Chapter 2

Disclosure and control of inside information by issuers
2.1 Introduction and purpose

Introduction

2.1.1 An issuer should be aware that matters that fall within the scope of this chapter may also fall within the scope of:

1. the market abuse regime set out in the Market Abuse Regulation;
2. Part 7 (Offences relating to Financial Services) of the Financial Services Act 2012 relating to misleading statements and practices;
3. Part V of the Criminal Justice Act 1993 relating to insider dealing; and
4. the Takeover Code.

2.1.2 An issuer that is involved in a matter which also falls within the scope of the Takeover Code should be mindful of its obligations under the Market Abuse Regulation.

Purpose

2.1.3 The purpose of this chapter is to:

1. promote prompt and fair disclosure of relevant information to the market; and
2. give guidance on aspects relating to disclosure of such information, including the circumstances allowing delayed disclosure.
2.2 Disclosure of inside information

Requirement to disclose inside information

2.2.1 [Note: see DTR 6.3.2R, regarding the disclosure of inside information]

2.2.1A [article 17(1) of the Market Abuse Regulation]

2.2.2 [deleted]

Identifying inside information

2.2.3 Information is inside information if each of the criteria in the definition of inside information is met.

2.2.4 (1) [Note: article 7(4) of the Market Abuse Regulation]

(2) In determining whether information would be likely to have a significant effect on the price of financial instruments, an issuer should be mindful that there is no figure (percentage change or otherwise) that can be set for any issuer when determining what constitutes a significant effect on the price of the financial instruments as this will vary from issuer to issuer.

2.2.5 An issuer may wish to take account of the following factors when considering whether the information in question would be likely to be used by a reasonable investor as part of the basis of his investment decisions:

(1) the significance of the information in question will vary widely from issuer to issuer, depending on a variety of factors such as the issuer’s size, recent developments and the market sentiment about the issuer and the sector in which it operates; and

(2) the likelihood that a reasonable investor will make investment decisions relating to the relevant financial instrument to maximise his economic self interest.

2.2.6 It is not possible to prescribe how the reasonable investor test will apply in all possible situations. Any assessment may need to take into consideration the anticipated impact of the information in light of the totality of the issuer’s activities, the reliability of the source of the information and other market variables likely to affect the relevant financial instrument in the
given circumstances. However, information which is likely to be considered relevant to a reasonable investor’s decision includes information which affects:

1. the assets and liabilities of the issuer;
2. the performance, or the expectation of the performance, of the issuer’s business;
3. the financial condition of the issuer;
4. the course of the issuer’s business;
5. major new developments in the business of the issuer; or
6. information previously disclosed to the market.

2.2.7

An issuer and its advisers are best placed to make an initial assessment of whether particular information amounts to inside information. The decision as to whether a piece of information is inside information may be finely balanced and the issuer (with the help of its advisers) will need to exercise its judgement.

Note: ■ DTR 2.7 provides additional guidance on dealing with market rumour.

2.2.8

The directors of the issuer should carefully and continuously monitor whether changes in the circumstances of the issuer are such that an announcement obligation has arisen under article 17 of the Market Abuse Regulation.

When to disclose inside information

2.2.9

(1) [deleted]

(2) If an issuer is faced with an unexpected and significant event, a short delay may be acceptable if it is necessary to clarify the situation. In such situations a holding announcement should be used where an issuer believes that there is a danger of inside information leaking before the facts and their impact can be confirmed. The holding announcement should:

(a) detail as much of the subject matter as possible;
(b) set out the reasons why a fuller announcement cannot be made; and
(c) include an undertaking to announce further details as soon as possible.

(3) If an issuer is unable, or unwilling to make a holding announcement, it may be appropriate for the trading of its financial instruments to
be suspended until the issuer is in a position to make an announcement.

(4) An issuer that is in any doubt as to the timing of announcements required under the Market Abuse Regulation should consult the FCA at the earliest opportunity.

Communication with third parties

2.2.10 The FCA is aware that many issuers provide unpublished information to third parties such as analysts, employees, credit rating agencies, finance providers and major shareholders, often in response to queries from such parties. The fact that information is unpublished does not in itself make it inside information. However, unpublished information which amounts to inside information is only permitted to be disclosed in accordance with the requirements of the Market Abuse Regulation.
2.3 Publication of information on internet site

[Note: article 17(1) of the Market Abuse Regulation, in relation to the period for which an issuer must maintain on its website inside information which it is required to disclose publicly; article 17(9) of the Market Abuse Regulation, in relation to the maintenance of such information by issuers with financial instruments admitted to trading on an SME growth market.]

2.5 Delaying disclosure of inside information

**Delivering disclosure**

- **2.5.1** [deleted]

- **2.5.1A** [article 17(4), (5) and (8) of the Market Abuse Regulation]

- **2.5.1B** *Issuers* should be aware that ESMA has issued guidelines under article 17(11) of the Market Abuse Regulation which contain a non-exhaustive indicative list of the legitimate interests of issuers to delay disclosure of inside information and situations in which delayed disclosure is likely to mislead the public. The ESMA MAR delayed disclosure guidelines are available here: https://www.esma.europa.eu/sites/default/files/library/2016-1478_mar_guidelines_-_legitimate_interests.pdf.

**Legitimate interests and when delay will not mislead the public**

- **2.5.2** (1) Delaying disclosure of inside information will not always mislead the public, although a developing situation should be monitored so that if circumstances change an immediate disclosure can be made.

- (2) Investors understand that some information must be kept confidential until developments are at a stage when an announcement can be made without prejudicing the legitimate interests of the issuer.

- **2.5.3** [deleted]
(1) In the FCA’s opinion, paragraph 5(1)(8)(a) of the ESMA MAR delayed disclosure guidelines does not envisage that an issuer will:

(a) delay public disclosure of the fact that it is in financial difficulty or of its worsening financial condition and is limited to the fact or substance of the negotiations to deal with such a situation; or

(b) delay disclosure of inside information on the basis that its position in subsequent negotiations to deal with the situation will be jeopardised by the disclosure of its financial condition.

(2) Paragraph 5(1)(8)(c) of the ESMA MAR delayed disclosure guidelines refers to an issuer with a dual board structure (e.g. a management board and supervisory board) delaying the disclosure of inside information in certain circumstances. As this paragraph is not relevant to an issuer with a unitary board structure it should only be relevant to a very limited number of issuers in the United Kingdom.

An issuer should not be obliged to disclose impending developments that could be jeopardised by premature disclosure. Whether or not an issuer has a legitimate interest which would be prejudiced by the disclosure of certain inside information is an assessment which must be made by the issuer in the first instance.

Selective disclosure

(2) Selective disclosure cannot be made to any person simply because they owe the issuer a duty of confidentiality. For example, an issuer contemplating a major transaction which requires shareholder support or which could significantly impact its lending arrangements or credit-rating may selectively disclose details of the proposed transaction to major shareholders, its lenders and/or credit-rating agency as long as the recipients are bound by a duty of confidentiality. An issuer may, depending on the circumstances, be justified in disclosing inside information to certain categories of recipient in addition to those employees of the issuer who require the information to perform their functions. The categories of recipient may include, but are not limited to, the following:

(a) the issuer’s advisers and advisers of any other persons involved in the matter in question;

(b) persons with whom the issuer is negotiating, or intends to negotiate, any commercial financial or investment transaction (including prospective underwriters or placees of the financial instruments of the issuer);
(c) employee representatives or trade unions acting on their behalf;
(d) any government department, the Bank of England, the
   Competition Commission or any other statutory or regulatory
   body or authority;
(e) major shareholders of the issuer;
(f) the issuer's lenders; and
(g) credit-rating agencies.

2.5.8  Selective disclosure to any or all of the persons referred to in DTR 2.5.7 G may not be justified in every circumstance where an issuer delays disclosure in accordance with article 17(4) and (5) of the Market Abuse Regulation.

2.5.9  An issuer should bear in mind that the wider the group of recipients of inside information the greater the likelihood of a leak which will trigger full public disclosure of the information under article 17(8) of the Market Abuse Regulation.
2.6 Control of inside information

Denying access to inside information

2.6.1 G An issuer should establish effective arrangements to deny access to inside information to persons other than those who require it for the exercise of their functions within the issuer.

Breach of confidentiality

2.6.2 R [deleted]

2.6.2A EU [article 17(7) of the Market Abuse Regulation]

2.6.3 G If an issuer is relying on article 17(4) or 17(5) of the Market Abuse Regulation to delay the disclosure of inside information it should prepare a holding announcement to be disclosed in the event of an actual or likely breach of confidence. Such a holding announcement should include the details set out in DTR 2.2.9 G (2).

2.6.4 G We recognise that an issuer may not be responsible for breach of article 17(4) or 17(5) of the Market Abuse Regulation if a recipient of inside information under article 17 of the Market Abuse Regulation breaches his duty of confidentiality.
2.7 Dealing with rumours

2.7.1 Where there is press speculation or market rumour regarding an issuer, the issuer should assess whether a disclosure obligation arises under article 17(1) of the Market Abuse Regulation. To do this an issuer will need to carefully assess whether the speculation or rumour has given rise to a situation where the issuer has inside information.

2.7.2 [deleted]

[Note: article 17(7) of the Market Abuse Regulation]

2.7.3 The knowledge that press speculation or market rumour is false may not amount to inside information. If it does amount to inside information, the FCA expects that there may be cases where an issuer would be able to delay disclosure in accordance with article 17(4) or 17(5) of the Market Abuse Regulation.

Chapter 5

Vote Holder and Issuer Notification Rules
5.1 Notification of the acquisition or disposal of major shareholdings

In this chapter:

(1) references to an "issuer", in relation to shares admitted to trading on a regulated market, are to an issuer whose Home State is the United Kingdom;

(2) references to a "non-UK issuer" are to an issuer whose shares are admitted to trading on a regulated market and whose Home State is the United Kingdom other than:

(a) a public company within the meaning of section 4(2) of the Companies Act 2006; and

(b) a company which is otherwise incorporated in, and whose principal place of business is in, the UK;

(3) references to "shares" are to shares which are:

(a) already issued and carry rights to vote which are exercisable in all circumstances at general meetings of the issuer including shares (such as preference shares) which, following the exercise of an option for their conversion, event of default or otherwise, have become fully enfranchised for voting purposes; and

(b) admitted to trading on a regulated or prescribed market;

(4) an acquisition or disposal of shares is to be regarded as effective when the relevant transaction is executed unless the transaction provides for settlement to be subject to conditions which are beyond the control of the parties in which case the acquisition or disposal is to be regarded as effective on the settlement of the transaction; and

(5) [deleted]

(6) for the purposes of calculating whether any percentage threshold is reached, exceeded or fallen below and in any resulting notification, the proportion of voting rights held shall if necessary be rounded down to the next whole number.
A person must notify the issuer of the percentage of its voting rights he holds as shareholder or holds or is deemed to hold through his direct or indirect holding of financial instruments falling within DTR 5.3.1R (1) (or a combination of such holdings) if the percentage of those voting rights:

(1) reaches, exceeds or falls below 3%, 4%, 5%, 6%, 7%, 8%, 9%, 10% and each 1% threshold thereafter up to 100% (or in the case of a non-UK issuer on the basis of thresholds at 5%, 10%, 15%, 20%, 25%, 30%, 50% and 75%) as a result of an acquisition or disposal of shares or financial instruments falling within DTR 5.1 R; or

(2) reaches, exceeds or falls below an applicable threshold in (1) as a result of events changing the breakdown of voting rights and on the basis of information disclosed by the issuer in accordance with DTR 5.6.1 Rand DTR 5.6.1AR;

and in the case of an issuer which is not incorporated in an EEA State a notification under (2) must be made on the basis of equivalent events and disclosed information.

[Note: articles 9(1), 9(2), 13(1) and 13a(1) of the TD]

Voting rights attaching to the following shares are to be disregarded for the purposes of determining whether a person has a notification obligation in accordance with the thresholds in DTR 5.1.2 R:

(1) (a) shares acquired; or

(b) shares underlying financial instruments within DTR 5.3.1R(1) to the extent that such financial instruments are acquired;

for the sole purpose of clearing and settlement within a settlement cycle not exceeding the period beginning with the transaction and ending at the close of the third trading day following the day of the execution of the transaction (irrespective of whether the transaction is conducted on-exchange);

(2) (a) shares held; or

(b) shares underlying financial instruments within DTR 5.3.1R(1) to the extent that such financial instruments are held;

by a custodian (or nominee) in its custodian (or nominee) capacity (whether operating from an establishment in the UK or elsewhere) provided such a person can only exercise the voting rights attached to such shares under instructions given in writing or by electronic means;

(3) (a) shares held; or

(b) shares underlying financial instruments within DTR 5.3.1R(1) to the extent that such financial instruments are held;

by a market maker acting in that capacity subject to the percentage of such shares not being equal to or in excess of 10% and subject to the market maker satisfying the criteria and complying with the conditions and operating requirements set out in DTR 5.1.4 R;
Section 5.1 : Notification of the acquisition or disposal of major shareholdings

(4) (a) shares held; or
(b) shares underlying financial instruments within DTR 5.3.1R(1) to the extent that such financial instruments are held;

by a credit institution or investment firm provided that:

(i) the shares, or financial instruments, are held within the trading book of the credit institution or investment firm;

(ii) the voting rights attached to such shares do not exceed 5%; and

(iii) the voting rights attached to shares in, or related to financial instruments in, the trading book are not exercised or otherwise used to intervene in the management of the issuer.

(5) shares held by a collateral taker under a collateral transaction which involves the outright transfer of securities provided the collateral taker does not declare any intention of exercising (and does not exercise) the voting rights attaching to such shares.

(6) [deleted]

(7) shares acquired for stabilisation purposes in accordance with the Buyback and Stabilisation Regulation, if the voting rights attached to those shares are not exercised or otherwise used to intervene in the management of the issuer.

[Note: articles 9(4), 9(5), 9(6), 9(6a), 10(c) and 13(4) of the TD]

(1) References to a market maker are to a market maker which:

(a) (subject to (3) below) is authorised by its Home State under MiFID;

(b) does not intervene in the management of the issuer concerned; and

(c) does not exert any influence on the issuer to buy such shares or back the share price.

[Note: articles 9(5) and 9(6) of the TD]

(2) A market maker relying upon the exemption for shares or financial instruments within DTR 5.3.1R(1) held by it in that capacity must notify the competent authority of the Home Member State of the issuer, at the latest within the time limit provided for by DTR 5.8.3 R, that it conducts or intends to conduct market making activities on a particular issuer (and shall equally make such a notification if it ceases such activity).

[Note: article 6(1) of the TD implementing Directive]
(3) References to a market maker also include a third country investment firm and a credit institution when acting as a market maker and which, in relation to that activity, is subject to regulatory supervision under the laws of an EEA State.

**Aggregation of holdings**

**Recital 2**

The thresholds for the market making and trading book exemptions should be calculated by aggregating voting rights relating to shares with voting rights related to financial instruments (that is entitlements to acquire shares and financial instruments considered to be economically equivalent to shares) in order to ensure consistent application of the principle of aggregation of all holdings of financial instruments subject to notification requirements and to prevent a misleading representation of how many financial instruments related to an issuer are held by an entity benefiting from those exemptions.

**Article 2**

Aggregation of holdings

For the purpose of calculation of the 5% threshold referred to in Article 9(5) and (6) of Directive 2004/109/EC, holdings under Articles 9, 10 and 13 of that Directive shall be aggregated.

**Aggregation of holdings in the case of a group**

**Recital 3**

In order to provide an adequate level of transparency in the case of a group of companies, and to take into account the fact that, where a parent undertaking has control over its subsidiaries, it may influence their management, the thresholds should be calculated at group level. Therefore all holdings owned by a parent undertaking of a credit institution or investment firm and subsidiary companies should be disclosed when the total sum of the holdings reaches the notification threshold.

**Article 3**

Aggregation of holdings in the case of a group

For the purpose of calculation of the 5% threshold referred to in Article 9(5) and (6) of Directive 2004/109/EC in the case of a group of companies, holdings shall be aggregated at group level according to the principle laid down in Article 10(e) of that Directive.

**Certain voting rights to be disregarded (except at 5% 10% and higher thresholds)**

(1) The following are to be disregarded for the purposes of determining whether a person has a notification obligation in accordance with the
thresholds in DTR 5.1.2 R except at the thresholds of 5% and 10% and above:

(a) voting rights attaching to shares forming part of property belonging to another which that person lawfully manages under an agreement in, or evidenced in, writing;

(b) voting rights attaching to shares which may be exercisable by a person in his capacity as the operator of:
   (i) an authorised unit trust scheme;
   (ia) an authorised contractual scheme;
   (ii) a recognised scheme; or
   (iii) a UCITS scheme;

(c) voting rights attaching to shares which may be exercisable by an ICVC.

