6.2 What accounting periods will result from the change? The new accounting reference date that you have entered could result in several different periods depending on whether you want to extend or reduce your periods and which period is the first period affected.

Although the FCA or PRA may accept accounting periods of up to 18 months, SUP 16.3.18G advises firms that accounting periods longer than 15 months may be deemed unacceptable as this may hinder the timely provision of relevant and important information to the FCA or PRA. If a firm wishes to have an accounting period of longer than 18 months (sole traders and certain partnerships), the firm must apply to the FCA in writing.

Please detail the start and end dates for the current accounting period and the two following periods below:
