Chapter 2

Recognition requirements
2.1 Introduction

(1) This chapter contains the recognition requirements for UK RIEs (other than RAPs) and sets out guidance on those requirements.

(2) This chapter also contains “Notes” with informative text in relation to MiFID/MiFIR requirements applicable directly to UK RIEs operating trading venues.

(3) This chapter directs UK RIEs to certain recognition requirements and guidance on those requirements found in other parts of the Handbook.

2.1.1A G Guidance on the RAP recognition requirements which apply to RAPs is set out in ■ REC 2A (Recognised Auction Platforms). Guidance on the recognition requirements for ROIEs is set out in ■ REC 6 (Overseas Investment Exchanges).

2.1.2 G These recognition requirements must be satisfied by applicants for UK RIE status before recognition is granted and by all UK RIEs at all times while they are recognised. In addition the MiFID implementing requirements must be satisfied by applicants for UK RIE status before recognition is granted and by all UK RIEs at all times while they are recognised. The same standards apply both on initial recognition and throughout the period recognised body status is held. The term UK RIE in the guidance should be taken, therefore, to refer also to an applicant when appropriate.

2.1.3 G (1) The paragraphs in the Schedule to the Recognition Requirements Regulations are grouped in this sourcebook in sections which give guidance on the same subject for UK RIEs.

(2) The table in ■ REC 2.1.4 G indicates in which section each of those paragraphs (and the associated guidance) can be found.

2.2 Method of satisfying the recognition requirements

2.2.1 Recognition Requirements Regulations, Regulation 6

(1) In considering whether a [UK recognised body] or applicant satisfies recognition requirements applying to it under these [Recognition Requirements Regulations], the [FCA] may take into account all relevant circumstances including the constitution of the person concerned and its regulatory provisions within the meaning of section 300E of the Act.

(2) Without prejudice to the generality of paragraph (1), a [UK recognised body] or applicant may satisfy recognition requirements applying to it under these [Recognition Requirements Regulations] by making arrangements for functions to be performed on its behalf by any other person.

(3) Where a [UK recognised body] or applicant makes arrangements of the kind mentioned in paragraph (2), the arrangements do not affect the responsibility imposed by the Act on the [UK recognised body] or applicant to satisfy recognition requirements applying to it under these [Recognition Requirements Regulations], but it is in addition a recognition requirement applying to the [UK recognised body] or applicant that the person who performs (or is to perform) the functions is a fit and proper person who is able and willing to perform them.

Relevant circumstances

2.2.2 The FCA will usually expect:

(1) the constitution, regulatory provisions and practices of the UK recognised body or applicant;

(2) the nature (including complexity, diversity and risk) and scale of the UK recognised body's or applicant's business;

(3) the size and nature of the market which is supported by the UK recognised body's or applicant's facilities;

(4) the nature and status of the types of investor who use the UK recognised body's or applicant's facilities or have an interest in the market supported by the UK recognised body's or applicant's facilities;

(4A) competition in the markets for services provided, or proposed to be provided, by the UK recognised body or applicant in its capacity as such; and

(5) the nature and scale of the risks to the statutory objectives associated with the matters described in (1) to (4A);
to be among the relevant circumstances which it will take into account in considering whether a UK recognised body or applicant satisfies the recognition requirements.

2.2.3 **Outsourcing**

It is the UK recognised body’s responsibility to demonstrate to the FCA that a person who performs a function on behalf of the UK recognised body is fit and proper and able and willing to perform that function. The recognition requirement referred to in Regulation 6(3) applies to the UK recognised body and not to any person who performs any function on its behalf. In this context, for a person to be “fit and proper” does not necessarily imply that they are an authorised person, or qualified to be so, or that the required standard is the same as that required either for authorised persons or recognised bodies.

2.2.4 If a UK recognised body makes arrangements for functions to be performed on its behalf by persons who are authorised persons or recognised bodies, this does not alter its obligations under Regulation 6.

[Note: MiFID RTS 7 contains further requirements for a trading venue whose systems enable algorithmic trading when outsourcing all or part of its functions]

2.2.5 If a person who performs a function on behalf of a UK recognised body is himself carrying on a regulated activity in the United Kingdom, he will, unless he is a person to whom the general prohibition does not apply, need to be either an authorised person or an exempt person. The person to whom a function is delegated is not covered by the UK recognised body's exemption.

2.2.6 In determining whether the UK recognised body meets the recognition requirement in Regulation 6(3), the FCA may have regard to whether that body has ensured that the person who performs that function on its behalf:

1. has sufficient resources to be able to perform the function (after allowing for any other activities);

2. has adequate systems and controls to manage that function and to report on its performance to the UK recognised body;

3. is managed by persons of sufficient skill, competence and integrity;

4. understands the nature of the function it performs on behalf of the UK recognised body and its significance for the UK recognised body’s ability to satisfy the recognition requirements and other obligations in or under the Act; and

5. undertakes to perform that function in such a way as to enable the UK recognised body to continue to satisfy the recognition requirements and other obligations in or under the Act.

[Note: MiFID RTS 7 contains further requirements for a trading venue whose systems enable algorithmic trading when outsourcing all or part of its functions]
In determining whether a UK recognised body continues to satisfy the recognition requirements where it has made arrangements for any function to be performed on its behalf by any person, the FCA may have regard, in addition to any of the matters described in the appropriate section of this chapter, to the arrangements made to exercise control over the performance of the function, including:

(1) the contracts (and other relevant documents) between the UK recognised body and the person who performs the delegated function;

(2) the arrangements made to monitor the performance of that function; and

(3) the arrangements made to manage conflicts of interest and protect confidential regulatory information.

[Note: MiFID RTS 7 contains further requirements for a trading venue whose systems enable algorithmic trading when outsourcing all or part of its functions]
2.3 Financial resources

2.3.1 UK
Schedule to the Recognition Requirements Regulations, Paragraph 1

(1) The [UK RIE] must have financial resources sufficient for the proper performance of its [relevant functions] as a [UK RIE].

(2) In considering whether this requirement is satisfied, the [FCA] must (without prejudice to the generality of regulation 6(1)) take into account all the circumstances, including the [UK RIE’s] connection with any person, and any activity carried on by the [UK RIE], whether or not it is an exempt activity.

2.3.2 UK
[deleted]

2.3.3 G
In determining whether a UK recognised body has financial resources sufficient for the proper performance of its relevant functions, the FCA may have regard to:

(1) the operational and other risks to which the UK recognised body is exposed;

(2) if the UK recognised body guarantees the performance of transactions in specified investments, the counterparty and market risks to which it is exposed in that capacity;

(3) the amount and composition of the UK recognised body’s capital;

(4) the amount and composition of the UK recognised body’s liquid financial assets;

(5) the amount and composition of the UK recognised body’s other financial resources (such as insurance policies and guarantees, where appropriate);

(6) the financial benefits, liabilities, risks and exposures arising from the UK recognised body’s connection with any person, including but not limited to, its connection with:

(a) any undertaking in the same group as the UK recognised body;

(b) any other person with a significant shareholding or stake in the UK recognised body;

(c) any other person with whom the UK recognised body has made a significant investment whether in the form of equity, debt, or by means of any guarantee or other form of commitment;
(d) any person with whom it has a significant contractual relationship.

(7) the nature and extent of the transactions concluded on the UK RIE.

Accounting information and standards

The FCA will usually rely on a UK recognised body’s published and internal management accounts and financial projections, provided that those accounts and projections are prepared in accordance with UK, US or international accounting standards.

Counterparty and market risks: principles

In assessing whether a UK recognised body has sufficient financial resources in relation to counterparty and market risks, the FCA may have regard to:

(1) the amount and liquidity of its financial assets and the likely availability of liquid financial resources to the UK recognised body during periods of major market turbulence or other periods of major stress for the UK financial system; and

(2) the nature and scale of the UK recognised body’s exposures to counterparty and market risks and, where relevant, the counterparties to which it is exposed.

Operational and other risks: principles

In assessing whether a UK recognised body has sufficient financial resources in relation to operational and other risks, the FCA may have regard to the extent to which, after allowing for the financial resources necessary to cover counterparty and market risks, the UK recognised body’s financial resources are sufficient and sufficiently liquid:

(1) to enable the UK recognised body to continue carrying on properly the regulated activities that it expects to carry on; and

(2) to ensure that it would be able to complete an orderly closure or transfer of its exempt activities without being prevented from doing so by insolvency or lack of available funds.

Operational and other risks: components of calculation

In considering whether a UK recognised body has sufficient financial resources in relation to operational and other risks, the FCA will normally have regard to two components: eligible financial resources and net capital.

(1) [deleted]

(2) [deleted]
Operational and other risks: UK RIEs - the standard and risk-based approach

2.3.9

(1) The FCA considers that a UK RIE which at any time holds:

(a) eligible financial resources not less than the greater of:
   (i) the amount calculated under the standard approach; and
   (ii) the amount calculated under the risk-based approach; and
(b) net capital not less than the amount of eligible financial resources determined under (1)(a);

will, at that time, have sufficient financial resources to meet the recognition requirement in respect of operational and other risks unless there are special circumstances indicating otherwise.

(2) The FCA would normally regard the amount calculated under 2.3.9G (1)(a)(i) to be a minimum amount of financial resources below which a UK RIE would be failing the recognition requirements. The FCA would expect a UK RIE to hold, in addition to this minimum amount, an amount constituting an operational risk buffer calculated in accordance with 2.3.22G.

