Drawing up the prospectus

2.1 General contents of prospectus

General contents of prospectus

2.1.1

UK

Sections 87A(2), (2A), (3) and (4) of the *Act* provide for the general contents of a *prospectus*:

- (2) The necessary information is the information necessary to enable investors to make an informed assessment of –
 - (a) the assets and liabilities, financial position, profits and losses, and prospects of the issuer of the transferable securities and of any guarantor; and
 - (b) the rights attaching to the transferable securities.
- (2A) If, in the case of transferable securities to which section 87 applies, the prospectus states that the guarantor is a specified EEA State, the prospectus is not required to include other information about the guarantor.
- (3) The necessary information must be presented in a form which is comprehensible and easy to analyse.
- (4) The necessary information must be prepared having regard to the particular nature of the transferable securities and their issuer.

Summary

2.1.2

UK

Sections 87A(5) and (6) of the *Act* set out the requirement for a *summary* to be included in a *prospectus*:

- (5) The prospectus must include a summary (unless the transferable securities in question are ones in relation to which prospectus rules provide that a summary is not required).
- (6) The summary must convey concisely, in non-technical language and in an appropriate structure, the key information relevant to the securities which are the subject of the prospectus and, when read with the rest of the prospectus, must be an aid to investors considering whether to invest in the securities.

When a summary is not required

2.1.3

R

In accordance with section 87A(5) of the Act, a *summary* is not required for a *prospectus* relating to *non-equity transferable securities* that have a denomination of at least 100,000 euros (or an equivalent amount) if the *prospectus* relates to an *admission to trading*. [Note: article 5.2 PD]

Contents of summary

2.1.4

EU

Article 24 of the *PD Regulation* provides for how the contents of the *summary* are to be determined:

Content of the summary of the prospectus, of the base prospectus and of the individual issue

- 1 The issuer, the offeror or the person asking for the admission to trading on a regulated market shall determine the detailed content of the summary referred to in Article 5(2) of Directive 2003/71/EC in accordance with this Article.

A summary shall contain the key information items set out in Annex XXII. Where an item is not applicable to a prospectus, such item shall appear in the summary with the mention "not applicable". The length of the summary shall take into account the complexity of the issuer and of the securities offered, but shall not exceed 7% of the length of a prospectus or 15 pages, whichever is the longer. It shall not contain cross-references to other parts of the prospectus.

The order of the sections and of the elements of Annex XXII shall be mandatory. The summary shall be drafted in clear language, presenting the key information in an easily accessible and understandable way. Where an issuer is not under an obligation to include a summary in a prospectus pursuant to Article 5(2) of Directive 2003/71/EC, but produces an overview section in the prospectus, this section shall not be entitled "Summary" unless the issuer complies with all disclosure requirements for summaries laid down in this Article and Annex XXII.

- 2 The summary of the base prospectus may contain the following information:
 - (a) information included in the base prospectus;
 - (b) options for information required by the securities note schedule and its building block(s);
 - (c) information required by the securities note schedule and its building block(s) left in blank for later insertion in the final terms.
- 3 The summary of the individual issue shall provide the key information of the summary of the base prospectus combined with the relevant parts of the final terms. The summary of the individual issue shall contain the following:
 - (a) the information of the summary of the base prospectus which is only relevant to the individual issue;
 - (b) the options contained in the base prospectus which are only relevant to the individual issue as determined in the final terms;
 - (c) the relevant information given in the final terms which has been previously left in blank in the base prospectus.

Where the final terms relate to several securities which differ only in some very limited details, such as the issue price or maturity date, one single summary of the individual issue may be attached for all those securities, provided the information referring to the different securities is clearly segregated.

The summary of the individual issue shall be subject to the same requirements as the final terms and shall be annexed to them.

2.1.5 **G** [deleted]

2.1.6 **R** The *summary* must be in the language in which the *prospectus* was originally drawn up. [**Note:** article 19.2 *PD*]

Note: ■ PR 4.1 sets out *rules* about the language in which the *prospectus* must be drawn up.

Note: Article 19.2 of the *prospectus directive* also allows the competent authority of a *Host State* to require that the *summary* be translated into its official language(s). The *FCA* as competent authority of a *Host State* requires a *summary* to be translated into English under ■ PR 4.1.6 R.

2.1.7 **R** The *summary* must also contain a warning to the effect that:

- (1) it should be read as an introduction to the *prospectus*;
- (2) any decision to invest in the *transferable securities* should be based on consideration of the *prospectus* as a whole by the investor;
- (3) where a claim relating to the information contained in a *prospectus* is brought before a court, the plaintiff investor might, under the national legislation of the *EEA States*, have to bear the costs of translating the *prospectus* before the legal proceedings are initiated; and
- (4) civil liability attaches to those *persons* who are responsible for the *summary* including any translation of the *summary*, but only if the *summary* is misleading, inaccurate or inconsistent when read together with the other parts of the *prospectus* or it does not provide, when read together with the other parts of the *prospectus*, *key information* in order to aid investors when considering whether to consider an *offer* further as set out in section 90(12) of the *Act*. [**Note:** articles 5.2 and 6.2 *PD*]

2.2 Format of prospectus

Format of prospectus

2.2.1 **R** A *prospectus* may be drawn up as a single document or separate documents. [Note: PD article 5.3]

2.2.2 **R**

- (1) A *prospectus* composed of separate documents must divide the required information into a *registration document*, a *securities note* and a *summary*.
- (2) The *registration document* must contain the information relating to the *issuer*. The *securities note* must contain the information concerning the *transferable securities* to be *offered* or to be *admitted to trading*. [Note: article 5.3 PD]

2.2.3 **R** The *registration document* accompanied by the *securities note* (updated if applicable in accordance with **PR 2.2.5 R**) and the *summary* shall be considered to constitute a valid *prospectus*. [Note: article 9.4 PD]

Prospectuses consisting of separate documents

2.2.4 **R** An *issuer*, *offeror* or *person* requesting admission who already has a *registration document* approved by the *FCA* is required to draw up only the *securities note* and the *summary* when *transferable securities* are *offered* or a request is made for *admission to trading*. [Note: article 12.1 PD]

2.2.5 **R** If **PR 2.2.4 R** applies, the *securities note* must provide information that would normally be provided in the *registration document* where there has been a material change or recent development which could affect an investor's assessment since the latest updated *registration document* was approved, unless such information is provided in a *supplementary prospectus*. The *securities note* and *summary* shall be subject to a separate approval. [Note: article 12.2 PD]

2.2.6 **R** An *issuer*, *offeror* or *person* requesting admission may choose to file a *registration document* without approval. If it does so, the entire documentation, including updated information, is subject to approval. [Note: article 12.3 PD]

- 2.2.7 **R** The *prospectus* can, at the choice of the *issuer, offeror* or *person* requesting admission, consist of a *base prospectus* containing all relevant information concerning the *issuer* and the *transferable securities* to be *offered* or to be *admitted to trading* if it relates to one of the following types of *transferable securities*:
- (1) *non-equity transferable securities*, including warrants in any form, issued under an *offering programme*; or
 - (2) *non-equity transferable securities* issued in a continuous or repeated manner by *credit institutions*:

Such list shall identify the pages where each item can be found in the prospectus. [see PR 3.1.1 R (3)]
5. Where the summary of a prospectus must be supplemented according to [section 87G of the Act], the issuer, the offeror or the person asking for admission to trading on a regulated market shall decide on a case-by-case basis whether to integrate the new information in the original summary by producing a new summary, or to produce a supplement to the summary.

Minimum information

2.3.1

EU

Articles 3 to 23 of the *PD Regulation* provide for the minimum information to be included in a *prospectus*:

Note: the Annexes (including *schedules* and *building blocks*) referred to in these articles are set out for information in ■ PR App 3.

Article 3

Minimum information to be included in a prospectus

A prospectus shall be drawn up by using one or a combination of the schedules and building blocks set out in this Regulation.

A prospectus shall contain the information items required in Annexes I to XVII and Annexes XX to XXX depending on the type of issuer or issues and securities involved. Subject to Article 4a(1), a competent authority shall not require that a prospectus contains information items which are not included in Annexes I to XVII or Annexes XX to XXX.

In order to ensure conformity with the obligation referred to in Article 5(1) of Directive 2003/71/EC, the competent authority of the home Member State, when approving a prospectus in accordance with Article 13 of that Directive, may, on a case by case basis, require the information provided by the issuer, the offeror or the person asking for admission to trading on a regulated market to be completed, for each of the information items.

Where the issuer, the offeror or the person asking for the admission to trading on a regulated market is required to include a summary in a prospectus, in accordance with Article 5(2) of Directive 2003/71/EC, the competent authority of the home Member State, when approving the prospectus in accordance with Article 13 of that Directive, may, on a case by case basis, require certain information provided in the prospectus, to be included in the summary.

 - (2) other securities which comply with the following conditions:

- (a) they can be converted or exchanged into shares or other transferable securities equivalent to shares, at the issuer's or at the investor's discretion, or on the basis of the conditions established at the moment of the issue, or give, in any other way, the possibility to acquire shares or other transferable securities equivalent to shares, and
- (b) provided that these shares or other transferable securities equivalent to shares are or will be issued by the issuer of the security and are not yet traded on a regulated market or an equivalent market outside the Community at the time of the approval of the prospectus covering the securities, and that the underlying shares or other transferable securities equivalent to shares can be delivered with physical settlement.

Article 4a

Share registration document schedule in cases of complex financial history or significant financial commitment

1. Where the issuer of a security covered by Article 4(2) has a complex financial history, or has made a significant financial commitment, and in consequence the inclusion in the registration document of certain items of financial information relating to an entity other than the issuer is necessary in order to satisfy the obligation laid down in Article 5(1) of Directive 2003/71/EC, those items of financial information shall be deemed to relate to the issuer. The competent authority of the home Member State shall in such cases request that the issuer, the offeror or the person asking for admission to trading include those items of information in the registration document.

Those items of financial information may include pro forma information prepared in accordance with Annex II. In this context, where the issuer has made a significant financial commitment any such pro forma information shall illustrate the anticipated effects of the transaction that the issuer has agreed to undertake, and references in Annex II to "the transaction" shall be read accordingly.

2. The competent authority shall base any request pursuant to the first subparagraph of paragraph 1 on the requirements set out in item 20.1 of Annex I, item 15.1 of Annex XXIII, item 20.1 of Annex XXV, item 11.1 of Annex XXVII and item 20.1 of Annex XXVIII as regards the content of financial information and the applicable accounting and auditing principles, subject to any modification which is appropriate in view of any of the following factors:
 - (a) the nature of the securities;
 - (b) the nature and range of information already included in the prospectus, and the existence of financial information relating to an entity other than the issuer in a form that might be included in a prospectus without modification;
 - (c) the facts of the case, including the economic substance of the transactions by which the issuer has acquired or disposed of its business undertaking or any part of it, and the specific nature of that undertaking;
 - (d) the ability of the issuer to obtain financial information relating to another entity with reasonable effort.

Where, in the individual case, the obligation laid down in Article 5(1) of Directive 2003/71/EC may be satisfied in more than one way, preference shall be given to the way that is the least costly or onerous.

- (3) Paragraph 1 is without prejudice to the responsibility under national law of any other person, including the persons referred to in Article 6(1) of Directive 2003/71/EC, for the information contained in the prospectus. In particular, those persons shall be responsible for the inclusion in the registration document of any items of information requested by the competent authority pursuant to paragraph 1.
- (4) For the purposes of paragraph 1, an issuer shall be treated as having a complex financial history if all of the following conditions apply:
 - (a) its entire business undertaking at the time that the prospectus is drawn up is not accurately represented in the historical financial information which it is required to provide under item 20.1 of Annex I, item 15.1 of Annex XXIII, item 20.1 of Annex XXV, item 11.1 of Annex XXVII and item 20.1 of Annex XXVIII;
 - (b) that inaccuracy will affect the ability of an investor to make an informed assessment as mentioned in Article 5(1) of Directive 2003/71/EC; and
 - (c) information relating to its business undertaking that is necessary for an investor to make such an assessment is included in financial information relating to another entity.
- (5) For the purposes of paragraph 1, an issuer shall be treated as having made a significant financial commitment if it has entered into a binding agreement to undertake a transaction which, on completion, is likely to give rise to a significant gross change.

