1.1 Introduction

Note: ESMA has also issued guidelines under article 16(3) of the ESMA Regulation covering ‘Alternative Performance Measures’. See [link](https://www.esma.europa.eu/sites/default/files/library/2015/10/2015-esma-1415en.pdf)

Application

1.1.1 LR applies as follows:

1. All of LR (other than ■ LR 8.3, ■ LR 8.4, ■ LR 8.6 and ■ LR 8.7) applies to an issuer; and

2. ■ LR 1, ■ LR 8.1, ■ LR 8.3, ■ LR 8.4, ■ LR 8.6 and ■ LR 8.7 apply to a sponsor and a person applying for approval as a sponsor.

Note: when exercising its functions under Part VI of the Act, the FCA may use the name: the UK Listing Authority.

Other relevant parts of Handbook

Note: Other parts of the Handbook that may also be relevant to issuers or sponsors include DTR (the Disclosure Guidance and Transparency Rules sourcebook), PRR (the Prospectus Regulation Rules sourcebook), COBS (the Conduct of Business sourcebook), DEPP (Decision Procedure and Penalties Manual), Chapter 9 of SUP (the Supervision manual) and GEN (General Provisions).

The following Regulatory Guides may also be relevant to issuers or sponsors:

1. The Enforcement Guide (EG)
2. [intentionally blank]
1.2 Modifying rules and consulting the FCA

**Modifying or dispensing with rules**

1.2.1

(1) The FCA may dispense with or modify the listing rules in such cases and by reference to such circumstances as it considers appropriate (subject to the terms of EU directives and the Act).

(2) A dispensation or modification may be either unconditional or subject to specified conditions.

(3) If an issuer or sponsor has applied for, or been granted, a dispensation or modification, it must notify the FCA immediately it becomes aware of any matter which is material to the relevance or appropriateness of the dispensation or modification.

(4) The FCA may revoke or modify a dispensation or modification.

1.2.2

(1) An application to the FCA to dispense with or modify a listing rule must be in writing.

(2) The application must:

   (a) contain a clear explanation of why the dispensation or modification is requested;

   (b) include details of any special requirements, for example, the date by which the dispensation or modification is required;

   (c) contain all relevant information that should reasonably be brought to the FCA’s attention;

   (d) contain any statement or information that is required by the listing rules to be included for a specific type of dispensation or modification; and

   (e) include copies of all documents relevant to the application.

1.2.3

An application to dispense with or modify a listing rule should ordinarily be made:

(1) for a listing rule that is a continuing obligation, at least five business days before the proposed dispensation or modification is to take effect; and

(2) for any other listing rule, at least ten business days before the proposed dispensation or modification is to take effect.
Companies in severe financial difficulty

1.2.4 If an issuer applies to the FCA to dispense with or modify a listing rule on the basis that it is in severe financial difficulty, the FCA would ordinarily expect the issuer to comply with the conditions in LR 10.8 (to the extent relevant to the particular rule for which the dispensation or modification is sought). In particular, the FCA would expect the issuer to comply with those conditions that are directed at demonstrating that it is in severe financial difficulty.

Early consultation with FCA

1.2.5 An issuer or sponsor should consult with the FCA at the earliest possible stage if it:

1. is in doubt about how the listing rules apply in a particular situation; or
2. considers that it may be necessary for the FCA to dispense with or modify a listing rule.

1.2.6 Where a listing rule refers to consultation with the FCA, submissions should be made in writing other than in circumstances of exceptional urgency or in the case of a submission from a sponsor in relation to the provision of a sponsor service.

1.3 Information gathering and publication

Information gathering

1.3.1 An **issuer** must provide to the **FCA** as soon as possible:

1. any information and explanations that the **FCA** may reasonably require to decide whether to grant an application for admission;

2. any information that the **FCA** considers appropriate to protect investors or ensure the smooth operation of the market; and **[Note: Article 16.1 CARD]**

3. any other information or explanation that the **FCA** may reasonably require to verify whether **listing rules** are being and have been complied with.

FCA may require issuer to publish information

1.3.2 (1) The **FCA** may, at any time, require an **issuer** to publish such information in such form and within such time limits as it considers appropriate to protect investors or to ensure the smooth operation of the market. **[Note: Article 16.2 CARD]**

(2) If an **issuer** fails to comply with a requirement under paragraph (1) the **FCA** may itself publish the information (after giving the **issuer** an opportunity to make representations as to why it should not be published). **[Note: Article 16.2 CARD]**

Misleading information not to be published

1.3.3 An **issuer** must take reasonable care to ensure that any information it notifies to a **RIS** or makes available through the **FCA** is not misleading, false or deceptive and does not omit anything likely to affect the import of the information.

Notification when a RIS is not open for business

1.3.4 If an **issuer** is required to notify information to a **RIS** at a time when a **RIS** is not open for business it must distribute the information as soon as possible to:

1. not less than two national newspapers in the **United Kingdom**;

2. two newswire services operating in the **United Kingdom**; and
(3) a RIS for release as soon as it opens.
1.4 Miscellaneous

Appointment of sponsor

1.4.1 If it appears to the FCA that there is, or there may be, a breach of the listing rules or the disclosure requirements and transparency rules by an issuer with a premium listing, the FCA may in writing require the issuer to appoint a sponsor to advise the issuer on the application of the listing rules, the disclosure requirements and the transparency rules.

(2) If required to do so under (1), an issuer must, as soon as practicable, appoint a sponsor to advise it on the application of the listing rules, the disclosure requirements and the transparency rules.

[Note: LR 8.2 sets out the various circumstances in which an issuer must appoint, or obtain guidance from, a sponsor.]

Overseas companies

1.4.2 If a listing rule refers to a requirement in legislation applicable to a listed company incorporated in the United Kingdom, a listed overseas company must comply with the requirement so far as:

(1) information available to it enables it to do so; and

(2) compliance is not contrary to the law in its country of incorporation.

1.4.3 A listed overseas company must, if required to do so by the FCA, provide the FCA with a letter from an independent legal adviser explaining why compliance with a requirement referred to in LR 1.4.2 is contrary to the law in its country of incorporation.

1.4.4 [deleted]

1.4.5 [deleted]

English language

1.4.6 A document that is required under a listing rule to be filed, notified to a RIS, provided to the FCA or sent to security holders must be in English.
Market abuse safe harbours

1.4.7 [deleted]

Fees

1.4.8 The provisions relating to periodic fees for issuers and sponsors are set out in FEES 1, 2 and 4.

Electronic Communication

1.4.9 (1) If the listing rules require an issuer to send documents to its security holders, the issuer may, in accordance with DTR 6.1.8 R, use electronic means to send those documents.

1.4.10 [deleted]

Use of an RIS

1.4.11 Where a listing rule requires an issuer subject to DTR 6.3.1 R to use the services of an RIS, the issuer must comply with the provisions of DTR 6.3.

1.4.12 Where a listing rule requires an issuer who is not subject to DTR 6.3.1 R to use the services of an RIS, the issuer must comply with the provisions of DTR 6.3, except in relation to information which is required to be disclosed under the Transparency Directive, articles 17 and 19 of the Market Abuse Regulation or the DTR.
1.5 Standard and Premium Listing

Standard and premium listing explained

1.5.1 (1) Under the listing rules each issuer must satisfy the requirements in the rules that are specified to apply to it and its relevant securities. In some cases a listing is described as being either a standard listing or a premium listing.

(2) A listing that is described as a standard listing sets requirements that are based on the minimum EU directive standards. A listing that is described as a premium listing will include requirements that exceed those required under relevant EU directives.

(3) Premium listing exists for:
   (a) equity shares of:
       commercial companies,
       closed-ended investment funds,
       open-ended investment companies, and
       sovereign controlled commercial companies; and
   (b) certificates representing shares of sovereign controlled commercial companies.

Any other listing will be a standard listing.

(4) In the case of equity shares of a commercial company or equity shares or certificates representing shares of a sovereign controlled commercial company, an issuer will have a choice under the listing rules as to whether it has a standard listing or a premium listing. The type of listing it applies for will therefore determine the requirements it must comply with.

(5) §LR 5.4A provides a process for the transfer of the category of listing of equity shares and for the transfer of the category of listing of certificates representing shares.

(6) In one case, for further classes of equity shares of an investment entity, the equity shares may be admitted to a standard listing provided that, and only for so long as, the issuer has a premium listing of equity shares.
Misleading statements about status

An issuer that is not an issuer with a premium listing must not describe itself or hold itself out (in whatever terms) as having a premium listing or make any representation which suggests, or which is reasonably likely to be understood as suggesting, that it has a premium listing or complies or is required to comply with the requirements that apply to a premium listing.
1.6 Listing Categories

1.6.1 An issuer must comply with the rules that are applicable to every security in the category of listing which applies to each security the issuer has listed.

The categories of listing are:

(1) premium listing (commercial company);
(2) premium listing (closed-ended investment fund);
(3) premium listing (open-ended investment companies);
(3A) premium listing (sovereign controlled commercial company);
(4) standard listing (shares);
(5) standard listing (debt and debt-like securities);
(6) standard listing (certificates representing certain securities);
(7) standard listing (securitised derivatives);
(8) standard listing (miscellaneous securities).

1.6.2 An issuer must inform the FCA if the characteristics of a security change so that the security no longer meets the definition of a security in the category in which it has been placed.

Chapter 2

Requirements for listing: All securities
2.1 Preliminary

Application

2.1.1 R
This chapter applies to all applicants for admission to listing (unless a rule is specified only to apply to a particular type of applicant or security).

Refusal of applications

2.1.2 G
Under the Act, the FCA may not grant an application for admission unless it is satisfied that:

(1) the requirements of the listing rules are complied with; and

(2) any special requirement (see § LR 2.1.4 R) is complied with.

2.1.3 G
Under the Act, the FCA may also refuse an application for admission if it considers that:

(1) admission of the securities would be detrimental to investors' interests; or

(2) for securities already listed in another EEA State, the issuer has failed to comply with any obligations under that listing.

Special requirements

2.1.4 R
(1) The FCA may make the admission of securities subject to any special requirement that it considers appropriate to protect investors. [Note: article 12 CARD]

(2) The FCA must explicitly inform the issuer of any special requirement that it imposes. [Note: article 12 CARD]

No conditional admission

2.1.5 G
The FCA is not able to make the admission of securities conditional on any event. The FCA may, in particular cases, seek confirmation from an issuer before the admission of securities that the admission does not purport to be conditional on any matter.
2.2 Requirements for all securities

Incorporation

2.2.1 An applicant (other than a public sector issuer) must be:

(1) duly incorporated or otherwise validly established according to the relevant laws of its place of incorporation or establishment; and

(2) operating in conformity with its constitution. [Note: articles 42 and 52 CARD]

Validity

2.2.2 To be listed, securities must:

(1) conform with the law of the applicant's place of incorporation;

(2) be duly authorised according to the requirements of the applicant's constitution; and

(3) have any necessary statutory or other consents. [Note: articles 45 and 53 CARD]

Admission to trading

2.2.3 Other than in regard to securities to which LR 4 applies, to be listed, equity shares must be admitted to trading on a regulated market for listed securities operated by a RIE. All other securities must be admitted to trading on a RIE's market for listed securities.

Transferability

2.2.4 (1) To be listed, securities must be freely transferable. [Note: articles 46, 54 and 60 CARD]

(2) To be listed, shares must be fully paid and free from all liens and from any restriction on the right of transfer (except any restriction imposed for failure to comply with a notice under section 793 of the Companies Act 2006 (Notice by company requiring information about interests in its shares)).

2.2.5 The FCA may modify LR 2.2.4 R to allow partly paid securities to be listed if it is satisfied that their transferability is not restricted and investors have been provided with appropriate information to enable dealings in the
securities to take place on an open and proper basis. [Note: articles 46 and 54 CARD]

The FCA may in exceptional circumstances modify or dispense with LR 2.2.4 R where the applicant has the power to disapprove the transfer of shares if the FCA is satisfied that this power would not disturb the market in those shares. [Note: article 46 CARD]

Market capitalisation

(1) The expected aggregate market value of all securities (excluding treasury shares) to be listed must be at least:
   (a) £700,000 for shares; and
   (b) £200,000 for debt securities.

(2) Paragraph (1) does not apply to tap issues where the amount of the debt securities is not fixed.

(3) Paragraph (1) does not apply if securities of the same class are already listed. [Note: articles 43 and 48 CARD]

The FCA may modify LR 2.2.7 R to admit securities of a lower value if it is satisfied that there will be an adequate market for the securities concerned. [Note: articles 43 and 58 CARD]

Whole class to be listed

An application for listing of securities of any class must:

(1) if no securities of that class are already listed, relate to all securities of that class, issued or proposed to be issued; or

(2) if securities of that class are already listed, relate to all further securities of that class, issued or proposed to be issued. [Note: articles 49, 56 and 62 CARD]

Prospectus

(1) This rule applies if under the Act, the Prospectus Regulation or under the law of another EEA State:
   (a) a prospectus must be approved and published for the securities; or
   (b) the applicant is permitted and elects to draw up a prospectus for the securities.

(2) To be listed:
   (a) a prospectus must have been approved by the FCA and published in relation to the securities; or
   (b) if another EEA State is the Home Member State for the securities, the relevant competent authority must have supplied the FCA with:
(i) a certificate of approval;
(ii) a copy of the prospectus as approved; and
(iii) (if applicable) a translation of the summary of the prospectus.

3.5 Block listing

**Application**

3.5.1 R

This section applies to an applicant that wishes to apply for admission of securities using a block listing.

**When a block listing can be used**

3.5.2 G

If the process of applying for admission of securities is likely to be very onerous due to the frequent or irregular nature of allotments and if no prospectus or listing particulars are required for the securities, an applicant may apply for a block listing of a specified number of the securities.

3.5.3 G

The grant of a block listing constitutes admission to listing for the securities that are the subject of the block. Separately, the provisions of article 1(4) of the Prospectus Regulation will need to be considered by the applicant when the securities that are the subject of the block listing are being issued.

3.5.4 R

An applicant applying for admission to listing by way of a block listing must submit in final form, at least two business days before the FCA is to consider the application, a completed Application for Admission of Securities to the Official List. An application in respect of multiple schemes must identify the schemes but need not set out separate block listing amounts for each scheme.

*Note:* The Application for Admission of Securities to the Official List form can be found on the UKLA section of the FCA website.

3.5.5 R

(1) An applicant applying for admission to listing by way of a block listing must notify an RIS of the number and type of securities that are the subject of the block listing application and the circumstances of their issue.

(2) The notification in paragraph (1) must be made by 9 a.m. on the day the FCA is to consider the application.

3.5.6 R

Every six months the applicant must notify a RIS of the details of the number of securities covered by the block listing which have been allotted in the previous six months, using the Block Listing Six Monthly Return.

*Note:* A copy of the Block Listing Six Monthly Return can be found on the UKLA section of the FCA website.
3.5.7 An issuer that wishes to synchronise block listing six monthly returns for a number of block listing facilities may do so by providing the return required by LR 3.5.6 R earlier than required to move the timing of returns onto a different six monthly cycle. An issuer with multiple block listing facilities should ensure that allotments under each facility are separately stated.

(2) any other specialist securities for which a prospectus is not required under the Prospectus Regulation.

Purpose.....................................................................................................

4.1.2 G  
(1) The purpose of this chapter is to require listing particulars to be prepared and published for securities that are the subject of an application for listing in the circumstances set out in LR 4.1.1 R where a prospectus is not required under the Prospectus Regulation.

Listing particulars to be approved and published.....................................................................................................

4.1.3 R  
An issuer must ensure that listing particulars for securities referred to in LR 4.1.1 R are approved by the FCA and published in accordance with LR 4.3.5 R.

Note: Under LR 2.2.11 R, the securities will only be listed if listing particulars for the securities have been approved by the FCA and published.
4.2 Contents and format of listing particulars

General contents of listing particulars

4.2.1 Section 80 (1) of the Act (general duty of disclosure in listing particulars) requires listing particulars submitted to the FCA to contain all such information as investors and their professional advisers would reasonably require, and reasonably expect to find there, for the purpose of making an informed assessment of:

(1) the assets and liabilities, financial position, profits and losses, and prospects of the issuer of the securities; and

(2) the rights attaching to the securities.

Summary

4.2.2 (1) The listing particulars must contain a summary that complies with the requirements in articles 7 and 27(4) of the Prospectus Regulation and Chapter I of the Prospectus RTS Regulation (as if those requirements applied to the listing particulars).

(2) Paragraph (1) does not apply:

(a) in relation to specialist securities referred to in LR 4.1.1R (2); or

(b) if, in accordance with article 7(1) of the Prospectus Regulation, no summary would be required in relation to the securities.

Format of listing particulars

4.2.3 (1) The listing particulars must be in a format that complies with the relevant requirements in the Prospectus Regulation and the PR Regulation (as if those requirements applied to the listing particulars).

Minimum information to be included

4.2.4 The following minimum information from the PR Regulation must be included in listing particulars:

(1) for an issue of bonds including bonds convertible into the issuer's shares or exchangeable into a third party issuer's shares or derivative securities, irrespective of the denomination of the issue, the minimum information required by Annexes 7 and 15 of the PR Regulation;
(2) the additional information required by Annexes 17 and 18 of the PR Regulation where relevant;

(3) for an issue of asset-backed securities, irrespective of the denomination per unit of the issue, the minimum information required by Annexes 9, 15 and 19 of the PR Regulation;

(4) for an issue of certificates representing shares, irrespective of the denomination per unit of the issue, the minimum information required by Annexes 5 and 13 (for a primary issuance) of the PR Regulation;

(5) for an issue of securities by the government of a non-EEA State or a local or regional authority of a non-EEA State, the minimum information required by Annexes 10 and 15 of the PR Regulation; and

(6) for all issues that are guaranteed, the minimum information required by Annex 21 of the PR Regulation.

For all other issues, the FCA would expect issuers to follow the most appropriate Annexes in the PR Regulation to determine the minimum information to be included in listing particulars.

Incorporation by reference

An issuer may incorporate information by reference in the listing particulars as if article 19 of the Prospectus Regulation and the PR Regulation applied to the listing particulars.

Equivalent information

An issuer may include equivalent information in listing particulars as if article 18(2) of the Prospectus Regulation applied to the listing particulars.

English language

Listing particulars must be in English.

Omission of information

Under section 82 of the Act (exemptions from disclosure) the FCA may authorise the omission from listing particulars of information on specified grounds.

A request to the FCA to authorise the omission of specific information in a particular case must:

(1) be in writing from the issuer;

(2) identify the specific information concerned and the specific reasons for the omission; and
(3) state why in the issuer’s opinion one or more of the grounds in section 82 of the Act applies.

4.2.11 R For the purposes of section 82(1)(c) of the Act, specialist securities are specified.

Responsibility for listing particulars

4.2.12 G Part 3 of the Financial Services and Markets Act 2000 (Official Listing of Securities) Regulations 2001 (SI 2001/2956) sets out the persons responsible for listing particulars. In particular, in those regulations:

(1) regulation 6 specifies who is generally responsible for listing particulars; and

(2) regulation 9 modifies the operation of regulation 6 in relation to specialist securities.

4.2.13 R (1) In the case of listing particulars for specialist securities:

(a) the issuer must state in the listing particulars that it accepts responsibility for the listing particulars;

(b) the directors may state in the listing particulars that they accept responsibility for the listing particulars; and

(c) other persons may state in the listing particulars that they accept responsibility for all or part of the listing particulars and in that case the statement by the issuer or directors may be appropriately modified.

(2) An issuer that is the government of a non-EEA State or a local or regional authority of a non-EEA State is not required under paragraph (1)(a) to state that it accepts responsibility for the listing particulars.
4.3 Approval and publication of listing particulars

Approval of listing particulars

4.3.1 R An application for approval of listing particulars or supplementary listing particulars must comply with the procedures in PRR 3.1 (as if those procedures applied to the application), except that the applicant does not need to submit a completed form A.

4.3.2 R The FCA will approve listing particulars or supplementary listing particulars if it is satisfied that the requirements of the Act and this chapter have been complied with.

4.3.3 G The FCA will try to notify the applicant of its decision on an application for approval of listing particulars or supplementary listing particulars within the same time limits as are specified in article 20 of the Prospectus Regulation for an application for approval of a prospectus or supplementary prospectus.

4.3.4 R An issuer must ensure that listing particulars or supplementary listing particulars are not published until they have been approved by the FCA.

Filing and publication of listing particulars etc

4.3.5 R An issuer must ensure that after listing particulars or supplementary listing particulars are approved by the FCA, the listing particulars or supplementary listing particulars are filed and published as if the relevant requirements in PRR 3.2, article 21 of the Prospectus Regulation, the PR Regulation and the Prospectus RTS Regulation applied to them.
4.4 Miscellaneous

Supplementary listing particulars

Section 81 of the Act (supplementary listing particulars) requires an issuer to submit supplementary listing particulars to the FCA for approval if at any time after listing particulars have been submitted to the FCA and before the commencement of dealings in the securities following their admission to the official list:

(1) there is a significant change affecting any matter contained in those particulars the inclusion of which was required by:
   (a) section 80 of the Act (general duty of disclosure in listing particulars); or
   (b) listing rules; or
   (c) the FCA; or

(2) a significant new matter arises, the inclusion of information in respect of which would have been so required if it had arisen when the particulars were prepared.

An issuer must ensure that after supplementary listing particulars are approved by the FCA, the supplementary listing particulars are filed and published as if the requirements in PRR 3.2, article 21 of the Prospectus Regulation, the PR Regulation and the Prospectus RTS Regulation applied to them.

Final terms

If final terms of the offer are not included in the listing particulars:

(1) the final terms must be provided to investors and filed with the FCA, and made available to the public, as if the relevant requirements in PRR 3.2, article 21 of the Prospectus Regulation, the PR Regulation and the Prospectus RTS Regulation applied to them; and

(2) the listing particulars must disclose the criteria and/or the conditions in accordance with which the above elements will be determined or, in the case of price, the maximum price.

Chapter 5

Suspending, cancelling and restoring listing and reverse takeovers: All securities
Section 5.1 : Suspending listing

5.1 Suspending listing

FCA may suspend listing

5.1.1 (1) The FCA may suspend, with effect from such time as it may determine, the listing of any securities if the smooth operation of the market is, or may be, temporarily jeopardised or it is necessary to protect investors. [Note: article 18(1) CARD]

(2) An issuer that has the listing of any of its securities suspended must continue to comply with all listing rules applicable to it.

(3) If the FCA suspends the listing of any securities, it may impose such conditions on the procedure for lifting the suspension as it considers appropriate.

Examples of when FCA may suspend

5.1.2 Examples of when the FCA may suspend the listing of securities include (but are not limited to) situations where it appears to the FCA that:

(1) the issuer has failed to meet its continuing obligations for listing; or

(2) the issuer has failed to publish financial information in accordance with the listing rules; or

(3) the issuer is unable to assess accurately its financial position and inform the market accordingly; or

(4) there is insufficient information in the market about a proposed transaction; or

(5) the issuer’s securities have been suspended elsewhere; or

(6) the issuer has appointed administrators or receivers, or is an investment trust and is winding up; or

(7) for a securitised derivative that relates to a single underlying instrument, the underlying instrument is suspended; or

(8) for a securitised derivative that relates to a basket of underlying instruments, one or more underlying instruments of the basket are suspended; or

(9) for a miscellaneous security that carries a right to buy or subscribe for another security, the security over which the listed miscellaneous security carries a right to buy or subscribe has been suspended.
5.1.3  The FCA will not suspend the listing of a security to fix its price at a particular level.

Suspension at issuer's request

5.1.4  An issuer that intends to request the FCA to suspend the listing of its securities will need to comply with § LR 5.3. The FCA will not suspend the listing if it is not satisfied that the circumstances justify the suspension.
5.2 Cancelling listing

FCA may cancel listing

5.2.1 The FCA may cancel the listing of securities if it is satisfied that there are special circumstances that preclude normal regular dealings in them. [Note: article 18(2) CARD]

Examples of when FCA may cancel

5.2.2 Examples of when the FCA may cancel the listing of securities include (but are not limited to) situations where it appears to the FCA that:

(1) the securities are no longer admitted to trading as required by these rules; or

(2) the issuer no longer satisfies its continuing obligations for listing, for example if the percentage of shares in public hands falls below 25% or such lower percentage as the FCA may permit (the FCA may however allow a reasonable time to restore the percentage, unless this is precluded by the need to maintain the smooth operation of the market or to protect investors); or

(3) the securities' listing has been suspended for more than six months;

(4) the securities are equity shares with a standard listing issued by an investment entity where the investment entity no longer has a premium listing of equity shares.

5.2.3 The FCA will generally seek to cancel the listing of an issuer's equity shares or certificates representing equity securities when the issuer completes a reverse takeover.

[Note: §LR 5.6 contains further detail relating to reverse takeovers.]

Cancellation at issuer's request

5.2.4 An issuer must satisfy the requirements applicable to it in §LR 5.2.5 R to §LR 5.2.11CR and §LR 5.3 before the FCA will cancel the listing of its securities at its request.

(2) that there is a proposal for a transaction, arrangement or other form of reconstruction of the issuer or its group which is necessary to ensure the survival of the issuer or its group and the continued listing would jeopardise the successful completion of the proposal;

(3) explaining;

(a) why the cancellation is in the best interests of those to whom the issuer or its directors have responsibilities (including the bodies of securities holders and creditors, taken as a whole); and

(b) why the approval of shareholders or, in the case of certificates representing shares, holders of certificates will not be sought prior to the cancellation of listing; and

(4) a resolution for winding up being passed under section 84 of the Insolvency Act 1986; or

(5) the appointment of a provisional liquidator by the court under section 135 of the Insolvency Act 1986; or

(6) a company voluntary arrangement pursuant to Part 1 of the Insolvency Act 1986, subject to the time limits for the challenge of decisions made set out in Part 1 of the Insolvency Act 1986 having expired; or

(7) statutory winding up or reconstruction measures in relation to an overseas issuer under equivalent overseas legislation having similar effect to those set out in (1) to (6).

In determining whether the statutory winding up or reconstruction measures in relation to an overseas issuer under equivalent overseas legislation have a similar effect to those set out in LR 5.2.12R (1) to LR 5.2.12R (6), the FCA will in particular have regard to whether those procedures require a court order, the approval of 75% of the shareholders entitled to vote on the resolution, or a formal declaration of the overseas issuer’s insolvency or inability to pay its debts.
5.3 Requests to cancel or suspend

Information to be included in request to suspend or cancel

A request by an issuer for the listing of its securities to be suspended or cancelled must be in writing and must include:

1. the issuer's name;
2. details of the securities to which it relates and the RIEs on which they are traded;
3. a clear explanation of the background and reasons for the request;
4. the date on which the issuer requests the suspension or cancellation to take effect;
5. for a suspension, the time the issuer wants the suspension to take effect;
6. if relevant, a copy of any circular or announcement or other document upon which the issuer is relying;
7. if relevant, evidence of any resolution required under LR 5.2.5 R;
8. if being made by an agent on behalf of the issuer, confirmation that the agent has the issuer's authority to make it;
9. the name and contact details of the person at the issuer (or, if appropriate, an agent) with whom the FCA should liaise in relation to the request;
10. if the issuer is making a conditional request, a clear statement of the applicable conditions;
11. a copy of any announcement the issuer proposes to notify to a RIS that it is relying on in making its request to suspend or cancel; and
12. a copy of any announcement the issuer proposes to notify to a RIS announcing the suspension or cancellation.

The issuer must also include with a request to cancel the listing of its securities the following:

1. if the cancellation is to take effect after the completion of the compulsory acquisition procedures under Chapter 3 of Part 28 of the
Companies Act 2006, a copy of the notice sent to dissenting shareholders of the offeree together with written confirmation that there have been no objections made to the court within the prescribed period;

(2) for a cancellation referred to in LR 5.2.10 R or LR 5.2.11A R an extract from, or a copy of, the offer document or relevant circular clearly showing the intention to cancel the offeree's listing and a copy of the announcement stating the date on which the cancellation was expected to take effect; and

(3) if a cancellation is to take place after a scheme of arrangement becomes effective under section 899 of the Companies Act 2006 and a new company is to be listed as a result of that scheme, either:

(a) a copy of the certificate from the Registrar of Companies that the scheme has become effective; or

(b) documents which demonstrate adequately that the scheme will become effective on a specified date in the future.

5.3.3 Announcements referred to in LR 5.3.1 R (12) should be issued after the dealing notice issued on a RIS announcing the suspension or cancellation.

Timing of suspension requests

5.3.4 A written request by an issuer to have the listing of its securities suspended should be made as soon as practicable. Suspension requests received for the opening of the market should allow sufficient time for the FCA to deal with the request before trading starts.

Timing of cancellation requests

5.3.5 A written request by an issuer to have the listing of its securities cancelled must be made not less than 24 hours before the cancellation is expected to take effect.

5.3.6 Cancellations will only be specified to take effect when the market opens on a specified day. An issuer should therefore ensure that all accompanying information has been provided to the FCA well before the date on which the issuer wishes the cancellation to take effect and at the very latest by 3 p.m. on the business day before it is to take effect. If the information is received after 3:00 p.m. on the day before the issuer wishes the cancellation to take effect, it will normally be specified to take effect at the start of the business day following the next day.

Withdrawing request

5.3.7 (1) If an issuer requests the FCA to suspend or cancel the listing of its securities, it may withdraw its request at any time before the suspension or cancellation takes effect. The withdrawal request should initially be made by telephone and then confirmed in writing as soon as possible, with an explanation of the reasons for the withdrawal.
(2) Even if an issuer withdraws its request, the FCA may still suspend or cancel the listing of the securities if it considers it is necessary to do so.

(3) If an issuer has published either a statement or a circular that states that the issuer is, or intends, to seek a suspension or cancellation and the issuer no longer intends to do so, it should, as soon as possible, notify a RIS with a statement to that effect.

**Notice of cancellation or suspension**

If an issuer requests the FCA to suspend or cancel the listing of its securities under [LR 5.3.1 R](#) and the FCA agrees to do so, the notification given by the FCA to the issuer will include the following information:

1. the date on which the suspension or cancellation took effect or will take effect;
2. details of the suspension or cancellation; and
3. in relation to requests for suspension, details of the issuer’s right to apply for the suspension of its listed securities to be cancelled.
5.4 Restoring listing

Revoking a cancellation of listing

G 5.4.1 If an issuer has the listing of its securities cancelled, it may only have them readmitted to the official list by re-applying for their listing.

Restoring a listing that is suspended

R 5.4.2 The FCA may restore the listing of any securities that have been suspended if it considers that the smooth operation of the market is no longer jeopardised or if the suspension is no longer required to protect investors. The FCA may restore the listing even though the issuer does not request it.

Requests to restore

G 5.4.3 (1) An issuer that has the listing of any of its securities suspended may request the FCA to have them restored.

(2) The request should be made sufficiently in advance of the time and date the issuer wishes the securities to be restored.

(3) Requests received for when the market opens should allow sufficient time for the FCA to deal with the request.

(4) The request may be an oral request. The FCA may require documentary evidence that the events that lead to the suspension are no longer current (for example, financial reports have been published or an appropriate announcement has been made) to process the request.

(5) Even if restoration is required urgently, it will normally take up to 30 minutes to be effected.

(6) The FCA will issue a dealing notice on a RIS announcing the restoration.

Refusal of request to restore

R 5.4.4 The FCA will refuse a request to restore the listing of securities if it is not satisfied of the matters set out in LR 5.4.2 R.
Withdrawal of a request to restore securities

5.4.5 (1) If an issuer has requested the FCA to restore the listing of any securities, it may withdraw its request at any time while the securities are still suspended. The withdrawal request should initially be made by telephone and then confirmed in writing as soon as possible.

(2) Even if a request to restore has been withdrawn, the FCA may restore the listing of securities if it believes the circumstances justify it.

Restoring listing of securitised derivatives

5.4.6 (1) If an underlying instrument is restored, the securitised derivative's listing will normally be restored.

(2) For a securitised derivative relating to a basket of underlying instruments that has been suspended, the securitised derivative's listing may be restored by the FCA, irrespective of whether or not the underlying instrument has been restored, if:

(a) the issuer of the securitised derivative confirms to the FCA that despite the relevant underlying instrument(s) suspension a market in the securitised derivative will continue to be made; and

(b) the FCA is satisfied that restoring the securitised derivative is not inconsistent with either the protection of investors or the smooth operation of the market.

5.4.7 For a miscellaneous security that carries a right to buy or subscribe for another security, the miscellaneous security's listing will be restored if the security over which the miscellaneous security carries a right to buy or subscribe is restored.
5.4A Transfer between listing categories

Application

This section applies to an issuer that wishes to transfer the category of its listing from:

1. a standard listing (shares) to a premium listing (commercial company); or
2. a standard listing (shares) to a premium listing (investment company); or
2A. a standard listing (shares) to a premium listing (sovereign controlled commercial company); or
2B. a standard listing (certificates representing certain securities) to a premium listing (sovereign controlled commercial company); or
3. a premium listing (commercial company) to a standard listing (shares); or
4. a premium listing (investment company) to a premium listing (commercial company); or
5. a premium listing (commercial company) to a premium listing (investment company); or
6. a premium listing (investment company) to a standard listing (shares).
7. a premium listing (commercial company) to a premium listing (sovereign controlled commercial company); or
8. a premium listing (sovereign controlled commercial company) to a premium listing (commercial company); or
9. a premium listing (investment company) to a premium listing (sovereign controlled commercial company); or
10. a premium listing (sovereign controlled commercial company) to a premium listing (investment company); or
11. a premium listing (sovereign controlled commercial company) to a standard listing (shares); or
12. a premium listing (sovereign controlled commercial company) to a standard listing (certificates representing certain securities).
An issuer will only be able to transfer a listing of its equity shares from a premium listing (investment company) to a standard listing (shares) if it has ceased to be an investment entity (for example if it has become a commercial company) or if it continues to have a premium listing of a class of equity shares. This is because [LR 14.1.1 R] provides that [LR 14] does not apply to equity shares of an investment entity without a premium listing of equity shares.

**Initial notification to the FCA**

(1) If an issuer wishes to transfer the category of its listing it must notify the FCA of the proposal.

(2) The notification must be made as early as possible and in any event not less than 20 business days before it sends the circular required under [LR 5.4A.4 R (2)(a)] or publishes the announcement required under [LR 5.4A.5 R (2)].

(3) The notification must include:
(a) an explanation of why the issuer is seeking the transfer;
(b) if a sponsor’s letter is not required under [LR 8.4.14R(1)], an eligibility letter setting out how the issuer satisfies each listing rule requirement relevant to the category of listing to which it wishes to transfer;
(c) a proposed timetable for the transfer; and
(d) if an announcement is required to be published under [LR 5.4A.5R (2)], a draft of that announcement.

**Shareholder approval required in certain cases**

(1) This rule applies to a transfer of the listing of:
(a) equity shares with a premium listing into or out of the category of premium listing (investment company); or
(b) equity shares with a premium listing out of the category of premium listing (commercial company); or
(c) equity shares or certificates representing shares with a premium listing out of the category of premium listing (sovereign controlled commercial company) into the category of standard listing (shares) or standard listing (certificates representing certain securities).

(2) The issuer must:
(a) send a circular to the holders of the equity shares or the certificates representing shares, as applicable;
(b) notify a RIS, at the same time as the circular is despatched to the relevant holders of the equity shares or the certificates representing shares (as applicable), of the intended transfer and of the notice period and meeting date; and
(c) [deleted]
(d) notify a RIS of the passing of the resolution required under (3) below.
(3) (a) In the case of a transfer of the listing of equity shares with a premium listing into or out of the category of premium listing (investment company), the issuer must obtain at a general meeting the prior approval of a resolution for the transfer from a majority of not less than 75% of the votes attaching to the shares voted on the resolution; or

(b) in the case of a transfer of the listing of equity shares with a premium listing (commercial company) into the category of standard listing (shares), the issuer must obtain at a general meeting the prior approval of a resolution for the transfer from:

(i) a majority of not less than 75% of the votes attaching to the shares voted on the resolution; and

(ii) where an issuer has a controlling shareholder, a majority of the votes attaching to the shares of independent shareholders voted on the resolution; or

(c) in the case of a transfer of the listing of equity shares with a premium listing (commercial company) into the category of premium listing (sovereign controlled commercial company), the issuer must obtain at a general meeting the prior approval of a resolution for the transfer from:

(i) a majority of not less than 75% of the votes attaching to the shares voted on the resolution; and

(ii) where an issuer has a controlling shareholder, a majority of the votes attaching to the shares of independent shareholders voted on the resolution; or

(d) in the case of a transfer of the listing of equity shares with a premium listing (sovereign controlled commercial company) into the category of standard listing (shares), the issuer must obtain at a general meeting the prior approval of a resolution for the transfer from:

(i) a majority of not less than 75% of the votes attaching to the shares voted on the resolution; and

(ii) where an issuer has a controlling shareholder, a majority of the votes attaching to the shares of independent shareholders voted on the resolution; or

(e) in the case of a transfer of the listing of certificates representing shares with a premium listing (sovereign controlled commercial company) into the category of standard listing (certificates representing certain securities), the issuer must obtain, at a meeting of the holders of the certificates, the prior approval of a resolution for the transfer from:

(i) a majority of not less than 75% in value of the certificates representing shares in issue at the time of the meeting that are voted on the resolution; and

(ii) where an issuer has a controlling shareholder, a majority in value of the certificates representing shares in issue at the time of the meeting that are:

(A) held by holders of certificates other than the controlling shareholder; and

(B) that are voted on the resolution.
Announcement required in other cases

5.4A.5 R

(1) This rule applies to any transfer of a listing of equity shares or certificates representing shares other than a transfer referred to in LR 5.4A.4 R (1).

(2) The issuer must publish an announcement on a RIS giving notice of its intention to transfer its listing category.

Approval and contents of circular

5.4A.6 R

The circular referred to in LR 5.4A.4 R must:

(1) comply with the requirements of LR 13.1, LR 13.2 and LR 13.3;

(2) be approved by the FCA before it is circulated or published; and

(3) include the anticipated transfer date (which must be not less than 20 business days after the passing of the resolution under LR 5.4A.4 R).

Approval and contents of announcement

5.4A.7 R

The announcement referred to in LR 5.4A.5 R (2) must:

(1) contain the same substantive information as would be required under LR 13.1 and LR 13.3 if it were a circular but modified as necessary so it is clear that no vote of holders of the relevant securities is required; and

(2) include the anticipated transfer date (which must be not less than 20 business days after the date the announcement is published).

5.4A.8 R

The announcement must be approved by the FCA before it is published.

Specific information required in circular or announcement

5.4A.9 G

Information required under LR 13.3.1R(1) (Contents of all circulars) to be included in the circular or announcement should include an explanation of:

(1) the background and reasons for the proposed transfer;

(2) any changes to the issuer’s business that have been made or are proposed to be made in connection with the proposal;

(3) the effect of the transfer on the issuer’s obligations under the listing rules;

(4) how the issuer will meet any new eligibility requirements, for example working capital requirements, that the FCA must be satisfied of under LR 5.4A.12 R (3); and

(5) any other matter that the FCA may reasonably require.
Applying for the transfer

If an issuer has initially notified the FCA under LR 5.4A.3 R it may apply to the FCA to transfer the listing of its securities from one category to another. The application must include:

1. the issuer’s name;
2. details of the securities to which the transfer relates;
3. the date on which the issuer wishes the transfer to take effect;
4. a copy of any circular, announcement or other document on which the issuer is relying;
5. if relevant, evidence of any resolution required under LR 5.4A.4 R;
6. if an agent is making the application on the issuer's behalf, confirmation that the agent has the issuer's authority to do so;
7. the name and contact details of the person at the issuer (or, if appropriate an agent) with whom the FCA should liaise in relation to the application; and
8. a copy of any announcement the issuer proposes to notify to a RIS informing the market that the transfer has taken place.

Issuer must comply with eligibility requirements

An issuer applying for a transfer of its securities must comply with all eligibility requirements that would apply if the issuer was seeking admission to listing of the securities to the category of listing to which it wishes to transfer.

For the purposes of applying the eligibility requirements referred to in (1) to a transfer then, unless the context otherwise requires, a reference in such a requirement:

(a) to the admission of securities is to be taken to be a reference to the transfer of the securities; and
(b) to a prospectus or listing particulars is to be taken to be a reference to the circular or announcement.

Approval of transfer

If an issuer applies under LR 5.4A.10 R, the FCA may approve the transfer if it is satisfied that:

1. the issuer has complied with LR 5.4A.4 R or LR 5.4A.5 R (whichever is relevant);
2. the 20 business day period referred to in LR 5.4A.6 R or LR 5.4A.7 R (whichever is relevant) has elapsed; and
3. the issuer and the securities will comply with all eligibility requirements that would apply if the issuer was seeking admission to
listing of the securities to the category of listing to which it wishes to transfer.

The FCA will not generally reassess compliance with eligibility requirements (for example LR 6.7.1R(Working capital) if the issuer has previously been assessed by the FCA as meeting those requirements under its existing listing category when its securities were listed.

When transfer takes effect

1. If the FCA approves a transfer of a listing then it must announce its decision on a RIS.
2. The transfer becomes effective when the FCA’s decision to approve is announced on the RIS.
3. The issuer must continue to comply with the requirements of its existing category of listing until the decision is announced on the RIS.
4. After the decision is announced the issuer must comply with the requirements of the category of listing to which it has transferred.

Directive obligations

An issuer may take steps, in connection with a transfer, which require it to consider whether a prospectus is necessary, for example, if the company or its capital is reconstituted in a way that could amount to an offer of transferable securities to the public. The issuer and its advisers should consider whether directive obligations may be triggered.

Transfer as an alternative to cancellation

There may be situations in which an issuer’s business has changed over a period of time so that it no longer meets the requirements of the applicable listing category against which it was initially assessed for listing. In those situations, the FCA may consider cancelling the listing of the equity shares or suggest to the issuer that, as an alternative, it applies for a transfer of its listing category.

There may be situations in which an issuer with a listing of securities in the category of premium listed (sovereign controlled commercial company) no longer has a sovereign controlling shareholder. In those situations, the FCA may consider cancelling the listing of the securities or suggest to the issuer that, as an alternative, it applies for a transfer of its listing category.
5.5 Miscellaneous

Decision-making procedures for suspension, cancellation etc

5.5.1 The decision-making procedures that the FCA will follow when it cancels, suspends or refuses a request by an issuer to suspend, cancel or restore listing are set out in DEPP (Decision Procedure and Penalties).

Suspension, cancellation or restoration by overseas exchange or authority

5.5.2 An issuer must inform the FCA if its listing has been suspended, cancelled or restored by an overseas exchange or overseas authority.

5.5.3 (1) The FCA will not automatically suspend, cancel or restore the listing of securities at the request of an overseas exchange or overseas authority (for example, if listing of a listed issuer’s securities are suspended, cancelled or restored on its home exchange).

(2) The FCA will not normally suspend the listing of securities where there is a trading halt for the security on its home exchange.

(3) If a listed issuer requests a suspension, cancellation or restoration of the listing of its securities, after a suspension, cancellation or restoration on its home exchange, the issuer should send to the FCA written confirmation:

(a) that the suspension, cancellation or restoration of listing on its home exchange has become effective; or

(b) if it has not yet become effective, of the time and date it is proposed to become effective.

(4) If an overseas exchange or competent authority requests the FCA to suspend, cancel or restore the listing of securities, the FCA will, wherever practical, contact the issuer or its sponsor before it suspends, cancels or restores the listing. Therefore, issuers are encouraged to contact the FCA at the same time as they contact their home exchange.

(5) If the FCA is unable to contact the issuer or sponsor, it will suspend, cancel or restore the listing of the securities when it is satisfied that the listing of the relevant securities has been, or will be, suspended, cancelled or restored on their home exchange.
5.6 Reverse takeovers

Application

5.6.1 This section applies to an issuer with:

1. a premium listing;
2. a standard listing (shares); or
3. a standard listing of certificates representing equity securities.

Categories of reverse takeover to which this section does not apply

5.6.2 LR 5.6 does not apply where an issuer acquires the shares or certificates representing equity securities of a target with the same category of listing as the issuer.

Class 1 requirements

5.6.3 Notwithstanding the effect of LR 5.6.2, an issuer with a premium listing must in relation to a reverse takeover comply with the requirements of LR 10.5 (Class 1 requirements) for that transaction.

Definitions

5.6.4 A reverse takeover is a transaction, whether effected by way of a direct acquisition by the issuer or a subsidiary, an acquisition by a new holding company of the issuer or otherwise, of a business, a company or assets:

1. where any percentage ratio is 100% or more; or
2. which in substance results in a fundamental change in the business or in a change in board or voting control of the issuer.

When calculating the percentage ratio, the issuer must apply the class tests and LR 10.2.10R (Aggregating transactions).

5.6.5 For the purpose of LR 5.6.4(2), the FCA considers that the following factors are indicators of a fundamental change:

1. the extent to which the transaction will change the strategic direction or nature of its business; or
(2) whether its business will be part of a different industry sector following the completion of the transaction; or

(3) whether its business will deal with fundamentally different suppliers and end users.

5.6.5A A shell company is an issuer whose:

(1) assets consist solely or predominantly of cash or short-dated securities; or

(2) predominant purpose or objective is to undertake an acquisition or merger, or a series of acquisitions or mergers.

Requirement for a suspension

5.6.6 A shell company, or in the case of a shell company with a premium listing, its sponsor, must contact the FCA as early as possible:

(1) before announcing a reverse takeover which has been agreed or is in contemplation, to discuss whether a suspension of listing is appropriate; or

(2) where details of the reverse takeover have leaked, to request a suspension.

5.6.7 Examples of where the FCA will consider that a reverse takeover is in contemplation include situations where:

(1) the shell company has approached the target’s board;

(2) the shell company has entered into an exclusivity period with a target; or

(3) the shell company has been given access to begin due diligence work (whether or not on a limited basis).

5.6.8 Generally, when a reverse takeover between a shell company and a target is announced or leaked, there will be insufficient publicly available information about the proposed transaction and the shell company will be unable to assess accurately its financial position and inform the market accordingly. In this case, the FCA will often consider that suspension will be appropriate, as set out in LR 5.1.2G (3) and (4). However, if the FCA is satisfied that there is sufficient publicly available information about the proposed transaction it may agree with the shell company that a suspension is not required.

5.6.9 LR 5.6.10 G to LR 5.6.18 R set out circumstances in which the FCA will generally be satisfied that a suspension is not required.
Reverse takeover by a shell company: target admitted to a regulated market

The FCA will generally be satisfied that there is sufficient information in the market about the proposed transaction if:

1. the target has shares or certificates representing equity securities admitted to a regulated market; and

2. the shell company makes an announcement stating that the target has complied with the disclosure requirements applicable on that regulated market and providing details of where information disclosed pursuant to those requirements can be obtained.

An announcement made for the purpose of LR 5.6.10G (2) must be published by means of an RIS.

Reverse takeover by a shell company: target subject to the disclosure regime of another market

The FCA will generally be satisfied that there is sufficient publicly available information in the market about the proposed transaction if the target has securities admitted to an investment exchange or trading platform that is not a regulated market and the shell company:

1. confirms, in a form acceptable to the FCA, that the disclosure requirements in relation to financial information and inside information of the investment exchange or trading platform on which the target’s securities are admitted are not materially different from the disclosure requirements; and

2. makes an announcement to the effect that:
   a. the target has complied with the disclosure requirements applicable on the investment exchange or trading platform to which its securities are admitted and provides details of where information disclosed pursuant to those requirements can be obtained; and
   b. there are no material differences between those disclosure requirements and the disclosure requirements under DTR.

