment* that has multiple charging structures; or
 - (b) a *pathway investment* that uses a sophisticated or complex *investment strategy*, which may include *investments* in a *with-profits fund*.
- (6) Having regard to the nature of the *pathway investment*, a *firm* may consider that it is more appropriate to use a *governance advisory arrangement* where the *pathway investment* it offers is *manufactured* by another *firm*.
- (7) If a *firm manufactures* its own *pathway investment*, it may be more appropriate for the *firm* to establish an *IGC*.
- (8) A *firm* should consider establishing an *IGC* instead of a *governance advisory arrangement* if the *firm* both operates a *relevant scheme* and also *manufactures* its own *pathway investment*.

Terms of reference for an IGC

19.5.5

R

A *firm* must include, as a minimum, the following requirements in its terms of reference for an *IGC*:

- (1) the *IGC* will act solely in the interests of:
 - (a) *relevant policyholders* and any other members or *clients* a *firm* asks the *IGC* to consider; or
 - (b) pathway investors;
- (2) the *IGC* will assess the ongoing value for money for *relevant policyholders* delivered by a *relevant scheme* particularly, though not exclusively, through assessing the three factors in (a) to (c) below, taking into account the specific points in (d) to (g)::
 - (a) the level of charges and costs, in particular:
 - (i) *administration charges* and any *transactions costs* borne by *relevant policyholders*; and
 - (ii) any other charges borne by *relevant policyholders* and any other costs incurred as a result of managing and investing, and activities in connection with the managing and investing of, the pension savings of *relevant policyholders*;
 - (b) investment performance; and
 - (c) the quality of services including whether:
 - (i) the communications are fit for purpose and properly take into account the characteristics, needs and objectives of the *relevant policyholders*; and
 - (ii) core financial transactions are processed promptly and accurately, such as processing contributions, transfers or death benefits;
 - (d) as part of the ongoing value for money assessment in (2), the *IGC* will need to consider whether to assess the *relevant scheme* by

reference to employer pension arrangements on an individual basis or on an aggregated basis using cohorts of sufficiently similar employer pension arrangements, or a combination of both, to enable the *IGC* to produce a value for money assessment that is the most useful for the members of the *relevant scheme*, but which is also appropriate and proportionate in the circumstances;

- (e) as part of the ongoing value for money assessment in (2)(a)(i), (b) and (c), the *IGC* will need to:
 - (i) consider whether individual employer pension arrangements or cohorts of employer pension arrangements, or a combination of both, would be most appropriate to be part of its scheme comparators taking into account the proportionality and usefulness of each;
 - (ii) (where it selects cohorts of employer pension arrangements as part of its scheme comparators) select sufficiently similar employer pension arrangements that enable the *IGC* to produce an assessment that is the most useful for the members of the *relevant scheme*;
 - (iii) select a small number of reasonably comparable scheme comparators (including those which could potentially offer better value for money in respect of factors (2)(a)(i), (b) and (c));
 - (iv) use reasonable endeavours to obtain and compare the relevant data that it needs to carry out useful assessments in respect of the factors set out in (2)(a)(i), (b) and (c), in a manner which is proportionate to the likely member benefits that will result from the *IGC* assessing the data;
 - (v) assess the *relevant scheme* by reference to the scheme comparators based on factors (2)(a)(i), (b) and (c) (to the extent that there is publicly, or readily, available information about the scheme comparators in respect of those factors); and
 - (vi) consider whether any of the scheme comparators offer better value for money for *relevant policyholders* based on factors (2)(a)(i), (b) and (c) (to the extent that there is publicly, or readily, available information about the scheme comparators in respect of those factors);
- (f) as part of the assessment of quality of services in 2(c), the *IGC* will need to assess whether default investment strategies within those schemes:
 - (i) are designed and executed in the interests of *relevant policyholders*; and
 - (ii) have clear statements of aims and objectives;
- (g) as part of the assessment of quality of services in 2(c), the *IGC* will need to assess whether the characteristics and net performance of investment strategies are regularly reviewed by the *firm* to ensure alignment with the interests of *relevant policyholders* and that the *firm* takes action to make any necessary changes;

(2A) the *IGC* will assess the ongoing value for money for pathway investors delivered by a *pathway investment* particularly, though not exclusively, through assessing the three factors in (a) to (c) below, taking into account the specific points in (d) to (g):

the level of charges and costs in particular:

- (i) *administration charges* and any *transactions costs* borne by pathway investors; and
- (ii) any other charges borne by pathway investors and any other costs incurred as a result of managing and investing, and activities in connection with the managing and investing of, the drawdown fund of pathway investors;

investment performance; and

the quality of services including whether:

- (i) the communications are fit for purpose and properly take into account the characteristics, needs and objectives of the pathway investors; and
- (ii) core financial transactions are processed promptly and accurately, such as processing contributions, transfers or death benefits;

as part of the ongoing value for money assessment in (2A), the *IGC* will need to consider whether to assess the *pathway investment* on an individual basis or on an aggregated basis using cohorts of sufficiently similar *pathway investments*, or a combination of both, to enable the *IGC* to produce a value for money assessment that is the most useful for the pathway investors, but which is also appropriate and proportionate in the circumstances;

as part of the ongoing value for money assessment in (2A)(a)(i), (b) and (c), the *IGC* will need to:

- (i) consider whether individual *pathway investments* or cohorts of *pathway investments*, or a combination of both, would be most appropriate to be part of pathway investment comparators taking into account the proportionality and usefulness of each;
- (ii) (where it selects cohorts of *pathway investments* as part of its pathway investment comparators) select sufficiently similar *pathway investments* that enable the *IGC* to produce an assessment that is the most useful for the pathway investors;
- (iii) select a small number of reasonably comparable pathway investment comparators (including those which could potentially offer better value for money in respect of factors (2A)(a)(i), (b) and (c));
- (iv) use reasonable endeavours to obtain and compare the relevant data that it needs to carry out useful assessments in respect of the factors set out in (2A)(a)(i), (b) and (c), in a manner which is proportionate to the likely pathway investor benefits that will result from the *IGC* assessing the data;
- (v) assess the *pathway investment* by reference to the pathway investment comparators based on factors (2A)(a)(i), (b) and (c) (to the extent that there is publicly, or readily, available information about the pathway investment comparators in respect of those factors); and
- (vi) consider whether any of the pathway investment comparators offer better value for money for pathway investors based on factors (2A)(a)(i), (b) and (c) (to the extent that there is publicly, or readily, available information about

- the pathway investment comparators in respect of those factors);
- (f) as part of the assessment of quality of services in (2A)(c), the *IGC* will need to assess whether the *pathway investment* offered by the *firm*:
 - (i) is designed and managed in the interests of pathway investors; and
 - (ii) has a clear statement of aims and objectives;
 - (g) as part of the assessment of quality of services in (2A)(c), the *IGC* will need to assess whether the characteristics and net performance of the *pathway investment* are regularly reviewed by the *firm* to ensure alignment with the interests of pathway investors and that the *firm* takes action to make any necessary changes;
- (2B) where a *firm* has an *investment* strategy or makes *investment* decisions which could have a material impact on the *relevant policyholders'* or pathway investors' *investment* returns, the *IGC* will consider and report on:
- (a) the adequacy and quality of the *firm's* policy (if any) in relation to *ESG financial considerations*;
 - (b) the adequacy and quality of the *firm's* policy (if any) in relation to *non-financial matters*; and
 - (c) how the considerations or matters in (a) and (b) are taken into account in the *firm's investment* strategy or *investment* decision making; and
 - (d) the adequacy and quality of the *firm's* policy (if any) in relation to stewardship;
- (2C) where the *firm* does not have a policy in relation to *ESG financial considerations*, *non-financial matters* or stewardship, the *IGC* will in each case consider and report on the *firm's* reasons for not having a policy;
- (2D) where the *firm* has not already adequately taken into account, in its *investment* strategy or *investment* decision making, *other financial considerations* that pose a particular and significant risk of financial harm to the *relevant policyholders* or pathway investors, the *IGC* will also:
- (a) consider and report on the adequacy and quality of the *firm's* policy (if any) in relation to those *other financial considerations*, and whether and how those considerations are taken into account in the *firm's investment* strategy or *investment* decision; or
 - (b) consider and report on the *firm's* reasons for not having a policy in relation to those considerations;
- (2E) the *IGC* will consider and report on the extent to which the *firm* has implemented its stated policies in relation to the considerations and matters in (2B), (2C), and, where applicable (2D);
- (3) in relation to the *IGC's* remit of review, the *IGC* will raise with the *firm's governing body* any concerns it may have:
- (a) in relation to any of the matters it has assessed or considered; or

- (b) where the *IGC* is unable to obtain or has difficulties obtaining from the *firm* the information it requires;
- (3A) once a decision has been made by a *firm* to offer a *pathway investment*, the *IGC* must raise any concerns under (3):
 - (a) in good time to give the *firm's governing body* a proper opportunity to consider and address the *IGC's* concerns, before the *pathway investment* is offered to *retail clients*; and
 - (b) on an ongoing basis in relation to the *pathway investment* it offers;
- (4) the *IGC* will escalate concerns as appropriate where the *firm* has not, in the *IGC's* opinion, addressed those concerns satisfactorily or at all;
- (5) the *IGC* will meet, or otherwise make decisions to discharge its duties, using a quorum of at least three members, with the majority of the quorum being independent;
- (6) the Chair of the *IGC* will be responsible for the production of an annual report setting out the following, in sufficient detail, taking into account the information needs of *consumers*:
 - (a) the *IGC's* opinion on:
 - (i) the value for money delivered by a *relevant scheme* or a *pathway investment*, particularly against the matters listed under (2) or (2A) and a statement setting out their overall assessment of whether the *relevant scheme* or *pathway investment* provides value for money; and
 - (ii) the adequacy and quality of the *firm's* policies, or reasons for not having policies, in relation to the considerations and matters listed under (2B), (2C) and (if applicable) (2D);
 - (aa) the extent to which the *firm* has implemented its stated policies in relation to the consideration and matters in (2B), (2C) and (if applicable) (2D);
 - (ab) an explanation of how the *IGC* carried out their assessment of ongoing value for money. This must include demonstrating how the factors set out in (2)(a) to (c) or (2A)(a) to (c) have been fully and properly considered;
 - (ac) the reasons:
 - (i) for the *IGC's* overall assessment of whether the *relevant scheme* or *pathway investment* provides value for money as required under (6)(a)(i);
 - (ii) (in relation to a *relevant scheme* only), where the *IGC* assessed the *relevant scheme* using cohorts of employer pension arrangements for the purposes of its general assessment in (2)(d) or used cohorts as part of the scheme comparators in (2)(e), why the *IGC* considers it is appropriate and proportionate to use cohorts and the *IGC's* reasons for using the characteristics that it used to select the cohorts;
 - (iii) (in relation to a *relevant scheme* only), why the *IGC* considers that the scheme comparators it selected for the purposes of its assessment under (2)(e) provided a reasonable comparison against the *relevant scheme*;
 - (iv) (in relation to a *pathway investment* only), where the *IGC* assessed the *pathway investment* using cohorts of *pathway*

investments for the purposes of its general assessment in (2A)(d) or used cohorts as part of the *pathway investment* comparators in (2A)(e), why the *IGC* considers it is appropriate and proportionate to use cohorts of *pathway investments* and the *IGC's* reasons for using the characteristics that it used to select the cohorts; and

- (v) (in relation to a *pathway investment* only) why the *IGC* considers that the *pathway investment* comparators it selected for the purposes of its assessment under (2A)(e) provided a reasonable comparison against the *pathway investment*;
 - (b) how the *IGC* has considered *relevant policyholders'* or *pathway investors'* interests;
 - (c) any concerns raised by the *IGC* with the *firm's governing body* and the response received to those concerns;
 - (d) how the *IGC* has sufficient expertise, experience and independence to act in *relevant policyholders'* or *pathway investors'* interests;
 - (e) how each independent member of the *IGC*, together with confirmation that the *IGC* considers these members to be independent, has taken into account ■ COBS 19.5.12 G;
 - (f) the arrangements put in place by the *firm* to ensure that the views of *relevant policyholders* or *pathway investors'* are directly represented to the *IGC*; and
 - (g) administration charges and transaction costs information complying with the requirements in ■ COBS 19.5.16R;
- (7) the Chair of the *IGC* will ensure the annual report is produced by 30 September each year, in respect of the previous calendar year;
 - (8) the *IGC* will ensure the publication of administration charges and transaction costs information complying with the requirements in ■ COBS 19.5.13R;
 - (9) the *IGC* will ensure that all members of each *relevant scheme* are provided with an annual communication complying with the requirements in ■ COBS 19.5.17R;
 - (10) the *IGC* will make available the annual communication referred to in (9), on request, to:
 - (a) *relevant scheme* members' spouses or civil partners; and
 - (b) persons within the application of the *relevant scheme* and qualifying or prospectively qualifying for benefits under the *relevant scheme*;
 - (11) the *IGC* will ensure that information is communicated under this *rule* in a manner that pays due regard to the purposes for which *relevant policyholders* might reasonably use the information; and
 - (12) the *IGC* will retain copies of any evidence used in their assessment of ongoing value for money for a minimum of six years.

Value for money assessment

19.5.5A

G

- (1) In the context of the *IGC's* assessment of ongoing value for money for *relevant policyholders* or pathway investors under ■ COBS 19.5.5R(2) or ■ COBS 19.5.5R(2A):
 - (a) the *administration charges* and *transaction costs* borne by *relevant policyholders* or pathway investors are likely to represent value for money when the combination of the charges and costs, and the investment performance and services are appropriate:
 - (i) for the *relevant policyholders* or pathway investors, and
 - (ii) when compared to other reasonably comparable options on the market.
 - (b) As part of the *IGC's* assessment under (1)(a)(i) regarding what is appropriate for *relevant policyholders*, the *IGC* should consider the size of the employer and the size and demographic of the membership of the *relevant scheme*.
 - (c) The *IGC* should not use a *firm's* compliance with the limits on *administration charges* (■ COBS 19.6.6R), of itself, as evidence of value for money.
 - (d) Where the limits on *administration charges* in ■ COBS 19.6.6R do not apply, the *IGC* should not use the fact that a *firm* keeps its *administration charges* at or below 1%, of itself, as evidence of value for money.
- (2) The *IGC* should take into account the considerations in (3), as part of the *IGC's*:
 - (a) decision referred to in ■ COBS 19.5.5R(2)(d) about whether to carry out its ongoing value for money assessment of the *relevant scheme* by assessing the employer pension arrangements on an individual or cohort basis; or
 - (b) selection of scheme comparators under ■ COBS 19.5.5R(2)(e)(i) to ■ (iii).
- (3) The considerations referred to in (2) are:
 - (a) the size and demographic of the membership of the individual employer pension arrangements and/or any proposed cohorts;
 - (b) (where cohorts are proposed), any other characteristics that it would be appropriate and proportionate for the *IGC* to use, in the particular circumstances of the *relevant scheme*, as part of its cohort selection criteria; and
 - (c) (if the *IGC* has used cohorts of employer pension arrangements in any part of its ongoing value for money assessment under ■ COBS 19.5.5R(2)) whether it would be appropriate and proportionate also to assess any particular employer pension arrangements within the cohorts on an individual basis in order to be able to carry out the most useful assessment under ■ COBS 19.5.5R(2).
- (4) The *IGC* should take into account the considerations in (5), as part of the *IGC's*:
 - (a) decision referred to in ■ COBS 19.5.5R(2A)(d) about whether to carry out its ongoing value for money assessment of the *pathway investment* by assessing the *pathway investment* on an individual or cohort basis; or

- (b) selection of pathway investment comparators under ■ COBS 19.5.5R(2A)(e)(i) to ■ (iii).
- (5) The considerations referred to in (4) are:
 - (a) (where cohorts are proposed), any characteristics that it would be appropriate and proportionate for the *IGC* to use, in the particular circumstances of the *pathway investment*, as part of its cohort selection criteria; and
 - (b) (if the *IGC* has used cohorts of *pathway investments* in any part of its ongoing value for money assessment under ■ COBS 19.5.5R(2A)) whether it would be appropriate and proportionate to also assess any particular *pathway investments* within the cohorts on an individual basis in order to be able to carry out the most useful assessment under ■ COBS 19.5.5R(2A).
- (6) As part of the *IGC*'s selection of scheme comparators or investment pathways comparators under ■ COBS 19.5.5R(2)(e)(i) to ■ (iii) or ■ COBS 19.5.5R(2A)(e)(i) to ■ (iii), the *IGC* will need to include scheme comparators or pathway investment comparators that potentially offer better value for money in respect of the factors set out in ■ COBS 19.5.5R(2)(a)(i), ■ (b) and ■ (c) or ■ COBS 19.5.5R(2A)(a)(i), ■ (b) and ■ (c) (based on whatever information is publicly, or readily, available and is relevant to those factors).
- (7) There is no expectation by the *FCA* that the *IGC* would carry out a comparison of all the comparable employer pension arrangements or all of the comparable *pathway investments* for the purposes of ■ COBS 19.5.5R(2)(e) or ■ COBS 19.5.5R(2A)(e).

Interests of relevant policyholders or pathway investors and consideration of adequacy and quality of a policy

19.5.6

G

- (1) An *IGC* is expected to act in the interests of *relevant policyholders* or pathway investors both individually and collectively. Where there is the potential for conflict between individual and collective interests, the *IGC* should manage this conflict effectively. An *IGC* is not expected to deal directly with complaints from individual policyholders or pathway investors.
- (2) The primary focus of an *IGC* should be the interests of *relevant policyholders* or pathway investors in accordance with ■ COBS 19.5.5R(1). If a *firm* asks an *IGC* also to consider the interests of other members or *clients*, the *firm* should provide additional resources and support to the *IGC* such that the *IGC*'s ability to act in the interests of *relevant policyholders* or pathway investors is not compromised.
- (3) An *IGC* should assess whether all the investment choices available to *relevant policyholders* or pathway investors, including default options, are regularly reviewed to ensure alignment with the interests of *relevant policyholders* or pathway investors.
- (4) Where an *IGC* is unable to obtain from a *firm*, and ultimately from any other person providing relevant services, the information it requires to assess or to consider and report on the matters in the *IGC*'s remit of review, the *IGC* should explain in the annual report why

it has been unable to obtain the information and how it will take steps to be granted access to that information in the future.

(5A) In addition to the ability of the *IGC* to escalate a concern about value for money under (5), if the *IGC* finds that:

- (a) any of the scheme comparators offer better value for money for *relevant policyholders* than the *relevant scheme* based on the factors set out in ■ COBS 19.5.5R(2)(a)(i), ■ (b) and ■ (c); or
- (b) any of the investment pathway comparators offer value for money for pathway investors than the *pathway investment* based on the factors set out in ■ COBS 19.5.5R(2A) (a)(i), ■ (b) and ■ (c),

the *IGC* should bring this matter, together with an explanation and relevant evidence, to the attention of the *firm's governing body*.

(5AA) If the *IGC* is not satisfied with the response of the *firm's governing body* to the concerns it has raised under (5A) and the *IGC* considers that informing the relevant employer or employers could be of material utility to the employers or the members regarding the *IGC's* concern about value for money under (5), the *IGC* should inform the relevant employer or employers directly.

(5AAA) In (5AA), an example of circumstances where an *IGC* may consider that informing the employer would be unlikely to be of material utility is where there are solely deferred members in any affected employer pension arrangement and the employer does not have the ability to effect a transfer of the deferred benefits from the employer pension arrangement to a new arrangement.

(5) If, having raised concerns with the *firm's governing body* about the matters in the *IGC's* remit of review, the *IGC* is not satisfied with the response of the *firm's governing body*, the *IGC* Chair may escalate concerns to the *FCA* if the *IGC* thinks that would be appropriate. The *IGC* may also alert *relevant policyholders* or pathway investors and employers and make its concerns public.

(6) The *IGC* Chair should raise with the *firm's governing body* any concerns that the *IGC* has about the information or resources that the *firm* provides, or arrangements that the *firm* puts in place to ensure that the views of *relevant policyholders* or pathway investors are directly represented to the *IGC*. If the *IGC* is not satisfied with the response of the *firm's governing body*, the *IGC* Chair may escalate its concerns to the *FCA*, if appropriate. The *IGC* may also make its concerns public.

(7) The *IGC* should make public the names of those members of the *IGC* who are *employees* of the provider *firm*, unless there are compelling reasons not to do so. The *IGC* should consult *employee* members as to whether there are such reasons.

The *IGC* need not consider and report on *ESG financial considerations* or *non-financial matters* or *stewardship* or *other financial considerations* as set out in ■ COBS 19.5.5R(2B) and ■ COBS 19.5.5R(2D) if the *firm* does not have an *investment* strategy or make *investment* decisions which could have a material impact on the *relevant policyholders'* or pathway investors' *investment* returns.

The *IGC* should only consider and report on *other financial considerations* as set out in ■ COBS 19.5.5R(2D) where it considers that:

they are likely to pose a particular and significant risk of financial harm to the *relevant policyholders* or pathway investors; and

the *firm* has not already adequately taken those *other financial considerations* into account in its *investment* strategy or *investment* decision making.

- (10) When an *IGC* is considering the adequacy and quality of a *firm's* policies regarding *ESG financial considerations, non-financial matters, stewardship* or *other financial considerations*, the *IGC* should form a view as to whether:
- (a) a policy sufficiently characterises the relevant risks or opportunities;
 - (b) it considers that a policy seeks to appropriately mitigate those risks and take advantage of those opportunities;
 - (c) a *firm's* processes have been designed to properly take into account those risks or opportunities;
 - (d) a policy is appropriate in the context of the expected duration of the *investment*; and
 - (e) a policy is appropriate in the context of the main characteristics of the actual or expected *relevant policyholders* or pathway investors.
- (11) Where an *IGC* is considering whether a *firm* has adequately taken *other financial considerations* into account for the purposes of ■ COBS 19.5.5R(2D), it should also take into account the factors in ■ COBS 19.5.6(10)G, whether or not contained in a policy.

Duties of firms in relation to an IGC

19.5.7

R

A *firm* must:

- (1) take reasonable steps to ensure that the *IGC* acts and continues to act in accordance with its terms of reference;
- (2) take reasonable steps to provide the *IGC* with all information reasonably requested by the *IGC* in good time for the purposes of carrying out its role;
- (3) provide the *IGC* with sufficient resources as are reasonably necessary to allow it to carry out its role independently;
- (4) have arrangements to ensure that the views of *relevant policyholders* or pathway investors can be directly represented to the *IGC*;
- (5) take reasonable steps to address any concerns raised by the *IGC* under its terms of reference;
- (5A) for any *pathway investment*, take reasonable steps to address any concerns raised by the *IGC* about the matters in ■ COBS 19.5.5R(3) and ■ (3A):
 - (a) before the *firm* offers the *pathway investment*, and
 - (b) promptly, for any *pathway investment* it already offers.
- (6) provide written reasons to the *IGC* as to why it has decided to depart in any material way from any advice or recommendations made by the *IGC* to address any concerns it has raised;

- (7) take all necessary steps to facilitate the escalation of concerns by the IGC under ■ COBS 19.5.5R (4) and ■ COBS 19.5.6G (5);
- (8) make available the IGC's terms of reference and the three most recent annual reports, in a way appearing to the *firm* to be best calculated to bring them to the attention of *relevant policyholders* and their employers or to the attention of pathway investors; and
- (9) provide each *relevant scheme's* IGC with administration charges and transaction costs information, setting out the costs and charges for each default arrangement and each alternative fund option that the member is able to select.

19.5.8

G

- (1) A *firm* should consider allocating responsibility for the management of the relationship between the *firm* and its IGC to a person at the *firm* holding an *FCA significant-influence function* or *designated senior management function*.
- (2) A *firm* should fund independent advice for the IGC if this is necessary and proportionate.
- (3) A *firm* should not unreasonably withhold from the IGC information that would enable the IGC to carry out its duties in the IGC's remit of review.
- (3A) A *firm* should provide the IGC with sufficient support and resources so that the IGC is properly able to carry out its duties in the IGC's remit of review.
- (4) A *firm* should have arrangements for sharing confidential and commercially sensitive information with the IGC.
- (5) A *firm* should use best endeavours to obtain, and should provide the IGC with, information on the costs incurred as a result of managing and investing, and activities in connection with the managing and investing of, the assets of a *relevant scheme* or which could impact a *pathway investment*, including transaction costs. Information about costs and charges more broadly should also be provided, so that the IGC can properly assess the value for money of a *relevant scheme* or a *pathway investment* and the funds held within these.
- (6) If a *firm* asks an IGC to take on responsibilities in addition to those in ■ COBS 19.5.5 R, the *firm* should provide additional resources and support to the IGC such that its ability to act within its terms of reference in ■ COBS 19.5.5 R is not compromised.
- (7) A *firm* should provide secretarial and other administrative support to the IGC. The nature of the support, including how it is provided and by whom, should not conflict with the IGC's ability to act independently of the *firm*.
- (8) A *firm* can make the IGC's terms of reference and the IGC's three most recent annual reports available in a way designed to bring them to *relevant policyholders'* and their employers' attention or to the attention of pathway investors by placing them in an appropriately prominent and relevant position on its website, and by providing them on request to relevant policyholders and their employers or to pathway investors.

Appointment of IGC members

19.5.9

R

- (1) A *firm* must take reasonable steps to ensure that the *IGC* has sufficient collective expertise and experience to be able to make judgements on the matters in the *IGC's* remit of review.
- (2) A *firm* must recruit independent *IGC* members through an open and transparent recruitment process.
- (3) A *firm* must appoint members to the *IGC* so that:
 - (a) the *IGC* consists of at least five members, including an independent Chair and a majority of independent members;
 - (b) *IGC* members are bound by appropriate contracts which reflect the terms of reference in **■ COBS 19.5.5 R**, and on such terms as to secure the independence of independent members;
 - (c) independent *IGC* members who are individuals are appointed for fixed terms of no longer than five years, with a cumulative maximum duration of ten years;
 - (d) individuals acting as the representative of an independent corporate member are appointed to the *IGC* for a maximum duration of ten years;
 - (e) independent *IGC* members who are individuals, including those representing independent corporate members, are not eligible for reappointment to the *IGC* until five years have elapsed, after having served on the *firm's* *IGC* for the maximum duration of ten years;
 - (f) appointments to the *IGC* are managed to maintain continuity in terms of expertise and experience of the *IGC*.

19.5.10

G

- (1) The effect of **■ COBS 19.5.9R (3)(b)** is that *employees* of the *firm* who serve on an *IGC* should be subject to appropriate contractual terms so that, when acting in the capacity of an *IGC* member, they are free to act within the terms of reference of the *IGC* without conflict with other terms of their employment. In particular, when acting as an *IGC* member, an *employee* will be expected to act solely in the interests of *relevant policyholders* or pathway investors and should be able to do so without breaching any terms of their employment contract.
- (2) An individual may serve on more than one *IGC*.
- (3) A *firm* should replace any vacancies that arise within *IGCs* as soon as possible and, in any event, within six months.
- (4) A *firm* should involve the *IGC* Chair in the appointment and removal of other members, both independent members and *employees* of the *firm*.
- (5) A *firm* should consider indemnifying *IGC* members against any liabilities incurred while fulfilling their duties as *IGC* members.

IGC members who are independent

19.5.11

R

The *firm*, in appointing independent *IGC* members, must determine whether such a member is independent in character and judgement and whether there are relationships or circumstances which are likely to affect, or could appear to affect, that member's judgement.

19.5.12 **G**

- (1) An *IGC* member is unlikely to be considered independent if any of the following circumstances exist:
 - (a) the individual is an *employee* of the *firm* or of a company within the *firm's group* or paid by them for any role other than as an *IGC* member, including participating in the *firm's* share option or performance-related pay scheme;
 - (b) the individual has been an *employee* of the *firm* or of another company within the *firm's group* within the five years preceding his appointment to the *IGC*;
 - (c) the individual has, or had within the three years preceding his appointment, a material business relationship of any description with the *firm* or with another company within the *firm's group*, either directly or indirectly.
- (2) A *firm* may appoint a *body corporate* to an *IGC*, including as Chair. The corporate member should notify the *firm* of the individual who will act as the member's representative on the *IGC*. A *firm* should consider the circumstances of a corporate *IGC* member and any representative of the corporate member with the objective of ensuring that any potential conflicts of interest are managed effectively so that they do not affect the corporate *IGC* member's ability to represent the interests of *relevant policyholders* or pathway investors.
- (3) Should the *firm*, or another company within the *firm's group*, operate a mastertrust, there may be benefits in a trustee of such a mastertrust also being an *IGC* member. If such circumstances exist, an individual or a corporate trustee may be suitable to be an independent *IGC* member, notwithstanding the relationship with the *firm*.
- (4) A *firm* should review on a regular basis whether its independent *IGC* members continue to be independent and take appropriate action if it considers that they are not.

Publication and disclosure of costs and charges by IGCs.....19.5.13 **R**

The administration charges and transactions costs information referred to in ■ COBS 19.5.5R(8) must, in relation to each *relevant scheme*:

- (1) be published by 30 September each year, in respect of the previous calendar year;
- (2) be available for free on a publicly accessible website;
- (3) include the costs and charges for each default arrangement and each alternative fund option that a member is able to select; and
- (4) include an illustration of the compounding effect of the administration charges and transaction costs, based on either the assumptions contained in ■ COBS 13 Annex 2 or those in Version 4.2 of the Actuarial Standard Technical Memorandum (AS TM1) produced by the Financial Reporting Council, for a representative range of fund options that a member is able to select.

19.5.14 **R**

Regarding transaction costs:

- (1) the requirements in ■ COBS 19.5.13R(3) and ■ COBS 19.5.16R(1) apply to the extent that such information is available to the *IGC*; and

(2) the published information should include a warning giving brief details of any unavailable information that the IGC is aware of.

19.5.15 G

An example of the type of illustration referred to in ■ COBS 19.5.13R(4) is shown below. The assumptions in the notes should reflect the actual assumptions used.