In this context, the fact that an agreement makes completion of the transaction subject to conditions, including approval by a regulatory authority, shall not prevent that agreement from being treated as binding if it is reasonably certain that those conditions will be fulfilled.

In particular, an agreement shall be treated as binding where it makes the completion of the transaction conditional on the outcome of the offer of the securities that are the subject matter of the prospectus or, in the case of a proposed takeover, if the offer of securities that are the subject matter of the prospectus has the objective of funding that takeover.
- (6) For the purposes of paragraph 5 of this Article, and of item 20.2 of Annex I, item 15.2 of Annex XXIII and item 20.2 of Annex XXV, a significant gross change means a variation of more than 25%, relative to one or more indicators of the size of the issuer's business, in the situation of an issuer.

Recital 9

Pro forma financial information is needed in case of significant gross change, i. e. a variation of more than 25% relative to one or more indicators of the size of the issuer's business, in the situation of an issuer due to a particular transaction, with the exception of those situations where merger accounting is required.

Where the issuer, the offeror or the person asking for the admission to trading on a regulated market is required to include a summary in a base prospectus, in accordance with Article 5(2) of Directive 2003/71/EC, the competent authority of the home Member State, when approving the base prospectus in accordance with Article 13 of that Directive, may, on a case-by-case basis, require certain information provided in the base prospectus to be included in the summary.

The final terms shall determine which of these options is applicable to the individual issue, by referring to the relevant sections of the base prospectus or by replicating such information.
2. The issuer, the offeror or the person asking for admission to trading on a regulated market may omit information items which are not known when the base prospectus is approved and which can only be determined at the time of the individual issue.
3. The use of the combinations provided for in the table in Annex XVIII shall be mandatory when drawing up base prospectuses for the types of securities to which those combinations correspond according to this table. However, for securities not covered by those combinations further combinations may be used.
4. The final terms attached to a base prospectus shall only contain the following:
 - (a) within the various securities notes schedules according to which the base prospectus is drawn up, the information items in Categories B and C listed in Annex XX. When an item is not applicable to a prospectus, the item shall appear in the final terms with the mention "not applicable;

 - (1a) a section containing a template, the "form of the final terms", which has to be filled out for each individual issue;
 - (2) the method of publication of the final terms; if the issuer is not in a position to determine, at the time of the approval of the prospectus, the method of publication of the final terms, an indication of how the public will be informed about which method will be used for the publication of the final terms;

 - (4) all other non-equity securities including warrants with the exception of those mentioned in point (2).

In drawing up a base prospectus the issuer, the offeror or the person asking for admission to trading on a regulated market shall clearly segregate the specific information on each of the different securities included in these categories.

7. Where an event envisaged under [section 87G(1) of the Act (Supplementary prospectus)] occurs between the time that the base prospectus has been approved and the final closing of the offer of each issue of securities under the base prospectus or, as the case may be, the time that trading on a regulated market of those securities begins, the issuer, the offeror or the person asking for admission to trading on a regulated market shall publish a supplement prior to the final closing of the offer or the admission of those securities to trading.

Where the issuer needs to prepare a supplement concerning information in the base prospectus that relates to only one or several specific issues, the right of investors to withdraw their acceptances pursuant to Article 16(2) of Directive 2003/71/EC shall only apply to the relevant issues and not to any other issues of securities under the base prospectus.

Article 23

Adaptations to the minimum information given in prospectuses and base prospectuses

1. Notwithstanding Articles 3 second paragraph and 22(1) second subparagraph, where the issuer's activities fall under one of the categories included in Annex XIX, the [FCA], taking into consideration the specific nature of the activities involved, may ask for adapted information, in addition to the information items included in the schedules and building blocks set out in 4 to 20, including, where appropriate, a valuation or other expert's report on the assets of the issuer, in order to comply with the obligation referred to in [sections 87A(2),(3) and (4) of the Act]. The [FCA] shall forthwith inform the Commission thereof.

This addition shall be done in accordance with the main characteristics of the securities being offered to the public or admitted to trading on a regulated market.
3. By way of derogation of Articles 3 to 22, where an issuer, an offeror or a person asking for admission to trading on a regulated market applies for approval of a prospectus or a base prospectus for a new type of security, the issuer, the offeror or the person asking for admission to trading on a regulated market shall notify a draft prospectus or base prospectus to the [FCA].

The [FCA] shall forthwith inform the Commission thereof.

The derogation referred to in the first subparagraph shall only apply in case of a new type of security which has features completely different from the various types of securities mentioned in Annex XVIII, if the characteristics of this new security are such that a combination of the different information items referred to in the schedules and building blocks provided for in Articles 4 to 20 is not pertinent.
4. By way of derogation of Articles 3 to 22, in the cases where one of the information items required in one of the schedules or building blocks referred to in 4 to 20 or equivalent information is not pertinent to the issuer, to the offer or to the securities to which the prospectus relates, that information may be omitted.

- 2.4.4** **R** The *summary* must not incorporate information by reference. [**Note:** article 11.1 *PD*]
- 2.4.5** **R** When information is incorporated by reference, a cross reference list must be provided in the *prospectus* to enable investors to identify easily specific items of information. The cross reference list must specify where the information can be accessed by investors. [**Note:** article 11.2 *PD*]
- 2.4.6** **EU** Article 28 of the *PD Regulation* provides examples of information that may be incorporated by reference:

The issuer, the offeror or the person asking for admission to trading on a regulated market may incorporate information in a prospectus or base prospectus by making reference only to certain parts of a document, provided that it states that the non-incorporated parts are either not relevant for the investor or covered elsewhere in the prospectus.
5. When incorporating information by reference, issuers, offerors or persons asking for admission to trading on a regulated market shall endeavour not to endanger investor protection in terms of comprehensibility and accessibility of the information.

2.5 Omission of information

Equivalent information

- 2.5.1** **R** Without prejudice to the adequate information of investors, if, in exceptional cases, certain information referred to in the *PD Regulation* that is required to be included in a *prospectus* is inappropriate to the issuer's activity or to the legal form of the *issuer* or to the *transferable securities* to which the *prospectus* relates, the *prospectus* must contain information equivalent to the required information (unless there is no such information). [Note: article 8.3 *PD*]

Omission of information from prospectus

- 2.5.1A** **UK** Section 87A(2A) of the *Act* provides that information about certain guarantors may be omitted from a prospectus:

 - (c) that the information is only of minor importance for a specific offer to the public or admission to trading on a regulated market and unlikely to influence an informed assessment of the kind mentioned in section 87A(2).

Request to omit information

- 2.5.3** **G** Article 2(2) of Commission Delegated Regulation (EU) 2016/301 sets out requirements regarding the submission of requests to omit information from a *prospectus*. The *FCA* considers that a reasoned request for this purpose would:

- (1) be in writing from the *applicant*;
- (2) identify the specific information concerned and the specific reasons for its omission; and
- (3) state why in the *applicant's* opinion one or more of the grounds in section 87B(1) of the *Act* applies.

 - ...
 - (b) where the issuer, offeror or person asking for admission to trading on a regulated market is requesting that the competent authority of the home Member State authorise the omission of information from the prospectus pursuant to Article 8(2) of Directive 2003/71/EC, a reasoned request to that effect;
 - (c) where the issuer, offeror or person asking for admission to trading on a regulated market requests that the competent authority of the home Member State notify the competent authority of a host Member State, upon approval of the prospectus, with a certificate of approval pursuant to Article 18(1) of Directive 2003/71/EC, a request to this effect;
 - (d) any information which is incorporated by reference into the prospectus, unless such information has already been approved by or filed with the same competent authority in accordance with Article 11 of Directive 2003/71/EC;

2. Where the competent authority of the home Member State has, in accordance with Article 5(2) of this Regulation, notified the issuer, offeror or person asking for admission to trading on a regulated market that it considers that the draft prospectus does not meet the requirement of completeness, including consistency of the information given and its comprehensibility, the subsequently submitted draft of the prospectus shall be accompanied by an explanation as to how the incompleteness notified by the competent authority has been addressed.

Where changes made to a previously submitted draft prospectus are self-explanatory or clearly address the incompleteness notified by the competent authority, an indication of where the incompleteness has been addressed shall be considered sufficient.

Article 4

Final submission

With the exception of the cross reference list mentioned in Article 2(2)(a), submission for approval of the final draft of the prospectus shall be accompanied by any information mentioned in Article 2(2) which has changed since a previous submission.