(d) [deleted]

(2) For the purposes of DTR 5.1.5 R (1)(a), a person (“A”) may lawfully manage investments belonging to another if:

(a) A can manage those investments in accordance with a Part 4A permission;

(b) A is an EEA firm other than one mentioned in sub-paragraphs (c) or (e) of paragraph 5 of Schedule 3 to the Act and can manage those investments in accordance with its EEA authorisation;

(c) A can, in accordance with section 327 of the Act, manage those investments without contravening the prohibition contained in section 19 of the Act;

(d) A can lawfully manage those investments in another EEA State and would, if he were to manage those investments in the UK, require a Part 4A permission; or

(e) A can lawfully manage those investments in a non-EEA State and would, if he were to manage those investments in the UK, require a Part 4A permission.
## 5.2 Acquisition or disposal of major proportions of voting rights

A **person** is an indirect holder of **shares** for the purpose of the applicable definition of **shareholder** to the extent that he is entitled to acquire, to dispose of, or to exercise voting rights in any of the following cases or a combination of them:

5.2.2  Cases (a) to (h) in DTR 5.2.1 R identify situations where a person may be able to control the manner in which voting rights are exercised and where, (taking account of any aggregation with other holdings) a notification to the issuer may need to be made. In the FCA's view:

(1) Case (e) produces the result that it is always necessary for the parent undertaking of a controlled undertaking to aggregate its holding with any holding of the controlled undertaking (subject to the exemptions implicit in Case (e) and others in DTR 5.4);

(2) Case (f) includes a person carrying on investment management and which is also the custodian of shares to which voting rights are attached;

(3) Case (g) does not result in a Unitholder in a collective investment scheme or other investment entity being treated as the holder of voting rights in the scheme property (provided always such persons do not have any entitlement to exercise, or control the exercise of, such voting rights); neither are such persons to be regarded as holding shares "indirectly";

(4) Case (h), although referring to proxies, also describes and applies to a person undertaking investment management, and to a management company, and which is able effectively to determine the manner in which voting rights attached to shares under its control are exercised (for example through instructions given directly or indirectly to a nominee or independent custodian). Case (e) provides for the voting rights which are under the control of such a person to be aggregated with those of its parent undertaking.

5.2.3  A person falling within Cases (a) to (h) is an indirect holder of shares for the purpose of the definition of shareholder. These indirect holdings have to be aggregated, but also separately identified in a notification to the issuer. Apart from those identified in the Cases (a) to (h), the FCA does not expect any other significant category "indirect shareholder" to be identified. Cases (a) to (h) are also relevant in determining whether a person is an indirect holder of financial instruments within DTR 5.3.1R(1)(a) which result in an entitlement to acquire shares.

5.2.4  DTR 5.1.2 R and case (c) of DTR 5.2.1 R do not apply in respect of voting rights attaching to shares provided to or by a member of the European System of Central Banks in carrying out their functions as monetary authorities, including shares provided to or by any such member under a pledge or repurchase of similar agreement for liquidity granted for monetary policy purposes or within a payments system provided:
(1) this shall apply only for a short period following the provision of the shares; and

(2) the voting rights attached to the shares during this period are not exercised.

[Note: article 11 of the TD.]

5.2.5

(1) A person who is required to make a notification may, without affecting their responsibility, appoint another person to make the notification on his behalf.

(2) Where two or more persons are required to make a notification such persons may, without affecting their responsibility, arrange for a single notification to be made.

[Note: article 8(3) of the TD implementing Directive.]
5.3 Notification of voting rights arising from the holding of certain financial instruments

5.3.1 (1) A person must make a notification in accordance with the applicable thresholds in DTR 5.1.2R in respect of any financial instruments which they hold, directly or indirectly, which:

(a) on maturity give the holder, under a formal agreement, either the unconditional right to acquire or the discretion as to the holder’s right to acquire, shares to which voting rights are attached, already issued, of an issuer; or

(b) are not included in (a) but which are referenced to shares referred to in (a) and with economic effect similar to that of the financial instruments referred to in (a), whether or not they confer a right to a physical settlement.

An indicative list of financial instruments that are subject to notification requirements according to article 13(1b) of the TD is published by ESMA.

Recital 8
To decrease the number of meaningless notifications to the market, the trading book exemption should apply to financial instruments held by a natural person or legal entity fulfilling orders received from clients, responding to a client’s request to trade otherwise than on a proprietary basis or hedging positions arising out of such dealings.

Article 6
Client-serving transactions
The exemption referred to in Article 9(6) of Directive 2004/109/EC shall apply to financial instruments held by a natural person or legal entity fulfilling orders received from clients, responding to a client’s request to trade otherwise than on a proprietary basis, or hedging positions arising out of such dealings.

The exemption referred to in article 9(6) of Directive 2004/109/EC is set out in DTR 5.1.3R(4).

[Note: article 13(4) of the TD]

(1) For the purposes of DTR 5.3.1R (1)(a) and to give effect to Directive 2004/109/EC (TD), financial instruments within DTR 5.3.1R(1)(a) should be taken into account in the context of notifying major holdings, to the extent that such instruments give the holder an unconditional right to acquire the underlying shares or cash on maturity.

Consequently, financial instruments financial instruments within DTR 5.3.1R(1)(a) should not be considered to include instruments entitling the holder to receive shares depending on the price of the underlying share reaching a certain level at a certain moment in time.

Nor should they be considered to cover those instruments that allow
the instrument issuer or a third party to give shares or cash to the instrument holder on maturity.

5.3.3A EU5.3.3B

The number of voting rights must be calculated by reference to the full notional amount of shares underlying the financial instrument except where the financial instrument provides exclusively for a cash settlement, in which case the number of voting rights must be calculated on a “delta-adjusted” basis, by multiplying the notional amount of underlying shares by the delta of the financial instrument. For this purpose, the holder must aggregate and notify all financial instruments relating to the same underlying issuer. Only long positions are to be taken into account for the calculation of voting rights. Long positions are not to be netted with short positions relating to the same underlying issuer.

[Note: article 13(1a) of the TD]

5.3.3B EU

Recital 4

The disclosure regime for financial instruments that have a similar economic effect to shares should be clear. Requirements to provide exhaustive details of the structure of corporate ownership should be proportionate to the need for adequate transparency in major holdings, the administrative burdens those requirements place on holders of voting rights and the flexibility in the composition of a basket of shares or an index. Therefore, financial instruments referenced to a basket of shares or an index should only be aggregated with other holdings in the same issuer when the holding of voting rights through such instruments is significant or the financial instrument is not being used primarily for investment diversification purposes.

Recital 5

It would not be cost-efficient for an investor to build a position in an issuer through holding a financial instrument referenced to different baskets or indices. Therefore, holdings of voting rights through a financial instrument referenced to a series of baskets of shares or indices which are individually under the established thresholds should not be accumulated.

Article 4

Financial instruments referenced to a basket of shares or an index

1.Voting rights referred to in Article 13(1a)(a) of Directive 2004/109/EC in the case of a financial instrument referenced to a basket of shares or an index shall be calculated on the basis of the weight of the share in the basket of shares or index where any of the following conditions apply:

(a) the voting rights in a specific issuer held through financial instruments referenced to the basket or index represent 1% or more of voting rights attached to shares of that issuer;

(b) the shares in the basket or index represent 20% or more of the value of the securities in the basket or index.
2. Where a financial instrument is referenced to a series of baskets of shares or indices, the voting rights held through the individual baskets of shares or indices shall not be accumulated for the purpose of the thresholds set out in paragraph 1.

5.3.3C EU

Recital 6

Financial instruments which provide exclusively for a cash settlement should be accounted for on a delta-adjusted basis, with cash position having delta 1 in the case of financial instruments having a linear, symmetric pay-off profile in line with the underlying share and using a generally accepted standard pricing model in the case of financial instruments which do not have a linear, symmetric pay-off profile in line with the underlying share.

Recital 7

In order to ensure that information about the total number of voting rights accessible to the investor is as accurate as possible, delta should be calculated daily taking into account the last closing price of the underlying share.

Article 5

Financial instruments providing exclusively for a cash settlement

1. The number of voting rights referred to in Article 13(1a)(b) of Directive 2004/109/EC relating to financial instruments which provide exclusively for a cash settlement, with a linear, symmetric pay-off profile with the underlying share shall be calculated on a delta-adjusted basis with cash position being equal to 1.

2. The number of voting rights relating to an exclusively cash-settled financial instrument without a linear, symmetric pay-off profile with the underlying share shall be calculated on a delta-adjusted basis, using a generally accepted standard pricing model.

3. A generally accepted standard pricing model shall be a model that is generally used in the finance industry for that financial instrument and that is sufficiently robust to take into account the elements that are relevant to the valuation of the instrument. The elements that are relevant to the valuation shall include at least all of the following:

(a) interest rate;
(b) dividend payments;
(c) time to maturity;
(d) volatility;
(e) price of underlying share.

4. When determining delta the holder of the financial instrument shall ensure all of the following:

(a) that the model used covers the complexity and risk of each financial instrument;
(b) that the same model is used in a consistent manner for the calculation of the number of voting rights of a given financial instrument.

5. Information technology systems used to carry out the calculation of delta shall ensure consistent, accurate and timely reporting of voting rights.
6. The number of voting rights shall be calculated daily, taking into account the last closing price of the underlying share. The holder of the financial instrument shall notify the issuer when that holder reaches, exceeds or falls below the thresholds provided for in Article 9(1) of Directive 2004/109/EC.

5.3.4 The holder of financial instruments within DTR 5.3.1R(1)(a), and, to the extent relevant, financial instruments within DTR 5.3.1R(1)(b), is required to aggregate and, if necessary, notify all such instruments as relate to the same underlying issuer.

[Note: article 13(1) of the TD]

5.3.5 A person making a notification in accordance with DTR 5.1.2R must, if their holding includes financial instruments within DTR 5.3.1R(1):

(1) include a breakdown by type of financial instruments held in accordance with DTR 5.3.1R(1)(a) and financial instruments held in accordance with DTR 5.3.1R(1)(b); and

(2) distinguish between the financial instruments which confer a right to:

(a) physical settlement; and

(b) cash settlement.

5.4 Aggregation of managed holdings

5.4.1 (1) The parent undertaking of a management company shall not be required to aggregate its holdings with the holdings managed by the management company under the conditions laid down in the UCITS Directive, provided such management company exercises its voting rights independently from the parent undertaking.

(2) But the requirements for the aggregation of holdings applies if the parent undertaking, or another controlled undertaking of the parent undertaking, has invested in holdings managed by such management company and the management company has no discretion to exercise the voting rights attached to such holdings and may only exercise such voting rights under direct or indirect instructions from the parent or another controlled undertaking of the parent undertaking.

[Note: articles 12(4) of the TD]

5.4.2 (1) The parent undertaking of an investment firm authorised under MiFID shall not be required to aggregate its holdings with the holdings which such investment firm manages on a client-by-client basis within the meaning of Article 4(1), point 8, of MiFID, provided that:

(a) the investment firm is authorised to provide such portfolio management;

(b) it may only exercise the voting rights attached to such shares under instructions given in writing or by electronic means or it ensures that individual portfolio management services are conducted independently of any other services under conditions equivalent to those provided for under the UCITS Directive by putting into place appropriate mechanisms; and

(c) the investment firm exercises its voting rights independently from the parent undertaking.

(2) But the requirements for the aggregation of holdings applies if the parent undertaking, or another controlled undertaking of the parent undertaking, has invested in holdings managed by such investment firm and the investment firm has no discretion to exercise the voting rights attached to such holdings and may only exercise such voting rights under direct or indirect instructions from the parent or another controlled undertaking of the parent undertaking.

[Note: article 12(5) of the TD]
For the purposes of the exemption to the aggregation of holdings provided in DTR 5.4.1 R or DTR 5.4.2 R, a parent undertaking of a management company or of an investment firm shall comply with the following conditions:

1. It must not interfere by giving direct or indirect instructions or in any other way in the exercise of the voting rights held by the management company or investment firm; and

2. That management company or investment firm must be free to exercise, independently of the parent undertaking, the voting rights attached to the assets it manages.

[Note: article 10(1) of the TD implementing Directive]

A parent undertaking which wishes to make use of the exemption in relation to issuers subject to this chapter whose shares are admitted to trading on a regulated market must without delay, notify the following to the FCA:

1. A list of the names of those management companies, investment firms or other entities, indicating the competent authorities that supervise them, but with no reference to the issuers concerned; and

2. A statement that, in the case of each such management company or investment firm, the parent undertaking complies with the conditions laid down in DTR 5.4.3 R.

The parent undertaking shall update the list referred to in paragraph (1) on an ongoing basis.

[Note: article 10(2) of the TD implementing Directive]

Where the parent undertaking intends to benefit from the exemptions only in relation to the financial instruments referred to in Article 13 of the TD, it must notify to the FCA only the list referred to in paragraph (1) of DTR 5.4.4 R.

[Note: article 10(3) of the TD implementing Directive]

A parent undertaking of a management company or of an investment firm must in relation to issuers subject to this chapter whose shares are admitted to trading on a regulated market be able to demonstrate to the FCA on request that:

1. The organisational structures of the parent undertaking and the management company or investment firm are such that the voting rights are exercised independently of the parent undertaking;

2. The persons who decide how the voting rights are exercised act independently;

3. If the parent undertaking is a client of its management company or investment firm or has a holding in the assets managed by the management company or investment firm, there is a clear written mandate for an arms-length customer relationship between the

5.4.7 R For the purposes of paragraph (1) of DTR 5.4.3 R direct instruction means any instruction given by the parent undertaking, or another controlled undertaking of the parent undertaking, specifying how the voting rights are to be exercised by the management company or investment firm in particular cases.

5.4.8 R Indirect instruction means any general or particular instruction, regardless of the form, given by the parent undertaking, or another controlled undertaking of the parent undertaking, that limits the discretion of the management company or investment firm in relation to the exercise of voting rights in order to serve specific business interests of the parent undertaking or another controlled undertaking of the parent undertaking.

5.4.9 R Undertakings whose registered office is in a third country which would have required authorisation in accordance with Article 6 (1) of the UCITS directive or with regard to portfolio management under point 4 of section A of Annex 1 to MiFID if it had its registered office or, only in the case of an investment firm, its head office within the EEA, shall be exempted from aggregating holdings with the holdings of its parent undertaking under this rule provided that they comply with equivalent conditions of independence as management companies or investment firms.

[Article 23(6) TD]

5.4.10 R A third country shall be deemed to set conditions of independence equivalent to those set out in this rule where under the law of that country, a management company or investment firm is required to meet the following conditions:

(1) the management company or investment firm must be free in all situations to exercise, independently of its parent undertaking, the voting rights attached to the assets it manages;

(2) the management company or investment firm must disregard the interests of the parent undertaking or of any other controlled undertaking of the parent undertaking whenever conflicts of interest arise.

5.4.11 R A parent undertaking of a third country undertaking must comply with the notification requirements in DTR 5.4.4 R (1) and DTR 5.4.5 R and in addition:
(1) must make a statement that in respect of each management company or investment firm concerned, the parent undertaking complies with the conditions of independence set down in DTR 5.4.10 R; and

(2) must be able to demonstrate to the FCA on request that the requirements of DTR 5.4.6 R are respected.

[Note: article 23 of the TD implementing Directive]
5.5 Acquisition or disposal by issuer of shares

5.5.1 An issuer of shares must, if it acquires or disposes of its own shares, either itself or through a person acting in his own name but on the issuer's behalf, make public the percentage of voting rights attributable to those shares it holds as a result of the transaction as a whole, as soon as possible, but not later than four trading days following such acquisition or disposal where that percentage reaches, exceeds or falls below the thresholds of 5% or 10% of the voting rights.

5.5.1A DTR 5.5.1R does not apply to a third-country issuer that falls within DTR 5.11.4R.

5.5.2 The percentage shall be calculated on the basis of the total number of shares to which voting rights are attached.

[Note: article 14 of the TD].

5.5.3 Additional requirements in relation to a listed company which purchases its own equity shares are contained in LR 12.4.6 R.
5.6 Disclosures by issuers

5.6.1 An issuer must, at the end of each calendar month during which an increase or decrease has occurred, disclose to the public:

(1) the total number of voting rights and capital in respect of each class of share which it issues.

[Note: article 15 of the TD]; and

(2) the total number of voting rights attaching to shares of the issuer which are held by it in treasury.

5.6.1A (1) Notwithstanding DTR 5.6.1 R, if a relevant increase or decrease in the total number of voting rights of the kind described in (2) occurs, an issuer must disclose to the public the information in DTR 5.6.1R (1) and (2) as soon as possible and in any event no later than the end of the business day following the day on which the increase or decrease occurs.

(2) For the purpose of (1), a relevant increase or decrease is any increase or decrease in the total number of voting rights produced when an issuer completes a transaction unless its effect on the total number of voting rights is immaterial when compared with the position before completion.

5.6.1B In relation to the obligation in DTR 5.6.1AR, it is for an issuer to assess whether the effect on the total number of voting rights is immaterial. In the FCA’s view an increase or decrease of 1% or more is likely to be material, both to the issuer and to the public.

5.6.1C DTR 5.6.1R does not apply to a third-country issuer that falls within DTR 5.11.4R.

5.6.2 The disclosure of the total number of voting rights should be in respect of each class of share which is admitted to trading on a regulated or prescribed market.

5.6.3 Responsibility for all information drawn up and made public in accordance with DTR 5.6.1 R and DTR 5.6.1AR lies with the issuer.
5.7 Notification of combined holdings

5.7.1 A person making a notification in accordance with DTR 5.1.2 R must do so by reference to each of the following:

(1) the aggregate of all voting rights which the person holds as shareholder and as the direct or indirect holder of financial instruments falling within DTR 5.3.1R(1);

(2) the aggregate of all voting rights held as direct or indirect shareholder (disregarding for this purpose holdings of financial instruments); and

(3) the aggregate of all voting rights held as a result of direct and indirect holdings of financial instruments falling within DTR 5.3.1R(1).

[Note: article 13a(1) of the TD]

(4) [deleted]

5.7.1A Voting rights relating to financial instruments within DTR 5.3.1R(1) that have already been notified in accordance with DTR 5.1.2R must be notified again when the person has acquired the underlying shares and such acquisition results in the total number of voting rights attached to shares issued by the same issuer reaching or exceeding the thresholds laid down by DTR 5.1.2R.

[Note: article 13a(2) of the TD]

5.7.2 The effect of DTR 5.7.1 R is that a person may have to make a notification if the overall percentage level of his voting rights remains the same but there is a notifiable change in the percentage level of one or more of the categories of voting rights held.
5.8 Procedures for the notification and disclosure of major holdings

5.8.1 A notification given in accordance with DTR 5.1.2 R shall include the following information:

(1) the resulting situation in terms of voting rights;

(2) the chain of controlled undertakings through which voting rights are effectively held, if applicable;

(3) the date on which the threshold was reached or crossed; and

(4) the identity of the shareholder, even if that shareholder is not entitled to exercise voting rights under the conditions laid down in DTR 5.2.1 R and of the person entitled to exercise voting rights on behalf of that shareholder.

5.8.2 (1) A notification required of voting rights arising from the holding of financial instruments must include the following information:

(a) the resulting situation in terms of voting rights;

(b) if applicable, the chain of controlled undertakings through which financial instruments are effectively held;

(c) the date on which the threshold was reached or crossed;

(d) for instruments with an exercise period, an indication of the date or time period where shares will or can be acquired, if applicable

(e) date of maturity or expiration of the instrument;

(f) identity of the holder; and

(g) name of the underlying issuer.

(2) The notification must be made to the issuer of each of the underlying shares to which the financial instrument relates and, in the case of shares admitted to trading on a regulated market, to each competent authority of the Home States of such issuers.

(3) If a financial instrument relates to more than one underlying share, a separate notification shall be made to each issuer of the underlying shares.

(4) [deleted]

[Note: articles 11(3), (4) and (5) of the TD implementing Directive]
The notification to the issuer shall be effected as soon as possible, but not later than four trading days in the case of a non-UK issuer and two trading days in all other cases, after the date on which the relevant person:

(1) learns of the acquisition or disposal or of the possibility of exercising voting rights, or on which, having regard to the circumstances, should have learned of it, regardless of the date on which the acquisition, disposal or possibility of exercising voting rights takes effect; or

(2) is informed about the event mentioned in [DTR 5.1.2 R (2)].

And for the purposes of (1) above a person shall, in relation to a transaction to which he is a party or which he has instructed, be deemed to have knowledge of the acquisition, disposal or possibility to exercise voting rights no later than two trading days following the transaction in question and where a transaction is conditional upon the approval by public authorities of the transaction or on a future uncertain event the occurrence of which is outside the control of the parties to the agreement, the parties are deemed to have knowledge of the acquisition, disposal or possibility of exercising voting rights only when the relevant approvals are obtained or when the event happens.

[Note: articles 12(1), and 12(2) of the TD and article 9 of the TD implementing Directive]

(1) The notification obligation following transactions of a kind mentioned in [DTR 5.2.1 R are individual obligations incumbent upon each direct shareholder or indirect shareholder mentioned in [DTR 5.2.1 R or both if the proportion of voting rights held by each party reaches, exceeds or falls below an applicable threshold.

(2) In the circumstances in [DTR 5.2.1 R Case (h) if a shareholder gives the proxy in relation to one shareholder meeting, notification may be made by means of a single notification when the proxy is given provided it is made clear in the notification what the resulting situation in terms of voting rights will be when the proxy may no longer exercise the voting rights discretion.

(3) If in the circumstances in [DTR 5.2.1 R Case (h) the proxy holder receives one or several proxies in relation to one shareholder meeting, notification may be made by means of a single notification on or after the deadline for receiving proxies provided that it is made clear in the notification what the resulting situation in terms of voting rights will be when the proxy may no longer exercise the voting rights at its discretion.

(4) When the duty to make notification lies with more than one person, notification may be made by means of a single common notification but this does not release any of those persons from their responsibilities in relation to the notification.

[Note: article 8 of the TD implementing Directive]

It may be necessary for both the relevant shareholder and proxy holder to make a notification. For example, if a direct holder of shares has a notifiable holding of voting rights and gives a proxy in respect of those rights (such
that the recipient has discretion as to how the votes are cast) then for the purposes of DTR 5.1.2 R this is a disposal of such rights giving rise to a notification obligation. The proxy holder may also have such an obligation by virtue of his holding under DTR 5.2.1 R. Separate notifications will not however be necessary provided a single notification (whether made by the direct holder of the shares or by the proxy holder) makes clear what the situation will be when the proxy has expired. Where a proxy holder receives several proxies then one notification may be made in respect of the aggregated voting rights held by the proxy holder on or as soon as is reasonably practicable following the proxy deadline. Unless it discloses what the position will be in respect of each proxy after the proxies have expired, such a notification will not relieve any direct holder of the shares of its notification obligation (if there is a notifiable disposal). A proxy which confers only minor and residual discretions (such as to vote on an adjournment) will not result in the proxy holder (or shareholder) having a notification obligation.

5.8.6

An undertaking is not required to make a notification if instead it is made by its parent undertaking or, where the parent undertaking is itself a controlled undertaking, by its own parent undertaking.

7.2 Corporate governance statements

7.2.1 An issuer to which this section applies must include a corporate governance statement in its directors’ report. That statement must be included as a specific section of the directors’ report and must contain at least the information set out in DTR 7.2.2 to DTR 7.2.7 and, where applicable, DTR 7.2.8AR and DTR 7.2.10.

7.2.2 The corporate governance statement must contain a reference to the following, where applicable:

(1) the corporate governance code to which the issuer is subject;

(2) the corporate governance code which the issuer may have voluntarily decided to apply; and

(3) all relevant information about the corporate governance practices applied over and above the requirements of national law.

[Note: article 20(1)(a) first paragraph of the Accounting Directive]

7.2.3 (1) An issuer which is complying with DTR 7.2.2 (1) or DTR 7.2.2 (2) must:

(a) state in its directors’ report where the relevant corporate governance code is publicly available; and

(b) where it departs from that corporate governance code, explain which parts of the corporate governance code it departs from and the reasons for doing so.

(2) Where DTR 7.2.2 (3) applies, the issuer must make details of its corporate governance practices publicly available and state in its directors’ report where they can be found.

(3) If an issuer has decided not to refer to any provisions of a corporate governance code referred to under DTR 7.2.2 (1) and DTR 7.2.2 (2), it must explain its reasons for that decision.

[Note: article 20(1)(a) second paragraph and article 20(1)(b) of the Accounting Directive]

7.2.4 A listed company which complies with LR 9.8.6R (6) (the comply or explain rule in relation to the UK Corporate Governance Code) will satisfy the requirements of DTR 7.2.2 and DTR 7.2.3.
The corporate governance statement must contain a description of the main features of the issuer's internal control and risk management systems in relation to the financial reporting process.

[Note: article 20(1)(c) of the Accounting Directive]

The corporate governance statement must contain the information required by paragraph 13(2)(c), (d), (f), (h) and (i) of Schedule 7 to the Large and Medium-sized Companies and Groups (Accounts and Reports) Regulations 2008 (SI 2008/410) (information about share capital required under Directive 2004/25/EC (the Takeover Directive)) where the issuer is subject to the requirements of that paragraph.

[Note: article 20(1)(d) of the Accounting Directive]

The corporate governance statement must contain a description of the composition and operation of the issuer's administrative, management and supervisory bodies and their committees.

[Note: article 20(1)(f) of the Accounting Directive]

In the FCA's view, the information specified in provisions A.1.1, A.1.2, B.2.4, C.3.3, C.3.8 and D.2.1 of the UK Corporate Governance Code will satisfy the requirements of DTR 7.2.7 R.

(1) The corporate governance statement must contain a description of:

(a) the diversity policy applied to the issuer's administrative, management and supervisory bodies with regard to aspects such as, for instance, age, gender, or educational and professional backgrounds;

(b) the objectives of the diversity policy in (a);

(c) how the diversity policy in (a) has been implemented; and

(d) the results in the reporting period.

(2) If no diversity policy is applied by the issuer, the corporate governance statement must contain an explanation as to why this is the case.

[Note: article 20(1)(g) of the Accounting Directive]

DTR 7.2.8AR does not apply to an issuer which qualifies as a small or medium company under DTR 1B.1.7R.

