(2) £15,000.

From 31 December 2016 to 30 December 2017, the firm’s capital resources requirement must be calculated in accordance with whichever of (3) or (4) produces the higher amount:

(3) $\frac{1}{6}$ of its fixed annual expenditure, calculated in accordance with 13.3.3R to 13.3.8R; or

(4) £15,000.

† These transitional provisions, which come into force on 31st Dec 2015, were formerly numbered 5 and 6. The current rows 5, 6 and 7 were added on 22nd July 2013, causing a renumbering of these later rows.
Chapter 1: Application and General Provisions

1.1 PURPOSE

1.1.1 Before 1 January 2007, the Interim Prudential Sourcebook for Investment Businesses (IPRU(INV)) was the part of the Handbook that dealt with capital requirements for investment firms subject to the position risk requirements of the previous version of the Capital Adequacy Directive. Now, however, investment firms which are subject to the risk-based capital requirements of the Capital Adequacy Directive are subject to the General Prudential sourcebook (GENPRU) and the Prudential sourcebook for Banks, Building Societies and Investment Firms (BIPRU).

1.1.2 The rules and guidance in this sourcebook will assist the appropriate regulator to meet the statutory objectives. This sourcebook does so by setting minimal capital and other risk management standards thereby mitigating the possibility that firms will be unable to meet their liabilities and commitments to consumers and counterparties.

1.1.3 The general scheme of this sourcebook is, wherever appropriate, to apply the financial and other prudential standards which applied to a firm immediately prior to it becoming authorised by the appropriate regulator under the Act. For convenience, the chapter numbers adopted in this sourcebook correspond with those of the rulebooks of previous regulators.

1.1.3A This sourcebook does not apply to BIPRU investment firms except as follows:

   (1) it does apply to certain exempt BIPRU commodities firms; and

   (2) chapter TP of BIPRU applies parts of IPRU(INV) to certain BIPRU investment firms on a transitional basis.

1.1.4 This sourcebook does not apply to banks, building societies, insurers, the Society of Lloyd’s (except in relation to underwriting agents), friendly societies and certain other categories of firm and members’ advisers.

1.1.5 On becoming authorised by the appropriate regulator a firm will have to comply with the particular chapter of this sourcebook appropriate to its business. The firm will be able to seek guidance on this during the authorisation procedure. If subsequently, the business for which a firm has permission changes it may be necessary for it to comply with a different set of financial resources requirements. Firms will be able to discuss this aspect with the appropriate regulator during the application process.

1.1.6 The Supervision manual sets out provisions relating to the periodic reporting and notification of financial information to the appropriate regulator or to the auditing of accounts. However, this sourcebook contains a few additional notification requirements (notification rules).
1.2 APPLICATION

1.2.1 The Glossary applies to the transitional provisions, this chapter (IPRU(INV) 1), IPRU(INV) 2, IPRU(INV) 4, IPRU(INV) 6 and IPRU(INV) 13.

1.2.2 (1) IPRU (INV) applies to:

(a) a members’ adviser;
(b) an investment management firm;
(c) a personal investment firm;
(d) an authorised professional firm;
(e) a securities and futures firm;
(f) a service company;
(g) the Society of Lloyd’s (in relation to underwriting agents);
(h) [deleted]
(i) a credit union which is a CTF provider; and
(j) an exempt CAD firm.

(2) IPRU (INV) does not apply to:

(a) a lead regulated firm; or
(b) a media firm;
(c) a BIPRU investment firm (unless it is an exempt BIPRU commodities firm).

(3) The definitions in the Glossary (which is applicable to the Handbook generally) apply to this chapter.

1.2.3 For the avoidance of doubt, IPRU (INV) does not apply to any of the following:

(a) a bank; or
(b) a building society; or
(c) a friendly society; or
(d) an ICVC; or
(e) an incoming EEA firm or an incoming Treaty firm which does not have a top up permission; or

(f) an insurer; or

(g) a UCITS qualifier; or

(h) a UCITS management company.

### OBLIGATION TO COMPLY

1.2.4 R A firm of a kind listed in the left-hand column of Table 1.2.4R must comply with the provisions of IPRU (INV) shown in the right hand column and, where relevant, the provisions of Chapter 14.

### CAPITAL SUBSTITUTES: TRANSITIONAL PROVISION

1.2.6 G The financial resource requirements of the Financial Services Act regulators permitted certain types of borrowings or facilities to be treated as part of a firm’s capital resources. The most common example is that of a subordinated loan which met the relevant conditions. The following provisions permit firms to continue to use these borrowings or facilities in the same way as under the relevant previous regulator’s rules, provided that certain conditions are met.

1.2.7 R (1) If a firm was, immediately before commencement permitted to treat “relevant funds” as part of its capital resources under the financial resource rules of a previous regulator applicable to the
firm, it may treat those funds in an equivalent manner under the corresponding provisions of IPRU (INV), provided that the conditions in (3) are met.

(2) For the purposes of this rule “relevant funds” are funds provided to the firm under the terms of

(a) a subordinated loan agreement; or

(b) qualifying undertaking; or

(c) any other instrument treated in an equivalent manner under the financial resources rules applicable to the firm.

(3) The conditions referred to in (1) are either:

(a) in the case of a subordinated loan agreement, qualifying undertaking or other relevant instrument to which the firm’s previous regulator is not party:

(i) the parties to it treat all rights (including, without limitation, rights to notice) which the agreement, undertaking or instrument grants to the firm’s previous regulator as having been granted to the appropriate regulator; and

(ii) if there is a variation of the commercial terms the parties include, in the terms of the instrument executed to effect the variation, provision to substitute reference to the appropriate regulator in place of any reference to the firm’s previous regulator; or

(b) in the case of a subordinated loan agreement, qualifying undertaking or other relevant instrument to which the firm’s previous regulator is party, the parties treat the rights accorded to the self regulating organisation under the relevant instrument as having been assigned to the appropriate regulator immediately before commencement.

1.2.8 G An instrument treated in an equivalent manner would, for example, include (in relation to a personal investment firm) a "PASS loan".

FCA PRA
Chapter 2: Authorised professional firms

2.1 Application

2.1.1 R (1) This chapter applies to an authorised professional firm in accordance with IPRU (INV) 2.1.2R and 2.1.3R.

FCA

(2) The definitions in the Glossary apply to this Chapter.

2.1.2 R (1) An authorised professional firm of a kind falling within (2) must comply with such of IPRU (INV) 3, 5, 9 or 13 which in accordance with IPRU (INV) 2.1.4R, most appropriately correlates to the type and scale of the business which it conducts.

FCA

(2) The type of authorised professional firm to which (1) applies is one:

(a) which is also an exempt CAD firm;

(b) which acts as a market maker;

(c) which acts as a stabilising manager;

(da) which acts as a small authorised UK AIFM or a residual CIS operator;

(db) which acts as a depositary;

(e) which acts as a broker fund adviser or otherwise participates in a broker fund arrangement;

(f) whose main business, having regard to (3), is not the practice of its profession or professions;

(g) whose permission includes a requirement that it acts in conformity with the financial resources rules applicable to another type of firm; or

(h) whose permission includes establishing, operating or winding up a personal pension scheme.

(3) For the purposes of (2)(f), a firm’s professional business practice is not the “main business” of the firm unless the proportion of income it derives from professional fees is, during its annual accounting period, at least 50% of the firm’s total income (a temporary variation of not more than 5% may be disregarded for this purpose).

(4) An authorised professional firm which, in accordance with (1), is required to comply with IPRU (INV) 3, 5, 9 or 13 must immediately give notification of that fact to the FCA in accordance with SUP 15.7 (Forms and method of notification).

2.1.3 R An authorised professional firm which does not fall within IPRU (INV) 2.1.2R must comply with sections 2.2, 2.3 and 2.4 of this chapter.

2.1.5 G An authorised professional firm will be a MiFID investment firm if its business activities include the provision of investment services and/or activities for a third party. An authorised professional firm will not however be a MiFID investment firm if it falls within one of the exclusions contained in Article 2 of MiFID. Article 2(1)(c) provides an exclusion for an authorised professional firm which provides investment services and/or activities in an incidental manner in the course of a professional activity and that activity is regulated by the firm’s designated professional body.

2.1.6 G The FCA considers the scope of this exclusion cannot be precisely defined. Ultimately questions of interpretation are for the Court to determine. The FCA considers that to satisfy the exclusion the services cannot be the major part of the practice of the firm. The FCA also considers the following factors to be among those that are relevant:

(1) the scale of regulated activity in proportion to other professional services provided;

(2) whether and to what extent activities that are regulated activities are held out as separate services;

(3) the impression given as to how the firm provides regulated activities, for example through its advertising or other promotions of its service.

2.1.7 G The activities that a full-scope UK AIFM and a UCITS management company are allowed to perform are restricted by article 6 of AIFMD and article 6 of the UCITS Directive to the management of AIFs and/or UCITS and the additional investment activities permitted by article 6(4) of AIFMD and article 6(3) of the UCITS Directive (as applicable). As such, an authorised professional firm cannot be a collective portfolio management firm or a collective portfolio management investment firm.

2.2 FINANCIAL RESOURCES REQUIREMENTS

2.2.1 R (1) A firm must be able to meet its liabilities as they fall due.

(2) In complying with (1) a firm may use any assets which are available to meet any of its liabilities.

2.2.2 G Firms are reminded that:

(1) requirements relating to the systems and controls which firms must establish and maintain for ensuring compliance with financial resources and other requirements are set out in SYSC.

(2) the financial reports that a firm is required to make to the FCA are set out in SUP 16.

2.3 PROFESSIONAL INDEMNITY INSURANCE
2.3.1 R A firm must effect and maintain at all times adequate professional indemnity insurance cover for all the business activities which it carries on, or for which it is responsible.

2.3.2 G In assessing the adequacy of a firms’ professional indemnity insurance cover for the purposes of IPRU(INV) 2.3.1R, the FCA may have regard to a firm’s compliance with the professional indemnity insurance requirements of its designated professional body in force at the time.

2.4 BONDING REQUIREMENT FOR ACCOUNTANTS

2.4.1 R This section applies to a firm of accountants practising as such in the UK.

2.4.2 R (1) If the aggregate value of client money and bonded investments a firm holds for a client is over £50,000 then the firm must ensure that it holds a bond for the excess over £50,000.

(2) A firm must:

(a) ensure that the bond is in the form prescribed by the FCA;

(b) ensure that the person specified to act as trustee in the bond is a designated professional body or a solicitor practising as such in the UK;

(c) ensure that the bond is lodged with the trustee; and

(d) be able at all times to show that the amount of the bond is sufficient to meet the requirements of (1).

2.4.3 R A firm must notify the FCA immediately:

(1) of any bond taken out specifying the amount and where it is lodged; and

(2) of the arrangements it has made to comply with IPRU (INV) 2.4.2R if a bond is not renewed or is cancelled.

2.4.4 G (1) Firms which hold client money or bonded investments for more than one client, may hold one bond to cover all of the clients concerned. The bonding requirements may be complied with by taking out a global bond. In firms with numerous offices compliance may be achieved in practice by calculating the requirement based on figures supplied by offices which is likely to be at least quarterly. These figures would need to be supplied and assessed soon after the end of each quarter.

(2) To ensure the global cover is sufficient, this approach would require an estimated safety margin to be incorporated, to allow for changes in the amounts of client money, investments or assets held. An additional prudent measure would be to ensure that exceptional amounts of these assets are notified by branch offices so that the firm can check whether the safety margin can absorb
them and reconsider whether the total global bond cover remains sufficient.

2.4.5 G Firms which do not expect to hold bonded investments or client money in excess of the value limit need not hold a bond. However, firms may wish to make contingency arrangements with a surety whereby a bond facility is available and can be executed and delivered at short notice.
Chapter 3: Financial resources for Securities and Futures Firms which are not MiFID Investment Firms or which are Exempt BIPRU Commodities Firms

3-A R The definitions in the glossary at Appendix 1 apply to this chapter.

3-1 R This chapter applies to a securities and futures firm which:

(a) is not a MiFID investment firm;

(b) is an exempt CAD firm that carries on any regulated activity other than MiFID business; or

(c) is an exempt BIPRU commodities firm.

G An exempt BIPRU commodities firm is subject to the non-capital requirements of GENPRU and BIPRU as indicated in BIPRU TP 15.

3-1A R This chapter does not apply to an oil market participant unless it is a member of a recognised or designated investment exchange which is, under the rules of that exchange, entitled to trade with other members.

G An oil market participant to which this chapter does not apply is still subject to the requirement of Principle 4 to have adequate financial resources.

3-1B R The provisions on concentrated risk in this chapter do not apply to an exempt BIPRU commodities firm which applies the large exposure requirements in BIPRU 10.

G BIPRU 10 applies to an exempt BIPRU commodities firm unless it qualifies for exemption under BIPRU TP 16.

3-1C G The table in IPRU(INV) 3-1D G sets out the parts of the Handbook containing provisions on large exposure or concentrated risk which apply to a securities and futures firm.

3-2  R  A firm must at all times have available the amount and type of financial resources required by the rules of the FCA.

3-5  R  A firm must notify the FCA immediately it becomes aware that it is in breach of, or that it expects shortly to be in breach of, rule 3-2.

FCA

Valuation of positions *

3-41(9)  R  A firm must value a position on a prudent and consistent basis, as well as having regard to the liquidity of the instrument concerned and any special factors which may adversely affect the closure of the position, and must adopt the following general policies:

(a) a position must be valued at its close out price (close out price means that a long position shall be valued at current bid price and a short position at current offer price); where firm two way prices are not available a firm must value its position in accordance with the notes to this rule;*

(b) where a firm is entitled to use a risk assessment model in the calculation of its PRR on options positions, it may value its options using the values derived from the model;

(c) where a firm does not use a model as described in (b) above and prices are not published for its options positions, a firm
must determine the *mark to market* value as follows:

(i) for purchased *options*, the *mark to market* value must be the product of:

(aa) the *in the money* amount; and
(bb) the quantity underlying the *option*;

(ii) for written *options* the *mark to market* value must be the initial premium received for the *option* plus the product of:

(aa) the amount by which the current *in the money* amount exceeds either the *in the money* amount at the time the contract was written, or zero if the contract was *out of the money* at the time it was written; and
(bb) the quantity underlying the *option*;

(d) a *firm* must calculate the value of a *swap contract* or an *FRA* having regard to the net present value of the *future* cash flows of the contract, using current interest rates relevant to the periods in which the cash flows will arise;

(e) notwithstanding (d) above, a *firm* may refrain from marking a *swap* or an *FRA* to market where it enters into such transactions on a matched principal basis, provided that it is confident that such positions are fully matched;

(f) a *firm* that is a partnership which experiences *exceptional* administrative or technical difficulties complying with the valuation procedure outlined above should notify the FCA immediately; and

(g) in the case of interest rate *swaps*, currency *swaps* and *FRAs*, a *firm* may limit the bid/offer valuation required under (a) to its net position.

The FCA does not lay down a precise formula for calculating the value of *swaps* and *FRAs* for the purposes of this rule. However, it will expect a *firm* to employ a valuation formula which accords with generally accepted market practice.

The FCA may permit by modification or waiver of this rule an alternative arrangement if it is satisfied that neither the *firm* nor its *counterparties* will be put at risk by the adoption of that alternative procedure.

* For notes on the valuation of positions, see Appendix 21

3-60 **FIRMS TO WHICH RULES 3-61 TO 3-182 APPLY**

*Broad scope firms*
Rules 3-61 to 3-182 apply to a broad scope firm except that rules 3-80 to 3-178 do not apply to a venture capital firm or in respect of bidding in emissions auctions carried on by a firm that is exempt from MiFID under article 2(1)(i).

Arrangers

Rules 3-61 to 3-182 apply to an arranger, except that:

(a) Rule 3-61 and rules 3-63 to 3-182 do not apply to a corporate finance advisory firm or a derivative fund manager; and

(b) rules 3-80 to 3-178 do not apply to a venture capital firm.

Corporate finance advisory firms

Rule 3-61 and rules 3-63 to 3-182 do not apply to a corporate finance advisory firm which must instead comply with the following two capital requirements at all times:

(a) tangible net worth must exceed £10,000; and

(b) net current assets must exceed £10,000.

Net current assets for the purposes of rule 3-60(13)R(b) shall be as calculated for the purposes of producing a balance sheet in accordance with the following provisions, as applicable:

(i) Format 1 of the Balance Sheet Format of Schedule 4 to the Companies Act 1985; or

(ii) Schedule 1 to the Small Companies and Groups (Accounts and Directors’ Report) Regulations 2008 (SI 2008/409); or

(iii) Schedule 1 to the Large and Medium-sized Companies and Groups (Accounts and Reports) Regulations 2008 (SI 2008/410); or

(iv) Schedule 1 to the Small Limited Liability Partnerships (Accounts) Regulations 2008 (SI 2008/1912); or

Advisers and locals/traded options market makers

Rules 3-61 to 3-182 do not apply to an adviser or local/traded options market maker which must instead comply with the following capital requirements at all times:
(a) **tangible net worth** must be positive;

(b) in the case of an **adviser**, net current assets must be positive; and

(c) in the case of a **local traded options market maker**, the **firm** must be able to meet its liabilities as they fall due.

### 3-60(4A) R (a)

Net current assets for the purposes of rule 3-60(4)R(b) shall be as calculated for the purposes of producing a balance sheet in accordance with the following provisions as applicable:

(i) Format 1 of the Balance Sheet Format of Schedule 4 to the Companies Act 1985; or

(ii) Schedule 1 to the Small Companies and Groups (Accounts and Directors’ Report) Regulations 2008 (SI 2008/409); or

(iii) Schedule 1 to the Large and Medium-sized Companies and Groups (Accounts and Reports) Regulations 2008 (SI 2008/410); or

(iv) Schedule 1 to the Small Limited Liability Partnerships (Accounts) Regulations 2008 (SI 2008/1912); or

**Derivative fund managers**

### 3-60(5) R

Rule 3-61 and rules 3-63 to 3-182 do not apply to a **derivative fund manager** which must instead comply with the following two capital requirements at all times:

(a) **tangible net worth** must exceed £10,000; and

(b) net current assets, excluding investment in any pooled fund or **unregulated collective investment scheme** which it manages, must exceed £10,000.

### 3-60(5A) R (a)

Net current assets for the purposes of rule 3-60(5)R(b) shall be as calculated for the purposes of producing a balance sheet in accordance with the following provisions as applicable:

(i) Format 1 of the Balance Sheet Format of Schedule 4 to the Companies Act 1985; or

(ii) Schedule 1 to the Small Companies and Groups (Accounts and Directors’ Report) Regulations 2008 (SI 2008/409); or

(iii) Schedule 1 to the Large and Medium-sized Companies and Groups (Accounts and Reports) Regulations 2008 (SI 2008/1913).
2008/410); or

**Dematerialised instruction transmitters**

3-60(6) R Rules 3-61 to 3-182 apply to a dematerialised instruction transmitter.

3-60(7) R Rules 3-61 to 3-182 apply to a firm whose permission includes establishing, operating or winding-up a personal pension scheme.

**Exempt CAD firms**

3-60(8) R Rules 3-61 to 3-182 do not apply to an exempt CAD firm, unless it carries on any regulated activity other than MiFID business.

**Exempt BIPRU commodities firms**

3-60(9) G An exempt BIPRU commodities firm should determine whether it is a broad scope firm or one of the other categories in this rule.

**3-61 THE BASIC COMPUTATION**

3-61(1) R A firm must, at all times, maintain financial resources in excess of its financial resources requirement.

3-61(2) R A firm must calculate its financial resources and its financial resources requirement in accordance with the table below and rules 3-62 to 3-182.

### 3-62 TANGIBLE NET WORTH

**Calculation**

#### 3-62(1) R
A firm must calculate its tangible net worth in accordance with table 3-61, subject to (2), (3) and (4) below.

**FCA**

**Redeemable shares**

#### 3-62(2) R
A firm may include redeemable share capital as part of tangible net worth only if:

**FCA**

(a) the firm’s memorandum and articles of association or a shareholders’ agreement contain provisions that:

(i) redemption may not occur if the firm’s financial resources after redemption would be less than or equal to 120% of its financial resources requirement;

(ii) dividends may not be paid if the firm’s financial resources after payment would be less than or equal to 120% of its financial resources requirement; and

(iii) in the case of a shareholder's agreement, any assignee of the shares is subject to the provisions of the agreement; and

(b) the firm, before issuing any preference shares, notifies the FCA of its intention to do so.

**Notice of redemption**

#### 3-62(3) R
A firm must provide the FCA with six months' written notice of redemption of any of its redeemable shares.

**FCA**
Approved reserves

3-62(4) R A firm may not include reserves other than retained profits as part of tangible net worth.

FCA G A firm that wishes to include other reserves will need to apply for a modification or waiver of this rule.

Profit and loss account/partners’ current and capital accounts

3-62(5) R For the calculation of tangible net worth, a firm must:

FCA (a) deduct any unrealised gains or, where applicable, add back in any unrealised losses on cash flow hedges of financial instruments measured at cost or amortised cost;

(b) in respect of a defined benefit occupational pension scheme, derecognise any defined benefit asset.

3-62(6) R A firm may, for the purposes of calculating tangible net worth, substitute for a defined benefit liability the firm’s deficit reduction amount. The election must be applied consistently in respect of any one financial year.

3-62(7) G A firm should keep a record of and be ready to explain to its supervisory contacts in the FCA the reasons for any difference between the deficit reduction amount and any commitment the firm has made in any public document to provide funding in respect of a defined benefit occupational pension scheme.

3-62(8) R Where applicable, a firm must deduct any asset in respect of deferred acquisition costs and add back in any liability in respect of deferred income (but excluding from the deduction or addition any asset or liability which will give rise to future cash flows), together with any associated deferred tax.

3-63 ELIGIBLE CAPITAL SUBSTITUTES

Calculation

3-63(1) R A firm must calculate its eligible capital substitutes in accordance with table 361, subject to (2) to (9) below.

FCA

Approved eligible capital substitutes

3-63(2) R A firm may treat a subordinated loan, approved bank bond or approved undertaking as an eligible capital substitute only if it is:

FCA (a) drawn up in accordance with the relevant standard form obtained from the FCA; and

(b) signed by authorised signatories of all the parties.
If a firm wishes to use a form which differs from the standard form it will need to seek a modification to, or modification or waiver of, this rule.

A firm may, under the provisions of IPRU(INV) 1.2.5R continue to treat a subordinated loan, bank bond or approved undertaking as an eligible capital substitute if it was entitled to do so immediately prior to the specified day, and the other conditions set out in IPRU(INV) 1.2.5R are met.

**Approved lenders**

A firm may treat a subordinated loan as an eligible capital substitute only if the lender is:

(a) the firm’s controller;
(b) a regulated banking institution;
(c) an approved person; or
(d) a regulated financial institution.

If the firm wishes to include as an eligible capital substitute a subordinated loan from a lender not within the above list, it will need to apply for a modification or modification or waiver of 3-63.

**Notice of repayment and termination**

A firm must provide the FCA with five business days written notice of any repayment, prepayment or termination of a subordinated loan, approved bank bond or approved undertaking, except when the firm’s financial resources after payment of interest or principal etc would be less than or equal to 120% of its financial resources requirement, in which case the firm must not repay, prepay or terminate any subordinated loan, approved bank bond or approved undertaking otherwise than in accordance with the terms of the relevant agreement.

**Amounts repayable within three months**

A firm may not treat any amount of a subordinated loan which is repayable within three months as an eligible capital substitute.

**Limit on eligible capital substitutes**

The total amount of eligible capital substitutes which a firm may take into account in its financial resources must not exceed four times tangible net worth.

**Limit on approved bank bonds**

The total of approved bank bonds which a firm may treat as an eligible capital substitute must not exceed:

(a) 30% of the base requirement; and
(b) CRR on exchange-traded-margined-transactions plus concentrated risk to one counterparty arising from exchange-traded-margined-transactions calculated under rules 3-173A and 3-175.

Limit on approved undertakings

3-63(8)  R A firm may only treat approved undertakings as an eligible capital substitute to the extent that its approved bank bonds are less than 30% of its base requirement.

Approved undertakings

3-63(9)  R A firm may treat an undertaking as an eligible capital substitute only if the provider of the undertaking is:

(a) a regulated banking institution; or
(b) a regulated financial institution;

G A firm that wishes to include an undertaking where the provider is neither of the above, it will need to seek a modification or waiver from the FCA.

PRIMARY REQUIREMENT

Definition of primary requirement – General rule

3-70  R A firm’s primary requirement is the sum of:

(a) the base requirement calculated in accordance with rule 3-71;
(b) the total liquidity adjustment calculated in accordance with rule 3-75;
(c) charged assets calculated in accordance with rule 3-76;
(d) contingent liabilities calculated in accordance with rule 3-77; and
(e) deficiencies in subsidiaries calculated in accordance with rule 3-78;

Base requirement – General rule

3-71  R A firm’s base requirement is the highest of:

(a) the absolute minimum requirement, calculated in accordance with rule 3-72;
(b) the expenditure requirement, calculated in accordance with
Rule 3-73; or

(c) the volume of business requirement, calculated in accordance with rule 3-74.

**Absolute minimum requirement General rule**

3-72 R A firm’s absolute minimum requirement is:

**3-73 EXPENDITURE REQUIREMENT**

**General rule**

3-73(1) R A firm’s expenditure requirement is:

<p>| | |</p>
<table>
<thead>
<tr>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>(a)</td>
<td>for an <strong>investment manager</strong>; an <strong>introducing broker</strong> who is not responsible for its counterparties’ performance; a <strong>venture capital firm</strong> which is an arranger; a <strong>model A clearing firm</strong>; a <strong>dematerialised instruction transmitter</strong>; or a <strong>firm</strong> that does not hold <em>client money</em> or assets but whose <em>permission</em> includes <em>establishing, operating or winding-up a personal pension scheme</em>: 6/52nds of relevant annual expenditure; or</td>
</tr>
<tr>
<td>(b)</td>
<td>for any other <strong>firm</strong>: 1/4 of relevant annual expenditure.</td>
</tr>
</tbody>
</table>

**Calculation of relevant annual expenditure**

3-73(2) R Subject to (3), (4) and (5) below, a firm must calculate its relevant annual expenditure with reference to the firm’s most recent annual financial statements, as follows:
(a) its total revenue; and  
(b) any loss before taxation;  
less the aggregate of the following items:  
(c) profit before taxation;  
(d) bonuses;  
(e) profit shares and other appropriations of profit, except for fixed or guaranteed remuneration of a partner which is payable even if the firm makes a loss for the year;  
(f) paid commissions shared, other than to employees, directors, half commission men or appointed representatives of the firm;  
(g) fees, brokerage and other charges paid to clearing houses, exchanges, approved exchanges and intermediate brokers for the purposes of executing, registering or clearing transactions;  
(h) interest payable to counterparties;  
(i) interest payable on borrowings to finance the firm's investment business and associated business; and  
(j) exceptional or extraordinary items, provided that it first notify the FCA in writing of the nature and amount of the item(s) concerned.

Absence of annual financial statements  

3-73(3) R If a firm does not have annual financial statements, it must:  

(a) where it has just commenced trading, base its relevant annual expenditure on budgeted or other accounts which it submitted to the FCA as part of its application; or  
(b) where its accounts do not represent a 12 month period, calculate relevant annual expenditure on a proportionate basis agreed by the FCA.

Adjustments to relevant annual expenditure  

3-73(4) R A firm must use a relevant annual expenditure adjusted to take account of its circumstances where:  

(a) there has been a significant change in the circumstances or activities of the firm; or
(b) the firm has a material proportion of its expenditure incurred on its behalf by third parties and such expenditure is not fully recharged to the firm.

**FCA**

G FCA would for example consider an application to vary a firm's permitted activity as a significant change.

**FCA**

G FCA would consider 10% of a firm’s expenditure incurred on its behalf by third parties to be material.

**FCA**

G If a firm is in any doubt, it should always seek guidance from the FCA.

**Recent Authorisation**

3-73(5) R If a firm has not been authorised long enough to have prepared annual financial statements after authorisation, it must base its relevant annual expenditure on budgeted or other accounts which it submitted to the FCA as part of its application.

**Application**

3-74(1) R The volume of business requirement applies only to a firm which settles margined transactions for counterparties.

**Margined transactions**

3-74(2) R A firm’s volume of business requirement is 3.5% of the aggregate gross amounts of any initial margin (as calculated in (3) below) of the firm’s counterparties at the relevant time.

**Initial margin**

3-74(3) R A counterparty’s initial margin for the purposes of (2) above is the sum of the following amounts:

**FCA**

(a) in respect of exchange traded transactions, the counterparty’s initial margin requirement; and

(b) in respect of OTC transactions, the amount of margin that the counterparty is required by the firm to deposit.

3-75 **LIQUIDITY ADJUSTMENT**

**General rule**

3-75(1) R A firm’s total liquidity adjustment is the sum of amounts specified as liquidity adjustments below.

**Intangible assets**

3-75(2) R The liquidity adjustment for intangible assets is nil (these must be deducted from capital to arrive at tangible net worth under 3-62).
Intangible assets do not include a deferred acquisition cost asset.

**Tangible fixed assets**

3-75(3)  
R The liquidity adjustment for tangible fixed assets is the total net book value of such assets, with the exception of land and buildings used as security for non recourse loans or other loans which a firm must treat under (4) and (5) below.

**Land and buildings used as security for non recourse loans**

3-75(4)  
R The liquidity adjustment for land or buildings used as security for a non recourse loan is the difference between the net book value of the land or building and the loan principal outstanding, except where the loan principal outstanding is higher than the net book value in which case there is no liquidity adjustment.

**Land and buildings used as security for other loans**

3-75(5)  
R The liquidity adjustment for land or buildings used as security for loans other than non recourse loans is the difference between the net book value of the land or building and the lower of:

(a) 85% of a professional valuation of the land and buildings (which must have been carried out in the last two years); or

(b) the principal outstanding,

except where both (a) and (b) are higher than the net book value in which case there is no liquidity adjustment.

**Physical stocks**

3-75(6)  
R The liquidity adjustment for physical stocks is the balance sheet value of such stocks, except for stock positions associated with the firm’s investment business which are:

(a) physical commodities for which the full contract price has been paid;

(b) work in progress and finished goods which result from the processing of physical commodities; or

(c) raw materials which will be combined with physical commodities to produce a finished processed commodity,

in which case there is no liquidity adjustment (but see PRR rules).

**Investments in connected companies**

3-75(7)  
R The liquidity adjustment for an investment in a connected company is the balance sheet value of the investment, except where the investment is a marketable investment which is not in a subsidiary, in which case there is no liquidity adjustment but such investment must
be subject to the PRR rules.

Other investments

3-75(8) R Other investments have no liquidity adjustment but instead are subject to the PRR rules.

Prepayments

3-75(9) R The liquidity adjustment for a prepayment is the balance sheet value of that prepayment, except that there is no liquidity adjustment to the extent that it relates to goods and services to be received or performed in the next three months (or six weeks in the case of an investment manager, an introducing broker who is not responsible for its counterparties’ performance; a venture capital firm which is an arranger; or a model A clearing firm).

Debtors arising from investment business or dealing activities

3-75(10) R Debtors arising from investment business or dealing activities have no liquidity adjustment but instead are subject to the CRR rules.

Other debtors

3-75(11) R The liquidity adjustment for debtors other than debtors arising from investment business or dealing activities is the balance sheet value of the debtor, except that there is no liquidity adjustment in the following circumstances:

(a) amounts due from connected companies which are adequately secured and are repayable within 90 days;

(b) unsecured amounts due at the request of the firm from a connected company which is a regulated banking institution within 90 days;

(c) unsecured amounts due at the request of the firm from a connected company which is a regulated financial institution within seven days;

(d) having given prior written notice to the FCA, unsecured amounts receivable at the request of the firm from a connected company within seven days under an approved treasury arrangement, up to a maximum of the firm's excess of financial resources over its financial resources requirement before taking into account the approved treasury arrangement;

(e) amounts receivable in respect of cash dividends declared by either exchange traded companies or authorised persons which have been outstanding for 30 days or less from the date the dividends were due to be paid;

(f) amounts accrued or receivable in respect of interest on marketable investments which have been outstanding for 30
days or less from the date the interest was due to be paid;

(g) amounts receivable on U.K. value added tax which have been outstanding for 30 days or less from the date that the value added tax return was due to be received by HM Customs & Excise; and

(h) amounts receivable on taxation other than U.K. value added tax which have been agreed with the appropriate tax authorities and have been outstanding for 30 days or less from the date that the amounts were due to be received.

**Cash deposits**

3-75(12) R The liquidity adjustment for a cash deposit is the balance sheet value of the deposit, except for qualifying deposits and those other deposits which are subject to rule 3-180.

**Other assets**

3-75(13) R The liquidity adjustment for assets other than those specifically stated above is the balance sheet value of the asset concerned. Other assets do not include a defined benefit asset or a deferred acquisition cost asset.

**Charged assets – General rule**

3-76 R A firm must calculate the primary requirement for charged assets as the aggregate balance sheet value of each asset of the firm over which a third party has the right of sale or retention on default by the firm except:

(a) to the extent of any liability of the firm plus a reasonable margin in respect of the charged asset; or

(b) where the asset is collateral for a transaction which is subject to the CRR rules.

**Contingent liabilities – General rule**

3-77 R A firm must calculate a primary requirement for each of its contingent liabilities.

**Deficiencies in subsidiaries – General rule**

3-78 R A firm must calculate the primary requirement for deficiencies in subsidiaries as an amount equal to any deficiency in shareholders’ funds at any time of a subsidiary of the firm except to the extent that:
(a) provision has already been made by the firm; or

(b) the firm has already calculated a liquidity adjustment or CRR because the deficiency arises or partially arises out of a liability of the subsidiary to the firm.

SECONDARY REQUIREMENT

Risk Profile

3-79(1) R A firm must include in its secondary requirement any amount specified in any requirement to cover an unusual risk profile

Operational risks

3-79(2) A firm must include in its secondary requirement any amount specified in any requirement to cover the inadequate management of operational risk to which a firm is exposed.

G In assessing whether to impose a requirement on a firm to cover an unusual risk profile or operational risks, the FCA will consider various criteria. In addition, the FCA will take into account material group risks to a firm, where these have not been captured in a group financial resources test. Secondary requirements may be applied, for example, where there has been a major failure on the part of a firm to maintain adequate controls, as a means of providing an additional capital buffer whilst these problems are addressed.

POSITION RISK REQUIREMENT

3-80 General Principles Of PRR

Application

3-80(1) R Rules 3-80 to 3-169B apply to any arranger or broad scope firm, except a venture capital firm or a corporate finance advisory firm.

Obligation to calculate PRR*

3-80(2) R A firm must calculate a minimum PRR in respect of any position according to one of the methods available to it under the rules below, as appropriate, but may calculate a higher PRR in any other way at its option.

G Notwithstanding the methods available for calculating the PRR, a firm may, in respect of any individual position, calculate a PRR which is more conservative than that calculated under the appropriate rule. However, in that case, the firm will need to be able to demonstrate that, in all circumstances, the calculation being employed does give rise to a higher PRR for the position.

* For guidance notes as to which methods to apply, see Appendix 20
**Frequency of calculation**

3-80(3)  R  A firm must be able to monitor its total PRR on an intra-day basis and must re-calculate it in a full and detailed manner before executing any trade which is likely to increase it to such a level that the firm’s financial resources requirement might exceed the firm’s financial resources.

**Marking to market**

3-80(4)  R  A firm must mark to market its positions, whether or not on the balance sheet, in accordance with the valuation rule 3-41(9) at least once every business day and more frequently as appropriate.

3-80(4A)  R  A firm must calculate the PRR for any position which is a marketable investment as 8% of the mark to market value of the position, other than in respect of a derivative (whatever the nature of the underlying instrument) or off balance sheet contract, when the PRR is 8% of the value of the notional position underlying the contract.

**Non marketable investments**

3-80(5)  R  A firm must calculate the PRR for any position which is not a marketable investment as 100% of the mark to market value of the position, other than in respect of a derivative (whatever the nature of the underlying instrument) or off balance sheet contract, when the PRR is 100% of the value of the notional position underlying the contract.

**Instruments for which no percentage risk addition has been specified**

3-80(6)  R  A firm must calculate the PRR for any on or off balance sheet position in a marketable investment for which no percentage risk addition is specified under the PRR rules as an appropriate percentage of the current mark to market value of any position or notional position underlying the contract and must notify the FCA of the terms of the instrument and the proposed PRR treatment.

3-80(6A)  E (1)  In 3-80(6) “an appropriate percentage” is:

(a)  100%; or

(b)  A percentage which takes account of the characteristics of the instrument concerned and of discussions with the FCA or a predecessor regulator;

(2)  Compliance with (1) may be relied on as tending to establish compliance with 3-80(6).

(3)  Contravention of (1) may be relied on as tending to establish contravention of 3-80(6).
**Group hedging arrangements**

3-80(7) R A firm may amend its PRR to take account of a group hedging arrangement to which the firm is party, provided the group hedging arrangement is recorded by an agreement in writing between all the relevant parties and the firm first notifies the FCA in writing of the terms of the arrangement and of the proposed amendment to the PRR.

**Alternative treatments**

3-80(8) R Where a firm has the alternative of treating a position under two or more different methods or treatments within methods, it must treat the position under one of those methods.

**Simpler approach to PRR calculation**

3-80(9) R As a simpler approach to calculating PRR, a firm may calculate the total PRR by multiplying all positions in marketable investments by the relevant percentage stated in the table below and summing the results.

### Models approach to PRR calculation

A firm that wishes to use its internal model to calculate PRR in respect of all, or some, of its positions will need to apply for a modification or waiver of the relevant FCA rules.

Further guidance on the criteria which such models must meet, and the review process, can be obtained from the FCA.

**FOREIGN CURRENCY EXPOSURES AND FOREIGN CURRENCY DERIVATIVES**
METHODS

Summary of foreign currency exposures and derivatives methods

3-150 R A firm must calculate an additional PRR under the foreign currency exposures or foreign currency derivatives method where it has any asset or liability or any off-balance sheet contract which is denominated in a currency other than the currency of its books of account. For these purposes, gold must be treated as another currency.

3-151 TYPES OF EXPOSURES TO BE TREATED AS FOREIGN CURRENCY EXPOSURES

General rule

3-151(1) R A firm must apply the foreign currency exposures or foreign currency derivatives method to the following positions, identifying each currency separately including the currency of its books of account:

(a) any currency future at the nominal value of the contract;
(b) any currency option;
(c) any forward contract for the purchase or sale at the contract value, including any future exchange of principal associated with cross-currency swaps, but excluding any purchase or sale of known but unaccrued future income or expense;
(d) any other balance sheet asset or liability; and
(e) any other off balance sheet commitment to purchase or sell an asset denominated in that currency.

Dual currency bonds

3-151(2) R In respect of a dual currency bond, a firm must include within the foreign currency exposures method a notional forward contract:

(a) for the purchase of the redemption currency derived from the dual currency bond, for an amount determined by reference to the terms of issue of the dual currency bond; or
(b) for the sale of the issue currency, for an amount equal to the mark to market value of the dual currency bond, with a deemed settlement date equal to the maturity of the bond.

Determining the currency of investments

3-151(3) R For the purposes of determining the currency in which a position in an investment is denominated, a firm must apply the following principles:
(a) where the price of an instrument is quoted in only one currency, a position in that instrument must be treated as an asset or liability in that currency;

(b) where the price of an instrument is quoted in more than one currency, a position in that instrument must be treated as an asset or liability in the currency in which the firm accounts for the instrument; and

(c) notwithstanding (a) and (b) above, a position in an American depository receipt or similar form of instrument must be treated as a position, translated at current spot rate, in the currency of the underlying instrument.

3-152 APPLICATION OF FOREIGN CURRENCY EXPOSURES AND DERIVATIVES METHODS TO FOREIGN CURRENCY DERIVATIVES

Risk assessment models

3-152(1) A firm may seek a modification or waiver from the FCA to use a risk assessment model in respect of its currency options to calculate notional positions which may be included in the foreign currency exposures method, provided the model forms part of the day to day management supervision of the firm’s options business and meets other criteria (further guidance on the criteria for the approval of such models can be obtained from the FCA).

Obligatory use of foreign currency derivatives method

3-152(2) A firm must apply the foreign currency derivatives method to any currency option which is less than 5% “in the money”.

Optional use of foreign currency derivatives method

3-152(3) Subject to (2) above, a firm may apply the foreign currency derivatives method to any exchange traded currency option or future instead of applying the foreign currency exposures method.

Obligatory use of foreign currency exposures method

3-152(4) A firm must apply the foreign currency exposures method to any OTC currency future.

Calculation of “in the money”

3-152(5) For the purposes of this rule, a firm must determine the extent to which the option contract is “in the money” by reference to the difference between the exercise price and the current forward rate for the final date on which the option may be exercised as a percentage of that forward rate.

3-153 FOREIGN CURRENCY DERIVATIVES METHOD
Exchange traded futures and options

3-153(1) FCA R (a) A firm must calculate the PRR of an exchange traded foreign currency future or option as 100% of the initial margin requirement of the exchange or approved exchange or, where the initial margin requirement is zero, under (2) below.

(b) Where the exchange or approved exchange calculates the margin requirement on an overall basis, the PRR must equal that margin requirement.

(c) Where the exchange offsets futures and options in the margin calculations, the firm may take into account such offsetting.

OTC foreign currency options

3-153(2) FCA A firm must calculate the PRR of an OTC foreign currency option as 5% of the nominal value of the contract, adjusted as follows:

(a) long position: the PRR may be restricted to the mark to market value of the option; and

(b) short position: the PRR may be reduced (but to no less than zero) by any excess of the exercise value over the mark to market value for a call option or vice versa for a put option.

3-154 FOREIGN CURRENCY EXPOSURE METHOD

Application

3-154(1) FCA A firm must apply the foreign currency exposure method to any foreign currency exposure for which the firm has not calculated a PRR under the foreign currency derivatives method.

Calculation of PRR

3-154(2) FCA A firm must calculate a PRR for its foreign currency exposures as 5% of the aggregate of its net open long positions in each currency, including the currency of the firm’s books of account when this is a long open position.

Calculation of net open position

3-154(3) FCA (a) A firm must calculate a net open position for all currencies including the currency of the firm’s books of account by netting all foreign currency exposures to which the method applies.
(b) The net open position for the currency of the firm’s books of account may be calculated as the difference between the aggregate net open long positions and aggregate net open short positions of all other currencies.

**COMMODITIES METHOD**

*Types of positions to be included in the commodities method*

3-166 **GENERAL RULE**

3-166(1) **R** A firm must calculate PRR on all positions in commodities in accordance with one of the four approaches set out in rules 3-167 to 3-169A. All spot, physical trading, derivative and other off balance sheet items whose price is affected by changes in commodities prices must be included in the calculation.

**FCA**

In general, a commodity is a physical product which is or can be traded on the secondary market. Commodities include precious metals (except gold, which is to be treated as a foreign currency), agricultural products, minerals and base metals, oil and other energy products.

3-166(2) **R** A firm must calculate the PRR for each commodity separately, except that:

**FCA**

(a) different subcategories of the same commodity that are deliverable against each other may be treated together; and

(b) commodities which are close substitutes for each other, and whose price movements over a minimum period of one year can be shown by the firm to exhibit a stable and reliable correlation of at least 0.9, may be treated together.

**FCA**

The onus is on the firm to show that the correlation referred to in (b) above exists on a continuing basis.

3-166(3) **R (a)** Positions which are purely stock financing may be omitted from the calculation of PRR on commodities positions under rule 3-166 and a firm may net notional long and short government securities arising from swaps, FRAs, futures and options on interest rates and debt securities, cash borrowings, qualifying deposits, the cash legs of “repurchase or similar agreements”, forward foreign exchange and foreign currency futures against each other, provided:

(i) they are in the same currency;

(ii) the interest rates are within 15 basis points;

(iii) (aa) if the maturity dates are less than one month, the dates are the same;
(bb) if the maturity dates are between one month and one year, the dates are within seven days of each other; or

(cc) if the maturity dates are over one year, the dates are within 30 days of each other;

(iv) for a cash borrowing, the next interest rate refix date is within two years and repayment is within two years; and

(v) for a qualifying deposit, the next interest rate refix date is within three months.

(b) In respect of a cash borrowing or qualifying deposit, the maturity date is the earlier of the repayment date and the next interest rate refix date.

(c) "Repurchase or similar agreement" means a repurchase, reverse repurchase, securities or physical commodities lending, securities or physical commodities borrowing, sale and buy back, buy and sale back, undocumented sale and buy back, or undocumented buy and sale back agreement.

G Stock financing is defined under the Capital Adequacy Directive. Where physical stock has been sold forward, the cost of funding must be locked in until the date of the forward sale.

3-167 SIMPLIFIED APPROACH

3-167(1) R All positions in commodities or commodity derivatives must be expressed in terms of the standard unit of measurement for that commodity (such as tonnes, barrels or kilos).

3-167(2) R A firm must multiply the position in each commodity by the current spot price for the commodity converted to the firm’s reporting currency at current spot rates, and calculate the PRR as the sum of:

(a) the overall net position multiplied by 15%; and

(b) the gross position multiplied by 3%.

3-167(3) R A firm must sum the results for each commodity to arrive at the total PRR for positions treated under the simplified approach.

3-168 MATURITY LADDER APPROACH

3-168(1) R All positions in each commodity or commodity derivatives must be expressed in terms of the standard unit of measurement for that commodity (such as tonnes, barrels or kilos) or in terms of value. A firm must allocate net positions on any given day to the appropriate maturity band in the table below. Physical stock must be assigned to
Table 3-168

<table>
<thead>
<tr>
<th>Maturity Bands for Maturity Ladder Approach</th>
</tr>
</thead>
<tbody>
<tr>
<td>0-1 month</td>
</tr>
<tr>
<td>1-3 months</td>
</tr>
<tr>
<td>3-6 months</td>
</tr>
<tr>
<td>6-12 months</td>
</tr>
</tbody>
</table>

A firm may then offset long and short positions within and between maturity bands in accordance with the following:

(a) For markets which have daily delivery dates, a firm may offset contracts in the same commodity against each other provided that the expiry dates are within 10 business days of each other.

(b) For each maturity band, the firm must sum all the open long positions, and sum all the open short positions. The firm may then subtract the shorts from the longs to form the overall net position. The amount subtracted is the “matched amount”. The firm must multiply twice the matched amount by the spread rate of 1.5%, and then by the spot price for the commodity to arrive at the spread risk charge.

If the total of all longs in a maturity band is 100, and the total of all shorts is 75, the “matched amount” is 75 and the overall net position 25. Algebraically, if the total of all longs is A, and the total of all shorts is B, the “matched amount” is min(A,B), and the overall net position is A-B.
The firm may then carry backwards or forwards all or part of the overall net position within a band to an adjacent maturity band for further netting allowances. Where this is the case, the firm must calculate:

(i) a carry charge by multiplying the amount carried by the carry rate of 0.6%, and

(ii) a spread charge, in accordance with (b) above, where the carried position is matched against a position in an adjacent maturity band.

The firm may repeat the procedure for carrying positions through to other maturity bands as appropriate. An additional carry charge and spread charge must be calculated at each stage of the process.

(d) The firm must multiply any positions remaining after the permitted offsetting by the outright rate of 15%, and then by the spot price of the commodity to arrive at the outright charge.

(e) The total PRR for each commodity is the sum of the spread risk charge, the carry charge, and the outright charge converted to the firm’s reporting currency at current spot rates.

Extended maturity ladder approach

A firm may adopt the same approach as that outlined under rule 3-168(2), but apply the rates in the table below, if the firm:

(a) undertakes significant commodities business, and

(b) has a diversified commodities portfolio.

Models approach

A firm may seek a modification or waiver from the FCA to use a VaR model as the basis for calculating the PRR on its commodity positions.
The FCA will grant a modification or waiver permitting the use of a VaR model only where a number of qualitative and quantitative standards are met. In assessing the VaR model the FCA will have regard to the matters set out in BIPRU 7.10.

3-169B OPTIONS

Proprietary options pricing models

3-169B(1) A firm may seek a modification or waiver from the FCA permitting it to use its proprietary options pricing model to calculate the PRR on options positions and their related hedges. The application for a modification or waiver may request that the firm be permitted to include an option in the maturity ladder approach.

3-169B(2) A firm may only include an option in the maturity ladder approach, the extended maturity ladder approach or the simplified approach if it is in the money by more than the appropriate outright rate. Such options must be included as a position in the underlying commodity, of an amount equal to the “tonnage” underlying the option (long or short as appropriate), and with a maturity equal to the expiry date of the spot, forward or futures contract underlying the option.

3-169B(3) An option which does not satisfy the condition in rule 3-169B(2) attracts a PRR in accordance with the following:

(a) In the case of a purchased option, the PRR must be the mark to market value of the full position underlying the option multiplied by the appropriate outright rate, but the result may be limited to the mark to market value of the option.

(b) In the case of a written option, the PRR must be the mark to market value of the full position underlying the option multiplied by the appropriate outright rate, reduced by the out-of-the-money amount. The PRR must be limited to zero if the calculation results in a negative number.

The out-of-the-money amount is any excess of the exercise value over the mark to market value of the underlying commodity in the case of a call option, or vice versa for a put option.

COUNTERPARTY RISK REQUIREMENT

3-170 GENERAL PRINCIPLES OF CRR
Application

3-170(1) R (a) Rules 3-170 to 3-182 apply to a broad scope firm, except a venture capital firm which is subject only to rules 3-180 to 3-182.

(b) Rules 3-180 to 3-182 apply to an arranger, except a corporate finance advisory firm.

General rule

3-170(2) R A firm must calculate its total CRR on exposures to counterparties as the sum of all the amounts calculated in accordance with the rules referred to in the table below.

Frequency of calculation

3-170(3) R A firm must calculate its CRR at least once each business day; for the purposes of the relevant calculations the firm may use prices of investments and physical commodities as at the close of business on the previous day.

Negative amounts

3-170(4) R A firm must not include any CRR if it is a negative amount.
Instruments for which no CRR has been specified

3-170(5) R Where a firm is in doubt as to the classification of an item for the purposes of CRR, the firm must add to its CRR an appropriate part of the exposure on the item concerned and must immediately notify the FCA in writing of details of the transaction, the counterparty and the proposed CRR treatment.

3-170(5A) E (1) In 3-170(5) "an appropriate part" is:

(a) the whole; or

(b) A proportion which takes account of the characteristics of the transaction and the counterparty concerned, and of discussions with the FCA or a predecessor regulator.

(2) Compliance with (1) may be relied on as tending to establish compliance with 3-170(5).

(3) Contravention of (1) may be relied on as tending to establish contravention of 3-170(5).

Provisions

3-170(6) R A firm may reduce the exposure on which its CRR is calculated to the extent that it makes provision for a specific counterparty balance.

Connected companies

3-170(7) R For the avoidance of doubt, a firm must calculate a CRR as appropriate on exposures to or from connected companies.

Basis of valuation

3-170(8) R For the purposes of valuing instruments and physical commodities at market value in the calculation of CRR, a firm must be consistent in the basis it chooses and may use either mid market value or bid and offer prices (as appropriate).

Acceptable collateral

3-170(9) R A firm may reduce the exposure to a counterparty on which its CRR is calculated to the extent that it holds acceptable collateral from that counterparty.

Nil weighted counterparty exposures

3-170(10) R A firm may disregard any counterparty exposure calculated in accordance with rules 3-171 to 3-182, if the counterparty is or the contract is guaranteed by or is subject to the full faith and credit of a sovereign government or province or state thereof (or a corporation over 75% owned by such government, province or state), which is a
member of the OECD and the government, province, state or corporation has not defaulted, or entered into any rescheduling or similar arrangement, or announced the intention of so doing, in respect of itself or its agency’s debt within the last five years.

Netting

3-170(11) R A firm which has offsetting exposures in similar types of transactions with a counterparty may offset these in accordance with rules 3-171(2A), 3-173(2A), 3-173A(3), 3-176(3), 3-180(2A), 3-181(1) and 3-182(4A) when calculating CRR if it has a contractual netting agreement with that counterparty, which:

(a) covers the transactions which the firm is seeking to net;
(b) creates a single obligation in each currency or a single overall obligation to pay (or receive) a net sum of cash in the event of default, bankruptcy, liquidation or similar circumstances;
(c) does not include a walkaway clause;
(d) is supported by written and reasoned independent legal opinions to the effect that, in the event of a legal challenge, the relevant courts would find the firm’s exposure to be the single net amount mentioned in (b) above.

FCA G Legal opinions should relate to:

(a) the law of the jurisdiction in which the counterparty is organised;
(b) the law of the jurisdiction in which any branch involved is located;
(c) the law that governs the agreement and, if different, the law that governs individual transactions pursuant to it; and
(d) the law that governs the legal status of the counterparty who is entering into transactions of the type which the firm is seeking to net.

