18.11 Authorised professional firms

- 18.11.1 R COBS applies to an authorised professional firm, except that its application in relation to non-mainstream regulated activities and financial promotion is modified as set out below.
- In certain respects, the application of COBS to an authorised professional firm will be determined by the firm's status as a MiFID investment firm, a MiFID optional exemption firm or a firm to which MiFID does not apply.
- 18.11.2 R COBS does not apply to an authorised professional firm with respect to its non-mainstream regulated activities, except that:
 - (1) the fair, clear and not misleading rule applies;
 - (2) the financial promotion rules apply as modified below;
 - (3) the *rules* in the following parts of *COBS* which implemented the *IDD* apply in relation to *insurance distribution activities*:

18.11.3

The financial promotion rules do not apply to an authorised professional firm in relation to the communication of a financial promotion if:

- (1) the firm's main business is the practice of its profession (see IPRU(INV) 2.1.2R(3));
- (2) the financial promotion is made for the purposes of and incidental to the promotion or provision by the firm of its professional services or its non-mainstream regulated activities; and
- (3) the financial promotion is not communicated on behalf of another person who would not be able lawfully to communicate the financial promotion if he were acting in the course of business;

however, a firm may use the exemptions for promoting unregulated collective investment schemes in ■ COBS 4 (Communicating with clients, including financial promotions) if it wishes.

18.11.4

G

The rules on approving financial promotions continue to apply.

18.12 Operating an electronic system in relation to lending

Application

- 18.12.1 R
- This section applies to an operator of an electronic system in relation to lending, but only in relation to a person becoming a lender under a P2P agreement.
- 18.12.2 R

This section does not apply in relation to a current account agreement where:

- (1) there is a possibility that the account holder may be allowed to overdraw on the current account without a pre-arranged overdraft or to exceed a pre-arranged overdraft limit; and
- (2) if the account holder did so, this would be a *P2P agreement* (overrunning).

Purpose

18.12.3 G

The purpose of this chapter is to ensure that, where applicable, a firm:

prices and values P2P agreements fairly and appropriately;

will prevent lenders being exposed to risk outside of the parameters advertised at the time of investment;

.....

has a reasonable basis to conclude that a *target rate* can be reasonably achieved; and

can support the statements made in its disclosures and financial promotions.

Interpretation

18.12.4 R

In the remainder of this section:

- (1) references to a *P2P agreement* include *non-P2P agreements* included in a *P2P portfolio*;
- (2) unless the context otherwise requires, references to "lender" also include a prospective lender;

- (3) a firm is treated as having determined the price of a P2P agreement in cases other than where the lender and the borrower have entered into a genuine negotiation to determine the price of that P2P agreement; and
- (4) references to repayment refer to repayment of capital or payment of interest or other charges (excluding any charge for non-compliance with a P2P agreement).

Credit risk assessment

- 18.12.5 R Where a firm determines the price of a P2P agreement, it must undertake a reasonable assessment of the credit risk of the borrower before the P2P agreement is made.
- 18.12.6 A firm must base its credit risk assessment on sufficient information:
 - (1) of which it is aware at the time the credit risk assessment is carried out;
 - (2) obtained, where appropriate, from the borrower, and, where necessary, any other relevant sources of information.

The subject matter of the credit risk assessment

18.12.7 The firm must consider the risk that the borrower will not make one or more repayments under the P2P agreement by the due date.

Scope, extent and proportionality of the credit risk assessment

- 18.12.8 R (1) The extent and scope of the *credit risk assessment*, and the steps that the firm must take to satisfy the requirement that the assessment is a reasonable one and based on sufficient information, is dependent upon, and proportionate to, the individual circumstances of each case.
 - (2) The firm must consider:
 - (a) the types of information to use in the credit risk assessment;
 - (b) the content and level of detail of the information to use;
 - (c) whether the information in the firm's possession is sufficient;
 - (d) whether and to what extent to obtain additional information from the borrower:
 - (e) whether and to what extent to obtain information from any other sources:
 - (f) whether and to what extent to verify the accuracy of the information that is used; and
 - (g) the degree of evaluation and analysis of the information that is

having regard to the factors listed in (3) where applicable to the agreement.