Example notes:

- 1. Projected pension pot values are shown in today's terms, and do not need to be reduced further for the effect of future inflation.
- 2. The starting pot size is assumed to be £10,000.
- 3. Inflation is assumed to be 2.5% each year.
- 4. Contributions are assumed from age 22 to 68 and increase in line with assumed earnings inflation of 2.5% to 4% each year.
- 5. Values shown are estimates and are not guaranteed.
- 6. The projected growth rate for each fund are as follows:

- Default fund: 2.5% above inflation
- Fund A: 2% above inflation
- Fund B: 1% above inflation
- Fund C: 1% below inflation

19.5.16 R

The administration charges and transaction costs information in the IGC's annual report referred to in ■ COBS 19.5.5R(6)(g) must, in relation to each *relevant scheme*:

- (1) at a minimum, include the costs and charges for each default arrangement;

- (2) explain how a *relevant scheme* member can access the costs and charges information for each default arrangement and each alternative fund option that a member is able to select, including providing a link to the website required by ■ COBS 19.5.13R(2); and
- (3) be published alongside any information in the *IGC's* annual report relating to the *relevant scheme's* default investment strategy and value for members.

19.5.17 **R** The annual communication referred to in ■ COBS 19.5.5R(9) must:

- (1) include a brief description of the most recent transaction costs and administration charges information that has been published in accordance with ■ COBS 19.5.13R, and an explanation of how that information is relevant to the *relevant scheme* member; and
- (2) explain how a *relevant scheme* member can access the information referred to in (1), including providing a link to the website required by ■ COBS 19.5.13R(2).

19.5.18 **G** The annual communication may be included with any other annual communication from the *operator* to the member of the *relevant scheme*.

19.5.19 **G** The annual communication provided to a *relevant scheme* member may also include the particular transaction costs and administration charges that have been incurred by that member.

19.5.20 **G** In communicating information in compliance with ■ COBS 19.5.5R(11), the *IGC* should ensure, for example, that it is straightforward for a *relevant scheme* member to compare the transaction costs and administration charges between fund options that are available for them to select.

19.6

Restriction on charges in qualifying schemes

Application

- 19.6.1
- R
- This section applies to an *operator* of a *qualifying scheme*.
- 19.6.2
- R
- The restrictions on *administration charges* in ■ COBS 19.6.4 R do not apply in relation to a *default arrangement* under which, at any time before benefits come into payment, those benefits accruing to the member involve, or involve an option to have, a promise by or to be obtained from a third party about the rate or amount of those benefits.

Express agreement

- 19.6.3
- G
- (1) In this section, where express agreement is required by a *rule*, the *FCA* would expect *firms* to take active steps to obtain the informed, active consent of the affected member(s) of the *qualifying scheme*, and to have that consent in writing in a *durable medium*, capable of being produced or reproduced when requested by the *FCA*.

(2) The *FCA* does not consider the following to amount to express agreement (this list is not exhaustive):

a) a member receiving a communication stating that by becoming or continuing to be a member of the scheme, the member has agreed to a particular service;

b) a member being invited to click on a box to opt-out through a website link.

Default arrangements: charging structures and restrictions

- 19.6.4
- R
- A *firm*, for a *default arrangement* within a *qualifying scheme*, may only make, impose or otherwise facilitate payment of an *administration charge* by way of an *accrued rights charge* or a *combination charge structure* where:

(1) the limits in ■ COBS 19.6.6 R are not exceeded; or

(2) the *firm* has obtained appropriate express agreement to exceed the limits and the following conditions are satisfied:

a) the express agreement contains an acknowledgement by the member that the *administration charge* for the service is likely to exceed the limits;

b) giving such express agreement is not a condition of becoming or remaining a member of the *qualifying scheme*;
- COBS 19/52
- www.handbook.fca.org.uk
- Release 37 ● Jun 2024
- 19

(c) express agreement has not been given for services which the operator must provide under the *regulatory system* or the general law, or which are core services.

19.6.5 G The effect of ■ COBS 19.6.4R (2)(c) is that a *firm* may not seek express agreement from a member to charges in excess of the limits for services which are obligatory under law, or form part of the core operation of the scheme. Such core services include, for example, designing and implementing an investment strategy, investing contributions to the scheme (to the extent that this would incur *administration charges*), holding investments relating to scheme members and transferring a member's accrued rights into or out of a *default arrangement*.

19.6.6 R The limits on *administration charges* are as follows:

- (1) for a *qualifying scheme* which uses only an *accrued rights charge*, 0.75% of the value of those accrued rights;
- (2) for a *qualifying scheme* which uses a combination charge scheme:
 - (a) for the *flat-fee charge* element, £25 annually;
 - (b) for the *contribution percentage charge* element, 2.5% of the contributions annually;
 - (c) for the associated *accrued rights charge*, the limits as set out in column 2 of the table in ■ COBS 19.6.7 R.

19.6.7 R This is the table referred to in ■ COBS 19.6.6 R.

Contribution percentage charge rate (%)		Accrued rights charge rate (%)	
1 or lower		0.6	
Higher than 1 but no higher than 2		0.5	
Higher than 2 but no higher than 2.5		0.4	

Flat-fee charge (£)		Accrued rights charge rate (%)	
10 or less		0.6	
More than 10 but no more than 20		0.5	
More than 20 but no more than 25		0.4	

Compliance with the restrictions on charges

19.6.8 E

- (1) To ensure that *administration charges* are within the limits set out in ■ COBS 19.6.6 R:
 - (a) a *firm* should calculate the value of accrued rights in an *accrued rights charge* as the arithmetic mean over a 12-month period of membership of the *qualifying scheme*, using at least four evenly-distributed reference points over that period;
 - (b) a *firm* should calculate the value of contributions in a *contribution percentage charge* over a 12-month period of membership of the *qualifying scheme* of a member's *workplace pension contributions*;

Prohibition of payments to third parties from qualifying schemes

19.6A **Restrictions on early exit charges in personal pension schemes and stakeholder pension schemes**

Application

19.6A.1 **R** This section applies to an *operator* of a *personal pension scheme* or a *stakeholder pension scheme*.

Purpose

19.6A.2 **G** The purpose of this section is to make *rules* prohibiting the imposition of, and provision for, certain *early exit charges* on members of *personal pension schemes* and *stakeholder pension schemes*. Section 137FBB of the *Act* requires the *FCA* to make such *rules*.

Exclusion

19.6A.3 **R** This section does not apply to any charge which is excluded from the scope of section 137FBB of the *Act* by the Financial Services and Markets Act 2000 (Early Exit Pensions Charges) Regulations 2016 (SI 2016/1079).

Prohibition on early exit charges on a member joining or incrementing benefits under a scheme on or after 31 March 2017

19.6A.4 **R** (1) A *firm* must not:

- (a) impose; or
- (b) include in the arrangements relating to a *personal pension scheme* or *stakeholder pension scheme* any provision for the imposition of:

an *early exit charge* on a member of the scheme.

(2) This *rule* applies in relation to a member who entered into a contract or other arrangement on or after 31 March 2017 providing for:

- (a) a right to benefits resulting from contributions to the scheme; or
- (b) an increment to benefits resulting from contributions to the scheme, but only in respect of the member’s benefits under that contract or other arrangement.

Restriction on early exit charges on a member who joined or incremented a scheme before 31 March 2017

19.6A.5

R

- (1) A *firm* must not impose an *early exit charge* on a member of a *personal pension scheme* or *stakeholder pension scheme* that exceeds the lower of:
 - (a) 1% of the value of the member's benefits being taken, converted or transferred; or
 - (b) such lower amount as was provided for under the scheme arrangements as at 31 March 2017; or
 - (c) where no such provision was made, no charge.
- (2) A *firm* must not:
 - (a) include provision in such a scheme for an *early exit charge*, where such provision did not exist on 31 March 2017; or
 - (b) vary provision for an *early exit charge* in such a scheme to increase or potentially increase the charge.
- (3) The value of the member's benefits in (1)(a):
 - (a) is calculated at the point when the *firm* receives confirmation from the member of the instruction to take the action giving rise to the *early exit charge*;
 - (b) excludes an increment to member's benefits resulting from contributions to a scheme under a contract or other arrangement entered into by the member on or after 31 March 2017;
 - (c) excludes adjustments referred to, and satisfying the conditions in Regulation 3 of the Financial Services and Markets Act 2000 (Early Exit Pensions Charges) Regulations 2016 (SI 2016/1079); and
 - (d) does not exclude adjustments referred to in Regulation 4 of the Financial Services and Markets Act 2000 (Early Exit Pensions Charges) Regulations 2016 (SI 2016/1079).
- (4) This *rule* applies in relation to a member who entered into a contract or other arrangement (providing for a right to benefits resulting from contributions to the scheme) before 31 March 2017.

19.7 Pensions nudge and retirement risk warnings

Definitions

19.7.1

R

In this section:

- (1) [deleted]
- (2) "pension decumulation product" is a product used to access pension savings and includes:
 - (a) a facility to enable a *retail client* to make an *uncrystallised funds pension lump sum* payment;
 - (b) an option to take a *small lump sum payment*;
 - (c) a *drawdown pension*; and
 - (d) a *pension annuity*;
- (3) "pension savings" is the proceeds of the *client's personal pension scheme* or *occupational pension scheme*;
- (4) "retirement risk warnings" are the warnings required to be given to a *retail client* at step 3 of the process specified in this section;
- (5) "risk factors" are the attributes, characteristics, external factors or other variables that increase the risk associated with a *retail client's* decision to access their pension savings using a pension decumulation product;
- (6) "signpost" is the written or oral statement encouraging a *retail client* to use *pensions guidance* or to take regulated advice to understand their options at retirement which is at step 1 of the process specified in this section;
- (7) "opt out" is the *retail client's* confirmation that they do not want to receive *pensions guidance*; and
- (8) a reference to a "*personal pension scheme*" includes a *stakeholder pension scheme*, and for the avoidance of doubt, an *FSAVC*, *retirement annuity contract* or a *pension buy-out contract*.

Application

19.7.2

R

This section applies to a *firm* communicating with a *retail client* in relation to:

- (1) accessing their pension savings using a pension decumulation product; or

19.7.3

R

This section does not apply:

- (2) transferring rights pursuant to ■ COBS 19.7.7R(6) for the purpose of accessing their pension savings using a decumulation product.
- (1) to a *firm* giving regulated advice to a *retail client* on options to access their pension savings;
- (2) if the *firm* has already provided the retirement risk warnings to the *retail client* in relation to their decision to access their pension savings and the *firm* has reasonable grounds to believe that the retirement risk warnings are still appropriate for the *client*.

Purpose

19.7.4

G

- (1) The purpose of this section is to ensure that a *firm*, which is communicating with a *retail client* about a pension decumulation product:
 - (a) explains the nature and purpose of *pensions guidance* to the *retail client*;
 - (b) encourages the *retail client* to receive *pensions guidance*; and
 - (c) gives appropriate retirement risk warnings,
 at the point when the *retail client* has decided how to access their pension savings.
- (2) If the *retail client* has not yet decided what to do, the *firm* should consider whether it is required to signpost the *pensions guidance* under ■ COBS 19.4.16R (signposting pensions guidance) and whether it may be appropriate to provide information about the risks associated with the *client's* options to access their pension savings generally.

19.7.5

G

- (1) This section amplifies *Principles 6* and *7*, but does not exhaust or restrict what they require. A *firm* will, in any event, need to ensure that its sales processes are consistent with the *Principles* and other *rules*.
- (2) An example of a behaviour by a *firm* that is likely to contravene *Principle 6* and may contravene other *Principles* is for a *firm* to actively discourage a *retail client* from receiving *pensions guidance*, for example by:
 - (a) indicating in any way that receiving *pensions guidance* is unnecessary, would not be beneficial, or might result in unnecessary delays in accessing their pension savings; or
 - (b) obscuring, de-emphasising or underplaying in any way the explanation about the benefits of *pensions guidance* or any other information relevant to assisting the *retail client* to decide how best to access their pension savings.

19.7.6

G

An illustration of the steps a *firm* is required to take is set out in ■ COBS 19 Annex 1G.

Trigger: when does a firm have to follow the steps?

19.7.7

R

A firm must follow the steps specified in this section at the point when the *retail client* has decided (in principle) to take one of the following actions (and before the action is concluded):

- (1) buy a pension decumulation product; or
- (2) vary their *personal pension scheme* to enable the *client* to:
 - (a) access pension savings using a *drawdown pension*; or
 - (b) elect to make one-off, regular or ad-hoc *uncrystallised funds pension lump sum* payments; or
- (3) receive a one-off, regular or ad-hoc *uncrystallised funds pension lump sum* payment; or
- (4) access their pension savings using a *drawdown pension*;
- (5) withdraw funds wholly or partly derived from *flexible benefits* in full from a product or scheme in their pension savings, reducing the value of all of their rights in that product or scheme (including rights in respect of any non-*flexible benefits*) to zero; or
- (6) transfer rights (other than rights in respect of non-*flexible benefits*):
 - (a) accrued under their existing *personal pension scheme*; or
 - (b) accrued under their existing arrangement to a *personal pension scheme*,
 for the purpose of taking one of the actions in (1) to (5).

19.7.7A

G

A firm may assume that a *retail client* who is 50 years of age or over who decides to transfer rights pursuant to ■ COBS 19.7.7R(6) is doing so for the purpose of taking one of the actions in ■ COBS 19.7.7R(1) to ■ (5).

19.7.7AA

G

The effect of ■ COBS 19.7.7R(6) is to include any transfers of rights (other than rights in respect of non-*flexible benefits*) accrued so long as either the transferring arrangement or the receiving arrangement is a *personal pension scheme*. This would, for example, include a *retail client* consolidating some or all of their pension arrangements where the consolidation involves a transfer from or to a *personal pension scheme*.

Pension transfer to access pension savings

19.7.7B

R

Where a *retail client* contacts a firm to communicate its decision (in principle) to transfer rights pursuant to ■ COBS 19.7.7R(6), that firm (whether the *retail client's* existing provider or the firm to whom they intend to transfer their rights) must take the actions in step 1.

19.7.8

R

[deleted]

First part of step 1: explain pensions guidance and offer to book the appointment**19.7.8A****R**

The first part of step 1 is as follows:

- (1) the *firm* must:
 - (a) explain to the *retail client* the nature and purpose of *pensions guidance*, and that they can access the guidance for free;
 - (b) explain to the *retail client* that they can take regulated advice at their own cost; and
 - (c) offer to book an appointment for them to receive *pensions guidance*;
- (2) if the *retail client* accepts the *firm's* offer to book an appointment for them, the *firm* must take reasonable steps to book an appointment at a suitable time for the *retail client*;
- (3) if the *firm* is unable to book an appointment at a suitable time despite taking reasonable steps, or the *retail client* prefers to book the appointment themselves, the *firm* must provide the *retail client* with sufficient information about how to book the appointment themselves;
- (4) if the *firm* books the appointment for the *retail client*, it must provide a confirmation of all the relevant details necessary to enable the *retail client* to attend the appointment;
- (5) if the *retail client* agrees to take the guidance or elects to take regulated advice, the *firm* must not proceed to step 2 until the *retail client* confirms they subsequently received the guidance or advice;
- (6) the *firm* must proceed to step 2 at any point during the process in (1) to (5) if the *retail client*:
 - (a) confirms that they have already received regulated advice and opts out; or
 - (b) opts out, and confirms they do not want to take regulated advice;
- (7) if the *retail client* states that the reason for opting out in (6)(b) is because they already received *pensions guidance* prior to approaching the *firm*, the *firm* must explain to the *retail client* that they may still benefit from receiving the guidance again if their personal circumstances, or the value of their pensions savings, have significantly changed such that the different options described to the *retail client* in the guidance may be of different significance and relevance to them than when they previously received the guidance.

19.7.8B**G**For the purpose of ■ **COBS 19.7.8AR(1)(a)**, where a *firm* explains the nature and purpose of *pensions guidance*, the explanation should include that:

- (1) the purpose of the guidance is to help the *retail client* make an informed decision about what to do with their pension savings, including the different options available to the *retail client* to access their pension savings; and
- (2) the guidance is delivered at an appointment with an independent pensions specialist.

- 19.7.8C** **G** Taking reasonable steps to finding a time that is suitable (in **■ COBS 19.7.8AR(2)**) may include the *retail client* being given adequate opportunity to revert back to the *firm* with dates and times that are suitable for them to attend an appointment.

Second part of Step 1: confirming whether the retail client received pensions guidance or regulated advice

- 19.7.8D** **R**
- (1) (Where the *firm* has completed the appropriate actions in **■ COBS 19.7.8AR**, and either booked an appointment for the *retail client* or the *retail client* booked it themselves) the second part of step 1 is for the *firm* to check whether the *retail client* subsequently received *pensions guidance* by:
 - (a) if the appointment was booked by the *firm*, checking that the scheduled appointment date has passed; and only if so, asking the *retail client* to confirm that they attended the appointment and received the guidance; or
 - (b) if the *retail client* had to or elected to book the appointment themselves, asking the *retail client* to confirm that they subsequently booked the appointment and received the guidance.
 - (2) If the *firm* booked the appointment and the date of the scheduled appointment has not passed, the *firm* must explain the nature and purpose of *pensions guidance* again in **■ COBS 19.7.8AR(1)(a)** and remind the *retail client* of their scheduled appointment.
 - (3) If the *retail client* failed to attend the appointment (booked by the *firm* or themselves), or failed to book their own appointment, the *firm* must repeat the process in **■ COBS 19.7.8AR**, and explain to the *retail client* at this point that the *firm* cannot proceed unless the *retail client* confirms that they have received the guidance or taken regulated advice, or opts out.
 - (4) If the *retail client* confirms that they attended the appointment and received *pensions guidance*, the *firm* must proceed to step 2, unless the *firm* is aware or is made aware that the *retail client's* circumstances have, or may have, changed significantly, and it appears to the *firm* on reasonable grounds that the *retail client* may benefit from a repeat of the guidance in order to consider the different options available to them in the context of their current circumstances. In that case, the *firm* must repeat the process in **■ COBS 19.7.8AR**.
 - (5) (Where the *firm* has completed the appropriate actions in **■ COBS 19.7.8AR** and the *retail client* elected to take regulated advice), the *firm* must proceed to step 2 if the *retail client* confirms that they subsequently received the advice.

- 19.7.8E** **G** Circumstances where the *retail client* may benefit from a repeat of *pensions guidance*, for the purposes of **■ COBS 19.7.8DR(4)**, include where, since the date of the appointment:
- (1) the *firm* is made aware that the *retail client's* personal circumstances have changed; or
 - (2) significant changes in market conditions mean that the *firm* is aware that, or the *firm* is made aware for other reasons that, the value of the *retail client's* pension savings may have significantly changed,

such that the different options described to the *retail client* in the guidance may be of different significance and relevance to them than when they previously received the guidance, in light of the change in circumstances.

Step 2: identify risk factors

- 19.7.9** **R** Based on how the *retail client* wants to access their pension savings, at step 2 the *firm* must ask the *client* questions to identify whether any risk factors are present, except where **■ COBS 19.7.9AR** applies.
- 19.7.9A** **R** If the value of the *retail client's* pension savings is £10,000 or less and there are no *safeguarded benefits*, the *firm*:
- (1) is not required to ask questions to identify whether any risk factors are present; and
 - (2) must prepare appropriate retirement risk warnings based on the risk factors relevant to each pension decumulation product it offers to enable *retail clients* to access their pension savings.
- 19.7.9B** **R** A firm may ask the *client* the questions required by **■ COBS 19.7.9R** before the *client* has decided (in principle) to take one of the actions specified in **■ COBS 19.7.7R** to access their pension savings.
- 19.7.9C** **R** If, to complete step 2, a *firm* relies on information gathered prior to the *client's* decision to access their pension savings, the *firm* must be satisfied that this information is relevant, accurate and up-to-date before giving the risk warnings at step 3.
- 19.7.10** **R** A *firm* must prepare the questions required by **■ COBS 19.7.9 R** before taking the steps for the first time, and must keep the questions up to date.
- 19.7.11** **G** To prepare for step 2, the *firm* should:
- (1) identify the main risk factors relevant to each pension decumulation product it offers to enable *retail clients* to access their pension savings; and
 - (2) prepare questions to enable it to identify the presence of those risk factors for different *retail clients*.
- 19.7.12** **G** Examples of the sorts of risk factors which relate to pension decumulation products are:
- (1) the *client's* state of health;
 - (2) loss of any guarantees;
 - (3) whether the *client* has a partner or dependants;
 - (4) inflation;
 - (5) whether the *client* has shopped around;

- (6) sustainability of income in retirement;
- (7) tax implications;
- (8) charges (if a *client* intends to invest their pension savings);
- (9) impact on means-tested benefits;
- (10) debt; and
- (11) investment scams.

Step 3: provide appropriate retirement risk warnings

- 19.7.13
- R
- At step 3:
- (1) if the value of the *retail client's* pension savings is £10,000 or less and there are no *safeguarded benefits*, based on how the *retail client* wants to access their pension savings, a *firm* must give the *client* the appropriate retirement risk warnings prepared under ■ COBS 19.7.9AR(2); and

(2) in all other cases, a *firm* must give the *retail client* appropriate retirement risk warnings in response to the *client's* answers to the *firm's* questions.

- 19.7.14
- R
- A *firm* must prepare the retirement risk warnings required by ■ COBS 19.7.13 R in good time before taking the steps for the first time, and must keep them up to date.

- 19.7.15
- G
- If after considering the *retail client's* answers it is unclear whether a risk factor is present, a *firm* should give the *client* the appropriate retirement risk warning.

Communicating the signpost and retirement risk warning

- 19.7.16
- R
- When communicating the signpost and retirement risk warnings, the *firm* must do so clearly and prominently.

- 19.7.17
- R
- Whatever the means of communication, the *firm* must ensure that the *retail client* cannot progress to the next stage of the sale unless the relevant signpost or retirement risk warning has been communicated to the *client*.

- 19.7.18
- G
- For an internet sale, a *firm* should display the required information on a screen which the *retail client* must access and acknowledge as part of the sales process. It would not be sufficient for the information to be accessible only by giving the *client* the option to click on a link or download a document.

Record keeping

- 19.7.19
- R
- Firms* must record whether the *retail client* has:
- (1) received the retirement risk warnings at step 3 of the process specified in this section;

- (2) received regulated advice;
- (3) received *pensions guidance*; or
- (4) opted out (and did not receive regulated advice).

19.7.20**G**

If the *firm* was told by the *retail client* that they already received *pensions guidance* or regulated advice prior to approaching the *firm*, and therefore did not need to receive it again, the *firm* should not record this as an opt out. Instead, they should record this as the *retail client* having received *pensions guidance* under ■ COBS 19.7.19R(3), or under ■ (2) for regulated advice.

		<div>Interpretation</div>
19.8.1	R	<div>In this section:</div> <div><div>(1) [deleted]</div><div>(2) 'anti-dilution mechanism' is any method used to the benefit of an <i>investment</i> to offset the impact of inflows or outflows from that <i>investment</i>, whether by way of:<div><div>(a) a levy; or</div><div>(b) any adjustment enabling further investment into, or redemption of investments from, the <i>investment</i>.</div></div><div>(3) 'arrangement', in connection with a <i>relevant scheme</i>, is any <i>investment</i> available to scheme members for the investment of their pension contributions.</div><div>(4) [deleted]</div></div></div>

19.8.2	R	<div>This section applies to:</div> <div><div>(1) an <i>operator</i> of a <i>relevant scheme</i>; and</div><div>(2) a <i>firm</i> which holds information needed for the calculation of transaction costs or administration charges in the course of providing services in connection with:<div><div>(a) a <i>relevant scheme</i>;</div><div>(b) an arrangement; or</div><div>(c) an <i>investment</i> in which an arrangement is directly or indirectly invested.</div></div></div></div>
		<div>Purpose</div>
19.8.3	G	<div>(1) The purpose of the <i>rules</i> in this section is to enable governance bodies of workplace pension schemes to meet their obligations as set out in (2) and (3) by obliging <i>firms</i> which hold the relevant information to calculate transaction costs to a common standard and</div>

provide that information, and information on administration charges, to governance bodies.

- (2) An operator of a workplace *personal pension scheme* or *stakeholder pension scheme* is obliged under ■ COBS 19.5.7R(2) to take reasonable steps to provide its *IGC* (or *governance advisory arrangement*) with all information reasonably requested by it for the purpose of carrying out its role. The role of an *IGC*, under ■ COBS 19.5.5R(2), must include the assessment of value for money delivered by relevant schemes through the assessment of transaction costs (among other things).
- (3) The trustees or managers of an occupational pension scheme are obliged to calculate, insofar as they are able to do so, the transaction costs borne by scheme members, and to assess the extent to which those costs represent good value for members. (See regulation 25 of the Occupational Pension Schemes (Scheme Administration) Regulations 1996 (SI 1996/1715) as amended by the Occupational Pension Schemes (Charges and Governance) Regulations 2015 (SI 2015/879)).

Obligation to disclose transaction costs and administration charges

19.8.4

R

A *firm* must respond in a reasonable time and in a reasonably acceptable format to a request for information relating to transaction costs and administration charges relating to a particular arrangement (or any *investment* in which the arrangement is directly or indirectly invested) over a period of time from or on behalf of:

- (1) an operator, trustee or manager of a *relevant scheme*; or
- another *firm* seeking to comply with its obligations under this section.

19.8.5

R

In responding to the request referred to in ■ COBS 19.8.4R, the *firm* must:

- (1) calculate the transaction costs incurred in relation to the arrangement or *investment* to which the request relates (including transaction costs incurred in any *investment* in which the arrangement or *investment* is directly or indirectly invested) in accordance with this section;
- (2) disclose the results of the aggregation of those transaction costs to the requesting *person*, along with a breakdown of the identifiable elements of those costs;
- (3) disclose the administration charges incurred in that arrangement or any *investment* to which the request relates (including administration charges incurred in any *investment* in which the arrangement or *investment* is directly or indirectly invested); and
- (4) provide other relevant information which would or may assist in making comparisons between the costs or charges in (1) to (3) and the equivalent costs or charges of other pension schemes where available.

19.8.6

G

- (1) The breakdown of identifiable transaction costs should include at least taxes, explicit fees and charges, costs in connection with securities lending and borrowing, and the benefit from anti-dilution mechanisms.
- (2) Other relevant information regarding transaction costs or administration charges might include, in relation to each arrangement (or *investment* in which the arrangement is directly or indirectly invested): the investment return, measures of risk, portfolio turnover rate, proportion of securities loaned or borrowed, costs other than transaction costs, and typical and maximum levels of entry, exit and switching costs. This is not an exhaustive list, and *firms* should use discretion based on the composition of each particular arrangement (or *investment* in which the arrangement is directly or indirectly invested).
- (3) Where it is not possible to calculate the amount of transaction costs or administration charges attributable to an arrangement (or *investment* in which the arrangement is directly or indirectly invested), a pro rata approach may be used, which assumes that transaction costs and administration charges are incurred evenly over time. A pro rata approach may also be used where information is not available for a full period or in other situations where the provision of information would otherwise be subject to unreasonable delay.
- (4) When calculating administration charges for a default arrangement, *firms* should have regard to ■ COBS 19.6 (Restriction on charges in qualifying schemes) and the Occupational Pension Schemes (Charges and Governance) Regulations 2015 (SI 2015/879).

Taking reasonable steps to obtain necessary information

19.8.7

R

If a *firm* does not have the information necessary to comply with ■ COBS 19.8.4R and ■ COBS 19.8.5R, then it must:

- (1) take reasonable steps to obtain that information; or
- (2) where, despite having taken such reasonable steps, it remains unable to comply with ■ COBS 19.8.4R and ■ COBS 19.8.5R, provide a written explanation to the requesting party explaining why, including the percentage of *investments* in the arrangement (or *investment* in which the arrangement is directly or indirectly invested) for which information cannot be obtained, and indicating the categories of *investments* involved.

19.8.8

G

- (1) In taking reasonable steps to obtain information about transaction costs or administration charges, a *firm* should request the information from other *firms* involved in providing services in connection with the *relevant scheme*, arrangement, or *investment* in which the arrangement is directly or indirectly invested.
- (2) A *firm*, when seeking information about transaction costs or administration charges, should consider the materiality of that information to the calculation of costs and charges overall for each arrangement, in particular the degree to which it is necessary to look through to transactions in underlying *investments* in order to arrive at a fair assessment of the costs or charges of each arrangement.

Calculation of transaction costs for buying and selling transactions

19.8.9

R

A *firm* must calculate the transaction cost of buying or selling an *investment* as the difference between arrival price (AP) and execution price (EP) of that *investment*, multiplied by the number of units of, or in, the *investment* transacted, as follows:

- (1) AP and EP are determined in accordance with this section;
- (2) where an *investment* is purchased:
transaction cost = (EP-AP) x (units); and
- (3) where an *investment* is sold:
transaction cost = (AP-EP) x (units).

Arrival Price (AP)

19.8.10

R

A *firm* must determine the arrival price as follows:

- (1) for a *transferable security*, or other *investment* which there are frequent opportunities to dispose of, redeem, or otherwise realise at a price publicly available to market participants that is either a market price or a price made available or validated by valuation systems independent of the *issuer*:
 - (a) the market mid-price at the time the order was transmitted to another *person* for execution or was executed, whichever is earlier
 - (b) if no such price is available, then the last available mid-price on the day the order was *executed*, or, if this is not available, the closing mid-price on the day before; or
 - (c) if the order to transact was executed on a day other than the day it was transmitted to another *person* for execution, the market opening mid-price on the day of execution, or, if this is not available, the closing mid-price the day before; or
 - (d) if the order was *executed* during an auction, the most recently available mid-price of the asset prior to the auction; or
 - (e) if an order is transmitted to another *person* for execution outside trading hours, the subsequent market opening mid-price.
 - (2) for an investment fund or other vehicle priced on a periodic basis:
 - (a) for a dual-priced vehicle, the fair value mid-price of the vehicle at the pricing point when the transaction took place; or
 - (b) for a single-priced vehicle, the fair value price of the vehicle at the pricing point when the transaction took place, prior to any dilution adjustment.
 - (3) for physical (in other words, real or tangible) assets, the price paid for that physical asset, excluding all charges, commissions, taxes and other payments associated with the transaction.
- for any other *investment* which does not fall into (1), (2) or (3):
- (a) the most recent independent valuation prior to the order to transact being executed, or, if earlier, transmitted to another

person for execution, adjusted appropriately for market movements using an appropriate benchmark index; or

- (b) if no such valuation is available, then an estimate based on a reasonable appraisal of the fair value of the asset prior to the order to transact being executed.

Arrival Price (AP): supplemental provision for multiple orders on the same day

- 19.8.11 **R** Where an order is split into multiple orders ('child orders') in the same *investment* and transmitted on the same day, the arrival price of the first child order must be used as the arrival price of all subsequent child orders on that day.

Arrival Price (AP): supplemental provision for initial public offerings, placings and other issuance of securities

- 19.8.12 **R** For orders in initial public offerings, placings and other issuance of securities, the transaction price must be used as the arrival price.

