Chapter 1
Introduction
1.1 Applications and purpose

Application

1.1.1 (1) This sourcebook, except for COLL 9 (Recognised schemes), applies to:
   (a) investment companies with variable capital (ICVCs);
   (b) ACDs, other directors and depositaries of ICVCs;
   (c) managers and trustees of authorised unit trust schemes (AUTs);
   (cA) authorised fund managers, depositaries and nominated partners of authorised contractual schemes (ACSs); and
   (d) to the extent indicated, UK UCITS management companies operating EEA UCITS schemes.

   (2) COLL 9 applies to operators of schemes that are recognised schemes and to those seeking to secure recognised status for such schemes.

   (3) COLL 11.5 (Auditors) also applies to auditors of master UCITS and feeder UCITS which are UCITS schemes.

   (4) This sourcebook also applies to EEA UCITS management companies of UCITS schemes to the extent required by the UCITS Directive.

   (5) COLL TP 1.1(48) contains transitional provisions that apply in relation to any scheme that will need to become a regulated money market fund in accordance with the Money Market Funds Regulation, and which operates as a scheme prior to 21 July 2018.

1.1.1A This sourcebook does not apply to an incoming ECA provider acting as such.

EEA territorial scope: compatibility with European law

1.1.1B (1) The territorial scope of this sourcebook is modified to the extent necessary to be compatible with European law.

   (2) This rule overrides every other rule in this sourcebook.

EEA UCITS management companies of UCITS schemes

1.1.1C An EEA UCITS management company that is providing collective portfolio management services for a UCITS scheme from a branch in the United Kingdom, or under the freedom to provide cross border services, is advised that where it operates a UCITS scheme as its designated management company, it meets the Glossary definition of an "ACD" of an ICVC or a "manager" of an AUT or an authorised contractual scheme manager of an ACS, which in either case is a UCITS scheme. Such firms should be aware that provisions in this sourcebook that apply to an ACD, a manager or an authorised fund manager of a UCITS scheme accordingly apply to them,
Purpose

1.1.2 (1) The general purpose of this sourcebook is to contribute to the FCA meeting its **statutory objectives** of the protection of consumers. It provides a regime of product regulation for **authorised funds**, which sets appropriate standards of protection for investors by specifying a number of features of those products and how they are to be operated.

(2) In addition, this sourcebook implements part of the requirements of the **UCITS Directive** to meet **EU** law obligations relevant to **authorised funds** and **management companies**, with other requirements implemented in other parts of the **Handbook**.

1.1.2A ▶ COLL 12 provides for the application of **COLL** in relation to the **management company** passport under the **UCITS Directive**. It explains how the passporting regime applies to both **UK UCITS management companies** and **EEA UCITS management companies** when providing **collective portfolio management** services on a cross-border basis. It also explains how the product passport (for **UCITS**) operates and how **UCITS schemes** may be marketed in other **EEA States**.

1.1.3 ▶ COLLG provides some general background material on the regulatory structure surrounding **scheme regulation** in the **UK**.
1.2 Types of authorised fund

Types of authorised fund

1.2.1 An application for an authorisation order must propose that the scheme be one of the following types:

(1) a UCITS scheme;

(2) a non-UCITS retail scheme, including:
   (a) a non-UCITS retail scheme operating as a fund of alternative investment funds (FAIF); and
   (b) a non-UCITS retail scheme which is an umbrella with sub-funds operating as:
      (i) FAIFs;
      (ii) standard non-UCITS retail schemes; or
      (iii) a mixture of (i) and (ii); or

(3) a qualified investor scheme.

Umbrella schemes

1.2.1A Any authorised fund, except for an ACS that is a limited partnership scheme, may be structured as an umbrella with separate sub-funds.

[Note: article 1(2) second paragraph of the UCITS Directive]

Types of authorised fund - explanation

1.2.2 (1) UCITS schemes have to comply with the conditions necessary in order to enjoy the rights available under the UCITS Directive. Such schemes must in particular comply with:
   (a) COLL 3.2.8 R (UCITS obligations); and
   (b) the investment and borrowing powers rules for UCITS schemes set out in COLL 5.2 to COLL 5.5.

(2) (a) Non-UCITS retail schemes are schemes that do not comply with all the conditions set out in the UCITS Directive.

(b) A non-UCITS retail scheme is an AIF and must be managed by an AIFM.

(c) Under article 43 of AIFMD, where an AIF can be marketed to retail clients, Member States may impose stricter requirements on
the AIFM or the AIF than the requirements that apply to an AIF marketed only to professional clients.

(d) This sourcebook contains the stricter requirements for a non-UCITS retail scheme.

(e) A full-scope UK AIFM must also comply with the requirements in FUND and any other applicable provisions of AIFMD.

(f) Non-UCITS retail schemes could become UCITS schemes, provided they are changed, so as to comply with the conditions set out in the UCITS Directive.

(g) Non-UCITS retail schemes operating as FAIFs have wider powers to invest in collective investment schemes than other non-UCITS retail schemes.

(2A) A non-UCITS retail scheme may also be structured as an umbrella with sub-funds operating as:

(a) FAIFs;

(b) standard non-UCITS retail schemes; or

(c) a mixture of (a) and (b).

In these cases, rules relating to investment powers and borrowing limits apply to each sub-fund as they would to a scheme.

(3) (a) Qualified investor schemes may only be promoted to:

(i) professional clients; and

(ii) retail clients who are sophisticated investors, on the same terms as non-mainstream pooled investments.

(b) A qualified investor scheme is an AIF and must be managed by an AIFM.

(c) Under article 43 of AIFMD, where an AIF can be marketed to retail clients, Member States may impose stricter requirements on the AIFM or the AIF than the requirements that apply to an AIF marketed only to professional clients.

(d) This sourcebook contains the stricter requirements for a qualified investor scheme.

(e) A full-scope UK AIFM must also comply with the requirements in FUND and any other applicable provisions of AIFMD.

(f) Qualified investor schemes could change to become non-UCITS retail schemes or UCITS schemes.

(4) The changes referred to in (2) and (3) require approval by the FCA and further information on that process is provided in COLLG 3A.1.6 G (Notification of changes to unit trusts (sections 251 and 252A)) and COLLG 4A.1.3 G (Notification of changes to ICVCs (Regulations 21 and 22A)).
UCITS schemes

1.2.3 R A UCITS scheme is deemed to be established in the United Kingdom, irrespective of whether it has been established under the laws of England and Wales, Scotland or Northern Ireland.

[Note: article 4 of the UCITS Directive]

Master UCITS

1.2.4 R A master UCITS that has two or more feeder UCITS as its only unitholders satisfies the requirement that a UCITS scheme must invest capital raised from the public.

[Note: article 58(4) of the UCITS Directive]

Pension feeder funds

1.2.5 G (1) Except for (2), all provisions of the Handbook that apply:

(a) to a feeder UCITS are also applicable to a pension feeder fund that is constituted as a UCITS scheme; and

(b) to a feeder NURS are also applicable to a pension feeder fund that is constituted as a non-UCITS retail scheme.

(2) A pension feeder fund may not invest in units of an EEA UCITS scheme unless that scheme is a recognised scheme under section 264 of the Act (see COLL 5.6.27R and COLL 5.8.2AR).

Application by an EEA UCITS management company to manage a UCITS scheme

2.1.5

An EEA UCITS management company that proposes to act as the authorised fund manager of an AUT, ACS or ICVC that is a UCITS scheme, should be aware that it is required under paragraph 15A(1) of Schedule 3 to the Act to apply to the appropriate regulator for approval to do so. The form that the firm must use for this purpose is set out in SUP 13A Annex 3 R (EEA UCITS management companies: application for approval to manage a UCITS scheme established in the United Kingdom). In addition, those firms are required to provide to the appropriate regulator certain fund documentation, as specified by COLL 12.3.4 R (Provision of documentation to the FCA: EEA UCITS management companies).

### 3.3 Units

#### Application

**3.3.1 R** This section applies to an *authorised fund manager*, an *ICVC* and the *depositary* of an *AUT* or *ACS*.

#### Classes of units

**3.3.2 G** (1) The *instrument constituting the fund* may provide for different *classes* of *unit* to be issued in an *authorised fund* and, for a *scheme* which is an *umbrella*, provide that *classes of units* may be issued for each *sub-fund*.

(2) In order to be satisfied that COLL 3.2.2 R (Relationship between the instrument constituting the fund and the rules) is complied with, the *FCA* will take into account the principles in (a) to (c) when considering proposals for *unit classes*:

(a) a *unit class* should not provide any advantage for that *class* if that would result in prejudice to *unitholders* of any other *class*;

(b) the nature, operation and effect of the new *unit class* should be capable of being explained clearly to prospective investors in the *prospectus*; and

(c) the effect of the new *unit class* should not appear to be contrary to the purpose of any part of this sourcebook.

#### Currency class units

**3.3.3 G** A *currency class unit* differs from other *units* mainly in that its *price*, having been calculated initially in the *base currency*, will be quoted, and normally paid for, in the currency of the designation of the *class*. Income distributions will also be paid in the currency of designation of the *class*.

#### Currency class units: requirements

**3.3.4 R** For a *currency class unit*:

(1) the currency of the *class concerned* must not be the *base currency* (or, in the case of a *sub-fund* which, in accordance with a statement in the *prospectus*, is to be valued in some other currency, the currency of the *class* may be in the *base currency*, but must not be in that other currency);
(2) the price must be expressed in the currency of the class concerned;

(3) any distribution must be paid in the currency of the class concerned; and

(4) statements of amounts of money or values included in statements and in tax certificates must be given in the currency of the class concerned (whether or not also given in the base currency).

Rights of unit classes

(1) If any class of units in an authorised fund has different rights from another class of units in that fund, the instrument constituting the fund must provide how the proportion of the value of the scheme property and the proportion of income available for allocation attributable to each such class must be calculated.

(2) For an authorised fund which is not an umbrella, the instrument constituting the fund must not provide for any class of units in respect of which:

(a) the extent of the rights to participate in the capital property, income property or distribution account would be determined differently from the extent of the corresponding rights for any other class of units; or

(b) payments or accumulation of income or capital would differ in source or form from those of any other class of units.

(3) For a scheme which is an umbrella, the provisions in (2)(a) apply to classes of units in respect of each sub-fund as if each sub-fund were a separate scheme.

(4) Paragraphs (2) and (3) do not prohibit a difference between the rights attached to one class of units and to another class of units that relates solely to:

(a) the accumulation of income by way of periodical credit to capital rather than distribution; or

(b) charges and expenses that may be taken out of the scheme property or payable by the unitholders; or

(c) the currency in which prices or values are expressed or payments made; or

(d) the use of derivatives and forward transactions entered into for the purpose of reducing the effect of fluctuations in the rate of exchange between the currency of a class of units and either the base currency of the scheme or any currency in which all or part of the scheme property is denominated or valued (in this section referred to as a "class hedging transaction").

Hedging of unit classes

A class hedging transaction must:

(1) be undertaken in accordance with the requirements of COLL 5 (Investment and borrowing powers); and
(2) (for the purposes of valuing scheme property and calculating the price of units in accordance with COLL 6.3 (Valuation and pricing)) be attributed only to the class of units for which it is undertaken.

Guidance on hedging of unit classes

(1) Before undertaking a class hedging transaction for a class of units, the authorised fund manager should:

(a) ensure that the relevant prospectus clearly:
   (i) states that such a transaction may be undertaken for the relevant class of units; and
   (ii) explains the nature of the risks that such a transaction may pose to investors in all classes;

(b) consult the depositary about the adequacy of the systems and controls it uses to ensure compliance with COLL 3.3.5A R (Hedging of unit classes); and

(c) consult the scheme auditor and, where appropriate, depositary to determine how:
   (i) the transaction will be treated in the scheme's accounts; and
   (ii) any consequential tax liability will be met;

(in each case) without prejudice to unitholders of classes other than the relevant hedged class.

(2) Class hedging transactions should be entered into for the purpose of reducing risk by limiting the effect of movements in exchange rates on the value of a unit. Such transactions are not limited to currency class units. The authorised fund manager should ensure that the total value of the hedged position does not exceed the value of the relevant class of units unless there is adequate cover and it is reasonable for it to do so on a temporary basis for reasons of efficiency (for example, to avoid the need to make small and frequent adjusting transactions). In such cases, the difference between the value of the hedged position and the value of the class of units should not be so large as to be speculative or to constitute an investment strategy.

Requirement: larger and smaller denomination shares in an ICVC

(1) This rule applies whenever the instrument of incorporation of an ICVC provides, in relation to any class, for smaller denomination shares and larger denomination shares.

(2) Whenever a registered holding includes a number of smaller denomination shares that can be consolidated into a larger denomination share of the same class, the ACD must consolidate the relevant number of those smaller denomination shares into a larger denomination share.

(3) The ACD may, to effect a transaction in shares, substitute for a larger denomination share the relevant number of smaller denomination shares, in which case (2) does not apply to the resulting smaller
denomination shareholding or holdings until immediately after the completion of the transaction.

**Characteristics of larger and smaller denomination shares in an ICVC**

3.3.7 **R** Regulation 45 of the OEIC Regulations (Shares) allows the rights attached to a share in an ICVC of any class to be expressed in two denominations, in which case the 'smaller' denomination must be such proportion of the 'larger' denomination (a standard share) as is fixed by the ICVC's instrument of incorporation as described in 4 COLL 3.2.6R (19). This will enable holdings to consist of more or less than a complete number of larger denomination shares.

**Sub-division and consolidation of units**

3.3.8 **R** (1) The directors of an ICVC or the authorised fund manager of an AUT or ACS may, unless expressly forbidden to do so by the instrument constituting the fund, determine that:

(a) each unit of any class is to be subdivided into two or more units; or

(b) units of any class are to be consolidated.

(2) The ICVC or the authorised fund manager of an AUT or ACS must (unless it has done so before the sub-division or consolidation became effective) immediately give notice to each unitholder (or the first named of joint unitholders) of any sub-division or consolidation under (1).

**Guarantees and capital protection**

3.3.9 **R** If there is any arrangement intended to result in a particular capital or income return from a holding of units in an authorised fund, or any investment objective of giving protection to the capital value of, or income return from, such a holding:

(1) that arrangement or protection must not be such as to cause the possibility of a conflict of interest as between:

(a) unitholders and the authorised fund manager or depositary; or

(b) unitholders intended and not intended to benefit from the arrangement; and

(2) where, in accordance with any statement required by 4 COLL 4.2.5R (27)(c)(iv) (Table: contents of the prospectus), action is required by the unitholders to obtain the benefit of any guarantee, the authorised fund manager must provide reasonable notice in writing to unitholders before such action is required.

**Switching rights: umbrella schemes**

3.3.10 **G** (1) In accordance with section 235(4) of the Act (Collective investment schemes), the participants in a scheme which is an umbrella are entitled to exchange rights in one sub-fund for rights in another sub-fund of the umbrella.
(2) To satisfy (1), where any sub-fund in a scheme which is an umbrella has provisions in its prospectus limiting the issue of units in that sub-fund, the authorised fund manager should ensure that at least two sub-funds are able to issue units at any time. In the case of an umbrella consisting of a single sub-fund that limits the issue of units, where the ICVC or the authorised fund manager of an AUT or co-ownership scheme of such an umbrella intends to offer additional sub-funds, it should ensure that unitholders will have the right to switch at all times between two or more sub-funds in that umbrella.
4.1 Introduction

Application

This chapter applies to:

1. an authorised fund manager of an AUT, ACS or an ICVC;
2. any other director of an ICVC;
3. a depositary of an AUT, ACS or an ICVC; and
4. an ICVC,

where such AUT, ACS or ICVC is a UCITS scheme or a non-UCITS retail scheme.

Purpose

This chapter helps in achieving the statutory objective of protecting consumers by ensuring consumers have access to up-to-date detailed information about an authorised fund particularly before buying units and thereafter an appropriate level of investor involvement exists by providing a framework for them to:

1. participate in the decisions on key issues concerning the authorised fund; and
2. be sent regular and relevant information about the authorised fund.
**4.2 Pre-sale notifications**

**Application**

R4.2.1 This section applies to an authorised fund manager, an ICVC and any other director of an ICVC

**Publishing the prospectus**

R4.2.2

(1) A prospectus must be drawn up in English and published as a document by the authorised fund manager and, for an ICVC, it must be approved by the directors.

(2) The authorised fund manager must ensure that the prospectus:

(a) contains the information required by COLL 4.2.5 R (Table: contents of the prospectus);

(aa) for a non-UCITS retail scheme managed by a full-scope UK AIFM, contains the information required by:

(i) FUND 3.2.2R and FUND 3.2.3R (Prior disclosure of information to investors); and

(ii) FUND 3.2.5R and FUND 3.2.6R (Periodic disclosure), unless the up-to-date information has been published in the scheme’s most recent annual report or half-yearly report;

(b) does not contain any provision which is unfairly prejudicial to the interests of unitholders generally or to the unitholders of any class of units;

(c) does not contain any provision that conflicts with any applicable rule; and

(d) is kept up-to-date and that revisions are made to it, whenever appropriate.

**Provision and filing of the prospectus**

R4.2.3

(1) The authorised fund manager of an AUT, ACS or an ICVC must:

(a) provide a copy of the scheme’s most recent prospectus drawn up and published in accordance with COLL 4.2.2 R (Publishing the prospectus) free of charge to any person on request; and

(1A) Except where an investor requests a paper copy or the use of electronic communications is not appropriate, the prospectus may be provided in a durable medium or by means of a website that meets the website conditions.

(2) [deleted]

(3) An authorised fund manager must, upon the request of a unitholder in a UCITS scheme that it manages, provide information supplementary to the prospectus of that scheme relating to:

(2) Except where an investor requests a paper copy or the use of electronic communications is not appropriate, the prospectus of the qualifying master scheme may be provided in a durable medium other than paper, or by means of a website that meets the website conditions.

False or misleading prospectus

4.2.4 R

(1) The authorised fund manager:

(a) must ensure that the prospectus of the authorised fund does not contain any untrue or misleading statement or omit any matter required by the rules in this sourcebook to be included in it; and
(b) is liable to pay compensation to any person who has acquired any units in the authorised fund and suffered loss in respect of them as a result of such statement or omission; this is in addition to any liability incurred apart from under this rule.

(2) The authorised fund manager is not in breach of (1)(a) and is not liable to pay compensation under (1)(b) if, at the time when the prospectus was made available to the public, it had taken reasonable care to determine that the statement was true and not misleading, or that the omission was appropriate, and that:

(a) it continued to take such reasonable care until the time of the relevant acquisition of units in the scheme; or

(b) the acquisition took place before it was reasonably practicable to bring a correction to the attention of potential purchasers; or

(c) it had already taken all reasonable steps to ensure that a correction was brought to the attention of potential purchasers; or

(d) the person who acquired the units was not materially influenced or affected by that statement or omission in making the decision to invest.

(3) The authorised fund manager is also not in breach of (1)(a) and is not liable to pay compensation under (1)(b) if:

(a) before the acquisition a correction had been published in a manner calculated to bring it to the attention of persons likely to acquire the units in question; or

(b) it took all reasonable steps to secure such publication and had reasonable grounds to conclude that publication had taken place before the units were acquired.

(4) The authorised fund manager is not liable to pay compensation under (1)(b) if the person who acquired the units knew at the time of the acquisition that the statement was untrue or misleading or knew of the omission.

(5) For the purposes of this rule a revised prospectus will be treated as a different prospectus from the original one.

(6) References in this rule to the acquisition of units include references to contracting to acquire them.

### Umbrella ICVCs or co-ownership schemes

2A The following statements for an ICVC or a co-ownership scheme which is an umbrella:

- for an ICVC, a statement that its sub-funds are segregated portfolios of assets and, accordingly, the assets of a sub-fund belong exclusively to that sub-fund and shall not be used to discharge directly or indirectly the liabilities of, or claims against, any other person or body, including the umbrella, or any other sub-fund, and shall not be available for any such purpose;

- for a co-ownership scheme, a statement that the property subject to a sub-fund is beneficially owned by the participants in that sub-fund as tenants in common (or, in Scotland, is the common property of the participants in that sub-fund) and must not be used to discharge any liabil
ies of, or meet any claims against, any person other than the participants in that sub-fund; and

(b) for an ICVC or a co-ownership scheme, a statement that while the provisions of the OEIC Regulations, and section 261P (Segregated liability in relation to umbrella co-ownership schemes) of the Act in the case of co-ownership schemes, provide for segregated liability between sub-funds, the concept of segregated liability is relatively new. Accordingly, where claims are brought by local creditors in foreign courts or under foreign law contracts, it is not yet known how those foreign courts will react to regulations 11A and 11B of the OEIC Regulations or, as the case may be, section 261P of the Act.

(a) the investment objectives, including its financial objectives;

(b) the authorised fund’s investment policy for achieving those investment objectives, including the general nature of the portfolio and, if appropriate, any intended specialisation;

(c) an indication of any limitations on that investment policy;

(c-b) where:

(i) a target for a scheme’s performance has been set, or a payment out of scheme property is permitted, by reference to a comparison of one or more aspects of the scheme property or price with fluctuations in the value or price of an index or indices or any other similar factor (a “target benchmark”); or

(ii) without being a target benchmark, arrangements are in place in relation to the scheme according to which the composition of the portfolio of the scheme is, or is implied to be, constrained by reference to the value, the price or the components of an index or indices or any other similar factor (a “constraining benchmark”); or

(iii) without being a target benchmark or a constraining benchmark, the scheme’s performance is compared against the value or price of an index or indices or any other similar factor (a “comparator benchmark”),

a statement providing sufficient information for investors to understand the choice and use of any target

(2) Paragraph (1) does not apply:

(a) if the appointment of the new authorised fund manager is the subject of an extraordinary resolution approved by a meeting of unitholders; or

For the purpose of COLL 4.3.6 R this should be treated as a significant change to the operation of the scheme.

(4) The requirement in COLL 4.3.6A R (1) applies in all cases where the outgoing authorised fund manager (whether established in the United Kingdom or in another EEA State) is to be replaced by an
Notifiable changes

(1) The authorised fund manager must inform unitholders in an appropriate manner and timescale of any notifiable changes that are reasonably likely to affect, or have affected, the operation of the scheme.

(2) A notifiable change is a change or event, other than a fundamental change under COLL 4.3.4 R or a significant change under COLL 4.3.6 R, which a unitholder must be made aware of unless the authorised fund manager concludes that the change is insignificant.

Guidance on notifiable changes

(1) The circumstances causing a notifiable change may or may not be within the control of the authorised fund manager.

(2) For the purpose of COLL 4.3.8 R (Notifiable changes) a notifiable change might include:

(a) a change of named investment manager where the authorised fund has been marketed on the basis of that individual’s involvement;
(b) a significant political event which impacts on the authorised fund or its operation;
(c) a change to the time of the valuation point;
(d) the introduction of limited issue arrangements; or
(e) a change of the depositary or a change in the name of the authorised fund.

(3) The appropriate manner and timescale of notification would depend on the nature of the change or event. Consequently the authorised fund manager will need to assess each change or event individually.

(4) An appropriate manner of notification could include:

(a) sending an immediate notification to the unitholder;
(b) publishing the information on a website; or
(c) the information being included in the next long report of the scheme.

Appointment of an AFM without prior written notice to Unitholders

(1) In the case of a UCITS scheme, the appointment of a new authorised fund manager as a result of:

(a) in the case of an ICVC, the termination of the appointment of the previous ACD under COLL 6.5.4 R (2) or COLL 6.5.4 R (3) (Termination of appointment of an ACD); or
(b) in the case of an AUT or ACS, the replacement of the authorised fund manager under COLL 6.5.7 R (2) (Replacement of an authorised fund manager of an AUT or ACS);

must, if the new authorised fund manager is established in a different EEA State to the outgoing authorised fund manager, be notified to unitholders.

(2) The new authorised fund manager must immediately notify unitholders of its appointment under (1) in an appropriate manner.

Change events relating to feeder UCITS and feeder NURS

4.3.11 R Where the authorised fund manager of either a feeder UCITS or a feeder NURS is notified of any change in respect of its master UCITS or qualifying master scheme which has the effect of a change to the feeder UCITS or feeder NURS, the authorised fund manager must:

(1) classify it as a fundamental change, significant change or a notifiable change to the feeder UCITS or feeder NURS in accordance with the rules in this section; and

(2) (a) for a fundamental change, obtain approval from the unitholders by way of an extraordinary resolution; or

(b) for a significant change, give written notice to unitholders of that change; or

(c) for a notifiable change, comply with COLL 4.3.8 R (Notifiable changes).

4.3.12 R The actions required by COLL 4.3.11 R (2)(a) and (b) must be carried out as soon as reasonably practicable after the authorised fund manager of the feeder UCITS or feeder NURS has been informed of the relevant change to the master UCITS or qualifying master scheme.

4.3.13 G (1) The authorised fund manager of the feeder UCITS or feeder NURS should assess the change to the master UCITS or qualifying master scheme in terms of its impact on the feeder UCITS or feeder NURS. For example, a change to the investment objective and policy of the master UCITS or qualifying master scheme that alters its risk profile would constitute a fundamental change for the feeder UCITS or feeder NURS. In order for the feeder UCITS or feeder NURS to continue investing in the master UCITS or qualifying master scheme, the authorised fund manager of the feeder UCITS or feeder NURS should obtain the approval of unitholders by way of an extraordinary resolution, or else make a proposal to invest in a different master UCITS or qualifying master scheme. For a feeder UCITS this should be done in accordance with COLL 11.2.2 R (Application for approval of an investment in a master UCITS).

(2) Not all changes affecting the master UCITS or qualifying master scheme will have the same significance for the feeder UCITS or feeder NURS and its unitholders. For example, a change to how the prices of the units in the master UCITS or qualifying master scheme are published might not be a significant change for the feeder UCITS or
feeder NURS if the prices of its own units continue to be published in the same way.

(3) Where the authorised fund manager of the feeder UCITS or feeder NURS receives insufficient notice of the intended change to the master UCITS or qualifying master scheme to be able to seek the prior approval of unitholders to any fundamental change or to inform them at least 60 days in advance of any significant change, it should nevertheless use reasonable endeavours to inform them of the change as soon as possible so that they can make an informed judgement about the merits of continuing to invest in the feeder UCITS or feeder NURS.
4.4 Meetings of Unitholders and service of notices

Application

4.4.1 This section applies to an authorised fund manager, a depositary and any other director of an ICVC.

General meetings

4.4.2 (1) The authorised fund manager, the depositary or the other directors of an ICVC may convene a general meeting of unitholders at any time.

(2) The unitholders may request the convening of a general meeting by a requisition which must:
   (a) state the objects of the meeting;
   (b) be dated;
   (c) be signed by unitholders who, at that date, are registered as the unitholders of units representing not less than one-tenth in value (or such lower proportion stated in the instrument constituting the fund) of all of the units then in issue; and
   (d) be deposited at the head office of the ICVC or with the depositary of an AUT or ACS.

(3) The authorised fund manager, the depositary or the other directors of an ICVC must on receipt of a requisition that complies with (2), immediately convene a general meeting of the authorised fund for a date no later than eight weeks after receipt of the requisition.

(4) The advisory committee of a charity authorised investment fund may also request the convening of a general meeting of unitholders by giving notice in accordance with COLL 14.3.5R.

Class meetings

4.4.3 This section applies, unless the context otherwise requires, to class meetings by reference to the units of the class concerned and the unitholders and prices of such units.

Special meaning of Unitholder in COLL 4.4

4.4.4 (1) Unless a unit in the authorised fund is a participating security, in this section "unitholders" means unitholders as at a cut-off date selected...
by the *authorised fund manager* which is a reasonable time before notices of the relevant meeting are sent out.

(2) If any *unit* in the *authorised fund* is a *participating security*, a registered *unitholder* of such a *unit* is entitled to receive a notice of a meeting or a notice of an adjourned meeting under ■ COLL 4.4.5 R (Notice of general meetings), if entered on the register at the close of business on a *day* to be determined by the *authorised fund manager*, which must not be more than 21 *days* before the notices of the meeting are sent out.

(3) For the purposes of (2), in ■ COLL 4.4.6 R (Quorum) to ■ COLL 4.4.11 R (Chairman, adjournments and minutes) "*unitholders*" in relation to those *units* means:

(a) the persons entered on the register at a time to be determined by the *authorised fund manager* and stated in the notice of the meeting, which must not be more than 48 hours before the time fixed for the meeting; or

(b) in the case of bearer *shares* in an ICVC, *shareholders* of bearer *shares* which were in *issue* at the time applicable under (a).

**Notice of general meetings**

4.4.5 R

(1) Where the *authorised fund manager*, the *depositary* or the other *directors* of an ICVC decide to convene a general meeting of *unitholders*:

(a) each *unitholder* must be given at least 14 *days* written notice, inclusive of the date on which the notice is first served and the day of the meeting; and

(b) the notice must specify the place, day and hour of the meeting and the terms of the resolutions to be proposed and a copy of the notice must be sent to the *depositary*.

(2) The accidental omission to give notice to, or the non-receipt of notice by, any *unitholder* does not invalidate the proceedings at any meeting.

(3) Notice of an adjourned meeting of *unitholders* must be given to each *unitholder*, stating that while two *unitholders* present in person or proxy are required to constitute a quorum at the adjourned meeting, this may be reduced to one in accordance with ■ COLL 4.4.6R (3), should two such *unitholders* not be present after a reasonable time of convening of the meeting.

(4) Paragraph (1)(a) does not apply to the notice of an adjourned meeting.

**Quorum**

4.4.6 R

(1) The quorum required to conduct business at a meeting of *unitholders* is two *unitholders*, present in person or by proxy.

(2) If after a reasonable time from the time for the start of the meeting, a quorum is not present, the meeting:
(a) if convened on the requisition of unitholders, must be dissolved; and
(b) in any other case, must stand adjourned to:
   (i) a day and time which is seven or more days after the day and time of the meeting; and
   (ii) a place to be appointed by the chairman.

(3) If, at an adjourned meeting under (2)(b), a quorum is not present after a reasonable time from the time for the meeting, one person entitled to be counted in a quorum present at the meeting shall constitute a quorum.

Resolutions

(1) Except where an extraordinary resolution is specifically required or permitted, any resolution of unitholders is passed by a simple majority of the votes validly cast at a general meeting of unitholders.

(2) In the case of an equality of, or an absence of, votes cast, the chairman is entitled to a casting vote.

(3) Where a resolution (including an extraordinary resolution) is required to conduct business at a meeting of unitholders and every unitholder is prohibited under § COLL 4.4.8R (4) from voting, it shall not be necessary to convene such a meeting and a resolution may, with the prior written agreement of the depositary to the process, instead be passed with the written consent of unitholders representing 50% or more, or for an extraordinary resolution 75% or more, of the units of the scheme in issue.

Voting rights

(1) On a show of hands every unitholder who is present in person has one vote.

(2) On a poll:
   (a) votes may be given either personally or by proxy or in another manner permitted by the instrument constituting the fund;
   (b) the voting rights for each unit must be the proportion of the voting rights attached to all of the units in issue that the price of the unit bears to the aggregate price or prices of all of the units in issue:
      (i) if any unit is a participating security, at the time determined under § COLL 4.4.4R (2) (Special meaning of Unitholder in § COLL 4.4);
      (ii) otherwise at the date specified in § COLL 4.4.4R (1); and
   (c) a unitholder need not use all his votes or cast all his votes in the same way.

(3) For joint unitholders, the vote of the most senior who votes, whether in person or by proxy, must be accepted to the exclusion of the votes of the other joint unitholders. For this purpose seniority must be
determined by the order in which the names stand in the register of unitholders.

(4) No director of the ICVC or the authorised fund manager of an AUT or ACS can be counted in the quorum of, and no such director or the authorised fund manager of an AUT or ACS nor any of their associates may vote at, any meeting of the authorised fund.

(5) The prohibition in (4) does not apply to any units held on behalf of, or jointly with, a person who, if himself the registered unitholder, would be entitled to vote and from whom the director, the authorised fund manager of an AUT or ACS or its associate have received voting instructions.

(6) For the purpose of this section, units held, or treated as held, by the authorised fund manager or any other director of the ICVC, must not, except as mentioned in (5), be regarded as being in issue.

Right to demand a poll

4.4.9

(1) A resolution put to the vote of a general meeting must be determined on a show of hands unless a poll is (before or on the declaration of the result of the show of hands) demanded by:
   (a) the chairman;
   (b) at least two unitholders; or
   (c) the depositary.

(2) Unless a poll is demanded in accordance with (1), a declaration by the chairman as to the result of a resolution is conclusive evidence of the fact.

Proxies

4.4.10

(1) A unitholder may appoint another person to attend a general meeting and vote in his place.

(2) Unless the instrument constituting the fund provides otherwise, a unitholder may appoint more than one proxy to attend on the same occasion but a proxy may vote only on a poll.

(3) Every notice calling a meeting of a scheme must contain a reasonably prominent statement that a unitholder entitled to attend and vote may appoint a proxy.

(4) For the appointment to be effective, any document relating to the appointment of a proxy must not be required to be received by the ICVC or any other person more than 48 hours before the meeting or adjourned meeting.

Chairman, adjournment and minutes

4.4.11

(1) A meeting of unitholders must have a chairman, nominated:
   (a) in the case of an AUT or ACS, by the depositary;
(b) in the case of an ICVC, by a director other than the ACD or an associate of the ACD or, if no such nomination is made, by the depositary.

(2) If the chairman is not present after a reasonable time from the time for the meeting, the unitholders present must choose one of them to be chairman.

(3) The chairman:
   (a) may, with the consent of any meeting of unitholders at which a quorum is present; and
   (b) must, if so directed by the meeting;
       adjourn the meeting from time to time and from place to place.

(4) Business must not be transacted at any adjourned meeting, except business which might have lawfully been transacted at the original meeting.

(5) The authorised fund manager must ensure that:
   (a) minutes of all resolutions and proceedings at every meeting of unitholders are made and kept; and
   (b) any minute made in (a) is signed by the chairman of the meeting of unitholders.

However, if the authorised fund manager does so, this does not relieve it of its duty:

1. to prepare annual and half-yearly long reports on the umbrella as a whole ( COLL 4.5.7R (2) and COLL 4.5.8R (2)); and
2. to make available and publish the annual and half-yearly long reports for the umbrella as a whole ( COLL 4.5.14 R).

Information to be included in annual and half-yearly reports on securities financing transactions and total return swaps

The Securities Financing Transactions Regulation sets out the additional information which:

2. an authorised fund manager who is a full-scope UK AIFM of a non-UCITS retail scheme must include in the scheme’s annual report.

COLL 4.5.8ABEU and COLL 4.5.8ACEU copy out the relevant provisions of that regulation.

An authorised fund manager of a UCITS scheme or a non-UCITS retail scheme that has not used securities financing transactions or total return swaps during the relevant annual accounting period or half-yearly accounting period is not required to include the information in COLL 4.5.8ACEU in its reports.

Application

R4.7.1

This section applies to an ICVC, an authorised fund manager of an AUT, ACS or ICVC and any other director of an ICVC where, in each case, the AUT, ACS or ICVC is:

(1) a UCITS scheme; or

(2) a non-UCITS retail scheme that is offered to retail clients if the authorised fund manager or ICVC draws up a NURS-KII document instead of a key information document for the scheme.

Application of the PRIIPs regulation to NURS

4.7.1A

(1) An authorised fund manager of a non-UCITS retail scheme or an ICVC that is a non-UCITS retail scheme that is offered to retail clients may draw up either:

(a) a key information document in accordance with the PRIIPs Regulation; or

(b) until 31 December 2021, a NURS-KII document (in accordance with the exemption in article 32(2) of the PRIIPs Regulation).

(2) An authorised fund manager of a KII-compliant NURS or an ICVC that is a KII-compliant NURS will need to comply with ■ COLL Appendix 2R (Modifications to the KII Regulation for KII-compliant NURS), which contains a modified version of the KII Regulation for KII-compliant NURS (see ■ COLL 4.7.3AR).

(3) (a) An authorised fund manager of a KII-compliant NURS or an ICVC that is a non-UCITS retail scheme that is offered to professional clients only is not required to comply with the PRIIPs Regulation or draw up a NURS-KII document.

(b) However, these documents may be used to market the non-UCITS retail scheme to professional clients.

[Note: Article 32(1) of the PRIIPs Regulation as amended by article 17(1) of Regulation (EU) 2019/1156 of the European Parliament and of the Council of 20 June 2019]
Key investor information

1. An authorised fund manager must draw up a short document in English containing key investor information for investors:
   a) in each UCITS scheme which it manages (a key investor information document); and
   b) in each KII-compliant NURS which it manages (a NURS-KII document).

2. The words "key investor information" must be clearly stated in the key investor information document and NURS-KII document.

3. Key investor information must include appropriate information about the essential characteristics of the UCITS scheme or KII-compliant NURS which is to be provided to investors so that they are reasonably able to understand the nature and risks of the investment product that is being offered to them and, therefore, to take investment decisions on an informed basis.

4. Key investor information must provide information on the following essential elements in respect of the UCITS scheme or KII-compliant NURS:
   a) identification of the scheme and that the FCA is the competent authority of the scheme;
   b) a short description of its investment objectives and investment policy;
   c) past performance presentation or, where relevant, performance scenarios;
   d) costs and associated charges; and
   e) risk/reward profile of the investment, including appropriate guidance and warnings in relation to the risks associated with investments in the scheme.

5. The essential elements referred to in (4) must be comprehensible to the investor without any reference to other documents.

6. A key investor information document or NURS-KII document must clearly specify where and how to obtain additional information relating to the proposed investment, including but not limited to where and how the prospectus and the annual and half-yearly reports can be obtained on request and free of charge at any time, and the language in which that information is available to investors.

6A. A key investor information document must also include:
   a) a statement that the details of the up-to-date remuneration policy are available by means of a website, including, but not limited to, the following:
      i) a description of how remuneration and benefits are calculated; and
      ii) the identities of persons responsible for awarding the remuneration and benefits, including the composition of the remuneration committee, where such a committee exists; and
(b) a reference to that website, and that a paper copy of the website information will be made available free of charge upon request.

(6B) A NURS-KII document must also include a statement that the details of the up-to-date remuneration policy will be made available free of charge upon request, including the following:

(a) a description of how remuneration and benefits are calculated; and

(b) the identities of persons responsible for awarding the remuneration and benefits, including the composition of the remuneration committee, where such a committee exists.

(7) Key investor information must be written in a concise manner and in non-technical language. It must be drawn up in a common format, allowing for comparison, and must be presented in a way that is likely to be understood by retail investors.

(8) Key investor information for a UCITS scheme must be used without alterations or supplements, except translation, in each EEA State where a UCITS marketing notification has been made so as to enable the marketing of the scheme's units in that State.

[Note: article 78 of the UCITS Directive]

Form and content of a key investor information document

4.7.3 The KII Regulation sets out the form and content of a key investor information document. This Regulation is directly applicable in the United Kingdom and accordingly its articles (but not the preceding recitals) are binding on all firms to which it applies. Under the Regulation an authorised fund manager must ensure that each key investor information document it produces for a UCITS scheme complies with the requirements of the Regulation. For ease of reference the Regulation is reproduced in COLL Appendix 1EU (The KII Regulation).

Form and content of a NURS-KII document

4.7.3A The following must comply with COLL Appendix 2R (Modifications to the KII Regulation for KII-compliant NURS), which contains a modified version of the KII Regulation for KII-compliant NURS, when producing a NURS-KII document:

(1) an authorised fund manager of a KII-compliant NURS; and

(2) an ICVC that is a KII-compliant NURS.

4.7.3B [deleted]

Feeder NURS that produce a key information document

4.7.3C The authorised fund manager of a feeder NURS, or an ICVC that is a feeder NURS, that draws up a key information document for a retail client, should cross refer to documents related to its qualifying master scheme which
enable such clients to understand the qualifying master scheme’s key particulars including:

1. its investment strategy;

2. a description and explanation of any material differences between the risk profile of the feeder NURS and that of the qualifying master scheme; and

3. its charges, including the aggregate of the charges of the feeder NURS and its qualifying master scheme as disclosed in the feeder NURS’ most up to date prospectus.

[Note: article 6(2) of the PRIIPs Regulation]

Translation of a key investor information document

While the original key investor information document or NURS-KII document is required by COLL 4.7.2 R to be drawn up in English, an authorised fund manager may prepare an accurate translation of it into any language for the purpose of marketing the units of the UCITS scheme or KII-compliant NURS in the United Kingdom. Any such translation should be prepared without alterations or supplements.

Pre-contractual information

The key investor information document and the NURS-KII document must:

1. constitute pre-contractual information (see COBS 14.2.1A R (Provision of key investor information document or NURS-KII document));

2. be fair, clear and not misleading; and

3. be consistent with the relevant parts of the prospectus.

[Note: article 79(1) of the UCITS Directive]

(1) Section 90ZA of the Act (Liability for key investor information) provides that a person will not incur civil liability solely on the basis of the key investor information document, including any translation of it, unless it is misleading, inaccurate or inconsistent with the relevant parts of the prospectus.

(2) Article 20 of the KII Regulation prescribes the wording of a warning to investors that must be included in the "practical information" section of the key investor information document. It states that an authorised fund manager may be held liable solely on the basis of any statement contained in the document that is misleading, inaccurate or inconsistent with the relevant parts of the prospectus for the UCITS scheme.

(3) A NURS-KII document should not include the wording of warning to investors in (2) as the limitation of liability in (1) does not apply to KII-compliant NURS.
Revision and filing of key investor information or key information document or NURS-KII document

4.7.7 R

(1) An authorised fund manager must keep up to date the essential elements of:

(a) the key investor information document for each UCITS scheme which it manages; or

(b) the NURS-KII document for each KII-compliant NURS which it manages.

(2) An authorised fund manager must file the key investor information document for each UCITS scheme or the NURS-KII document for each KII-compliant NURS which it manages, and any amendments thereto, with the FCA.

(3) An authorised fund manager of a feeder UCITS or feeder NURS must, in addition to (1) and (2), file the key investor information of its master UCITS or the NURS-KII document of its qualifying master scheme, and any amendments thereto, with the FCA.

[Note: articles 63(3) and 82 of the UCITS Directive]

Synthetic risk and reward indicators and ongoing charges disclosures in the KII

4.7.8 G

(1) Authorised fund managers are advised that CESR issued two separate guidelines regarding the methodology that should be used in calculating the synthetic risk and reward indicator and the ongoing charges figure, both of which must be disclosed in the key investor information document for each UCITS scheme which they manage.

(2) In line with the KII Regulation and COLL Appendix 2R, firms in producing their key investor information documents or NURS-KII documents should take account of CESR’s methodologies in calculating the figures for the synthetic risk and reward indicators and for ongoing charges to be disclosed in those documents. For ease of reference links to these guidelines are shown below, as follows:

Methodology for the calculation of the synthetic risk and reward indicator in the KII (CESR/10-673)

Methodology for the calculation of the ongoing charges figure in the KII (CESR/10-674)

(3) Firms should note that these methodologies may in due course become directly applicable obligations in the light of the European Securities and Markets Authority’s powers to develop implementing technical standards in this area.
4.7.9 **G** Authorised fund managers of a UCITS scheme and KII-compliant NURS are further advised that ESMA has issued the following guidelines, which refer to matters that should be included in the key investor information for certain types of UCITS (ESMA 2012/832).

Guidelines for competent authorities and UCITS management companies: Guidelines on ETFs and other UCITS issues

**Marketing communications**

4.7.10 **G** COBS 4.13.2R(1)(b) and (c) (Marketing communications relating to UCITS schemes or EEA UCITS schemes) require an authorised fund manager to ensure that its marketing communications that contain an invitation to purchase units in a UCITS scheme or EEA UCITS scheme, indicate that a prospectus and key investor information exist, specifying where they may be obtained by the public or how the public may have access to them.
4.8 Notifications for UCITS master-feeder arrangements

Application
4.8.1 This section applies to an ICVC, an authorised fund manager of an AUT, ACS or ICVC and any other director of an ICVC where, in each case, the AUT, ACS or ICVC is a UCITS scheme.

Purpose
4.8.2 The purpose of this section is to explain the type, form and timing of the notifications that are required before an existing UCITS scheme can begin to operate as a feeder UCITS for the first time, or an existing feeder UCITS can change to a different master UCITS. The process for making those changes is set out in COLL 11.2 (Approval of a feeder UCITS).

Information to be provided to Unitholders
4.8.3 (1) An authorised fund manager of a UCITS scheme that has been approved by the FCA to operate as a feeder UCITS, including as a feeder UCITS of a different master UCITS, must provide the following information to its unitholders at least 30 calendar days before the date when the feeder UCITS is to start to invest in units of the master UCITS or, if it has already invested in them, the date when its investment will exceed the limit applicable under COLL 5.2.11R (9) (Spread: general):
   (a) a statement that the FCA has approved the investment of the feeder UCITS in units of that master UCITS;
   (b) the key investor information of the feeder UCITS and the master UCITS;
   (c) the date when the feeder UCITS is to start to invest in units of the master UCITS or, if it has already invested in them, the date when its investment will exceed the limit applicable under COLL 5.2.11R (9);
   (d) a statement that the unitholders have the right, for 30 calendar days from the moment this information is provided, to request the repurchase or redemption of their units without any charges other than those retained by the UCITS scheme to cover disinvestment costs.

(2) Where a UCITS marketing notification has been made in relation to a feeder UCITS, the authorised fund manager of the feeder UCITS must
ensure that an accurate translation of the information in (1) is provided to unitholders in:

(a) the official language, or one of the official languages, of the feeder UCITS’ Host State; or

(b) a language approved by the Host State regulator.

[Note: article 64 first and second paragraphs of the UCITS Directive]

**Method of providing information**

The authorised fund manager of the feeder UCITS must provide to unitholders the information required under COLL 4.8.3 R in a durable medium.

Investment and borrowing powers
5.1 Introduction

Application

(1) Subject to 1(A), COLL 5.1 to COLL 5.5 apply to the authorised fund manager and the depositary of an authorised fund, and to an ICVC, which is or ever has been a UCITS scheme.

(1A) The only sections of COLL 5 that apply to the authorised fund manager and the depositary of a feeder UCITS, and to an ICVC which is a feeder UCITS, are COLL 5.3 and COLL 5.8, although particular rules in COLL 5.1, COLL 5.2 and COLL 5.5 are incorporated by reference.

(2) Subject to 2(A), COLL 5.1, COLL 5.4 and COLL 5.6 apply to the authorised fund manager and depositary of an authorised fund, and to an ICVC, which is a non-UCITS retail scheme.

(2A) COLL 5.1, COLL 5.4 and COLL 5.7 apply to the authorised fund manager and the depositary of an authorised fund and to an ICVC which is a non-UCITS retail scheme operating as a fund of alternative investment funds.

(3) Paragraphs (2) and (2A) cease to apply if a non-UCITS retail scheme converts to be authorised as a UCITS scheme.

(4) [deleted]

Purpose

(1) This chapter helps in achieving the statutory objective of protecting consumers by laying down minimum standards for the investments that may be held by an authorised fund. In particular:

(a) the proportion of transferable securities and derivatives that may be held by an authorised fund is restricted if those transferable securities and derivatives are not listed on an eligible market; the intention of this is to restrict investment in transferable securities or derivatives that cannot be accurately valued and readily disposed of; and

(b) authorised funds are required to comply with a number of investment rules that require the spreading of risk.
(2) Table 5.1.4G gives an overview of the permissible investments and maximum investment limits for UCITS schemes and non-UCITS retail schemes.

### Treatment of obligations

1. Where a rule in this chapter allows a transaction to be entered into or an investment to be retained only if possible obligations arising out of the transaction or out of the retention would not cause the breach of any limits in this chapter, it must be assumed that the maximum possible liability of the authorised fund under any other of those rules has also to be provided for.

2. Where a rule in this chapter permits a transaction to be entered into or an investment to be retained only if that transaction, or the retention, or other similar transactions, are covered:
   a. it must be assumed that in applying any of those rules, the authorised fund must also simultaneously satisfy any other obligation relating to cover; and
   b. no element of cover must be used more than once.

In addition to the parts of CESR’s **UCITS eligible assets guidelines** specifically referred to in this section, the **authorised fund manager** of a **UCITS scheme** should have regard to the other parts of those guidelines when applying the **rules** in this section. CESR’s **UCITS eligible assets guidelines** are available at [https://www.esma.europa.eu/sites/default/files/library/2015/11/07_044.pdf](https://www.esma.europa.eu/sites/default/files/library/2015/11/07_044.pdf).

### Prudent spread of risk

1. An **authorised fund manager** must ensure that, taking account of the investment objectives and policy of the **UCITS scheme** as stated in the most recently published **prospectus**, the **scheme property** of the **UCITS scheme** aims to provide a prudent spread of risk.

2. The **rules** in this section relating to spread of investments do not apply until the expiry of a period of six **months** after the date of which the **authorisation order**, in respect of the **UCITS scheme**, takes effect or on which the **initial offer** commenced, if later, provided that (1) is complied with during such period.
**Investment powers: general**

5.2.4  
The scheme property of each UCITS scheme must be invested only in accordance with the relevant provisions in sections ■ COLL 5.2 to ■ COLL 5.5 that are applicable to that UCITS scheme and up to any maximum limit so stated, but, the instrument constituting the fund may further restrict:

1. the kind of property in which the scheme property may be invested;
2. the proportion of the capital property of the UCITS scheme that may be invested in assets of any description;
3. the descriptions of transactions permitted; and
4. the borrowing powers of the UCITS scheme.

5.2.4A  
Investment powers and limits for UCITS schemes that are regulated money market funds are set out in the Money Market Funds Regulation. Subject to complying with that Regulation, the instrument constituting the fund may further restrict:

- the kind of money market instruments in which the scheme property may be invested;
- the proportion of the capital property of the UCITS scheme to be invested in money market instruments of any description;
- the descriptions of transactions permitted; and
- the borrowing powers of the UCITS scheme.

**Valuation**

5.2.5  
(1) In this chapter, the value of the scheme property of a UCITS scheme means the net value determined in accordance with ■ COLL 6.3 (Valuation and pricing), after deducting any outstanding borrowings, whether immediately due to be repaid or not.

2. When valuing the scheme property for the purposes of this chapter:

   a. the time as at which the valuation is being carried out ("the relevant time") is treated as if it were a valuation point, but the valuation and the relevant time do not count as a valuation or a valuation point for the purposes of ■ COLL 6.3 (Valuation and pricing);
   b. initial outlay is to be regarded as remaining part of the scheme property; and
   c. if the authorised fund manager, having taken reasonable care, determines that the UCITS scheme will become entitled to any unrealised profit which has been made on account of a transaction in derivatives, that prospective entitlement is to be regarded as part of the scheme property.

3. When valuing the scheme property of a dual-priced authorised fund, the cancellation basis of valuation referred to in ■ COLL 6.3.3 R (2) (Valuation) is to be applied.
Valuation guidance

It should be noted that for the purpose of COLL 5.2.5 R, COLL 6.3 may be affected by specific provisions in this chapter such as, for example, COLL 5.4.6 R (Treatment of collateral).

UCITS schemes: permitted types of scheme property

The scheme property of a UCITS scheme must, except where otherwise provided in the rules in this chapter, consist solely of any or all of:

1. transferable securities;
2. approved money-market instruments;
3. units in collective investment schemes;
4. derivatives and forward transactions;
5. deposits; and
6. (for an ICVC) movable and immovable property that is essential for the direct pursuit of the ICVC's business;

in accordance with the rules in this section.

[Note: articles 50(1) (in conjunction with other rules in this section) and 50(3) of the UCITS Directive]

Transferable securities

1. A transferable security is an investment which is any of the following:
   (a) a share;
   (b) a debenture;
   (ba) an alternative debenture;
   (c) a government and public security;
   (d) a warrant; or
   (e) a certificate representing certain securities.

2. An investment is not a transferable security if the title to it cannot be transferred, or can be transferred only with the consent of a third party.

3. In applying (2) to an investment which is issued by a body corporate, and which is a share or a debenture, the need for any consent on the part of the body corporate or any members or debenture holders of it may be ignored.

4. An investment is not a transferable security unless the liability of the holder of it to contribute to the debts of the issuer is limited to any amount for the time being unpaid by the holder of it in respect of the investment.
Section 5.2 : General investment powers and limits for UCITS schemes

**Investment in transferable securities**

5.2.7A R

1. A UCITS scheme may invest in a transferable security only to the extent that the transferable security fulfils the following criteria:

   (a) the potential loss which the UCITS scheme may incur with respect to holding the transferable security is limited to the amount paid for it;

   (b) its liquidity does not compromise the ability of the authorised fund manager to comply with its obligation to redeem units at the request of any qualifying unitholder (see COLL 6.2.16 R (3));

   (c) reliable valuation is available for it as follows:

      (i) in the case of a transferable security admitted to or dealt in on an eligible market, where there are accurate, reliable and regular prices which are either market prices or prices made available by valuation systems independent from issuers;

      (ii) in the case of a transferable security not admitted to or dealt in on an eligible market, where there is a valuation on a periodic basis which is derived from information from the issuer of the transferable security or from competent investment research;

   (d) appropriate information is available for it as follows:

      (i) in the case of a transferable security admitted to or dealt in on an eligible market, where there is regular, accurate and comprehensive information available to the market on the transferable security or, where relevant, on the portfolio of the transferable security;

      (ii) in the case of a transferable security not admitted to or dealt in on an eligible market, where there is regular and accurate information available to the authorised fund manager on the transferable security or, where relevant, on the portfolio of the transferable security;

   (e) it is negotiable; and

   (f) its risks are adequately captured by the risk management process of the authorised fund manager.

2. Unless there is information available to the authorised fund manager that would lead to a different determination, a transferable security which is admitted to or dealt in on an eligible market shall be presumed:

   (a) not to compromise the ability of the authorised fund manager to comply with its obligation to redeem units at the request of any qualifying unitholder; and

   (b) to be negotiable.

[Note: article 2(1) of the UCITS eligible assets Directive]

5.2.7B G

Where the authorised fund manager considers that the liquidity or negotiability of a transferable security might compromise the ability of the authorised fund manager to comply with its obligation to redeem units at the request of any qualifying unitholder, it should assess the liquidity risk in accordance with CESR’s UCITS eligible assets guidelines with respect to article 2(1) of the UCITS eligible assets Directive.
Closed end funds constituting transferable securities

A unit in a closed end fund shall be taken to be a transferable security for the purposes of investment by a UCITS scheme, provided it fulfils the criteria for transferable securities set out in COLL 5.2.7A R, and either:

1. where the closed end fund is constituted as an investment company or a unit trust:
   a. it is subject to corporate governance mechanisms applied to companies; and
   b. where another person carries out asset management activity on its behalf, that person is subject to national regulation for the purpose of investor protection; or

2. where the closed end fund is constituted under the law of contract:
   a. it is subject to corporate governance mechanisms equivalent to those applied to companies; and
   b. it is managed by a person who is subject to national regulation for the purpose of investor protection.

[Note: articles 2(2)(a) and (b) of the UCITS eligible assets Directive]

An authorised fund manager should not invest the scheme property of a UCITS scheme in units of a closed end fund for the purpose of circumventing the investment limits set down in this section.

When required to assess whether the corporate governance mechanisms of a closed end fund in contractual form are equivalent to those applied to companies, the authorised fund manager should consider whether the contract on which the closed end fund is based provides its investors with rights to:

a. vote on the essential decisions of the closed end fund (including appointment and removal of asset management company, amendment to the contract which set up the closed end fund, modification of investment policy, merger, liquidation); and

b. control the investment policy of the closed end fund through appropriate mechanisms.

The assets of the closed end fund in contractual form should be separate and distinct from those of the asset manager and the closed end fund should be subject to liquidation rules that adequately protect its investors.

[Note: CESR’s UCITS eligible assets guidelines with respect to articles 2(2) and 2(2)(b)(ii) of the UCITS eligible assets Directive]

Transferable securities linked to other assets

A UCITS scheme may invest in any other investment which shall be taken to be a transferable security for the purposes of investment by a UCITS scheme provided the investment:

a. fulfils the criteria for transferable securities set out in COLL 5.2.7A R; and
(b) is backed by or linked to the performance of other assets, which may differ from those in which a UCITS scheme can invest.

(2) Where an investment in (1) contains an embedded derivative component (see COLL 5.2.19R (3A)), the requirements of this section with respect to derivatives and forwards will apply to that component.

[Note: articles 2(2)(c) and 2(3) of the UCITS eligible assets Directive]

Approved money-market instruments

An approved money-market instrument is a money-market instrument which is normally dealt in on the money market, is liquid and has a value which can be accurately determined at any time.

[Note: article 2(1)(o) of the UCITS Directive]

A money-market instrument shall be regarded as normally dealt in on the money market if it:

(1) has a maturity at issuance of up to and including 397 days;

(2) has a residual maturity of up to and including 397 days;

(3) undergoes regular yield adjustments in line with money market conditions at least every 397 days; or

(4) has a risk profile, including credit and interest rate risks, corresponding to that of an instrument which has a maturity as set out in (1) or (2) or is subject to yield adjustments as set out in (3).

[Note: article 3(2) of the UCITS eligible assets Directive]

(1) A money-market instrument shall be regarded as liquid if it can be sold at limited cost in an adequately short time frame, taking into account the obligation of the authorised fund manager to redeem units at the request of any qualifying unitholder (see COLL 6.2.16 R (3)).

(2) A money-market instrument shall be regarded as having a value which can be accurately determined at any time if accurate and reliable valuations systems, which fulfil the following criteria, are available:

(a) enabling the authorised fund manager to calculate a net asset value in accordance with the value at which the instrument held in the portfolio could be exchanged between knowledgeable willing parties in an arm's length transaction; and

(b) based either on market data or on valuation models including systems based on amortised costs.

(3) A money-market instrument that is normally dealt in on the money market and is admitted to or dealt in an eligible market shall be presumed to be liquid and have a value which can be accurately determined at any time unless there is information available to the
authorised fund manager that would lead to a different determination.

[Note: article 4 of the UCITS eligible assets Directive]

Guidance on assessing liquidity and quality of money-market instruments

5.2.71

1) The authorised fund manager should assess the liquidity of a money-market instrument in accordance with CESR’s UCITS eligible assets guidelines with respect to article 4(1) of the UCITS eligible assets Directive.

2) Where an approved money-market instrument forms part of the scheme property of a qualifying money market fund, the authorised fund manager should adequately monitor that the instrument continues to be of high quality, taking into account both its credit risk and its final maturity.

[Note: CESR’s UCITS eligible assets guidelines with respect to article 4(2) of the UCITS eligible assets Directive.]

Transferable securities and money-market instruments generally to be admitted to or dealt in on an eligible market

5.2.8

1) [deleted]

2) [deleted]

3) Transferable securities and approved money-market instruments held within a UCITS scheme must be:

(a) admitted to or dealt in on an eligible market within COLL 5.2.10 R (1)(a) (Eligible markets: requirements); or

(b) dealt in on an eligible market within COLL 5.2.10 R (1)(b); or

(c) admitted to or dealt in on an eligible market within COLL 5.2.10 R (2); or

(d) for an approved money-market instrument not admitted to or dealt in on an eligible market, within COLL 5.2.10AR (1); or

(e) recently issued transferable securities, provided that:

(i) the terms of issue include an undertaking that application will be made to be admitted to an eligible market; and

(ii) such admission is secured within a year of issue.

4) However, a UCITS scheme may invest no more than 10% of the scheme property in transferable securities and approved money-market instruments other than those referred to in (3).

[Note: article 50(1)(a)-(d) and (h) and (2)(a) of the UCITS Directive and article 3(1) of the UCITS eligible assets Directive]
5.2 Eligible markets regime: purpose

(1) This section specifies criteria based on those in article 50 of the UCITS Directive, as to the nature of the markets in which the property of a UCITS scheme may be invested.

(2) Where a market ceases to be eligible, investments on that market cease to be approved securities. The 10% restriction in COLL 5.2.8 R (4) applies, and exceeding this limit because a market ceases to be eligible will generally be regarded as a breach beyond the control of the authorised fund manager.

5.2.9A The ability to hold up to 10% of the scheme property in ineligible assets under COLL 5.2.8 R (4) is subject to the following limitations:

(1) for a qualifying money market fund, the 10% restriction is limited to high quality money market instruments with a maturity or residual maturity of not more than 397 days, or regular yield adjustments consistent with such a maturity, and with a weighted average maturity of no more than 60 days.

(2) [deleted]

5.2.10 Eligible markets: requirements

(1) A market is eligible for the purposes of the rules in this sourcebook if it is:

(a) a regulated market;
(b) a market in an EEA State which is regulated, operates regularly and is open to the public; or
(c) any market within (2).

(2) A market not falling within (1)(a) and (b) is eligible for the purposes of the rules in this sourcebook if:

(a) the authorised fund manager, after consultation with and notification to the depositary (and in the case of an ICVC, any other directors), decides that market is appropriate for investment of, or dealing in, the scheme property;
(b) the market is included in a list in the prospectus; and
(c) the depositary has taken reasonable care to determine that:
(i) adequate custody arrangements can be provided for the investment dealt in on that market; and
(ii) all reasonable steps have been taken by the authorised fund manager in deciding whether that market is eligible.

(3) In (2)(a), a market must not be considered appropriate unless it:
(a) is regulated;
(b) operates regularly;
(c) is recognised as a market or exchange or as a self-regulating organisation by an overseas regulator;
(d) is open to the public;
(e) is adequately liquid; and
(f) has adequate arrangements for unimpeded transmission of income and capital to or to the order of investors.

Money-market instruments with a regulated issuer

(1) (In addition to instruments admitted to or dealt in on an eligible market) a UCITS scheme may invest in an approved money-market instrument provided it fulfils the following requirements:

(a) the issue or the issuer is regulated for the purpose of protecting investors and savings; and
(b) the instrument is issued or guaranteed in accordance with [COLL 5.2.10B R].

[Note: article 50(1)(h)(i) to (iii) of the UCITS Directive]

(2) The issue or the issuer of a money-market instrument, other than one dealt in on an eligible market, shall be regarded as regulated for the purpose of protecting investors and savings if:

(a) the instrument is an approved money-market instrument;
(b) appropriate information is available for the instrument (including information which allows an appropriate assessment of the credit risks related to investment in it), in accordance with [COLL 5.2.10C R]; and
(c) the instrument is freely transferable.

