Chapter 6

Financial Services Compensation Scheme Funding

6.1 **Application**

- 6.1.1 This chapter applies to:
 - (1) every participant firm;
 - (2) the FSCS; and
 - (3) the Society.
- 6.1.2 G
- (1) Firms which are not participant firms (such as certain types of service companies, ICVCs and, for the purposes of ■ FEES 6, pre-IP completion day incoming EEA firms) are not required to contribute towards the funding of the compensation scheme.
- (2) The fees levied in relation to the carrying on of insurance market activities by members will be imposed on the Society rather than individually on each member (see ■ FEES 6.3.24 R).

- G 6.1.3
- Purpose The purpose of this chapter is to set out the requirements on *participant* firms to pay levies imposed by the FSCS to provide funding for its functions under COMP. The PRA Rulebook deals with funding for the FSCS's functions for depositor protection and policyholder protection.

General structure

- G 6.1.4
 - Section 213(3)(b) of the Act requires the appropriate regulator to make rules to enable the FSCS to impose levies on authorised persons, and on recognised investment exchanges that are operating a multilateral trading facility or operating an organised trading facility, in order to meet its expenses. These expenses include in particular expenses incurred, or expected to be incurred, in paying compensation, borrowing or insuring risks.
- 6.1.4A
- Section 224F of the Act enables the appropriate regulator to make rules to enable the FSCS to impose levies on authorised persons (or any class of authorised persons) in order to meet its management expenses incurred if, under Part 15A of the Act, it is required by HM Treasury to act in relation to relevant schemes. But those rules must provide that the FSCS can impose a levy only if the FSCS has tried its best to obtain reimbursement of those expenses from the manager of the relevant scheme.

- 6.1.5 G The FSCS may impose three types of levy: a management expenses levy (consisting of a base costs levy and a specific costs levy), a compensation costs levy and a MERS levy. The FSCS has discretion as to the amount and timing of the levies imposed.
- In calculating a compensation costs levy, the FSCS may include up to the greater of one third of the compensation costs expected in the 36-month period following the 1 April of the financial year of the compensation scheme in relation to which the levy is imposed, or the compensation costs expected in the 12 months following that date.
- The total amount of all management expenses levies attributable to a financial year and levied by the FSCS under this chapter or under the PRA Rulebook will be restricted to the amount set out on an annual basis in FEES 6 Annex 1 R.
- In order to allocate a share of the amount of specific costs and compensation costs to be funded by an individual participant firm, the funding arrangements are split into seven classes: the General Insurance Distribution Claims class; the Investment Intermediation Claims class; the Investment Provision Claims class; the Home Finance Intermediation Claims class; the Debt Management Claims class; the deposit acceptors' contribution class; and the Funeral Plans Claims class. The permissions held by a participant firm determine into which class, or classes, it falls.
- 6.1.8 G The provisions on the allocation of levies to *classes* meet a requirement of section 213(5) of the *Act* that the *FCA*, in making rules to enable the *FSCS* to impose levies, must take account of the desirability of ensuring that the amount of the levies imposed on a particular class of *authorised person* reflects, so far as practicable, the amount of claims made, or likely to be made, in respect of that class of person.

The management expenses levy

- 6.1.9 Section 223 of the *Act* (Management expenses) prevents the *FSCS* from recovering, through a levy, any *management expenses* attributable to a particular period in excess of the limit set in *COMP* as applicable to that period. 'Management expenses' are defined in section 223(3) to mean expenses incurred or expected to be incurred by the *FSCS* in connection with its functions under the *Act*, except:
 - (1) expenses incurred in paying compensation;
 - (2) expenses incurred as a result of the FSCS making the arrangements to secure continuity of insurance to make payments to or in respect of policyholders or to safeguard policyholders, under PRA rules made under sections 216(3) or (4), 217(1) or 217(6) of the Act;
 - (2A) expenses incurred as a result of the FSCS making the arrangements to secure continuity of funeral plan contracts or to make payments under FCA rules made under sections 215A(3) or (4) of the Act;

- (3) expenses incurred under section 214B or section 214D of the Act as a result of the FSCS being required by HM Treasury to make payments in connection with the exercise of the stabilisation power under Part 1 of the Banking Act 2009; and
- (4) expenses incurred under Part XVA of the Act as a result of the FSCS being required by HM Treasury to act in relation to a relevant scheme.

6.1.10

A management expenses levy may consist of two elements. The first is a base costs levy, for 50% of the base costs of running the compensation scheme in a financial year, that is, costs which are not dependent upon the level of activity of the compensation scheme and which therefore are not attributable to any specific class. The PRA allocates the other 50% of the base costs under its rules. Included in base costs are items such as the salary of the members of the board of the FSCS, the costs of the premises which the FSCS occupies, and its audit fees. It would also likely include the cost of any insurance cover secured by FSCS against the risk of it paying claims out in circumstances where the levy limit of the particular class to which the claim would otherwise be attributable has exceeded its levy limit for the year, as the insurance cover is likely to benefit all classes which may have costs allocated to them if the levy limit of another class is breached. The amount that each participant firm pays towards a base costs levy is calculated by reference to the regulatory costs paid by the firm. All participant firms are liable to contribute towards a base costs levy.

6.1.11A

The second element of a management expenses levy is a specific costs levy for the "specific costs" of running the compensation scheme in a financial year. These costs are attributable to a class, and include the salary costs of certain staff of the FSCS and claims handling and legal and other professional fees. It also may include the cost of any insurance cover that FSCS secures against the risk of FSCS paying out claims above a given level in any particular class (but below the levy limit for that class for the year). When the FSCS imposes a specific costs levy, the levy is allocated to the class which gives rise to those costs up to the relevant levy limits. Specific costs attributable to certain classes, which exceed the class levy limits, may be allocated to the retail pool. The FSCS may include in a specific costs levy the specific costs that the FSCS expects to incur (including in respect of defaults not yet declared at the date of the levy) during the financial year of the compensation scheme to which the levy relates. The amount that each participant firm pays towards the specific costs levy imposed on a class is calculated by reference to the amount of business conducted by the firm in that class, or categories within that class. Each class or category has a "tariff base" for this purpose, set out in ■ FEES 6 Annex 3AR. Participant firms may be exempt from contributing to the specific costs levy.

- G 6.1.12 [deleted]
- 6.1.13 The limit on the management expenses attributable to the forthcoming financial year of the compensation scheme will be consulted on in January each year.

The compensation costs levy

6.1.14 G

In imposing a compensation costs levy in each financial year of the compensation scheme the FSCS will take into account the compensation costs which the compensation scheme has incurred and has not yet raised through levies, any recoveries it has made using the rights that have been assigned to it or to which it is subrogated and a further amount calculated taking into account:

- (1) [deleted]
- (2) [deleted]
- (3) the *compensation costs* it expects to incur in the *financial year* of the *compensation scheme* in relation to which the levy is imposed; or, if greater
- (4) one third of the *compensation costs* it expects to incur in the 36 months following 1 April of the *financial year* of the *compensation scheme* in relation to which the levy is imposed (see FEES 6.3.1R (Imposing management expenses and compensation costs levies)).

6.1.15 G

Compensation costs are principally the costs incurred in paying compensation. Costs incurred:

- (1) [deleted]
- (2) [deleted]
- (3) [deleted]
- (4) as a result of the FSCS being required by HM Treasury to make payments in connection with the exercise of the stabilisation power under Part 1 of the Banking Act 2009;
- (5) in paying interest, principal and other costs from borrowing to allow the FSCS to pay claims attributable to a particular *class*; or
- (6) in connection with making arrangements to secure continuity of *funeral plan contracts*;

are also treated as *compensation costs*. *Compensation costs* are attributed to the *class* which gives rise to the costs up to relevant *levy limits*. *Classes* (other than the *deposit acceptors' contribution class*) may be funded, for *compensation costs levies* beyond the *class levy limit*, by the *retail pool*.

Participant firms that are members of more than one class

6.1.16 G

If a participant firm is a member of more than one class, the total compensation costs levy and specific costs levy for that firm in a particular year will be the aggregate of the individual levies calculated for the firm in respect of each of the classes for that year. Each class has a levy limit which is the maximum amount of compensation costs and specific costs which may be allocated to a particular class in a financial year for the purposes of a levy.

G

The retail pool

6.1.16A

The FCA has made rules providing that compensation costs and specific costs attributable to the classes (other than the deposit acceptors' contribution class), and which exceed the class levy limits, may be allocated to the retail pool. Levies allocated to the retail pool are then allocated amongst the other such classes, together with the deposit acceptors' contribution class. The deposit acceptors' contribution class may contribute to compensation costs levies or specific costs levies funded by the retail pool, but may not itself receive any such funding.

.....

6.1.17 G [deleted]

6.2 Exemption

- 6.2.1A R
- (1) Except as set out in (3), a participant firm which does not conduct business in respect of which the FSCS may pay compensation and has no reasonable likelihood of doing so is exempt from a specific costs levy, or a compensation costs levy, or both, provided that:
 - (a) it has notified the FSCS in writing that those conditions apply;and
 - (b) the conditions in fact continue to apply.
- (2) The exemption takes effect from the date on which the notice was received by the *FSCS*, subject to FEES 6.2.6 R.
- (3) The exemption in (1) does not apply in respect of a *specific costs levy* or *compensation costs levy* arising from the *firm*'s membership of any of the following:
 - (a) category 1.2 (General insurance provision) of class 1 (the General Insurance Distribution Claims class); or
 - (b) categories 2.2 (Life insurance provision), 2.3 (Investment provision) or 2.4 (Structured deposits provision) of class 2 (Investment Intermediation Claims class); or
 - (c) category 4.2 (Home finance provision) of class 4 (the Home Finance Intermediation Claims class); or
 - (d) category 5.2 (Consumer credit provision) of class 5 (the Debt Management Claims class); or
 - (e) the deposit acceptors' contribution class.
- 6.2.2

 FEES 6.2.1AR does not apply to a *participant firm* that may be subject to a claim under COMP 3.2.4 R.
- G A participant firm to which COMP 3.2.4R applies must report annual eligible income in accordance with FEES 6.5.13 R. Such a participant firm may take advantage of the option to report its annual income attributable to business in respect of which the FSCS may pay compensation.
- A participant firm which is exempt under FEES 6.2.1AR must notify the FSCS in writing as soon as reasonably practicable if the conditions in FEES 6.2.1AR no longer apply.

- 6.2.5 A participant firm to which the conditions in ■ FEES 6.2.1AR no longer apply will then become subject to ■ FEES 6.3.
- R 6.2.6 (1) If a participant firm ceases to conduct business that could give rise to a protected claim by an eligible claimant and notifies the FSCS of this under ■ FEES 6.2.1AR, it will be treated as a participant firm to which ■ FEES 6.7.6R applies until the end of the financial year of the compensation scheme in which the notice was given.
 - (2) Where the FCA grants a person's application for annulment of a cancellation or variation of Part 4A permission under Schedule 6A to the Act and when the Part 4A permission was cancelled or varied the person ceased to conduct business that could give rise to a protected claim by an eligible claimant, it will be treated as a participant firm to which ■ FEES 6.7.6R applies until the end of the *financial year* of the compensation scheme in which the person's Part 4A permission was cancelled or varied (but for the annulment).
- 6.2.7 The financial year of the compensation scheme is the twelve months ending on 31 March. The effect of ■ FEES 6.2.6 R and ■ FEES 6.2.1AR is that if a firm fails to notify FSCS of an exemption under ■ FEES 6.2.1AR by 31 March it will be treated as non-exempt for the whole of the next financial year.
- 6.2.8 For the purposes of ■ FEES 6.2.1AR a participant firm will only be exempt from a specific costs levy or compensation costs levy for any given financial year if it met the conditions in ■ FEES 6.2.1AR on 31 March of the immediately preceding financial year.
- 6.2.8A R Where the FCA grants a person's application for annulment of a cancellation or variation of Part 4A permission under Schedule 6A to the Act and when the person's Part 4A permission was cancelled or varied the person was exempt by virtue of ■ FEES 6.2.1AR, the *person* remains exempt provided that the conditions in that rule (apart from notification to the FCA) apply for the financial year of the compensation scheme in question.

6.3 The FSCS's power to impose levies

Imposing management expenses and compensation costs levies

6.3.1 R

The FSCS may at any time impose a management expenses levy or a compensation costs levy, provided that the FSCS has reasonable grounds for believing that the funds available to it to meet relevant expenses are, or will be, insufficient, taking into account expenditure already incurred, actual and expected recoveries and:

- (1) in the case of a management expenses levy, the level of the FSCS's expected expenditure in respect of those expenses in the financial year of the compensation scheme in relation to which the levy is imposed; and
- (2) [deleted]
- (3) in the case of a compensation costs levy:
 - (a) the FSCS's expenditure in respect of compensation costs expected in the 12 months of the financial year of the compensation scheme in relation to which the levy is imposed; or, if greater
 - (b) one third of the FSCS's expenditure in respect of compensation costs expected in the 36 months following the 1 April in the financial year of the compensation scheme in relation to which the levy is imposed.
- 6.3.2 The calculation of levies will also take into account previous levies, where funds raised in anticipation of meeting liabilities prove either more or less than the amount actually required.
- 6.3.2A G The FSCS will usually levy once in each financial year (the annual levy). However, if the compensation costs or specific costs incurred, or expected to be incurred, exceed the amounts held, or reasonably expected to be held, to meet those costs, the FSCS may, at any time during the financial year, do one or more of the following:
 - (1) impose an interim levy; or
 - (2) utilise other sources of funding such as commercial borrowing or other borrowing including from the National Loans Fund; or
 - (3) utilise money collected from firms as set out in, and subject to, FEES 6.3.17 R (Management of funds).

		The FSCS will generally impose a levy rather than borrow or utilise funds as described in (3), unless the latter options appear to it to be preferable in the specific circumstances prevailing at the relevant time; for example, to address short-term liquidity issues, or in order to deal with a significant failure without having to wait for a levy to be imposed or collected.
6.3.3	G	The FSCS has committed itself in Memorandum of Understanding with the FCA to publish its policy in respect of levying.
6.3.4	G	The discretion over levying in FEES 6 also gives the FSCS, if it thinks this appropriate, the ability to use third parties as its agents in raising and collecting the levies.
6.3.4A	R	Imposing a MERS levy The FSCS may at any time impose a MERS levy provided that the FSCS has reasonable grounds for believing that the funds available to it to meet relevant expenses are or will be insufficient, taking into account relevant expenses incurred or expected to be incurred in the financial year of the compensation scheme in relation to which the levy is imposed.
6.3.5	R	Limits on compensation costs and specific costs levies on classes The maximum aggregate amount of compensation costs and specific costs for which the FSCS can levy each class (including levies through the retail pool) in any one financial year of the compensation scheme is limited to the amounts set out in the table in ■ FEES 6 Annex 2 R.
6.3.6	R	[deleted]
6.3.7	R	[deleted]
6.3.8	R	[deleted]
6.3.9	R	[deleted]
6.3.10	R	Levy for compensation costs paid in error The FSCS may include in a compensation costs levy the costs of compensation paid by the FSCS in error, provided that the payment was not made in bad faith.

Management of funds 6.3.11 R The FSCS must hold any amount collected from a specific costs levy or compensation costs levy to the credit of the classes in accordance with the allocation established under ■ FEES 6.4.6AR and ■ FEES 6.5.2-AR. R 6.3.12 Any funds received by the FSCS by way of levy or otherwise for the purposes of the compensation scheme are to be managed as the FSCS considers appropriate, and in doing this the FSCS must act prudently. R 6.3.13 Interest earned by the FSCS in the management of funds held to the credit of a class must be credited to that class, and must be set off against the management expenses or compensation costs allocated to that class. 6.3.14 R The FSCS must keep accounts which include: (1) the funds held to the credit of each class; and (2) the liabilities of that class. 6.3.15 R [deleted] 6.3.15A G [deleted] 6.3.16 G [deleted] R 6.3.17 (1) The FSCS may use any money held to the credit of one class(the creditor class) to pay compensation costs or specific costs attributable or allocated by way of levy to another class (the debtor class) if the FSCS has reasonable grounds to believe that this would be more economical than borrowing funds from a third party or raising a levy. (2) Where the FSCS acts in accordance with (1), it must ensure that: (a) the creditor class is reimbursed by the debtor class as soon as possible: (b) the debtor class pays interest at a rate equivalent to the Bank of England's official Bank Rate from time to time in force; and (c) the amount lent by the creditor class to the debtor class is taken into account by the FSCS when considering whether to impose a compensation costs levy on the creditor class under ■ FEES 6.3.1 R. 6.3.18 G ■ FEES 6.3.17 R deals with how FSCS may use money available to it and does not affect the *rules* on levy allocation in ■ FEES 6.4, ■ 6.5 and ■ 6.5A. 6.3.19 R Unless ■ FEES 6.3.20 R applies, any recoveries made by the FSCS in relation to protected claims must be credited to the classes to which the related compensation costs was attributable.

6.3.20

- (1) Where the FSCS makes recoveries in relation to protected claims where a related compensation costs levy would have been allocated to a class (class A) had the levy limit for class A not been reached and has been allocated to another class or classes in the retail pool, the recoveries must be applied:
 - (a) first, to the classes to which the costs levied were allocated in accordance with ■ FEES 6.5A in the same proportion as those classes contributed, up to the total amount of that allocation plus interest at a rate equivalent to the Bank of England's Official Bank Rate from time to time in force; and
 - (b) thereafter, to class A.
- (2) This rule applies even though the recovery is made in a subsequent financial year.
- (3) [deleted]
- 6.3.20A

G

Recoveries under ■ FEES 6.3.20 R are net of the costs of recovery.

6.3.21

R

If the FSCS has more funds (whether from levies, recoveries or otherwise) to the credit of a class than the FSCS believes will be required to meet levies on that class for the next 12 months, it may refund the surplus to members or former members of the class on any reasonable basis.

Adjustments to calculation of levy shares

6.3.22

The FSCS may adjust the calculation of a participant firm's share of any levy to take proper account of:

- (1) any excess, not already taken into account, between previous levies of that type imposed in relation to previous periods and the relevant costs actually incurred in that period; or
- (2) participant firms that are exempt from the levy under FEES 6.2; or
- (3) amounts that the FSCS has not been able to recover from participant firms as a result of ■ FEES 6.3.5 R; or
- (4) amounts that the FSCS has not been able to recover from participant firms after having taken reasonable steps; or
- (5) FEES 2.3 (Relieving Provisions), FEES 6.5.9 R (New participant firms) or ■ FEES 6.3.23 R (Remission of levy or additional administrative fee); or
- (6) anything else that the FSCS believes on reasonable grounds should be taken into account.
- 6.3.22A

The FSCS may not adjust the calculation of a participant firm's share of any levy under ■ FEES 6.3.22 R on the grounds that it would be inequitable for that firm to pay that share or part of it or on the grounds that it would be inequitable for the FSCS to retain that share or part of it.

FEES 6/12

6.3.22B G The reason for ■ FEES 6.3.22A R is that any such claim should be dealt with under ■ FEES 2.3 (Relieving Provisions).

Firms acquiring businesses from other firms

- 6.3.22C R (1) This *rule* applies to the calculation of the levies
 - (1) This rule applies to the calculation of the levies of a firm (A) if:
 - (a) either:
 - (i) A acquires all or a part of the business of another *firm* (B), whether by merger, acquisition of goodwill or otherwise; or
 - (ii) A became authorised as a result of B's simple change of legal status (as defined in FEES 3 Annex 1R Part 6);
 - (b) B is no longer liable to pay a levy; and
 - (c) that acquisition or change takes place after the date to which, or as of which, A's most recent statement of business under
 FEES 6.5.13 R is drawn up so far as concerns the *classes* covered by B's business.
 - (2) A must pay an additional amount equal to the levy that would have been payable by B in relation to the relevant business and relevant classes if the acquisition or change in status had not taken place and B had remained liable to pay levies. The amount is based on the most recent information supplied by B under FEES 6.5.13 R. A is included in the classes applicable to the relevant business.
 - (3) This *rule* only applies with respect to those *financial years* of the *compensation scheme* for which A's levies are calculated on the basis of a statement of business under FEES 6.5.13 R drawn up to a date, or as of a date, before the acquisition or change in legal status took place.

Remission of levy or additional administrative fee

If a participant firm's share of a levy or an additional administrative fee under FEES 2.2.1R would be so small that, in the opinion of the FSCS, the costs of collection would be disproportionate to the amount payable, the FSCS may treat the participant firm as if its share of the levy or additional administrative fee amounted to zero.

Levies on the Society of Lloyd's

- 6.3.24 R The FSCS may impose a levy on the Society to be calculated as the aggregate of the levies that would be imposed on each member if this chapter applied to members, as follows:
 - (1) a share of the base costs levy for each financial year; and
 - (2) a share of a *specific costs levy* or a *compensation costs levy* allocated in accordance with FEES 6 Annex 3AR.
- 6.3.25 D The following core provisions of the Act apply to the carrying on of insurance market activities by members:

- (1) Part 9A (Rules and guidance) for the purpose of applying the rules in ■ FEES 6 and relevant interpretative provisions;
- (2) Part XV (Financial Services Compensation Scheme).

[Note: section 316 of the Act]

G 6.3.26

The insurance market direction in ■ FEES 6.3.25D is intended to advance the FCA's consumer protection objective in section 1C of the Act by assisting the FSCS to impose a levy on the Society, calculated as the aggregate of the levies that would be imposed on *members*, in accordance with ■ FEES 6.3.24R. As a result of section 317(2) of the Act, references to an authorised person in Part XV of the Act include a member.

Effect of annulment of cancellation or variation of permission under Schedule 6A on levies

G 6.3.27

Schedule 6A to the Act sets out a procedure to enable the FCA to cancel or vary the Part 4A permission of a person who it appears to the FCA is not carrying on a regulated activity. Paragraph 5 of that schedule sets out a procedure for annulment of cancellation or variation of Part 4A permission in specified circumstances. Where the FCA grants an application for annulment, paragraph 6 of Schedule 6A sets out its effect. In particular, the cancellation or variation of Part 4A permission is treated as if it had never taken place. As a result of the effect of annulment under Schedule 6A, any levy provided for under this chapter applicable to the person, in relation to the period during which the person's Part 4A permission was cancelled or varied, applies to the *person*, unless the exemption in ■ FEES 6.2.1AR applies.

FEES 6/14

6.4 Management expenses

Obligation on participant firm to pay

A participant firm must pay to the FSCS a share of each management expenses levy.

Limit on management expenses

The total of all management expenses levies (taken together with the management expenses levies under the PRA Rulebook) attributable to a particular period of the compensation scheme may not exceed the limit applicable to that period set out in ■ FEES 6 Annex 1 R.

Participant firm's share

- A participant firm's share of a management expenses levy consists of one or more of: (1) a share of a base costs levy and (2) a share of a specific costs levy.
- The FSCS must ensure that each participant firm's share of a management expenses levy separately identifies the firm's share of the base costs levy and specific costs levy.

Base costs levy

- 6.4.5 R Subject to FEES 6.3.22 R, the FSCS must calculate a participant firm's share of a base costs levy by:
 - (1) for recognised investment exchanges, providing for £1,000 per RIE for each financial year of the compensation scheme (other than in the financial year in which the recognised investment exchange becomes a participant firm, when its share is nil);
 - (2) for other participant firms:
 - (a) identifying the base costs which the FSCS has incurred, or expects to incur, in the relevant financial year of the compensation scheme, but has not yet levied and allocating 50% of those base costs (less any contribution to be made by recognised investment exchanges under (1)) as the sum to be levied on participants in all the activity groups listed in FEES 4 Annex 1AR;
 - (b) calculating the amount of the *participant firm's regulatory costs* as a proportion of the total *regulatory costs* relating to all

	in the same financial year	
Category 2.3 (Investment provision)	Levy limit for class 3 (Investment Provision Claims) minus any compensation costs levies or specific costs levies imposed by the FSCS in the same financial year	Class 3 (Investment Provision Claims

- (2) An allocation under step (1A) or (2) of FEES 6.5.2-AR to a relevant category or class must be capped as necessary so as not at that time to exceed the relevant unused levy limit in the table in (1), with any outstanding amount reallocated starting with that step.
- (3) If a relevant unused levy limit in the table in (1) is exceeded by a subsequent levy imposed on the corresponding funding class by the FSCS (under the PRA's or FCA's rules) in the same financial year, the FSCS must recover any previous contributions by the relevant category or class in the way set out in (4), but only to the extent necessary to correct that relevant unused levy limit excess.
- (4) If (3) applies, then the FSCS must, as far as reasonably possible:
 - (a) in the case of a previous contribution by a relevant category under ■ FEES 6.5.2-AR(1A):
 - (i) impose a levy on the other categories in the class to which the relevant category belongs and thereafter to the other firms in the retail pool, applying ■ FEES 6.5.2-AR(1A) and (2); and
 - (ii) credit the recovered amount to the relevant category.
 - (b) in the case of a previous contribution by a relevant category or class to the retail pool under ■ FEES 6.5.2-AR(2):
 - (i) impose a levy on the other firms in the retail pool in accordance with, and subject to, ■ FEES 6.5A; and
 - (ii) credit the recovered amount to the relevant category or class.
- (5) The FSCS may, before imposing a levy under (4), raise funds to correct the unused levy limit excess by commercial or other borrowing, or by utilising funds as set out in, and subject to, ■ FEES 6.3.17R.

6.5.2-AB G

- (1) This is an example of the effect of levies under the PRA's rules on levies on category 1.2 (General insurance provision), as a result of ■ FEES 6.5.2-AAR.
- (2) The FSCS allocates a compensation costs levy and specific costs levy totalling £205 million to class 1 (General Insurance Distribution Claims) under ■ FEES 6.5.2-AR (see ■ FEES 6.4.6AR). For the purposes of this example, this is the first levy imposed by the FSCS in that financial year. As a result of ■ FEES 6.5.2-AR(1A), £155 million is allocated to category 1.1 and £50 million to category 1.2.

FEES 6: Financial Services Compensation Scheme Funding

- (3) The FSCS next imposes a levy under the PRA's rules on the funding class (general insurers) that corresponds to category 1.2. That levy is equal to the levy limit for that funding class (general insurers) in the PRA Rulebook.
- (4) As a result of FEES 6.5.2-AAR(3) and (4), the FSCS must raise £50 million by imposing a levy on category 1.1 and credit those funds by way of repayment to category 1.2.
- (5) The FSCS then allocates a further compensation costs levy and specific costs levy totalling £50 million to class 1 under FEES 6.5.2-AR. As a result of FEES 6.5.2-AAR(2), the FSCS must allocate the whole amount of that further levy to category 1.1.
- (6) Subsequently but in the same financial year, the FSCS incurs further compensation costs and specific costs attributable to class 1 and totalling £75 million. However, if £75 million were allocated to class 1, it would cause category 1.1 to exceed its levy limit of £310 million when combined with the £255 million that category 1.1 has already paid in that financial year. Accordingly, the FSCS imposes a further compensation costs levy and specific costs levy totalling £75 million and allocates it as follows:
 - (a) £55 million to category 1.1, bringing the total levies paid by that category in the financial year to its levy limit;
 - (b) £0 to category 1.2; and
 - (c) £20 million to the *retail pool* in accordance with FEES 6.5.2-AR(2).
- 6.5.2A G The use made by FSCS of borrowing facilities to provide liquidity until the next levy does not affect the attribution of compensation costs, nor the allocation of compensation cost levies; the allocation of a compensation costs levy occurs at the time that the FSCS imposes a levy.
- **6.5.2B G** [deleted]
- **6.5.2C G** [deleted]
- 6.5.3 If a participant firm which is in default has carried on a regulated activity other than in accordance with a permission, the FSCS must treat any compensation costs or specific costs arising out of that activity as if the relevant permission were held by the participant firm.
- If the relevant *person* in default is an *appointed representative*, the *FSCS* must treat any *compensation costs* or *specific costs* arising out of a *regulated activity* for which his *principal* has not accepted responsibility to as if the *principal* had accepted responsibility.

Participant firm's share of a levy

(1) A participant firm must pay to the FSCS a share of each compensation costs levy allocated to the classes and categories of which it is a member unless either the firm is exempt under ■ FEES 6.2 (Exemption)

or the FSCS has chosen to exercise its discretion under ■ FEES 6.3.23 R in respect of that firm.

(2) [deleted]

6.5.6A

The FSCS must calculate each participant firm's share of a compensation costs *levy* (subject to ■ FEES 6.3.22 R (Adjustments to calculation of levy shares)) by:

- (1) identifying each of the relevant *classes* and *categories* to which each participant firm belongs, using the statement of business most recently supplied under ■ FEES 6.5.13 R (1);
- (2) identifying the compensation costs falling within FEES 6.3.1R allocated, in accordance with ■ FEES 6.5.2-AR, to the classes and categories identified in (1);
- (3) calculating, in relation to each relevant class and category, the participant firm's tariff base (see ■ FEES 6 Annex 3AR) as a proportion of the total tariff base of all participant firms in the class or category as the case may be;
- (4) applying the proportion calculated in (3) to the figure in (2); and
- (5) if more than one *class* or *category* is relevant, adding together the figure in (4) for each class or category.

6.5.6B

G

- (1) This is an example of the calculation under FEES 6.5.6AR of a participant firm's share of a compensation costs levy and a specific costs levy.
- (2) A compensation costs levy and specific costs levy totalling £100,000 is allocated to class 1 (the General Insurance Distribution Claims class) under ■ FEES 6.5.2-AR (see ■ FEES 6.4.6AR). That levy of £100,000 is allocated to the categories within that class under ■ FEES 6.5.2-AR(1A), with the result that £75,610 is allocated to category 1.1 and £24,390 is allocated to category 1.2.
- (3) The reports under FEES 6.5.13R and under the *PRA's* compensation rules show that there are 10 participant firms in category 1.1, each doing the same amount of business in that category; and five participant firms each doing the same amount of business in category 1.2. Two of the participant firms are in both categories.
- (4) In this example, as a result of FEES 6.5.6AR, each participant firm in category 1.1 pays a levy of £7,561 and each participant firm in category 1.2 pays a levy of £4,878. The two participant firms that are in both categories will accordingly each pay a levy in respect of class 1 totalling £12,439.

Allocation

6.5.6C

When identifying the relevant classes to which a TP firm belongs, the FSCS must identify the activity (or activities) in ■ FEES 6 Annex 3AR that most closely matches that for which the TP firm is treated as having Part 4A permission.

Classes and tariff bases for compensation cost levies and specific costs levies

New participant firms

A firm or a recognised investment exchange which becomes a participant firm part way through a financial year of the compensation scheme will not be liable to pay a share of a compensation costs levy or specific costs levy made in that year.

[Note: since a firm that becomes a participant firm in the course of a financial year of the compensation scheme will already be obtaining a discount in relation to the base costs levy through the modified fee provisions of ■ FEES 4.2.7ER, no rule is necessary in ■ FEES 6 for discounts on the base costs levy.]

Compensation costs levy for newly authorised firms

- 6.5.9A R [deleted]
- **6.5.9B G** [deleted]
- 6.5.9C R (1) This *rule* deals with the calculation of:
 - (a) a participant firm's compensation costs levy in the financial year of the compensation scheme following the financial year of the compensation scheme in which it became a participant firm; or
 - (b) a participant firm's compensation costs levy in the financial year of the compensation scheme in which it had its permission extended, and the following financial year of the compensation scheme; and

the tariff base for the *classes* that relate to the relevant *permissions* or extensions, as the case may be.

- (2) Unless this *rule* says otherwise, the tariff base is calculated, where necessary, using the projected valuation of the business to which the tariff relates.
- (3) The rest of this *rule* only applies to a *firm* that becomes a *participant firm*, or extends its *permission*, on or after 1 April 2009.
 - (a) If a participant firm's tariff base is calculated using data from a period that begins on or after it became a participant firm or on or after the date that the participant firm receives its extension of permission, as the case may be, the participant firm must use that data.
 - (b) If a participant firm satisfies the following conditions it must calculate its tariff base under (c) for the financial year following the financial year of the compensation scheme in which it became a participant firm or receives its extension of permission:
 - (i) it became a *participant firm* or receives its extension of *permission*, as the case may be, between 1 April and 31 December inclusive; and

■ Release 37 • Jun 2024

- (ii) its tariff base, but for this rule, is calculated by reference to the financial year ended in the calendar year ending 31 December or the twelve months ending 31 December before the financial year of the compensation scheme.
- (c) If a participant firm satisfies the conditions in (b) it must calculate its tariff base as follows:
 - (i) it must use actual data in relation to the business to which the tariff relates rather than projected valuations;
 - (ii) the tariff is calculated by reference to the period beginning on the date it became a participant firm or had its permission extended, and ending on the 31 December before the start of the financial year of the compensation scheme; and
 - (iii) the figures are annualised by increasing them by the same proportion as the period of 12 months bears to the period starting from when the participant firm became a participant firm, or had its permission extended, to the 31 December, as the case may be.
- (d) Where a participant firm is required to use the method in (c) it must notify the FSCS of its intention to do so by the date specified in ■ FEES 6.5.13R (Reporting requirements).
- (e) Where a participant firm is required to use actual data under this rule, ■ FEES 6 Annex 3AR is disapplied, to the extent it is incompatible, in relation to the calculation of that participant firm's valuation date in its second financial year.

[Note: ■ FEES 6.5.9CR was previously in ■ FEES 6.4.10AR.]

G 6.5.9D

The table below sets out the period within which a participant firm's tariff base is calculated ("the data period") for second year levies calculated under ■ FEES 6.5.9CR. References in this table to dates or months are references to the latest one occurring before the start of the *financial year* of the *compensation scheme* unless otherwise stated.

Reporting requirements

6.5.13 R

- (1) Unless exempt under FEES 6.2.1A R, a participant firm must provide the FSCS by the end of February each year (or, if it has become a participant firm part way through the financial year, by the date requested by the FCA) with a statement of:
 - (a) classes and categories to which it belongs; and
 - (b) the total amount of business (measured in accordance with the appropriate tariff base or tariff bases) which it conducted, in respect of the most recent valuation period (as specified by FEES 6 Annex 3AR (Financial Services Compensation Scheme classes)) ending before the relevant year in relation to each of those classes and categories.
- (2) In this *rule* the relevant year means the year in which the month of February referred to in (1) falls.
- (3) Where the FCA grants a person's application for annulment of a cancellation or variation of Part 4A permission under Schedule 6A to the Act and on the date the annulment takes effect the time for providing the statement in (1) has passed, then the requirement to have provided the statement does not apply, but a person must comply with (1) and (2), by providing the statement to the FCA on the date on which the person's annulment takes effect.
- (4) [deleted]
- 6.5.13A G

For example, when the tariff base for a particular class is based on a firm's annual eligible income the valuation period for that class is the firm's last financial year ending in the year to 31 December preceding the financial year of the compensation scheme for which the calculation is being made.

- 6.5.14
- If the information in FEES 6.5.13 R has been provided to the *FCA* under other *rule* obligations, or in accordance with the *PRA Rulebook*, a *participant firm* will be deemed to have complied with FEES 6.5.13 R.
- 6.5.14A G

R

- The FSCS may use information provided in accordance with the PRA Rulebook or the FCA's rules even where that information is provided other than by the end of February each year.
- 6.5.14B
- The FSCS may use information provided in accordance with the PRA Rulebook or the FCA's rules that relates to a previous period, if that information has not yet been provided in respect of the financial year of the compensation scheme in which a levy is being imposed, applying FEES 6.5.16R(2).
- 6.5.16 R
- If a participant firm does not submit a complete statement by the date on which it is due in accordance with FEES 6.5.13 R and any prescribed submission procedures:

- (1) the firm must pay an administrative fee of £250 (but not if it is already subject to an administrative fee under ■ FEES 4 Annex 2A R, Part 1 or ■ FEES 5.4.1 R for the same financial year); and
- (2) the compensation costs levy and any specific costs levy will be calculated using (where relevant) the valuation or valuations of business applicable to the previous period, multiplied by the factor of 1.10 (or, if it has become a participant firm part way through a financial year, on the basis of the information provided to the FCA for the purposes of ■ FEES 4.4.2 R) or on any other reasonable basis, making such adjustments as seem appropriate in subsequent levies once the true figures are known.

6.5.17 [deleted] R

6.5A The retail pool

Allocation of compensation costs levies and specific costs levies through the retail pool

6.5A.1 R

The FSCS must allocate a compensation costs levy or specific costs levy, which has been allocated to the retail pool (under ■ FEES 6.5.2-AR(2) or ■ FEES 6.4.6AR):

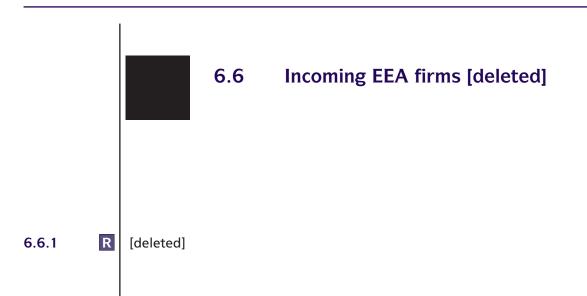

- (1) to *classes* whose *levy limit* has not been reached as at the date of the levy;
- (2) in proportion to the relative sizes of the *levy limits* of the *classes* in (1) and up to those *levy limits*; and
- (3) in accordance with the table in FEES 6 Annex 2R; and
- (4) a class's share of a levy allocated to the retail pool must be distributed amongst any categories within that class in proportion to the unused levy limits for those categories and up to those levy limits: see FEES 6 Annex 2R.
- **6.5A.2 R** | [deleted]
- **6.5A.3 G** [deleted]

How levy limits affect allocation to classes in the retail pool

- The calculation of the relative sizes of the *levy limit* (for the purpose of FEES 6.5A.1R(2)) is based on the original *levy limits* for the *classes* (as set out in FEES 6 Annex 2R) and not the remaining capacity in each *class*.
- When the FSCS allocates excess compensation costs levies or specific costs levies under FEES 6.5A.1 R or any levy imposed under FEES 6.5.2-AAR(4), a class to which part of the excess is allocated (a "receiving class") may, as a result of that allocation, itself reach its limit. In that case, the FSCS must apply FEES 6.5A.1 R or FEES 6.5.2-AAR so that any resulting excess levy beyond the limit of the receiving class is allocated amongst the remaining classes whose limits have not been reached, to the exclusion of the receiving class. This process is repeated until the compensation costs levy or specific costs levy has been met in full or the limits of all classes have been exhausted.

6.7 **Payment of levies**

Payments on account by certain firms

6.7.-1

Where a participant firm must pay its periodic fees for a fee year in accordance with ■ FEES 4.3.6R(1C) to ■ (1E), it must pay its share of any annual levy imposed by the FSCS for the financial year of the compensation scheme as follows:

- (1) by 1 April an amount equal to 50%, or such lower percentage as the FSCS may determine, of the participant firm's share of the annual levy payable for the previous financial year of the compensation scheme; and
- (2) by 1 September the balance of the annual levy due from the participant firm for the current financial year of the compensation scheme.

6.7.-1A

Where the FCA grants the person's application for annulment of a cancellation or variation of Part 4A permission under Schedule 6A to the Act and the *person* falls within ■ FEES 6.7.-1R and:

- (1) the annulment takes effect after 1 April, then the date for payment referred to in ■ FEES 6.7.-1R(1) does not apply, but the person must, where the annulment takes effect after 1 April but before 1 September, pay:
 - (a) on the date on which the annulment takes effect, an amount equal to 50%, or such lower percentage as the FSCS may determine, of the participant firm's share of the annual levy payable for the previous *financial year* of the *compensation* scheme: and
 - (b) by 1 September, the balance of the annual levy due from the participant firm for the current financial year of the compensation scheme year; or
- (2) the annulment takes effect after 1 September, then the date for payment referred to in ■ FEES 6.7.-1R(2) does not apply, but the person must pay the total amount due on the date on which the annulment takes effect.

Payments of levy by other firms

6.7.1

A participant firm that is not within FEES 6.7.-1R, must pay its share of any levy made by the FSCS in one payment.

A participant firm liable to pay its share of the levy under ■ FEES 6.7.-1R,
■ 6.7.1R and ■ 6.7.3R must do so using one of the methods set out in
■ FEES 2.1.12R (unless ■ FEES 2.1.13R applies) save that no additional amount or discount is applicable.

Firms ceasing to be a participant firm

- 6.7.6 If a firm ceases to be a participant firm or carry out activities within one or more classes part way through a financial year of the compensation scheme:
 - (1) it will remain liable for any unpaid levies which the FSCS has already made on the firm; and
 - (2) the FSCS may make one or more levies upon it (which may be before or after the firm has ceased to be a participant firm or carry out activities within one or more classes, but must be before it ceases to be an authorised person) for the costs which it would have been liable to pay had the FSCS made a levy on all participant firms or firms carrying out activities within that class in the financial year it ceased to be a participant firm or carry out activities within that class.
 - (3) [deleted]
 - (4) [deleted]
 - (5) [deleted]
- G The effect of annulment of a cancellation or variation of *Part 4A permission* under Schedule 6A to the *Act* is that the cancellation or variation of *Part 4A permission* is treated as if it had not taken place and the *person* is liable for any levies which relate to the period prior to the annulment. See further guidance in FEES 4.3.19G.

Extension of time

6.7.9

A participant firm or person (as the case may be) need not pay a share of any levy on the date on which it is due under the relevant provisions in this chapter, if that date falls during a period during which circumstances of the sort set out in ■ GEN 1.3.2R (Emergency) exist, and that participant firm or person has reasonable grounds to believe that those circumstances impair its ability to pay its due share of the levy, in which case it must be paid on or before the fifth business day after the end of that period.

- (b) (for a person who has ceased to be a client during that period) the date on which the person ceases to be a client; or

Guidance on the calculation of tariff bases

This table belongs to ■ FEES 6.5.8 G			
		Calculation of annual eligible income for firms in category 2.3 and class 3 who carry out discretionary fund management and are in <i>FCA</i> fee block A7	
-1.1	G	The tariff base for <i>category</i> 2.3 and <i>class</i> 3 is calculated by taking gross income falling into <i>category</i> 2.3 and <i>class</i> 3 and then deducting commission, fees and similar amounts rebated to customers or passed on to other <i>firms</i> (for example, where there is a commission chain). Items such as general business expenses (for example employees' salaries and overheads) should not be deducted. The calculation may be further adjusted so as to include only income that is attributable to business in respect of which the <i>FSCS</i> may pay compensation, unless the <i>firm</i> chooses to include all its annual income.	
1.1	G	Gross income for the activity of managing investments is the sum of the following:	
		(1) the amount of the annual charge on all assets in portfolios which the <i>firm</i> manages on a discretionary basis received or receivable in the latest accounting period (this is calculated as a percentage of funds invested, typically 1% p.a.); plus	
		(2) the front-end or exit charge levied on sales or redemptions of assets in portfolios which the <i>firm</i> manages on a discretionary basis (typically 4-5% of sales/redemptions) in that same accounting period; plus	
		(3) the amount of performance management fees from the management of assets in portfolios which the <i>firm</i> manages on a discretionary basis received or receivable in that same accounting period; plus	
		(4) any other income directly attributable to the management of assets in portfolios which the <i>firm</i> manages on a discretionary basis in that same accounting period, including commission and interest received.	
1.2	G	Annual eligible income should exclude	
		income received or receivable from assets managed on a non-discretionary basis, being assets that the <i>firm</i> has a contractual duty to keep under continuous review but in respect of which prior specific consent of the client must be obtained for proposed transactions, as this activity is covered in <i>category</i> 2.1 (the life distribution and investment intermediation <i>category</i>).	
1.3	G	A firm should make appropriate arrangements to ensure that income is not double counted in relation to the activities it undertakes (for example, where it operates and manages a personal pension scheme or collective investment scheme).	
		Calculation of annual eligible income for firms in category 2.3 and class 3 and who carry out activities within FCA fee block A9	
2.1	G	The calculation of income in respect of activities falling into <i>category</i> 2.3 or <i>class</i> 3, and <i>FCA</i> fee block A9 should be based on the tariff base provisions for that fee block (in Part 3 of FEES 4 Annex 1A R). It may be adjusted so as to include only income that is attributable to business in respect of which the <i>FSCS</i> may pay compensation, unless the <i>firm</i> chooses to include all its annual income.	
2.2	G	Although the calculation should be based on the one for fee block A9, the calculation is not the same. FCA fee block A9 is based on gross income. Category 2.3 and class 3 are is based on net income retained.	
	Calcu	lation of annual eligible income for a firm in categories 1.1 or 2.1	

		Calculation of annual eligible income for firms in category 2.3 and class 3 who carry out discretionary fund management and are in <i>FCA</i> fee block A7
3.1	G	The amount of annual eligible income should include the amount of any trail or renewable commission due to the firm. Trail commission is received as a small percentage of the value of a policy on an ongoing basis. Renewable commission is received from a very small percentage of the value of a policy from ongoing premiums often received once the initial commission period is over.
	Diffic	culties in calculating annual eligible income
4.1	G	The purpose of Note 2 in the section of notes at the end of FEES 6 Annex 3AR (Financial Services Compensation Scheme - classes) is to deal with the practical difficulties of allocating income correctly between different <i>classes</i> and in deciding whether income falls outside FEES 6 Annex 3AR altogether. Note 2 requires a <i>firm</i> to carry out the necessary apportionment on a reasonable and consistent basis.
4.2	G	The following provides some <i>guidance</i> as to how <i>firms</i> may approach the allocation of <i>annual eligible income</i> .
4.3	G	Where a <i>firm</i> cannot separate its income on the basis of activities, such as a fund manager which acts on a discretionary and non-discretionary basis for the same <i>client</i> and who only sends out a single invoice, the <i>firm</i> may apportion the income in another way. For instance, a <i>firm</i> may calculate that the business it undertook for a <i>client</i> was split 90% on a discretionary basis and 10% on a non-discretionary basis calculated by reference to funds under management. The <i>firm</i> may split the income accordingly.
4.4	G	A <i>firm</i> may allocate trail or renewable commission on the basis of the type of <i>firm</i> it receives it from. For instance, if it comes from a life provider the <i>firm</i> may consider it as life and pensions mediation income. If it comes from a fund manager the <i>firm</i> may treat it as investment mediation income.
4.5	G	If a firm receives annual eligible income from a platform based business it may report annual eligible income in line with the proportionate split of business that the firm otherwise undertakes. For instance, if a firm receives 70% of its other commission from life and pensions mediation business and 30% from investment mediation business, then it may divide what it receives in relation to the platform business on the same basis.
4.5A	G	Firms should have regard to the ability of the FSCS to pay compensation to members of pension schemes and to participants in collective investment schemes (see COMP 12A (Special cases)) when calculating their annual eligible income.
4.6	G	Unless a <i>firm</i> chooses to include all relevant annual income, <i>annual eligible income</i> excludes business that is not compensatable under the <i>compensation scheme</i> . This can create difficulties because, for example, a <i>person</i> may move between being and not being an <i>eligible claimant</i> over time. The purpose of Note 3 in the section of notes at the end of FEES 6 Annex 3AR is to deal with that difficulty by fixing a date for deciding this.