Arrival Price (AP): supplemental provisions for derivatives

- 19.8.13 **R** When determining the arrival price for a *derivative* where there is no publicly available price, a firm must determine the fair value price of the *derivative*.

- 19.8.14 **G**
- (1) When considering the basis for determining transaction costs relating to *derivatives*, a *firm* should take into account:
 - (a) the existence of any multiplier or scalar in arriving at the correct number of units;
 - (b) the nature of the *derivative*;
 - (c) the availability and transparency of prices of the *derivative* itself;
 - (d) where applicable, the nature and value of the assets underlying the *derivative*, including their price transparency and relative proportions within that *derivative*; and
 - (e) any other costs associated with the *derivative*.
 - (2) When determining the fair value price, a firm should adopt a fair value approach in line with prevailing market conventions.

Arrival Price (AP): supplemental provision for foreign exchange

- 19.8.15 **R** A *firm* must, in relation to a transaction involving foreign exchange, determine the arrival price using a reasonable estimate of the consolidated price rather than the price available from a single counterparty or foreign exchange platform, even if an agreement exists to undertake all foreign exchange transactions with a single counterparty.

Arrival Price (AP): supplemental provision for over the counter bond transactions	
19.8.15A	<p>R Where a bond transaction is <i>executed</i> on an <i>over the counter</i> basis after <i>bid prices</i> and <i>offer prices</i> have been obtained from more than one potential counterparty, the arrival price must be taken to be:</p> <ul style="list-style-type: none"> (1) if the best <i>bid price</i> is below the best <i>offer price</i>, the mid-point between the best <i>bid price</i> and the best <i>offer price</i>; (2) if the best <i>bid price</i> is higher than the best <i>offer price</i>, the best <i>bid price</i> in the case of a sale or the best <i>offer price</i> in the case of a purchase; or (3) if the best <i>bid price</i> is equal to the best <i>offer price</i>, that price.
19.8.15B	<p>R Where a bond transaction is <i>executed</i> on an <i>over the counter</i> basis after either a <i>bid price</i> or an <i>offer price</i> has been obtained, the arrival price must be estimated as follows:</p> <ul style="list-style-type: none"> (1) by reference to the bid/offer spread on transactions in bonds with similar characteristics to the bond in question; or (2) by reference to a composite of indicative bid and offer quotes; or (3) by any other reasonable method.
Execution Price (EP)	
19.8.16	<p>R A <i>firm</i> must determine the execution price as the price at which a transaction is executed including all charges, commissions, taxes and other payments associated with the transaction, directly or indirectly, where those payments are made from the assets of the arrangement or of any <i>investment</i> in which the arrangement is directly or indirectly invested.</p>
Calculation of transaction costs for lending and borrowing transactions	
19.8.17	<p>R A <i>firm</i> must calculate the transaction cost of a loan transaction as the difference between the charge paid by the ultimate borrower in relation to that loan and the amount received by the arrangement (or underlying <i>investment</i>).</p>
19.8.18	<p>G The amounts used to calculate the transaction cost of a loan transaction should include all fees, commissions, charges and other costs levied by intermediaries involved in the transaction regardless of the legal structures involved.</p>
19.8.19	<p>R To determine the transaction cost of a borrowing transaction, a <i>firm</i> must use the amount paid for the loan.</p>
Aggregation	
19.8.20	<p>R The <i>firm</i> must aggregate and disclose, separately, the following transaction costs for each arrangement or <i>investment</i> and period to which the request relates:</p>

- (1) the sum of the transaction costs for buy and sell transactions factoring in anti-dilution mechanisms (see ■ COBS 19.8.21R); and
- (2) the sum of the transaction costs for lending and borrowing transactions.

Treatment of anti-dilution mechanisms

- 19.8.21

R

Subject to ■ COBS 19.8.22R, a *firm* using an anti-dilution mechanism in connection with an arrangement or *investment* may factor this into the aggregate transaction costs calculation as follows:
 - (1) where a levy is used, the monetary value of that levy may be subtracted from the aggregate transaction costs; and
 - (2) where an adjustment is made by enabling further investment into or redemption from an *investment*, the value of the benefit accruing to the *investment* may be subtracted from the aggregate transaction costs.
- 19.8.22

R

When aggregating transaction costs, a *firm* must not subtract any portion of a benefit derived from an anti-dilution mechanism that would reduce the aggregate transaction cost below zero.
- 19.8.23

G

A *firm* may provide information about the total benefit derived from an anti-dilution mechanism as part of or alongside the breakdown of identifiable transaction costs.

19.9 Pension annuity comparison information

Definitions

19.9.1

R

In this section:

- (-1) an “enhanced annuity” refers to a *pension annuity* that pays a higher level of income due to a *retail client’s* health or lifestyle;
- (1) “guaranteed minimum pension” has the meaning in section 8(2) of the Pension Schemes Act 1993;
- (2) a “guaranteed quote” is a quote that:
 - (a) is provided by a *firm* to a *retail client* for the purchase of a *pension annuity*; and
 - (b) is based on sufficient information to successfully underwrite the proposed *pension annuity*;
- (2A) an “income quote” is a guaranteed quote that offers at least the level of annual income requested by a *retail client*;
- (3) a “market-leading *pension annuity* quote” is a quote for a *pension annuity* that:
 - (a) is generated by a *firm* by searching for, obtaining and comparing, *pension annuities* that are available to the *retail client* from across all of the *pension annuity* market using:
 - (i) the same information as the *firm* has used to generate a guaranteed quote; or
 - (ii) answers obtained from the *retail client* which allow the *firm* to determine whether the *client* may be eligible for an enhanced annuity, where the *firm* itself cannot generate an enhanced annuity quote using those answers; and
 - (b) provides the *retail client* with either:
 - (i) the highest annual income from amongst all of the quotes generated under (a); or
 - (ii) (in the case of an income quote) at least the amount of annual income requested by the *retail client* at the lowest purchase price from amongst all of the quotes generated under (a).
- (4) “pension-related benefit” means one or more of the following:
 - (a) an existing or future entitlement to a *guaranteed annuity rate*;
 - (b) an entitlement to a *pension commencement lump sum* that exceeds 25% of the value of the *retail client’s* benefit under the

occupational pension scheme, personal pension scheme or stakeholder pension scheme in which the retail client has an interest;

- (c) an existing or future entitlement to a guaranteed minimum pension; or
- (d) section 9(2B) rights;
- (5) “*pension annuity comparator information*” means the information that a *firm* must provide under this section; and
- (6) [deleted]
- (7) “section 9(2B) rights” has the same meaning as in regulation 2(1) of the Occupational Pension Schemes (Schemes that were Contracted-out) (No.2) Regulations 2015.

Application

19.9.2

R

This section applies to a *firm* that:

- (1) provides a *retail client* with a guaranteed quote for a *pension annuity*; or
- (2) is asked by another *firm* (“F”) for a quote for a *pension annuity* where F is seeking a quote for the purposes of generating a market-leading *pension annuity* quote.

Purpose

19.9.3

G

This section specifies:

- (1) when a *firm* must provide:
 - (a) a *retail client* with *pension annuity comparator information*, including whether the *pension annuity* it is offering will provide:
 - (i) more or less annual income than the market-leading *pension annuity* quote; or
 - (ii) (in the case of an income quote) at least the amount of annual income requested by the *retail client* at the lowest purchase price; and
 - (b) a quote to another *firm* seeking a quote for the purposes of the other *firm* generating a market-leading *pension annuity* quote;
- (2) how a *firm* must compare a guaranteed quote and a market-leading *pension annuity* quote and how any applicable pension-related benefits should be factored into the comparison; and
- (3) the content and format of the *pension annuity comparator information* that must be provided in different circumstances; and
- (4) when a *firm* must ask questions about the *retail client’s* eligibility for an enhanced annuity.

Content of pension annuity comparator information

19.9.4

R

When providing a guaranteed quote to a *retail client* a *firm* must use the relevant template in ■ COBS 19 Annex 3R to provide:

- (1) the following information about the features of the *pension annuity* that is being offered:
 - (a) the cost of the *pension annuity* where the cost is expressed as a single sum in pounds sterling net of any *adviser charges*;
 - (b) if applicable, the amount and details of any *adviser charges* that the *firm* will be paying;
 - (c) if applicable, the amount of any *commission* that will be paid and to whom any such *commission* will be paid;
 - (d) the annual income the *pension annuity* will provide to the *retail client* expressed as a single sum in pounds sterling;
 - (e) whether the annual income referred to in ■ COBS 19.9.4R(1)(d) is guaranteed for any period of time and, if so, the duration of that period;
 - (f) the frequency of payments that will be made to the *retail client* and if such payments will be paid in advance or in arrears;
 - (g) whether the *pension annuity* will provide an annuity to only the *retail client* or to the *retail client* and another beneficiary; and
 - (h) whether the annual income offered by the *pension annuity* will increase in value over time and, if so, the basis upon which it will increase;
- (2) if applicable, information about:
 - (a) the *guaranteed annuity rate* that a *retail client* is already entitled to or will be entitled to in the future;
 - (b) the date from when the *guaranteed annuity rate* is payable; and
 - (c) the annual income that a *retail client* can reasonably expect to receive pursuant to the *guaranteed annuity rate*;
- (3) if applicable, information about:
 - (a) the annual income that a *retail client* is already, or in the future will be, entitled to pursuant to either or both a right to a guaranteed minimum pension or section 9(2B) rights; and
 - (b) the date from when that annual income is payable;
- (4) if applicable, information about the maximum *pension commencement lump sum* that the *retail client* is entitled to and whether that lump sum would represent more than 25% of the value of the *retail client's* benefit under the *occupational pension scheme*, *personal pension scheme* or *stakeholder pension scheme* in which the *retail client* has an interest;
- (5) the helpline phone number and the website address for *MoneyHelper* and an explanation that the phone number and website can be used to obtain *pension annuity* quotes from other *pension annuity* providers;
- (6) if applicable, information about how a *retail client's* health or lifestyle may entitle the *retail client* to a *pension annuity* that pays a higher income (an enhanced annuity); and
- (7) the comparison information required under ■ COBS 19.9.7R.

- 19.9.5 **G** A *firm* should consider ■ COBS 19.9.12R in cases where it is not clear whether a *retail client* is entitled to a pension-related benefit.

Exceptions from the requirement to provide the information required by COBS 19.9.4R

- 19.9.6 **R**
- (1) The requirement to provide the information required by ■ COBS 19.9.4R and the related requirement in ■ COBS 19.9.7R does not apply to a *firm*:
 - (a) if that *firm* ("F1") is reasonably satisfied that:
 - (i) the *retail client* has already received the information required by ■ COBS 19.9.4R from another *firm* ("F2"); and
 - (ii) the information provided by F2 to the *retail client* relates to the same guaranteed quote that F1 would otherwise use as the basis for providing the information required by ■ COBS 19.9.4R; or
 - (b) in any case where a *firm*, during the same telephone conversation, provides a *retail client* with more than one guaranteed quote.
 - (2) Where (1)(b) applies, a *firm* must comply with ■ COBS 19.9.4R if:
 - (a) the *retail client*, during the same telephone conversation, selects one of the guaranteed quotes to explore further; or
 - (b) the *retail client* subsequently contacts the *firm* to explore further one of the guaranteed quotes ("Q1") that the *firm* has previously provided where Q1 was not, at the time it was provided, accompanied by the information required by ■ COBS 19.9.4R.

Eligibility for enhanced annuities

- 19.9.6A **R**
- (1) When a *firm* generates a market-leading *pension annuity* quote it must take reasonable steps to obtain from the *retail client* answers to the questions that are required to determine whether the *client* is eligible for an enhanced annuity.
 - (2) If the *retail client* is eligible for an enhanced annuity the *firm* must generate a market-leading quote for an enhanced annuity.
 - (3) *Firms* may only use the information gathered in (1) for the purposes of:
 - (a) generating a guaranteed quote and a market-leading *pension annuity* quote;
 - (b) assisting another *firm*, on request, to generate a market-leading quote (■ COBS 19.9.9R); and
 - (c) underwriting, administering, and entering into a contract for an enhanced annuity;
 unless the *retail client* consents to it being used for other purposes.
 - (4) If the *retail client* refuses to answer a *firm's* questions that are required to determine whether the *retail client* is eligible for an enhanced annuity, a *firm* must:
 - (a) generate a market-leading *pension annuity* quote using the same information that it used to generate its guaranteed quote; and

- (b) compare the market-leading *pension annuity* quote referred to in (a) with its guaranteed quote.

19.9.6B

G

For the purpose of ■ COBS 19.9.6AR, examples of the sorts of health and lifestyle circumstances which may indicate that a *retail client* is eligible for an enhanced annuity are:

- (1) whether the *client* is or was a smoker;
- (2) the *client's* height, weight and waist size and whether these are outside normal ranges;
- (3) the number of units of alcohol the *client* consumes per week;
- (4) whether the *client* is taking medication for high blood pressure or high cholesterol;
- (5) whether the *client* is taking medication for serious health conditions.

19.9.6C

G

- (1) The *guidance* in this section relates to a *firm's* obligations to provide a market-leading *pension annuity* quote in ■ COBS 19.9.6AR(4).
- (2) A *firm* may consider it appropriate to include in the quote provided to the *retail client* a statement that the *client* may have health or lifestyle factors that could mean that they are eligible for a higher income. For example, the wording in the "Did you know?" box in the template in Part 3 of ■ COBS 19 Annex 3R could be adapted to reflect the fact that a *client* has refused to answer questions about their health or lifestyle.

Information comparing a guaranteed quote and a market-leading pension annuity quote

19.9.7

R

A *firm* must:

- (1) generate a market-leading *pension annuity* quote before providing a guaranteed quote to a *retail client*;
- (2) unless (2A) applies, determine which of the following will, or is most likely to, offer a *retail client* the highest annual income:
 - (a) the *pension annuity* offered by the guaranteed quote ("A");
 - (b) the *pension annuity* offered by the market-leading *pension annuity* quote ("B");
 - (c) if applicable, the pension that a *retail client* is entitled to, or will be entitled to, pursuant to the *retail client's* entitlement to a *guaranteed annuity rate* ("C"); or
 - (d) if applicable, the minimum pension that a *retail client* is entitled to, or will be entitled to, pursuant to the *retail client's* entitlement to either or both a guaranteed minimum pension or section 9(2B) rights ("D");

in cases where a *retail client* has requested an income quote, determine which of the following will, or is most likely to, offer a *retail client* with at least the annual income that the *retail client* has requested at the lowest purchase price:

- (a) the *pension annuity* offered by the guaranteed quote ("A1");
 - (b) the *pension annuity* offered by the market-leading pension annuity quote ("B1"); or
 - (c) if applicable, the pension that the *retail client* is entitled to, or will be entitled to, pursuant to their entitlement to a *guaranteed annuity rate* ("C1");
- (3) use the template in:
 - (a) Part 1 of ■ COBS 19 Annex 3R where (2) applies and B offers a *retail client* the highest annual income;
 - (b) Part 2 of ■ COBS 19 Annex 3R where (2) applies and A, C or D offers a *retail client* the highest annual income;
 - (c) Part 4 of ■ COBS 19 Annex 3R where (2A) applies and B1 offers a *retail client* at least the annual income that the *retail client* has requested at the lowest purchase price; or
 - (d) Part 5 of ■ COBS 19 Annex 3R where (2A) applies and A1 or C1 offers a *retail client* at least the annual income that the *retail client* has requested at the lowest purchase price;
- (4) where (2) applies and B offers the highest annual income:
 - (a) calculate as a single sum in pounds sterling the amount by which B provides a higher annual income than A;
 - (b) include that amount in the relevant place in the template; and
 - (c) include a statement making it clear that a *retail client* could obtain a higher annual income by searching the open market for a *pension annuity*;
- (4A) where (2A) applies and B1 offers at least the requested annual income at the lowest purchase price:
 - (a) calculate as a single sum in pounds sterling the difference in purchase price between A1 and B1;
 - (b) include that amount in the relevant place in the template; and
 - (c) include a statement making it clear that the *retail client* could obtain at least the requested annual income at a lower purchase price by searching the open market for a *pension annuity*;
- (5) where (2) applies and A offers the highest annual income, include a statement that A will provide the *retail client* with the highest annual income; and
- (5A) where (2A) applies and A1 offers at least the requested annual income at the lowest purchase price, include a statement that A1 will provide the *retail client* with at least the requested annual income at the lowest purchase price;
- (6) if applicable, where (2) applies and C or D will, or is likely to, provide the highest annual income:
 - (a) calculate as a single sum in pounds sterling the amount by which C or D, as applicable, will, or is likely to, provide a higher annual income than A;
 - (b) include that amount in the relevant place in the template; and
 - (c) warn the *retail client* that:

- (i) the entitlement to, as applicable, C or D, will be extinguished if the *retail client* accepts A; and
 - (ii) accepting A will result in the *retail client* receiving a lower annual income than the *retail client* is entitled to pursuant to, as applicable, C or D.
- (7) where (2A) applies and C1 will, or is likely to, provide at least the requested annual income at the lowest purchase price:
 - (a) calculate as a single sum in pounds sterling the difference in purchase price between A1 and C1;
 - (b) include the amount in (a) in the relevant place in the template; and
 - (c) warn the *retail client* that:
 - (i) the entitlement to C1 will be extinguished if the *retail client* accepts A1; and
 - (ii) accepting A1 will result in the *retail client* paying a higher purchase price than that payable if the *retail client* exercises their entitlement to C1;
- (8) where (2A) applies and either A1 or B1 offers the *retail client* at least the requested annual income at the lowest purchase price, a *firm* must determine whether the *retail client's* entitlement to a *guaranteed annuity rate* can be applied to offer a better value annuity compared to the lowest purchase price annuity on offer and, if so, warn the *retail client* accordingly.

19.9.7A

G

An example of where a *firm* may need to provide a warning of the kind referred to in ■ COBS 19.9.7R(8) is where a *retail client* ('R') is seeking an annuity of £5,000 and the lowest purchase price for such an annuity is £100,000. If R's entitlement to a *guaranteed annuity rate* can be used to provide R with an annuity of £15,000, albeit at a cost of £200,000, the *firm* should warn R of this possibility. Where applicable, such a warning should be included in the relevant template and may also be given orally.

19.9.8

G

When a *firm* is required to generate a market-leading *pension annuity* quote it may use:

- (1) the facility on the *MoneyHelper* website available on <https://www.moneyhelper.org.uk/guaranteed-income>; or
- (2) software, or any other means, that will enable the *firm* to search for, obtain and compare *pension annuities* available to the *retail client* from across all of the *pension annuity* market.

Requirement to provide another firm with information pursuant to COBS 19.9.4R(7) and COBS 19.9.7R

19.9.9

R

A *firm* ("F1") must take reasonable steps to provide any information requested of it by another *firm* ("F2") where such information is requested in order for F2 to comply with its obligations under ■ COBS 19.9.4R(7) and the related requirement in ■ COBS 19.9.7R.

- 19.9.10 **G** A *firm* is reminded that when complying with the requirement in ■ COBS 19.9.9R it should do so in a way that is consistent with its obligations under competition law.

Pension commencement lump sum

- 19.9.11 **R**
- (1) This *rule* applies if a *retail client* is entitled to a *pension commencement lump sum* that would amount to more than 25% of the value of the *retail client's* benefit under the *occupational pension scheme, personal pension scheme or stakeholder pension scheme* in which the *retail client* has an interest.
 - (2) A *firm* must warn the *retail client* if the *pension annuity* offered by:
 - (a) the guaranteed quote; or
 - (b) the market-leading *pension annuity* quote,
 will, if accepted, reduce the *pension commencement lump sum* that a *retail client* would otherwise be entitled to receive.

Information about pension-related benefits

- 19.9.12 **R**
- (1) This *rule* applies where a *retail client* is unable to confirm an entitlement to a pension-related benefit.
 - (2) This *rule* does not apply if a *firm* is the *retail client's* current provider of a pension-related benefit.
 - (3) A *firm* must take reasonable steps to assist a *retail client* ascertain whether the *retail client* is entitled to a pension-related benefit.
 - (4) If, despite having taken reasonable steps under (3), it remains unclear whether a *retail client*:
 - (a) is entitled to a *guaranteed annuity rate*, a *firm* must proceed as if the requirement in ■ COBS 19.9.4R(2) is not applicable;
 - (b) is entitled to a guaranteed minimum pension, a *firm* must proceed as if the requirement in ■ COBS 19.9.4R(3) relating to information about a guaranteed minimum pension is not applicable;
 - (c) has section 9(2B) rights, a *firm* must proceed as if the requirement in ■ COBS 19.9.4R(3) relating to information about section 9(2B) rights is not applicable; or
 - (d) is entitled to a *pension commencement lump sum*, a *firm* must proceed as if the requirement in ■ COBS 19.4.4R(4) is not applicable.

- 19.9.13 **G**
- (1) ■ COBS 19.9.12R is likely to apply where a *retail client* does not know, or cannot recall, if the *retail client* is entitled to a pension-related benefit.
 - (2) A *firm* may wish to consider doing any of the following as part of taking reasonable steps to assist a *retail client* ascertain whether the *retail client* is entitled to a pension-related benefit:
 - (a) suggesting the *retail client* locate any documentation which may contain relevant information about a pension-related benefit; and

(b) encouraging the *retail client* to contact their existing pension provider for relevant information relating to a pension-related benefit.

- (3) ■ COBS 19.9.12R does not apply to a *firm* that is a *retail client's* current pension-related benefit provider because that *firm* will be in possession of information relevant to determining whether a *retail client* is entitled to a pension-related benefit.

Retail client's consent to generate a market-leading pension annuity quote

19.9.14 **G** Before generating a market-leading *pension annuity* quote a *firm* should consider whether it needs the consent of the *retail client* to use any personal data for the purposes of generating the quote.

- 19.9.15 **R**
- (1) This *rule* applies to a *firm* where the *firm* requires the *retail client's* consent to the *firm* generating, on behalf of the *retail client*, a market-leading *pension annuity* quote and that consent is not obtained.
 - (2) A *firm* must take reasonable steps to obtain a *retail client's* consent referred to in paragraph (1).
 - (3) Where a *firm*, having complied with (2), has been unable to obtain the *client's* consent, this *rule* applies with the effect that:
 - (a) ■ COBS 19.9.4R(7), ■ COBS 19.9.7R and ■ COBS 19.9.6AR(4) do not apply;
 - (b) a *firm* must include information, as applicable, warning the *retail client* that:
 - (i) a higher annual income might be obtained; or
 - (ii) at least the requested annual income might be obtained for a lower purchase price;
 by searching the open market for a *pension annuity*; and
 - (c) a *firm* must, as applicable, use the template in:
 - (i) unless (ii) applies, Part 3 of ■ COBS 19 Annex 3R; or
 - (ii) Part 6 of ■ COBS 19 Annex 3R where the *retail client* has requested an income quote, to provide the applicable *pension annuity* comparator information.

Medium of disclosure

- 19.9.16 **R**
- (1) A *firm* must provide the *pension annuity* comparator information in a *durable medium* or make the information available on a website (where that does not constitute a *durable medium*) that meets the *website conditions*.
 - (2) If the requirement to provide the *pension annuity* comparator information arises during a telephone conversation with a *retail client*, a *firm* must:
 - (a) orally provide the *pension annuity* comparator information over the telephone;
 - (b) provide the *pension annuity* comparator information in a *durable medium* or make the information available on a website (where

that does not constitute a *durable medium*) that meets the *website conditions*; and

- (c) conclude a sale of a *pension annuity* only if the *retail client* agrees to receiving the *pension annuity* comparator information referred to in (b) after the sale has been concluded.
- (3) If a *firm* provides the *pension annuity* comparator information on paper, it must use a single sheet of A4 paper.
- (4) The requirement in (3) to use a single sheet of paper does not apply if a *retail client* asks for the *pension annuity* comparator information to be provided in an accessible format and the fulfilment of that request will necessitate the use of more than a single sheet of A4 paper.

19.10 Drawdown, investment pathways and cash warnings

Definitions

19.10.1

R

In ■ COBS 19.10:

- (1) [deleted]
- (2) "cash warning" is the warning in ■ COBS 19.10.38R;
- (3) "drawdown fund" means either a *capped drawdown pension fund* or *flexi-access drawdown pension fund*;
- (4) a *retail client* is a "non-advised *retail client*" if a *firm* has not determined, on reasonable grounds, that the client has received a *personal recommendation* in relation to how to invest the sums or assets in their drawdown fund, in accordance with ■ COBS 19.10.10R(4);
- (5) "pathway investments exempt firm" is a *firm* which:
 - (a) has elected not to offer *pathway investments*; and
 - (b) is satisfied on reasonable grounds that it is more likely than not to have fewer than 500 of its non-advised *retail clients* designate funds to a drawdown fund in the 12 *months* following the date of the election in (a), taking into account:
 - (i) the number of non-advised *retail clients* who designated funds to a drawdown fund in the preceding 12 *months*;
 - (ii) the potential impact of any change in the *firm's* business plans over the next 12 *months*; and
 - (iii) any other relevant factors;
- (6) references to a *firm* "offering" the *retail client* a *pathway investment* mean that the investments are either:
 - (a) *manufactured* by the *firm* (F1); or
 - (b) *manufactured* by another *firm* (F2);
 and are available for investment in the drawdown fund operated by F1.
- (7) references to a *firm* (F1) "referring" the *retail client* to a *firm* (F2) offering a *pathway investment* mean that F1 arranges for F2 to give

the *retail client* the opportunity to invest in a *pathway investment* available through transfer to the drawdown fund operated by F2, where F2 offers *pathway investments* in accordance with (6)(a) above.

Who?

- 19.10.2 **R** This section applies to an *operator* of a *retail client's personal pension scheme* or *stakeholder pension scheme*.
- 19.10.3 **G** The application of this section is modified for a pathway investments exempt firm.
- 19.10.4 **R**
- (1) A pathway investments exempt firm must review its status at least once every 12 *months*.
 - (2) Any change to a *firm's* status as a pathway investments exempt firm must take effect within 12 *months* of the review date.

Purpose

- 19.10.5 **G** The purpose of this section is to help non-advised *retail clients* designating some or all of the funds in their *pension schemes* into a drawdown fund to make an active decision about how to invest those drawdown funds to achieve their retirement objectives.
- 19.10.6 **G** This section specifies the circumstances where a *firm* dealing with a non-advised *retail client* in relation to the investment of the sums or assets in their drawdown fund must:
- give the *retail client* the opportunity to use the *investment pathways*;
 - offer the *retail client* a *pathway investment* or refer the *retail client* to a *firm* that offers *pathway investments*;
 - ensure that *retail clients* investing wholly or predominantly in *cash-like investments* make an active decision to do so;
 - provide warnings to *retail clients* investing wholly or predominantly in *cash-like investments*;
 - remind *clients* about their option to shop around and use *pensions guidance*.
- 19.10.7 **G** This section does not absolve *firms* of their obligation, when communicating with *retail clients* about their drawdown fund options, to provide such information as is necessary for the *retail client* to make an informed decision, including (where relevant) the information listed in ■ COBS 19.4.14R.

When?

- 19.10.8 **R** Subject to ■ COBS 19.10.10R, a *firm* must take the steps in this section when a *retail client* requests to:
- (1) designate some, or all, of the sums or assets in their *pension scheme* to a drawdown fund; or

- (2) transfer sums or assets already in drawdown into a drawdown arrangement provided by the *firm*.

19.10.9 **G** ■ COBS 19.10.8R(2) applies to a drawdown provider when a *retail client* requests to transfer sums to the drawdown provider from another provider. It also applies, for example, when a *retail client* requests to transfer sums into a new drawdown arrangement at the end of a fixed-term arrangement with the same drawdown provider.

19.10.10 **R** The requirements in this section do not apply to a *firm*:

in relation to sums or assets in a *retail client's pension scheme* that the *retail client* requests to use to purchase a fixed-term product that:

- (a) provides a guaranteed income, a guaranteed capital return or both, to the *retail client* or the *retail client's* beneficiary; and
- (b) does not involve any investment risk to the *retail client* if the *retail client* remains in the product for the fixed term;

when the *firm* carries out the *retail client's* previous instructions to designate their funds on a regular basis into a drawdown fund;

when the *retail client* has been taken through the *investment pathways* by another *firm* (F1) and has been referred to the *firm's* (F2's) drawdown fund to invest in one of the *pathway investments* that the *firm* (F2) offers (see ■ COBS 19.10.1R(7)); or

when the *firm* has determined, on reasonable grounds, that the *retail client* has received a *personal recommendation* in relation to the action referred to in ■ COBS 19.10.8R(1) or ■ (2).

19.10.11 **G** ■ COBS 19.10.10R(1) applies where a *retail client* requests to purchase a fixed-term product, in which the only income or return is intended to be regular income, a capital return or both (payable to the client or the client's beneficiary), with amounts guaranteed and specified at the time the product is purchased. *Firms* may nonetheless agree terms permitting ad hoc withdrawals or early exit, which may or may not be subject to guarantees, with *retail clients* purchasing these products.

19.10.12 **G** A *firm* will not have reasonable grounds for the purpose of ■ COBS 19.10.10R(4) if the determination is based solely on information that:

- (1) is over 12 *months* old;
- (2) the *retail client* is in, or transferring from, an advised product; or
- (3) the *retail client* continues to provide *remuneration* to an *adviser* in relation to their *pension scheme* or drawdown fund.

19.10.13 **G** However, a *firm* could have reasonable grounds for the purpose of ■ COBS 19.10.10R(4) if the *retail client* continues to provide *remuneration* to an *adviser* in relation to their *pension scheme* or drawdown fund and the *firm* has reminded the *retail client* of this:

- (1) including an explanation of what this means in the context of the *retail client's* request referred to in ■ COBS 19.10.8R;
- (2) in a *durable medium*; and
- (3) within a reasonable time before the *firm* carries out the *retail client's* request referred to in ■ COBS 19.10.8R.

Step 1: offer use of investment pathways

19.10.14 **R** The first step is to ask the *retail client* how they want to select the *investment* for their drawdown fund from the following options:

- (1) use the *investment pathways* (option 1);
- (2) select investments without using the *investment pathways* (option 2);
or
- (3) (where applicable) remain invested in their current investments (option 3).

19.10.15 **R** The option to use *investment pathways* must be presented with equal prominence to options 2 and 3.

19.10.16 **R** If a *retail client* selects option 1, or the *retail client* is unsure about the option to select, or the *firm* is unsure about which option the *retail client* has selected, the *firm* must proceed to step 2.