[Note: article 5(1) of the UCITS eligible assets Directive]

Issuers and guarantors of money-market instruments

(1) A UCITS scheme may invest in an approved money-market instrument if it is:

(a) issued or guaranteed by any one of the following:
   (i) a central authority of an EEA State or, if the EEA State is a federal state, one of the members making up the federation;
   (ii) a regional or local authority of an EEA State;
   (iii) the Bank of England, the European Central Bank or a central bank of an EEA State;
   (iv) the European Union or the European Investment Bank;
   (v) a non-EEA State or, in the case of a federal state, one of the members making up the federation;
   (vi) a public international body to which one or more EEA States belong; or

(b) issued by a body, any securities of which are dealt in on an eligible market; or

(c) issued or guaranteed by an establishment which is:
   (i) subject to prudential supervision in accordance with criteria defined by EU law; or
(ii) subject to and complies with prudential rules considered by the FCA to be at least as stringent as those laid down by EU law.

(2) An establishment shall be considered to satisfy the requirement in (1)(c)(ii) if it is subject to and complies with prudential rules, and fulfils one or more of the following criteria:

(a) it is located in the European Economic Area;

(b) it is located in an OECD country belonging to the Group of Ten;

(c) it has at least investment grade rating;

(d) on the basis of an in-depth analysis of the issuer, it can be demonstrated that the prudential rules applicable to that issuer are at least as stringent as those laid down by EU law.

Other money-market instruments with a regulated issuer

5.2.10E

(1) In addition to instruments admitted to or dealt in on an eligible market, a UCITS scheme may also with the express consent of the FCA (which takes the form of a waiver under sections 138A and 138B of the Act as applied by section 250 of the Act or regulation 7 of the OEIC Regulations) invest in an approved money-market instrument provided:

(a) the issue or issuer is itself regulated for the purpose of protecting investors and savings in accordance with COLL 5.2.10AR (2);

(b) investment in that instrument is subject to investor protection equivalent to that provided by instruments which satisfy the requirements of COLL 5.2.10BR (1)(a), (b) or COLL 5.2.10BR (1)(c); and

Spread: general

(1) This rule does not apply in respect of a transferable security or an approved money-market instrument to which COLL 5.2.12R (Spread: government and public securities) applies.

(2) For the purposes of this rule companies included in the same group for the purposes of consolidated accounts as defined in accordance with the Seventh Council Directive 83/349/EEC of 13 June 1983 based on Article 54(3)(g) of the Treaty on consolidated accounts or, in the same group in accordance with international accounting standards, are regarded as a single body.

(3) Not more than 20% in value of the scheme property is to consist of deposits with a single body.

(4) Not more than 5% in value of the scheme property is to consist of transferable securities or approved money-market instruments issued by any single body.

(5) The limit of 5% in (4) is raised to 10% in respect of up to 40% in value of the scheme property. Covered bonds need not be taken into account for the purpose of applying the limit of 40%.

(5A) The limit of 5% in (4) is raised to 25% in value of the scheme property in respect of covered bonds, provided that when a UCITS scheme invests more than 5% in covered bonds issued by a single body, the total value of covered bonds held must not exceed 80% in value of the scheme property.

(6) In applying (4) and (5), certificates representing certain securities are to be treated as equivalent to the underlying security.

(7) The exposure to any one counterparty in an OTC derivative transaction must not exceed 5% in value of the scheme property; this limit being raised to 10% where the counterparty is an approved bank.

(8) Not more than 20% in value of the scheme property is to consist of transferable securities and approved money-market instruments issued by the same group (as referred to in (2)).

Guidance on spread: general

5.2.11A

(1) [deleted]

(2) [deleted]

(3) In applying the spread limit of 20% in value of scheme property which may consist of deposits with a single body, all uninvested cash comprising capital property that the depositary holds should be included in calculating the total sum of the deposits held by it and other companies in its group on behalf of the scheme.

Counterparty risk and issuer concentration

5.2.11B

(1) An authorised fund manager of a UCITS scheme must ensure that counterparty risk arising from an OTC derivative transaction is subject to the limits set out in COLL 5.2.11R (7) and COLL 5.2.11R (10).

(2) When calculating the exposure of a UCITS scheme to a counterparty in accordance with the limits in COLL 5.2.11R (7), the authorised fund manager must use the positive mark-to-market value of the OTC derivative contract with that counterparty.

(3) An authorised fund manager may net the OTC derivative positions of a UCITS scheme with the same counterparty, provided:
   (a) it is able legally to enforce netting agreements with the counterparty on behalf of the UCITS scheme; and
   (b) the netting agreements in (a) do not apply to any other exposures the UCITS scheme may have with that same counterparty.

(4) An authorised fund manager of a UCITS scheme may reduce the exposure of the scheme property to a counterparty to an OTC derivative transaction through the receipt of collateral. Collateral received must be sufficiently liquid so that it can be sold quickly at a price that is close to its pre-sale valuation.

(5) An authorised fund manager of a UCITS scheme must take collateral into account in calculating exposure to counterparty risk in accordance with the limits in COLL 5.2.11BR (7) when it passes collateral to the counterparty to an OTC derivative transaction on behalf of the UCITS scheme.

(6) Collateral passed in accordance with (5) may be taken into account on a net basis only if the authorised fund manager is able legally to enforce netting arrangements with this counterparty on behalf of the UCITS scheme.
(7) An authorised fund manager of a UCITS scheme must calculate the issuer concentration limits referred to in COLL 5.2.11 R on the basis of the underlying exposure created through the use of OTC derivatives in accordance with the commitment approach.

(8) In relation to exposures arising from OTC derivative transactions, as referred to in COLL 5.2.11R (10), the authorised fund manager must include in the calculation any counterparty risk relating to the OTC derivative transactions.

Spread: government and public securities

(1) This rule applies in respect of a transferable security or an approved money-market instrument ("such securities") that is issued by:

(a) an EEA State;
(b) a local authority of an EEA State;
(c) a non-EEA State; or
(d) a public international body to which one or more EEA States belong.

(2) Where no more than 35% in value of the scheme property is invested in such securities issued by any one body, there is no limit on the amount which may be invested in such securities or in any one issue.

(3) An authorised fund may invest more than 35% in value of the scheme property in such securities issued by any one body provided that:

(a) the authorised fund manager has before any such investment consulted with the depositary and as a result considers that the issuer of such securities is one which is appropriate in accordance with the investment objectives of the authorised fund;
(b) no more than 30% in value of the scheme property consists of such securities of any one issue;
(c) the scheme property includes such securities issued by that or another issuer, of at least six different issues; and
(d) the disclosures in COLL 3.2.6R(8) (Table: contents of the instrument constituting the fund) and COLL 4.2.5R(3)(i) (Table: contents of the prospectus) have been made.

(4) [deleted]

(5) In this rule in relation to such securities:

(a) issue, issued and issuer include guarantee, guaranteed and guarantor; and
(b) an issue differs from another if there is a difference as to repayment date, rate of interest, guarantor or other material terms of the issue.
Investment in collective investment schemes

5.2.13  A UCITS scheme must not invest in units in a collective investment scheme (*second scheme*) unless the second scheme satisfies all of the following conditions, and provided that no more than 30% of the value of the UCITS scheme is invested in second schemes within (1)(b) to (e):

(1) the second scheme must:
   (a) satisfy the conditions necessary for it to enjoy the rights conferred by the UCITS Directive; or
   (b) be a recognised scheme under the provisions of section 272 of the Act (Individually recognised overseas schemes) that is authorised by the supervisory authorities of Guernsey, Jersey or the Isle of Man (provided the requirements of article 50(1)(e) of the UCITS Directive are met); or
   (c) be authorised as a non-UCITS retail scheme (provided the requirements of article 50(1)(e) of the UCITS Directive are met); or
   (d) be authorised in another EEA State (provided the requirements of article 50(1)(e) of the UCITS Directive are met); or
   (e) be authorised by the competent authority of an OECD member country (other than another EEA State) which has:
      (i) signed the IOSCO Multilateral Memorandum of Understanding; and
      (ii) approved the scheme’s management company, rules and depositary/custody arrangements;

   (provided the requirements of article 50(1)(e) of the UCITS Directive are met);

(2) the second scheme must comply, where relevant, with COLL 5.2.15 R (Investment in associated collective investment schemes) and COLL 5.2.16 R (Investment in other group schemes);

(3) the second scheme must have terms which prohibit more than 10% in value of the scheme property consisting of units in collective investment schemes; and

(4) where the second scheme is an umbrella, the provisions in (2) and (3) and COLL 5.2.11 R (Spread: general) apply to each sub-fund as if it were a separate scheme.

Qualifying non-UCITS collective investment schemes

5.2.14  (1) COLL 9.3 gives further detail as to the recognition of a scheme under section 272 of the Act.

(2) Article 50 of the UCITS Directive sets out the general investment limits. So, a scheme which has the power to invest in gold or immovables would not meet the criteria set out in COLL 5.2.13 R (1).
(3) In determining whether a scheme (other than a UCITS) meets the requirements of article 50(1)(e) of the UCITS Directive for the purposes of COLL 5.2.13R (1), the authorised fund manager should consider the following factors before deciding that the scheme provides a level of protection for unitholders which is equivalent to that provided to unitholders in a UCITS:

(a) the rules guaranteeing the autonomy of the scheme and management in the exclusive interest of the unitholders;
(b) the existence of an independent depositary/custodian with similar duties and responsibilities in relation to both safekeeping and supervision; where an independent depositary/custodian is not a requirement of local law as regards collective investment schemes, robust governance structures may provide a suitable alternative;
(c) the availability of pricing information and reporting requirements;
(d) redemption facilities and frequency;
(e) restrictions in relation to dealings by related parties;
(f) the extent of asset segregation; and
(g) the local requirements for borrowing, lending and uncovered sales of transferable securities and money market instruments regarding the portfolio of the scheme.

[Note: article 26 of CESR's UCITS eligible assets guidelines with respect to article 50(1)(e) of the UCITS Directive]

(4) The requirement for supervisory equivalence, as described in article 50(1)(e) (first indent) of the UCITS Directive, also applies to schemes (that are not UCITS schemes) established in other EEA States. In considering whether the second scheme satisfies this requirement, the authorised fund manager should have regard to the first section of article 26 of CESR's UCITS eligible assets guidelines.

**Investment in associated collective investment schemes**

1. A UCITS scheme must not invest in or dispose of units in another collective investment scheme (the second scheme) if the second scheme is managed or operated by (or, for an ICVC, whose ACD is) the authorised fund manager of the investing UCITS scheme or an associate of that authorised fund manager, unless:

   (a) the prospectus of the investing UCITS scheme clearly states that the property of that investing scheme may include such units; and

   (b) COLL 5.2.16 R (Investment in other group schemes) is complied with.

2. Where a sub-fund of a UCITS scheme which is an umbrella invests in or disposes of units in another sub-fund of the same umbrella (the second sub-fund), the requirement in:

   (a) COLL 5.2.15R (1)(a) is modified as follows - the prospectus of the umbrella must clearly state that the scheme property attributable to the investing or disposing sub-fund may include units in another sub-fund of the same umbrella; and
(b) COLL 5.2.15R (1)(b) is modified as follows - COLL 5.2.16 R (Investment in other group schemes) must be complied with, modified such that references to the "UCITS scheme" are taken to be references to the investing or disposing sub-fund and references to the "second scheme" are taken to be references to the second sub-fund.

Investment in other group schemes

5.2.16 R

(1) Where:

(a) an investment or disposal is made under COLL 5.2.15 R; and
(b) there is a charge in respect of such investment or disposal;

the authorised fund manager of the UCITS scheme making the investment or disposal must pay the UCITS scheme the amounts referred to in (2) or (3) within four business days following the date of the agreement to invest or dispose.

(2) When an investment is made, the amount referred to in (1) is either:

(a) any amount by which the consideration paid by the UCITS scheme for the units in the second scheme exceeds the price that would have been paid for the benefit of the second scheme had the units been newly issued or sold by it; or
(b) if such price cannot be ascertained by the authorised fund manager of the authorised fund, the maximum amount of any charge permitted to be made by the seller of units in the second scheme.

(3) When a disposal is made, the amount referred to in (1) is any charge made for the account of the authorised fund manager or operator of the second scheme or an associate of any of them in respect of the disposal.

(4) In this rule:

(a) any addition to or deduction from the consideration paid on the acquisition or disposal of units in the second scheme, which is applied for the benefit of the second scheme and is, or is like, a dilution levy made in accordance with COLL 6.3.8 R (Dilution) is to be treated as part of the price of the units and not as part of any charge; and
(b) any charge made in respect of an exchange of units in one sub-fund or separate part of the second scheme for units in another sub-fund or separate part of that scheme is to be included as part of the consideration paid for the units.

Investment in nil and partly paid securities

5.2.17 R

(1) [deleted]

(2) A transferable security or an approved money-market instrument on which any sum is unpaid falls within a power of investment only if it is reasonably foreseeable that the amount of any existing and potential call for any sum unpaid could be paid by the UCITS scheme,
at the time when payment is required, without contravening the rules in this chapter.

**Investment in securitisation positions**

5.2.17A Where an *authorised fund manager* is exposed to a securitisation that does not meet the requirements provided for in the *Securitisation Regulation*, it must, in the best interests of the investors in the relevant *UCITS scheme*, act and take corrective action, if appropriate.

*[Note: article 50a of the *UCITS Directive]*

5.2.17B Article 5 (Due diligence requirements for institutional investors) of the *Securitisation Regulation* applies to *authorised fund managers* in combination with ■ COLL 5.2.17AR.

5.2.18 [deleted]

**Derivatives: general**

5.2.19 (1) A transaction in *derivatives* or a forward transaction must not be effected for a *UCITS scheme* unless:

   (a) the transaction is of a kind specified in ■ COLL 5.2.20 R (Permitted transactions (derivatives and forwards)); and

   (b) the transaction is covered, as required by ■ COLL 5.3.3A R (Cover for investment in derivatives and forward transactions).

(2) Where a *UCITS scheme* invests in *derivatives*, the exposure to the underlying assets must not exceed the limits in ■ COLL 5.2.11 R (Spread: general) and ■ COLL 5.2.12 R (Spread: government and public securities) save as provided in (4).

(3) Where a *transferable security* or *approved money-market instrument* embeds a *derivative*, this must be taken into account for the purposes of complying with this section.

(3A) (a) A *transferable security* or an *approved money-market instrument* will embed a *derivative* if it contains a component which fulfils the following criteria:

   (i) by virtue of that component some or all of the cash flows that otherwise would be required by the *transferable security or approved money-market instrument* which functions as host contract can be modified according to a specified interest rate, financial instrument price, foreign exchange rate, index of prices or rates, credit rating or credit index or other variable, and therefore vary in a way similar to a stand-alone *derivative*;

   (ii) its economic characteristics and risks are not closely related to the economic characteristics and risks of the host contract; and
(iii) it has a significant impact on the risk profile and pricing of the transferable security or approved money-market instrument.

(b) A transferable security or an approved money-market instrument does not embed a derivative where it contains a component which is contractually transferable independently of the transferable security or the approved money-market instrument. That component shall be deemed to be a separate instrument.

[Note: article 10 of the UCITS eligible assets Directive]

(4) Where a scheme invests in an index based derivative, provided the relevant index falls within COLL 5.2.20AR (Financial indices underlying derivatives) the underlying constituents of the index do not have to be taken into account for the purposes of COLL 5.2.11 R and COLL 5.2.12 R.

(5) The relaxation in (4) is subject to the authorised fund manager taking account of COLL 5.2.3 R (Prudent spread of risk).

Guidance on transferable securities and money-market instruments embedding derivatives

(1) Collateralised debt obligations (CDOs) or asset-backed securities using derivatives, with or without an active management, will generally not be considered as embedding a derivative except if:

(a) they are leveraged, i.e. the CDOs or asset-backed securities are not limited recourse vehicles and the investors’ loss can be higher than their initial investment; or

(b) they are not sufficiently diversified.

(2) Where a transferable security or approved money-market instrument embedding a derivative is structured as an alternative to an OTC derivative, the requirements set out in COLL 5.2.23 R with respect to transactions in OTC derivatives will apply. This will be the case for tailor-made hybrid instruments, such as a single tranche CDO structured to meet the specific need of a scheme, which should be considered as embedding a derivative. Such a product offers an alternative to the use of an OTC derivative, for the same purpose of achieving a diversified exposure with a pre-set credit risk level to a portfolio of entities.

(3) The following list of transferable securities and approved money-market instruments, which is illustrative and non-exhaustive, could be assumed to embed a derivative:

(a) credit linked notes;

(b) transferable securities or approved money-market instruments whose performance is linked to the performance of a bond index;

(c) transferable securities or approved money-market instruments whose performance is linked to the performance of a basket of shares, with or without active management;

(d) transferable securities or approved money-market instruments with a fully guaranteed nominal value whose performance is...
linked to the performance of a basket of shares, with or without active management;
(e) convertible bonds; and
(f) exchangeable bonds.

(4) Schemes cannot use transferable securities or approved money-market instruments which embed a derivative to circumvent the rules in this section.

(5) Transferable securities and approved money-market instruments which embed a derivative are subject to the rules applicable to derivatives as required by this section. It is the authorised fund manager’s responsibility to check that these requirements are complied with. The nature, frequency and scope of checks performed will depend on the characteristics of the embedded derivatives and on their impact on the scheme, taking into account its stated investment objective and risk profile.

Permitted transactions (derivatives and forwards)

5.2.20 R

(1) A transaction in a derivative must:
(a) be in an approved derivative; or
(b) be one which complies with COLL 5.2.23 R (OTC transactions in derivatives).

(2) The underlying of a transaction in a derivative must consist of any one or more of the following to which the scheme is dedicated:
(a) transferable securities permitted under COLL 5.2.8 R (3)(a) to (c) and COLL 5.2.8 R (3)(e);
(b) approved money-market instruments permitted under COLL 5.2.8 R (3)(a) to COLL 5.2.8 R (3)(d);
(c) deposits permitted under COLL 5.2.26 R (Investment in deposits);
(d) derivatives permitted under this rule;
(e) collective investment scheme units permitted under COLL 5.2.13 R (Investment in collective investment schemes);
(f) financial indices which satisfy the criteria set out in COLL 5.2.20A R;
(g) interest rates;
(h) foreign exchange rates; and
(i) currencies.
[Note: article 8(1)(a) of the UCITS eligible assets Directive]

(3) A transaction in an approved derivative must be effected on or under the rules of an eligible derivatives market.
(4) A transaction in a *derivative* must not cause a *scheme* to diverge from its investment objectives as stated in the *instrument constituting the fund* and the most recently published *prospectus*.

(5) A transaction in a *derivative* must not be entered into if the intended effect is to create the potential for an uncovered sale of one or more *transferable securities, approved money-market instruments, units in collective investment schemes or derivatives* provided that a sale is not to be considered as uncovered if the conditions in §COLL 5.2.22R (1) (Requirement to cover sales), as read in accordance with the guidance at §COLL 5.2.22A G, are satisfied.

(6) Any forward transaction must be made with an *eligible institution* or an *approved bank*.

(7) A *derivative* includes an instrument which fulfils the following criteria:

(a) it allows the transfer of the credit risk of the underlying independently from the other risks associated with that underlying;

(b) it does not result in the delivery or the transfer of assets other than those referred to in §COLL 5.2.6A R (UCITS schemes: permitted types of scheme property) including cash;

(c) in the case of an *OTC derivative*, it complies with the requirements in §COLL 5.2.23 R (OTC transactions in derivatives);

(d) its risks are adequately captured by the risk management process of the *authorised fund manager*, and by its internal control mechanisms in the case of risks of asymmetry of information between the *authorised fund manager* and the counterparty to the *derivative*, resulting from potential access of the counterparty to non-public information on *persons* whose assets are used as the underlying by that *derivative*.

[Note: article 8(2) of the *UCITS eligible assets Directive*]

(8) A *UCITS scheme* may not undertake transactions in *derivatives on commodities*.

**Financial indices underlying derivatives**

(1) The financial indices referred to in §COLL 5.2.20R (2)(f) are those which satisfy the following criteria:

(a) the index is sufficiently diversified;

(b) the index represents an adequate benchmark for the market to which it refers; and

(c) the index is published in an appropriate manner.

(2) A financial index is sufficiently diversified if:

(a) it is composed in such a way that price movements or trading activities regarding one component do not unduly influence the performance of the whole index;
(b) where it is composed of assets in which a **UCITS scheme** is permitted to invest, its composition is at least diversified in accordance with the requirements with respect to spread and concentration set out in this section; and

(c) where it is composed of assets in which a **UCITS scheme** cannot invest, it is diversified in a way which is equivalent to the diversification achieved by the requirements with respect to spread and concentration set out in this section.

(3) A financial index represents an adequate benchmark for the market to which it refers if:

(a) it measures the performance of a representative group of underlyings in a relevant and appropriate way;

(b) it is revised or rebalanced periodically to ensure that it continues to reflect the markets to which it refers, following criteria which are publicly available; and

(c) the underlyings are sufficiently liquid, allowing users to replicate it if necessary.

(4) A financial index is published in an appropriate manner if:

(a) its publication process relies on sound procedures to collect prices, and calculate and subsequently publish the index value, including pricing procedures for components where a market price is not available; and

(b) material information on matters such as index calculation, rebalancing methodologies, index changes or any operational difficulties in providing timely or accurate information is provided on a wide and timely basis.

(5) Where the composition of underlyings of a transaction in a derivative does not satisfy the requirements for a financial index, the underlyings for that transaction shall where they satisfy the requirements with respect to other underlyings pursuant to **COLL 5.2.20R (2)**, be regarded as a combination of those underlyings.

**Note:** article 9 of the **UCITS eligible assets Directive**

**Guidance on financial indices underlying derivatives**

(1) An index based on derivatives on commodities or an index on property may be regarded as a financial index of the type referred to in **COLL 5.2.20R (2)(f)** provided it satisfies the criteria for financial indices set out in **COLL 5.2.20A R**.

(2) If the composition of an index is not sufficiently diversified in order to avoid undue concentration, its underlying assets should be combined with the other assets of the **UCITS scheme** when assessing compliance with the requirements on cover for transactions in derivatives and forward transactions set out in **COLL 5.3.3A R** and spread set out in **COLL 5.2.11 R**.

(3) (a) In order to avoid undue concentration, where derivatives on an index composed of assets in which a **UCITS scheme** cannot invest are used to track or gain high exposure to the index, the index
Transactions for the purchase of property

5.2.21 A derivative or forward transaction which will or could lead to the delivery of property for the account of the **UCITS scheme** may be entered into only if:

1. that property can be held for the account of the **UCITS scheme**; and
2. the **authorised fund manager** having taken reasonable care determines that delivery of the property under the transaction will not occur or will not lead to a breach of the **rules** in this sourcebook.

Requirement to cover sales

5.2.22 (1) No agreement by or on behalf of a **UCITS scheme** to dispose of property or rights may be made unless:

a. the obligation to make the disposal and any other similar obligation could immediately be honoured by the **UCITS scheme** by delivery of property or the assignment (or, in Scotland, assignation) of rights; and

b. the property and rights at (a) are owned by the **UCITS scheme** at the time of the agreement.

(2) Paragraph (1) does not apply to a **deposit**.

Guidance on requirement to cover sales

5.2.22A [deleted]

(1) In the FCA’s view the requirement in COLL 5.2.22R (1)(a) can be met where:

(a) the risks of the underlying financial instrument of a derivative can be appropriately represented by another financial instrument and the underlying financial instrument is highly liquid; or

(b) the authorised fund manager or the depositary has the right to settle the derivative in cash, and cover exists within the scheme property which falls within one of the following asset classes:

(i) cash;

(ii) liquid debt instruments (e.g. government bonds of first credit rating) with appropriate safeguards (in particular, haircuts); or

(iii) other highly liquid assets having regard to their correlation with the underlying of the financial derivative instruments, subject to appropriate safeguards (e.g. haircuts where relevant).

(2) In the asset classes referred to in (1), an asset may be considered as liquid where the instrument can be converted into cash in no more than seven business days at a price closely corresponding to the current valuation of the financial instrument on its own market.

OTC transactions in derivatives

5.2.23

A transaction in an OTC derivative under COLL 5.2.20 R (1) (b) or, for the purposes of (1) only, executed by or on behalf of a regulated money market fund, must be:

(1) with an approved counterparty; a counterparty to a transaction in derivatives is approved only if the counterparty is:

(a) an eligible institution or an approved bank;

(b) a person whose permission (including any requirements or limitations), as published in the Financial Services Register, or whose Home State authorisation, permits it to enter into the transaction as principal off-exchange;

(c) a CCP that is authorised in that capacity for the purposes of EMIR;

(d) a CCP that is recognised in that capacity in accordance with the process set out in article 25 of EMIR; or

(e) to the extent not already covered above, a CCP supervised in a jurisdiction that:

(i) has implemented the relevant G20 reforms on over-the-counter derivatives to at least the same extent as the United Kingdom; and

(ii) is identified as having done so by the Financial Stability Board in its summary report on progress in implementation of G20 financial regulatory reforms dated 25 June 2019;
(2) on approved terms; the terms of the transaction in derivatives are approved only if the authorised fund manager:

(a) carries out, at least daily, a reliable and verifiable valuation in respect of that transaction corresponding to its fair value and which does not rely only on market quotations by the counterparty; and

(b) can enter into one or more further transactions to sell, liquidate or close out that transactions at any time, at its fair value;

(3) capable of reliable valuation; a transaction in derivatives is capable of reliable valuation only if the authorised fund manager having taken reasonable care determines that, throughout the life of the derivative (if the transaction is entered into), it will be able to value the investment concerned with reasonable accuracy:

(a) on the basis of an up-to-date market value which the authorised fund manager and the depositary have agreed is reliable; or

(b) if the value referred to in (a) is not available, on the basis of a pricing model which the authorised fund manager and the depositary have agreed uses an adequate recognised methodology; and

(4) subject to verifiable valuation; a transaction in derivatives is subject to verifiable valuation only if, throughout the life of the derivative (if the transaction is entered into) verification of the valuation is carried out by:

(a) an appropriate third party which is independent from the counterparty of the derivative, at an adequate frequency and in such a way that the authorised fund manager is able to check it; or

(b) a department within the authorised fund manager which is independent from the department in charge of managing the scheme property and which is adequately equipped for such a purpose.

[Note: articles 8(1)(b), 8(3) and 8(4) of the UCITS eligible assets Directive.]

In relation to COLL 5.2.23R(1)(e), see the table on page 3 of the Financial Stability Board’s report of 25 June 2019 which is available here: https://www.fsb.org/wp-content/uploads/P250619-2.pdf

5.2.23-A G The non-EEA jurisdictions that fall within COLL 5.2.23R(1)(e) are Australia, Hong Kong, Japan, Singapore, Switzerland, and the United States of America.

5.2.23A R For the purposes of COLL 5.2.23 R (2), “fair value” is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm’s length transaction.

5.2.23B R In respect of its obligations under COLL 6.6.4 R (1) (a), the depositary must take reasonable care to ensure that the authorised fund manager has systems and controls that are adequate to ensure compliance with COLL 5.2.23 R (1) to (4).
Valuation of OTC derivatives

(1) For the purposes of **COLL 5.2.23 R (2)**, an **authorised fund manager** of a **UCITS scheme** or a **UK UCITS management company** of an **EEA UCITS scheme** must:

(a) establish, implement and maintain arrangements and procedures which ensure appropriate, transparent and fair valuation of the exposures of a **UCITS scheme** or an **EEA UCITS scheme** to **OTC derivatives**; and

(b) ensure that the fair value of **OTC derivatives** is subject to adequate, accurate and independent assessment.

(2) Where the arrangements and procedures referred to in (1) involve the performance of certain activities by third parties, the **authorised fund manager** or **UK UCITS management company** must comply with the requirements in **SYSC 8.1.13 R** (Additional requirements for a management company) and **COLL 6.6A.4 R (5) and (6)** (Due diligence requirements of AFMs of UCITS schemes and EEA UCITS schemes) or, where appropriate, the equivalent requirements of the **UCITS Home State regulator** implementing article 5(2) and article 23(4), second subparagraph, of the **UCITS implementing Directive**.

(3) The arrangements and procedures referred to in this rule must be:

(a) adequate and proportionate to the nature and complexity of the **OTC derivative** concerned; and

(b) adequately documented.

[Note: article 51(1) second paragraph of the **UCITS Directive** and articles 44(2) and 44(4) of the **UCITS implementing Directive**]
**Investment in deposits**

5.2.26  A UCITS scheme may invest in deposits only if it:

1. is with an approved bank;
2. is:
   a. repayable on demand; or
   b. has the right to be withdrawn; and
3. matures in no more than 12 months.

**Significant influence for ICVCs**

5.2.27  (1) An ICVC must not acquire transferable securities issued by a body corporate and carrying rights to vote (whether or not on substantially all matters) at a general meeting of that body corporate if:

   a. immediately before the acquisition, the aggregate of any such securities held by the ICVC gives the ICVC power to influence significantly the conduct of business of that body corporate; or
   b. the acquisition gives the ICVC that power.

(2) For the purpose of (1), an ICVC is to be taken to have power significantly to influence the conduct of business of a body corporate if it can, because of the transferable securities held by it, exercise or control the exercise of 20% or more of the voting rights in that body corporate (disregarding for this purpose any temporary suspension of voting rights in respect of the transferable securities of that body corporate).

**Significant influence for authorised fund managers of AUTs or ACSs**

5.2.28  (1) An authorised fund manager must not acquire, or cause to be acquired for an AUT or ACS of which it is the authorised fund manager, transferable securities issued by a body corporate and carrying rights to vote (whether or not on substantially all matters) at a general meeting of the body corporate if:

   a. immediately before the acquisition, the aggregate of any such securities held for that AUT or ACS, taken together with any such securities already held for other AUTs or ACSs of which it is also the authorised fund manager, gives the authorised fund manager power significantly to influence the conduct of business of that body corporate; or
   b. the acquisition gives the authorised fund manager that power.

(2) For the purpose of (1), an authorised fund manager is to be taken to have power significantly to influence the conduct of business of a body corporate if it can, because of the transferable securities held for all the AUTs or ACSs, of which it is the authorised fund manager, exercise or control the exercise of 20% or more of the voting rights in that body corporate (disregarding for this purpose any temporary suspension of voting rights in respect of the transferable securities of that body corporate).
### Concentration

**COLL 5.2.29**  
A UCITS scheme:

1. must not acquire *transferable securities* (other than *debt securities*) which:
   - do not carry a right to vote on any matter at a general meeting of the *body corporate* that issued them; and
   - represent more than 10% of those *securities* issued by that *body corporate*;

2. must not acquire more than 10% of the *debt securities* issued by any single body;

3. must not acquire more than 25% of the *units* in a *collective investment scheme*;

4. must not acquire more than 10% of the *approved money-market instruments* issued by any single body; and

5. need not comply with the limits in (2), (3) and (4) if, at the time of acquisition, the net amount in issue of the relevant investment cannot be calculated.

### UCITS schemes that are umbrellas

**COLL 5.2.30**  
(1) In relation to a UCITS scheme which is an *umbrella*, the provisions in COLL 5.2 to COLL 5.5 apply to each *sub-fund* as they would for an *authorised fund*, except the following *rules* which apply at the level of the *umbrella* only:

   - (a) COLL 5.2.27 R (Significant influence for ICVCs);
   - (b) COLL 5.2.28 R (Significant influence for authorised fund managers of AUTs or ACSSs); and
   - (c) COLL 5.2.29 R (Concentration).

(2) A *sub-fund* may invest in or dispose of *units* of another *sub-fund* of the same *umbrella* (the second *sub-fund*) only if the following conditions are satisfied:

   - (a) the second *sub-fund* does not hold *units* in any other *sub-fund* of the same umbrella;
   - (b) the conditions in COLL 5.2.15 R (Investment in associated collective investment schemes) and COLL 5.2.16 R (Investment in other group schemes) are complied with (for the purposes of this rule, COLL 5.2.15 R and COLL 5.2.16 R are to be read as modified by COLL 5.2.15 R (2)); and
   - (c) the investing or disposing *sub-fund* must not be a *feeder UCITS* to the second *sub-fund*.

### Schemes replicating an index

**COLL 5.2.31**  
(1) Notwithstanding COLL 5.2.11 R (Spread: general), a UCITS scheme may invest up to 20% in value of the *scheme property* in *shares* and *debentures* which are issued by the same body where the investment
policy of that scheme as stated in the most recently published prospectus is to replicate the composition of a relevant index which satisfies the criteria specified in COLL 5.2.33 R (Relevant indices).

(1A) Replication of the composition of a relevant index shall be understood to be a reference to replication of the composition of the underlying assets of that index, including the use of techniques and instruments permitted for the purpose of efficient portfolio management.

[Note: article 12(1) of the UCITS eligible assets Directive]

(2) The limit in (1) can be raised for a particular UCITS scheme up to 35% in value of the scheme property, but only in respect of one body and where justified by exceptional market conditions.

Index replication

5.2.32 G

(1) [deleted]

(2) In the case of a UCITS scheme replicating an index under COLL 5.2.31 R (Schemes replicating an index) the scheme property need not consist of the exact composition and weighting of the underlying in the relevant index in cases where the scheme's investment objective is to achieve a result consistent with the replication of an index rather than an exact replication.

Relevant indices

5.2.33 R

(1) The indices referred to in COLL 5.2.31 R are those which satisfy the following criteria:

(a) the composition is sufficiently diversified;

(b) the index represents an adequate benchmark for the market to which it refers; and

(c) the index is published in an appropriate manner.

(2) The composition of an index is sufficiently diversified if its components adhere to the spread and concentration requirements in this section.

(3) An index represents an adequate benchmark if its provider uses a recognised methodology which generally does not result in the exclusion of a major issuer of the market to which it refers.

(4) An index is published in an appropriate manner if:

(a) it is accessible to the public;

(b) the index provider is independent from the index-replicating UCITS scheme; this does not preclude index providers and the UCITS scheme from forming part of the same group, provided that effective arrangements for the management of conflicts of interest are in place.

[Note: articles 12(2),(3) and (4) of the UCITS eligible assets Directive]
Disclosure requirements in relation to UCITS schemes or EEA UCITS schemes that employ particular investment strategies

5.2.34

(1) Authorised fund managers of UCITS schemes or EEA UCITS schemes should bear in mind that where a UCITS scheme, or an EEA UCITS scheme that is a recognised scheme under section 264 of the Act, employs particular investment strategies such as those in (2), COBS 4.13.2R (Marketing communications relating to UCITS schemes or EEA UCITS schemes) and COBS 4.13.3R (Marketing communications relating to a feeder UCITS) contain additional disclosure requirements in relation to marketing communications that concern those investment strategies.

(2) Examples of investment strategies that require these additional disclosures include a scheme:

(a) investing more than 35% in value of its scheme property in transferable securities or approved money-market instruments specified in COLL 5.2.12R (Spread: government and public securities); or

(b) investing principally in units in collective investment schemes, deposits or derivatives; or

(c) replicating an index.

Guidance on syndicated loans

5.2.35

(1) A syndicated loan for the purposes of this guidance means a form of loan where a group or syndicate of parties lend money to a third party and, in return, receive interest payments during the life of the debt and a return of principal either at the end of the loan period or amortised over the life of the loan. Such loans are usually arranged through agent banks which may, among other things, maintain a record of the lenders’ interest in the loan and arrange or act as a conduit for the interest payments. Whether an interest in a syndicated loan constitutes a transferable security or otherwise will depend on the terms of the relevant instrument. Where an authorised fund manager plans to invest scheme property in interests in such syndicated loans, it may wish to consider seeking professional advice as to their eligibility.

(2) To determine whether an interest in a syndicated loan would be an eligible investment for a UCITS scheme in accordance with COLL 5.2, an authorised fund manager should first consider whether it constitutes a transferable security within the meaning of COLL 5.2.7 R (Transferable securities) and then consider the additional eligibility criteria arising out of the UCITS eligible assets Directive that relate to liquidity, valuations and negotiability (see COLL 5.2.7A R (Investment in transferable securities)).

(3) A UCITS scheme cannot lend money from its scheme property. Accordingly, it is unable to partake in the initial funding of a syndicated loan either as an original lender or as a person who becomes a lender as part of the primary syndication of the loan. However, we recognise that a UCITS scheme may be acknowledged as the lender of record as a consequence of the legal form of transfer used to purchase a loan in the secondary market, such as novation.
(4) An instrument will not be a transferable security if it falls within one or more of the exclusions set out in article 77(2) of the Regulated Activities Order. An instrument acknowledging or creating indebtedness for, or for money borrowed to defray, the consideration payable under a contract for the supply of goods or services would be an example of an exclusion.

(5) In the FCA’s opinion, for an instrument to be classed as a debenture for the purposes of constituting a transferable security (see COLL 5.2.7 R (1)(b)), there must be an instrument creating or evidencing indebtedness. A facilities agreement and a drawdown request which does not create or evidence indebtedness will not be a debenture for these purposes.

(6) In the FCA’s view, the simple fact that a debt obligation is legally transferable (whether by way of creation, assignment or otherwise) does not necessarily make it negotiable for the purposes of COLL 5.2.7AR (1)(e) (Investment in transferable securities), so as to make it a permissible investment for a UCITS scheme. When securities are capable of being traded on a capital market, whether on-exchange or off-exchange, as a class and are fungible within their class, this would tend to indicate (unless the AFM was aware of specific evidence to the contrary) that they are negotiable.

(7) The FCA’s understanding is that leveraged loans are a non-investment grade sub-set of syndicated loans and, where this is the case, AFMs should use similar analysis to determine whether or not interests in such loans are eligible investments for UCITS schemes.

(8) Where a loan falls within the Glossary definition of a transferable security, investment in such a loan in the case of a UCITS scheme is subject to the spread requirements in COLL 5.2.11 R (Spread: general). AFMs also need to bear in mind that where such a transferable security does not meet the requirements of COLL 5.2.8 R (3) (Transferable securities and money-market instruments generally to be admitted to or dealt in on an eligible market), the scheme’s overall exposure to such loans will count towards the limit in COLL 5.2.8 R (4).

ESMA guidelines

5.2.36 G

Authorised fund managers of UCITS schemes are advised that ESMA has issued guidelines which, in accordance with the UCITS implementing Directive, authorised fund managers should comply with in applying the rules in this section in relation to UCITS schemes:

Guidelines concerning eligible assets for investment by UCITS: The classification of hedge fund indices as financial indices (CESR/07-434)

Guidelines to competent authorities and UCITS management companies on ETFs and other UCITS issues (ESMA 2012/832)
Revision of the provisions on diversification of collateral in ESMA’s Guidelines on ETFs and other UCITS issues (ESMA 2014/294).

5.3 Derivative exposure

Application

5.3.1 This section applies to an authorised fund manager of a UCITS scheme and to an ICVC which is a UCITS scheme.

Introduction

5.3.2 (1) A scheme may invest in derivatives and forward transactions as long as the exposure to which the scheme is committed by that transaction itself is suitably covered from within its scheme property. Exposure will include any initial outlay in respect of that transaction.

(2) Cover ensures that a scheme is not exposed to the risk of loss of property, including money, to an extent greater than the net value of the scheme property. Therefore, a scheme is required to hold scheme property sufficient in value or amount to match the exposure arising from a derivative obligation to which the scheme is committed. This section sets out detailed requirements for cover of a scheme.

(3) In accordance with COLL 5.1.3 R (2)(b) (Treatment of obligations), cover used in respect of one transaction in derivatives or forward transaction should not be used for cover in respect of another transaction in derivatives or a forward transaction.

5.3.3 (1) [deleted]

(2) [deleted]

(3) [deleted]

(4) [deleted]

(5) [deleted]

Cover for investment in derivatives and forward transactions

5.3.3A The authorised fund manager of a UCITS scheme must ensure that its global exposure relating to derivatives and forward transactions held in the UCITS scheme does not exceed the net value of the scheme property.

[Note: article 51(3) first paragraph of the UCITS Directive]
Daily calculation of global exposure

5.3.3B R

An authorised fund manager of a UCITS scheme must calculate its global exposure on at least a daily basis.

[Note: article 41(2) of the UCITS implementing Directive]

5.3.3C R

For the purposes of this section, exposure must be calculated taking into account the current value of the underlying assets, the counterparty risk, future market movements and the time available to liquidate the positions.

[Note: article 51(3) second paragraph of the UCITS Directive]

Guidance on cover

5.3.4 G

(1) An authorised fund manager should note that the scope of COLL 5.3.3C R is extended in relation to underwriting commitments by COLL 5.5.8 R (4) (General power to accept or underwrite placings).

(2) Property the subject of a transaction under COLL 5.4 (Stock lending) should not be considered as available for cover unless the authorised fund manager has taken reasonable care to determine that it is obtainable (by return or re-acquisition) in time to meet the obligation for which cover is required.

Borrowing

5.3.5 R

(1) Cash obtained from borrowing, and borrowing which the authorised fund manager reasonably regards an eligible institution or an approved bank to be committed to provide, is not available for cover under COLL 5.3.3A R (Cover for investment in derivatives and forward transactions), except if (2) applies.

(2) Where, for the purposes of this section, the ICVC or the depositary for the account of the AUT or ACS on the instructions of the authorised fund manager:

(a) borrows an amount of currency from an eligible institution or an approved bank; and

(b) keeps an amount in another currency, at least equal to the borrowing for the time being in (a), on deposit with the lender (or his agent or nominee);

then this section applies as if the borrowed currency, and not the deposited currency, were part of the scheme property.

5.3.6 R

(1) [deleted]

(2) [deleted]

Calculation of global exposure

5.3.7 R

An authorised fund manager must calculate the global exposure of any UCITS scheme it manages either as:
Section 5.3 : Derivative exposure

(1) the incremental exposure and leverage generated through the use of derivatives and forward transactions (including embedded derivatives as referred to in COLL 5.2.19R (3A) (Derivatives: general)), which may not exceed 100% of the net value of the scheme property; or

(2) the market risk of the scheme property.

[Note: article 41(1) of the UCITS implementing Directive]

5.3.8 R

(1) An authorised fund manager must calculate the global exposure of a UCITS scheme by using:

(a) the commitment approach; or

(b) the value at risk approach.

(2) An authorised fund manager must ensure that the method selected in (1) is appropriate, taking into account:

(a) the investment strategy pursued by the UCITS scheme;

(b) the types and complexities of the derivatives and forward transactions used; and

(c) the proportion of the scheme property comprising derivatives and forward transactions.

(3) Where a UCITS scheme employs techniques and instruments including repo contracts or stock lending transactions in accordance with COLL 5.4 (Stock lending) in order to generate additional leverage or exposure to market risk, the authorised fund manager must take those transactions into consideration when calculating global exposure.

(4) For the purposes of (1), value at risk means a measure of the maximum expected loss at a given confidence level over the specific time period.

[Note: articles 41(3) and 41(4) of the UCITS implementing Directive]

Commitment approach

5.3.9 R

Where an authorised fund manager of a UCITS scheme uses the commitment approach for the calculation of global exposure, it must:

(1) ensure that it applies this approach to all derivative and forward transactions (including embedded derivatives as referred to in COLL 5.2.19R (3A) (Derivatives: general)), whether used as part of the scheme’s general investment policy, for the purposes of risk reduction or for the purposes of efficient portfolio management in accordance with the rules of this chapter; and

(2) convert each derivative or forward transaction into the market value of an equivalent position in the underlying asset of that derivative or forward (standard commitment approach).

[Note: articles 42(1) and 42(2) first paragraph of the UCITS implementing Directive]
(1) An *authorised fund manager* of a *UCITS scheme* may apply other calculation methods which are equivalent to the standard commitment approach.

(2) An *authorised fund manager* may take account of netting and hedging arrangements when calculating global exposure of a *UCITS scheme*, where those arrangements do not disregard obvious and material risks and result in a clear reduction in risk exposure.

(3) Where the use of *derivatives* or forward transactions does not generate incremental exposure for the *UCITS scheme*, the underlying exposure need not be included in the commitment calculation.

(4) Where the commitment approach is used, temporary borrowing arrangements entered into on behalf of the *UCITS scheme* in accordance with COLL 5.5.4 R (General power to borrow) need not form part of the global exposure calculation.

[Note: articles 42(2) final paragraph, 42(3), 42(4) and 42(5) of the UCITS implementing Directive]

**ESMA guidelines**

Authorised fund managers of UCITS schemes are advised that ESMA has issued guidelines which, in accordance with the *UCITS implementing Directive*, authorised fund managers should comply with in applying the rules in this section in relation to UCITS schemes:

Guidelines: Risk Measurement and the Calculation of Global Exposure and Counterparty Risk for UCITS (CESR/10-788)

Guidelines to competent authorities and UCITS management companies on risk measurement and the calculation of global exposure for certain types of structured UCITS (ESMA 2012/197)

Guidelines to competent authorities and UCITS management companies on ETFs and other UCITS issues (ESMA 2012/832)

5.4 Stock lending

Application

(1) Subject to (2), this section applies to an ICVC, the depositary of an authorised fund and an authorised fund manager in any case where the authorised fund is a UCITS scheme or a non-UCITS retail scheme.

(2) This section does not apply in any case where a UCITS scheme or a non-UCITS retail scheme is a regulated money market fund. The Money Market Funds Regulation sets out restrictions in relation to stock lending and repo contracts that apply in relation to regulated money market funds.

Permitted stock lending

(1) This section covers techniques relating to transferable securities and approved money-market instruments which are used for the purpose of efficient portfolio management. It permits the generation of additional income for the benefit of the authorised fund, and hence for its investors, by entry into stock lending transactions for the account of the authorised fund.

(2) The specific method of stock lending permitted in this section is in fact not a transaction which is a loan in the normal sense. Rather it is an arrangement of the kind described in section 263B of the Taxation of Chargeable Gains Act 1992, under which the lender transfers securities to the borrower otherwise than by way of sale and the borrower is to transfer those securities, or securities of the same type and amount, back to the lender at a later date. In accordance with good market practice, a separate transaction by way of transfer of assets is also involved for the purpose of providing collateral to the "lender" to cover him against the risk that the future transfer back of the securities may not be satisfactorily completed.

Stock lending: general

(1) An authorised fund may only enter into a stock lending arrangement or repo contract in accordance with the rules in this section if the arrangement or contract is:

(a) for the account of and for the benefit of the scheme; and
(b) in the interests of its unitholders.

(2) An arrangement or contract in (1) is not in the interests of unitholders unless it reasonably appears to the ICVC or authorised fund manager of an authorised fund to be appropriate with a view to generating additional income for the authorised fund with an acceptable degree of risk.

Stock lending: requirements

5.4.4 R

(1) An ICVC, or the depositary of an authorised fund acting in accordance with the instructions of the authorised fund manager, may enter into a repo contract, or a stock lending arrangement of the kind described in section 263B of the Taxation of Chargeable Gains Act 1992 (without extension by section 263C), but only if:

(a) all the terms of the agreement under which securities are to be reacquired by the depositary for the account of the ICVC, AUT or ACS are in a form which is acceptable to the depositary and are in accordance with good market practice;

(b) the counterparty is:

(i) an authorised person; or

(ii) a person authorised by a Home State regulator; or

(iii) a person registered as a broker-dealer with the Securities and Exchange Commission of the United States of America; or

(iv) a bank, or a branch of a bank, supervised and authorised to deal in investments as principal, with respect to OTC derivatives by at least one of the following federal banking supervisory authorities of the United States of America:

(A) the Office of the Comptroller of the Currency;

(B) the Federal Deposit Insurance Corporation; and

(C) the Board of Governors of the Federal Reserve System; and

(D) [deleted]

(c) high quality and liquid collateral is obtained to secure the obligation of the counterparty under the terms referred to in (a) and the collateral is:

(i) acceptable to the depositary;

(ii) adequate; and

(iii) sufficiently immediate.

(2) The counterparty for the purpose of (1) is the person who is obliged under the agreement referred to in (1)(a) to transfer to the depositary the securities transferred by the depositary under the stock lending arrangement or securities of the same kind.

(3) (1)(c) does not apply to a stock lending transaction made through Euroclear Bank SA/NV's Securities Lending and Borrowing Programme.
Stock lending: treatment of collateral

Where a stock lending arrangement is entered into, the scheme property remains unchanged in terms of value. The securities transferred cease to be part of the scheme property, but there is obtained in return an obligation on the part of the counterparty to transfer back equivalent securities. The depositary will also receive collateral to set against the risk of default in transfer, and that collateral is equally irrelevant to the valuation of the scheme property (because it is transferred against an obligation of equivalent value by way of re-transfer). COLL 5.4.6 accordingly makes provision for the treatment of the collateral in that context.

Treatment of collateral

(1) Collateral is adequate for the purposes of this section only if it is:
   (a) transferred to the depositary or its agent;
   (aa) for a UCITS scheme, received under a title transfer arrangement;
   (ab) for a UCITS scheme, at all times equal in value to the market value of the securities transferred by the depositary plus a premium;
   (b) for a non-UCITS retail scheme, at all times at least equal in value to the value of the securities transferred by the depositary; and
   (c) for a non-UCITS retail scheme, in the form of one or more of:
      (i) cash; or
      (ii) [deleted]
      (iii) a certificate of deposit; or
      (iv) a letter of credit; or
      (v) a readily realisable security; or
      (vi) commercial paper with no embedded derivative content; or
      (vii) a qualifying money market fund.

   (1A) Where the collateral is invested in units in a qualifying money market fund managed or operated by (or, for an ICVC, whose ACD is) the authorised fund manager of the investing scheme or an associate of that authorised fund manager, the conditions in COLL 5.2.16 (Investment in other group schemes) must be complied with whether or not the investing scheme is a UCITS scheme or a non-UCITS retail scheme.

   (2) Collateral is sufficiently immediate for the purposes of this section if:
      (a) it is transferred before or at the time of the transfer of the securities by the depositary; or
      (b) the depositary takes reasonable care to determine at the time referred to in (a) that it will be transferred at the latest by the close of business on the day of the transfer.

   (3) The depositary must ensure that the value of the collateral at all times meets the requirement of either (1)(ab) or (1)(b), as appropriate.
(4) The duty in (3) may be regarded as satisfied in respect of collateral the validity of which is about to expire or has expired where the depositary takes reasonable care to determine that sufficient collateral will again be transferred at the latest by the close of business on the day of expiry.

(5) Any agreement for transfer at a future date of securities or of collateral (or of the equivalent of either) under this section may be regarded, for the purposes of valuation under COLL 6.3 (Valuation and pricing) or this chapter, as an unconditional agreement for the sale or transfer of property, whether or not the property is part of the property of the authorised fund.

(6) Collateral transferred to the depositary is part of the scheme property for the purposes of the rules in this sourcebook, except in the following respects:

(a) it does not fall to be included in any valuation for the purposes of COLL 6.3 or this chapter, because it is offset under (5) by an obligation to transfer; and

(b) it does not count as scheme property for any purpose of this chapter other than this section.

(7) Paragraph (5) and (6)(a) do not apply to any valuation of collateral itself for the purposes of this section.

5.4.6A

As regards the collateral adequacy of a UCITS scheme and restrictions on collateral that take the form of cash for a UCITS scheme, authorised fund managers are referred to paragraph 43 of the ESMA Guidelines to competent authorities and UCITS management companies on ETFs and other UCITS issues (ESMA 2012/832)

Revision of the provisions on diversification of collateral in ESMA’s Guidelines on ETFs and other UCITS issues (ESMA 2014/294)

Limitation by value

There is no limit on the value of the scheme property which may be the subject of repo contracts or stock lending transactions within this section.

Guidance relating to the use of cash collateral

(1) The use of stock lending or the reinvestment of cash collateral should not result in a change of the scheme’s declared investment objectives or add substantial supplementary risks to the scheme’s risk profile.

(2) Collateral taking the form of cash may only be invested in:

(a) one of the investments coming within COLL 5.4.6 R (1) (c) (iii) to (vii) (Treatment of collateral); or

(b) deposits, provided they:
(i) are capable of being withdrawn within five business days, or such shorter time as may be dictated by the stock lending agreement; and

(ii) satisfy the requirements of § COLL 5.2.26 R (1) (Investment in deposits).

5.4.9 Where a scheme generates leverage through the reinvestment of collateral, this should be taken into account in the calculation of the scheme’s global exposure.

[Note: CESR’s UCITS eligible assets guidelines with respect to article 11 of the UCITS eligible assets Directive (part)]

5.4.10 Authorised fund managers of UCITS schemes are advised that ESMA has issued guidelines which, in accordance with the UCITS implementing Directive, authorised fund managers should comply with in applying the rules in this section in relation to UCITS schemes:

Guidelines to competent authorities and UCITS management companies on ETFs and other UCITS issues (ESMA 2012/832)

Revision of the provisions on diversification of collateral in ESMA’s Guidelines on ETFs and other UCITS issues (ESMA 2014/294)

5.5 Cash, borrowing, lending and other provisions

Application

(1) Subject to (2), this section applies to an ICVC, an ACD, an authorised fund manager of an AUT or ACS, and a depositary of an ICVC, AUT or ACS, where such ICVC, AUT or ACS is a UCITS scheme as set out in COLL 5.5.2R (Table of application).

(2) Other than COLL 5.5.3R and COLL 5.5.9R, this section does not apply to an ICVC, an ACD, an authorised fund manager of an AUT or ACS, or a depositary of an ICVC, AUT or ACS, where such ICVC, AUT or ACS is a regulated money market fund.

Cash and near cash

5.5.3 R

(1) Cash and near cash must not be retained in the scheme property except to the extent that this may reasonably be regarded as necessary in order to enable:

(a) the pursuit of the scheme's investment objectives; or
(b) redemption of units; or
(c) efficient management of the authorised fund in accordance with its investment objectives; or
(d) other purposes which may reasonably be regarded as ancillary to the investment objectives of the authorised fund.

(2) During the period of the initial offer the scheme property may consist of cash and near cash without limitation.

General power to borrow

5.5.4 R

(1) The ICVC or depositary of an AUT or ACS (on the instructions of the authorised fund manager) may, in accordance with this rule and COLL 5.5 R (Borrowing limits), borrow money for the use of the authorised fund on terms that the borrowing is to be repayable out of the scheme property.

(2) Paragraph (1) is subject to the obligation of the authorised fund to comply with any restriction in the instrument constituting the fund.

(3) The ICVC or depositary of an AUT or ACS may borrow under (1) only from an eligible institution or an approved bank.

(4) The authorised fund manager must ensure that any borrowing is on a temporary basis and that borrowings are not persistent, and for this purpose the authorised fund manager must have regard in particular to:

(a) the duration of any period of borrowing; and
(b) the number of occasions on which resort is had to borrowing in any period.

(5) In addition to complying with (4), the authorised fund manager must ensure that no period of borrowing exceeds three months, whether in respect of any specific sum or at all, without the prior consent of the depositary.

(6) The depositary may only give its consent as required under (5) on such conditions as appear to the depositary appropriate to ensure that the borrowing does not cease to be on a temporary basis only.

(7) This rule does not apply to "back to back" borrowing under COLL 5.3.5 R (2) (Borrowing).

(8) An ICVC must not issue any debenture unless it acknowledges or creates a borrowing that complies with (1) to (6).
Borrowing limits

5.5.5 R

(1) The *authorised fund manager* must ensure that the *authorised fund’s* borrowing does not, on any day, exceed 10% of the value of the *scheme property*.

(2) This *rule* does not apply to "back to back" borrowing under COLL 5.3.5 R (2) (Borrowing).

(3) In this *rule*, borrowing includes, as well as borrowing in a conventional manner, any other arrangement (including a combination of *derivatives*) designed to achieve a temporary injection of *money* into the *scheme property* in the expectation that the sum will be repaid.

(4) [deleted]

5.5.5A G

An *authorised fund manager* should ensure when calculating the *authorised fund’s* borrowing for COLL 5.5.5R (1) that:

(1) the figure calculated is the total of all borrowing in all currencies by the *authorised fund*; and

(2) long and short positions in different currencies are not netted off against each other.

Restrictions on lending of money

5.6 R

(1) None of the *money* in the *scheme property* of an *authorised fund* may be lent and, for the purposes of this prohibition, *money* is lent by an *authorised fund* if it is paid to a *person* ("the payee") on the basis that it should be repaid, whether or not by the payee.

(2) Acquiring a *debenture* is not lending for the purposes of (1); nor is the placing of *money* on deposit or in a current account.

(3) Paragraph (1) does not prevent an *ICVC* from providing an *officer* of the *ICVC* with funds to meet expenditure to be incurred by him for the purposes of the *ICVC* (or for the purposes of enabling him properly to perform his duties as an *officer* of the *ICVC*) or from doing anything to enable an *officer* to avoid incurring such expenditure.

Restrictions on lending of property other than money

5.7 R

(1) The *scheme property* of an *authorised fund* other than *money* must not be lent by way of deposit or otherwise.

(2) Transactions permitted by COLL 5.4 (Stock lending) are not to be regarded as lending for the purposes of (1).

(3) The *scheme property* must not be mortgaged.

(4) Where transactions in *derivatives* or forward transactions are used for the account of the *authorised fund* in accordance with any of the *rules* in this chapter, nothing in this *rule* prevents the *ICVC* or the
depositary at the request of the ICVC, or the depositary of an AUT or ACS at the request of the authorised fund manager, from:

(a) lending, depositing, pledging or charging scheme property for margin requirements; or

(b) transferring scheme property under the terms of an agreement in relation to margin requirements, provided that the authorised fund manager reasonably considers that both the agreement and the margin arrangements made under it (including in relation to the level of margin) provide appropriate protection to unitholders.

An agreement providing appropriate protection to unitholders for the purposes of COLL 5.5.7 R (4)(b) includes one made in accordance with the 1995 International Swaps and Derivatives Association Credit Support Annex (English Law) to the International Swaps and Derivatives Association Master Agreement.

General power to accept or underwrite placings

(1) Any power in this chapter to invest in transferable securities may be used for the purpose of entering into transactions to which this rule applies, subject to compliance with any restriction in the instrument constituting the fund.

(2) This rule applies to any agreement or understanding which:

(a) is an underwriting or sub-underwriting agreement; or

(b) contemplates that securities will or may be issued or subscribed for or acquired for the account of the authorised fund.

(3) Paragraph (2) does not apply to:

(a) an option; or

(b) a purchase of a transferable security which confers a right to:

(i) subscribe for or acquire a transferable security; or

(ii) convert one transferable security into another.

(4) The exposure of an authorised fund to agreements and understandings within (2) must, on any day, be:

(a) covered under COLL 5.3.3A R (Cover for investment in derivatives and forward transactions); and

(b) such that, if all possible obligations arising under them had immediately to be met in full, there would be no breach of any limit in this chapter.

Guarantees and indemnities

(1) An ICVC or a depositary for the account of an authorised fund must not provide any guarantee or indemnity in respect of the obligation of any person.
(2) None of the scheme property of an authorised fund may be used to discharge any obligation arising under a guarantee or indemnity with respect to the obligation of any person.

(3) Paragraphs (1) and (2) do not apply to:

(a) any indemnity or guarantee given for margin requirements where the derivatives or forward transactions are being used in accordance with the rules in this chapter; and

(b) for an ICVC:

(i) an indemnity falling within the provisions of regulation 62(3) of the OEIC Regulations (Exemptions from liability to be void);

(ii) an indemnity (other than any provision in it which is void under regulation 62 of the OEIC Regulations) given to the depositary against any liability incurred by it as a consequence of the safekeeping of any of the scheme property by it or by anyone retained by it to assist it to perform its function of the safekeeping of the scheme property; and

(iii) an indemnity given to a person winding up a scheme if the indemnity is given for the purposes of arrangements by which the whole or part of the property of that scheme becomes the first property of the ICVC and the holders of units in that scheme become the first unitholders in the ICVC; and

(c) for an AUT or ACS, an indemnity given to a person winding up a body corporate or other scheme in circumstances where those assets are becoming part of the scheme property by way of a unitisation.

Guidance on restricting payments

5.5.10 COLL 6.7.15 R (Payment of liabilities on transfer of assets) and COLL 6.7.4 R (Payments out of scheme property) contain provisions restricting payments out of scheme property.
5.6 Investment powers and borrowing limits for non-UCITS retail schemes

Application

5.6.1 (1) Subject to (3), this section applies to the authorised fund manager and the depositary of a non-UCITS retail scheme and to an ICVC which is a non-UCITS retail scheme.

(2) Where this section contains a reference to a rule in any of COLL 5.1 to COLL 5.5, these rules and any rules to which they refer or any relevant guidance should be read as if any reference to a UCITS scheme is to a non-UCITS retail scheme.

(3) Other than COLL 5.6.3R(1), COLL 5.6.4AG, COLL 5.6.14R, COLL 5.6.15R, COLL 5.6.22R(2), COLL 5.6.22R(3), COLL 5.6.22R(9) and COLL 5.6.24R, this section does not apply where the non-UCITS retail scheme in question is a regulated money market fund.

Explanation of COLL 5.6

5.6.2 (1) This section contains rules on the types of permitted investments and any relevant limits with which non-UCITS retail schemes must comply. These rules allow for the relaxation of certain investment and borrowing powers from the requirements of the UCITS Directive. Consequently, a scheme authorised as a non-UCITS retail scheme will not qualify for the cross border passorting rights conferred by the UCITS Directive on a UCITS scheme.

(2) Some examples of the different investment and borrowing powers under the rules in this section for non-UCITS retail schemes are the power to:

(a) invest not more than 10% of the value of scheme property in transferable securities or money-market instruments issued by any single body;

(b) invest in up to 20% in aggregate of the value of the scheme property in transferable securities which are not approved securities and unregulated schemes;

(c) invest in a wider range of schemes which do not comply with the requirements of the UCITS Directive;

(d) include gold in the scheme property (up to a limit of 10% of the value of the scheme property);

(e) include immovables in the scheme property; and
(f) borrow on a non-temporary basis without any specific time limit as to repayment of the borrowing.

Prudent spread of risk

(1) An authorised fund manager must ensure that, taking account of the investment objectives and policy of the non-UCITS retail scheme as stated in its most recently published prospectus, the scheme property of the non-UCITS retail scheme aims to provide a prudent spread of risk.

(1A) For a feeder NURS, (1) applies only to the extent that the feeder NURS invests in assets other than units of its qualifying master scheme.

(2) Subject to (3) and (4), the rules in this section relating to spread of investments, including immovables, do not apply until 12 months after the later of:
   (a) the date when the authorisation order in respect of the non-UCITS retail scheme takes effect; and
   (b) the date the initial offer commenced;

   provided that (1) is complied with during such period.

(3) Subject to (4), the limits in COLL 5.6.19 R do not apply until 24 months after the later of:
   (a) the date when the authorisation order in respect of the non-UCITS retail scheme takes effect; and
   (b) the date the initial offer commenced;

   provided that (1) is complied with during such period.

(4) The limit in COLL 5.6.19 R (7) relating to immovables which are unoccupied and non-income producing or are in the course of substantial development, redevelopment or refurbishment applies from the later of the date when the authorisation order in respect of the non-UCITS retail scheme takes effect and the date the initial offer period commenced.

Investment powers: general

(1) The scheme property of a non-UCITS retail scheme may, subject to the rules in this section, comprise any assets or investments to which it is dedicated.

(2) For an ICVC, the scheme property may also include movable or immovable property that is necessary for the direct pursuit of the ICVC’s business of investing in those assets or investments.

(3) The scheme property must be invested only in accordance with the relevant provisions in this section that are applicable to that non-UCITS retail scheme and within any upper limit specified in this section.
(4) The *instrument constituting the fund* may restrict the investment powers of a *scheme* further than the relevant restrictions in this section.

(5) The *scheme property* may only, except where otherwise provided in the *rules* in this section, consist of any one or more of:

(a) *transferable securities*;

(b) *money-market instruments*;

(c) *units in collective investment schemes* permitted under
   ■ COLL 5.6.10 R (Investment in collective investment schemes);

(d) *derivatives and forward transactions* permitted under
   ■ COLL 5.6.13 R (Permitted transactions (derivatives and forwards));

(e) *deposits* permitted under ■ COLL 5.2.26 R (Investment in deposits);

(f) *immovables* permitted under ■ COLL 5.6.18 R (Investment in property) to ■ COLL 5.6.19 R (Investment limits for immovables); and

(g) *gold* up to a limit of 10% in value of the *scheme property*.

Eligibility of transferable securities and money-market instruments for investment by a non-UCITS retail scheme

(1) (a) be admitted to or dealt in on an *eligible* market within
   ■ COLL 5.2.10 R (Eligible markets: requirements); or

(b) be recently issued *transferable securities* which satisfy the requirements for investment by a *UCITS scheme* set out in
   ■ COLL 5.2.8 R (3)(e); or

(c) be *approved money-market instruments* not admitted to or dealt in on an *eligible* market which satisfy the requirements for investment by a *UCITS scheme* set out in ■ COLL 5.2.10A R to ■ COLL 5.2.10C R; or

(2) subject to a limit of 20% in value of the *scheme property* be:

(a) *transferable securities* which are not within (1); or
(b) money-market instruments which are liquid and have a value which can be determined accurately at any time.

5.6.5A R

Transferable securities held within a non-UCITS retail scheme must also satisfy the criteria in COLL 5.2.7A R, COLL 5.2.7C R and COLL 5.2.7E R for the purposes of investment by a UCITS scheme.

5.6.5B G

 COLL 5.2.7A R to COLL 5.2.7E R contain rules and guidance relating to the criteria that need to be satisfied for the purposes of investment in transferable securities.

5.6.5C R [deleted]

5.6.5D R [deleted]

Funds investing in inherently illiquid assets (FIIA)

5.6.5E G

(1) The Glossary definition of a fund investing in inherently illiquid assets (or FIIA) includes conditions relating to, amongst other things, the investment objectives of such non-UCITS retail schemes and the proportion of scheme property which is invested in inherently illiquid assets.

(2) Examples of such assets include:
   (a) property and real estate;
   (b) shares in a special purpose vehicle investing in infrastructure projects;
   (c) shares issued by a company that are not listed or admitted to trading; and
   (d) units in a property authorised investment fund.

Valuation

5.6.6 R

In this section the value of the scheme property means the value of the scheme property determined in accordance with COLL 5.2.5 R (Valuation).

Spread: general

5.6.7 R

(1) This rule does not apply in respect of a transferable security or an approved money-market instrument to which COLL 5.6.8R (Spread: government and public securities) applies.

(2) Not more than 20% in value of the scheme property is to consist of deposits with a single body.

(3) Not more than 10% in value of the scheme property is to consist of transferable securities or money-market instruments issued by any single body subject to COLL 5.6.23 R (Schemes replicating an index).
(3A) The limit of 10% in (3) is raised to 25% in value of the scheme property in respect of covered bonds.

(4) In applying (3) certificates representing certain securities are to be treated as equivalent to the underlying security.

(5) The exposure to any one counterparty in an OTC derivative transaction must not exceed 10% in value of the scheme.

(6) Except for a feeder NURS or a scheme dedicated to units in a single property authorised investment fund, not more than 35% in value of the scheme is to consist of the units of any one scheme.

(6A) Schemes which (in respect of investment in units in collective investment schemes) are dedicated to units in a single property authorised investment fund or qualifying master scheme must, in addition to the investment in the property authorised investment fund or qualifying master scheme, only hold cash or near cash to maintain sufficient liquidity to enable the scheme to meet its commitments, such as redemptions. Schemes may also use techniques and instruments for the purpose of efficient portfolio management, where appropriate, such as forward foreign exchange transactions entered into for the purpose of reducing the effect of fluctuations in the rate of exchange between relevant currencies.

(7) For the purpose of calculating the limit in (5), the exposure in respect of an OTC derivative may be reduced to the extent that collateral is held in respect of it if the collateral meets each of the conditions specified in (8).

(8) The conditions referred to in (7) are that the collateral:

(a) is marked-to-market on a daily basis and exceeds the value of the amount at risk;

(b) is exposed only to negligible risks (e.g. government bonds of first credit rating or cash) and is liquid;

(c) is held by a third party custodian not related to the provider or is legally secured from the consequences of a failure of a related party; and

(d) can be fully enforced by the non-UCITS retail scheme at any time.

(9) For the purpose of calculating the limit in (5), OTC derivative positions with the same counterparty may be netted provided that the netting procedures:

(a) comply with the conditions set out in Part Three, Title II, Chapter 6, Section 7(Contractual netting (Contracts for novation and other netting agreements)) of the EU CRR; and

(b) are based on legally binding agreements.

(10) In applying this rule, all derivatives transactions are deemed to be free of counterparty risk if they are performed on an exchange where the clearing house meets each of the following conditions:

(a) it is backed by an appropriate performance guarantee; and

(b) it is characterised by a daily mark-to-market valuation of the derivative positions and an at least daily margining.
For the purposes of this rule a single body is:

(a) in relation to transferable securities and money market instruments, the person by whom they are issued; and

(b) in relation to deposits, the person with whom they are placed.

Guidance on spread: general

1. COLL 5.6.7 R (7) to (10) replicate the provisions of Article 5 of the Commission Recommendation 2004/383/EC of 27 April 2004 on the use of financial derivative instruments for undertakings for collective investment in transferable securities, so as to enable non-UCITS retail schemes to benefit from the same flexibility.

2. The attention of authorised fund managers is specifically drawn to condition (d) in COLL 5.6.7 R (8) under which the collateral has to be legally enforceable at any time. It is the FCA's view that it is advisable for an authorised fund manager to undertake a legal due diligence exercise before entering into any financial collateral arrangement. This is particularly important where the collateral arrangements in question have a cross-border dimension. The depositary will also need to exercise reasonable care to review the collateral arrangements in accordance with its duties under COLL 6.6.4 R (General duties of the depositary).

3. In applying the spread limit of 20% in value of scheme property which may consist of deposits with a single body, all uninvested cash comprising capital property that the depositary holds should be included in calculating the total sum of the deposits held by it on behalf of the scheme.

Spread: government and public securities

1. This rule applies in respect of a transferable security or an approved money-market instrument ("such securities") that is issued or guaranteed by:

   (a) an EEA State; or

   (b) a local authority of an EEA State; or

   (c) a non-EEA State; or

   (d) a public international body to which one or more EEA States belong.

2. The requirements in COLL 5.2.12 R (Spread: government and public securities) apply to investment in such securities by a non-UCITS retail scheme, except for COLL 5.2.12R(3)(d), which applies to such a scheme only to the extent that it concerns the most recently published prospectus of the scheme.

Investment in nil and partly paid securities

A non-UCITS retail scheme must not invest in nil and partly paid securities unless the investment complies with the conditions in COLL 5.2.17 R (Investment in nil and partly paid securities).
Investment in collective investment schemes

5.6.10

A non-UCITS retail scheme, except for a feeder NURS (which must instead comply with [COLL 5.6.26 R]), must not invest in units in a collective investment scheme (second scheme) unless the second scheme meets each of the requirements at (1) to (5):

(1) the second scheme:
   (a) satisfies the conditions necessary for it to enjoy the rights conferred by the UCITS Directive; or
   (b) is a non-UCITS retail scheme; or
   (c) is a recognised scheme; or
   (d) is constituted outside the United Kingdom and the investment and borrowing powers of which are the same or more restrictive than those of a non-UCITS retail scheme; or
   (e) is a scheme not falling within (a) to (d) and in respect of which no more than 20% in value of the scheme property (including any transferable securities which are not approved securities) is invested;

(2) the second scheme operates on the principle of the prudent spread of risk;

(3) the second scheme is prohibited from having more than 15% in value of the property of that scheme consisting of units in collective investment schemes (unless [COLL 5.6.10AR applies);

(4) the participants in the second scheme must be entitled to have their units redeemed in accordance with the scheme at a price:
   (a) related to the net value of the property to which the units relate; and
   (b) determined in accordance with the scheme; and

(5) where the second scheme is an umbrella, the provisions in (2) to (4) and [COLL 5.6.7 R (Spread: general) apply to each sub-fund as if it were a separate scheme.

Investment in feeder schemes

5.6.10A

(1) A non-UCITS retail scheme that is not a feeder NURS may, if the conditions in (2) to (5) are met, invest in units of:
   (a) a feeder UCITS; or
   (b) a feeder NURS; or
   (c) a scheme dedicated to units in a single property authorised investment fund; or
   (d) a scheme dedicated to units in a recognised scheme.

(2) (a) The relevant master UCITS must comply with [COLL 5.2.13R(2), (3) and (4) as if it were the second scheme for the purpose of that rule.
(b) The relevant qualifying master scheme, property authorised investment fund or recognised scheme must comply with COLL 5.6.10R(2) to (5) as if it were the second scheme for the purpose of that rule.

(3) Not more than 35% in value of the scheme property of the non-UCITS retail scheme may consist of units of one or more schemes permitted under (1)(a) to (d).

(4) The non-UCITS retail scheme must not invest directly in units of the relevant master UCITS, qualifying master scheme, property authorised investment fund or recognised scheme.

(5) The authorised fund manager of the non-UCITS retail scheme must be able to show on reasonable grounds that an investment in one or more schemes permitted under (1)(a) to (d) is:

(a) in the interests of investors; and

(b) no less advantageous than if the non-UCITS retail scheme had held units directly in the relevant:

(i) master UCITS; or

(ii) qualifying master scheme; or

(iii) property authorised investment fund; or

(iv) recognised scheme.

When determining whether an investment is no less advantageous for COLL 5.6.10AR(5)(b), an authorised fund manager should have regard in particular to:

(1) the risk profile of the non-UCITS retail scheme;

(2) the total costs borne by the non-UCITS retail scheme; and

(3) the benefits to investors of investing in units of one or more schemes permitted under COLL 5.6.10AR (1)(a) to (d).

A non-UCITS retail scheme that is a feeder NURS is required to comply with COLL 5.6.26R instead of COLL 5.6.10AR.

Investment in associated collective investment schemes

(1) Units in a scheme do not fall within COLL 5.6.10 R if that scheme is managed or operated by (or, if it is an ICVC, has as its ACD) the authorised fund manager of the investing non-UCITS retail scheme or by an associate of that authorised fund manager, unless:

(a) the prospectus of the investing authorised fund clearly states that the property of that investing fund may include such units; and

(b) the conditions in COLL 5.2.16 R (Investment in other group schemes) are complied with.
(2) Where a sub-fund of a non-UCITS retail scheme which is an umbrella invests in or disposes of units in another sub-fund of the same umbrella (the second sub-fund), the requirement in:

(a) ■ COLL 5.6.11 R (1)(a) is modified as follows - the prospectus of the umbrella must clearly state that the scheme property attributable to the investing or disposing sub-fund may include units in another sub-fund of the same umbrella; and

(b) ■ COLL 5.6.11 R (1)(b) is modified as follows - ■ COLL 5.2.16 R (Investment in other group schemes) must be complied with, modified such that references to the "UCITS scheme" are taken to be references to the investing or disposing sub-fund and references to the "second scheme" are taken to be references to the second sub-fund.

Derivatives: general

5.6.12 R

(1) A transaction in derivatives or a forward transaction must not be effected for a non-UCITS retail scheme unless the transaction is:

(a) of a kind specified in ■ COLL 5.6.13 R (Permitted transactions (derivatives and forwards)); and

(b) covered, as required by ■ COLL 5.3.3A R (Cover for investment in derivatives and forward transactions).

(2) Where a scheme invests in derivatives, the exposure to the underlying assets must not exceed the limits in ■ COLL 5.6.7 R (Spread: general) and ■ COLL 5.6.8 R (Spread: government and public securities) except as provided in (4).

(3) Where a transferable security or money-market instrument embeds a derivative, this must be taken into account for the purposes of calculating any limit in this section.

(4) Where a scheme invests in an index-based derivative, provided the relevant index falls within ■ COLL 5.6.23 R (Schemes replicating an index) the underlying constituents of the index do not have to be taken into account for the purposes of ■ COLL 5.6.7 R and ■ COLL 5.6.8 R.

(5) The relaxation in (4) is subject to the authorised fund manager taking account of ■ COLL 5.6.3 R (Prudent spread of risk).

Permitted transactions (derivatives and forwards)

5.6.13 R

(1) A transaction in a derivative must be within ■ COLL 5.2.20 R (1) (Permitted transactions (derivatives and forwards)) and:

(a) the underlying must be within ■ COLL 5.6.4 R (5) (Investment powers: general) or ■ COLL 5.2.20R (2)(f) to ■ (i); and

(b) the exposure to the underlying must not exceed the limits in ■ COLL 5.6.7 R (Spread: general), ■ COLL 5.6.8 R (Spread: government and public securities) and ■ COLL 5.6.5 R (2).

(2) A transaction in an approved derivative must be effected on or under the rules of an eligible derivatives market.
(3) A transaction in a derivative must not cause a scheme to diverge from its investment objectives as stated in the instrument constituting the fund and the most recently published prospectus.

(4) A transaction in a derivative must not be effected if the intended effect is to create the potential for an uncovered sale of:
   (a) transferable securities;
   (b) money-market instruments;
   (c) units in collective investment schemes; or
   (d) derivatives.

(5) Any forward transaction must be made with an eligible institution or an approved bank.

(6) The authorised fund manager must ensure compliance with COLL 5.3.3A R (Cover for investment in derivatives and forward transactions), COLL 5.3.3B R and COLL 5.3.3C R (Daily calculation of global exposure).

**Transactions for the purchase or disposal of property**

5.6.14  The requirements of COLL 5.2.21 R (Transactions for the purchase of property) and COLL 5.2.22 R (Requirement to cover sales) apply to non-UCITS retail schemes in the same manner as to UCITS schemes.

**OTC transactions in derivatives**

5.6.15  Any transaction in an OTC derivative under COLL 5.6.13 R (Permitted transactions (derivatives and forwards)) must comply with the requirements of COLL 5.2.23 R (OTC transactions in derivatives).

**Risk management**

5.6.16  An authorised fund manager must use a risk management process enabling it to monitor and measure as frequently as appropriate the risk associated with a non-UCITS retail scheme's positions and their contribution to the overall risk profile of the scheme.

**Risk management process**

5.6.17  (1) The risk management process should take account of the investment objectives and policy of the non-UCITS retail scheme as stated in its most recent prospectus.

(2) The depositary should take reasonable care to review the appropriateness of the risk management process in line with its duties under COLL 6.6.4 R (General duties of the depositary) and COLL 6.6.14 R (Duties of the depositary and authorised fund manager: investment and borrowing powers), as appropriate.

(3) An authorised fund manager is expected to demonstrate more sophistication in its risk management process for a non-UCITS retail scheme with a complex risk profile than for one with a simple risk profile. In particular, the risk management process should take
account of any characteristic of non-linear dependence in the value of a position to its underlying.

(4) An authorised fund manager should take reasonable care to establish and maintain such systems and controls as are appropriate to its business as required by SYSC 4.1 (General requirements).

(5) The risk management process should enable the analysis required by COLL 5.6.16 R (Risk management) to be undertaken at least daily or at each valuation point whichever is the more frequent.

**Investment in property**

(1) Any investment in land or a building held within the scheme property of a non-UCITS retail scheme must be an immovable within (2) to (5).

(2) An immovable must:

(a) be situated in a country or territory identified in the prospectus for the purpose of this rule; and

(b) if situated in:

(i) England and Wales or Northern Ireland, be a freehold or leasehold interest; or

(ii) Scotland, be any interest or estate in or over land or heritable right including a long lease; or

(c) if not situated in the jurisdictions referred to in (b)(i) or (ii), be equivalent to any of the interests in (b)(i) or (ii) or, if no such equivalent interest is available in the jurisdiction, be an interest that grants beneficial ownership of the immovable to the scheme and provides as good a title as any of the interests in (b)(i) or (ii).

(3) The authorised fund manager must have taken reasonable care to determine that the title to the immovable is a good marketable title.

(4) The authorised fund manager of an AUT or ACS or the ICVC must:

(a) have received a report from an appropriate valuer which:

(i) contains a valuation of the immovable (with and without any relevant subsisting mortgage); and

(ii) states that in the appropriate valuer's opinion the immovable would, if acquired by the scheme, be capable of being disposed of reasonably quickly at that valuation; or

(b) have received a report from an appropriate valuer as required by (4)(a)(i) and stating that:

(i) the immovable is adjacent to or in the vicinity of another immovable included in the scheme property or is another legal interest as defined in (2)(b) or (c) in an immovable which is already included in the scheme property; and

(ii) in the opinion of the appropriate valuer, the total value of both immovables would at least equal the sum of the price payable for the immovable and the existing value of the other immovable.

(5) An immovable must:
(a) be bought or be agreed by enforceable contract to be bought within six months after receipt of the report of the appropriate valuer under (4);

(b) not be bought, if it is apparent to the authorised fund manager that the report in (a) could no longer reasonably be relied upon; and

(c) not be bought at more than 105% of the valuation for the relevant immovable in the report in (4).

(6) Any furniture, fittings or other contents of any building may be regarded as part of the relevant immovable.

(7) An appropriate valuer must be a person who:

(a) has knowledge of and experience in the valuation of immovables of the relevant kind in the relevant area;

(b) is qualified to be a standing independent valuer of a non-UCITS retail scheme or is considered by the scheme's standing independent valuer to hold an equivalent qualification;

(c) is independent of the ICVC, the depositary and each of the directors of the ICVC or of the authorised fund manager and depositary of the AUT or ACS; and

(d) has not engaged himself or any of his associates in relation to the finding of the immovable for the scheme or the finding of the scheme for the immovable.

Investment in overseas property through an intermediate holding vehicle

5.6.18A

(1) An overseas immovable may be held by a scheme through an intermediate holding vehicle whose purpose is to enable the holding of immovables by the scheme or a series of such intermediate holding vehicles, provided that the interests of unitholders are adequately protected. Any investment in an intermediate holding vehicle for the purpose of holding an overseas immovable shall be treated for the purposes of this chapter as if it were a direct investment in that immovable.

(2) An intermediate holding vehicle must be wholly owned by the scheme or another intermediate holding vehicle or series of intermediate holding vehicles wholly owned by the scheme, unless and to the extent that local legislation or regulation relating to the intermediate holding vehicle holding the immovable requires a proportion of local ownership.

5.6.18B

(1) The authorised fund manager may transfer capital and income between an intermediate holding vehicle and the scheme by the use of inter-company debt if the purpose of this is for investment in immovables and repatriation of income generated by such investment. In using inter-company debt, the authorised fund manager should ensure the following:

(a) a record of inter-company debt is kept in order to provide an accurate audit trail; and
(b) interest paid out on the debt instruments is equivalent to the net rental income earned from the immovables after deduction of the intermediate holding vehicle's reasonable running costs (including tax).

(2) An intermediate holding vehicle should undertake the purchase, sale and management of immovables on behalf the scheme in accordance with the scheme's investment objectives and policy.

(3) Wherever reasonably practicable, an intermediate holding vehicle should have the same auditor and accounting reference date as the scheme.

(4) The accounts of any intermediate holding vehicle should be consolidated into the annual and interim reports of the scheme.

(5) The authorised fund manager should provide sufficient information to enable the depositary to fulfil its duties under COLL in relation to the immovables held through an intermediate holding vehicle.

**Investment limits for immovables**

The following limits apply in respect of immovables held as part of scheme property of a scheme:

1. not more than 15% in value of the scheme property is to consist of any one immovable;
2. in (1), immovables within COLL 5.6.18 R (4) (b) (Investment in property) must be regarded as one immovable;
3. the figure of 15% in (1) may be increased to 25% once the immovable has been included in the scheme property in compliance with (1);
4. the income receivable from any one group in any accounting period must not be attributable to immovables comprising:
   a. more than 25%; or
   b. in the case of a government or public body more than 35%; of the value of the scheme property;
5. not more than 20% in value of the scheme property is to consist of immovables that are subject to a mortgage and any mortgage must not secure more than 100% of the value in COLL 5.6.18 R (4) (on the assumption the immovable is not mortgaged);
6. the aggregate value of:
   a. mortgages secured on immovables under (5);
   b. borrowing of the scheme under COLL 5.6.22 R (5); and
   c. any transferable securities that are not approved securities; must not at any time exceed 20% of the value of the scheme property;
(7) not more than 50% in value of the scheme property is to consist of immovables which are unoccupied and non-income producing or in the course of substantial development, redevelopment or refurbishment; and

(8) no option may be granted to a third party to buy any immovable comprised in the scheme property unless the value of the relevant immovable does not exceed 20% of the value of the scheme property together with, where appropriate, the value of investments in:

(a) unregulated collective investment schemes; and

(b) any transferable securities which are not approved securities.

**Standing independent valuer and valuation**

1. The following requirements apply in relation to the appointment of a valuer:

   (a) the authorised fund manager must ensure that any immovables in the scheme property are valued by an appropriate valuer (standing independent valuer) appointed by the authorised fund manager; and

   (b) the appointment must be made with the approval of the depositary at the outset and upon any vacancy.

2. The standing independent valuer in (1) must be:

   (a) for an AUT or ACS, independent of the authorised fund manager and depositary; and

   (b) for an ICVC, independent of the ICVC, the directors and the depositary.

3. The following requirements apply in relation to the functions of the standing independent valuer:

   (a) the authorised fund manager must ensure that the standing independent valuer values all the immovables held within the scheme property, on the basis of a full valuation with physical inspection (including, where the immovable is or includes a building, internal inspection), at least once a year;

   (b) for the purposes of (a) any inspection in relation to adjacent properties of a similar nature may be limited to that of only one such representative property;

   (c) the authorised fund manager must ensure that the standing independent valuer values the immovables, on the basis of a review of the last full valuation, at least once a month;

   (d) if either the authorised fund manager or the depositary becomes aware of any matters that appear likely to:

      (i) affect the outcome of a valuation of an immovable; or

      (ii) cause the valuer to decide to value under (a) instead of under (c);

      it must immediately inform the standing independent valuer of that matter;
(e) the *authorised fund manager* must use its best endeavours to ensure that any other *affected person* reports to the *standing independent valuer* immediately upon that person becoming aware of any matter within (d); and

(f) any valuation by the *standing independent valuer* must be undertaken in accordance with UKVPS 3 and 2.3 of UKVPGA of the RICS Valuation – Global Standards 2017, UK national supplement 2018 (the RICS Red Book) or, in the case of overseas immovables, on an appropriate basis but subject to § COLL 6.3 (Valuation and pricing).

(4) In relation to an immovable:

(a) any valuation under § COLL 6.3 (Valuation and pricing) has effect, until the next valuation under that rule, for the purposes of the value of immovables; and

(b) an agreement to transfer an immovable or an interest in an immovable is to be disregarded for the purpose of the valuation of the *scheme property* unless it reasonably appears to the *authorised fund manager* to be legally enforceable.

5.6.20A In considering whether a valuation of overseas immovables by the *standing independent valuer* is made on an appropriate basis for the purpose of § COLL 5.6.20 R (3) (f), the *authorised fund manager* should consider whether that valuation was made in accordance with internationally accepted valuation principles, procedures and definitions as set out in the International Valuation Standards published by the International Valuation Standards Committee.

**Stock lending**

5.6.21 A *non-UCITS retail scheme* may undertake *stock lending* in accordance with § COLL 5.4 (Stock lending).

**Cash, borrowing, lending and other provisions**

5.6.22 The following rules in Chapter 5 apply to a *non-UCITS retail scheme*:

1. § COLL 5.2.7 R (Transferable securities);
2. § COLL 5.5.1 R (Application) and § COLL 5.5.2 R (Table of application);
3. § COLL 5.5.3 R (Cash and near cash);
4. § COLL 5.5.4 R (1), § COLL 5.5.4 R (2), § COLL 5.5.4 R (3) and § COLL 5.5.4 R (8) (General power to borrow);
5. § COLL 5.5.5 R (1) and § COLL 5.5.5 R (2) (Borrowing limits);
6. § COLL 5.5.6 R (Restrictions on lending of money);
7. § COLL 5.5.7 R (1), § (2) and § (4) (Restrictions on lending of property other than money);
(8) ■ COLL 5.5.8 R (General power to accept or underwrite placings); and
(9) ■ COLL 5.5.9 R (Guarantees and indemnities).

Schemes replicating an index

5.6.23 R

(1) A non-UCITS retail scheme may invest up to 20% in value of the scheme property in shares and debentures which are issued by the same body where the aim of the investment policy of that scheme as stated in its most recently published prospectus is to replicate the performance or composition of an index within (2).

(2) The index must:
   (a) have a sufficiently diversified composition;
   (b) be a representative benchmark for the market to which it refers; and
   (c) be published in an appropriate manner.

(3) The limit in (1) may be raised for a particular scheme up to 35% in value of the scheme property, but only in respect of one body and where justified by exceptional market conditions.

5.6.23A G

(1) Replication of the composition of an index shall be understood to be a reference to replication of the composition of the underlying assets of that index, including the use of techniques and instruments for the purpose of efficient portfolio management.

(2) The composition of an index is sufficiently diversified if its components adhere to the spread requirements in this section.

(3) An index is a representative benchmark if its provider uses a recognised methodology which generally does not result in the exclusion of a major issuer of the market to which it refers.

(4) An index is published in an appropriate manner if:
   (a) it is accessible to the public;
   (b) the index provider is independent from the index-replicating scheme; this does not preclude index providers and the scheme from forming part of the same group, provided that effective arrangements for the management of conflicts of interest are in place.

Non-UCITS retail schemes that are umbrellas

5.6.24 R

(1) In relation to a scheme which is an umbrella, the provisions in this section apply to each sub-fund as they would for a non-UCITS retail scheme.

(2) A sub-fund may invest in or dispose of units of another sub-fund of the same umbrella (the second sub-fund) only if the following conditions are satisfied:
   (a) the second sub-fund does not hold units in any other sub-fund of the same umbrella;
(b) the conditions in COLL 5.2.16 R (Investment in other group schemes) and COLL 5.6.11 R (Investment in associated collective investment schemes) are complied with (for the purposes of this rule, COLL 5.2.16 R and COLL 5.6.11 R are to be read as modified by COLL 5.6.11 R (2));

(c) not more than 35% in value of the investing or disposing sub-fund is to consist of units of the second sub-fund; and

(d) the investing or disposing sub-fund must not be a feeder NURS to the second sub-fund.

Guidance on syndicated loans

5.6.25 G

(1) COLL 5.2.35 G (Guidance on syndicated loans) is equally applicable to investment by a non-UCITS retail scheme in a syndicated loan.

(2) Where a loan falls within the Glossary definition of a transferable security, investment in such a loan in the case of a non-UCITS retail scheme is subject to the spread requirements in COLL 5.6.7 R (Spread: general). AFMs also need to bear in mind that where such a transferable security does not meet the requirements of COLL 5.6.5 R (1) (Eligibility of transferable securities and money-market instruments for investment by a non-UCITS retail scheme), the scheme’s overall exposure to such loans will count towards the limit in COLL 5.6.5 R (2).

Qualifying collective investment schemes for feeder NURS

5.6.26 R

The authorised fund manager of a feeder NURS must ensure that the feeder NURS does not invest in the qualifying master scheme, unless the qualifying master scheme meets the requirements in (1) to (3):

(1) the qualifying master scheme:

(a) satisfies the conditions necessary for it to enjoy the rights conferred by the UCITS Directive; or

(b) is a recognised scheme; or

(c) is a non-UCITS retail scheme;

(2) where the qualifying master scheme is an umbrella, the provisions in COLL 5.6.7 R (Spread: general) apply to each sub-fund as if it were a separate scheme; and

() the qualifying master scheme:

(a) is not:

(i) a feeder UCITS; or

(ii) a feeder NURS; or

(iii) otherwise dedicated to units in a single collective investment scheme; and

(b) does not hold units in:

(i) a feeder UCITS; or

(ii) a feeder NURS; or
(iii) a scheme otherwise dedicated to units in a single collective investment scheme.

5.6.27 R

An EEA UCITS scheme that is not a recognised scheme under section 264 of the Act is not a qualifying master scheme for COLL 5.6.26R(3) for a pension feeder fund that is a feeder NURS.
5.7 Investment powers and borrowing limits for NURS operating as FAIFs

Application

(1) This section applies to the authorised fund manager and the depositary of a non-UCITS retail scheme operating as a FAIF and to an ICVC which is a non-UCITS retail scheme operating as a FAIF.

(2) Where this section refers to:

(a) a rule or guidance in COLL 5.1 to COLL 5.6, these rules and guidance, and any rules and guidance to which they refer, must be read as if a reference to a UCITS scheme or non-UCITS retail scheme were a reference to a non-UCITS retail scheme operating as a FAIF;

(b) a second scheme, and the second scheme is a feeder scheme which (in respect of investment in units in collective investment schemes) is dedicated to units in a single collective investment scheme, the reference in this section to the second scheme must be read as if it were a reference to any scheme into which the feeder scheme's master scheme invests; and

(c) a second scheme, and the second scheme is a master scheme to which (in respect of investment in units in collective investment schemes) the relevant non-UCITS retail scheme operating as a FAIF is dedicated, the reference in this section to the second scheme must be read as if it were a reference to any scheme into which that master scheme invests.

Purpose

(1) This section contains rules on the types of permitted investments and any relevant limits with which non-UCITS retail schemes operating as FAIFs must comply. These rules allow for the relaxation of certain investment and borrowing powers from the requirements for non-UCITS retail schemes under COLL 5.6.

(2) One example of the different investment and borrowing powers under the rules in this section for non-UCITS retail schemes operating as FAIFs is the power to invest up to 100% of the value of the scheme property in schemes to which COLL 5.7.7 R (Investment in collective investment schemes) applies.

(3) In order to ensure adequate unitholder protection, the authorised fund manager is required to implement certain due diligence procedures in respect of investment in second schemes.
Applicable rules in COLL 5.6

5.7.3 R  The following rules and guidance in COLL 5.6 (Investment powers and borrowing limits for non-UCITS retail schemes) apply to the authorised fund manager and the depositary of a non-UCITS retail scheme operating as a FAIF and to an ICVC which is a non-UCITS retail scheme operating as a FAIF:

(1) COLL 5.6.3 R;
(2) COLL 5.6.5 R to 5.6.6 R;
(3) COLL 5.6.8 R to 5.6.9 R; and
(4) COLL 5.6.11 R to 5.6.24 R.

Investment powers: general

5.7.4 R  (1) The scheme property of a non-UCITS retail scheme operating as a FAIF may, subject to the rules in this section, comprise any assets or investments to which it is dedicated.

(2) For an ICVC, the scheme property may also include movable or immovable property that is necessary for the direct pursuit of the ICVC’s business of investing in those assets or investments.

(3) The scheme property must be invested only in accordance with the relevant provisions in this section that are applicable to that non-UCITS retail scheme operating as a FAIF and within any upper limit specified in this section.

(4) The instrument constituting the fund may restrict the investment powers of a scheme further than the relevant restrictions in this section.

(5) The scheme property may only, except where otherwise provided in the rules in this section, consist of any one or more of:

(a) transferable securities;
(b) money market instruments;
(c) units in collective investment schemes permitted under COLL 5.7.7 R (Investment in collective investment schemes);
(d) derivatives and forward transactions permitted under COLL 5.6.13 R (Permitted transactions (derivatives and forwards));
(e) deposits permitted under COLL 5.2.26 R (Investment in deposits);
(f) immovables permitted under COLL 5.6.18 R (Investment in property) to COLL 5.6.19 R (Investment limits for immovables); and
(g) gold up to a limit of 10% in value of the scheme property.

Spread: general

5.7.5 R  (1) This rule does not apply in respect of a transferable security or an approved money-market instrument to which COLL 5.6.8 R (Spread: government and public securities) applies.
(2) Not more than 20% in value of the scheme property is to consist of deposits with a single body.

(3) Not more than 10% in value of the scheme property is to consist of transferable securities or approved money-market instruments issued by any single body subject to COLL 5.6.23 R (Schemes replicating an index).

(4) The limit of 10% in (3) is raised to 25% in value of the scheme property in respect of covered bonds.

(5) In applying (3) certificates representing certain securities are to be treated as equivalent to the underlying security.

(6) The exposure to any one counterparty in an OTC derivative transaction must not exceed 10% in value of the scheme.

(7) Except for a feeder scheme which (in respect of investment in units in collective investment schemes) is dedicated to the units of a master scheme, not more than 35% in value of the scheme is to consist of the units of any one scheme.

(8) For the purpose of calculating the limit in (6), the exposure in respect of an OTC derivative may be reduced to the extent that collateral is held in respect of it if the collateral meets each of the conditions specified in (9).

(9) The conditions referred to in (8) are that the collateral:
   (a) is marked-to-market on a daily basis and exceeds the value of the amount at risk;
   (b) is exposed only to negligible risks (e.g. government bonds of first credit rating or cash) and is liquid;
   (c) is held by a third party custodian not related to the provider or is legally secured from the consequences of a failure of a related party; and
   (d) can be fully enforced by the non-UCITS retail scheme operating as a FAIF at any time.

(10) For the purpose of calculating the limit in (6), OTC derivative positions with the same counterparty may be netted provided that the netting procedures:
   (a) comply with the conditions set out in Part Three, Title II, Chapter 6, Section 7(Contractual netting (Contracts for novation and other netting agreements)) of the EU CRR; and
   (b) are based on legally binding agreements.

(11) In applying this rule, all derivatives transactions are deemed to be free of counterparty risk if they are performed on an exchange where the clearing house meets each of the following conditions:
   (a) it is backed by an appropriate performance guarantee; and
   (b) it is characterised by a daily mark-to-market valuation of the derivative positions and an at least daily margining.

(12) For the purposes of this rule a single body is:
(a) in relation to *transferable securities* and money market instruments, the *person* by whom they are issued; and

(b) in relation to *deposits*, the *person* with whom they are placed.

**Guidance on spread: general**

5.7.6  **(1)**  [COLL 5.7.5R (8) to (11)]

Replicate the provisions of Article 5 of the Commission Recommendation 2004/383/EC of 27 April 2004 on the use of financial derivative instruments for undertakings for collective investment in transferable securities, so as to enable *non-UCITS retail schemes* to benefit from the same flexibility.

5.7.6  **(2)**  The attention of *authorised fund managers* is specifically drawn to condition (d) in [COLL 5.7.5R (9)] under which the collateral has to be legally enforceable at any time. It is the FCA’s view that it is advisable for an *authorised fund manager* to undertake a legal due diligence exercise before entering into any financial collateral arrangement. This is particularly important where the collateral arrangements in question have a cross-border dimension. The *depositary* will also need to exercise reasonable care to review the collateral arrangements in accordance with its duties under [COLL 6.6.4 R (General duties of the depositary)].

5.7.6  **(3)**  In applying the spread limit of 20% in value of *scheme property* which may consist of *deposits* with a single body, all uninvested cash comprising *capital property* that the *depositary* holds should be included in calculating the total sum of the *deposits* held by it on behalf of the *scheme*.

**Investment in collective investment schemes**

5.7.7  **R**

A *non-UCITS retail scheme* operating as a *FAIF* must not invest in *units* in a *collective investment scheme* (second *scheme*) unless the second *scheme* is a *scheme* which satisfies the criteria in [COLL 5.6.10 R (1) to (d)] or meets each of the requirements at (1) to (4):

5.7.7  **(1)**  the second *scheme* operates on the principle of the prudent spread of risk;

5.7.7  **(2)**  the second *scheme* is prohibited from investing more than 15% in value of the property of that *scheme* in *units* in *collective investment schemes* or, if there is no such prohibition, the *non-UCITS retail scheme’s authorised fund manager* is satisfied, on reasonable grounds and after making all reasonable enquiries, that no such investment will be made;

5.7.7  **(3)**  the *participants* in the second *scheme* must be entitled to have their *units* redeemed in accordance with the *scheme* at a *price*:

5.7.7  **(a)**  related to the net value of the property to which the *units* relate; and

5.7.7  **(b)**  determined in accordance with the *scheme*; and

5.7.7  **(4)**  where the second *scheme* is an *umbrella*, the provisions in (1) to (3) and [COLL 5.7.5 R (Spread: general)] apply to each *sub-fund* as if it were a separate *scheme*. 
Feeder schemes which (in respect of investment in units in collective investment schemes) are dedicated to units in a single collective investment scheme must, in addition to the investment in the master scheme, only hold cash or near cash to maintain sufficient liquidity to enable the scheme to meet its commitments, such as redemptions. Feeder schemes may also use techniques and instruments for the purpose of efficient portfolio management, where appropriate, such as forward foreign exchange transactions entered into for the purpose of reducing the effect of fluctuations in the rate of exchange between relevant currencies.

Due diligence requirements

(1) A non-UCITS retail scheme operating as a FAIF must not invest in units in schemes in COLL 5.7.7R(1) to (3) (‘second schemes’) unless the authorised fund manager has carried out appropriate due diligence on each of the second schemes and:

(a) is satisfied, on reasonable grounds and after making all reasonable enquiries, that each of the second schemes complies with relevant legal and regulatory requirements;

(b) has taken reasonable care to determine that:

(i) the property of each of the second schemes is held in safekeeping by a third party, which is subject to prudential regulation and independent of the investment manager of the second scheme;

(ii) the calculation of the net asset value of each of the second schemes and the maintenance of their accounting records is segregated from the investment management function; and

(iii) each of the second schemes is regularly audited by an independent auditor in accordance with international standards on auditing.

(2) The authorised fund manager of a non-UCITS retail scheme operating as a FAIF invested in one or more second schemes must carry out appropriate due diligence as detailed in (1) on those schemes on an ongoing basis.

The authorised fund manager of a non-UCITS retail scheme operating as a FAIF which is a feeder scheme must ensure that:

(1) its master scheme; and

(2) where its master scheme is itself a feeder scheme, any scheme into which that master scheme invests;

operates on a basis that is consistent with the rules in this section notwithstanding any due diligence previously carried out which suggested that those schemes would so operate.

An authorised fund manager carrying out due diligence for the purpose of the rules in this section should make enquiries or otherwise obtain information needed to enable him properly to consider:
(1) whether the experience, expertise, qualifications and professional standing of the second scheme’s investment manager is adequate for the type and complexity of the second scheme;

(2) the adequacy of the regulatory, legal and accounting regimes applicable to the second scheme and its investment manager;

(3) whether the second scheme, its investment manager and administrator have complied with their legal and regulatory obligations, including but not limited to an evaluation of the investment manager’s written policies with respect to such compliance;

(4) the extent to which the second scheme’s investment manager adheres to guidance and codes which amount to good practice in the industry;

(5) the adequacy of the second scheme’s systems, controls, governance, accounting, administration, business continuity, disaster recovery, safekeeping, custody and trading and execution arrangements;

(6) the extent to which the property of the second scheme may be rehypothecated and the potential impact of such rehypothecation on the non-UCITS retail scheme operating as a FAIF;

(7) the adequacy of the second scheme’s risk management process, in particular:

(a) the methodology by which risk is measured and its practical adequacy in the light of the limitations inherent in risk measures (such as value at risk), including where appropriate, reference to market risk, credit risk (including counterparty credit risk), liquidity risk, operational risk and outsourcing risk;

(b) the extent to which the second scheme’s investment manager carries out stress testing and backtesting, to determine how potential changes in market conditions could impact on the value of the second scheme’s portfolio;

(c) the reporting, escalation and review processes within the second scheme’s governance structure;

(d) the manner in which risks arising from services provided by third parties are managed, including where those third parties provide prime brokerage, administration, auditing, valuation, risk monitoring, business continuity and disaster recovery services; and

(e) the management of key person risk;

(8) the adequacy of the second scheme’s investment strategy and trading philosophy;

(9) the implications of currency convertibility (if any);

(10) whether the second scheme produces a valuation that is sufficiently accurate for the authorised fund manager to be reasonably satisfied that the price of the FAIF’s units can be calculated in accordance with COLL 6.3 (Valuation and pricing), including but not limited to an assessment of:
(a) the roles and responsibilities of each of the parties involved in the second scheme's valuation process and the extent to which these are defined;

(b) the extent to which the valuation process is segregated or is functionally separate from the second scheme's investment manager where the second scheme is not subject to completely independent valuation by a third party;

(c) the methods used by the second scheme for the valuation of each part of its property including those assets which are difficult to value or which are not subject to independent market pricing;

(d) the extent to which the investment manager of the second scheme does not rely on prices from external sources, and its written policies relating to this;

(e) the manner in which the investment manager of the second scheme selects and monitors the adequacy of its pricing sources;

(f) the extent to which the investment manager of the second scheme operates a valuation policy that is consistent and fair to both subscribing and redeeming investors from the second scheme;

(11) the level of liquidity, redemption policy and dealing arrangements offered by the second scheme and whether they are sufficient for the investing scheme to be able to meet its obligations in respect of redemptions; wherever appropriate the authorised fund manager may need to consider how many second schemes the investing scheme should invest in to ensure that that scheme can meet its redemption obligations; and

(12) any relevant conflicts of interest that may arise out of the relationships of the second scheme's investment manager with other relevant parties and in particular detract from the integrity of the second scheme's decision-making process, including:

(a) relationships with brokers or service providers;

(b) conflicts that may be generated by fee structures;

(c) use of dealing commission to purchase goods or services;

(d) conflicts that may arise from the second scheme's investment manager managing that scheme alongside other business; and

(e) the conflicts of interest that may arise (if any) between the second scheme's investment manager and any person instructed to carry out due diligence on the authorised fund manager's behalf.

Non-UCITS retail schemes that are umbrellas with FAIF sub-funds

In relation to a non-UCITS retail scheme which is an umbrella comprised of sub-funds which are:

(1) FAIFs; or

(2) a mixture of FAIFs and standard non-UCITS retail schemes;
the provisions in this section apply to each *sub-fund* operating as a *FAIF* as they would to a separate *scheme*. 
5.8 Investment powers and borrowing limits for feeder UCITS

Application

5.8.1 (1) This section applies to:
   (a) the authorised fund manager of a feeder UCITS;
   (b) the depositary of a feeder UCITS; and
   (c) an ICVC which is a feeder UCITS;
   where the scheme is a UCITS scheme.

(2) Where this section refers to a rule or guidance in COLL 5.1 to COLL 5.5, those rules and guidance, and any rules and guidance to which they refer, must be read as if a reference to a UCITS scheme were a reference to a feeder UCITS.

(3) Where the sub-fund of a UCITS scheme is a feeder UCITS, the provisions in this section apply to each sub-fund as they would for an authorised fund.

Permitted types of scheme property

5.8.2 A feeder UCITS must invest at least 85% in value of the scheme property in units of a single master UCITS.

[Note: article 58(1) of the UCITS Directive]

5.8.2A The authorised fund manager of a pension feeder fund that is a feeder UCITS must ensure that the single master UCITS is:

   (1) a UCITS scheme; or

   (2) an EEA UCITS scheme that is a recognised scheme under section 264 of the Act.

Balance of scheme property: investment restrictions on a feeder UCITS

5.8.3 A feeder UCITS may hold up to 15% in value of the scheme property in one or more of the following:

   (1) cash or near cash in accordance with COLL 5.5.3 R (Cash and near cash);
(2) derivatives and forward transactions which may be used only for the purposes of hedging and in accordance with the rules set out at \(\text{COLL 5.8.7 R (Other provisions applicable to a feeder UCITS); and}\)

(3) (for an ICVC) movable and immovable property which is essential for the direct pursuit of the business.

[Note: article 58(2) first subparagraph of the UCITS Directive]

### Exposure to derivatives

5.8.4 R

In calculating the global exposure of a feeder UCITS to derivatives and forward transactions in accordance with \(\text{COLL 5.3.3A R (Cover for investment in derivatives and forward transactions)},\) the feeder UCITS must combine its own direct exposure under \(\text{COLL 5.8.3R (2)}\) with either:

(1) the master UCITS’ actual exposure to derivatives and forward transactions in proportion to the feeder UCITS’ investment into the master UCITS; or

(2) the master UCITS’ potential maximum global exposure to derivatives and forward transactions provided for in the master UCITS’ instrument constituting the fund or its prospectus in proportion to the feeder UCITS investment into the master UCITS.

[Note: article 58(2) second subparagraph of the UCITS Directive]

### Prudent spread of risk

5.8.5 R

An authorised fund manager must ensure that, to the extent that the feeder UCITS invests in assets other than units of a master UCITS, the feeder UCITS complies with \(\text{COLL 5.2.3 R (1) (Prudent spread of risk).}\)

### Investment powers: general

5.8.6 R

The scheme property of a feeder UCITS must be invested only in accordance with the relevant provisions in this section and up to any maximum limit so stated, but the instrument constituting the fund may restrict the investment and borrowing powers of a scheme further than the relevant restrictions in this section.

### Other provisions applicable to a feeder UCITS

5.8.7 R

The following rules and guidance in \(\text{COLL 5.1 (Introduction), COLL 5.2 (General investment powers and limits for UCITS schemes) and COLL 5.5 (Cash, borrowing, lending and other provisions)}\) apply to the authorised fund manager of a UCITS scheme which is a feeder UCITS and to an ICVC which is a feeder UCITS:

Section 5.8: Investment powers and borrowing limits for feeder UCITS
Chapter 6

Operating duties and responsibilities
6.1 Introduction and Application

Application

6.1.1 This chapter applies to:

1. an authorised fund manager of an AUT, ACS or an ICVC;
2. any other director of an ICVC;
3. a depositary of an AUT, ACS or an ICVC; and
4. an ICVC,

where such AUT, ACS or ICVC is a UCITS scheme or a non-UCITS retail scheme.

Purpose

6.1.2 This chapter helps in achieving the statutory objective of protecting consumers. It provides the operating framework within which the authorised fund must be operated on a day-to-day basis to ensure that clients are treated fairly when they become, remain or as they cease to be unitholders.

Explanation of this chapter

6.1.3 (1) The authorised fund manager operates the scheme on a day-to-day basis. Its operation is determined by the rules in this chapter, which require appropriate powers in the instrument constituting the fund or refer to the need to state the relevant operating procedures in the prospectus of the scheme.

(2) (a) The authorised fund manager does not necessarily have to carry out all the activities it is responsible for and may delegate functions to other persons.

(b) The rules in this chapter set out the parameters of such delegation, except in relation to a non-UCITS retail scheme managed by a full-scope UK AIFM, where this chapter supplements FUND 3.10 (Delegation).

(3) The depositary’s duty is, generally speaking, to ensure the safe custody of scheme property and to oversee certain functions of the authorised fund manager (most notably the pricing and dealing function and investment powers). The oversight responsibilities for a trustee of an AUT are similar to, but not the same as, the oversight responsibilities of the depositary of an ICVC or ACS. These differences result from the different legal structure of the authorised funds and the trustee’s obligations under trust law.
6.2 Dealing

Application

6.2.1 (R) This section applies to an authorised fund manager, a depositary, an ICVC and any other director of an ICVC.

Purpose

6.2.2 (G) (1) This section helps in achieving the statutory objective of securing an appropriate degree of protection for consumers. In accordance with Principle 6, this section is also concerned with ensuring the authorised fund manager pays due regard to its clients’ interests and treats them fairly.

(2) An authorised fund manager of an AUT, ACS or ICVC is responsible for arranging for the issue and the cancellation of units for the authorised fund. An authorised fund manager of an AUT, ICVC or co-ownership scheme is permitted to sell and redeem units for its own account. An authorised fund manager of a limited partnership scheme is only permitted to sell and redeem units as agent for the scheme. The rules in this section are intended to ensure that the authorised fund manager treats the authorised fund fairly when arranging for the issue or cancellation of units, and treats clients fairly when they purchase or sell units.

(3) This section also sets out common standards for how the amounts in relation to unit transactions are to be paid. These arrangements include the initial offer of units, the exchange of units for scheme property and issues and cancellations of units by an ICVC, or by the depositary of an AUT or ACS, carried out directly with the unitholder.

(4) This section also sets out rules and guidance relating to the authorised fund manager’s controls over the issue and cancellation of units including any box holdings.

(5) The requirements in this section are to be applied separately to each sub-fund of a scheme which is an umbrella, and, if appropriate, the currency of a sub-fund may be used instead of the base currency of the umbrella.

Initial offers

6.2.3 (R) (1) During the initial offer period, units may only be issued at the initial price.
(2) The length of any initial offer should not be unreasonable when considered alongside the characteristics of the authorised fund.

(3) The authorised fund manager must, as soon as practicable after receiving the initial price from the purchaser and no later than the fourth business day following the end of the initial offer, pay the depositary in respect of any unit it has agreed to sell during the period of the initial offer:

   (a) in the case of a single-priced authorised fund, the initial price of that unit; or

   (b) in the case of a dual-priced authorised fund, the initial price of that unit less, where relevant, an amount not exceeding the amount of any preliminary charge stated in the prospectus.

(4) The period of the initial offer comes to an end if the authorised fund manager reasonably believes the price that would reflect the current value of the scheme property would vary by more than 2% from the initial price.

Initial offer: guidance

(1) Details of any initial offer period must be provided in the relevant prospectus as described in COLL 4.2.5R (17)(h) (Table: contents of the prospectus).

(2) It may be appropriate that the initial offer for a scheme operating limited issue or limited redemption arrangements, or intending to invest in illiquid assets, is longer than one for a scheme which does not have these features.

Issue and cancellation of units by an ICVC

(1) Units in an ICVC are issued or cancelled by the ACD making a record of the issue or cancellation and of the number of the units of each class concerned, and cannot be issued or cancelled in any other manner, unless COLL 3.2.6R (11) (Table: contents of the instrument constituting the fund) applies.

(2) The time of the issue or cancellation under (1) is the time when the record is made.

Issue and cancellation of units in an AUT or ACS

(1) The depositary must issue or cancel units in an AUT or ACS when instructed by the authorised fund manager.

(2) Any instructions given by the authorised fund manager must state, for each class of unit to be issued or cancelled, the number to be issued or cancelled, expressed either as a number of units or as an amount in value (or as a combination of the two).

(3) If the depositary is of the opinion that it is not in the interests of unitholders that any units should be issued or cancelled or that to do so would not be in accordance with the trust deed, contractual scheme deed or prospectus, it must notify the authorised fund manager.
manager of that fact and it is then relieved of the obligation to issue or cancel those units.

**Issue and cancellation of units in multiple classes**

If an authorised fund has two or more classes of unit in issue, the authorised fund manager may treat any or all of those classes as one for the purpose of determining the number of units to be issued or cancelled by reference to a particular valuation point, if:

1. the depositary gives its prior agreement; and
2. the relevant classes:
   a. have the same entitlement to participate in, and the same liability for charges, expenses and other payments that may be recovered from, the scheme property; or
   b. differ only as to whether income is distributed or accumulated by periodic credit to capital, provided the price of the units in each class is calculated by reference to undivided shares in the scheme property.

**Issue and cancellation of units through an authorised fund manager**

1. The authorised fund manager may require, on agreement with the depositary, or may permit, on the request of the investor, direct issues and cancellations of units by an ICVC or by the depositary of an AUT or ACS.

2. If (1) applies:
   a. the instrument constituting the fund must provide for this; and
   b. the prospectus must provide details of the procedure to be followed which must be consistent with the rules in this section.

**Controls over the issue and cancellation of units**

1. An authorised fund manager must ensure that at each valuation point there are at least as many units in issue of any class as there are units registered to unitholders for that class.

2. An authorised fund manager must not:
   a. for an AUT or ACS, when giving instructions to the depositary for the issue or cancellation of units; or
   b. for an ICVC, when arranging for the issue or cancellation of units; do, or omit to do, anything that would, or might, confer on itself or an associate a benefit or advantage at the expense of a unitholder or a potential unitholder.

3. For the purpose of (1), the authorised fund manager may take into account instructions to redeem units at the following valuation point received before any time agreed with the depositary for such purpose.
Controls over the issue and cancellation of units - guidance

6.2.9

(1) As the authorised fund manager normally controls the issue, cancellation, sale and redemption of an authorised fund's units, it occupies a position that could, without appropriate systems and controls, involve a conflict of interest between itself and its clients.

(2) SYSC 3.1.1 R (Systems and controls) requires that a firm take reasonable care to establish and maintain such systems and controls as are appropriate to its business and Principle 8 requires a firm to manage conflicts of interest between itself and a customer fairly.

(3) To manage the conflict of interest that arises, when an authorised fund manager gives an instruction to issue or cancel units, the price of the units should be calculated at the valuation point before or after the instruction has been given, in accordance with (4).

(4) An authorised fund manager should agree a period of time with the depositary during which it will give instructions to issue or cancel units. Where the authorised fund manager operates a box with the principal aim of making a profit, this period will be short (for example, two hours); otherwise a longer period (for example, up to the next valuation point but in all cases within 24 hours) may be acceptable, provided the principles in (2) are followed.

(5) The last valuation point should be used for the pricing of units where instructions are given before the expiry of the period of time agreed in (4); otherwise the next valuation point should be used.

(6) Where an in specie issue or cancellation occurs it should be undertaken using the next valuation point's price.

Modification to number of units issued or cancelled

6.2.10

(1) Any instruction for the issue or cancellation of units under COLL 6.2.5 R (Issue and cancellation of units by an ICVC) or COLL 6.2.6 R (Issue and cancellation of units in an AUT or ACS) may be modified but only if the depositary agrees and has taken reasonable care to determine that:

(a) the modification corrects an error in the instruction; and
(b) the error is an isolated one.

(2) Any error in (1) must be corrected within the payment period applicable under COLL 6.2.13 R (Payment for units issued) or COLL 6.2.14 R (Payment for cancelled units).

Compensation for box management errors

6.2.11

(1) Where the authorised fund manager has not complied with COLL 6.2.8 R (1) (Controls over the issue and cancellation of units), it must correct the error as soon as possible and must reimburse the authorised fund any costs it may have incurred in correcting the position.

(2) The authorised fund manager need not reimburse the authorised fund when:
(a) the amount under (1) is not, in the depositary’s opinion, material to the authorised fund;

(b) the authorised fund manager can demonstrate that it has effective controls in place over box management, including all of the areas that affect the figures which are included in the box management calculations; and

(c) the requirements of COLL 6.2.10 R (Modification to number of units issued or cancelled) are complied with.

(3) A depositary should also make a return to the FCA (in the manner prescribed by SUP 16.6.8 R) on a quarterly basis.

Payment for units issued

6.2.13 R

(1) The authorised fund manager must, by the close of business on the fourth business day following the issue of any units, arrange for payment to the depositary of an AUT or ACS or the ICVC of:
   
   (a) in the case of a single-priced authorised fund, the price of the units and any payments required under COLL 6.3.8 R (Dilution);
   
   (b) in the case of a dual-priced authorised fund, the issue price of the units; or
   
   (c) in the case of a regulated money market fund, the sum required pursuant to article 33 of the Money Market Funds Regulation.

(2) The authorised fund manager must make the payment referred to in (1) in cash or cleared funds unless COLL 6.2.15 R (In specie issue and cancellation) applies.

(3) Where the authorised fund manager has not complied with (1), it must reimburse the authorised fund for any lost interest unless the amount involved is not, in the depositary’s opinion, material to the authorised fund.

Payment for cancelled units

6.2.14 R

(1) On cancelling units the authorised fund manager must, before the expiry of the fourth business day following the cancellation of the units or, if later, as soon as practicable after delivery to the depositary of the AUT or ACS or the ICVC of such evidence of title to the units as it may reasonably require, require the depositary to pay:

   (a) in the case of a single-priced authorised fund, the price of the units (less any deduction required under COLL 6.3.8 R);

   (b) in the case of a dual-priced authorised fund, the cancellation price of the units; or

   (c) in the case of a regulated money market fund, the sum required pursuant to article 33 of the Money Market Funds Regulation;

   to the authorised fund manager or, where relevant, the unitholder or, for a relevant pension scheme, in accordance with the relevant provisions of the trust deed or contractual scheme deed.

(2) If the authorised fund manager has not ensured that the scheme property includes or will include sufficient cash in the appropriate currency (or a sufficient facility to borrow without infringing any restriction in COLL 5 (Investment and borrowing powers)) within the period in (1), that period is extended, for any relevant currency, until the shortage is rectified.

(3) If (2) applies, the authorised fund manager must take reasonable steps to rectify the currency shortage as quickly as possible.

(4) This rule does not apply where COLL 6.2.15 R is in operation.

(5) Nothing in this section requires an ICVC, a depositary or an authorised fund manager to part with money or to transfer scheme
property for a cancellation or redemption of units where any money due on the earlier issue or sale of those units has not been received.

**In specie issue and cancellation**

6.2.15 The depositary may take into or pay out of scheme property assets other than cash as payment for the issue or cancellation of units but only if:

1. it has taken reasonable care to ensure that the property concerned would not be likely to result in any material prejudice to the interests of unitholders; and

2. the instrument constituting the fund so provides.

**Sale and redemption**

6.2.16 (1) In accordance with COLL 4.2.5R (17) (Table: contents of the prospectus), the authorised fund manager must describe the arrangements for the sale and redemption of units in the prospectus.

(2) The authorised fund manager must, at all times during the dealing day, be willing to effect the sale of units in the authorised fund, in accordance with the conditions in the instrument constituting the fund and the prospectus unless:

   a. it has reasonable grounds to refuse such sale; or

   b. the issue of units is prevented under COLL 6.2.18R (Limited issue).

(3) Subject to COLL 6.2.19R (Limited redemption) and COLL 6.2.21R (Deferred redemption), the authorised fund manager must, at all times during the dealing day, on request of any qualifying unitholder, effect the redemption of units in accordance with the conditions in the instrument constituting the fund and the prospectus unless it has reasonable grounds to refuse such redemption.

(4) On agreeing to a redemption of units in (3), the authorised fund manager must pay the unitholder the appropriate proceeds of redemption within the period specified in (5) unless the authorised fund manager has reasonable grounds for withholding all or any part of the proceeds.

(5) Except where (5A) applies the period in (4) expires at the close of business on the fourth business day following the later of:

   a. the valuation point at which the price for the redemption was determined; or

   b. the time when the authorised fund manager has all the duly executed instruments and authorisations to effect (or enable the authorised fund manager to effect) the transfer of title to the units.

(5A) Where a non-UCITS retail scheme operating as a FAIF operates limited redemption arrangements, the period in (4) expires no later than the expiry of a period of 185 days from the date of receipt and acceptance of the instruction to redeem.
(6) Except where (7) applies, and subject to COLL 6.2.21 R (Deferred redemption), the authorised fund manager must sell or redeem units at a price determined no later than the end of the business day immediately following the receipt and acceptance of an instruction to do so, or at the next valuation point for the purposes of dealing in units if later.

(7) Where the authorised fund operates limited redemption arrangements, the authorised fund manager must sell or redeem units at a price determined no later than the expiry of a period of 185 days from the date of the receipt and acceptance of the instruction to sell or redeem.

(8) [deleted]

(9) [deleted]

(10) Paragraphs (4), (5) and ■ COLL 6.3.5AR (2) (Sale and redemption prices for single-priced authorised funds) do not apply where the authorised fund manager of an AUT or ICVC is buying units as principal on an investment exchange (for an AUT in accordance with a power in the trust deed) and settlement will be made in accordance with the rules of that exchange.

Sale and redemption: guidance

(1) The prospectus of an authorised fund may allow the authorised fund manager to identify a point in time in advance of a valuation point (a cut-off point) after which it will not accept instructions to sell or redeem units at that valuation point. In order to protect customers' interests, the cut-off point should be no earlier than the close of business on the business day before the valuation point it relates to. If there is more than one valuation point in a day the cut-off should not be before any previous valuation point.

(2) Where the authorised fund operates limited redemption arrangements, the cut-off point may reflect the expected length of time required to undertake transactions in the underlying investments provided the 185 day limit in ■ COLL 6.2.16 R (7) (Sale and redemption) is complied with.

(3) Where (1) applies, different cut-off points may be used to differentiate between the methods of submitting instructions to sell or redeem to the authorised fund manager but not to differentiate between unitholders or potential unitholders.

(4) [deleted]
Limited issue

6.2.18 R

(1) If an authorised fund limits the issue of any class of unit, the prospectus of an authorised fund must provide for the circumstances and conditions when units will be issued.

(2) Where (1) applies, the authorised fund manager may not provide for the further issue of units unless, at the time of the issue, it is satisfied on reasonable grounds that the proceeds of that subsequent issue can be invested without compromising the scheme’s investment objective or materially prejudicing existing unitholders.

(3) Within a scheme, unit classes may operate different arrangements for the issue of units provided there is no prejudice to the interests of any unitholder.

Limited redemption

6.2.19 R

(1) The instrument constituting the fund and the prospectus of a non-UCITS retail scheme operating as a FAIF, or that invests substantially in immovables or whose investment objective is to provide a specified level of return, may provide for limited redemption arrangements appropriate to its aims and objectives.

(2) Where (1) applies, the scheme must provide for sales and redemptions at least once in every six months.

(3) Within a scheme, unit classes may operate different arrangements for sales and redemptions of units provided there is no prejudice to the interests of any unitholder.

(4) The scheme may provide for sales of units of any class to be executed at a greater frequency than redemptions of units of the same class.

Limited redemption: guidance

6.2.20 G

The conditions for limited redemption arrangements in Section 6.2.19 R should be considered, for AUTs and ACSs as well as for ICVCs, in conjunction with PERG 9 (Meaning of an open-ended investment company) and PERG 9.8 (The investment condition: the ‘expectation test’ section 236(3)(a) of the Act).

Deferred redemption

6.2.21 R

(1) Subject to (1A), (3), and (4), the instrument constituting the fund and the prospectus of an authorised fund which has at least one valuation point on each business day may permit deferral of redemptions at a valuation point to the next valuation point where the requested redemptions exceed 10%, or some other reasonable proportion disclosed in the prospectus, of the authorised fund’s value.