FCA G Where a firm uses an industry standard agreement and the firm’s netting/setoff clauses follow the form of that standard agreement, provided a legal opinion has already been obtained on the standard agreement which addresses the capacity of counterparties of the type with which the firm wishes to contract, that may be relied upon.

FCA G Legal opinions on netting agreements should be obtained from independent legal advisers with sufficient expertise and experience in this area of law. Opinions from in-house counsel will not be acceptable. Where the regulator of the counterparty is not satisfied that the netting agreement is enforceable under its laws, the netting agreement cannot be relied upon regardless of the opinions obtained by the firm.

3-171 CASH AGAINST DOCUMENTS TRANSACTIONS
**General rule**

3-171(1) **R** A firm which enters into a transaction on a cash against documents basis must calculate the counterparty exposure for transactions still unsettled 16 calendar days after settlement day as set out in (2) below and must then multiply this by the appropriate percentage set out in the table below to calculate a CRR for each separate unsettled transaction.

**Counterparty exposure calculation**

3-171(2) **R** (a) Where a firm has neither delivered securities or physical commodities nor received payment when purchasing securities or physical commodities for, or selling securities or physical commodities to, a counterparty, the positive counterparty exposure is the excess of the contract value over the market value of the securities or physical commodities.

(b) Where a firm has neither received securities or physical commodities nor made payment when selling securities or physical commodities for, or purchasing securities or physical commodities from, a counterparty, the positive counterparty exposure is the excess of the market value over the contract value of the securities or physical commodities.

**Netting**

3-171(2A) **R** A firm may offset positive and negative counterparty exposures, calculated in accordance with (2) above, before it multiplies the residual exposure by the appropriate percentage in Table 3-171(1) provided that:

(a) the exposures arise on transactions with the same counterparty; and

(b) the firm has a written agreement supported by a legal opinion obtained in accordance with rule 3-170(11).

**Sub-total**

3-171(3) **R** The sum of the amounts calculated in accordance with (1) above is the firm’s total CRR for cash against documents transactions.
3-173 FREE DELIVERIES OF PHYSICAL COMMODITIES AND SECURITIES

General rule

3-173(1) R When a firm makes delivery to a counterparty of physical commodities or securities without receiving payment or pays for securities without receiving the certificates of good title, the firm must calculate the free delivery value for each transaction.

Free delivery value calculation

3-173(2) R A firm must calculate the free delivery value for each transaction as set out below and multiply this value by the appropriate percentage in Table 3-173(2) A for free deliveries of physical commodities and Table 3-173(2) B for free deliveries of securities as follows:

(a) if the firm has delivered physical commodities or securities to a counterparty and has not received payment, the free delivery amount is the full amount due to the firm (i.e. the contract value);

(b) if the firm has made payment to a counterparty for securities and not received the certificates of good title, the free delivery amount is the market value of the securities; and

(c) if a firm pays for physical commodities without receiving delivery or documents of title the exposure is to be treated as an unsecured loan to which rule 3-181 applies.

### Netting

**3-173 (2A) R** A firm may reduce the free delivery value for a transaction calculated in accordance with (2) above, before it multiplies the residual exposure by the appropriate percentage in Table 3-173(2)A or B, by:

- **(a)** the value of any free payment received from the *counterparty*; or
- **(b)** the contract value of any *securities* received free from the *counterparty*,

provided that:

- **(i)** the exposures arise on transactions with the same *counterparty*; and
- **(ii)** the *firm* has a written agreement supported by a legal opinion obtained in accordance with rule 3-170(11).

### Partners and connected persons

**3-173 (3) R** For the purpose of this rule, a *firm* must treat any amount due from a partner or his connected person in respect of *investment business* as a free delivery to a *counterparty*.

### Sub-total

**3-173 (4) R** The sum of the amounts calculated in accordance with (1), (2) and (3) above is the *firm’s* total CRR for free deliveries of *physical commodities* and *securities*.

### 3-173A DERIVATIVE TRANSACTIONS

#### General rule

**3-173A (1) R** A firm must calculate for each *derivative* transaction a CRR either:
(a) by multiplying the counterparty exposure calculated in accordance with (2) and (3) below by the appropriate percentage in Table 3-173A(4)A or B, except for single premium options purchased on behalf of a counterparty and traditional options purchased for the firm’s own account or on behalf of a counterparty, which shall be subject to rule 3-178; or

(b) after notifying the FCA in writing, in accordance with rule 3-173B.

Counterparty exposure

3-173A (2) R A firm must calculate the counterparty exposure on derivative transactions in accordance with either (a) or (b) below:

(a) where a counterparty has not fully paid an initial margin requirement or variation margin requirement on a transaction in a derivative listed on an exchange or approved exchange or met it through the deposit of acceptable collateral not otherwise used, the firm must calculate the counterparty exposure as the shortfall;

(b) where the counterparty exposure arising from a transaction in a derivative is not listed on an exchange or approved exchange, the counterparty exposure is the credit equivalent amount calculated in accordance with Table 3-173A(2A).

### Notes

- FRAs, swaps, futures, purchased options, and other contracts for differences
- A = the replacement cost of the contract
- N = the notional or actual principal amount underlying the contract
- For contracts with multiple exchanges of principal, the % of N has to be multiplied by the remaining number of payments still to be made according to the contract.
- In the case of a derivative referenced on a bond which satisfies the criteria for a qualifying debt security, the %N applicable to interest rate derivatives may be utilised to calculate the credit equivalent amount. For a derivative referenced on a ‘non-qualifying’ bond, the credit equivalent amount must be calculated with reference to the %N applicable to equity derivatives.
- For contracts that are structured to settle outstanding exposure following specified payment dates and where the terms are reset such that the market value of the contract is zero on these specified dates, the residual maturity would be equal to the time until the next reset date. In the case of interest-rate contracts that meet these criteria and have a remaining maturity of over one year, the percentage is no lower than 0.5%.

Notes

FRAs, swaps, futures, purchased options, and other contracts for differences

A = the replacement cost of the contract

N = the notional or actual principal amount underlying the contract

For contracts with multiple exchanges of principal, the % of N has to be multiplied by the remaining number of payments still to be made according to the contract.

In the case of a derivative referenced on a bond which satisfies the criteria for a qualifying debt security, the %N applicable to interest rate derivatives may be utilised to calculate the credit equivalent amount. For a derivative referenced on a ‘non-qualifying’ bond, the credit equivalent amount must be calculated with reference to the %N applicable to equity derivatives.

For contracts that are structured to settle outstanding exposure following specified payment dates and where the terms are reset such that the market value of the contract is zero on these specified dates, the residual maturity would be equal to the time until the next reset date. In the case of interest-rate contracts that meet these criteria and have a remaining maturity of over one year, the percentage is no lower than 0.5%.

Netting

3-173A R A firm may offset counterparty exposures arising on derivative transactions calculated in accordance with (2) above before it
(3) multiplies the residual exposure by the appropriate CRR percentage as follows:

(a) variation margin payable to a counterparty against an initial margin requirement or variation margin requirement receivable from a counterparty;

(b) variation margin payable to a counterparty against a positive “A” as calculated in accordance with Table 3-173A(2A);

(c) a negative “A” as calculated in accordance with Table 3-173A(2A) against an initial margin requirement or variation margin requirement receivable from a counterparty;

(d) a negative “A” against a positive “A” in each case as calculated in accordance with Table 3-173A(2A);

(e) losses on a closed out derivative transaction which has not been settled against variation margin payable to a counterparty; or

(f) losses on a closed out derivative transaction which has not been settled against negative “A” calculated in accordance with Table 3-173A(2A),

(g) profit on a closed out derivative transaction which has not been settled against an initial margin requirement or variation margin requirement receivable from a counterparty;

(h) profit on a closed out derivative transaction which has not been settled against a loss on a closed out derivative transaction;

(i) profit on a closed out derivative transaction which has not been settled against a positive “A” as calculated in accordance with Table 3-173A(2A);

(j) premium receivable in respect of written options against variation margin payable, initial margin payable or a closed out profit payable to the counterparty or a negative “A” as calculated in accordance with Table 3-173A(2A);

(k) positive “A” on purchased options calculated in accordance with Table 3-173A(2A) against negative “A” on written options; or

(l) in the case of perfectly matched contracts these may be treated as a single contract with a notional principal equivalent to the net receipts; or

(m) where transactions are subject to (3)(c) above, the potential future credit exposures (PFCE) on transactions with the
same counterparty (i.e. % on N) may be netted in accordance with Table 3-173A(3) below, provided that:

(i) the exposures arise on transactions with the same counterparty; and

(ii) the firm has a written agreement, supported by a legal opinion obtained in accordance with rule 3-170(11).

(a) Where a firm does not offset counterparty exposures arising on derivative transactions in accordance with (3) above, it must multiply the counterparty exposure by the appropriate percentage from:

(ii) Table 3-173A(4)B if the counterparty exposure arises on a transaction in a derivative not listed on an exchange or approved exchange,

but may opt to calculate CRR using the highest available credit percentage in Tables 3-173A(4)A or B below in order to avoid undue complication.

(b) Where a firm does offset counterparty exposures on derivative exposures in accordance with (3) above, it must multiply the residual net counterparty exposure by the appropriate percentage from Table 3-173A(4)A or B.
(c) A firm may opt to calculate the CRR using the highest available CRR percentage in the tables below in order to avoid undue complication.

Exposures to locals

3-173A (5) R A firm must calculate a 100% CRR for amounts of initial and variation margin not met with acceptable collateral or a positive equity balance owed to a firm by a local in respect of transactions in derivatives listed on an exchange or approved exchange from the date of any shortfall. However, a firm may use an alternative treatment if it:

(a) participates in the profits or losses of the local for 25% or more when the firm may include the local position in its own position which will then be subject to PRR; or

(b) calculates PRR for locals in which case its requirement will...
be the sum of the following:

(i) 10% of the PRR result for each local; and

(ii) the excess over the “net liquidating balance” of the PRR applied to the positions of each local; and

(c) for the purposes of (b) above, “net liquidating balance” means the cash amount which would remain in a local account if all positions were liquidated and there were added (1) cash balances (2) the value of marketable investments, and (3) letters of credit and guarantees issued by a regulated banking institution which is not the counterparty or an associate of the counterparty in the control of the firm; and there were deducted all loans and overdrafts from, and other liabilities to the firm; and to the extent that a firm includes an exposure in the net liquidating balance calculation, it does not also need to apply the liquidity adjustment in rule 3-75 or the CRR to those exposures.

**Sums due for payment or owed on closed out derivative transactions**

**3-173A (6) R** When a counterparty has not fully met amounts owed to a firm arising out of losses on closed out derivative transactions by depositing, acceptable collateral or, has not fully settled amounts owed in respect of periodic or final settlement of transactions, a firm must calculate a CRR equal to the amount outstanding after three days, unless:

(a) the firm has offset the amount owed against variation margin payable in accordance with (3)(e) above; or

(b) the firm has offset the amount owed against a negative “A” in accordance with (3)(f) above,

in which case the firm must calculate a CRR equal to the residual amount outstanding after three days.

**Equivalent contracts**

**3-173A (7) R** Rule 3-173A (2)(b) also applies to contracts which, although they are listed on an exchange or approved exchange, are fully dependent upon the issuer for performance (e.g. covered warrants).

**Regulated connected companies**

**3-173A (8) R** Where a firm carries out significant swaps business with a connected company which has adequate regulation applied to it, the firm need not comply with all or part of rule 3-173A so far as it applies to interest rate or foreign exchange swaps with that connected company, provided that it has given prior written
notice of this to the FCA.

Sub-total

3-173A (9)  R  The sum of the amounts calculated in accordance with this rule is the firm’s total CRR for derivative transactions other than those subject to rule 3-178.

FCA

3-173B  CRR for derivative transactions under 3-173A(1)(b)

General rule

3-173B (1)  R  A firm must calculate for each derivative transaction a CRR by multiplying the counterparty exposure calculated in accordance with (2) and (3) below, by the appropriate percentage in Table 3-173B(5) below.

Collateral

3-173B (2)  R  A firm may:

FCA

(a)  reduce the counterparty exposure on which its CRR is calculated to the extent that it holds acceptable collateral to cover that exposure; and

(b)  where it does not have an ACMP, may continue to multiply the counterparty exposure by 8% multiplied by the counterparty weight, to the extent that the firm holds adequate collateral to cover that exposure.

Counterparty exposure

3-173B (3)  R  A firm must calculate the counterparty exposure on derivative transactions in accordance with either (a), (b) or (c) below:

FCA

(a)  where a counterparty has not fully paid a margin requirement on a derivative transaction listed on an exchange or cleared through a clearing house, or met it through the deposit of acceptable collateral not otherwise used, a firm must calculate the counterparty exposure as the shortfall;

(b)  where a firm sells or writes an option to a counterparty or buys an option on behalf of a counterparty and the counterparty has not paid the full option premium, or met it through the deposit of acceptable collateral not otherwise used, it must calculate the counterparty exposure as the uncovered premium on the transaction; or
(c) A firm must calculate the counterparty exposure arising from a derivative transaction other than a written or sold option or a derivative transaction listed on an exchange or cleared through a clearing house, as the credit equivalent amount calculated in accordance with Table 3-173B(3A), not covered by the deposit of acceptable collateral not otherwise used.

### Notes

* FRAs, swaps, futures, purchased options, and other contracts for differences

A = the replacement cost of the contract

N = the notional or actual principal amount or value underlying the contract

For contracts with multiple exchanges of principal, the % of N has to be multiplied by the remaining number of payments still to be made according to the contract.

In the case of a derivative referenced on a bond which satisfies the criteria for a qualifying debt security, the %N applicable to interest rate derivatives may be utilised to calculate the credit equivalent amount. For a derivative referenced on a 'non-qualifying' bond, the credit equivalent amount must be calculated with reference to the %N applicable to equity derivatives.

For contracts that are structured to settle outstanding exposure following specified payment dates and where the terms are reset such that the market value of the contract is zero on these specified dates, the residual maturity would be equal to the time until the next reset date. In the case of interest-rate contracts that meet these criteria and have a remaining maturity of over one year, the percentage is no lower than 0.5%.
If a firm uses the modified maturity ladder approach to calculate PRR, it may use Table 3-173B(3B).

Sums due for payment or owed on closed out derivative transactions

3-173B (4) R When a counterparty has not fully met amounts owed to a firm arising out of losses on closed out derivative transactions through the deposit of acceptable collateral not otherwise used, or has not fully settled amounts owed in respect of periodic or final settlement of transactions, a firm must calculate CRR equal to the unpaid loss multiplied by the appropriate percentage from the Table 3-173B(5) below.

FCA

3-173B (4A) R In the case of a failed FX transaction (whether originally contracted for forward settlement, or undertaken in the spot market) where the firm has released funds to its counterparty, but has not received the funds in the alternative currency, the CRR must be calculated as the gross value of the funds not received, multiplied by the appropriate percentage from Table 3-173B(5) below.

CRR percentages

3-173B (5) R A firm must multiply the counterparty exposure by the appropriate percentage from the table below, but:

FCA

(a) may opt to calculate CRR using the highest available credit percentage in the table below in order to avoid undue complication; and

(b) may reduce the counterparty weight applicable to counterparty exposures calculated in accordance with (3)(c) above to 50%, where the counterparty would normally attract a counterparty weight of 100% in accordance with Table 1 in Appendix 47.

Netting

3-176(3) R A firm may reduce the CRR by netting where it has more than one exposure to an individual counterparty provided that it has a written agreement supported by a legal opinion obtained in accordance with rule 3-170(11) as follows:

(a) in the case of sale and buy back, repurchase or securities or physical commodities lending agreements (Table 3-176(1)), a firm may reduce the CRR by the excess of the total value of collateral received, including accrued interest, over the “mark to market” value of any other sale and buy back, repurchase or securities or physical commodities lending agreements with the same counterparty;

(b) in the case of sale and buy back, reverse repurchase or securities or physical commodities borrowing agreements (Table 3-176(2)), a firm may reduce the CRR by the excess of the “mark to market value” over the total value of collateral given, including accrued interest, of any other of buy and sale back, reverse repurchase or securities or physical commodities borrowing agreements with the same counterparty; and

(c) to the extent that an excess has not been used under (a) or (b) above to reduce the CRR, a firm may use an excess on a sale and buy back, repurchase or securities or physical commodities lending agreement respectively to reduce the CRR on a buy and sale back, reverse repurchase or securities or physical commodities borrowing agreement and vice versa provided the agreements are with the same counterparty.

FCA

(a) simultaneous delivery of securities or physical commodities and collateral cannot be confirmed immediately due to settlement failure, or

(b) a firm has delivered collateral or securities or physical commodities prior to the receipt of securities or physical commodities or collateral,

the firm is not required to calculate a CRR for three business days from the date of payment or delivery by the firm.

Additional acceptable collateral

3-176(9) R Where the firm has called for additional acceptable collateral from the other party to the agreement, a firm is not required to calculate a CRR if that call has been outstanding for no more than one business day.

Exclusions

3-176(10) R All repurchase, reverse repurchase, securities or physical commodities lending or borrowing sale and buy back and buy and sale back agreements with a stock exchange, clearing house, Clearstream or Euroclear are exempt from this rule.

Sub-total

3-176(11) R The sum of the amounts calculated in accordance with this rule is the total CRR for repurchase and reverse repurchase, securities or physical commodities lending and borrowing and sale and buy back agreements.

3-177 MONEY BROKERS

Application

3-177(1) R This rule applies to money brokers.

FCA

Lending money

3-177(2) R When a money broker is lending money it must calculate a 100% CRR except to the extent that it holds acceptable collateral; except where the broker does not have a “written agreement” in accordance with rule 3-176(5) between the firm and counterparty specifying, inter alia, the interest rate on the loan and stating that the loan is repayable on demand or for a term no longer than 30 days, when the CRR is 100% of the amount outstanding.
Lending and borrowing securities etc

3-177(3) R For all reverse repurchase and repurchase agreements, securities borrowing and lending agreements and buy and sale back and sale and buy back agreements other than where securities are lent or sold or borrowed or purchased through an approved payments system, a *money broker* must calculate an additional CRR of 0.5% applied to the value of all securities transferred.

Sub-total

3-177(5) R The sum of the amounts calculated in accordance with (2) and (3) above is the firm’s total CRR for *money brokers*.

3-178 OPTIONS PURCHASED FOR A COUNTERPARTY

Single premium options

3-178(1) R Where a firm has purchased a single premium *option* on behalf of a *counterparty* and the counterparty has not paid the full *option* premium cost by three *business days* after trade date, a firm must calculate a CRR as the amount by which the *option* premium owed to the firm exceeds the market value of the *option* or acceptable collateral.

Traditional options

3-178(2) R Where a firm has purchased a *traditional option* for its own account or a *counterparty* and paid the *option* premium, it must calculate a CRR equal to the value of the *option* premium.

Sub-total

3-178(3) R The sum of the amounts calculated in accordance with (1) and (2) above is the firm’s CRR in respect of purchased *options*.

3-180 QUALIFYING AND OTHER DEPOSITS

General rule

3-180(1) R Subject to (2) below, a firm must calculate a CRR for a deposit referred to in the table below by multiplying the value of the deposit by the appropriate percentage contained in the table below.

### Timing

3-180(2) R **Qualifying deposits** and other deposits outstanding three days after a repayment request has been made or more than three days past maturity date are subject to a full CRR.

### Netting

3-180(2A) R A **firm** may reduce the value of the deposit by an amount owed by the **firm** to a **counterparty** before it multiplies the residual exposure by the appropriate percentage in Table 3-180(1) provided that:

(a) the exposures arise with the same **counterparty**; and

(b) the **firm** has a written agreement supported by a legal opinion obtained in accordance with rules 3-170(11).

### Sub-total

3-180(3) R The sum of the amounts calculated in accordance with Table 3-180(1) is the **firm’s CRR** for **Qualifying deposits** and other deposits.

---

### Loans to Counterparties

**General rule**

3-181(1) R A **firm** must calculate a 100% CRR on the amount by which a loan to a **counterparty** is not:

(a) secured by acceptable collateral; or
(b) offset against amounts owed by the firm to the counterparty where the firm has a written agreement supported by a legal opinion obtained in accordance with rule 3-170(11).

Sub-total

3-181(2) R The sum of the amounts calculated in accordance with this rule is the firm’s CRR for loans to counterparties.

FCA

3-182 OTHER AMOUNTS OWED TO A FIRM ARISING OUT OF INVESTMENT BUSINESS OR INVESTMENT DEALING ACTIVITIES

Nil CRR items

3-182(1) R The following receivables arising out of investment business or investment dealing activities do not require a CRR at any time:

FCA

(a) any debt not covered elsewhere in the CRR rules to the extent that it is adequately secured;

(b) amounts in respect of 30 day items specified in (3) below which have been outstanding for less than 30 days from the date on which they were first recorded on the firm’s balance sheet; and

(c) accrued income for interest on marketable investments, except where it has been outstanding for more than 30 days after the date that the interest was due to be received.

CRR on amounts owed to a firm in respect of international underwriting and stabilisation activities

3-182(2) R (a) Where management or other fees are owed to a firm in respect of international underwriting or stabilisation activities, the firm must calculate full CRR on any amounts remaining unpaid 30 days after they first appeared on the firm’s balance sheet.

FCA

(b) A firm acting as stabilising manager must also calculate a CRR equal to 100% of any income accrued as a result of net profit on stabilising activities while the stabilising account remains open.

CRR on 30 day items

3-182(3) R A firm must calculate a 100% CRR in respect of the following receivables due to the firm if they have been outstanding for more than 30 days from the date on which they were first
recorded on the firm’s balance sheet:

(a) commissions and fees earned in connection with the firm’s investment business;
(b) commissions and fees earned which are due and payable from client bank accounts;
(c) repayments of marketable investments at maturity or call;
(d) the value of scrip issues and rights issues;
(e) proceeds arising from takeovers and mergers;
(f) domestic underwriting or stabilisation fees; and
(g) accrued income and work in progress.

100% CRR items

3-182(4) R A firm must calculate a 100% CRR in respect of other receivables arising from investment business and investment dealing activities not covered elsewhere in this rule from the time that the receivable is recorded on the balance sheet.

Netting

3-182(4A) R A firm may reduce the value of the amounts owed to the firm by an amount owed by the firm to a counterparty before it multiplies this by 100% provided that:

(a) the exposures arise with the same counterparty; and
(b) the firm has a written agreement supported by a legal opinion obtained in accordance with rule 3-170(11).

Sub-total

3-182(5) R The sum of the amounts calculated in accordance with this rule is the CRR for other amounts owed to the firm arising out of investment business or investment dealing activities

Consolidated Supervision

Under the Financial Conglomerates and Other Financial Groups Instrument 2004, the rules in Chapter 14 shall (with respect to a particular firm, group or financial conglomerate) apply from the first day of its financial year beginning in 2005 in place of rules 3-190(1) to 3-195.

3-300 ACMPs

3-300(1) R A firm may only use an ACMP for the purposes of rules 3-170 to
3-182 if:

(a) the policies and procedures making up the proposed ACMP are at all times adequate and appropriate to the firm and its business; and

(b) the firm gives to the FCA at least three months’ notice in writing of its intention to use an ACMP for the purposes of these rules.

3-300(2) The notice referred to in (1)(b) above must include all relevant details of the policies and procedures making up the proposed ACMP.

3-300(3) The notice referred to in (1)(b) is not required if the firm was permitted under the relevant requirements of a predecessor regulator, as they were in force immediately prior to the specified day, to use the proposed ACMP for the purposes of those requirements.

3-300(4) (a) A firm’s policies and procedures should take full account of the principles described in Appendix 56.

(b) Compliance with 3-300(4)(a) may be relied on as tending to establish compliance with 3-300(1)(a).

(c) Contravention of 3-300(4)(a) may be relied on as tending to establish contravention of 3-300(1)(a).

On receipt of notice under (1)(b) the FCA is likely to review the policies and procedures proposed by the firm and the degree to which they take full and appropriate account of the matters described in Appendix 56. The FCA’s review will take account of the context in which the policies and procedures are to operate and the relevant circumstances of the firm. The FCA will indicate to the firm its views on the adequacy and appropriateness of the proposals in the light of its review and may make recommendations of improvements.

The FCA may make a further review of the policies and procedures making up an ACMP at any time after their implementation for the purposes of these rules as part of its supervision of the firm. Any review after implementation will broadly follow the lines described above.

Appendix 20: Guidance Notes on Reconciliation of Firm's Balances with a Counterparty which is a Member of an Exchange (Rule 3-11(1)(D)) and IPRU(INV) 9.6.1r (For An Exempt CAD Firm))

INTRODUCTION

1 The purpose of this guidance is to state how under rule 3-11(1)(d) and IPRU(INV) 9.6.1.R (for an exempt CAD firm) the reconciliation process with counterparties which are also members of exchanges should be performed.

SCOPE

2 The reconciliation to be performed with counterparties should cover all outstanding balances and securities positions with such counterparties from all sources except to the extent that the components of such balances and securities positions have been agreed by other means. Agreement by other means shall include (but is not to be limited to) those which have been–

(a) matched or cleared through an exchange, clearing house or clearing system; or

(b) verified by dispatch to or receipt from the counterparty of a confirmation or statement. Such verification should have been evidenced in writing or by electronic media.

3 The reconciliation should cover all remaining outstanding items including, for example, fee-based items, dividends where these are on the firm's balance sheet, coupons, amounts arising under OTC contracts, repurchase and reverse repurchase agreements and securities lending and borrowing.

4 The items to be included should be all those past trade date which is consistent with trade date accounting.

5 Where necessary a firm should initially circularise a list of all relevant open items as set out above rather than a net balance. A firm should identify the assumptions made by them in ascertaining which balances (or types of balances) have been included in the reconciliation. A firm should also identify where the balances or securities positions with a counterparty arise from different accounts operated by them with that counterparty.

6 The scope of the rule is intended to cover nil balances although these may be covered on a sample basis only. They are included because discrepancies in such balances may only come to light as being incorrectly stated on the performance of a circularisation. However, reconciliations of nil balances do not need to be performed where–

(a) the counterparty is also a firm; or

(b) there has been no outstanding balance with the counterparty at any point during the year.

TIMING

7 It is considered preferable for a firm to be aware in advance at which periods of the year they will receive reconciliations requests. This may be of use to a firm in enabling it to plan in advance the allocation of staff for the performance of the reconciliations. Thus, it is suggested that a firm submits such circularisations, where possible, at calendar quarter end.
dates. It is considered that, in any case, the majority of firms would be likely to circularise such statements at these dates. However, a firm will be eligible to circularise at other dates as, for example, when its own annual or quarterly accounting reference dates do not coincide with the calendar quarter end.