18

- (3) The factors to which the *firm* must have regard when complying with (2) and deciding what steps are needed to make the *credit risk* assessment a reasonable one include each of the following where applicable to the agreement:
 - (a) the type of credit;
 - (b) the amount of the credit or the credit limit;
 - (c) the duration (or likely duration) of the credit;
 - (d) the frequency of the repayments;
 - (e) the amount of the repayments;
 - (f) the annual percentage rate of charge; and
 - (f) any other costs, including any charge for non-compliance with the agreement, which will or may be payable by or on behalf of the borrower in connection with the agreement.

18.12.9 G The *firm*

The firm may have regard, where appropriate, to information obtained:

- (1) in the course of previous dealings with the borrower but should consider whether the passage of time could have affected the validity of the information and whether it is appropriate to update it;
- (2) as part of conducting a *credit-worthiness assessment* in relation to a *P2P agreement* in accordance with CONC 5.5A; or
- (3) as part of assessing affordability in relation to a *P2P agreement* comprising a *home finance transaction*, in accordance with MCOB 11 as modified by MCOB 15.

Policies and procedures for credit risk assessment

18.12.10 R

A firm must:

- (1) establish, implement and maintain clear and effective policies and procedures:
 - (a) to enable it to carry out credit risk assessments; and
 - (b) setting out the principal factors it will take into account in carrying out *credit risk assessments*;
- (2) set out in writing the policies and procedures in (1), and (other than in the case of a *sole trader*) have them approved by its *governing body* or *senior personnel*;
- (3) assess and periodically review:
 - (a) the effectiveness of the policies and procedures in (1); and
 - (b) the *firm's* compliance with those policies and procedures and with its obligations under COBS 18.12.5R to 18.12.8R;
- (4) following the review in (3), take appropriate measures to address any deficiencies in the policies and procedures or in the *firm's* compliance with its obligations;

- (5) maintain a record of each transaction where a P2P agreement is entered into sufficient to demonstrate that:
 - (a) a credit risk assessment was carried out where required; and
 - (b) the credit risk assessment was reasonable and was undertaken in accordance with ■ COBS 18.12.5R to ■ 18.12.8R,
 - and in each case to enable the FCA to monitor the firm's compliance with its obligations under ■ COBS 18.12.5R to ■ 18.12.8R; and
- (6) (other than in the case of a sole trader) establish, implement and maintain robust governance arrangements and internal control mechanisms designed to ensure the firm's compliance with (1) to (5).

Pricing, allocation and portfolio composition

- 18.12.11 Where a firm determines the price of a P2P agreement it must ensure that the price is fair and appropriate.
- 18.12.12 R To determine a fair and appropriate price for a P2P agreement the firm must at least ensure:
 - (1) the price is reflective of the risk profile of the loan; and
 - (2) the firm has taken into account:
 - (a) the time value of money; and
 - (b) the credit spread of the P2P agreement.
- 18.12.13 R Where a firm selects which P2P agreements to facilitate for a lender, it must facilitate only those *P2P agreements* which are in line with the disclosures made pursuant to ■ COBS 18.12.27R.
- 18.12.14 R Where a firm is assembling or managing a P2P portfolio, it must ensure that it includes in that P2P portfolio only those P2P agreements it has determined with reasonable certainty will enable the lender to achieve the target rate.
- 18.12.15 To be able to comply with ■ COBS 18.12.14R, a *firm* should use appropriate data and robust modelling. The data may be the firm's own or may be sourced from third parties. Modelling could include the firm's credit risk assessment of all borrowers under P2P agreements included in the P2P portfolio, taking into account the expected losses and the variability of losses through the cycle, and the price of such agreements as calculated in accordance with ■ COBS 18.12.12R.
- 18.12.16 R Where a firm determines the price of a P2P agreement it must review the valuation of each P2P agreement in at least the following circumstances:
 - (1) when the P2P agreement is originated;
 - (2) where the firm considers that the borrower is unlikely to pay its obligations under the P2P agreement in full, without the firm

enforcing any relevant security interest or taking other steps with analogous effect;

- (3) following a default; and
- (4) where the *firm* is facilitating an exit for a lender before the maturity date of the *P2P agreement*.
- 18.12.17 R

Where a *firm* that determines the *price* of *P2P agreements* is facilitating an exit for a lender before the maturity date of a *P2P agreement*, the *firm* must ensure that the price offered for exiting the *P2P agreement* is fair and appropriate.