Operational and other risks: individual guidance

2.3.10

The FCA would expect to provide a UK recognised body with individual guidance, issued with a frequency determined in accordance with the usual prudential cycle for such bodies, communicated from time to time, on the amount of eligible financial resources which it considers would be sufficient for the UK recognised body to hold in respect of operational and other risks to satisfy the recognition requirements. In formulating its individual guidance, the FCA will ordinarily apply the approach described in 2.3.9G for UK RIEs.

Operational and other risks: eligible financial resources

2.3.11

For the purposes of 2.3, "eligible financial resources" should consist of liquid financial assets held on the balance sheet of a UK recognised body, including cash and liquid financial instruments where the financial instruments have minimal market and credit risk and are capable of being liquidated with minimal adverse price effect.

Operational and other risks: net capital

2.3.12

For the purposes of 2.3, "net capital" should be in the form of equity. For this purpose, the FCA considers that common stock, retained earnings, disclosed reserves and other instruments classified as common equity tier one capital or additional tier one capital constitute equity. The FCA considers that, when calculating its net capital, a UK recognised body:

(1) should deduct holdings of its own securities, or those of any undertaking in the same group as the UK recognised body, together with any amount owed to the UK recognised body by an undertaking in its group under any loan or credit arrangement and any exposure arising under any guarantee, charge or contingent liability given in favour of such an undertaking or a creditor of such undertaking; and
(2) may include interim earnings that have been independently verified by its auditor.

**Operational and other risks: eligible financial resources calculated under the standard approach**

<tr>
<td>(1) Under the standard approach, the amount of eligible financial resources is equal to six months of operating costs.</td>
<td></td>
</tr>
<tr>
<td>(2) Under the standard approach, the FCA assumes liquid financial assets are needed to cover the costs that would be incurred during an orderly wind-down of the UK recognised body's exempt activities, while continuing to satisfy all the recognition requirements and complying with any other obligations under the Act (including the obligations to pay periodic fees to the FCA).</td>
<td></td>
</tr>
<tr>
<td>(3) For the purposes of the standard approach, the FCA would normally expect the calculation of operating costs to be based on the UK recognised body's most recent audited annual accounts, with six months of operating costs being equal to one half of the sum of all operating costs reflected in the audited annual accounts of the UK recognised body in the course of performing its functions during the year to which the accounts relate. In calculating the gross annual operating costs, the FCA would consider it reasonable to exclude non-cash costs (costs that do not involve an outflow of funds).</td>
<td></td>
</tr>
<tr>
<td>(4) The FCA considers it to be reasonable for a UK recognised body to adjust its operating expenditure calculation if, during the period since its last audited accounts were prepared, its level of operating expenditure has changed materially as documented by the current annual budget or forecast adopted by the UK recognised body's governing body.</td>
<td></td>
</tr>
<tr>
<td>(5) The FCA considers that it is reasonable for a UK recognised body to adjust its operating expenditure to take account of arrangements between two or more undertakings in the same group, which are all subject to prudential regulation in the United Kingdom under which specified costs are shared or recharged among those undertakings and those costs would otherwise be double-counted in the calculation of their financial resources requirement.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>

</thead>
<tbody>
<tr>
<td>(1) The risk-based approach is intended to ensure that sufficient financial resources are maintained at all times such that a UK RIE would not be prevented from implementing an orderly wind-down as a result of the financial impacts of stress events affecting its business or the markets in which it operates.</td>
<td></td>
</tr>
<tr>
<td>(2) Under the risk-based approach the amount of eligible financial resources is calculated by adding together:</td>
<td></td>
</tr>
<tr>
<td>(a) the amount estimated by the UK RIE to absorb the potential business losses that a business of its nature, scale and complexity might incur in stressed but plausible market conditions; and</td>
<td></td>
</tr>
<tr>
<td>(b) the amount estimated by the UK RIE to effect an orderly closure.</td>
<td></td>
</tr>
</tbody>
</table>
In this context, a business loss arises where there is an increase in cost or reduction of revenue relative to a UK RIE’s expectation of its financial performance, such that a loss needs to be charged against its capital.

### Operational and other risks: the risk-based assessment (UK RIEs only)

**2.3.15** The FCA would normally expect the UK RIE to provide the FCA with an annual financial risk assessment that identifies the risks to its business. As a financial risk assessment is likely to form an integral part of the UK RIE’s management process and decision-making culture, the FCA would normally expect it to be approved by the UK RIE’s governing body.

**2.3.16** For the purposes of calculating the risk-based approach, the FCA would normally expect the UK RIE to provide the FCA with an annual financial risk assessment that identifies the risks to its business. As a financial risk assessment is likely to form an integral part of the UK RIE’s management process and decision-making culture, the FCA would normally expect it to be approved by the UK RIE’s governing body.

**2.3.17** The financial risk assessment should be based on a methodology which provides a reasonable estimate of the potential business losses which a UK RIE might incur in stressed but plausible market conditions. The FCA would expect a UK RIE to carry out a financial risk assessment at least once in every twelve-month period, or more frequently if there are material changes in the nature, scale or complexity of the UK RIE’s operations or its business plans that suggest such financial risk assessment no longer provides a reasonable estimate of its potential business losses. The FCA considers that it would be reasonable for a financial risk assessment to proceed in the following way:

1. **Step 1:** the UK RIE would identify, in writing, the risks to which the business of the UK RIE is exposed and which could have a material adverse effect on its financial position, in the light of the nature, scale and complexity of its operations and its business plans. For this purpose, it would be reasonable to refer to the categorisation of risk used under the system of risk management adopted by the UK RIE in order to meet its responsibilities under the recognition requirements referred to in [REC 2.5](#). That description would identify which risks are indemnified or transferred by the UK RIE and which are retained and accepted.

2. **Step 2:** the UK RIE would conduct an assessment of the potential business losses that could arise in the event that the risks identified in accordance with step 1 were to materialise. For this purpose, it would be reasonable for a UK RIE to develop, and keep under review, a stress and scenario testing plan designed to simulate the effects of a pre-determined series of events, or sets of circumstances, that would be likely to occur following the crystallisation of one or more identified risks, taking into account the systems and controls in place to mitigate those risks. The stress and scenario testing plan would:
   (a) cover a forward-looking period of at least one year;
(b) consider a suitable range of adverse events and sets of circumstances, of a defined severity and duration, which could occur in stressed but plausible market conditions;

(c) consider how a particular adverse event or set of circumstances could lead to or be correlated with other events;

(d) consider the potential for a particular adverse event or set of circumstances to affect multiple business lines;

(e) take into account realistic management actions to resolve such adverse events and circumstances; and

(f) where appropriate, involve sensitivity analysis showing the effects of changes to assumptions made about the impact of particular adverse events and circumstances.

In designing its stress and scenario testing plan, the FCA considers that it would be reasonable for a UK RIE to be guided by any risk-scoring methodology that it deploys for general risk-management purposes that might have application in evaluating the probability and impact of its risks.

(3) Step 3: the UK RIE would assess the eligible financial resources that it would need to hold to cover such potential business losses. Such eligible financial resources would enable the UK RIE to absorb any financial shocks attributable to such business risks were they to arise.

In carrying out this assessment, the FCA considers that it would be reasonable for a UK RIE to take account of any action which its senior management might plan on taking in response to a given stress event. For example, if the risk appetite of a UK RIE is such that it would not pursue recovery from a given stress event (and would instead initiate an orderly wind-down), the assessment of eligible financial resources needed in such circumstances might reasonably be limited to the costs of orderly wind-down from the point in time at which that decision would be likely to be made.

Where a UK RIE expects to be making a loss during the period covered by the financial risk assessment as a result of its anticipated business performance in normal market conditions, the business losses which are relevant to the calculation of the risk-based approach are those additional losses which the UK RIE would expect to incur in stressed but plausible market conditions.

(4) Step 4: the UK RIE would make an assessment of the cost of orderly closure. The FCA considers that an orderly closure should normally include an assessment of the impact of closure on the users of the markets operated by that UK RIE. For the purpose of this assessment, the FCA considers that it would be reasonable for a UK RIE to adopt the amount needed under the standard approach as its cost of orderly closure or to use its own method of calculation based on a scenario plan which comprehensively documents the costs that a UK RIE in its position might incur in order to fully implement an orderly wind-down.

(5) Step 5: the UK RIE would produce a proposal for the amount of eligible financial resources considered to be adequate to meet the risk-based approach. Such a proposal would be based on the sum of:
(a) the amount assessed to cover potential business losses in accordance with REC 2.3.17G (3); and
(b) an amount assessed to cover the cost of orderly closure in accordance with REC 2.3.17G (4).

(6) Step 6: the UK RIE would calculate the amount available as an operational risk buffer in accordance with REC 2.3.22 G. To the extent the amount available is insufficient to constitute an operational risk buffer, the UK RIE would include within its proposal the amount it would propose to hold (in addition to the sum of the amounts referred to in (5)(a) and (b)) for those purposes.

2.3.18  The FCA would normally expect a financial risk assessment to include a description of the methodology applied by the UK RIE to arrive at the proposal made in accordance with REC 2.3.17G (5).

2.3.19  Where a UK RIE is a member of a group, the FCA would normally expect the annual risk assessment to be accompanied by a consolidated balance sheet:

(1) of any group in which the UK RIE is a subsidiary undertaking; or

(2) (if the UK RIE is not a subsidiary undertaking in any group) of any group of which the UK RIE is a parent undertaking.