8 A firm may perform the reconciliation in conjunction with the work undertaken by its auditors for the purposes of the annual audit.

THE OBLIGATION ON FIRMS

9 It is considered preferable for a firm to be aware in advance at which periods of the year they will receive reconciliations requests. This may be of use to a firm in enabling it to plan in advance the allocation of staff for the performance of the reconciliations. Thus, it is suggested that a firm submits such circularisations, where possible, at calendar quarter end dates. It is considered that, in any case, the majority of firms would be likely to circularise such statements at these dates. However, a firm will be eligible to circularise at other dates as, for example, when its own annual or quarterly accounting reference dates do not coincide with the calendar quarter end.

10 A recipient of a circularisation request from another firm must use its best endeavours to respond. Notwithstanding paragraphs 7 and 8 above, this obligation will apply even if this request is received more frequently than once a year from the same counterparty or is wider in scope than required by paragraphs 2 to 6 above (for example, by also covering balances which have already been agreed by other means). Rule 3-11 (or IPRU(INV) 9.6.1R for an exempt CAD firm) only requires that specific balances be covered. This is intended as a minimum requirement and not necessarily as the norm. If a firm need not reply to a request more than once a year or which covered balances of a wider scope, firms would be discouraged from requesting such reconciliations.

11 Rule 3-11(3) (or IPRU(INV) 9.6.1(1)R(4) for an exempt CAD firm) requires a firm to respond, within one month of receipt, to a circularisation request received from another firm. The one month response period should also be observed in relation to circularisation requests received under rule 3-11(1)(d) (or IPRU(INV) 9.6.1(1)R for an exempt CAD firm).

12 It is not considered necessary to issue detailed guidance for the procedure to be adopted in cases where the recipient does not reply to a circularisation request sent by a firm. It is intended that a firm need only take reasonable steps to obtain any such reply. However, before a firm has taken such steps, it should not assume that the circularisation is agreed merely due to the absence of a reply from the counterparts.
Appendix 21: Guidance Notes on the Valuation of Positions
(rule 3-41(9))

INTRODUCTION

1 FCA

Rule 3-41(9) states that a position must be valued at its close out price, where close out price means that a long position should be valued at current bid price and a short position at current offer price. In addition, rule 3-41(9) states that a firm must value a position on a prudent and consistent basis, and have regard to the liquidity of the instrument concerned and any special factors that may adversely affect the closure of the position.

2 FCA

The following paragraphs give general indications to firms on the appropriate valuation methodology. However, it is emphasised that prudence should be the overriding influence in the valuation exercise and that, where uncertainty exists as to the most appropriate price, the firm should use that price which gives the most conservative valuation.

GENERAL PRINCIPLES

3 FCA

Firms should value positions by reference to market prices, but where necessary should add a prudent and appropriate buffer to the bid or offer price to account for factors which would adversely affect the firm’s ability to realise the close-out value, such as -

(a) the liquidity of the security in question;
(b) the size of the position held in that security relative to the sizes at which prices are quoted;
(c) the direction of the position (long or short) relative to the current direction of the market;
(d) the exposure of the firm to the relevant market as a whole;
(e) any conversion or foreign exchange costs that would be incurred if the position were closed out;
(f) any other factors which may affect the close-out price.

4 FCA

Where a mid-market or single price only is available for the security in question, firms must adjust this price by a prudent and appropriate buffer as outlined in paragraph 3 above.

5 FCA

With respect to paragraphs 3 and 4 above, firms should be able to demonstrate at all times how they determined the final price applied to any position in a security.

APPENDIX 37 (rule3-177): Guidance Notes for Money Brokers

Application of the Counterparty Risk Requirement

INTRODUCTION

1

This Appendix offers guidance to money brokers on the application of rule 3-177 relating to the counterparty risk requirement.

FCA

CALCULATION OF 0.5% ADDITIONAL CRR

2

A money broker should calculate the additional CRR requirement as follows -

FCA

(a) if a money broker is satisfied that it has a legal right to net off exposures with an individual counterparty, valid and enforceable in the United Kingdom or any other relevant country, it may do so in accordance with the rule 3-176(3). The obligation rests with the broker to demonstrate that the method it uses is reasonable and justifiable. It is stressed that this right to net is at the option of the firm and is not mandatory;

(b) a money broker should then aggregate its total level of securities subject to a repurchase or reverse repurchase agreement, securities lending or borrowing agreement and sale and buy back or buy and sale back agreement (either net or gross) to or from individual counterparties outside an approved payments system and money lent against Talisman short-term certificates. A capital requirement of 0.5% of this sum should then be calculated.

APPROVED PAYMENTS SYSTEMS

3

The following are approved payment systems when the systems concerned provide for settlement on a delivery versus payment basis -

FCA

- Austraclear New Zealand
- Banca D’Italia’s Giornaliera
- Banque Nationale de Belgique
- Bank of Spain Interbank Bond Settlements System
- Banque de France’s SATURNE
- BOJ-NET DVP
- Central Gilts Office
- Clearstream
- Depository Trust Company
- Euroclear
- Fedwire - see The Federal Reserve System
- Kassenverein
- Necigef
- SICOVAM (Relit settlement only)
- Sociedad de Compensacion y Liquidacion de Valores
- The Canadian Depository for Securities Ltd
- The Federal Reserve System (Fedwire), and
- Vardepapperscentralen VPC AB

COLLATERAL

4

It is recognised that letters of credit may be used as collateral and may have a value in excess of the amount of the securities transferred. Provided it is clearly established that claims cannot be made on the letter of credit in excess of the value of the securities borrowed, no CRR will be imposed on the amount by which the letter of credit exceeds the value of the securities borrowed. Firms are reminded that the definition of acceptable collateral includes marketable investments which may take the form of money market instruments.
Appendix 43: Guidance Notes on the Financial Resources and Accounting Treatment of Soft Commission Agreements
(rules 3-73 and 3-182(3))

INTRODUCTION

1. This Appendix contains detailed guidance to the following rules—

<table>

</tbody>
</table>

2. The FCA is of the view that it is not responsible for setting accounting policies in relation to a firm's audited annual financial statements. However, the FCA considers that it is preferable for all firms participating in "soft commission agreements" to have consistent accounting policies. Without such consistency, certain firms would have a competitive advantage in terms of their financial resources. Therefore, for the purposes of completing financial reporting statement submitted to the FCA, appropriate accounting policies should be used. The guidance and interpretations made in this Appendix should be considered in this context.

3. The guidance applies to all firms which participate in "soft commission agreements" whether or not this is the sole investment business of the firm.

DEFINITION

4. A soft commission agreement means—

"any agreement, whether oral or written, under which a firm which deals in securities on an advisory basis, or in the exercise of discretion, receives goods or services in return for an assurance that not less than a certain amount of such business will be put through or in the way of another person;"

DESCRIPTION

5. A "soft commission agreement" is understood as being one in which a fund manager agrees, either formally or informally, to provide a broker with a certain amount of commission in any one period in return for the provision of services "free". Those services may be provided in-house or by third parties and may take the form of specific research provided by analysts, portfolio valuation systems, or information packages, plus the associated computer hardware and software.
Under traditional broking arrangements, the full service broker normally receives commission in return for the total servicing of a fund manager's account, a package which includes execution, perhaps custodianship and, almost certainly, research, also "free". The services provided under traditional broking arrangements are in-house i.e. within a broking group, and mostly are not conditional upon receipt by the broker of a certain level of commission, although there is usually an understanding which may never be articulated, that a certain volume of business will be generated.

**EXISTING DIFFERENCE IN ACCOUNTING POLICIES**

The accounting policies used can in general be divided into those which are "profit & loss" based and those which are "balance sheet" based. Under the former, the firm will write-off such expenditure to its profit & loss account but will usually not accrue a liability in its financial reporting statements for commissions received in advance. Consequently, the "normal" profit & loss based accounting systems for expenses incurred and commissions received will be used. It should be noted that such firms, as they are fundamentally participating in traditional broking arrangements, may not have legally enforceable "soft commission agreements" with their counterparties, such that there may be no absolute contractual liability on the firm or counterparty to provide expenditure or commission.

**EXPENDITURE AND BALANCES RECEIVABLE**

Once expenditure is incurred for a counterparty, the soft commission broker may claim that contractually the counterparty is bound to pay him a certain multiple of that expenditure in the form of commission within a certain period of time from the date the expenditure was incurred. Consequently, certain firms have previously capitalised their expenditure and shown it as an asset for the purposes of calculating their financial resources.

**REQUIRED TREATMENT**

Where a firm incurs expenditure on behalf of a counterparty or counterparties in respect of "soft commission agreements" (whether or not it is incurred in relation to a written contract), the firm should immediately write off such expenditure to its profit & loss account.

Notwithstanding the above, expenditure may be capitalised (as an asset) in the balance sheet of the company which incurred the expenditure, only where this amount is recoverable under a legally enforceable contract (see paragraph 18 below). Where such expenditure is capitalised it will be subject to rule 3-182(3).

**INCOME AND BALANCES PAYABLE**

Once commission income is received from a counterparty, the firm may recognise that contractually it is bound to pay the counterparty a certain proportion of that income, in the form of the counterparty's expenses, within a certain period. Although certain firms are including this amount as a liability on their balance sheet (and thus reducing their financial...
resources), other firms are making no such provision.

REQUIRED TREATMENT

13 FCA Where a firm has a contractual liability to, or on behalf of, a counterparty or counterparties which arises from a legally enforceable "soft commission agreement", the firm should accrue in its financial reporting statements a liability for the relevant proportion of any advanced commission income received from the counterparty that will have to be subsequently incurred as an expense by the firm in the form of a payment on behalf of the counterparty for allowable goods and services.

EXPENDITURE REQUIREMENT

14 FCA Once expenditure is incurred for a counterparty, the soft commission broker may claim that contractually the counterparty is bound to pay him a certain multiple of that expenditure in the form of commission within a certain period and thus such expenditure should not be included in the firm's expenditure requirement.

REQUIRED TREATMENT

15 FCA Expenditure incurred by soft commission brokers should be included in a firm's expenditure requirement, unless it is incurred under a legally enforceable "soft commission agreement" when it may be excluded from the expenditure requirement calculation.

16 FCA The reasoning behind this treatment is that the expenditure of a firm participating in soft commission arrangements is similar to shared commissions and can, therefore, be treated as though it were shared commissions under rule 3-73(2)(f), except to the extent that such expenses are irrecoverable, i.e. except where there is no enforceable legal agreement.

17 FCA It is considered that certain firms may have been under the misapprehension that there was a concession for all expenditure related to "soft commission agreements" regardless of whether the agreement was legally enforceable. Where a firm undertakes a mixture of business between legally enforceable contracts and informal arrangements (all of which the firm would classify as "soft commission agreements"), it must take great care in allocating expenditure between legally enforceable contracts and others. Alternatively, it may decide to include all expenditure in the expenditure requirement regardless of source.

LEGALLY ENFORCEABLE CONTRACTS

18 FCA For the purposes of this guidance, for a "soft commission agreement" to be legally enforceable there should be a specific written legal contract governing the arrangements. The contract should be legally enforceable by the firm involved, both in the UK and in any other relevant country.

Appendix 56: Guide to Adequate Credit Management Policy (ACMP)

(rules 3-73 to 3-175, 3-300 and “ACMP”)

**INTRODUCTION**

1 This appendix contains general guidance on the standards which the FCA expects a firm’s ACMP to meet.

**OBJECTIVE**

2 The FCA’s objective is to ensure that adequate procedures and controls are in place to manage effectively the granting of credit and the monitoring and controlling of credit risk.

**SCOPE**

3 The guidance applies to any firm which wishes to take advantage of the lower CRR percentages (by which counterparty exposures must be multiplied).

4 Before a firm may use the lower percentages in calculating CRR and in preparing its financial reporting statements, it must meet the requirements set by 3-300. The ACMP and its operation will be reviewed periodically by the FCA and, where it is no longer operating effectively, the firm may be in breach of those requirements.

**BACKGROUND**

5 The FCA is aware that firms grant credit to counterparties in many different ways, including for example, loans to cover actual margin calls as a result of delays between trade date and final settlement or of late settlement etc. This guidance is designed to cover all instances where a firm becomes exposed to credit risk although, depending on the way in which credit risk arises, the procedures for managing it may differ.

6 In considering the credit management policies of a firm, the FCA will expect the firm to operate a robust control structure which is appropriate to the size, scale and nature of its business and the diversity and complexity of its exposures. The FCA recognises that different approaches to and styles of credit management can create an effective operational control environment. Therefore, it is not appropriate for the FCA to lay down prescriptive standards which it would expect a firm to meet, but rather to suggest a broad framework which is flexible, allows for individualised solutions and can accommodate and encourage evolutionary developments.

7 The prime components of a sound credit risk management process are:

- the definition by a firm of what constitutes a credit exposure/risk and is therefore covered by the firm’s ACMP;

- a comprehensive credit risk measurement approach;
the existence of guidelines and other parameters used to determine credit limits and govern the level and types of risk taken; together with

- a strong management information system for controlling, monitoring and reporting exposures.

Thus, when the FCA reviews a firm’s credit management process, it will seek comfort that credit exposures are managed and controlled in a highly disciplined manner and that the relevant staff are well versed in the firm’s credit procedures.

Where a firm’s credit risk management is controlled or overseen by its parent or an affiliate in the same group, provided that the firm can identify reasonable grounds for believing that the level of control is suitable, this should not impede use of the firm’s ACMP.

**GENERAL PRINCIPLES**

In forming its view as to the adequacy of a firm’s credit risk management process, the general characteristics which the FCA may take into account include the following:

**Role of senior management**

(a) whether the framework of credit risk management, i.e. a firm’s policies and procedures, is overseen by the board of directors or an equivalent management body;

**Procedures**

(b) whether there are clearly established lines of responsibility and levels of authority for:

- the granting of credit to a counterparty;

- extending its permitted use to cover risk arising on a product new to the counterparty;

- increasing existing credit facilities; and

- the monitoring and controlling of all credit risk;

(c) the extent to which the functions of granting, measuring, monitoring and controlling credit risk are managed independently of the front office with a direct reporting line to the senior management ultimately responsible for credit risk management;

(d) whether good channels of communication exist which ensure that the firm’s credit management procedures are well understood and followed by all relevant personnel;

(e) whether procedures exist for identifying unintentional credit exposures and dealing with counterparty which has failed to settle its obligations to the firm, whether merely due to a delay or actual default, or which is expected not to settle its obligations on the due date; including arrangements for closing out transactions. In addition, the FCA may consider whether a firm has the ability to identify and attempt to predict, as well as quantify, any shortfall as it arises and on an aged basis;
whether mechanisms exist for a daily comparison of exposures with credit limits, including the production of exception reports, and the procedures to be followed to deal with the results of those exception reports;

Documentation

whether a firm’s credit management policies and procedures are properly documented and reviewed by the firm on a regular and thorough basis to ensure that they continue to remain appropriate and sound;

whether records are kept in respect of each counterparty (identified on an individual legal entity basis) indicating in sufficient detail, the level of credit risk to a counterparty to which the firm is willing to expose itself. Where a firm grants a credit facility similar to a loan to cover, for example, margin calls, such records might give details of the credit facility extended to a counterparty together with any information gathered in support of the decision to grant that credit facility, the types of transaction which the firm may enter into with the counterparty and to which the credit facility may be allocated. Credit information relating to counterparties should be regularly updated and reviewed by the firm to ensure that any credit facility granted remains appropriate;

Collateral and margin

whether the firm has written policies relating to the margining and collateral arrangements with its counterparties. Terms of business or customer agreements would normally detail the circumstances when margin might be called, and the type and level of collateral which would be acceptable to the firm on the basis of its liquidity, volatility and ability to be realised. In addition, it may be relevant to consider the degree to which a firm’s collateral records are kept up to date and include detail of the practical procedures for the realisation of such collateral.

Measurement and monitoring of exposures

whether a firm has mechanisms for identifying the level of concentration of credit risk exposures to each individual counterparty, and each group of connected counterparties, etc on a regular and timely basis;

where a firm uses risk reduction techniques (such as master agreements, netting agreements, collateralisation arrangements or the taking of third party credit enhancements, including letters of credit and guarantees), whether the firm has procedures for scrutinising documents and assessing their impact on the credit risk of the firm and assessing the quality of any guarantees or letters of credit;

depending on the nature of the credit exposures to which a firm is subject, whether the firm’s mechanisms for measuring such exposures are appropriate to cover the type or level of risk to which they give rise.
Additional Guidance on the FCA's Assessment of ACMPs

PREAMBLE

This document is intended as a guide to those areas of Credit Management Policies which the FCA will address when considering their adequacy.

A DEFINITION OF CREDIT AND THE MEASUREMENT OF CREDIT RISK

The FCA expects firms to have a clear definition of what is considered to be "credit risk" (by whatever name it is known) within the firm.

The FCA expects firms to consider in depth the measurement of the extent of Credit Risk which is incurred vis a vis any given counterparty. Firms should be aware that the extent of credit risk incurred will not necessarily be the same as the nominal value of contracts entered into ("value at risk" concept).

The FCA will expect that firms measure and monitor the extent of Credit Risk incurred vis a vis any given counterparty by reference to a system of limits showing the maximum Credit Risk which the firm considers it prudent to incur vis a vis that counterparty having regard for the financial strength of the counterparty.

The FCA expects there to be adequate procedures within the firm for the recognition of where credit risk may be incurred, for the approval of incurring such risk, and, once incurred, for the monitoring of that risk to ensure the satisfactory recovery of all amounts owed to the firm by a counterparty.

THE DECISION TO GRANT CREDIT

If there is a formal decision making body (e.g. a "Credit Committee") which reviews applications for credit:

- How does it derive its authority?
- What is the extent of any Credit Committee’s authority as regards:
  - amount of credit granted
  - tenor of credit granted
  - products for which credit lines may be approved
  - industry sectors for which credit lines may be approved?
- How is any Credit Committee constituted?
- What are the qualifications of any Credit Committee’s members to make the decisions required of them?
- Independence of Committee from profit centres
- Recording of Approvals

If there is no formal committee, what procedures exist to ensure adequate collective responsibility for credit decisions giving regard for the duality (“four eyes”) principle and independence of decisions made from profit centres likely to benefit from income? e.g.

- "round robin" circulation of papers to Directors/Credit Management
- individual sign off on each transaction/deal

Many of the comments noted above concerning a "Credit Committee" will be relevant also where no
formal Committee meets, as will the following remarks concerning the documentation provided to those making credit decisions.

**What documentation is provided to those charged with reaching decision to grant credit?**

Cover sheet detailing proposed credit.

- Name of proposed counterparty (identify correct legal entity)
- Address of proposed counterparty
- Amount of credit
- Currency of credit
- Tenor of credit
- Collateral/Security proposed (where applicable)
- Remuneration for credit granted
- Products
- Existing exposure to counterparty (in case of increase/review)
- Previous payment performance of counterparty (in case of increase/review)

Financial information on proposed counterparty.

In order to ascertain the financial strengths and weaknesses of a proposed counterparty the FCA expects firms to revert to financial information, some examples of which are given below.

- Annual report and accounts
- Analysis of annual reports and accounts
- Credit reference agency reports e.g. Dun and Bradstreet
- Rating agency reports e.g. Standard and Poors, Moody’s
- Brokers reports
- Bank status reports
- Statements of net worth

“Credit memorandum” or other internally produced paper outlining the reason for proposing the granting of credit to the counterparty.

Some areas which might be covered by such a memorandum are as follows:

- Background information on relationship with proposed counterparty
- Commentary/analysis of financial information
- Future prospects (for profitability, growth etc.)
- Reason for present proposal
- What benefit will it bring to a firm’s relationship with company?
- Perceived risks in providing the credit proposed
- What measures have been taken to mitigate these risks?
- Provision of management accounts
- imposition of financial covenants
- Taking of security
- Comments on the collateral or security to be taken
- Comments on legal documentation to be employed
- Industry exposure
- Country exposure
- Spread of counterparties - large exposures

**THE MONITORING OF CREDIT EXPOSURES**

Once a proposal to grant credit has been approved the FCA will expect that there are adequate
procedures in place to ensure the proper monitoring of all credit exposures entered into.

The FCA expects the monitoring function to be separate from and managed independently of those profit centres which may benefit from the incurring of credit risk.

In order to ensure adequate monitoring of credit exposure it will be necessary for firms to ensure that decisions concerning credit matters are communicated promptly and efficiently to those who are responsible for their utilisation and monitoring. firms may wish to consider how such matters are communicated to:

- Those entitled to commit the firm
- Credit Control Officers
- Senior Management
- Documentation Staff

The FCA will consider the methods by which this information is communicated e.g. memorandum, manual lists, credit procedures manuals etc.

**COMPUTER SYSTEMS**

Where use is made of computer systems the FCA will consider the various methods by which the integrity of databases is ensured. These could include

- Password protection/access rights
- Accuracy/key verification
- Duality principle
- Physical security of systems
- Back up

Where information is transferred between computer systems e.g. for reporting purposes or to PC based systems the FCA will consider any reconciliations which are performed.

**REPORTING**

The FCA expects there to be an adequate reporting system for the monitoring of credit exposure. Many firms make use of a series of reports, analysing their credit exposure based on a number of different criteria. Examples of the kinds of reports which may be found useful by firms are given below.

- Excess reports/Exception reports
- Exposure reports
  - by customer/group/connected customers
  - by industry
  - by country
- Overdue payments reports
- Facilities due for review
- Facilities by collateral/security type
- Collateral/security held
- Large Exposures

The FCA will give consideration to the frequency of production of reports used in monitoring credit risk.
CREDIT RISK MANAGEMENT/CONTROL

The FCA will expect to be given details of the action taken where monitoring shows that any aspect of credit exposure is not in line with previously agreed parameters.

For example where exposure is in excess of approved limits the FCA will expect to be informed about what action is taken, where payments are not received, how this is followed up. If a counterparty’s financial standing deteriorates, what action is taken to attempt to mitigate possible credit loss?

DOCUMENTATION

The FCA expects firms to have adequate procedures in place to be certain that all transactions which require documentation are documented and that this occurs within an acceptable time frame, and that any transactions which fail to be documented are identified and reported to Senior Management for appropriate action to be taken.

The FCA expects any staff responsible for documentation to be separate from front office/profit centres and have an independent reporting structure. This will ensure that the commercial wish to trade and do business does not cloud the negotiation of effective and binding legal documentation.

- Suitability of documentation to be used
- Preparation of documentation
- Qualification of staff (or choice of solicitors to be instructed)
- Training of documentation staff
- Tenacity of documentation staff

Basic documentation to be obtained from all counterparties might include

- Certificate of incorporation
- Memorandum and articles of association (M&AA)
- Board Resolution

Other documents which a firm may wish to call for prior to entering into transactions would include:

- a statement of officers authorised to act for the counterparty and to commit it to transactions
- a list of authorised signatories where one exists
- an audited annual report or interim figures
- credit reference report or bank status report

Other areas for consideration could include:

- Prompt execution of documentation
- Monitoring response to documents sent out
- Chasing where no response
- Reporting missing documentation to senior management
- Proper execution
- Secure storage of documentation
- Regular review of documentation held

ONGOING REVIEW OF CREDIT RISK

The FCA expects firms to have in place adequate procedures for the annual (or more frequent) review of
credit risk.

- Scope of the review
- Financial information
- Action where concern is raised
- Possible need for more frequent review
- Monitoring of counterparties’ performance
- Defaults and delinquent and bad debts
- Provisioning policy

The FCA will expect a firm to be able to explain what action may be taken as the result of review e.g. reduction of credit limit, calling for further collateral etc. Where the review indicates cause for concern.

**DOCUMENTATION OF CREDIT POLICIES AND PROCEDURES AND CUSTOMER FILES**

The FCA will expect firms to consider the manner in which their Credit Policies are documented. Areas for comment could include:

- Credit Procedures manuals and the context in which they are used
- Internal Board Minutes showing delegated authority
- Credit Committee Minutes
- Operations manuals
- Training material for staff
- Internal memorandum detailing credit policy
- Customer Credit files, to contain
  - credit analysis information
  - copies of decisions to grant credit
  - copies of relevant documentation
  - press cuttings
  - copies of data input documents
Appendix 62: Netting

SIMILAR TYPES OF TRANSACTIONS

The rules set out the requirements to be met by firms before offsetting exposures in ‘similar types of transactions’ with a counterparty (i.e. being those transactions falling under a particular counterparty risk rule). The netting of exposures within a particular rule is to be applied on a first in first out basis.

DERIVATIVE TRANSACTIONS

Firms may offset the negative replacement cost on written OTC options against the positive replacement cost of OTC purchased options with the same counterparty.

Guidance on the Netting of Counterparty Exposures

INTRODUCTION

1. This appendix contains guidance on the requirements to be attained in order for firms to net counterparty exposures assessed under the following areas.

<table>
<thead>
<tr>
<th>Subject</th>
</tr>
</thead>
<tbody>
<tr>
<td>Cash against documents transactions</td>
</tr>
<tr>
<td>Free deliveries of securities</td>
</tr>
<tr>
<td>Repurchase and reverse repurchase, securities lending and borrowing and sale and buy back agreements</td>
</tr>
<tr>
<td>Derivative transactions</td>
</tr>
<tr>
<td>Other amounts owed to a firm arising out of trading book business</td>
</tr>
</tbody>
</table>

SCOPE

2. The guidance applies to any firm subject to the CRR rules and which takes advantage of the netting provisions contained therein.

BACKGROUND

3. Agreements which can effect set-off of counterparty exposures exist in two forms:

(a) novation agreements (referred as netting by novation) which replace existing contracts with one new contract and therefore can only be used to cover similar
transactions with payments in the same currency for the same value dates; and

(b) netting agreements which can be used to cover transactions of very different types.

The guidance below applies to both novation agreements and netting agreements.

**PRINCIPLES OF OFFSET**

4. Before offsetting exposures in similar types of transactions with a counterparty a firm must have a contractual netting agreement with that counterparty which:

- covers the transactions which the firm is seeking to net;
- creates a single obligation in each currency or a single obligation to pay a net sum of cash in the event of default, bankruptcy, liquidation or similar circumstances;
- does not include a walkaway clause; and
- is supported by written and reasoned independent legal opinions to the effect that, in the event of a legal challenge, the relevant courts would find the firm’s exposure to be the single net amount mentioned in (b) above.