Risk management framework

- 18.12.18 R
- (1) Where any of COBS 18.12.11R to 18.12.17R apply, a *firm* must have and use a *risk management framework* that is designed to achieve compliance with those *rules*.
- (2) The firm's risk management framework must at least:
 - (a) be appropriate to the nature, scale and complexity of its business;
 - (b) take into account any credit risk assessment, credit-worthiness assessment or assessment of affordability under MCOB;
 - (c) categorise *P2P agreements* by their risk, taking into account the probability of default and the loss given default; and
 - (d) set out the circumstances in which the *firm* will review the valuation of each *P2P agreement*.
- (3) The firm must set out in writing the risk management framework, and have it approved by its governing body or senior personnel.
- 18.12.19 G

Where \blacksquare COBS 18.12.11R to \blacksquare 18.12.17R do not apply to a *firm*, it would be good practice for the *firm* to consider whether, depending on its business model, it should apply the requirements in \blacksquare COBS 18.12.18R(1) to \blacksquare (3).

Monitoring of the risk management framework

18.12.20 R

A firm with a risk management framework must:

- (1) assess, monitor and periodically review the adequacy and effectiveness of the *risk management framework*, including by assessing outcomes against expectations;
- (2) pursuant to (1), take appropriate measures to address any deficiencies in the *risk management framework*;
- (3) maintain a record of each transaction where it has used the *risk* management framework to facilitate a *P2P* agreement sufficient to demonstrate that:
 - (a) the *price* of the *P2P agreement* was fair and appropriate in line with the *risk management framework*;

- (b) where the firm selected which P2P agreements to facilitate for a lender, that its selection was in line with the risk management framework:
- (c) any inclusion in a P2P portfolio was in line with the risk management framework,

and in each case to enable the FCA to monitor the firm's compliance with its obligations regarding the risk management framework;

- (4) establish, implement and maintain robust governance arrangements and internal control mechanisms designed to ensure the firm's compliance with (1) to (3); and
- (5) allocate to an approved person overall responsibility within the firm for the establishment and maintenance of an effective risk management framework and record that allocation.

Publication of an outcomes statement

- Where a firm determines the price of P2P agreements in any financial year of 18.12.21 the firm, it must publish an outcomes statement within four months of the end of each financial year.
- 18.12.22 R A firm must ensure that each outcomes statement remains publicly available for at least 10 years from publication.

Content of an outcomes statement

- 18.12.23 R An outcomes statement must include, as applicable, for the financial year of the firm:
 - (1) the expected and actual default rate of all P2P agreements the firm has facilitated by risk category, by reference to the risk categories set out in the risk management framework, in line with the requirements in ■ COBS 4.6 on past and future performance;
 - (2) a summary of the assumptions used in determining expected future default rates; and
 - (3) where the *firm* offered a *target rate*, the actual return achieved.

Information: role of an operator of an electronic system in relation to lending

- 18.12.24 R A firm must provide to a lender a description of its role in facilitating P2P agreements. That description must include:
 - (1) the nature and extent of due diligence the firm undertakes in respect of borrowers:
 - (2) a description of how loan risk is assessed, including a description of the criteria that must be met by the borrower before the firm considers the borrower eligible for a P2P agreement;

- (4) where lenders do not have the choice to enter into specific *P2P* agreements, what role the *firm* will play in selecting *P2P* agreements for the lender;
- (5) where a *firm* offers a *P2P portfolio* to lenders, what role it will play in assembling or managing that *P2P portfolio*;
- (6) an explanation of the *firm's* procedure for dealing with a loan in late payment or default;
- (7) an explanation of how any tax liability for lenders arising from investment in *P2P agreements* will be calculated;
- (8) whether the *firm* will play a role in facilitating a secondary market in *P2P agreements* and, if so, what role, including:
 - (a) the procedure for a lender to access their money before the term of the *P2P agreement* has expired and the risk to their investment of doing so; and
 - (b) whether the *firm* displays *P2P agreements* that lenders wish to exit and that other lenders may choose to enter into; or
 - (c) whether the *firm* decides if the *P2P agreement* should be transferred to another lender without involving either lender in that decision.

Information concerning platform failure

18.12.28 R

- (1) A firm must notify each lender of the firm's arrangements made under ■ SYSC 4.1.8AR to ensure that *P2P agreements* facilitated by it will continue to be managed and administered in accordance with the contract terms between the firm and the lender.