Where a shell company has a premium listing, a written confirmation provided for the purpose of LR 5.6.12G (1) must be given by the shell company’s sponsor.

An announcement made for the purpose of LR 5.6.12G (2) must be published by means of an RIS.

Reverse takeover by a shell company: target not subject to a public disclosure regime

Where the target in a reverse takeover by a shell company is not subject to a public disclosure regime, or if the target has securities admitted on an investment exchange or trading platform that is not a regulated market but
the shell company is not able to give the confirmation and make the announcement contemplated by LR 5.6.12 G, the FCA will generally be satisfied that there is sufficient publicly available information in the market about the proposed transaction such that a suspension is not required where the shell company makes an announcement containing:

1. financial information on the target covering the last three years. Generally, the FCA would consider the following information to be sufficient:
   a. profit and loss information to at least operating profit level;
   b. balance sheet information, highlighting at least net assets and liabilities;
   c. relevant cash flow information; and
   d. a description of the key differences between the shell company’s accounting policies and the policies used to present the financial information on the target;

2. a description of the target to include key non-financial operating or performance measures appropriate to the target’s business operations and the information as required under Annex 1 Section 10 (Trend information) of the PR Regulation (see PRR Appendix 2) for the target;

3. a declaration that the directors of the shell company consider that the announcement contains sufficient information about the business to be acquired to provide a properly informed basis for assessing its financial position; and

4. a declaration confirming that the shell company has made the necessary arrangements with the target vendors to enable it to keep the market informed without delay of any developments concerning the target that would be required to be released were the target part of the shell company.

5.6.16 An announcement made for the purpose of LR 5.6.15 G must be published by means of an RIS.

5.6.17 Where a shell company has a premium listing, a sponsor must provide written confirmation to the FCA that in its opinion, it is reasonable for the shell company to provide the declarations described in LR 5.6.15G (3) and (4).

5.6.18 Where the FCA has agreed that a suspension is not necessary as a result of an announcement made for the purpose of LR 5.6.15 G the shell company must comply with the obligation under article 17(1) of the Market Abuse Regulation on the basis that the target already forms part of the enlarged group.

Cancellation of listing

5.6.19 The FCA will generally seek to cancel the listing of an issuer’s equity shares or certificates representing equity securities when the issuer completes a reverse takeover.
LR 5 : Suspending, cancelling and restoring listing and reverse takeovers: All securities

5.6.20 Where LR 5.6.23 G to LR 5.6.29 G set out circumstances in which the FCA will generally be satisfied that a cancellation is not required.

5.6.21 Where the issuer's listing is cancelled following completion of a reverse takeover, the issuer must re-apply for the listing of the shares or certificates representing equity securities and satisfy the relevant requirements for listing, except that for an issuer with a premium listing, LR 6.2.1R(3) and LR 6.2.4R(2) will not apply in relation to the issuer’s accounts.

5.6.22 Notwithstanding LR 5.6.21 R, financial information provided in relation to the target will need to satisfy LR 6.2.1R(3) and LR 6.2.4R(2).

Acquisitions of targets from different listing categories: issuer maintaining its listing category

5.6.23 Where an issuer acquires the shares or certificates representing equity securities of a target with a different listing category from its own and the issuer wishes to maintain its existing listing category, the FCA will generally be satisfied that a cancellation is not required on completion of a reverse takeover if:

1. the issuer will continue to be eligible for its existing listing category following completion of the transaction;
2. the issuer provides an eligibility letter setting out how the issuer as enlarged by the acquisition satisfies each listing rule requirement that is relevant to it being eligible for its existing listing category; and
3. the issuer makes an announcement or publishes a circular explaining:
   a. the background and reasons for the acquisition;
   b. any changes to the acquiring issuer’s business that have been made or are proposed to be made in connection with the acquisition;
   c. the effect of the transaction on the acquiring issuer’s obligations under the listing rules;
   d. (where appropriate) how the acquiring issuer will continue to meet the eligibility requirements referred to in LR 5.6.21 R; and
   e. any other matter that the FCA may reasonably require.

5.6.24 An announcement or circular published for the purpose of LR 5.6.23 G must be published by means of an RIS.

5.6.25 An eligibility letter prepared for the purposes of LR 5.6.23 G must be provided to the FCA not less than 20 business days prior to the announcement of the transaction referred to in LR 5.6.24 R.

5.6.26 Where an issuer has a premium listing, the eligibility letter provided for the purposes of LR 5.6.23 G must be provided by a sponsor.
Acquisitions of targets from different listing categories: issuer changing listing category

5.6.27 [G] The FCA will generally be satisfied that a cancellation is not required on completion of a reverse takeover if the target is listed with a different listing category from that of the issuer and the issuer wishes to transfer its listing to a different listing category in conjunction with the acquisition and the issuer as enlarged by the relevant acquisition complies with the relevant requirements of [LR 5.4A] to transfer to a different listing category.

5.6.28 [G] An issuer wishing to transfer a listing of its equity shares from a premium listing (investment company) to a standard listing (shares) should note [LR 5.4A.2 G] which sets out limitations resulting from the application of [LR 14.1.1 R] (application of the listing rules to a company with or applying for a standard listing of shares).

5.6.29 [G] Where an issuer is applying [LR 5.4A] in order to avoid a cancellation as contemplated by [LR 5.6.27 G], the FCA will normally waive the requirement for shareholder approval under [LR 5.4A.4R (2)(c)] where the issuer is obtaining separate shareholder approval for the acquisition.
Chapter 6

Additional requirements for premium listing (commercial company)
6.1 Application

This chapter applies to an applicant for the admission of equity shares to premium listing (commercial company) except where:

(1) the applicant meets the following conditions:
   (a) it has an existing premium listing (commercial company) of equity shares;
   (b) it is applying for the admission of equity shares of the same class as the shares that have been admitted to premium listing; and
   (c) it is not entering into a transaction classified as a reverse takeover; or

(2) the following conditions are met:
   (a) a company has an existing premium listing (commercial company) of equity shares;
   (b) the applicant is a new holding company of the company in (a); and
   (c) the company in (a) is not entering into a transaction classified as a reverse takeover.

Applicant must satisfy requirements in this chapter

An applicant to whom this chapter applies must satisfy the requirements in this chapter (in addition to those in §LR 2).
6.2  Historical financial information requirements

Content of historical financial information

6.2.1  An applicant must have published or filed historical financial information that:

(1) covers at least three years;
   [Note: article 44 of the CARD]

(2) represents at least 75% of the applicant's business for the period in (1);

(3) unless LR 5.6.21R applies, has a latest balance sheet date that is not more than:
   (a) six months before the date of the prospectus or listing particulars for the relevant shares; and
   (b) nine months before the date the shares are admitted to listing; and

(4) includes the consolidated accounts for the applicant and all its subsidiary undertakings.

6.2.2  (1) In determining what amounts to 75% of the applicant's business for the purpose of LR 6.2.1R(2), the FCA will consider the size, in aggregate, of all of the acquisitions that the applicant has entered into during the period required by LR 6.2.1R(1) and up to the date of the prospectus or listing particulars, relative to the size of the applicant as enlarged by the acquisitions.

   (2) In ascertaining the size of the acquisitions relative to the applicant for the purposes of LR 6.2.1R(2), the FCA will take into account factors such as the assets, profitability and market capitalisation of the businesses.

   (3) The figures used should be the latest available for the acquired entity and the applicant as enlarged by the acquisition or acquisitions.

6.2.3  Where an applicant has made an acquisition or series of acquisitions such that its own consolidated financial information is insufficient to meet the 75% requirement in LR 6.2.1R(2), there must be historical financial information relating to the acquired entity or entities which has been published or filed and that:
(1) covers the period from at least three years prior to the date under LR 6.2.1R(3) up to the earlier of:
   (a) the date in LR 6.2.1R(3); or
   (b) the date of acquisition by the applicant;

(2) is prepared and presented in a form that is consistent with the accounting policies adopted in the financial information required by LR 6.2.1R; and

(3) in aggregate with its own historical financial information represents at least 75% of the enlarged applicant's business for the period in LR 6.2.1R(1).

Audit requirements for historical financial information

6.2.4 The historical financial information in LR 6.2.1R and LR 6.2.3R must:

(1) have been audited or reported on in accordance with the standards acceptable under Section 18 of Annex 1 of the PR Regulation; and

(2) not be subject to a modified report, unless the circumstances set out in LR 6.2.5G apply.

6.2.5 The FCA may accept that LR 6.2.4R(2) has been satisfied where a modified report is present only as a result of:

(1) the presence of an emphasis-of-matter paragraph which arises in any of the earlier periods required by LR 6.2.1R and the opinion on the final period is unmodified; or

(2) the opinion on the historical financial information for the final period under LR 6.2.1R includes an emphasis-of-matter paragraph with regard to going concern and LR 6.7.1R (Working capital) is complied with.

6.2.6 An applicant must:

(1) take all reasonable steps to ensure that the person providing the opinion in LR 6.2.4R(1) is independent of it; and

(2) obtain written confirmation from the person providing the opinion in LR 6.2.4R(1) that it complies with guidelines on independence issued or approved by its national accountancy or auditing bodies.
6.3 Revenue earning track record requirement

6.3.1 The historical financial information required under [LR 6.2.1R] and [LR 6.2.3R] must:

- demonstrate that the applicant has a revenue earning track record;
- put prospective investors in a position to make an informed assessment of the business for which admission is sought.

6.3.2 (1) The purpose of [LR 6.2.1R(2)], [LR 6.2.3R], and [LR 6.3.1R] is to ensure that the applicant has representative financial information throughout the period required by [LR 6.2.1R(1)] and [LR 6.2.3R] and to assist prospective investors to make a reasonable assessment of what the future prospects of the applicant's business might be. Investors are then able to consider the applicant's historical financial information in light of its particular competitive advantages, the outlook for the sector in which it operates and the general macroeconomic climate.

(2) The FCA may consider that an applicant does not have representative historical financial information and that its equity shares are not eligible for a premium listing if a significant part or all of the applicant's business has one or more of the following characteristics:

(a) a business strategy that places significant emphasis on the development or marketing of products or services which have not formed a significant part of the applicant's historical financial information;

(b) the value of the business on admission will be determined, to a significant degree, by reference to future developments rather than past performance;

(c) the relationship between the value of the business and its revenue or profit-earning record is significantly different from those of similar companies in the same sector;

(d) there is no record of consistent revenue, cash flow or profit growth throughout the period of the historical financial information;

(e) the applicant's business has undergone a significant change in its scale of operations during the period of the historical financial information or is due to do so before or after admission;
(f) it has significant levels of research and development expenditure or significant levels of capital expenditure.
6.4 Independent business

6.4.1 R An applicant must demonstrate that it carries on an independent business as its main activity.

6.4.2 G LR 6.4.1R is intended to ensure that the protections afforded to holders of equity shares by the premium listing requirements are meaningful.

6.4.3 G Factors that may indicate that an applicant does not satisfy LR 6.4.1R include situations where:

1. a majority of the revenue generated by the applicant’s business is attributable to business conducted directly or indirectly with one person or group;

2. or the applicant cannot demonstrate that it has access to financing other than from one person or group; or

3. the applicant does not have:
   a. strategic control over the commercialisation of its products; or
   b. strategic control over its ability to earn revenue; or
   c. freedom to implement its business strategy.
6.5 Controlling shareholders

6.5.1 An applicant with a controlling shareholder must demonstrate that, despite having a controlling shareholder, the applicant is able to carry on an independent business as its main activity.

6.5.2 LR 6.5.1R is intended to ensure that the protections afforded to holders of equity shares by the premium listing requirements are meaningful.

6.5.3 Factors that may indicate that an applicant does not satisfy the requirement in LR 6.5.1R (even where the agreement in LR 6.5.4R is in place) include:

1. an applicant has granted or may be required to grant security over its business in connection with the funding of a controlling shareholder or a member of a controlling shareholder’s group; or

2. a controlling shareholder (or any associate thereof) appears to be able to influence the operations of the applicant outside its normal governance structures or via material shareholdings in one or more significant subsidiary undertakings; or

3. a controlling shareholder appears to be able to exercise improper influence over the applicant; or

4. an applicant cannot demonstrate that it has access to financing other than from a controlling shareholder (or an associate thereof).

6.5.4 An applicant with a controlling shareholder upon admission must have in place a written and legally binding agreement with its controlling shareholder which is intended to ensure that the controlling shareholder complies with undertakings that:

1. transactions and arrangements with the controlling shareholder (and/or any of its associates) will be conducted at arm’s length and on normal commercial terms;

2. neither the controlling shareholder nor any of its associates will take any action that would have the effect of preventing the applicant from complying with its obligations under the listing rules; and

3. neither the controlling shareholder nor any of its associates will propose or procure the proposal of a shareholder resolution which is intended or appears to be intended to circumvent the proper application of the listing rules.
6.5.5 An applicant with more than one controlling shareholder is not required to enter into a separate agreement with each controlling shareholder if:

(1) the applicant reasonably considers, in light of its understanding of the relationship between the relevant controlling shareholders, that a controlling shareholder can procure the compliance of another controlling shareholder and that controlling shareholder’s associates with the undertakings in \[\text{LR 6.5.4R}\]; and

(2) the agreement, which contains the undertakings in \[\text{LR 6.5.4R}\], entered into with the relevant controlling shareholder also contains:

(a) a provision in which the controlling shareholder agrees to procure the compliance of a non-signing controlling shareholder and its associates with the undertakings in \[\text{LR 6.5.4R}\]; and

(b) the name of such non-signing controlling shareholder.
6.6 Control of the business

6.6.1 An applicant must demonstrate that it exercises operational control over the business it carries on as its main activity.

6.6.2 LR 6.6.1R is intended to ensure that the protections afforded to holders of equity shares by the premium listing requirements are meaningful.

6.6.3 Factors that may indicate that an applicant does not satisfy the requirement in LR 6.6.1R include where the applicant’s business consists principally of holding shares in entities that it does not control, including entities where the applicant:

(1) owns a minority holding of shares; or

(2) is only able to exercise negative control; or

(3) exercises control subject to contractual arrangements which could be altered without the applicant’s agreement or could result in a temporary or permanent loss of control.
6.7 Working capital

6.7.1 An applicant must satisfy the FCA that it and its subsidiary undertakings (if any) have sufficient working capital available for the group’s requirements for at least the next 12 months from the date of publication of the prospectus or listing particulars for the shares that are being admitted.
6.8 Warrants or options to subscribe

6.8.1 The total of all issued warrants to subscribe for equity shares or options to subscribe for equity shares must not exceed 20% of the issued equity share capital (excluding treasury shares) of the applicant as at the time of issue of the warrants or options.

6.8.2 For the purpose of the 20% limit in 6.8.1, rights under employees’ share schemes are not included.
6.9 Constitutional arrangements

6.9.1 An applicant must have in place a constitution that allows it to comply with the listing rules, in particular:

(1) LR 9.2.21R to vote on matters relevant to premium listing; and

(2) for an applicant with a controlling shareholder, LR 9.2.2ER and LR 9.2.2FR concerning the election and re-election of independent directors.

Pre-emption rights

6.9.2 If the law of the country of its incorporation does not confer on shareholders rights which are at least equivalent to LR 9.3.11R, an overseas company applying for a premium listing must:

(1) ensure its constitution provides for rights which are at least equivalent to the rights provided in LR 9.3.11R (as qualified by LR 9.3.12R); and

(2) be satisfied that conferring such rights would not be incompatible with the law of the country of its incorporation.
6.10 Specialist companies: mineral companies

6.10.1 Where a mineral company applies for the admission of its equity shares to a premium listing and cannot comply with the minimum three-year period required in LR 6.2.1R(1) because it has been operating for a shorter period:

(1) the mineral company must have published or filed historical financial information since the inception of its business; and

(2) the following apply to the mineral company only with regard to the period for which it has published or filed historical financial information pursuant to (1):

(a) LR 6.2.1R(2), LR 6.2.1R(3) and LR 6.2.1R(4) (content of historical financial information); and

(b) LR 6.2.4R and LR 6.2.6R (audit requirements for historical financial information).

6.10.2 LR 6.3.1R (revenue earning track record) does not apply to a mineral company that applies for the admission of its equity shares to a premium listing.

6.10.3 (1) This rule applies if the mineral company applies for the admission of its equity shares to premium listing and cannot comply with LR 6.6.1R (control of business) because the mineral company does not hold controlling interests in a majority (by value) of the properties, fields, mines or other assets in which it has invested.

(2) The mineral company must demonstrate that it has a reasonable spread of direct interests in mineral resources and has rights to participate actively in their extraction, whether by voting or through other rights which give it influence in decisions over the timing and method of extraction of those resources.
6.11 Specialist companies: scientific research based companies

6.11.1 Where a scientific research based company applies for the admission of its equity shares to a premium listing and cannot comply with the minimum three-year period required in § LR 6.2.1R(1) because it has been operating for a shorter period:

(1) the scientific research based company must have published or filed historical financial information since the inception of its business; and

(2) the following apply to the scientific research based company only with regard to the period for which it has published or filed historical financial information under (1):

   (a) § LR 6.2.1R(2), § LR 6.2.1R(3) and § LR 6.2.1R(4) (content of historical financial information); and

   (b) § LR 6.2.4R and § LR 6.2.6R (audit requirements for historical financial information).

6.11.2 If the scientific research based company does not comply with either § LR 6.2.1R(1) (minimum period for historical financial information) or § LR 6.3.1R (revenue earning track record), it must:

(1) demonstrate its ability to attract funds from sophisticated investors prior to the marketing at the time of listing;

(2) intend to raise at least £10 million pursuant to a marketing at the time of listing;

(3) have a capitalisation, before the marketing at the time of listing, of at least £20 million (based on the issue price and excluding the value of any equity shares which have been issued in the six months before listing);

(4) have as its primary reason for listing the raising of finance to bring identified products to a stage where they can generate significant revenues; and

(5) demonstrate that it has a three year record in laboratory research and development including:

   (a) details of patents granted or details of progress of patent applications; and

   (b) the successful completion of, or the successful progression of, significant testing of the effectiveness of its products.
6.12 Specialist companies: property companies

6.12.1 Where a property company applies for the admission of its equity shares to a premium listing and cannot comply with LR 6.3.1R because it does not have a revenue earning track record:

(1) the property company must demonstrate that it has three years of development of its real estate assets represented by increases of the gross asset value of its real estate assets:
   (a) evidenced by the historical financial information required by LR 6.2.1R; and
   (b) supported by a published property valuation report; or

(2) the property company must demonstrate that 75% of the gross asset value of an applicant’s real estate assets, as supported by a published property valuation report, are revenue generating at the point in time when the application for admission of the equity shares to a premium listing is made.

6.12.2 For the purposes of LR 6.12.1R, the property valuation report should be published in the applicant’s prospectus.

6.12.3 Where a property company is relying on LR 6.12.1R(2) and cannot comply with LR 6.2.1R(1) because it has been operating for a shorter period:

(1) the property company must have published or filed historical financial information since the inception of its business; and

(2) the following apply to the property company only with regard to the period for which it has published or filed historical financial information under (1):
   (a) LR 6.2.1R(2), LR 6.2.1R(3) and LR 6.2.1R(4) (content of historical financial information); and
   (b) LR 6.2.4R and LR 6.2.6R (audit requirements for historical financial information).
6.13 Externally managed companies

6.13.1 An applicant must satisfy the FCA that:

(1) the discretion of its board to make strategic decisions on behalf of the applicant has not been limited or transferred to a person outside the applicant’s group; and

(2) its board has the capability to act on key strategic matters in the absence of a recommendation from a person outside the applicant’s group.

6.13.2 In considering whether an applicant has satisfied LR 6.13.1, the FCA will consider, among other things, whether the board of the applicant consists solely of non-executive directors and whether significant elements of the strategic decision-making or planning for the applicant take place outside the applicant’s group, for example with an external management company.
6.14 Shares in public hands

6.14.1 Where an applicant is applying for the admission of a class of equity shares to premium listing, a sufficient number of shares of that class must, no later than the time of admission, be distributed to the public in one or more EEA States.

[Note: article 48 of the CARD]

6.14.2 For the purposes of [LR 6.14.1R:

(1) account may also be taken of holders in one or more states that are not EEA States, if the shares are listed in the state or states;

(2) a sufficient number of shares will be taken to have been distributed to the public when 25% of the shares for which application for admission has been made are in public hands; and

(3) treasury shares are not to be taken into consideration when calculating the number of shares of the class.

[Note: article 48 of the CARD]

6.14.3 For the purposes of [LR 6.14.1R and [LR 6.14.2R, shares are not held in public hands if they are:

(1) held, directly or indirectly by:
   (a) a director of the applicant or of any of its subsidiary undertakings; or
   (b) a person connected with a director of the applicant or of any of its subsidiary undertakings; or
   (c) the trustees of any employees' share scheme or pension fund established for the benefit of any directors and employees of the applicant and its subsidiary undertakings; or
   (d) any person who under any agreement has a right to nominate a person to the board of directors of the applicant; or
   (e) any person or persons in the same group or persons acting in concert who have an interest in 5% or more of the shares of the relevant class;

(2) subject to a lock-up period of more than 180 calendar days.

[Note: article 48 of the CARD]
6.14.4 When calculating the number of shares for the purposes of LR 6.14.3R(1)(e), holdings of investment managers in the same group where investment decisions are made independently by the individual in control of the relevant fund and those decisions are unfettered by the group to which the investment manager belongs will be disregarded.

6.14.5 (1) The FCA may modify LR 6.14.1R to accept a percentage lower than 25% if it considers that the market will operate properly with a lower percentage in view of the large number of shares of the same class and the extent of their distribution to the public.

[Note: article 48 of the CARD]

(2) In considering whether to grant a modification, the FCA may take into account the following specific factors:

(a) shares of the same class that are held (even though they are not listed) in states that are not EEA States;

(b) the number and nature of the public shareholders; and

(c) in relation to premium listing (commercial companies), whether the expected market value of the shares in public hands at admission exceeds £100 million.
6.15 Shares of a non-EEA company

6.15.1 The FCA will not admit shares of an applicant incorporated in a non-EEA State that are not listed either in its country of incorporation or in the country in which a majority of its shares are held, unless the FCA is satisfied that the absence of the listing is not due to the need to protect investors.

Premium Listing Principle 6

A listed company must communicate information to holders and potential holders of its premium listed securities and its listed equity shares in such a way as to avoid the creation or continuation of a false market in those premium listed securities and listed equity shares.

Guidance on the Listing and Premium Listing Principles

7.2.2 Listing Principle 1 is intended to ensure that listed companies have adequate procedures, systems and controls to enable them to comply with their obligations under the listing rules, disclosure requirements, transparency rules and corporate governance rules. In particular, the FCA considers that listed companies should place particular emphasis on ensuring that they have adequate procedures, systems and controls in relation to, where applicable:

1. identifying whether any obligations arise under LR 10 (Significant transactions) and LR 11 (Related party transactions); and

2. the timely and accurate disclosure of information to the market.

7.2.3 Timely and accurate disclosure of information to the market is a key obligation of listed companies. For the purposes of Listing Principle 1, a listed company should have adequate systems and controls to be able to:

1. ensure that it can properly identify information which requires disclosure under the listing rules, disclosure requirements, transparency rules or corporate governance rules in a timely manner; and

2. ensure that any information identified under (1) is properly considered by the directors and that such a consideration encompasses whether the information should be disclosed.

7.2.4 In assessing whether the voting rights attaching to different classes of premium listed securities are proportionate for the purposes of Premium Listing Principle 4, the FCA will have regard to the following non-exhaustive list of factors:

1. the extent to which the rights of the classes differ other than their voting rights, for example with regard to dividend rights or entitlement to any surplus capital on winding up;

2. the extent of dispersion and relative liquidity of the classes; and/or

3. the commercial rationale for the difference in the rights.

Other transactions where a company with a premium listing must obtain a sponsor’s guidance

8.2.2 If a company with a premium listing is proposing to enter into a transaction which due to its size or nature could amount to a class 1 transaction or a reverse takeover it must obtain the guidance of a sponsor to assess the application of the listing rules, the disclosure requirements and the transparency rules.