(1A) Subject to (3) the instrument constituting the fund and the prospectus of a non-UCITS retail scheme operating as a FAIF may permit deferral of redemptions at a valuation point to a following valuation point where the requested redemptions exceed 10%, or some other reasonable proportion disclosed in the prospectus, of the authorised fund’s value.
(2) Any deferral of *redemptions* under (1) or (1A) must be undertaken in accordance with the procedures explained in the *prospectus* which must ensure:

(a) the consistent treatment of all *unitholders* who have sought to *redeem units* at any *valuation point* at which *redemptions* are deferred; and

(b) that all *deals* relating to an earlier *valuation point* are completed before those relating to a later *valuation point* are considered.

(3) Any deferral under (1A) is subject to the limitations on payments to *unitholders* in [COLL 6.2.16 R (5A)].

(4) Any deferral under (1) in relation to an *authorised fund* that is a *regulated money market fund* must be consistent with the *Money Market Funds Regulation*, where relevant.

**Deferred redemption: guidance**

6.2.22 G

(1) In times of high levels of *redemption*, deferred *redemption* will enable the *authorised fund manager* to protect the interests of continuing *unitholders* by allowing it to match the sale of *scheme property* to the level of *redemptions*. This should reduce the impact of *dilution* on the *scheme*.

(2) Article 34 of the *Money Market Funds Regulation* provides for deferred *redemption* in relation to certain kinds of *regulated money market funds* in particular circumstances.

**Property Authorised Investment Funds**

6.2.23 R

(1) The *authorised fund manager* of a *property authorised investment fund* must take reasonable steps to ensure that no *body corporate* holds more than 10% of the net asset value of that fund (the "maximum allowable").

(1A) For the purposes of (1), a *body corporate* shall not be treated as holding more than the maximum allowable to the extent that:

(a) the *body corporate* holds *units* in a *unit trust scheme* which holds *shares* in the *property authorised investment fund*; and

(b) in their capacity as *trustees* of the *unit trust scheme*, the *trustees* are chargeable in the *United Kingdom* either to income tax or to corporation tax.

(2) Where the *authorised fund manager* of a *property authorised investment fund* becomes aware that a *body corporate* holds more than the maximum allowable, he must:

(a) notify the *body corporate* of that event;

(b) not pay any income distribution to the *body corporate*; and

(c) redeem or cancel the *body corporate*'s holding down to the maximum allowable within a reasonable time-frame.

(3) For the purpose of (2)(c), a reasonable time-frame means the time-frame which the *authorised fund manager* reasonably considers to be
reasonable having regard to the interests of the unitholders as a whole.

6.2.24 Reasonable steps to monitor the maximum allowable include:

(1) regularly reviewing the register; and

(2) taking reasonable steps to ensure that unitholders are kept informed of the requirement that no body corporate may hold more than 10% of the net asset value of a property authorised investment fund.
6.3 Valuation and pricing

Application

6.3.1 Subject to (3) and (4), this section applies to an authorised fund manager, a depositary, an ICVC and any other director of an ICVC.

(2) COLL 6.3.3A R to COLL 6.3.3D R (Accounting procedures):

(a) apply to:

(i) a UK UCITS management company providing collective portfolio management services for an EEA UCITS scheme from a branch in another EEA State or under the freedom to provide cross border services; and

(ii) an EEA UCITS management company providing collective portfolio management services for a UCITS scheme from a branch in the United Kingdom;

in addition to applying in accordance with (1); but

(b) do not apply to an EEA UCITS management company providing collective portfolio management services for a UCITS scheme under the freedom to provide cross border services.

(3) The following rules and guidance do not apply to an authorised fund manager, a depositary, an ICVC, or any other director of an ICVC where the authorised fund is a regulated money market fund:

(a) COLL 6.3.3R;
(b) COLL 6.3.3DR;
(c) COLL 6.3.4R(1) and (3) to (6D);
(d) COLL 6.3.5R; and
(e) COLL 6.3.5AR to COLL 6.3.5CG.

(4) Where an authorised fund is a regulated money market fund, COLL 6.3.6G applies to the authorised fund manager and depositary of that authorised fund to the extent it is consistent with the requirements of the Money Market Funds Regulation.

Purpose

6.3.2 In accordance with Principle 6, this section is intended to ensure that the authorised fund manager pays due regard to its clients’ interests and treats them fairly.
(2) An authorised fund manager is responsible for valuing the scheme property of the authorised fund it manages and for calculating the price of units in the authorised fund. This section protects clients by:

(a) setting out rules and guidance to ensure the prices of units in both a single-priced authorised fund and a dual-priced authorised fund are calculated fairly and regularly;

(b) allowing the authorised fund manager to mitigate the effects of any dilution (reduction) in the value of the scheme property caused by buying and selling underlying investments as a result of the issue or cancellation of units; and

(c) [deleted]

(d) ensuring that prices are made public in an appropriate manner.

(3) The requirements in this section are to be applied separately to each sub-fund of a scheme which is an umbrella, and, if appropriate, the currency of a sub-fund may be used instead of the base currency of the umbrella. Consequently different methods of pricing units may be applied by an authorised fund manager to different sub-funds of an umbrella.

(4) The authorised fund manager must follow the same method of pricing for each class of units in an authorised fund, or in a sub-fund of an umbrella.

(5) A full-scope UK AIFM that is the authorised fund manager of a non-UCITS retail scheme should comply with the requirements of:

(a) ■ FUND 3.9 (Valuation); and

(b) this chapter.

Valuation

6.3.3 R

(1) To determine the price of units the authorised fund manager must carry out a fair and accurate valuation of all the scheme property in accordance with the instrument constituting the fund and the prospectus.

(2) For a dual-priced authorised fund, each valuation of the scheme property must consist of two parts, carried out on an issue basis and a cancellation basis respectively.

Accounting procedures

6.3.3A R

(1) An authorised fund manager of a UCITS scheme or a UK UCITS management company of an EEA UCITS scheme must ensure the employment of the accounting policies and procedures referred to in ■ SYSC 4.1.9 R (Accounting policies), so as to ensure the protection of unitholders.

(2) Accounting for the scheme shall be carried out in such a way that all assets and liabilities of the scheme can be directly identified at all times.
(3) If the scheme is an umbrella, separate accounts must be maintained for each sub-fund.

[Note: article 8(1) of the UCITS implementing Directive]

6.3.3B R

An authorised fund manager of a UCITS scheme or a UK UCITS management company of an EEA UCITS scheme must have accounting policies and procedures established, implemented and maintained, in accordance with the accounting rules of the UCITS Home State, so as to ensure that the calculation of the net asset value of each scheme it manages is accurately effected, on the basis of the accounting, and that subscription and redemption orders can be properly executed at that net asset value.

[Note: article 8(2) of the UCITS implementing Directive]

6.3.3C G

(1) The accounting policies and procedures referred to in 6.3.3B R should enable the authorised fund manager of a UCITS scheme to value the scheme property accurately at each valuation point and to calculate dealing prices by reference to that valuation.

(2) Where different share or unit classes exist, it should be possible to extract from the accounting records the net asset value of each different class.

[Note: recital (9) of the UCITS implementing Directive]

6.3.3D R

An authorised fund manager of a UCITS scheme or a UK UCITS management company of an EEA UCITS scheme must establish appropriate procedures to ensure the proper and accurate valuation of the assets and liabilities of each scheme it manages.

[Note: article 8(3) of the UCITS implementing Directive]

Valuation of an immovable

6.3.3E R

An authorised fund manager may only agree a fair and reasonable price for an immovable to reflect a rapid sale if the prospectus states that it may do so, in accordance with 4.2.5R(3)(pa)(ii).

Valuation points

6.3.4 R

(1) An authorised fund must not have fewer than two regular valuation points in any month and if there are only two valuation points in any month, the regular valuation points must be at least two weeks apart.

(2) The prospectus of a scheme must contain information about its regular valuation points for the purposes of dealing in units in accordance with 4.2.5R (16) (Table: contents of the prospectus).

(3) Where a scheme operates limited redemption arrangements, (1) does not apply and the valuation points must be stated in the prospectus but must not be set more than six months apart.
(4) Where a scheme operates limited redemption arrangements, it must be valued and *prices* published in the manner set out in COLL 6.3.11 R (Publication of prices) at least once in every *month*.

(5) In (4), a *valuation point* for the purpose of publishing *prices* only, does not make it a *valuation point* for the purpose of (2) unless it is disclosed as such in the *prospectus*.

(6) Higher volatility funds must have at least one *valuation point* every *business day* except where the scheme is a non-UCITS retail scheme operating as a *FAIF*.

(6A) Qualifying money market funds must have at least one *valuation point* every *business day* at which the valuation is carried out on an amortised cost basis.

(6B) [deleted]

(6C) [deleted]

(6D) [deleted]

(7) No *valuation points* are required during the period of any *initial offer*.

(8) The *authorised fund manager* may determine to have an additional *valuation point* for an *authorised fund*, in which case it must inform the *depositary*.

**Price of a unit**

6.3.5 R

(1) An *authorised fund manager* must ensure that the *price* of a *unit* of any class is calculated:

(a) by reference to the net value of the *scheme property*; and

(b) in accordance with the provisions of both the *instrument constituting the fund* and the *prospectus*.

(2) Any *unit price* calculated in accordance with (1) must be expressed in a form that is accurate to at least four significant figures.

(3) For each *class of units* in a *single-priced authorised fund*, a single *price* must be calculated at which *units* are to be *issued* and *cancelled*.

**Sale and redemption prices for single-priced authorised funds**

6.3.5A R

The *authorised fund manager* of a *single-priced authorised fund* must not:

(1) *sell a unit* for more than the *price* of a *unit* of the relevant class at the relevant *valuation point*, to which may be added any *preliminary charge* permitted and any payment made under COLL 6.3.8 R; or

(2) *redeem a unit* for less than the *price* of a *unit* of the relevant class at the relevant *valuation point*, less any *redemption charge* permitted and any deduction under COLL 6.3.8 R.
6.3.5B

**Sale and redemption price parameters for dual-priced authorised funds**

1. The authorised fund manager of a dual-priced authorised fund must not:
   - sell a unit for more than the maximum sale price of a unit of the relevant class at the relevant valuation point; or
   - redeem a unit for less than the cancellation price of a unit of the relevant class at the relevant valuation point, less any redemption charge permitted.

2. The maximum sale price of units under (1)(a) is the total of:
   - the issue price; and
   - the current preliminary charge.

3. The sale price of units under (1)(a) must not be less than the relevant redemption price under (1)(b).

4. The redemption price under (1)(b) must not exceed the relevant issue price of the relevant units.

5. Subject to COLL 6.7.9 R (Charges for the exchange of units in an umbrella), in the case of an umbrella:
   - the maximum price at which units in one sub-fund that is a dual-priced authorised fund may be acquired in exchange for units in another sub-fund must not exceed the relevant maximum sale price (less any preliminary charge) of the new units; and
   - the minimum price at which the old units in a sub-fund that is a dual-priced authorised fund may be taken in exchange must not be less than the equivalent cancellation price.

6.3.5C

The prospectus may make provision for large deals to be carried out at a higher sale price or a lower redemption price than those published, provided they do not exceed the relevant maximum and minimum parameters.

6.3.5D

**Profits from dealing as principal**

1. Where an authorised fund manager (AFM):
   - accepts instructions to sell and redeem units as principal; and
   - is able to execute a sale instruction by selling units it has redeemed at the same valuation point, without placing its own capital at risk,
   subject to (2), the AFM must not retain for its own account, or the account of any of its associates, the difference between the price at which a unit was redeemed (before deduction of any redemption charge) and the price at which the same unit was sold (after deduction of any preliminary charge). Any such difference must be allocated in a way that is fair to unitholders.

2. In calculating the profit arising under (1), the AFM may offset any loss it incurs at the same valuation point, calculated in accordance with (3) below, when dealing as principal in relation to:
(a) a unit issued at that valuation point to fulfil a sale instruction that cannot be matched against any redeemed unit or any other unit of that class held by the manager as principal; and

(b) a unit redeemed and cancelled at that valuation point.

(3) The amount of the loss referred to in (2) is:

(a) for units issued in accordance with (2)(a), the difference between the issue price of a unit and the sale price of that unit, less any preliminary charge;

(b) for units cancelled in accordance with (2)(b), the difference between the cancellation price of a unit and the redemption price of that unit, before any redemption charge is applied.

(4) Where any loss arising under (2) is greater than any profit arising under (1), that loss cannot be offset against any profit arising at a subsequent valuation point.

(5) This rule applies to the redemption and sale of units of different classes at the same valuation point, if those classes are treated as one for the purpose of COLL 6.2.6AR.

1 The authorised fund manager may commit its own capital to hold units for the purpose of dealing as principal and may seek to profit from gains in the value of the units it holds, when it issues or redeems units at one valuation point then sells or cancels them at a later valuation point. However, it should not profit from situations in which it is not exposed to an equal risk of loss if the units fall in value, or from the ability to match simultaneous sales and redemptions at different prices at no risk to its own capital.

(2) The AFM may allocate any amount arising under COLL 6.3.5DR(1) in the interests of investors by paying it into scheme property for the benefit of all unitholders. Alternatively, the AFM may redistribute it individually among the transacting investors.

(3) Where the AFM intends to allocate a payment to scheme property, it should determine if the amount (when added to any other amounts of the same kind relating to that class of units) would, if taken into account in the scheme’s valuation, affect the accuracy of the unit prices to four significant figures. If so, and subject to (4) below, the amount should be accrued in each subsequent valuation of the scheme until the payment is transferred. Such payments into scheme property should be made regularly and no less frequently than payments for the AFM’s management charge are transferred out of scheme property.

(4) The calculation to be performed under COLL 6.3.5DR should be carried out in relation to each valuation point of the scheme on a timely basis. Where it is not practical to do this before unit prices are calculated and published, the AFM should ensure that the accrual represents a reasonable estimate of the total payment it intends to make to scheme property.

In the case of a dual-priced authorised fund, any such payments should be added to the issue basis of the valuation, or subtracted from the cancellation basis of the valuation, as appropriate. </tr>
</tbody>
</table>
it should value an investment at a price which, in its opinion, reflects a fair and reasonable price for that investment (the fair value price);

(6) The circumstances which may give rise to a fair value price being used include:
(a) no recent trade in the security concerned; or
(b) the occurrence of a significant event since the most recent closure of the market where the price of the security is taken.
In (b), a significant event is one that means the most recent price of a security or a basket of securities is materially different to the price that it is reasonably believed would exist at the valuation point had the relevant market been open.

(7) In determining whether to use such a fair value price, the authorised fund manager should include in his consideration:
(a) the type of authorised fund concerned;
(b) the securities involved;
(c) the basis and reliability of the alternative price used; and
(d) the authorised fund manager’s policy on the valuation of scheme property as disclosed in the prospectus.

(7A) Where the authorised fund manager, the depositary or the standing independent valuer have reasonable grounds to believe that the most recent valuation of an immovable does not reflect the current value of that immovable, then, unless COLL 6.3.6G(1)(7B) applies, the authorised fund manager should consult and agree with the standing independent valuer a fair and reasonable value for the immovable.

(7B) Where the authorised fund manager decides that an immovable must be sold quickly to meet redemption requests as they fall due, it should consult and agree with the standing independent valuer a fair and reasonable price for the immovable to reflect a rapid sale, to extent that the prospectus states that it may do so.

(8) The authorised fund manager should document the basis of valuation (including any fair value pricing policy) and, where appropriate, the basis of any methodology and ensure that the procedures are applied consistently and fairly.

(9) Where a unit price is determined using properly applied fair value prices in accordance with policies in (8), subsequent information that indicates the price should have been different from that calculated will not normally give rise to an instance of incorrect pricing.

2 The pricing controls of the authorised fund manager

(1) An authorised fund manager needs to be able to demonstrate that it has effective controls over its calculations of unit prices.

(2) The controls referred to in (1) should ensure that:
(a) asset prices are accurate and up to date;
(b) investment transactions are accurately and promptly reflected in valuations;
(c) the components of the valuation (including stock, cash, and units in issue), are regularly reconciled to their source or prime records and any reconciling items
resolved promptly and debtors reviewed for recoverability;
(d) the sources of prices not obtained from the main pricing source are recorded and regularly reviewed;
(e) compliance with the investment and borrowing powers is regularly reviewed;
(f) dividends are accounted for as soon as securities are quoted ex-dividend (unless it is prudent to account for them on receipt);
(g) fixed interest dividends, interest and expenses are accrued at each valuation point;
(h) tax positions are regularly reviewed and adjusted, if necessary;
(i) reasonable tolerances are set for movements in the key elements of a valuation and movements outside these tolerances are investigated;
(j) the fund manager regularly reviews the portfolio valuation for accuracy; and
(k) the valuation of OTC derivatives is accurate and up to date and in compliance with the methods agreed with the depositary.

3. In exercising its pricing controls, the authorised fund manager may exercise reasonable discretion in determining the appropriate frequency of the operation of the controls and may choose a longer interval, if appropriate, given the level of activity on the authorised fund or the materiality of any effect on the price.

4. Evidence of the exercise of the pricing controls should be retained.

5. Evidence of persistent or repetitive errors in relation to these matters, and in particular any evidence of a pattern of errors working in an authorised fund manager’s favour, will make demonstrating effective controls more difficult.

6. Where the pricing function is delegated to a third party, COLL 6.6.15 R (1) (Committees and delegation) will apply.

3. The depositary’s review of the authorised fund manager’s systems and controls

1. This section provides details of the types of checks a depositary should carry out to be satisfied that the authorised fund manager adopts systems and controls which are appropriate to ensure that prices of units are calculated in accordance with this section and to ensure that the likelihood of incorrect prices will be minimised. These checks also apply where an authorised fund manager has delegated all or some of its pricing functions to one or more third parties.

2. A depositary should thoroughly review an authorised fund manager’s systems and controls to confirm that they are satisfactory. The depositary’s review should include an analysis of the controls in place to determine the extent to which reliance can be placed on them.

3. A review should be performed when the depositary is appointed and thereafter as it feels appropriate given its knowledge of the robustness and the stability of the systems and controls and their operation.
(4) A review should be carried out more frequently where a depositary knows or suspects that an authorised fund manager's systems and controls are weak or are otherwise unsatisfactory.

(5) Additionally, a depositary should from time to time review other aspects of the valuation of the scheme property of each authorised fund for which it is responsible, verifying, on a sample basis, if necessary, the assets, liabilities, accruals, units in issue, securities prices (and in particular the prices of OTC derivatives, unapproved securities and the basis for the valuation of unquoted securities) and any other relevant matters, for example an accumulation factor or a currency conversion factor.

(6) A depositary should ensure that any issues, which are identified in any such review, are properly followed up and resolved.

4 The recording and reporting of instances of incorrect pricing

(1) An authorised fund manager should record each instance where the price of a unit is incorrect as soon as the error is discovered, and report the fact to the depositary together with details of the action taken, or to be taken, to avoid repetition as soon as practicable.

(2) In accordance with COLL 6.6.11 G (Duty to inform the FCA), the depositary should report any breach of the rules in COLL 6.3 immediately to the FCA. However, notification should relate to instances which the depositary considers material only.

(3) A depositary should also report to the FCA immediately any instance of incorrect pricing where the error is 0.5% or more of the price of a unit, where a depositary believes that reimbursement or payment is inappropriate and should not be paid by an authorised fund manager.

(4) In accordance with SUP 16.6.8 R, a depositary should also make a return to the FCA on a quarterly basis which summarises the number of instances of incorrect pricing during a particular period.

5 The rectification of pricing breaches

(1) COLL 6.6.3R(3)(c) (Functions of the authorised fund manager) places a duty on the authorised fund manager to take action to reimburse affected unitholders, former unitholders, and the scheme itself, for instances of incorrect pricing, except if it appears to the depositary that the breach is of minimal significance.

(2) A depositary may consider that the instance of incorrect pricing is of minimal significance if:
   (a) the authorised fund manager and depositary meet the standards of control set out in Section 2 and Section 3 of this Table; and
   (b) the error in pricing of a unit is less than 0.5% of the correct price.

(3) In determining (2), if the instance of incorrect pricing is due to one or more factors or exists over a period of time, each price should be considered separately.
(4) If a depositary deems it appropriate, it may, in spite of the circumstances outlined in (2), require a payment from the authorised fund manager or from the authorised fund to the unitholders, former unitholders, the authorised fund or the authorised fund manager (where appropriate).

(5) The depositary should satisfy itself that any payments required following an instance of incorrect pricing are accurately and promptly calculated and paid.

(6) If a depositary considers that reimbursement or payment is inappropriate, it should report the matter to the FCA, together with its recommendation and justification. The depositary should take into account the need to avoid prejudice to the rights of unitholders, or the rights of unitholders in a class of units.

(7) It may not be practicable, or in some cases legally permissible, for the authorised fund manager to obtain reimbursement from unitholders, where the unitholders have benefited from the incorrect price.

(8) In all cases where reimbursement or payment is required, amounts due to be reimbursed to unitholders for individual sums which are reasonably considered by the authorised fund manager and depositary to be immaterial, need not normally be paid.

6.3.7 [deleted]

Dilution

6.3.8 (1) Subject to (1A), when arranging to sell, redeem, issue or cancel units, or when units are issued or cancelled under COLL 6.2.7 R(1) (Issues and cancellations through an authorised fund manager), an authorised fund manager is permitted to:

(a) require the payment of a dilution levy; or

(b) make a dilution adjustment; or

(c) neither require a dilution levy nor make a dilution adjustment;

in accordance with its statements in the prospectus required by COLL 4.2.5R (18) (Table: contents of the prospectus).

(1A) When arranging to sell, redeem, issue or cancel units, or when units are issued or cancelled under COLL 6.2.7R(1) (Issues and cancellations through an authorised fund manager), an authorised fund manager of a regulated money market fund may only require payment of a dilution levy or make a dilution adjustment to the extent it is permissible under the Money Market Funds Regulation.

(2) An authorised fund manager operating either a dilution levy or a dilution adjustment, must operate that measure in a fair manner to reduce dilution and solely for that purpose.

(3) A dilution levy becomes due at the same time as payment or transfer of property becomes due for the issue, sale, redemption or cancellation and any such payment in respect of a dilution levy must
be paid to the depositary to become part of scheme property as soon as practicable after receipt.

(4) A dilution adjustment may be made as part of the calculation of the unit price for the purpose of reducing dilution in the scheme or to recover any amount which it had already paid or reasonably expects to pay in the future in relation to the issue or cancellation of units.

(5) Where the authorised fund manager decides to make or not to make a dilution adjustment, it must not do so for the purpose of creating a profit or avoiding a loss for the account of an affected person.

(6) As soon as practicable after a valuation point, the authorised fund manager must provide the depositary with the amount or rate of any dilution adjustment made to the price or any dilution levy applied.

**Forward pricing**

(5) [deleted]

(6) [deleted]

(7) Deals for the sale and redemption of units in a regulated money market fund need not be at a forward price where the circumstances in article 34(2) of the Money Market Funds Regulation apply.

**Publication of prices**

6.3.10 G [deleted]

6.3.11 R Where the authorised fund manager is prepared to deal in units, or is willing to issue or cancel units, under COLL 6.2.7, it must make the dealing prices public in an appropriate manner.

**Manner of price publication**

6.3.12 G (1) In determining the appropriate manner of making prices public, the authorised fund manager should ensure that:

(a) a unitholder or potential unitholder can obtain the prices at a reasonable cost;

(b) prices are available at reasonable times;

(c) publication is consistent with the manner and frequency at which the units are dealt in;

(d) the manner of publication is disclosed in the prospectus; and
(e) prices are published in a consistent manner.

(2) Examples of what might be deemed appropriate include:
   (a) publication in a national newspaper;
   (b) supply through an advertised local rate or freephone telephone number;
   (c) publication on the internet;
   (d) inclusion in a database of prices which is publicly available; or
   (e) communication to all existing unitholders.

(3) The authorised fund manager should make previous prices available to any unitholder or potential unitholder.

**Maintaining the value of a qualifying money market fund**

6.3.13 The authorised fund manager of a qualifying money market fund valuing scheme property on an amortised cost basis must:

(1) carry out a valuation of the scheme property on a mark to market basis at least once every week and at the same valuation point used to value the scheme property on an amortised cost basis; and

(2) ensure that the value of the scheme property when valued on a mark to market basis does not differ by more than 0.5% from the value of the scheme property when valued on an amortised cost basis.

6.3.14 The authorised fund manager should advise the depositary when the mark to market value of a qualifying money market fund valuing scheme property on an amortised cost basis varies from its amortised cost value by 0.1%, 0.2% and 0.3% respectively. The authorised fund manager of a qualifying money market fund should agree procedures with the depositary designed to stabilise the value of the scheme in these events.
6.4 Title and registers

Application

6.4.1 (1) This section applies to an authorised fund manager and a depositary of an AUT or ACS.

(2) COLL 6.4.9 (Plan registers) also applies to the ACD, any other director and the depositary of an ICVC.

Purpose

6.4.2 The aim of this section is to protect consumers, by setting out the requirements for a register of unitholders for an AUT or ACS and for a plan register for an authorised fund, so a proper record of ownership of units is maintained, whether held directly or indirectly through a group plan.

Explanation of this section

6.4.3 (1) (a) This section deals with matters relating to the register of unitholders of units in an AUT or ACS including its establishment and contents.

(b) The authorised fund manager or depositary may be responsible for the register.

(c) In any event, the person responsible for the register must be stated in the trust deed or contractual scheme deed and this section details what his duties are.

(d) The provisions relating to documents evidencing title to units are dependent on the provisions in the trust deed or contractual scheme deed and their operation should be set out in the prospectus.

(2) For an ICVC, requirements as to the register of holders and transfer of units are contained in Schedule 3 of the OEIC Regulations (Register of shareholders).

(3) COLL 6.4.9 makes provision to ensure that if the cost of the plan register is borne by the scheme, plan investors have the same rights in respect of notice and disclosure as unitholders on the main register.
Register: general requirements and contents

(1) Either:
   
   (a) the manager or the trustee (as nominated in the trust deed); or
   
   (b) the authorised contractual scheme manager or the depositary of the ACS (as nominated in the contractual scheme deed);

   must establish and maintain a register of unitholders as a document in accordance with this section.

(2) The manager or trustee or the authorised fund manager or depositary in accordance with their duties under (1) must exercise all due diligence and take all reasonable steps to ensure the information contained on the register is at all times complete and up to date.

(3) The register must contain:
   
   (a) the name and address of each unitholder (for joint unitholders, no more than four need to be registered);
   
   (b) the number of units of each class held by each unitholder;
   
   (c) the date on which the unitholder was registered for units standing in his name; and
   
   (d) the number of units of each class currently in issue.

(4) No notice of any trust, express, implied or constructive which may be entered in the register is binding on the manager or trustee or the authorised fund manager or depositary, but this does not affect their obligations under ■ COLL 6.4.9 R (1) (Plan registers).

(5) The register is conclusive evidence of the persons entitled to the units entered in it.

(6) The person responsible for the register in (1) must:
   
   (a) take reasonable steps to alter the register on receiving written notice of a change of name or address of any unitholder;
   
   (b) in relation to a change of name in (a) where a certificate has been issued, either endorse the existing certificate or issue a new one;
   
   (c) make the register available for inspection free of charge in the United Kingdom by or on behalf of any unitholder (including the manager or authorised fund manager), during office hours;
   
   (d) supply free of charge to any unitholder or his authorised representative a copy of the entries on the register relating to that unitholder on request;
   
   (e) where a unitholder defaults on paying for the issue or sale of units, make an alteration or deletion in the register to compensate for the default after which the manager or authorised fund manager becomes entitled to those units (until those units are either cancelled or re-sold and paid for); and
   
   (f) carry out any conversion of units allowed for by ■ COLL 6.4.8 R (Conversion of units) after consultation with the manager or trustee or the authorised fund manager or depositary, as appropriate.
6.4.5 The authorised fund manager as unitholder

(1) Subject to (3), if no person is entered in the register as the unitholder of a unit, the authorised fund manager must be treated as the unitholder of each such unit which is in issue.

(2) Where units are transferred to the authorised fund manager, they need not be cancelled and the authorised fund manager need not be entered on the register as the new unitholder.

(3) In the case of a limited partnership scheme, unregistered units may be held by the authorised contractual scheme manager as the agent for the scheme provided the authorised contractual scheme manager is not entered in the register as the new unitholder.

6.4.6 Transfer of units by act of parties: AUTs and ACSs

(1) Every unitholder of an AUT is entitled to transfer units held on the register by an instrument of transfer in any form that the person responsible for the register may approve, but that person is under no duty to accept a transfer unless it is permitted by the trust deed or prospectus.

(1A) Provided:

(a) the requirements in COLL 6.4.6A R (Transfer of units in an ACS) are satisfied; and

(b) transfers of units are allowed by the contractual scheme deed and prospectus in accordance with the conditions specified by FCA rules;

every unitholder of an ACS is entitled to transfer units held on the register by an instrument of transfer in any form that the person responsible for the register may approve, but that person is under no duty to accept a transfer unless it is permitted by the contractual scheme deed and prospectus.

(2) Every instrument of transfer of units of an AUT or ACS must be signed by, or on behalf of, the unitholder transferring the units (or, for a body corporate, sealed by that body corporate or signed by one of its officers (or in Scotland, two of its officers)) authorised to sign it and, unless the transferee is the authorised fund manager, the transferor must be treated as the unitholder until the name of the transferee has been entered in the register.

(3) In the case of an AUT or ACS, every instrument of transfer (stamped as necessary) must be left for registration, with the person responsible for the register, accompanied by:

(a) any necessary documents that may be required by legislation; and

(b) any other evidence reasonably required by the person responsible for the register.

(4) In the case of an AUT or ACS, the details of instruments of transfer must be kept for a period of six years from the date of its registration.
(5) In the case of an AUT or ACS, on registration of an instrument of transfer, a record of the transferor and the transferee and the date of transfer must be made on the register.

Transfer of units in an ACS

(1) Where transfer of units in an ACS is allowed by its contractual scheme deed and prospectus in accordance with the conditions specified by FCA rules, the authorised contractual scheme manager of the ACS must take reasonable care to ensure that units are only transferred if the conditions specified by the FCA under (2) are met.

(2) The FCA specifies that for the purposes of (1), and for the purposes of COLL 3.2.6 R(27G) (ACSs: UCITS and NURS transfer of units) and COLL 4.2.5 R(5B) (ACSs: UCITS and NURS transfer of units), units in an ACS may only be transferred to a person that is a:
   (a) professional ACS investor; or
   (b) large ACS investor; or
   (c) person who already holds units in the scheme.

The FCA recognises that some transfers of units arise by operation of law (such as upon death or bankruptcy of the unitholder, or otherwise) and are accordingly outside the control of the authorised contractual scheme manager. The authorised contractual scheme manager is expected to comply with its responsibilities under COLL 6.6.3B R (Redemption of ACS units by an authorised contractual scheme manager) in such cases by redeeming such units.

Certificates

(1) Following the sale of units or as a result of COLL 6.4.6 R (Transfer of units by act of parties: AUTs and ACSs) a document recording title to those units may be issued in such a form as the trust deed or contractual scheme deed permits.

(2) The person responsible for the register must issue any document in (1) or provide relevant information in a timely manner where the procedures for redeeming units require the unitholder to surrender that document.

(3) [deleted]

(4) Bearer certificates may not be issued for AUTs or ACSs.

Conversion of units

Where there is more than one class of units offered for issue or sale, the unitholder has a right to convert from one to the other, provided that doing so would not contravene any provision in the prospectus.
Plan registers

6.4.9

(1) The ACD and any other directors of an ICVC or the person responsible for the register of an AUT or an ACS may arrange for a plan register to be established and maintained.

(2) Where payments are made out of scheme property to establish and maintain a plan register, plan investors must be treated as unitholders for the purposes of COLL 4.3 to COLL 4.5 and COLL 6.4.4 R (Register: general requirements and contents).

6.5.2A G
 COLL 6.6A and COLL 6.6B set out additional FCA rules and guidance applicable to the authorised fund manager and depositary of a UCITS scheme in relation to the appointment and duties of the depositary.

Appointment of an ACD

6.5.3 R
(1) The directors (or director) of an ICVC must take all practicable steps to ensure the ICVC has at all times as its ACD a person who is qualified to act as ACD.
(2) If the ICVC ceases to have any director, the depositary must exercise its powers, under the OEIC Regulations, to appoint a person to be an ACD of the ICVC.

(3) For an ICVC that holds annual general meetings under the OEIC Regulations, the appointment of an ACD (other than the first ACD), under (1) or (2), must terminate at the close of the next annual general meeting following the date of the appointment or (if later) upon the expiration of 12 months from the date the appointment takes effect, unless the appointment has been approved by a resolution of the unitholders before the close of that annual general meeting or expiration of that 12 month period (as the case may be).

(4) An ACD must not voluntarily terminate its appointment as ACD unless the termination is effective at the same time as the commencement of the appointment of a successor ACD.

(5) (a) In the event of:
   (i) any person becoming or ceasing to be a director;
   (ii) the appointment of an ACD being terminated;
   (iii) a new ACD being appointed; or
   (iv) a corporate director (including the ACD) becoming aware of any change of its controller;

   the FCA must immediately be notified in accordance with (b).

(b) In the case of:
   (i) (a)(i), by the ACD;
   (ii) (a)(ii), by the ACD whose appointment is being terminated;
   (iii) (a)(iii), by the new ACD; and
   (iv) (a)(iv), by the corporate director concerned.

### Termination of appointment of an ACD

6.5.4

(1) The appointment of an ACD terminates immediately upon it ceasing to be a director.

(2) The appointment of an ACD terminates if a notice of termination of that appointment, the terms of which have been approved by a resolution of the board of directors of the ICVC, is given to the ACD.

(3) If there is no director other than the ACD, the appointment of the ACD terminates if a notice of termination of that appointment is given by the depositary to the ACD and to the ICVC, following any of the following events:

   (a) the calling of a meeting to consider a resolution for winding up the ACD;
   (b) an application being made to dissolve the ACD or to strike it off the Register of Companies;
   (c) the presentation of a petition for the winding up of the ACD;
   (d) the making of, or any proposals for the making of, a composition or arrangement with any one or more of the ACD’s creditors;
6.5.5 R

(1) Any directors of an ICVC other than the ACD must exercise reasonable care to ensure that the ACD undertakes the responsibilities allocated under COLL 6.6.3 R (1) (Functions of the authorised fund manager) in a competent manner and the ACD must give those directors the information and explanations they consider necessary for this purpose.

(2) A director of an ICVC must not appoint an alternate director.

(3) When there is no person acting as ACD, the directors of an ICVC have the functions of an ACD under COLL 6.6.3 R (1), but this does not affect the powers of the directors under COLL 6.6.15 R (Committees and delegation).

(4) When (3) applies, the directors must retain the services of one or more authorised persons to assist them in performing the functions referred to in COLL 6.6.3 R (1) and COLL 6.6.3 R (2).

ICVC without a director

6.5.6 R

If the ICVC ceases to have any directors, the depositary may:

(a) subject to (3), is released from all further obligations under the rules in this sourcebook and under the *trust deed* or *contractual scheme deed*; and

(3) Sub-paragraph (2)(a) does not affect the rights of the *depositary* or any other person in respect of any act or omission on the part of the retiring *authorised fund manager* before his retirement.

**Consequences of removal or retirement of an authorised fund manager of an AUT or ACS**

6.5.9

(1) Upon the removal or retirement of the *authorised fund manager*, the removed or retiring *authorised fund manager* of an AUT or ACS:

6.6.3A R

(1) The authorised contractual scheme manager of an authorised contractual scheme which is a UCITS scheme or a non-UCITS retail scheme must take reasonable care to ensure that ownership of units in the scheme is only recorded in the register for a:

(a) professional ACS investor; or

(1) regularly make its own assessment of the liquidity profile of the FIIA and the liquidity risks presented by the scheme property of a FIIA;

(2) take reasonable care to oversee the *authorised fund manager*'s liquidity management systems and procedures on an ongoing basis, using the assessment it has made under (1), to ensure the FIIA is managed in accordance with the following COLL rules and, in the case of a FIIA managed by a full-scope UK AIFM, the following FUND rules and provisions in the AIFMD level 2 regulation:

   (a) COLL 4.2.5R(3)(pa);

Subject to certain specified exceptions, the depositary of a FIIA managed by a full-scope UK AIFM is generally prohibited from delegating its functions (see in particular, §FUND 3.11.26R (Delegation: general prohibition) and §FUND 3.11.28R (Delegation: safekeeping)).

Duties of the authorised fund manager and the depositary under the general law

(1) The duties and powers of the authorised fund manager, the directors of an ICVC and the depositary under the rules in this sourcebook and under the instrument constituting the fund are in addition to the powers and duties under the general law.

(2) Paragraph (1) applies only in so far as the relevant general law is not qualified by the rules in this sourcebook, the instrument constituting the fund, the OEIC Regulations, or the Money Market Funds Regulation.

Duties of the ACD of an ICVC or the authorised contractual scheme manager of a co-ownership scheme: umbrella schemes

Where reasonable grounds exist for an ACD of an ICVC or an authorised contractual scheme manager of a co-ownership scheme which is an umbrella to consider that a foreign law contract entered into by the ICVC or authorised contractual scheme manager on behalf of the co-ownership scheme may have become inconsistent with the principle of limited recourse stated in the instrument constituting the fund of the ICVC or co-ownership scheme (see §COLL 3.2.6 R (22A) (ICVCs: Umbrella schemes - principle of limited recourse) and §COLL 3.2.6 R(22B) (Co-ownership schemes: Umbrella schemes - principle of limited recourse)) the ACD or authorised contractual scheme manager of the co-ownership scheme must:

(1) promptly investigate whether there is an inconsistency; and

(2) if the inconsistency still appears to exist, take appropriate steps to remedy that inconsistency.
In deciding what steps are appropriate to remedy the inconsistency, the ACD of an ICVC or the authorised contractual scheme manager of a co-ownership scheme should have regard to the best interests of the unitholders. Appropriate steps to remedy the inconsistency may include:

1. where possible, renegotiating the foreign law contract in a way that remedies the inconsistency; or
2. causing the ICVC or the authorised contractual scheme manager on behalf of the co-ownership scheme to exit the foreign law contract.

Maintenance of records

1. The authorised fund manager must make and retain for six years such records as enable:
   (a) the scheme and the authorised fund manager to comply with the rules in this sourcebook and the OEIC Regulations; and
   (b) it to demonstrate at any time that such compliance has been achieved.

2. The authorised fund manager must make and retain for six years a daily record of the units in the scheme held, acquired or disposed of by the authorised fund manager, including the classes of such units, and of the balance of any acquisitions and disposals.

3. Where relevant, an authorised fund manager must make and retain for a period of six years a daily record of:
   (a) how it calculates and estimates dilution; and
   (b) its policy and method for determining the amount of any dilution levy or dilution adjustment.

4. The authorised fund manager must on the request of the depositary immediately supply it with such information concerning the management and administration of the authorised fund as the depositary may reasonably require.

This section applies to:

1. an authorised fund manager of a UCITS scheme, a depositary, an ICVC and any other director of an ICVC which is a UCITS scheme; and
2. subject to (2), a UK UCITS management company providing collective portfolio management services for an EEA UCITS scheme under the freedom to provide cross border services.

This section does not apply to an EEA UCITS management company providing collective portfolio management services for a UCITS scheme under the freedom to provide cross border services.
Maintenance of capital: notification

6.6.7 R The ACD must immediately notify the FCA in writing if the ICVC’s capital falls below the minimum or exceeds the maximum stated in the instrument of incorporation.

Auditor: AUTs or ACSs

6.6.8 R

(1) The authorised fund manager of an AUT or ACS must, upon any vacancy for the position of auditor for an AUT or ACS, with the approval of the depositary, appoint as auditor for the AUT or ACS a person qualified for appointment as auditor of an authorised person.

(2) The audit fees of the auditor are determined by the authorised fund manager with the approval of the depositary.

(3) The authorised fund manager of an AUT or ACS may, with the approval of the depositary, at any time, remove the auditor of an AUT or ACS; this power exists notwithstanding anything in any agreement between the persons concerned.

Returns: AUTs

6.6.9 R The manager of an AUT must prepare and supply to the trustee the returns required to be submitted by the trustee to HM Revenue and Customs.

Dealings in scheme property

6.6.10 R

(1) The authorised fund manager may give instructions to deal in the property of the scheme.

(2) The authorised fund manager must obtain the consent of the depositary for the acquisition or disposal of immovable property.

(3) Where the depositary is of the opinion that a deal in property is not within the rules in this sourcebook and the instrument constituting the fund, the depositary may require the authorised fund manager to cancel the transaction or make a corresponding disposal or acquisition to secure restoration of the previous situation and to meet any resulting loss or expense.

(4) Where the depositary is of the opinion that:

(a) an acquisition of property necessarily involves documents evidencing title being kept in the custody of a person other than the depositary; and

(b) the depositary cannot reasonably be expected to accept the responsibility which would otherwise be placed upon it if it were to permit custody by that other person;

the authorised fund manager must, if the depositary so requests, either cancel the transaction or make a corresponding disposal.

Duty to inform the FCA

6.6.11 G ■ SUP 15.3 (General notification requirements) contains rules and guidance on matters that should be notified to the FCA. Such matters include, but are not
limited to, any circumstance that the depositary becomes aware of whilst undertaking its functions or duties in COLL 6.6.4 R (1) (General duties of the depositary) and (where applicable) COLL 6.6.4BR (Specific duties of a depositary: oversight of the liquidity management of a FIIA), that the FCA would reasonably view as significant.

Control by the depositary over the scheme property

6.6.12 (1) The depositary of an authorised fund is responsible for the safekeeping of all of the scheme property (other than tangible movable property) entrusted to it and must:

(a) take all steps and complete all documents needed to ensure completion of transactions properly entered into for the account of the scheme;

(b) ensure that scheme property in registered form is, as soon as practicable, registered in the name of the depositary, its nominee, or (in the case of a non-UCITS retail scheme managed by a small authorised UK AIFM) a person retained by it under COLL 6.6.15R(4) (Committees and delegation);

(c) take into its custody or under its control documents of title to the scheme property other than for transactions in derivatives or forward transactions; and

(d) ensure that any transaction in derivatives or a forward transaction is entered into so as to ensure that any resulting benefit is received by the depositary.

(2) The depositary is responsible for the collection of income due to be paid for the account of the authorised fund.

(3) The depositary must keep for six years such records as are necessary:

(a) to enable it to comply with the rules in this sourcebook; and

(b) to demonstrate that it has achieved such compliance.

(4) Where the authorised fund is a UCITS scheme, this rule applies to the scheme’s depositary to the extent the provisions are consistent with the requirements of the UCITS level 2 regulation.

(5) Where the authorised fund is a non-UCITS retail scheme managed by a full-scope UK AIFM, this rule applies to the scheme’s depositary to the extent the provisions are consistent with the requirements of the AIFMD level 2 regulation.

[Note: Articles 12 to 14 of the UCITS level 2 regulation and articles 88 to 90 of the AIFMD level 2 regulation make provision relating to custody and safekeeping of scheme property. The AIFMD level 2 regulation does not apply to the depositary of a non-UCITS retail scheme managed by a small authorised UK AIFM.]

Exercise of rights in respect of the scheme property

6.6.13 (1) The depositary must take all necessary steps to ensure that instructions given to it by the authorised fund manager for the exercise of rights attaching to the ownership of scheme property are carried out.
(2) Where the scheme property of an authorised fund contains units in any other scheme managed or otherwise operated by the authorised fund manager of the AUT or ACS or, as the case may be, by any director of the ICVC or by any associate of either, the depositary must exercise any voting rights associated with those units in accordance with what he reasonably believes to be the interests of the unitholders in the authorised fund.

### Duties of the depositary and the authorised fund manager: investment and borrowing powers

6.6.14

(1) The authorised fund manager must avoid the scheme property being used or invested contrary to COLL 5, or any provision in the instrument constituting the fund or the prospectus as referred to in COLL 5.2.4 R (Investment powers: general), COLL 5.6.4 R (Investment powers: general) and, where the scheme is a regulated money market fund, the Money Market Funds Regulation, except to the extent permitted by (3)(b).

(2) The authorised fund manager must, immediately upon becoming aware of any breach of a provision listed in (1), take action, at its own expense, to rectify that breach, unless the breach occurred as the result of any of the circumstances within (3).

(3) The authorised fund manager must restore compliance with COLL 5 as soon as reasonably practicable having regard to the interests of the unitholders and, in any event, within the period specified in (5) or, when applicable, (6) where:

(a) the scheme property is:
   (i) used or invested contrary to COLL 5 (other than a provision excusing a failure to comply on a temporary basis); and
   (ii) the contravention is beyond the control of both the authorised fund manager and the depositary; or

(b) there is a transaction (“subsequent transaction”) deriving from a right (such as the right to convert stock or subscribe to a rights issue) attributable to an investment (‘original investment’) of the scheme if:
   (i) the subsequent transaction, but for this rule would constitute a breach of COLL 5; and
   (ii) at the time of the acquisition of the original investment, it was reasonable for the authorised fund manager, to expect that a breach would not be caused by the subsequent transaction; and
   in this rule the reference to the exercise of a right includes the taking effect of a right without any action by or on behalf of the depositary or the authorised fund manager.

(4) Immediately upon the depositary becoming aware of any breach of any provision listed in (1), it must ensure that the authorised fund manager complies with (2).

(5) The maximum period for restoration of compliance under (3) starts at the date of discovery of the relevant circumstance and lasts, subject to any extension under (6):
(a) for six months; or
(b) where the transaction in question was a transaction in derivatives or a forward transaction under COLL 5.2.20 R (Permitted transactions (derivatives and forwards)) or COLL 5.6.13R (Permitted transactions (derivatives and forwards)), until the close of business five business days later; or
(c) where the transaction relates to an immovable, for two years.

(6) The period specified at (5)(b) is extended where:
(a) the transaction involved a delivery of a commodity, from five to twenty business days;
(b) the reason for the contravention in (3)(a) is the inability of the authorised fund manager to close out a transaction because of a limit in the number or value of transactions imposed by an eligible derivatives market, until five business days after:
   (i) the inability resulting from any such limit is removed; or
   (ii) it becomes, to the knowledge of the authorised fund manager, reasonably practicable and reasonably prudent for the transaction to be closed out in some other way.

Committees and delegation

(1) The directors of an ICVC may delegate to any one or more of their number any of the directors’ powers or duties but remain responsible for the acts or omissions of any such directors.

(1A) The directors of an ICVC have the power to retain the services of anyone to assist in the performance of their functions, subject to the duty of the ACD to comply with COLL 6.6.15A R.

(2) [deleted]

(3) [deleted]

(4) The depositary of a non-UCITS retail scheme managed by a small authorised UK AIFM may delegate any function to any person save:
(a) the ICVC or any director of the ICVC or the authorised fund manager of a scheme, to assist the depositary to perform:
   (i) any function of oversight in respect of the scheme, its directors or the authorised fund manager as the case may be; or
   (ii) any function of custody or control of the scheme property;
(b) an associate of the ICVC or of any of the directors of the ICVC or of the authorised fund manager of the scheme (as the case may be) to assist the depositary to perform any function in (a)(i); or
(c) a nominee company or anyone else to assist it to perform the function of being a custodian of documents evidencing title to scheme property of the scheme unless the arrangements with the custodian prohibit the custodian from releasing the documents into the possession of a third party without the consent of the depositary.
(5) Where a depositary retains services under (4):

(a) if it retains the services of a director of the ICVC, or an associate of such a director or its own associate, or the authorised fund manager of a scheme or that authorised fund manager's associate, then its liability for those services shall remain unaffected; and

(b) in any other case, it will not be held responsible by virtue of the rules in COLL for any act or omission of the person so retained if it can show that:

(i) it was reasonable for it to obtain assistance to perform the function in question;

(ii) the person retained was and remained competent to provide assistance in the performance of the function in question; and

(iii) it had taken reasonable care to ensure that the assistance in question was provided by the person retained in a competent manner.

(6) Where COLL 6.5.5 R (4) (Other directors) applies, the directors have, in respect of the functions of the ACD under COLL 6.6.3 R (Functions of the authorised fund manager), the same rights and responsibilities as for an ACD under this rule and COLL 6.6.15A R.

6.6.15A

(1) This rule applies to:

(a) an authorised fund manager (other than an EEA UCITS management company) of an AUT, ACS or an ICVC where such AUT, ACS or ICVC is a UCITS scheme;

(aa) a small authorised UK AIFM that is the authorised fund manager of an AUT, ACS or an ICVC that is a non-UCITS retail scheme; and

(b) a UK UCITS management company providing collective portfolio management services for an EEA UCITS scheme from a branch in another EEA State or under the freedom to provide cross border services.

(2) The authorised fund manager has the power to retain the services of any person to assist it in the performance of its functions, provided that:

(a) a mandate in relation to managing investments of the scheme is not given to:

(i) the depositary; or

(ii) any other person whose interests may conflict with those of the authorised fund manager or unitholders; or

(iii) an authorised person operating from an establishment in the United Kingdom unless such person has a Part 4A permission to manage investments; or

(iv) any other person operating from an establishment in a country other than the United Kingdom unless such person:

(A) is authorised or registered in such country for the purpose of asset management; and
(B) is subject to prudential supervision in such country;

and in addition if that person is not an EEA firm, co-
operation is ensured between the FCA and the overseas
regulator of that person;

(b) the authorised fund manager ensures that at all times it can
monitor effectively the relevant activities of any person so
retained;

(c) the mandate permits the authorised fund manager to:

(i) give further instructions to the person so retained; and

(ii) withdraw the mandate with immediate effect when this is in
the interests of the unitholders;

(d) the mandate does not prevent effective supervision of the
authorised fund manager and it must not prevent the authorised
fund manager from acting, or the scheme from being managed,
in the best interests of the unitholders; and

(e) having regard to the nature of the functions to be carried out
under the mandate, the person to whom the mandate is given
must be qualified and capable of undertaking those functions.

(3) Subject to the provisions of the OEIC Regulations and
section 6.6.15 R (1) and (1A), where services are retained under (2), the
responsibility which the authorised fund manager had in respect of
such services prior to that retention of services will remain
unaffected.

[Note: article 13 of the UCITS Directive]

Delegation: guidance

(1) Directors of an ICVC, authorised fund managers and depositaries
should also have regard to SYSC 8 (Outsourcing). SYSC 8.1.6 R states
that a firm remains fully responsible for discharging all of its
obligations under the regulatory system if it outsources crucial or
important operational functions or any relevant services and
activities.

(2) SUP 15.8.6 R (Delegation by UCITS management companies) requires
the authorised fund manager of a UCITS scheme to inform the FCA
before it delegates one of its duties to another person.

(3) For the purpose of section 6.6.15AR (2)(a)(iv), adequate co-operation will
be ensured where the FCA has entered into a co-operation
agreement of the kind referred to in article 102(3) of the UCITS
Directive with the relevant overseas regulator.

(4) section 6.6B sets out the FCA’s rules and guidance that apply to a
depository of a UCITS scheme seeking to delegate any of its functions.

Conflicts of interest

(1) The authorised fund manager, any other director of an ICVC and the
depository must take reasonable care to ensure that a transaction
within (a) to (f) is not carried out on behalf of the scheme:
(a) putting cash on deposit with an affected person unless that person is an eligible institution or an approved bank and the arm’s length requirement in (2) is satisfied;

(b) lending money by an affected person to, or for the account of, the scheme, unless the affected person is an eligible institution or an approved bank, and the arm’s length requirement in (2) is satisfied;

(c) the dealing in property by an affected person, to, or with, the scheme (or the depositary for the account of the scheme), unless (3) applies;

(d) the vesting of property (other than cash) by an affected person in the scheme or the depositary for the account of the scheme against the issue of units in the scheme, unless:
   (i) (3) applies; or
   (ii) the purpose of the vesting is that the whole or part of the property of a body corporate or a collective investment scheme becomes the first property of the scheme and the unitholders of shares or units in the body corporate or collective investment scheme become the first unitholders in the scheme;

(e) the acquisition of scheme property by an affected person from the scheme (or the depositary acting for the account of the scheme), unless COLL 6.2.15 R (In specie issue and cancellation) applies, or unless (3) applies; and

(f) transactions within COLL 5.4 (Stock lending) by an affected person with, or in relation to, the scheme unless the arm’s length requirement in (2) is satisfied.

(2) Any transaction in (1)(a),(b) or (f) must be at least as favourable to the scheme as any comparable arrangement on normal commercial terms negotiated at arm’s length between the affected person and an independent party.

(3) There is no breach of (1)(c), (d) or (e) if the transaction meets the requirements of (4) (best execution on-exchange), (5) (independent valuation) or (6) (arm’s length transaction).

(4) There is best execution on-exchange for the purposes of (3) if:
   (a) the property is an approved security or an approved derivative;
   (b) the transaction is effected under the rules of the relevant exchange with or through a person who is bound by those rules;
   (c) there is evidence in writing of the effecting of the transaction and of its terms; and
   (d) the authorised fund manager has taken all reasonable steps to ensure that the transaction is effected on the terms which are the best available for the scheme.

(5) There is independent valuation for the purposes of (3) if:
   (a) the value of the property is certified in writing for the purpose of the transaction by a person approved by the depositary as:
      (i) independent of any affected person; and
(ii) qualified to value property of the relevant kind; and
(b) the depositary is of the opinion that the terms of the transaction are not likely to result in any material prejudice to unitholders.

(6) There is an arm’s length transaction for the purposes of (3) if:
(a) paragraph (4)(a) is not satisfied;
(b) it is not reasonably practicable to obtain an independent valuation under (5); and
(c) the depositary has reliable evidence that the transaction is or will be on terms which satisfy the arm’s length requirement in (2).

Conflicts of interest: guidance

6.6.18

(1) [deleted]

(2) Regulation 44 of the OEIC Regulations (Invalidity of certain transactions involving directors) is relevant to the application of COLL 6.6.17 R.

Application of assessment of value and independent director rules

6.6.19

■ COLL 6.6.20R to ■ COLL 6.6.26G apply to:

(1) an authorised fund manager (other than an EEA UCITS management company or an EEA AIFM) of an AUT, ACS or ICVC; and

(2) a UK UCITS management company providing collective portfolio management services for an EEA UCITS scheme from a branch in another EEA State or under the freedom to provide cross border services.

Assessment of value

6.6.20

(1) An authorised fund manager must conduct an assessment at least annually for each scheme it manages of whether the payments out of scheme property set out in the prospectus are justified in the context of the overall value delivered to unitholders.

(2) In carrying out the assessment required by (1), the AFM must, separately for each class of units in a scheme, consider at least the matters set out in ■ COLL 6.6.21R (Table: minimum considerations – assessment of value).

Table: minimum considerations – assessment of value

6.6.21

This table belongs to ■ COLL 6.6.20R (Assessment of value).

Quality of service
(1) The range and quality of services provided to unitholders.

Performance
(2) The performance of the scheme, after deduction of all payments out of scheme property as set out in the prospectus (in this rule, COLL 6.6.23E and COLL 8.5.19E, “charges”). Performance should be considered over an appropriate timescale having regard to the scheme’s investment objectives, policy and strategy.

AFM costs - general
(3) In relation to each charge, the cost of providing the service to which the charge relates, and when money is paid directly to associates or external parties, the cost is the amount paid to that person.

Economies of scale
(4) Whether the AFM is able to achieve savings and benefits from economies of scale, relating to the direct and indirect costs of managing the scheme property and taking into account the value of the scheme property and whether it has grown or contracted in size as a result of the sale and redemption of units.

Comparable market rates
(5) In relation to each service, the market rate for any comparable service provided:

(a) by the AFM; or

(b) to the AFM or on its behalf, including by a person to which any aspect of the scheme’s management has been delegated.

Comparable services
(6) In relation to each separate charge, the AFM’s charges and those of its associates for comparable services provided to clients, including for institutional mandates of a comparable size and having similar investment objectives and policies;

Classes of units
(7) Whether it is appropriate for unitholders to hold units in classes subject to higher charges than those applying to other classes of the same scheme with substantially similar rights.

6.6.22 G When assessing the quality of service provided under COLL 6.6.21R(1):

(1) the AFM should have regard to the quality of service it provides and the quality of service provided by any person to which any aspect of the scheme’s management has been delegated or which provides services to the AFM or on its behalf; and

(2) the AFM’s assessment of quality of service is not confined to services provided directly to unitholders but may include services undertaken on their behalf by the AFM, such as consideration of the quality of the investment process used to make decisions about managing the scheme property.

6.6.23 E Failure by an AFM to take sufficient steps to address any instance where a scheme’s charges are not justified in the context of the overall value delivered to unitholders may be relied on as tending to establish contravention of COLL 6.6A.2R, COBS 2.1.1R or COBS 2.1.4R as applicable.

6.6.24 G (1) COLL 6.6A.2R applies to AFMs of UCITS schemes and in broad terms requires AFMs to act in the best interests of unitholders. In particular, COLL 6.6A.2R(1) requires AFMs to ensure unitholders are treated
fairly, COLL 6.6A.2R(5) requires AFMs to act in such a way as to prevent undue costs being charged to any scheme it manages and its unitholders and COLL 6.6A.2R(6)(b) requires an AFM to act solely in the interests of the scheme and its unitholders.

(2) COBS 2.1.1R is the clients best interests rule, COBS 2.1.4R(2) requires a full-scope UK AIFM to act in the best interests of the AIF it manages or the investors of the AIF it manages and the integrity of the market and COBS 2.1.4R(3) requires the AFM to treat all investors fairly.

### Independent directors

**6.6.25** (1) An authorised fund manager must ensure that at least one quarter of the members of its governing body are independent natural persons. If the AFM’s governing body comprises fewer than eight members, the AFM must instead ensure that at least two of its members are independent natural persons.

(2) The authorised fund manager, in appointing an independent member of its governing body, must determine whether such a member is independent in character and judgement and whether there are relationships or circumstances which are likely to affect, or could appear to affect, that member’s judgement.

(3) The authorised fund manager must take reasonable steps to ensure that independent members appointed to its governing body have sufficient expertise and experience to be able to make judgements on whether the AFM is managing each scheme in the best interests of unitholders.

(4) (a) Independent members of an AFM’s governing body must be appointed for terms of no longer than five years, with a cumulative maximum duration of ten years.

(b) If an independent member is appointed to more than one governing body within an AFM’s group, the cumulative maximum duration of ten years referred to in (a) is calculated by adding the durations of each separate appointment and discounting periods during which appointments overlapped to avoid double counting.

(c) In relation to a person who served as an independent director of an AFM’s governing body before 1 October 2019, the five year term(s) and cumulative maximum duration of ten years run from that date.

(5) Independent members are not eligible for reappointment to an AFM’s governing body until five years have elapsed from the end of the ten year period referred to in (4).

(6) The terms of employment on which independent members are appointed must be such as to secure their independence.

**6.6.26** (1) The role of the independent members should include providing input and challenge as part of the AFM’s assessment of value in accordance with COLL 6.6.20R. Independent members may be tasked with additional responsibilities, taking into consideration remuneration and conflict of interest rules.
(2) A member of an AFM’s governing body is unlikely to be considered independent if any of the following circumstances exist:

(a) the person is an employee of the AFM or of an affiliated company or paid by them for any role (other than as an independent member of the governing body of an affiliated company or of a body exercising an independent governance function within the AFM’s group) including participating in the AFM’s share option or performance-related pay scheme; or

(b) the person has been an employee of the AFM or of an affiliated company within the AFM’s group (other than having been an independent member of the governing body of an affiliated company or of a body exercising an independent governance function within the AFM’s group) or of any person to which collective portfolio management of the scheme has been delegated, within the five years preceding their appointment to the governing body; or

(c) the person has, or had within the three years preceding their appointment, a material business relationship of any description with the AFM or with an affiliated company or with any person to which collective portfolio management of the scheme has been delegated, either directly or indirectly; or

(d) the person has received any sort of remuneration from the AFM’s group (other than as an independent member of the governing body of an affiliated company of the AFM or of a body exercising an independent governance function within the AFM’s group) within the five years preceding their appointment; or

(e) the person has a close relative who is an officer or other senior employee of the AFM or a company within the AFM’s group.

(3) The expertise and experience required under COLL 6.6.25R(3) may have been gained through professional experience, public service, academia or otherwise, and does not need to relate to the financial services industry.

(4) The effect of COLL 6.6.25R(6) is that a person who serves on the governing body should be subject to appropriate contractual terms so that, when acting in the capacity of an independent member of the governing body, they are free to act in the interests of unitholders and should be able to do so without breaching their terms of employment.

(5) An AFM should fill any vacancies that arise within the required number of independent members on its governing body as soon as possible and, in any event, within six months.

(6) An AFM should consider indemnifying the independent members of its governing body against liabilities incurred while fulfilling their duties as such members.

Allocation of responsibility for compliance to an approved person

(1) An AFM must allocate responsibility for ensuring its compliance with COLL 6.6.20R, COLL 6.6.25R, and, as applicable, COLL 6.6A.2R or COBS 2.1.4R to an approved person.
(2) Where the chair of the AFM’s governing body is an approved person, the AFM must allocate the responsibility set out in (1) to that person.
6.6A Duties of AFMs in relation to UCITS schemes and EEA UCITS schemes

Application

6.6A.1

(1) This section applies to:

(a) an authorised fund manager of a UCITS scheme, a depositary, an ICVC and any other director of an ICVC which is a UCITS scheme; and

(b) subject to (2), a UK UCITS management company providing collective portfolio management services for an EEA UCITS scheme under the freedom to provide cross border services.

(2) COLL 6.6A.6 R (Strategies for the exercise of voting rights) also applies to a UK UCITS management company providing collective portfolio management services for an EEA UCITS scheme from a branch in another EEA State, as well as applying in accordance with (1).

(3) This section does not apply to an EEA UCITS management company providing collective portfolio management services for a UCITS scheme under the freedom to provide cross border services.

Duties of AFMs of UCITS schemes and EEA UCITS schemes to act in the best interests of the scheme and its unitholder

6.6A.2

An authorised fund manager of a UCITS scheme or a UK UCITS management company of an EEA UCITS scheme must:

(1) ensure that the unitholders of any such scheme it manages are treated fairly;

(2) refrain from placing the interests of any group of unitholders above the interests of any other group of unitholders;

(3) apply appropriate policies and procedures for preventing malpractices that might reasonably be expected to affect the stability and integrity of the market;

(4) (a) ensure that fair, correct and transparent pricing models and valuation systems are used for each scheme it manages, in order to comply with the duty to act in the best interests of the unitholders; and
(b) be able to demonstrate that the investment portfolio of each such scheme it manages is accurately valued;

(5) act in such a way as to prevent undue costs being charged to any such scheme it manages and its unitholders; and

(6) in carrying out its functions act:
   (a) honestly, fairly, professionally and independently; and
   (b) solely in the interests of the UCITS scheme and its unitholders.