An issuer may elect that, instead of including its corporate governance statement in its directors' report, the information required by DTR 7.2.1 R to DTR 7.2.8AR may be set out in:

(1) a separate report published together with and in the same manner as its annual report; or
7.2.10 R Subject to DTR 7.2.11 R, an issuer which is required to prepare a group directors’ report within the meaning of section 415(2) of the Companies Act 2006 must include in that report a description of the main features of the group’s internal control and risk management systems in relation to the financial reporting process for the undertakings included in the consolidation, taken as a whole. In the event that the issuer presents its own annual report and its consolidated annual report as a single report, this information must be included in the corporate governance statement required by DTR 7.2.1 R.

[Note: article 29(2)(b) of the Accounting Directive]

7.2.11 R (1) An issuer that elects to include its corporate governance statement in a separate report as permitted by DTR 7.2.9R(1) must provide the information required by DTR 7.2.10R in that report.

(2) An issuer that elects to include its corporate governance statement in a document publicly available on the issuer’s website to which reference is made in the directors’ report as permitted by DTR 7.2.9R(2) must provide the information required by DTR 7.2.10R in that document.

(2) a document publicly available on the issuer’s website to which reference is made in the directors’ report.

Under (1) or (2), the corporate governance statement must contain the information required by DTR 7.2.6R or a reference to the directors’ report where that information is made available.

[Note: article 20(2) of the Accounting Directive]
7.3 Related party transactions

Transaction

7.3.1 A reference in this section:

(1) to a transaction or arrangement by an issuer includes a transaction or arrangement by its subsidiary undertaking; and

(2) to a transaction is, unless the contrary intention appears, a reference to the entering into of the agreement for the transaction.

[Note: article 9c(7) of the Shareholder Rights Directive]

Definition of related party

7.3.2 In DTR, a “related party” has the meaning in IFRS.

[Note: article 2(h) of the Shareholder Rights Directive]

Definition of related party transaction

7.3.3 In DTR, a “related party transaction” means:

(1) a transaction (other than a transaction in the ordinary course of business and concluded on normal market terms) between an issuer and a related party; or

(2) an arrangement (other than an arrangement in the ordinary course of business and concluded on normal market terms) pursuant to which an issuer and a related party each invests in, or provides finance to, another undertaking or asset; or

(3) any other similar transaction or arrangement (other than a transaction or arrangement in the ordinary course of business and concluded on normal market terms) between an issuer and any other person the purpose and effect of which is to benefit a related party.

[Note: article 9c(5) of the Shareholder Rights Directive]

7.3.4 An issuer must establish and maintain adequate procedures, systems and controls to enable it to assess whether a transaction or arrangement with a related party is in the ordinary course of business and has been concluded on normal market terms. An issuer must ensure that the related party and any
person who is an associate, director or employee of the related party does not take part in any such assessment.

[Note: article 9c(5) of the Shareholder Rights Directive]

Transactions to which this section does not apply

7.3.5 DTR 7.3.8R does not apply to any related party transaction which is:

1. a transaction or arrangement between the issuer and its subsidiary undertaking provided that:
   a. the subsidiary undertaking is wholly owned; or
   b. no other related party of the issuer has an interest in the subsidiary undertaking; or

2. a transaction or arrangement regarding remuneration, or certain elements of remuneration, of a director of the issuer, where the remuneration to be awarded or due to the director is in accordance with the issuer’s directors’ remuneration policy as approved by the shareholders of the issuer in accordance with section 439A of the Companies Act 2006 and paid in accordance with section 226B of the Companies Act 2006; or

2. a transaction offered to all shareholders of the issuer on the same terms where equal treatment of all shareholders and protection of the interests of the issuer is ensured.

[Note: article 9c(6) of the Shareholder Rights Directive]

Material related party transactions

7.3.6 Whether a related party transaction is a material related party transaction is determined by assessing its size relative to that of the issuer proposing to make it. The comparison of size is made by using the percentage ratios resulting from applying the related party test calculations to a transaction or arrangement. The related party tests are set out in DTR 7 Annex 1.

[Note: article 9c(1) of the Shareholder Rights Directive]

7.3.7 In DTR:

1. “percentage ratio” means (in relation to a transaction or arrangement) the figure, expressed as a percentage, that results from applying a calculation under a related party test to the transaction or arrangement;

2. “related party tests” means the tests set out in DTR 7 Annex 1, which are used to determine whether a transaction or arrangement is a material related party transaction; and

3. “material related party transaction” means a related party transaction where any percentage ratio is 5% or more.

[Note: article 9c(1) of the Shareholder Rights Directive]
Requirements for material related party transactions

7.3.8 If an issuer enters into a material related party transaction, the issuer must:

1) no later than the time when the terms of the transaction or arrangement are agreed, publish an announcement on a RIS which sets out:
   a) the nature of the related party relationship;
   b) the name of the related party;
   c) the date and the value of the transaction or arrangement; and
   d) any other information necessary to assess whether the transaction or arrangement is fair and reasonable from the perspective of the issuer and of the shareholders who are not a related party, including minority shareholders;

2) obtain the approval of its board for the transaction or arrangement before it is entered into; and

3) ensure that any director who is, or an associate of whom is, the related party, or who is a director of the related party, does not take part in the board’s consideration of the transaction or arrangement and does not vote on the relevant board resolution.

[Note: article 9c(2) and 9c(4) of the Shareholder Rights Directive]

7.3.9 If, after obtaining board approval but before the completion of a material related party transaction, there is a material change to the terms of the transaction or arrangement, the issuer must comply again separately with DTR 7.3.8R in relation to the transaction or arrangement.

7.3.10 The FCA would (amongst other things) generally consider an increase of 10% or more in the consideration payable to be a material change to the terms of the transaction.

7.3.11

1) An issuer which complies with LR 11.1.7R (Requirements for related party transactions) in relation to a material related party transaction will satisfy the requirements of DTR 7.3.8R in respect of that transaction or arrangement.

2) An issuer which complies with LR 11.1.10R (Modified requirements for smaller related party transactions) in relation to a material related party transaction will satisfy the requirements of DTR 7.3.8R(1) in respect of that transaction or arrangement.

3) An issuer which complies with LR 11.1.7R as modified by LR 21.5.2R (Transactions with related parties: Equity shares) or LR 21.10.4R (Transactions with related parties: certificates representing shares) in relation to a material related party transaction will satisfy the requirements of DTR 7.3.8R(1) in respect of that transaction or arrangement.

4) An issuer which complies with LR 11.1.10R as modified by LR 21.5.2R or LR 21.10.4R in relation to a material related party transaction will
satisfy the requirements of DTR 7.3.8(1) in respect of that transaction or arrangement.

7.3.12  
DTR 7.3.8R applies to the variation or novation of an existing agreement between the issuer and a related party whether or not, at the time the original agreement was entered into, that party was a related party.

Aggregation of transactions in any 12-month period

7.3.13  
(1) If an issuer enters into transactions or arrangements with the same related party (and any of its associates) in any 12-month period, and the issuer has not been required to comply with DTR 7.3.8R in respect of the transactions or arrangements, the transactions or arrangements must be aggregated.

(2) If any percentage ratio is 5% or more for the aggregated transactions or arrangements, the issuer must comply with DTR 7.3.8R in respect of each of the aggregated transactions or arrangements.

[Note: article 9c(8) of the Shareholder Rights Directive]

Compliance with the disclosure requirements

7.3.14  
An issuer should consider its obligations under the disclosure requirements in relation to a related party transaction.

[Note: article 9c(9) of the Shareholder Rights Directive]
The related party tests

Related party tests
This Annex sets out the following related party tests:

1. the gross assets test;
2. the profits test;
3. the consideration test; and
4. the gross capital test.

The gross assets test
1. The gross assets test is calculated by dividing the gross assets the subject of the transaction by the gross assets of the issuer.

2. The “gross assets” of the issuer means the total non-current assets, plus the total current assets, of the issuer.

3. For:
   a. an acquisition of an interest in an undertaking which will result in consolidation of the assets of that undertaking in the accounts of the issuer; or
   b. a disposal of an interest in an undertaking which will result in the assets of that undertaking no longer being consolidated in the accounts of the issuer,
   the “gross assets the subject of the transaction” means the value of 100% of that undertaking’s assets irrespective of what interest is acquired or disposed of.

4. For an acquisition or disposal of an interest in an undertaking which does not fall within paragraph (3), the “gross assets the subject of the transaction” means:
   a. for an acquisition, the consideration together with liabilities assumed (if any); and
   b. for a disposal, the assets attributed to that interest in the issuer’s accounts.

5. If there is an acquisition of assets other than an interest in an undertaking, the “assets the subject of the transaction” means the consideration or, if greater, the book value of those assets as they will be included in the issuer’s balance sheet.

6. If there is a disposal of assets other than an interest in an undertaking, the assets the subject of the transaction means the book value of the assets in the issuer’s balance sheet.

The issuer should consider, when calculating the assets the subject of the transaction, whether further amounts, such as contingent assets or arrangements referred to in LR 10.2.4R (indemnities and similar arrangements), should be included to ensure that the size of the transaction is properly reflected in the calculation.