**PRINCIPLES OF OFFSET**

5. The prerequisite of holding a netting agreement supported by an independent legal opinion in order to offset exposures is not required where the Financial Law Panel’s (November 1993) Statement of Law on netting applies. This Statement of Law indicates that under English law rule 4-90 of the Insolvency Rules 1986 imposes a requirement for complete set-off of transactions between parties incorporated in England and Wales, provided the transactions are mutual (i.e. credits, debts or claims arise from dealings between the same parties and the parties are acting in the same capacity). Furthermore, it indicates that set-off is mandatory, applies whether or not there is any contractual entitlement to set-off and cannot be excluded by agreement between the parties.

6. As mentioned above mutuality is required in order for there to be complete set-off of transactions. Accordingly, firms are expected to have procedures in place to identify the counterparty and the capacity in which the counterparty is acting. Firms proposing to rely on the Statement of Law on netting must satisfy themselves of the appropriateness of such reliance and, where in doubt, obtain legal advice. It is important to note that Insolvency Rule 4.90 does not apply to building societies, statutory organisations generally, mutual societies, partnerships and individuals.

**LEGAL REQUIREMENTS**

7. Legal opinions will be needed for the:

- law of the jurisdiction in which the counterparty is organised;
- law of the jurisdiction in which any branch involved is located;
law that governs the agreement and, if different, the law that governs individual transactions pursuant to it; and
law that governs the legal status of the counterparty who is entering into transactions of the type which the firm is seeking to net.

8. Where a firm uses an industry standard agreement which contains netting/setoff clauses the firm may rely only on a legal opinion relating to the netting/setoff clauses in that standard agreement where no amendment has been made to the agreement which would materially affect these clauses and where the legal opinion addresses the capacity of counterparties of the type with which the firm wishes to contract, the contract type and the relevant jurisdictions.

9. Where a netting agreement provides that one or both parties may enter into transactions with each other under the agreement through any of its (or certain designated) branches, then all such branches included in the agreement will be considered to be located in relevant jurisdictions for the purpose of this guidance.

10. Where a netting agreement involves more than one jurisdiction, a legal opinion is required for each to the effect that the agreement creates a single obligation in each currency or a single obligation to pay a net sum of cash in the event of default, bankruptcy, liquidation or similar circumstances.

11. As mentioned above legal opinions should relate to the law of the jurisdiction in which the counterparty is organised (i.e. incorporated or resident). However, certain circumstances may arise where this requirement could be considered not to be applicable; for example where:

- a firm has no assets or exposure in that jurisdiction;
- any judgement obtained in that jurisdiction against a firm would not be enforceable under any of the rules in the UK relating to the enforcement of foreign judgements; or
- there are no other factors relating to that jurisdiction which would affect the ability of a firm to make net payments as contemplated by the netting agreement.

12. Where a firm believes that the law of the jurisdiction in which a counterparty is organised is not relevant, that point must be addressed in the legal opinion supporting the netting agreement. The ability to exclude the law of the jurisdiction in which a counterparty is organised does not extend to the netting of those off balance sheet exposures listed in the Solvency Ratio Directive: the amendment to this directive (to permit netting) specifically requires this matter to be addressed in the legal opinion.

13. It is recognised that, with certain aspects of the agreement, it may not be possible to obtain a definite opinion or that a positive opinion regarding enforceability of the netting agreement can only be obtained subject to certain assumptions and/or qualifications. Where qualifications are made, they should be specific and their effect adequately explained. In the same way, assumptions should be specific, of a factual nature (except in relation to matters subject to the law of a jurisdiction other than that covered by the opinion) and should be explained in the opinion.

14. Legal opinions on netting agreements must be obtained from independent legal advisers with sufficient expertise and experience in this area of law. Opinions from in-house counsel will not be acceptable. Where the regulator in the jurisdiction of the counterparty is satisfied that the netting agreement is not enforceable under the laws of that jurisdiction, the netting agreement cannot be relied upon regardless of the opinions obtained by a firm.

**COMPLIANCE WITH THE LEGAL REQUIREMENTS**
15. It is the responsibility of firms to ensure that the legal requirements set out above are met (firms are to calculate CRR on the gross value of exposures to counterparties where this is not the case). Firms do not need to apply to the FCA in order to net exposures. Similarly, legal opinions on netting agreements and the agreements themselves are not required to be submitted to the FCA for approval. The FCA will establish the existence of legal opinions and netting agreements when compliance with the above requirements is being monitored by its staff.

16. Firms are expected to put procedures in place to ensure that the legal characteristics of netting arrangements are kept under review in light of possible changes in the relevant law.

17. Firms are expected to maintain records demonstrating that, in relation to the legal requirements, the following considerations have been addressed:

- the applicability of the netting agreement to the counterparties, jurisdictions and transactions involved;
- the applicability of the opinions to the counterparties, jurisdictions and transactions involved;
- where more than one jurisdiction is involved, the potential for conflicts in law;
- all documentation is complete and still valid and that the agreement has been properly executed (i.e. that the acceptance of terms have been evidenced);
- the nature and effect of any qualifications in the legal opinions and assessment that these do not impair the obligation to pay a net sum of cash in the event of default, bankruptcy, liquidation or similar circumstances; and
- where an industry standard agreement is used upon which a generic legal opinion has been obtained, identification of those clauses which if altered during the course of negotiating the agreement would affect the right to offset. Internal legal counsel is to evidence review of these agreements to ensure that the effectiveness of the set off clauses has not been altered directly or indirectly by virtue of other clauses being added or deleted.

18. Firms are expected to hold a copy of the legal opinion and the agreement to which it relates.

19. Firms are to net exposures within a particular rule on a FIFO basis. Firms may net only current exposures and cannot net potential future exposures.

**CROSS-PRODUCT NETTING**

*Introduction*

The FCA will consider granting rule waivers in order to permit firms to take account of cross-product netting in the calculation of their Counterparty Risk Requirement (CRR) in instances where the FCA regards it appropriate.

The current drafting of the FCA’s Financial Rules for securities and futures firms allows ‘similar’ types of transactions to be netted (where those transactions are covered by a valid netting agreement, with a supporting legal opinion). In practice, ‘similar’ has been defined as all transactions which fall within a particular CRR Rule treatment. Thus, currently, for the calculation of CRR in relation to exposures to a counterparty which are covered by valid netting arrangements, a firm would be required to assess, for example, a net exposure for all derivative transactions with that counterparty and a separate net
exposure for all repo type transactions with that counterparty.

The FCA will consider granting waivers in accordance with SUP 8, though in general it will expect the following conditions to be met:

1. For the types of transaction which the firm is seeking to net, the firm must have the capability to monitor, and must in practice manage, the resultant exposures on a net basis.

2. All transactions which the firm is seeking to net must be covered by valid netting agreements and supported by legal opinions, in accordance with the requirements of the FCA's Financial Rules; and

3. Where underlying netting agreements are linked by a master netting agreement, the legal opinion must address the enforceability of the netting arrangements in their entirety;

One factor that the FCA will consider in assessing whether a particular applicant meets these requirements is whether the firm has had the use of its ACMP sanctioned for the purposes of calculating CRR.
Chapter 4: Lloyd’s firms

4.1 APPLICATION

4.1.1 R This chapter applies to the Society and members’ advisers.

4.1.2 R This chapter does not apply to a members’ adviser which is subject to another chapter of IPRU(INV).

4.1.3 D The directions in IPRU(INV) 4.4.1D to 4.4.5D and 4.5.1D are given to the Council and to the Society acting through the Council.

4.2 PURPOSE

4.2.1 G This chapter identifies the financial resource requirements and requirements as to accounts and statements to be met by certain firms conducting business at Lloyd’s.

4.2.2 G The directions in IPRU(INV) 4.4.1D to 4.4.5D and 4.5.1D are given under section 318 of the Act (Exercise of powers through Council), for the purpose of achieving the objective specified, as required by section 318(2) of the Act, in IPRU(INV) 4.3.1D.

4.2.3 G Underwriting agents are subject to regulation by the Society as well as by the appropriate regulator. In particular, they are subject to requirements as to their financial resources and as to making and maintaining accounting records, set by the Society. The appropriate regulator is satisfied that underwriting agents will be subject to adequate financial resource and accounting requirements as long as they remain subject to and comply with requirements at least equivalent to Lloyd’s Capital and Solvency Requirements 2001 and the relevant parts of, or requirements made under Lloyd’s Underwriting Agents Byelaw (No. 4 of 1984), in each case as amended and in force immediately before commencement. Accordingly, instead of imposing an obligation directly on underwriting agents, the directions in IPRU(INV) 4.4.1D to 4.4.5D and 4.5.1D require the Society to require those firms to comply with the relevant requirements.

4.2.4 G A members’ adviser is not regulated by the Society and accordingly this chapter specifies the financial resource and accounting requirements to be met. Firms which fall within the scope of this chapter will be firms with permission only to advise persons on syndicate participation at Lloyd’s. The nature of that advisory business is akin to corporate finance advice and so the applicable requirements are those in IPRU(INV) 3 relevant to firms giving corporate finance advice. Firms with other permissions will fall within the scope of other chapters of IPRU(INV), GENPRU, BIPRU or INSPRU.

4.3 SPECIFICATION OF OBJECTIVE

4.3.1 D The directions in IPRU(INV) 4.4.1D to 4.4.5D and 4.5.1D are given in relation to the exercise of the powers of the Society and of the Council generally, with a view to achieving the objective that underwriting agents have adequate financial resources to
support, and keep and preserve adequate accounting records in respect of their business at Lloyd's.

4.4 FINANCIAL RESOURCE REQUIREMENTS

**4.4.2** D The Society must give the appropriate regulator a report on each underwriting agent's compliance with the financial resource requirements referred to in IPRU(INV) 4.4.1D as at the end of each quarter (determined by reference to each underwriting agent's accounting reference date).

**4.4.3** D The report referred to in IPRU(INV) 4.4.2D must reach the appropriate regulator within two months of the end of the relevant quarter and must state:

(1) whether the Society has any information indicating or tending to indicate that, during the quarter to which the report relates, the underwriting agent failed to meet the financial resource requirements referred to in IPRU(INV) 4.4.1D;

(2) whether, at the end of the quarter to which the report relates, the underwriting agent failed to meet the financial resource requirements referred to in IPRU(INV) 4.4.1D; and

(3) the nature and extent of any failure to comply reported under (1) or (2) and the actions taken or to be taken by the Society in response to this.

**4.4.4** D In addition to the reports required under IPRU(INV) 4.4.2D, the Society must give the appropriate regulator an annual report on each underwriting agent's compliance or non-compliance with financial resource requirements as at the end of that underwriting agent's financial year.

**4.4.5** D The report in IPRU(INV) 4.4.4D must reach the appropriate regulator within seven months of that underwriting agent's accounting reference date and must:

(1) confirm that:

(a) the Society has received from that underwriting agent in respect of the financial year to which the report relates, all relevant attachments to the Annual Financial Return that the underwriting agent is required to make to the Society under the
requirements identified in \textit{IPRU(INV)} 4.4.1D;

(b) that \textit{underwriting agent} met the applicable financial resource requirements at the end of the financial year to which the report relates; and

(c) the Society is not aware of any matters likely to be of material concern to the appropriate regulator relating to that \textit{underwriting agent}'s compliance with financial resource requirements during the year to which the report relates, or arising from the attachments referred to in (a); or

(2) if the Society is unable to give any of the confirmations required under \textit{IPRU(INV)} 4.4.5D (1)(a), (b) or (c), set out in each case the reasons why it is unable to give that confirmation.

\textbf{4.4.5A} \hspace{1cm} D \hspace{1cm} The Society must submit the reports in \textit{IPRU(INV)} 4.4.2D to \textit{IPRU(INV)} 4.4.5D in accordance with the rules in SUP 16.3 (General provision on reporting).

\textbf{4.4.6} \hspace{1cm} R \hspace{1cm} A members' adviser must comply with the requirements of \textit{IPRU(INV)} 3-60(3) and 3-62.

\textbf{4.5} \hspace{1cm} \textbf{ACCOUNTING RECORDS}

\textbf{4.5.1} \hspace{1cm} D \hspace{1cm} The Society must maintain appropriate and effective arrangements to require \textit{underwriting agents} to meet the obligation to keep and preserve accounting records, set out in Lloyd's Underwriting Agents Byelaw (No 4 of 1984), Section III, paragraph 53B, as it is in force immediately before commencement.

\textbf{4.5.2} \hspace{1cm} R \hspace{1cm} A members' adviser must comply with the requirements of \textit{IPRU(INV)} 3-10 to 3-14.
## 5.1.1 APPLICATION

### Application of Chapter 5

5.1.1 R (1) (a) This chapter applies to an investment management firm, other than an incoming EEA firm or MiFID investment firm (unless it is an exempt CAD firm for the purpose of calculating its own funds and if it carries on any regulated activity other than MiFID business), as set out in Table 5.1.1(1)(a).

Note 1. *Firms* are referred to the specific compliance reports for *OPS firms* required by Chapter 16 of the Supervision Manual.

Note 2. A *firm* subject to "lead regulator arrangements" whereby a body other than the *FCA* is responsible for its financial regulation shall comply with the corresponding financial resources rules and financial returns rules of that body, and a breach of such rules shall be treated as a breach of the rules of the *FCA*.

Note 3. The financial and nonfinancial resources rules for an *exempt CAD firm* are set out in *IPRU(INV)* chapter 9. However, rules 5.2.1(1) to 5.2.7(5) apply to an *exempt CAD firm* for the purpose of calculating its *own funds* (see *IPRU(INV)* 9.2.9R(2)(a)) (although the Category A items of Tier 1 capital as set out in Table 5.2.2(1) are replaced by all the items in *IPRU(INV)* 9.3.1R) and if it carries on any regulated activity other than MiFID business (see *IPRU(INV)* 9.2.3R).

**INTERPRETATION**

**FCA**

R (c) The definitions in the glossary at Appendix 1 apply to this chapter.

5.2.1 **GENERAL REQUIREMENT**

**Adequacy of financial resources**

5.2.1(1) **R** A *firm* must at all times have available the amount and type of *financial resources* required by the *rules* in this chapter.

**FCA**

**Basic requirement**

5.2.1(2) **R** A *firm* must ensure that, at all times, its *financial resources* are not less than its *financial resources requirement*.

**FCA**

**Financial resources**

5.2.1(3) **R** A firm’s financial resources means:

**FCA**

(a) *its own funds*, if the *firm* is subject to an *own funds requirement* under rule 5.2.3(2); or

(b) *its liquid capital*, if the *firm* is subject to a *liquid capital requirement* under paragraph (a) of rule 5.2.3(1).
5.2.2 FINANCIAL RESOURCES

Own funds

5.2.2(1) A firm must calculate its own funds in accordance with Table 5.2.2(1).

Liquid capital

5.2.2(2) A firm must calculate its liquid capital in accordance with Table 5.2.2(1).

5.2.3 FINANCIAL RESOURCES REQUIREMENT

Determination of requirement

5.2.3(1)(a) The financial resources requirement for a firm is a liquid capital requirement, determined in accordance with paragraph (a) of rule 5.2.3(4), unless the firm falls within any of the exceptions in rule 5.2.3(2).

(b) [deleted]

(c) [deleted]

Exceptions from the liquid capital requirement

5.2.3(2) The financial resources requirement is an own funds requirement determined in accordance with paragraph (a) of rule 5.2.3(3) for a firm if its permitted business does not include establishing, operating or winding up a personal pension scheme and which:

(i) is an exempt CAD firm which is also a residual CIS operator or a small authorised UK AIFM and that scheme or AIF only invests in venture capital investments for non-retail clients; or

(ii) is not an exempt CAD firm if:

(a) the firm’s permitted business does not include the holding of customers’ monies or assets and it neither executes transactions (or otherwise arranges deals) in investments nor has such transactions executed for itself or its customers; or

(b) the firm’s permitted business includes the activities as in (a) above, but only in respect of venture capital
investments for non-retail clients; or

(c) the firm is a trustee of an authorised unit trust scheme whose permitted business consists only of trustee activities and does not include any other activity constituting specified trustee business or the firm is a depositary of an ICVC or ACS or a depositary appointed in line with FUND 3.11.12R (Eligible depositaries for UK AIFs) or a UK depositary of a non-EEA AIF whose permitted business consists only of depositary activities.

(d) the firm’s permitted business limits it to acting as a residual CIS operator or a small authorised UK AIFM where the main purpose of the collective investment scheme or AIF (as applicable) is to invest in permitted immovables whether in the UK or abroad.

Own funds requirement

5.2.3(3)(a) R The own funds requirement for a firm subject to rule 5.2.3(2) is the higher of:

(i) £4,000,000 for a firm which is a trustee of an authorised unit trust scheme or a depositary of an ICVC;

(ii) €125,000 for firm which is a depositary appointed in line with FUND 3.11.12R (Eligible depositaries for UK AIFs) or a UK depositary of a non-EEA AIF; and

(iii) £5,000 for any other firm.

(b) R [deleted]

Liquid capital requirement

5.2.3(4)(a) R The liquid capital requirement for a firm subject to paragraph (a) of rule 5.2.3(1) is the greater of:

(i) £5,000; and

(ii) its total capital requirement calculated in accordance with rule 5.2.3(5).

(b) R [deleted]

(c) R [deleted]

Total capital requirement

5.2.3(5) R A firm’s total capital requirement is the sum of its:
(a) expenditure based requirement calculated in accordance with Table 5.2.3(5)(a);

(b) position risk requirement calculated in accordance with Table 5.2.3(5)(b);

(c) counterparty risk requirement calculated in accordance with Table 5.2.3(5)(c);

(d) foreign exchange requirement calculated in accordance with Table 5.2.3(5)(d); and

(e) other assets requirement calculated in accordance with Table 5.2.3(5)(e).

5.2.3(6) A firm which discloses clients’ money or assets on its balance sheet need not calculate the requirements under paragraphs (b) to (e) of rule 5.2.3(5) on such items where these do not represent assets or liabilities of the firm itself.

5.2.4 ANNUAL EXPENDITURE

Determination

5.2.4(1) Annual expenditure is:

(a) the sum of the amounts described as total expenditure in the four quarterly financial returns up to (and including) that prepared at the firm’s most recent accounting reference date, less the following items (if they are included within such expenditure):

(i) staff bonuses, except to the extent that they are guaranteed;

(ii) employees’ and directors’ shares in profits, except to the extent that they are guaranteed;

(iii) other appropriations of profits;

(iv) shared commission and fees payable which are directly related to commission and fees receivable which are included within total revenue;

(v) interest charges in respect of borrowings made to finance the acquisition of the firm’s readily realisable investments;

(vi) interest paid to customers on client money;

(vii) interest paid to counterparties;

(viii) fees, brokerage and other charges paid to clearing houses, exchanges and intermediate brokers for the
purposes of executing, registering or clearing transactions;

(ix) foreign exchange losses; or

(b) where the previous accounting period does not include twelve months' trading, an amount calculated in accordance with paragraph (a) above prorated to an equivalent annual amount; or

(c) where a firm has not prepared four quarterly financial returns since the commencement of its permitted business, an amount based on forecast expenditure included in its budget for the first twelve months' trading, as submitted with its application for membership.

5.2.4(2) A firm's financial resources requirement will be recalculated annually when its fourth quarterly financial return is prepared. The firm must maintain financial resources sufficient to meet its new financial resources requirement from the date on which the fourth quarterly financial return is prepared and no later than 80 business days after the firms' accounting reference date. The expenditure based requirement applicable at the accounting reference date will be based on the four quarterly financial returns prepared up to and on that date.

5.2.5 QUALIFYING SUBORDINATED LOANS

Characteristics of Long Term Qualifying Subordinated Loans

5.2.5(1) A long term qualifying subordinated loan (item 11 of Table 5.2.2(1)) must have the following characteristics:

(a) the loan is repayable only on maturity or on the expiration of a period of notice in accordance with paragraph (c) below or on the winding up of the firm;

(b) in the event of the winding up of the firm, the loan ranks after the claims of all other creditors and is not to be repaid until all other debts outstanding at the time have been settled;

(c) either:

(i) the minimum original maturity of the loan is 5 years;

or

(ii) the loan does not have a minimum or fixed maturity but requires 5 years notice of repayment; and

(d) the loan is fully paid-up.

Amount allowable in the calculation of own funds
5.2.5(2) R A firm may only take into account the paid-up amount of a long-term qualifying subordinated loan in the calculation of its own funds. This amount must be amortised on a straight-line basis over the five years prior to the date of repayment.

Requirements applicable to short-term qualifying subordinated loans

5.2.5(3)(a) R A short term qualifying subordinated loan (item 15 of Table 5.2.2(1)) must have the characteristics set out in rule 5.2.5(1) save that the minimum period set out in paragraph (c) of rule 5.2.5(1) shall be two years.

(b) R A firm must not make any payment of principal or interest which would result in a breach of rule 5.2.1(2).

Form of qualifying subordinated loan agreement

5.2.5(4) R A qualifying subordinated loan must be in the form prescribed by the FCA for the purposes of this rule.

5.2.5(5) Firms wishing to initiate a subordinated loan agreement other than in the prescribed form are advised to contact the FCA.

Conditions applicable to qualifying subordinated loans

5.2.5(6) R A firm wishing to include a qualifying subordinated loan in its calculation of liquid capital must:

(a) provide the FCA with a copy of the agreement not less than 10 business days before the loan is to be made; and

(b) certify to the FCA that the loan agreement complies with the FCA’s prescribed subordinated loan agreement.

Requirements on a firm in relation to qualifying subordinated loans

5.2.5(7) R A firm including a qualifying subordinated loan in its calculation of liquid capital must not:

(a) secure all or any part of the loan;

(b) redeem, purchase or otherwise acquire any of the liabilities of the borrower in respect of the loan;

(c) amend or concur in amending the terms of the loan agreement;

(d) repay all or any part of the loan otherwise than in accordance with the terms of the loan agreement; or

(e) take or omit to take any action whereby the subordination of the loan or any part thereof might be terminated, impaired or adversely affected.
5.2.6 QUALIFYING PROPERTY AND QUALIFYING UNDERTAKINGS

Qualifying property and qualifying amount defined

5.2.6(1) Qualifying property is any freehold or leasehold (or the equivalent tenure in Scotland or other territories) land and buildings purchased or secured by way of a mortgage (or other form of secured long-term arrangement) where the security for the liability is the property (and does not include any other allowable assets). The qualifying amount is the lowest of:

(a) 85 per cent of the current market value of the property (if known);
(b) 85 per cent of the net book value of the property;
(c) the amount of the liability outstanding under mortgage or other secured long term arrangement, excluding any part of the liability repayable within one year.

5.2.6(2) Rule 5.2.6(1) can be illustrated as follows:

<table>
<thead>
<tr>
<th>Current market value</th>
<th>£200,000</th>
</tr>
</thead>
<tbody>
<tr>
<td>Net book value</td>
<td>£100,000</td>
</tr>
<tr>
<td>Mortgage</td>
<td>£70,000, including £5,000 payable within one year</td>
</tr>
</tbody>
</table>

Qualifying amount is the lowest of:

(a) 85% x £200,000 = £170,000
(b) 85% x £100,000 = £85,000
(c) £70,000 – £5,000 = £65,000

i.e. £65,000

Qualifying undertakings

5.2.6(3) A qualifying undertaking is an arrangement between a firm and an approved bank which:

(a) is in the form prescribed by the FCA for the purposes of this rule; and

(b) complies with the appropriate limitations set out in paragraph (7) of Part II to Table 5.2.2(1).

**PART II**
DETAILED REQUIREMENTS

1 Deductions and Ratios (Items 10, 11 and 15)

(a) Notwithstanding Table 5.2.2(1) for an exempt CAD firm, in calculating own funds, all of Item 8 must be deducted after the total of Tier 1 and Tier 2 capital and the following restrictions apply:

(i) the total of fixed term cumulative preference shares (item 10) and long-term qualifying subordinated loans (item 11) that may be included in Tier 2 capital is limited to 50 per cent of Tier 1 capital;

(ii) Tier 2 capital must not exceed 100 per cent of Tier 1 capital.

(b) [deleted]

(c) A firm which is not an exempt CAD firm and which is subject to a liquid capital requirement under rule 5.2.3(1)(a) may take into account qualifying subordinated loans in the calculation of liquid capital up to a maximum of 400% of its Tier 1 capital.

2 Non corporate entities

(a) In the case of partnerships or sole traders, the following terms should be substituted, as appropriate, for items 1 to 4 in Tier 1 capital:

(i) partners’ capital accounts (excluding loan capital);

(ii) partners’ current accounts (excluding unaudited profits and loan capital);

(iii) proprietors’ account (or other term used to signify the sole trader’s capital but excluding unaudited profits).

(b) Loans other than qualifying subordinated loans shown within partners’ or proprietors’ accounts must be classified as Tier 2 capital under item 12.

(c) For the calculation of own funds, partners’ current accounts figures are subject to the following adjustments in respect of a defined benefit occupational pension scheme:

(i) a firm must derecognise any defined benefit asset;

(ii) a firm may substitute for a defined benefit liability the firm’s deficit reduction amount. The election must be applied consistently in respect of any one financial year.

Note

A firm should keep a record of and be ready to explain to its supervisory contacts in the FCA the reasons for any difference between the deficit reduction amount and any commitment the firm has made in any public document to provide funding in respect of a defined benefit occupational pension scheme.

2A Reserves

For the calculation of own funds the following adjustments apply to the audited reserves figure:
(a) a firm must deduct any unrealised gains or, where applicable, add back in any unrealised losses on cash flow hedges of financial instruments measured at cost or amortised cost;

(b) in respect of a defined benefit occupational pension scheme, a firm must derecognise any defined benefit asset;

(c) a firm may substitute for a defined benefit liability the firm's deficit reduction amount. The election must be applied consistently in respect of any one financial year

Note 1
A firm should keep a record of and be ready to explain to its supervisory contacts in the FCA the reasons for any difference between the deficit reduction amount and any commitment the firm has made in any public document to provide funding in respect of a defined benefit occupational pension scheme.

(d) a firm must not include any unrealised gains from investment property.

Note
Unrealised gains from investment property should be reported as part of revaluation reserves.

(e) where applicable, a firm must deduct any asset in respect of deferred acquisition costs and add back in any liability in respect of deferred income (but exclude from the deduction or addition any asset or liability which will give rise to future cash flows), together with any associated deferred tax.

Note 2
Reserves must be audited unless the firm is exempt from the provisions of Part VII of the Companies Act 1985 (section 249A (Exemptions from audit)), or where applicable, Part 16 of the Companies Act 2006 (section 477 (Small companies: Conditions for exemption from audit)) relating to the audit of accounts.

3 Intangible assets (Item 6)
Intangible assets comprise:

(a) formation expenses to the extent that these are treated as an asset in the firm's accounts;

(b) goodwill, to the extent that it is treated as an asset in the firm's accounts; and

(c) other assets treated as intangibles in the firm's accounts.