8.2.3 If a company with a premium listing is proposing to enter into a transaction which is, or may be, a related party transaction it must obtain the guidance of a sponsor in order to assess the application of the listing rules, the disclosure requirements and the transparency rules.
8.3 Role of a sponsor: general

Responsibilities of a sponsor

8.3.1 A sponsor must in relation to a sponsor service:

(1) referred to in § LR 8.2.1R (1) to (4), § LR 8.2.1R (11), § LR 8.2.1AR and, where relevant § LR 8.2.1R (5), provide assurance to the FCA when required that the responsibilities of the company with or applying for a premium listing of its securities under the listing rules have been met;

(1A) provide to the FCA any explanation or confirmation in such form and within such time limit as the FCA reasonably requires for the purposes of ensuring that the listing rules are being complied with by a company with or applying for a premium listing of its securities; and

(2) guide the company with or applying for a premium listing of its securities in understanding and meeting its responsibilities under the listing rules, the disclosure requirements and the transparency rules.

8.3.1A A sponsor must, for so long as it provides a sponsor service:

(1) take such reasonable steps as are sufficient to ensure that any communication or information it provides to the FCA in carrying out the sponsor service is, to the best of its knowledge and belief, accurate and complete in all material respects; and

(2) as soon as possible provide to the FCA any information of which it becomes aware that materially affects the accuracy or completeness of information it has previously provided.

8.3.1B Where a sponsor provides information to the FCA which is or is based on information it has received from a third party, in assessing whether a sponsor has complied with its obligations in § LR 8.3.1AR (1) the FCA will have regard, amongst other things, to whether a sponsor has appropriately used its own knowledge, judgment and expertise to review and challenge the information provided by the third party.

8.3.2 The sponsor will be the main point of contact with the FCA for any matter referred to in § LR 8.2. The FCA expects to discuss all issues relating to a transaction and any draft or final document directly with the sponsor. However, in appropriate circumstances, the FCA will communicate directly...
with the company with or applying for a *premium listing* of its securities, or its advisers.

8.3.2A  
A *sponsor* remains responsible for complying with **LR 8.3** even where a sponsor relies on the company with or applying for a *premium listing* of its securities or a third party when providing an assurance or confirmation to the FCA.

**Principles for sponsors: due care and skill**

8.3.3  
A *sponsor* must in relation to a *sponsor service* act with due care and skill.

**Principles for sponsors: duty regarding directors of listed companies**

8.3.4  
Where, in relation to a *sponsor service*, a sponsor gives any guidance or advice to a *listed company* or applicant on the application or interpretation of the *listing rules* or *disclosure requirements* and *transparency rules*, the sponsor must take reasonable steps to satisfy itself that the director or directors of the *listed company* understand their responsibilities and obligations under the *listing rules* and *disclosure requirements* and *transparency rules*.

**Principles for sponsors: relations with the FCA**

8.3.5  
A *sponsor* must at all times (whether in relation to a *sponsor service* or otherwise):

1. deal with the FCA in an open and co-operative way; and
2. deal with all enquiries raised by the FCA promptly.
3. [deleted]

8.3.5A  
If, in connection with the provision of a *sponsor service*, a sponsor becomes aware that it, or a company with or applying for a *premium listing* of its securities is failing or has failed to comply with its obligations under the *listing rules*, the *disclosure requirements* or the *transparency rules*, the sponsor must promptly notify the FCA.

8.3.5B  
A *sponsor* must, in relation to a *sponsor service*, act with honesty and integrity.

Principles for sponsors: identifying and managing conflicts

The purpose of \[\text{LR } 8.3.7\text{B} \] to \[\text{LR } 8.3.12\text{A} \] is to ensure that conflicts of interest do not adversely affect:

1. the ability of a sponsor to perform its functions properly under this chapter; or
2. market confidence in sponsors.

A sponsor must take all reasonable steps to identify conflicts of interest that could adversely affect its ability to perform its functions properly under this chapter.

In identifying conflicts of interest, sponsors should also take into account circumstances that could:

1. create a perception in the market that a sponsor may not be able to perform its functions properly; or
2. compromise the ability of a sponsor to fulfil its obligations to the FCA in relation to the provision of a sponsor service.

A sponsor must take all reasonable steps to put in place and maintain effective organisational and administrative arrangements that ensure conflicts of interest do not adversely affect its ability to perform its functions properly under this chapter.

Disclosure of a conflict of interest will not usually be considered to be an effective organisational or administrative arrangement for the purpose of \[\text{LR } 8.3.9\] R.

If, in relation to a sponsor service, a sponsor is not reasonably satisfied that its organisational and administrative arrangements will ensure that a conflict of interest will not adversely affect its ability to perform its functions properly under this chapter, it must decline or cease to provide the sponsor services.

\[\text{LR } 8.3.11\text{R} \] recognises that there will be some conflicts of interest that cannot be effectively managed. Providing sponsor services in those cases could adversely affect both a sponsor’s ability to perform its functions and market confidence in the sponsor regime. If in doubt about whether a conflict can be effectively managed a sponsor should discuss the issue with the FCA before it decides if it can provide a sponsor service.
8.3.12A G  ■ LR 8.3.7B R, ■ LR 8.3.9 R and ■ LR 8.3.11 R apply for so long as the sponsor provides a sponsor service.

Principles for sponsors: acting for another sponsor

8.3.13 G  [deleted]

Principles for sponsors: joint sponsors

8.3.14 R  If a listed company or applicant appoints more than one sponsor to provide a sponsor service then:

(1) the appointment does not relieve either of the appointed sponsors of their obligations under ■ LR 8; and

(2) the sponsors are each responsible for complying with the obligations under ■ LR 8.

8.3.15 G  If a listed company or applicant appoints more than one sponsor to provide a sponsor service, the FCA expects the sponsors to co-operate with each other in relation to the sponsor service, including by establishing arrangements for the sharing of information as appropriate having regard to the sponsor service.
8.4 Role of a sponsor: transactions

Application for admission

8.4.1 R

LR 8.4.2 R to LR 8.4.4 G apply in relation to an application for admission of securities to premium listing if an applicant does not have securities already admitted to premium listing, the conditions in LR 6.1.1R(1), LR 6.1.1R(2), LR 21.2.5R(1), LR 21.2.5R(2), LR 21.6.13R(1) or LR 21.6.13R(2) do not apply and, in connection with the application, the applicant is required to publish a document under article 1(4)(f) or (g) or (5)(e) or (f) of the Prospectus Regulation or is required to submit to the FCA:

8.4.2 R

1. the applicant has satisfied all requirements of the listing rules relevant to an application for admission to listing;

2. the applicant has satisfied all applicable requirements set out in the prospectus rules unless the home Member State of the applicant is not, or will not be, the United Kingdom;

3. the directors of the applicant have established procedures which enable the applicant to comply with the listing rules and the disclosure requirements and transparency rules on an ongoing basis;

4. the directors of the applicant have established procedures which provide a reasonable basis for them to make proper judgments on an ongoing basis as to the financial position and prospects of the applicant and its group; and

Notifications to FCA

8.5.1 A listed company or applicant must ensure that the FCA is informed promptly of the name and contact details of any sponsor appointed in accordance with the listing rules (either by the listed company or applicant or by the sponsor itself).

8.5.2 (1) A listed company or applicant must notify the FCA in writing immediately of the resignation or dismissal of any sponsor that it had appointed.

(2) In the case of a dismissal, the reasons for the dismissal must be included in the notification.

(3) The notification must be copied to the sponsor.

Listed company appoints more than one sponsor

8.5.3 Where a listed company or applicant appoints more than one sponsor to provide a sponsor service, the company must:

(1) ensure that one sponsor takes responsibility for contact with the FCA in respect of administrative arrangements for the sponsor service; and

(2) inform the FCA promptly, in writing, of the name and contact details of the sponsor taking responsibility under (1).

Cooperation with sponsors

8.5.6 In relation to the provision of a sponsor service, a company with or applying for a premium listing of its securities must cooperate with its sponsor by providing the sponsor with all information reasonably requested by the sponsor for the purpose of carrying out the sponsor service in accordance with § LR 8.
8.6 Criteria for approval as a sponsor

List of sponsors

8.6.1 The FCA will maintain a list of sponsors on its website.

Application for approval as a sponsor

8.6.2 A person wanting to provide sponsor services, and to be included on the list of sponsors, must apply to the FCA for approval as a sponsor by submitting the following to the Sponsor Supervision Team at the FCA’s address:

(1) a completed Sponsor Firm Application Form; and

(2) [deleted]

(3) the application fee set out in FEES 3.

[Note: The Sponsor’s Firm Application Form can be found on the UKLA section of the FCA’s website.]

8.6.3 A person wanting to provide sponsor services and be included on the list of sponsors must also submit:

(1) all additional documents, explanations and information as required by the FCA; and

(2) verification of any information in such a manner as the FCA may specify.

8.6.4 When considering an application for approval as a sponsor the FCA may:

(1) carry out any enquiries and request any further information which it considers appropriate, including consulting other regulators;

(2) request that the applicant or its specified representative answer questions and explain any matter the FCA considers relevant to the application; and

(3) take into account any information which it considers appropriate in relation to the application.

(4) [deleted]
Criteria for approval as a sponsor

The FCA will approve a person as a sponsor only if it is satisfied that the person:

1. is an authorised person or a member of a designated professional body;
2. is competent to provide sponsor services in accordance with LR 8; and
3. has appropriate systems and controls in place to carry out its role as a sponsor in accordance with LR 8.

The FCA may impose restrictions or limitations on the services a sponsor can provide at the time of granting a sponsor’s approval.

Situations when the FCA may impose restrictions or limitations on the services a sponsor can provide include (but are not limited to) where it appears to the FCA that:

1. the employees of the person applying to be a sponsor whom it is proposed will perform sponsor services have no or limited relevant experience and expertise of providing certain types of sponsor services or of providing sponsor services to certain types of company; or
2. the person applying to be a sponsor does not have systems and controls in place which are appropriate for the nature of the sponsor services which the person applying to be a sponsor proposes to undertake.

Where a person wishes to apply for approval as a sponsor to provide a limited range of sponsor services, it may do so on the basis that the FCA will impose a limitation or restriction on its approval (in accordance with section 88 of the Act). In such circumstances, the FCA will assess whether the person satisfies LR 8.6.5R (2) and LR 8.6.5R (3) taking into consideration the sponsor services to which the approval, as formally limited or restricted by the FCA, will relate.

Continuing obligations

A sponsor must comply, at all times, with the criteria set out in LR 8.6.5R.
Competence of a sponsor

A sponsor, or a person applying for approval as a sponsor, will not satisfy LR 8.6.5R (2) unless it has:

1. submitted a sponsor declaration to the FCA:
   (a) for a person applying for approval as a sponsor, within three years of the date of its application; and
   (b) for a sponsor, within the previous three years; and

2. a sufficient number of employees with the skills, knowledge and expertise necessary for it to:
   (a) provide sponsor services in accordance with LR 8.3;
   (b) understand:
      (i) the rules, guidance and ESMA publications directly relevant to sponsor services;
      (ii) the procedural requirements and processes of the FCA;
      (iii) the due diligence process required in order to provide sponsor services in accordance with LR 8.3 and LR 8.4;
      (iv) the responsibilities and obligations of a sponsor in LR 8; and
      (v) specialist industry sectors, if relevant to the sponsor services it provides or intends to provide; and
   (c) be able to comply with the key contact requirements in LR 8.6.19 R.

To determine whether a sponsor or a person applying for approval as a sponsor is able to satisfy LR 8.6.7R (1)(a), the FCA may consider whether any of the person’s employees have had material involvement in the provision of sponsor services that have required the submission of a sponsor declaration within the previous three years.

In exceptional circumstances, the FCA may consider dispensing with, or modifying, the requirement in LR 8.6.7R (1) in accordance with LR 1.2.1 R.

In assessing whether a sponsor or a person applying for approval as a sponsor satisfies LR 8.6.7R (2), the FCA will consider a variety of factors including:

1. the nature, scale and complexity of its business;
2. the diversity of its operations;
3. the volume and size of transactions it undertakes;
4. the volume and size of transactions it anticipates undertaking in the following year; and
5. the degree of risk associated with the transactions it undertakes or anticipates undertaking in the following year.
Notwithstanding LR 8.6.7C G, when considering whether a sponsor satisfies LR 8.6.7R (2)(c) the FCA expects a sponsor to have no less than two employees who are able to satisfy the key contact requirements in LR 8.6.19R (2).

In assessing whether a sponsor or a person applying for approval as a sponsor can demonstrate it is competent in the areas required under LR 8.6.7R (2), the FCA may also take into account, where relevant, the guidance or advice on the listing rules or disclosure requirements and transparency rules the sponsor or person has given in circumstances other than in providing sponsor services.

A sponsor or a person applying for approval as a sponsor will not satisfy LR 8.6.5R (3) unless it has in place:

1. clear and effective reporting lines for the provision of sponsor services (including clear and effective management responsibilities);

1A. effective systems and controls which require employees with management responsibilities for the provision of sponsor services to understand and apply the requirements of LR 8;

2. effective systems and controls for the appropriate supervision of employees engaged in the provision of sponsor services by the sponsor;

3. effective systems and controls for compliance with all applicable listing rules at all times, including when performing sponsor services;
(4) [deleted]

(5) [deleted]

(6) effective systems and controls which require appropriate staffing arrangements for providing each sponsor service in line with the principles for sponsors in ■ LR 8.3;

(7) effective systems and controls for employees engaged in the provision of sponsor services to receive appropriate guidance and training to provide each sponsor service in line with the principles for sponsors in ■ LR 8.3;

(8) effective systems and controls to identify and manage conflicts of interest;

(9) effective systems and controls for compliance with each of the requirements in ■ LR 8.6.7R (2)(b); and

(10) systems and controls which comply with the requirements of ■ LR 8.6.16A R (Record management).

When considering a sponsor’s ability to comply with ■ LR 8.6.12 R, the FCA will consider a variety of factors, including:

(1) the nature, scale and complexity of its business;

(2) the diversity of its operations;

(3) the volume and size of the transactions it undertakes;

(4) the volume and size of the transactions it anticipates undertaking in the following year; and

(5) the degree of risk associated with the transactions it undertakes or anticipates undertaking in the following year.

A sponsor will generally be regarded as having appropriate systems and controls for identifying and managing conflicts if it has in place effective policies and procedures:

(1) to ensure that decisions taken on managing conflicts of interest are taken by appropriately senior staff and on a timely basis;

(2) to monitor whether arrangements put in place to manage conflicts are effective; and

(3) to ensure that individuals within the sponsor are appropriately trained to enable them to identify, escalate and manage conflicts of interest.

(4) [deleted]
The policies and procedures referred to in LR 8.6.13A are distinct from the actual organisational and administrative arrangements that a sponsor is required to put in place and maintain under LR 8.3.9 to manage specific conflicts.

---

**Systems and controls: record management**

A sponsor must have effective arrangements to create and retain for six years accessible records which are sufficient to be capable of demonstrating that it has provided sponsor services and otherwise complied with its obligations under LR 8 including:

1. where a declaration is to be submitted to the FCA:
   - under LR 8.4.3R (1), LR 8.4.9R (1), LR 8.4.13R (1), LR 8.4.14R (2) or LR 8.4.17R; or
   - pursuant to an appointment under LR 8.2.1R (5);
   - the basis of each declaration given;

2. where any opinion, assurance or confirmation is provided by a sponsor to the FCA or a company with or applying for a premium listing in relation to a sponsor service, the basis of that opinion, assurance or confirmation;

3. where a sponsor provides guidance to a company with or applying for a premium listing pursuant to LR 8.2.2R, LR 8.2.3R or LR 8.3.1R (2), the basis upon which the guidance is given and upon which any judgments or opinions underlying the guidance have been made or given; and

4. the steps taken to comply with its obligations under LR 8.3.7B, LR 8.3.9R, LR 8.3.11R and LR 8.6.6R.
Records should:

1. be capable of timely retrieval; and
2. include material communications which relate to the provision of sponsor services, including any advice or guidance given to a company with or applying for a premium listing in relation to their responsibilities under the listing rules, the disclosure requirements and the transparency rules.

In considering whether a sponsor has satisfied the requirements regarding sufficiency of records in LR 8.6.16A R, the FCA will consider whether the records would enable a person with general knowledge of the sponsor regime but no specific knowledge of the actual sponsor service undertaken to understand and verify the basis upon which material judgments have been made throughout the provision of the sponsor service.

For each sponsor service requiring the submission of a document to the FCA or contact with the FCA, a sponsor must:

1. at the time of submission or on first making contact with the FCA notify the FCA of the name and contact details of a key contact within the sponsor for that matter; and
2. ensure that its key contact:
   a. has sufficient knowledge about the listed company or applicant and the proposed matter to be able to answer queries from the FCA about it;
   b. is available to answer queries from the FCA on any business day between 7am and 6pm;
   c. is authorised to make representations to the FCA for and on behalf of the sponsor;
   d. possesses technical knowledge of rules, guidance and ESMA publications directly relevant to the sponsor service; and
   e. understands the responsibilities and obligations of the sponsor under LR 8 in relation to the sponsor service.

The FCA expects an employee carrying out the role of key contact to have provided a sponsor service in the previous three years.
8.7  Supervision of sponsors

8.7.1  The FCA expects to have an open, co-operative and constructive relationship with a sponsor to enable it to have a broad picture of the sponsor’s activities and its ability to satisfy the criteria for approval as a sponsor as set out in LR 8.6.5 R.

Requirement to provide information

8.7.1A  (1) The FCA may by notice in writing given to a sponsor require it to provide specified documents or specified information to the FCA.

(2) The sponsor must as soon as practicable provide to the FCA any documents or information that it has been required to provide under (1).

(3) This rule applies only to documents or information reasonably required by the FCA in connection with the performance of its functions in relation to a sponsor or a company that has appointed a sponsor.

Supervisory tools

8.7.2  The FCA uses a variety of tools to monitor whether a sponsor:

(1) continues to satisfy the criteria for approval as a sponsor as set out in LR 8.6.5 R; and

(2) remains in compliance with all applicable listing rules.

8.7.2A  The FCA may impose restrictions or limitations on the services a sponsor can provide at any time following the grant of a sponsor’s approval.

8.7.2B  Situations when the FCA may impose restrictions or limitations on the services a sponsor can provide include (but are not limited to) where it appears to the FCA that:

(1) the sponsor has no or limited relevant experience and expertise of providing certain types of sponsor services or of providing sponsor services to certain types of company; or

LR 9.4.4 R does not apply to the grant of an option to subscribe, warrant to subscribe or other similar right to subscribe for shares in the capital of a listed company or any of its subsidiary undertakings:

(1) under an employees' share scheme if participation is offered on similar terms to all or substantially all employees of the listed company or any of its subsidiary undertakings whose employees are entitled to participate in the scheme; or

(2) following a take-over or reconstruction, in replacement for and on comparable terms with options to subscribe, warrants to subscribe or other similar rights to subscribe held immediately before the take-over or reconstruction for shares in either a company of which the listed company thereby obtains control or in any of that company's subsidiary undertakings.
## 9.5 Transactions

### Rights issue

**9.5.1**

For a placing of rights arising from a *rights issue* before the official start of dealings, a *listed company* must ensure that:

1. the placing relates to at least 25% of the maximum number of *equity securities* offered;
2. the placees are committed to take up whatever is placed with them;
3. the price paid by the placees does not exceed the price at which the *equity securities* which are the subject of the *rights issue* are offered by more than one half of the calculated premium over that offer price (that premium being the difference between the offer price and the theoretical ex-rights price); and
4. the *equity securities* which are the subject of the *rights issue* are of the same *class* as the *equity securities* already listed.

**9.5.2**

The FCA may modify **9.5.1** to allow the placing to relate to less than 25% if it is satisfied that requiring at least 25% would be detrimental to the success of the issue.

**9.5.3**

In a *rights issue*, the FCA may list the *equity securities* at the same time as they are admitted to trading in nil paid form. On the *equity securities* being paid up and the allotment becoming unconditional, the *listing* will continue without any need for a further application to list fully paid *securities*.

**9.5.4**

If existing *shareholders* do not take up their rights to subscribe in a *rights issue*:

1. the *listed company* must ensure that the *equity securities* to which the offer relates are offered for subscription or purchase on terms that any premium obtained over the subscription or purchase price (net of expenses) is to be for the account of the holders, except that if the proceeds for an existing holder do not exceed 5.00, the proceeds may be retained for the company’s benefit; and
2. the *equity securities* may be allotted or sold to underwriters, if on the expiry of the subscription period no premium (net of expenses) has been obtained.
9.5.5 A listed company must ensure that for a rights issue the following are notified to a RIS as soon as possible:

(1) the issue price and principal terms of the issue; and

(2) the results of the issue and, if any rights not taken up are sold, details of the sale, including the date and price per share.

9.5.6 A listed company must ensure that the offer relating to a rights issue remains open for acceptance for at least 10 business days. For the purposes of calculating the period of 10 business days, the first business day is the date on which the offer is first open for acceptance.

Open offers

9.5.7 A listed company must ensure that the timetable for an open offer is approved by the RIE on which its equity securities are traded.

9.5.7A A listed company must ensure that the open offer remains open for acceptance for at least 10 business days. For the purposes of calculating the period of 10 business days, the first business day is the date on which the offer is first open for acceptance.

9.5.8 A listed company must ensure that in relation to communicating information on an open offer:

(1) if the offer is subject to shareholder approval in general meeting the announcement must state that this is the case; and

(2) the circular dealing with the offer must not contain any statement that might be taken to imply that the offer gives the same entitlements as a rights issue unless it is an offer with a compensatory element.

9.5.8A If existing shareholders do not take up their rights to subscribe in an open offer with a compensatory element:

(1) the listed company must ensure that the equity securities to which the offer relates are offered for subscription or purchase on terms that any premium obtained over the subscription or purchase price (net of expenses) is to be for the account of the holders, except that if the proceeds for an existing holder do not exceed £5, the proceeds may be retained for the company’s benefit; and

(2) the equity securities may be allotted or sold to underwriters, if on the expiry of the subscription period no premium (net of expenses) has been obtained.

9.5.8B A listed company must ensure that for a subscription in an open offer with a compensatory element the following are notified to a RIS as soon as possible:

(1) the offer price and principal terms of the offer; and
(2) the results of the offer and, if any securities not taken up are sold, details of the sale, including the date and price per share.

**Vendor consideration placing**

9.5.9

A listed company must ensure that in a vendor consideration placing all vendors have an equal opportunity to participate in the placing.

**Discounts not to exceed 10%**

9.5.10

(1) If a listed company makes an open offer, placing, vendor consideration placing, offer for subscription of equity shares or an issue out of treasury (other than in respect of an employees’ share scheme) of a class already listed, the price must not be at a discount of more than 10% to the middle market price of those shares at the time of announcing the terms of the offer for an open offer or offer for subscription of equity shares or at the time of agreeing the placing for a placing or vendor consideration placing.

(2) In paragraph (1), the middle market price of equity shares means the middle market quotation for those equity shares as derived from the daily official list of the London Stock Exchange or any other publication of an RIE showing quotations for listed securities for the relevant date.

(2A) If a listed company makes an open offer, placing, vendor consideration placing or offer for subscription of equity shares during the trading day it may use an appropriate on-screen intra-day price derived from another market.

(3) Paragraph (1) does not apply to an offer or placing at a discount of more than 10% if:

(a) the terms of the offer or placing at that discount have been specifically approved by the issuer’s shareholders; or

(b) it is an issue of shares for cash or the sale of treasury shares for cash under a pre-existing general authority to disapply section 561 of the Companies Act 2006 (Existing shareholders’ rights of pre-emption).

(4) The listed company must notify a RIS as soon as possible after it has agreed the terms of the offer or placing.