2.3.20  The FCA would expect to consider the relevant annual financial risk assessment, any proposal with respect to an operational risk buffer and, if applicable, the consolidated balance sheet, in formulating, in accordance with the usual prudential cycle for UK RIES, its guidance on the amount of eligible financial resources it considers to be sufficient for the UK RIE to hold for the recognition requirements. In formulating its guidance, the FCA would, where relevant, consider whether or not the financial risk assessment makes adequate provision for the following risks:

(1) the risks related to the administration and operation of the UK RIE as a business enterprise (whether as a result of adverse reputational effects, poor execution of business strategy, ineffective response to competition, or otherwise);

(2) the risk that deficiencies in information systems or internal processes, human errors, management failures, or disruptions from external events will result in the reduction, deterioration, or breakdown of services provided by a UK RIE (whether as a result of errors or delays in processing, system outages, insufficient capacity, fraud, data loss and leakage, or otherwise);

(3) the risk that the financial position of the UK RIE may be adversely affected by its relationships (financial or non-financial) with other entities in the same group or by risks which may affect the financial position of the whole group, including reputational contagion; and

(4) any other type of risk which is relevant to that particular UK RIE.
Operational and other risks: purpose of the risk buffer

The FCA would normally consider a UK recognised body to be failing the recognition requirements if it held financial resources less than the amount calculated under [REC 2.3.9G (1)(a)(i)] in respect of UK RIEs. The FCA therefore expects a UK recognised body to hold an operational risk buffer of a sufficient amount in excess of this minimum, to ensure that it is at all times able to comply with its regulatory obligations.

Operational and other risks: calculation of the operational risk buffer - UK recognised bodies

(1) [deleted]

(2) The FCA would normally expect a UK RIE to hold, in addition to the minimum amount determined under [REC 2.3.9G (1)(a)(i)], an operational risk buffer consistent with a risk-based approach.

(a) Where the amount of eligible financial resources calculated by a UK RIE under [REC 2.3.17G (5)] (the risk-based approach) is greater than the amount of eligible financial resources calculated under [REC 2.3.13 G] (the standard approach), and the difference is of an amount sufficient to serve the purposes of the operational risk buffer, then the FCA considers that there would be no need for a UK RIE to hold any further amount as an operational risk buffer.

(b) Where the amount of eligible financial resources calculated by a UK RIE under [REC 2.3.17G (5)] (the risk-based approach) is not sufficient to provide an effective operational risk buffer over and above the amount calculated under [REC 2.3.13 G] (the standard approach), then the FCA would expect the UK RIE to include within its annual risk assessment a proposal to hold additional financial resources sufficient to constitute an operational risk buffer.

(3) As the operational risk buffer is an amount in excess of the minimum financial resources sufficient to meet the recognition requirements, the FCA would normally not regard a UK recognised body that draws upon or temporarily depletes the operational risk buffer to have failed or be failing a recognition requirement in respect of its financial resources. However, the FCA would expect to be notified as soon as reasonably practicable if the UK recognised body draws upon, or intends to draw upon, its operational risk buffer.
## 2.4 Suitability

**2.4.1 UK**

### Schedule to the Recognition Requirements Regulations, Paragraph 2

1. The [UK RIE] must be a fit and proper person to perform the [relevant functions] of a [UK RIE].

2. In considering whether this requirement is satisfied, the [FCA] may (without prejudice to the generality of regulation 6(1)) take into account all the circumstances, including the [UK RIE's] connection with any person.

3. The members of the management body must be of sufficiently good repute and possess sufficient knowledge, skill and experience to perform their duties.

4. The persons who are in a position to exercise significant influence over the management of the [UK RIE], whether directly or indirectly must be suitable.

**2.4.2 UK**

[deleted]

**2.4.3 G**

In determining whether a UK recognised body is a fit and proper person, the FCA may have regard to any relevant factor including, but not limited to:

1. the commitment shown by the UK recognised body's management body to satisfying the recognition requirements and to complying with other obligations in or under the Act;

2. its arrangements, policies and resources for fulfilling its obligations under the Act in relation to its activities as a UK recognised body;

3. the extent to which its constitution and organisation provide for effective governance;

[Note: MiFID RTS 7 contains further governance requirements for a trading venue whose systems enable algorithmic trading]

4. the arrangements made to ensure that its management body has effective oversight of the UK recognised body's relevant functions;

5. the access which its regulatory department has to the management body;

6. [deleted]

7. [deleted]
In determining whether a UK recognised body is a fit and proper person, the FCA may have regard to its connections with:

1. any undertaking in the same group;
2. any owner or part-owner of the UK recognised body;
3. any person who has the right to appoint or remove members of the management body;
4. any person who is able in practice to appoint or remove members of the management body;
5. any person in accordance with whose instructions the management body is accustomed to act; and
6. any key individual in relation to the UK recognised body.

In assessing whether its connection with any person could affect whether a UK recognised body is a fit and proper person, the FCA may have regard to:

1. the reputation and standing of that other person, including his standing with any relevant UK or overseas regulator;
2. breaches of any law or regulation by that other person;
3. the roles of any of the UK recognised body's key individuals who have a position within organisations under the control or influence of that other person, including their responsibilities in that organisation and the extent and type of their access to its senior management or governing body;
4. the extent to which the UK recognised body operates as a distinct entity notwithstanding its connection with that other person;
5. the extent to which the UK recognised body's management body is responsible for its day-to-day management and operations;

but nothing in this paragraph should be taken to imply any restriction on the ability of a UK recognised body to outsource any function to any person in a manner consistent with Regulation 6 of the Recognition Requirements Regulations.
2.4.6 In assessing whether the persons who effectively direct the business and operations of the UK RIE are of sufficiently good repute and sufficiently experienced to ensure the sound and prudent management and operation of the financial markets operated by it, the FCA may have regard to the repute and experience of the UK RIE’s key individuals.

      (ii) oversee and monitor decision making.

(4) The management body must -

   (c) notify the FCA of the identity of all the members of its management body.

(6) A [UK RIE] and, if it has a nomination committee, its nomination committee must engage a broad set of qualities and competences when recruiting persons to the management body, and for that purpose have a policy promoting diversity on the management body.
(7) The number of directorships a member of the management body can hold at the same time must take into account individual circumstances and the nature, scale and complexity of the \([UK RIE\)'s] activities.

Schedule to the Recognition Requirements Regulations, paragraph 2B

(1) If the \([UK RIE]\) is significant the following requirements apply to the management body -

(a) members of the management body must not at the same time hold positions exceeding more than one of the following combinations –

(i) one executive directorship with two non-executive directorships (or where so authorised by the FCA under regulation 44(1) [of the MiFi Regulations], three non-executive directorships); or

(ii) four non-executive directorships (or where so authorised by the FCA under regulation 44(1) [of the MiFi Regulations], five non-executive directorships); and

(b) the management body must have a nomination committee unless it is prevented by law from selecting and appointing its own members.

(2) For the purposes of sub-paragraph (1)(a) -

(a) any directorship in which the person represents the United Kingdom is not counted;

(b) executive or non-executive directorships -

(i) held within the same group, or

(ii) held within the same undertaking where the \([UK RIE]\) holds a qualifying holding,

shall be counted as a single directorship; and

(c) any directorship in an organisation which does not pursue predominantly commercial objectives is not counted.

(3) The nomination committee referred to in sub-paragraph (1)(b) must -

(a) be composed of members of the management body who do not perform an executive function in the \([UK RIE]\);

(b) identify and recommend to the \([UK RIE]\) persons to fill management body vacancies;

(c) at least annually assess the structure, size, composition and performance of the management body and make recommendations to the management body;

(d) at least annually assess the knowledge, skills and experience of individual members of the management body and of the management body collectively and report to the management body accordingly; and

(e) periodically review the policy of the management body for the selection and appointment of senior management and make recommendations to the management body; and

(f) be able to use any forms of resource it deems appropriate, including external advice.
In performing its functions under sub-paragraph (3), the nomination committee must take account of the need to ensure that the management body’s decision making is not dominated by-

(a) any one individual; or

(b) a small group of individuals,

in a manner that is detrimental to the interests of the [UK RIE] as a whole.

In performing its function under sub-paragraph 3(b) the nomination committee must-

(a) evaluate the balance of knowledge, skills, diversity and experience of the management body;

(b) prepare a description of the roles, capabilities and expected time commitment for any particular appointment;

(c) decide on a target for the representation of the underrepresented gender in the management body and prepare a policy on how to meet that target;

(d) engage a broad set of qualities and competences, and for that purpose have a policy promoting diversity on the management body.

In sub-paragraph (1), “significant” in relation to a [UK RIE] means significant in terms of the size and internal organisation of the [UK RIE] and the nature, scale and complexity of the [UK RIE’s] activities.

In sub-paragraph (2)(b)(ii)—

“qualifying holding” means a direct or indirect holding in an investment firm which represents 10% or more of the capital or of the voting rights, as set out in Articles 9 and 10 of Directive 2004/109/EC, taking into account the conditions regarding aggregation thereof laid down in Article 12(4) and (5) of that Directive, or which makes it possible to exercise a significant influence over the management of the investment firm in which that holding subsists;

The FCA will assess an application under section 299AB of the Act for a person on a management body to hold an additional non-executive directorship on a case-by-case basis, having regard to the person’s ability to commit sufficient time to perform their functions on the management body and the complexity, nature and scale of operations of the UK RIE.
2.5 Systems and controls, algorithmic trading and conflicts

2.5.1 Schedule to the Recognition Requirements Regulations, paragraphs 3 – 3H

Paragraph 3 – Systems and controls

(1) The [UK RIE] must ensure that the systems and controls, including procedures and arrangements, used in the performance of its functions and the functions of the trading venues it operates are adequate, effective and appropriate for the scale and nature of its business.

(2) Sub-paragraph (1) applies in particular to systems and controls concerning -

(a) the transmission of information;
(b) the assessment, mitigation and management of risks to the performance of the [UK RIE’s relevant functions];
(c) the effecting and monitoring of transactions on the [UK RIE];
(c) the technical operation of the [UK RIE], including contingency arrangements for disruption to its facilities;
(d) the operation of the arrangements mentioned in paragraph 4(2)(d); and
(e) (where relevant) the safeguarding and administration of assets belonging to users of the [UK RIE’s facilities].
(f) the resilience of its trading systems;

[Note: MiFID RTS 7 contains requirements on the resilience of trading systems operated by trading venues that enable algorithmic trading]

(g) the ability to have sufficient capacity to deal with peak order and message volumes;

[Note: MiFID RTS 7 contains requirements on the adequacy of capacity of trading systems operated by trading venues that enable algorithmic trading]

(h) the ability to ensure orderly trading under conditions of severe market stress;
(i) the effectiveness of business continuity arrangements to ensure the continuity of the [UK RIE’s] services if there is any failure of its trading systems including the testing of the [UK RIE’s] systems and controls;
(j) the ability to reject orders that exceed predetermined volume or price thresholds or which are clearly erroneous;
(k) the ability to ensure algorithmic trading systems cannot create or contribute to disorderly trading conditions on trading venues operated by the [UK RIE];
(l) the ability to ensure disorderly trading conditions which arise from the use of algorithmic trading systems, including systems to limit the ratio of unexecuted orders to transactions that may be entered into the [UK RIE's] trading system by a member or participant are capable of being managed;

[Note: MiFID RTS 9 contains requirements on the ratio of unexecuted orders to transactions to be taken into account by a trading venue that operates electronic continuous auction order book, quote-driven or hybrid trading systems]

(m) the ability to ensure the flow of orders is able to be slowed down if there is a risk of system capacity being reached;

(n) the ability to limit and enforce the minimum tick size which may be executed on its trading venues; and

(o) the requirement for members and participants to carry out appropriate testing of algorithms.

[Note: MiFID RTS 7 contains requirements on the appropriate testing of algorithms to ensure that trading systems, when they enable algorithmic trading, cannot create or contribute to disorderly trading conditions]

(3) For the purposes of sub-paragraph 2(c), the [UK RIE] must -

(a) establish and maintain effective arrangements and procedures including the necessary resource for the regular monitoring of the compliance by members or participants with its rules; and

(b) monitor orders sent including cancellations and the transactions undertaken by its members or participants under its systems in order to identify infringements of those rules, disorderly trading conditions or conduct that may indicate behavior that is prohibited under the market abuse regulation or system disruptions in relation to a financial instrument.

(4) For the purpose of sub-paragraph (2)(o) the [UK RIE] must provide environments to facilitate such testing.

(5) The [UK RIE] must be adequately equipped to manage the risks to which it is exposed, to implement appropriate arrangements and systems to identify all significant risks to its operation, and to put in place effective measures to mitigate those risks.

Paragraph 3A – Market making arrangements

(1) The [UK RIE] must -

(a) have written agreements with all investment firms pursuing a market making strategy on trading venues operated by it (“market making agreements”);

(b) have schemes, appropriate to the nature and scale of a trading venue, to ensure that a sufficient number of investment firms enter into such agreements which require them to post firm quotes at competitive prices with the result of providing liquidity to the market on a regular and predictable basis;

(c) monitor and enforce compliance with the market making agreements;

(d) inform the FCA of the content of its market making agreements; and

(e) provide the FCA with any information it requests which is necessary for the FCA to satisfy itself that the market making agreements comply with paragraphs (c) and (d) of this sub-paragraph and sub-paragraph 2.

(2) A market making agreement must specify-
(a) the obligations of the investment firm in relation to the provision of liquidity;
(b) where applicable, any obligations arising from the participation in a scheme mentioned in sub-paragraph (1)(b);
(c) any incentives in terms of rebates or otherwise offered by the [UK RIE] to the investment firm in order for it to provide liquidity to the market on a regular and predictable basis; and
(d) where applicable, any other rights accruing to the investment firm as a result of participation in the scheme referred to in sub-paragraph (1)(b).

(3) For the purposes of this paragraph, an investment firm pursues a market making strategy if -
(a) the firm is a member or participant of one or more trading venues;
(b) the firm’s strategy, when dealing on own account, involves posting firm, simultaneous two-way quotes of comparable size at competitive prices relating to one or more financial instruments on a single trading venue, across different trading venues; and
(c) the result is providing liquidity on a regular and frequent basis to the overall market.

Paragraph 3B – Halting trading
(1) The [UK RIE] must be able to -
(a) temporarily halt or constrain trading on any trading venue operated by it if there is a significant price movement in a financial instrument on such a trading venue or a related trading venue during a short period; and
(b) in exceptional cases be able to cancel, vary, or correct any transaction.

(2) For the purposes of sub-paragraph (1), the [UK RIE] must ensure that the parameters for halting trading are appropriately calibrated in a way which takes into account -
(a) the liquidity of different asset classes and subclasses;
(b) the nature of the trading venue market model; and
(c) the types of users,
to ensure the parameters are sufficient to avoid significant disruptions to the orderliness of trading.

(3) The [UK RIE] must report the parameters mentioned in sub-paragraph (2) and any material changes to those parameters to the FCA in a format to be specified by the FCA.

(4) If a trading venue operated by the [UK RIE] is material in terms of liquidity of the trading of a financial instrument and it halts trading in the United Kingdom in that instrument it must have systems and procedures in place to ensure that it notifies the FCA.

[Note: MiFID RTS 12 contains requirements for when a regulated market is material in terms of liquidity in a financial instrument for purposes of trading halt notifications]

Paragraph 3C – Direct electronic access
Where the [UK RIE] permits direct electronic access to a trading venue it operates, it must -

(1) (a) ensure that a member of, or participant in that trading venue is only permitted to provide direct electronic access to the venue if the member or participant -
(i) an investment firm which has permission under Part 4A of the Act to carry on a regulated activity which is any of the investment services or activities;

(ii) a qualifying credit institution that has Part 4A permission to carry on the regulated activity of accepting deposits;

(iii) is a person who falls within regulation 30(1A) of the Financial Services and Markets Act 2000 (Markets in Financial Instruments) Regulations 2017 and has permission under Part 4A of the Act to carry on a regulated activity which is any of the investment services or activities;

(iv) is a third country firm providing the direct electronic access in the course of exercising rights under Article 46.1 (general provisions) of the markets in financial instruments regulation;

(v) is a third country firm and the provision of the direct electronic access by that firm is subject to the exclusion in Article 72 of the Financial Services and Markets Act 2000 (Regulated Activities) Order 2001; or

(vi) is a third country firm which does not come within paragraph (iv) or (v) and is otherwise permitted to provide the direct electronic access under the Act;

(b) ensure that appropriate criteria are set and applied for the suitability of persons to whom direct electronic access services may be provided;

(c) ensure that a member of, or participant in, the trading venue retains responsibility for adherence to the requirements of any provisions of the law of the United Kingdom relied on by the United Kingdom before IP completion day to implement the markets in financial instruments directive in respect of orders and trades executed using the direct electronic access service, as those provisions have effect on IP completion day, in the case of rules made by the FCA under the Act, and as amended from time to time, in all other cases;

(d) set appropriate standards regarding risk controls and thresholds on trading through direct electronic access;

(e) be able to distinguish and if necessary stop orders or trading on that trading venue by a person using direct electronic access separately from -

   (i) other orders; or

   (ii) trading by the member or participant providing the direct electronic access; and

(f) have arrangements in place to suspend or terminate the provision to a client of direct electronic access to that trading venue by a member of, or participant in, the trading venue in the case of non-compliance with this paragraph.

[Note: MiFID RTS 7 contains requirements on direct electronic access permitted through a trading venue’s systems]

Paragraph 3D – Co-location services

(1) The [UK RIE’s] rules on colocation services must be transparent, fair and nondiscriminatory.

[Note: MiFID RTS 10 contains requirements to ensure co-location services are transparent, fair and non-discriminatory]

Paragraph 3E – Fee structures
(1) The [UK RIE’s] fee structure, for all fees it charges including execution fees and ancillary fees and rebates it grants, must -
   (a) be transparent, fair and non-discriminatory;
   [Note: MiFID RTS 10 contains requirements to ensure fee structures are transparent, fair and non-discriminatory]
   (b) not create incentives to place, modify or cancel orders, or execute transactions, in a way which contributes to disorderly trading conditions or market abuse; and
   [Note: MiFID RTS 10 contains requirements concerning prohibited fee structures]
   (c) impose market making obligations in individual shares or suitable baskets of shares for any rebates that are granted.

(2) Nothing in sub-paragraph (1) prevents the [UK RIE] from -
   (a) adjusting its fees for cancelled orders according to the length of time for which the order was maintained;
   (b) calibrating its fees to each financial instrument to which they apply;
   (c) imposing a higher fee -
      (i) for placing an order which is cancelled than an order which is executed;
      (ii) on participants placing a high ratio of cancelled orders to executed orders; or
      (iii) on a person operating a high-frequency algorithmic trading technique,
           in order to reflect the additional burden on system capacity.

Paragraph 3F – Algorithmic trading
(1) The [UK RIE] must require members of and participants in trading venues operated by it to flag orders generated by algorithmic trading in order for it to be able to identify the -
   (a) the different algorithms used for the creation of orders; and
   (b) the persons initiating those orders.

Paragraph 3G – Tick size regimes
(1) Subject to paragraph 1A, the [UK RIE] must adopt tick size regimes in respect of trading venues operated by it in -
   (a) shares, depositary receipts, exchange-traded funds, certificates and other similar financial instruments traded on each trading venue; and
   [Note: MiFID RTS 11 contains requirements on the tick size regime for shares, depositary receipts, exchange traded funds and certificates]
   (b) any financial instrument for which technical standards are adopted by FCA under paragraphs 24 and 25 of Part 2 of Schedule 3 to the markets in financial instruments regulation which is traded on that trading venue.
   [Note: MiFID RTS 11]

(1A) The application of tick sizes shall not prevent the [UK RIE] from matching orders that are large in scale (as determined in accordance with Article 4 of the markets in financial instruments regulation) at the mid-point within the current bid and offer prices.
   [Note: MiFID RTS 11]

(2) The tick size regime must -
(a) be calibrated to reflect the liquidity profile of the financial instrument in different markets and the average bid-ask spread taking into account desirability of enabling reasonably stable prices without unduly constraining further narrowing of spreads; and

(b) adapt the tick size for each financial instrument appropriately.

[Note: MiFID RTS 11]

Paragraph 3H – Synchronisation of business clocks

[Note: MiFID RTS 25]

2.5.1A UK Schedule to the Recognition Requirements Regulations, paragraph 4(2)(ea)

Without prejudice to the generality of sub-paragraph [4(1)], the [UK RIE] must ensure that -

appropriate arrangements are made to -

(i) identify conflicts between the interests of the [UK RIE], its owners and operators and the interests of the persons who make use of its facilities or the interests of the trading venues operated by it; and

(ii) manage such conflicts so as to avoid adverse consequences for the operation of the trading venues operated by the [UK RIE] and for the [persons] who make use of its facilities.

2.5.1B R In paragraph 3B(3) of the Schedule to the Recognition Requirements Regulations, under which a UK RIE must report the parameters for halting trading to the FCA, such information must be provided to the FCA in writing and delivered by any one of the methods in ▼ REC 3.2.3R.

2.5.2 UK [deleted]

2.5.3 G In assessing whether the systems and controls used by a UK recognised body in the performance of its relevant functions are adequate, effective and appropriate for the scale and nature of its business, the FCA may have regard to the UK recognised body’s:

(1) arrangements for managing, controlling and carrying out its relevant functions, including:
(a) the distribution of duties and responsibilities among the members of the management body and the departments of the UK recognised body responsible for performing its relevant functions;

(b) (where the staffing requirements in MiFID RTS 7 do not apply to the UK RIE) the staffing and resources of the departments of the UK recognised body responsible for performing its relevant functions; and

(c) the arrangements made to enable members of the management body to supervise the departments or functions for which they are responsible;

(2) arrangements for the identification and management of conflicts of interest;

(3) arrangements for internal and external audit; and

(4) information technology systems.

REC 2.5.4G to REC 2.5.20G set out other matters to which the FCA may have regard in assessing the UK RIE’s systems and controls used for the transmission of information, risk management, the operation of settlement arrangements (the matters covered in paragraph 4(2)(d) of the Schedule to the Recognition Requirements Regulations), the safeguarding and administration of assets and certain other aspects of its operations.

Where the MiFID/MiFIR Systems Regulations apply to a UK RIE, the FCA will, in assessing the UK RIE’s systems and controls, additionally have regard to the UK RIE’s satisfaction of any relevant requirements in those regulations. Of particular importance is MiFID RTS 7, which will apply where a trading venue allows or enables algorithmic trading.

Information transmission

In assessing a UK recognised body’s systems and controls for the transmission of information, the FCA may also have regard to the extent to which these systems and controls ensure that information is transmitted promptly and accurately:

(1) within the UK recognised body itself;

(2) to members; and

(3) (where appropriate) to other market participants or other relevant persons.

Risk management

In assessing a UK recognised body’s systems and controls for assessing and managing risk, the FCA may also have regard to the extent to which these systems and controls enable the UK recognised body to:

(1) identify all the general, operational, legal and market risks wherever they arise in its activities;
(2) measure and control the different types of risk;

(3) allocate responsibility for risk management to persons with appropriate knowledge and expertise; and

(4) provide sufficient, reliable information to key individuals and, where relevant, the governing body of the UK recognised body.

2.5.7 [deleted]

Operation of settlement arrangements and effecting and monitoring of transactions

2.5.8 In assessing a UK RIE’s systems and controls for the operation of settlement arrangements, the FCA may have regard to the totality of the arrangements and processes through which the UK RIE’s transactions are cleared and settled, including:

(1) (in relation to non-derivatives transactions) a UK RIE’s arrangements with another person under which any rights or liabilities arising from transactions are discharged including arrangements for transmission to a settlement system or clearing house;

(2) (in relation to non-derivatives transactions and if relevant), a UK RIE’s arrangements under which instructions relating to a transaction, to be cleared by another person by means of a clearing facilitation service are entered into its systems by the relevant other person and transmitted to the other person; and

(3) the arrangements made by the UK RIE for monitoring and reviewing the operation of these systems and controls.

[Note: In relation to derivative transactions, MiFID RTS 26 contains requirements on the systems for clearing such transactions]

2.5.8A Where the requirements of MiFID RTS 7 in respect of effecting and monitoring transactions do not apply to a UK RIE, the FCA may, in addition, assess the UK RIE’s systems and controls for the effecting and monitoring of transactions. In doing so, it will have regard to the UK RIE’s arrangements under which orders are received and matched, and its arrangements for trade and transaction reporting.

Safeguarding and administration of assets

2.5.9 In assessing a UK recognised body’s systems and controls for the safeguarding and administration of assets belonging to users of its facilities, the FCA may have regard to the totality of the arrangements and processes by which the UK recognised body:

(1) records the assets held and the identity of the owners of (and other persons with relevant rights over) those assets;

(2) records any instructions given in relation to those assets;

(3) records the carrying out of those instructions;
(4) records any movements in those assets (or any corporate actions or other events in relation to those assets); and

(5) reconciles its records of assets held with the records of any custodian or sub-custodian used to hold these assets, and with the records of beneficial or legal ownership of those assets.

Management of conflicts of interest

A conflict of interest arises in a situation where a person with responsibility to act in the interests of one person may be influenced in his or her action by an interest or association of his or her own, whether personal or business or employment related. Conflicts of interest can arise both for the employees of UK recognised bodies and for the members (or other persons) who may be involved in the decision-making process, for example where they belong to committees or to the management body. Conflicts of interest may also arise for the UK recognised body itself as a result of its connection with another person.

The FCA recognises that a UK RIE has legitimate interests of its own and that its general business policy may properly be influenced by other persons (such as its owners). Such a connection does not necessarily imply the existence of a conflict of interest nor is it necessary to exclude individuals closely connected with other persons (for example, those responsible for the stewardship of the owner’s interests) from all decision-making processes in a UK recognised body. However, there may be decisions, primarily regulatory decisions, from which it may be appropriate to exclude an individual in certain circumstances where an interest, position or connection of his conflicts with the interest of the recognised body.

REC 2.5.13 G to REC 2.5.16 G set out the factors to which the FCA may have regard in assessing a UK recognised body’s systems and controls for managing conflicts of interest.

The FCA may have regard to the arrangements a UK recognised body makes to structure itself and to allocate responsibility for decisions so that it can continue to take proper regulatory decisions notwithstanding any conflicts of interest, including:

(1) the size and composition of the management body and relevant committees;

(2) the roles and responsibilities of members of the management body, especially where they also have responsibilities in other organisations;

(3) the arrangements for transferring decisions or responsibilities to alternates in individual cases; and

(4) the arrangements made to ensure that individuals who may have a permanent conflict of interest in certain circumstances are excluded from the process of taking decisions (or receiving information) about matters in which that conflict of interest would be relevant.
2.5.14 The FCA may also have regard to the systems and controls intended to ensure that confidential information is only used for proper purposes. Where relevant, recognised bodies will have to comply with section 348 (Restrictions on disclosure of confidential information by the FCA etc.) and regulations made under section 349 (Exemptions from section 348) of the Act.

2.5.15 The FCA may also have regard to the contracts of employment, staff rules, letters of appointment for members of the management body, members of relevant committees and other guidance given to individuals on handling conflicts of interest. Guidance to individuals may need to cover:

1. the need for prompt disclosure of a conflict of interest to enable others, who are not affected by the conflict, to assist in deciding how it should be managed;

2. the circumstances in which a general disclosure of conflicts of interest in advance of any particular instance in which a conflict of interest arises may be sufficient;

3. the circumstances in which a general advance disclosure may not be adequate;

4. the circumstances in which it would be appropriate for a conflicted individual to withdraw from involvement in the matter concerned, without disclosing the interest; and

5. the circumstances in which safeguards in addition to disclosure would be required, such as the withdrawal of the individual from the decision-taking process, or from access to relevant information.

2.5.16 The FCA may also have regard to the arrangements made:

1. for enforcing rules or other provisions applicable to staff and other persons involved in regulatory decisions; and

2. to keep records of disclosures of conflicts of interest and the steps taken to handle them.

Internal and external audit

A UK recognised body's arrangements for internal and external audit will be an important part of its systems and controls. In assessing the adequacy of these arrangements, the FCA may have regard to:

1. the size, composition and terms of reference of any audit committee of the UK recognised body's governing body;

2. the frequency and scope of external audit;

3. the provision and scope of internal audit;

4. the staffing and resources of the UK recognised body's internal audit department;
(5) the internal audit department’s access to the UK recognised body’s records and other relevant information; and

(6) the position, responsibilities and reporting lines of the internal audit department and its relationship with other departments of the UK recognised body.

**Information technology systems**

2.5.18 Where MiFID RTS 7 applies to the UK RIE, the FCA may, in assessing the adequacy of the UK recognised body’s information technology systems, have regard to:

1. the organisation, management and resources of the information technology department within the UK recognised body;

2. the arrangements for documenting the design, development, implementation and use of information technology systems; and

3. the arrangements for maintaining, recording and enforcing technical and operational standards and specifications for information technology systems, including the procedures for the evaluation and selection of information technology systems.

2.5.19 Where MiFID RTS 7 does not apply to a UK RIE, the FCA may in addition have regard to the performance, capacity and reliability of its systems. The FCA may also have regard to the arrangements for maintaining, recording and enforcing technical and operational standards and specifications for information technology systems, including:

1. the procedures for the evaluation and selection of information technology systems;

2. the arrangements for testing information technology systems before live operations;

3. the procedures for problem management and system change;

4. the arrangements to monitor and report system performance, availability and integrity;

5. the arrangements (including spare capacity and access to back-up facilities) made to ensure information technology systems are resilient and not prone to failure;

6. the arrangements made to ensure business continuity in the event that an information technology system does fail;

7. the arrangements made to protect information technology systems from damage, tampering, misuse or unauthorised access; and

8. the arrangements made to ensure the integrity of data forming part of, or being processed through, information technology systems.
The FCA may have regard to the arrangements made to keep clear and complete audit trails of all uses of information technology systems and to reconcile (where appropriate) the audit trails with equivalent information held by system users and other interested parties.
2.5A Guidance on Public Interest Disclosure Act: Whistleblowing

Application and Purpose: Application

2.5A.1 This section is relevant to every UK recognised body to the extent that the Public Interest Disclosure Act 1998 ("PIDA") applies to it.

Purpose

2.5A.2 (1) The purposes of this section are to:
   (a) provide UK recognised bodies with guidance regarding the provisions of PIDA; and
   (b) Encourage UK recognised bodies to consider adopting and communicating to workers appropriate internal procedures for handling workers' concerns as part of an effective risk management system.

   (2) In this section "worker" includes, but is not limited to, an individual who has entered into a contract of employment.

2.5A.3 The guidance in this section concerns the effect of PIDA in the context of the relationship between UK recognised bodies and the FCA. It is not comprehensive guidance on PIDA itself.

Practical Measures: Effect of PIDA

2.5A.4 Under PIDA, any clause or term in an agreement between a worker and his employer is void in so far as it purports to preclude the worker from making a protected disclosure (that is, "blow the whistle").

2.5A.5 In accordance with section 1 of PIDA:

   (1) a "protected disclosure" is a qualifying disclosure which meets the relevant requirements set out in part 4A of the Employment Rights Act 1996;

   (2) a "qualifying disclosure" is a disclosure, made in the public interest, of information which, in the reasonable belief of the worker making the disclosure, tends to show that one or more of the following (a "failure") has been, is being, or is likely to be, committed:
      (a) a criminal offence; or
(b) a failure to comply with any legal obligation; or
(c) a miscarriage of justice; or
(d) the putting of the health and safety of any individual in danger; or
(e) damage to the environment; or
(f) deliberate concealment relating to any of (a) to (e);

it is immaterial whether the relevant failure occurred, occurs or would occur in the United Kingdom or elsewhere, and whether the law applying to it is that of the United Kingdom or of any other country or territory.

Internal Procedures

2.5A.6  
(1) **UK recognised bodies** are encouraged to consider adopting appropriate internal procedures which will encourage their workers with concerns to blow the whistle internally about matters which are relevant to the functions of the FCA.

(2) In considering appropriate internal procedures, **UK recognised bodies** may find the guidance provided to firms in **SYSC 18.2.2 G (2)** and **SYSC 18.2.2 G (3)** helpful.

Link to fitness and propriety

2.5A.7  
In determining whether a **UK recognised body** is a fit and proper **person**, the FCA may have regard to any relevant factor including, but not limited to, how the **UK recognised body** and **key individuals** have complied with any relevant law (see **REC 2.4.3 G (9)**).
2.6 General safeguards for investors, suspension and removal of financial instruments from trading and order execution on regulated markets

2.6.1 UK Schedule to the Recognition Requirements Regulations, Paragraph 4(1)

### Waivers based on market model and type of order or transaction

1. Waivers in accordance with Article 29(2) and 44(2) of [MiFID] [(see REC 2.6.3 UK)] may be granted by the [FCA] for systems operated by an MTF or a regulated market, if those systems satisfy one of the following criteria:

   b. they formalise negotiated transactions [(see REC 2.6.11 EU)], each of which meets one of the following criteria:

      i. it is made at or within the current volume weighted spread reflected on the order book or the quotes of the market makers of the regulated market or MTF operating that system or, where the share is not traded continuously, within a percentage of a suitable reference price, being a percentage and a reference price set in advance by the system operator;

      ii. it is subject to conditions other than the current market price of the share [see REC 2.6.12 EU].

For the purposes of point (b), the other conditions specified in the rules of the regulated market or MTF for a transaction of this kind must also have been fulfilled.

In the case of systems having functionality other than as described in points (a) or (b), the waiver shall not apply to that other functionality.

2. Waivers in accordance with Articles 29(2) and 44(2) of [MiFID] [(see REC 2.6.3 UK)], based on the type of orders may be granted only in relation to orders held in an order management facility maintained by the regulated market or the MTF pending their being disclosed to the market.

(2) [deleted]

as to afford proper protection to investors, the FCA may, in addition to the matters dealt with in REC 2.7 to REC 2.12, have regard to all the arrangements made by the UK recognised body concerning the operation of its facilities.

The FCA may also have regard to the extent to which the UK recognised body's rules, procedures and the arrangements for monitoring and overseeing the use of its facilities:

(1) include appropriate measures to prevent the use of its facilities for abusive or improper purposes;

(2) provide appropriate safeguards for investors against fraud or misconduct, recklessness, negligence or incompetence by users of its facilities;

(3) provide appropriate information to enable users of its facilities to monitor their use of the facilities;

(4) include appropriate arrangements to enable users of its facilities to raise queries about any use of those facilities which they are reported to have made;

(5) include appropriate arrangements to enable users of its facilities to comply with any relevant regulatory or legal requirements; and

(6) include appropriate arrangements to reduce the risk that those facilities will be used in ways which are incompatible with relevant regulatory or legal requirements;
and in this paragraph "appropriate" should be taken to mean appropriate having regard to the nature and scale of the UK recognised body’s facilities, the types of persons who will use the facilities and the use which they will make of those facilities.

Orderly markets

2.6.28

In determining whether a UK RIE is ensuring that business conducted by means of its facilities is conducted in an orderly manner (and so as to afford proper protection to investors), the FCA may have regard to the extent to which the UK RIE’s rules and procedures:

(1) are consistent with the Market Abuse Regulation;

(2) prohibit abusive trading practices or the deliberate reporting or publication of false information about trades; and

(3) prohibit or prevent:

(a) trades in which a party is improperly indemnified against losses;

(b) trades intended to create a false appearance of trading activity ("wash trades");

(d) improperly prearranged or prenegotiated trades;

(e) trades intended to assist or conceal any potentially identifiable trading abuse ("accommodation trades"); and

(f) trades which one party does not intend to close out or settle.

2.6.29

In determining whether a UK RIE is ensuring that business conducted by means of its facilities is conducted in an orderly manner (and so as to afford proper protection to investors), the FCA may have regard to whether the UK RIE’s arrangements and practices:

(1) enable members and clients for whom they act to obtain the best price available at the time for their size and type of trade;

(2) demonstrate that the UK RIE is able to satisfy:

(a) either or both of the following:

(i) (for shares, depositary receipts, exchange traded funds, certificates and other similar financial instruments traded on its trading venues) the pre-trade transparency requirements in article 3 of MiFIR, unless waived by the FCA under article 4 of MiFIR in which case the FCA will have regard to the UK RIE’s ability to demonstrate that it is able to satisfy article 5(7) of MiFIR; or

(ii) (for bonds, structured finance products, emission allowances and derivatives traded on its trading venues) the pre-trade transparency requirements in article 8 of MiFIR, unless waived or temporarily suspended by the FCA under article 9 of MiFIR; and

(b) either or both of the following:

(c) (for all financial instruments referred to in REC 2.6.29G(2)(a) or REC 2.6.29G(2)(b) traded on its trading venue) the obligation to make pre-trade and post-trade data available separately and on a reasonable commercial basis in accordance with articles 12 and 13 of MiFIR, and MiFID RTS 14 on the specification of the offering of pre-trade data and post-trade data and the level of disaggregation.

where the [UK RIE's] facilities include making provision for the safeguarding and administration of assets belonging to users of those facilities, satisfactory arrangements are made for that purpose.

2.11.2 UK [deleted]

2.11.3 G

In determining whether a UK recognised body has made satisfactory arrangements for the safeguarding and administration of assets belonging to the users of its facilities, the FCA may have regard to:

(1) the level of protection which the arrangements provide against the risk of theft or other types or causes of loss;

(2) whether the arrangements ensure that assets are only used or transferred in accordance with the instructions of the owner of those assets or in accordance with the terms of the agreement by which the UK recognised body undertook to safeguard and administer those assets;

(3) whether the arrangements ensure that the assets are not transferred to the UK recognised body or to any other person to settle the debts of the owner (or other person with the appropriate rights over the assets) except in accordance with valid instructions from a person entitled to give those instructions, or in accordance with the terms of the agreement by which the UK recognised body undertook to safeguard and administer those assets;

(4) whether the arrangements include satisfactory procedures to ensure that any rights arising in relation to the assets held as a result of any actions by the issuers of those assets (or other relevant persons) are held, transferred or acted upon in a timely and accurate manner in accordance with the instructions of the owner of those assets or in accordance with the terms of the agreement by which the UK recognised body undertook to safeguard and administer those assets;

(5) whether there are adequate arrangements to ensure the proper segregation of assets belonging to the UK recognised body (or to undertakings in the same group) from those belonging to the users of its facilities for the safeguarding and administration of assets;
(6) whether the arrangements include satisfactory procedures for the selection, oversight and review of custodians or sub-custodians used to hold the assets;

(7) whether the agreements by which the UK recognised body undertakes to safeguard and administer assets belonging to users of its facilities include appropriate information regarding the terms and conditions of that service and the obligations of the UK recognised body to the user of the service and of the user of the service to the UK recognised body;

(8) whether the records kept of those assets and the operation of the safeguarding services provide sufficient accurate and timely information:

   (a) to identify the legal and beneficial owners of the assets and of any persons who have charges over, or other interests, in the assets;

   (b) to record separately any additions, reductions and transfers in each account of assets held for safeguarding or administration; and

   (c) to identify separately the assets owned by (or, where appropriate, on behalf of) different persons, including, where appropriate, the assets owned by members of the UK recognised body and their clients;

(9) the frequency of reconciliation of the assets held by (or on behalf of) the UK recognised body with the accounts held with the UK recognised body by the users of its safeguarding and administration services and the extent of the arrangements for resolving a shortfall identified in any reconciliation; and

(10) the frequency with which statements of their holdings are provided to the users of the safeguarding and administration services, to the owners of the assets held and other appropriate persons in accordance with the terms of the agreement by which the UK recognised body undertook to safeguard and administer those assets.

Where a UK recognised body arranges for other persons to provide services for the safeguarding and administration services of assets belonging to users of its facilities, it will also need to satisfy the recognition requirement in Regulation 6 of the Recognition Requirements Regulations (see REC 2.2).

2.13.2 UK [deleted]

2.13.3 G In determining whether a UK recognised body is able and willing to promote and maintain high standards of integrity and fair dealing in the carrying on of regulated activities, the FCA may have regard to the extent to which the UK recognised body seeks to promote and encourage, through its rules, practices and procedures, conduct in regulated activities which is consistent with the Market Abuse Regulation and with any codes of conduct, rules or principles relating to behaviour in regulated activities which users of the UK financial system would normally expect to apply to the regulated activity and the conduct in question.

2.13.4 G In assessing the ability of a UK recognised body to cooperate with the FCA and other appropriate bodies, the FCA may have regard to the extent to which the constitution and rules of the UK recognised body and its agreements with its members enable it to obtain information from members and to disclose otherwise confidential information to the FCA and other appropriate bodies.

2.13.5 G In assessing the willingness of a UK recognised body to cooperate with the FCA and other appropriate bodies, the FCA may have regard to:

(1) the extent to which the UK recognised body is willing to provide information about it and its activities to assist the FCA in the exercise of its functions;

(2) the extent to which the UK recognised body is open with the FCA or other appropriate bodies in regulatory matters;
(3) how diligently the UK recognised body investigates or pursues enquiries from the FCA or other appropriate bodies; and

(4) whether the UK recognised body participates in appropriate international fora.

2.13.6 G For the purpose of this section, 'information' includes information held about large positions held by members of a UK recognised body.

2.14.2 UK [deleted]

2.14.3 G In determining whether a UK recognised body has appropriate procedures for it to make rules, for keeping its rules under review and for amending them, the FCA may have regard to:

(2) the arrangements made for determining whether or not it is appropriate to consult members or other users of the UK recognised body's facilities;

(3) the procedures for consulting members and other users of its facilities in appropriate cases; and

(4) the arrangements for notifying members (and other appropriate persons) of rule changes.

2.14.4 G

(2) In the FCA’s view, a UK recognised body’s procedures may not need to contain provision for consulting users of its facilities before making...
minor changes to any rules of an administrative or commercial character.

2.14.5 In determining whether a UK recognised body's procedures for consulting members and other users of its facilities are appropriate, the FCA may have regard to the range of persons to be consulted by the UK recognised body under those procedures.

(1) In determining whether a UK recognised body's procedures for consulting members and other users of its facilities are appropriate, the FCA may have regard to the range of persons to be consulted by the UK recognised body under those procedures.

(2) In the FCA's view, consultation with a smaller range of persons may be appropriate where limited, technical changes to a UK recognised body's rules are proposed.

(3) In the FCA's view, a UK recognised body's procedures may include provision to restrict consultation where it is essential to make a change to the rules without delay in order to ensure continued compliance with the recognition requirements or other obligations under the Act.

2.14.6 In determining whether a UK recognised body's procedures for consulting members and other users of its facilities are appropriate, the FCA may have regard to the extent to which the procedures include:

(2) publication to users of its facilities of a formal consultation paper which includes clearly expressed reasons for the proposed changes and an appropriately detailed assessment of the likely costs and benefits;

### 2.15.2 [deleted]

### 2.15.3 In determining whether a UK recognised body has effective arrangements for monitoring and enforcing compliance with its rules (including its settlement arrangements), the FCA may have regard to:

(1) the UK recognised body's ability to:
(a) monitor and oversee the use of its facilities;

(e) suspend a member's access to its facilities;
(f) refer members' or others' conduct to other appropriate authorities for possible action or further investigation;
(g) retain authority over a member for at least one year after he has ceased to be a member;
(h) where appropriate, enforce its rules (and settlement arrangements, where appropriate) against users (other than members) of its facilities; and
(i) take action against suppliers of services to members (for example, warehouses) whose performance or conduct may be critical to ensuring compliance with its rules (and settlement arrangements, where appropriate);

(2) the position, management and resources of the departments responsible for monitoring and overseeing the use of the UK recognised body's facilities and for enforcing compliance with its rules (and settlement arrangements, where appropriate); and

(3) the arrangements made for the determination of disciplinary matters including the arrangements for disciplinary hearings and the arrangements made for appeals from the UK recognised body's decisions in those matters.

In assessing whether the procedures made by a UK recognised body to investigate complaints about the users of its facilities are satisfactory, the FCA may have regard to:

(1) whether these procedures include arrangements which enable the UK recognised body to:
   (a) acknowledge complaints promptly;
   (b) consider and investigate these complaints objectively, promptly and thoroughly;
   (c) provide a timely reply to the complainant; and
   (d) keep adequate records of complaints and investigations;

(2) the arrangements made to enable a person who is the subject of a complaint to respond in an appropriate manner to that complaint; and

(3) the documentation of these procedures and the arrangements made to ensure that the existence of these procedures is brought to the attention of persons who might wish to make a complaint.
In assessing whether the arrangements include procedures for the fair, independent and impartial resolution of appeals against decisions of a UK recognised body, the FCA may have regard to at least the following factors:

1. the appeal procedures of the UK recognised body, including the composition and roles of any appeal committees or tribunals, and their relationship to the governing body;
2. the arrangements made to ensure prompt hearings of appeals from decisions made by the UK recognised body;
3. the format, organisation and rules of procedure of those hearings;
4. the arrangements made to select the persons to preside over those hearings and to serve as members of any appeal tribunal;
5. the provision for determining whether or not such hearings should be in public;
6. the provision made to enable an appellant to be aware of the procedure at any appeal hearing and to have the opportunity to prepare and present his case at that hearing;
7. the provision made for an appeal tribunal to give an explanation of its decision;
8. the provision for publicity for any appeals or for determining whether or not publicity should be given to the outcome of any appeal.

In assessing whether a UK recognised body's arrangements include appropriate provision for ensuring the application of any financial penalties in ways described in the recognition requirement, the FCA may have regard to:

1. the UK recognised body's policy regarding the application of financial penalties;
2. the arrangements made for applying that policy in individual cases;

but the FCA does not consider that it is necessary for UK recognised bodies to follow any specific policy in order to meet this recognition requirement.
2.16 Complaints

Schedule to the Recognition Requirements Regulations, Paragraph 9

1. The [UK RIE] must have effective arrangements for the investigation and resolution of complaints arising in connection with the performance of, or failure to perform, any of its regulatory functions.

   (a) complaints about the content of rules made by the [UK RIE], or
   (b) complaints about a decision against which the complainant has the right to appeal under procedures of the kind mentioned in paragraph 8(2)(b).

3. The arrangements must include arrangements for a complaint to be fairly and impartially investigated by a person independent of the [UK RIE], and for him to report on the result of his investigation to the [UK RIE] and to the complainant.

4. The arrangements must confer on the person mentioned in sub-paragraph (3) the power to recommend, if he thinks appropriate, that the [UK RIE]-
   (a) makes a compensatory payment to the complainant,
   (b) remedies the matter complained of,
   or takes both of those steps.

5. Sub-paragraph (3) is not to be taken as preventing the [UK RIE] from making arrangements for the initial investigation of a complaint to be conducted by the [UK RIE].

2.16.2 [deleted]

2.16.3 [deleted]
(4) inform the complainant of his right to apply to the UK recognised body's complaints investigator; and

In determining whether a UK recognised body's arrangements for the investigation of complaints include appropriate arrangements for the complaint to be fairly and impartially investigated by an independent person (a "complaints investigator"), the FCA may have regard to:

(1) the arrangements made for appointing (and removing) a complaints investigator, including the terms and conditions of such an appointment and the provision for remuneration of a complaints investigator;

(2) the complaints investigator's access to, and relationship with, the UK recognised body's governing body and key individuals;

(1) The rules of the [UK RIE] must provide that where it, without obtaining the consent of the issuer, admits to trading on a multilateral trading facility operated by it a transferable security which has been admitted to trading on a regulated market, the [UK RIE] may not require the issuer of that security to demonstrate compliance with the disclosure obligations.

(2) The [UK RIE] must maintain arrangements to provide sufficient publicly available information (or satisfy itself that sufficient information is publicly available) to enable users of a multilateral trading facility operated by it to form investment judgements, taking into account both the nature of the users and the types of instruments traded.

Paragraph 9E – SME growth markets

[Note: REC 2.16A.1D]

(2) An exchange-operated SME growth market must not admit to trading a financial instrument which is already admitted to trading on another SME growth market unless the issuer of the instrument has been informed of the proposed admission to trading and has not objected.
(3) Where an exchange-operated SME growth market exchange admits a financial instrument to trading in the circumstances of paragraph (2), that exchange-operated SME growth market may not require the issuer of the financial instrument to demonstrate compliance with -

   (e) ensure that the organised trading facility does not connect with another organised trading facility in a way which enables orders in different organised trading facilities to interact.

(2) A [UK RIE] may only engage in -

      (i) bonds,
      (ii) structured finance products,

(5) The first discretion is whether to place or retract an order on the organised trading facility.

(6) The second discretion is whether to match a specific client order with other orders available on the organised trading facility at a given time, provided the exercise of such discretion is in compliance
with specific instructions received from the client and in accordance with the [UK RIE’s] obligations under—

(8) Subject to the requirements of this paragraph, with regard to a system that arranges transactions in non-equities, the [UK RIE] may facilitate negotiation between clients so as to bring together two or more comparable potentially trading interests in a transaction.

(9) The [UK RIE] must comply with rules made by the FCA as they have effect on IP completion day as to how Articles 24, 25, 27 and 28 of the markets in financial instruments directive apply to its operation of an organised trading facility.

(10) Nothing in this paragraph prevents a [UK RIE] from engaging an investment firm to carry out market making on an independent basis on an organised trading facility operated by the [UK RIE] provided the investment firm does not have close links with the [UK RIE].

(11) In this paragraph -

Paragraph 10 (Default rules in respect of market contracts)

1. The [UK RIE] must have default rules which, in the event of a member of the [UK RIE] being or appearing to be unable to meet his obligations in respect of one or more market contracts, enable action to be taken in respect of unsettled market contracts to which he is party.

2. The [default rules] may authorise the taking of the same or similar action in relation to a member who appears to be likely to become unable to meet his obligations in respect of one or more market contracts.

3. The [default rules] must enable action to be taken in respect of all unsettled market contracts, other than those entered into for the purposes of or in connection with the provision of clearing services for the [UK RIE].

4. Sub-paragraph (5) applies where the exchange has arrangements for transacting business with, or in relation to common members of, a [recognised clearing house] or another [recognised investment exchange].

5. A [UK RIE] must have [default rules] which in the event of the clearing house or the investment exchange being or appearing to be unable to meet its obligations in respect of one or more [market contracts], enable action to be taken in respect of unsettled [market contracts] to which that person is a party.
(1) This paragraph applies as regards contracts falling within [section 155(2)(a)] of the Companies Act [1989].
(2) The [default rules] must provide -
   (a) for all rights and liabilities between those party as principal to unsettled market contracts to which the defaulter is party as principal to be discharged and for there to be paid by one party to the other such sum of money (if any) as may be determined in accordance with the [default rules];
   (b) for the sums so payable in respect of different contracts between the same parties to be aggregated or set off so as to produce a net sum; and
   (c) for the certification by or on behalf of the [UK RIE] of the net sum payable or, as the case may be, of the fact that no sum is payable.
(3) The reference in sub-paragraph (2) to rights and liabilities between those party as principal to unsettled market contracts does not include rights and liabilities -

(4) The [default rules] may make the same or similar provision, in relation to [designated non-members] designated in accordance with the procedures mentioned in sub-paragraph (5), as in relation to members of the [UK RIE].
(5) If such provision is made as is mentioned in sub-paragraph (4), the [UK RIE] must have adequate procedures -
   (a) for designating the persons, or descriptions of person, in respect of whom action may be taken;
   (b) for keeping under review the question which persons or descriptions of person should be or remain so designated; and
   (c) for withdrawing such designation.
(6) The procedures must be designed to secure that -
   (a) a person is not, or does not remain, designated if failure by him to meet his obligations in respect of one or more market contracts would be unlikely adversely to affect the operation of the market; and
   (b) a description of persons is not, or does not remain, designated if failure by a person of that description to meet his obligations in respect of one or more market contracts would be unlikely adversely to affect the operation of the market.
(7) The [UK RIE] must have adequate arrangements -
   (a) for bringing a designation or withdrawal of designation to the attention of the person or description of persons concerned; and
   (b) where a description of persons is designated, or the designation of a description of persons is withdrawn, for ascertaining which persons fall within that description.

(b) for the sums so payable by or to the defaulter in respect of different contracts entered into by the defaulter in one capacity for the purposes of section 187 of the Companies Act [1989] to be aggregated or set off so as to produce a net sum;

(bb) if relevant, for that sum to be aggregated with, or set off against, any sum owed by or to the investment exchange by or to AP under an indemnity given or reimbursement or similar obligation in respect of a margin set off agreement in which the defaulter chose to participate so as to produce a net sum;

(c) for the net sum referred to in [(2)](b) or, if relevant, the net sum referred to in [(2)](bb) -

(i) if payable by the defaulter to the exchange, to be set off against -

(aa) any property provided by or on behalf of the defaulter as cover for margin (or the proceeds of realisation of such property);

(ii) to the extent (if any) that any sum remains after set off under (i), to be paid from such other funds, including the default fund, or resources as the exchange may apply under its default rules;

(iii) if payable by the exchange to the defaulter, to be aggregated with -

(aa) any property provided by or on behalf of the defaulter as cover for margin (or the proceeds of realisation of such property);

(bb) any default fund contribution provided by the defaulter remaining after any application of such contribution; and

(d) for the certification by or on behalf of the [UK RIE] of the sum finally payable or, as the case may be, of the fact that no sum is payable.

(2A) In sub-paragraph (2), "margin set off agreement" means an agreement between the exchange and AP permitting any eligible position to which the Participant Member is party with the exchange and any eligible position to which the Participant Member is party with AP to be taken into account in calculating a net sum owed by or to the Participant Member to either the exchange or AP and/or margin to be provided to, either or both, the exchange and AP.

(2B) In sub-paragraph (2) -

"AP" means a [recognised clearing house] or another [recognised investment exchange] of whom a Participant Member is a member;

Section 2.17: Recognition requirements relating to the default rules of UK RIEs

(a) is a member of the exchange;
(b) is a member or participant of AP; and
(c) chooses to participate, in accordance with the rules of the exchange, in such agreement.

(2C) The property, contribution, funds or resources referred to in (2)(c), against which the net sum is to be set off (or with which it is to be aggregated) are subject to any unsatisfied claims arising out of the default of a defaulter before the default in relation to which the calculation is being made.

(3) The reference in sub-paragraph (2) to the rights and liabilities of a defaulter under or in respect of an unsettled market contract includes (without prejudice to the generality of that provision) rights and liabilities arising in consequence of action taken under provisions of the [default rules] authorising -

(a) the effecting by the [UK RIE] of corresponding contracts in relation to unsettled market contracts to which the defaulter is party;
(b) the transfer of the defaulter’s position under an unsettled market contract to another member of the [UK RIE];
(c) the exercise by the UK RIE of any option granted by an unsettled market contract.

(4) A “corresponding contract” means a contract on the same terms (except as to price or premium) as the market contract but under which the person who is the buyer under the market contract agrees to sell and the person who is the seller under the market contract agrees to buy.

(5) Sub-paragraph (4) applies with any necessary modifications in relation to a market contract which is not an agreement to sell.

(6) The reference in sub-paragraph (2) to the rights and liabilities of a defaulter under or in respect of an unsettled market contract does not include, where he acts as agent, rights or liabilities of his arising out of the relationship of principal and agent.

Paragraph 12A (Content of rules)

The rules of the [UK RIE] must provide that, in the event of a default, any default fund contribution provided by the defaulter shall only be used in accordance with paragraph 12(2)(c)(i) or (ii).

Paragraph 13 (Notification to other parties affected)
The [UK RIE] must have adequate arrangements for ensuring that -

(a) in the case of unsettled market contracts with a defaulter acting as principal, parties to the contract are notified as soon as reasonably practicable of the default and of any decision taken under the [default rules] in relation to contracts to which they are a party; and

(b) in the case of unsettled market contracts with a defaulter acting as agent, parties to the contract and the defaulter’s principals are notified as soon as reasonably practicable of the default and of the identity of the other parties to the contract.

Paragraph 14 (Cooperation with other authorities)
The [UK RIE] must be able and willing to cooperate, by the sharing of information and otherwise, with the Secretary of State, any relevant office-holder and any other authority or body having responsibility for any matter arising out of, or connected with, the default of a member of the [UK RIE].
The **Companies Act 1989** contains provisions which protect action taken by a **UK recognised body under its default rules** from the normal operation of insolvency law which might otherwise leave this action open to challenge by a **relevant office-holder**.