The profits test
1. The profits test is calculated by dividing the profits attributable to the assets the subject of the transaction by the profits of the issuer.
(2) For the purposes of paragraph (1), “profits” means:
   (a) profits after deducting all charges except taxation; and
   (b) for an acquisition or disposal of an interest in an undertaking referred to in paragraph 2R(3)(a) or (b), 100% of the profits of the undertaking (irrespective of what interest is acquired or disposed of).

(3) If the acquisition or disposal of the interest will not result in consolidation or deconsolidation of the target then the profits test is not applicable.

The amount of loss is relevant in calculating the impact of a proposed transaction under the profits test. An issuer should include the amount of the losses of the issuer or target, i.e. the issuer should disregard the negative when calculating the test.

The consideration test

(1) The consideration test is calculated by taking the consideration for the transaction as a percentage of the aggregate market value of all the ordinary shares (excluding treasury shares) of the issuer.

(2) For the purposes of paragraph (1):
   (a) the consideration is the amount paid to the contracting party;
   (b) if all or part of the consideration is in the form of securities to be traded on a market, the consideration attributable to those securities is the aggregate market value of those securities; and
   (c) if deferred consideration is or may be payable or receivable by the issuer in the future, the consideration is the maximum total consideration payable or receivable under the agreement.

(3) If the total consideration is not subject to any maximum (and the other related party tests indicate the transaction to be a transaction where all the percentage ratios are less than 5%) the transaction is to be treated as a material related party transaction.

(4) For the purposes of sub-paragraph (2)(b), the figures used to determine consideration consisting of:
   (a) securities of a class already admitted to trading, must be the aggregate market value of all those securities on the last business day before the announcement; and
   (b) a new class of securities for which an application for admission to trading will be made, must be the expected aggregate market value of all those securities.

(5) For the purposes of paragraph (1), the figure used to determine market capitalisation is the aggregate market value of all the ordinary shares (excluding treasury shares) of the issuer at the close of business on the last business day before the announcement.

The issuer should consider whether further amounts should be included in the calculation of the consideration to ensure that the size of the transaction is properly reflected in the calculation. For example, if the purchaser agrees to discharge any liabilities, including the repayment of inter-company or third-party debt, whether actual or contingent, as part of the terms of the transaction.

The gross capital test

(1) The gross capital test is calculated by dividing the gross capital of the company or business being acquired by the gross capital of the issuer.

(2) The test in paragraph (1) is only to be applied for an acquisition of a company or business.

(3) For the purposes of paragraph (1), the “gross capital of the company or business being acquired” means the aggregate of:
(a) the consideration (as calculated under paragraph 6R);
(b) if a company, any of its shares and debt securities which are not being acquired;
(c) all other liabilities (other than current liabilities) including for this purpose minority interests and deferred taxation; and
(d) any excess of current liabilities over current assets.

(4) For the purposes of paragraph (1), the “gross capital of the issuer” means the aggregate of:
   (a) the market value of its shares (excluding treasury shares) and the issue amount of the debt security;
   (b) all other liabilities (other than current liabilities), including for this purpose minority interests and deferred taxation; and
   (c) any excess of current liabilities over current assets.

(5) For the purposes of paragraph (1):
   (a) figures used must be, for shares and debt security aggregated for the purposes of the gross capital percentage ratio, the aggregate market value of all those shares (or if not available before the announcement, their nominal value) and the issue amount of the debt security; and
   (b) for shares and debt security aggregated for the purposes of paragraph (3)(b), any treasury shares held by the company are not to be taken into account.

Figures used to classify assets and profits

(1) For the purposes of calculating the tests in this Annex, except as otherwise stated in paragraphs (2) to (7), the figures used to classify assets and profits must be the figures shown in the latest published audited consolidated accounts or, if an issuer has, or will have, published a preliminary statement of later annual results at the time the terms of a transaction are agreed, the figures shown in that preliminary statement.

(2) If a balance sheet has been published in a subsequently published interim statement then gross assets and gross capital should be taken from the balance sheet published in the interim statement.

(3) (a) The figures of the issuer must be adjusted to take account of transactions completed during the period to which the figures referred to in (1) or (2) relate, and subsequent completed transactions which the issuer would have been required to notify to a RIS under LR 10.4 or LR 10.5 if the issuer had a premium listing, provided that for such subsequent completed transactions the figures for the transactions are reasonably available to the issuer.

(b) The figures of the target company or business must be adjusted to take account of transactions completed during the period to which the figures referred to in (1) or (2) relate, and subsequent completed transactions which would have been a class 2 transaction or greater for the purposes of the listing rules when classified against the target as a whole, provided that for such subsequent completed transactions the figures for the transactions are reasonably available to the target.

(4) Figures on which the auditors are unable to report without modification must be disregarded.

(5) When applying the percentage ratios to an acquisition by a company whose assets consist wholly or predominantly of cash or short-dated securities, the cash and short-dated securities must be excluded in calculating its assets and market capitalisation.

(6) The principles in this paragraph also apply (to the extent relevant) to calculating the assets and profits of the target company or business.
The FCA may modify paragraph 9R(4) in appropriate cases to permit figures to be taken into account.

**Anomalous results**
If a calculation under any of the related party tests produces an anomalous result, or if a calculation is inappropriate to the activities of the issuer, the FCA may modify the relevant rule to substitute other relevant indicators of size, including industry-specific tests.

**Adjustments to figures**
Where an issuer wishes to make adjustments to the figures used in calculating the related party tests pursuant to 11G they should discuss this with the FCA before the related party tests crystallise.

**The profits test: anomalous results**
Paragraph 14R applies to an issuer where the calculation under the profits test produces a percentage ratio of 5% or more and this result is anomalous.
An issuer may, where each of the other applicable percentage ratios are less than 5%, disregard the profits test for the purposes of classifying the transaction.

8.4 Continuing obligations

Arrangements with media operators

8.4.1 R A primary information provider must establish and maintain adequate arrangements with media operators in the United Kingdom and other EEA States for the dissemination of regulated information.

8.4.2 G The purpose of DTR 8.4.1 R is to ensure that a primary information provider can disseminate regulated information to as wide a public as possible, as close to simultaneously as possible, in the United Kingdom and other EEA States. In considering whether a primary information provider has satisfied the requirements in DTR 8.4.1 R, the FCA will consider the number and nature of arrangements that the primary information provider has with media operators.

Handling regulated information: timing and prioritisation

8.4.3 R Unless the regulated information is embargoed by the person who submitted it or by the FCA, a primary information provider must disseminate all regulated information that it receives as soon as possible.

8.4.4 G In assessing compliance with DTR 8.4.3 R, the FCA will have regard to whether the primary information provider has disseminated at least 95% of all regulated information which did not require reformatting within 5 minutes of receipt.

8.4.5 R A primary information provider must prioritise the order of dissemination of pending regulated information according to the headline information, except that a primary information provider must prioritise the dissemination of regulated information that is submitted by the FCA if the FCA requests it.

Handling regulated information: fees

8.4.6 R A primary information provider must set out clearly:

(1) the services it provides in relation to the dissemination of regulated information; and

In considering whether a primary information provider satisfies the requirements of DTR 8.4.9 R, the FCA will consider, among other things, whether the primary information provider has arrangements in place for an alternative primary information provider to receive and disseminate regulated information on its behalf.

Handling regulated information: security

A primary information provider must:

1. ensure that regulated information is handled securely; and
2. provide persons wishing to disseminate regulated information with a secure means of communicating regulated information to the primary information provider.

(11) a clear indication of the end of the regulated information.

Disseminating regulated information: use of headline information

R8.4.24 A primary information provider must add the appropriate headline information to regulated information it disseminates.

DTR 8.4.24 R does not apply when a primary information provider disseminates information it has received from a recognised investment exchange.

Disseminating regulated information: dissemination to media operators

R8.4.26 A primary information provider must ensure that all regulated information it receives is disseminated successfully to all media operators with whom it has arrangements for the dissemination of regulated information.

R8.4.27 If a primary information provider becomes aware that the dissemination of regulated information has failed, it must remedy the failure as soon as possible.

Disseminating regulated information: embargo of regulated information

R8.4.28 If requested by the person who has submitted the regulated information for dissemination, a primary information provider must place an embargo on the regulated information for release at the date and time specified by the person who submitted the regulated information.

R8.4.29 If requested by the FCA, a primary information provider must:

(1) place an embargo on regulated information; or

(2) cancel any embargo placed on regulated information by the person that has submitted the regulated information and disseminate the regulated information; or
Disseminating regulated information: provision to the FCA

8.4.30 A primary information provider must supply free of charge all regulated information that it disseminates, exclusive of all other information, to the FCA or an agent appointed by the FCA to act on its behalf.