9.5.10A

On each occasion that the listed company plans to use an on-screen intra-day price it should discuss the source of the price in advance with the FCA. The FCA may be satisfied that there is sufficient justification for its use if the alternative market has an appropriate level of liquidity and the source is one that is widely accepted by the market.

**Offer for sale or subscription**

9.5.11

A listed company must ensure that for an offer for sale or an offer for subscription of equity securities:
(1) letters of allotment or acceptance are all issued simultaneously and numbered serially (and, where appropriate, split and certified by the listed company’s registrars);

(2) if the equity securities may be held in uncertificated form, there is equal treatment of those who elect to hold the equity securities in certificated form and those who elect to hold them in uncertificated form;

(3) letters of regret are posted at the same time or not later than three business days after the letters of allotment or acceptance; and

(4) if a letter of regret is not posted at the same time as letters of allotment or acceptance, a notice to that effect is inserted in a national newspaper, to appear on the morning after the letters of allotment or acceptance are posted.

Reconstruction or refinancing

(1) If a listed company produces a circular containing proposals to be put to shareholders in a general meeting relating to a reconstruction or a re-financing, the circular must be produced in accordance with LR 13.3 and must include a working capital statement.

(2) The requirement for a working capital statement set out in paragraph (1) does not apply to a closed-ended investment fund.

(3) The working capital statement required by paragraph (1) must be prepared in accordance with item 3.1 of Annex 11 of the PR Regulation and on the basis that the reconstruction or the re-financing has taken place.

Fractional entitlements

If, for an issue of equity securities (other than an issue in lieu of dividend), a shareholders entitlement includes a fraction of a security, a listed company must ensure that the fraction is sold for the benefit of the holder except that if its value (net of expenses) does not exceed 5.00 it may be sold for the company’s benefit. Sales of fractions may be made before listing is granted.

Further issues

When shares of the same class as shares that are listed are allotted, an application for admission to listing of such shares must be made as soon as possible and in any event within one month of the allotment. [Note: Article 64 CARD]

Temporary documents of title (including renounceable documents)

A listed company must ensure that any temporary document of title (other than one issued in global form) for an equity security:

(1) is serially numbered;

(2) states where applicable:
(a) the name and address of the first holder and names of joint holders (if any);
(b) for a fixed income security, the amount of the next payment of interest or dividend;

(d) has the form of renunciation and the registration instructions printed on the back of, or attached to, the document;
(e) includes provision for splitting (without fee) and for split documents to be certified by an official of the company or authorised agent;
(f) provides for the last day for renunciation to be the second business day after the last day for splitting; and
(g) if at the same time as an allotment is made of shares issued for cash, shares of the same class are also allotted credited as fully paid to vendors or others, provides for the period for renunciation to be the same as, but no longer than, that provided for in the case of shares issued for cash.

Definitive documents of title

A listed company must ensure that any definitive document of title for an equity share (other than a bearer security) includes the following matters on its face (or on the reverse in the case of paragraphs (5) and (7)):

(1) the authority under which the listed company is constituted and the country of incorporation and registered number (if any);
(2) the number or amount of securities the certificate represents and, if applicable, the number and denomination of units (in the top right-hand corner);

9.8.10  A listed company must ensure that the auditors review each of the following before the annual report is published:

1. LR 9.8.6 R (3) (statements by the directors regarding going concern and longer-term viability); and

2. the parts of the statement required by LR 9.8.6 R (6) (corporate governance) that relate to Provisions 6 and 24 to 29 of the UK Corporate Governance Code.

Chapter 10

Significant transactions: Premium listing
10.1 Preliminary

Application

10.1.1 R This chapter applies to a company that has a premium listing.

Purpose

10.1.2 G The purpose of this chapter is to ensure that shareholders of companies with securities listed:

(1) are notified of certain transactions entered into by the listed company; and

(2) have the opportunity to vote on larger proposed transactions.

Meaning of "transaction"

10.1.3 R In this chapter (except where specifically provided to the contrary) a reference to a transaction by a listed company:

(1) (subject to paragraphs (3),(4) and (5)) includes all agreements (including amendments to agreements) entered into by the listed company or its subsidiary undertakings;

(2) includes the grant or acquisition of an option as if the option had been exercised except that, if exercise is solely at the listed company's or subsidiary undertaking's discretion, the transaction will be classified on exercise and only the consideration (if any) for the option will be classified on the grant or acquisition;

(3) excludes a transaction in the ordinary course of business;

(4) excludes an issue of securities, or a transaction to raise finance, which does not involve the acquisition or disposal of any fixed asset of the listed company or of its subsidiary undertakings; and

(5) excludes any transaction between the listed company and its wholly-owned subsidiary undertaking or between its wholly-owned subsidiary undertakings.

10.1.4 G This chapter is intended to cover transactions that are outside the ordinary course of the listed company's business and may change a security holder's economic interest in the company's assets or liabilities (whether or not the change in the assets or liabilities is recognised on the company's balance sheet).
10.1.5 In assessing whether a transaction is in the ordinary course of a company’s business under this chapter, the FCA will have regard to the size and incidence of similar transactions which the company has entered into. The FCA may determine that a transaction is not in the ordinary course of business because of its size or incidence.
10.2 Classifying transactions

Classifying transactions

10.2.1 A transaction is classified by assessing its size relative to that of the listed company proposing to make it. The comparison of size is made by using the percentage ratios resulting from applying the class test calculations to a transaction. The class tests are set out in §LR 10 Annex 1 (and modified or added to for specialist companies under §LR 10.7).

10.2.2 Except as otherwise provided in this chapter, transactions are classified as follows:

(1) [deleted]

(2) Class 2 transaction: a transaction where any percentage ratio is 5% or more but each is less than 25%; and

(3) Class 1 transaction: a transaction where any percentage ratio is 25% or more.

(4) [deleted]

10.2.2A If an issuer is proposing to enter into a transaction classified as a reverse takeover it should consider §LR 5.6.

10.2.3 [deleted]

10.2.4 Indemnities and similar arrangements

10.2.4 (1) Any agreement or arrangement with a party (other than a wholly owned subsidiary undertaking of the listed company):

(a) under which a listed company agrees to discharge any liabilities for costs, expenses, commissions or losses incurred by or on behalf of that party, whether or not on a contingent basis;

(b) which is exceptional; and

(c) under which the maximum liability is either unlimited, or is equal to or exceeds an amount equal to 25% of the average of the listed company’s profits (as calculated for classification purposes) for the last three financial years (losses should be taken as nil profit and included in this average);
is to be treated as a class 1 transaction.

(2) Paragraph (1) does not apply to a break fee arrangement (see \[LR 10.2.6A R\], \[LR 10.2.6B G\] and \[LR 10.2.7 R\] which deal with break fee arrangements).

10.2.5 For the purposes of \[LR 10.2.4R (1)\], the FCA considers the following indemnities not to be exceptional:

1. those customarily given in connection with sale and purchase agreements;

2. those customarily given to underwriters or placing agents in an underwriting or placing agreement;

3. those given to advisers against liabilities to third parties arising out of providing advisory services; and

4. any other indemnity that is specifically permitted to be given to a director or auditor under the Companies Act 2006.

10.2.6 If the calculation under \[LR 10.2.4R (1)\] produces an anomalous result, the FCA may disregard the calculation and modify that rule to substitute other relevant indicators of the size of the indemnity or other arrangement given, for example 1% of market capitalisation.

Break fee arrangements

10.2.6A An arrangement is a break fee arrangement if the purpose of the arrangement is that a compensatory sum will become payable by a listed company to another party (or parties) to a proposed transaction if the proposed transaction fails or is materially impeded and there is no independent substantive commercial rationale for the arrangement.

10.2.6B (1) The following arrangements will meet the definition of break fee arrangements in \[LR 10.2.6A R\] (although this list is not intended to be exhaustive): ‘no shop’ and ‘go shop’ type provisions, which require payment of a sum to a party in the event the seller finds an alternative purchaser; a requirement to pay another party’s wasted costs in the event a transaction fails; non refundable deposits.

(2) In contrast, payments in the nature of damages (whether liquidated or unliquidated) for a breach of an obligation with an independent substantive commercial rationale, for example the typical business protection covenants that will apply between exchange and completion of a share or asset acquisition agreement or co-operation and information access obligations relating to obtaining merger or other clearances, are not break fee arrangements.

10.2.7 (1) Sums payable pursuant to break fee arrangements in respect of a transaction are to be treated as a class 1 transaction if the total value of those sums exceeds:
(a) if the listed company is being acquired, 1% of the value of the listed company calculated by reference to the offer price; and
(b) in any other case, 1% of the market capitalisation of the listed company.

(1A) The total value of sums payable pursuant to break fee arrangements for the purpose of paragraph (1) is the sum of:
(a) any amounts paid or payable pursuant to break fee arrangements in relation to the same transaction or in relation to the same target assets or business in the 12 months prior to the date the most recent arrangements were agreed unless those arrangements were approved by shareholders; and
(b) the aggregate of the maximum amounts payable pursuant to break fee arrangements in relation to the transaction;

save that if the arrangements are such that a particular sum will only become payable in circumstances in which another sum does not, the lower sum may be left out of the calculation of the total value.

(2) For the purposes of paragraph (1)(a):
(a) the 1% limit is to be calculated on the basis of the fully diluted equity share capital of the listed company;
(b) any VAT payable is to be taken into account in determining whether the 1% limit would be exceeded (except to the extent that the VAT is recoverable by the listed company); and
(c) for a securities exchange offer, the value of the listed company is to be fixed by reference to the value of the offer at the time the transaction is announced (and is not to be taken as fluctuating as a result of subsequent movements in the price of the consideration securities after the announcement).

Issues by major subsidiary undertakings

If:

(1) a major subsidiary undertaking of a listed company issues equity shares for cash or in exchange for other securities or to reduce indebtedness;

(2) the issue would dilute the listed company's percentage interest in the major subsidiary undertaking; and

(3) the economic effect of the dilution is equivalent to a disposal of 25% or more of the aggregate of the gross assets or profits (after the deduction of all charges except taxation) of the group;

the issue is to be treated as a class 1 transaction.

LR 10.2.8 R does not apply if the major subsidiary undertaking is itself a listed company.
Aggregating transactions

10.2.10 (1) Transactions completed during the 12 months before the date of the latest transaction must be aggregated with that transaction for the purposes of classification if:

(a) they are entered into by the company with the same person or with persons connected with one another;

(b) they involve the acquisition or disposal of securities or an interest in one particular company; or

(c) together they lead to substantial involvement in a business activity which did not previously form a significant part of the company's principal activities.

(2) Paragraph (1) does not apply in relation to a break fee arrangement (see ■ LR 10.2.6A R, ■ LR 10.2.6B G and ■ LR 10.2.7 R which deal with break fee arrangements).

(3) If under this rule aggregation of transactions results in a requirement for shareholder approval, then that approval is required only for the latest transaction.

10.2.11 The FCA may modify these rules to require the aggregation of transactions in circumstances other than those specified in ■ LR 10.2.10 R.

Note: If an issuer is proposing to enter into a transaction that could be a Class 1 transaction or reverse takeover it is required under ■ LR 8 to obtain the guidance of a sponsor to assess the potential application of ■ LR 10.

10.4 Class 2 requirements

Notification of class 2 transactions

10.4.1 (1) A listed company must notify a RIS as soon as possible after the terms of a class 2 transaction are agreed.

(2) The notification must include:

(a) details of the transaction, including the name of the other party to the transaction;
(b) a description of the business carried on by, or using, the net assets the subject of the transaction;
(c) the consideration, and how it is being satisfied (including the terms of any arrangements for deferred consideration);
(d) the value of the gross assets the subject of the transaction;
(e) the profits attributable to the assets the subject of the transaction;
(f) the effect of the transaction on the listed company including any benefits which are expected to accrue to the company as a result of the transaction;
(g) details of any service contracts of proposed directors of the listed company;
(h) for a disposal, the application of the sale proceeds;
(i) for a disposal, if securities are to form part of the consideration received, a statement whether the securities are to be sold or retained; and
(j) details of key individuals important to the business or company the subject of the transaction.

Supplementary notification

10.4.2 (1) A listed company must notify a RIS as soon as possible if, after the notification under 10.4.1, it becomes aware that:

(a) there has been a significant change affecting any matter contained in that earlier notification; or
(b) a significant new matter has arisen which would have been required to be mentioned in that earlier notification if it had arisen at the time of the preparation of that notification.

(2) The supplementary notification must give details of the change or new matter and also contain a statement that, except as disclosed,
there has been no significant change affecting any matter contained in the earlier notification and no other significant new matter has arisen which would have been required to be mentioned in that earlier notification if it had arisen at the time of the preparation of that notification.

(3) In paragraphs (1) and (2), significant means significant for the purpose of making an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the listed company and the rights attaching to any securities forming part of the consideration. It includes a change in the terms of the transaction that affects the percentage ratios and requires the transaction to be reclassified into a higher category.
10.5 Class 1 requirements

Notification and shareholder approval

10.5.1 A listed company must, in relation to a class 1 transaction:

1. comply with the requirements of LR 10.4 (Class 2 requirements) for the transaction;

2. send an explanatory circular to its shareholders and obtain their prior approval in a general meeting for the transaction; and

3. ensure that any agreement effecting the transaction is conditional on that approval being obtained.

Note: LR 13 sets out requirements for the content and approval of class 1 circulars.

Material change to terms of transaction

10.5.2 If, after obtaining shareholder approval but before the completion of a class 1 transaction or a reverse takeover, there is a material change to the terms of the transaction, the listed company must comply again separately with LR 10.5.1 R in relation to the transaction.

The FCA would (amongst other things) generally consider an increase of 10% or more in the consideration payable to be a material change to the terms of the transaction.

Supplementary circulars

10.5.4 (1) If a listed company becomes aware of a matter described in (2) after the publication of a circular that seeks shareholder approval for a transaction expressly requiring a vote by the listing rules, but before the date of a general meeting, it must, as soon as practicable:

   a. advise the FCA of the matters of which it has become aware; and
   b. send a supplementary circular to holders of its listed equity shares providing an explanation of the matters referred to in (2).

(2) The matters referred to in (1) are

   a. a material change affecting any matter the listed company is required to have disclosed in a circular; or
(b) a material new matter which the listed company would have been required to disclose in the circular if it had arisen at the time of its publication.

(3) The listed company must have regard to LR 13.3.1R (3) when considering the materiality of any change or new matter under LR 10.5.4R (2).

10.5.5 LR 13 applies in relation to a supplementary circular. It may be necessary to adjourn a convened shareholder meeting if a supplementary circular cannot be sent to holders of listed equity shares at least 7 days prior to the convened shareholder meeting as required by LR 13.1.9 R.

10.7 Transactions by specialist companies

Classification of transactions by listed property companies

10.7.1  ■ LR 10 Annex 1 is modified as follows in relation to acquisitions or disposals of property by a listed property company:

(1) for the purposes of paragraph 2R(1) (the gross assets test), the assets test is calculated by dividing the transaction consideration by the gross assets of the listed property company and paragraphs 2R(5) and 2R(6) do not apply;

(2) for the purposes of paragraph 2R(1) (the gross assets test), if the transaction is an acquisition of land to be developed, the assets test is calculated by dividing the transaction consideration and any financial commitments relating to the development by the gross assets of the listed property company and paragraphs 2R(5) and 2R(6) do not apply;

(3) for the purposes of paragraph 2R(2), the gross assets of a listed property company are, at the option of the company:

(a) the aggregate of the company's share capital and reserves (excluding minority interests);

(b) the book value of the company's properties (excluding those properties classified as current assets in the latest published annual report and accounts); or

(c) the published valuation of the company's properties (excluding those properties classified as current assets in the latest published annual report and accounts);

(4) for the purposes of paragraph 4R(1) (the profits test), profits means the net annual rent;

(5) paragraph 5R (the consideration test) does not apply but instead the test in ■ LR 10.7.2 R applies; and

(6) paragraph 7R (the gross capital test) applies to disposals as well as acquisitions of property.

10.7.2 R  (1) In addition to the tests in ■ LR 10 Annex 1, if the transaction is an acquisition of property by a listed property company and any of the consideration is in the equity shares of that company, the listed company must determine the percentage ratios that result from the calculations under the test in (2).
(2) The share capital test is calculated by dividing the number of consideration shares to be issued by the number of equity shares in issue (excluding treasury shares).

10.7.3 **LR 10** does not apply to the acquisition or disposal by a listed property company of a property in the ordinary course of business which:

(1) for an acquisition, will be classified as a current asset in the company’s published accounts; or

(2) for a disposal, was so classified in the company’s published accounts.

10.7.4 **LR 10** may apply to subsequent transfers of property assets from current to fixed assets or from fixed to current assets in the accounts of a property company.

Classification of transactions by listed mineral companies

10.7.5 (1) In addition to the tests in **LR 10 Annex 1**, a listed mineral company undertaking a transaction involving significant mineral resources or rights to significant mineral resources must determine the percentage ratios that result from the calculations under the test in paragraph (2).

(2) The reserves test is calculated by dividing the volume or amount of the proven reserves and probable reserves to be acquired or disposed of by the volume or amount of the aggregate proven reserves and probable reserves of the mineral company making the acquisition or disposal.

10.7.6 If the mineral resources are not directly comparable, the FCA may modify **LR 10.7.5 R (2)** to permit valuations to be used instead of amounts or volumes.

10.7.7 When calculating the size of a transaction under **LR 10 Annex 1** and **LR 10.7.5 R**, account must be taken of any associated transactions or loans effected or intended to be effected, and any contingent liabilities or commitments.

Classification of transactions by listed scientific research based companies

10.7.8 A listed scientific research based company undertaking a transaction should consult the FCA at an early stage to determine whether industry specific tests are required instead of or in addition to the class tests in **LR 10 Annex 1**.
10.8 Miscellaneous

Class 1 disposals by companies in severe financial difficulty

10.8.1 (1) A listed company in severe financial difficulty may find itself with no alternative but to dispose of a substantial part of its business within a short time frame to meet its ongoing working capital requirements or to reduce its liabilities. Due to time constraints it may not be able to prepare a circular and convene an extraordinary general meeting to obtain prior shareholder approval.

(2) The FCA may modify the requirements in LR 10.5 to prepare a circular and to obtain shareholder approval for such a disposal, if the company:

(a) can demonstrate that it is in severe financial difficulty; and

(b) satisfies the conditions in LR 10.8.2 G to LR 10.8.6 G.

(3) An application to modify LR 10.5 should be brought to the FCA's attention at the earliest available opportunity and at least five clear business days before the terms of the disposal are agreed.

10.8.2 The listed company should demonstrate to the FCA that it could not reasonably have entered into negotiations earlier to enable shareholder approval to be sought.

10.8.3 The following documents should be provided in writing to the FCA:

(1) confirmation from the listed company that:

(a) negotiation does not allow time for shareholder approval;

(b) all alternative methods of financing have been exhausted and the only option remaining is to dispose of a substantial part of their business;

(c) by taking the decision to dispose of part of the business to raise cash, the directors are acting in the best interests of the company and shareholders as a whole and that unless the disposal is completed receivers, administrators or liquidators are likely to be appointed; and

(d) if the disposal is to a related party, that the disposal by the company to the related party is the only available option in the current circumstances.
(2) confirmation from the company's sponsor that, in its opinion and on the basis of information available to it, the company is in severe financial difficulty and that it will not be in a position to meet its obligations as they fall due unless the disposal takes place according to the proposed timetable;

(3) confirmation from the persons providing finance stating that further finance or facilities will not be made available and that unless the disposal is effected immediately, current facilities will be withdrawn; and

(4) an announcement that complies with LR 10.8.4 G and LR 10.8.5 G.

An announcement should be notified to a RIS no later than the date the terms of the disposal are agreed and should contain:

(1) all relevant information required to be notified under LR 10.4.1 R;

(2) the name of the acquirer and the expected date of completion of the disposal;

(3) full disclosure about the continuing groups prospects for at least the current financial year;

(4) a statement that the directors believe that the disposal is in the best interests of the company and shareholders as a whole. The directors should also state that if the disposal is not completed the company will be unable to meet its financial commitments as they fall due and consequently will be unable to continue to trade resulting in the appointment of receivers, liquidators or administrators;

(5) a statement incorporating the details of all the confirmations provided to the FCA in LR 10.8.3 G;

(6) details of any financing arrangements (either current or future) if they are contingent upon the disposal being effected;

(7) if the disposal is to a related party, then a statement as set out in LR 13.6.1R(5) must be given;

(8) a statement by the listed company that in its opinion the working capital available to the continuing group is sufficient for the groups present requirements, that is, for at least 12 months from the date of the announcement, or, if not, how it is proposed to provide the additional working capital thought by the company to be necessary.

The announcement should contain any further information that the company and its sponsors consider necessary. This should incorporate historical price sensitive information, which has already been published in relation to the disposal along with any further information required to be disclosed under articles 17 and 18 of the Market Abuse Regulation.

(1) The FCA will wish to examine the documents referred to in LR 10.8.3 G (including the RIS announcement) before it grants the modification and before the announcement is released.
(2) The documents should ordinarily be lodged with the FCA:
   (a) in draft form at least five clear business days before the terms of the transaction are agreed; and
   (b) in final form on the day on which approval is sought.

10.8.7 In relation to the listed company's financial position, articles 17 and 18 of the Market Abuse Regulation continue to apply while the company is seeking a modification.

10.8.8 The directors should also consider whether the listed company's financial situation is such that they should request the suspension of its listing pending publication of an announcement and clarification of its financial position.

Joint ventures

10.8.9 (1) When a listed company enters into a joint venture it should consider how this chapter applies.

   (2) It is common, when entering into a joint venture, for the partners to include exit provisions in the terms of the agreement. These typically give each partner a combination of rights and obligations to either sell their own holding or to acquire their partner's holding should certain triggering events occur.

   (3) If the listed company does not retain sole discretion over the event which requires them to either purchase the joint venture partner's stake or to sell their own, LR 10.1.3R (2) requires this obligation to be classified at the time it is agreed as though it had been exercised at that time. Further, if the consideration to be paid is to be determined by reference to the future profitability of the joint venture or an independent valuation at the time of exercise, this consideration will be treated as being uncapped. If this is the case, the initial agreement will be classified in accordance with LR 10 Annex 1 5R (3) and (3A) at the time it is entered into.

   (4) If the listed company does retain sole discretion over the triggering event, or if the listed company is making a choice to purchase or sell following an event which has been triggered by the joint venture partner, the purchase or sale must be classified when this discretion is exercised or when the choice to purchase or sell is made.

   (5) Where an issuer enters into a joint venture exit arrangement which takes the form of a put or call option and exercise of the option is solely at the discretion of the other party to the arrangement, the transaction should be classified at the time it is agreed as though the option had been exercised at that time.
The Class Tests

Class tests
1G This Annex sets out the following class tests:
   (1) the gross assets test;
   (2) the profits test;
   (3) the consideration test; and
   (4) the gross capital test.

The Gross Assets test
2R (1) The assets test is calculated by dividing the gross assets the subject of the transaction by the gross assets of the listed company.
(2) The gross assets of the listed company means the total non-current assets, plus the total current assets, of the listed company.
(3) For:
   (a) an acquisition of an interest in an undertaking which will result in consolidation of the assets of that undertaking in the accounts of the listed company; or
   (b) a disposal of an interest in an undertaking which will result in the assets of that undertaking no longer being consolidated in the accounts of the listed company;
the gross assets the subject of the transaction means the value of 100% of that undertaking's assets irrespective of what interest is acquired or disposed of.
(4) For an acquisition or disposal of an interest in an undertaking which does not fall within paragraph (3), the gross assets the subject of the transaction means:
   (a) for an acquisition, the consideration together with liabilities assumed (if any); and
   (b) for a disposal, the assets attributed to that interest in the listed company's accounts.
(5) If there is an acquisition of assets other than an interest in an undertaking, the assets the subject of the transaction means the consideration or, if greater, the book value of those assets as they will be included in the listed company's balance sheet.
(6) If there is a disposal of assets other than an interest in an undertaking, the assets the subject of the transaction means the book value of the assets in the listed company's balance sheet.

The FCA may modify paragraph 2R to require, when calculating the assets the subject of the transaction, the inclusion of further amounts if contingent assets or arrangements referred to in LR 10.2.4 R (indemnities and similar arrangements) are involved.

The Profits test
4R (1) The profits test is calculated by dividing the profits attributable to the assets the subject of the transaction by the profits of the listed company.
(2) For the purposes of paragraph (1), profits means:
(a) profits after deducting all charges except taxation; and
(b) for an acquisition or disposal of an interest in an undertaking referred to in paragraph 2R (3)(a) or (b) of this Annex, 100% of the profits of the undertaking (irrespective of what interest is acquired or disposed of).

(3) If the acquisition or disposal of the interest will not result in consolidation or deconsolidation of the target then the profits test is not applicable.

4AG The amount of loss is relevant in calculating the impact of a proposed transaction under the profits test. A listed company should include the amount of the losses of the listed company or target i.e. disregard the negative when calculating the test.

The Consideration test

5R (1) The consideration test is calculated by taking the consideration for the transaction as a percentage of the aggregate market value of all the ordinary shares (excluding treasury shares) of the listed company.

(2) For the purposes of paragraph (1):
   (a) the consideration is the amount paid to the contracting party;
   (b) if all or part of the consideration is in the form of securities to be traded on a market, the consideration attributable to those securities is the aggregate market value of those securities; and
   (c) if deferred consideration is or may be payable or receivable by the listed company in the future, the consideration is the maximum total consideration payable or receivable under the agreement.

(3) If the total consideration is not subject to any maximum (and the other class tests indicate the transaction to be a class 2 transaction) the transaction is to be treated as a class 1 transaction.

(3A) If the total consideration is not subject to any maximum (and the other class tests indicate the transaction to be a transaction where all percentage ratios are less than 5%) the transaction is to be treated as a class 2 transaction.

(4) For the purposes of sub-paragraph (2)(b), the figures used to determine consideration consisting of:
   (a) securities of a class already listed, must be the aggregate market value of all those securities on the last business day before the announcement; and
   (b) a new class of securities for which an application for listing will be made, must be the expected aggregate market value of all those securities.

(5) For the purposes of paragraph (1), the figure used to determine market capitalisation is the aggregate market value of all the ordinary shares (excluding treasury shares) of the listed company at the close of business on the last business day before the announcement.

6G The FCA may modify paragraph 5R to require the inclusion of further amounts in the calculation of the consideration. For example, if the purchaser agrees to discharge any liabilities, including the repayment of inter-company or third party debt, whether actual or contingent, as part of the terms of the transaction.

The Gross Capital test

7R (1) The gross capital test is calculated by dividing the gross capital of the company or business being acquired by the gross capital of the listed company.

(2) The test in paragraph (1) is only to be applied for an acquisition of a company or business.

(3) For the purposes of paragraph (1), the gross capital of the company or business being acquired means the aggregate of:
(a) the consideration (as calculated under paragraph 5R of this Annex);
(b) if a company, any of its shares and debt securities which are not being acquired;
(c) all other liabilities (other than current liabilities) including for this purpose minority interests and deferred taxation; and
(d) any excess of current liabilities over current assets.

(4) For the purposes of paragraph (1), the gross capital of the listed company means the aggregate of:
(a) the market value of its shares (excluding treasury shares) and the issue amount of the debt security;
(b) all other liabilities (other than current liabilities) including for this purpose minority interests and deferred taxation; and
(c) any excess of current liabilities over current assets.

(5) For the purposes of paragraph (1):
(a) figures used must be, for shares and debt security aggregated for the purposes of the gross capital percentage ratio, the aggregate market value of all those shares (or if not available before the announcement, their nominal value) and the issue amount of the debt security; and
(b) for shares and debt security aggregated for the purposes of paragraph (3)(b), any treasury shares held by the company are not to be taken into account.

Figures used to classify assets and profits

8R  (1) For the purposes of calculating the tests in this Annex, except as otherwise stated in paragraphs (2) to (6), figures used to classify assets and profits, must be the figures shown in the latest published audited consolidated accounts or, if a listed company has, or will have, published a preliminary statement of later annual results at the time the terms of a transaction are agreed, the figures shown in that preliminary statement.

(2) If a balance sheet has been published in a subsequently published interim statement then gross assets and gross capital should be taken from the balance sheet published in the interim statement.

(3) (a) The figures of the listed company must be adjusted to take account of transactions completed during the period to which the figures referred to in (1) or (2) relate, and subsequent completed transactions which have been notified to a RIS under LR 10.4 or LR 10.5.
(b) The figures of the target company or business must be adjusted to take account of transactions completed during the period to which the figures referred to in (1) or (2) relate, and subsequent completed transactions which would have been a class 2 transaction or greater when classified against the target as a whole.

(4) Figures on which the auditors are unable to report without modification must be disregarded.

(5) When applying the percentage ratios to an acquisition by a company whose assets consist wholly or predominantly of cash or short-dated securities, the cash and short-dated securities must be excluded in calculating its assets and market capitalisation.

(6) The principles in this paragraph also apply (to the extent relevant) to calculating the assets and profits of the target company or business.

9G The FCA may modify paragraph 8R(4) in appropriate cases to permit figures to be taken into account.

Anomalous results
10G If a calculation under any of the class tests produces an anomalous result or if a calculation is inappropriate to the activities of the listed company, the FCA may modify the relevant rule to substitute other relevant indicators of size, including industry specific tests.

**Adjustments to figures**

11G Where a listed company wishes to make adjustments to the figures used in calculating the class tests pursuant to 10G they should discuss this with the FCA before the class tests crystallise.

**The Profits Test: Anomalous Results**

12R Paragraph 13R applies to a company that has a premium listing where:

1. the calculation under the profits test produces a percentage ratio of 25% or more and this result is anomalous; and
2. the transaction is not a related party transaction.

13R A company that has a premium listing may:

1. where each of the other applicable percentage ratios are less than 5%, disregard the profits test for the purposes of classifying the transaction; or
2. make the following adjustments to the calculation under the profits test:

   a. where any of the following costs are genuinely one-off costs, the figures used to classify profits of the listed company, or the target company or business, may be adjusted for:

      i. costs incurred by the listed company, or target company or business, in connection with the listed company, or target company or business’ initial public offering; or

      ii. closure costs incurred by the listed company, or target company or business, that are not part of an on-going restructuring that will occur over more than one financial period;

   b. where a listed company, or target company or business, has completed an initial public offering, the figures used to classify profits of the listed company, or target company or business, may be adjusted for interest charges incurred under private ownership prior to completion of the initial public offering provided that these interest charges:

      i. have been incurred under facilities that were repaid as part of the initial public offering capital restructuring; and

      ii. are substituted in the calculation of the profits test with the interest charges that would have been incurred under the new facilities for the relevant period.

14G Any adjustments made in accordance with paragraph 13R(2) should be applied equally to both the listed company, and target company or business, where applicable, to ensure a like-for-like comparison is being undertaken.

15G A company that has a premium listing does not have to consult the FCA in accordance with paragraph 10G or 11G before relying on paragraph 13R.
Chapter 11

Related party transactions: Premium listing
11.1 Related party transactions

Application

11.1 R
This chapter applies to a company that has a premium listing.

11.1.1A R
Where a company has a premium listing and:

(1) it is not in compliance with:
   (a) the provisions in LR 9.2.2AR (2)(a); or
   (b) LR 9.2.2G R; or

(2) it becomes aware that a controlling shareholder or any of its associates is not in compliance with an undertaking in LR 6.5.4R or LR 9.2.2AR (2)(a);

(3) it becomes aware that a procurement obligation (as set out in LR 6.5.5R(2)(a) or LR 9.2.2BR (2)(a) contained in an agreement entered into under LR 6.5.4R or LR 9.2.2AR (2)(a) has not been complied with by a controlling shareholder; or

(4) an independent director declines to support a statement made under LR 9.8.4R (14)(a) or LR 9.8.4R (14)(c);

LR 11.1.1C R applies.

11.1.1B G
In exceptional circumstances, the FCA may consider dispensing with or modifying the application of LR 11.1.1A R, in accordance with LR 1.2.1 R.

11.1.1C R
The company cannot rely on any of the following provisions in relation to a transaction or arrangement with or for the benefit of the relevant controlling shareholder or any associate of that controlling shareholder:

(1) the concessions specified in LR 11.1.5R (1), LR 11.1.5R (2) and LR 11.1.5R (3) in relation to transactions or arrangements in the ordinary course of business;

(2) LR 11.1.6 R; and

(3) LR 11.1.10 R.
If the FCA considers that it would be appropriate to do so, the FCA may dispense with or modify the application of LR 11.1.1CR (1), in accordance with LR 1.2.1 R.

Where a company that has a premium listing has been subject to the provisions of LR 11.1.1A R, LR 11.1.1CR will continue to apply to the company until the publication of an annual financial report which:

1. contains the statements required under LR 9.8.4R (14)(a) and LR 9.8.4R (14)(c); and
2. does not contain a statement made under LR 9.8.4A R.

This chapter sets out safeguards that apply to:

1. transactions and arrangements between a listed company and a related party; and
2. transactions and arrangements between a listed company and any other person that may benefit a related party.

The safeguards are intended to prevent a related party from taking advantage of its position and also to prevent any perception that it may have done so.

A reference in this chapter:

1. to a transaction or arrangement by a listed company includes a transaction or arrangement by its subsidiary undertaking; and
2. to a transaction or arrangement is, unless the contrary intention appears, a reference to the entering into of the agreement for the transaction or the entering into of the arrangement.

In LR, a *related party* means:

1. a person who is (or was within the 12 months before the date of the transaction or arrangement) a substantial shareholder; or
2. a person who is (or was within the 12 months before the date of the transaction or arrangement) a director or shadow director of the listed company or of any other company which is (and, if he has ceased to be such, was while he was a director or shadow director of such other company) its subsidiary undertaking or parent undertaking or a fellow subsidiary undertaking of its parent undertaking; or
3. [deleted]
(4) a person exercising significant influence; or

(5) an associate of a related party referred to in paragraph (1), (2) or (4).

Definition of “substantial shareholder”

In LR, a "substantial shareholder" means any person who is entitled to exercise, or to control the exercise of, 10% or more of the votes able to be cast on all or substantially all matters at general meetings of the company (or of any company which is its subsidiary undertaking or parent undertaking or of a fellow subsidiary undertaking of its parent undertaking). For the purposes of calculating voting rights, the following voting rights are to be disregarded:

(1) any voting rights which such a person exercises (or controls the exercise of) independently in its capacity as bare trustee, investment manager, collective investment undertaking or a long-term insurer in respect of its linked long-term business if no associate of that person interferes by giving direct or indirect instructions, or in any other way, in the exercise of such voting rights (except to the extent any such person confers or collaborates with such an associate which also acts in its capacity as investment manager, collective investment undertaking or long-term insurer); or

(2) any voting rights which a person may hold (or control the exercise of) solely in relation to the direct performance, by way of business, of:

(a) underwriting the issue or sale of securities; or

(b) placing securities, where the person provides a firm commitment to acquire any securities which it does not place; or

(c) acquiring securities from existing shareholders or the issuer pursuant to an agreement to procure third-party purchases of securities;

and where the conditions in (i) to (iv) are satisfied:

(i) the activities set out in (2)(a) to (c) are performed in the ordinary course of business;

(ii) the securities to which the voting rights attach are held for a consecutive period of 5 trading days or less, beginning with the first trading day on which the securities are held;

(iii) the voting rights are not exercised within the period the securities are held; and

(iv) no attempt is made directly or indirectly by the firm to intervene in (or attempt to intervene in) or exert (or attempt to exert) influence on the management of the issuer within the period the securities are held.

Definition of “related party transaction”

In LR, a "related party transaction" means:

(1) a transaction (other than a transaction in the ordinary course of business) between a listed company and a related party; or
(2) an arrangement (other than an arrangement in the ordinary course of business) pursuant to which a listed company and a related party each invests in, or provides finance to, another undertaking or asset; or

(3) any other similar transaction or arrangement (other than a transaction in the ordinary course of business) between a listed company and any other person the purpose and effect of which is to benefit a related party.

In assessing whether a transaction is in the ordinary course of business under this chapter, the FCA will have regard to the size and incidence of the transaction and also whether the terms and conditions of the transaction are unusual.

Transactions to which this chapter does not apply

If LR 11.1.7 R to LR 11.1.10 R do not apply to a related party transaction if it is a transaction or arrangement:

(1) of a kind referred to in paragraph 1 or 1A of LR 11 Annex 1 (a small transaction or a transaction the terms of which were agreed before a person became a related party); or

(2) of a kind referred to in paragraphs 2 to 9 of LR 11 Annex 1 and does not have any unusual features.

Note: If an issuer is proposing to enter into a transaction that could be a related party transaction it is required under LR 8 to obtain the guidance of a sponsor to assess the potential application of LR 11.

Requirements for related party transactions

If a listed company enters into a related party transaction, the listed company must:

(1) make a notification in accordance with LR 10.4.1 R (Notification of class 2 transactions) that contains the details required by that rule and also:
   (a) the name of the related party; and
   (b) details of the nature and extent of the related party’s interest in the transaction or arrangement;

(2) send a circular to its shareholders containing the information required by LR 13.3 and LR 13.6;

(3) obtain the approval of its shareholders for the transaction or arrangement either:
   (a) before it is entered into; or
   (b) if the transaction or arrangement is expressed to be conditional on that approval, before it is completed; and

(4) ensure that the related party:
(a) does not vote on the relevant resolution; and
(b) takes all reasonable steps to ensure that the related party's associates do not vote on the relevant resolution.

11.1.7A If, after obtaining shareholder approval but before the completion of a related party transaction, there is a material change to the terms of the transaction, the listed company must comply again separately with ■ LR 11.1.7 R in relation to the transaction.

11.1.7B The FCA would (amongst other things) generally consider an increase of 10% or more in the consideration payable to be a material change to the terms of the transaction.

11.1.7C A listed company must comply with ■ LR 10.5.4 R in relation to a related party transaction.

11.1.8 If a meeting of the listed company has been called to approve a transaction or arrangement and, after the date of the notice of meeting but before the meeting itself, a party to that transaction or arrangement has become a related party, then to comply with ■ LR 11.1.7 R the listed company should:

(1) ensure that the related party concerned does not vote on the relevant resolution and that the related party takes all reasonable steps to ensure that its associates do not vote on the relevant resolution; and

(2) send a further circular, for receipt by shareholders at least one clear business day before the last time for lodging proxies for the meeting, containing any information required by ■ LR 13.3 (Contents of all circulars) and ■ LR 13.6 (Related party circulars) that was not contained in the original circular with the notice of meeting.

11.1.9 ■ LR 11.1.7 R and ■ LR 11.1.8 G will apply to the variation or novation of an existing agreement between the listed company and a related party whether or not, at the time the original agreement was entered into, that party was a related party.

Modified requirements for smaller related party transactions

11.1.10 (1) This rule applies to a related party transaction if each of the percentage ratios is less than 5%, but one or more of the percentage ratios exceeds 0.25%.

(2) Where this rule applies, ■ LR 11.1.7 R does not apply but instead the listed company must:

(a) [deleted]

(b) before entering into the transaction or arrangement, obtain written confirmation from a sponsor that the terms of the proposed transaction or arrangement with the related party are fair and reasonable as far as the shareholders of the listed company are concerned; and
(c) as soon as possible upon entering into the transaction or arrangement, make an RIS announcement which sets out:

(i) the identity of the related party;
(ii) the value of the consideration for the transaction or arrangement;
(iii) a brief description of the transaction or arrangement;
(iv) the fact that the transaction or arrangement fell within LR 11.1.10 R; and
(v) any other relevant circumstances.

### Aggregation of transactions in any 12 month period

1. If a listed company enters into transactions or arrangements with the same related party (and any of its associates) in any 12 month period and the transactions or arrangements have not been approved by shareholders the transactions or arrangements, including transactions or arrangements falling under LR 11.1.10 R, or small related party transactions under LR 11 Annex 1.1R (1), must be aggregated.

2. If any percentage ratio is 5% or more for the aggregated transactions or arrangements, the listed company must comply with LR 11.1.7 R in respect of the latest transaction or arrangement.

**Note:** LR 13.6.1R (8) requires details of each of the transactions or arrangements being aggregated to be included in the circular.

3. If transactions or arrangements that are small transactions under LR 11 Annex 1 are aggregated under paragraph 1 of this rule and for the aggregated small transactions each of the percentage ratios is less than 5%, but one or more of the percentage ratios exceeds 0.25%, the listed company must comply with:

(a) LR 11.1.10R (2)(b) in respect of the latest small transaction; and
(b) LR 11.1.10R (2)(c) in respect of the aggregated small transactions.

Dealing in own securities and treasury shares: Premium listing
12.1 Application

12.1.2 This chapter contains rules applicable to a listed company that:

1. purchases its own equity shares; or
2. purchases its own securities other than equity shares; or
3. sells or transfers treasury shares; or
4. [deleted]
5. purchases its own securities from a related party.

Exceptions

12.1.3 LR 12.2 to LR 12.5 do not apply to a transaction entered into:

1. in the ordinary course of business by a securities dealing business; or
2. on behalf of third parties either by the company or any member of its group;

if the listed company has established and maintains effective Chinese walls between those responsible for any decision relating to the transaction and those in possession of inside information relating to the listed company.
12.2 Prohibition on purchase of own securities

12.2.1 [deleted]
12.3 Purchase from a related party

12.3.1 Where a purchase by a listed company of its own equity securities or preference shares is to be made from a related party, whether directly or through intermediaries, LR 11 (Related party transactions) must be complied with unless:

1. a tender offer is made to all holders of the class of securities; or

2. in the case of a market purchase pursuant to a general authority granted by shareholders, it is made without prior understanding, arrangement or agreement between the listed company and any related party.

12.3.2 Where a purchase by a listed company of its own equity securities or preference shares is to be made from a related party which is a sovereign controlling shareholder or an associate of a sovereign controlling shareholder, the modifications to LR 11 (Related party transactions) in LR 21.5 (Transactions with related parties: Equity shares) and LR 21.10 (Transactions with related parties: Certificates representing shares) do not apply for the purposes of LR 12.3.1R.
12.4 Purchase of own equity shares

Purchases of less than 15%

12.4.1 Unless a tender offer is made to all holders of the class, purchases by a listed company of less than 15% of any class of its equity shares (excluding treasury shares) pursuant to a general authority granted by shareholders, may only be made if the price to be paid is not more than the higher of:

1. 5% above the average market value of the company’s equity shares for the 5 business days prior to the day the purchase is made; and
2. that stipulated by article 5(6) of the Market Abuse Regulation.

Purchases of 15% or more

12.4.2 Purchases by a listed company of 15% or more of any class of its equity shares (excluding treasury shares) pursuant to a general authority by the shareholders must be by way of a tender offer to all shareholders of that class.

12.4.2A Purchases of 15% or more of any class of its own equity shares may be made by a listed company, other than by way of a tender offer, provided that the full terms of the share buyback have been specifically approved by shareholders.

Where a series of purchases are made pursuant to a general authority granted by shareholders, which in aggregate amount to 15% or more of the number of equity shares of the relevant class in issue immediately following the shareholders meeting at which the general authority to purchase was granted, a tender offer need only be made in respect of any purchase that takes the aggregate to or above that level. Purchases that have been specifically approved by shareholders are not to be taken into account in determining whether the 15% level has been reached.

Notification prior to purchase

12.4.4 (1) Any decision by the board to submit to shareholders a proposal for the listed company to be authorised to purchase its own equity shares must be notified to a RIS as soon as possible.

(2) A notification required by paragraph (1) must set out whether the proposal relates to:
(a) specific purchases and if so, the names of the persons from whom the purchases are to be made; or
(b) a general authorisation to make purchases.

(3) The requirement set out in paragraph (1) does not apply to a decision by the board to submit to shareholders a proposal to renew an existing authority to purchase own equity shares.

12.4.6 Any purchase of a listed company’s own equity shares by or on behalf of the company or any other member of its group must be notified to a RIS as soon as possible, and in any event by no later than 7:30 a.m. on the business day following the calendar day on which the purchase occurred. The notification must include:

(1) the date of purchase;
(2) the number of equity shares purchased;
(3) the purchase price for each of the highest and lowest price paid, where relevant;
(4) the number of equity shares purchased for cancellation and the number of equity shares purchased to be held as treasury shares; and

   (a) the total number of treasury shares of each class held by the company following the purchase and non-cancellation of such equity shares; and
   (b) the number of equity shares of each class that the company has in issue less the total number of treasury shares of each class held by the company following the purchase and non-cancellation of such equity shares.

Consent of other classes

(1) convene a separate meeting of the holders of those securities; and
(2) obtain their approval for the proposed purchase of equity shares by a special resolution.
12.4.8 R LR 12.4.7 R does not apply if the trust deed or terms of issue of the relevant securities authorise the listed company to purchase its own equity shares.

12.4.9 R A circular convening a meeting required by LR 12.4.7 R must include (in addition to the information in LR 13 (Contents of circulars)):

1. a statement of the effect on the conversion expectations of holders in terms of attributable assets and earnings, on the basis that the company exercises the authority to purchase its equity shares in full at the maximum price allowed (where the price is to be determined by reference to a future market price the calculation must be made on the basis of market prices prevailing immediately prior to the publication of the circular and that basis must be disclosed); and

2. any adjustments to the rights of the holders which the company may propose (in such a case, the information required under paragraph (1) must be restated on the revised basis).

Other similar transactions

12.4.10 G A listed company intending to enter into a transaction that would have an effect on the company similar to that of a purchase of own equity shares should consult with the FCA to discuss the application of LR 12.4.
12.5 Purchase of own securities other than equity shares

12.5.1 Except where the purchases will consist of individual transactions made in accordance with the terms of issue of the relevant securities, where a listed company intends to purchase any of its securities convertible into its equity shares with a premium listing it must:

(1) ensure that no dealings in the relevant securities are carried out by or on behalf of the company or any member of its group until the proposal has either been notified to a RIS or abandoned; and

(2) notify a RIS of its decision to purchase.

(2) whether or not the securities are to be cancelled and the number of that class of securities that remain outstanding.

12.5.3 [deleted]

Period between purchase and notification

12.5.5 In circumstances where the purchase is not being made pursuant to a tender offer and the purchase causes a relevant threshold in § LR 12.5.2 R to be reached or exceeded, no further purchases may be undertaken until after a notification has been made in accordance with § LR 12.5.2 R to § LR 12.5.4 R.
12.5.6 R

(1) a statement of the directors’ intentions regarding future purchases of the company’s warrants and options;

(2) the number and terms of the warrants or options acquired and to be acquired and the method of acquisition;

(3) where warrants or options have been, or are to be, acquired from specific parties, a statement of the names of those parties and all material terms of the acquisition; and

13.1 Preliminary

Application

This chapter applies to a company that has a premium listing.

Listed company to ensure circulars comply with chapter

A listed company must ensure that circulars it issues to holders of its listed equity shares comply with the requirements of this chapter.

Incorporation by reference

Information may be incorporated in a circular issued by a listed company by reference to relevant information contained in:

1. an approved prospectus or listing particulars of that listed company; or
2. any other published document of that listed company that has been filed with the FCA.

Information incorporated by reference must be the latest available to the listed company.

Information required by LR 13.3.1R (1) and (2) must not be incorporated in the circular by reference to information contained in another document.

When information is incorporated by reference, a cross reference list must be provided in the circular to enable security holders to identify easily specific items of information. The cross reference list must specify where the information can be accessed by security holders.

