Liquidity Questionnaire

Part 1 - Adequacy of Liquidity resources

		Α	B if no or not applicable, please explain (max 400 chars)
1	Do you maintain, at all times, liquidity resources which are adequate, both as to amount and quality, to ensure that there is no significant risk that you cannot meet your liabilities as the fall due?		
	(If you answer no above, leave the remaining data elements blank)		
2	State the value of liquid resources that you hold as of the reporting date		
Part 2 - System and controls			
3	Do you have in place robust strategies, policies, processes and systems that enable you to identify, measure, manage and monitor liquidity risk over the appropriate set of time horizons for your business activities, to ensure you maintain adequate levels of liquidity resources?		
Part 3 - Stress testing			
4	Do you consider institution specific and market wide stresses and their impact upon your assets?		
5	Does stress testing extend to interest rate and/or foreign currency exposures that could have an impact on you liquidity/solvency?		
6	Does your firm undertake stress testing regularly on your liquidity risk model?		
7	Is your approach to stress testing documented?		
Part 4 - Contingency funding plans			
8	Do you have an appropriate contingency funding plan in place that is regularly tested and updated?		
9	Is your contingency funding plan documented?		
Part 5 - Senior management oversight			
10	Does the firm have reliable management information systems to provide the governing body/ senior management with timely and forward-looking information on the liquidity position of the firms?		
11	Does the governing body/ senior management review, at least annually, the adequacy of the strategies, policies, processes and systems to identify, measure, manage and monitor liquidity risk?		
12	Does the governing body/senior management approve stress tests and contingency funding plans?