[Note: article 22 of the UCITS Implementing Directive and article 25(2) first paragraph of the UCITS Directive]

(1) Examples of malpractices for the purposes of COLL 6.6A.2R (3) would include market timing and late trading, which may have detrimental effects on unitholders and may undermine the functioning of the market.

(2) Examples of undue costs for the purposes of COLL 6.6A.2R (5) would include unreasonable charges and excessive trading, taking into account the scheme’s investment objectives and policy.

[Note: recital (18) of the UCITS implementing Directive]

Due diligence requirements of AFMs of UCITS schemes and EEA UCITS schemes

An authorised fund manager of a UCITS scheme or a UK UCITS management company of an EEA UCITS scheme must:

(1) ensure a high level of diligence in the selection and ongoing monitoring of scheme property, in the best interests of the scheme and the integrity of the market;

(2) ensure it has adequate knowledge and understanding of the assets in which any scheme it manages is invested;

(3) establish written policies and procedures on due diligence and implement effective arrangements for ensuring that investment decisions on behalf of any UCITS scheme or EEA UCITS scheme it manages are carried out in compliance with the objectives and the investment strategy and risk limit system of the scheme;

(4) when implementing its risk management policy, and where it is appropriate after taking into account the nature of a proposed investment:
   (a) formulate forecasts and analyse the investment’s impact on the portfolio composition, liquidity and risk and reward profile of the scheme before carrying out the investment; and
   (b) carry out the analysis in (a) only on the basis of reliable and up-to-date information, both in quantitative and qualitative terms;

(5) exercise due skill, care and diligence when entering into, managing or terminating any arrangement with third parties in relation to the performance of risk management activities; and
(6) before entering into any arrangements of the type referred to in (5):
(a) take the necessary steps in order to verify that the third party has the ability and capacity to perform the risk management activities reliably, professionally and effectively; and
(b) establish methods for the on-going assessment of the standard of performance of the third party.

[Note: article 23 of the UCITS implementing Directive]

Compliance with the regulatory requirements applicable to the conduct of business activities of a UCITS management company

The authorised fund manager of a UCITS scheme or the UK UCITS management company of an EEA UCITS scheme must comply with all regulatory requirements applicable to the conduct of its business activities so as to promote the best interests of its investors and the integrity of the market.

[Note: article 14(1)(e) of the UCITS Directive]

Strategies for the exercise of voting rights

(1) An authorised fund manager of a UCITS scheme or a UK UCITS management company of an EEA UCITS scheme must develop adequate and effective strategies for determining when and how voting rights attached to ownership of scheme property, or the instruments held by an EEA UCITS scheme, are to be exercised, to the exclusive benefit of the scheme concerned.

(2) The strategy referred to in (1) must determine measures and procedures for:
(a) monitoring relevant corporate events;
(b) ensuring that the exercise of voting rights is in accordance with the investment objectives and policy of the relevant scheme; and
(c) preventing or managing any conflicts of interest arising from the exercise of voting rights.

(3) An authorised fund manager of a UCITS scheme or a UK UCITS management company of an EEA UCITS scheme must make available to unitholders:
(a) a summary description of the strategies referred to in (1); and
(b) free of charge and on their request, details of the actions taken on the basis of the strategies referred to in (1).

[Note: article 21 of the UCITS implementing Directive]

Appointment of a single depositary

An authorised fund manager of a UCITS scheme, or a UK UCITS management company of an EEA UCITS scheme, must (for each scheme it manages) ensure that:

(1) a single depositary is appointed; and
(2) The assets of the UCITS are entrusted to the depositary for safekeeping in accordance with:

(a) for a UCITS scheme, COLL 6.6B.18R and COLL 6.6B.19R; and

(b) for an EEA UCITS scheme, the national laws and regulations in the Home State of the EEA UCITS scheme that implement article 22(5) of the UCITS Directive.

[Note: article 22(1) and (5) of the UCITS Directive]

**Eligible depositaries for UCITS schemes**

**6.6A.8**

An authorised fund manager must ensure that the depositary it appoints under COLL 6.6A.7R is a firm established in the United Kingdom that has the Part 4A permission of acting as trustee or depositary of a UCITS and is one of the following:

(1) a national central bank; or

(2) a credit institution; or

(3) a firm which:

(a) has own funds of not less than the higher of:

(i) the requirement calculated in accordance with articles 315 or 317 of the EU CRR; or

(ii) £4million; and

(b) either:

(i) is a full-scope IFPRU investment firm; or

(ii) is an investment management firm to which IPRU(INV) 5 applies; and

(c) satisfies the non-bank depositary organisational requirements in COLL 6.6B.11R.

[Note: article 23(2)(a), (b) and (c) (first sentence) of the UCITS Directive]

**6.6A.9**

For a depositary to be established in the United Kingdom, it must have its registered office or branch in the United Kingdom.

**Eligible depositaries for EEA UCITS schemes**

**6.6A.10**

A UK UCITS management company must ensure the depositary it appoints for each EEA UCITS scheme it manages is established in the Home State of the EEA UCITS scheme and is eligible to be a depositary in that Home State.

[Note: article 23(2) of the UCITS Directive]

**Written contract**

**6.6A.11**

(1) An authorised fund manager of a UCITS scheme, or a UK UCITS management company of an EEA UCITS scheme, must ensure that the appointment of the depositary is evidenced by a written contract.
(2) The contract must regulate the flow of information deemed necessary to allow the depositary to perform its functions for the scheme.

[Note: article 22(2) of the UCITS Directive]

6.6A.12 The written contract referred to in COLL 6.6A.11R may cover more than one scheme.

6.6A.13 Article 2 of the UCITS level 2 regulation sets out the minimum information that must be included in the written contract between:

(1) (a) the authorised fund manager of a UCITS scheme; or
   (b) a UK UCITS management company of an EEA UCITS scheme; and

(2) the depositary.
6.6B UCITS depositaries

Application

6.6.1 R This section applies to the depositary of a UCITS scheme managed by an authorised fund manager.

General obligations

6.6.2 R A depositary in carrying out its functions must act:

1. honestly, fairly, professionally and independently; and

2. solely in the interests of the UCITS scheme and its unitholders.

[Note: article 25(2) first paragraph of the UCITS Directive]

Conflicts of interest: depositaries

6.6.3 R A depositary must not carry out activities with regard to the UCITS scheme, or the authorised fund manager, acting on behalf of the scheme, that may create conflicts of interest between the scheme, the unitholders in the scheme or the authorised fund manager and itself, unless:

1. the depositary has properly identified any such potential conflicts of interest;

2. the depositary has functionally and hierarchically separated the performance of its depositary tasks from its other potentially conflicting tasks; and

3. the potential conflicts of interest are properly managed, monitored and disclosed to the unitholders of the scheme.

[Note: article 25(2) second paragraph of the UCITS Directive]

Eligible depositaries for UCITS schemes

6.6.4 G A depositary of a UCITS scheme must be a firm established in the United Kingdom that has the Part 4A permission of acting as trustee or depositary of a UCITS.

6.6.5 G COLL 6.6A.8R sets out the categories of firms that may be appointed by an authorised fund manager as the depositary of a UCITS scheme.
For a depositary to be established in the United Kingdom, it must have its registered office or branch in the United Kingdom.

### Depositaries appointed under COLL 6.6A.8R(3) (non-bank depositaries): Capital requirements

A depositary appointed in accordance with COLL 6.6A.8R(3) needs to satisfy the capital requirements in either:

1. IPRU(INV) 5; or
2. IFPRU and the EU CRR.

A full-scope IFPRU investment firm which is appointed as a depositary of a UCITS scheme must maintain own funds of at least £4million.

If the depositary is a full-scope IFPRU investment firm, it is subject to the capital requirements of IFPRU and the EU CRR.

However, these requirements are not in addition to COLL 6.6B.8R and therefore that firm may use the own funds required under IFPRU and the EU CRR to meet the £4million requirement.

If the depositary appointed in accordance with COLL 6.6A.8R(3) is an incoming EEA firm that has a top-up permission for acting as trustee or depositary of a UCITS, it must comply with the applicable capital requirements set out in IPRU(INV) 5.

### Depositaries appointed under COLL 6.6A.8R(3) (non-bank depositaries): organisational requirements

A depositary appointed under COLL 6.6A.8R(3) must:

1. ensure that it has the infrastructure necessary to keep in custody UCITS custodial assets that can be registered in a financial instruments account opened in the depositary’s books;

2. establish adequate policies and procedures sufficient to ensure the compliance of the depositary, including its managers and employees, with its obligations under the regulatory system;

3. have:
   
   a. sound administrative and accounting procedures and internal control mechanisms;
   
   b. effective procedures for risk assessment; and
   
   c. effective control and safeguard arrangements for information processing systems;

4. maintain and operate effective organisational and administrative arrangements with a view to taking all reasonable steps designed to prevent conflicts of interest;
(5) arrange for records to be kept of all services, activities and transactions that it undertakes, which must be sufficient to enable the competent authority to monitor the firm’s compliance with the requirements under the regulatory system;

(6) take reasonable steps to ensure continuity and regularity in the performance of its depositary functions by employing appropriate and proportionate systems, resources and procedures to perform its depositary activities;

(7) ensure that all members of its management body and senior management at all times:
   (a) are of sufficiently good repute; and
   (b) possess sufficient knowledge, skills and experience;

(8) ensure that its management body possesses adequate collective knowledge, skills and experience to be able to understand the depositary’s activities, including the main risks; and

(9) require each member of its management body and senior management to act with honesty and integrity.

[Note: article 23(2)(c) (second sentence) of the UCITS Directive]

6.6B.12 A firm’s attention is also drawn to the organisational requirements in SYSC. The rules and guidance in SYSC apply to a depositary appointed under COLL 6.6A.8R(3), in accordance with the application provisions summarised in SYSC 1.1A (Application) and provided in detail in SYSC 1 Annex 1.

Written contract

6.6B.13 (1) A depositary must ensure that its appointment as depositary of a UCITS scheme is evidenced by a written contract.

(2) The contract must regulate the flow of information deemed necessary to allow the depositary to perform its functions for the scheme.

[Note: article 22(2) of the UCITS Directive]

6.6B.14 The written contract referred to in COLL 6.6B.13R may cover more than one UCITS scheme.

6.6B.15 Article 2 of the UCITS level 2 regulation sets out the minimum information that must be included in the written contract between the authorised fund manager and the depositary.

Depositary functions: oversight

6.6B.16 The depositary must, for each UCITS scheme for which it is appointed:

(1) ensure that the sale, issue, repurchase, redemption and cancellation of units of the scheme are carried out in accordance with:
(a) the applicable national law;
(b) the instrument constituting the fund;
(c) the prospectus; and
(d) COLL 6.2 (Dealing);

(2) ensure that the price of the units of the UCITS is calculated in accordance with:
(a) the applicable national law;
(b) the instrument constituting the fund;
(c) the prospectus; and
(d) COLL 6.3 (Valuation and pricing);

(3) carry out the instructions of the authorised fund manager, unless they conflict with:
(a) the applicable national law; or
(b) the instrument constituting the fund; or
(c) the prospectus; or
(d) COLL 5 (Investment and borrowing powers);

(4) ensure that, in transactions involving the assets of the UCITS scheme, any consideration is remitted to the scheme within the usual time limits; and

(5) ensure that the income of the UCITS scheme is applied in accordance with:
(a) the applicable national law;
(b) the instrument constituting the fund;
(c) the prospectus; and
(d) COLL 6.8 (Income: accounting, allocation and distribution).

[Note: article 22(3) of the UCITS Directive]

**Depository functions: cash monitoring**

The depositary must ensure that the cash flows of each UCITS scheme are properly monitored and that:

1. all payments made by, or on behalf of, investors upon the subscription of units of the scheme have been received;

2. all cash of the scheme has been booked in cash accounts which are:
   (a) opened in the name of:
       (i) the scheme; or
       (ii) the authorised fund manager, acting on behalf of the scheme; or
       (iii) the depositary acting on behalf of the scheme; and
   (b) at:
(i) a central bank; or
(ii) a CRD credit institution; or
(iii) a bank authorised in a third country; and
(c) maintained in accordance with the principles in article 2
(safeguarding of client financial instruments and funds) of the
MiFID Delegated Directive; and

(3) where cash accounts are opened in the name of the depositary acting
on behalf of the scheme in accordance with (2)(a)(iii), the depositary
must ensure that no cash of the entity referred to in (2)(b), and none
of the depositary’s own cash, is booked on such accounts.

[Note: article 22(4) of the UCITS Directive]

Depositary functions: safekeeping of financial instruments

6.6B.18

(1) The depositary of a UCITS scheme must hold in custody all UCITS
custodial assets of the scheme.

(2) The depositary must ensure that all UCITS custodial assets that can be
registered in a financial instruments account:

(a) are registered in the depositary’s books within segregated
accounts opened in the name of:

(i) the UCITS scheme; or

(ii) the authorised fund manager, acting on behalf of the
scheme; and

(b) can be clearly identified as belonging to the UCITS scheme at all
times in accordance with:

(i) the applicable law; and

(ii) the applicable provisions in CASS 6.

[Note: article 22(5)(a) of the UCITS Directive]

Depositary functions: safekeeping of other assets

6.6B.19

The depositary must, for UCITS scheme property other than UCITS custodial
assets:

(1) verify that the UCITS scheme or the authorised fund manager, acting
on behalf of the scheme, is the owner of the assets based:

(a) on information or documents provided by the authorised fund
manager; and

(b) where available, on external evidence; and

(2) maintain, and keep up to date, a record of those assets for which it is
satisfied that the UCITS scheme or the authorised fund manager,
acting on behalf of the scheme, is the owner.

[Note: article 22(5)(b) of the UCITS Directive]
6.6B.20 R

**Inventory of assets**

The depositary must provide a comprehensive inventory of all the assets comprising the scheme property of the UCITS scheme to the authorised fund manager on a regular basis.

[Note: article 22(6) of the UCITS Directive]

6.6B.21 R

**Re-use of assets**

(1) The depositary must not re-use UCITS custodial assets except:
   (a) where permitted under ■ COLL 5.4 (stock lending); and
   (b) when carrying out the instructions of the authorised fund manager on behalf of the scheme.

(2) Re-use of the UCITS custodial assets comprises any transaction in relevant scheme property including, but not limited to, transferring, pledging, selling and lending.

[Note: article 22(7) first paragraph of the UCITS Directive]

6.6B.22 R

**Limitation on delegation**

A depositary must not delegate its oversight function in ■ COLL 6.6B.16R or its cash monitoring function in ■ COLL 6.6B.17R to a third party.

[Note: article 22a(1) of the UCITS Directive]

6.6B.23 G

The use of services provided by securities settlement systems, as specified in the Settlement Finality Directive, or similar services provided by third-country securities settlement systems, does not constitute a delegation by the depositary of its functions for the purposes of ■ COLL 6.6B.22R.

[Note: article 22a(4) of the UCITS Directive]

6.6B.24 G

(1) (a) If a depositary performs part of its functions through a branch in another EEA State, this is not a delegation by the depositary of its functions to a third party.
   (b) This is because ‘third party’ in ■ COLL 6.6B.22R means any party that is not part of the same legal entity as the depositary.

(2) Paragraph (1) also applies where the depositary is the UK branch of an EEA firm and it performs part of its functions:
   (a) through a branch in another EEA State; or
   (b) from the EEA State where it has its registered office.

(3) (a) A depositary that performs part of its functions through a branch or registered office in another EEA State should ensure that those arrangements do not impede the depositary’s ability to meet the threshold conditions.
   (b) (i) In particular, the arrangements should not impede the FCA’s ability to supervise the depositary effectively.
(ii) For example, the FCA’s ability to supervise the depositary might be impeded if the depositary performed tasks other than administrative and supporting tasks from its branch or registered office in another EEA State.

Delegation: safekeeping

A depositary may delegate the functions in COLL 6.6B.18R and COLL 6.6B.19R to one or more third parties if:

1. the tasks are not delegated with the intention of avoiding the requirements of the UCITS Directive;

2. the depositary can demonstrate that there is an objective reason for the delegation;

3. the depositary:
   (a) has exercised all due skill, care and diligence in the selection and appointment of any third party to whom it intends to delegate parts of its tasks; and
   (b) continues to exercise all due skill, care and diligence in the periodic review and ongoing monitoring:
      (i) of any third party to whom it has delegated parts of its tasks; and
      (ii) of the arrangements of that third party in respect of the matters delegated to it; and

4. the depositary ensures that the third party delegate meets the following conditions at all times:
   (a) the third party has structures and expertise that are adequate and proportionate to the nature and complexity of the assets of the UCITS scheme that have been entrusted to it;
   (b) (subject to COLL 6.6B.26R) for custody tasks in relation to UCITS custodial assets, the third party is subject to:
      (i) effective prudential regulation, including minimum capital requirements, and supervision in the jurisdiction concerned; and
      (ii) an external periodic audit to ensure that the financial instruments remain in its custody;
   (c) the third party segregates the assets of the depositary’s clients from its own assets and from the assets of the depositary in such a way that they can, at any time, be clearly identified as belonging to clients of a particular depositary;
   (d) the third party takes all necessary steps to ensure that in the event of insolvency of the third party, UCITS custodial assets held in custody by the third party are unavailable for distribution among, or realisation for the benefit of, creditors of the third party; and
   (e) the third party complies with the general obligations and prohibitions relating to the depositary in:
      (i) COLL 6.6B.2R (General obligations);
(ii) ■ COLL 6.6B.3R (Conflicts of interests: depositaries);
(iii) ■ COLL 6.6B.13R (Written contract);
(iv) ■ COLL 6.6B.18R (Depositary functions: safekeeping of financial instruments);
(v) ■ COLL 6.6B.19R (Depositary functions: safekeeping of other assets); and
(vi) ■ COLL 6.6B.21R (Reuse of assets).

[Note: article 22a(2) and (3) of the UCITS Directive]

Delegation: third countries

A depositary may delegate custody tasks in relation to UCITS custodial assets to an entity in a third country even though that entity does not satisfy the conditions in ■ COLL 6.6B.25R(4)(b)(i) if:

1. the law of that third country requires those UCITS custodial assets to be held in custody by a local entity;
2. no local entity satisfies the conditions in ■ COLL 6.6B.25R(4)(b)(i);
3. the depositary delegates its functions to such a local entity only:
   a. to the extent required by the law of that third country; and
   b. for as long as there is no local entity that satisfies the delegation conditions in ■ COLL 6.6B.25R(4)(b)(i);
4. the investors of the relevant UCITS scheme are informed before their investment:
   a. that such delegation is required due to legal constraints in the third country;
   b. of the reasons as to why the delegation is necessary; and
   c. of the risks involved in such a delegation; and
5. the authorised fund manager, acting on behalf of the UCITS scheme, has consented to the delegation arrangements before they become effective.

[Note: article 22a(3) of the UCITS Directive]

Delegation: sub-delegation

A depositary must ensure that a third party to whom the depositary has delegated functions under ■ COLL 6.6B.25R does not, in turn, sub-delegate those functions unless the delegate complies with the same requirements that apply to the depositary, with any necessary changes, in relation to the delegation by the depositary of its functions in ■ COLL 6.6B.25R and ■ COLL 6.6B.26R.

[Note: article 22a(3) third paragraph of the UCITS Directive]
Delegation: omnibus account

A depositary may delegate the safekeeping of assets to a third party that maintains an omnibus account for multiple UCITS schemes, provided it is a segregated common account that is segregated from the third party’s own assets.

[Note: recital 22 of the UCITS Directive]

Provision of information

The requirements of SUP 2 (Information gathering by the FCA or PRA on its own initiative) apply to the depositary, under which it must enable the FCA to obtain, on request, all information that the depositary has obtained while discharging its duties and that the FCA considers necessary.

[Note: article 26a first paragraph of the UCITS Directive]

Reporting of breaches

A depositary must have appropriate procedures for its employees to report potential or actual breaches of national provisions transposing the UCITS Directive internally through a specific, independent and autonomous channel.

[Note: article 99d(5) of the UCITS Directive]

Purpose

6.7.3 G (1) This section assists in securing the statutory objective of protecting consumers through requirements which govern the payments out of scheme property and charges imposed on investors when buying or selling units.

(2) The requirements clarify the nature of permitted charges and payments and ensure the disclosure for unitholders of any increases in charges and payments to the authorised fund manager.
(3) The prospectus should make adequate provision for payments from an authorised fund. This section:
(a) prohibits, or stipulates the conditions on which, the payments out of the scheme property can be made;
(b) requires certain payments to be conditional on disclosure in the prospectus; and
(c) governs the allocation of payments between capital and income.

Payments out of scheme property

(1) The only payments which may be recovered from the scheme property of an authorised fund are those in respect of:
(a) remunerating the parties operating the authorised fund;
(b) the administration of the authorised fund; or
(c) the investment or safekeeping of the scheme property.

(2) No payment under this rule can be made from scheme property if it is unfair to (or materially prejudices the interests of) any class of unitholders or potential unitholders.

(3) Paragraphs (1) and (2) do not apply to any payments in relation to any taxation payable by the authorised fund.

(4) Paragraphs (1) and (2) do not permit payments to third parties for the safekeeping or administration of units on behalf of unitholders rather than on behalf of the authorised fund.

Payments out of scheme property: guidance

(1) Details of permissible types of payments out of scheme property are to be set out in full in the prospectus in accordance with COLL 4.2.5R (13) and COLL 4.2.5R (14) (Table: contents of the prospectus).

(2) An authorised fund manager should consider whether a payment to an affected person is unfair because of its amount or because it confers a disproportionate benefit on the affected person.

(3) COLL 6.7.4 R (2) (Payments out of scheme property) does not invalidate a payment that gives rise to a difference between the rights of separate classes of unit that relates solely to the payments that may be taken out of scheme property.

(4) Payments to third parties as referred to in COLL 6.7.4 R (4) include payments to platform service providers and other similar platform services.

Performance fees

(1) For the authorised fund manager's periodic charge or for payments out of scheme property to the investment adviser, the prospectus may permit a payment based on a comparison of one or more aspects of the scheme property or price in comparison with fluctuations in the
value or price of property of any description or index or other factor designated for the purpose (a “performance fee”).

(2) Any performance fee should be specified in the appropriate manner in the prospectus and should be consistent with COLL 6.7.4 R. In determining whether the performance fee is consistent the authorised fund manager should have regard to factors such as:

(a) [deleted]

(b) where it is made on the basis of performance of the authorised fund against any index or any other factor, that benchmark must be reasonable given the investment objectives of the authorised fund and must be consistently applied;

(c) it may be based on performance above a defined positive rate of return (the “hurdle rate”), which may be fixed or variable;

(d) where (b) or (c) applies, the benchmark or hurdle rate may be carried forward to future accrual periods;

(e) the period over which it accrues and the frequency with which it crystallises should be reasonable; and

(f) except where allowed by COLL 6.7.4 R (1), there are to be no arrangements to adjust the price or value of sale or repurchase transactions in respect of performance fees accrued or paid if the transactions occur within the accrual period of the charge.

(3) In accordance with COLL 4.2.5R (13) (Table: contents of prospectus) the prospectus should contain the maximum amount or percentage of scheme property that the performance fee might represent in an annual accounting period. This disclosure should be given in plain language together with examples of the operation of the performance fee.

6.7.6A Any performance fee specified in the prospectus must be calculated on the basis of the scheme’s performance after deduction of all other payments out of scheme property.

6.7.7 Charges on buying and selling units

(1) No person other than the authorised fund manager may impose charges on unitholders or potential unitholders when they buy or sell units.

(2) An authorised fund manager must not make any charge or levy in connection with:

(a) the issue or sale of units except where a preliminary charge is made in accordance with the prospectus of the scheme which must be:

(i) a fixed amount; or

(ii) calculated as a percentage of the price of a unit; or

(iii) calculated as a percentage of the amount being subscribed; or
(b) the redemption or cancellation of units, except a redemption charge made in accordance with the prospectus current at the time the relevant units were purchased by the unitholder.

(3) This rule is subject to COLL 6.3.8 R (Dilution) and COLL 11.3.11 R (Obligations of the master UCITS).

Charges on buying and selling units: guidance

1. To introduce a new charge for the sale or redemption of units, or any new category of remuneration for its services or increase the rate stated in the prospectus, the authorised fund manager will need to comply with COLL 4.2.5 R (Table: contents of prospectus) and COLL 4.3 (Approvals and notifications).

2. A redemption charge may be expressed in terms of amount or percentage. It may also be expressed as diminishing over the time during which the unitholder has held the units or be calculated on the basis of the unit price performance of the units. However any redemption charge should not be such that it could be reasonably regarded as restricting any right of redemption.

3. The prospectus should contain a statement as to the determination of the order in which units which have been acquired at different times by a unitholder are to be taken to be redeemed or cancelled for the purpose of the imposition of the redemption charge.

4. (a) For a UCITS scheme, article 10(2)(a) of the KII Regulation requires the key investor information document to disclose the maximum percentage that might be deducted as an entry charge from the investor’s capital commitment.

   (b) Where a preliminary charge is charged as a fixed amount or is calculated as a percentage of the price of a unit, the AFM should ensure that the actual amount charged, if it were expressed as a percentage of the amount being subscribed, does not exceed the maximum percentage stated as the entry charge in the key investor information document.

5. When a preliminary charge is calculated as a percentage of the price of a unit, the percentage amount should be added to:

   (a) the price of a unit (for a single-priced authorised fund); or

   (b) the issue price (for a dual-priced authorised fund).

6. In relation to a regulated money market fund, any charges for the sale or redemption of units, and any change to such charges, should reflect the restrictions of the Money Market Funds Regulation.

Charges for the exchange of units in an umbrella

For a scheme which is an umbrella, an authorised fund manager must not make a charge on an exchange of units in one sub-fund for units in another sub-fund unless the amount of the charge is not more than the amount stated in the current prospectus.
Allocation of payments to income or capital

6.7.10 R

(1) The authorised fund manager must determine whether a payment is to be made from the income property or capital property of an authorised fund, and in doing so the authorised fund manager must:

(a) pay due regard to whether the nature of the cost is income related or capital related and the objective of the scheme; and

(b) agree the treatment of any payment with the depositary.

(2) Where, for any class of units for any annual accounting period, the amount of the income property is less than the income distributed, the shortfall must, as from the end of that period, be charged to the capital account and must not subsequently be transferred to the income account.

Allocation of payments to income or capital: guidance

6.7.11 G

(1) Any payment as a result of effecting transactions for the authorised fund should be made from the capital property of the scheme.

(2) Other than the payments in (1), all other payments should be made from income property in the first instance but may be transferred to the capital account in accordance with COLL 6.7.10 R (1) (Allocation of payments to income or capital).

(3) For payments transferred to the capital property of the scheme in accordance with (2), the prospectus should disclose the matters in COLL 4.2.5 R (14).

(4) If the authorised fund manager wishes to make a change in relation to the allocation of payments, the procedures in COLL 4.3 (Approvals and notifications) will be relevant.

Prohibition on promotional payments

6.7.12 R

(1) No payment may be made from scheme property to any person, other than a payment to the authorised fund manager permitted by the rules in COLL, for the acquisition or promotion of the sale of units in an authorised fund.

(2) Paragraph (1) does not apply to the costs an authorised fund incurs preparing and printing the key investor information document, NURS-KII document or key information document, provided the prospectus states, in accordance with COLL 4.2.5 R (13) and (14) (Table: contents of the prospectus), that these costs are properly payable to the authorised fund manager from scheme property.

Prohibition on promotional payments: guidance

6.7.13 G

Examples of payments which are not permitted by COLL 6.7.12 R include:

(1) commission payable to intermediaries (such payments should normally be borne by the authorised fund manager);
(2) payments or costs in relation to the preparation or dissemination of financial promotions (other than costs allowed under § COLL 6.7.12 R (2)).

(3) [deleted]

Movable or immovable property

6.7.14 R

An ICVC must not incur any expense for the use by it of any movable or immovable property except to the extent that such property is necessary for the direct pursuit of its business or held in accordance with its investment objectives.

Payment of liabilities on transfer of assets

6.7.15 R

(1) Where the property of an authorised fund is transferred to a second authorised fund (or to the depositary for the account of the authorised fund) in consideration of the issue of units in the second authorised fund to unitholders in the first scheme, (2) applies.

(2) The ICVC or the depositary of the ICVC, ACS or AUT as the successor in title to the property transferred, may pay out of the scheme property any liability arising after the transfer which, had it arisen before the transfer, could properly have been paid out of the property transferred, but only if:

(a) there is nothing in the instrument constituting the fund of the authorised fund expressly forbidding the payment; and

(b) the authorised fund manager is of the opinion that proper provision was made for meeting such liabilities as were known or could reasonably have been anticipated at the time of the transfer.

Exemptions from liability to account for profits

6.7.16 G

Except as provided in § COLL 6.3.SDR, an affected person is not liable to account to another affected person or to the unitholders of any scheme for any profits or benefits it makes or receives that are made or derived from or in connection with:

(1) dealings in the units of a scheme; or

(2) any transaction in scheme property; or

(3) the supply of services to the scheme;

where disclosure of the non-accountability has been made in the prospectus of the scheme.

Allocation of scheme property

6.7.17 R

For a scheme which is an umbrella, any assets to be received into, or any payments out of, the scheme property which are not attributable to one sub-fund only, must be allocated by the authorised fund manager between the sub-funds in a manner which is fair to the unitholders of the umbrella generally.
6.8 Income: accounting, allocation and distribution

Application

6.8.1 R

(1) This section applies to an authorised fund manager.

(2) COLL 6.8.4 R (1) (Unclaimed, de minimis and joint unitholder distributions) also applies to the depositary of an authorised fund.

(3) Except in the case of COLL 6.8.2 R (1) (Accounting periods) and COLL 6.8.3 R (1) (Income allocation and distribution), COLL 6.8 applies as if each sub-fund were a separate authorised fund.

Accounting periods

6.8.2 R

(1) An authorised fund must have:
   (a) an annual accounting period;
   (b) a half-yearly accounting period; and
   (c) an accounting reference date.

(2) A half-yearly accounting period begins when an annual accounting period begins and ends on:
   (a) the day which is six months before the last day of that annual accounting period; or
   (b) some other reasonable date as set out in the prospectus of the scheme.

(3) The first annual accounting period of a scheme must begin:
   (a) on the first day of any period of initial offer; or
   (b) in any other case, on the date of the relevant authorisation order;
      and in either case must end on the next accounting reference date, except where (4) applies.

(4) When the accounting reference date of a scheme falls less than six months after the beginning of the first annual accounting period, that period may be extended until the subsequent accounting reference date.

(5) Each annual accounting period of a scheme subsequent to the first period must begin immediately after the end of the previous period.
and must end on the next accounting reference date, except where (6) or (6A) applies.

(5A) Each annual accounting period or half-yearly accounting period must end either at the end of the day determined under this rule or, if the authorised fund manager so decides, at the last valuation point on that day.

(6) Following a revision to the prospectus of the scheme that includes a change to the accounting reference date, the annual accounting period may be shortened, or extended by up to six months, so as to end on the new accounting reference date.

(6A) If the authorised fund manager notifies the depositary that a particular annual accounting period or half-yearly accounting period is to end on a specified day, which is not more than seven days after, and not more than seven days before, the day on which the period would otherwise end under this rule, that notice is to have effect provided it is given before the day on which the period would otherwise end.

(7) The authorised fund manager must consult the depositary and the scheme’s auditor before shortening or extending an accounting period in accordance with (4) or (6).

When the annual accounting period of a scheme is extended under COLL 6.8.2 R (4) or (6), resulting in a longer than usual period before the publication of reports to unitholders, the authorised fund manager should make summary information about the investment activities of the scheme available to unitholders during that period, in accordance with Principles 6 (Customers’ interests) and 7 (Communications with clients).

Income allocation and distribution

The allocation or distribution of the income of a UCITS scheme must be determined in accordance with its instrument constituting the fund, its prospectus and the general law of the United Kingdom.

[Note: article 86 of the UCITS Directive]

(1) An authorised fund must have an annual income allocation date, which must be within four months of the end of the relevant annual accounting period.

(2) An authorised fund may have interim income allocation dates and one or more interim accounting periods for each of those dates and, if it does, the interim income allocation date must be within four months of the end of the relevant interim accounting period(s).

(3) An authorised fund must have a distribution account to which the amount of income allocated to classes of units that distribute income is transferred as at the end of the relevant accounting period.

(3A) The amount available for income allocations must be calculated by:
(a) taking the net revenue after taxation determined in accordance with the IMA SORP;

(b) making any transfers, to the extent permitted by the prospectus, between the income account and the capital account in order that the amount available for income allocations is calculated as if the revenue from debt securities had been determined disregarding the effect of:

(i) the change in the Retail Prices Index during the period, provided that the policy is to invest predominantly in index-linked securities and the transfer relates only to amounts in respect of index-linked gilt-edged securities; or

(ii) amortisation, provided that the amount available for income allocations is not less than if such transfers had not been made;

(c) making any other transfers between the income account and the capital account that are required in relation to:

(i) stock dividends;

(ii) income equalisation included in income allocations from other collective investment schemes;

(iii) the allocation of payments in accordance with 6.7.10 R (Allocation of payments to income or capital);

(iv) taxation;

(v) the aggregate amount of income property included in units issued, cancelled and converted during the period; and

(vi) amounts determined by the authorised fund manager to be the reportable income of other collective investment schemes.

(4) If income is allocated during an accounting period:

(a) with effect from the end of the relevant annual or interim accounting period, the amount of income allocated to classes of units that accumulate income becomes part of the capital property and requires an adjustment to the proportion of the value of the scheme property to which they relate if other classes of units are in issue during the period;

(b) the adjustment in (a) must ensure the price of units remains unchanged despite the transfer of income; and

(c) the amount of any interim allocation may not be more than the amount which, in the opinion of the authorised fund manager, would be available for allocation if the interim accounting period and all previous interim accounting periods in the same annual accounting period, taken together, were an annual accounting period.

Allocation of income to different classes of unit

In the case of sub-funds with more than one class of units in issue, the proportionate interests of each class of units in the amount available for income allocations should be determined in accordance with the instrument constituting the fund.
Unclaimed, de minimis and joint unitholder distributions

Unclaimed, de minimis and joint unitholder distributions

(1) Any distribution remaining unclaimed after a period of six years, or such longer time specified by the prospectus, must become part of the capital property.

(2) The authorised fund manager and the depositary may agree a de minimis amount in respect of which a distribution of income is not required, and how any such amounts are to be treated.

(3) Distributions made to the first named joint unitholder on the register will be as effective a discharge to the trustee and manager, as if the first named joint unitholder had been a sole unitholder.

Guidance: contents of the prospectus

Guidance: contents of the prospectus

COLL 4.2.5 R (Table: contents of prospectus) requires the details of COLL 6.8.2 R, COLL 6.8.3 R (1) and COLL 6.8.3 R (2) and COLL 6.8.4 R (1) and COLL 6.8.4 R (2) to be contained in the prospectus as well as when, and how, the distribution will be paid (e.g. by cheque or BACS) and also how any unclaimed distributions are to be processed.
6.9 Independence, names and UCITS business restrictions

Application

6.9.1 R This section applies to an authorised fund manager, a depositary, an ICVC and any other directors of an ICVC.

6.9.1A G Articles 20 to 24 of the UCITS level 2 regulation set out detailed provisions that must be read by the authorised fund manager and the depositary of a UCITS scheme alongside COLL 6.9.2G to COLL 6.9.5G.

Independence of depositaries and scheme operators

6.9.2 G (1) Regulation 15(8)(f) of the OEIC Regulations (Requirements for authorisation) requires independence between the depositary, the ICVC and the ICVC’s directors, as does section 243(4) of the Act (Authorisation orders) for the trustee and manager of an AUT, and section 261D(4) of the Act (Authorisation orders) for the depositary and authorised fund manager of an ACS. COLL 6.9.3 G to COLL 6.9.5 G give the FCA’s view of the meaning of independence of these relationships. An ICVC, its directors and depositary or a manager and a trustee of an AUT or an authorised fund manager and depositary of an ACS are referred to as “relevant parties” in this guidance.

(2) There are at least three possible kinds of links between the relevant parties:

(a) directors in common;

(b) cross-shareholdings; and

(c) contractual commitments.

(3) If any of these links exist between the relevant parties, the FCA will have regard to COLL 6.9.3 G to COLL 6.9.5 G in determining whether there is independence.

Independence: influence by directors

6.9.3 G (1) Independence is likely to be lost if, by means of executive power, either relevant party could control the action of the other.

(2) The board of one relevant party should not be able to exercise effective control of the board of another relevant party. Arrangements which might indicate this situation include quorum...
provisions and reservations of decision-making capacity of certain directors.

(3) For an AUT or ACS, the FCA would interpret the concept of directors in common to include any directors of associates of one relevant party who are simultaneously directors of the other relevant party.

(4) For an ICVC, independence would not be met if:

(a) a director of the ICVC or any associate of the director is a director, an employee, or both of the depositary; or

(b) a director of an ICVC:

(i) has a direct or indirect shareholding for investment purposes of more than 0.5% of the votes at a general meeting or a meeting of holders of the class of share concerned of the depositary of that ICVC; or

(ii) has any other relationship with the depositary which might reasonably be expected to give rise to a potential conflict of interest.

Independence: influence by shareholding

Independence is likely to be lost if either of the relevant parties could control the actions of the other by means of shareholders’ votes. The FCA considers this would happen if any shareholding by one relevant party and their respective associates in the other exceeds 15% of the voting share capital, either in a single share class or several share classes. The FCA would be willing, however, to look at cross-shareholdings exceeding 15% on a case-by-case basis to consider if there were exceptional grounds for concluding that independence was safeguarded by other means.

Independence: contractual commitments

The FCA would encourage relevant parties to consult it in advance about its view on the consequences of any intended contractual commitment or relationship which could affect independence, whether directly or indirectly.

Undesirable or misleading names

(1) Regulation 15(9) of the OEIC Regulations, and sections 243(8) and 261D(10) of the Act require that an authorised fund’s name must not be undesirable or misleading. This section contains guidance on some specific matters the FCA will consider in determining whether the name of an authorised fund is undesirable or misleading. It is in addition to the requirements of regulation 19 of the OEIC Regulations (Prohibition on certain names).

(2) The FCA will take into account whether the name of the scheme:

(a) is substantially similar to the name of another authorised fund;

(b) implies that the authorised fund has merits which are not, or might not be, justified;

(c) implies that the authorised fund manager has particular qualities, which may not be justified;
(d) is inconsistent with the authorised fund's investment objectives or policy;

(e) implies that the authorised fund is not an authorised fund (for example, describing the authorised fund as a "plan" or "account" are unlikely to be acceptable); and

(f) might mislead investors into thinking that persons other than the authorised fund manager are responsible for the authorised fund.

(3) The FCA is unlikely to approve a name of an authorised fund that includes the word "guaranteed" unless:

(a) the guarantee is given by:
   (i) an authorised person;
   (ii) a person authorised by a Home State regulator; or
   (iii) a person subject to prudential supervision in accordance with criteria defined by EU law or prudential rules at least as stringent as those laid down by EU law;

(b) other than the authorised fund manager or the depositary.

(c) the authorised fund manager can demonstrate that the guarantor has the authority and resources to honour the terms of the guarantee;

(d) the guarantee covers all unitholders within the authorised fund and is legally enforceable by each Unitholder who is intended to benefit from it or by a person acting on that unitholder's behalf;

(e) the guarantee relates to the total amount paid for a unit which includes any charge or other costs of buying or selling units in the authorised fund;

(f) the guarantee provides for payment at a specified date or dates and is unconditional although reasonable commercial exclusions such as force majeure may be included; and

(f) where the guarantee applies to different classes of unit, it is identical in its application to all classes except for the differences attributable to income already received or charges already suffered by the different classes of unit.

(4) The name of an authorised fund may indicate a guaranteed capital return or income return or both but only if the total amount paid for a unit is guaranteed in accordance with (3).

(5) The FCA is unlikely to approve a name of an authorised fund that includes words implying a degree of capital security (such as "capital protected" or anything with a similar meaning) unless the degree of capital security is apparent from the name and clearly stated in the prospectus, and:

(a) the principles in (3) are satisfied except that, for the purposes of (3)(d), the guarantee may relate to an amount not materially less than the total amount paid for a unit; or

(b) the investment objective and investment policy for the authorised fund are such as to show a clear intention to provide a material degree of security in respect of the total amount paid for a unit.
(6) When determining whether (5) is complied with, the FCA will take into account whether the degree of capital security implied by the name fairly reflects the nature of the arrangements for providing that security. This assessment will take place on a case-by-case basis.

**Undesirable or misleading names: umbrellas**

6.9.7

The authorised fund manager must ensure that the name of a sub-fund or of a class of unit is not undesirable or misleading.

**Undesirable or misleading names: umbrellas - guidance**

6.9.8

When deciding whether 6.9.7R is complied with, the FCA will take into account 6.9.6G. 6.9.7R applies generally and not just to the names that include the words "guaranteed" or "capital protected".

6.9.8A

[deleted]

**Use of the term 'UCITS ETF'**

6.9.8B

(1) ESMA has issued guidelines on the use of the term 'UCITS ETF'. A 'UCITS ETF' is a UCITS with at least one unit or share class which is traded throughout the day, on at least one regulated market or multilateral trading facility, with at least one market maker that takes action to ensure that the stock exchange value of its units or shares does not significantly vary from its net asset value and, where applicable, its indicative net asset value.

(2) A 'UCITS ETF' should use the identifier 'UCITS ETF' which identifies it as an exchange traded fund. This identifier should be used in its name, fund rules, instrument of incorporation, prospectus, key investor information document or marketing communications. The identifier 'UCITS ETF' should be used in all EU languages.

(3) A UCITS which is not a 'UCITS ETF' should not use the 'UCITS ETF' identifier, 'ETF' or 'exchange traded fund' in its name or in any of the documents or communications referred to in (2).

[Note: ESMA's Guidelines to competent authorities and UCITS management companies on ETFs and other UCITS issues (ESMA/2012/832)]

**Restrictions of business for UCITS management companies**

6.9.9

A UCITS management company must not engage in any activities other than:

(1) [deleted]

(1A) managing a UCITS;

(1B) managing an AIF;

(1C) acting as a residual CIS operator;

(2) activities for the purposes of or in connection with those in (1A), (1B) or (1C);
(3) collective portfolio management, including without limitation:
   (a) investment management;
   (b) administration:
      (i) legal and fund management accounting services;
      (ii) customer enquiries;

      (v) maintenance of unitholder register;
      (vi) distribution of income;
      (vii) unit issues and redemptions;
      (viii) contract settlements (including certificate dispatch); and
      (ix) record keeping; and
   (c) marketing;

(4) managing investments where the relevant portfolio includes one or
more financial instruments;

(5) investment advice concerning financial instruments where the firm
has permission for the activity in (4); and

(6) safeguarding and administration of collective investment scheme
units where the firm has a permission for the activity in (4).

Connected activities: guidance

6.9.10 Examples of the connected activities referred to in
   COLL 6.9.9 R (2) include management of group plans, as long as they
   are dedicated to investments in unit trust schemes, co-ownership
   schemes, limited partnership schemes and OEICs for which the firm
   acts as an authorised fund manager.

(2) The restrictions of business imposed by COLL 6.9.9R reflect the
    position under Article 6 of the UCITS Directive. In accordance with
    recital (12) of the Directive the activities referred to at
    COLL 6.9.9R (3) (a) to COLL 6.9.9R (3) (c) may be performed on behalf
    of EEA UCITS management companies.

Notification to the FCA in its role as registrar of ICVCs

6.9.11 An ICVC must notify the FCA within 14 days of the occurrence of any of the
    following:

   (1) any amendment to the instrument of incorporation;

   (2) any change in the address of the head office of the ICVC;

   (3) any change of director;

   (4) any change of depositary;
(5) in respect of any director or depositary, any change in the information mentioned in regulation 12(1)(b) or (c) of the OEIC Regulations (Applications for authorisation);

(6) any change of the auditor of the ICVC;

(7) any order in respect of the ICVC made by virtue of regulation 70 of the OEIC Regulations (Mergers and divisions).
6.10 Senior personnel responsibilities

Application

6.10.1

(1) This section applies to:

(a) an authorised fund manager of a UCITS scheme; and

(b) a UK UCITS management company providing collective portfolio management services for an EEA UCITS scheme from a branch in another EEA State or under the freedom to provide cross border services.

(2) This section does not apply to an EEA UCITS management company providing collective portfolio management services for a UCITS scheme under the freedom to provide cross border services.

Senior personnel responsibilities

6.10.2

In complying with SYSC 4.3.1 R (Responsibility of senior personnel), an authorised fund manager of a UCITS scheme or a UK UCITS management company of an EEA UCITS scheme must ensure that its senior personnel:

(1) are responsible for the implementation of the general investment policy for each scheme it manages, as defined, where relevant, in the prospectus or the instrument constituting the fund;

(2) oversee the approval of investment strategies for each scheme it manages;

(3) are responsible for ensuring that the authorised fund manager or UK UCITS management company has a permanent and effective compliance function as referred to in SYSC 6.1 (Compliance), even if this function is performed by a third party;

(4) ensure and verify on a periodic basis that the general investment policy, the investment strategies and the risk limit system of each scheme it manages are properly and effectively implemented and complied with, even if the risk management function is performed by a third party;

(5) approve and review on a periodic basis the adequacy of the internal procedures for undertaking investment decisions for each scheme it manages, so as to ensure that those decisions are consistent with the approved investment strategies; and

(6) approve and review on a periodic basis the risk management policy and arrangements, processes and techniques for implementing that.
policy, as referred to in COLL 6.12.5 R (Risk management policy), including the risk limit system for each scheme it manages.

[Note: article 9(2) of the UCITS implementing Directive]

6.10.3 R

An authorised fund manager of a UCITS scheme or a UK UCITS management company of an EEA UCITS scheme must ensure that its senior personnel receive, on a regular basis, reports on the implementation of investment strategies and of the internal procedures for taking the investment decisions referred to in COLL 6.10.2R (2) to COLL 6.10.2R (5).

[Note: article 9(5) of the UCITS implementing Directive]
6.11 Risk control and internal reporting

Application

6.11.1 (1) This section applies to:
   a) an authorised fund manager of a UCITS scheme; and
   b) a UK UCITS management company providing collective portfolio management services for an EEA UCITS scheme from a branch in another EEA State or under the freedom to provide cross border services.

(2) This section does not apply to an EEA UCITS management company providing collective portfolio management services for a UCITS scheme under the freedom to provide cross border services.

Permanent risk management function

6.11.2 (1) An authorised fund manager of a UCITS scheme or a UK UCITS management company of an EEA UCITS scheme must establish and maintain a permanent risk management function.

(2) The function referred to in (1) must be hierarchically and functionally independent from operating units, except where such independence would not be appropriate and proportionate in view of the nature, scale and complexity of the authorised fund manager’s or UK UCITS management company’s business and of each scheme it manages.

(3) The authorised fund manager or UK UCITS management company must be able to demonstrate that:
   a) appropriate safeguards against conflicts of interest have been adopted so as to allow an independent performance of risk management activities; and
   b) its risk management process satisfies the requirements of ■COLL 6.12.3 R (Risk management process) or, where appropriate, the relevant UCITS Home State measures implementing article 51 of the UCITS Directive.

[Note: articles 12(1) and 12(2) of the UCITS implementing Directive]

6.11.3 Where the risk management function required under ■COLL 6.11.2 R (1) is not hierarchically and functionally independent, the authorised fund manager or UK UCITS management company should nevertheless be able to demonstrate that its risk management process satisfies the requirements of ■COLL 6.12.3 R
6.11.4

(Risk management process) and that, in particular, the appropriate safeguards have been adopted.

[Note: article 12(2) third paragraph and recital (12) of the UCITS implementing Directive]

Duties of the permanent risk management function

(1) The permanent risk management function must:

(a) implement the risk management policy and procedures;

(b) ensure compliance with the risk limit system, including statutory limits concerning global exposure and counterparty risk, as required by COLL 5.2 (General investment powers and limits for UCITS schemes) and COLL 5.3 (Derivative exposure) or, where appropriate, the relevant UCITS Home State measures implementing articles 41, 42 and 43 of the UCITS implementing Directive;

(c) provide advice to the governing body, as regards the identification of the risk profile of each scheme it manages;

(d) provide regular reports to the governing body and, where it exists, the supervisory function on:
   (i) the consistency between the current level of risk incurred by each scheme it manages and the risk profile agreed for that scheme;
   (ii) the compliance of each scheme it manages with the risk limit system referred to in (b); and
   (iii) the adequacy and effectiveness of the risk management process, indicating in particular whether appropriate remedial measures have been taken in the event of any deficiencies;

(e) provide regular reports to the senior personnel outlining the current level of risk incurred by the relevant scheme and any actual or foreseeable breaches to their limits, so as to ensure that prompt and appropriate remedial action can be taken; and

(f) review and support, where appropriate, the arrangements for the valuation of OTC derivatives, as referred to in COLL 5.2.23 R (OTC transactions in derivatives), COLL 5.2.23C R (Valuation of OTC derivatives) and in this rule or, where appropriate, the relevant UCITS Home State measures implementing article 44 of the UCITS implementing Directive.

(2) The permanent risk management function must have the authority and access to all relevant information necessary to fulfil the duties set out in (1).

[Note: articles 12(3), 12(4) and 44(3) of the UCITS implementing Directive]
6.12 Risk management policy and risk measurement

Application
6.12.1 This section applies to:

(1) an authorised fund manager and a depositary of a UCITS scheme; and

(2) a UK UCITS management company providing collective portfolio management services for an EEA UCITS scheme from a branch in another EEA State or under the freedom to provide cross border services.

6.12.2 In the FCA’s view the requirements relating to risk management policy and risk measurement set out in this section are the regulatory responsibility of the management company’s Home State regulator but to the extent that they constitute fund application rules, are also the responsibility of the UCITS’ Home State regulator. As such, these responsibilities may overlap between the competent authorities of the Home and Host States. EEA UCITS management companies providing collective portfolio management services for a UCITS scheme, whether from a branch in the United Kingdom or under the freedom to provide cross border services, are therefore advised that they will be expected to comply with the requirements of this section, except for COLL 6.12.3 R (2) which, as a notification requirement, is a matter reserved for the rules of the management company’s Home State.

Risk management process
6.12.3 (1) An authorised fund manager of a UCITS scheme or a UK UCITS management company of an EEA UCITS scheme must use a risk management process enabling it to monitor and measure at any time the risk of the scheme’s positions and their contribution to the overall risk profile of the scheme.

(b) In particular, an authorised fund manager of a UCITS scheme or a UK UCITS management company of an EEA UCITS scheme must not solely or mechanistically rely on credit ratings issued by credit rating agencies, as defined in article 3(1)(b) of Regulation (EC) No 1060/2009 of the European Parliament and of the Council of 16 September 2009 on credit rating agencies, for assessing the creditworthiness of the scheme’s assets.

(2) An authorised fund manager (excluding the EEA UCITS management company of a UCITS scheme) or a UK UCITS management company of
an EEA UCITS scheme must regularly notify the following information to the FCA and at least on an annual basis:

(a) a true and fair view of the types of derivatives and forward transactions to be used within the scheme together with their underlying risks and any relevant quantitative limits; and

(b) the methods for estimating risks in derivative and forward transactions.

[Note: article 51(1), first and third paragraphs, of the UCITS Directive and article 45(1) of the UCITS implementing Directive]

6.12.3A An authorised fund manager or a UK UCITS management company of an EEA UCITS scheme subject to COLL 6.12.3R(2) must notify the FCA of the information specified in points (a) and (b) of that rule:

(1) annually, within 30 business days of 31 October, with information that is accurate as of 31 October of that year;

(2) using the form in COLL 6 Annex 2R; and

(3) by submitting it:
   (a) online through the appropriate systems accessible from the FCA’s website; or
   (b) if the appropriate systems are unavailable, via email to fundsupervision@fca.org.uk.

6.12.3B In addition, an authorised fund manager or a UK UCITS management company of an EEA UCITS scheme subject to COLL 6.12.3R(2) should submit a notification to the FCA if there has been a significant change to the fund’s risk profile since its last report, by sending the form in COLL 6 Annex 2R, completed as applicable, to fundsupervision@fca.org.uk.

(2) A significant change to the fund’s risk profile could include, but is not limited to:

(a) the first use of derivatives for investment purposes, if derivatives have previously been used only for efficient portfolio management;

(b) investment in non-standard derivatives, if only standard derivatives have been used previously;

(c) a change in the type of risk measure used to calculate global exposure (commitment method, relative VaR or absolute VaR); and

(d) where a VaR measure is used, a change in the parameters of the calculation.

(3) Reports of significant changes only need to contain new information for the period since the previous report.
(1) The risk management process in ■ COLL 6.12.3 R should take account of the investment objectives and policy of the scheme as stated in the most recent prospectus.

(2) The depositary of a UCITS scheme should take reasonable care to review the appropriateness of the risk management process in line with its duties under ■ COLL 6.6.4 R (General duties of the depositary) and ■ COLL 6.6.14 R (Duties of the depositary and authorised fund manager: investment and borrowing powers), as appropriate.

(3) An authorised fund manager or a UK UCITS management company is expected to demonstrate more sophistication in its risk management process for a scheme with a complex risk profile than for one with a simple risk profile. In particular, the risk management process should take account of any characteristic of non-linear dependence in the value of a position to its underlying.

(4) An authorised fund manager or a UK UCITS management company should take reasonable care to establish and maintain such systems and controls as are appropriate to its business as required by ■ SYSC 4.1 (General requirements).

(5) The risk management process should enable the analysis required by ■ COLL 6.12.3 R to be undertaken at least daily or at each valuation point, whichever is more frequent.

(6) An authorised fund manager or a UK UCITS management company of an EEA UCITS scheme should undertake the risk assessment required by ■ COLL 5.2.20R (7)(d) (Permitted transactions (derivatives and forwards)) with the highest care when the counterparty to the derivative transaction is an associate of the authorised fund manager, the UK UCITS management company or the credit issuer.

[Note: CESR’s UCITS eligible assets guidelines with respect to article 8(2)(d) of the UCITS eligible assets Directive]

Risk management policy

(1) An authorised fund manager of a UCITS scheme or a UK UCITS management company of an EEA UCITS scheme must establish, implement and maintain an adequate and documented risk management policy for identifying the risks to which that scheme is or might be exposed.

(2) The risk management policy must comprise such procedures as are necessary to enable the authorised fund manager or UK UCITS management company to assess the exposure of each UCITS it manages to market risk, liquidity risk and counterparty risk, and to all other risks, including operational risk, that might be material for that scheme.

(3) The risk management policy must address at least the following elements:

(a) the techniques, tools and arrangements that enable the authorised fund manager or UK UCITS management company to comply with the obligations set out in this section and ■ COLL 5.3 (Derivative exposure);
(b) the allocation of responsibilities within the *authorised fund manager* or *UK UCITS management company* pertaining to risk management; and

(c) the terms, contents and frequency of reporting of the risk management function referred to in COLL 6.12.5 R (Permanent risk management function) to the governing body, senior personnel and, where appropriate, to the supervisory function.

(4) To meet its obligations in (1), (2) and (3) an *authorised fund manager* or a *UK UCITS management company* must take into account the nature, scale and complexity of its business and of the *UCITS* it manages.

[Note: article 38 of the *UCITS implementing Directive*]

### 6.12.6 UK UCITS management companies

*UK UCITS management companies* operating *EEA UCITS schemes* are advised that to the extent that the matters referred to in COLL 6.12.5 R (3)(a) are viewed by the *UCITS Home State regulator* as falling under its responsibility, they will be expected to comply with the *UCITS Home State* measures implementing articles 40 and 41 of the *UCITS implementing Directive*.

### Monitoring of risk management policy

#### 6.12.7

(1) An *authorised fund manager* of a *UCITS scheme* or a *UK UCITS management company* of an *EEA UCITS scheme* must assess, monitor and periodically review:

(a) the adequacy and effectiveness of the risk management policy and of the arrangements, processes and techniques referred to in COLL 6.12.5 R;

(b) the level of compliance by the *authorised fund manager* or the *UK UCITS management company* with the risk management policy and with those arrangements, processes and techniques referred to in COLL 6.12.5 R; and

(c) the adequacy and effectiveness of measures taken to address any deficiencies in the performance of the risk management process.

(2) The *authorised fund manager* (excluding an *EEA UCITS management company* of a *UCITS scheme*) or a *UK UCITS management company* of an *EEA UCITS scheme* must notify the *FCA* of any material changes to the risk management process.

### 6.12.8 UK UCITS management companies

*UK UCITS management companies* are advised that when they applied for *authorisation* from the *FCA* under the *Act*, their ability to comply with the requirements in COLL 6.12.7 R would have been assessed by the *FCA* as an aspect of their fitness and properness in determining whether the *threshold conditions* set out in Schedule 6 (Threshold conditions) of the *Act* were met. *Firms* are further advised that their compliance with these requirements is subject to review by the *FCA* on an ongoing basis in determining whether they continue to meet the *threshold conditions*.

Measurement and management of risk

6.12.9  R

(1) An authorised fund manager of a UCITS scheme or a UK UCITS management company of an EEA UCITS scheme must adopt adequate and effective arrangements, processes and techniques in order to:

(a) measure and manage at any time the risks to which that UCITS is or might be exposed; and

(b) ensure compliance with limits concerning global exposure and counterparty risk, in accordance with § COLL 5.2.11B R (Counterparty risk and issuer concentration) and § COLL 5.3 (Derivative exposure).

(2) For the purposes of (1), the authorised fund manager or a UK UCITS management company must take the following actions for each UCITS it manages:

(a) put in place such risk measurement arrangements, processes and techniques as are necessary to ensure that the risks of positions taken and their contribution to the overall risk profile are accurately measured on the basis of sound and reliable data and that the risk measurement arrangements, processes and techniques are adequately documented;

(b) conduct, where appropriate, periodic back-tests in order to review the validity of risk measurement arrangements which include model-based forecasts and estimates;

(c) conduct, where appropriate, periodic stress tests and scenario analyses to address risks arising from potential changes in market conditions that might adversely impact the UCITS;

(d) establish, implement and maintain a risk limit system for each UCITS;

(e) ensure that the current level of risk complies with that risk limit system; and

(f) establish, implement and maintain adequate procedures that, in the event of actual or anticipated breaches to that risk limit system, result in timely remedial actions in the best interests of unitholders.

(3) The arrangements, processes and techniques referred to in (1) should be proportionate in view of the nature, scale and complexity of the business of the authorised fund manager or the UK UCITS management company and the UCITS it manages and be consistent with the UCITS' risk profile.

[Note: articles 40(1) and 40(2) of the UCITS implementing Directive]

6.12.10  G

UK UCITS management companies operating EEA UCITS schemes are advised to the extent that the matters referred to in § COLL 6.12.9R (1)(b) are viewed by the UCITS Home State regulator as falling under its responsibility, they will be expected to comply with the UCITS Home State measures implementing articles 41 and 43 of the UCITS implementing Directive.

6.12.11  R

(1) An authorised fund manager or a UK UCITS management company of an EEA UCITS scheme must employ an appropriate liquidity risk
management process in order to ensure that each UCITS it manages is able to comply at any time with COLL 6.2.16 R (Sale and redemption) or the equivalent UCITS Home State measures implementing article 84(1) of the UCITS Directive.

(2) Where appropriate, the authorised fund manager or UK UCITS management company must conduct stress tests to enable it to assess the liquidity risk of the UCITS under exceptional circumstances.

[Note: article 40(3) of the UCITS implementing Directive]

**6.12.12**  
An authorised fund manager or a UK UCITS management company of an EEA UCITS scheme must ensure that, for each UCITS it manages, the liquidity profile of the investments of the scheme is appropriate to the redemption policy laid down in the instrument constituting the fund or the prospectus.

[Note: article 40(4) of the UCITS implementing Directive]

**CESR guidelines: Risk management principles for UCITS**

Authorised fund managers are advised that CESR issued guidelines prior to the revision of the UCITS Directive in 2009 which, to the extent they remain compatible with the rules and other guidance in COLL, should be complied with in applying the rules in this section. These guidelines are available at:

Guidelines - Risk management principles for UCITS (CESR/09-178)

## COLL 7 : Suspension of dealings and termination of authorised funds

### Section 7.1 : Introduction

#### Purpose

7.1.3  (1) This chapter helps to achieve the statutory objective of protecting investors by ensuring the authorised fund manager does not sell or redeem units at a price that cannot be calculated accurately. For instance, due to unforeseen circumstances, it may be impossible to value, or to dispose of and obtain payment for, all or some of the scheme property of an authorised fund or sub-fund. COLL 7.2.-3R, COLL 7.2.-2R, COLL 7.2.-1R, and COLL 7.2.1 R set out the circumstances in which an authorised fund manager must or may suspend dealings in units and the manner in which a suspension takes effect.

Notes:  
(1) "x" means "applies", but not every paragraph in every rule will necessarily apply.  
(2) *COLL 7.4 does not apply to the authorised contractual scheme manager or depositary of an ACS.  
(3) *COLL 7.4A does not apply to the manager or depositary of an AUT.  
(4) COLL 7.2.-3R to 7.2.-1R apply only to the authorised fund manager and depositary of a non-UCITS retail scheme.
(2) This chapter also helps with the statutory objective of protecting consumers, by providing a cost effective and fair means of winding up authorised funds and terminating sub-funds of ICVCs, AUTs and co-ownership schemes. EG 14(Collective investment schemes) deals with the FCA’s powers to revoke the authorisation of authorised funds otherwise than by consent.
7.2 Suspension and restart of dealings

Requirement

7.2.-3

(1) This rule applies to the authorised fund manager of a non-UCITS retail scheme if at any time:

(a) a standing independent valuer has expressed material uncertainty in accordance with VPS 3 paragraph 2.2(o) and the guidance at VPGA10, RICS Valuation Global Standards 2017 (The Red Book) (effective from 1 July 2017), about the value of one or more immovables under management and that material uncertainty applies to at least 20% of the value of the scheme property; or

(b) the authorised fund invests at least 20% of the value of the scheme property in units of one or more other authorised funds for which dealings in units have been temporarily suspended under (2).

(2) As soon as possible and in any event by the end of the second business day after the day on which this rule starts to apply under (1), the authorised fund manager must temporarily suspend dealings in units in the authorised fund unless (3) applies.

(3) Dealings in units in the authorised fund may continue provided that:

(a) as soon as possible and in any event by the end of the second business day after the day on which this rule starts to apply under (1), the authorised fund manager and the depositary agree that dealings in units in the authorised fund should continue;

(b) the authorised fund manager and the depositary have a reasonable basis for determining that a temporary suspension of dealings in units would not be in the best interests of unitholders in the authorised fund; and

(c) the authorised fund manager and the depositary do not rely solely on a fair value price adjustment when making their determination under (b).

