**Listing Rules** 

## Chapter 5

## Suspending, cancelling and restoring listing and reverse takeovers: All securities

|       |   | 5.5 Miscellaneous                                                                                                                                                                                                                                                                                                                                                                                                          |
|-------|---|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 5.5.1 | G | <b>Decision-making procedures for suspension, cancellation etc</b><br>The decision-making procedures that the <i>FCA</i> will follow when it cancels,<br>suspends or refuses a request by an <i>issuer</i> to suspend, cancel or restore<br><i>listing</i> are set out in <i>DEPP</i> (Decision Procedure and Penalties).                                                                                                  |
| 5.5.2 | R | Suspension, cancellation or restoration by overseas exchange<br>or authority<br>An <i>issuer</i> must inform the <i>FCA</i> if its listing has been suspended, cancelled or<br>restored by an <i>overseas</i> exchange or <i>overseas</i> authority.                                                                                                                                                                       |
| 5.5.3 | G | (1) The FCA will not automatically suspend, cancel or restore the <i>listing</i> of <i>securities</i> at the request of an <i>overseas</i> exchange or <i>overseas</i> authority (for example, if listing of a <i>listed issuer's securities</i> are suspended, cancelled or restored on its home exchange).                                                                                                               |
|       |   | (2) The FCA will not normally suspend the <i>listing</i> of <i>securities</i> where there is a trading halt for the <i>security</i> on its home exchange.                                                                                                                                                                                                                                                                  |
|       |   | <ul> <li>(3) If a <i>listed issuer</i> requests a suspension, cancellation or restoration of the <i>listing</i> of its <i>securities</i>, after a suspension, cancellation or restoration on its home exchange, the <i>issuer</i> should send to the <i>FCA</i> written confirmation:</li> </ul>                                                                                                                           |
|       |   | <ul> <li>(a) that the suspension, cancellation or restoration of listing on its<br/>home exchange has become effective; or</li> </ul>                                                                                                                                                                                                                                                                                      |
|       |   | (b) if it has not yet become effective, of the time and date it is<br>proposed to become effective.                                                                                                                                                                                                                                                                                                                        |
|       |   | (4) If an overseas exchange or overseas authority requests the FCA to<br>suspend, cancel or restore the <i>listing</i> of <i>securities</i> , the FCA will,<br>wherever practical, contact the <i>issuer</i> or its <i>sponsor</i> before it<br>suspends, cancels or restores the <i>listing</i> . Therefore, <i>issuers</i> are<br>encouraged to contact the FCA at the same time as they contact their<br>home exchange. |
|       |   | (5) If the FCA is unable to contact the <i>issuer</i> or <i>sponsor</i> , it will suspend, cancel or restore the <i>listing</i> of the <i>securities</i> when it is satisfied that the listing of the relevant <i>securities</i> has been, or will be, suspended, cancelled or restored on their home exchange.                                                                                                            |