Intangible assets do not include a deferred acquisition cost asset.

4. Material current year losses (Item 7)
Losses in current year operating figures must be deducted when calculating Tier 1 capital if such losses are material. For this purpose profits and losses must be calculated quarterly or monthly, as appropriate. If this calculation reveals a net loss it shall only be deemed to be material for the purposes of this Table if it exceeds 10 per cent of the firm’s Tier 1 capital.
## 5 Material holdings in credit and financial Institutions (Item 8)

Material holdings comprise:

(a) where the firm holds more than 10 per cent of the equity share capital of the institution, the value of that holding and the amount of any subordinated loans to the institution and the value of holdings in *qualifying capital items or qualifying capital instruments* issued by the institution;

(b) in the case of holdings other than those mentioned in (a) above, the value of holdings of equity share capital in, and the amount of subordinated loans made to, such institutions and the value of holdings in *qualifying capital items or qualifying capital instruments* issued by such institutions to the extent that the total of such holdings and subordinated loans exceeds 10 per cent of the firm’s own funds calculated before the deduction of item 8.

### 5A Material insurance holdings (Item 8)

(a) A *material insurance holding* means the holdings of an exempt CAD firm of items of the type set out in (b) in any:

(i) *insurance undertaking*; or

(ii) *insurance holding company*;

that fulfils one of the following conditions:

(iii) it is a *subsidiary undertaking* of that firm; or

(iv) that firm holds a participation in it

(b) An item falls into this provision for the purpose of (a) if it is:

(i) an *ownership share*; or

(ii) subordinated debt or another item of capital that falls into Article 16(3) of the First Non-Life Directive or, as applicable, Article 27(3) of the Consolidated Life Directive.

## 6 Long term qualifying subordinated loans (Item 11)

Loans having the characteristics prescribed by rule 5.2.5(1) may be included in item 11, subject to the limits set out in paragraph (1) above.

### 6A Perpetual cumulative preference share capital

Perpetual cumulative preference share capital may not be included in the calculation of own funds by an exempt CAD firm unless it meets the following requirements:

(a) it may not be reimbursed on the holder's initiative or without the prior agreement of the FCA;

(b) the instrument must provide for the firm to have the option of deferring the dividend payment on the share capital;

(c) the shareholder's claims on the firm must be wholly subordinated to those of all non-subordinated creditors;

(d) the terms of the instrument must provide for the loss-adsorption capacity of the share capital and unpaid dividends, whilst enabling the firm to continue its business; and
7 Qualifying arrangements (Item 13)

(a) An exempt CAD firm may only include a qualifying undertaking or other arrangement in item 13 if it is a qualifying capital instrument or a qualifying capital item.

(b) A firm which is not an exempt CAD firm may only include qualifying undertakings in its calculation of liquid capital if:

(i) it maintains liquid capital equivalent to 6/52 of its annual expenditure in a form other than qualifying undertakings; and

(ii) the total amount of all qualifying undertakings plus qualifying subordinated loans does not exceed the limits set out in paragraph (1)(c) above.

8 Net trading book profits (Item 14)

For firms which are not exempt CAD firms unaudited profits can be included at item 14.

Note

Non-trading book interim profits may only be included in Tier 1 of the calculation if they have been independently verified by the firm’s external auditors, unless the firm is exempt from the provisions of Part VII of the Companies Act 1985 (section 249A (Exemptions from audit)), or where applicable, Part 16 of the Companies Act 2006 (section 477 (Small companies: Conditions for exemption from audit)) relating to the audit of accounts.

For this purpose, the external auditor should normally undertake at least the following:

(a) satisfy himself that the figures forming the basis of the interim profits have been properly extracted from the underlying accounting records;

(b) review the accounting policies used in calculating the interim profits so as to obtain comfort that they are consistent with those normally adopted by the firm in drawing up its annual financial statements;

(c) perform analytical review procedures on the results to date, including comparisons of actual performance to date with budget and with the results of prior periods;

(d) discuss with management the overall performance and financial position of the firm;

(e) obtain adequate comfort that the implications of current and prospective litigation, all known claims and commitments, changes in business activities and provisions for bad and doubtful debts have been properly taken into account in arriving at the interim profits; and

(f) follow up problem areas of which the auditors are already aware in the course of auditing the firm’s financial statements.

A firm wishing to include interim profits in Tier 1 capital in a financial return should submit to the FCA with the financial return a report of the external auditors confirming that the interim profits have been included and the conditions above have been met.
return a verification report signed by its external auditor which states whether the interim results are fairly stated, unless the firm is exempt from the provisions of Part VII of the Companies Act 198 (section 249A (Exemptions from audit)), or where applicable, Part 16 of the Companies Act 2006 (section 477 (Small companies: Conditions for exemption from audit)) relating to the audit of accounts.

Profits on the sale of capital items or arising from other activities which are not directly related to the investment business of the firm may also be included within the calculation of liquid capital, but (unless the firm is exempt as above) only if they can be separately verified by the firm’s auditors. In such a case, such profits can form part of the firm’s Tier 1 capital as profits.

9 Short term qualifying subordinated loans (Item 15)

Loans having the characteristics prescribed by rule 5.2.5(3) may be included in item 15 subject to the limits set out in paragraph (1) above. Tier 2 capital which exceeds the ratios prescribed by paragraph (1)(a) and (b) may be included in item 15 subject to paragraph (1) above.

10 Illiquid assets (Item 16)

Illiquid assets comprise:

(a) tangible fixed assets;

Note

In respect of tangible fixed assets purchased under finance leases the amount to be deducted as an illiquid asset shall be limited to the excess of the asset over the amount of the related liability shown on the balance sheet.

(b) holdings in, including subordinated loans to, credit or financial institutions which may be included in the own funds of such institutions unless they have been deducted under item 8;

(c) any investment in undertakings other than credit institutions and other financial institutions where such investments are not readily realisable;

(d) any deficiency in net assets of a subsidiary;

(e) deposits not available for repayment within 90 days or less (except for payments in connection with margined futures or options contracts);

Note

Where cash is placed on deposit with a maturity of more than 90 days but is repayable on demand subject to the payment of a penalty, then this is not required to be deducted as an illiquid asset but a deduction is required for the amount of the penalty.

(f) loans, other debtors and accruals not falling due to be repaid within 90 days or which are more than one month overdue by reference to the contractual payment date;

(g) physical stocks (except where subject to the position risk requirement as set out in Table 5.2.3(5)(b); and

(h) prepayments to the extent that the period of prepayment exceeds six weeks in the case of a
(i) if not otherwise covered, any holding in eligible capital instruments of an insurance undertaking, insurance holding company, or reinsurance undertaking that is a subsidiary or participation. Eligible capital instruments include ordinary share capital, cumulative preference shares, perpetual securities and long-term subordinated loans, that are eligible for insurance undertakings under PRU 2.

Illiquid assets do not include a defined benefit asset or a deferred acquisition cost asset.

11 Qualifying property (Item 17) This item comprises the qualifying amount calculated in accordance with rule 5.2.6(1).

#### PART II

**FRACTIONS**

1: The fraction is 6/52 where:

(a) the firm is an authorised unit trust manager; or

(aa) the firm is an authorised contractual scheme manager; or

(b) the firm acts only as an authorised corporate director of an ICVC; or

(c) the firm is an investment manager (including the operator of an unregulated collective investment scheme in relation to which the firm carries on the activity of an investment manager), unless paragraph 2 applies.

2: The fraction is 13/52 where the firm is an investment manager as in paragraph 1(c) above, or is a custodian, and the firm either:

(a) itself holds customers’ monies or assets; or

(b) procures the appointment as custodian of its customers’ monies or assets of an associate of the firm which is not an approved bank.

**Note:** Paragraph 1(a) above includes a firm which acts as an authorised unit trust manager and, in addition, as both or either:

(a) an authorised corporate director of an ICVC; or

(b) an authorised contractual scheme manager.
Table 5.2.3(5)(b) POSITION RISK REQUIREMENT

**FCA**

**PART I**

CALCULATION OF REQUIREMENT

A firm’s position risk requirement is determined by calculating on a daily mark to market basis, the sum of the weighted value of each position held by the firm. The weighted value for each position must be calculated by multiplying its current market value by the appropriate factor set out in Part II.

**Note:** This requirement does not attach to items deducted in full as illiquid assets.

Table 5.2.3(5)(c) COUNTERPARTY RISK REQUIREMENT (CRR)

<table>
<thead>
<tr>
<th>FCA</th>
<th>Receivables</th>
</tr>
</thead>
</table>
| 1   | In the case of receivables due to the firm in the form of fees, commission, interest, dividends and margin in exchange-traded futures or options contracts, which are directly related to items included in the trading book, the CRR is calculated as follows:  
CRR = A x RF, where  
A = the amount of the sum due; and  
RF = the appropriate risk factor derived from Table 5.2.3(5)(c)(ii). |
| 2   | Delivery of cash against documents |
| 3   | Free deliveries |

Note
This requirement attaches only to balances arising from proprietary activity falling within the definition of the trading book.

Note
This requirement does not attach to items deducted in full as illiquid assets.

Where a firm enters into a trading book transaction and the transaction is to be settled by delivery of cash against documents, the firm’s CRR in respect of that transaction is calculated as follows:
CRR = (SP – MV) x RF, where  
SP = agreed settlement price;  
MV = current market value;  
RF = the appropriate risk factors derived from Table 5.2.3(5)(c)(i).  
The CRR should only be calculated where the difference between SP and MV would involve a loss if borne by the firm.

Where a firm enters into a trading book transaction and the firm pays for the securities before it receives documents of title or delivers documents of title before receiving payment, the CRR in respect of that transaction is calculated as follows:
CRR = V x RF, where  
V =  
(i) the full amount due to the firm (i.e. the contract value) where the firm has delivered securities to a counterparty and has not received payment; or  
(ii) the market value of the securities, where the firm has made payment to a counterparty for securities and has not received documents of title; and
RF = the appropriate risk factor derived from Table 5.2.3(5)(c)(ii).

4 Settlement outstanding 30 days or more

In the case of trading book transactions entered into by a firm where the firm pays for the securities before it receives documents of title or delivers documents of title before receiving payment and settlement has not been effected within 30 days of falling due, CRR = V.

5 Repos/Stock Lending and Reverse Repos/Stock Borrowing

Where a firm enters into a transaction based on securities included in the trading book under the terms of a repurchase agreement or a securities lending agreement the firm’s CRR in respect of that transaction is calculated as follows:

CRR = V x RF, where

RF = the appropriate risk factor derived from Table 5.2.3(5)(c)(ii); and

for repos/stock lending:

V = the excess of the market value of the securities over the value of the collateral provided under the agreement, if the net figure is positive; or

for reverse repos/stock borrowing:

V = the excess of the amount paid or the collateral given for the securities received under the agreement, if the net figure is positive.

6 otc derivatives

In the case of a transaction entered into by a firm as principal in an otc derivative the CRR is calculated as follows:

CRR = A x RF, where

A = the appropriate credit equivalent amount derived from Table 5.2.3(5)(c)(iii); and

RF = the appropriate risk factor derived from Table 5.2.3(5)(c)(ii).

This calculation shall not apply to contracts for interest rate and foreign exchange which are traded on a recognised investment exchange or designated investment exchange where they are subject to a daily margin requirement and foreign exchange contracts with an original maturity of 14 calendar days or less.

A firm may net off contracts with the same counterparty in the same otc derivative contract for settlement on the same date in the same currency provided that the firm is legally entitled under the terms of the contracts with such a counterparty to net such contracts by novation.

### Table 5.2.3(5)(d) FOREIGN EXCHANGE REQUIREMENT

**Calculation of Requirement**

(1) A firm’s foreign exchange requirement is determined by calculating the excess of its foreign exchange position (FEP) above 2 per cent of its own funds and multiplying this excess by 8 per cent.
The FEP is the greater of:

(a) the total in the reporting currency of the net short positions in each currency other than the reporting currency; and

(b) the total in the reporting currency of the net long positions in each currency other than the reporting currency;

where the conversion to the reporting currency is performed using spot rates.

Note
For this purpose, long and short positions in the same currency can be netted to produce the net position.

(3) In calculating the FEP, a firm must include relevant foreign exchange items.

EXCHANGE POSITION FOR HEDGING PURPOSES
Any positions which the firm has taken in order to hedge against the adverse effect of exchange rates on an item already deducted in the calculation of liquid capital may not be excluded from the calculation of net open currency positions.

Note

(1) In determining the appropriate other assets requirement (OAR) for guarantees given in a group context, a firm should follow the calculation below:

(a) Categorise the guarantee agreements into:
   (i) those with the character of credit substitutes; or
   (ii) those not having the character of credit substitutes; or
   (iii) agreements to provide guarantees.

(b) Calculate the weighted value.
   (i) For guarantees falling under (1)(a)(i), the weighted value will be 100% of the estimated current year liability under the guarantee.
   (ii) For guarantees falling under (1)(a)(ii) the weighted value will be 50% of the estimated current year liability under the guarantee.
   (iii) For guarantees falling under (1)(a)(iii), the weighted value will be nil.

(c) The OAR is calculated as:

Weighted value x 8% x counterparty weighting (Table 5.2.3(5)(c)(ii))

(2) For the purpose of this requirement, in assessing whether the guarantee has the characteristics of a credit substitute the following factors should be considered:

(a) do the agreements allow for periodic or ad-hoc calling of funds;
(b) have the guarantees been drawn upon on a regular basis;
(c) do firms in the group rely on such guarantees to meet their working capital or regulatory capital requirements.

(3) Where a firm is part of a group including other FCA regulated entities which together have entered into cross group guarantee arrangements which give rise to an OAR, the estimate of the potential liability under the guarantee may be apportioned between the regulated entities for the purpose of calculating each firm’s OAR.

6.1 APPLICATION

6.1.1 R This chapter applies to service companies.

FCA

FINANCIAL RESOURCES REQUIREMENTS

6.1.2 R (1) A service company must be able to meet its liabilities as they fall due.

FCA

(2) In complying with (1) a firm may use any assets which are available to meet any of its liabilities.
Chapter 9: Financial resources requirements for an exempt CAD firm

9.1 APPLICATION

9.1.1 (1) This chapter applies to an exempt CAD firm which is:

(a) an investment management firm; or
(b) a securities and futures firm.

(2) This chapter also applies to a local firm.

9.2 GENERAL REQUIREMENTS

9.2.1 For an exempt CAD firm, the rules contained within this chapter replace the rules in respect of financial resources, financial resources requirements and nonfinancial resources related requirements contained within Chapter 3 or 5, as applicable. However, an exempt CAD firm must continue to comply with the requirements of Chapter 3 or 5, to the extent it is referred to Chapter 3 or 5 by a rule in this chapter.

9.2.2 A firm must be able to meet its liabilities as they fall due.

9.2.3 An exempt CAD firm that carries on any regulated activity other than MiFID business must also have and maintain at all times financial resources calculated in accordance with the chapter of IPRU(INV) to which the firm is otherwise subject (Chapters 3 or 5) at least equal to the requirements set out in the relevant chapter (except that if the only designated investment business an exempt CAD firm is carrying on in addition to investment services and activities is making arrangements with a view to transactions in investments (article 25(2) Regulated Activities Order) or agreeing to carry on that regulated activity or both, it only needs to comply with requirements set out in this chapter and not chapters 3 or 5).

Initial capital and professional indemnity insurance requirements – exempt CAD firms that are not IMD insurance intermediaries

9.2.4 (1) An exempt CAD firm which is not an IMD insurance intermediary must have:

(a) initial capital of €50,000; or

(b) professional indemnity insurance covering the whole territory of the EEA or some other comparable guarantee against liability arising from professional negligence, representing at least €1,000,000 applying to each claim and in aggregate €1,500,000 per year for all claims; or
(c) a combination of initial capital and professional indemnity insurance in a form resulting in a level of coverage equivalent to (a) or (b).

[Note: Article 67(3) of MiFID and Article 7 of CAD]

(2) If a firm chooses to meet the requirements of either (b) or (c) above, it must nevertheless have initial capital of at least £5,000.

Initial capital and professional indemnity insurance requirements – exempt CAD firms that are also IMD insurance intermediaries

9.2.5 R (1) A exempt CAD firm that is also an IMD insurance intermediary must comply with the professional indemnity insurance requirements at least equal to those set out in 9.2.4R(1)(b) (except that the minimum limits of indemnity are at least €1,120,200 for a single claim and €1,680,300 in aggregate) and in addition has to have:

(a) initial capital of €25,000; or

(b) professional indemnity insurance covering the whole territory of the EEA or some other comparable guarantee against liability arising from professional negligence, representing at least €500,000 applying to each claim and in aggregate €750,000 per year for all claims; or

(c) a combination of initial capital and professional indemnity insurance in a form resulting in a level of coverage equivalent to (a) or (b).

[Note: Article 67(3) of MiFID and Article 8 of CAD]

(2) If a firm chooses to meet the requirements of either (b) or (c) above, it must nevertheless have initial capital of at least £5,000.

9.2.5A G Article 4(7) of the Insurance Mediation Directive requires the limits of indemnity to be reviewed every five years to take into account movements in European consumer prices. These limits will therefore be subject to further adjustments on the basis of index movements advised by the European Commission.

9.2.6 G A trade-off between initial capital and professional indemnity insurance is appropriate such that €1 of initial capital is the equivalent of professional indemnity insurance cover of €20 for a single claim against the firm and €30 in aggregate.

Comparable guarantee

9.2.7 R (a) If another authorised person which has net tangible assets of more than £10 million provides a comparable guarantee, an exempt CAD firm can treat it as an alternative to effecting or maintaining professional indemnity insurance pursuant to the rules relating to professional indemnity insurance above.

(b) If the exempt CAD firm is a member of a group in which there is an authorised person with net tangible assets of more than £10 million, the comparable guarantee must be from that person.
A comparable guarantee means a written agreement on terms at least equal to those required by the initial capital and professional indemnity insurance requirements above to finance the claims that might arise as a result of the breach by the exempt CAD firm of its duties under the regulatory system or civil law.

**Initial capital and ongoing capital requirements for local firms**

### 9.2.8 A local firm must:

- **FCA**

  - **R** have initial capital of €50,000; and

    [Note: Article 67(2) of MiFID and Article 6 of CAD]

  - **R** maintain own funds calculated in accordance with the rules relating to own funds in 9.5, at least to the requirement for initial capital.

### Ongoing capital requirements

### 9.2.9 An exempt CAD firm must, at all times, maintain a combination of professional indemnity insurance and own funds, (own funds to be calculated in accordance with (2)), at least equal to the requirements in this chapter for professional indemnity insurance and initial capital.

- **FCA**

  - **R** If the exempt CAD firm is an investment management firm its own funds must be calculated in accordance with the rules in IPRU(INV) 5.2.1(1) to 5.2.7(5).

  - **R** If the exempt CAD firm is a securities and futures firm its own funds must be calculated in accordance with the rules relating to own funds in 9.5.

### 9.3 Calculating Initial Capital

#### Initial Capital

### 9.3.1 A firm’s initial capital consists of the sum of the following items:

- **FCA**

  - **R** ordinary share capital which is fully paid;

  - **R** perpetual non-cumulative preference share capital which is fully paid;

  - **R** share premium account;

  - **R** reserves excluding revaluation reserves;

  - **R** audited retained earnings;
(6) externally verified interim net profits;

(7) partners’ capital;

(8) eligible LLP members’ capital (in accordance with the provisions of IPRU(INV) Annex A); and

(9) sole trader capital.

**Perpetual noncumulative preference share capital**

9.3.2 A firm may include preference share capital in initial capital only where any coupon on it is not cumulative, and the firm is under no obligation to pay a coupon in any circumstances.

**Audited retained earnings**

9.3.3 When calculating initial capital, a firm may include its audited retained earnings only after making the following adjustments:

(1) a firm must not recognise the fair value reserves related to gains or losses on cash flow hedges of financial instruments measured at amortised cost;

(2) in respect of a defined benefit occupational pension scheme, a firm must derecognise any defined benefit asset;

(3) a firm must not include any unrealised gains from investment property (these should be reported as part of revaluation reserves);

(4) where applicable, a firm must deduct any asset in respect of deferred acquisition costs and add back in any liability in respect of deferred income (but excluding from the deduction or addition any asset or liability which will give rise to future cash flows), together with any associated deferred tax.

**Externally verified interim net profits or current account**

9.3.4 A firm may include interim net profits or current account when calculating initial capital to the extent that they have been verified by the firm’s external auditor and are net of any foreseeable tax, dividend and other appropriations.

9.3.5 When calculating initial capital, a firm may includes its partners’ capital only after making the following adjustments:

(1) a firm must not recognise the fair value reserves related to gains or losses on cash flow hedges of financial instruments measured at amortised cost;

(2) in respect of a defined benefit occupational pension scheme, a firm must derecognise any defined benefit asset;

(3) where applicable, a firm must deduct any asset in respect of deferred acquisition costs and add back in any liability in respect...
of deferred income (but excluding from the deduction or addition any asset or liability which will give rise to future cash flows), together with any associated deferred tax.

**Defined benefit pension scheme: defined benefit liability**

9.3.6 R For the calculation of initial capital, a firm may substitute for a defined benefit liability the firm’s deficit reduction amount. The election must be applied consistently in respect of any one financial year.

9.3.7 G A firm should keep a record of and be ready to explain to its supervisory contacts in the FCA the reasons for any difference between the deficit reduction amount and any commitment the firm has made in any public document to provide funding in respect of a defined benefit occupational pension scheme.

### 9.4 POLICY TERMS FOR PROFESSIONAL INDEMNITY INSURANCE

*Insurers whose professional indemnity insurance policies can be used by an exempt CAD firm*

9.4.1 R An exempt CAD firm that has professional indemnity insurance in accordance with this chapter must take out and maintain professional indemnity insurance that is at least equal to the requirements of the rule below from:

1. an insurance undertaking which is authorised to transact professional indemnity insurance in the EEA; or

2. a person of equivalent status in:
   a. a Zone A country;
   b. the Channel Islands, Gibraltar, Bermuda or the Isle of Man.

*Terms to be incorporated in the professional indemnity insurance policy*

9.4.2 R The policy of professional indemnity insurance must incorporate terms which make provision for:

1. cover in respect of claims for which an exempt CAD firm may be liable as a result of the conduct of itself, its employees and its appointed representatives or where applicable, its tied agent (acting within the scope of their appointment);

2. the minimum levels of indemnity per year as set out in the rules relating to professional indemnity insurance above;

3. appropriate cover in respect of legal defence costs; and

4. cover in respect of Ombudsman awards made against the exempt CAD firm.

*Policies in other currencies*

9.4.3 R If a professional indemnity insurance policy is denominated in any currency other than euros, an exempt CAD firm must take reasonable
steps to ensure that the limits of indemnity are, when the policy is
effected and at renewal, at least equivalent to those required for the
purposes of the rules relating to professional indemnity insurance
above.

Conditions and exclusions

9.4.4 R A professional indemnity insurance policy must not be subject to
conditions or exclusions which unreasonably limit the cover provided
(whether by exclusion of cover, by policy excesses or otherwise).

9.5 Calculation of own funds

9.5.1 R A firm’s initial capital:

minus the sum of the items set out against B

plus the sum of the items set out against C

minus material holdings in credit and financial institutions and material
insurance holdings

equals own funds.

Perpetual long-term subordinated loans and perpetual cumulative preference share capital

9.5.3 R Perpetual long-term subordinated loans and perpetual cumulative preference share capital may not be included in the calculation of own funds unless they meet the following requirements:

(1) it may not be reimbursed on the holder’s initiative or without the
prior agreement of the FCA;

(2) the instrument must provide for the firm to have the option of deferring the dividend payment on the share capital;

(3) the shareholder’s claims on the firm must be wholly subordinated to those of all non-subordinated creditors;

(4) the terms of the instrument must provide for the loss-absorption capacity of the share capital and unpaid dividends, whilst enabling the firm to continue its business; and

(5) it must be fully paid-up.

Subordinated loans

9.5.4 R A firm may include a subordinated loan in the calculation of its own funds only:

FCA

(a) if it is drawn up in accordance with the standard forms obtained from the FCA;

(b) if it is signed by authorised signatories of all the parties; and

(c) to the extent that it is fully paid up.

Long-term subordinated loans

9.5.5 R A long-term subordinated loan may not be included in the calculation of own funds unless it meets the following requirements:

FCA

(1) it must be fully paid-up;

(2) it has an original maturity of at least five years;

(3) the extent to which it may be used in the calculation of own funds shall be amortised on a straight line basis during at least the five years before repayment; and

(4) it must not become repayable before the agreed repayment date other than in the winding-up of the firm or unless the firm has provided the FCA with at least five years' written notice.

9.5.6 R A firm must not (except in accordance with the terms of the loan) make any payment of interest if after such action the firm’s own funds will fall below 120% of its own funds requirement.

FCA

Perpetual noncumulative and cumulative preference share capital

9.5.7 R A firm may include perpetual non-cumulative and cumulative preference share capital in its initial capital and its own funds only if there is an agreement between the firm and the shareholders which provides that redemption of the shares may not take place, if after such redemption the firm would be in breach of its own funds requirement.
Own funds - Restrictions

9.5.8 R (1) In calculating own funds:

(i) the total amount of revaluation reserves, perpetual cumulative preference share capital, long-term subordinated loans, perpetual long-term subordinated loans and fixed term preference share capital must not exceed 100% of initial capital minus B; and

(ii) the total amount of fixed term preference share capital and long-term subordinated loans must not exceed 50% of initial capital minus B.

9.6 NON-FINANCIAL RESOURCE REQUIREMENTS

Reconciliation of balances

9.6.1 R (1) A firm must reconcile all balances and positions with:

(a) banks and building societies (other than a client bank account subject to the client money rules), exchanges, approved exchanges, clearing houses and intermediate brokers; and

(b) eligible counterparties which are members of an exchange or approved exchange

as recorded by the firm to the balance or position on a statement or circularisation obtained by the firm from those entities and must correct any differences by agreement on a timely basis, unless:

(i) the balances and positions due to and from the eligible counterparty have been agreed by other means; or

(ii) it arises solely as a result of identified differences in timing between the records of the firm and the bank or building society.

(2) A firm must perform reconciliations under (1) above as frequently as is appropriate for the volume of transactions on the accounts and in any event not less than once every five weeks or, in relation to positions with eligible counterparties, not less than once every year.