7.2.-2

(1) This rule applies where the authorised fund manager of a non-UCITS retail scheme is required to temporarily suspend dealings in units in the authorised fund under ☐ COLL 7.2.-3R(2) or ☐ COLL 7.2.-1R(3).

(2) The authorised fund manager must notify the depositary before suspending dealings in units in the authorised fund.

(3) During the suspension, the authorised fund manager must follow the requirements set out in the following provisions, where applicable:
(a) ■ COLL 7.2.1R(2);  
(b) ■ COLL 7.2.1R(2A);  
(c) ■ COLL 7.2.1R(2B);  
(d) ■ COLL 7.2.1R(2C);  
(e) ■ COLL 7.2.1R(3);  
(f) ■ COLL 7.2.1R(4A);  
(g) ■ COLL 7.2.1R(5); and  
(h) ■ COLL 7.2.1R(6).

(4) Dealings in units must restart as soon as reasonably practicable after:  
(a) the standing independent valuer’s material uncertainty assessment applies to less than 20% of the value of the scheme property; and  
(b) the scheme’s depositary gives its approval for the temporary suspension to be removed.

(5) If a non-UCITS retail scheme operates limited redemption arrangements and a suspension has prevented dealings in units at a valuation point, the authorised fund manager must declare an additional valuation point as soon as possible after the restart of dealings in units.

(6) This rule applies to a sub-fund as it applies to an authorised fund, and:

(a) references to the units of the class or classes relate to that sub-fund and to the scheme property attributable to the sub-fund; and  
(b) this rule can only apply to one or more classes of units without being applied to other classes if the authorised fund manager considers that a suspension of dealings in some but not all classes of units is in the best interest of all the unitholders of that authorised fund or sub-fund.

(1) This rule applies where the authorised fund manager and the depositary agree that dealings in units in the authorised fund should continue under ■ COLL 7.2.-3R(3) and, if relevant, following a review under this rule.

(2) During the period of material uncertainty (see (8) below), the authorised fund manager and the depositary must review their agreement not to suspend dealings in units in the authorised fund at least every 14 days.

(3) Following such a review the authorised fund manager must temporarily suspend dealings in units in the authorised fund unless (4) applies.

(4) Dealings in units in the authorised fund may continue provided that:  
(a) the authorised fund manager and the depositary agree that dealings in units in the authorised fund should continue;
(b) the *authorised fund manager* and the *depositary* have a reasonable basis for determining that a temporary suspension of *dealings in units* would not be in the best interests of *unitholders* in the *authorised fund*; and

(c) the *authorised fund manager* and the *depositary* do not rely solely on a fair value price adjustment when making their determination under (b).

(6) The *authorised fund manager* must inform the *FCA* of the results of each review.

(7) This *rule* applies to a *sub-fund* as it applies to an *authorised fund*, and:

(a) references to the *units* of the *class or classes* relate to that *sub-fund* and to the *scheme property* attributable to the *sub-fund*; and

(b) this *rule* can only apply to one or more *classes of units* without being applied to other *classes* if the *authorised fund manager* considers a suspension of *dealings in units* of some but not all *classes of units* is in the best interest of all the *unitholders* of that *authorised fund or sub-fund*.

(8) In this *rule*, a “period of material uncertainty” is any period during which one or both of  COLL 7.2.-3R(1)(a) and (b) applies.

### COLL 7.2.1

(1) The *authorised fund manager* may, with the prior agreement of the *depositary*, and must without delay, if the *depositary* so requires, temporarily suspend the *issue, cancellation, sale and redemption* of *units* in an *authorised fund* (referred to in this chapter as "*dealings in units*"), where due to exceptional circumstances it is in the interest of all the *unitholders* in the *authorised fund*. Where an *authorised fund* is a *regulated money market fund*, the *authorised fund manager* must ensure that any such suspensions are consistent with the *Money Market Funds Regulation*.

(1A) The *authorised fund manager* and the *depositary* must ensure that the suspension is only allowed to continue for as long as it is justified having regard to the interests of the *unitholders*.

(2) On suspension, the *authorised fund manager*, or the *depositary* if it has required the *authorised fund manager* to suspend *dealings in units*, must:

(a) immediately inform the *FCA*, stating the reason for its action; and

(b) as soon as practicable give written confirmation of the suspension and the reasons for it to:

(i) the *FCA*; and

(ii) the *Home State regulator* in each *EEA State* in which the *authorised fund manager* holds itself out as willing to *sell* or *redeem units of the authorised fund* concerned.

(2A) The *authorised fund manager* must ensure that a notification of the suspension is made to *unitholders* of the *authorised fund* as soon as practicable after suspension commences.
(2B) In making the notification set out in (2A), the *authorised fund manager* must ensure that it:

(a) draws *unitholders*' particular attention to the exceptional circumstance which resulted in the suspension;

(b) is clear, fair and not misleading; and

(c) informs *unitholders* how to obtain the information detailed in (2C).

(2C) The *authorised fund manager* must ensure that it publishes (on its website or by other general means) sufficient details to keep *unitholders* appropriately informed about the suspension including, if known, its likely duration.

(3) During a suspension:

(a) none of the obligations in ■COLL 6.2 (Dealing) apply; and

(b) the *authorised fund manager* must comply with as much of ■COLL 6.3 (Valuation and pricing) as is practicable in the light of the suspension.

(4) The suspension of *dealings in units* must cease as soon as practicable after the exceptional circumstances referred to in (1) have ceased.

(4A) The *authorised fund manager* and the *depositary* must formally review the suspension at least every 28 days and inform the FCA of the results of this review and any change to the information provided in (2).

(5) The *authorised fund manager* must inform the FCA of the proposed restart of *dealings in units* and immediately after the restart must confirm this by giving notice to the FCA and the authorities mentioned in (2)(b)(ii).

(6) The *authorised fund manager* may agree, during the suspension, to *deal in units* in which case all *deals* accepted during, and outstanding prior to, the suspension will be undertaken at a *price* calculated at the first *valuation point* after restart of *dealing in units*, subject to (8).

(7) This *rule* applies to a *sub-fund* as it applies to an *authorised fund*, and:

(a) references to the *units* of the *class* or *classes* relate to that *sub-fund* and to the *scheme property* attributable to the *sub-fund*;

(b) this *rule* can only apply to one or more *classes* of *units* without being applied to other *classes*, if it is in the interest of all the *unitholders*.

(8) If an *authorised fund* operates *limited redemption arrangements*, and the event in (1) has affected a *valuation point*, the *authorised fund manager* must declare an additional *valuation point* as soon as possible after the restart of *dealings in units*.

[Note: article 45(2) of the *UCITS Directive*]
Temporary suspension of units of a master UCITS or qualifying master scheme

7.2.1A  R

Where:

(1) an authorised fund manager of a UCITS scheme which is a master UCITS or a qualifying master scheme temporarily suspends the issue, cancellation, sale and redemption of its units, whether at its own initiative or at the request of the FCA; or

(2) an operator of an EEA UCITS scheme which is a master UCITS or a qualifying master scheme temporarily suspends the issue, cancellation, sale or redemption of its units, whether at its own initiative or at the request of its Home State regulator; or

(3) an authorised fund manager of a non-UCITS retail scheme which is a qualifying master scheme temporarily suspends the issue, cancellation, sale or redemption of its units, whether at its own initiative or at the request of the FCA; or

(4) the operator of a recognised scheme which is a qualifying master scheme temporarily suspends the issue, cancellation, sale or redemption of its units whether at its own initiative or at the request of its regulator;

the authorised fund manager of each of its feeder UCITS (which is a UCITS scheme) or feeder NURS is entitled to suspend the issue, cancellation, sale or redemption of its units for the same period of time as the master UCITS or qualifying master scheme.

[Note: article 60(3) of the UCITS Directive]

Guidance

7.2.2  G

(-1) The guidance in (1), (1A) and (1B) does not apply in circumstances where an authorised fund manager is required to temporarily suspend dealings in units in an authorised fund under COLL 7.2.-3R or COLL 7.2.-1R.

(1) Suspension should be allowed only in exceptional cases where circumstances so require and suspension is justified having regard to the interests of the unitholders.

(1A) Except in the case of FIIAs (for which see (1B) below), difficulties in realising scheme assets or temporary shortfalls in liquidity may not on their own be sufficient justification for suspension. In such circumstances the authorised fund manager and depositary would need to be confident that suspension could be demonstrated genuinely to be in the best interests of the unitholders. Before an authorised fund manager and depositary determine that it is in the best interests of unitholders to suspend dealing, they should ensure that any alternative courses of action have been discounted.

(1B) In the case of FIIAs, there may be circumstances where suspension is genuinely in the best interests of unitholders; for example, where orders received for redemptions of units at the next valuation period cannot be executed without significantly depleting the scheme's
liquidity, and/or without selling *scheme property* at a substantial
discount to its open market value.

(2) The *authorised fund manager* will need to ensure that any
suspension, while maintaining *unitholders’* interests, is temporary, of
minimal duration and is consistent with the provisions of the
*prospectus* and the *instrument constituting the fund*.

(3) During a suspension, the *authorised fund manager* should inform any
*person* who requests a *sale or redemption of units* that all *dealings in
units* have been suspended and that that *person* has the option to
withdraw the request during the period of suspension or have the
request executed at the first opportunity after the suspension ends.
7.3  Winding up a solvent ICVC and terminating or winding up a sub-fund of an ICVC

Explanation of COLL 7.3

7.3.1 (1) The winding up of an ICVC may be carried out under this section instead of by the court provided the ICVC is solvent and the steps required under regulation 21 of the OEIC Regulations (The Authority’s approval for certain changes in respect of a company) are fulfilled. This section lays down the procedures to be followed and the obligations of the ACD and any other directors of the ICVC.

(2) The termination of a sub-fund may be carried out under this section, instead of by the court, provided the sub-fund is solvent and the steps required under regulation 21 of the OEIC Regulations are complied with. Termination can only commence once the proposed alterations to the ICVC’s instrument of incorporation and prospectus have been notified to the FCA and permitted to take effect. On termination, the assets of the sub-fund will normally be realised, and the unitholders in the sub-fund will receive their respective share of the proceeds net of liabilities and the expenses of the termination.

(3) A sub-fund or ICVC may also be terminated or wound up in connection with a scheme of arrangement. Unitholders will become entitled to receive units in another regulated collective investment scheme in exchange for their units.

(4) COLL 7.3.3 G gives an overview of the main steps in winding up a solvent ICVC or terminating a sub-fund under FCA rules, assuming FCA approval.

Special meanings for termination of a sub-fund of an ICVC

7.3.2 In this section, where a sub-fund of an ICVC is being terminated, references to:

(1) units, are references to units of the class or classes related to the sub-fund to be terminated;

(2) a resolution, or extraordinary resolution, are references to such a resolution passed at a meeting of unitholders of units of the class or classes referred to in (1);

(3) scheme property, are references to the scheme property allocated or attributable to the sub-fund to be terminated; and
(4) liabilities, are references to liabilities of the ICVC allocated or attributable to the sub-fund to be terminated.

When an ICVC is to be wound up or a sub-fund terminated or wound up

7.3.4

(1) An ICVC must not be wound up except:
   (a) under this section; or
   (b) as an unregistered company under Part V of the Insolvency Act 1986.

    (1A) A sub-fund must not:
       (a) be terminated except under this section; or
       (b) wound up except under Part V of the Insolvency Act 1986 (as modified by regulation 33C of the OEIC Regulations) as an unregistered company.

(2) An ICVC must not be wound up or a sub-fund terminated under this section if there is a vacancy in the position of ACD.

(3) An ICVC must not be wound up or a sub-fund terminated under this section:
   (a) unless and until effect may be given, under regulation 21 of the OEIC Regulations, to proposals to wind up the affairs of the ICVC or to proposals to make the alterations to the ICVC’s instrument of incorporation and prospectus that will be required if a sub-fund is terminated; and
   (b) unless a statement has been prepared and sent or delivered to the FCA under COLL 7.3.5 R (Solvency statement) and received by the FCA prior to satisfaction of the condition in (a).

(4) Subject to (3) and the subsequent provisions of this section, the appropriate steps to wind up an ICVC or terminate a sub-fund under this section must be taken:
   (a) if an extraordinary resolution to that effect is passed; or
   (b) when the period (if any) fixed for the duration of the ICVC or the sub-fund by the instrument of incorporation expires or any event occurs, for which the instrument of incorporation provides that the ICVC or the sub-fund is to be wound up or terminated; or
   (c) on the date stated in any agreement by the FCA in response to a request from the directors for the winding up of the ICVC or a request for the termination of the sub-fund; or
   (d) on the effective date of a duly approved scheme of arrangement which is to result in the ICVC ceasing to hold any scheme property; or
   (e) in the case of a sub-fund, on the effective date of a duly approved scheme of arrangement which is to result in the sub-fund ceasing to hold any scheme property; or
   (f) in the case of an ICVC that is an umbrella, on the date on which all of its sub-funds fall within (e) or have otherwise ceased to hold any scheme property, notwithstanding that the ICVC may have assets and liabilities that are not attributable to any particular sub-fund.
Solvency statement

7.3.5

(1) Before notice is given to the FCA under regulation 21 of the OEIC Regulations of the proposals referred to in COLL 7.3.4 R (3), the directors must make a full enquiry into the ICVC’s or, in the case of termination of a sub-fund, the sub-fund’s affairs, business and property to determine whether the ICVC or the sub-fund will be able to meet all its liabilities.

(2) The ACD must then, based on the results of this enquiry, prepare a statement either:

(a) confirming that the ICVC or the sub-fund will be able to meet all its liabilities within twelve months of the date of the statement; or

(b) stating that such confirmation cannot be given.

(3) This solvency statement must:

(a) relate to the ICVC’s or the sub-fund’s affairs, business and property at a date no more than 28 days before the date on which notice is given to the FCA;

(b) if there is more than one director, be approved by the board of directors and signed on their behalf by the ACD; and

(c) if it contains the confirmation under (2)(a), be signed by at least one other director or, if there is no director other than the ACD, be signed by the ACD.

(4) A statement which contains the confirmation under (2)(a) must annex a statement signed by the auditor appointed under Schedule 5 to the OEIC Regulations (Auditors) to the effect that, in his opinion, the enquiry required by (1) has been properly made and is fairly reflected by the confirmation.

(5) The solvency statement must be sent or delivered to the FCA and the depositary no later than 21 days after notice is given to the FCA in accordance with regulation 21 of the OEIC Regulations.

Consequences of commencement of winding up or termination

7.3.6

(1) Winding up or termination must commence once the conditions referred to in COLL 7.3.4 R (3) are both satisfied or, if later, once the events in COLL 7.3.4 R (4) have occurred.

(2) Once winding up or termination has commenced:

(a) COLL 6.2 (Dealing), COLL 6.3 (Valuation and pricing), COLL 6.6.20 R to COLL 6.6.24G (Assessment of value) and COLL 5 (Investment and borrowing powers) cease to apply to the ICVC or to the units and scheme property in the case of a sub-fund;

(b) the ICVC must cease to issue and cancel units, except in respect of the final cancellation under COLL 7.3.7 R (5);

(c) the ACD must cease to sell or redeem units or to arrange for the issue or cancellation of units, except in respect of the final cancellation under COLL 7.3.7 R (5);
(d) no transfer of a unit may be registered and no other change to the register of unitholders may be made without the sanction of the directors;

(e) where winding up an ICVC, the ICVC must cease to carry on its business, except for its beneficial winding up; and

(f) the corporate status and corporate powers of the ICVC and (subject to the preceding provisions of this rule) the powers of the directors continue until the ICVC is dissolved.

(3) If the ACD has not previously notified unitholders of the proposal to wind up the ICVC or terminate the sub-fund, the ACD must, as soon as practicable after winding up or termination has commenced, give written notice of the commencement of the winding up or termination to the unitholders.

Manner of winding up or termination

7.3.7 R

(1) [deleted]

(2) The ACD must, as soon as practicable after winding up or termination has commenced, cause the scheme property to be realised and the liabilities of the ICVC or the sub-fund to be met out of the proceeds.

(3) The ACD must instruct the depositary how such proceeds (until utilised to meet liabilities or make distributions to unitholders) must be held and those instructions must be prepared with a view to the prudent protection of creditors and unitholders against loss.

(4) Where sufficient liquid funds are available after making adequate provision for the expenses of the winding up or termination and the discharge of the ICVC’s or the sub-fund’s remaining liabilities, the ACD may arrange for the depositary to make one or more interim distributions to the unitholders proportionately to the right of their respective units to participate in scheme property at the commencement of the winding up or termination.

(5) On or before the date on which the final account is sent to unitholders in accordance with COLL 7.3.8 R (Final account and termination account), the ACD must arrange for all units in issue to be cancelled and for the depositary to make a final distribution to the unitholders, in the same proportions as provided by (4), of the balance remaining (net of a provision for any further expenses of the ICVC or sub-fund).

(6) Paragraphs (2) to (5) are subject to the terms of any scheme of arrangement sanctioned by an extraordinary resolution passed on or before the commencement of the winding up or termination.

(7) Where the ICVC and one or more unitholders (other than the ACD) agree, the requirement in (2) to realise the scheme property does not apply to that part of the scheme property which is proportionate to the right to participate in scheme property of that or those unitholders.

(8) In the case of (7), the ACD must cause the ICVC to distribute that part of the scheme property in specie to that or those unitholders in...
Section 7.3 : Winding up a solvent ICVC and terminating or winding up a sub-fund of an ICVC

For the purposes of this section an ICVC may be treated as having been wound up or a sub-fund terminated upon completion, where relevant, of all of the steps in (1) to (3):

1. payment or adequate provision being made (by the ACD) to cover the expenses relating to the winding up or termination and all liabilities of the scheme;

2. the scheme property being realised or distributed in accordance with COLL 7.3.7 R (8); and

3. the net proceeds being distributed to the unitholders named in the register on the date on which winding up or termination commenced, or provision being made in respect of the final distribution.

Final account and termination account

1. Once the ICVC’s affairs are wound up or termination of the sub-fund has been completed (including distribution or provision for distribution in accordance with COLL 7.3.7 R (5)), the ACD must prepare an account of the winding up or termination showing:

   a. how it has been conducted; and

   b. how the scheme property has been disposed of.

2. The account in (1) must be, if there is:
(a) more than one director, approved by the board of directors and be signed on their behalf by the ACD and at least one other director; or
(b) no director other than the ACD, signed by the ACD.

(3) Once signed, this account is the "final account" for the purposes of the winding up of an ICVC and the "termination account" for the purposes of the termination of a sub-fund.

(4) The final account must state the date on which the ICVC’s affairs were wound up and the date stated must be regarded as the final day of the accounting period of the ICVC then running (‘final accounting period’) for the purpose of □ COLL 4.5.

(4A) The termination account must state the date on which the sub-fund’s affairs were terminated.

(5) The ACD must ensure that the ICVC’s auditor makes a report in respect of the final account or termination account, which states the auditor’s opinion whether the final account or termination account has been properly prepared for the purpose of (1).

(6) Within four months of the date of the completion of the winding up of the ICVC or termination of the sub-fund, the ACD must send a copy of the final account or termination account and the auditor’s report on it to the FCA and to each person who was a unitholder (or the first named of joint unitholders) immediately before the winding up or termination commenced.

Duty to ascertain liabilities

7.3.9 R

(1) The ACD must use all reasonable endeavours to ensure that all the liabilities of the ICVC or the sub-fund are discharged before the completion of the winding up or termination.

(2) The duty in (1) relates to all liabilities of which the ACD:

(a) is, or becomes, aware before the completion of the winding up or termination; or

(b) would have become aware before the completion of the winding up or termination had it used all reasonable endeavours to ascertain the liabilities.

(3) If the ACD rejects any claim against the ICVC or the sub-fund in whole or part or against the ICVC or the sub-fund in respect of a liability in whole or part, the ACD must immediately send to the claimant written notice of its reasons for doing so.

Reports and accounts

7.3.10 R

(1) [deleted]

(1A) [deleted]

(2) For any annual accounting period or half-yearly accounting period which begins after commencement of the winding up or termination,
a copy of the long report must be supplied free of charge to any unitholder upon request.

(3) The ACD must ensure that it keeps unitholders appropriately informed about the winding up or termination including, if known, its likely duration.

(4) The ACD must send a copy of the information required by (3) to each person who was a unitholder or the first named of joint unitholders immediately before the winding up or termination commenced, unless a final distribution has been made in accordance with COLL 7.3.7 R (5).

### Liabilities of the ACD

(1) Except to the extent that the ACD can show that it has complied with COLL 7.3.9 R (Duty to ascertain liabilities), the ACD is personally liable to meet any liability of an ICVC or a sub-fund, of which it is the ACD, wound up or terminated under this section (whether or not the ICVC has been dissolved or, in the case of the sub-fund, termination has been completed) that was not discharged before the completion of the winding up or termination.

(2) Where winding up an ICVC, if the proceeds of the realisation of the assets attributable, or allocated to a particular sub-fund of an umbrella ICVC are insufficient to meet the liabilities attributable or allocated to that sub-fund, the ACD must pay to the ICVC, for the account of that sub-fund the amount of the deficit, unless and to the extent that the ACD can show that the deficit did not arise as a result of any failure by the ACD to comply with the rules in COLL.

(3) The liabilities of the ACD under this rule create a debt (in England and Wales in the nature of a specialty) accruing due from it on the completion of the winding up or termination and payable upon the demand of the creditor in question (including the ICVC in the circumstances described in (2)).

(4) The obligations of the ACD under this rule do not affect any other obligation of the ACD under these rules or the general law.

Miscellaneous

7.3.13  

(1) If:

(a) during the course, or as a result, of the enquiry referred to in COLL 7.3.5 R (1) (Solvency statement), the directors become of the opinion that it will not be possible to provide the confirmation referred to in (2)(a) of that rule; or

(b) after winding up or termination has commenced, the ACD becomes of the opinion that the ICVC or the sub-fund will be unable to meet all its liabilities within twelve months of the date of the statement provided under (a) of COLL 7.3.5 R (2);

the directors must immediately present a petition or cause the ICVC or sub-fund to present a petition for the winding up of the ICVC or sub-fund as an unregistered company under Part V of the Insolvency Act 1986.

(2) If, after the commencement of a winding up or termination under this chapter and before notice of completion of the winding up or termination has been sent to the FCA, there is a vacancy in the position of ACD:

(a) the directors of the ICVC must immediately present or cause the ICVC or sub-fund to present; or

(b) if there are no directors, the depositary must immediately present;

a petition for the winding up of the ICVC or sub-fund as an unregistered company under Part V of the Insolvency Act 1986.
7.4 Winding up an AUT and terminating a sub-fund of an AUT

Explanation of COLL 7.4

7.4.1 (1) This section deals with the circumstances and manner in which an AUT is to be wound up or a sub-fund of an AUT is to be terminated. Under section 256 of the Act (Requests for revocation of authorisation order), the manager or trustee of an AUT may request the FCA to revoke the authorisation order in respect of that AUT. Section 257 of the Act (Directions) gives the FCA the power to make certain directions.

(2) The termination of a sub-fund under this section will be subject to section 251 of the Act (Alteration of schemes and changes of manager or trustee). Termination can only commence once the proposed alterations to the trust deed and prospectus have been notified to the FCA in writing and permitted to take effect. On termination, the assets of the sub-fund will normally be realised, and the unitholders in the sub-fund will receive their respective share of the proceeds net of liabilities and the expenses of the termination.

(3) An AUT or a sub-fund of an AUT may also be wound up or terminated in connection with a scheme of arrangement. Unitholders will become entitled to receive units in another regulated collective investment scheme in exchange for their units.

(4) COLL 7.4.A gives an overview of the main steps in winding up an AUT or terminating a sub-fund under FCA rules, assuming FCA approval.

Special meanings for termination of a sub-fund of an AUT

7.4.2 In this section, where a sub-fund of an AUT is being terminated, references to:

(1) units, are references to units of the class or classes related to the sub-fund to be terminated;

(2) a resolution or extraordinary resolution, are references to such a resolution passed at a meeting of unitholders of units of the class or classes referred to in (1);

(3) scheme property, are references to the scheme property allocated or attributable to the sub-fund to be terminated; and
(4) liabilities, are references to liabilities of the AUT allocated or attributable to the sub-fund to be terminated.

When an AUT is to be wound up or a sub-fund terminated

(1) Upon the happening of any of the events or dates referred to in (2) and not otherwise:

(a) [COLL 6.2 (Dealing)] and [COLL 6.3 (Valuation and pricing)], [COLL 6.2.20R to COLL 6.24G (Assessment of value)] and [COLL 5 (Investment and borrowing powers)] cease to apply to the AUT or to the units and scheme property in the case of a sub-fund;

(b) the trustee must cease to issue and cancel units, except in respect of the final cancellation under [COLL 7.4.4 R (1) or (2)];

(c) the manager must cease to sell and redeem units;

(d) the manager must cease to arrange the issue or cancellation of units under [COLL 6.2.7 R (Issue and cancellation of units through an authorised fund manager)], except in respect of the final cancellation under [COLL 7.4.4 R (1) or (2)];

(dA) no transfer of a unit may be registered and no other change to the register of unitholders may be made without the approval of the person responsible for the register in accordance with [COLL 6.4.4 R (1)]; and
(e) the trustee must proceed to wind up the AUT or terminate the sub-fund in accordance with COLL 7.4.4 R.

(1A) If the manager has not previously notified unitholders of the proposal to wind up the AUT or terminate the sub-fund, it must as soon as practicable after winding up or termination has commenced give written notice of the commencement of the winding up or termination to the unitholders.

(2) The events referred to in (1) are:

(a) the authorisation order of the AUT is revoked;

(b) alterations to the AUT’s trust deed and prospectus that will be required if the sub-fund is terminated taking effect in accordance with section 251 of the Act;

(c) the passing of an extraordinary resolution winding up the AUT or terminating the sub-fund, provided FCA’s prior consent to the resolution has been obtained by the manager or trustee;

(d) in response to a request to the FCA by the manager or the trustee for the revocation of the authorisation order, the FCA has agreed, subject to there being no material change in any relevant factor, that, on the conclusion of the winding up of the AUT, the FCA will agree to that request;

(e) the expiration of any period specified in the trust deed as the period at the end of which the AUT is to be wound up or the sub-fund is to terminate;

(f) the effective date of a duly approved scheme of arrangement, which is to result in the AUT or sub-fund that is subject to the scheme of arrangement being left with no property; or

(g) the date on which a relevant pension scheme is notified in writing by The Pensions Regulator that the scheme is no longer registered under the Welfare and Pensions Reform Act 1999 as a stakeholder pension scheme.

(3) This rule is without prejudice to COLL 7.2.1 R(Requirement) and to any order or direction made under section 257 or 258 of the Act.

Manner of winding up or termination

(1) Where COLL 7.4.3 R (2) (f) applies, the trustee must cancel all units in issue and wind up the AUT or terminate the sub-fund in accordance with the approved scheme of arrangement.

(2) In any other case falling within COLL 7.4.3 R:

(a) once the AUT falls to be wound up or sub-fund terminated, the trustee must realise the scheme property;

(b) after paying out or retaining adequate provision for all liabilities payable and for the costs of the winding up or termination, the trustee must cancel all units in issue and distribute the proceeds of that realisation to the unitholders and the manager proportionately to their respective interests in the AUT or sub-fund as at the date, or the date of the relevant event referred to in COLL 7.4.3 R; and
(c) any unclaimed net proceeds or other cash (including unclaimed distribution payments) held by the trustee after one year from the date on which they became payable must be paid by the trustee into court (or, in Scotland, as the court may direct), subject to the trustee having a right to retain any expenses properly incurred by him relating to that payment.

(3) For an AUT which is a relevant pension scheme, payments must not be made to unitholders in the AUT, the realisation proceeds having to be paid by the trustee in accordance with the trust deed.

(4) Where the trustee and one or more unitholders agree, the requirement in (2) to realise the scheme property does not apply to that part of the property proportionate to the entitlement of that or those unitholders.

(5) The trustee must distribute the part of the scheme property referred to in (4) in the form of property, after making adjustments or retaining provisions as appears appropriate to the trustee for ensuring that, that or those unitholders bear a proportional share of the liabilities and costs.

(6) On completion of the winding up in respect of the events referred to in ▼ COLL 7.4.3 R (2)(c), ▼ COLL 7.4.3 R (2)(d), ▼ COLL 7.4.3 R (2)(e) or ▼ COLL 7.4.3 R (2) (f), the trustee must notify the FCA in writing and at the same time the manager or trustee must request the FCA to revoke the relevant authorisation order.

For the purposes of this section, an AUT may be treated as having been wound up or a sub-fund terminated upon completion, where relevant, of all of the steps in (1) to (3):

(1) payment or adequate provision being made (by the trustee after consulting the manager) to cover the expenses relating to the winding up or termination and all liabilities of the scheme;

(2) the scheme property being realised or distributed in accordance with ▼ COLL 7.4.4 R (5); and

(3) the net proceeds being distributed to the unitholders named in the register on the date on which winding up or termination commenced, or provision being made in respect of the final distribution.

Accounting and reports during winding up or termination

(1) [deleted]

(1A) [deleted]

(2) For any annual accounting period or half-yearly accounting period which begins after commencement of the winding up or termination, a copy of the long report must be supplied free of charge to any unitholder upon request.
(2A) The manager must ensure that it keeps unitholders appropriately informed about the winding up or termination, including its likely duration.

(2B) The manager must send a copy of the information required by COLL 7.4.5 R (2A) to each person who was a unitholder or the first named of joint unitholders immediately before the winding up or termination commenced, unless a final distribution has been made in accordance with COLL 7.4.4 R (2)(b).

(3) [deleted]

(4) At the conclusion of the winding up or termination, the accounting period then running is regarded as the final annual accounting period.

(5) Within four months after the end of the final annual accounting period or the termination of the sub-fund, the annual reports of the manager and trustee must be published and sent to the FCA.

(6) The manager must, on publication of the annual long report in (5), write to each person who was a unitholder or the first named of joint unitholders immediately before the commencement of winding up or termination to inform them that the annual long report is available free-of-charge on request.

(1) The effect of COLL 7.4.5R is that the manager must continue to prepare annual and half-yearly long reports and to make them available to unitholders in accordance with COLL 4.5.14 R.

(2) Where there are outstanding unrealised assets, keeping unitholders appropriately informed may, for example, be carried out by providing updates to unitholders at six-monthly or more frequent intervals.
7.4A Winding up a solvent ACS and terminating a sub-fund of a co-ownership scheme

Explanation of COLL 7.4A

7.4A.1 (1) This section deals with the circumstances and manner in which an ACS is to be wound up or a sub-fund of a co-ownership scheme is to be terminated otherwise than by the court as an unregistered company under the Insolvency Act 1986 or the Insolvency (Northern Ireland) Order 1989 (further rules regarding schemes of arrangement are found in COLL 7.6 (Schemes of arrangement)).

(2) An ACS may be wound up under this section only if it is solvent. Under section 261W of the Act (Requests for revocation of authorisation order), the authorised contractual scheme manager or depositary of an ACS may request the FCA to revoke the authorisation order in respect of that ACS. The FCA may then indicate that, subject to there being no change in any relevant factor, on the conclusion of the winding up of the ACS, the FCA will agree to that request. Section 261X of the Act (Directions) gives the FCA the power to make certain directions.

(3) A sub-fund of a co-ownership scheme may be terminated under this section only if it is solvent. The termination of a sub-fund under this section will be subject to section 261Q of the Act (Alteration of contractual schemes and changes of operator or depositary). Termination can only commence once the proposed alterations to the contractual scheme deed and prospectus have been notified to the FCA in writing and permitted to take effect. On termination, the assets of a sub-fund will normally be realised, and the unitholders in the sub-fund will receive their respective share of the proceeds net of liabilities and the expenses of the termination.

(4) An ACS or a sub-fund of a co-ownership scheme may also be wound up or terminated in connection with a scheme of arrangement. The requirements of section 261Q also apply in relation to a proposal that an ACS or a sub-fund of a co-ownership scheme be involved in a scheme of arrangement. Unitholders will become entitled to receive units in another regulated collective investment scheme in exchange for their units.

(5) COLL 7.4A.3 G gives an overview of the main steps in winding up a solvent ACS or terminating a sub-fund of a co-ownership scheme under FCA rules, assuming FCA approval.
Special meanings in this section

(1) In this section, where a sub-fund of a co-ownership scheme is being terminated, references to:
   (a) units, are references to units of the class or classes related to the sub-fund to be terminated;
   (b) a resolution, or extraordinary resolution, are references to such a resolution passed at a meeting of unitholders of units of the class or classes referred to in (1);
   (c) scheme property, are references to the scheme property allocated or attributable to the sub-fund to be terminated; and
   (d) liabilities, are references to liabilities of the co-ownership scheme allocated or attributable to the sub-fund to be terminated.

(2) In this section:
   (a) a "section 261Q case" refers to:
      (i) a case where a sub-fund of a co-ownership scheme is to be terminated otherwise than in connection with a scheme of arrangement; or
      (ii) a case where an ACS or a sub-fund of a co-ownership scheme is to be wound up or terminated in connection with a scheme of arrangement;
   (b) a "section 261W case" refers to a case where an ACS is to be wound up otherwise than in connection with a scheme of arrangement.

When an ACS is to be wound up or a sub-fund of a co-ownership scheme terminated

7.4A.4 (1) Upon the happening of any of the matters or dates referred to in (3), and subject to the requirement of (4) being satisfied, and not otherwise:

(a) the authorisation order of the ACS is revoked;

(b) alterations to the co-ownership scheme's contractual scheme deed and prospectus that will be required if the sub-fund is terminated taking effect in accordance with section 261Q (Alteration of contractual schemes and changes of operator or depositary) of the Act;

(c) the passing of an extraordinary resolution winding up the ACS or terminating the sub-fund, provided the FCA's prior consent to the resolution has been obtained by the authorised contractual scheme manager or depositary;

(2) If the authorised contractual scheme manager has not previously notified unitholders of the proposal to wind up the ACS or terminate the sub-fund of the co-ownership scheme, it must as soon as practicable after winding up or termination has commenced give written notice of the commencement of the winding up or termination to the unitholders.

(3) The matters referred to in (1) are:

(a) the authorisation order of the ACS is revoked;

(b) alterations to the co-ownership scheme's contractual scheme deed and prospectus that will be required if the sub-fund is terminated taking effect in accordance with section 261Q (Alteration of contractual schemes and changes of operator or depositary) of the Act;

(c) the passing of an extraordinary resolution winding up the ACS or terminating the sub-fund, provided the FCA's prior consent to the resolution has been obtained by the authorised contractual scheme manager or depositary;
(d) in response to a request to the FCA by the authorised contractual scheme manager or the depositary for the revocation of the authorisation order, the FCA has agreed, subject to there being no material change in any relevant factor, that, on the conclusion of the winding up of the ACS, the FCA will agree to that request;

(e) the expiration of any period specified in the contractual scheme deed as the period at the end of which the ACS is to be wound up or the sub-fund is to terminate;

(f) the effective date of a duly approved scheme of arrangement, which is to result in the ACS or sub-fund that is subject to the scheme of arrangement being left with no property;

(g) in the case of a co-ownership scheme that is an umbrella, the date on which all or the last of its sub-funds fall within (f) or have otherwise ceased to hold any scheme property, notwithstanding that the co-ownership scheme may have assets and liabilities that are not attributable exclusively to any particular sub-fund.

(4) An ACS must not be wound up nor a sub-fund terminated under this section unless the requirements of both (a) and (b) are satisfied:

(a) An ACS must not be wound up nor a sub-fund terminated under this section unless and until:

(i) in a section 261Q case either:

(A) the FCA has given written approval to the proposal; or

(B) one month has passed since the authorised contractual scheme manager gave notice under section 261Q without the authorised contractual scheme manager or depositary having received from the FCA a warning notice under section 261R in respect of the proposal; or

(ii) in a section 261W case, the FCA indicates that, subject to there being no change in any relevant factor, on the conclusion of the winding up of the ACS, the FCA will agree to the request to wind up the ACS.

(b) In addition an ACS must not be wound up nor a sub-fund terminated under this section unless a statement has been prepared and sent or delivered to the FCA under COLL 7.4A.5 R (Solvency statement) and received by the FCA prior to the satisfaction of the condition in (a).

(5) This rule is without prejudice to:

(a) COLL 7.2.1 R (Requirement); or

(b) any order or direction made under section 261X (Directions) or 261Y (Applications to the court) of the Act; or

(c) any alternative method (aside from the rules in this section) of winding up a limited partnership scheme provided for by the law.

Solvency statement

(1) Either before notice is given under section 261Q of the Act or before a request is made under section 261W of the Act in relation to the proposals referred to in COLL 7.4A.4R (4), the authorised contractual
scheme manager must make a full inquiry into the ACS's (or, in the case of the termination of a sub-fund of a co-ownership scheme, the sub-fund's) affairs, business and property to establish whether the ACS or the sub-fund will be able to meet all its liabilities.

(2) The authorised contractual scheme manager must then, based on the results of this enquiry, prepare and sign a statement either:

(a) confirming that the ACS or the sub-fund of the co-ownership scheme will be able to meet all its liabilities within twelve months of the date of the statement; or

(b) stating that such confirmation cannot be given.

(3) This solvency statement must relate to the ACS's or the sub-fund's affairs, business and property at a date no more than 28 days before the date on which notice is given to the FCA under section 261Q or a request is made under section 261W.

(4) A statement which contains the confirmation under (2) must annex a statement signed by the auditor of the ACS to the effect that, in his opinion, the enquiry required by (1) has been properly made and is fairly reflected by the confirmation.

(5) The solvency statement must be sent or delivered to the FCA and the depositary no later than 21 days after notice is given to the FCA in accordance with section 261Q of the Act or the request made in accordance with section 261W of the Act.

Manner of winding up or termination

(1) Where COLL 7.4A.4R(3)(f) applies, the depositary must cancel all units in issue and wind up the ACS or terminate the sub-fund of the co-ownership scheme in accordance with the approved scheme of arrangement.

(2) In any other case falling within COLL 7.4A.4R:

(a) once the ACS falls to be wound up or sub-fund terminated, the depositary must realise the scheme property;

(b) after paying out or retaining adequate provision for all liabilities payable and for the costs of the winding up or termination, the depositary must cancel all units in issue and distribute the proceeds of that realisation to the unitholders and the authorised contractual scheme manager proportionately to their respective interests in the ACS or sub-fund as at the date, or the date of the relevant event referred to in COLL 7.4A.4R; and

(c) any unclaimed net proceeds or other cash (including unclaimed distribution payments) held by the depositary after one year from the date on which they became payable must be paid by the depositary into court (or, in Scotland, as the court may direct), subject to the depositary having a right to retain any expenses properly incurred by him relating to that payment.

(3) For an ACS which is a relevant pension scheme, payments must not be made to unitholders in the ACS. The realisation proceeds must be paid by the depositary in accordance with the contractual scheme deed.
(4) Where the depositary and one or more unitholders agree, the requirement in (2) to realise the scheme property does not apply to that part of the property proportionate to the entitlement of that or those unitholders.

(5) The depositary must distribute the part of the scheme property referred to in (4) in the form of property, after making adjustments or retaining provisions as appears appropriate to the depositary for ensuring that that or those unitholders bear a proportional share of the liabilities and costs.

(6) On completion of the winding up in respect of the matters referred to in COLL 7.4A.4R (3)(c) to (g), the depositary must notify the FCA in writing and at the same time the authorised contractual scheme manager or depositary must request the FCA to revoke the relevant authorisation order.

For the purposes of this section, an ACS may be treated as having been wound up or a sub-fund of a co-ownership scheme terminated upon completion, where relevant, of all of the steps in (1) to (3):

1. payment or adequate provision being made (by the depositary after consulting the authorised contractual scheme manager) to cover the expenses relating to the winding up or termination and all liabilities of the scheme;

2. the scheme property being realised or distributed in accordance with COLL 7.4A.6R (5); and

3. the net proceeds being distributed to the unitholders named in the register on the date on which winding up or termination commenced, or provision being made in respect of the final distribution.

Duty to ascertain liabilities

1. The authorised contractual scheme manager must use all reasonable endeavours to ensure that all the liabilities of the ACS or the sub-fund of a co-ownership scheme are discharged before the completion of the winding up or termination.

2. The duty in (1) relates to all liabilities of which the authorised contractual scheme manager:

   (a) is, or becomes, aware before the completion of the winding up or termination; or

   (b) would have become aware before the completion of the winding up or termination had it used all reasonable endeavours to ascertain the liabilities.

3. If the authorised contractual scheme manager rejects any claim or liability against the ACS or the sub-fund in whole or part, the authorised contractual scheme manager must immediately send to the claimant written notice of its reasons for doing so.
Accounting and reports during winding up or termination

7.4A.9 R

(1) [deleted]

(2) [deleted]

(3) For any annual accounting period or half-yearly accounting period which begins after commencement of the winding up or termination, a copy of the long report must be supplied free of charge to any unitholder upon request.

(4) The authorised contractual scheme manager must ensure that it keeps unitholders appropriately informed about the winding up or termination, including its likely duration.

(5) The authorised contractual scheme manager must send a copy of the information required by (4) to each person who was a unitholder or the first named of joint unitholders immediately before the winding up or termination commenced, unless a final distribution has been made in accordance with ■ COL 7.4A.6R (2)(b).

(6) At the conclusion of the winding up or termination, the accounting period then running is regarded as the final annual accounting period.

(7) Within four months after the end of the final annual accounting period or the termination of the sub-fund of the co-ownership scheme, the annual reports of the authorised contractual scheme manager and depositary must be published and sent to the FCA.

(8) The authorised contractual scheme manager must, on publication of the annual long report in (7), write to each person who was a unitholder or the first named of joint unitholders immediately before the commencement of winding up or termination to inform them that the annual long report is available free of charge on request.

7.4A.10 G

(1) The effect of ■ COL 7.4A.9R is that the authorised contractual scheme manager must continue to prepare annual and half-yearly long reports and to make them available to unitholders in accordance with ■ COL 4.5.14R (Publication and availability of annual and half-yearly long report).

(2) Where there are outstanding unrealised assets, keeping unitholders appropriately informed may, for example, be carried out by providing updates to unitholders at six-monthly or more frequent intervals.

Liabilities of the authorised contractual scheme manager

7.4A.11 R

(1) Except to the extent that the authorised contractual scheme manager can show that it has complied with ■ COL 7.4A.8 R (Duty to ascertain liabilities), the authorised contractual scheme manager is personally liable to meet any liability of an ACS or a sub-fund of a co-ownership scheme, of which it is the authorised contractual scheme manager, wound up or terminated under this section (whether or not the winding up of the ACS or the termination of the sub-fund has been completed) that was not discharged before the completion of the winding up or termination.
(2) Where winding up an ACS, if the proceeds of the realisation of the assets attributable or allocated to a particular sub-fund of an umbrella co-ownership scheme are insufficient to meet the liabilities attributable or allocated to that sub-fund, the authorised contractual scheme manager must pay to the ACS, for the account of that sub-fund, the amount of the deficit, unless and to the extent that the authorised contractual scheme manager can show that the deficit did not arise as a result of any failure by the authorised contractual scheme manager to comply with the rules in COLL.

(3) The liabilities of the authorised contractual scheme manager under this rule create an accruing debt (in England and Wales in the nature of a specialty) due from it on the completion of the winding up or termination and payable upon the demand of the creditor in question (including the ACS in the circumstances described in (2)).

(4) The obligations of the authorised contractual scheme manager under this rule do not affect any other obligation of the authorised contractual scheme manager under these rules or the law.

Miscellaneous

If:

(1) during the course, or as a result, of the enquiry referred to in COLL 7.4A.5R (1) (Solvency statement), the authorised contractual scheme manager becomes of the opinion that it will not be possible to provide the confirmation referred to in (2)(a) of that rule; or

(2) after winding up or termination has commenced, the authorised contractual scheme manager becomes of the opinion that the ACS or the sub-fund of a co-ownership scheme will be unable to meet all its liabilities within twelve months of the date of the statement provided under COLL 7.4A.5R (2)(a);

the authorised contractual scheme manager must immediately present a petition or cause the ACS or sub-fund to present a petition for the winding up of the ACS or sub-fund as an unregistered company under the Insolvency Act 1986 or the Insolvency (Northern Ireland) Order 1989, as modified by the Contractual Scheme Regulations.
7.5 Schemes or sub-funds that are not commercially viable

Explanation of this section

7.5.1 (1) The FCA expects that the majority of requests it will receive for the winding up of an authorised fund (under regulation 21(1) of the OEIC Regulations or under sections 256 or 261W of the Act) or termination of a sub-fund will be from authorised fund managers and depositaries who consider that the AUT, ACS, ICVC or sub-fund in question is no longer commercially viable.

(2) It is in consumers' interests to minimise, as far as possible, the period between which the FCA receives such requests and responds to them. To assist the FCA in arriving at a quick decision, based on all the relevant factors, it would be helpful for the FCA to receive the information listed at COLL 7.5.2 G. Further information, however, may be requested by the FCA after receipt of the information, depending on the individual circumstances of the case.

Information to be provided to the FCA

7.5.2 The information referred to in COLL 7.5.1 G is listed below:

(1) the name of the authorised fund or sub-fund;
(2) the size of the authorised fund or sub-fund;
(3) the number of unitholders;
(4) whether dealing in units has been suspended;
(5) why the request is being made;
(6) what consideration has been given to the authorised fund or sub-fund entering into a scheme of arrangement with another regulated collective investment scheme and the reasons why a scheme of arrangement is not feasible;

(7) (a) whether unitholders have been informed of the intention to seek termination, winding up or revocation; and
(b) if not, when they will be informed;
(8) details of any proposed preferential switching rights offered or to be offered to unitholders;
(9) details of any proposed rebate of charges to be made to unitholders who recently purchased units;

(10) where the costs of winding up or termination will fall;

(11) the depositary’s:
   (a) statement whether having taken reasonable care it is certain that a scheme of arrangement is not feasible and explaining what steps have been considered that would result in the authorised fund or sub-fund not needing to wind up or terminate (for example, appointing a replacement authorised fund manager); and
   (b) confirmation that it will not or does not expect to qualify a report made in accordance with COLL 4.5.11 R (Report of the depositary);

(12) the preferred date for the FCA’s determination to revoke authorisation or the date for the commencement of the winding up or termination; and

(13) any additional information or material considered to be relevant to the FCA’s decision under sections 251, 256, 261Q and 261W of the Act or regulation 21 of the OEIC Regulations (as appropriate).
7.6 Schemes of arrangement

Schemes of arrangement: explanation

(1) A proposal that an authorised fund should be involved in a scheme of arrangement is subject to written notice to and approval by the FCA under section 251 of the Act (Alteration of schemes and changes of manager or trustee), section 261Q of the Act (Alteration of contractual schemes and changes of operator or depositary) or regulation 21 of the OEIC Regulations (The Authority's approval for certain changes in respect of a company). Effect cannot be given to such a change except in accordance with that section or regulation.

(2) The issue of units in exchange for assets as part of an approved scheme of arrangement is subject to:
   () COLL 6.2.5 R and COLL 6.2.6 R (Issue and cancellation of units);
   () COLL 6.2.15 R (In specie issue and redemption); and
   () COLL 7.6.2 R (Scheme of arrangement: requirements).

(3) COLL 7.6.2 R (3) to (6) apply to a domestic UCITS merger and cross-border UCITS merger. Arrangements constituting any such merger are in addition subject to the requirements of COLL 7.7 (UCITS mergers), implementing the requirements of the UCITS Directive.

Schemes of arrangement: requirements

(1) If a scheme of arrangement is entered into in relation to an authorised fund ("transferor fund") or a sub-fund of a scheme which is an umbrella ("transferor sub-fund"), an authorised fund manager must ensure that the unitholders of the transferor fund or sub-fund do not become unitholders of units in a collective investment scheme other than a regulated collective investment scheme.

(2) For a UCITS scheme or a sub-fund of a UCITS scheme, (1) applies as if the reference to a regulated collective investment scheme also excludes any recognised scheme other than a scheme recognised under section 264 of the Act (Schemes constituted in other EEA States).

(3) Where, for the purpose of a scheme of arrangement, it is proposed that scheme property of an authorised fund should become the property of another regulated collective investment scheme or sub-fund of a regulated collective investment scheme, the proposal must not be implemented without the sanction of an extraordinary
resolution of the unitholders in the authorised fund, unless (4) applies.

(4) Where, for the purposes of a scheme of arrangement, it is proposed that scheme property attributable to a sub-fund of an umbrella should become the property of another regulated collective investment scheme or of another sub-fund of a regulated collective investment scheme (whether or not of that umbrella), the proposal must not be implemented without the sanction of:

(a) an extraordinary resolution of the unitholders in the sub-fund of that umbrella; and

(b) (unless implementation of the scheme of arrangement is not likely to result in any material prejudice to the interests of the unitholders in any other sub-fund of that umbrella) an extraordinary resolution of the unitholders of units in that umbrella.

(5) If it is proposed that an authorised fund or sub-fund of an umbrella should receive property (other than its first property) as a result of a scheme of arrangement (or an arrangement equivalent to a scheme of arrangement) which is entered into by some other collective investment scheme or sub-fund, or by a body corporate, the proposal must not be implemented without the sanction of an extraordinary resolution of the unitholders in the authorised fund or (as the case may be) of the class or classes of units related to the sub-fund unless (6) applies.

(6) This paragraph (6) applies if the directors of the ICVC or the authorised fund manager and depositary of the AUT or ACS agree that the receipt of the property concerned for the account of the ICVC, AUT or ACS:

(a) is not likely to result in any material prejudice to the interests of the unitholders of the authorised fund;

(b) is consistent with the objectives of the authorised fund or sub-fund; and

(c) could be effected without any breach of a rule in COLL 5(Investment and borrowing powers).
7.7 UCITS mergers

Application

7.7.1 This section applies to an ICVC, an authorised fund manager of an AUT, ACS or ICVC, any other director of an ICVC and the depositary of any such scheme where, in each case, the AUT, ACS or ICVC is a UCITS scheme that is a party to:

(1) a domestic UCITS merger; or

(2) a cross-border UCITS merger.

7.7.2 (1) The effect of COLL 7.7.1 R, and in particular the narrow Glossary definition of domestic UCITS merger which is drafted in accordance with article 2.1(r) of the UCITS Directive, is that this section will not apply to a merger in the United Kingdom between two or more UCITS schemes unless one of them has been the subject of a UCITS marketing notification.

(2) For arrangements to constitute a cross-border UCITS merger, at least two of the relevant UCITS must be:

(a) established in different EEA States; or

(b) established in the same EEA State and be merging into a newly constituted UCITS established in another EEA State.

References to a UCITS scheme

7.7.3 In this section references to:

(1) a UCITS scheme, a merging UCITS, a receiving UCITS or to an EEA UCITS scheme include the sub-fund of any such scheme;

(2) the management company of an EEA UCITS scheme are to the operator of the scheme.

[Note: article 37 of the UCITS Directive]

UCITS mergers

7.7.4 A domestic UCITS merger between two or more UCITS schemes, or a cross-border UCITS merger between one or more UCITS schemes which is or are the merging UCITS and one or more EEA UCITS schemes, is permissible provided:
(1) it is effected in accordance with the requirements of:
   (a) the UCITS Regulations 2011, which include the need for the FCA to have made a prior order approving the proposed merger (which may be made subject to (2)); and
   (b) this chapter; and

(2) in the case of a UCITS scheme that is:
   (a) a merging UCITS in a domestic or cross-border UCITS merger, an extraordinary resolution is approved by unitholders in accordance with COLL 7.6.2 R (3) and (4) (Schemes of arrangement: requirements); and
   (b) a receiving UCITS in a domestic or cross-border UCITS merger, the authorised fund manager and depositary of the AUT or ACS and the directors of the ICVC comply with COLL 7.6.2 R (5) and (6).

[Note: articles 39(1), 39(4) and 44 first paragraph of the UCITS Directive]

Meetings of unitholders

7.7.5 (1) The effect of COLL 7.7.4 R (2)(a) is that the 75% majority that is needed in support for an extraordinary resolution of unitholders to be passed is without prejudice to the presence quorum that is required by COLL 4.4.6 R (Quorum).

(2) Any meeting of unitholders that is needed to give effect to a proposed UCITS merger is subject to the requirements of COLL 4.4 (Meeting of unitholders and service of notices).

UCITS Regulations 2011

7.7.6 (1) The requirements and the process which must be followed to give effect to a proposal for a UCITS merger as specified by Chapter VI of the UCITS Directive (see articles 37 to 48) have been implemented in the United Kingdom by the provisions of Part 4 of the UCITS Regulations 2011. The main features of the regime as set out in those provisions include:

(a) the different types of merger operation that will be recognised for a UCITS merger;

(b) the need for the FCA to give prior approval to the proposed merger under regulation 9 (Application for authorisation) of the UCITS Regulations 2011, where the arrangements proposed constitute either:
   (i) a domestic UCITS merger; or
   (ii) a cross-border UCITS merger in which the merging UCITS is a UCITS scheme (a UK UCITS);

(c) the information that has to be given to the FCA in order to obtain the approval under (b);

(d) the need for draft terms of merger to be prepared;

(e) the role of the relevant depositaries and auditors;

(f) the need for appropriate and accurate information to be prepared for the benefit of unitholders;
(g) rights of redemption and suspension of dealing in units in the relevant UCITS; and
(h) the consequences of the proposed merger.

(2) Firms are advised that they do not need to seek approval from the FCA under section 251 (Alteration of schemes and changes of manager or trustee) or 261Q (Alteration of contractual schemes and changes of operator or depositary) of the Act or, as the case may be, regulation 21 (The Authority’s approval for certain changes in respect of a company) of the OEIC Regulations where they are required to obtain the prior approval of the FCA to a proposed merger under regulation 9 of the UCITS Regulations 2011.

(3) [deleted]

Common draft terms of merger

7.7.7 (1) The authorised fund manager of a UCITS scheme that is a merging UCITS or a receiving UCITS in a proposed UCITS merger, must in conjunction with any other authorised fund manager or, as the case may be, management company of an EEA UCITS scheme that is a party to the proposed merger, draw up common draft terms of the proposed UCITS merger.

(2) The common draft terms in (1) must set out the following particulars:
(a) an identification of the type of UCITS merger and of the UCITS involved;
(b) the background to and the rationale for the proposed UCITS merger;
(c) the expected impact of the proposed UCITS merger on the unitholders of both the merging UCITS and the receiving UCITS;
(d) the criteria adopted for valuation of the assets and, where applicable, the liabilities of the UCITS on the date for calculating the exchange ratio as referred to in regulation 13 (Consequences of a merger) of the UCITS Regulations 2011;
(e) the calculation method of the exchange ratio;
(f) the planned effective date of the UCITS merger;
(g) the rules applicable respectively to the transfer of assets and the exchange of units; and
(h) in the case of a UCITS merger where the receiving UCITS or the sub-fund is being specially formed for the purpose, the instrument constituting the fund of the newly constituted receiving UCITS.

[Note: article 40(1) of the UCITS Directive]

7.7.8 The management companies of the merging UCITS and the receiving UCITS may decide to include further items in the common draft terms of the UCITS merger.

[Note: article 40(2) of the UCITS Directive]
Verification by the depositary

7.7.9  
The depositary of a UCITS scheme that is either a merging UCITS or a receiving UCITS in a proposed UCITS merger must verify that the statements in the common draft terms of merger required under COLL 7.7 R (2)(a), (f) and (g), to the extent they relate to the scheme for which it is the depositary, conform with the provisions of the regulatory system and the instrument constituting the fund.

[Note: article 41 of the UCITS Directive]

Information to be given to unitholders

7.7.10  
(1) The authorised fund manager of a UCITS scheme that is a merging UCITS or a receiving UCITS in a proposed UCITS merger must ensure that a document containing appropriate and accurate information on the merger is provided to the unitholders of that scheme so as to enable them to:

(a) make an informed judgment about the impact of the proposal on their investment;

(b) exercise their rights under regulation 12 (Right of redemption) of the UCITS Regulations 2011; and

(c) where applicable, exercise their right to vote on whether or not to approve the merger in accordance with COLL 7.7.4 R (2)(a) (UCITS mergers).

(2) Where a UCITS scheme is the merging UCITS in a domestic UCITS merger or cross-border UCITS merger, its authorised fund manager must provide the information document in (1):

(a) to the unitholders of the merging UCITS and (in the case of a domestic UCITS merger) the receiving UCITS only after the FCA has given its approval to the UCITS merger proposal under regulation 9 of the UCITS Regulations 2011; and

(b) where the receiving UCITS (in the case of a cross-border UCITS merger) is an EEA UCITS scheme, to the unitholders of that scheme only after the Home State regulator of each merging UCITS has authorised the UCITS merger proposal under national measures implementing article 39 of the UCITS Directive;

and in either case must do so

at least 30 days before the last date by which unitholders may request repurchase or redemption of their units or, where applicable, conversion without additional charge.

(3) The information document to be provided to the unitholders of the merging UCITS and the receiving UCITS under (1) must include the following:

(a) the background to and the rationale for the proposed UCITS merger;

(b) the possible impact of the proposed UCITS merger on unitholders, including but not limited to any material differences in respect of investment policy and strategy, costs, expected outcome, periodic reporting, possible dilution in performance, and, where relevant, a prominent warning to investors that their tax treatment may be changed following the UCITS merger;
(c) any specific rights unitholders have in relation to the proposed UCITS merger, including but not limited to:

(i) the right to obtain additional information;

(ii) the right to obtain a copy of the report of the independent auditor or the depositary on request prepared for the purposes of regulation 11 of the UCITS Regulations 2011 or, if applicable, the equivalent national implementing measure of the UCITS Home State;

(iii) the right to request the repurchase or redemption or, where applicable, the conversion of their units without charge under regulation 12 of the UCITS Regulations 2011 or, if applicable, the equivalent national implementing measure of the UCITS Home State; and

(iv) the last date for exercising that right;

(d) the relevant procedural aspects and the planned effective date of the merger; and

(e) a copy of the key investor information of the receiving UCITS.

(4) If a UCITS marketing notification in respect of the merging UCITS or receiving UCITS has been made, the information document referred to in (3) must be provided in the official language, or one of the official languages, of the relevant Host State in which units of the UCITS scheme are to be marketed, or in a language approved by its Host State regulator. The authorised fund manager of the relevant UCITS scheme must provide an accurate translation of the information document.

[Note: article 43(1), 43(2), 43(3) and 43(4) of the UCITS Directive]

General rules regarding the content of merger information to be provided to unitholders

(1) The information document that must be provided to unitholders under COLL 7.7.10 R (Information to be given to unitholders) by the authorised fund manager of a UCITS scheme must be written in a concise manner and in non-technical language.

(2) In the case of a proposed cross-border UCITS merger, the authorised fund manager of the UCITS scheme, being either the merging UCITS or the receiving UCITS respectively, must explain in plain language any terms or procedures relating to the EEA UCITS scheme which differ from those commonly used in the United Kingdom.

(3) The information to be provided to the unitholders of the merging UCITS must meet the needs of investors who have no prior knowledge of the features of the receiving UCITS or of the manner of its operation, drawing their attention to the key investor information of the receiving UCITS and emphasising the desirability of reading it.

(4) The information to be provided to the unitholders of the receiving UCITS must focus on the operation of the merger and its potential impact on the receiving UCITS.

[Note: article 3 of the UCITS implementing Directive No 2]
(1) The information provided to unitholders under § COLL 7.7.10 R and § COLL 7.7.13 R on any proposed merger should reflect the different needs of the unitholders of the merging UCITS and the receiving UCITS and assist their understanding of what is being proposed.

8.1 Introduction

Application

8.1.1 R (1) This chapter applies to:
(a) an authorised fund manager of an AUT, ACS or an ICVC;
(b) any other director of an ICVC;
(c) a depositary of an AUT, ACS or an ICVC; and
(d) an ICVC,
which is a qualified investor scheme.

(2) Where this chapter refers to rules in any other chapter of this sourcebook, those rules and any relevant guidance should be applied as if they referred to qualified investor schemes.

Purpose

8.1.2 G (1) This chapter assists in achieving the statutory objective of protecting consumers by providing an appropriate degree of protection in respect of authorised funds that are only intended for investors that are, in general, prepared to accept a higher degree of risk in their investments or have a higher degree of experience and expertise than investors in retail schemes.

(2) This section ceases to apply where a qualified investor scheme has converted to be authorised as a UCITS scheme or a non-UCITS retail scheme.

Qualified investor schemes: eligible investors

8.1.3 R (1) Subject to (3), the authorised fund manager of a qualified investor scheme must take reasonable care to ensure that ownership of units in that scheme is recorded in the register only for a person to whom such units may be promoted under COBS 4.12.4R.

(2) The authorised fund manager will be regarded as complying with (1) and (3) to the extent that it can show that it was reasonable for it to rely on relevant information provided by another person.

(3) In addition to (1), the authorised contractual scheme manager of a qualified investor scheme which is an ACS must take reasonable care to ensure that ownership of units in that scheme is only recorded in the register for a person that meets the criteria set out in COLL 8 Annex 2 R (ACS Qualified Investor Schemes: eligible investors).
Qualified investor schemes - explanation

8.1.4

(1) Qualified investor schemes are authorised funds which are intended only for professional clients and for retail clients who are sophisticated investors. For this reason, qualified investor schemes are subject to a restriction on promotion under COBS 4.12.3 R. See also COBS 4.12.13 G.

(1A) The authorised contractual scheme manager of a qualified investor scheme which is an ACS must take reasonable care to ensure that subscription in relation to the units of this type of scheme should only be in relation to a person to whom such units may be promoted under COBS 4.12.4 R and who also meets the criteria in COLL 8 Annex 2.

(2) Accordingly, qualified investor schemes have a more relaxed set of rules governing their operation and in particular their investment powers than for retail schemes. A qualified investor scheme is essentially a mixed asset type of scheme where different types of permitted asset may be included as part of the scheme property, depending on the investment objectives and policy of that scheme and within any restrictions in the rules.

Application and notification procedures

8.1.5

Details of the application procedures in respect of qualified investor schemes are contained in COLL 2.1 (Authorised fund applications). COLLG provides details on how notifications may be made to the FCA.

8.2.2 R A qualified investor scheme may issue such classes of unit as are set out in the instrument constituting the fund, provided the rights of any class are not unfairly prejudicial as against the interests of the unitholders of any other class of units in that scheme.

Names of schemes, sub-funds, and classes of units

8.2.3 R (1) The authorised fund manager must ensure that the name of the scheme, a sub-fund or a class of unit is not undesirable or misleading.

