Examples of unsuitability

No.	Example	Reviewer	QA
1	The client is, or will be, reliant on income from the comparator scheme.

3	The aim of the transfer is to access income-related benefits flexibly but the firm has not demonstrated that the consumer can bear the risk of the transfer that would be needed to achieve this objective.		
4	The aim of the transfer is to maximise PCLS but the firm has not demonstrated that the consumer can bear the risk of the transfer that would be needed to achieve this objective.		
5	An aim of the transfer is to preserve or protect the value of the consumer's pension benefits but the comparator scheme(s) benefits would meet the consumer's needs.		
	The consumer wants to retire early but can meet their objective(s) in the comparator scheme(s).		
7	The consumer wants or prefers guaranteed income or returns.		
8	The consumer does not have the necessary attitude to risk.		
9	The firm's transfer analysis does not support a recommendation to transfer.		
10	The firm did not have a reasonable basis for believing that the consumer had the necessary knowledge and experience to understand the risks involved in transferring their DB scheme.		
11	The consumer is under 50 and cannot bear the risks of transfer.		
12	The recommendation to transfer is unsuitable for the consumer's investment objectives or for their financial situation for some other reason. Please state the reason(s):