 - (b) how that person will hold the lenders' money; and
 - (c) whether that *person* is authorised by the *FCA* and, if it is, which relevant *Part 4A permissions* it holds.
- (4) A *firm* must also explain to each lender the particular risks to the management and administration of *P2P agreements* in the event of its own *failure*, including:

the possibility that *P2P agreements* may cease to be managed and administered before they mature;

the possibility that any *person* involved in the continued management and administration of *P2P agreements* after the *firm* fails may not be subject to the same regulatory regime and requirements as the *firm*, and the resulting possibility that regulatory protections may be reduced or no longer available; and

the likelihood that the majority of balances due to the lender are those due from borrowers rather than from the *firm* itself, so if the *firm fails* a lender's entitlement to any *client money* held by the *firm* would not include those balances that the *firm* has not yet received from borrowers.

Contingency funds: standardised risk warning

18.12.33

- (1) In addition to any other risk warnings that must be given by a firm, a firm must provide the following risk warning to a lender when it offers a contingency fund, modified as necessary to reflect the terminology used by the *firm* to refer to a *contingency fund*:
 - "The contingency fund we offer does not give you a right to a payment so you may not receive a pay-out even if you suffer loss. The fund has absolute discretion as to the amount that may be paid, including making no payment at all. Therefore, investors should not rely on possible pay-outs from the contingency fund when considering whether or how much to invest."
- (2) The firm must provide the risk warning in a prominent place on every page of each website and mobile application of the firm available to lenders containing any reference to a contingency fund.
- (3) Where the lender has not approached the firm through a website or mobile application, the risk warning must be provided in a durable medium in good time before the firm carries on any business for that lender.

18.12.34 R | The standardised risk warning must be:

- (1) prominent; and
- (2) contained within its own border and with bold text as indicated.

Contingency funds: published policy

18.12.35 R

- (1) A firm which offers a contingency fund to lenders must have a contingency fund policy.
- (2) The contingency fund policy must contain the following information:
 - (a) an explanation of the source of the money paid into the fund;
 - (b) an explanation of how the fund is governed;
 - (c) an explanation of who the money belongs to;
 - (d) the considerations the fund operator takes into account when deciding whether or how to exercise its discretion to pay out from the fund, including examples. This should include:
 - (i) whether or not the fund has sufficient money to pay; and
 - (ii) that the fund operator has absolute discretion in any event not to pay or to decide the amount of the payment;

- (e) an explanation of the process for considering whether to make a discretionary payment from the fund; and a description of how that money will be treated in the event of the firm's insolvency.
- (f) The contingency fund policy must be provided on every page of each website and mobile application of the firm available to lenders and must be:
- (3) The contingency fund policy must be provided on each website and mobile application of the firm available to lenders and must be:
 - (a) prominent;
 - (b) in an unrestricted part of the website or mobile application; and
 - (c) accessible via a link contained in the standardised risk warning in COBS 18.12.33R.
- (4) Where the lender has not approached the *firm* through a website or mobile application this information must be provided in a durable medium in good time before the firm carries on any business for that lender.
- 18.12.36 G

When deciding whether to pay out from the contingency fund, a firm should take into account fairness to lenders and whether the lender made an active choice about whether or not to participate in the contingency fund.

Contingency funds: information when the fund is used

- 18.12.37 R
- (1) A firm must notify a lender if they receive payment from a contingency fund.
- (2) This notification must state the amount paid to the lender from the contingency fund.
- (3) This notification must be provided either:
 - (a) at the time the payment is made; or
 - (b) on an aggregated basis at least once every three months.

Contingency funds: information about how the fund is performing

18.12.38 R

A firm which offers a contingency fund must make public on a quarterly basis the following facts about how the fund is performing:

> the size of the fund compared to total amounts outstanding on P2P agreements relevant to the contingency fund;

what proportion of outstanding borrowing under P2P agreements has been paid using the contingency fund; and

- a firm must:
- (a) only include the actual amount of money held in the contingency fund at the relevant time, net of any liabilities or pay outs agreed but not yet paid; and

(b) not include any amounts due to be paid into the *contingency* fund that have not yet been paid into it.

Past performance

- 18.12.39
- A *firm* must ensure that information that contains an indication of past performance only contains information that is reflective of the actual payments received by lenders from borrowers under *P2P agreements*.
- 18.12.40 G

One of the consequences of COBS 18.12.39R is that payments made to lenders from a *contingency fund* should not be reflected in any information that contains an indication of past performance. Firms should also take into account the effect of commissions, fees and other charges.