(2) [deleted]

Undesirable and misleading names

8.2.4 G COLL 6.9.6 G (Undesirable or misleading names) contains guidance as to names which may be undesirable or misleading.

Instrument constituting the fund

8.2.5 R The statements and provisions required by COLL 8.2.6 R must be included in the instrument constituting the fund of a qualified investor scheme.

Pre-sale information to be made available on securities financing transactions and total return swaps

8.3.4A The Securities Financing Transactions Regulation sets out the additional information which an authorised fund manager who is a full-scope UK AIFM of a qualified investor scheme must make available to investors before they invest.

(3) Alterations affecting only a particular sub-fund or class of units may be approved in accordance with (1) or (2) for the particular sub-fund or class of units, with the consent of, or, as the case may be, notice to, the relevant unitholders.

(4) This rule and COLL 8.3.8 R (Meetings) will apply (unless the context requires otherwise) to alterations concerning unitholders of a particular sub-fund or class of units rather than the scheme or sub-fund as a whole.

**Alterations to the scheme and notices to Unitholders: guidance**

8.3.7 G

Although account should be taken of the guidance on fundamental changes (COLL 4.3.5 G (Guidance on fundamental changes)) and significant changes (COLL 4.3.7 G (Guidance on significant changes)) the impact of any change to the scheme should be assessed individually based on the nature of the scheme and its investor profile.

### Application

**8.4.1 R**

(1) Subject to (1A), this section applies to an ICVC which is a qualified investor scheme and an authorised fund manager and a depositary of a qualified investor scheme.

(1A) Other than COLL 8.4.2, COLL 8.4.4CG, COLL 8.4.7R, COLL 8.4.8R and COLL 8.4.9AG this section does not apply where the qualified investor scheme in question is a regulated money market fund.

**8.4.1A R**

(1) Where this section refers to a second scheme, and the second scheme is a feeder scheme, which (in respect of investment in units in collective investment schemes) is dedicated to units in a single collective investment scheme, the reference in this section to the second scheme must be read as if it were a reference to any scheme into which the feeder scheme’s master scheme invests.

(2) Where this section refers to a second scheme, and the second scheme is a master scheme to which (in respect of investment in units in collective investment schemes) the relevant qualified investor scheme is dedicated, the reference in this section to the second scheme must be read as if it were a reference to any scheme into which that master scheme invests.

### Spread of risk

**8.4.2 R**

An authorised fund manager must take reasonable steps to ensure that the scheme property of a qualified investor scheme provides a spread of risk, taking into account the investment objectives and policy of the scheme as stated in the most recently published prospectus, and in particular, any investment objective as regards return to the unitholders (whether through capital appreciation or income or both).

### Investment powers: general

**8.4.3 R**

(1) The scheme property of a qualified investor scheme may, subject to the rules in this chapter, comprise any assets or investments to which it is dedicated.

(2) The instrument constituting the fund and the prospectus may further restrict:

(a) the kinds of assets in which the scheme property may be invested;
(b) the types of transactions permitted and any relevant limits; and
(c) the borrowing powers of the scheme.

Qualified investor schemes: general

The scheme property of a qualified investor scheme must, except where otherwise provided by the rules in this chapter, consist only of one or more of the following to which it is dedicated:

1. any specified investment:
   (a) within articles 74 to 86 of the Regulated Activities Order; and
   (b) within article 89 (Rights to or interests in investments) of the Regulated Activities Order where the right or interest relates to a specified investment within (a);

2. an interest in an immovable under COLL 8.4.11 R (Investment in property);

3. precious metals; or

4. a commodity contract traded on an RIE or a recognised overseas investment exchange.

Money market funds

[deleted]

[deleted]

Investment powers and limits for qualified investor schemes that are regulated money market funds are set out in the Money Market Funds Regulation. Subject to complying with that Regulation, the instrument constituting the fund may further restrict:

1. the kinds of assets in which the scheme property may be invested;

2. the types of transactions permitted and any relevant limits; and

3. the borrowing powers of the scheme.

Investment in collective investment schemes

1. A qualified investor scheme may invest in units in a scheme (a ‘second scheme’) only if the second scheme is:
   (a) a regulated collective investment scheme; or
   (b) a scheme not within (a) where the authorised fund manager has taken reasonable care to determine that:
      (i) it is the subject of an independent annual audit conducted in accordance with international standards on auditing;
(ii) the calculation of the net asset value of each of the second schemes and the maintenance of their accounting records is segregated from the investment management function;

(iii) (unless it is a master scheme to whose units the relevant qualified investor scheme is dedicated) it is prohibited from investing more than 15% of its value in units of schemes or, if there is no such prohibition, the qualified investor scheme’s authorised fund manager is satisfied, on reasonable grounds and after making all reasonable enquiries, that no such investment will be made; and

(iv) it operates in accordance with the principle of risk spreading as described in COLL 8.4.2 R.

(2) A qualified investor scheme must not invest more than 20% in value of the scheme property in units in second schemes which are unregulated schemes or qualified investor schemes unless the authorised fund manager has carried out appropriate due diligence on each of the second schemes and has taken reasonable care to determine that, after making all reasonable enquiries and on reasonable grounds, the second scheme complies with relevant legal and regulatory requirements.

(3) The authorised fund manager of a qualified investor scheme with more than 20% in value of the scheme property invested in one or more second schemes which are unregulated schemes or qualified investor schemes must carry out appropriate due diligence on those schemes on an ongoing basis.

Investment in a collective investment scheme that is an umbrella

Where the second scheme in COLL 8.4.5 R is an umbrella, the provisions apply to each sub-fund as if it were a separate scheme.

(1) The guidance at COLL 5.7.11 G applies to an authorised fund manager of a qualified investor scheme carrying out due diligence for the purpose of COLL 8.4.5 R, as if that guidance related to COLL 8.4.5 R.

(2) Where COLL 5.7.11G (10) refers to COLL 6.3 (Valuation and pricing), that reference should be read as if it were a reference to COLL 8.5.9 R (Valuation, pricing and dealing).

(3) In addition to the guidance at COLL 5.7.11 G the authorised fund manager should, as part of its due diligence process, consider whether the property of each of the second schemes is held in safekeeping by a third party, which is subject to prudential regulation and independent of the investment manager of the second scheme and, if not, what controls over the property of the second scheme are in place to protect investors.
### Delivery of property under a transaction in derivatives or a commodities contract

**8.4.6**

1. An **authorised fund manager** must take reasonable care to determine the following when entering into any transaction in derivatives or any commodity contract which may result in any asset becoming part of the **scheme property**:
   
   (a) if it is an asset in which the **scheme property** could be invested, that the transaction:
      
      (i) can be readily closed out; or
      
      (ii) would at the expected time of delivery relate to an asset which could be included in the **scheme property** under the rules in this chapter; or
   
   (b) in any other case that the transaction can be readily closed out.

2. An **authorised fund manager** may acquire an asset within (1) if its determination has proved incorrect and if it determines that acquisition is in the interests of the **unitholders**, provided it has the consent of the **depositary**.

3. Any asset within (1) acquired in accordance with (2) may form part of the **scheme property** despite any other rule in this chapter until the position can be rectified.

### Cover for transactions in derivatives and forward transactions

**8.4.7**

1. A transaction in derivatives or a forward transaction may be entered into only if the maximum exposure, in terms of the **principal** or **notional principal** created by the transaction to which the scheme is or may be committed by another person, is covered globally under (2).

2. Exposure is globally covered if adequate cover from within the **scheme property** is available to meet the scheme’s total exposure taking into account any reasonably foreseeable market movement.

3. The total exposure relating to derivatives held in a **qualified investor scheme** may not exceed the net value of the **scheme property**.

4. No element of cover may be used more than once.

### Valuation of an OTC derivative

**8.4.7A**

A transaction in an **OTC derivative** must be capable of valuation which it will only be if the **authorised fund manager** having taken reasonable care determines that, throughout the life of the **derivative** (if the transaction is entered into), it will be able to value the **investment** concerned with reasonable accuracy:

1. on the basis of the pricing model; or
2. on some other reliable basis reflecting an up-to-date market value;

which has been agreed between the **authorised fund manager** and the **depositary**.
Continuing nature of limits and requirements

8.4.8

(1) An authorised fund manager must, as frequently as necessary to ensure compliance with COLL 8.4.7 R (2) and COLL 8.4.7 R (4), re-calculate the amount of cover required in respect of derivatives and forwards positions in existence under this chapter.

(2) Derivatives and forwards positions may be retained in the scheme property only so long as they remain covered globally under COLL 8.4.7 R.

(3) An authorised fund manager must use a risk management process enabling it to monitor and measure as frequently as appropriate the risk of a scheme's derivatives positions and their contribution to the overall risk profile of the scheme.

Permitted stock lending

8.4.9

(1) The ICVC, or the depositary at the request of the ICVC, or the depositary of an AUT or ACS at the request of the authorised fund manager, may enter into a repo contract or a stock lending arrangement within section 263B of the Taxation of Chargeable Gains Act 1992 (without extension by section 263C).

(2) The depositary must ensure that the value of any collateral, for the stock lending arrangement is at all times at least equal to the value of the securities transferred by the depositary.

(3) In the case of the expiry of validity of any collateral, the duty in (2) is satisfied if the depositary or the authorised fund manager, as appropriate, takes reasonable care to determine that sufficient collateral will be transferred by close of business on the day of expiry.

8.4.9A

The Money Market Funds Regulation sets out restrictions in relation to stock lending and repo contracts that apply in respect of regulated money market funds.

General power to borrow

8.4.10

(1) The ICVC or depositary of an AUT or ACS (on the instructions of the authorised fund manager) may borrow money for the use of the authorised fund on terms that the borrowing is to be repayable out of the scheme property.

(2) The authorised fund manager must ensure that the authorised fund's borrowing does not, on any day, exceed 100% of the net value of the scheme property and must take reasonable care to ensure that arrangements are in place that will enable borrowings to be closed out to ensure such compliance.

(3) In this rule "borrowing" also includes any arrangement (including a combination of derivatives) designed to achieve a temporary injection of money into the scheme property in the expectation that the sum will be repaid.
(4) Where the limit in (2) is breached, the authorised fund manager must take action in accordance with the principles set out in COLL 8.5.3 R (3) to COLL 8.5.3 R (5) (Duties of the authorised fund manager: investment and borrowing powers) to deal with that breach.

### Investment in property

8.4.11

(1) Any investment in land or a building held within the scheme property of a qualified investor scheme must be in an immovable within (2).

(2) For an immovable:
   
   (a) it must be situated in a country or territory identified in the prospectus;

   (b) the authorised fund manager must have taken reasonable care to determine that the title to the interest in the immovable is a good marketable title; and

   (c) the authorised fund manager of an AUT or ACS or the ICVC must have received a report from the appropriate valuer that:

      (i) contains a valuation of the interest in the immovable (with and without any relevant existing mortgage); and

      (ii) states that in the appropriate valuer's opinion the interest in the immovable would if acquired by the scheme, be capable of being disposed of reasonably expeditiously at that valuation;

   (d) unless (c) is satisfied, the authorised fund manager of an AUT or ACS or the ICVC must have received a report from an appropriate valuer valuing the interest in the immovable and stating that:

      (i) the immovable is adjacent to or in the vicinity of another immovable included in the scheme property; and

      (ii) in the opinion of the appropriate valuer, the total value of the interests in both immovables would at least equal the sum of the price payable for the interest in the immovable and the existing value of the interest in the other immovable; and

   (e) it must not be bought:

      (i) if it becomes apparent to the authorised fund manager that the report in either (c) or (d) could no longer reasonably be relied upon; or

      (ii) at a price more than 105% of the valuation relevant to the interest for that immovable in the report in either (c) or (d).

(3) Any contents of any building may be regarded as part of the relevant immovable.

(4) An appropriate valuer must be a person who:

   (a) has knowledge of and experience in the valuation of immovables of the relevant kind in the relevant area;

   (b) is qualified to be a standing independent valuer of an authorised fund or is considered by the scheme's standing independent valuer to hold an equivalent qualification;
(c) is independent of the ICVC, the depositary and each of the directors of the ICVC or of the authorised fund manager and depositary of the AUT or ACS; and

(d) has not engaged himself or any of his associates in relation to the finding of the immovable for the scheme or the finding of the scheme for the immovable.

Investment in overseas property through an intermediate holding vehicle

1. An overseas immovable may be held by a scheme through an intermediate holding vehicle whose purpose is to enable the holding of immovables by the scheme or a series of such intermediate holding vehicles, provided that the interests of unitholders are adequately protected. Any investment in an intermediate holding vehicle for the purpose of holding an overseas immovable shall be treated for the purposes of this section as if it were a direct investment in that immovable.

2. An intermediate holding vehicle must be wholly owned by the scheme or another intermediate holding vehicle or series of intermediate holding vehicles wholly owned by the scheme, unless and to the extent that local legislation or regulation relating to the intermediate holding vehicle holding the immovable requires a proportion of local ownership.

3. The authorised fund manager may transfer capital and income between an intermediate holding vehicle and the scheme by the use of inter-company debt if the purpose of this is for investment in immovables and repatriation of income generated by such investment. In using inter-company debt, the authorised fund manager should ensure the following:

(a) a record of inter-company debt is kept in order to provide an accurate audit trail; and

(b) interest paid out on the debt instruments is equivalent to the net rental income earned from the immovables after deduction of the intermediate holding vehicle's reasonable running costs (including tax).

4. An intermediate holding vehicle should undertake the purchase, sale and management of immovables on behalf the scheme in accordance with the scheme’s investment objectives and policy.

5. Wherever reasonably practicable, an intermediate holding vehicle should have the same auditor and accounting reference date as the scheme.

6. The accounts of any intermediate holding vehicle should be consolidated into the annual and interim reports of the scheme.

7. The authorised fund manager should provide sufficient information to enable the depositary to fulfil its duties under COLL in relation to the immovables held through an intermediate holding vehicle.
Investment limits for immovables

The following limits apply in respect of immovables held as part of the scheme property:

1. the amount secured by mortgages over any immovable must not exceed 100% of the latest valuation by an appropriate valuer under COLL 8.4.11 R(2)(c) or COLL 8.4.11 R(2)(d) or COLL 8.4.13 R, as appropriate;

2. no option may be granted to a person to buy or obtain an interest in any immovable comprised in the scheme property if this might unduly prejudice the ability to provide redemption; and

3. the total of all premiums paid for options to purchase immovables must not exceed 10% of the scheme value in any 12 month period, calculated at the date of the granting of the option.

Standing independent valuer and valuation

1. In relation to the appointment of a valuer the authorised fund manager must:
   (a) at the outset appoint the standing independent valuer with the approval of the depositary and likewise upon any vacancy; and
   (b) ensure that any immovables in the scheme property are valued by an appropriate valuer (standing independent valuer) appointed by the authorised fund manager.

2. The following apply in relation to the functions of the standing independent valuer:
   (a) the authorised fund manager must ensure that the standing independent valuer appointed under (1), procures the valuation of all the immovables held within the scheme property, on the basis of a full valuation with physical inspection (including, where the immovable is or includes a building, internal inspection) at least once a year;
   (b) for the purposes of (a), any inspection in relation to adjacent properties of a similar nature and value may be limited to that of only one such representative property;
   (c) the authorised fund manager must ensure that the standing independent valuer values the immovables, on the basis of a review of the last full valuation, at least once a month;
   (d) if either the authorised fund manager or the depositary becomes aware of any matter which appears likely to:
      (i) affect the outcome of a valuation of an immovable; or
      (ii) cause the valuer to decide to value under (a), instead of under (c),
   it must immediately inform the standing independent valuer of that matter;
   (e) the authorised fund manager must use its best endeavours to ensure that any other affected person reports to the standing independent valuer immediately upon that person becoming aware of any matter within (d); and
(f) any valuation by the standing independent valuer must be undertaken in accordance with UKVPS 3 and 2.3 of UKVPGA 2 of the RICS Valuation – Global Standards 2017 UK national supplement 2018 (the RICS Red Book) or, in the case of overseas immovables, on an appropriate basis but subject to any provisions of the instrument constituting the fund.

(3) In relation to immovables:

(a) any valuation under this rule has effect, until the next valuation under this rule, for the purposes of the value of immovables; and

(b) an agreement to transfer an immovable or an interest in an immovable is to be disregarded for the purpose of the valuation of the scheme property unless it reasonably appears to the authorised fund manager to be legally enforceable.

8.4.14 In considering whether a valuation of overseas immovables by the standing independent valuer is made on an appropriate basis for the purpose of COLL 8.4.13R (2)(f), the authorised fund manager should consider whether that valuation was made in accordance with internationally accepted valuation principles, procedures and definitions as set out in the International Valuation Standards published by the International Valuation Standards Committee.
8.5 Powers and responsibilities

Application

(1) Subject to (2) and (3), this section applies to an ICVC which is a qualified investor scheme and the authorised fund manager, any other directors of an ICVC and the depositary of a qualified investor scheme.

(2) COLL 8.5.9R(1) to (8) and (10) do not apply where the qualified investor scheme is a regulated money market fund.

(3) Where a qualified investor scheme is a regulated money market fund, COLL 8.5.2R and COLL 8.5.3R apply to the authorised fund manager and depositary of that scheme to the extent the provisions are consistent with the requirements of the Money Market Funds Regulation.

Functions of the authorised fund manager

(1) The authorised fund manager must manage the scheme in accordance with:
   (a) the instrument constituting the fund;
   (b) the applicable rules;
   (c) the most recently published prospectus;
   (d) for an ICVC, the OEIC Regulations; and
   (e) where applicable, the Money Market Funds Regulation.

(2) The authorised fund manager must carry out such functions as are necessary to ensure compliance with the rules that impose obligations on the authorised fund manager or ICVC, as appropriate.

(3) The authorised fund manager must:
   (a) make decisions as to the constituents of the scheme property in accordance with the investment objectives and policy of the scheme;
   (b) instruct the depositary how rights attaching to the ownership of scheme property are to be exercised;
   (c) take action immediately to rectify any breach of the pricing methodology set out in the prospectus, which must (unless the authorised fund manager determines on reasonable grounds that the breach is of minimal significance) extend to payment of money:
(i) by the authorised fund manager to unitholders and former unitholders;

(ii) by the ACD to the ICVC;

(iii) by the ICVC to the ACD;

(iv) by the authorised fund manager of the AUT or ACS to the depositary; or

(v) by the depositary; (for the account of the AUT or ACS) to the authorised fund manager;

(d) ensure where relevant that the ICVC complies with the relevant obligations imposed by, and when appropriate, exercises the relevant powers provided under, the OEIC Regulations;

(e) maintain such records as are necessary to enable the authorised fund manager or the ICVC, as appropriate, to comply with and demonstrate compliance with the rules in this sourcebook and also in the case of an ICVC, the OEIC Regulations; and

(f) maintain for a period of six years a daily record of the units held, acquired or disposed of by the authorised fund manager including the classes of such units, and of the balance of any acquisitions and disposals.

**Duties of the authorised fund manager: investment and borrowing powers**

8.5.3  

(1) An authorised fund manager may give instructions to deal in the scheme property.

(2) An authorised fund manager must avoid the scheme property being used or invested contrary to any provision in COLL 8.4 (Investment and borrowing powers).

(3) An authorised fund manager must immediately on becoming aware of any breach of COLL 8.4 take action, at its own expense, to rectify that breach.

(4) An authorised fund manager must take the action in (3) immediately, except in circumstances where doing so would not be in the best interests of unitholders, in which case the action must be taken as soon as such circumstances cease to apply.

(5) An authorised fund manager must not postpone taking action in accordance with (3) unless the depositary has given its consent.

**Duties of the ACD or the authorised contractual scheme manager of a co-ownership scheme: umbrella schemes**

8.5.3A  

Where reasonable grounds exist for an ACD of an ICVC, or an authorised contractual scheme manager of a co-ownership scheme which is an umbrella, to consider that a foreign law contract entered into by the ICVC or authorised contractual scheme manager on behalf of the co-ownership scheme may have become inconsistent with the principle of limited recourse stated in the instrument constituting the fund of the ICVC or co-ownership scheme (see COLL 8.2.6 R(2)(4A) and COLL 8.2.6 R(2)(4B)), the ACD or authorised contractual scheme manager of the co-ownership scheme must:
(1) promptly investigate whether there is an inconsistency; and

(2) if the inconsistency still appears to exist, take appropriate steps to remedy that inconsistency.

In deciding what steps are appropriate to remedy the inconsistency, the ACD or authorised contractual scheme manager of the co-ownership scheme should have regard to the best interests of the unitholders. Appropriate steps to remedy the inconsistency may include:

(1) where possible, renegotiating the foreign law contract in a way that remedies the inconsistency; or

(2) causing the ICVC or the authorised contractual scheme manager on behalf of the co-ownership scheme to exit the foreign law contract.

**Duties of the depositary**

(1) The depositary is responsible for the safekeeping of all the scheme property.

(2) The depositary must:

(a) take all steps to ensure that transactions properly entered into for the account of the scheme are completed;

(b) take all steps to ensure that instructions properly given by the authorised fund manager in respect of the exercise of rights related to scheme property are carried out;

(c) ensure that any scheme property in registered form is as soon as reasonably practicable registered in its name or that of its nominee or delegate, as appropriate;

(d) take into its custody or control all documents of title of the scheme property other than in respect of derivatives or forward transactions;

(e) ensure that any resulting benefit of a derivatives or forward transaction is received by itself in respect of the scheme;

(f) hold and deal with any income received in respect of the scheme property in accordance with COLL 8.5.15 R (Income);

(g) take reasonable care to ensure that the scheme is managed by the authorised fund manager in accordance with:

(i) COLL 8.4 (Investment and borrowing powers);

(ii) COLL 8.5.9 R (Valuation, pricing and dealing);

(iii) COLL 8.5.15 R (Income); and

(iv) where applicable, the provisions of the Money Market Funds Regulation relating to investment and borrowing powers, valuation, pricing, and dealing, and income.

(h) keep records so as to comply with the rules in this sourcebook and so as to demonstrate such compliance; and

(i) be responsible for any other duties as set out in the instrument constituting the fund.
(3) If a relevant ICVC ceases to have any directors, the depositary may act in accordance with COLL 6.5.6 R(ICVC without a director).

(4) This rule applies to the depositary of a scheme managed by a full-scope UK AIFM to the extent the provisions are consistent with the requirements of the AIFMD level 2 regulation.

[Note: Articles 88 to 90 of the AIFMD level 2 regulation make provision relating to custody and safekeeping of scheme property. The AIFMD level 2 regulation does not apply to the depositary of a qualified investor scheme managed by a small authorised UK AIFM.]

Delegation

8.5.5 R

(1) A small authorised UK AIFM (or in addition any other director in the case of an ICVC managed by a small authorised UK AIFM) may delegate any function to any person.

(2) (a) The depositary of a scheme managed by a small authorised UK AIFM has the power to delegate any function to anyone, including in the case of an ICVC a director, to assist the depositary to perform its functions.

   (b) However, it must not retain the services of the authorised fund manager or, in the case of an ICVC, any other director to perform any part of its functions of safe custody of the scheme property.

(3) Subject to any provisions of the OEIC Regulations, the delegator in (1) and (2) will not be responsible under the rules in COLL for any act or omission of the delegate provided that the delegator can show:

   (a) that it was reasonable for the delegator to obtain assistance to perform the function in question;

   (b) that the delegate was and remained competent to provide that assistance; and

   (c) that the delegator took reasonable care to ensure that the assistance was provided in a competent manner.

Delegation and responsibility for regulatory obligations

8.5.6 G

Directors of an ICVC, authorised fund managers and depositaries should also have regard to SYSC 8 (Outsourcing). SYSC 8.1.6 R states that a firm remains fully responsible for discharging all of its obligations under the regulatory system if it outsources crucial or important operational functions or any relevant services and activities.

Conflicts of interest

8.5.7 R

(1) The authorised fund manager and the depositary must ensure that any transaction in respect of the scheme property undertaken with an affected person is on terms at least as favourable to the scheme as any comparable arrangement on normal commercial terms negotiated at arm's length with an independent third party.
(2) Paragraph (1) is subject to any provision in the instrument constituting the fund and the prospectus imposing a prohibition in relation to any type of transaction.

**The register of Unitholders: AUTs or ACSs**

(1) The authorised fund manager or the depositary of an AUT or ACS (in accordance with their responsibilities as set out in the instrument constituting the fund) must maintain a register of unitholders as a document in accordance with this rule.

(2) The register must contain:
   
   a) the name and address of each Unitholder (for joint Unitholders no more than four need to be registered);
   
   b) the number of units (including fractions of a unit) of each class held by each unitholder; and
   
   c) the date on which the Unitholder was registered in the register for the units standing in his name.

(3) The authorised fund manager or the depositary of an AUT or ACS (as appropriate) must take all reasonable steps and exercise all due diligence to ensure the register is kept complete and up to date.

(4) Where relevant, the authorised fund manager must immediately notify the depositary of an AUT or ACS of any information he receives which may affect the accuracy of any entry in the register.

(5) In the case of a limited partnership scheme, unregistered units may be held by the authorised contractual scheme manager as the agent for the scheme provided the authorised contractual scheme manager is not entered in the register as the new unitholder.

**Valuation, pricing and dealing**

(1) The value of the scheme property is the net value of the scheme property after deducting any outstanding borrowings (including any capital outstanding on a mortgage of an immovable).

(2) Any part of the scheme property which is not an investment (save an immovable) must be valued at fair value.

(3) For the purposes of (2), any charges that were paid, or would be payable, on acquiring or disposing of the asset must be excluded from the value of that asset.

(4) The value of the scheme property of an authorised fund must, save as otherwise provided in this section, be determined in accordance with the provisions of the instrument constituting the fund and the prospectus, as appropriate.

(4A) [deleted]

(4B) [deleted]

(5) The scheme must have a valuation point on each dealing day.
(6) The authorised fund manager must prepare a valuation in accordance with (4) for each relevant type of unit at each relevant valuation point.

(7) The price of a unit must be calculated on the basis of the valuation in (6) in a manner that is fair and reasonable as between unitholders.

(9) The authorised fund manager must publish in an appropriate manner the price of any type of unit based on the valuation carried out in accordance with (6).

(10) The authorised fund manager must also provide on request to any unitholder at any time an estimated price for any type of unit in the scheme.

(11) The period of any initial offer and how it should end must be set out in the prospectus and must not be of unreasonable length.

Profits from dealing as principal

(1) Where an authorised fund manager:

(a) accepts instructions to sell and redeem units as principal; and

(b) is able to execute a sale instruction by selling units it has redeemed at the same valuation point, without placing its own capital at risk,

subject to (2), the AFM must not retain for its own account, or the account of any of its associates, the difference between the price at which a unit was redeemed (before deduction of any redemption charge) and the price at which the same unit was sold (after deduction of any preliminary charge). Any such difference must be allocated in a way that is fair to unitholders.

(2) In calculating the profit arising under (1), the AFM may offset any loss it incurs at the same valuation point, calculated in accordance with (3), when dealing as principal in relation to:

- a unit issued at that valuation point to fulfil a sale instruction that cannot be matched against any redeemed unit or any other unit of that class held by the manager as principal; and
- a unit redeemed and cancelled at that valuation point.

(3) The amount of the loss referred to in (2) is:

(a) for units issued in accordance with (2)(a), the difference between the issue price of a unit and the sale price of that unit, less any preliminary charge;

(b) for units cancelled in accordance with (2)(b), the difference between the cancellation price of a unit and the redemption price of that unit, before any redemption charge is applied.
(4) Where any loss arising under (2) is greater than any profit arising under (1), that loss cannot be offset against any profit arising at a subsequent valuation point.

(5) This rule applies to the redemption and sale of units of different classes at the same valuation point, if those classes are treated as one for the purpose of [COLL 8.5.10AR].

8.5.9-A [G]

(1) The authorised fund manager may commit its own capital to hold units for dealing as principal and may seek to profit from gains in the value of the units it holds, when it issues or redeems units at one valuation point then sells or cancels them at a later valuation point. However, it should not profit from situations in which it is not exposed to an equal risk of loss if the units fall in value, or from the ability to match simultaneous sales and redemptions at different prices at no risk to its own capital.

(2) The AFM may allocate any amount arising under [COLL 8.5.9-BR(1)] in the interests of investors by paying it into scheme property for the benefit of all unitholders. Alternatively, the AFM may redistribute it individually among the transacting investors.

(3) Where the AFM intends to allocate a payment to scheme property, it should determine if the amount (when added to any other amounts of the same kind relating to that class of units) would, if taken into account in the scheme's valuation, affect the accuracy of the unit prices to four significant figures. If so, and subject to (4) below, the amount should be accrued in each subsequent valuation of the scheme until the payment is transferred. Such payments into scheme property should be made regularly and no less frequently than payments for the AFM's management charge are transferred out of scheme property.

(4) The calculation to be performed under [COLL 8.5.9-BR] should be carried out in relation to each valuation point of the scheme on a timely basis. Where it is not practical to do this before unit prices are calculated and published, the AFM should ensure that the accrual represents a reasonable estimate of the total payment it intends to make to scheme property.

8.5.9A [R] [deleted]

8.5.9B [G] [deleted]

Issues and cancellations of units

8.5.10 [R]

(1) The authorised fund manager must:

(a) ensure that at each valuation point there are at least as many units in issue of any class as there are units registered to unitholders of that class; and

(b) not do, or omit anything that would, or might confer on itself a benefit or advantage at the expense of a unitholder or potential unitholder.
(2) For the purposes of (1) the authorised fund manager may take into account sales and redemptions after the valuation point, provided it has systems and controls to ensure compliance with (1).

(3) The authorised fund manager must arrange for the issue and cancellation of units and pay money or assets to or from the depositary for the account of the scheme as required by the prospectus, and, where applicable, in accordance with the Money Market Funds Regulation.

(4) The authorised fund manager must keep a record of issues and cancellations made under this rule.

(5) The authorised fund manager may arrange for the ICVC, or instruct the depositary of the AUT or ACS to issue or cancel units where the authorised fund manager would otherwise be obliged to sell or redeem the units in the manner set out in the prospectus.

(6) Where the authorised fund manager has not complied with (1), it must correct the error as soon as possible and must reimburse the scheme any costs it may have incurred in correcting the position, subject to any reasonable minimum level for such reimbursement as set out in the prospectus.

Issue and cancellation of units in multiple classes

If a qualified investor scheme has two or more classes of unit in issue, the authorised fund manager may treat any or all of those classes as one for the purpose of determining the number of units to be issued or cancelled by reference to a particular valuation point, if:

(1) the depositary gives its prior agreement; and

(2) the relevant classes:

(a) have the same entitlement to participate in, and the same liability for charges, expenses and other payments that may be recovered from, the scheme property; or

(b) differ only as to whether income is distributed or accumulated by periodic credit to capital, provided the price of the units in each class is calculated by reference to undivided shares in the scheme property.

Transfer of units in an ACS

(1) Where transfer of units in an ACS is allowed by its contractual scheme deed and prospectus in accordance with the conditions specified by FCA rules, the authorised contractual scheme manager of the ACS must take reasonable care to ensure that units are only transferred if the conditions specified by the FCA under (2) are met.

(2) The FCA specifies that for the purposes of (1), and for the purposes of COLL 8.2.6R(2)(6)(a)(vii)(B) (Table: contents of the instrument constituting the fund) and COLL 8.3.4R(5B)(2) (Table: contents of qualified investor scheme prospectus), units in the ACS may only be transferred to a person:
(a) who is a:
   (i) professional ACS investor; or
   (ii) large ACS investor; or
   (iii) person who already holds units in the scheme; and
(b) to whom units in a qualified investor scheme may be promoted under § COBS 4.12.4 R.

8.5.10C G

The FCA recognises that some transfers of units arise by operation of law (such as upon death or bankruptcy of the unitholder, or otherwise) and are accordingly outside the control of the authorised contractual scheme manager. The authorised contractual scheme manager is expected to comply with its responsibilities under § COLL 8.5.10E R (Redemption of ACS units in a QIS by an authorised contractual scheme manager) in those cases by redeeming those units.

Responsibilities of the authorised contractual scheme manager in relation to ACS units

8.5.10D R

(1) The authorised contractual scheme manager of an authorised contractual scheme which is a qualified investor scheme must take reasonable care to ensure that rights or interests in units in the scheme are not acquired by any person from or through an intermediate Unitholder in a qualified investor scheme, unless:

   (a) that person is a:
       (i) professional ACS investor; or
       (ii) large ACS investor; or
       (iii) person who already holds units in the scheme; and

   (b) units in a qualified investor scheme may be promoted to that person under § COBS 4.12.4 R.

(2) The authorised contractual scheme manager will be regarded as complying with (1) to the extent that it can show that it was reasonable for it to rely on relevant information provided by another person.

Redemption of ACS units in a QIS by an authorised contractual scheme manager

8.5.10E R

The authorised contractual scheme manager of a qualified investor scheme which is an ACS must redeem units in the scheme as soon as practicable after becoming aware that those units are vested in anyone (whether as a result of subscription or transfer of units) other than a person meeting the criteria in § COLL 8 Annex 2(1) and (2) (ACS Qualified Investor Schemes: eligible investors).

Sale and redemption

8.5.11 R

(1) The authorised fund manager must, at all times during the dealing day, be willing to effect the sale of units to any eligible investor (within any conditions in the instrument constituting the fund and the prospectus which must be fair and reasonable as between all
unitholders and potential unitholders) for whom the authorised fund manager does not have reasonable grounds to refuse such sale.

(2) The authorised fund manager must, at all times during the dealing day, effect a redemption on the request of any eligible unitholder (within any conditions in the instrument constituting the fund and the prospectus) of units owned by that unitholder, unless the authorised fund manager has reasonable grounds to refuse such redemption.

(3) On agreeing to a redemption of units within (2), the authorised fund manager must pay the full proceeds of the redemption to the unitholder within any reasonable period specified in the instrument constituting the fund or the prospectus, unless it has reasonable grounds for withholding payment.

(4) Payment of proceeds on redemption must be made by the authorised fund manager in any manner provided for in the prospectus which must be fair and reasonable as between redeeming unitholders and continuing unitholders.

Limited redemption periods

The maximum period between dealing days for a qualified investor scheme will depend on the reasonable expectations of the target investor group and the particular investment objectives and policy of the scheme. For instance, for a scheme aiming to invest in large property developments, the expectation would be that it is reasonable to have a much longer period between dealing days for liquidity reasons than for a scheme investing predominantly in listed securities.

Property Authorised Investment Funds

(1) The authorised fund manager of a property authorised investment fund must take reasonable steps to ensure that no body corporate holds more than 10% of the net asset value of that fund (the “maximum allowable”).

(1A) For the purposes of (1), a body corporate shall not be treated as holding more than the maximum allowable to the extent that:

(a) the body corporate holds units in a unit trust scheme which holds shares in the property authorised investment fund; and

(b) in their capacity as trustees of the unit trust scheme, the trustees are chargeable in the United Kingdom either to income tax or to corporation tax.

(2) Where the authorised fund manager of a property authorised investment fund becomes aware that a body corporate holds more than the maximum allowable, he must:

(a) notify the body corporate of that event;

(b) not pay any income distribution to the body corporate; and

(c) redeem or cancel the body corporate’s holding down to the maximum allowable within a reasonable time-frame.
(3) For the purpose of (2)(c), a reasonable time-frame means the time-frame which the *authorised fund manager* reasonably considers to be appropriate having regard to the interests of the *unitholders* as a whole.

8.5.12B G

Reasonable steps to monitor the maximum allowable include:

(1) regularly reviewing the register; and

(2) taking reasonable steps to ensure that *unitholders* are kept informed of the requirement that no *body corporate* may hold more than 10% of the net asset value of a *property authorised investment fund*.

**Payments**

8.5.13 R

(1) An ICVC must not incur any expense in respect of the use of any movable or immovable property unless the *scheme* is *dedicated* to such investment or such property is necessary for the direct pursuit of its business.

(2) Payments out of the *scheme property* may be made from *capital property* rather than from income, provided the basis for this is set out in the *prospectus*.

**Exemption from liability to account for profits**

8.5.14 G

Except as provided in ■ COLL 8.5.9-BR, an *affected person* is not liable to account to another *affected person* or to the *unitholders* of the *scheme* for any profits or benefits it makes or receives that are made or derived from or in connection with:

(1) *dealings* in the *units* of a *scheme*; or

(2) any transaction in *scheme property*; or

Application of assessment of value and independent director rules

8.5.16 ■ COLL 8.5.17R to ■ COLL 8.5.22R apply to an authorised fund manager (other than an EEA AIFM) of an AUT, ACS or ICVC.

Assessment of value

8.5.17 ■ (1) An authorised fund manager must conduct an assessment at least annually for each scheme it manages of whether the payments out of scheme property set out in the prospectus are justified in the context of the overall value delivered to unitholders.

(2) In carrying out the assessment required by (1), the AFM must, separately for each class of units in a scheme, consider at least the matters set out in ■ COLL 6.6.21R (Table: minimum considerations – assessment of value).

8.5.18 G The guidance in ■ COLL 6.6.22G applies to interpreting the requirements of ■ COLL 6.6.21R as applied by ■ COLL 8.5.17R.

8.5.19 E Failure by an AFM to take sufficient steps to address any instance where a scheme’s charges are not justified in the context of the overall value delivered to unitholders may be relied on as tending to establish contravention of ■ COLL 6.6A.2R, ■ COBS 2.1.1R or ■ COBS 2.1.4R as applicable.

Independent directors

8.5.20 ■ (1) An authorised fund manager must ensure that at least one quarter of the members of its governing body are independent natural persons. If the AFM’s governing body comprises fewer than eight members, the AFM must instead ensure that at least two of its members are independent natural persons.
(2) The authorised fund manager, in appointing an independent member of its governing body, must determine whether such a member is independent in character and judgement and whether there are relationships or circumstances which are likely to affect, or could appear to affect, that member’s judgement.

(3) The authorised fund manager must take reasonable steps to ensure that independent members appointed to its governing body have sufficient expertise and experience to be able to make judgements on whether the AFM is managing each scheme in the best interests of unitholders.

(4) (a) Independent members of an AFM’s governing body must be appointed for terms of no longer than five years, with a cumulative maximum duration of ten years.

(b) If an independent member is appointed to more than one governing body within an AFM’s group, the cumulative maximum duration of ten years referred to in (a) is calculated by adding the durations of each separate appointment and discounting periods during which appointments overlapped to avoid double counting.

(c) In relation to a person who served as an independent director of an AFM’s governing body before 1 October 2019, the five year term(s) and cumulative maximum duration of ten years run from that date.

(5) Independent members are not eligible for reappointment to an AFM’s governing body until five years have elapsed from the end of the ten year period referred to in (4).

(6) The terms of employment on which independent members are appointed must be such as to secure their independence.

8.5.21 G The guidance in COLL 6.6.26G applies to interpreting the requirement for independence in COLL 8.5.20R.

Allocation of responsibility for compliance to an approved person

8.5.22 R (1) An AFM must allocate responsibility for ensuring its compliance with COLL 8.5.17R, COLL 8.5.20R, and COBS 2.1.4R to an approved person.

(2) Where the chair of the AFM’s governing body is an approved person, the AFM must allocate the responsibility set out in (1) to that person.
8.6 Termination, suspension, and schemes of arrangement

Application

8.6.1 This section applies to:

(1) an authorised fund manager, the directors, and the depositary of a qualified investor scheme; and

(2) an ICVC which is a qualified investor scheme.

Termination

8.6.2 For a qualified investor scheme the provisions in COLL 7.3 to COLL 7.5 will apply as appropriate as if COLL 7 applied to qualified investor schemes.

Suspension

8.6.3 (1) The authorised fund manager may, with the prior agreement of the depositary, and must without delay, if the depositary so requires, within any parameters which are fair and reasonable in respect of all the unitholders in the scheme and which are set out in the prospectus, temporarily suspend dealings in units of the scheme, a sub-fund or a class.

(2) Any suspension within (1) must only be where the authorised fund manager has determined on reasonable grounds that there is good and sufficient reason in the interests of unitholders or potential unitholders and the authorised fund manager must have regard to the interests of all the unitholders in the scheme in reaching such an opinion.

(3) At the commencement of suspension under (1), the authorised fund manager must immediately inform the FCA of the suspension and the reasons for it.

(3A) The authorised fund manager must ensure that a notification of the suspension is made to unitholders of the authorised fund as soon as practicable after suspension commences.

(3B) The authorised fund manager and the depositary must ensure that the suspension only continues for as long as it is justified having regard to the interests of the unitholders.
(4) The suspension of *dealing* in *units* must cease, as soon as (2) no longer applies.

(4A) The *authorised fund manager* and the *depositary* must formally review the suspension at least every 28 days and inform the FCA of the results of this review and any change to the information provided in (3).

(5) The *authorised fund manager* must inform the FCA immediately of the resumption of *dealings*.

**Schemes of arrangement**

In relation to an *ICVC, ACS or an AUT* which is a *qualified investor scheme*, the provisions in [COLL 7.6 (Schemes of arrangement)] will apply as appropriate to the *authorised fund manager*, any other *directors* of the ICVC and the *depositary* as if [COLL 7.6] applied to a *qualified investor scheme* and did not exclude *unitholders* becoming *unitholders* in another *qualified investor scheme*.
ACS Qualified Investor Schemes: eligible investors

This Annex belongs to COLL 8.1.3 R and 8.1.4 G.

For the purposes of the rule on qualified investors in a qualified investor scheme which is an ACS (COLL 8.1.3R (3)), the authorised contractual scheme manager must take reasonable care to ensure that ownership of units in the scheme is only recorded in the register for a person:

(1) who is a:
   (a) professional ACS investor; or
   (b) large ACS investor; or
   (c) person who already holds units in the scheme; and

(2) to whom units in a qualified investor scheme may be promoted to that person under COBS 4.12.4 R.

(k) a copy of the latest annual report and any subsequent half-yearly report;
(l) a copy of any other document affecting the rights of participants in the scheme; and

(m) (where applicable) a copy of the key information document (see COLL 9.3.4G).

Additional information required in the prospectus for an application under section 272

9.3.2 R An operator of a scheme recognised under section 272 of the Act must ensure the prospectus:

(1) contains a statement that “Complaints about the operation of the scheme may be made to the FCA.”; and

(2) states whether or not investors in the scheme would be covered by the compensation scheme, and if so, it must state how they are covered and who they would need to contact for further information.

Preparation and maintenance of prospectus

9.3.3 R (1) An operator of a scheme which is a recognised scheme by virtue of section 272 of the Act must comply with the requirements set out in COLL 4.2 (Pre-sale notifications).

(2) Where a scheme recognised under section 272 of the Act is managed and authorised in Guernsey, Jersey, or the Isle of Man, the prospectus need not comply with the requirements of COLL 4.2.5 R (Table: contents of prospectus), providing it contains corresponding matter required under the law in its home territory.

(2) The requirements of the PRIIPs Regulation are directly applicable.

(3) As a result, when a recognised scheme under section 272 of the Act is made available to retail clients in the United Kingdom the operator must draw up a key information document in accordance with the PRIIPs Regulation.

Annual certificate of compliance

9.3.5 D (1) An operator of a scheme recognised under section 272 of the Act must provide a certificate to the FCA in writing that:

(a) sets out what steps it has taken to inform itself of any changes to the regulatory requirements for the relevant type of comparable authorised scheme taking effect during the most recent financial year of the scheme; and

(2) The certificate must be provided to the FCA no later than:

(a) one month following the publication of the annual report and accounts of the scheme; or

(1) a requirement relating to an application for recognition of the scheme under section 274(2)(c) of the Act;

(2) a direction relating to a proposed alteration of the scheme or to a change to the operator, trustee or depositary under section 277(5)(b) of the Act; or

(3) a previous certificate being provided under section 277A of the Act.

The operator of a scheme recognised under section 272 of the Act should seek advice from professionals with appropriate qualifications or professional knowledge, such as a qualified solicitor, chartered accountant or compliance consultant, before submitting the certificate to the FCA under COLL 9.3.5D.

COLL 11 : Master-feeder arrangements under the UCITS Directive

Section 11.1 : Introduction

### Purpose

11.1.3

(1) This chapter sets out:

(a) the notification requirements for a UCITS scheme to be approved as a feeder UCITS under section 283A (Master-feeder structures) of the Act; and

(b) the requirements which apply to a feeder UCITS where its master UCITS is wound up, merges with another UCITS or is divided into one or more UCITS.

(2) This chapter also ensures there is a flow of information and documents between a feeder UCITS and its master UCITS. In particular, it allows the authorised fund manager, depositary and auditor of a feeder UCITS to obtain all information and documents necessary to perform their functions.

(3) COLL 11.5 (Auditors) also imposes requirements on auditors of a master UCITS and a feeder UCITS.

---

**Note 1:** "x" means "applies", but not every paragraph in every provision referred to will necessarily apply.

**Note 2:** COLL 11.5 (with the exception of COLL 11.5.6 R) applies to auditors.
(4) In this section references to:

(a) a UCITS scheme, a feeder UCITS, a master UCITS, or EEA UCITS scheme include the sub-fund of any such scheme and references to winding up a scheme are to be read as also applying to the termination of a sub-fund; and

(b) the management company of an EEA UCITS scheme are to the operator of the scheme.
11.2 Approval of a feeder UCITS

Explanation

11.2.1 (1) Section 283A(1) (Master-feeder structures) of the Act, in implementation of article 59(1) of the UCITS Directive, provides that the operator of a UCITS scheme may not invest a higher proportion of scheme property in units of another UCITS than is permitted by rules made by the FCA implementing article 55 of the UCITS Directive, unless the investment is approved by the FCA in accordance with that section.

(2) The FCA has implemented article 55(1) of the UCITS Directive in COLL 5.2.11 R (9), which provides that not more than 20% in value of a scheme is to consist of the units of any one collective investment scheme.

Application for approval of an investment in a master UCITS

11.2.2 (1) An application for approval of an investment in a master UCITS under section 283A of the Act must be accompanied by the following documents:

(a) the instrument constituting the fund of the feeder UCITS and of the master UCITS;

(b) the prospectus and the key investor information referred to in COLL 4.7.2 R (Key investor information) of the feeder UCITS and of the master UCITS;

(c) the master-feeder agreement or the internal conduct of business rules in accordance with COLL 11.3.2R (2) (Master-feeder agreement and internal conduct of business rules);

(d) where applicable, the information to be provided to unitholders in accordance with COLL 4.8.3 R (Information to be provided to Unitholders);

(e) if the master UCITS and the feeder UCITS have different depositaries, the information-sharing agreement in accordance with COLL 11.4.1R (2) (Information-sharing agreement between depositaries); and

(f) if the master UCITS and the feeder UCITS have different auditors, the information-sharing agreement in accordance with COLL 11.5.1 R (Information-sharing agreement between auditors).

(2) Where the master UCITS is an EEA UCITS scheme, the application for approval must also be accompanied by an attestation by the master UCITS’s Home State regulator that the master UCITS:
(a) is an EEA UCITS scheme or a sub-fund of it; and
(b) fulfils the conditions set out in article 58(3)(b) and (c) of the UCITS Directive.

(3) The documents referred to in (1) and (2) must be provided in English.

[Note: article 59(3) of the UCITS Directive]
11.3 Co-ordination and information exchange for master and feeder UCITS

Authorised fund manager of a master UCITS: provision of documentation

11.3.1 The authorised fund manager of a UCITS scheme that is a master UCITS must provide the management company of its feeder UCITS with all documents and information necessary for the latter to meet its regulatory obligations under the UCITS Directive.

[Note: article 60(1) first paragraph first sentence of the UCITS Directive]

Master-feeder agreement and internal conduct of business rules

11.3.2 (1) The authorised fund manager of a UCITS scheme that is a feeder UCITS must enter into a master-feeder agreement which, at a minimum, complies with COLL 11 Annex 1 R.

(2) Where a master UCITS and a feeder UCITS are managed by the same management company, the master-feeder agreement may be replaced by internal conduct of business rules which, at a minimum, comply with COLL 11 Annex 2 R.

(3) The authorised fund manager of a feeder UCITS must not invest in units of the master UCITS in excess of the limit applicable under COLL 5.2.11 R (9) (Spread: general) (20%) until the period of 30 calendar days referred to in COLL 4.8.3 R (1) (Information to be provided to Unitholders) has elapsed and the following have become effective:

(a) the master-feeder agreement, or, if applicable under (2), the internal conduct of business rules;

(b) the information-sharing agreement of the depositaries in accordance with COLL 11.4.1R (2) (Information-sharing agreement between depositaries); and

(c) the information-sharing agreement of the auditors in accordance with COLL 11.5.1 R (Information-sharing agreement between auditors).

(4) An authorised fund manager of a feeder UCITS must make a copy of the master-feeder agreement or, where applicable, the internal conduct of business rules, available to unitholders free of charge on their request.
Where an authorised fund manager of a feeder UCITS enters into a master-feeder agreement or, if applicable, internal conduct of business rules, with the management company of an EEA UCITS scheme, references in COLL 11 Annex 1 R and COLL 11 Annex 2 R to COLL rules implementing provisions in the UCITS Directive which are the responsibility of the EEA UCITS scheme's Home State regulator should be read as referring to the corresponding provisions in the laws and regulations of that EEA State.

In relation to the requirements in COLL 11 Annex 1 R(3) and Annex 2R(2), where the dealing arrangements between a master UCITS and a feeder UCITS do not differ from those applying to all non-feeder UCITS unitholders of the master UCITS, the master-feeder agreement or the internal conduct of business rules do not have to replicate those standard dealing arrangements, but may cross-reference to the relevant parts of the prospectus of the master UCITS.

The authorised fund managers of a master UCITS and its feeder UCITS must take appropriate measures to co-ordinate the timing of their net asset value calculation and publication, including the publication of dealing prices, in order to avoid market timing in their units, preventing arbitrage opportunities.

(1) The authorised fund managers of a master UCITS and its feeder UCITS must provide that the law of a specified part of the United Kingdom applies to the agreement and that both parties agree to the exclusive jurisdiction of the courts of that part of the United Kingdom.

(2) Where the feeder UCITS and the master UCITS are established in different EEA States, the master-feeder agreement must provide that the applicable law shall be either:

(a) the law of the EEA State in which the feeder UCITS is established; or

(b) the law of the EEA State in which the master UCITS is established;

and that both parties agree to the exclusive jurisdiction of the courts of the EEA State whose law they have stipulated to be applicable to the agreement.

Avoidance of opportunities for market timing

(1) The authorised fund managers of a master UCITS and its feeder UCITS must take appropriate measures to co-ordinate the timing of their net asset value calculation and publication, including the publication of dealing prices, in order to avoid market timing in their units, preventing arbitrage opportunities.

(2) Where either the master UCITS or feeder UCITS is an EEA UCITS scheme managed by an EEA UCITS management company, the
authorised fund manager must co-ordinate with that management company.

[Note: article 60(2) of the UCITS Directive]

**Obligations of the feeder UCITS**

11.3.7 R

(1) An authorised fund manager of a feeder UCITS must monitor effectively the activity of the master UCITS.

(2) In performing this obligation, the authorised fund manager of the feeder UCITS may rely on information and documents received from the master UCITS, or where applicable, the master UCITS' management company, depositary or auditor, unless there is a reason for doubting their accuracy.

[Note: article 65(1) of the UCITS Directive]

**Inducements**

11.3.8 R

Where, in connection with an investment in the units of the master UCITS, a distribution fee, commission or other monetary benefit is received by:

(1) a feeder UCITS; or

(2) an authorised fund manager of a feeder UCITS; or

(3) any person acting on behalf of (1) or (2);

that fee, commission or other monetary benefit must be paid into the scheme property of the feeder UCITS.

[Note: article 65(2) of the UCITS Directive]

**Obligations of the master UCITS**

11.3.9 R

The authorised fund manager of a master UCITS must immediately inform the FCA of the identity of each feeder UCITS which invests in its units.

Chapter 12

Management company and product passports under the UCITS Directive
12.1 Introduction

Application

12.1.1 (1) COLL 12.1 (Introduction) - COLL 12.3 (EEA UCITS management companies) apply to:

(a) a UK UCITS management company that operates an EEA UCITS scheme; and

(b) (i) an EEA UCITS management company that acts as:

(A) (A) the authorised fund manager of an AUT or ACS; or

(B) (B) the ACD of an ICVC;

(ii) any other director of an ICVC; and

(iii) an ICVC;

that is a UCITS scheme.

(c) COLL 12.4 (UCITS product passport) applies in accordance with COLL 12.4.1 R (Application).

Purpose

12.1.2 (1) This chapter contains rules and guidance relating to the operation of the management company passport under the UCITS Directive and explains how the passporting regime applies to:

(a) a UK UCITS management company that operates an EEA UCITS scheme; and

(b) an EEA UCITS management company that acts as the authorised fund manager of an AUT, ACS or ICVC that is a UCITS scheme;

whether from a branch it establishes in an EEA State other than its Home State or under the freedom to provide cross border services.

12.1.3 Where an authorised fund manager wishes to market the units of a UCITS scheme it operates in a Host State, without establishing a branch or pursuing any other activities in that State, a management company passport is not required for those marketing activities. A UCITS marketing notification
should be made for the relevant UCITS scheme (see COLL 12.4 (UCITS product passport) in order to access the market of the Host State. The marketing must be carried on in conformity with the laws and regulations of that Host State implementing Chapter XI of the UCITS Directive.

[Note: article 16(1) second paragraph of the UCITS Directive]
12.2 UK UCITS management companies

Application

12.2.1 This section applies to a UK UCITS management company that operates an EEA UCITS scheme by establishing a branch in another EEA State or under the freedom to provide cross-border services.

References in COLL to authorised fund manager

12.2.2 Where this section refers to rules in any other part of this sourcebook, references in those rules and any relevant guidance to an authorised fund manager, AFM or operator of a UCITS scheme are to be interpreted as if they are referring to a UK UCITS management company of the EEA UCITS scheme.

Home State/Host State split of regulatory and supervisory responsibilities for UK UCITS management companies operating under a passport

12.2.3 A UK UCITS management company that operates an EEA UCITS scheme must in relation to that activity comply with the rules which relate to:

1. the organisation of the management company, including delegation arrangements;
2. risk-management procedures;
3. prudential rules and supervision;
4. operating conditions; and
5. reporting requirements.

[Note: article 19(1) of the UCITS Directive]

Arrangements and organisational decisions

12.2.4 A UK UCITS management company that operates an EEA UCITS scheme must decide and be responsible for adopting and implementing all the arrangements and organisational decisions that are necessary to ensure compliance with rules drawn up by the EEA State in which that scheme is established, in implementation of its obligations under articles 19(3) and 19(4) of the UCITS Directive.

[Note: article 19(6) of the UCITS Directive]
The FCA’s equivalent rules under articles 19(3) and 19(4) of the Directive are set out in COLL 12.3.5 R (COLL fund rules under the management company passport: the fund application rules) and COLL 6.6.3 R (Functions of the authorised fund manager).

### Rules of conduct: UK UCITS management companies operating in another Member State

1. Each EEA State, including the United Kingdom, is required to implement article 14 of the UCITS Directive by drawing up rules of conduct which management companies authorised in that State must observe at all times, except as explained in (3).

2. UK UCITS management companies operating an EEA UCITS scheme under the freedom to provide cross border services (otherwise than by establishing a branch in that State) are advised that, as provided for elsewhere in the Handbook, they are required to comply with the following rules and guidance in relation to such business, as follows:

   a. COLL 6.6A.2 R (Duties of AFMs of UCITS schemes and EEA UCITS schemes to act in the best interests of the scheme and its Unitholders);

   b. COLL 6.6A.4 R (Due diligence requirements of AFMs of UCITS schemes and EEA UCITS schemes);

   c. COLL 6.6A.5 R (Compliance with the regulatory requirements applicable to the conduct of business activities of a UCITS management company);

   d. SYSC, to the extent indicated in column A+ (Application to a management company) of Part 3 of SYSC 1 Annex 1 (Detailed application of SYSC); and

   e. COBS, to the extent indicated at paragraph 9.1 of Part 3 of COBS 1 Annex 1 (Application).

3. Rules of conduct drawn up by a Host State under article 14 of the UCITS Directive are for branch operations reserved to that State under article 17(4) of that Directive. A UK UCITS management company operating an EEA UCITS scheme from a branch in an EEA State other than the United Kingdom, should be aware that it will be expected to comply with the relevant requirements of its Host State regulator that correspond to the rules referred to at (2)(a) to (c) and (e). Further guidance on the COBS position may be found at paragraph 9 of Part 3 of COBS 1 Annex 1 (Application). As explained at paragraph 2.16AR of Part 2 of SYSC 1 Annex 1 (Detailed application of SYSC), SYSC, to the extent indicated in column A+ (Application to a management company) of Part 3 of SYSC 1 Annex 1, applies to a UK UCITS management company in relation to passported activities carried on by it from a branch in another EEA State, reflecting that responsibility for such matters is shared between the management company’s Home and Host State regulators.

[Note: articles 14, 17(4) and 18(3) of the UCITS Directive]
12.2.7 Notification to the UCITS Home State regulator

(1) A UK UCITS management company which applies to operate an EEA UCITS scheme in another EEA State is advised that it must comply with the requirements of the Host State regulator regarding provision to them of the following documents:

(a) the written contract it has entered into with the depositary of the EEA UCITS scheme, as referred to in article 22(2) of the UCITS Directive; and

(b) information on delegation arrangements (if any), regarding functions of investment management and administration which are to be delegated to a third party.

(2) If the UCITS management company already manages other UCITS of the same type in the EEA State referred to in (1), reference to the documents already provided should be sufficient.

(3) Any subsequent material modifications of the documents referred to in (1) must be notified by the UK UCITS management company to the Host State regulator.

[Note: article 20(1) and 20(4) of the UCITS Directive]

12.2.8 Requirement to make information available to the public or the competent authority of the scheme's Home Member State

A UK UCITS management company that operates an EEA UCITS scheme is advised that in accordance with the requirements of the Host State regulator it must establish appropriate procedures and arrangements to make information available at the request of the public or that regulator.

(1) An EEA UCITS management company that manages a UCITS scheme must establish appropriate procedures and arrangements to make information available at the request of the public or the FCA.

EEA UCITS management companies: compliance with FCA rules

12.3.7 An EEA UCITS management company that operates a UCITS scheme is advised that in particular it needs to comply with:

(1) COLL 6.6.3 R (Functions of the authorised fund manager) requiring it to fulfil the obligations placed on it by the instrument constituting the fund and the prospectus of that scheme;

(2) Dispute resolution: Complaints sourcebook (DISP - see DISP 1 Annex 2 G for a summary of the relevant requirements that apply, which include the complaints handling rules (under which the management company is required to be subject to the Compulsory Jurisdiction of the UK’s Financial Ombudsman Service) as set out in DISP 2 and 3, but note that the application of many of the requirements in DISP differs depending on whether the collective portfolio management services are being provided from a branch in the UK or under the freedom to provide cross border services);

(2) The effect of article 18(3) of the UCITS Directive is that an EEA UCITS management company managing a UCITS scheme under the freedom to provide cross border services without establishing a branch in the United Kingdom, has to comply with the relevant conduct of business rules drawn up by its Home State regulator that implement the requirements of article 14(1) of the Directive. (3) The requirements in this rule also apply to any changes to the information or documents referred to in (1) and (2).

[Note: articles 94(1) and 94(2) of the UCITS Directive]

12.4.6 Г The frequency of the publication of the issue, sale, cancellation, repurchase or redemption prices of units of the UCITS scheme when they are marketed in another EEA State is governed by Р COLL 6.3.11 R (Publication of prices).

[Note: article 94(3) of the UCITS Directive]

Reference to the scheme's legal form

12.4.7 Р For the purpose of pursuing its marketing activities in another Host State, an authorised fund manager of a UCITS scheme may use the same reference to the scheme's legal form (such as open-ended investment company or investment company with variable capital or authorised unit trust or, for an authorised contractual scheme, either a co-ownership scheme or a limited partnership scheme) in its designation in the Host State as is used in the United Kingdom.

(2) In this rule, where the operator of a qualifying master scheme or authorised fund manager of a qualifying master scheme requires any addition to or deduction from the consideration paid on the acquisition or disposal of units in the qualifying master scheme which is, or is equivalent in effect to, a dilution levy made in accordance with § COLL 6.3.8 R (Dilution), it is to be treated as part of the price of the units and not as part of any preliminary charge or redemption charge referred to in (1).

Avoidance of opportunities for market timing

13.2.5 R

The authorised fund manager of a feeder NURS must take appropriate measures to co-ordinate the timing of the feeder NURS’ net asset value calculation and publication with those of its qualifying master scheme, including the publication of dealing prices, in order to avoid market timing of their units, and prevent arbitrage opportunities.

Inducements

13.2.6 R

Where, in connection with an investment in the units of the qualifying master scheme, a distribution fee, commission or other monetary benefit is received by:

(1) a feeder NURS; or

(2) an authorised fund manager of a feeder NURS; or

(3) any person acting on behalf of (1) or (2);

that fee, commission or other monetary benefit must be paid into the scheme property of the feeder NURS within four business days of receipt of that fee, commission or other monetary benefit.

Obligations to Unitholders of a qualifying master scheme

13.2.7 R

Where the qualifying master scheme is a UCITS scheme or a non-UCITS retail scheme, the authorised fund manager of the qualifying master scheme must
not, if it would unfairly prejudice the interests of unitholders of the qualifying master scheme other than the feeder NURS, provide or make available information to the authorised fund manager of the feeder NURS without at the same time also providing or making available that information to the unitholders of the qualifying master scheme other than the feeder NURS.
Chapter 14

Charity authorised investment funds
14.1 Introduction

Application

14.1.1 This chapter applies to:

(1) an authorised fund manager of a charity authorised investment fund;
(2) an ICVC that is a charity authorised investment fund;
(3) the depositary of a charity authorised investment fund; and
(4) the authorised fund manager and the depositary of an authorised fund that was previously registered as a charity with the Charity Commission.

Purpose

14.1.2 This chapter sets out modifications to the rules and guidance in this sourcebook for authorised fund managers and depositaries of charity authorised investment funds.

Types of charity authorised investment fund

14.1.3 (1) A charity authorised investment fund may be:

(a) a UCITS scheme; or
(b) a non-UCITS retail scheme; or
(c) a qualified investor scheme.

(2) A charity authorised investment fund may be structured as:

(a) an authorised unit trust (AUT); or
(b) an investment company with variable capital (ICVC); or
(c) an authorised contractual scheme (ACS).
14.2 Registration with the Charity Commission

14.2.1 The authorised fund manager of a charity authorised investment fund must notify the FCA without undue delay when it receives its registration as a charity from the Charity Commission.