Omission of information

The FCA may authorise the omission of information required by LR 13.3 to LR 13.6, LR 13.8 and LR 13 Annex 1, if it considers that disclosure of that information would be contrary to the public interest or seriously detrimental to the listed company, provided that that omission would not be likely to mislead the public with regard to facts and circumstances, knowledge of which is essential for the assessment of the matter covered by the circular.
A request to the FCA to authorise the omission of specific information in a particular case must:

(1) be made in writing by the listed company;

(2) identify the specific information concerned and the specific reasons for the omission; and

(3) state why in the listed company's opinion one or more grounds in LR 13.1.7 G apply.

Sending information to holders of listed equity shares

A supplementary circular must be sent to holders of listed equity shares no later than 7 days prior to the date of a meeting at which a vote which is expressly required under the listing rules will be taken.

It may be necessary for a convened shareholder meeting to be adjourned to comply with LR 13.1.9 R.
13.2 Approval of circulars

Circulars to be approved

13.2.1 A listed company must not circulate or publish any of the following types of circular unless it has been approved by the FCA:

(1) a class 1 circular; or

(2) a related party circular; or

(3) a circular that proposes the purchase by a listed company of its own shares which is required by LR 13.7.1R (2) to include a working capital statement; or

[Note: LR 12.4.10 G]

(4) a circular that proposes a reconstruction or a refinancing of a listed company which is required by LR 9.5.12 R to include a working capital statement; or

(5) a circular that proposes a cancellation of listing which is required to be sent to shareholders under LR 5.2.5 R (1); or

(6) a circular that proposes a transfer of listing which is required to be sent to shareholders under LR 5.4A.4 R (2).

13.2.5 R Two copies of the following documents in draft form must be submitted at least 10 clear business days before the date on which it is intended to publish the circular:

(1) the circular; and

(2) the letters and documents referred to in LR 13.2.4 R (1) and (2).

13.2.6 R [deleted]

13.2.7 R If a circular submitted for approval is amended, two copies of amended drafts must be resubmitted, marked to show changes made to conform with FCA comments and to indicate other changes.

Approval of circulars

13.2.8 G The FCA will approve a circular if it is satisfied that the requirements of this chapter are satisfied.

13.2.9 G The FCA will only approve a circular between 9a.m. and 5.30p.m. on a business day (unless alternative arrangements are made in advance).

Note: LR 9.6.1 R requires a company to forward to the FCA two copies of all circulars issued (whether or not they require approval) for publication on the document viewing facility.

Sending approved circulars

13.2.10 R A listed company must send a circular to holders of its listed equity shares as soon as practicable after it has been approved.
13.3 Contents of all circulars

Every circular sent by a listed company to holders of its listed securities must:

(11) if the circular relates to cancelling listing, state whether it is the company’s intention to apply to cancel the securities’ listing.

13.3.2 If another rule provides that a circular of a particular type must include specified information, then that information is (unless the contrary intention appears) in addition to the information required under this section.

Pro forma financial information in certain circulars

13.3.3 If a listed company includes pro forma financial information in a class 1 circular, a related party circular or a circular relating to the purchase by the company of 25% or more of its issued equity shares (excluding treasury shares), it must comply with the requirements for pro forma financial information set out in the PR Regulation.
13.4 Class 1 circulars

A class 1 circular must also include the following information:

1. the information given in the notification (see LR 10.4.1R);
2. the information required by LR 13 Annex 1;
3. the information required by LR 13.5 (if applicable); and
4. a declaration by the issuer and its directors in the following form (with appropriate modifications):

   "The [issuer] and the directors of [the issuer], whose names appear on page [ ], accept responsibility for the information contained in this document. To the best of the knowledge and belief of the [issuer] and the directors (who have taken all reasonable care to ensure that such is the case) the information contained in this document is in accordance with the facts and does not omit anything likely to affect the import of such information."

5. a statement of the effect of the acquisition or disposal on the group's earnings and assets and liabilities; and
6. if a statement or report attributed to a person as an expert is included in a circular (other than a statement or report incorporated by reference from a prospectus or listing particulars), a statement to the effect that the statement or report is included, in the form and context in which it is included, with the person's consent.

The information necessary under LR 13.3.1R (3) includes all the material terms of the class 1 transaction including the consideration.

If a class 1 circular contains a modified report, as described in LR 13.5.25 R, the class 1 circular must set out:

1. whether the modification or emphasis-of-matter paragraph is significant to shareholders;
2. if the modification or emphasis-of-matter paragraph is significant to shareholders, the reason for its significance; and
(3) a statement from the directors explaining why they are able to recommend the proposal set out in the class 1 circular notwithstanding the modified report

Takeover offers

13.4.3

(1) If a class 1 circular relates to a takeover offer which is recommended by the offeree’s board and the listed company has had access to due diligence information on the offeree at the time the class 1 circular is published, the listed company must prepare and publish the working capital statement on the basis that the acquisition has taken place.

(2) If a class 1 circular relates to a takeover offer which has not been recommended by the offeree’s board or the listed company has not had access to due diligence information on the offeree at the time the class 1 circular is published, then the listed company must comply with paragraphs (3) to (6).

(3) The listed company must prepare and publish the working capital statement on the listed company on the basis that the acquisition has not taken place.

(4) Other information on the offeree required by LR 13 Annex 1 should be disclosed in the class 1 circular on the basis of information published or made available by the offeree and of which the listed company is aware and is free to disclose.

(5) [deleted]

(6) If the takeover offer has been recommended but the listed company does not have access to due diligence information on the offeree, the listed company must disclose in the class 1 circular why access has not been given to that information.

Acquisition or disposal of property

13.4.4

If a class 1 transaction relates to:

(1) the acquisition or disposal of property; or

(2) the acquisition of a property company that is not listed;

the class 1 circular must include a property valuation report.

13.4.5

13.4.6

If a class 1 transaction relates to an acquisition or disposal of mineral resources or rights to mineral resources the class 1 circular must include:

(1) a mineral expert’s report; and

(2) a glossary of the technical terms used in the mineral expert’s report.
The FCA may modify the information requirements in [LR 13.4.6 R] if it considers that the information set out would not provide significant additional information. In those circumstances the FCA would generally require only the following information, provided it is presented in accordance with reporting standards acceptable to the FCA:

1. details of mineral resources, and where applicable reserves (presented separately) and exploration results or prospects;
2. anticipated mine life and exploration potential or similar duration of commercial activity in extracting reserves;
3. an indication of the duration and main terms of any licences or concessions and the legal, economic and environmental conditions for exploring and developing those licences or concessions;

If a class 1 transaction relates to the acquisition of a scientific research based company or related assets, the class 1 circular must contain an explanation of the transaction’s impact on the acquirer’s business plan and the information set out in Section 1c of Part III (Scientific research based companies) of the ESMA Prospectus Recommendations.
13.5  Financial information in Class 1 Circulars

When financial information must be included in a class 1 circular

13.5.1 R Financial information, as set out in this section, must be included by a listed company in a class 1 circular if:

(1) the listed company is seeking to acquire an interest in a target which will result in a consolidation of the target’s assets and liabilities with those of the listed company; or

(2) the listed company is seeking to dispose of an interest in a target which will result in the assets and liabilities which are the subject of the disposal no longer being consolidated; or

(3) the target (“A”) has itself acquired a target (“B”) and:
   (a) A acquired B within the three year reporting period set out in §LR 13.5.13R (1) or after the date of the last published accounts; and
   (b) the acquisition of B, at the date of its acquisition by A, would have been classified as a class 1 acquisition in relation to the listed company at the date of acquisition of A by the listed company.

13.5.2 G [deleted]

13.5.3 G [deleted]

13.5.3A R When a listed company is acquiring an interest in a target that will be accounted for as an investment, or disposing of an interest in a target that has been accounted for as an investment, and the target's securities that are the subject of the transaction are admitted to an investment exchange that enables intra-day price formation, the class 1 circular should include:

(1) the amounts of the dividends or other distributions paid in the last three years; and
(2) the price per security and the imputed value of the entire holding being acquired or disposed of at the close of business at the following times:

(a) on the last business day of each of the six months prior to the issue of the class 1 circular;

(b) on the day prior to the announcement of the transaction; and

(c) at the latest practicable date prior to the submission for approval of the class 1 circular.

13.5.3B When a listed company is acquiring or disposing of an interest in a target that was or will be accounted for using the equity method in the listed company's annual consolidated accounts, the class 1 circular should include:

(1) for an acquisition,

(a) a narrative explanation of the proposed accounting treatment of the target in the issuer's next audited consolidated accounts;

(b) a financial information table for the target;

(c) a statement that the target financial information has been audited and reported on without modification or a statement addressing LR 13.4.2 R and LR 13.5.25 R with regard to any modifications; and

(d) a reconciliation of the financial information and opinion thereon in accordance with LR 13.5.27R (2)(a) or, where applicable, a statement from the directors in accordance with LR 13.5.27R (2)(b);

(2) for a disposal, the line entries relating to the target from its last audited consolidated balance sheet and those from its audited consolidated income statement for the last three years together with the equivalent line entries from its interim consolidated balance sheet and interim consolidated income statement, where the issuer has published subsequent interim financial information.

13.5.3C A listed company that is entering into a class 1 transaction which falls within LR 13.5.1 R, LR 13.5.3A R or LR 13.5.3B R but cannot comply with LR 13.5.12 R (inclusion of financial information table) or, for an investment, LR 13.5.3AR (2) (inclusion of price per security and the imputed value of the entire holding), must include an appropriate independent valuation of the target in the class 1 circular.

13.5.3D The FCA may dispense with the requirement for an independent valuation under LR 13.5.3C R if it considers that this would not provide useful information for shareholders, in which case the class 1 circular must include such information as the FCA specifies.

Accounting policies

13.5.4 (1) A listed company must present all financial information that is disclosed in a class 1 circular in a form that is consistent with the accounting policies adopted in its own latest annual consolidated accounts.
(2) The requirement set out in (1) does not apply when financial information is presented in accordance with:

(a) ■ DTR 4.2.6 R, in relation only to financial information for the listed company presented for periods after the end of its last published annual accounts; or

(b) ■ LR 13.3.3 R (in relation to pro forma financial information); or

(c) ■ LR 13.5.27 R or ■ LR 13.5.30 R (in relation to financial information presented for entities that are admitted to trading on a regulated market or admitted to an appropriate multilateral trading facility or overseas investment exchange); or

(d) ■ LR 13.5.30B R (in relation to financial information on disposal entities extracted from financial records from previous years); or

(e) ■ LR 13.5.3A R or ■ LR 13.5.3B R (in relation to targets that are or will be treated as investments or accounted for using the equity method in the listed company's consolidated accounts); or

(f) the accounting policies to be used in the issuer's next financial statements, provided the issuer's last published annual consolidated accounts have been presented on a restated basis consistent with those to be used in its next accounts on or before the date of the class 1 circular; or

(g) ■ LR 13.5.32 R (in relation to a profit forecast or a profit estimate).

13.5.5 Accounting policies include accounting standards and accounting disclosures.

Source of information

13.5.6 A listed company must cite the source of all financial information that it discloses in a class 1 circular.

13.5.7 In complying with ■ LR 13.5.6 R a listed company should:

(1) state whether the financial information was extracted from accounts, internal financial accounting records, internal management accounting records, an external or other source;

(2) state whether financial information that was extracted from audited accounts was extracted without material adjustment; and

(3) indicate which aspects of the financial information relate to:

(a) historical financial information;

(b) forecast or estimated financial information; or

(c) pro forma financial information prepared in accordance with Annex 1 and Annex 20 of the PR Regulation;

with reference made to where the basis of presentation can be found.

13.5.8 If financial information has not been extracted directly from audited accounts, the class 1 circular must:
(1) set out the basis and assumptions on which the financial information has been prepared; and

(2) include a statement that the financial information is unaudited or not reported on by an accountant.

A listed company must provide investors with all necessary information to understand the context and relevance of non-statutory figures, including a reconciliation to statutory equivalents.

**Synergy benefits**

Where a listed company includes details of estimated synergies or other quantified estimated financial benefits expected to arise from a transaction in a class 1 circular, it must also include in the class 1 circular:

(1) the basis for the belief that those synergies or other quantified estimated financial benefits will arise;

(2) an analysis and explanation of the constituent elements of the synergies or other quantified estimated financial benefits (including any costs) sufficient to enable the relative importance of those elements to be understood, including an indication of when they will be realised and whether they are expected to be recurring;

(3) a base figure for any comparison drawn;

(4) a statement that the synergies or other quantified estimated financial benefits are contingent on the class 1 transaction and could not be achieved independently; and

(5) a statement that the estimated synergies or other quantified estimated financial benefits reflect both the beneficial elements and relevant costs.

**Prominence of information**

A listed company must give audited historical financial information greater prominence in a class 1 circular than any forecast, estimated, pro forma or non-statutory financial information.

**Summary of financial information**

A listed company that provides a summary of financial information in a class 1 circular must include in the circular a statement that investors should read the whole document and not rely solely on the summarised financial information.

**Financial information table**

A listed company that is required by LR 13.5.1 R or LR 13.5.3BR (1) to produce financial information in a class 1 circular must include in the circular a financial information table.
Class 1 acquisitions

13.5.12A R [LR 13.5.13 R to LR 13.5.30 R apply only in relation to a class 1 acquisition.]

Financial information table: reporting period

13.5.13 R A financial information table for a class 1 acquisition must cover one of the following reporting periods:

(1) a period of three years up to the end of the latest financial period for which the target or its parent has prepared audited accounts; or

(2) a lesser period than the period set out in (1) if the target’s business has been in existence for less than three years.

Financial information table: class 1 acquisitions

13.5.14 R A listed company must include, in a financial information table, financial information that covers:

(1) the target; and

(2) the target’s subsidiary undertakings, if any.

13.5.15 R [deleted]

13.5.16 R [deleted]

13.5.17 G [deleted]

13.5.17A R If the target has made an acquisition or a series of acquisitions that were made during, or subsequent to, the reporting periods set out in LR 13.5.13 R the listed company must include additional financial information tables so that the financial information presented by the listed company represents at least 75% of the enlarged target for the period from the commencement of the relevant three year reporting period set out in LR 13.5.13R (1) up to the date of the acquisition by the listed company or the last balance sheet date presented by it under LR LR 13.5.13R (1), whichever of the two is earlier.

13.5.17B G For the purposes of assessing whether the financial information presented in accordance with LR 13.5.17A R represents at least 75% of the enlarged target the FCA will take into account factors such as the assets, profitability and market capitalisation of the business.

13.5.18 R A listed company must ensure that a financial information table includes, for each of the periods covered by the table:

(1) a balance sheet and its explanatory notes;

(2) an income statement and its explanatory notes;
(3) a cash flow statement and its explanatory notes;

(4) a statement showing either all changes in equity or changes in equity other than those arising from capital transactions with owners and distributions to owners;

(5) the accounting policies; and

(6) any additional explanatory notes.

---

**Financial information table: accountant's opinion**

**13.5.21 R** Unless LR 13.5.3A R, LR 13.5.3B R or LR 13.5.27 R applies, a *financial information table* must disclose how the accounting policies used conform with LR 13.5.4 R and be accompanied by an accountant’s opinion as set out in LR 13.5.22 R.

**13.5.22 R** An accountant’s opinion must set out whether, for the purposes of the *class 1 circular*, the *financial information table* gives a true and fair view of the financial matters set out in it.

**13.5.23 R** An accountant’s opinion must be given by an independent accountant who is qualified to act as an auditor.

**13.5.24 G** An accountant will be independent if he or she complies with the standards and guidelines on independence issued by its national accountancy and auditing bodies.

**13.5.25 R** If the accountant’s opinion required by LR 13.5.21 R is modified or contains an emphasis-of-matter paragraph, details of all material matters must be set out in the *class 1 circular*, including:

1. all the reasons for the modification or emphasis-of-matter paragraph; and

2. a quantification of the effects, if both relevant and practicable.

**13.5.26 R** If the historical financial information of a *target* that falls within LR 13.5.14 R or LR 13.5.17A R is subject to a *modified report*, details of the material matters giving rise to the modification or emphasis-of-matter paragraph must be set out in the *class 1 circular*. 
Acquisitions of publicly traded companies

13.5.27 R

(1) ■ LR 13.5.27R (2) applies where the target is:

(a) admitted to trading on a regulated market; or

(b) a company whose securities are either listed on an investment exchange that is not a regulated market or admitted to a multilateral trading facility, where appropriate standards as regards the production, publication and auditing of financial information are in place;

and none of the financial information included in the target's financial information table is subject to a modified report, except where a dispensation has been granted under ■ LR 13.5.27C R.

(2) Where ■ LR 13.5.27R (1) or ■ LR 13.5.3BR (1) applies the listed company must include in the class 1 circular either:

(a) a reconciliation of financial information on the target for all periods covered by the financial information table on the basis of the listed company's accounting policies, accompanied by an accountant's opinion that sets out:

(i) whether the reconciliation of financial information in the financial information table has been properly compiled on the basis stated; and

(ii) whether the adjustments are appropriate for the purpose of presenting the financial information (as adjusted) on a basis consistent in all material respects with the listed company's accounting policies; or

(b) a statement by the directors that no material adjustment needs to be made to the target's financial information to achieve consistency with the listed company's accounting policies.

13.5.27A G

The FCA will make its assessment of whether the accounting and other standards applicable to an investment exchange or multilateral trading facility as a result of securities being admitted to trading are appropriate for the purpose of ■ LR 13.5.27R (1)(b) having regard to at least the following matters in relation to the legal and regulatory framework applying to the target by virtue of its admission to that market:

(1) the quality of auditing standards compared with International Standards on Auditing;

(2) requirements for independence of auditors;

(3) the nature and extent of regulation of audit firms;

(4) the quality of accounting standards compared with International Financial Reporting Standards;

(5) the requirements for the timeliness of publication of financial information;

(6) the presence and effectiveness of monitoring of the timely production and publication of the accounts; and
(7) the existence and level of external independent scrutiny of the quality of accounts and the disclosures therein.

13.5.27B  
Where a listed company proposes to rely on § LR 13.5.27R (1)(b), its sponsor must submit to the FCA an assessment of the appropriateness of the standards applicable to an investment exchange or multilateral trading facility against the factors set out in § LR 13.5.27AG (1) to § (7) and any other matters that it considers should be noted. The assessment must be submitted before or at the time the listed company submits the draft class 1 circular.

13.5.27C  
The FCA may grant a dispensation from § LR 13.5.27R (1) to allow the application of § LR 13.5.27R (2) where a modified report on the target's financial information has been produced. In such circumstances the FCA will have regard to the factors set out in § LR 6.2.5G.

13.5.28

13.5.29  
[deleted]

**Half-yearly and quarterly financial information**

13.5.30  
If a class 1 circular includes half-yearly or quarterly or other interim financial information for the target, the financial information should be presented in accordance with § LR 13.5.4R (1) and be accompanied by a confirmation from the directors of the consistency of the accounting policies with those of the issuer, except:

(1) where § LR 13.5.27R (1) applies, the financial information should be presented in accordance with § LR 13.5.27R (2) except that no accountant’s opinion is required; or

(2) where § LR 13.5.3B R applies, the financial information should be presented in accordance with § LR 13.5.3BR (1)(b) and § LR 13.5.3BR (1)(d).

**Class 1 disposals**

13.5.30A  
§ LR 13.5.30B R to § LR 13.5.30D G apply only in relation to a class 1 disposal.

13.5.30B  
(1) In the case of a class 1 disposal, a financial information table must include for the target:

(a) the last annual consolidated balance sheet;

(b) the consolidated income statements for the last three years drawn up to at least the level of profit or loss for the period; and

(c) the consolidated balance sheet and consolidated income statement (drawn up to at least the level of profit or loss for the period) at the issuer's interim balance sheet date if the issuer has published interim financial statements since the publication of its last annual audited consolidated financial statements.
(2) The information in (1) must be extracted without material adjustment from the consolidation schedules that underlie the listed company’s audited consolidated accounts or, in the case of (c), the interim financial information, and must be accompanied by a statement to this effect.

(3) If the information in (1) is not extracted from the consolidation schedules it must be extracted from the issuer’s accounting records and where an allocation is made, the information must be accompanied by:

(a) an explanation of the basis for any financial information presented; and

(b) a statement by the directors of the listed company that such allocations provide a reasonable basis for the presentation of the financial information for the target to enable shareholders to make a fully informed voting decision.

(4) If the target has not been owned by the listed company for the entire reporting period set out in (1)(b), the information required by (1) or (3) may be extracted from the target’s accounting records.

Where a change of accounting policies has occurred during the period covered by the financial information table required by LR 13.5.30B R the financial information must be presented on the basis of both the original and amended accounting policies for the year prior to that in which the new accounting policy is adopted unless the change did not require a restatement of the comparative. Therefore the financial information table should have four columns (or more where changes have occurred in more than one year).

The FCA may modify LR 13.5.30BR (1)(b) and (c) where it is not possible for the listed company to provide a meaningful allocation of its costs in the target’s audited consolidated income statements. The class 1 circular should contain a statement to this effect where this modification has been granted. The FCA would not normally expect to grant such modifications except in respect of non-operating costs such as finance costs and tax.

Pro forma financial information

If a listed company includes a profit forecast or a profit estimate in a class 1 circular it must:

1. comply with the requirements for a profit forecast or profit estimate set out in Annex 1 of the PR Regulation; and

2. include a statement confirming that the profit forecast or profit estimate has been properly compiled on the basis of assumptions stated and that the basis of accounting is consistent with the accounting policies of the listed company.
If, prior to the class 1 transaction, a profit forecast or profit estimate was published that:

(1) relates to any of the listed company, a significant part of the listed company group, the target or a significant part of the target; and

(2) relates to financial information including the period of the forecast which has yet to be published at the date of the class 1 circular;

the listed company must either:

(3) include that profit forecast or profit estimate in the class 1 circular and comply with LR 13.5.32 R; or

(4) include the profit forecast or profit estimate in the class 1 circular together with an explanation of why the profit forecast or profit estimate is no longer valid and why reassessment of the profit forecast or profit estimate in the class 1 circular is not necessary for the listed company to comply fully with LR 13.3.1R (3).

For the purposes of LR 13.5.33 R, the fact that the profit forecast or profit estimate was prepared for a reason other than the class 1 circular does not itself indicate invalidity.

For the purposes of LR 13.5.33R (1) a significant part of the listed company or target is any part that represents over 75% of the listed company’s group or the target respectively. For these purposes the FCA will take into account factors such as the assets, profitability and market capitalisation of the business.

A listed company should consider LR 9.2.18 R regarding information that must be published after a class 1 transaction.

(b) in the case of a disposal, in a single statement for the listed company and its subsidiary undertakings (on the basis that the disposal has taken place).
In determining what information is required to be included by virtue of Annex 1 item 20.1 (material contracts) if a prospectus or listing particulars are not required, regard should be had to whether information about that provision is information which securities holders of the issuer would reasonably require for the purpose of making a properly informed assessment about the way in which to exercise the voting rights attached to their securities or the way in which to take any other action required of them related to the subject matter of the circular.

The information required by this Annex is modified as follows:

1. if the listed company is issuing shares for which listing is sought, the information regarding major interests in shares (Annex 1 item 16.1) and directors' interests in shares (Annex 1 item 15.2) must be given for the share capital both as existing and as enlarged by the shares for which listing is sought;

Chapter 14

Standard listing (shares)
14.1 Application

This chapter applies to a company with, or applying for, a standard listing of shares other than:

(1) equity shares issued by a company that is an investment entity unless it has a premium listing of a class of its equity shares; and

(2) preference shares that are specialist securities.
14.2 Requirements for listing

An applicant which is applying for standard listing (shares) must comply with all of LR 2 (Requirements for listing: All securities).

Shares in public hands

14.2.2

(1) If an application is made for the admission of a class of shares, a sufficient number of shares of that class must, no later than the time of admission, be distributed to the public in one or more EEA States.

(2) For the purposes of paragraph (1), account may also be taken of holders in one or more states that are not EEA States, if the shares are listed in the state or states.

(3) For the purposes of paragraph (1), a sufficient number of shares will be taken to have been distributed to the public when 25% of the shares for which application for admission has been made are in public hands.