Step 2: present investment pathway options

19.10.17 **R** The second step is to:

- (1) present the *retail client* with the following *investment pathway* options:
 - (a) Option 1: I have no plans to touch my money in the next 5 years;
 - (b) Option 2: I plan to use my money to set up a guaranteed income (annuity) within the next 5 years;
 - (c) Option 3: I plan to start taking my money as a long-term income within the next 5 years;
 - (d) Option 4: I plan to take out all my money within the next 5 years;
and
- (2) ask the *retail client* to select an *investment pathway* option that corresponds most closely to their current intentions.

19.10.18 **R** A *firm* must not present any other investment options to the *retail client* during step 2 of *investment pathways*.

19.10.19 **R** If a *retail client* selects an *investment pathway* option, the *firm* must proceed to step 3.

19.10.20 **G** If, after the *firm* completes step 2, the *retail client* does not select an *investment pathway* option the *firm* should:

- (1) consider providing the *retail client* with the opportunity to view the *investment pathways* options again or ask if the *retail client* requires further information to make a decision;
- (2) provide a clear and prominent statement about the availability of advice and *pensions guidance*; and
- (3) provide the *retail client* with the information in ■ COBS 19.10.30R, if applicable.

Step 3: offer pathway investments

19.10.21 **R**

- (1) The third step is for the *firm* to:
 - (a) offer the *retail client* a *pathway investment* that corresponds to the *investment pathway* option selected in step 2; or
 - (a) refer the *retail client* to a *firm* that offers a *pathway investment* that corresponds to the *investment pathway* option selected in step 2; or
 - (a) (for pathway investments exempt firms only) refer the *retail client* to the *MoneyHelper investment pathways* comparison tool, available on <https://www.moneyhelper.org.uk/pathways>;
 - (b) describe to the *retail client*, using plain language, the level of riskiness of each *pathway investment* (whether offered by that *firm* or by a *firm* to which they refer *retail clients*); and
 - (c) provide the *retail client* with a clear and prominent statement:
 - (i) that other *firms* offer *pathway investments* for the *investment pathway* option selected by the *retail client* and that the *retail client* may benefit from shopping around, with an explanation of how they may do so; and
 - (ii) that *MoneyHelper* is available to assist the *retail client* with shopping around for *pathway investments* with an explanation of how they may access *MoneyHelper* and the *MoneyHelper investment pathways* comparison tool, available on <https://www.moneyhelper.org.uk/pathways>.
- (2) A pathway investment exempt firm need only do (1)(a)(ii) or (iii) and (1)(b) and (c).

19.10.22 **G**

If after the *firm* completes step 3 the *retail client* does not select a *pathway investment* the *firm* should:

- (1) consider providing the *retail client* with the opportunity to view the *investment pathways* options again or ask if the *retail client* requires further information to make their decision;
- (2) remind the *retail client* that they can shop around and explain how they can do that;
- (3) provide a clear and prominent statement about the availability of advice and *pensions guidance*; and

- (4) provide the *retail client* with the information in ■ COBS 19.10.30R, if applicable.

19.10.23 **G** If after the *firm* completes step 3 the *retail client* does not select a *pathway investment* the *firm* may offer other investments and tools the client may use when deciding how to invest their drawdown fund.

Preparing for step 3

19.10.24 **R** To prepare for step 3:

- (1) a *firm* (excluding pathway investments exempt firms) must be in a position to:
 - (a) offer, or refer to other *firms* offering, a *pathway investment* for each of the *investment pathway* options (see ■ COBS 19.10.1R(7) on referring); and
 - (b) offer *pathway investments* for at least two *investment pathway* options;
- (2) *firms* may offer, or refer to other *firms* offering, the same *pathway investment* for more than one *investment pathway* option, but must not offer, or refer the *retail client* to other *firms* that offer, the same *pathway investment* for all *investment pathway* options;
- (3) *firms* must be in a position to describe the level of riskiness of each *pathway investment*, whether offered by them or by a *firm* to which they refer *retail clients*; and
- (4) pathway investments exempt firms must be in a position to either:
 - (a) refer clients to *pathway investments* offered at other *firms*; or
 - (b) refer clients to the *MoneyHelper investment pathways* comparison tool, available on <https://www.moneyhelper.org.uk/pathways>.

19.10.25 **R** *Firms* must not offer a *retail client* more than one *pathway investment*, nor refer a *retail client* to more than one *firm* offering a *pathway investment*, for any *investment pathway* option.

19.10.26 **G** *Firms* do not have to offer the same *pathway investment* to all *retail clients* who select the same *investment pathway* option. Example F(33) in ■ PERG 8 Annex 1 sets out some considerations for *firms* that offer different *pathway investments* in relation to the same *investment pathway* option.

19.10.27 **G**

- (1) Where a *firm* decides to change the *pathway investment* it offers in relation to a particular *investment pathway* option, the *firm* may need to consider whether it would be appropriate to transfer existing clients to that new investment.
- (2) This may be the case, for example, if the transfer is required to prevent consumer harm and avoid risking a breach of our *rules*, for example *Principle 6*. This could be the case where the *firm* has determined that the *pathway investment* is no longer an appropriate

19.10.28 R

investment for the *investment pathway* option and the client is likely to suffer harm as a result.

- (3) If *firms* decide to transfer existing clients to a new *pathway investment*, *firms* will need to consider the information needs of their clients, and communicate to them appropriately and in good time, in a manner that is clear, fair and not misleading.
- (4) *Firms* are required to have appropriate arrangements in place (including contractual powers that are fair and transparent and comply with the CRA) to enable them to comply with their obligations under the *regulatory system*.

19.10.28 R

- (1) *Firms* must label *pathway investments* clearly using the corresponding option listed in ■ COBS 19.10.17R(1).
- (2) *Firms* must not label any other investments as *pathway investments* or mislead a *retail client* into thinking that another investment is a *pathway investment*.

Information, including cash warnings, for clients who have not decided to invest at least 50% of their drawdown fund in pathway investments

19.10.29 R

■ COBS 19.10.30R applies if a *retail client* has:

- (1) been taken through the *investment pathway* (whether or not they proceeded to steps 2 or 3); and
- (2) not decided to invest at least 50% of their drawdown fund in one or more *pathway investments*.

19.10.30 R

Before carrying out the *retail client's* request referred to in ■ COBS 19.10.8R, the *firm* must:

- (1) if the *retail client* has chosen to remain in their current investments, remind the *retail client*:
 - (a) of their current investment strategy (where this is known to the *firm*); and
 - (b) to check that their current investment strategy meets their current investment objectives;
- (2) subject to ■ COBS 19.10.32R, if carrying out the *retail client's* request referred to in ■ COBS 19.10.8R would result in more than 50% of the *retail client's* drawdown fund being invested in *cash-like investments*:
 - (a) ensure that the *retail client* has made an active decision to invest in *cash-like investments*; and
 - (b) provide the *retail client* with a cash warning;
- (3) remind the *retail client* that they can shop around and how to do that, including the option of using the *MoneyHelper investment pathways* comparison tool, available on <https://www.moneyhelper.org.uk/pathways>; and
- (4) provide a clear and prominent statement about the availability of advice and *pensions guidance*.

19.10.31 **G** A *retail client's* signature on a pre-populated form, whether in paper or electronic format, is not, by itself, sufficient evidence of an active decision to invest in *cash-like investments*.

19.10.32 **R**

- (1) ■ **COBS 19.10.30R(2)** does not apply where a *retail client* has given a *discretionary investment manager* or a financial adviser permission to execute investment decisions, and the sums or assets covered by this permission comprise more than 50% of the *retail client's* drawdown fund.
- (2) When ascertaining whether more than 50% of the *retail client's* drawdown fund is invested in *cash-like investments*, a *firm* may ignore sums or assets in relation to which a *discretionary investment manager* or a financial adviser has permission to execute investment decisions. A *firm* exercising this option must take the steps in ■ **COBS 19.10.30R(2)** if the client's decision would result in more than 50% of the remainder of the drawdown fund being invested in *cash-like investments*.
- (3) If it is not possible for the *firm* to identify the assets in a *retail client's* drawdown fund, despite making all reasonable efforts, a *firm* may take into account all investments in the *retail client's personal pension scheme* or *stakeholder pension scheme*. In such a case, a *firm* must take the steps in ■ **COBS 19.10.30R(2)** if the client's decision would result in more than 50% of the value of the client's *personal pension scheme* or *stakeholder pension scheme* being invested in *cash-like investments*.

19.10.33 **G** To ascertain whether more than 50% of a *retail client's* drawdown fund is invested in *cash-like investments*, a *firm* should take reasonable steps to obtain up-to-date information, and should use the most recent information it has access to.

Ongoing cash warnings

19.10.34 **R** When a *firm* has given a *retail client* a cash warning pursuant to ■ **COBS 19.10.30R(2)(b)** or ■ **TP 2.8GR**, the *firm* must give the client a cash warning at least annually thereafter, while the client remains so invested and remains a non-advised client.

19.10.35 **G** When considering whether to send an annual cash warning, a *firm* may, but is not obligated to, reassess whether a *retail client* has received a *personal recommendation* in relation to how to invest the sums or assets in their drawdown fund, in accordance with ■ **COBS 19.10.10R(4)**.

Product governance

19.10.36 **G** A *firm* should ensure that it complies with the product governance requirements in *PROD* in relation to the *pathway investments* they offer.

Cash warnings

19.10.37 **G** This section defines a cash warning and how it must be provided. ■ **COBS 19.10.30R(2)(b)**, ■ **TP 2.8GR** and ■ **COBS 19.10.34R** set out when a cash warning must be provided.

- 19.10.38** **R** The cash warning must:
- (1) be provided in a *durable medium*;
 - (2) using plain language, warn the *retail client* that:
 - (a) more than half of their eligible drawdown fund is invested in *cash-like investments*; and
 - (b) the value of their drawdown fund is at risk of being eroded by inflation; and
 - (3) include a generic example (provided as an explanation, an illustration or both) of how inflation erosion would affect a £10,000 pot over 5 years, assuming 0% interest and using a measure of inflation generally accepted in the *United Kingdom*; and
 - (4) inform the *retail client* that if they plan to invest for the longer-term, they should consider whether their current investments are likely to grow sufficiently to meet their objectives.
- 19.10.39** **G** The *firm* should also:
- (1) (if appropriate) inform the *retail client* that:
 - (a) this warning is not advice or a substitute for it;
 - (b) the value of any investment can fall as well as rise;
 - (2) explain to and/or illustrate for the *retail client* that different types of investment have a different balance of risk to potential gain;
 - (3) provide the *retail client* with a statement to the effect that (to the extent applicable) the *firm* offers *pathway investments* and other investments; and
 - (4) remind the *retail client* (in line with the requirements in **COBS 19.4**) that the *retail client* can:
 - (a) shop around (with an explanation of how to do that);
 - (b) seek advice from a FCA-regulated financial adviser; and
 - (c) review information on the *MoneyHelper* website, available on <https://www.moneyhelper.org.uk>.
- 19.10.40** **G** In the FCA's view, the Consumer Prices Index is a national index of retail prices and so may be used as a measure of the current inflation rate for the purposes of **COBS 19.10.38R(3)**.
- Warning on expiry of a fixed-term product**
- 19.10.41** **G** This section sets out when and how warnings must be given to *retail clients* who have purchased certain fixed-term products, and what the warnings should include.
- 19.10.42** **R** **COBS 19.10.43R** applies where:
- (1) a non-advised *retail client* has purchased a fixed-term product within a *personal pension scheme* or *stakeholder pension scheme*;

- (2) at the end of the fixed term, that product has a fixed cash value payable to the *retail client* or the *retail client's* beneficiary; and
- (3) the *retail client* has not given the *firm* instructions to transfer the full value out of the product.

19.10.43 **R** The *firm* must provide the *retail client* with a warning, which must:

- (1) be provided:
 - (a) in a *durable medium*;
 - (b) within 28 days of the end of the fixed term; and
 - (c) at least annually thereafter for so long as the value remains in the product; and
- (2) in plain language, warn the client that:
 - (a) the fixed term of the product has expired;
 - (b) if applicable, no interest will accrue on the value remaining in the product; and
 - (c) the value remaining in the product is at risk of being eroded by inflation; and
- (3) include a generic example (provided as an explanation, an illustration or both) of how inflation erosion would affect a £10,000 pot over 5 years, assuming 0% interest and using a measure of inflation generally accepted in the *United Kingdom*.

19.10.44 **G** The *firm* should also:

- (1) if appropriate, inform the *retail client* that this warning is not advice or a substitute for it;
- (2) remind the *retail client* (in line with the requirements in **COBS 19.4**) that they can:
 - (a) shop around (with an explanation of how to do that);
 - (b) seek advice from a FCA-regulated financial adviser; and
 - (c) review information on the *MoneyHelper* website available on <https://www.moneyhelper.org.uk>.

19.10.45 **G** In the FCA's view, the Consumer Prices Index is a national index of retail prices and so may be used as a measure of the current inflation rate for the purposes of **COBS 19.10.43R(3)**.

Record keeping

19.10.46 **R** A pathway investments exempt firm must maintain a record of:

- (1) the dates its exemption applies; and

19.11 Pensions dashboards

Who?

19.11.1 **R** This section applies to an *operator of a relevant pension scheme*. For the avoidance of doubt, in this section, a *personal pension scheme* includes a *personal pension product* and therefore the provider of a *personal pension product* is within the scope of the *rules* in this section.

Purpose

19.11.2 **G** The purpose of this section is to ensure that an *operator of a relevant pension scheme* provides and facilitates the provision of sufficient *pensions dashboard view data* to a *pensions dashboard service*.

19.11.3 **G** This section specifies the requirements placed on an *operator of a relevant pension scheme* to:

- (1) register with the *Money and Pensions Service*;
- (2) connect with the *MaPS dashboards digital architecture*;
- (3) provide and facilitate the provision of sufficient information in response to *pensions dashboard find requests* and *pensions dashboard view requests*; and
- (4) comply with *pensions dashboard standards* and have regard to *pensions dashboard guidance* as appropriate.

19.11.4 **G** Where a *firm* is required by the *rules* in this section to have regard to *pensions dashboard guidance*, the *firm* will need to do so with due skill, care and diligence (in line with *Principle 2*). *Firms* will need to be able to demonstrate that they have taken into account the relevant guidance and the intended outcomes when considering whether their own systems are in line with that guidance and comply with the *rules* in this section.

Co-operation with, and notifications to, the Money and Pensions Service

19.11.5 **R** A *firm* must:

- (1) cooperate with the *Money and Pensions Service* as far as is reasonably necessary to assist with the exercise of the *Money and Pensions Service’s* functions in relation to *pensions dashboard services*; and
- (2) comply with the service and operational *pensions dashboard standards*.

.....
- 19.11.9** **R** A *firm* must determine the *pensions dashboard matching criteria* to use for the *pensions dashboard matching process*:

 - (2) taking into account:
 - (a) the nature and quality of the *pensions dashboard find data* held by the *firm*; and
 - (b) the *firm's* preferred approach to preventing data breaches.
- 19.11.10** **R** A *firm* must make and maintain a record of the *pensions dashboard matching criteria* determined by the *firm* in **■ COBS 19.11.9R** for at least 6 years from the end of the calendar year to which the information relates.

 - (a) does not make contact with the *operator* of the *relevant pension scheme* regarding the *possible match* within 30 days of receiving the *limited form of administrative data*; or

- 19.11.14 **R** Where a *positive match* or a *possible match* is made but the *relevant pension scheme member* subsequently ceases to be a *relevant pension scheme member*, the *firm* must de-register the *pensions identifier* from the *Money and Pensions Service* as soon as possible.

- (1) the *firm* must provide a reason for the delay (in particular if there is a system error or a delay in calculation), in accordance with *pensions dashboard standards* relating to data; and

- 19.11.32** R The *value data* must:
- (1) be from:
- (a) a *pension benefits statement* provided to the *relevant pension scheme member* within the last 13 *months*, even if the values in that *pension benefits statement* were calculated more than 13 *months* ago, and whether or not such a calculation was done in response to an earlier *pensions dashboard view request*; or

- (3) whether the value displayed contains any *safeguarded benefits*;
- (4) whether the value displayed includes any spouse's or civil partner's or dependant's benefits; and
- (5) whether the benefits, once in payment, could be subject to change;
- (6) the type of illustration provided, as referred to in the *pensions dashboard standards* on data;
- (7) the date from when a benefit is to be payable or, where benefits are to be paid in *tranches*, the date from when each *tranche* of benefit is to be payable;
- (8) if a pension benefit is payable for a fixed term, the date that the benefit is payable to (although benefits payable until death should leave the 'to' date blank);
- (9) additional information to help the *relevant pension scheme member* better understand their *value data*, including whether:
 - (a) the benefits are *hybrid pension benefits*;
 - (b) the pension may increase or decrease in payment;
 - (c) the pension may stop paying out or reduce at a certain age;
 - (d) if there are multiple *tranches* of benefits, more than one *retirement date* has been used to calculate the value;

19.12 Non-workplace pensions: default options and cash warnings

Definitions

19.12.1

R

In ■ COBS 19.12:

- (1) 'cash warning' is the warning in ■ COBS 19.12.31R;
- (2) 'distributes' includes having an arrangement with a third party to arrange an *investment*, or to promote *platform services* that distribute *investments*;
- (3) 'filtering tool' means a tool whereby a *firm* makes the list of the *investments* it sells easier to search by allowing the *customer* to filter products based on factors presented by the *firm* and selected by the *customer*, and showing to the *customer* the *investments* that meet the factors selected by the *customer*; and
- (4) 'pre-purchase questioning tool' means a tool which involves putting a sequence of questions in order to extract information from a *person* to help them best select an *investment* that meets their needs. A decision tree is an example of a pre-purchase questioning tool. The process of going through the questions will usually narrow down the range of options that are available.

Application of default option rules

19.12.2

R

■ COBS 19.12.10R to ■ COBS 19.12.22G apply to an *operator* of a *non-workplace pension scheme* that:

- (1) offers, distributes or promotes *investments*, or promotes *platform services* that distribute *investments*, in relation to their inclusion in a *non-workplace pension* of the *operator*; or
- (2) accepts, for inclusion in a *non-workplace pension*, *investments* which are offered, distributed or promoted by another *person* where that other *person*, or another *person* connected to it, also arranges for the *retail client* to enter into the *non-workplace pension* with the *operator*.

19.12.3

G

The effect of ■ COBS 19.12.2R is that ■ COBS 19.12.10R to ■ COBS 19.12.22G:

- (1) do not apply where an *operator* only *arranges* an *investment* for inclusion in, or the provision of *platform services* in respect of, a *retail client's non-workplace pension*, at the request of the *retail client*. In these circumstances, therefore, the *operator* does not offer, distribute

or promote any *investments*, nor does it promote *platform services* that distribute *investments*.

- (2) apply where an *operator* accepts, for inclusion in a *retail client's non-workplace pension*, an *investment* offered, distributed or promoted by a third party, including a *platform services provider* or an introducer, where that third party or someone connected to that third party also arranges for the *retail client* to enter into the *non-workplace pension* with the *operator* unless the *retail client* has received or will receive, either as part of transactional or ongoing advice, a *personal recommendation* in relation to the *investment* of their contributions to, or assets in, the *non-workplace pension* (see ■ COBS 19.12.5R).

19.12.4

R

■ COBS 19.12.10R to ■ COBS 19.12.22G do not apply where an *operator* starts treating a *retail client's* workplace pension arrangements as a *non-workplace pension* after the *retail client* has become a deferred member of the relevant *qualifying scheme*, so long as the *firm* does not offer, distribute or promote to the *retail client* any *investments* or *platform services* other than those available in connection with the former workplace pension arrangements, including the *default arrangement* and any *investments* available on a self-select basis.

Exclusion from default option rules in relation to advised clients

19.12.5

R

■ COBS 19.12.10R to ■ COBS 19.12.22G do not apply in relation to a *non-workplace pension* where the *firm* has determined, on reasonable grounds, that the *retail client*:

- (1) has received or will receive, either as part of transactional or ongoing advice, a *personal recommendation* in relation to the investment of their contributions to, or assets in, the *non-workplace pension*; or
- (2) has appointed an *investment manager* in relation to the investment of the *retail client's* contributions to, or assets in, the *non-workplace pension*.

19.12.6

G

A *firm* will not have reasonable grounds to determine that a *retail client* has received, or will receive, a *personal recommendation* for the purpose of ■ COBS 19.12.5R(1) if the determination is based solely on information that:

- (1) is over 12 *months* old;
- (2) the *retail client* is in, or transferring from, an advised product; or

- (3) the *retail client* provides *remuneration* to an *adviser* in relation to other *investments*.

Application of cash warning rules

19.12.7 **R** ■ COBS 19.12.23R to ■ COBS 19.12.33G apply to an *operator* of a *non-workplace pension scheme*.

19.12.8 **R** ■ COBS 19.12.23R to ■ COBS 19.12.33G do not apply in relation to a *non-workplace pension* where the *firm* has determined, on reasonable grounds, that the *retail client* has appointed an *investment manager* in relation to the investment of their contributions to, or assets in, the *non-workplace pension*.

Purpose

- 19.12.9 **G**
- (1) The purpose of this section is to specify the circumstances where a *firm* must:
 - (a) offer a *default option* to a *non-advised client* in connection with their *non-workplace pension*; and
 - (b) provide warnings to a *retail client* who has invested, for a sustained period of time, over a certain percentage of their *non-workplace pension* in *cash-like investments*.
 - (2) The *default option* rules in ■ COBS 19.12 are designed to help *non-advised clients* who are generally unable or unwilling to engage with *investment* decisions, or find it difficult to identify appropriate *investments* for inclusion in their *non-workplace pensions*, including where questionnaires or filtering tools are used. The purpose of the rules in ■ COBS 19.12 is to help these *non-advised clients* to choose an appropriate *investment option*.

Requirement to offer a default option

19.12.10 **R** A *firm* must offer its *retail clients* a *default option* for inclusion in the *non-workplace pensions* it operates for those clients.

19.12.11 **R** A *firm* must not:

- (1) offer more than one *default option* to each *retail client*; or
- (2) make the decision as to which *default option* to offer to each *retail client* by depending on the *retail client's* answers to questions set out in a pre-purchase questioning tool or a filtering tool.

19.12.12 **G** A *firm* may, as a single *default option*, offer a series of different *target date funds* that depend on *retail clients'* target retirement dates.

When and where to offer a default option

19.12.13 **R** A *firm* must offer the *default option*:

- (1) at the time the *retail client* enters into the *non-workplace pension* operated by the *firm* (regardless of whether an initial cash contribution is made at this stage); and

- (2) again at the time the *retail client* makes their initial cash contribution (if one has not already been made on entry) into the *non-workplace pension*,

unless the *retail client* is, at the point of entry into the *non-workplace pension* with the *firm*, only transferring in *investments* they already hold elsewhere and will continue to use the investment strategy associated with those *investments* when making requests of the *firm*.

19.12.14 **G** Where a *retail client*:

- (1) makes their initial cash contribution at the point of entry into the *non-workplace pension* with the *firm*, the *firm* will need to bring the existence of the *default option* to the attention of the *retail client* at that stage; and
- (2) makes their initial cash contribution after the point of entry into the *non-workplace pension* with the *firm*, the *firm* will need to comply with **COBS 19.12.13R** by offering the *default option* both at the stage at which the *client* enters the *non-workplace pension* and again at the point they make their initial cash contribution.

19.12.15 **R** Additionally, where a *firm*, or any other person involved in the offer, distribution or promotion of *investments* for inclusion in a *non-workplace pension* of the *firm*:

- (1) sets out, in menus or otherwise, the other *investments* available to the *retail client* for inclusion in their *non-workplace pension*, the *firm* must set out the *default option* in a location most likely to bring it to the attention of that *retail client*;
- (2) makes available pre-purchase questioning tools or filtering tools that enable a *retail client* to select *investments* for inclusion in their *non-workplace pension*, the *firm* must set out the *default option* alongside those tools.

19.12.16 **G** It is unlikely that complying with **COBS 19.12.15R(1)** would require a *firm* to set out the *default option* in every menu, or in every level of a menu, where other *investments* are set out.

How to present the default option

19.12.17 **R** A *firm* must present a *default option*:

- (1) when complying with **COBS 19.12.13R**, prominently and on a standalone basis; and
- (2) when complying with **COBS 19.12.15R**, with at least equal prominence to any other *investment*, pre-purchase questioning tool or filtering tool made available to *retail clients* alongside the *default option*.

19.12.18 **R** When complying with **COBS 19.12.13R** and **COBS 19.12.15R**, a *firm* must ensure that it:

- (1) labels a *default option* in a sufficiently clear way to give an indication of the nature of it and also to distinguish it from the *firm's* other offerings;
- (2) sets out, in a clear and prominent way, the aims of the *default option*, explains that the *default option* has been designed to meet the needs, objectives and characteristics of a typical *non-advised client* in the target market for the *default option*, and sets out what the *manufacturer* considers those needs, objectives and characteristics to be; and
- (3) makes it clear that the *default option* is not tailored to the specific needs, objectives or characteristics of each *retail client*, and that if the *retail client*:
 - (a) considers that their needs, objectives and characteristics may fall outside those of the typical *non-advised client* in the target market as described by the *firm*, they may wish to consider other investment options;
 - (b) wishes to ensure that the *non-workplace pension* and any *investments* included in it (including the *default option*) are suitable for them, the *retail client* should consider seeking *investment advice*.

Preparing to offer a default option

- 19.12.19 **R** A *firm* must be in a position to offer a *default option* in good time before it has to offer the *default option* pursuant to **COBS 19.12.10R**, in order to allow for sufficient internal product governance.
- 19.12.20 **G** The *default option* may be *manufactured* by either the *operator* alone, by another *firm*, or by both, and *distributed* by either the *operator* alone, or by the *operator* and another *firm*.
- 19.12.21 **G** *Manufacturers* and *distributors* of *default options* must comply with the applicable product governance requirements in *PROD*. Where the manufacturing is done by another *firm* (either alone or with the *operator*), the *operator* is still responsible for the obligations under **COBS 19.12.10R** to **COBS 19.12.18R**.
- 19.12.22 **G**
 - (1) Where *firms* decide to replace a *default option*, they may need to consider whether it would be appropriate to transfer existing clients to the new *default option*.
 - (2) This may be the case, for example, if the transfer is required to prevent consumer harm and avoid risking non-compliance with our *rules*, for example *Principle 6*. This could be the case where *firms* determine that the *default option* no longer meets the applicable product governance requirements in *PROD* and existing clients are likely to suffer harm as a result.
 - (3) If *firms* decide to transfer existing clients to a new *default option*, they will need to consider the information needs of their clients, and communicate to them appropriately and in good time, in a manner that is clear, fair and not misleading.

- (4) *Firms* are required to have appropriate contractual arrangements in place (including contractual powers that are fair and transparent and comply with the *CRA*) to enable them to transfer existing *clients* to a new *default option* and to comply with their obligations under the *regulatory system*.

Cash warnings: conditions

19.12.23 R

At least once during every 3-month period, for each of the *non-workplace pensions* that *retail clients* have entered into with the *firm*, the *firm* must assess whether the following conditions are met at the time of the assessment:

- (1) more than 25% of the *non-workplace pension* is invested in *cash-like investments*, excluding any *cash-like investments* held in connection with *lifestyling* or within a *target date fund*;
- (2) the amount of the cash holding in (1) is greater than £1,000;
- (3) the conditions in (1) and (2) were also met in all the other assessments carried out during the 6-month period preceding the day of the assessment; and
- (4) the *retail client* is more than 5 years away from:
 - (a) normal minimum pension age, as defined in primary legislation from time to time; or
 - (b) if lower, a protected pension age.

19.12.24 R

For the purposes of ■ COBS 19.12.23R, the start of the 3-month period is

- (1) initially determined by reference to the date members enter into their *non-workplace pensions* with the *firm*; and
- (2) after the initial 3-month period, by reference to the date when, for each *retail client*, the *firm* last carried out, or should have carried out, the assessment under the *rule*.

Cash warnings: timing

19.12.25 R

If all the conditions in ■ COBS 19.12.23R are met, the *firm* must provide the *retail client* with a cash warning within an appropriate timeframe after the date when the assessment in that *rule* was carried out.

19.12.26 G

For the purposes of ■ COBS 19.12.25R, an 'appropriate timeframe' is likely to be within 3 months of carrying out the assessment in ■ COBS 19.12.23R, unless the current market conditions would make it inappropriate to warn the *retail client* about their cash holdings within that timeframe, although providing the cash warning later than 6 months after the date of the assessment is unlikely to be appropriate.

19.12.27 R

If a *firm* has provided a cash warning pursuant to ■ COBS 19.12.25R, the requirement in ■ COBS 19.12.25R does not apply again until after 1 year of the *firm* providing the previous cash warning.

19.12.28 G Notwithstanding ■ COBS 19.12.27R, a *firm* can choose to provide a new cash warning during the year following the previous cash warning, in which case ■ COBS 19.12.27R would apply from the date when the new cash warning is provided.

19.12.29 G Where the condition in ■ COBS 19.12.23R(4) is no longer met, a *firm* should consider whether it would be appropriate to keep providing the cash warning up until the time a *retail client* accesses their pension.

19.12.30 G A *firm* may send the cash warning with other client communications, provided that the cash warning is included in a document separate to those other client communications.

Cash warning: form and content

19.12.31 R The cash warning at ■ COBS 19.12.25R must:

- (1) be provided in a *durable medium*;
- (2) using plain language, warn the *retail client* that:
 - more than 25% of their *non-workplace pension* is invested in *cash-like investments*; and
 - the value of their *non-workplace pension* is at risk of being eroded by inflation;
- (3) include a generic example (provided as an explanation, an illustration or both) of how inflation erosion would affect a £10,000 cash pot over 10 years, assuming 0% interest and using a measure of inflation generally accepted in the *United Kingdom*; and
- (4) inform the *retail client* that they should consider whether their current investments are likely to grow sufficiently to meet their objectives.

19.12.32 G The *firm* should also:

- (1) inform the *retail client* that:
 - (a) the cash warning is not advice or a substitute for it; and
 - (b) the value of any *investment* can fall as well as rise;
- (2) explain to and/or illustrate for the *retail client* that different types of *investment* have a different balance of risk to potential gain; and
- (3) include in the cash warning a statement to the effect that, where applicable, the *firm* makes available *investments* for inclusion in *non-workplace pensions*, including the *default option*.