14.2.2 The authorised fund manager and the depositary of an authorised fund that was previously registered as a charity with the Charity Commission must notify the FCA without undue delay when it ceases to be registered as a charity with the Charity Commission.
14.3 Advisory committee

A charity authorised investment fund may have an advisory committee which is independent from the authorised fund manager and the depositary if the advisory committee has a consultative function only.

If the charity authorised investment fund has an advisory committee the authorised fund manager must ensure that:

1. the instrument constituting the fund sets out the role and responsibilities of the advisory committee; and
2. the prospectus contains at least the following information about the advisory committee:
   a. a description of its role and responsibilities;
   b. its membership;
   c. how its members are nominated and how their membership is terminated; and
   d. how meetings are called and operated, including the quorum.

If the charity authorised investment fund has an advisory committee, the authorised fund manager must ensure that on the request of the committee, the scheme’s annual long report includes a statement prepared and approved by the committee.

The statement may address matters such as:

1. how the advisory committee is discharging its role and responsibilities as set out in the instrument constituting the fund;
2. any observations the committee may have on how the authorised fund manager has carried out its functions during the annual accounting period; and
3. any other matters the committee considers of interest to the unitholders of the charity authorised investment fund.

(1) The authorised fund manager or depositary must convene a general meeting of unitholders if it receives a notice from the advisory committee of a charity authorised investment fund which:
(a) states the objects of the meeting;
(b) is dated; and
(c) is signed by or on behalf of the advisory committee.

(2) The authorised fund manager or the depositary must ensure the general meeting of the authorised fund takes place no later than eight weeks after receipt of the notice in (1).

14.3.6 The authorised fund manager and depositary of a charity authorised investment fund must keep records of any dealings with an advisory committee for at least five calendar years.
14.4 Income allocation and distribution

Income reserve account

14.4.1 As an exception to COLL 6.8.3R(3) (Income allocation and distribution), a charity authorised investment fund is not required to transfer income to a distribution account where this is allowed by COLL 14.4.2R.

14.4.2 (1) The authorised fund manager and the depositary of a charity authorised investment fund may establish an income reserve account for the scheme if this is provided for in:
   (a) the instrument constituting the fund; and
   (b) the prospectus.

(2) (a) The authorised fund manager may instruct the depositary to transfer up to 15% of the income available for allocation or distribution on an annual income allocation date to the income reserve account.

   (b) Any income transferred under (a) remains part of the income property of the scheme but is not available for allocation or distribution.

   (c) The transfer in (a) must be for the sole purpose of avoiding fluctuations in the income available for allocation or distribution for the annual accounting period.

(3) The authorised fund manager may instruct the depositary to transfer income in the income reserve account to the income account.

(4) The authorised fund manager and the depositary must treat:
   (a) any income transferred from the income reserve account to the income account as income available for allocation or distribution at the next annual income allocation date; and
   (b) any interest or other amounts earned on the income in the income reserve account as income due to the scheme.

14.4.3 The authorised fund manager of a charity authorised investment fund with an income reserve account must not allow a payment that has been allocated to income property in the first instance to be made from the capital account if that payment could be met, in whole or in part, by transferring income from the income reserve account to the income account.
14.4.4  **R**

(1) ■ COLL 14.4.1R ceases to apply if the scheme commences winding up or termination in accordance with:

(a) ■ COLL 7.3.6R (Consequences of commencement of winding up or termination) for an ICVC; or

(b) ■ COLL 7.4.3R (When an AUT is to be wound up or a sub-fund terminated) for an AUT; or

(c) ■ COLL 7.4A.4R (When an ACS is to be wound up or a sub-fund of a co-ownership scheme terminated) for an ACS.

(2) Any income in the income reserve account must be transferred to the income account as soon as practicable after the winding up or termination commences.

**Total return approach**

14.4.5  **R**

(1) The authorised fund manager and depositary of a charity authorised investment fund may adopt a total return approach to the allocation or distribution of income where this is provided for in:

(a) the instrument constituting the fund; and

(b) the prospectus.

(2) Under a total return approach the authorised fund manager may make transfers between the capital account and the income account in addition to those in ■ COLL 6.8.3R(3A)(c).

(3) The authorised fund manager and depositary must ensure that any transfer under a total return approach:

(a) is solely for the purpose of meeting the pre-determined target amount disclosed in the prospectus in accordance with ■ COLL 14.4.6R(1); and

(b) is consistent with the explanation given in the prospectus in accordance with ■ COLL 14.4.6R(2).

14.4.6  **R**

If the charity authorised investment fund has adopted a total return approach to the allocation or distribution of income, the authorised fund manager must ensure that the prospectus contains:

(1) the pre-determined target of the income available for allocation or distribution in any annual accounting period; and

(2) an explanation of how the target amount is consistent with the investment objective and policy and the distribution policy of the scheme.
COMMISSION REGULATION (EU) No 583/2010 of 1 July 2010 implementing Directive 2009/65/EC of the European Parliament and of the Council as regards key investor information and conditions to be met when providing key investor information or the prospectus in a durable medium other than paper or by means of a website (Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Directive 2009/65/EC of the European Parliament and of the Council of 13 July 2009 on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities (UCITS) (OJ L 302, 17.11.2009, p. 32), and in particular Article 75(4), Article 78(7), and Article 81(2) thereof,

Whereas:

(1) Directive 2009/65/EC specifies the main principles that should be followed in preparing and providing key investor information, including requirements concerning its format and presentation, its objectives, the main elements of the information that is to be disclosed, who should deliver the information to whom, and the methods that should be used for such delivery. Details on the content and format have been left to be developed further by means of implementing measures, which should be specific enough to ensure that investors receive the information they need in respect to particular fund structures.

(2) The form of a Regulation is justified as this form alone can ensure that the exhaustive content of key investor information is harmonised. Furthermore, a key investor information document will be more efficient where requirements applicable to it are identical in all Member States. All stakeholders should benefit from a harmonised regime on the form and content of the disclosure, which will ensure that information about investment opportunities in the UCITS' market is consistent and comparable.
(3) In some cases, key investor information can be delivered more effectively when the key investor information document is provided to investors through a website, or where the key investor information document is attached to another document when it is given to the potential investor. In these cases, however, the context in which the key investor information document appears should not undermine the key investor information document, or imply that it is an item of promotional literature or that accompanying items of promotional literature are of equal or greater relevance to the retail investor.

(4) It is necessary to ensure that the content of the information is relevant, the organisation of the information is logical and the language appropriate for retail investors. To address these concerns, this Regulation should ensure that the key investor information document is able to engage investors and aid comparisons through its format, presentation and the quality and nature of the language used. This Regulation aims to ensure consistency in the format of the document, including a common running order with identical headings.

(5) This Regulation specifies the content of the information on investment objectives and the investment policy of UCITS so that investors can easily see whether or not a fund is likely to be suitable for their needs. For this reason, the information should indicate whether returns can be expected in the form of capital growth, payment of income, or a combination of both. The description of the investment policy should indicate to the investor what the overall aims of the UCITS are and how these objectives are to be achieved. With regard to the financial instruments in which investments are to be made, only those which may have a material impact on UCITS’ performance need to be mentioned, rather than all possible eligible instruments.

(6) This Regulation lays down detailed rules on the presentation of the risk and reward profile of the investment, by requiring use of a synthetic indicator and specifying the content of narrative explanations of the indicator itself and risks which are not captured by the indicator, but which may have a material impact on the risk and reward profile of the UCITS. In applying the rules on the synthetic indicator account should be taken of the methodology for the calculation of the synthetic indicator as developed by competent authorities working within the Committee of European Securities Regulators. The management company should decide on a case-by-case basis which specific risks should be disclosed by analysing the particular characteristics of each fund, bearing in mind the need to avoid over-burdening the document with information that retail investors will find difficult to understand. In addition the narrative explanation of the risk and reward profile should be limited in size in terms of the amount of space it occupies within the key investor information document. It should be possible to have cross-references to the prospectus of the UCITS where full details of its risks are disclosed.

(7) Consistency should be ensured between the explanation of risks in the key investor information document and the management company's internal processes related to risk management, established in accordance with Commission Directive 2010/43/EU of 1 July 2010 implementing Directive 2009/65/EC of the European Parliament and the Council as regards organisational requirements, conflicts of interests, conduct of business, risk management and content of the agreement between a depositary and a management company (see page 42 of this Official Journal). For instance, so as to ensure consistency, the permanent risk management function should where appropriate be given the opportunity to review and comment on the risk and reward profile section of the key investor information document.

(8) This Regulation specifies the common format for the presentation and explanation of charges, including relevant warnings, so that investors are
appropriately informed about the charges they will have to incur and their proportion to the amount of capital actually invested into the fund. In applying these rules, account should be taken of the work on the methodology for the calculation of charges figures as developed by competent authorities working within the Committee of European Securities Regulators.

(10) It should be recognised that cross-referring to information might be useful to the investor but it is essential that the key investor information document should contain all information necessary for the investor to understand the essential elements of the UCITS. If cross-references to sources of information other than the prospectus and periodic reports are used, it should be made clear that the prospectus and periodic reports are the primary sources of additional information for investors, and the cross-references should not downplay their significance.

(11) The key investor information document should be reviewed and revised as appropriate and as frequently as is necessary to ensure that it continues to meet the requirements for key investor information specified in Articles 78(2) and 79(1) of Directive 2009/65/EC. As a matter of good practice, management companies should review the key investor information document before entering into any initiative that is likely to result in a significant number of new investors acquiring units in the fund.

(12) The form or content of key investor information may need to be adjusted to specific cases. Consequently, this Regulation tailors the general rules applicable to all UCITS so as to take into account the specific situation of certain types of UCITS, namely those having different investment compartments or share classes, those with fund of funds structures, those with master-feeder structures, and those that are structured, such as capital protected or comparable UCITS.

(13) With regard to UCITS having different share classes, there should be no obligation to produce a separate key investor information document for every such share class, so long as investors’ interests are not compromised. The details of two or more classes may be combined into a single key investor information document only where this can be done without making the document too complicated or crowded. Alternatively, a representative class may be selected, but only in cases where there is sufficient similarity between the classes such that information about the representative class is fair, clear and not misleading as regards the represented class. In determining whether the use of a representative class is fair, clear and not misleading, regard should be had to the characteristics of the UCITS, the nature of the differences represented by each class, and the range of choices on offer to each investor or group of investors.

(14) In the case of a fund of funds, the right balance is kept between the information on the UCITS that the investor invests in and its underlying collectives. The key investor information document of a fund of funds should therefore be
prepared on the basis that the investor does not wish or need to be informed in detail about the individual features of each of the underlying collectives, which in any case are likely to vary from time to time if the UCITS is being actively managed. However, in order for the key investor information document to deliver effective disclosure of the fund of funds’ objective and investment policy, risk factors, and charging structure, the characteristics of its underlying funds should be transparent.

(15) In the case of master-feeder structures, the description of the feeder UCITS’ risk and reward profile should not be materially different to that of the corresponding section in the master UCITS’ key investor information document so that the feeder can copy information from the key investor information document of the master wherever it is relevant. However, this information should be supplemented by relevant statements or duly adjusted in those cases where ancillary assets held by the feeder might modify the risk profile compared to the master, addressing the risks inherent in these ancillary assets, for instance where derivatives are used. The combined costs of investing in the feeder and the master should be disclosed to investors in the feeder.

(16) With regard to structured UCITS, such as capital protected and other comparable UCITS, the provision of prospective performance scenarios in place of past performance information is required. Prospective performance scenarios involve calculating the expected return of the fund under favourable, adverse, or neutral hypotheses regarding market conditions. These scenarios should be chosen so as to effectively illustrate the full range of possible outcomes according to the formula.

(17) Where the key investor information and the prospectus are to be provided in a durable medium other than paper or by means of a website, additional safety measures are necessary for investor protection reasons, so as to ensure that investors receive information in a form relevant to their needs, and so as to maintain the integrity of the information provided, prevent alterations that undermine its comprehensibility and effectiveness, and avoid manipulation or modification by unauthorised persons. This Regulation contains a reference to rules on durable medium laid down in the Commission Directive 2006/73/EC of 10 August 2006 implementing Directive 2004/39/EC of the European Parliament and of the Council as regards organisational requirements and operating conditions for investment firms and defined terms for the purposes of that Directive (OJ L 241, 2.9.2006, p. 26) in order to ensure the equal treatment of investors and a level playing field in financial sectors.

(18) In order to allow management companies and investment companies to adapt to the new requirements contained in this Regulation in an efficient and effective manner, the starting date of application of this Regulation should be aligned with the transposition of Directive 2009/65/EC.

(20) The measures provided for in this Regulation are in accordance with the opinion of the European Securities Committee,

HAS ADOPTED THIS REGULATION:

CONTENT OF SECTIONS OF THE KEY INVESTOR INFORMATION DOCUMENT

SECTION 1

Objectives and investment policy

Article 7

Specific contents of the description

1. The description contained in the 'Objectives and investment policy' section of the key investor information document shall cover those essential features of the UCITS about which an investor should be informed, even if these features do not form part of the description of objectives and investment policy in the prospectus, including:

   (a) the main categories of eligible financial instruments that are the object of investment;

   (b) the possibility that the investor may redeem units of UCITS on demand, qualifying that statement with an indication as to the frequency of dealing in units;
(c) whether the UCITS has a particular target in relation to any industrial, geographic or other market sectors or specific classes of assets;

(d) whether the UCITS allows for discretionary choices in regards to the particular investments that are to be made, and whether this approach includes or implies a reference to a benchmark and if so, which one;

(e) whether dividend income is distributed or reinvested.

For the purposes of point (d), where a reference to a benchmark is implied, the degree of freedom available in relation to this benchmark shall be indicated, and where the UCITS has an index-tracking objective, this shall be stated.

2. The description referred to in paragraph 1 shall include the following information, so long as it is relevant:

(a) where the UCITS invests in debt securities, an indication of whether they are issued by corporate bodies, governments or other entities, and, if applicable, any minimum rating requirements;

(b) where the UCITS is a structured fund, an explanation in simple terms of all elements necessary for a correct understanding of the pay-off and the factors that are expected to determine performance, including references, if necessary, to the details on the algorithm and its workings which appear in the prospectus;

(c) where the choice of assets is guided by specific criteria, an explanation of those criteria, such as 'growth', 'value' or 'high dividends';

(d) where specific asset management techniques are used, which may include hedging, arbitrage or leverage, an explanation in simple terms of the factors that are expected to determine the performance of the UCITS;

(e) where the impact of portfolio transaction costs on returns is likely to be material due to the strategy adopted by the UCITS, a statement that this is the case, making it also clear that portfolio transaction costs are paid from the assets of the fund in addition to the charges set out in Section 3 of this Chapter;

(f) where a minimum recommended term for holding units in the UCITS is stated either in the prospectus or in any marketing documents, or where it is stated that a minimum holding period is an essential element of the investment strategy, a statement with the following wording:

'Recommendation: this fund may not be appropriate for investors who plan to withdraw their money within [period of time]'.

3. Information included under paragraphs 1 and 2 shall distinguish between the broad categories of investments as specified under paragraphs 1(a), (c) and 2(a) and the approach to these investments to be adopted by a management company as specified under paragraphs 1(d) and 2(b), (c) and (d).

4. The 'Objectives and investment policy' section of the key investor information document may contain elements other than those listed in paragraph 2, including the description of the UCITS’ investment strategy, where these elements are necessary to adequately describe the objectives and investment policy of the UCITS.

SECTION 2

Risk and reward profile
**Article 8**

**Explanation of potential risks and rewards, including the use of an indicator**

1. The 'Risk and reward profile' section of the key investor information document shall contain a synthetic indicator, supplemented by:

   (a) a narrative explanation of the indicator and its main limitations;

   (b) a narrative explanation of risks which are materially relevant to the UCITS and which are not adequately captured by the synthetic indicator.

2. The synthetic indicator referred to in paragraph 1 shall take the form of a series of categories on a numerical scale with the UCITS assigned to one of the categories. The presentation of the synthetic indicator shall comply with the requirements laid down in Annex I.

3. The computation of the synthetic indicator referred to in paragraph 1, as well as any of its subsequent revisions, shall be adequately documented.

Management companies shall keep records of these computations for a period of not less than five years. This period shall be extended to five years after maturity for the case of structured funds.

4. The narrative explanation referred to in paragraph 1(a) shall include the following information:

   (a) a statement that historical data, such as is used in calculating the synthetic indicator, may not be a reliable indication of the future risk profile of the UCITS;

   (b) a statement that the risk and reward category shown is not guaranteed to remain unchanged and that the categorisation of the UCITS may shift over time;

   (c) a statement that the lowest category does not mean a risk-free investment;

   (d) a brief explanation as to why the UCITS is in a specific category;

   (e) details of the nature, timing and extent of any capital guarantee or protection offered by the UCITS, including the potential effects of redeeming units outside of the guaranteed or protected period.

5. The narrative explanation referred to in paragraph 1(b) shall include the following categories of risks, where these are material:

   (a) credit risk, where a significant level of investment is made in debt securities;

   (b) liquidity risk, where a significant level of investment is made in financial instruments, which are by their nature sufficiently liquid, yet which may under certain circumstances have a relatively low level of liquidity, so as to have an impact on the level of liquidity risk of the UCITS as a whole;

   (c) counterparty risk, where a fund is backed by a guarantee from a third party, or where its investment exposure is obtained to a material degree through one or more contracts with a counterparty;

   (d) operational risks and risks related to safekeeping of assets;
(e) impact of financial techniques as referred to in Article 50(1)(g) of Directive 2009/65/EC such as derivative contracts on the UCITS' risk profile where such techniques are used to obtain, increase or reduce exposure to underlying assets.

**Article 9**

**Principles governing the identification, explanation and presentation of risks**

The identification and explanation of risks referred to in Article 8(1)(b) shall be consistent with the internal process for identifying, measuring and monitoring risk adopted by the UCITS' management company as laid down in Directive 2010/43/EU. Where a management company manages more than one UCITS, the risks shall be identified and explained in a consistent fashion.

**SECTION 3**

**Charges**

**Article 10**

**Presentation of charges**

1. The 'Charges' section of the key investor information document shall contain a presentation of charges in the form of a table as laid down in Annex II.

2. The table referred to in paragraph 1 shall be completed in accordance with the following requirements:

   (a) entry and exit charges shall each be the maximum percentage which might be deducted from the investor's capital commitment to the UCITS;

   (b) a single figure shall be shown for charges taken from the UCITS over a year, to be known as the 'ongoing charges,' representing all annual charges and other payments taken from the assets of the UCITS over the defined period, and based on the figures for the preceding year;

   (c) the table shall list and explain any charges taken from the UCITS under certain specific conditions, the basis on which the charge is calculated, and when the charge applies.

**Article 11**

**Explanation of charges and a statement about the importance of charges**

1. The 'Charges' section shall contain a narrative explanation of each of the charges specified in the table including the following information:

   (a) with regard to entry and exit charges:

      (i) it shall be made clear that the charges are always maximum figures, as in some cases the investor might pay less;

      (ii) a statement shall be included stating that the investor can find out the actual entry and exit charges from their financial adviser or distributor;

   (b) with regard to 'ongoing charges', there shall be a statement that the ongoing charges figure is based on the last year's expenses, for the year ending [month/year], and that this figure may vary from year to year where this is the case.
2. The 'Charges' section shall contain a statement about the importance of charges which shall make clear that the charges an investor pays are used to pay the costs of running the UCITS, including the costs of marketing and distributing the UCITS, and that these charges reduce the potential growth of the investment.

Article 12

Additional requirements

1. All of the elements of the charging structure shall be presented as clearly as possible to allow investors to consider the combined impact of the charges.

2. Where the impact of portfolio transaction costs on returns is likely to be material due to the strategy adopted by the UCITS, this shall be stated within the 'Objectives and investment policy' section, as indicated in Article 7(2)(e).

3. Performance fees shall be disclosed in accordance with Article 10(2)(c). The amount of the performance fee charged during the UCITS’ last financial year shall be included as a percentage figure.

Article 13

Specific cases

1. Where a new UCITS cannot comply with the requirements contained in Article 10(2)(b) and Article 11(1)(b), the ongoing charges shall be estimated, based on the expected total of charges.

2. Paragraph 1 shall not apply in the following cases:

(a) for funds which charge a fixed all-inclusive fee, where instead that figure shall be displayed;

(b) for funds which set a cap or maximum on the amount that can be charged, where instead that figure shall be disclosed so long as the management company gives a commitment to respect the published figure and to absorb any costs that would otherwise cause it to be exceeded.

Article 14

Cross-referencing

The 'Charges' section shall include, where relevant, a cross-reference to those parts of the UCITS prospectus where more detailed information on charges can be found, including information on performance fees and how they are calculated.

SECTION 4

Past performance

Article 15

Presentation of past performance

1. The information about the past performance of the UCITS shall be presented in a bar chart covering the performance of the UCITS for the last 10 years.
The size of the bar chart referred to in the first subparagraph shall allow for legibility, but shall under no circumstances exceed half a page in the key investor information document.

2. UCITS with performance of less than 5 complete calendar years shall use a presentation covering the last 5 years only.

3. For any years for which data is not available, the year shall be shown as blank with no annotation other than the date.

4. For a UCITS which does not yet have performance data for one complete calendar year, a statement shall be included explaining that there is insufficient data to provide a useful indication of past performance to investors.

5. The bar chart layout shall be supplemented by statements which appear prominently and which:

(a) warn about its limited value as a guide to future performance;

(b) indicate briefly which charges and fees have been included or excluded from the calculation of past performance;

(c) indicate the year in which the fund came into existence;

(d) indicate the currency in which past performance has been calculated.

The requirement laid down in point (b) shall not apply to UCITS which do not have entry or exit charges.

6. A key investor information document shall not contain any record of past performance for any part of the current calendar year.

**Article 16**

**Past performance calculation methodology**

The calculation of past performance figures shall be based on the net asset value of the UCITS, and they shall be calculated on the basis that any distributable income of the fund has been reinvested.

**Article 17**

**Impact and treatment of material changes**

1. Where a material change occurs to a UCITS' objectives and investment policy during the period displayed in the bar chart referred to in Article 15, the UCITS' past performance prior to that material change shall continue to be shown.

2. The period prior to the material change referred to in paragraph 1 shall be indicated on the bar chart and labelled with a clear warning that the performance was achieved under circumstances that no longer apply.

**Article 18**

**Use of a benchmark alongside the past performance**

1. Where the 'Objectives and investment policy' section of the key investor information document makes reference to a benchmark, a bar showing the
performance of that benchmark shall be included in the chart alongside each bar showing the UCITS' past performance.

2. For UCITS which do not have past performance data over the required five or 10 years, the benchmark shall not be shown for years in which the UCITS did not exist.

**Article 19**

*Use of 'simulated' data for past performance*

1. A simulated performance record for the period before data was available shall only be permitted in the following cases, provided that its use is fair, clear and not misleading:

   (a) a new share class of an existing UCITS or investment compartment may simulate its performance by taking the performance of another class, provided the two classes do not differ materially in the extent of their participation in the assets of the UCITS;

   (b) a feeder UCITS may simulate its performance by taking the performance of its master UCITS, provided that one of the following conditions are met:

      (i) the feeder's strategy and objectives do not allow it to hold assets other than units of the master and ancillary liquid assets;

      (ii) the feeder's characteristics do not differ materially from those of the master.

2. In all cases where performance has been simulated in accordance with paragraph 1, there shall be prominent disclosure on the bar chart that the performance has been simulated.

3. A UCITS changing its legal status but remaining established in the same Member State shall retain its performance record only where the competent authority of the Member State reasonably assesses that the change of status would not impact the UCITS' performance.

4. In the case of mergers referred to in Article 2(1)(p)(i) and (iii) of Directive 2009/65/EC, only the past performance of the receiving UCITS shall be maintained in the key investor information document.

**SECTION 5**

*Practical information and cross-references*

**Article 20**

*Content of 'practical information' section*

1. The ‘Practical information' section of the key investor information document shall contain the following information relevant to investors in every Member State in which the UCITS is marketed:

   (a) the name of the depositary;

   (b) where and how to obtain further information about the UCITS, copies of its prospectus and its latest annual report and any subsequent half-yearly report,
stating in which language(s) those documents are available, and that they may be obtained free of charge;

(c) where and how to obtain other practical information, including where to find the latest prices of units;

(d) a statement that the tax legislation of the UCITS’ home Member State may have an impact on the personal tax position of the investor;

(e) the following statement:

‘[Insert name of investment company or management company] may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the prospectus for the UCITS.’

2. Where the key investor information document is prepared for a UCITS investment compartment, the ‘Practical information’ section shall include the information specified in Article 25(2) including on investors’ rights to switch between compartments.

3. Where applicable, the ‘Practical information’ section of the key investor information document shall state the information required about available share classes in accordance with Article 26.

Article 21

Use of cross-references to other sources of information

1. Cross-references to other sources of information, including the prospectus and annual or half-yearly reports, may be included in the key investor information document, provided that all information fundamental to the investors’ understanding of the essential elements of the investment is included in the key investor information document itself.

Cross-references shall be permitted to the website of the UCITS or the management company, including a part of any such website containing the prospectus and the periodic reports.

2. Cross-references referred to in paragraph 1 shall direct the investor to the specific section of the relevant source of information. Several different cross-references may be used within the key investor information document but they shall be kept to a minimum.

SECTION 6

Review and revision of the key investor information document

Article 22

Review of key investor information

1. A management company or investment company shall ensure that a review of key investor information is carried out at least every twelve months.

2. A review shall be carried out prior to any proposed change to the prospectus, the fund rules or the instrument of incorporation of the investment company where these changes were not subject to review as referred to in paragraph 1.
3. A review shall be carried out prior to or following any changes regarded as material to the information contained in the key investor information document.

Article 23

Publication of the revised version

1. Where a review referred to in Article 22 indicates that changes need to be made to the key investor information document, its revised version shall be made available promptly.

2. Where a change to the key investor information document was the expected result of a decision by the management company, including changes to the prospectus, fund rules or the instrument of incorporation of the investment company, the revised version of the key investor information document shall be made available before the change comes into effect.

3. A key investor information document with duly revised presentation of past performance of the UCITS shall be made available no later than 35 business days after 31 December each year.

Article 24

Material changes to the charging structure

1. The information on charges shall properly reflect any change to the charging structure that results in an increase in the maximum permitted amount of any one-off charge payable directly by the investor.

2. Where the ‘ongoing charges’ calculated in accordance with Article 10(2)(b) are no longer reliable, the management company shall instead estimate a figure for ‘ongoing charges’ that it believes on reasonable grounds to be indicative of the amount likely to be charged to the UCITS in future.

This change of basis shall be disclosed through the following statement:

‘The ongoing charges figure shown here is an estimate of the charges. [Insert short description of why an estimate is being used rather than an ex-post figure.] The UCITS’ annual report for each financial year will include detail on the exact charges made.’

CHAPTER IV

PARTICULAR UCITS STRUCTURES

SECTION 1

Investment compartments

Article 25

Investment compartments

1. Where a UCITS consists of two or more investment compartments a separate key investor information document shall be produced for each individual compartment.
2. Each key investor information document referred to in paragraph 1 shall indicate within the 'practical information' section the following information:

(a) that the key investor information document describes a compartment of a UCITS, and, if it is the case, that the prospectus and periodic reports are prepared for the entire UCITS named at the beginning of the key investor information document;

(b) whether or not the assets and liabilities of each compartment are segregated by law and how this might affect the investor;

(c) whether or not the investor has the right to exchange his investment in units in one compartment for units in another compartment, and if so, where to obtain information about how to exercise that right.

3. Where the management company sets a charge for the investor to exchange his investment in accordance with paragraph 2(c), and that charge differs from the standard charge for buying or selling units, that charge shall be stated separately in the 'Charges' section of the key investor information document.

SECTION 2

Share classes

Article 26

Key investor information document for share classes

1. Where a UCITS consists of more than one class of units or shares, the key investor information document shall be prepared for each class of units or shares.

2. The key investor information pertinent to two or more classes of the same UCITS may be combined into a single key investor information document, provided that the resulting document fully complies with all requirements as laid down in Section 2 of Chapter II, including as to length.

3. The management company may select a class to represent one or more other classes of the UCITS, provided the choice is fair, clear and not misleading to potential investors in those other classes. In such cases the 'Risk and reward profile' section of the key investor information document shall contain the explanation of material risk applicable to any of the other classes being represented. A key investor information document based on the representative class may be provided to investors in the other classes.

4. Different classes shall not be combined into a composite representative class as referred to in paragraph 3.

5. The management company shall keep a record of which other classes are represented by the representative class referred to in paragraph 3 and the grounds justifying that choice.

Article 27

Practical information section

If applicable, the 'Practical information' section of the key investor information document shall be supplemented by an indication of which class has been selected.
as representative, using the term by which it is designated in the UCITS’ prospectus.

That section shall also indicate where investors can obtain information about the other classes of the UCITS that are marketed in their own Member State.

SECTION 3

Fund of funds

Article 28

Objectives and investment policy section

Where the UCITS invests a substantial proportion of its assets in other UCITS or other collective investment undertakings as referred to in Article 50(1)(e) of Directive 2009/65/EC, the description of the objectives and investment policy of that UCITS in the key investor information document shall include a brief explanation of how the other collective undertakings are to be selected on an ongoing basis.

Article 29

Risk and reward profile

The narrative explanation of risk factors referred to in Article 8(1)(b) shall take account of the risks posed by each underlying collective undertaking, to the extent that these are likely to be material to the UCITS as a whole.

Article 30

Charges section

The description of the charges shall take account of any charges that that UCITS will itself incur as an investor in the underlying collective undertakings. Specifically, any entry and exit charges and ongoing charges levied by the underlying collective undertakings shall be reflected in the UCITS’ calculation of its own ongoing charges figure.

SECTION 4

Feeder UCITS

Article 31

Objectives and investment policy section

1. The key investor information document for a feeder UCITS, as defined in Article 58 of Directive 2009/65/EC, shall contain, in the description of objectives and investment policy, information about the proportion of the feeder UCITS’ assets which is invested in the master UCITS.

2. There shall also be a description of the master UCITS’ objectives and investment policy, supplemented as appropriate by either of the following:

   (i) an indication that the feeder UCITS’ investment returns will be very similar to those of the master UCITS; or
(ii) an explanation of how and why the investment returns of the feeder and master UCITS may differ.

Article 32

**Risk and reward profile section**

1. Where the risk and reward profile of the feeder UCITS differs in any material respect from that of the master, this fact and the reason for it shall be explained in the 'Risk and reward profile' section of the key investor information document.

2. Any liquidity risk and the relationship between purchase and redemption arrangements for the master and feeder UCITS shall be explained in the 'Risk and reward profile' section of the key investor information document.

Article 33

**Charges section**

The 'Charges' section of the key investor information document shall cover both the costs of investing in the feeder UCITS and any costs and expenses that the master UCITS may charge to the feeder UCITS.

In addition, it shall combine the costs of both the feeder and the master UCITS in the ongoing charges figure for the feeder UCITS.

Article 34

**Practical information section**

1. The key investor information document for a feeder UCITS shall contain in the 'Practical information' section information specific to the feeder UCITS.

2. The information referred to in paragraph 1 shall include:

   (a) a statement that the master UCITS' prospectus, key investor information document, and periodic reports and accounts are available to investors of the feeder UCITS upon request, how they may be obtained, and in which language(s);

   (b) whether the items listed in point (a) are available in paper copies only or in other durable media, and whether any fee is payable for items not subject to free delivery in accordance with Article 63(5) of Directive 2009/65/EC;

   (c) where the master UCITS is established in a different Member State to the feeder UCITS, and this may affect the feeder's tax treatment, a statement to this effect.

Article 35

**Past performance**

1. The past performance presentation in the key investor information document of the feeder UCITS shall be specific to the feeder UCITS, and shall not reproduce the performance record of the master UCITS.

2. Paragraph 1 shall not apply:
(a) where a feeder UCITS shows the past performance of its master UCITS as a benchmark; or

(b) where the feeder was launched as a feeder UCITS at a later date than the master UCITS, and where the conditions of Article 19 are satisfied, and where a simulated performance is shown for the years before the feeder existed, based on the past performance of the master UCITS; or

(c) where the feeder UCITS has a past performance record from before the date on which it began to operate as a feeder, its own record being retained in the bar chart for the relevant years, with the material change labelled as required by Article 17(2).

SECTION 5

Structured UCITS

Article 36

Performance scenarios

1. The key investor information document for structured UCITS shall not contain the 'Past performance' section.

For the purposes of this Section, structured UCITS shall be understood as UCITS which provide investors, at certain predetermined dates, with algorithm-based payoffs that are linked to the performance, or to the realisation of price changes or other conditions, of financial assets, indices or reference portfolios or UCITS with similar features.

2. For structured UCITS, the 'Objectives and investment policy' section of the key investor information document shall include an explanation of how the formula works or how the pay-off is calculated.

3. The explanation referred to in paragraph 2 shall be accompanied by an illustration, showing at least three scenarios of the UCITS' potential performance. Appropriate scenarios shall be chosen to show the circumstances in which the formula may generate a low, a medium or a high return, including, where applicable, a negative return for the investor.

4. The scenarios referred to in paragraph 3 shall enable the investor to understand fully all the effects of the calculation mechanism embedded in the formula.

They shall be presented in a way that is fair, clear and not misleading, and that is likely to be understood by the average retail investor. In particular, they shall not artificially magnify the importance of the final performance of the UCITS.

5. The scenarios referred to in paragraph 3 shall be based on reasonable and conservative assumptions about future market conditions and price movements.

However, whenever the formula exposes investors to the possibility of substantial losses, such as a capital guarantee that functions only under certain circumstances, these losses shall be appropriately illustrated, even if the probability of the corresponding market conditions is low.

6. The scenarios referred to in paragraph 3 shall be accompanied by a statement that they are examples that are included to illustrate the formula, and do not
represent a forecast of what might happen. It shall be made clear that the scenarios shown may not have an equal probability of occurrence.

Article 37

Length

The key investor information document for structured UCITS shall not exceed three pages of A4-sized paper when printed.

CHAPTER V

DURABLE MEDIUM

Article 38

Conditions applying to the provision of a key investor information document or a prospectus in a durable medium other than paper or by means of a website

(b) the person to whom the key investor information document or the prospectus is to be provided, when offered the choice between information on paper or in that other durable medium, specifically chooses that other medium.

2. Where the key investor information document or the prospectus is to be provided by means of a website and that information is not addressed personally to the investor, the following conditions shall also be satisfied:

(a) the provision of that information in that medium is appropriate to the context in which the business between the management company and the investor is, or is to be, carried on;

(b) the investor must specifically consent to the provision of that information in that form;

(c) the investor must be notified electronically of the address of the website, and the place on the website where the information may be accessed;

(d) the information must be up to date;

(e) the information must be accessible continuously by means of that website for such period of time as the client may reasonably need to inspect it.

3. For the purposes of this Article, the provision of information by means of electronic communications shall be treated as appropriate to the context in which the business between the management company and the investor is, or is to be, carried on if there is evidence that the investor has regular access to the Internet. The provision by the investor of an e-mail address for the purposes of the carrying on of that business shall be treated as such evidence.

SECTION 1

Objectives and investment policy

Article 7

Specific contents of the description

1. The description contained in the ‘Objectives and investment policy’ section of the NURS-KII document shall cover those essential features of the KII-compliant NURS about which an investor should be informed, even if these features do not form part of the description of objectives and investment policy in the prospectus, including:

(a) the main categories of eligible financial instruments or other classes of assets that are the object of investment;

(b) the possibility that the investor may redeem units of the KII-compliant NURS on demand, qualifying that statement with an indication as to the frequency of dealing in units;

(c) whether the KII-compliant NURS has a particular target in relation to any industrial, geographic or other market sectors or specific classes of assets;

(d) whether the KII-compliant NURS allows for discretionary choices in regards to the particular investments that are to be made, and whether this approach includes or implies a reference to a benchmark and if so, which one;

(e) whether dividend income is distributed or reinvested.

For the purposes of point (d), where a reference to a benchmark is implied, the degree of freedom available in relation to this benchmark shall be indicated, and where the KII-compliant NURS has an index-tracking objective, this shall be stated.

2. The description referred to in paragraph 1 shall include the following information, so long as it is relevant:

(a) where the KII-compliant NURS invests in debt securities, an indication of whether they are issued by corporate bodies, governments or other entities, and, if applicable, any minimum rating requirements;

(e) where the impact of portfolio transaction costs on returns is likely to be material due to the strategy adopted by the *KII-compliant NURS*, a statement that this is the case, making it also clear that portfolio transaction costs are paid from the assets of the fund in addition to the charges set out in Section 3 of this Chapter;

(f) where a minimum recommended term for holding units in the *KII-compliant NURS* is stated either in the *prospectus* or in any marketing documents, or where it is stated that a minimum holding period is an essential element of the investment strategy, a statement with the following wording:

‘Recommendation: this fund may not be appropriate for investors who plan to withdraw their money within [period of time]’.

3. Information included under paragraphs 1 and 2 shall distinguish between the broad categories of investments as specified under paragraphs 1(a), (c) and 2(a) and the approach to these investments to be adopted by an *authorised fund manager* as specified under paragraphs 1(d) and 2(b), (c) and (d).

3. The computation of the synthetic indicator referred to in paragraph 1, as well as any of its subsequent revisions, shall be adequately documented.

*Authorised fund managers* shall keep records of these computations for a period of not less than five years. This period shall be extended to five years after maturity for the case of structured funds.
4. The narrative explanation referred to in paragraph 1(a) shall include the following information:

(a) a statement that historical data, such as is used in calculating the synthetic indicator, may not be a reliable indication of the future risk profile of the **KII-compliant NURS**;

(b) a statement that the risk and reward category shown is not guaranteed to remain unchanged and that the categorisation of the **KII-compliant NURS** may shift over time;

(c) a statement that the lowest category does not mean a risk-free investment;

(d) a brief explanation as to why the **KII-compliant NURS** is in a specific category;

(e) details of the nature, timing and extent of any capital guarantee or protection offered by the **KII-compliant NURS**, including the potential effects of redeeming units outside of the guaranteed or protected period.

5. The narrative explanation referred to in paragraph 1(b) shall include the following categories of risks, where these are material:

(a) credit risk, where a significant level of investment is made in debt securities;

(b) liquidity risk, where a significant level of investment is made in immovables, or in financial instruments which are by their nature sufficiently liquid, yet which may under certain circumstances have a relatively low level of liquidity, so as to have an impact on the level of liquidity risk of the **KII-compliant NURS** as a whole;

(c) counterparty risk, where a fund is backed by a guarantee from a third party, or where its investment exposure is obtained to a material degree through one or more contracts with a counterparty;

(d) operational risks and risks related to safekeeping of assets;

(e) impact of financial techniques such as derivative contracts on the **KII-compliant NURS**' risk profile where such techniques are used to obtain, increase or reduce exposure to underlying assets.

(a) shall not include a synthetic risk and reward indicator in the ‘Risk and reward profile’ section of its **NURS-KII document**; and

(b) must instead include a full narrative disclosure of risks that are materially relevant to the fund within that section of the **NURS-KII document**;

7. Paragraph 6 will also apply to a **NURS-KII document** for a feeder **NURS** whose qualifying master scheme has a significant exposure to immovables.

Article 9

**Principles governing the identification, explanation and presentation of risks**

The identification and explanation of risks referred to in Article 8(1)(b) shall be consistent with the internal process for identifying, measuring and monitoring risk
adopted by the *authorised fund manager*. Where an *authorised fund manager* manages more than one *KII-compliant NURS*, the risks shall be identified and explained in a consistent fashion.

SECTION 3

Charges

Article 10

Presentation of charges

1. The 'Charges' section of the *NURS-KII document* shall contain a presentation of charges in the form of a table as laid down in Annex II.

2. The table referred to in paragraph 1 shall be completed in accordance with the following requirements:

   (a) entry and exit charges shall each be the maximum percentage which might be deducted from the investor's capital commitment to the *KII-compliant NURS*;

   (b) a single figure shall be shown for charges taken from the *KII-compliant NURS* over a year, to be known as the 'ongoing charges', representing all annual charges and other payments taken from the assets of the *KII-compliant NURS* over the defined period, and based on the figures for the preceding year;

   (c) the table shall list and explain any charges taken from the *KII-compliant NURS* under certain specific conditions, the basis on which the charge is calculated, and when the charge applies.

Article 11

Explanation of charges and a statement about the importance of charges

1. The 'Charges' section shall contain a narrative explanation of each of the charges specified in the table including the following information:

   (a) with regard to entry and exit charges:

      (i) it shall be made clear that the charges are always maximum figures, as in some cases the investor might pay less;

      (ii) a statement shall be included stating that the investor can find out the actual entry and exit charges from their financial adviser or distributor;

   (b) with regard to 'ongoing charges', there shall be a statement that the ongoing charges figure is based on the last year's expenses, for the year ending [month/year], and that this figure may vary from year to year where this is the case.

2. The 'Charges' section shall contain a statement about the importance of charges which shall make clear that the charges an investor pays are used to pay the costs of running the *KII-compliant NURS*, including the costs of marketing and distributing the *KII-compliant NURS*, and that these charges reduce the potential growth of the investment.

Article 12

Additional requirements
1. All of the elements of the charging structure shall be presented as clearly as possible to allow investors to consider the combined impact of the charges.

2. Where the impact of portfolio transaction costs on returns is likely to be material due to the strategy adopted by the KII-compliant NURS, this shall be stated within the ‘Objectives and investment policy’ section, as indicated in Article 7(2)(e).

3. Performance fees shall be disclosed in accordance with Article 10(2)(c). The amount of the performance fee charged during the KII-compliant NURS’ last financial year shall be included as a percentage figure.

Article 13

Specific cases

1. Where a new KII-compliant NURS cannot comply with the requirements contained in Article 10(2)(b) and Article 11(1)(b), the ongoing charges shall be estimated, based on the expected total of charges.

2. Paragraph 1 shall not apply in the following cases:

   (a) for funds which charge a fixed all-inclusive fee, where instead that figure shall be displayed;

   (b) for funds which set a cap or maximum on the amount that can be charged, where instead that figure shall be disclosed so long as the authorised fund manager gives a commitment to respect the published figure and to absorb any costs that would otherwise cause it to be exceeded.

Article 14

Cross-referencing

The ‘Charges’ section shall include, where relevant, a cross-reference to those parts of the KII-compliant NURS prospectus where more detailed information on charges can be found, including information on performance fees and how they are calculated.

SECTION 4

Past performance

Article 15

Presentation of past performance

1. The information about the past performance of the KII-compliant NURS shall be presented in a bar chart covering the performance of the KII-compliant NURS for the last 10 years.

   The size of the bar chart referred to in the first sub-paragraph shall allow for legibility, but shall under no circumstances exceed half a page in the NURS-KII document.

2. KII-compliant NURS with performance of less than 5 complete calendar years shall use a presentation covering the last 5 years only.
3. For any years for which data is not available, the year shall be shown as blank with no annotation other than the date.

4. For a KII-compliant NURS which does not yet have performance data for one complete calendar year, a statement shall be included explaining that there is insufficient data to provide a useful indication of past performance to investors.

5. The bar chart layout shall be supplemented by statements which appear prominently and which:

(a) warn about its limited value as a guide to future performance;

(b) indicate briefly which charges and fees have been included or excluded from the calculation of past performance;

(c) indicate the year in which the fund came into existence;

(d) indicate the currency in which past performance has been calculated.

The requirement laid down in point (b) shall not apply to KII-compliant NURS which do not have entry or exit charges.

6. A NURS-KII document shall not contain any record of past performance for any part of the current calendar year.

Article 16

Past performance calculation methodology

The calculation of past performance figures shall be based on the net asset value of the KII-compliant NURS, and they shall be calculated on the basis that any distributable income of the fund has been reinvested.

Article 17

Impact and treatment of material changes

1. Where a material change occurs to a KII-compliant NURS’ objectives and investment policy during the period displayed in the bar chart referred to in Article 15, the KII-compliant NURS’ past performance prior to that material change shall continue to be shown.

2. The period prior to the material change referred to in paragraph 1 shall be indicated on the bar chart and labelled with a clear warning that the performance was achieved under circumstances that no longer apply.

Article 18

Use of a benchmark alongside the past performance

1. Where the ‘Objectives and investment policy’ section of the NURS-KII document makes reference to a benchmark, a bar showing the performance of that benchmark shall be included in the chart alongside each bar showing the KII-compliant NURS’ past performance.

2. For KII-compliant NURS which do not have past performance data over the required five or 10 years, the benchmark shall not be shown for years in which the KII-compliant NURS did not exist.
Article 19

Use of ‘simulated’ data for past performance

1. A simulated performance record for the period before data was available shall only be permitted in the following cases, provided that its use is fair, clear and not misleading:

(a) a new class of an existing KII-compliant NURS may simulate its performance by taking the performance of another class, provided the two classes do not differ materially in the extent of their participation in the assets of the KII-compliant NURS;

(b) a feeder NURS may simulate its performance by taking the performance of its qualifying master scheme, provided that one of the following conditions are met:

(i) the feeder NURS' strategy and objectives do not allow it to hold assets other than units of the qualifying master scheme and ancillary liquid assets;

(ii) the feeder NURS' characteristics do not differ materially from those of the qualifying master scheme.

2. In all cases where performance has been simulated in accordance with paragraph 1, there shall be prominent disclosure on the bar chart that the performance has been simulated.

3. A KII-compliant NURS changing its legal status but remaining established in the United Kingdom shall retain its performance record only where the FCA reasonably assesses that the change of status would not impact the KII-compliant NURS' performance.

4. In the case of mergers whereby:

(a) one or more schemes or sub-funds thereof, on being dissolved without going into liquidation, transfer all of their assets and liabilities to another existing KII-compliant NURS or a sub-fund thereof (the 'receiving KII-compliant NURS'), in exchange for the issue to their unitholders of units of the receiving KII-compliant NURS; or

(b) one or more schemes or sub-funds thereof, which continue to exist until the liabilities have been discharged, transfer their net assets to a KII-compliant NURS which they form or to another existing KII-compliant NURS or a sub-fund thereof (the ‘receiving KII-compliant NURS’); or

(c) one or more sub-funds of a KII-compliant NURS, which continue to exist until the liabilities have been discharged, transfer their net assets to another sub-fund of the same non-UCITS retail scheme (the ‘receiving KII-compliant NURS’);

only the past performance of the receiving KII-compliant NURS shall be maintained in the NURS-KII document.

SECTION 5

Practical information and cross-references

Article 20

Content of ‘practical information’ section
1. The ‘Practical information’ section of the *NURS-KII document* shall contain the following information relevant to investors in every Member State in which the *KII-compliant NURS* is marketed:

(a) the name of the *depositary*;

(b) where and how to obtain further information about the *KII-compliant NURS*, copies of its *prospectus* and its latest annual report and any subsequent half-yearly report, stating in which language(s) those documents are available, and that they may be obtained free of charge;

(c) where and how to obtain other practical information, including where to find the latest prices of *units*;

(d) a statement that the tax legislation of the *United Kingdom* may have an impact on the personal tax position of the investor;

(e) [deleted]

2. Where the *NURS-KII document* is prepared for a *KII-compliant NURS sub-fund*, the ‘Practical information’ section shall include the information specified in Article 25(2) including on investors’ rights to switch between *sub-funds*.

3. Where applicable, the ‘Practical information’ section of the *NURS-KII document* shall state the information required about available *classes* in accordance with Article 26.

*Article 21*

**Use of cross-references to other sources of information**

1. Cross-references to other sources of information, including the *prospectus* and annual or half-yearly reports, may be included in the *NURS-KII document*, provided that all information fundamental to the investors’ understanding of the essential elements of the investment is included in the *NURS-KII document* itself.

Cross-references shall be permitted to the website of the *KII-compliant NURS* or the *authorised fund manager*, including a part of any such website containing the *prospectus* and the periodic reports.

2. Cross-references referred to in paragraph 1 shall direct the investor to the specific section of the relevant source of information. Several different cross-references may be used within the *NURS-KII document* but they shall be kept to a minimum.

**SECTION 6**

**Review and revision of the NURS-KII document**

*Article 22*

**Review of key investor information**

1. An *authorised fund manager* or *ICVC* shall ensure that a review of *key investor information* is carried out at least every twelve *months*. 
2. A review shall be carried out prior to any proposed change to the prospectus or
the instrument constituting the fund where these changes were not subject to
review as referred to in paragraph 1.

3. A review shall be carried out prior to or following any changes regarded as
material to the information contained in the NURS-KII document.

Article 23

Publication of the revised version

1. Where a review referred to in Article 22 indicates that changes need to be made
to the NURS-KII document, its revised version shall be made available promptly.

2. Where a change to the NURS-KII document was the expected result of a decision
by the authorised fund manager, including changes to the prospectus or
instrument constituting the fund of the ICVC, the revised version of the NURS-KII
document shall be made available before the change comes into effect.

3. A NURS-KII document with duly revised presentation of past performance of the
KII-compliant NURS shall be made available no later than 35 business days after 31
December each year.

Article 24

Material changes to the charging structure

1. The information on charges shall properly reflect any change to the charging
structure that results in an increase in the maximum permitted amount of any one-
off charge payable directly by the investor.

2. Where the ‘ongoing charges’ calculated in accordance with Article 10(2)(b) are
no longer reliable, the authorised fund manager shall instead estimate a figure for
‘ongoing charges’ that it believes on reasonable grounds to be indicative of the
amount likely to be charged to the KII-compliant NURS in future.

This change of basis shall be disclosed through the following statement:

‘The ongoing charges figure shown here is an estimate of the charges. [Insert short
description of why an estimate is being used rather than an ex-post figure.] The
KII-compliant NURS’ annual report for each financial year will include detail on the
exact charges made.’

CHAPTER IV

PARTICULAR KII-compliant NURS STRUCTURES

SECTION 1

Sub-funds

Article 25

Sub-funds

1. Where a KII-compliant NURS consists of two or more sub-funds a separate NURS-
KII document shall be produced for each sub-fund.
COLL Appendix 2

Modifications to the KII Regulation for KII-compliant NURS

2. Each **NURS-KII document** referred to in paragraph 1 shall indicate within the ‘practical information’ section the following information:

(a) that the **NURS-KII document** describes a *sub-fund* of a *KII-compliant NURS*, and, if it is the case, that the *prospectus* and periodic reports are prepared for the entire *KII-compliant NURS* named at the beginning of the **NURS-KII document**;

(b) whether or not the assets and liabilities of each *sub-fund* are segregated by law and how this might affect the investor;

(c) whether or not the investor has the right to exchange his investment in *units* in one *sub-fund for units* in another *sub-fund*, and if so, where to obtain information about how to exercise that right.

3. Where the *authorised fund manager* sets a charge for the investor to exchange his investment in accordance with paragraph 2(c), and that charge differs from the standard charge for buying or selling *units*, that charge shall be stated separately in the ‘Charges’ section of the **NURS-KII document**.

**SECTION 2**

**Classes of units**

**Article 26**

**NURS-KII document for classes of units**

1. Where a *KII-compliant NURS* consists of more than one *class of units*, the **NURS-KII document** shall be prepared for each *class of units*.

2. The *key investor information* pertinent to two or more *classes* of the same *KII-compliant NURS* may be combined into a single **NURS-KII document**, provided that the resulting document fully complies with all requirements as laid down in Section 2 of Chapter II, including as to length.

3. The *authorised fund manager* may select a *class* to represent one or more other *classes* of the *KII-compliant NURS*, provided the choice is fair, clear and not misleading to potential investors in those other *classes*. In such cases the ‘Risk and reward profile’ section of the **NURS-KII document** shall contain the explanation of material risk applicable to any of the other *classes* being represented. A **NURS-KII document** based on the representative *class* may be provided to investors in the other *classes*.

4. Different *classes* shall not be combined into a composite representative *class* as referred to in paragraph 3.

5. The *authorised fund manager* shall keep a record of which other *classes* are represented by the representative *class* referred to in paragraph 3 and the grounds justifying that choice.

**Article 27**

**Practical information section**

If applicable, the ‘Practical information’ section of the **NURS-KII document** shall be supplemented by an indication of which *class* has been selected as representative, using the term by which it is designated in the *KII-compliant NURS*’ *prospectus*. 
That section shall also indicate where investors can obtain information about the other classes of the KII-compliant NURS that are marketed.

SECTION 3

Fund of funds

Article 28

Objectives and investment policy section

Where the KII-compliant NURS invests a substantial proportion of its assets in other collective investment schemes as referred to in COLL 5.6.10R (‘second schemes’), the description of the objectives and investment policy of that KII-compliant NURS in the NURS-KII document shall include a brief explanation of how the other second schemes are to be selected on an on-going basis.

Article 29

Risk and reward profile

The narrative explanation of risk factors referred to in Article 8(1)(b) shall take account of the risks posed by each ‘second scheme’ (within the meaning of COLL 5.6.10R), to the extent that these are likely to be material to the KII-compliant NURS as a whole.

Article 30

Charges section

The description of the charges shall take account of any charges that that KII-compliant NURS will itself incur as an investor in the ‘second scheme’ (within the meaning of COLL 5.6.10R). Specifically, any entry and exit charges and ongoing charges levied by the second scheme shall be reflected in the KII-compliant NURS’ calculation of its own ongoing charges figure.

SECTION 4

Feeder KII-compliant NURS

Article 31

Objectives and investment policy section

1. The NURS-KII document for a feeder NURS shall contain, in the description of objectives and investment policy, information about the proportion of the feeder NURS’ assets which is invested in the qualifying master scheme.

2. There shall also be a description of the qualifying master scheme’s objectives and investment policy, supplemented as appropriate by either of the following:

(i) an indication that the feeder NURS’ investment returns will be very similar to those of the qualifying master scheme; or

(ii) an explanation of how and why the investment returns of the feeder NURS and qualifying master scheme may differ.

Article 32
Risk and reward profile section

1. Where the risk and reward profile of the feeder NURS differs in any material respect from that of the qualifying master scheme, this fact and the reason for it shall be explained in the ‘Risk and reward profile’ section of the NURS-KII document.

2. Any liquidity risk and the relationship between purchase and redemption arrangements for the qualifying master scheme and feeder NURS shall be explained in the ‘Risk and reward profile’ section of the NURS-KII document.

Article 33

Charges section

The ‘Charges’ section of the NURS-KII document shall cover both the costs of investing in the feeder NURS and any costs and expenses that the qualifying master scheme may charge to the feeder NURS.

In addition, it shall combine the costs of both the feeder NURS and the qualifying master scheme in the ongoing charges figure for the feeder NURS.

Article 34

Practical information section

1. The NURS-KII document for a feeder NURS shall contain in the ‘Practical information’ section information specific to the feeder NURS.

2. The information referred to in paragraph 1 shall include:
   
   (a) a statement that the qualifying master scheme's prospectus, NURS-KII document, and periodic reports and accounts are available to investors of the feeder NURS upon request, how they may be obtained, and in which language(s);

   (b) whether the items listed in point (a) are available in paper copies only or in other durable media, and whether any fee is payable for items not subject to free delivery;

   (c) where the qualifying master scheme is established in a different Member State to the feeder NURS, and this may affect the feeder NURS' tax treatment, a statement to this effect.

3. The statement referred to in paragraph 2(a) may refer to the nearest equivalent disclosure document for a qualifying master scheme which does not issue a NURS-KII document.

Article 35

Past performance

1. The past performance presentation in the NURS-KII document of the feeder NURS shall be specific to the feeder NURS, and shall not reproduce the performance record of the qualifying master scheme.

2. Paragraph 1 shall not apply:
(a) where a feeder NURS shows the past performance of its qualifying master scheme as a benchmark; or

(b) where the feeder NURS was launched at a later date than the qualifying master scheme, and where the conditions of Article 19 are satisfied, and where a simulated performance is shown for the years before the feeder NURS existed, based on the past performance of the qualifying master scheme; or

(c) where the feeder NURS has a past performance record from before the date on which it began to operate as a feeder NURS, its own record being retained in the bar chart for the relevant years, with the material change labelled as required by Article 17(2).

SECTION 5

Structured KII-compliant NURS

Article 36

Performance scenarios

1. The NURS-KII document for structured KII-compliant NURS shall not contain the ‘Past performance’ section.

For the purposes of this Section, structured KII-compliant NURS shall be understood as KII-compliant NURS which provide investors, at certain predetermined dates, with algorithm-based payoffs that are linked to the performance, or to the realisation of price changes or other conditions, of financial assets, indices or reference portfolios or KII-compliant NURS with similar features.

2. For structured KII-compliant NURS, the ‘Objectives and investment policy’ section of the NURS-KII document shall include an explanation of how the formula works or how the pay-off is calculated.

3. The explanation referred to in paragraph 2 shall be accompanied by an illustration, showing at least three scenarios of the KII-compliant NURS’ potential performance. Appropriate scenarios shall be chosen to show the circumstances in which the formula may generate a low, a medium or a high return, including, where applicable, a negative return for the investor.

4. The scenarios referred to in paragraph 3 shall enable the investor to understand fully all the effects of the calculation mechanism embedded in the formula.

They shall be presented in a way that is fair, clear and not misleading, and that is likely to be understood by the average retail investor. In particular, they shall not artificially magnify the importance of the final performance of the KII-compliant NURS.

5. The scenarios referred to in paragraph 3 shall be based on reasonable and conservative assumptions about future market conditions and price movements.

However, whenever the formula exposes investors to the possibility of substantial losses, such as a capital guarantee that functions only under certain circumstances, these losses shall be appropriately illustrated, even if the probability of the corresponding market conditions is low.

6. The scenarios referred to in paragraph 3 shall be accompanied by a statement that they are examples that are included to illustrate the formula, and do not
represent a forecast of what might happen. It shall be made clear that the scenarios shown may not have an equal probability of occurrence.

Article 37

Length

The NURS-KII document for structured KII-compliant NURS shall not exceed three pages of A4-sized paper when printed.

CHAPTER V

DURABLE MEDIUM

Article 38

Conditions applying to the provision of a NURS-KII document in a durable medium other than paper or by means of a website

1. Where, the NURS-KII document is to be provided to investors using a durable medium other than paper the following conditions shall be met:

(a) the provision of the NURS-KII document using such a durable medium is appropriate to the context in which the business between the authorised fund manager and the investor is, or is to be, carried on; and

(b) the person to whom the NURS-KII document is to be provided, when offered the choice between information on paper or in that other durable medium, specifically chooses that other medium.

2. Where the NURS-KII document is to be provided by means of a website and that information is not addressed personally to the investor, the following conditions shall also be satisfied:

(a) the provision of that information in that medium is appropriate to the context in which the business between the authorised fund manager and the investor is, or is to be, carried on;

(b) the investor must specifically consent to the provision of that information in that form;

(c) the investor must be notified electronically of the address of the website, and the place on the website where the information may be accessed;

(d) the information must be up to date;

(e) the information must be accessible continuously by means of that website for such period of time as the client may reasonably need to inspect it.

3. For the purposes of this Article, the provision of information by means of electronic communications shall be treated as appropriate to the context in which the business between the authorised fund manager and the investor is, or is to be, carried on if there is evidence that the investor has regular access to the Internet. The provision by the investor of an e-mail address for the purposes of the carrying on of that business shall be treated as such evidence.

CHAPTER VI
FINAL PROVISIONS

Article 39

Entry into force
[deleted]

ANNEX I

REQUIREMENTS RELATED TO THE PRESENTATION OF THE SYNTHETIC INDICATOR

1. The synthetic indicator shall rank the fund on a scale from 1 to 7 on the basis of its volatility record.

2. The scale shall be shown as a sequence of categories denoted by the whole numbers in ascending order from 1 to 7 running from left to right, representing levels of risk and reward, from lowest to highest.

3. It shall be made clear on the scale that lower risk entails potentially lower reward and that higher risk entails potentially higher rewards.

4. The category into which the KII-compliant NURS falls shall be prominently indicated.

5. No colours shall be used for distinguishing between items on the scale.

ANNEX II

PRESENTATION OF CHARGES

The charges shall be presented in a table structured in the following way:

| One-off charges taken before or after you invest |   |
| Entry charge                                      | [ ] % |
| Exit charge                                       | [ ] % |

This is the maximum that might be taken out of your money [before it is invested] [before the proceeds of your investment are paid out]

Charges taken from the fund over a year

| Ongoing charge                                    | [ ] % |

Charges taken from the fund under certain specific conditions

| Performance fee                                   | [ ] % a year of any returns the fund achieves above the benchmark for these fees, the [insert name of benchmark] |

- A percentage amount shall be indicated for each of these charges.

- In the case of a performance fee, the amount charged in the fund’s last financial year shall be included as a percentage figure.

ANNEX III

PRESENTATION OF THE PAST PERFORMANCE INFORMATION

The bar chart presenting past performance shall comply with the following criteria:
1. the scale of the Y-axis of the bar chart shall be linear, not logarithmic;

2. the scale shall be adapted to the span of the bars shown and shall not compress the bars so as to make fluctuations in returns hard to distinguish;

3. the X-axis shall be set at the level of 0% performance;

4. a label shall be added to each bar indicating the return in percentage that was achieved;

5. past performance figures shall be rounded to one decimal place.

Schedule 5
Rights of action for damages

Sch 5.1 G
The table below sets out the rules in COLL contravention of which by an authorised person may be actionable under section 138D of the Act (Actions for damages) by a person who suffers loss as a result of the contravention.

If a Yes appears in the column headed For private person, the rule may be actionable by a private person under section 138D unless a Yes appears in the column headed Removed. A Yes in the column headed Removed indicates that the FCA has removed the right of action under section 138D(3) of the Act. If so, a reference to the rule in which it is removed is also given.

In accordance with The Financial Services and Markets Act 2000 (Rights of Action) Regulations 2001 (SI 2001/2256), a private person is:
(1) any individual, except when acting in the course of carrying on a regulated activity; and
(2) any person who is not an individual, except when acting in the course of carrying on business of any kind;
but does not include a government, a local authority or an international organisation.

The column headed For other person indicates whether the rule is actionable by a person other than a private person, in accordance with those Regulations. If so, an indication of the type of person by whom the rule is actionable is given.

Schedule 6
Rules that can be waived

Sch 6.1 G

1. The rules in COLL can be waived by the FCA under sections 138A and 138B, 250 or 261L of the Act (Modification or waiver of rules) or regulation 7 of the OEIC Regulations (Modification or waiver of FCA rules), except COLL 3.2.8R (UCITS obligations) and COLL 6.9.9R (Restrictions of business for UCITS management companies).

Sch 6.2 G

2. Although the FCA has the formal power of waiver under the Act in relation to these rules, much of COLL implements the requirements of the UCITS Directive by ensuring that relevant authorised funds comply with such requirements. Accordingly, while formal power may exist to waive such UCITS Directive derived rules, the FCA's ability to do so is severely constrained.
