		guidance		A firm may issue a certificate during the certification transitional period. The reason it may wish to do this is so that when the requirement in the Act to issue certificates comes into force, the firm will have issued all the certificates that it needs to have issued to allow its certification employees to carry on their jobs after the certification transitional period.
				If it does issue a certificate during the certification transitional period, that certificate is valid after the end of the certification transitional period for the twelvemonth period provided for in section 63F of the Act (Issuing of certificates). That twelvemonth period runs from the date of issue, even though it was issued during the certification transitional period.
				This means that a certificate issued before 31 March 2020 will not be effective.
				All the provisions of the Act and the FCA Hand-book about certificates apply to a certificate issued in the certification transitional period.

7.3.1	G (1)	SYSC 27.5.1R (Emergency appointments) allows a <i>firm</i> to appoint someone (P) to perform a function which would normally be an <i>FCA certification function</i> without P becoming a <i>certification employee</i> . There is a maximum period for which the appointment can last.					
	(2)	When calculating the maximum time period in (1), the <i>firm</i> need not take into account any time spent by P before the general commencement date performing what will become the <i>FCA certification function</i> in (1).					
	(3)	When a <i>firm</i> , after the end of the certification transitional period , is calculating the maximum time period in (1), the <i>firm</i> should take into account any time spent by P during the certification transitional period performing the <i>FCA certification function</i> in (1).					
7.3.2	G ((1)	SYSC 27.5.1R only applies where P (as referred to in SYSC TP 7.3.1G) is providing cover for a <i>certification employee</i> whose absence is reasonably unforeseen.					
	(2)	SYSC 27.5.1R may still apply if the absence referred to in (1) began before the general commencement date or during the certification transitional period .					
7.3.3	G (1)	Some FCA certification functions only apply where the place of performance of the function has a connection with the <i>United Kingdom</i> (for example, it is carried on there).					

- (2) SYSC 27.5.3R (Temporary UK role (the 30-day rule)) allows a *person* (P) to carry on a function for a *firm* that would normally be an *FCA certification function* because of its connection with the *United Kingdom* without P becoming a *certification employee*. There is a time limit on how long the *firm* can allow P to do this.
- (3) When calculating the time limit in (2), the *firm* need not take into account any time spent by P before the **general commencement date** performing functions with a *United Kingdom* connection.
- (4) When a *firm*, after the end of the **certification transitional period**, is calculating the maximum time period in (1), the *firm* should take into account any time spent by P during the **certification transitional period** performing functions with a *United Kingdom* connection.

7.4 Transitional provisions about regulatory references

- 7.4.1 R (1) If on the **general commencement date** an *employee* (P) is already performing an *FCA certification function* for an *SMCR firm* (A), the obligation under SYSC 22 (Regulatory references) for A to obtain a reference when issuing a certificate (including reissuing a certificate) for P for that *FCA certification function* does not apply during, at the end of or after the end of the **certification transitional period**.
 - (2) If there has been a significant change in P's responsibilities forming part of that *FCA certification function* as compared to the position on the **general commencement date**, paragraph (1) ceases to apply from that time.
- 7.4.2 R SYSC 22.2.1R (Obligation to obtain a regulatory reference) does not apply to an application for approval as an *approved person* that:
 - (1) is made before the **general commencement date** and is continued in force by SUP TP 11.7 or SUP TP 11A.7 (In-flight applications: Conversion); or
 - (2) is made under SUP TP 11.15 or SUP TP 11A.15 (Applications of approved persons to take effect from the commencement date).
- 7.4.3 G SYSC 22.2.4R (Obligation to revise references) does not apply to references given before the **general commencement date**.
- 7.4.4 R Question (F) (disciplinary action) in Part One of SYSC 22 Annex 1R (Template for regulatory references given by SMCR firms and disclosure requirements) does not require disclosure of breaches of individual conduct requirements referred to in question (F) if:
 - (1) the disciplinary action referred to in that item took place before the **general commencement date**; and
 - (2) the *firm's* records do not show whether the conduct that was subject to disciplinary action amounted to a breach of those individual conduct requirements.
- 7.4.5 G The term individual conduct requirements in SYSC TP 7.4.4R is defined in Section One of Part Two of SYSC 22 Annex 1R.
- 7.4.6 R If:
 - (1) a *firm* (A) asks another *firm* (B) for a reference before the **general commencement date**; but
 - (2) B gives the reference after that date;
 - SYSC 22 (Regulatory references) in the form it is in at the time in (2) applies to B.
- 7.4.7 G SYSC 22 in the form it is in after the **general commencement date** applies to a reference requested or given after the **general commencement date** even if the matters covered by the reference occurred before then.
- 7.4.8 R [deleted]
- 7.5 Transitional provisions about benchmarks and the certification regime
- 7.5.1 G SYSC 27.6.4R excludes *benchmark activities* from the certification regime. SYSC TP 7.5 brings certain activities in relation to benchmarks back into the certification regime.