19.12.33 G In the *FCA's* view, the Consumer Prices Index is a national index of retail prices and so may be used as a measure of the current inflation rate for the purposes of ■ COBS 19.12.31R(3).

Record keeping**19.12.34** **G**

A *firm* to which the record-keeping rules in ■ SYSC 3 (Systems and controls) or ■ SYSC 9 (Record-keeping) apply will need to maintain a record of its compliance with the requirements in this ■ COBS 19.12 section including, where relevant, how it has determined on reasonable grounds (including records of the evidence it has relied upon) that, in accordance with ■ COBS 19.12.5R, a *retail client* is not a *non-advised client*.

19.12.35 **R**

A *firm* must also maintain a record of:

- (1) the number of *non-advised clients* entering into a *non-workplace pension* with the *firm* each year;
- (2) the number of those *retail clients* in (1) who chose the *default option*;
- (3) the number of *retail clients* not included in (1) that choose the *default option* each year, distinguishing between *retail clients* who were *clients* of the *firm* before ■ COBS 19.12.10R to ■ COBS 19.12.22G came into force and those who became *clients* later;
- (4) the volume of contributions made by *retail clients* to the *default option* each year;
- (5) the volume of assets under management attributable to the *default option*;
- (6) a description of the product approval process for the *default option* and of any reviews undertaken in compliance with ■ PROD 6;
- (7) in relation to cash warnings, differentiating between advised clients and *non-advised clients*, as well as between those *retail clients* who were *clients* of the *firm* before ■ COBS 19.12.23R to ■ COBS 19.12.33G came into force and those who became *clients* later:
 - (a) the dates when assessments were carried out, alongside the number of *retail clients* assessed on those dates;
 - (b) of the *retail clients* in 7(a), the number who met the conditions at ■ COBS 19.12.23R; and
 - (c) of the *retail clients* in 7(b), the number who continue to meet the conditions at ■ COBS 19.12.23R in subsequent assessments.

Appropriate pension transfer analysis

This annex belongs to ■ COBS 19.1.2BR.

[Note: The FCA has also issued non-Handbook guidance for firms who advise on pension transfers. See <https://www.fca.org.uk/publication/finalised-guidance/fg21-3.pdf>]

appropriate pension transfer analysis

R

- 1 In preparing an *appropriate pension transfer analysis*, a firm must:
 - (1) use rates of return which reflect the investment potential of the assets in which the *retail client's* funds would be invested under the *proposed arrangement*;
 - (2) where the *proposed arrangement* includes a UK lifetime *pension annuity* that is being purchased on normal terms, use the assumptions in COBS 19 Annex 4C 1R(2) to assess the benefits likely to be paid under the *proposed arrangement*;
 - (3) use the assumptions in COBS 19 Annex 4C 1R(4) to project the level of income likely to be paid under the *ceding arrangement* at the point of retirement;
 - (4) take into account:
 - (a) the impact of the proposed transfer on the tax position of the *retail client*, particularly where there would be a financial impact from crossing a tax threshold or entering a new tax band;
 - (b) the impact (if any) on the *retail client's* access to state benefits;
 - (5) have regard to the likely pattern of benefits that might be taken from both the *ceding arrangement* and the *proposed arrangement*;
 - (6) undertake any comparisons of benefits and options consistently;
 - (7) plan for a reasonable period beyond average life expectancy particularly where a longer period would better demonstrate the risk of funds not lasting throughout retirement;
 - (8) consider how each of the arrangements would play a role in:
 - (a) meeting the *retail client's* income needs throughout retirement (relative to other means available to meet those needs);
 - (b) the provision of death benefits, where relevant (including by providing comparisons on a fair and consistent basis between the *ceding* and *proposed arrangement* both at present and at various future points in time);
 - (9) consider the trade-offs that may occur by prioritising differing *client* objectives (e.g. prioritising income needs throughout retirement over the provision of death benefits and vice-versa); and
 - (10) use more cautious assumptions where appropriate.

G

- 2
 - (1) When making assumptions about the rate of return under COBS 19 Annex 4A 1R(1), a firm should consider consistency with other assumptions (such as inflation and exchange rates).
 - (2) COBS 19 Annex 4A 1R(1), 1R(2) and 1R(3) do not prevent a firm from preparing the *appropriate pension transfer analysis* on additional assumptions (such as to demonstrate variability of returns) as long as such analyses are not given more prominence than an analysis prepared in accordance with this Annex.

- (3) When providing an indication of life expectancy or mortality which is not linked to an annuity, *firms* should use appropriate published population statistics which allow for future cohort mortality improvements, such as those published by the Office for National Statistics.
- (4) When the *proposed arrangement* includes a *pension annuity*, the assumptions in COBS 19 Annex 4C 1R(2) may not always be relevant (for example, if the *retail client* is considering a transfer to access an impaired life annuity or an overseas annuity). In such circumstances the *firm* should assess the benefits likely to be paid under the *proposed arrangement* in an alternative way (for example by obtaining quotations).

Charges used for the *appropriate pension transfer analysis*

R

- 3 An *appropriate pension transfer analysis* must take account of all charges that may be incurred by the *retail client* as a result of a *pension transfer* or *pension conversion* and subsequent access to funds following such a transaction, other than:
- (1) *adviser charges* paid by a third party (e.g. an employer); and
 - (2) *adviser charges* that would be payable whether the *pension transfer* or *pension conversion* happened or not.

G

- 4 The charges in COBS 19 Annex 4A 3R include, but are not limited to, any of the following:
- (1) product charges, including those on any investments within the product;
 - (2) *platform charges*;
 - (3) *adviser charges* in relation to the *personal recommendation* and subsequently during the pre-retirement period as well as at benefit crystallisation and beyond, where likely to be relevant; and
 - (4) any other charges that may be incurred if amounts are subsequently withdrawn.

Cashflow model

R

- 5 Where a *firm* prepares a cashflow model, it must:
- (1) produce the model in real terms in line with the CPI inflation rate in COBS 19 Annex 4C1R (4)(d);
 - (2) (if the net income is being modelled) ensure that the tax bands and tax limits applied are based on reasonable assumptions;
 - (3) take into account all relevant tax charges that may apply in both the *ceding arrangement* and the *proposed arrangement*; and
 - (4) include stress-testing scenarios to enable the *retail client* to assess more than one potential outcome.

Transfer value comparator

R

- 1
- The firm must:
- (1)

revalue the future income benefits in COBS 19.1.3AR(1) by projecting them to the date they would normally be paid in accordance with the assumptions in COBS 19 Annex 4C 1R(4);
- (2)

determine the estimated future cost of the *pension annuity* in accordance with the assumptions in COBS 19 Annex 4C 1R(2); and
- (3)

apply the rate of return and charges in COBS 19 Annex 4C 2R to the amount determined in (2) to determine the estimated value needed at the calculation date.

Assumptions

This annex belongs to ■ COBS 19.1.2BR and ■ COBS 19.1.3AR.

[Note: The FCA has also issued non-Handbook guidance for firms who advise on pension transfers. See <https://www.fca.org.uk/publication/finalised-guidance/fg21-3.pdf>]

Assumptions

R

- 1
- (1)

A firm must use the assumptions in (2) when:

(a)

the *proposed arrangement* includes a *pension annuity* and COBS 19 Annex 4A 1R(2) applies; or

(b)

it determines the estimated cost of future income benefits as a *pension annuity* under COBS 19 Annex 4B 1R(2) or COBS 19 Annex 4B 2R(2).
- (2)

The assumptions are:

(a)

the index-linked annuity interest rate for pension benefits linked to the *RPI* is the average of the previous 3 *months'* intermediate rate of return in COBS 13 Annex 2 3.1R(6) for annuities linked to the *RPI* (using the 6th day of any *month* as the starting point for calculation purposes), but determined as if the annual provision applies on the 15th of each *month*;

(b)

the index-linked annuity interest rate for pension benefits linked to the *CPI* is the annuity rate in (a) plus 1.0%;

(c)

the annuity interest rate is the average of the previous 3 *months'* intermediate rate of return in COBS 13 Annex 2 3.1R(6) for annuities with a level or fixed rate of increase (using the 6th day of any *month* as the starting point for calculation purposes), but determined as if the annual provision applies on the 15th of each *month*;

(d)

the annuity interest rate for post-retirement *limited price indexation* based on the *RPI* with maximum pension increases less than or equal to 3.5%, or with minimum pension increases more than or equal to 3.5%, is the rate in (c) allowing for increases at the maximum or minimum rate of pension increase respectively; otherwise it is the rate in (a);

(e)

the annuity interest rate for post-retirement *limited price indexation* based on the *CPI* with maximum pension increases less than or equal to 2.5% or with minimum pension increases more than or equal to 3.0%, is the rate in (c) above allowing for increases at the maximum or minimum rate of pension increase respectively; otherwise it is the rate in (b) above;

(f)

the mortality rate used to determine the annuity is based on the year of birth rate derived from each of the Institute and Faculty of Actuaries' Continuous Mortality Investigation tables PMA16 and PFA16 and including mortality improvements derived from each of the male and female annual mortality projections models, in equal parts;

(g)

the annuity expense allowance is:4.0%

(h)

the *transfer value comparator* should be calculated on the basis that:

(i)

a female member of the scheme has a male spouse or partner who is 3 years older; or

(ii)

a male scheme member has a female spouse or partner who is 3 years younger.

- (3) A *firm* must use the assumptions in (4) when it:
- (a) projects the level of income likely to be paid under the *ceding arrangement* at the point of retirement under COBS 19 Annex 4A 1R(3); or
 - (b) revalues the future income benefits in COBS 19.1.3AR(1) by projecting them to the date they would normally be paid under COBS 19 Annex 4B 1R(1).
- (4) The assumptions are:
- (a) the *RPI* is: 3.0%
 - (b) the average earnings index and the rate for section 148 orders is: 3.5%
 - (c) for benefits linked to the *RPI*, the pre-retirement *limited price indexation* revaluation is: 3.0%
 - (d) for benefits linked to the *CPI*, the pre-retirement *limited price indexation* revaluation is: 2.0%

[**Note:** section 148 orders are orders made by the Secretary of State under section 148 of the Social Security Administration Act 1992. Section 148(7) of this Act provides that orders made previously under section 21 of the Social Security Pensions Act 1975 will be treated as orders made under section 148.]

Rate of return and charges

R

- 2
- (1) This *rule* applies for the purposes of COBS 19 Annex 4B 1R(3).
 - (2) The rates of return for valuing future income benefits between the date of calculation and the date when the future income benefits would normally come into payment must be based on the fixed coupon yield on the UK FTSE Actuaries Indices for the appropriate term.
 - (2A) The fixed coupon yields in (2) are derived using the appropriate term from one of the following indices:
 - (a) up to 5 years;
 - (b) up to 5-10 years;
 - (c) up to 10-15 years; or
 - (d) over 15 years.
 - (3) The product charges prior to *future income benefits* coming into payment must be assumed to be: 0.4%
 - (4) The fixed coupon yields in (2) are updated on the 6th day of each month based on the yield that applied on the 15th day of the previous month.

Mortality rate

E

- 3
- (1) This *rule* applies for the purposes of COBS 19 Annex 4C 1R(2)(f).
 - (2) For any year commencing 6 April, the male and female annual CMI Mortality Projections Models in the series CMI (20YY-2)_M_[1.25%] and CMI (20YY-2)_F_[1.25%], where YY-2 is the year of the Model, should be used.
 - (3) Contravention of (2) may be relied on as tending to establish contravention of the *rule* referred to in (1).

1.2 [deleted]

1.3[deleted]

Table 1

This table belongs to COBS 19 Annex 5 1.1R.

You have been offered a cash equivalent transfer value of £120,000 in exchange for you giving up any future claims to a pension from the scheme.

Will I be better or worse off by transferring?

- We are required by the Financial Conduct Authority to provide an indication of what it might cost to replace your scheme benefits.
- We have done this by looking at the amount you might need to buy the same benefits from an insurer.

It could cost you £140,000 to obtain a comparable level of income from an insurer.

This means the same retirement income could cost you £20,000 more by transferring.

See 'Notes' on the next page for a detailed explanation of this information.

Table 2

This table belongs to COBS 19 Annex 5 1.2R.

Notes

- 1. *The estimated replacement cost of your pension income is based on assumptions about the level of your scheme income at normal retirement age (or the retirement age assumed in the calculation of the transfer value if you have passed the normal retirement age or the earliest age at which you can take unreduced benefits without consent being required) and the cost of replacing that income (including spouse’s benefits) for an average healthy person using today’s costs.*
- 2. *The estimated replacement value takes into account risk free investment returns after any product charges that you might be expected to pay.*
- 3. *No allowance has been made for taxation or adviser charges prior to benefits commencing.*

- (a) no more than 2 years has passed since the *firm* has connected to the *MaPS dashboards digital architecture*;
- (b) a value in accordance with (1) above could not be provided within the timescales required under COBS 19.11.29R(2) without disproportionate cost and within a reasonable time; and
- (c) the *firm* is content that the simplified *accrued pension value* in (2) is an appropriate representation of the value of the benefits.

2.3

- (1) The *value data* described within this section may be provided as an income or a fixed lump sum or both, where a fixed lump sum is the actuarial value of a benefit which is designed to be taken as a lump sum.
- (2) Where the *value data* set out in 2.1 and 2.2 is comprised of *tranches*, a *firm* must provide:
 - (a) whichever of the following it considers would provide the best representation of the benefit:
 - (i) a combined value covering all the *tranches* of benefit, along with a single common *retirement date*; or
 - (ii) a separate set of values for different combinations of *tranches* of benefits, along with a *retirement date* in relation to each; and
 - (b) in accordance with the *pensions dashboard standards* on data, an explanation of the circumstances in which a benefit referred to may cease or reduce from a certain age.

Cash balance benefits

R

3

This section sets out the *value data* required in relation to a *relevant pension scheme member* with *cash balance benefits*.

3.1

In respect of an *active pension scheme member*, the *value data* required is:

- (1) an *accrued pension fund value* calculated in accordance with the *relevant pension scheme's* rules valued to the *illustration date* and without regard to possible increases in earnings;
- (2) a *projected pension fund value* calculated in accordance with the *relevant pension scheme's* rules and without regard to possible increases in earnings, that would be payable from the date benefits are payable if the *relevant pension scheme member* was to cease to accrue benefits in the *relevant pension scheme* on reaching their *retirement date*;
- (3) an *annualised accrued pension value*, which is:
 - (a) based on the *accrued pension fund value* referred to in (1) above; and
 - (b) prepared using the methodology set out in the *relevant pension guidance*, less the elements regarding future contributions and growth and calculated as if the *relevant pension scheme member* has reached their *retirement date* on the *illustration date*; and
- (4) an *annualised projected pension value* which is:

	(a)	based on the <i>projected pension fund value</i> referred to in (2) above; and

	(2)	an <i>annualised accrued pension value</i> based on the <i>relevant pension scheme</i> rules and calculated as if the <i>relevant pension scheme member</i> has reached their <i>retirement date</i> on the <i>illustration date</i> .
Hybrid benefits		
R		
4	This section sets out the <i>value data</i> required in relation to a <i>relevant pension scheme member</i> with <i>hybrid benefits</i> .	
4.1	In respect of a <i>relevant pension scheme member</i> with <i>hybrid benefits</i> , the <i>value data</i> required is that which the <i>firm</i> considers best represents the value of the <i>relevant pension scheme member's</i> benefits under the scheme, calculated in accordance with what the <i>firm</i> considers to be the appropriate methodology from COBS 19 Annex 6 1R to COBS 19 Annex 6 3R above and indicating which methodology it has applied to the calculation for each benefit.	

Chapter 20

With-profits

20.1 Application

- 20.1.1** **R** This chapter applies to a *firm* carrying on *with-profits business*, except to the extent modified in the following *rules*.
- 20.1.2** **R**
- (1) The section on the process for *retribution* (■ COBS 20.2.42 R to ■ COBS 20.2.52 G):
 - (a) applies to a *firm* that is proposing to make a *retribution* of its *inherited estate*;
 - (b) but not if, and to the extent that, it would require the *firm* to breach, or would prevent the *firm* from complying with, an order made by a court of competent jurisdiction.
 - (2) If a *firm* proposes to seek an order from a court of competent jurisdiction that would allow or require it to act in a way that is contrary to the *rules* on *retribution* (■ COBS 20.2.42 R to ■ COBS 20.2.52 G) (through, or because of, the exception in (1)(b)), the *firm* must:
 - (a) tell the *appropriate regulator* that that is what it proposes to do;
 - (b) seek the order at the earliest opportunity; and
 - (c) if it wishes to take a step that would be contrary to those *rules* in anticipation of such an order, secure a *waiver* before it does so.
- 20.1.3** **R** [deleted]
- 20.1.3A** **R**
- 20.1.4** **R** The following do not apply to a *non-directive friendly society*:
- (1) ■ COBS 20.3 (Principles and Practices of Financial Management);
 - (2) ■ COBS 20.4 (Communications with with-profits policyholders); and
 - (3) ■ COBS 20.5 (With-profits governance).
- 20.1.5** **R** This chapter does not apply to *with-profits business* that consists of effecting or carrying out *Holloway sickness policies*.

20.1A The with-profits fund

‘Other liabilities’ in the with-profits fund

20.1A.1

R

For the purposes of calculating any *with-profits funds surplus* and the *rules and guidance* in ■ COBS 20, including ■ COBS 20.1A.5 R, ■ COBS 20.1A.6 R and ■ COBS 20.2.17C R, a *firm* must include the following non-exhaustive list as ‘other liabilities’:

- (1) liabilities arising from its regulatory duty to treat *customers* fairly (where not already included in *technical provisions*); and
- (2) the value of any prospective future transfers out of the *with-profits fund* properly attributable to shareholders in accordance with ■ COBS 20.

Sub-funds

20.1A.2

R

(1) Where the *firm*:

- (a) identifies particular assets as forming a distinct part of its *with-profits fund*; and
- (b) restricts participation in the profits or other experience of that distinct part of the fund to a particular category of *with-profits policies*;

then, provided that:

- (c) such identification and restriction is consistent with the considerations in (3), and
- (d) the *firm* treats each affected category of *with-profits policyholder* fairly, having regard to those considerations;

each such part constitutes a separate *with-profits fund*.

- (2) Notwithstanding (1), each different part of its *with-profits fund* constitutes a separate *with-profits fund* if that is necessary in order to treat each affected category of *with-profits policyholder* fairly, having regard to the considerations in (3).
- (3) The considerations referred to in (1) and (2) are the terms of the relevant *with-profits policies*; the *firm's* established practice; its *PPFM* and/or other relevant communications to affected *with-profits policyholders*, and the terms of any arrangement formally approved by a court of competent jurisdiction, *appropriate regulator* or *previous regulator*.

20.1A.3 R

- (1) For a *Solvency II firm* operating a with-profits fund prior to 1 January 2016:
- (a) assets in the with-profits fund held in accordance with *INSPRU* on 31 December 2015 are deemed to be items in a *with-profits fund* for the purposes of ■ COBS 20 from 1 January 2016, provided that any transfers out of, and any outgoings from, the fund up to 31 December 2015 were made in accordance with, and/or do not as at 31 December 2015, constitute, or continue to constitute, a breach of ■ INSPRU 1.5.21 R and ■ INSPRU 1.5.27 R;
 - (b) any assets transferred out of the fund in breach of ■ INSPRU 1.5.21 R and ■ INSPRU 1.5.27 R are deemed not to have been transferred out of the fund and remain part of the *with-profits fund*;
 - (c) to the extent that the assets in (b) have also been transferred out of the *firm* then, before (a) can apply to the *firm*, the *firm* must transfer into the *with-profits fund* assets equal to the value of the assets referred to in (b), and of a similar quality, having regard to the PRA Rulebook: Solvency II Firms: Investments.
- (2) *Firms* to which (1)(a) applies must, in any event, comply with ■ COBS 20.1A.2 R. Paragraph (1)(a) does not apply to the extent that it would be inconsistent with the operation of ■ COBS 20.1A.2 R where the effect is to require a *firm* to create or make changes to sub-funds amounting to separate *with-profits funds*.

Governance arrangements for the with-profits fund

20.1A.4 R

A *Solvency II firm* effecting or carrying out *with-profits insurance business* must identify the assets relating to all the business written in, or transferred into, each *with-profits fund* which it is required to hold under ■ COBS 20.1A.5 R or PRA Rulebook: Solvency II firms: With Profits rule 2.1.

20.1A.5 R

A *Solvency II firm* must ensure that it holds assets in each of its *with-profits funds* of a value at least sufficient to cover the "with-profits policy liabilities" defined in the PRA Rulebook: Glossary and as required by PRA Rulebook: Solvency II firms: With Profits rule 2.1, and any other liabilities in respect of all of the business written in, or transferred into, that *with-profits fund*.

20.1A.6 R

A *Solvency II firm* must maintain separate accounting records for each of its *with-profits funds*. The accounting records must identify:

- (1) all of the assets of that *with-profits fund*;
- (2) the best estimate component of *technical provisions* for the *with-profits policies* written in, or transferred into, that *with-profits fund*;
- (3) the best estimate component of *technical provisions* for the *non-profit insurance contracts* written in, or transferred into, that *with-profits fund*;
- (4) any other liabilities of the *with-profits fund* not covered by (2) or (3), and their value calculated in accordance with PRA Rulebook: Solvency II Firms: Valuation and applicable parts of the *Solvency II Regulation* (EU) 2015/35 of 10 October 2014.

- 20.1A.7** **G** A *Solvency II* firm must ensure that the assets in its *with-profits funds* are separately identified and allocated to the relevant *with-profits fund* at all times. Assets in external accounts (e.g. with banks, custodians, or brokers) should be segregated in the *firm's* books and records into separate accounts for *with-profits insurance business* and other business. Where a *firm* has more than one *with-profits fund*, separate accounting records must be maintained for each fund. Accounting records should clearly document the allocation.
- 20.1A.8** **R** A *Solvency II* firm must not transfer assets out of a *with-profits fund* unless:
- (1) the assets represent any part of a *with-profits fund surplus*, or represent assets held in accordance with **■ COBS 20.1A.5 R** in relation to the part of a distribution that has been made which is properly attributable to shareholders, in accordance with **■ COBS 20**; and
 - (2) no more than three months have passed since the *actuarial investigation* determining that surplus.
- 20.1A.9** **G** For the purposes of **■ COBS 20.1A.8 R**, an *actuarial investigation* is required to determine any *with-profits fund surplus* for the requirements in **■ COBS 20** and remains in-date for three months from the date when the determination of the surplus was made. However, even where the investigation is still in-date, the *firm* should not make the transfer unless there is sufficient surplus at the time of the transfer to cover the value of the assets being transferred. The *actuarial investigation* carried out may rely, in part, on any relevant and sufficiently up-to-date valuation exercise carried out for the purposes of calculating *technical provisions* under the PRA Rulebook: *Solvency II Firms: Technical Provisions* and applicable parts of the *Solvency II Regulation* (EU) 2015/35 of 10 October 2014, provided that the person carrying out the *actuarial investigation* considers it appropriate to do so.
- 20.1A.10** **R**
- (1) A *Solvency II* firm must use or apply an asset in a *with-profits fund* only for the purpose of the business in the *with-profits fund*.
 - (2) For the purpose of (1), applying or using an asset includes any obligation (even if only contingent) to apply or use that asset.
- 20.1A.11** **R** A *Solvency II* firm must not agree to, or allow, any mortgage or charge on the assets in any of its *with-profits funds*, other than in respect of, and for the purposes of, the business in the *with-profits fund*.
- 20.1A.12** **G** References in **■ COBS 20.1A.10 R** and **■ COBS 20.1A.11 R** to 'the purposes of the business' in the *with-profits fund* include the payment of claims, expenses and liabilities arising from that business, the acquisition of lawful access to fixed assets to be used in that business and the investment of assets. The payment of liabilities may include repaying a loan but only where that loan was incurred for the purpose of the business written into the *with-profits fund*. The purchase or investment of assets may include an exchange at fair market value of assets (including cash) between the *with-profits fund* and other assets of the *firm*. A *Solvency II* firm may also lend securities held in a *with-profits fund* under a stock lending transaction, or transfer assets as collateral for a stock lending transaction, where the *firm* is the borrower and where such lending or transfer is for the benefit of the business written into the *with-profits fund*.

Management of the with-profits fund**20.1A.13** **R**

A *firm*, other than a *non-directive friendly society*, which is subject to contractual terms providing for payments under a capital instrument included in that *insurer's* own funds, must:

- (1) manage any *with-profits fund* so that discretionary benefits under a *with-profits policy* are calculated and paid, disregarding, insofar as is necessary for its *customers* to be treated fairly, any requirements in such contractual terms whether or not they are absolute, contingent or at the discretion of the *firm*; and
- (2) disclose its intention to manage the *with-profits fund* on the basis set out in (1) in the *firm's PPFM*.

20.1A.14 **G**

- (1) A *firm*, other than a *non-directive friendly society*, is expected to manage its *with-profits fund* so that amounts (whether interest, principal, or other outgoings) payable by the *firm* under a capital instrument included in that *insurer's* own funds (as determined in accordance with the PRA Rulebook: Solvency II Firms: Own Funds or Non-Solvency II firms: Insurance Company – Capital Resources) do not impact on the *with-profits fund's* assets or on the *firm's* ability to declare and pay under a *with-profits policy* discretionary benefits that are consistent with the *firm's* obligations under *Principle 6* (Customers' interests).
- (2) A *firm*, other than a *mutual*, should not regard any asset held in the *with-profits fund* as necessarily available to cover payments or other obligations arising under a subordinated loan.

20.1A.15 **R**

A *Solvency II firm* must ensure that it has adequate arrangements in place for ensuring that transactions affecting the assets of the *firm* operate fairly between *with-profits policyholders* and other persons interested in the other assets of the *insurer* and, where the *firm* has more than one *with-profits fund*, those transactions operate fairly between the *with-profits policyholders* in each of those funds.

20.2 Treating with-profits policyholders fairly

Introduction

- 20.2.1** G (1) *With-profits business*, by virtue of its nature and the extent of discretion applied by *firms* in its operation, involves numerous potential conflicts of interest that might give rise to the unfair treatment of *policyholders*. Potential conflicts of interest may arise between shareholders and *with-profits policyholders*, between *with-profits policyholders* and non-profit *policyholders* within the same fund, between *with-profits policyholders* and the members of mutually-owned *firms*, between *with-profits policyholders* and management, and between different classes of with-profits *policyholders*, for example those with and without guarantees. The *rules* in this section address specific situations where the risk may be particularly acute.
- (2) *With-profits policyholders* have an interest in the whole and in every part of the *with-profits fund* into which their *policies* are written and from which the amounts payable in connection with their *policies* are to be paid. Those amounts include those required to satisfy their contractual rights and such other amounts as the *firm* is required to pay in order to treat them fairly (including but not limited to the amounts required to satisfy their reasonable expectations).
- (3) The fair treatment of *with-profits policyholders* requires the *firm's* pay-outs on individual *with-profits policies* to be fair (see ■ COBS 20.2.3 R et seq.) and, if the *firm* makes a distribution from the *with-profits fund* into which their *policies* are written, the receipt by the *with-profits policyholders* of at least the *required percentage* (see ■ COBS 20.2.17 R).
- 20.2.1A** R A *firm* must take reasonable care to ensure that all aspects of its operating practice are fair to the interests of its *with-profits policyholders* and do not lead to an undisclosed, or otherwise unfair, benefit to shareholders or to other *persons* with an interest in the *with-profits fund*.
- 20.2.1B** G (1) Notwithstanding that there may not be a *rule* in the remainder of this section addressing a particular aspect of a *firm's* operating practices, *firms* will need to ensure that they take reasonable care to ensure that all aspects of their operating practice comply with ■ COBS 20.2.1A R.
- (2) For the avoidance of doubt ■ COBS 20.2.1A R does not exhaust or restrict the scope of *Principle 6*. *Firms* will in any event need to ensure that their operating practices are consistent with *Principle 6*.

20.2.1C **G** When considering the provisions in this chapter a *firm* will need to ensure that, if applicable, it complies with the with-profits governance requirements in ■ COBS 20.5.

20.2.1D **G** For the purposes of ■ COBS 20.2.1A R the *FCA* expects a *firm* to be able to demonstrate that it has taken reasonable care to ensure its operating practices are fair, including being able to produce appropriate evidence to show that it has followed relevant governance procedures.

20.2.2 **R** Neither *Principle 6* (Customers' interests) nor the *rules* on treating *with-profits policyholders* fairly (■ COBS 20.2) relieve a *firm* of its obligation to deliver each *policyholder's* contractual entitlement.

Amounts payable under with-profits policies

20.2.3 **R** A *firm* must have good reason to believe that its pay-outs on individual *with-profits policies* are fair.

Amounts payable under with-profits policies: Maturity payments

20.2.4 **G** In this section, maturity payments include payments made when a *with-profits policy* provides for a minimum guaranteed amount to be paid.

20.2.5 **R**

- (1) Unless a *firm* cannot reasonably compare a maturity payment with a calculated asset share, it must:
 - (a) set a target range for the maturity payments that it will make on:
 - (i) all of its *with-profits policies*; or
 - (ii) each group of its *with-profits policies*;
 - (b) ensure that each target range:
 - (i) is expressed as a percentage of unsmoothed asset share; and
 - (ii) includes 100% of unsmoothed asset share; and
 - (c) manage its *with-profits business*, and the business of each *with-profit fund*, with the aim of making on each *with-profit policy* a maturity payment that falls within the relevant target range.
- (2) Unsmoothed asset share means:
 - (a) the unsmoothed asset share of the relevant *with-profits policy*; or
 - (b) an estimate of the unsmoothed asset share of the relevant *with-profits policy* derived from the unsmoothed asset share of one or more specimen *with-profits policies*, which a *firm* has selected to represent a group, or all, of the *with-profits policies* effected in the same *with-profits fund*.
- (3) A *firm* must calculate unsmoothed asset share by:
 - (a) (i) for a *firm* which is not a *Solvency II firm*, applying the methods in ■ INSPRU 1.3.119 R to ■ INSPRU 1.3.123 R;
 - (ii) for a *firm* which is a *Solvency II firm*, applying the methods in PRA Rulebook: Solvency II Firms Valuation, Technical

Provisions and Surplus Funds and applicable parts of the *Solvency II Regulation* (EU) 2015/35 of 10 October 2014;

- (b) including any amounts that have been added to the *policy* as the result of a distribution from an *inherited estate*; and
- (c) subject to (d), and where the terms of the *policy* so provide, adding or subtracting an amount that reflects the experience of the *insurance business* in the relevant *with-profits fund*; but
- (d) if a *with-profits fund* has suffered adverse experience, which results from a *firm's* failure to comply with the *rules* and *guidance* on treating *with-profits policyholders* fairly (■ COBS 20.2.1 G to ■ COBS 20.2.41 G and ■ COBS 20.2.53 R to ■ COBS 20.2.60 G), that adverse experience may only be taken into account if, and to the extent that, in the reasonable opinion of the *firm's governing body*, the amount referred to in (c) cannot be met from:
 - (i) the *firm's inherited estate* (if any); or
 - (ii) any assets attributable to shareholders, whether or not they are held in the relevant *with-profits fund*.

