## Guidance notes for completion of the Annual Claims Management Report form

### Guidance for CMC001

### General notes

This data item collects key information annually from firms with permission to undertake regulated claims management activity.

Except for rows 13 to 15, 19 to 27 and 30 to 34, the data provided in this form should relate only to regulated claims management activity, even if the firm undertakes regulated or unregulated activities in other areas. Except where a single Annual Claims Management Report is submitted in respect of a group in accordance with SUP 16.25.8R, the data should not include the assets, liabilities, income or costs of any consolidated subsidiaries of the firm.

If you have undertaken no regulated claims management activity during the reporting period, answer "yes" to question 3 "do you wish to report a nil return?" to attest that there is no activity to report to us.

All questions requiring a monetary answer must be answered in sterling only. Figures should be reported in integers (that is, single units, to the nearest whole number), except where otherwise specified in the form: for example, income figures should be given to the nearest pound, not to the nearest thousand pounds.

Question 1 to 34 must be answered by all *firms* (including those that only have permission for *seeking* out, referrals and identification of claims or potential claims, or agreeing to carry on a regulated activity in respect of one of these activities).

Questions 35 to 37 apply to firms carrying on, or with permission to carry on, seeking out, referrals and identification of claims or potential claims and/or advice, investigation or representation in relation to a financial services or financial product claim.

Question 38 onwards should be completed by *firms* that have permission for one or more of the following activities:

- advice, investigation or representation in relation to a personal injury claim;
- •advice, investigation or representation in relation to a financial services or financial product claim;
- •advice, investigation or representation in relation to a housing disrepair claim;
- •advice, investigation or representation in relation to a claim for a specified benefit;
- •advice, investigation or representation in relation to a criminal injury claim; and
- •advice, investigation or representation in relation to an employment-related claim,

collectively referred to in these guidance notes as 'advising on a *claim*, investigating a *claim*, or representing a *claimant*'.