(3) A firm must circularise or request statements from banks, building societies, exchanges, approved exchanges, clearing houses, intermediate brokers and eligible counterparties which are members of an exchange or an approved exchange in good time in order to be able to comply with (1) and (2) above.
(4) A firm must use its best endeavours to respond within one month of receipt to any circularisation from another firm requesting confirmation of outstanding balances.

9.6.2 G For guidance notes on the reconciliation of a firm's balance with market counterparties see Appendix 20 to Chapter 3.

Financial notification

9.6.3 R A firm must notify the FCA in writing as soon as it has reason to believe that it is in breach of its own funds requirement.
Appendix 9(1): Interpretation

Glossary of defined terms for Chapter 9

Note: If a defined term does not appear in the glossary below, the definition appearing in the Handbook Glossary applies.

**approved exchange** means an investment exchange listed as such in Appendix 33 to IPRU(INV) 3.

**exchange** means a recognised investment exchange or designated investment exchange.

**initial capital** means the initial capital of a firm calculated in accordance with section 9.3.

**intangible assets** the full balance sheet value of a firm's intangible assets including goodwill, capitalised development costs, licences, trademark and similar rights etc.

**intermediate broker** in relation to a margined transaction, means any person through whom the firm undertakes that transaction.

**material current year losses** means losses of an amount equal to 10% or more of initial capital minus B (with B calculated in accordance with Table 9.5.2R).

**material holding** means a firm's holdings of shares and any other interest in the capital of a credit institution or financial institution:

(a) which exceeds 10% of the capital of the issuer, and, where this is the case, any holdings of subordinated debt of the same issuer, the full amount is a material holding; or

(b) holdings not deducted under (a) if the total amount of such holdings exceeds 10% of that firm's own funds, in which case only the excess amount is a material holding.

**material insurance holdings** (a) means the holdings of an exempt CAD firm of items of the type set out in (b) in any:

(i) insurance undertaking; or

(ii) insurance holding company

that fulfils one of the following conditions:

(iii) it is a subsidiary undertaking of that firm; or

(iv) that firm holds a participation in it.

(b) An item falls into this provision for the purpose of (a) if it is:

(i) an ownership share; or

(ii) subordinated debt or another item of capital that falls into Article 16(3) of the First Non-Life Directive or, as applicable, Article 27(3) of the Consolidated Life Directive.

**own funds** means the own funds of a firm calculated in accordance with 9.2.9R(2) and
9.2.8R(b).

\textit{Own funds requirement} means the requirement set out in 9.2.9R(1) and 9.2.8R(b).

\textit{Verified} means checked by an external auditor who has undertaken at least to:

(a) satisfy himself that the figures forming the basis of the interim profits have been properly extracted from the underlying accounting records;

(b) review the accounting policies used in calculating the interim profits so as to obtain comfort that they are consistent with those normally adopted by the \textit{firm} in drawing up its annual financial statements and are in accordance with the relevant accounting principles;

(c) perform analytical procedures on the result to date, including comparisons of actual performance to date with budget and with the results of prior period(s);

(d) discuss with management the overall performance and financial position of the \textit{firm};

(e) obtain adequate comfort that the implications of current and prospective litigation, all known claims and commitments, changes in business activities and provisioning for bad and doubtful debts have been properly taken into account in arriving at the interim profits; and

(f) follow up problem areas of which he is already aware in the course of auditing the \textit{firm}'s financial statements.
11 Chapter 11: Collective Portfolio Management Firms

11.1 INTRODUCTION

Application

11.1.1 R This chapter applies to a collective portfolio management firm.

FCA

11.1.2 G A collective portfolio management firm that manages an AIF is an internally managed AIF or an external AIFM. This affects the firm's base capital resources requirement (see IPRU(INV) 11.3.1R). An internally managed AIF is not permitted to engage in activities other than the management of that AIF, whereas an external AIFM may manage AIFs and/or UCITS, provided it has permission to do so. A firm that is an external AIFM and/or a UCITS management company may undertake any of the additional investment activities permitted by article 6(4) of AIFMD or article 6(3) of the UCITS Directive (as applicable), provided it has permission to do so, but if so it is subject to GENPRU and BIPRU rather than IPRU(INV) and is classified as a collective portfolio management investment firm, as opposed to a collective portfolio management firm.

Relevant accounting principles

11.1.3 R (1) Except where a rule makes a different provision, terms in this chapter must have the meaning given to them in the Companies Act 2006 or the firm's accounting framework (usually UK generally accepted accounting principles or IFRS) where defined in that Act or framework.

FCA

(2) Accounting policies must be the same as those adopted in the firm's annual report and accounts and must be consistently applied.

Purpose

11.1.4 R (1) This chapter amplifies threshold condition 2D (Appropriate resources) by providing that a firm must meet, on a continuing basis, a minimum capital resources requirement. This chapter also amplifies Principles 3 and 4 which require a firm to take reasonable care to organise and control its affairs responsibly and effectively with adequate risk management systems, and to maintain adequate financial resources by setting out a capital resources requirement for a firm according to the regulated activity or activities it carries on.

FCA

(2) This chapter also implements relevant requirements of AIFMD and the UCITS Directive, which includes imposing capital and professional indemnity insurance requirements on an AIFM and a UCITS management company.

11.2 MAIN REQUIREMENTS
Collective portfolio management firm

11.2.1 A collective portfolio management firm must:

(1) when it first becomes a collective portfolio management firm, hold initial capital of not less than the applicable base capital resources requirement (in line with IPRU(INV) 11.3.1R);

(2) at all times, maintain own funds which equal or exceed:

(a) the higher of:

(i) the funds under management requirement (in line with IPRU(INV) 11.3.2R); and

(ii) the fixed overheads requirement (in line with IPRU(INV) 11.3.3R); plus

(b) the Channel Islands, Gibraltar, Bermuda or the Isle of Man.

(i) the professional negligence capital requirement (in line with IPRU(INV) 11.3.11G(1)(a)); or

(ii) the PII capital requirement (in line with IPRU(INV) 11.3.11G(1)(b)); and

(3) at all times, hold liquid assets (in line with IPRU(INV) 11.3.17R) which equal or exceed:

(a) the higher of:

(i) the funds under management requirement (in line with IPRU(INV) 11.3.2R) less the base capital resources requirement (in line with IPRU(INV) 11.3.1R); and

(ii) the fixed overheads requirement (in line with IPRU(INV) 11.3.3R); plus

(b) whichever is applicable of:

(i) the professional negligence capital requirement (in line with IPRU(INV) 11.3.11G(1)(a)); or

(ii) the PII capital requirement (in line with IPRU(INV) 11.3.11G(1)(b)).

[Note: article 9(5) and 9(7) of AIFMD and article 7(1)(a)(iii) of the UCITS Directive]

Professional negligence

11.2.2 The professional negligence capital requirement applies to a firm that
manages an AIF (i.e., an external AIFM or an internally managed AIF) and which, in line with IPRU(INV) 11.3.11G(1)(a), covers professional liability risks by way of own funds.

(2) The PII capital requirement applies to a firm that manages an AIF and which, in line with IPRU(INV) 11.3.11G(1)(b), decides to cover professional liability risks by professional indemnity insurance.

11.3 DETAIL OF MAIN REQUIREMENTS

Base capital resources requirement

11.3.1 R The base capital resources requirement for a collective portfolio management firm is:

- €125,000 for a firm that is a UCITS firm or an external AIFM; and
- €300,000 for an internally managed AIF.

[Note: article 9(1), (2) and (10) of AIFMD and article 7(1)(a) of the UCITS Directive]

Funds under management requirement

11.3.2 R The funds under management requirement is (subject to a maximum of €10,000,000) the sum of:

- the base capital resources requirement; plus
- 0.02% of the amount by which the funds under management exceed €250,000,000,

[Note: article 9(3) of AIFMD and article 7(1)(a)(i) of the UCITS Directive]

Fixed overheads requirement

11.3.3 R The fixed overheads requirement is one quarter (13/52) of the firm’s relevant fixed expenditure calculated in line with IPRU(INV) 11.3.4R.

[Note: article 9(5) of AIFMD and article 7(1)(a)(iii) of the UCITS Directive]

11.3.4 R In IPRU(INV) 11.3.3R, and subject to IPRU(INV) 11.3.6R to IPRU(INV) 11.3.9R, a firm’s relevant fixed expenditure is the amount described as total expenditure in its final income statement (FSA030) for the previous financial year, less the following items (if they are included within such expenditure):

- staff bonuses, except to the extent that they are guaranteed;
- employees’ and directors’ shares in profits, except to the extent that they are guaranteed;
- other appropriations of profits;
- shared commission and fees payable which are directly related to commission and fees receivable which are included within
total revenue;

(5) interest charges in respect of borrowings made to finance the acquisition of the firm’s readily realisable investments;

(6) interest paid to customers on client money;

(7) interest paid to counterparties;

(8) fees, brokerage and other charges paid to clearing houses, exchanges and intermediate brokers for the purposes of executing, registering or clearing transactions;

(9) foreign exchange losses; and

(10) other variable expenditure.

11.3.5 The income statement (FSA030) should be completed on a cumulative basis, so that the final income statement in a firm’s financial year (ie the period that ends on the firm’s accounting reference date) relates to the entire year.

11.3.6 The relevant fixed expenditure of a firm is:

(1) where its final income statement (FSA030) for the previous financial year does not relate to a twelve-month period, an amount calculated in accordance with IPRU(INV) 11.3.4R, pro-rated so as to produce an equivalent twelve-month amount; or

(2) where it has not completed twelve months’ trading, an amount based on forecast expenditure included in the budget for the first twelve months’ trading, as submitted with its application for authorisation.

11.3.7 A firm must adjust its relevant fixed expenditure calculation so far as necessary to the extent that since the submission of its final income statement (FSA030) for the previous financial year or since the budget was prepared (if IPRU(INV) 11.3.6R(2) applies):

(1) its level of fixed expenditure changes materially; or

(2) the regulated activities comprised within its permission change.

11.3.8 In IPRU(INV) 11.3.4R to IPRU(INV) 11.3.7R, fixed expenditure is expenditure which is inelastic relative to fluctuations in a firm’s levels of business. Fixed expenditure is likely to include most salaries and staff costs, office rent, payment for the rent or lease of office equipment, and insurance premiums. It may be viewed as the amount of funds which a firm would require to enable it to cease business in an orderly manner, should the need arise. This is not an exhaustive list of such expenditure and a firm will itself need to identify which costs amount to fixed expenditure.

11.3.9 If a firm has a material proportion of its expenditure incurred on its behalf by another person and such expenditure is not fully recharged by that person, then the firm must adjust its relevant fixed expenditure calculation by adding back in the whole of the difference between the
amount of the expenditure and the amount recharged.

11.3.10 G Under IPRU(INV) 11.3.9R, the FCA would consider 10% of a firm's expenditure incurred on its behalf by other persons as material.

Professional negligence

11.3.11 G A firm that manages an AIF should:

(1) cover the professional liability risks set out in article 12 of the AIFMD level 2 regulation (professional liability risks) (as replicated in IPRU(INV) 11.3.12EU) by either:

(a) maintaining an amount of own funds in line with article 14 of the AIFMD level 2 regulation (additional own funds) (as replicated in IPRU(INV) 11.3.14EU) (the professional negligence capital requirement); or

(b) holding professional indemnity insurance and maintaining an amount of own funds to meet the PII capital requirement under article 15 of the AIFMD level 2 regulation (professional indemnity insurance) (as replicated in IPRU(INV) 11.3.15EU) and IPRU(INV) 11.3.16R; and

(2) comply with the qualitative requirements addressing professional liability risks in article 13 of the AIFMD level 2 regulation (qualitative requirements addressing professional liability risks) (as replicated in IPRU(INV) 11.3.13EU).

11.3.13 EU Qualitative requirements addressing professional liability risks

FCA

1. An AIFM shall implement effective internal operational risk management policies and procedures in order to identify, measure, manage and monitor appropriately operational risks including professional liability risks to which the AIFM is or could be reasonably exposed. The operational risk management activities shall be performed independently as part of the risk management policy.

2. An AIFM shall set up a historical loss database, in which any operational failures, loss and damage experience shall be recorded. This database shall record, without being limited to, any professional liability risks as referred to in Article 12(2) that have materialised.

3. Within the risk management framework the AIFM shall make use of its internal historical loss data and where appropriate of external data, scenario analysis and factors reflecting the business environment and internal control systems.

4. Operational risk exposures and loss experience shall be monitored on an ongoing basis and shall be subject to regular internal reporting.

5. An AIFM’s operational risk management policies and procedures shall be well documented. An AIFM shall have arrangements in place for ensuring compliance with its operational risk management policies and effective measures for the treatment of non-compliance with these policies. An AIFM shall have procedures in place for taking appropriate corrective action.

6. The operational risk management policies and procedures and measurement systems shall be subject to regular review, at least on an annual basis.

7. An AIFM shall maintain financial resources adequate to its assessed risk profile.

| 2. | The AIFM shall provide additional own funds for covering liability risks arising from professional negligence at least equal to 0,01 % of the value of the portfolios of AIFs managed.  
   | The value of the portfolios of AIFs managed shall be the sum of the absolute value of all assets of all AIFs managed by the AIFM, including assets acquired through use of leverage, whereby derivative instruments shall be valued at their market value. |
| 3. | The additional own funds requirement referred to in paragraph 2 shall be recalculated at the end of each financial year and the amount of additional own funds shall be adjusted accordingly.  
   | The AIFM shall establish, implement and apply procedures to monitor on an ongoing basis the value of the portfolios of AIFs managed, calculated in accordance with the second subparagraph of paragraph 2. Where, before the annual recalculation referred to in the first subparagraph, the value of the portfolios of AIFs managed increases significantly, the AIFM shall without undue delay recalculate the additional own funds requirement and shall adjust the additional own funds accordingly. |
| 4. | The competent authority of the home Member State of the AIFM may authorise the AIFM to provide additional own funds lower than the amount referred to in paragraph 2 only if it is satisfied — on the basis of the historical loss data of the AIFM as recorded over an observation period of at least three years prior to the assessment — that the AIFM provides sufficient additional own funds to appropriately cover professional liability risks. The authorised lower amount of additional own funds shall be not less than 0,008 % of the value of the portfolios of AIFs managed by the AIFM. |

   | (c) shall cover professional liability risks as defined in Article 12(1) |
and (2);

(d) is taken out from an EU or non-EU undertaking authorised to provide professional indemnity insurance, in accordance with Union law or national law;

(e) is provided by a third party entity.

Any agreed defined excess shall be fully covered by own funds which are in addition to the own funds to be provided in accordance with Article 9(1) and (3) of Directive 2011/61/EU.

3. The coverage of the insurance for an individual claim shall be equal to at least 0.7% of the value of the portfolios of AIFs managed by the AIFM calculated as set out in the second subparagraph of Article 14(2).

4. The coverage of the insurance for claims in aggregate per year shall be equal to at least 0.9% of the value of the portfolios of AIFs managed by the AIFM calculated as set out in the second subparagraph of Article 14(2).

5. The AIFM shall review the professional indemnity insurance policy and its compliance with the requirements laid down in this Article at least once a year and in the event of any change which affects the policy’s compliance with the requirements in this Article.

[Note: article 15 of the AIFMD level 2 regulation]

11.3.16 R If a firm satisfies the requirement referred to in IPRU(INV) 11.3.11G with professional indemnity insurance it must, in addition to maintaining an amount of own funds to cover any defined excess, hold adequate own funds to cover any exclusions in the insurance policy that would otherwise result in the firm having insufficient resources to cover liabilities arising. A firm may satisfy its requirements for professional indemnity insurance with a policy that also provides cover to one or more entities other than the firm, provided that the policy satisfies the conditions of the AIFMD level 2 regulation, exclusive of the cover provided to other entities.

Liquid assets

11.3.17 R For the purposes of this chapter, liquid assets are assets which:

(1) are readily convertible to cash within one month; and

(2) have not been invested in speculative positions.

11.3.18 G Examples of liquid assets that are acceptable under IPRU(INV) 11.3.17R include cash, readily realisable investments that are not held for short-term resale, and debtors.

### PART II
#### DETAIL REQUIREMENTS

1. **Ratios**
   - (a) The total of fixed-term cumulative preference share capital (item 12) and long-term *qualifying subordinated loans* (item 13) that may be included in Tier 2 capital (D) is limited to 50 per cent of Tier 1 capital (C); and
   - (b) Tier 2 capital (D) must not exceed 100 per cent of Tier 1 capital (C).

2. **Non corporate entities**
   - (a) In the case of partnerships, the following terms should be substituted, as appropriate, for items 1 to 4 in *initial capital*:
     - (i) partners' capital accounts (excluding loan capital);
     - (ii) partners' current accounts (excluding unaudited profits and loan capital); and
     - (iii) proprietor's account (or other term used to signify the sole trader's capital but excluding unaudited profits).
   - (b) Loans other than *qualifying subordinated loans* shown within partners' or proprietors' accounts must be classified as Tier 2 capital under item 14.
   - (c) For the calculation of *initial capital and own funds*, partners' current accounts figures are subject to the following adjustments for of a *defined benefit occupational pension scheme*:
     - (i) a firm must derecognise any *defined benefit asset*: and
     - (ii) a firm may substitute for *defined benefit liability* the firm's *deficit reduction amount*. The election must be applied consistently in any one financial year.

**Note**

A *firm* should keep a record of and be ready to explain to its supervisory contacts in the FCA the reasons for any difference between the *deficit reduction amount* and any commitment the *firm* has made in a public document to provide funding for a *defined benefit occupational pension scheme*.

3. **Audited Reserves (Item 3)**

For the calculation of *initial capital and own funds*, the following adjustments apply to the audited reserves figure:
(a) a firm must deduct any unrealised gains or, where applicable, add back in any unrealised losses on cash flow hedges of financial instruments measured at cost or amortised cost:

(b) for a defined benefit occupational pension scheme, a firm must derecognise any defined benefit asset; and

(c) a firm may substitute for a defined benefit liability the firm’s deficit reduction amount. The election must be applied consistently in respect of any one financial year.

Note

A firm should keep a record of, and be ready to explain to its supervisory contacts in the FCA, the reasons for any difference between the deficit reduction amount and any commitment the firm has made in a public document to provide funding for a defined benefit occupational pension scheme.

(d) a firm must not include any unrealised gains from investment property.

Note

Unrealised gains from investment property should be reported as part of revaluation reserves.

(e) where applicable, a firm must deduct any asset in respect of deferred acquisition costs and add back in any liability in respect of deferred income (but excluding from the deduction or addition any asset or liability which will give rise to future cash flows), together with any associated deferred tax.

Note

If the firm uses the exemption in Part 16 of the Companies Act 2006 (section 477 (Small companies: Conditions for exemption from audit)) relating to the audit of accounts then it will not be able to include its reserves under this Item (3), unless it appoints an auditor.

4 Interim profits (Item 3)

Non-trading book interim profits may only be included in Tier 1 of the calculation if they have been independently verified by the firm’s auditor.

For this purpose, the auditor should normally undertake at least the following:

(a) satisfy himself that the figures forming the basis of the interim profits have been properly extracted from the underlying accounting records;

(b) review the accounting policies used in calculating the interim profits so as to obtain comfort that they are consistent with those normally adopted by the firm in drawing up its annual financial statements;

(c) perform analytical review procedures on the results to date, including comparisons of actual performance to date with budget and with the
results of prior periods;

(d) discuss with management the overall performance and financial position of the firm;

(e) obtain adequate comfort that the implications of current and prospective litigation, all known claims and commitments, changes in business activities and provisions for bad and doubtful debts have been properly taken into account in arriving at the interim profits; and

(f) follow up problem areas of which the auditor is already aware in the course of auditing the firm's financial statements.

A firm wishing to include interim profits in Tier 1 capital must obtain a verification report signed by its auditor which states whether the interim results are fairly stated.

Profits on the sale of capital items or arising from other activities which are not directly related to the designated investment business of the firm may also be included within the calculation of own funds if they can be separately verified by the firm's auditor. Such profits can form part of the firm's Tier 1 capital as audited profits.

Note

If the firm uses the exemption in Part 16 of the Companies Act 2006 (section 477 (Small companies: Conditions for exemption from audit)) for the audit of accounts then it will not be able to include its interim profits under Item (3), unless it appoints an auditor.

5 Eligible LLP members’ capital (Item 5)

Members’ capital of a limited liability partnership may only be included in initial capital (see item 5) if the conditions in IPRU(INV) Annex A 2.2R (Specific conditions for eligibility) and IPRU(INV) Annex A 2.3R (General conditions for eligibility) are satisfied.

6 Intangible assets (Item 7)

Intangible assets comprise:

(a) formation expenses to the extent that these are treated as an asset in the firm’s accounts;

(b) goodwill, to the extent that it is treated as an asset in the firm’s accounts; and

(c) other assets treated as intangibles in the firm’s accounts.

7 Material current year losses (Item 8)

Losses in current year operating figures must be deducted when calculating Tier 1 capital if such losses are material. For this purpose, profits and losses must be...
calculated quarterly, as appropriate. If this calculation reveals a net loss it shall only be deemed to be material for the purposes of this Table if it exceeds 10 per cent of the firm’s Tier 1 capital.

### 11.5 QUALIFYING SUBORDINATED LOANS

*Characteristics of long-term qualifying subordinated loans*

**11.5.1 R** A long-term *qualifying subordinated loan* (item (13) of Table 11.4) must have the following characteristics:

- **FCA**
  1. the loan is repayable only on maturity or on the expiration of a period of notice under (3) below, or on the winding up of the firm;
  2. in the event of the winding up of the firm, the loan ranks after the claims of all other creditors and is not to be repaid until all other debts outstanding at the time have been settled;
either:

(a) the minimum original maturity of the loan is five years; or

(b) the loan does not have a minimum or fixed maturity but requires five years notice of repayment; and

(4) the loan is fully paid-up.

[Note: article 4(1)(ad) of AIFMD, article 2(1)(l) of the UCITS Directive and article 64(3) of the Banking Consolidation Directive]

Form of qualifying subordinated loan agreement

11.5.3 A qualifying subordinated loan must be in the form prescribed for Chapter 5 of IPRU(INV) by Annex D to IPRU(INV) with the following changes:

(1) the reference to “Chapter 5” in Recital B on page 2 deleted and replaced with “Chapter 11”; and

(2) the references to “rule 5.2.1(1) of Chapter 5” in clause 3(b) (Interest) deleted and replaced with “rule 11.2.1 (collective portfolio management firm) of Chapter 11”.

Requirements on a firm in relation to qualifying subordinated loans

11.5.4 A firm including a qualifying subordinated loan in its calculation of own funds must not:

(1) secure all or any part of the loan; or

(2) redeem, purchase or otherwise acquire any of the liabilities of the borrower in respect of the loan; or

(3) amend or concur in amending the terms of the loan agreement; or

(4) repay all or any part of the loan otherwise than in line with the terms of the loan agreement; or

(5) take or omit to take any action which may terminate, impair or adversely affect the subordination of the loan or any part thereof.
12 Financial resources requirements for operators of electronic systems in relation to lending.

12.1 APPLICATION AND PURPOSE

Application

12.1.1 R This chapter applies to an operator of an electronic system in relation to lending.

12.1.2 G This chapter amplifies the threshold condition 2D (Appropriate resources) by providing that a firm must meet, on a continuing basis, a basic solvency requirement. This chapter also builds on Principle 4 which requires a firm to maintain adequate financial resources by setting out appropriate requirements for a firm according to what type of firm it is.

12.1.3 G Prudential standards have an important role in minimising the risk of harm to consumers by requiring a firm to behave prudently in monitoring and managing business and financial risks.

12.1.4 G More generally, having adequate financial resources gives the firm a degree of resilience and some indication to consumers of creditworthiness, substance and the commitment of its owners. The rules in this chapter aim to ensure that a firm has financial resources which can provide cover for operational and compliance failures and pay redress, as well as reducing the possibility of a shortfall in funds and providing a cushion against disruption if the firm ceases to trade.

Relevant accounting principles

12.1.5 R A firm must recognise an asset or liability, and measure its amount, in accordance with the relevant accounting principles applicable to it for the purpose of preparing its annual financial statements unless a rule requires otherwise.

Actions for damages

12.1.6 R A contravention of the rules in this chapter does not give rise to a right of action by a private person under section 138D of the Act (and each of those rules is specified under section 138D(3) of the Act as a provision giving rise to no such right of action).

12.1 FINANCIAL RESOURCES REQUIREMENTS

General solvency requirement

12.2.1 R A firm must at all times be able to meet its liabilities as they fall due.
General financial resource requirement

12.2.2 R A firm must ensure that at all times its financial resources are not less than its financial resources requirement.

Financial resources requirement: firms carrying on other regulated activities

12.2.3 R The financial resources requirement for a firm carrying on one or more regulated activities in addition to operating an electronic system in relation to lending, is the higher of:

(1) the financial resources requirement which is applied by this chapter; and

(2) the financial resources or own funds requirement which is applied by another rule or by directly applicable legislation of the EU to the firm.

Financial resources requirement

12.2.4 R On its accounting reference date in each year, a firm must calculate:

(1) the total value of loaned funds outstanding on that date; and

(2) the sum of:

(a) 0.2% of the first £50 million of that total value;

(b) 0.15% of the next £200 million of that total value;

(c) 0.1% of the next £250 million of that total value; and

(d) 0.05% of any remaining total value.

12.2.5 R The total value of loaned funds outstanding is the total amount of funds that are currently being provided to borrowers under P2P agreements through an operator of an electronic system in relation to lending.

12.2.6 R The financial resources requirement for a firm to which this chapter applies is the higher of:

(1) £50,000; and

(2) the sum calculated in accordance with IPRU(INV) 12.2.4R(2) for the period until (subject to IPRU(INV) 12.2.9R) its next accounting reference date.
12.2.7 R To determine a firm’s financial resources requirement for the period beginning on the date on which it obtains a Part 4A permission and ending on the day before its next accounting reference date, the firm must carry out the calculation in IPRU(INV) 12.2.4R(2) on the basis of the total value of loaned funds the firm projects will be outstanding on the day before its next accounting reference date.

Determining the financial resources requirement

12.2.8 G If the firm has 30,000 individuals each lending £100,000, the total value of the firm’s loaned funds outstanding is £3,000,000,000. If the firm does not carry on any other regulated activity to which another higher financial resources or own funds requirement applies, its financial resources requirement is £1,900,000. This is calculated as follows:

(1) 0.2% x £50,000,000 = £100,000;
(2) 0.15% x £200,000,000 = £300,000;
(3) 0.1% x £250,000,000 = £250,000;
(4) 0.05% x £2,500,000,000 = £1,250,000.