Systems and controls

8.4.31 A primary information provider must have effective systems and controls in place to ensure that it can comply with its continuing obligations in DTR 8.4.1 R to DTR 8.4.30 R.

8.4.32 In considering whether a primary information provider satisfies the requirements of DTR 8.4.31 R, the FCA will consider, among other things, whether the primary information provider has in place appropriate measures to identify new and emerging risks which would be likely to prevent its compliance with DTR 8.4.11 R, DTR 8.4.19 R or DTR 8.4.20 R.

Relations with the FCA

8.4.33 A primary information provider must at all times:

1. deal with the FCA in an open and cooperative manner; and
2. deal with all enquiries raised by the FCA as soon as possible.

General notifications

8.4.34 A primary information provider must notify the FCA immediately if:

1. there is any change to the names and contact details of staff who are available to assist the FCA exercise its functions in relation to the dissemination of regulated information by the primary information provider; or
2. any contractual arrangement between the primary information provider and a media operator regarding the dissemination of regulated information is terminated; or
3. any changes are proposed to the fees the primary information provider charges in relation to the dissemination of regulated information; or
4. it becomes aware of any matter which in its reasonable opinion would be likely to affect its ability to satisfy its obligations in DTR 8.4.

8.4.35 If a primary information provider learns of a breach of its security it must:

1. notify the FCA immediately; and

(3) cancel any embargo placed on regulated information by the FCA and disseminate the regulated information.
A primary information provider must notify the FCA and its clients as soon as possible if its ability to disseminate or continuously receive regulated information is disrupted.

If a primary information provider has its approval cancelled it must immediately notify its clients, regulatory bodies and any media operator with whom it has an arrangement for the dissemination of regulated information that it is no longer approved as a primary information provider.

Notifications must be made in writing.

(2) Notifications to the FCA must be sent to the following address:

Sponsor Supervision
Enforcement and Market Oversight Division
The Financial Conduct Authority
12 Endeavour Square
London
E20 1JN

Fax: 020 7066 8349

A primary information provider must pay the annual fee set out in FEES 4 in order to remain on the list of primary information providers.
**8.5 Supervision of primary information providers**

### Annual report

**8.5.1 R** A primary information provider must submit to the FCA an annual report prepared by a reporting accountant qualified to act as auditor which states that the primary information provider has satisfied its continuing obligations in DTR 8.4 in the preceding 12 months.

**8.5.2 G** The annual report provided under DTR 8.5.1 R should state:

1. the opinion of the reporting accountant qualified to act as auditor as to the matters set out in DTR 8.5.1 R;

2. the significant areas tested in reaching that opinion; and

3. a summary of the work undertaken to address these areas and reach that opinion.

**8.5.3 R** The annual report must be sent to the FCA within 3 months of the anniversary of the date of the primary information provider’s approval as a primary information provider.

### Requirement to provide information

**8.5.4 R** (1) The FCA may require a primary information provider to provide specified information or specified documents to the FCA.

(2) The primary information provider must as soon as practicable provide to the FCA any information or documents it has been required to provide under (1).

(3) This rule applies only to information or documents reasonably required by the FCA in connection with the performance of its functions in relation to a primary information provider.

### Restrictions or limitations on approval

**8.5.5 G** The FCA may impose restrictions or limitations on the services a primary information provider can provide at any time following the grant of a primary information provider’s approval.
Situations when the FCA may impose restrictions or limitations on the services a primary information provider can provide include (but are not limited to) where it appears to the FCA that:

1. the primary information provider’s ability to satisfy its obligations in DTR 8.4 would be likely to be compromised; or
2. the primary information provider is proposing to make changes to its systems and controls or operations which would be likely to prevent it from satisfying any of its obligations in DTR 8.4; or
3. the primary information provider is proposing to make changes to the services offered or fees charged which would be likely to prevent it from satisfying its obligation in DTR 8.3.1R (1).

[Note: A statutory notice may be required under section 89P of the Act. Where this is the case, the procedure for giving a statutory notice is set out in DEPP.]

Discipline of primary information providers

The decision-making procedures that the FCA will follow when it uses its disciplinary powers in relation to a primary information provider are set out in DEPP.

Suspension of a primary information provider’s approval at the primary information provider’s request

A request by a primary information provider for its approval as a primary information provider to be suspended must be in writing and must include:

1. the primary information provider’s name;
2. a clear explanation of the background and reasons for the request;
3. the date on which the primary information provider requests the suspension to take effect; and
4. the name and contact details of the person at the primary information provider with whom the FCA should liaise in relation to the request.

A primary information provider may withdraw its request at any time before the suspension takes effect.

Cancellation of a primary information provider’s approval at the primary information provider’s request

A request by a primary information provider for its approval as a primary information provider to be cancelled must be in writing and must include:

1. the primary information provider’s name;
2. a clear explanation of the background and reasons for the request;
(3) the date on which the primary information provider requests the cancellation to take effect; and

(4) the name and contact details of the person at the primary information provider with whom the FCA should liaise in relation to the request.

8.5.11 G A primary information provider may withdraw its request at any time before the cancellation takes effect.

Primary information providers: advancing the FCA’s operational objectives

8.5.12 G The FCA may impose restrictions or limitations on the services a primary information provider can provide or suspend a primary information provider’s approval if the FCA considers it desirable to do so in order to advance one or more of its operational objectives.

[Note: A statutory notice may be required under section 89V of the Act. Where this is the case, the procedure for giving a statutory notice is set out in DEPP.]

Rules that can be waived

Sch 6
As a result of section 138A of the Act (Modification or waiver of rules) the FCA has power to waive all its rules, other than rules made under section 137O (Threshold condition code), section 247 (Trust scheme rules), section 248 (Scheme particular rules), section 261I (Contractual scheme rules) or section 261J (Contractual scheme particulars rules) of the Act. However, if the rules incorporate requirements laid down in European directives, it will not be possible for the FCA to grant a waiver that would be incompatible with the United Kingdom's responsibilities under those directives.
Appendix 1
Audit Committees for certain issuers

1.1 Audit Committees for certain issuers

App 1.1.1
In respect of a financial year beginning before 17 June 2016, DTR TP 27 requires an issuer to comply with the requirements in this appendix in relation to their audit committee unless it is an issuer listed in App 1.1.4.

App 1.1.2
To assist issuers, this appendix adopts the text of DTR 7.1 before it was amended by the Disclosure Rules and Transparency Rules Sourcebook (Statutory Audit Amending Directive) Instrument 2016 in order to cover issuers in respect of a financial year beginning before 17 June 2016.

App 1.1.3
Audit committees

Audit committees and their functions

7.1.1 R An issuer must have a body which is responsible for performing the functions set out in DTR 7.1.3R. At least one member of that body must be independent and at least one member must have competence in accounting and/or auditing.

7.1.2 G The requirements for independence and competence in accounting and/or auditing may be satisfied by the same member or by different members of the relevant body.

7.1.3 R An issuer must ensure that, as a minimum, the relevant body must:

1. monitor the financial reporting process;
2. monitor the effectiveness of the issuer’s internal control, internal audit where applicable, and risk management systems;
3. monitor the statutory audit of the annual and consolidated accounts;
4. review and monitor the independence of the statutory auditor, and in particular the provision of additional services to the issuer.
7.1.4 R An issuer must base any proposal to appoint a statutory auditor on a recommendation made by the relevant body.

[Note: Article 41.3 of the Audit Directive]

7.1.5 R The issuer must make a statement available to the public disclosing which body carries out the functions required by DTR 7.1.3R and how it is composed.

[Note: Article 41.5 (part) of the Audit Directive]

7.1.6 G An issuer may include the statement required by DTR 7.1.5R in any statement it is required to make under DTR 7.2 (Corporate governance statements).

7.1.7 G In the FCA’s view, compliance with provisions A.1.2, C.3.1, C.3.2, C.3.3 and C.3.8 of the UK Corporate Governance Code will result in compliance with DTR 7.1.1R to DTR 7.1.5R.

This appendix does not apply to:

(1) any issuer which is a subsidiary undertaking of a parent undertaking where the parent undertaking is subject to DTR 7.1, or to requirements implementing Article 41 of the Audit Directive in any other EEA State; or

[Note: Article 41.6(a) of the Audit Directive]

(2) any issuer the sole business of which is to act as the issuer of asset-backed securities provided the entity makes a statement available to the public setting out the reasons for which it considers it is not appropriate to have either an audit committee or an administrative or supervisory body entrusted to carry out the functions of an audit committee; or

[Note: Article 41.6(c) of the Audit Directive]

(3) a credit institution whose shares are not admitted to trading and which has, in a continuous or repeated manner, issued only debt securities provided that:

(a) the total nominal amount of all such debt securities remains below 100,000,000 Euros; and

(b) the credit institution has not been subject to a requirement to publish a prospectus in accordance with section 85 of the Act.

[Note: Article 41.6(d) of the Audit Directive]