20.2.6 R Notwithstanding that a *firm* must aim to make maturity payments that fall within the relevant target range, a *firm* may make a maturity payment that falls outside the target range if it has a good reason to believe that at least 90% of maturity payments on *with-profits policies* in that group have fallen, or will fall, within the relevant target range.

20.2.7 G If it is not fair or reasonable to calculate or assess a maturity payment using the *prescribed asset share methodology*, a *firm* may use another methodology to set bonus rates, if that methodology properly reflects its representations to *with-profits policyholders* and it applies that methodology consistently.

20.2.8 R A *firm* may make deductions from asset share to meet the cost of guarantees, or the cost of capital, only under a plan approved by its *governing body* and described in its *PPFM*. A *firm* must ensure that any deductions are proportionate to the costs they are intended to offset.

20.2.9 R If a *firm* has approved a plan to make deductions from asset share, it must ensure that its planned deductions do not change unless justified by changes in the business or economic environment, or changes in the nature of the *firm's* liabilities as a result of *policyholders* exercising options in their *policies*.

20.2.10 R If a *firm* calculates maturity payments using the *prescribed asset share methodology*, it must manage its *with-profits business*, and each *with-profits fund*, with the longer term aim that it will make aggregate maturity payments of 100% of unsmoothed asset share.

Amounts payable under with-profits policies: Surrender payments

20.2.11 G A *firm* may use its own methodology to calculate surrender payments, but it should have good reason to believe that its methodology produces a result

which, in aggregate across all similar policies, is not less than the result of the *prescribed asset share methodology*. A *firm* might, for example, test the surrender payments on a suitable range of specimen *with-profits policies*.

- 20.2.12** R If a *firm* calculates surrender payments using the *prescribed asset share methodology*, it must first calculate what the surrender payment would be if it was a maturity payment calculated by that methodology.
- 20.2.13** R A *firm* may then make a deduction from unsmoothed asset share if necessary, in the reasonable opinion of the *firm's governing body*, to protect the interests of the *firm's* remaining *with-profits policyholders*.
- 20.2.14** G Amounts that might be deducted include:
- (1) the *firm's* unrecovered costs, including any financing costs incurred in effecting or carrying out the surrendered *with-profits policy* to the date of surrender, including the costs that might have been recovered if the *policy* had remained in force;
 - (2) costs that would fall on the *with-profits fund*, if the surrender value is calculated by reference to an assumed *market value* of assets which exceeds the true *market value* of those assets;
 - (3) the *firm's* costs incurred in administering the surrender; and
 - (4) a fair contribution towards the cost of any contractual benefits due on the whole, or an appropriate part, of the continuing policies in the *with-profits fund* which would otherwise result in higher costs falling on the continuing *with-profits policies*.
- 20.2.15** G The provisions dealing with the calculation of surrender payments (■ COBS 20.2.11 G to ■ COBS 20.2.12 R) do not prevent a *firm* from setting a target range for surrender payments where the top-end of the range is lower than the top-end of the relevant range for maturity payments.
- 20.2.16** R A *firm* must not, in so far as is reasonably practicable, make a market value reduction to the face value of the units of an accumulating *with-profits policy* unless:
- (1) the *market value* of the *with-profits assets* in the relevant *with-profits fund* is, or is expected to be, less than the assumed value of the assets on which the face value of the units of the *policy* has been based; and
 - (2) the market value reduction is no greater than is necessary to reflect the impact of the difference in value referred to in (1) on the relevant payment out to the *policyholder*.
- 20.2.16A** G If a *firm* is able to satisfy ■ COBS 20.2.16R (1), then the volume of surrenders, transfers, or other exits from the *with-profits fund* that there has been, or is expected to be, is a factor that a *firm* may take into account when it is considering whether to make a market value reduction, and if so, its amount, subject to the limit in ■ COBS 20.2.16R (2).

Conditions relevant to distributions

- 20.2.16B** **G** References to distributions in ■ COBS 20 includes distributions of distributable profits arising, namely any permanent addition to *policy* benefits made at the *firm's* discretion based on the investment or other experience in the fund or more generally. Distributions include those relating to expected payments for which allowance has been made in the *technical provisions* or to a *firm's* other liabilities arising from its regulatory duty to treat *customers* fairly, and not just distributions of any *with-profits fund surplus*.
- 20.2.16C** **G** Examples of distributions include any payment of a cash bonus (including a final bonus on exit or a reduction in *premium*), or a declaration of a reversionary bonus in the form of a permanent addition to the benefits guaranteed to be payable at death or on maturity. In ■ COBS 20.2.21 R and ■ COBS 20.2.22 E (distributions from excess surplus) distributions also include any other amounts that are added to asset shares or to any other measure that is used to determine pay-outs under *policies*.
- 20.2.17** **R** A firm must ensure that the amount distributed to *policyholders* from a *with-profits fund*, taking into account any adjustments required by ■ COBS 20.2.17A R, is not less than the *required percentage* of the total amount distributed.
- 20.2.17A** **R**
- (1) Where a *firm* adjusts the amounts distributed to *policyholders*, either by market value reduction or otherwise, in a way that would result in a distribution to *policyholders* of less than the *required percentage*, taking both the relevant distributions and the adjustment into account, then the *firm* must apply a proportionate adjustment to amounts distributed to shareholders so that the distribution to *policyholders* will not be less than the *required percentage*.
 - (2) The adjustments referred to in (1) include but are not limited to a situation where such an adjustment has the effect of retrospectively reducing past *policyholder* distributions.
- 20.2.17B** **G** An example of the application of ■ COBS 20.2.17A R, without limitation to its scope generally, is where a *firm* reduces, for any reason, the amounts of a bonus or of bonus units added to *policies* in force. The *firm* should treat this as effectively a 'negative distribution', calculated by making the same assumptions regarding discount rates and other relevant factors as would be used for positive bonus additions. The amount so calculated should then be taken into account in ensuring that the amount distributed to *policyholders* from a *with-profits fund* is not less than the *required percentage* for the purposes of ■ COBS 20.2.17 R.
- 20.2.17C** **R** A *firm* must not make a distribution from a *with-profits fund*, unless:
- (1) if it is not a *Solvency II firm*, the whole of the cost of that distribution can be met without eliminating the *regulatory surplus* in that *with-profits fund*; and
 - (2) if it is a *Solvency II firm*:
 - (a) the whole of the cost of that distribution can be met without eliminating the *with-profits fund surplus* in that *with-profits fund*; and

- (b) following any distribution that is made to meet a liability for which allowance has been made in *technical provisions* or other liabilities the *firm* is able to demonstrate that it reasonably expects to be able to continue to comply with the requirements in ■ COBS 20.1A.5 R (Governance arrangements for the with-profits fund).

20.2.18 **R** A *firm* which is not a *Solvency II firm* must not make a distribution from a *with-profits fund* to any *person* who is not a *with-profits policyholder*, unless the whole of the cost of that distribution (including the cost of any obligations that will or may arise from the decision to make a distribution) can be met from the excess, if any, of the assets over the liabilities in that *with-profits fund*.

20.2.19 **R** A distribution to a *person* who is not a *with-profits policyholder* includes a transfer of assets out of a *with-profits fund* that is not made to satisfy a liability of that fund.

Notification and other requirements in relation to certain distributions

- 20.2.19A** **R** If a *firm* which is a *Solvency II firm* proposes to make a distribution from a *with-profits fund* to any *person* who is not a *with-profits policyholder*, where:
- (1) the distribution to *with-profits policyholders* is smaller than the 'pre-notification to *policyholder* minimum' calculated in accordance with ■ COBS 20.2.19BR (1) then the *firm* must:
 - (a) provide the *FCA* with written details of the proposed distribution at least two months prior to the proposed distribution, together with copies of draft notifications it proposes to send to *with-profits policyholders* to satisfy (b); and
 - (b) give affected *with-profits policyholders* in the fund at least one months prior written notice stating:
 - (i) that it proposes to make no distribution to them; or
 - (ii) that it proposes to make a distribution of an amount which is smaller than the 'pre-notification to *policyholder* minimum', and setting out the amount and how the distribution is calculated; and
 the reasons for (i) or (ii) as relevant; or
 - (2) the distribution to *with-profits policyholders* does not meet the test in (1) but is smaller than the 'after the event notification to *policyholder* minimum' calculated in accordance with ■ COBS 20.2.19BR (2) then the *firm* must:
 - (a) provide the *FCA* with written details of the proposed distribution at least one month prior to the proposed distribution together with copies of draft notifications it proposes to send to *with-profits policyholders* to satisfy (b); and
 - (b) give affected *with-profits policyholders* in the fund, notice of the distribution within a reasonable period from the date of the distribution, setting out the amount of the distribution, how it was calculated and the reasons for the change compared to the last previous distribution.

20.2.19B **R**

- (1) The 'pre-notification to *policyholder* minimum' referred to in ■ COBS 20.2.19A R is as follows:

$$\frac{b \times c}{a} - \frac{c}{50}$$

where

a is the total amount available for with-profits distribution in the *with-profits fund* in question at the time of the most recent previous distribution;

b is the amount of the most recent previous distribution to *with-profits policyholders*; and

c is the total amount available for with-profits distribution in relation to the proposed distribution.

- (2) The 'after the event notification to *policyholder* minimum' referred to in ■ COBS 20.2.19A R is as follows:

$$\frac{b \times c}{a} - \frac{c}{200}$$

where *a*, *b* and *c* have the same meaning as in (1).

- (3) The calculations in (1) and (2) must be determined by *actuarial investigation*.

20.2.19C **G**

- (1) If the circumstances in ■ COBS 20.2.19A R (1) or ■ (2) arise, the *firm* should also consider whether any reduction(s) in the proposed distribution and any previous distributions to *with-profits policyholders* over a period of at least the last five years are consistent with treating *with-profits policyholders* fairly and any other obligations of the *firm* under ■ COBS 20.
- (2) When calculating the amounts distributed in ■ COBS 20.2.19A R and ■ COBS 20.2.19B R:
- (a) any amount allocated to *with-profits policyholders* in anticipation of a distribution is treated as included in the next distribution;
 - (b) the amount of any available distributable profits is treated as reduced by any part of it which the *firm* has decided to carry forward unappropriated; and
 - (c) risk margin associated with *technical provisions* should be excluded.
- (3) A *firm* which is not a *Solvency II firm* is required to comply with IPRU(INS) 3.3.

20.2.20 **R**

If, on a distribution, a *firm* incurs a tax liability on a transfer to shareholders, it must not attribute that tax liability to a *with-profits fund*, unless:

- (1) the *firm* can show that attributing the tax liability to that *with-profits fund* is consistent with its established practice;
- (2) that established practice is explained in the *firm's PPFM*; and
- (3) that liability is not charged to asset shares.

Requirement relating to distribution of an excess surplus

20.2.21 **R** At least once a year (or, in the case of a *non-directive friendly society*, at least once in every three years) and whenever a *firm* is seeking to make a *retribution* of its *inherited estate*, a *firm's governing body* must determine whether the *firm's with-profits fund*, or any of the *firm's with-profits fund*, has an *excess surplus*.

20.2.22 **E**

- (1) If a *with-profits fund* has an *excess surplus*, and to retain that surplus would be a breach of *Principle 6* (Customers' interests), the *firm* should make a distribution from that *with-profits fund*.
- (2) Compliance with (1) may be relied on as tending to establish compliance with *Principle 6* (Customers' interests).
- (3) Contravention of (1) may be relied on as tending to establish a contravention of *Principle 6* (Customers' interests).

Charges to a with-profits fund

20.2.23 **R** A *firm* must only charge costs to a *with-profits fund* which have been, or will be, incurred in operating the *with-profits fund*. This may include a fair proportion of overheads.

20.2.24 **R** Subject to ■ COBS 20.2.25 R, ■ COBS 20.2.25A R and ■ COBS 20.2.25B R, a *firm* must not pay compensation or redress from a *with-profits fund*.

20.2.25 **R** A proprietary *firm* may pay compensation or redress due to a *policyholder*, or former *policyholder*, from assets attributable to shareholders, whether or not they are held within a *long-term insurance fund* or *with-profits fund*, as relevant.

20.2.25A **R** A *mutual* may pay compensation or redress due to a *policyholder*, or former *policyholder*, from a *with-profits fund*, but may only pay from assets that would otherwise be attributable to asset shares if, in the reasonable opinion of the *firm's governing body*, the compensation or redress cannot be paid from any other assets in the *with-profits fund*.

20.2.25B **R** A payment or transfer of liabilities made to correct an error and which has the effect of restoring a *policyholder*, or former *policyholder*, and the *with-profits fund* to the position they would have been in if the error had not occurred (a "rectification payment"), is not a payment of compensation or redress for the purposes of ■ COBS 20.2.24 R.

20.2.25C **G** Rectification payments may include, for example, a payment to a *policyholder* or former *policyholder* to correct an erroneous underpayment of policy proceeds, or a reimbursement of premiums overpaid. The effect of ■ COBS 20.2.25B R is that a *firm* may make rectification payments using assets in a *with-profits fund*.

20.2.25D **G** ■ COBS TP 2.14 R has the effect that payments of compensation and redress arising out of events which took place before 31 July 2009 are subject to ■ COBS 20.2.23 R to ■ COBS 20.2.25 R as in force at 30 July 2009.

20.2.26 **R** A proprietary *firm* must not charge to a *with-profits fund* any amounts paid or payable to a skilled person in connection with a report under section 166 of the Act (Reports by skilled persons) if the report indicates that the *firm* has, or may have, materially failed to satisfy its obligations under the *regulatory system*.

20.2.26A **R** A proprietary *firm* must not charge to a *with-profits fund* any financial penalty imposed on the *firm* by the *appropriate regulator*.

Tax charge to a with-profits fund

20.2.27 **R** A *firm* must not charge a contribution to corporation tax to a *with-profits fund*, if that contribution exceeds the notional corporation tax liability that would be charged to that *with-profits fund* if it were assessed to tax as a separate *body corporate*.

New business

20.2.28 **R** A *firm* must not effect new *contracts of insurance* in an existing *with-profits fund* unless:

- (1) the *firm's governing body* is satisfied, so far as it reasonably can be, and can demonstrate, having regard to the analysis in (2), that the terms on which each type of contract is to be effected are likely to have no adverse effect on the interests of the *with-profits policyholders* whose *policies* are written into that fund; and
- (2) the *firm* has:
 - (a) carried out or obtained appropriate analysis, based on relevant evidence and proportionate to the risks involved, as to the likely impact on *with-profits policyholders*, having regard to relevant factors including:
 - (i) the volumes of each type of contract that the *firm* expects to be effected; and
 - (ii) the periods over which the contracts are expected to remain in force; and
 - (b) provided the analysis referred to in (a) to its *with-profits committee* or, if applicable, its *with-profits advisory arrangement* and to its *governing body* for the purposes of (1).

20.2.28A **G** (1) Writing new *insurance business* into a *with-profits fund* is not, of itself, automatically adverse to the interests of *with-profits policyholders*. For example, new *insurance business* which defers the emergence or distribution of surplus to a limited extent for a number of *policyholders*, or which leads to a marginal change in the equity backing ratio, may, subject to satisfying the guidance in ■ COBS 20.2.60 G and ■ COBS 20.2.29 G, reasonably be considered not to have an adverse effect on the *with-profits policyholders* in a *with-profits fund*, if the *firm's governing body* is satisfied (and can demonstrate based on appropriate analysis) that each new line of *insurance business* is likely to be financially self-supporting over the periods during which the contracts are expected to remain in force and is likely to add sufficient value to the *with-profits fund* to offset the cost of acquiring the business.

(2) Conversely, if the particular line of new *insurance business* is priced on loss-making terms or the terms are such that the new *insurance business* is not likely to generate sufficient value after covering all the costs associated with it (in either case when considered in aggregate over the periods over which the contracts are expected to remain in force), then in the FCA's view, the terms of that *insurance business* are likely to have an adverse impact on *with-profits policyholders* interests in the relevant fund.

(3) *Firms* will need to ensure that they comply with ■ COBS 20.2.28 R at all times, but in practice *firms* will be expected to pay particular attention when they are designing and pricing or re-pricing products, when they are preparing their financial plans that take into account their expected costs and levels of new business, and, in particular, when reviewing their financial performance, if that reveals that costs or levels of new business have varied significantly from those expected previously.

(4) New business for the purposes of ■ COBS 20.2.28 R will not, in general, include increments on existing *policies* or business written as a result of the exercise of options by an existing *policyholder*.

20.2.29

G

In some circumstances, it may be difficult or impossible for a *firm* to mitigate the risk of an adverse effect on its existing, or new, *with-profits policyholders*, unless it establishes a new bonus series or *with-profits fund*. Circumstances that might cause a *firm* to establish a new bonus series or *with-profits fund* include:

- (1) where the *firm* has a high level of guarantees or options in its existing *with-profits policies*, which might place an excessive burden on new *with-profits policies*, or vice versa; and
- (2) where the potential risks are likely to be so great that a single *with-profits fund* cannot provide adequately for the interests of new and existing *policyholders*, even after allowing for any beneficial effects of diversification. Such potential risks are likely to arise from significant differences in the terms and conditions of the new and existing *with-profits policies*, including the basis on which charges are levied and reviewed.

20.2.30

G

- (1) When a *firm* prices the new *insurance business* that it proposes to effect in an existing *with-profits fund*, it should estimate the volume of new *insurance business* that it is likely to effect and then build in adequate margins that will allow it to recover any acquisition costs to be charged to the *with-profits fund*.
- (2) ■ COBS 20.2.28 R requires *firms* to obtain appropriate analysis and evidence and this should include at least a profitability analysis on a marginal cost basis.

20.2.31

G

When a *firm* sets a target volume for new *insurance business* in an existing *with-profits fund*, it should pay particular attention to the risk of disadvantage to existing *with-profits policyholders*. Those *policyholders* might be disadvantaged, for example, by the need to retain additional capital to support a rapid growth in new business, when that capital might have been distributed in the ordinary course of the *firm's* existing business.

Relationship of a with-profits fund with the firm and any connected persons

20.2.32 **R** Unless **■ COBS 20.2.32A R** applies, a *firm* carrying on *with-profits business* must not:

- (1) make a loan to a *connected person* using assets in a *with-profits fund*; or
- (2) give a guarantee to, or for the benefit of, a *connected person*, where the guarantee will be backed using assets in a *with-profits fund*;

unless that loan or guarantee:

- (3) will be on commercial terms;
- (4) will, in the reasonable opinion of the *firm's* senior management, be beneficial to the *with-profits policyholders* in the relevant *with-profits fund*; and
- (5) will not, in the reasonable opinion of the *firm's* senior management, expose those *policyholders* to undue *credit* or *group risk*.

20.2.32A **R** **■ COBS 20.2.32R (1)** does not apply to a *Solvency II firm*.

20.2.32B **G** Loans to a *connected person* using assets in a *with-profits fund* should be considered as investments of assets within the *with-profits fund*. As such, a *Solvency II firm* will need to ensure that:

- (1) such loans comply with the PRA Rulebook: Solvency II Firms: Investments having regard to **■ COBS 20.2.35B G**; and
- (2) where there is a conflict of interests, in the reasonable opinion of the *firm's* senior management, they are in the best interests of the *with-profits policyholders* in the relevant *with-profits fund*.

Contingent loans and other forms of support for the with-profits fund

20.2.33 **G** (1) If a *firm*, or a *connected person*, provides support to a *with-profits fund* (for example, by a contingent loan), no reliance should be placed on that support when the *firm* assesses the *with-profits fund's* financial position unless there are clear and unambiguous criteria governing any repayment obligations to the support provider.

- (2) The degree of reliance placed on that support should depend on the subordination of the support to the fair treatment of *with-profits policyholders* and clarification of what fair treatment means in various circumstances. For a *realistic basis life firm* this would normally be evidenced by the liability for such support being capable, under stress, of a progressively lower valuation in the *future policy-related liabilities*.

20.2.34 **G** Where assets from outside a *with-profits fund* are made available to support that fund (and there is no ambiguity in the criteria governing any repayment obligations to the support provider), a *firm* should manage the fund

disregarding the liability to repay those assets, at least in so far as that is necessary for its *policyholders* to be treated fairly.

Support arrangements

20.2.34A **R**

- (1) A *Solvency II firm* must ensure that, in relation to any arrangements where assets outside a *with-profits fund* provide or may provide support to it, both the following requirements are met:
 - (a) the precise terms and conditions on which those support asset arrangements operate and assets may become available, including whether and when they are repayable:
 - (i) are adequately documented in the *firm's* records; and
 - (ii) if the *firm* is required to produce a *PPFM*, are set out clearly and unambiguously in its *PPFM*.
 - (b) the operation of those support asset arrangements is consistent with terms and conditions in communications to *with-profits policyholders*, including any *PPFM*.

Other rules and guidance on the conduct of with-profits business

20.2.35 **G**

When a *firm*, other than a *Solvency II firm*, determines its investment strategy, and the acceptable level of risk within that strategy, it should take into account:

- (1) the extent of the guarantee in its *with-profits policies*;
- (2) any representation that it has made to its *with-profits policyholders*;
- (3) its established practice; and
- (4) the amount of capital support available.

20.2.35A **G**

20.2.35B **G**

- (1) A *Solvency II firm* is required to consider its investment strategy in relation to the assets in a *with-profits fund*, including any *strategic investments*, in accordance with the PRA Rulebook: Solvency II Firms: Investments. *Firms* are expected, in applying the PRA Rulebook: Solvency II Firms: Investments, to take into account the particular circumstances and requirements of the liabilities in the *with-profits fund* to which those assets relate. For example, a *Solvency II firm* will need to consider:
 - (a) whether a *strategic investment* meets the criteria in the PRA Rulebook: Solvency II Firms: Investments; and
 - (b) that the investment will ensure the quality, security, liquidity of the portfolio of assets of the *firm* as a whole and that the investment(s) are localised to ensure their availability.
- (2) Where there is a conflict of interest (e.g. between the *with-profits policyholders* and the *firm*) the *firm* must ensure that the *strategic investment* is made in the best interests of *policyholders*. It is expected that a *Solvency II firm* applying the provisions in PRA

Rulebook Solvency II Firms Investments in this manner will lead to *with-profits policyholders* being treated no less fairly than if the *firm* was not a *Solvency II firm* and was subject to ■ COBS 20.2.35 G and ■ COBS 20.2.36 R.

20.2.36 R A *firm*, other than a *Solvency II firm*, must not:

- (1) use *with-profits assets* to finance the purchase of a *strategic investment*, directly or by or through a *connected person*; or
- (2) retain an investment referred to in (1);

unless its *governing body* is satisfied, so far as it reasonably can be, and can demonstrate, that the purchase or retention is likely to have no adverse effect on the interests of its *with-profits policyholders* whose *policies* are written into the relevant fund.

20.2.36A R A *firm* must keep adequate records setting out the strategic purpose for which a *strategic investment* has been purchased or retained.

20.2.36B G

- (1) In order for a *firm* to comply with ■ COBS 20.2.36 R, a *firm's governing body* should consider:
 - (a) the size of the investment in relation to the *with-profits fund*;
 - (b) the expected rate of return on the investment;
 - (c) the risks associated with the investment, including, but not limited to, liquidity risk, the capital needs of the acquired business or investment and the difficulty of establishing fair value (if any);
 - (d) any costs that would result from divestment;
 - (e) whether the *with-profits actuary* would regard the investment as having no adverse effect on the interests of *with-profits policyholders* as a class;
 - (f) in the case of a proprietary *firm*, whether it would be more appropriate for the investment to be made using assets other than those in the *with-profits fund*; and
 - (g) any other relevant material factors.
- (2) A *firm* should consider whether making or retaining a *strategic investment* should be disclosed to *with-profits policyholders*.
- (3) Examples of *strategic investments* include, but are not limited to, a significant investment in another business or significant real estate assets used within the business of the *firm*.

20.2.37 G If a *firm* carries out *non-profit insurance business* in a *with-profits fund*, it should review the profitability of the *non-profit insurance business* regularly.

20.2.38 G If a *firm* has reinsured its *with-profits insurance business* into another *insurance undertaking*, it should take reasonable steps to discharge its responsibilities to its *with-profits policyholders*, in respect of the reinsured business. Those steps should include maintaining adequate controls.

Significant changes in with-profits funds

- 20.2.39** **R** A *firm* must not enter into a material transaction relating to a *with-profits fund* unless, in the reasonable opinion of the *firm's governing body*, the transaction is unlikely to have a material adverse effect on the interests of that fund's existing *with-profits policyholders*.
- 20.2.40** **R** A material transaction includes a series of related non-material transactions which, if taken together, are material.
- 20.2.41** **G** Examples of material transactions include:
- (1) a significant bulk outwards *reinsurance* contract;
 - (2) inwards *reinsurance* of *with-profits business* from another *insurance undertaking*;
 - (3) a financial engineering transaction that would materially change the profile of any surplus expected to emerge on the *with-profits fund's* existing *insurance business*; and
 - (4) a significant restructuring of the *with-profits fund*, especially if it involves the creation of new *sub-funds*.
- 20.2.41A** **R** A *firm* must contact the *FCA* as soon as is reasonably practicable to make arrangements to discuss what actions may be required to ensure the fair treatment of *with-profits policyholders* if, in relation to any *with-profits fund* it operates:
- (1) the *firm* reasonably expects, or if earlier, there has been, a sustained and substantial fall in either the volume of new *non-profit insurance contracts*, or in the volume of new *with-profits policies* (effected other than by *reinsurance*), or in both, effected into the *with-profits fund*; or
 - (2) the *firm* cedes by way of *reinsurance* most or all of the new *with-profits policies* which it continues to effect.
- 20.2.41B** **G**
- (1) The aim of the discussions in **■ COBS 20.2.41A R** is to:
 - (a) allow the *FCA* to comment on the adequacy of the *firm's* planning; and
 - (b) seek agreement with the *firm* on any other appropriate actions to ensure *with-profits policyholders* are treated fairly.
 - (2) If the *firm* is no longer effecting a material volume of new *with-profits policies* (other than by *reinsurance*) into a *with-profits fund*; or if it is ceding by way of *reinsurance* most or all of the new *with-profits policies* which it continues to effect, then it may also be appropriate to consider whether, in the particular circumstances of the *firm*, it should be regarded as ceasing to effect new *contracts of insurance* for the purposes of **■ COBS 20.2.54R (3)**.
 - (3) In the discussions the *FCA* will have with regard to **■ COBS 20.2.28 R** (New business), if the volumes of new business are expected to be

profitable and, in relation to *non-profit insurance business*, it is demonstrated that a fair distribution to *with-profits policyholders* out of the fund can be achieved and the economic value of any expected future profits is likely to be available for distribution during the lifetime of the *with-profits business* for the purposes of

■ COBS 20.2.60 G, then, in the FCA's view, it is likely to be reasonable for a *firm* to be satisfied that there will be no adverse effect for *with-profits policyholders*, and accordingly that such business may continue to be written.

Process for reattribution of inherited estates: Policyholder advocate: appointment and role

20.2.42

R

A *firm* that is seeking to make a *reattribution* of its *inherited estate* must:

- (1) first discuss with the FCA (as part of its determination under ■ COBS 20.2.21 R):
 - (a) its projections for capital required to support existing business, which must include an assessment of:
 - (i) the *firm's* future risk appetite for the *with-profits fund* and other relevant business; and
 - (ii) how much of the margin for prudence can be identified as excessive and removed from the projected capital requirements; and
 - (b) its projections for capital required to support future new business, which must include an assessment of:
 - (i) new business volumes;
 - (ii) product terms; and
 - (iii) pricing margins;
- (2) following the discussions referred to in (1), identify at the earliest appropriate point a *policyholder advocate*, who is free from any conflicts of interest that may be, or may appear to be, detrimental to the interests of *policyholders*, to negotiate with the *firm* on behalf of relevant *with-profits policyholders* and seek the approval of the FCA for the appointment of the *policyholder advocate* as soon as he is identified, or appoint a *policyholder advocate* nominated by the FCA if its approval is not granted; and
- (3) involve the policyholder advocate designate at the earliest possible opportunity to enable him to participate effectively in the negotiations about the proposals for the *reattribution*.

20.2.42A

R

20.2.43

G

The *firm* should include an independent element in the *policyholder advocate* selection process, which may include consulting representative groups of *policyholders* or using the services of a recruitment consultant. When considering an application for approval of a nominee to perform the *policyholder advocate* role, the FCA will have regard to the extent to which the *firm* has involved others in the selection process.

20.2.44

G

The precise role of the *policyholder advocate* in any particular case will depend on the nature of the *firm* and the *retribution* proposed. A *firm* will need to discuss, with a view to agreeing, with the *FCA* the precise role of the *policyholder advocate* in a particular case (■ COBS 20.2.45 R). However, the role of the *policyholder advocate* should include:

- (1) negotiating with the *firm*, on behalf of the relevant *with-profits policyholders*, the benefits to be offered to them in exchange for the rights or interests they will be asked to give up;
- (2) commenting to *with-profits policyholders*, on:
 - (a) the methodology used for the allocation of benefits amongst the relevant (or groups of) *with-profits policyholders* and the form of those benefits;
 - (b) the criteria used for determining the eligibility of the various *with-profits policyholders*;
 - (c) the terms and conditions of the proposals (to the extent that they materially affect the benefits to be offered, or the bonuses that may be added to *with-profits policies*); and
 - (d) the views expressed by the *independent expert* or the *retribution expert* (as the case may be), and the *firm's with-profits actuary* on the allocation of any benefits amongst the relevant *with-profits policyholders*; and
- (3) telling *with-profits policyholders*, or each group of *with-profits policyholders*, with reasons, whether the *firm's* proposals are in their interests.