(4) For the purposes of paragraphs (1), (2) and (3), shares are not held in public hands if they are:

(a) held, directly or indirectly by:
   (i) a director of the applicant or of any of its subsidiary undertakings; or
   (ii) a person connected with a director of the applicant or of any of its subsidiary undertakings; or
   (iii) the trustees of any employees' share scheme or pension fund established for the benefit of any directors and employees of the applicant and its subsidiary undertakings; or
   (iv) any person who under any agreement has a right to nominate a person to the board of directors of the applicant; or
   (v) any person or persons in the same group or persons acting in concert who have an interest in 5% or more of the shares of the relevant class; or

(b) subject to a lock-up period of more than 180 days.

(5) For the purposes of paragraph (3), treasury shares are not to be taken into consideration when calculating the number of shares of the class.

[Note: Article 48 CARD]
14.2.3 **G** The FCA may modify LR 14.2.2 R to accept a percentage lower than 25% if it considers that the market will operate properly with a lower percentage in view of the large number of shares of the same class and the extent of their distribution to the public. For that purpose, the FCA may take into account shares of the same class that are held (even though they are not listed) in states that are not EEA States. [Note: Article 48 CARD]

14.2.3A **G** When calculating the number of shares for the purposes of LR 14.2.2R (4)(a)(v), holdings of investment managers in the same group where investment decisions are made independently by the individual in control of the relevant fund and those decisions are unfettered by the group to which the investment manager belongs will be disregarded.

**Shares of a non-EEA company**

14.2.4 **R** The FCA will not admit shares of a company incorporated in a non-EEA State that are not listed either in its country of incorporation or in the country in which a majority of its shares are held, unless the FCA is satisfied that the absence of the listing is not due to the need to protect investors. [Note: Article 51 CARD]

**Listing applications**

14.2.5 **G** A company applying for a standard listing of shares will need to comply with LR 3 (Listing applications: All securities).

14.2.6 **R** [deleted]

(2) A company that no longer complies with LR 14.2.2 R must notify the FCA as soon as possible of its non-compliance.

14.3.2A G Where the FCA has modified LR 14.2.2 R to accept a percentage lower than 25% on the basis that the market will operate properly with a lower percentage, but the FCA considers that in practice the market for the shares is not operating properly, the FCA may revoke the modification in accordance with LR 1.2.1 R (4).

14.3.3 G A company should consider LR 5.2.2G (2) in relation to its compliance with LR 14.2.2 R.

Further issues

14.3.4 R Where shares of the same class as shares that are listed are allotted, an application for admission to listing of such shares must be made as soon as possible and in any event within one year of the allotment. [Note: Article 64 CARD]

14.3.5 R [deleted]

A company must ensure that any definitive document of title for a share (other than a bearer security) includes the following matters on its face (or on the reverse in the case of (5) and (7)):

(1) the authority under which the company is constituted and the country of incorporation and registered number (if any);

[Note: Article 51 CARD]

Investment activity

15.2.2 An applicant must invest and manage its assets in a way which is consistent with its object of spreading investment risk.

15.2.3 [deleted]

15.2.3A (1) An applicant and its subsidiary undertakings must not conduct any trading activity which is significant in the context of its group as a whole.

(2) This rule does not prevent the businesses forming part of the investment portfolio of the applicant from conducting trading activities themselves.

15.2.4 [deleted]
Although there is no restriction on an applicant taking a controlling stake in an investee company, to ensure a spread of investment risk an applicant should avoid:

1. cross-financing between the businesses forming part of its investment portfolio including, for example, through the provision of undertakings or security for borrowings by such businesses for the benefit of another; and

2. the operation of common treasury functions as between the applicant and investee companies.

**Cross-holdings**

1. No more than 10%, in aggregate, of the value of the total assets of an applicant at admission may be invested in other listed closed-ended investment funds.

2. The restriction in (1) does not apply to investments in closed-ended investment funds which themselves have published investment policies to invest no more than 15% of their total assets in other listed closed-ended investment funds.

**Feeder funds**

1. If an applicant principally invests its funds in another company or fund that invests in a portfolio of investments (a “master fund”), the applicant must ensure that:
   
   a. the master fund’s investment policies are consistent with the applicant’s published investment policy and provide for spreading investment risk; and
   
   b. the master fund in fact invests and manages its investments in a way that is consistent with the applicant’s published investment policy and spreads investment risk.

2. Paragraph (1) applies whether the applicant invests its funds in the master fund directly or indirectly through other intermediaries.

3. Where the applicant invests in the master fund through a chain of intermediaries between the applicant and the master fund, the applicant must ensure that each intermediary in the chain complies with paragraphs (1)(a) and (b).

**Investment policy**

An applicant must have a published investment policy that contains information about the policies which the closed-ended investment fund will follow relating to asset allocation, risk diversification, and gearing, and that includes maximum exposures.
15.2.8 **G** The information in the investment policy, including quantitative information concerning the exposures mentioned in **LR 15.2.7 R**, should be sufficiently precise and clear as to enable an investor to:

(1) assess the investment opportunity;

(2) identify how the objective of risk spreading is to be achieved; and

(3) assess the significance of any proposed change of investment policy.

15.2.9 **R** [deleted]

15.2.10 **G** [deleted]

**Independence**

15.2.11 **R** The board of directors or equivalent body of the applicant must be able to act independently:

(1) of any investment manager appointed to manage investments of the applicant; and

(2) if the applicant (either directly or through other intermediaries) has an investment policy of principally investing its funds in another company or fund that invests in a portfolio of investments ("a master fund"), of the master fund and of any investment manager of the master fund.

15.2.11A **R** **LR 15.2.11R (2)** does not apply if the company or fund which invests its funds in another company or fund is a subsidiary undertaking of the applicant.

15.2.12 **G** [deleted]

15.2.12-A **R** For the purposes of **LR 15.2.11 R**:

(1) the chairman of the board or equivalent body of the applicant must be independent; and

(2) a majority of the board or equivalent body of the applicant must be independent (the chairman may be included within that majority).

15.2.12A **R** For the purposes of **LR 15.2.11 R** and **LR 15.2.12-A R**, the following are not independent:

(1) directors, employees, partners, officers or professional advisers of or to:

   (a) an investment manager of the applicant; or

   (b) a master fund or investment manager referred to in **LR 15.2.11R (2)**; or
(c) any other company in the same group as the investment manager of the applicant; or

(2) directors, employees or professional advisers of or to other investment companies or funds that are:

(a) managed by the same investment manager as the investment manager to the applicant; or

(b) managed by any other company in the same group as the investment manager to the applicant.

15.2.13 [deleted]

15.3.1 An applicant is required to comply with LR 3 (Listing applications).

Sponsors

15.3.2 An applicant that is seeking admission of its equity shares is required to retain a sponsor in accordance with LR 8 (Sponsors).

15.3.3 An applicant must appoint a sponsor on each occasion that it makes an application for admission of equity shares which requires the production of listing particulars.

Multi-class fund or umbrella fund

15.3.4 An application for the listing of securities of a multi-class fund or umbrella fund must provide details of the various classes or designations of securities intended to be issued by the applicant.
Compliance with LR 9

15.4.1 A closed-ended investment fund must comply with all of the requirements of LR 9 (Continuing obligations) subject to the modifications and additional requirements set out in this section.

Investment policy

15.4.1A A closed-ended investment fund must, at all times, have a published investment policy which complies with LR 15.2.7 R.

15.4.1B A closed-ended investment fund should have regard to the guidance in LR 15.2.8 G at all times.

15.4.4 [deleted]

15.4.4A A closed-ended investment fund should have regard to the guidance in LR 15.2.4A G at all times.
Cross-holdings

15.4.5 R

A closed-ended investment fund must, when making an acquisition of a constituent investment, observe the principles relating to cross-holdings in LR 15.2.5 R.

Feeder funds

15.4.6 R

If a closed-ended investment fund principally invests its funds in the manner set out in LR 15.2.6 R, the closed-ended investment fund must ensure that LR 15.2.6 R is complied with at all times.

15.4.6A G

LR 15.2.6 R and LR 15.4.6 R are not intended to require the closed-ended investment fund to be able to control or direct the master fund or intermediary (as the case may be). But if the closed-ended investment fund becomes aware that the master fund or intermediary (as the case may be) is not investing or managing its investments in accordance with that rule it will need to immediately consider withdrawal of its funds from the master fund or intermediary (as the case may be) or other appropriate action so that it is no longer in breach of the rules.

Independence and effective management

15.4.7 R

LR 15.2.11 R to LR 15.2.13A R apply at all times to a closed-ended investment fund.

15.4.7A R

The board of directors or equivalent body of the issuer must effectively monitor and manage the performance of its key service providers, including any investment manager appointed by the issuer, on an on-going basis.

Material changes to investment policy

15.4.8 R

Unless LR 15.4.8A R applies, a closed-ended investment fund must:

1. submit any proposed material change to its published investment policy to the FCA for approval; and
2. having obtained the FCA’s approval, obtain the prior approval of its shareholders to any material change to its published investment policy.

15.4.8A R

A closed-ended investment fund is not required to seek the FCA’s approval for a material change to its published investment policy if:

1. the change is proposed to enable the winding up of the closed-ended investment fund; and
2. the winding up:
   a. is in accordance with the constitution of the closed-ended investment fund; and
   b. will be submitted for approval by the shareholders of the closed-ended investment fund at the same time as the proposed material change to the investment policy.
In considering what is a material change to the published investment policy, the closed-ended investment fund should have regard to the cumulative effect of all the changes since its shareholders last had the opportunity to vote on the investment policy or, if they have never voted, since the admission to listing.

**Conversion of an existing listed class of equity shares**

An existing listed class of equity shares may not be converted into a new class or an unlisted class unless prior approval has been given by the shareholders of that existing class.

**Further issues**

(1) Unless authorised by its shareholders, a closed-ended investment fund may not issue further shares of the same class as existing shares (including issues of treasury shares) for cash at a price below the net asset value per share of those shares unless they are first offered pro rata to existing holders of shares of that class.

(2) When calculating the net asset value per share, treasury shares held by the closed-ended investment fund should not be taken into account.

In the case of debt securities guaranteed by another company, an issuer must submit to the FCA the annual report and accounts of the company that is providing the guarantee unless that company is listed or adequate information is otherwise available.

Certificates representing certain securities: Standard listing
18.1 Application

18.1.1 This chapter applies in respect of a standard listing of certificates representing certain securities and applies to:

(1) a depositary; and

(2) an issuer of the securities which are represented by certificates.
18.2 Requirements for listing

Issuer of securities is taken to be the issuer

18.2.1 If an application is made for the admission of certificates representing certain securities, the issuer of the securities which the certificates represent is the issuer for the purpose of the listing rules and the application will be dealt with as if it were an application for the admission of the securities.

Certificates representing certain securities

18.2.2 For certificates representing certain securities to be admitted to listing an issuer of the securities which the certificates represent must comply with LR 18.2.3 R to LR 18.2.7 G.

18.2.3 An issuer must be:

(1) duly incorporated or otherwise validly established according to the relevant laws of its place of incorporation or establishment; and

(2) operating in conformity with its constitution. [Note: Articles 42 and 52 CARD]

18.2.4 For the certificates to be listed, the securities which the certificates represent must:

(1) conform with the law of the issuer’s place of incorporation;

(2) be duly authorised according to the requirements of the issuer’s constitution; and

(3) have any necessary statutory or other consents. [Note: Articles 45 and 53 CARD]

18.2.5 (1) For the certificates to be listed, the securities which the certificates represent must be freely transferable. [Note: Articles 46, 54 and 60 CARD]

(2) For the certificates to be listed, the securities which the certificates represent must be fully paid and free from all liens and from any restriction on the right of transfer (except any restriction imposed for failure to comply with a notice under section 793 of the Companies Act 2006 (Notice by company requiring information about interests in its shares)).
The FCA may modify LR 18.2.5 R to allow partly paid securities if it is satisfied that their transferability is not restricted and investors have been provided with appropriate information to enable dealings in the securities to take place on an open and proper basis. [Note: Articles 46 and 54 CARD]

The FCA may, in exceptional circumstances, modify or dispense with LR 18.2.5 R where the issuer has the power to disapprove the transfer of securities if the FCA is satisfied that this power would not disturb the market in those securities.

Certificates representing equity securities of an overseas company

(1) If an application is made for the admission of a class of certificates representing shares of an overseas company, a sufficient number of certificates must, no later than the time of admission, be distributed to the public in one or more EEA States.

(2) For the purposes of paragraph (1), account may also be taken of holders in one or more states that are not EEA States, if the certificates are listed in the state or states.

(3) For the purposes of paragraph (1), a sufficient number of certificates will be taken to have been distributed to the public when 25% of the certificates for which application for admission has been made are in public hands.

(4) For the purposes of paragraphs (1), (2) and (3), certificates are not held in public hands if they are:

(a) held, directly or indirectly by:

(i) a director of the applicant or of any of its subsidiary undertakings; or

(ii) a person connected with a director of the applicant or of any of its subsidiary undertakings; or

(iii) the trustees of any employees' share scheme or pension fund established for the benefit of any directors and employees of the applicant and its subsidiary undertakings; or

(iv) any person who under any agreement has a right to nominate a person to the board of directors of the applicant; or

(v) any person or persons in the same group or persons acting in concert who have an interest in 5% or more of the certificates of the relevant class.

(b) subject to a lock-up period of more than 180 calendar days.

The FCA may modify LR 18.2.8 R to accept a percentage lower than 25% if it considers that the market will operate properly with a lower percentage in view of the large number of certificates of the same class and the extent of
their distribution to the public. For that purpose, the FCA may take into account certificates of the same class that are held (even though they are not listed) in states that are not EEA States. [Note: Article 48 CARD]

18.2.9A  G

When calculating the number of certificates for the purposes of ■ LR 18.2.8R (4)(a)(v), holdings of investment managers in the same group where investment decisions are made independently by the individual in control of the relevant fund and those decisions are unfettered by the group to which the investment manager belongs will be disregarded.

(2) the application will be dealt with as if it were an application for the admission of the equity shares.

Certificates representing shares

21.6.2 For certificates representing shares to be admitted to listing, an issuer of the equity shares which the certificates represent must comply with LR 21.6.3R to LR 21.6.8R.

21.6.3 An issuer must be:

(1) duly incorporated or otherwise validly established according to the relevant laws of its place of incorporation or establishment; and

(2) operating in conformity with its constitution.

The FCA may modify LR 21.6.5R to allow partly paid equity shares if it is satisfied that their transferability is not restricted and investors have been provided with appropriate information to enable dealings in the equity shares to take place on an open and proper basis.

The FCA may, in exceptional circumstances, modify or dispense with LR 21.6.5R where the issuer has the power to disapprove the transfer of equity shares if the FCA is satisfied that this power would not disturb the market in those equity shares.

(1) For the certificates to be listed, the applicant must demonstrate that the rights attaching to the equity shares which the certificates represent are capable of being exercised by the holders of the certificates as if they were the holders of the relevant equity shares.

(2) For the certificates to be listed, the applicant must demonstrate that it has arrangements in place which enable the holders of the certificates to exercise the rights attaching to the equity shares which the certificates represent as if they were the holders of the relevant equity shares.

Additional requirements for the issuer

For certificates representing shares to be admitted to listing, an issuer must comply with:

- LR 6 (Additional requirements for premium listing (commercial company)) except LR 6.1.1R and LR 6.14.1R to LR 6.15.1R and subject to the modifications and additional requirements set out in LR 21.6.10G to LR 21.6.13R; and
- LR 21.6.14R to LR 21.6.21R.

For the purposes of LR 21.6.9R(1), in LR 6.4.3G factors that may indicate that an applicant does not satisfy LR 6.4.1R also include situations where an applicant has granted or may be required to grant security over its business in connection with the funding of a sovereign controlling shareholder.

For the purposes of LR 21.6.9R(1), in LR 6.5 references to a controlling shareholder must be read as excluding a sovereign controlling shareholder.
For the purposes of §LR 21.6.9R(1), references to shares or equity shares must be read as references to certificates representing shares in the following:

1. §LR 6.3.2G(2);
2. §LR 6.4.2G;
3. §LR 6.5.2G;
4. §LR 6.6.2G;

9. §LR 6.11.1R; and
10. §LR 6.12.1R.

§LR 21.6.9R(1) does not apply where:

1. The applicant meets the following conditions:
   a. It has an existing premium listing (sovereign controlled commercial company) of certificates representing shares;
   b. It is applying for the admission of certificates representing shares of the same class as the certificates that have been admitted to premium listing; and
   c. It is not entering into a transaction classified as a reverse takeover; or
2. The following conditions are met:
   a. A company has an existing premium listing (sovereign controlled commercial company) of certificates representing shares;
   b. The applicant is a new holding company of the company in (a); and
   c. The company in (a) is not entering into a transaction classified as a reverse takeover.

If the prospectus or listing particulars for the certificates representing shares that are being admitted does not include a working capital statement which demonstrates that §LR 6.7.1R is satisfied, then:

1. An applicant must prepare and publish a working capital statement which demonstrates that §LR 6.7.1R is satisfied;
2. The working capital statement required by paragraph (1) must be prepared in accordance with item 3.1 of Annex 11 of the PR Regulation; and
(3) the working capital statement required by paragraph (1) must be published at the same time as the prospectus or listing particulars, as applicable.

21.6.15 R A working capital statement published for the purposes of LR 21.6.14R must be published by means of a RIS.

21.6.16 R An applicant must have a sovereign controlling shareholder.

21.6.17 R To comply with LR 21.6.16R, a State which is a sovereign controlling shareholder must be either:

(1) recognised by the government of the UK as a State at the time the application is made; or

(2) the UK.

Certificates in public hands

21.6.18 R (1) If an application is made for the admission of a class of certificates representing shares, a sufficient number of certificates must, no later than the time of admission, be distributed to the public in one or more EEA States.

(2) For the purposes of paragraph (1), account may also be taken of holders in one or more states that are not EEA States, if the certificates are listed in the state or states.

(3) For the purposes of paragraph (1), a sufficient number of certificates will be taken to have been distributed to the public when 25% of the certificates for which application for admission has been made are in public hands.

(4) For the purposes of paragraphs (1), (2) and (3), certificates are not held in public hands if they are:

(a) held directly or indirectly by:

a director of the applicant or of any of its subsidiary undertakings; or

a person connected with a director of the applicant or of any of its subsidiary undertakings; or

the trustees of any employees' share scheme or pension fund established for the benefit of any directors and employees of the applicant and its subsidiary undertakings; or

any person who under any agreement has a right to nominate a person to the board of directors of the applicant; or

any person or persons in the same group or persons acting in concert who have an interest in 5% or more of the certificates of the relevant class; or
(b) subject to a lock-up period of more than 180 calendar days.

[Note: article 48 of CARD]

21.6.19 G

(1) The FCA may modify LR 21.6.18R to accept a percentage lower than 25% if it considers that the market will operate properly with a lower percentage in view of the large number of certificates of the same class and the extent of their distribution to the public.

[Note: article 48 of CARD]

(2) In considering whether to grant a modification, the FCA may take into account the following specific factors:

(a) certificates of the same class that are held (even though they are not listed) in states that are not EEA States;

(b) the number and nature of the public holders of certificates; and

(c) in relation to premium listing (sovereign controlled commercial company) whether the expected market value of the certificates in public hands at admission exceeds £100 million.

21.6.20 G

When calculating the number of certificates for the purposes of LR 21.6.18R(4)(a)(v), holdings of investment managers in the same group where investment decisions are made independently by the individual in control of the relevant fund and those decisions are unfettered by the group to which the investment manager belongs will be disregarded.

Certificates of a non-EEA company

21.6.21 R

The FCA will not admit certificates representing shares of an applicant incorporated in a non-EEA State where the class of equity shares which the certificates represent is not listed either in its country of incorporation or in the country in which a majority of its equity shares are held, unless the FCA is satisfied that the absence of listing is not due to the need to protect investors.

[Note: article 51 of CARD]

Additional requirements for the certificates

21.6.22 R

(1) To be listed, the certificates representing shares must satisfy the requirements set out in LR 2.2.2R and LR 2.2.4R to LR 2.2.11R.

Additional requirements for a depositary

21.6.25  A depositary that issues certificates representing shares must maintain adequate arrangements to safeguard certificate holders’ rights to the equity shares to which the certificates relate, and to all rights relating to the equity shares and all money and benefits that it may receive in respect of them, subject only to payment of the remuneration and proper expenses of the issuer of the certificates.

21.6.26  The requirement to maintain adequate arrangements to safeguard all rights relating to the equity shares includes enabling the holders of the certificates representing shares to exercise the votes attaching to the equity shares to which the certificates relate. A depositary must not vote or attempt to exercise the votes attaching to the equity shares to which the certificates relate except pursuant to and in accordance with instructions from the holders of the certificates representing shares.

A listed company that is not already required to comply with the obligations referred to under article 17 of the Market Abuse Regulation must comply with those obligations as if it were an issuer for the purposes of the disclosure requirements and transparency rules subject to article 22 of the Market Abuse Regulation.

A listed company, whose certificates representing shares are admitted to trading on a regulated market, should consider its obligations under:

21.8.19 G Where the FCA has modified ■ LR 21.6.18R to accept a percentage lower than 25% on the basis that the market will operate properly with a lower percentage, but the FCA considers that in practice the market for the certificates representing shares is not operating properly, the FCA may revoke the modification in accordance with ■ LR 1.2.1R(4).

21.8.20 R A listed company must comply with ■ LR 21.6.23R at all times.

21.8.21 R A listed company must inform the FCA in writing as soon as possible if it has:

   (1) requested a RIE to admit or re-admit any of its listed certificates representing shares to trading; or

   (2) requested a RIE to cancel or suspend trading of any of its listed certificates representing shares; or

(2) The purpose of LR 21.8.22R(2) is to ensure that the election or re-election of independent directors must be approved by the independent shareholders as a class. That class includes those persons whose entitlement to vote on the election of the independent directors arises as a result of their holding of certificates representing shares that have been admitted to premium listing. Accordingly, in the case of approval by the independent shareholders referred to in LR 21.8.22R(2) the listed company is required under LR 21.8.13R to ensure that the holders of the listed certificates representing shares are able to exercise the votes attaching to the equity shares which the certificates represent in relation to any such approval.

(1) LR 9.2 as modified by LR 21.8; or

(2) if the prospectus or listing particulars for the certificates representing shares that are being admitted does not include a working capital statement which demonstrates that the requirement under paragraph (1) is satisfied, then:

(a) an applicant must prepare and publish a working capital statement which demonstrates that the requirement under paragraph (1) is satisfied;

(b) the working capital statement required by paragraph (a) must be prepared in accordance with item 3.1 of Annex 11 of the PR Regulation; and

(c) the working capital statement required by paragraph (a) must be published at the same time as the prospectus or listing particulars, as applicable.

Prior to any change of the depositary of certificates representing shares, the new depositary must satisfy the FCA that it meets the requirements of ■ LR 21.6.22R to ■ LR 21.6.26G.

1. An issuer of equity shares represented by listed certificates representing shares must notify a RIS of any change of depositary.

2. The notification required by paragraph (1) must be made as soon as possible and in any event by 7:30 a.m. on the business day following the change of depositary, and must contain the following information:

   b. the date of incorporation and length of life of the depositary, except where indefinite;

Rules that can be waived

Sch 6.1 G
As a result of section 138A of the Act (Modification or waiver of rules) the FCA has power to waive all its rules, other than rules made under section 137O (Threshold condition code), section 247 (Trust scheme rules), section 248 (Scheme particular rules), section 261I (Contractual scheme rules) or section 261J (Contractual scheme particulars rules) of the Act. However, if the rules incorporate requirements laid down in European directives, it will not be possible for the FCA to grant a waiver that would be incompatible with the United Kingdom's responsibilities under those directives.

Sch 6.2 G
In addition section 82 (Exemptions from disclosure) of the Act provides the FCA with discretion to authorise omissions from disclosure requirements derived from the Consolidated Admissions and Reporting Directive in the circumstances specified in that section.