- 7.5.2 R SYSC 27 (Senior managers and certification regime: Certification regime) applies to a person with permission to carry on the regulated activity of administering a specified benchmark acting as such.
- As a consequence of the benchmarks regulation, the regulated activities referred to in 7.5.3 G SYSC TP 7.5.2R will cease to apply in certain circumstances (see SUP TP 10 for an explanation of those circumstances).
- 7.5.4 The effect of SYSC TP 7.5.2R is that SYSC 27 continues to apply to firms which still have G permission to carry on the regulated activity in SYSC TP 7.5.2R when carrying on that activity.

7.6 Miscellaneous

Common platform requirements

- 7.6.1 G The Individual Accountability (Dual-Regulated Firms) Instrument 2018 renumbered material that used to be in SYSC 4 and SYSC 5 so that it now appears in SYSC 24 to SYSC 27. That instrument updated FCA Handbook cross-references accordingly.
- 7.6.2 G The requirements of chapters SYSC 24 to SYSC 27 no longer form part of the common platform organisational requirements and a reference to anything in SYSC 4 or SYSC 5 does not include any material referred to in SYSC TP 7.6.1G.

7.7 Qualification conditions for FCA-authorised firms

Firm classification: Effect of pre-commencement events

- 7.7.1 R If a firm is treated as a core SMCR firm, an enhanced scope SMCR firm or a limited scope SMCR firm immediately before the general commencement date for the purposes of SUP TP 11A (Bank of England and Financial Services Act 2016: Approved persons in solo-regulated firms) it retains that status after the general commencement date unless and until it changes under SYSC 23 Annex 1 (Definition of SMCR firm and different types of SMCR firms).
- 7.7.2 G For example if before the general commencement date a firm has opted up to be an enhanced scope SMCR firm it remains an enhanced scope SMCR firm after the general commencement date. It may then elect to cease being an enhanced scope SMCR firm using a Form O under the procedure in SYSC 23 Annex 1 unless it also meets one of the other qualifications for being an enhanced scope SMCR firm.
- A calculation period, an averaging period or a reporting period as referred to in Part 7.7.3 G Eight of SYSC 23 Annex 1 (Part Eight: Financial qualification condition for being an enhanced scope SMCR firm) may begin or end before the general commencement date.

Financial qualification conditions for enhanced scope SMCR firms

7.7.4 R (1) This rule applies to a firm that:

(a)

of the qualification conditions for being an enhanced scope SMCR firm in Part 8 of SYSC 23 Annex 1 (Financial qualification condition for being an enhanced scope SMCR firm) at the date in SUPTP 11A.23.3R(2) (Deciding which category a firm is in); but

does not meet one

meets it between that date and the general commencement date.

(b)

- (2) The one-year period referred to in Part 10 of SYSC 23 Annex 1 (When a firm becomes an enhanced scope SMCR firm) begins on the date the *firm* met that qualification condition, even though that date is before the **general commencement** date.
- 7.7.5 G The situation in SYSC TP 7.7.4R may apply to a *firm* because, for example, its accounting reference date falls between the date in SUP TP 11A.23.3R(2) and the **general commencement date**.

Consumer credit reporting

- 7.7.6 G (1) SYSC 23 Annex 1 8.15R deals with cases in which the period in relation to which the financial calculations are made to test whether a *firm* meets one of the financial qualification conditions for being an *enhanced scope SMCR firm* is adjusted because the relevant reporting requirements did not apply for the whole period. SYSC 23 Annex 1 8.16G gives examples of why this may happen.
 - (2) One example in SYSC 23 Annex 1 8.16G is that the relevant reporting requirements have not existed for the whole of the period. A particular example of this is consumer credit reporting requirements. At the time the financial qualification conditions for being an *enhanced scope SMCR firm* first came into force in 2019, the relevant reporting requirements had not existed for a full three years.
