

The Consumer Duty

Chapter 2A

The Consumer Duty

2A.4 Consumer Duty: retail customer outcome on price and value

What is value?

- 2A.4.1** **R** For the purposes of this outcome:
- (1) value is the relationship between the amount paid by a *retail customer* for the *product* and the benefits they can reasonably expect to get from the *product*; and
 - (2) a *product* provides fair value where the amount paid for the *product* is reasonable relative to the benefits of the *product*.

Price and value: manufacturers general obligation

- 2A.4.2** **R** A *manufacturer* must:
- (1) ensure that its *products* provide fair value to *retail customers* in the *target markets* for those *products*; and
 - (2) carry out a value assessment of its *products* and review that assessment on a regular basis appropriate to the nature and duration of the *product*.

- 2A.4.3** **R** An initial value assessment must be carried out for:
- (1) a *product*; and
 - (2) any significant adaptation of a *product*,
- in each case before it is marketed or *distributed* to a *retail customer*.

- 2A.4.4** **G** ■ PRIN 2A.4.2R and ■ PRIN 2A.4.3R include any *product* whether a new *product* manufactured on or after 31 July 2023, an *existing product* or a *closed product*. In relation to an existing product or a closed product, “marketing” or “distributing” includes reference to any future activity regardless of whether the *product* has previously been made available for marketing or distribution.

- 2A.4.5** **R** In ensuring that a *product* provides fair value, a *manufacturer* must be satisfied that this will be the case from the point at which the *manufacturer* completes the assessment for a reasonably foreseeable period, including, where the *product* is one that renews, following renewal.

2A.4.6 **G** What constitutes a ‘reasonably foreseeable period’ will depend on the type of *product*. This could include the expected length of time a *retail customer* in the *target market* will keep it, including, where relevant, the number of occasions the *firm* would reasonably expect that a *retail customer* would renew the *product*.

Product packages

2A.4.7 **R** Where a *product* is intended to be provided with one or more other *products*, a *manufacturer* must ensure that:

- (1) each component *product*; and
- (2) the package as a whole,

provides fair value to *retail customers* in the *target market*.

The value assessment

2A.4.8 **R** A *manufacturer’s* assessment of whether or not a *product* provides fair value must include (but is not limited to) consideration of the following:

- (1) the nature of the *product*, including the benefits that will be provided or may be reasonably expected and its quality;
- (2) any limitations that are part of the *product*;
- (3) the expected total price to be paid by the *retail customer* or that may become due from the *retail customer*. The expected total price includes:
 - (a) the price paid or agreed to be paid by the *retail customer* on entering into a contract for the *product*, including by way of repayments;
 - (b) any regular charges or fees payable over the lifetime of the *product*, for example an annual management charge;
 - (c) any contingent fees or charges, for example, administrative charges for changes of address, charges for falling into arrears on a loan, or charges for transferring investments; and
 - (d) any non-financial costs the *retail customer* is asked or required to provide to the *firm*; and
- (4) any characteristics of vulnerability that *retail customers* in the *target market* display and the impact these characteristics have on the likelihood that *retail customers* may not receive fair value from its *products*.

Guidance on the value assessment: factors that may be considered

2A.4.9 **G** A *manufacturer* may consider one or more of the following in its assessment of whether or not a *product* is providing fair value:

- (1) the costs incurred by the *firm* in *manufacturing* or *distributing* the *product*;

- (2) the market rate and charges for a comparable *product*;
- (3) any accrued costs and/or benefits for *existing* or *closed products*; and
- (4) whether there are any *products* that are priced significantly lower for a similar or better benefit.

Guidance on the value assessment: benefits and costs

- 2A.4.10 **G**
- (1) The types of benefits that *retail customers* may reasonably expect to obtain may include non-financial benefits such as an enhanced level of customer service providing extra assistance to *retail customers* in using the *product*.
 - (2) Examples of non-financial costs include the provision of personal data and the granting of permission to use that data.

Guidance on the value assessment: characteristics of retail customers

- 2A.4.11 **G**
- In considering the value assessment and how it applies when *manufacturers* have different groups of *retail customer* in their target market for a *product*, they should have regard in particular to the following:
- (1) whether any *retail customers* who have characteristics of vulnerability may be less likely to receive fair value; and
 - (2) whether the *product* provides fair value for each of the different groups of *retail customer* in the *target market*, including in circumstances where the pricing structure of the *product* involves different prices being charged to different groups of *retail customers*.

Guidance on the value assessment: interaction with the Duty and the retail customer outcomes

- 2A.4.12 **G**
- In ensuring that a *product* provides fair value, a *manufacturer* should have regard to how the cross-cutting obligations (■ PRIN 2A.2) and the other *retail customer outcome rules* (■ PRIN 2A.3 to ■ PRIN 2A.6) are met in respect of the *product*.

Manufacturers: collaboration with another firm or with unregulated persons

- 2A.4.13 **R**
- Where *firms* collaborate to *manufacture* a *product*, they must set out in a written agreement their respective roles and responsibilities in the value assessment in ■ PRIN 2A.4.
- 2A.4.14 **R**
- Where a *firm* collaborates with a *person* who is not a *firm* to *manufacture* a *product*, it remains fully responsible for discharging all its obligations under ■ PRIN 2A.4.

Manufacturers: information for distributors

- 2A.4.15 **R** The *manufacturer* of a *product* must ensure that *firms distributing* the product have all necessary information to understand the value that the *product* is intended to provide to a *retail customer*.

Price and value: distributors general obligation

- 2A.4.16 **R**
- (1) A *distributor* must not *distribute* a *product* unless its distribution arrangements are consistent with the *product* providing fair value to *retail customers*.
 - (2) Arrangements will be consistent with providing fair value to *retail customers* where they enable the *distributor* to obtain enough information from the *manufacturer* to understand the outcome of the value assessment and in particular to identify:
 - (a) the benefits the *product* is intended to provide to a *retail customer*;
 - (b) the characteristics, objectives and needs of the *target market*;
 - (c) the interaction between the price paid by the *retail customer* and the extent and quality of any services provided by the *distributor*; and
 - (d) whether the impact that the *distribution* arrangements (including any remuneration it or (so far as the *distributor* is aware of it) another person in the distribution chain receives) would result in the *product* ceasing to provide fair value to *retail customers*.

Distributors: unregulated manufacturer

- 2A.4.17 **R** Where a *distributor distributes* a *product manufactured* by a *person* to whom the *rules* in ■ PRIN 2A.4 do not apply, it must take all reasonable steps to comply with ■ PRIN 2A.4.16R.

Distribution chains

- 2A.4.18 **R**
- (1) A *firm* which *distributes products* to *retail customers* is responsible for ensuring the fair value obligations in relation to distribution are met in respect of any *product* it distributes to a *retail customer*.
 - (2) A *firm* which *distributes products* to other *distributors* must ensure that all information relevant to the value assessment is passed to the distributor at the end of the *distribution* chain.
 - (3) A *firm* which *distributes products* to other firms in the distribution chain must consider whether they are also a *co-manufacturer* of the product they are *distributing* and if they are, apply the *manufacturer rules* in this section.

When must a manufacturer and a distributor consider the value assessment?

- 2A.4.19 **R** *Manufacturers* and *distributors* are responsible for the value assessment as follows:

- (1) A *manufacturer* must consider the fair value assessment at every stage of the product approval process, including in particular when:
 - (a) designing the *product*;
 - (b) identifying *retail customers* in the *target market* for whom the *product* needs to provide fair value; and
 - (c) selecting distributions methods/channels.
- (2) A *distributor* must consider the fair value assessment when determining the distribution strategy for the *product* and in particular where the *product* is to be *distributed* with another *product* whether as part of a package or not.

The value assessment: general

2A.4.20 **R** In determining whether a *product* provides fair value, or distribution arrangements are consistent with fair value being provided, a *firm* must not rely on individual *retail customers* to consider whether they believe the *product* provides fair value in place of the *firm's* own assessment.

Closed products

- 2A.4.21 **R**
 - (1) The obligation on *manufacturers* in **PRIN 2A.4.2R** to ensure that a product provides fair value applies to *closed products* as well as new and *existing products*.
 - (2) In the case of a *closed product*, the reference to a *target market* in **PRIN 2A.4.2R** should be read as referring to the *retail customers* who are *customers* of the *closed product*.

Guidance on the value assessment: closed and existing products

2A.4.22 **G** The assessment of whether a *closed product* or an *existing product* provides fair value should be on a forward-looking basis only. Unless required to do so by any other *rule*, *manufacturers* do not need to consider whether their *closed products* or *existing products* provided fair value prior to these *rules* coming into force.

2A.4.23 **G** In assessing whether a *closed product* or an *existing product* provides fair value, a *manufacturer* may take into account the benefits provided, the costs charged to the *retail customer* and the costs incurred by the *firm* prior to these *rules* coming into effect.

[**Note:** See also **PRIN 2A.4.29R** regarding appropriate action for *closed products* if the *product* no longer provides fair value.]

Reviewing the value assessment

2A.4.24 **R** (1) A *manufacturer* must regularly review the value assessment throughout the life of the *product* to ensure that the *product* continues to provide fair value to *retail customers* in the *target market*.

(2) A *distributor* must regularly review its distribution arrangements throughout the life of the *product* to ensure that they remain consistent with the *product* providing fair value to *retail customers* in the *target market*.

2A.4.25 **R** Where a *manufacturer* identifies in its review of its value assessment that the *product* no longer provides fair value, it must take appropriate action to:

- (1) mitigate, and where appropriate, remediate any harm caused to existing *retail customers*; and
- (2) prevent harm to new *retail customers*.

2A.4.26 **R** Appropriate action under **PRIN 2A.4.25R** includes notifying the *distributor(s)* of the *product* of the issue and of any changes to the *product* and the *distribution strategy* that the *manufacturer* has put place to mitigate and prevent further harm.

2A.4.27 **R** Where a *distributor* identifies that the *product* no longer provides fair value, whether that is due to aspects of the *product* or the distribution arrangements, it must take appropriate action to:

- (1) mitigate the situation and prevent further occurrences of any possible harm to *retail customers*, including, where appropriate, amending the distribution strategy for that *product* (and, where relevant, the package);
- (2) redress any foreseeable harm that has been caused to *retail customers* by faults in the *distributor's* distribution arrangements; and
- (3) inform any relevant *manufacturers* and other *distributors* in the chain promptly about any concerns they have and any action the *distributor* is taking.

2A.4.28 **G** The appropriate action that a *distributor* may need to take under **PRIN 2A.4.27R** will depend on the role the *distributor* has in the distribution chain and in relation to the *product* being *distributed*. A *distributor* who is a *co-manufacturer* of the *product* being *distributed* is likely to be able to do more to mitigate the situation than *distributors* who are not *co-manufacturers*.

Vested rights

2A.4.29 **R** In the case of a *closed product*, or an *existing product* held by a *retail customer* before 31 July 2023, unless the *firm* has identified a breach of *rules* in existence before 31 July 2023, the appropriate action a *firm* may take does not require a *firm* to waive its vested contractual rights.

2A.4.30 **G** For the purposes of **PRIN 2A.4.29R**, vested contractual rights include the following:

- (1) payments already due under the terms of the contract;

- (2) remuneration for services wholly or partly provided under the contract; and
- (3) contractual charges payable on early termination of the contract.

2A.4.31 **G** Whether a right is a vested right or not will depend on all the facts of the case and interpretation of the relevant contract.

Application of the price and value outcome

2A.4.32 **R**

- (1) The *rules* in ■ PRIN 2A.4 do not apply to:
 - (a) a *firm* which *manufactures or distributes a non-investment insurance product or a legacy non-investment insurance product*;
 - (b) a *firm* which *manufactures or distributes any funeral plan product* subject to ■ PROD 7; and
 - (c) an *authorised fund manager* in relation to *products* subject to ■ COLL 6.6.19R to ■ 6.6.26G, ■ COLL 8.5.16R to ■ 8.5.22R, or ■ COLL 15.7.16R to ■ 15.7.24R.

- (2) A *firm* in (1) must continue to apply ■ PROD 4 and ■ PROD 7 or the relevant *COLL rules* .

2A.4.33 **R** ■ PRIN 2A.4 does not apply to both:

- (1) *units* in an *authorised fund* or the *sub-fund* of such a scheme, where the relevant *authorised fund* or *sub-fund* is in the process of winding up or termination under, or in accordance with, ■ COLL 7.3, ■ COLL 7.4, or ■ COLL 7.4A; and
- (2) *units* or *shares* in a *fund* or *sub-fund* which is not an authorised fund or a sub-fund of such a scheme or *AIF*, where the relevant fund or sub-fund is in a process of winding up or termination which is equivalent to that referred to in (1).

2A.4.34 **R**

- (1) A *manufacturer of a funeral plan product* which is a *closed product* and was *manufactured* before 29 July 2022 must apply the *closed product rules and guidance* in ■ PRIN 2A.4..
- (2) The *closed product rules and guidance* are ■ PRIN 2A.4.1R to ■ 2A.4.2R, ■ 2A.4.4G to ■ 2A.4.6G, ■ 2A.4.8R to ■ 2A.4.12G ■ 2A.4.20R to ■ 2A.4.25R and ■ 2A.4.29R to ■ 2A.4.31G.

2A.4.35 **E** Where a *manufacturer of a closed product* which is a *funeral plan product* *manufactured* before 29 July 2022 is following the provisions of ■ PROD 7 concerning the fair value of *funeral plan products*, contravention of ■ PROD 7 may be relied on as tending to establish contravention of those provisions of ■ PRIN 2A.4 that apply to the *firm*.

Application to pension scheme operators and providers of pathway investments

2A.4.36

R

- (1) This *rule* applies to a *firm* that is required to comply with ■ COBS 19.5 (Independent Governance Committees (IGCs) and publication and disclosure of costs and charges).
- (2) A *firm* to which this *rule* applies must use the value for money assessment carried out by the *IGC* or the *governance advisory arrangement* when carrying out its value assessment under ■ PRIN 2A.4.2R.
- (3) Where a *firm* disagrees with the value for money assessment carried out by the *IGC* or the *governance advisory arrangement* it must:
 - (a) explain why it disagrees with the assessment; and
 - (b) set out how it considers the *relevant scheme or pathway investment* provides fair value.
- (4) In setting out how it considers the *relevant scheme or pathway investment* provides fair value the *firm* must use the framework set out in ■ COBS 19.5.
- (5) A *firm* that is unable to adequately explain why it disagrees with a value for money assessment conducted under ■ COBS 19.5 must apply ■ PRIN 2A.4.25R to the *relevant scheme or pathway investment*.
