Guidance on record-keeping

- 9.1.4
- G
- Subject to any other record-keeping *rule* in the *Handbook*, the records required under the *Handbook* should be capable of being reproduced in the English language on paper. Where a *firm* is required to retain a record of a communication that was not made in the English language, it may retain it in that language. However, it should be able to provide a translation on request. If a *firm's* records relate to business carried on from an establishment in a country or territory outside the *United Kingdom*, an official language of that country or territory may be used instead of the English language.
- 9.1.5
- G
- In relation to the retention of records for non-*MiFID business*, a *firm* should have appropriate systems and controls in place with respect to the adequacy of, access to, and the security of its records so that the *firm* may fulfil its regulatory and statutory obligations. With respect to retention periods, the general principle is that records should be retained for as long as is relevant for the purposes for which they are made.
- 9.1.6
- G
- Schedule 1 to each module of the *Handbook* sets out a list summarising the record-keeping requirements of that module. A *common platform firm* should also refer to the record-keeping requirements in the *MiFID Org Regulation*.
- 9.1.6A
- G
- SYSC 28 contains *rules* and *guidance* relating to knowledge and competence record keeping requirements in relation to *insurance distribution activities* undertaken by the *firm*.