Process for retribution of inherited estates: Policyholder advocate: terms of appointment

20.2.45

R

A *firm* must:

- (1) notify the *FCA* of the terms on which it proposes to appoint a *policyholder advocate* (whether or not the candidate was nominated by the *FCA*); and
- (2) ensure that the terms of appointment for the *policyholder advocate*:
 - (a) include a description of the role of the *policyholder advocate* as agreed with the *FCA* under ■ COBS 20.2.44 G;
 - (aA) stress the independent nature of the *policyholder advocate's* appointment and function, and are consistent with it;
 - (b) define the relationship of the *policyholder advocate* to the *firm* and its *policyholders*;
 - (c) set out arrangements for communications between the *policyholder advocate* and *policyholders*;
 - (d) make provision for the resolution of any disputes between the *firm* and the *policyholder advocate*;
 - (e) specify when and how the *policyholder advocate's* appointment may be terminated;
 - (f) allow the *policyholder advocate* to communicate freely and in confidence with the *FCA*;
 - (g) require the *policyholder advocate* to communicate with *policyholders*;

- (i) as soon as is practicable after his appointment, having regard to (h)(i) and (iii); and
- (ii) thereafter no less frequently than every six *months* for the duration of the *policyholder advocate's* appointment; and
- (h) require the *policyholder advocate*:
 - (i) to make reasonable endeavours to agree with the *firm* the contents of any proposed *policyholder* communications;
 - (ii) to allow sufficient time for the process in (i) in order to meet any timescales in (g); and
 - (iii) to provide copies of the final draft of the intended *policyholder* communications, whether or not agreement has been reached in accordance with (i) above, both to the *firm* and to the *FCA* at least seven *days* in advance of the date on which the *policyholder advocate* intends to make the communications.

20.2.46 G A *firm* may include, within the *policyholder advocate's* terms of appointment, arrangements for the *policyholder advocate* to be indemnified in respect of certain claims that may be made against him in connection with the performance of his functions. If such indemnity is included, it should not include protection against any liability arising from acts of bad faith.

Process for reattribution of inherited estates: Reattribution expert

20.2.47 R Where a *firm* is not otherwise required to appoint an *independent expert*, it must:

- (1) appoint a reattribution expert to undertake an objective assessment of its *reattribution* proposals, who must be:
 - (a) nominated or approved by the *appropriate regulator* before he is appointed; and
 - (b) free from any conflicts of interest that may, or may appear to, undermine his independence or the quality of his report;
- (2) ensure that the *reattribution expert's* terms of appointment allow him to communicate freely and in confidence with the *appropriate regulator*; and
- (3) require the *reattribution expert* to prepare a report which must be available to the *appropriate regulator*, the *policyholder advocate* and the court (if it is relevant to any court proceedings).

20.2.48 G A *reattribution expert's* report should comply with the applicable rules on expert evidence. The scope and content of the report should be substantially similar to that of the report required of an *independent expert* under ■ SUP 18.2 (Insurance business transfers), as if (where appropriate) a reference to:

- (1) the '*scheme report*' was a reference to the '*reattribution expert's* report';
- (2) the '*independent expert*' was a reference to the '*reattribution expert*'; and
- (3) the '*scheme*' was a reference to the proposal for a '*reattribution*'.

Process for reattribution of inherited estates: Information to policyholders

20.2.49

R

A *firm* must ensure that every *policyholder* that may be affected by the proposed *reattribution* is sent appropriate and timely information about:

- (1) the *reattribution* process, including the role of the *policyholder advocate*, the *independent expert* or *reattribution expert*, as the case may be, and other individuals appointed to perform particular functions;
- (2) the *reattribution* proposals and how they affect the relevant *policyholders*, including an explanation of any benefits they are likely to receive and the rights and interests that they are likely to be asked to give up;
- (3) the *policyholder advocate's* views on the *reattribution* proposals and any benefits the relevant *policyholders* are likely to receive and the rights and interests that they are likely to be asked to give up; and
- (4) the outcome of the negotiations between the *firm* and the *policyholder advocate* about the benefits that will be offered to relevant *with-profits policyholders*, in exchange for the rights and interests that they will be asked to give up.

20.2.50

R

An adequate summary of the report by the *reattribution expert* must be made available to every *policyholder* that may be affected by the proposed *reattribution*.

Process for reattribution of inherited estates: Consent of policyholders

20.2.51

R

A *firm* must give relevant *with-profits policyholders* the option to:

- (1) individually accept or reject the final proposals for the *reattribution*; or
- (2) (if the legal process to be followed allows the majority of *policyholders* to bind the minority) vote on whether the *firm* should go ahead with those proposals.

Process for reattribution of inherited estates: Costs

20.2.52

G

- (1) *Reattribution* and *insurance business transfer* costs (excluding *policyholder advocate* costs) should be met from shareholder funds. A *firm* may present alternative arrangements if it can show good reasons for doing so.
- (2) Shareholders should pay a reasonable proportion of the *policyholder advocate's* costs.
- (3) If a *reattribution* proposal is not successful, the *FCA* would expect the costs of the *policyholder advocate* to be met by the *person* initiating the proposal. That will usually be the shareholders of the *firm*.

Ceasing to effect new contracts of insurance in a with-profits fund

- 20.2.53** **R** A *firm* must:
- (1) inform the *appropriate regulator* and its *with-profits policyholders* within 28 days; and
 - (2) submit a run-off plan to the *appropriate regulator* as soon as reasonably practicable and, in any event, within three months;
- of first ceasing to effect new *contracts of insurance* in a *with-profits fund*.
- 20.2.54** **R** A *firm* will be taken to have ceased to effect new *contracts of insurance* in a *with-profits fund*:
- (1) when any decision by the *governing body* to cease to effect new *contracts of insurance* takes effect; or
 - (2) where no such decision is made, when the *firm* is no longer:
 - (a) actively seeking to effect new *contracts of insurance* in that fund; or
 - (b) effecting new *contracts of insurance* in that fund, except by increment; or
 - (3) if the *firm*:
 - (a) (i) is no longer effecting a material volume of *with-profits policies* (other than by *reinsurance*), into the *with-profits fund*; or
 - (ii) is ceding by way of *reinsurance* most or all of the new *with-profits policies* which it continues to effect; and
 - (b) cannot demonstrate that it will treat *with-profits policyholders* fairly if it does not cease to effect new *contracts of insurance*.
- 20.2.55** **G** For the purposes of **COBS 20.2.54R (3)** the *FCA* will have regard to, amongst other things, the factors set out in **COBS 20.2.41BG (3)**.
- 20.2.56** **R** The run-off plan required by **COBS 20.2.53 R** must:
- (1) include an up-to-date plan to demonstrate how the *firm* will ensure a fair distribution of the closed *with-profits fund*, and its *inherited estate* (if any); and
 - (2) be approved by the *firm's governing body*.
- 20.2.57** **G**
- (1) A *firm* should also include the information described in Appendix 2.15 (Run-off plans for closed with-profits funds) of the Supervision manual in its run-off plan.
 - (2) A *firm* should periodically review and update its run-off plan and submit updated versions to the *FCA* when requested to do so.

- 20.2.58** G When a *firm* tells its *with-profits policyholders* that it has ceased to effect new *contracts of insurance* in a *with-profits fund*, it should also explain:
- (1) why it has done so;
 - (2) what changes it has made, or proposes to make, to the fund's investment strategy (if any);
 - (3) how closure may affect *with-profits policyholders* (including any reasonably foreseeable effect on future bonus prospects);
 - (4) the options available to *with-profits policyholders* and an indication of the potential costs associated with the exercise of each of those options; and
 - (5) any other material factors that a *policyholder* may reasonably need to be aware of before deciding how to respond to this information.
- 20.2.59** G A *firm* may not be able to provide its *with-profits policyholders* with all of the information described above until it has prepared the run-off plan. In those circumstances, the *firm* should:
- (1) tell its *with-profits policyholders* that that is the case;
 - (2) explain what is missing and give a time estimate for its supply; and
 - (3) provide the missing information as soon as possible, and within the time estimate given.
- 20.2.60** G
- (1) If *non-profit insurance business* is written in a *with-profits fund*, a *firm* should take reasonable steps to ensure that the economic value of any future profits expected to emerge on the *non-profit insurance business* is available for distribution during the lifetime of the *with-profits business*.
 - (1A) Where a *with-profits fund* contains assets which may not be readily realisable, the *firm* should take reasonable steps to ensure that the economic value of those assets is made available as part of a fair distribution to *with-profits policyholders*.
 - (2) Where it is agreed by its *with-profits policyholders*, and subject to meeting the requirements for effecting new *contracts of insurance* in an existing *with-profits fund* (■ COBS 20.2.28 R), a *mutual* may make alternative arrangements for continuing to carry on *non-profit insurance business*, and a *non-directive friendly society* may make alternative arrangements for continuing to carry on non-insurance related business. Where a *mutual* has been granted a *waiver* in accordance with ■ COBS 20.2.61 G, the agreement of its *with-profits policyholders* to alternative arrangements for continuing to carry on *non-profit insurance business* may not be needed.
- 20.2.61** G
- (1) A *mutual* operating a common fund may seek to undertake an exercise to identify that part of the fund to which the *mutual* considers it would be fair for relevant provisions in ■ COBS 20 not to apply.
 - (2) To give regulatory effect to the identification exercise, the *FCA* expects that a *mutual* will need to apply to the *FCA* to modify the

relevant provisions in ■ COBS 20 and elsewhere which are dependent on the definition of the *with-profits fund*.

- (3) A *mutual* will need to demonstrate that the appropriate statutory tests in section 138A of the *Act* are met. The *FCA* expects that *mutuals* will need to do at least the following to allow the *FCA* to consider whether granting the modification would adversely affect the advancement of the *FCA*'s consumer protection objective:
 - (a) demonstrate that the exercise does not amount to a *retribution*;
 - (b) demonstrate that its proposals are fair to its *with-profits policyholders*, and other relevant *policyholders*, having regard to the *mutual's* own particular structure, origins and other relevant circumstances, and including reference to the items in (c) to (j) below;
 - (c) obtain the report of an independent expert approved by, and whose terms of reference are agreed with, the *FCA* on the terms of the *mutual's* proposals and the likely impact and effects on, and fairness to, the *mutual's with-profits policyholders* and other relevant *policyholders*. This report should consider whether the *firm* has sufficiently demonstrated the absence of a *retribution* under (a). The *FCA* will consider using its powers in section 166 of the *Act* (Reports by skilled persons) in appropriate circumstances;
 - (d) demonstrate that the *mutual's with-profits policyholders* and other *policyholders* are appropriately engaged and informed about the proposals;
 - (e) demonstrate that it has complied with the relevant requirements in the *mutual's* constitutional documents, for example that members are appropriately involved in agreeing to any proposals;
 - (f) demonstrate that the *mutual* has a convincing and robust business case for continuing in business, as opposed to run-off;
 - (g) demonstrate how, and the extent to which, continuing membership rights will benefit *with-profits policyholders* and other *policyholders*;
 - (h) explain the nature and terms of any continuing support to be provided to the *with-profits fund* from outside the *with-profits fund*;
 - (i) demonstrate that *with-profits policyholders* under the *mutual's* proposals will not be at a disadvantage compared to equivalent *with-profits policyholders* in a proprietary *with-profits fund*; and
 - (j) explain how it proposes to pay any compensation or redress that is, or may become, due to a *policyholder*, or former *policyholder*.
- (4) For the purposes of (3)(a) and (c), where the issues to be considered by the independent expert include the extent or value (in the particular circumstances of the *mutual*) of the rights and interests of *with-profits policyholders* in the *with-profits fund*, the *FCA* expects the independent expert's terms of reference to require them to take into account other available analyses of such rights and interests which may be more favourable to *policyholders* than the *mutual's* own analysis. The *FCA* considers that any uncertainty in the extent or value of such rights and interests in the case of a particular *mutual* may mean that the independent expert will need to obtain their own independent legal advice on the issue. In the *FCA's* view the fact of

any uncertainty as to the extent or value of the relevant rights and interests, following receipt of independent legal advice, may itself be taken into account by the independent expert when producing their report. The *FCA* will consider on a case by case basis what further information it may provide to the expert and/or independent legal adviser to ensure that the rights and interests of *policyholders* have been appropriately taken into account.

- (5) The *FCA* expects to consult and/or seek information or advice from the *PRA* in accordance with section 3D of the *Act* and the Memorandum of Understanding between the *FCA* and the *PRA* required by section 3E. As part of any such process the *FCA* expects that the *PRA* will wish to consider, among other things, that balance sheet safety and soundness issues have been identified and addressed appropriately.

20.3 Principles and Practices of Financial Management

Production of PPFM

20.3.1

R

- (1) A *firm* must:
 - (a) establish and maintain the *PPFM* according to which its *with-profits business* is conducted (or, if appropriate, separate *PPFM* for each *with-profits fund*); and
 - (b) retain a record of each version of its *PPFM* for five years.
- (2) A *firm's with-profits principles* must:
 - (a) be enduring statements of the standards it adopts in managing *with-profits funds*; and
 - (b) describe the business model it uses to meet its duties to *with-profits policyholders* and to respond to longer-term changes in the business and economic environment.
- (3) A *firm's with-profits practices* must:
 - (a) describe how a *firm* manages its *with-profits funds* and how it responds to shorter-term changes in the business and economic environment; and
 - (b) be sufficiently detailed for a knowledgeable observer to understand the material risks and rewards from effecting or maintaining a *with-profits policy* with it.
- (4) A *firm* must not change its *PPFM* unless, in the reasonable opinion of its *governing body*, that change is justified to:
 - (a) respond to changes in the business or economic environment; or
 - (b) protect the interests of *policyholders*; or
 - (c) change the *firm's with-profits practices* better to achieve its *with-profits principles*.
- (5) A *firm* may change its *PPFM* if that change:
 - (a) is necessary to correct an error or omission; or
 - (b) would improve clarity or presentation without materially affecting the *PPFM's* substance; or
 - (c) is immaterial.

Scope and content of PPFM

20.3.4 R A firm's PPFM must cover the issues set out in the table in ■ COBS 20.3.6 R.

20.3.5 R A firm's PPFM must cover any matter that has, or it is reasonably foreseeable may have, a significant impact on the firm's management of *with-profits funds*, including but not limited to:

- (1) any requirements or constraints that apply as a result of previous dealings, including previous business transfer schemes;
- (2) the nature and extent of any shareholder or other commitment to support the *with-profits fund*; and
- (3) the precise terms and conditions of support asset arrangements, as described in ■ COBS 20.2.34A R.

20.3.6 R Table: Issues to be covered in PPFM

Subject		Issues	
(1)	Amount payable under a with-profits policy	(a)	Methods used to guide determination of the amount that is appropriate to pay individual <i>with-profits policyholders</i> , including: <ul style="list-style-type: none">(i) the aims of the methods and approximations used;(ii) how the current methods, including any relevant historical assumptions used and any systems maintained to deliver results of particular methods, are documented; and(iii) the procedures for changing the current method or any assumptions or parameters relevant to a particular method.

(7)	Equity between the with-profits fund and any shareholders	The way in which the interests of <i>with-profits policyholders</i> are, or may be, affected by the interests of any shareholders of the <i>firm</i> .	

20.3.7 G The table in ■ COBS 20.3.8 G sets out *guidance* on how various information relevant to some of the issues covered in a *firm's PPFM* (■ COBS 20.3.6 R) might be split between *with-profits principles* and *with-profits practices*. This is an example of the matters a *firm* should address in its *with-profits principles* and *with-profits practices* and is not exhaustive. A *firm* should consider carefully the scope and content of its *PPFM* as appropriate.

Annual report to with-profits policyholders

20.4.7

R

A *firm* must produce an annual report to its *with-profits policyholders*, which must:

- (1) state whether, throughout the *financial year* to which the report relates, the *firm* believes it has complied with its obligations relating to its *PPFM* and setting out its reasons for that belief;
- (2) address all significant relevant issues, including the way in which the *firm* has:
 - (a) exercised, or failed to exercise, any discretion that it has in the conduct of its *with-profits business*; and
 - (b) addressed any competing or conflicting rights, interests or expectations of its *policyholders* (or groups of *policyholders*) and, if applicable, *shareholders* (or groups of *shareholders*), including the competing interests of different classes and generations.

20.4.8

G

The following documents should be annexed to the annual report in this section:

- (1) the report to *with-profits policyholders* made by a *with-profits actuary* in respect of each financial year (see SUP 4.3.16AR(4)); and
- (2) any statement or report provided by the *person* or committee who provides the independent judgement under the *firm's* governance arrangements for its *with-profits business*.

20.4.9

G

In preparing the annual report to *with-profits policyholders*, a *firm* should take advice from a *with-profits actuary*.

20.4.10

G

A *firm* should make the annual report available to *with-profits policyholders* within six *months* of the end of the *financial year* to which it relates. A *firm* should notify its *with-profits policyholders* in any annual statements how copies of the report can be obtained.

20.5 With-profits governance

Requirement to appoint a with-profits committee or advisory arrangement

20.5.1

R

A *firm* must, in relation to each *with-profits fund* it operates:

- (1) appoint:
 - (a) a *with-profits committee*; or
 - (b) a *with-profits advisory arrangement* (referred to in this section as an 'advisory arrangement'), but only if appropriate, in the opinion of the *firm's governing body*, having regard to the size, nature and complexity of the fund in question;
- (2) ensure that the *with-profits committee* or advisory arrangement operates in accordance with its *terms of reference*; and
- (3) make available a copy of any *terms of reference* on the *firm's* website, or if the *firm* does not have a website, at the request of *policyholders*.

20.5.2

G

- (1) Ultimate responsibility for managing a *with-profits fund* rests with the *firm* through its *governing body*. The role of the *with-profits committee* or advisory arrangement is, in part, to act in an advisory capacity to inform the decision-making of a *firm's governing body*. The *with-profits committee* or advisory arrangement also acts as a means by which the interests of *with-profits policyholders* are appropriately considered within a *firm's* governance structures. The *with-profits committee* or advisory arrangement should address issues affecting *policyholders* as a whole or as separately identifiable groups of *policyholders* generally rather than dealing with individual *policyholder* complaints or taking management decisions with respect to a *with-profits fund*.
- (2) If a *firm* considers that it is appropriate to appoint an advisory arrangement, a *firm's governing body* will need to decide whether it is appropriate to appoint an independent person or one or more *non-executive directors* to carry out the role. The *FCA* expects *firms* to make this determination according to the nature, size and complexity of the fund in question. So the larger or more complex the fund is, the more likely it would be that it would be appropriate to appoint an independent person.
- (3) Where a *firm* has appointed a *with-profits committee* to one of its *with-profits funds* it may also decide to appoint that *with-profits committee* to some or all of its other *with-profits funds*, even if the

firm would not have determined it appropriate to appoint a *with-profits committee* to those other funds when considered individually having regard to their size, nature or complexity.

Terms of reference of with-profits committee or advisory arrangement

20.5.3

R

A *firm* must ensure that the *terms of reference* contain, as a minimum, terms having the following effect:

- (1) the role of the *with-profits committee* or advisory arrangement is, as relevant, to assess, report on, and provide clear advice and, where appropriate, recommendations to the *firm's governing body* on:
 - (a) the way in which each *with-profits fund* is managed by the *firm* and, if a *PPFM* is required, whether this is properly reflected in the *PPFM*;
 - (b) if applicable, whether the *firm* is complying with the principles and practices set out in the *PPFM*;
 - (c) whether the *firm* has addressed effectively the conflicting rights and interests of *with-profits policyholders* and other *policyholders* or stakeholders including, if applicable, shareholders, in a way that is consistent with *Principle 6* (treating customers fairly); and
 - (d) any other issues with which the *firm's governing body*, *with-profits committee* or advisory arrangement considers *with-profits policyholders* might reasonably expect the *with-profits committee* or advisory arrangements to be involved;
- (2) that the *with-profits committee* or advisory arrangement must:
 - (a) decide on the specific matters it will consider in order to enable it to carry out its role described in (1)(a) to (d) as appropriate to the particular circumstances of the *with-profits fund(s)*; and
 - (b) in any event give appropriate consideration to the following non-exhaustive list of specific matters:
 - (i) the identification of surplus and *excess surplus*, the merits of its distribution or retention and the proposed distribution policy;
 - (ii) how bonus rates, smoothing and, if relevant, market value reductions have been calculated and applied;
 - (iii) if relevant, the relative interests of *policyholders* with and without valuable guarantees;
 - (iv) the *firm's* with-profits customer communications such as annual policyholder statements and product literature and whether the *with-profits committee* or advisory arrangement wishes to make a statement or report to *with-profits policyholders* in addition to the annual report made by a *firm*;
 - (v) any significant changes to the risk or investment profile of the *with-profits fund* including the management of material illiquid investments and the *firm's* obligations in relation to *strategic investments*;
 - (vi) the *firm's* strategy for future sales supported by the assets of the *with-profits fund* and its impact on surplus;

- (vii) the impact of any management actions planned or implemented;
 - (viii) relevant management information such as customer complaints data (but not necessarily information relating to individual customer complaints);
 - (ix) the drafting, review, updating of and compliance with run-off plans, court schemes and similar matters;
 - (x) the costs incurred in operating the *with-profits fund*;
 - (xi) the identification and extent of the *firm's with-profits funds*, with particular regard to the considerations as to whether a part of the *with-profits fund* constitutes a separate *with-profits fund* in accordance with ■ COBS 20.1A.2 R (Sub-funds); and
 - (xii) the use and purpose of, and terms under which, support assets are available to the *with-profits fund*, having regard to the considerations in ■ COBS 20.2.33 G to ■ COBS 20.2.34 G and ■ COBS 20.2.34A R.
- (3) that any person appointed as a member of the *with-profits committee* or as a person carrying out the advisory arrangement must have the appropriate skills, knowledge and experience to perform, or contribute to, as appropriate, the role set out in (1) and (2);
- (4) if the firm appoints a *with-profits committee*:
- (a) that there must be three or more members;
 - (b) that the quorum for any meeting (or decision by written procedure) must be at least half of the number of, and no less than two, members; and
- (5) that the *with-profits committee* or advisory arrangement must:
- (a) advise the *governing body* on the suitability of candidates proposed for appointment as the *with-profits actuary*; and
 - (b) assess the performance of the *with-profits actuary* at least annually, and report its view to the *governing body* of the *firm*.

20.5.4

G

- (1) The *FCA* expects that a *with-profits committee* will meet at least quarterly and ad hoc if required.
- (2) The *FCA* expects that, in general, a *with-profits committee* or advisory arrangement will work closely with the *with-profits actuary*, and obtain his opinion and input as appropriate.

Role of with-profits committee or advisory arrangement in the firm's governance

20.5.5

R

A *firm* must:

- (1) ensure that its *governing body*, in the context of its consideration of issues referred to in ■ COBS 20.5.3R (1)(a) to ■ (d) and ■ (2)(b)(i) to ■ (x):
- (a) obtains, as relevant, assessments, reports, advice and/or recommendations of the *with-profits committee* or advisory arrangement, if the *governing body*, the *with-profits committee*

or advisory arrangement considers that significant issues concerning the interests of *with-profits policyholders* need to be considered by the *firm*;

- (b) allows the *with-profits committee* or advisory arrangement sufficient time to enable it to provide fully considered input on the issues to be considered;
 - (c) considers fully and gives due regard to the input of the *with-profits committee* or advisory arrangement when determining issues concerning the management of the *with-profits funds* and the interests of *with-profits policyholders*;
 - (d) if the *governing body* decides to depart in any material way from the advice or recommendations of the *with-profits committee* or advisory arrangement, sets out fully its reasons and allows the *with-profits committee* or advisory arrangement a reasonable period to consider them and respond; and
 - (e) considers any further representations from the *with-profits committee* or advisory arrangement and, if appropriate, sets out fully any additional reasons if it continues to depart from the *with-profits committee* or advisory arrangement's advice or recommendation;
- (2) provide a *with-profits committee* or advisory arrangement with sufficient resources as it may reasonably require to enable it to perform its role effectively;
 - (3) notify the *FCA* of the decision of the *governing body* to depart from the advice or recommendation of the *with-profits committee* or advisory arrangement if the *with-profits committee* or advisory arrangement considers that the issue is sufficiently significant and requests of the *governing body* that the *FCA* be informed; and
 - (4) consult the *with-profits actuary* on the appointment of a new member of the *with-profits committee* or of the person or persons carrying out the advisory arrangement.

20.5.6

G

- (1) ■ COBS 20.5.5R (2) requires that a *firm* provides a *with-profits committee* or advisory arrangement with sufficient resources. A *with-profits committee* or advisory arrangement should be able to obtain external professional, including actuarial, advice, at the expense of the *firm*, if the *with-profits committee* or advisory arrangement considers the advice to be necessary to perform its role effectively. In a proprietary *firm* the *with-profits committee* or advisory arrangement should be able to request that the cost of the external professional advice either is not chargeable to the *with-profits fund* in question, or is shared with the *with-profits fund*, according to whether the issue under consideration is wholly or partly to the benefit of the *firm* rather than *policyholders*. A *with-profits committee* or advisory arrangement should also be adequately supported by the *firm's* own internal resources and support functions. This may include the *firm* ensuring that relevant employees, including the *with-profits actuary*, are made sufficiently available, and provide relevant information and input, to assist the *with-profits committee* in its role, as required.
- (2) If the *with-profits committee* or advisory arrangement wishes to make a statement or report to *with-profits policyholders* in addition to the

annual report made by a *firm*, the effect of ■ COBS 20.5.5R (2) is that a *firm* will need to facilitate this.

- (3) In order to comply with ■ SYSC 3.2.20 R the *FCA* expects *firms* to keep full records of all requests of, and material produced by, the *with-profits committee* or advisory arrangement, and of all decisions and reasons of the *governing body* as described in ■ COBS 20.5.5R (1)(d) and ■ (e).
- (4) For the purposes of ■ COBS 20.5.5R (3), the *FCA* expects that it will only be in exceptional circumstances that a *with-profits committee* or alternative arrangement will consider a departure from a recommendation or advice to be sufficiently significant to warrant its making a request of the *governing body* that the *FCA* be informed.

Assessment of independence by governing body

20.5.7

G

- (1) The *FCA* expects the *governing body* of the *firm* to decide whether a member of the *with-profits committee* or a person (other than a *non-executive director*) carrying out the advisory arrangement is independent. The *FCA* expects a *firm's governing body* to adopt the following approach and have regard to the following factors when making this assessment:
 - (a) the *governing body* should determine whether the person is independent in character and judgment and whether there are relationships or circumstances which are likely to affect, or could appear to affect, the person's judgment; and
 - (b) the *governing body* should state its reasons if it determines that a person is independent notwithstanding the existence of relationships or circumstances which may appear relevant to its determination, including if the person:
 - (i) has been an employee of the *firm* or group within the last five years; or
 - (ii) has, or has had within the last three years, a material business relationship with the *firm* either directly, or as a partner, shareholder, director or senior employee of a body that has such a relationship with the *firm*; or
 - (iii) has received or receives additional remuneration from the *firm*, participates in the *firm's* share option or a performance-related pay scheme, or is a member of the *firm's* pension scheme; or
 - (iv) has close family ties with any of the *firm's* advisers, directors or senior employees; or
 - (v) has significant links with the *firm's* directors through involvement in other companies or bodies; or
 - (vi) represents a significant shareholder; or
 - (vii) has served on the *governing body* for more than nine years from the date of their first election.
- (2) If a *firm* appoints one or more *non-executive directors* to carry out the advisory arrangement, the *FCA* expects the *governing body* of the *firm* to be satisfied that that person or persons is or are adequately able to provide independent judgment.

20.5.8

G

Governance arrangements in relation to the PPFM

In complying with the *rule* on systems and controls in relation to compliance, financial crime and money laundering (■ SYSC 3.2.6 R), a *firm* should maintain governance arrangements designed to ensure that it complies with, maintains and records, any applicable *PPFM*. These arrangements should:

- (1) be appropriate to the scale, nature and complexity of the *firm's with-profits business*; and
- (2) include the approval of the *firm's PPFM* by its *governing body*.

Chapter 21

Permitted Links and conditional permitted links

21.1 Application

21.1.1 **R** The *rules* in this section apply on an ongoing basis to *insurers* who effect G1980*linked long-term* contracts.

21.1.-1A **R** Where this chapter sets out conditions or requirements in relation to *conditional permitted links*, those conditions or requirements also apply in relation to any *conditional permitted links* that a *linked fund* invests in via *permitted units*.

Limit to the application of COBS 21.3

21.1.1A **R** ■ COBS 21.3 (Further rules for firms engaged in linked long-term insurance business) applies only in respect of *linked long-term contracts of insurance* where the investment risk is borne by a *policyholder* who is a natural person.

21.1.2 **R**

		<div>21.2</div> <div>Rules for firms engaged in linked long-term insurance business</div>	21
21.2.1	R	For the purposes of determining <i>policyholder</i> benefits, a <i>firm</i> must ensure that the values of its <i>permitted links</i> and <i>conditional permitted links</i> are determined fairly and accurately.

21.2.5 R (2) suitably monitor the way the reinsurer manages the business in order to discharge its continuing responsibilities to *policyholders*.

21.2.6 R

21.2.7 R

Notification to the FCA

21.2.8 R A *firm* must notify the *FCA* in writing as soon as it becomes aware of any failure to meet the requirements of ■ COBS 21, or of the PRA Rulebook Solvency II Firms Investments or the PRA Rulebook: Non-Solvency II firm sector to the extent applicable to *linked long-term contracts of insurance*.

21.2.9 G In considering what action to take in response to written notification of a failure to meet the requirements of this section, the *FCA* will have regard to the extent to which the relevant circumstances are exceptional and temporary and to any other reasons for the failure.

21.3 Further rules for firms engaged in linked long-term insurance business

Application

- 21.3.-1** **R** The rules in this section apply to *linked long-term contracts of insurance* where the investment risk is borne by a *policyholder* who is a natural person.

Permitted links and conditional permitted links

- 21.3.1** **R** An *insurer* must not contract to provide benefits under *linked long-term contracts of insurance* that are determined:
- (1) wholly or partly, or directly or indirectly, by reference to fluctuations in any index other than an *approved index*;
 - (2) wholly or partly by reference to the value of, or the income from, or fluctuations in the value of, property other than any of the following:
 - (a) *approved securities*;
 - (b) *listed securities*;
 - (c) *permitted unlisted securities*;
 - (d) *permitted land and property*;
 - (e) *permitted loans*;
 - (f) *permitted deposits*;
 - (g) *permitted scheme interests*;
 - (h) *approved money market instruments* meeting the requirements in ■ COBS 21.3.6 R to ■ COBS 21.3.8 G;
 - (i) *cash*;
 - (j) *permitted units*;
 - (k) *permitted stock lending*;
 - (l) *permitted derivatives contracts*; and
 - (m) *conditional permitted links*.

- 21.3.1A** **R** A *firm* must classify the types of property listed in ■ COBS 21.3.1R (2)(a) to ■ (2)(m) according to their economic behaviour ahead of their legal form.

- 21.3.2** **G** (1) Nothing in these rules prevents a *firm* making allowance in the value of any *permitted link* or *conditional permitted link* for any notional

- tax loss associated with the relevant *linked assets* for the purposes of fair pricing.
- (2) In the FCA's view the Consumer Prices Index, as well as the Retail Prices Index, is a national index of retail prices and so may be used as an *approved index* for the purposes of ■ COBS 21.3.1R (1).

21.3.3 R

21.3.4 G

21.3.5 R

Money-market instruments

21.3.6 R

A *money-market instrument* will be regarded as normally dealt in on the money market if it:

- (1) has a maturity at issuance of up to, and including, 397 days; or
- (2) has a residual maturity of up to, and including, 397 days; or
- (3) undergoes regular yield adjustments in line with money market conditions at least every 397 days; or
- (4) undergoes regular yield adjustments in line with money market conditions at least every 397 days.

21.3.7 R

- (1) A *money-market instrument* will be regarded as liquid if it can be sold at limited cost in an adequately short timeframe.
- (2) A *money-market instrument* will be regarded as having a value which can be accurately determined at any time if accurate and reliable valuations systems, which fulfil the following criteria, are available:
 - (a) enabling the *firm* to calculate a net asset value in accordance with the value at which the instrument held in the portfolio could be exchanged between knowledgeable willing parties in an arm's length transaction; and
 - (b) based either on market data or on valuation models, including systems based on amortised costs.
- (3) A *money-market instrument* that is normally dealt in on the money market and is admitted to, or dealt in, on an *eligible* market will be presumed to be liquid and have a value which can be accurately determined at any time, unless there is information available to the *firm* that would lead to a different determination.

- 21.3.8 **G** A firm should assess the liquidity of a *money-market instrument* in accordance with CESR's *UCITS eligible assets guidelines*, with respect to UK provisions which implemented article 4(1) of the *UCITS eligible assets Directive*.

Permitted stock lending transactions

- 21.3.9 **R** A *permitted stock lending* transaction is one which, for a *Solvency II firm*, satisfies the requirements in ■ COBS 21.3.11 R to ■ COBS 21.3.12 R and, for an *insurer* which is not a *Solvency II firm*, satisfies ■ INSPRU 3.2.36A R to ■ INSPRU 3.2.42 G.

- 21.3.10 **R** The specific method of *stock lending* permitted is an arrangement of the kind described in section 263B of the Taxation of Chargeable Gains Act 1992, under which the lender transfers *securities* to the borrower other than by way of *sale* and the borrower is to transfer those *securities*, or *securities* of the same type and amount, back to the lender at a later date. In accordance with good market practice, a separate transaction by way of transfer of assets is also involved for the purpose of providing *collateral* to the "lender" to cover him against the risk that the future transfer back of the *securities* may not be satisfactorily completed.

Stock lending: requirements

- 21.3.11 **R**
- (1) The *stock lending* arrangement is of the kind described in section 263B of the Taxation of Chargeable Gains Act 1992 (without extension by section 263C), and:
 - (a) all the terms of the agreement under which *securities* are to be reacquired by the *firm* for the account of the unit-linked fund are in a form which is acceptable to the *firm* and in accordance with good market practice;
 - (b) the counterparty is:
 - (i) an *authorised person*; or
 - (ii) a *person* authorised in an *EEA State*; or
 - (iii) a *person* registered as a broker-dealer with the Securities and Exchange Commission of the United States of America; or
 - (iv) a bank, or a branch of a bank, supervised and authorised to deal in investments as principal, with respect to *OTC derivatives*, by at least one of the following federal banking supervisory authorities of the United States of America:
 - (A) [deleted];
 - (B) the Federal Deposit Insurance Corporation;
 - (C) the Board of Governors of the Federal Reserve System; and
 - (D) the Office of Thrift Supervision; and
 - (c) *collateral* is obtained to secure the obligation of the counterparty under the terms in (a) and the *collateral* is:
 - (i) acceptable to the *firm*;
 - (ii) adequate; and
 - (iii) sufficiently immediate; and

- (d) for the purposes of *property-linked assets* only:
 - (i) where the *linked policyholder* bears the whole of the risk associated with the *stock lending* transaction, the *linked policyholder* receives the whole of the recompense (net of fees and expenses);
 - (ii) the extent of any risk that the *linked policyholder* bears in relation to the *stock lending* transaction is disclosed to them; and
 - (iii) where the risk associated with the *stock lending* transaction is borne outside the *linked fund*, the linked fund receives a fair and reasonable recompense for the use of the *linked policyholders'* funds.
- (2) The counterparty for the purpose of (1) is the *person* who is obliged under the agreement in (1)(a) to transfer to the *firm* the *securities* transferred by the *firm* under the *stock lending* arrangement or *securities* of the same kind.
- (3) ■ COBS 21.3.11R (1)(c) does not apply to a *stock lending* transaction made through Euroclear Bank SA/NV's Securities Lending and Borrowing Programme.

Stock lending: treatment of collateral

21.3.12

R

- (1) *Collateral* is adequate for the purposes of this section only if it is:
 - (a) transferred to the *firm* or the *firm's* agent;
 - (b) at least equal in value, at the time of the transfer to the *firm* or its agent, to the value of the *securities* transferred by the *firm*; and
 - (c) in the form of one or more of:
 - (i) cash;
 - (ii) a certificate of *deposit*;
 - (iii) a letter of *credit*;
 - (iv) a *readily realisable security*;
 - (v) commercial paper with no embedded *derivative* content;
 - (vi) a *qualifying money market fund*.
- (2) *Collateral* is sufficiently immediate for the purposes of this section if:
 - (a) it is transferred before or at the time of the transfer of the *securities* by the *firm*; or
 - (b) the *firm* takes reasonable care to determine at the time referred to in (a) that it will be transferred at the latest by the close of business on the *day* of the transfer.
- (3) The *firm* must ensure that the value of the collateral at all times is at least equal to the value of the *securities* transferred by the *firm*.
- (4) The duty in (3) may be regarded as satisfied in respect of *collateral* the validity of which is about to expire, or has expired, where the *firm* takes reasonable care to determine that sufficient *collateral* will

be transferred, at the latest, by the close of business on the *day* of expiry.

Permitted derivatives contracts

21.3.13 **R** A *permitted derivatives contract* is one which:

- (1) for a *Solvency II firm*, is effected or issued:
 - (a) on or under the rules of a *regulated market*; or
 - (b) off-market with an *approved counterparty*; and
 satisfies ■ COBS 21.3.14 G; and
- (2) for an *insurer* which is not a *Solvency II firm*, satisfies ■ INSPRU 3.2.5 R to ■ INSPRU 3.2.35A G with the exception of ■ INSPRU 3.2.18 R; and
- (3) in each of (1) and (2) the provisions are applied in relation to assets covering liabilities in respect of *linked long-term* contracts of insurance.

21.3.14 **G** *Solvency II firms* are also required to comply with the PRA Rulebook Solvency II Firms Investment and ensure that the use of *derivative* contracts is adequately covered. *Firms* are also referred to the *rules* in ■ COLL 5.3 (Derivative Exposure) in relation to the use of *derivatives* in investment funds and the further guidance from CESR and its successor body, ESMA, which represent good practice in this area.

Conditional permitted links

21.3.15 **R** A *conditional permitted link* is any of the following property where the conditions in ■ COBS 21.3.16R are met:

- (1) *conditional permitted unlisted securities*;
- (2) *conditional permitted immovables*;
- (3) *conditional permitted loans*;
- (4) *conditional permitted scheme interests*;
- (5) *conditional permitted long-term asset funds*; and
- (6) (only in respect of a *linked fund* included in the *default arrangement* of a *qualifying scheme*) *conditional permitted illiquid assets*.

21.3.16 **R** The conditions for the property in ■ COBS 21.3.15R to be a *conditional permitted link* are that an *insurer* must ensure, on a continuing basis, that:

- (-1) (only in respect of *conditional permitted long-term asset funds* to be held other than in connection with a *qualifying scheme*) the *policyholder* has received:
 - a *personal recommendation*, or investment management services, from a *firm*, as to the suitability of the investment for the *policyholder*; or
- (b) (where the *policyholder* has not received any of the services in (a)) an assessment from a *firm* (which could be the *insurer*, and

where the circumstances are appropriate, the *firm* may rely on assessments made by another *person* on whom it is reasonable for the *firm* to rely) that the investment is appropriate for the *policyholder* in accordance with ■ COBS 21.3.16AR;

- (1) a *linked policyholder* is not prevented by the nature of any *conditional permitted link* from exercising any right under the *linked long-term contract of insurance* within the timeframe specified in that contract and, in any event;
 - (a) (in relation to rights to take benefits due under the contract) within a reasonable timeframe based on the needs of the *linked policyholder*; and
 - (b) (in relation to other rights under the contract) within a timeframe that may be reasonably necessary to allow the *firm* to manage the *linked fund* prudently and in the best interests of all relevant *policyholders* linked to the fund.
- (2) the investment risks of any *conditional permitted links*, both individually and in combination with other investments within a linked fund, are suitable and appropriate for:
 - (a) circumstances where investment risk is borne by a *linked policyholder*;
 - (b) the expected period to maturity of the *linked long-term contract of insurance*; and
 - (c) the purpose for which the *linked policyholder* holds the *linked long-term contract of insurance*.
- (3) (only in respect of *conditional permitted illiquid assets*) the *linked fund* investing in *conditional permitted illiquid assets* may only be included in the *default arrangements* of a *qualifying scheme*.

21.3.16A R

- (1) The appropriateness assessment in ■ COBS 21.3.16R(-1)(b) must be done in accordance with the *rules* in either ■ COBS 10 or ■ COBS 10A.
- (2) The effect of (1) is that if the *rules* in ■ COBS 10 or ■ COBS 10A do not apply to a *firm*, the assessment the *policyholder* has received must be undertaken by the *firm* as if the *rules* in ■ COBS 10 or ■ COBS 10A applied.
- (3) Where (2) applies, the condition in ■ COBS 21.3.16R(-1)(b) will be met where a *firm* has conducted the appropriateness assessment in accordance with either:
 - (a) ■ COBS 10 as it would apply to a *firm* that *arranges* or *deals* in relation to a *unit* in a *long-term asset fund*; or
 - (b) ■ COBS 10A as it would apply to a *firm* that either:
 - (i) provides *investment services* in relation to a *unit* in a *long-term asset fund*; or
 - (ii) carries on *insurance distribution* in relation to an *insurance-based investment product* (taking into account the guidance in ■ COBS 10A 2.12G as if it referred to investment in *conditional permitted long-term asset funds*), andthe *firm* must apply the set of *rules* in either (a), (b)(i) or (b)(ii)) which are the most:

- (c) consistent with the *firm's* understanding and experience; and
- (d) appropriate for the *policyholder*.

- (4) The appropriateness assessment must ensure (but is not limited to ensuring) that the total exposure the *policyholder* has or would have to *conditional permitted long-term asset funds*, at the point the investment is made and based on expected contributions at the time, is not greater than 10% of:
 - (a) (in relation to a *policy* held by an individual *policyholder* who is a natural person) the person's exposure to *permitted links* in the *policy*;
 - (b) (other than in (a) and (c) and where the investment risk is borne by a *policyholder* who is a natural person) that natural person's individual exposure to *permitted links* in the *policy*; or
 - (c) (where the *policy* is used by the holder of the *policy* for the purposes of providing benefits under a pension scheme, other than a *qualifying scheme*, and the investment risk is borne by a member of the scheme who is a *policyholder* and a natural person), the value of that natural person's benefits under the pension scheme.

21.3.16B G

- (1) Where a *firm* carries out insurance distribution in relation to an *insurance-based investment product* that includes investment in a *conditional permitted long-term asset fund*, the appropriateness requirement in ■ COBS 10A will apply to that *firm* in any event. Therefore, ■ COBS 21.3.16AR(2) will not be relevant to that activity.
- (2) Where the rules in ■ COBS 10 or ■ COBS 10A do not apply, the *firm* undertaking the appropriateness assessment will have the option of electing which *rules* would be most appropriate to follow. The purpose of this is to allow for *firms* to carry out the appropriateness assessment under the *rules* with which they may be most familiar for example where they are involved with the distribution of *units* in *long-term asset fund* or where the *firm* already has processes in place to meet ■ COBS 10A in relation to *insurance-based investment products*. However, this flexibility will need to be exercised in a way that maintains adequate protection for *policyholders* wanting to invest in *conditional permitted long-term asset funds*.
- (3) Where a *firm* is subject to the *rules* in ■ COBS 10A when providing *investment services* in relation to *units* in a *long-term asset fund* it should not elect to comply with the *rules* in ■ COBS 21.3.16AR(3)(a) or ■ (b)(ii) unless it can demonstrate why applying those *rules* was appropriate for the *policyholder*.
- (4) Where the *policy* is used for the purposes of a pension arrangement (for example an *occupational pension scheme* where the trustees include investment in a *long-term contract of insurance*) under which there is more than one *policyholder*, the assessment in ■ COBS 21.3.16AR(4)(c), should consider the total individual exposure that any relevant *policyholder* (who is a natural person and bears the investment risk) has to *conditional permitted long-term asset funds* in that pension scheme, compared to the total value of the benefits that person has under their individual arrangement in the pension scheme.

21.3.16C G

For ■ COBS 21.3.16R(-1)(b) it would be reasonable for an *insurer* to rely on assessments carried out by a *person* who is not a *firm* where:

- (1) this is properly done by or for an *occupational pension scheme* trustee or otherwise where the person has a legal responsibility to the *policyholder* who is a natural person to assess appropriateness;
- (2) the *insurer* has the necessary systems and controls to determine how the assessment assists the *insurer* to comply with ■ COBS 21.3.16AR; and
- (3) where there is not another *firm* that has (or could) carry out an appropriateness assessment that the *firm* is able to rely on.

21.3.17 G

- (1) Rights under a *linked long-term contract of insurance* which may be relevant for the purposes of ■ COBS 21.3.16R(1) would include a *linked policyholder's* right to:

change the property to which the benefits of the *linked long-term contract of insurance* are linked;

take benefits due under the *linked long-term contract of insurance*. Benefits due are those which the contract envisages will be paid at a particular date or on the occurrence of a particular event; or

withdraw early or transfer the proceeds of, or benefits under, the *linked long-term contract of insurance*. Early withdrawal refers to withdrawals prior to the time or event for paying benefits due that is specifically envisaged in the contract.

- (2) A *firm* will have to pay benefits due under a *linked long-term contract of insurance* (for example on death or maturity) as specified in the contract. A *firm* is not permitted to specify in the contract that it can defer the payment of any such benefits as, in any event, benefit payments have to be made within a reasonable period based on the needs of the *policyholder*.
- (3) A *linked long-term contract of insurance* may provide that the *policyholder's* right to exercise rights under (1)(a) or (1)(c) is deferred for as long as may be reasonably necessary to allow the *firm* to ensure that a *linked fund* can be managed in a manner that is prudent and in the best interests of all relevant *policyholders* linked to the fund. The *firm* will need to ensure that it explains clearly to a *policyholder* the impact of any such provision on the *policyholder's* rights to withdraw early, switch or transfer.

21.3.18 G

The assessment in ■ COBS 21.3.16R(2), in relation to a *linked fund* which is included in a default or similar arrangement for a pension scheme, would include ongoing consideration of:

- (1) whether the investment risks of any *conditional permitted links* remain suitable and appropriate for a particular cohort of *linked policyholders*, including as that cohort moves toward retirement; and
- (2) where the *linked fund* contains *conditional permitted long-term asset funds* or *conditional permitted illiquid assets*, the total exposure of the *default arrangement* to those *investments*.

R The assessment in ■ COBS 21.3.16R(2), in relation to a *linked fund* which is included in an individual pension arrangement under a *qualifying scheme* in circumstances where the member self-selects the *linked assets*, must include ensuring that the total exposure of that individual pension arrangement to *conditional permitted long-term asset funds* is not greater than the higher of:

- (1) the exposure to *conditional permitted long-term asset funds* and/or *conditional permitted illiquid assets* which would be considered suitable and appropriate if that member were invested only in the *qualifying scheme's default arrangement*; or
- (2) 10% of the total value of the benefits in that individual pension arrangement under the *qualifying scheme*.

G

- (1) The assessment of the thresholds in ■ COBS 21.3.16AR(4) and ■ COBS 21.3.18AR should consider whether these are or would be exceeded at the point of the proposed investment being made (including the effect of any ongoing contributions as part of that investment).
- (2) Before the *policyholder* makes any further investment in *conditional permitted long-term asset funds* there will need to be an assessment of whether the conditions in ■ COBS 21.3.16R, including the thresholds in ■ COBS 21.3.16AR(4) and ■ COBS 21.3.18AR, will continue to be met (including in relation to ongoing monthly contributions where the thresholds could be breached).
- (3) An *insurer* should consider how to meet the obligation in ■ COBS 21.3.16R for the conditions to be met on a 'continuing basis' and also its obligations under wider *rules* including the *Principles*. Whilst the condition in ■ COBS 21.3.16R(-1) would apply at the point the particular investment is being made including taking account of any ongoing contributions as part of that investment (rather than on a continuing basis), the *insurer* should have appropriate arrangements in place to identify whether a *policyholder's* investment exposure has become, or risks becoming, materially inconsistent with the thresholds in ■ COBS 21.3.16AR(4) or ■ COBS 21.3.18AR. Where this has occurred the *insurer* should take appropriate action for example communicating with the *policyholder* about this risk and their options.

Conditional permitted links: requirements

21.3.19 **R** Where a *linked fund* is invested in any *conditional permitted link*, no more than 35% of the gross assets of the *linked fund*, when aggregated together, can be invested in:

- (1) *permitted scheme interests* in (b)(v) of the *Glossary* definition of that term; and
- (2) *conditional permitted links*.

21.3.19A **R** The gross assets that a *linked fund* invests in *conditional permitted long-term asset funds* (when included in a *qualifying scheme*) or *conditional permitted illiquid assets* (when included in the *default arrangement* of a *qualifying*

21.3.20

R

scheme) must not be included in any part of the calculation when working out whether the limit set out in ■ COBS 21.3.19R has been exceeded.

Where a *linked fund* is invested in any *conditional permitted link*, the information that a *firm* must give a *linked policyholder* under ■ COBS 21.2.4R must also prominently include, clearly and in language capable of being understood by a *linked policyholder*:

- (1) an explanation of the risks associated with any *conditional permitted links* and/or gross assets in *permitted scheme interests* in (b)(v) of the *Glossary* definition of that term exceeding 20%, how these might crystallise and how they might impact on a *linked policyholder*;
- (2) a description of the tools and arrangements which the *insurer* would propose using, including those required by *FCA rules*, to mitigate the risks in (1);
- (3) an explanation of the circumstances in which these tools and arrangements would typically be deployed and the likely consequences for *linked policyholders*; and
- (4) an explanation of the possible impact on the *policyholder* of any provision in a *linked long-term contract of insurance* permitted under this section which allows for the deferral of the exercise of any rights under the contract.

Chapter 22

Restrictions on the distribution of certain complex investment products

22.2 Restrictions on the retail distribution of mutual society shares

- 22.2.1 R
- (1) The requirements in this section apply to a *firm* when *dealing* in or *arranging a deal* in a *mutual society share* with or for a *retail client* in the *United Kingdom* where the *retail client* is to enter into the *deal* as buyer.

(2) The requirements in this section do not apply if:

(a) the *firm* has taken reasonable steps to ensure that one (or more) of the exemptions in ■ COBS 22.2.4R applies; or
the *deal* relates to the trading of a *mutual society share* in the secondary market.

In this section, a *retail client* of the *firm* includes a *person* who would be a *retail client* if he were receiving services in the course of the *firm* carrying on a *regulated activity*.

- 22.2.1A G
- COBS 22.2 does not apply in relation to deferred shares issued by a *credit union*. *Firms* are reminded that ■ CREDS 3A contains requirements regarding the retail distribution of these shares.

Risk warning requirement

- 22.2.2 R
- The *firm* must give the *retail client* the following risk warning on paper or another *durable medium* and obtain confirmation in writing from the *retail client* that he has read it, in good time before the *retail client* has committed to *buy* the *mutual society share*:

"The investment to which this communication relates is a share. Direct investment in shares can be high risk and is very different to investment in deposit accounts or other savings products. In particular, you should note that:

() the entire amount you invest is at risk;

() income, distribution or dividend payments are not guaranteed, are entirely discretionary, and may be suspended or cancelled at any time, for any reason;

() the share is a perpetual instrument with no maturity date, and there is no obligation on the issuer to buy the share back;

() the share may be difficult to sell on for the price you paid for it, or any price; and

() investing more than 10% of your savings or net investment portfolio in this type of instrument is unlikely to be in your best interests."

Further requirements for non-advised, non-MiFID sales

22.2.3

R

- (1) The requirements in (2) and (3) must be met if:
 - (a) the *firm* is not providing an *investment service* in the course of *MiFID* or *equivalent third country business*; and
 - (b) the *retail client* is not otherwise receiving a *personal recommendation* on the *mutual society share* from the *firm* or another person.
- (2) The *firm* must give the *retail client* the following statement on paper or another *durable medium* and obtain confirmation in writing from the *retail client* that he or she has signed it, in good time before the *retail client* has committed to *buy* the *mutual society share*:

“I make this statement in connection with proposed investment in mutual society shares. I have been made aware that investing more than 10% of my net assets in mutual society shares is unlikely to be in my best interests. I declare that the proposed investment would not result in more than 10% of my net assets being invested in mutual society shares. Net assets for these purposes mean my financial assets after deduction of any debts I have, and do not include:

 - (a) the property which is my primary residence, any amount owed under a mortgage relating to the purchase of that property, or any money raised through a loan secured on that property;
 - (b) any rights of mine under a qualifying contract of insurance (for example, a life assurance or critical illness policy);
 - (c) any benefits (in the form of pensions or otherwise) which are payable on the termination of my service or on my death or retirement and to which I am (or my dependants are) or may be entitled; or
 - (d) any withdrawals from my pension savings (except where the withdrawals are used directly for income in retirement).

I accept that the investment to which this statement relates will expose me to a significant risk of losing all the money invested.

- 22.5.9** **G** The relevant risk warning, including the font size, should be:

Margin requirements for retail clients

- 22.5.10** **R** A *firm* must not open a position in relation to a *restricted speculative investment* for a *retail client* unless the *margin* posted to open the position is in the form of *money*.

- (1) 3.33% of the value of the exposure that the trade provides when the underlying asset is a *major foreign exchange pair* or *relevant sovereign debt*;

- (1) A *firm* offers a *restricted speculative investment* when the underlying asset is a 5 x leveraged index on gold. The value of the index is £800.

The value of the exposure that the trade provides is therefore £800 x 5, or £4000; or

- (2) a *firm* offers a *contract for differences* where the underlying asset is a *restricted option* that references the FTSE 100. For this *contract for differences*, the value of the exposure that the trade provides is equal to the value of the underlying asset of the *restricted option*. For pricing the *restricted option*, the *firm* offers £1 of exposure for each point of the FTSE 100. Under these terms, if the *retail client* buys the *contract for differences* on a *restricted option* when the FTSE 100 is trading at 7070, the value of the exposure that the trade provides is £7070 (i.e. 7070 x £1).

Margin close out requirements for retail clients

22.5.13 **R**

- (1) A *firm* must ensure a *retail client's* net equity in an account used to trade *restricted speculative investments* does not fall below 50% of the *margin* requirement (as outlined in **COBS 22.5.11R**) required to maintain the *retail client's* open positions.
- (2) Where a *retail client's* net equity falls below 50% of the *margin* requirement, the *firm* must close the *retail client's* open position(s) on restricted speculative investments as soon as market conditions allow.
- (3) In this *rule*, "net equity" means the sum of the *retail client's* net profit and loss on their open position(s) and the *retail client's* deposited *margin*.

22.5.14 **R**

A *firm* must not maintain an open position in relation to a *restricted speculative investment* for a *retail client* unless the *margin* posted to maintain the open position is in the form of *money*.

22.5.15 **R**

A *firm* must provide to a *retail client* a clear description in a *durable medium* or make available on a website (where that does not constitute a *durable medium*) that meets the *website conditions* of how the *retail client's margin* close out level will be calculated and triggered:

- (1) in good time before the *retail client* opens their first position; and
- (2) in good time before any change to the terms and conditions applicable to the *retail client* takes effect.

22.5.16 **G**

Firms are reminded that they must comply with **COBS 2.1.1R** (the client's best interests rule) and **COBS 11.2A.2R** (obligation to execute orders on terms most favourable to the client) when:

- (1) making a *margin* call to a *retail client*; or
- (2) exercising a discretionary right to close a *retail client's* position; or
- (3) closing a *retail client's* position(s).

Negative balance protection

- 22.5.17** **R** The liability of a *retail client* for all *restricted speculative investments* connected to the *retail client's* account is limited to the funds in that account.
- 22.5.18** **G** ■ COBS 22.5.17R means that a *retail client* cannot lose more than the funds specifically dedicated to trading *restricted speculative investments*.
- 22.5.19** **G** For the purposes of ■ COBS 22.5.17R, funds in a *retail client's* account are limited to the *cash* in the account and unrealised net profits from open positions. "Unrealised net profits from open positions" means the sum of unrealised gains and losses of all open positions recorded in the account. Any funds or other assets in the *retail client's* account for purposes other than trading *restricted speculative investments* should be disregarded.

Restrictions on monetary incentives and non-monetary incentives

- 22.5.20** **R** A *firm* must not offer to a *retail client*, or provide a *retail client* with, any of the following when marketing, distributing or selling a *restricted speculative investment*:
- (1) a monetary incentive; or
 - (2) a non-monetary incentive.
- 22.5.21** **G** For the purposes of ■ COBS 22.5.20R:
- (1) monetary incentives include, but are not limited to, the offering of bonuses in relation to the opening of a new account or the offering of rebates on fees (including volume-based rebates);
 - (2) lower fees offered to all *retail clients* do not constitute a monetary incentive; and
 - (3) information and research tools do not constitute non-monetary incentives.

Other products

- 22.5.22** **G** *Firms* that market, distribute or sell *derivatives* with similar features to *restricted speculative investments* (particularly where the *derivatives* are leveraged) to *retail clients*, should have particular regard to how they comply with applicable obligations found elsewhere in the *FCA Handbook*, including, where relevant:
- (1) ■ COBS 2.1.1R (The client's best interests rule);
 - (2) ■ COBS 4.2.1R (The fair, clear and not misleading rule);
 - (3) ■ COBS 9A (Suitability (MiFID and insurance-based investment products provisions));
 - (4) ■ COBS 10A (Appropriateness (for non-advised services) (MiFID and insurance-based investment products provisions));

- (5) *PRIN*, particularly *principles* 1, 2 and 6; and
- (6) ■ **PROD 3** (Product governance: MiFID).

 - (4) *TP firms* which are *EEA MiFID investment firms* with the exception of *collective portfolio management investment firms*,
- in relation to the marketing, distribution or sale of *cryptoasset derivatives* and *cryptoasset exchange traded notes* in or from the *United Kingdom* to a *retail client*.
- 22.6.2** **G** In addition to the *persons* listed above, *persons* (including *unauthorised persons*) who benefit from a temporary exemption or exclusion from the *general prohibition* under:
- (1) Part 7 of the *EU Exit Passport Regulations*; or
 - (2) Part 4 of the *Electronic Commerce and Solvency 2 (Amendment etc.) (EU Exit) Regulations 2019 (SI 2019/1361)*
- are required to comply with the *rules* in this section as a consequence of:
- (3) regulation 59 of the *EU Exit Passport Regulations*; or
 - (4) regulation 19 of the *Electronic Commerce and Solvency 2 (Amendment etc.) (EU Exit) Regulations 2019*.
- 22.6.3** **G** *Firms* and *TP firms* are reminded that the *Glossary* definition of *MiFID investment firm* includes *CRD credit institutions* when those institutions are providing an *investment service or activity*.

22.6.4 **G** For the avoidance of doubt, in **COBS 22.6.1R**, “marketing” includes *communicating and/or approving financial promotions*, and “distribution or sale” includes *dealing* in relation to *cryptoasset derivatives* and *cryptoasset exchange traded notes*.

Prohibitions

- 22.6.5** **R**

- (2) “Marketing” includes, but is not limited to, *communicating and/or approving financial promotions*.

1.1	COBS 3	G	<p>Overview of transitional provisions for client categorisation</p> <p>(1) COBS TP 1.2 contains default transitional categorisation provisions in relation to the existing <i>clients</i> of a <i>firm</i> on 1 November 2007. In many cases, they allow a <i>client</i> to be automatically provided with the nearest equivalent categorisation under COBS 3 to their previous categorisation.</p> <p>(2) COBS TP 1.3 explains how the transitional provisions for <i>client</i> categorisation relate to the requirement for a <i>firm</i> to act if it becomes aware that an <i>elective professional client</i> no longer satisfies the initial conditions for its categorisation.</p> <p>(3) The default provisions do not prevent a <i>firm</i> categorising such a <i>client</i> differently in accordance with COBS 3. COBS TP 1.4 provides guidance on how some of the procedural requirements in COBS 3 apply in some such cases.</p> <p>(4) COBS TP 1.5 contains transitional notification obligations, which apply if the default provisions do not allow that <i>client</i> to be provided with the nearest equivalent categorisation or a <i>firm</i> chooses not to take advantage of those provisions in relation to a <i>client</i>.</p> <p>(5) COBS TP 1.6 contains a transitional notification obligation that applies to a <i>firm</i> that, in relation to <i>MiFID</i> or <i>equivalent third country business</i>, takes advantage of the default transitional categorisation provisions to classify a <i>client</i> as a <i>per se professional client</i>.</p> <p>(6) COBS TP 1.9 contains transitional categorisation provisions in relation to <i>clients</i> of a <i>firm</i> that are taken on between 1 November 2007 and 30 June 2008 in relation to business that is not <i>MiFID</i> or <i>equivalent third country business</i>.</p>	From 1 November 2007 indefinitely	1 November 2007