Recalculating the financial resources requirement

12.2.9 R If the firm experiences a greater than 25% increase in the total value of loaned funds outstanding compared to the value used in its last financial resources requirement calculation, it must recalculate its financial resources requirement using the higher total value of loaned funds outstanding.

12.2.10 R A firm must notify the FCA of any change, or any likely change, in its financial resources requirement within 14 days of that change, or it becoming aware that the change is likely, whichever is the earlier.

12.3 CALCULATION OF FINANCIAL RESOURCES

12.3.1 R (1) A firm must at all times have available the amount and type of financial resources required by this chapter (see IPRU(INV) 12.3.2R).

(2) In arriving at its calculation of its financial resources, a firm must deduct certain items (see IPRU(INV) 12.3.3R).

| 5. Revaluation reserves       |                                                                                                                                                      |
| 6. Subordinated loans/debt    | Subordinated loans/debt must be included in financial resources on the basis of the provisions in this chapter that apply to subordinated loans/debt. |

**Note:**

1 Reserves must be audited and interim net profits, general and collective provisions must be verified by the firm’s external auditor unless the firm is exempt from the provisions of Part VII of the Companies Act 1985 (section 249A (Exemptions from audit)) or, where applicable, Part 16 of the Companies Act 2006 (section 477 (Small companies: Conditions for exemption from audit)) relating to the audit of accounts.

Notes
1. Investments in subsidiaries are the full balance sheet value.
2. Intangible assets are the full balance sheet value of goodwill, capitalised development costs, brand names, trademarks and similar rights and licences.
3. The interim net losses in row 4, and the excess of drawings in row 5, are in relation to the period following the date as at which the capital resources are being computed.

Subordinated loans/debt

12.3.4 R A subordinated loan/debt must not form part of the financial resources of the firm unless it meets the following conditions:

(1) it has an original maturity of:
   (a) at least five years; or
   (b) it is subject to five years’ notice of repayment;

(2) the claims of the subordinated creditors must rank behind those of all unsubordinated creditors;

(3) the only events of default must be non-payment of any interest or principal under the debt agreement or the winding up of the firm and such event of default must not prejudice the subordination in (2);

(4) the remedies available to the subordinated creditor in the event of non-payment or other default in respect of the subordinated loan/debt must be limited to petitioning for the winding up of the firm or proving the debt and claiming in the liquidation of the firm.
the subordinated loan/debt must not become due and payable before its stated final maturity date except on an event of default complying with (3);

(6) the agreement and the debt are governed by the law of England and Wales, or of Scotland or of Northern Ireland;

(7) to the fullest extent permitted under the rules of the relevant jurisdiction, creditors must waive their right to set off amounts they owe the firm against subordinated amounts owed to them by the firm;

(8) the terms of the subordinated loan/debt must be set out in a written agreement that contains terms that provide for the conditions set out in this rule; and

(9) the loan/debt must be unsecured and fully paid up.

12.3.5 When calculating its financial resources, the firm must exclude any amount by which the aggregate amount of its subordinated loans/debts exceeds the amount calculated as follows:

\[
a - b
\]

Chapter 13: Financial Resource Requirements for Personal Investment Firms

APPLICATION, GENERAL REQUIREMENTS AND PROFESSIONAL INDEMNITY INSURANCE REQUIREMENTS

13.1.1 R (1) This chapter applies to a firm which is a personal investment firm.

(2) For a personal investment firm which is an exempt CAD firm, the following apply:

(a) sections 13.1 and 13.1A; and

(b) if it is not an opted-in exempt CAD firm, section 13.2; or

(c) if it is an opted-in exempt CAD firm, section 13.3 (but reading references to category B firm as references to the firm).

(3) For a personal investment firm which is a category B firm, sections 13.1 and 13.3 apply.

PURPOSE

13.1.2 G This chapter amplifies threshold condition 2D or 3C as applicable (Adequate resources) by providing that a firm must meet, on a continuing basis, a basic solvency requirement and a minimum capital resources requirement. This chapter also amplifies Principles 3 and 4 which require a firm to take reasonable care to organise and control its affairs responsibly and effectively with adequate risk management systems and to maintain adequate financial resources by setting out capital resources for a firm according to the regulated activity or activities it carries on.

13.1.3 G Although financial resources and appropriate systems and controls can generally mitigate operational risk, professional indemnity insurance has a role in mitigating the risks a firm faces in its day-to-day operations, including those arising from not meeting the legally required standard of care when advising on investments. The purpose of the rules in this section is also to ensure that a firm has in place the type, and level, of professional indemnity insurance necessary to mitigate these risks. This includes, in the case of a UK firm exercising an EEA right, cover for breaches of obligations imposed by or under laws, or provisions having the force of law, in each EEA State in which the firm carries on business.

GENERAL REQUIREMENTS

13.1.4 R A firm must at all times:

(1) have and maintain capital resources of the kinds and amounts specified in, and calculated in accordance with, the rules of this chapter; and
be able to meet its liabilities as they fall due.

**Requirement to Hold Professional Indemnity Insurance**

### 13.1.5

A firm must take out and maintain at all times professional indemnity insurance that is at least equal to the requirements in this section from:

1. an *insurance undertaking* which is authorised to transact professional indemnity insurance in the *EEA*; or
2. a person of equivalent status in:
   a. a Zone A country;
   b. the Channel Islands, Gibraltar, Bermuda or the Isle of Man.

[Note: Article 4(3) of the *Insurance Mediation Directive*]

### 13.1.6

An exempt CAD firm is not required to effect and maintain professional indemnity insurance unless it chooses this option (see 13.1A).

**Comparable Guarantee**

### 13.1.7

A firm is not required to effect or maintain professional indemnity insurance if a bank, building society or an insurer provides the firm with a comparable guarantee.

1. If the firm is a member of a group in which there is a bank, building society or an insurer, the firm’s comparable guarantee must be from that bank, building society or insurer.

2. A comparable guarantee means an enforceable, written agreement on terms at least equal to those required by IPRU(INV) 13.1.9R to 13.1.13R, as appropriate.

### 13.1.8

The term "relevant income" in this section refers to all income received or receivable which is commission, brokerage, fees or other related income, whether arising from the firm’s permitted activities or not, for the last accounting year prior to inception or renewal of the professional indemnity insurance policy ("the policy").

**Policy Terms**

### 13.1.9

The policy must incorporate terms which are appropriate and must make provision for cover in respect of any claim for loss or damage, for which the firm may be liable as a result of an act or omission by:

1. the firm; or
(2) any person acting on behalf of the firm including employees, appointed representatives or its other agents;

**LIMITS OF INDEMNITY**

**13.1.10** R If the firm is an **IMD insurance intermediary**, whether or not it is also an **exempt CAD firm**, the appropriate minimum limits of indemnity per year are no lower than:

(1) €1,120,200 for a single claim against the firm; and

(2) €1,680,300 in the aggregate

[Note: Article 4(3) of the **Insurance Mediation Directive**]

**13.1.11** R If the firm is an **exempt CAD firm** that maintains professional indemnity insurance under 13.1A.3(1)(b), the appropriate minimum limits of indemnity per year are no lower than:

(1) €1,000,000 for a single claim against the firm; and

(2) €1,500,000 in the aggregate;

[Note: Article 67(3) of MiFID and Article 7 of **CAD** (see also rule 13.1A.3)]

**13.1.12** R If the firm is both an **IMD insurance intermediary** and an **exempt CAD firm** that maintains professional indemnity insurance under 13.1A.4(1)(b), the appropriate additional limits of indemnity to 13.1.10R per year are no lower than:

(1) € 500,000 for a single claim against the firm; and

(2) € 750,000 in the aggregate.

[Note: Article 67(3) of MiFID and Article 8 of **CAD** (see also rule 13.1A.4)]

**13.1.13** R If the firm is not an **IMD insurance intermediary** or an **exempt CAD firm**, then the following limits of indemnity apply:

(1) if the firm has relevant income of up to £3,000,000, no lower than £500,000 for a single claim against the firm and £500,000 in the aggregate; or

(2) if the firm has relevant income of more than £3,000,000, no lower than £650,000 for a single claim against the firm and £1,000,000 in the aggregate.

**13.1.14** G Article 4(7) of the **Insurance Mediation Directive** requires the limits of indemnity to be reviewed every five years to take into account movements in European consumer prices. These limits will therefore be subject to further adjustments on the basis of index movements advised by the European Commission.

**13.1.15** R If a policy is denominated in any currency other than euros, a firm must take reasonable steps to ensure that the limits of indemnity are, when the policy is effected...
13.1.16 **FCA**

(i.e. agreed) and at renewal, at least equivalent to those denominated in euros.

13.1.17 **FCA**

A firm should consider whether the overall cover is adequate taking account of 13.1.22G(2) and whether the firm should seek additional cover or legal expenses insurance. (Legal defence costs are costs of defence against claims that fall under the terms of the policy.)

13.1.17 **FCA**

The cover provided by the policy should be wide enough to include the liability of the firm, its appointed representatives, its tied agents, employees and its agents for breaches under the regulatory systems or civil law. If the firm operates outside the United Kingdom then the policy should cover other regulatory requirements imposed under the laws of other countries in which the firm operates.

**POLICIES PROVIDING FOR MORE THAN ONE FIRM**

13.1.18 **FCA**

If the policy provides cover to more than one firm then:

1. The relevant income for calculating the limits of indemnity is that of all the firms named in the policy combined;
2. each firm named in the policy must have the benefit of the minimum limits of indemnity as required in this section; and
3. each firm named in the policy must notify the appropriate regulator if the aggregate cover in the policy falls below the minimum limits of indemnity.

**LIMITS OF INDEMNITY - ADDITIONAL REQUIREMENTS**

13.1.19 **FCA**

In addition to the specific requirements in 13.1.9R to 13.1.13R, the policy must make provision for the following:

1. for a firm with relevant income of more than £6,000,000, the aggregate limit identified in the table below:

(2) Full retroactive cover in respect of the kinds of liabilities described in 13.1.9R for claims arising from work carried out by the firm, or on its behalf, in the past; and

(3) Cover in respect of Ombudsman awards made against the firm.

### Limitations

13.1.20 R The policy must not be subject to conditions or exclusions which unreasonably limit its cover (whether by exclusion of cover, by policy excesses or otherwise).

### Exclusions

13.1.21 R The policy must not:

(1) Exclude any type of business or activity that has been carried out by the firm in the past or will be carried out by the firm during the time for which the policy is in force; or

(2) Exclude liabilities which are identified or crystallised as a result of regulatory action against the firm (either individually or as a member of a class of authorised persons);
unless the firm holds additional capital resources, in accordance with 13.1.23R.

13.1.22 G

(1) The FCA considers it reasonable for a firm’s policy to exclude cover for:

FCA

(a) specific business lines if that type of business has not been carried out by the firm in the past and will not be carried out by the firm during the life of the policy; or

(b) specific claims that have been previously notified to the firm’s insurer and claimed for under another policy.

(2) The FCA does not consider it reasonable for a firm’s policy to treat legal defence costs cover as part of the limits of indemnity if this reduces the cover available for any individual substantive claim.

ADDITIONAL CAPITAL RESOURCES - EXCLUSIONS

13.1.23 R

The amount of additional capital resources that a firm must hold as a result of an exclusion under 13.1.21R should be calculated by referring to the firm’s relevant income in the following table:

### Text

13.1.24 G The firm should hold additional capital resources in excess of those minimum amounts set out in the table in 13.1.23R where the required amounts of additional capital resources provide insufficient cover, taking into account the firm’s individual circumstances.

**EXCESS LEVEL**

13.1.25 R The policy must not make provision for payment by the firm of an excess on any claim of more than £5,000, unless the firm holds additional capital resources, in accordance with 13.1.27R.

13.1.26 R The reference to “excess” is to the highest excess level required to be paid under the policy unless that excess relates to a type of business that has not been carried out by the firm in the past. In those circumstances, the reference is to the next highest excess level required by the policy applicable to a type of business that has been carried out by the firm in the past.

**ADDITIONAL CAPITAL RESOURCES - EXCESS**
The amount of additional capital resources that a firm must hold where the policy’s excess on any claim is more than £5,000 must be calculated by referring to the firm’s relevant income and excess obtained in the following table:

Note 1 - For firms with relevant income more of £10m but up to £100m value y is calculated by relevant income/£10m.
Note 2 – The calculation of a firm’s capital resources is set out in sections 13.1A to 13.3 (see rule 13.1.1 for application of these sections to an exempt CAD firm and a category B firm).

**Notification Requirements**

13.1.28 R A firm must notify the FCA immediately if it becomes aware, or has information which reasonably suggests, that any of the following matters in relation to its professional indemnity insurance has occurred, may have occurred or may occur in the foreseeable future:

1. professional indemnity insurance cannot be obtained within 28 days of the inception or renewal date;
2. professional indemnity insurance is cancelled;
3. the amount of aggregate cover is exhausted;
4. the firm commences business lines for which it had not obtained cover;
5. the firm is relying on a policy cover for more than one firm; or
6. the firm is relying on a comparable guarantee provided in accordance with the rules in this chapter.

13.1.29 G For the purposes of the provisions relating to professional indemnity insurance, “additional capital resources” means readily realisable own funds. The FCA expects items included in own funds to be regarded as “readily realisable” only if they can be realised, at any given time, within 90 days.

13.1A **Capital Resources and Professional Indemnity Insurance Requirement for an Exempt CAD Firm**

**Application**

13.1A.1 R This section applies to a personal investment firm which is an exempt CAD firm.

**Requirement to hold initial capital and professional indemnity insurance**

13.1A.2 R The capital resources requirement for a personal investment firm which is an exempt CAD firm is the higher of:

1. the requirement that is applied by section 13.1A; and
2. (a) if it is not an opted-in exempt CAD firm, the requirement that is applied by 13.2; or
   (b) if it is an opted-in exempt CAD firm, the requirement that is applied by 13.3 (but reading references to category B firm as references to the firm).
13.1A.3  R  (1)  A firm which is not an IMD insurance intermediary must have:

(a) initial capital of €50,000; or
(b) professional indemnity insurance at least equal to the requirements of 13.1.11R and 13.1.15R to 13.1.27R; or
(c) a combination of initial capital and professional indemnity insurance in a form resulting in a level of coverage equivalent to (a) or (b).

[Note: Article 67(3) of MiFID and Article 7 of CAD (see also rule 13.1.11R)]

(2) If a firm chooses to comply with either (b) or (c) above, it must nevertheless have initial capital of at least £10,000.

13.1A.4  R  (1)  A firm that is also an IMD insurance intermediary must have professional indemnity insurance at least equal to the limits set out in 13.1.10R and, in addition, has to have:

(a) initial capital of €25,000; or
(b) professional indemnity insurance at least equal to the requirements of 13.1.12R and 13.1.15R to 13.1.27R; or
(c) a combination of initial capital and professional indemnity insurance in a form resulting in a level of coverage equivalent to (a) or (b).

[Note: Article 67(3) of MiFID and Article 8 of CAD (see also rule 13.1.12)]

(2) If a firm chooses to comply with either (b) or (c) above, it must nevertheless have initial capital of at least £10,000.

13.1A.5  G  A trade-off between initial capital and professional indemnity insurance is appropriate such that €1 of initial capital is the equivalent of professional indemnity insurance cover of €20 for a single claim against the firm and €30 in aggregate.

Initial capital

13.1A.6  R  A firm’s initial capital consists of the sum of the following items:

(1) ordinary share capital which is fully paid;
(2) perpetual non-cumulative preference share capital which is fully paid;
(3) share premium account;
(4) reserves excluding revaluation reserves;
(5) audited retained earnings;
(6) externally verified interim net profits;
(7) partners’ capital;
(8) eligible LLP members’ capital (in accordance with the provisions of IPRU(INV) Annex A); and
(9) sole trader capital.

Perpetual non-cumulative preference share capital

13.1A.7 R A firm may include preference share capital in initial capital only where any coupon on it is not cumulative, and the firm is under no obligation to pay a coupon in any circumstances.

Audited retained earnings

13.1A.8 R When calculating initial capital, a firm may include its audited retained earnings only after making the following adjustments:

(1) a firm must not recognise the fair value reserves related to gains or losses on cash flow hedges of financial instruments measured at amortised cost;
(2) in respect of a defined benefit occupational pension scheme, a firm must derecognise any defined benefit asset;
(3) a firm must not include any unrealised gains from investment property (these should be reported as part of revaluation reserves);
(4) where applicable, a firm must deduct any asset in respect of deferred acquisition costs and add back in any liability in respect of deferred income (but excluding from the deduction or addition any asset or liability which will give rise to future cash flows), together with any associated deferred tax.

Externally verified interim net profits or current account

13.1A.9 R A firm may include interim net profits or current account when calculating initial capital to the extent that they have been verified by the firm’s external auditor and are net of any foreseeable tax, dividend and other appropriations.

13.1A.10 R When calculating initial capital, a firm may include its partners’ capital only after making the following adjustments:

(1) a firm must not recognise the fair value reserves related to gains or losses on cash flow hedges of financial instruments measured at amortised cost;
(2) in respect of a defined benefit occupational pension scheme, a firm must derecognise any defined benefit asset;

(3) where applicable, a firm must deduct any asset in respect of deferred acquisition costs and add back in any liability in respect of deferred income (but excluding from the deduction or addition any asset or liability which will give rise to future cash flows), together with any associated deferred tax.

Defined benefit pension scheme: defined benefit liability

13.1A.11 R For the calculation of initial capital, a firm may substitute for a defined benefit liability the firm's deficit reduction amount. The election must be applied consistently in respect of any one financial year.

13.1A.12 R A firm should keep a record of and be ready to explain to its supervisory contacts in the FCA the reasons for any difference between the deficit reduction amount and any commitment the firm has made in any public document to provide funding in respect of a defined benefit occupational pension scheme.

Ongoing capital requirements

13.1A.13 R A firm must, at all times, maintain a combination of professional indemnity insurance and own funds, at least equal to the requirements in this chapter for professional indemnity insurance and initial capital.

13.1A.14 R A firm's initial capital:

minus the sum of the items set out against B

plus the sum of the items set out against C

minus material holdings in credit and financial institutions and material insurance holdings

equals own funds.

Perpetual cumulative preference share capital

13.1A.16 R Perpetual cumulative preference share capital may not be included in the calculation of own funds unless it meets the following requirements:

1. it may not be reimbursed on the holder’s initiative or without the prior agreement of the FCA;
2. the instrument must provide for the firm to have the option of deferring the dividend payment on the share capital;
3. the shareholder’s claims on the firm must be wholly subordinated to those of all non-subordinated creditors;
4. the terms of the instrument must provide for the loss-absorption capacity of the share capital and unpaid dividends, whilst enabling the firm to continue its business; and
5. it must be fully paid-up.

Own funds – Restrictions

13.1A.17 R (1) In calculating own funds:

- the total amount of revaluation reserves, perpetual cumulative preference share capital, long-term subordinated loans and fixed term preference share capital must not exceed 100% of initial capital minus the sum of the items set out against B; and
- the total amount of fixed term preference share capital and long-term subordinated loans must not exceed 50% of initial capital minus the sum of the items set out against B.

13.2 Financial Resources Requirement for Exempt CAD Firms that have not Opted-In

13.2.1 R An exempt CAD firm which is a network must have capital resources calculated in accordance with whichever of (1) or (2) produces the higher amount:

1. one quarter of its fixed annual expenditure, calculated in accordance with rule 13.2.3; or
2. an amount equal to £400 multiplied by the number of its advisers.
13.2.2 R An exempt CAD firm which is not a network must have capital resources calculated in accordance with whichever of (1), (2) or (3) produces the highest amount:

(1) capital resources which taking into account all the special adjustments amount to 4/52 of its fixed annual expenditure calculated in accordance with rules 13.2.3 to 13.2.7; or

(2) capital resources which disregarding all the special adjustments amount to one quarter of its fixed annual expenditure, calculated in accordance with rules 13.2.3 to 13.2.7; or

(3) capital resources which taking into account all the special adjustments amount to £400 multiplied by the number of its advisers.

CALCULATION OF FIXED ANNUAL EXPENDITURE

13.2.3 R (1) An exempt CAD firm must calculate its fixed annual expenditure by reference to the amount described as total expenditure in its most recently prepared set of annual financial statements. If those statements were for a period other than 12 months, the amounts in the firm’s profit and loss account must be adjusted proportionately.

(2) Where an exempt CAD firm has just begun trading or has not been authorised long enough to submit such statements, the firm must calculate its fixed annual expenditure on the basis of forecast or other appropriate accounts submitted to the FCA.

(3) An exempt CAD firm may, subject to rule 13.2.6, deduct from its total expenditure the items set out in table 13.2.3.

13.2.4  G  (1) Salaries of directors or partners are not eligible for deduction, except to the extent that they can be demonstrated to be non-fixed costs of the firm.

FCA

(2) The deduction in item (c) is intended to cover forms of remuneration, other than those set out in (b), that are not fixed or guaranteed.

13.2.5  G  For the purpose of this section, fixed expenditure is expenditure which is inelastic relative to fluctuations in an exempt CAD firm’s levels of business. Fixed expenditure is likely to include most salaries and staff costs, office rent, payment for the rent or lease of office equipment, and insurance premiums. It may be viewed as the amount of funds which a firm would require to enable it to cease business in an orderly manner, should the need arise. This is not an exhaustive list of such expenditure and a firm will itself need to identify (taking appropriate advice where necessary) which costs amount to fixed expenditure.

ADJUSTMENTS TO CALCULATION OF FIXED ANNUAL EXPENDITURE

13.2.6  R  An exempt CAD firm must adjust its fixed expenditure calculation so far as necessary if and to the extent that since the date covered by the most recent annual financial statements or (if 13.2.3R(2) applies) since the budget was prepared:

(1) its level of fixed expenditure changes materially; or

(2) its regulated activities comprised within its permission change.

13.2.7  R  If an exempt CAD firm has a material proportion of its expenditure incurred on its behalf by third parties and such expenditure is not fully recharged to that firm then the firm must adjust its fixed expenditure calculation by adding back in the whole of the difference between the amount of the expenditure and the amount recharged.

13.2.8  G  The FCA would consider as ‘material’ 10% of a firm's expenditure incurred on its behalf by third parties.

CALCULATION OF CAPITAL RESOURCES TO MEET THE EXPENDITURE-BASED REQUIREMENT

13.2.9  R  An exempt CAD firm must be able to calculate its capital resources at any time on the basis of the balance sheet it could draw up at that time. For this purpose:
(1) an exempt CAD firm must adjust the assets in the balance sheet as specified in table A and include the liabilities after making the adjustments specified in that table; and

(2) the assets and liabilities in the balance sheet are also subject to the following adjustments:

(a) a firm must deduct any unrealised gains or, where applicable, back in any unrealised losses on cash flow hedges of financial instruments measured at cost or amortised cost;

(b) in respect of a defined benefit occupational pension scheme, a firm must derecognise any defined business asset:

(c) a firm may substitute for a defined benefit liability the firm’s deficit reduction amount. The election must be applied consistently in respect of any one financial year;

(d) where applicable, a firm must deduct any asset in respect of deferred acquisition costs and add back in any liability in respect of deferred income (but exclude from the deduction or addition any asset or liability which will give rise to future cash flows), together with any associated deferred tax.

**SUBORDINATED LOANS**

13.2.10 R An exempt CAD firm may treat a subordinated loan as capital resources as specified in 13.1A.15R and subject to rule 13.2.12, if the long term subordinated loan is eligible for such treatment in accordance with rule 13.2.11.

13.2.11 R A long term subordinated loan is eligible for such treatment if:

- it is fully paid up;
- it has an original maturity of at least five years, or where it has no fixed term, it is subject to five years' notice of repayment;
- repayment, prepayment or termination is only permitted under the loan agreement:
  - on maturity, or on expiration of the period of notice, if after such payment or termination a firm meets 120% of its capital resource requirement; or
  - on winding up after the claims of all other creditors and all outstanding debts have been settled;
- the amount used in the calculation of its capital resources is reduced on a straight line basis over the last five years of its term;
- it is in the standard form prescribed by the appropriate regulator for long term subordinated loans.

13.2.12 R The total amount of long term subordinated loans that an exempt CAD firm may include in the calculation of its capital resources is restricted as stipulated in 13.1A.17R and in SUP 16.

13.3 **CAPITAL RESOURCES REQUIREMENT FOR CATEGORY B FIRMS AND OPTED-IN EXEMPT CAD FIRMS**

13.3.1 R A category B firm must have at all times capital resources calculated in accordance with rules 13.3.3 to 13.3.14 which equal or exceed the amount specified in rules 13.3.2.

13.3.2 R A category B firm must meet a capital resources requirement calculated in accordance with whichever of (1) or (2) produces the higher amount.

(1) 1/4 of its fixed annual expenditure, calculated in accordance with
13.3.3R to 13.3.8R; or

(2) £20,000.

Calculation of Fixed Annual Expenditure

13.3.3 R  A category B firm must calculate its fixed annual expenditure by reference to the amount described as total expenditure in its most recent RMAR drawn up at its accounting reference date.

13.3.4 R  Where a category B firm has just begun trading or has not been authorised long enough to submit such an RMAR, the firm must calculate its fixed annual expenditure on the basis of forecast or other appropriate accounts submitted to the FCA.

13.3.5 R  A category B firm may deduct from its total annual expenditure the items set out in table 13.3.5.

</tr>
</tbody>

13.3.6 G  For the purpose of this section, fixed expenditure is expenditure which is inelastic relative to fluctuations in a firm's levels of business. Fixed expenditure is likely to include most salaries and staff costs, office rent, payment for the rent or lease of office equipment, and insurance premiums. It may be viewed as the amount of funds which a firm would require to enable it to cease business in an orderly manner, should the need arise. This is not an exhaustive list of such expenditure and a firm will itself need to identify (taking appropriate advice where necessary) which costs amount to fixed expenditure.

Adjustments to Calculation of Fixed Annual Expenditure

13.3.7 R  A firm must adjust its fixed expenditure calculation so far as necessary if and to the extent that since the date covered by the most recent annual RMAR or (if 13.2.3R(2) applies) since the forecast was prepared:

(1) its level of fixed expenditure changes materially; or
(2) its regulated activities comprised within its permission change.

13.3.8 R If a firm has a material proportion of its expenditure incurred on its behalf by third parties and such expenditure is not fully recharged to that firm then the firm must adjust its fixed expenditure calculation by adding back in the whole of the difference between the amount of the expenditure and the amount recharged.

13.3.9 G The FCA would consider as material 10% of a firm's total expenditure incurred on its behalf by third parties.

Calculation of Capital Resources to meet the Expenditure-Based Requirement

13.3.10 R (1) A category B firm must be able to calculate its capital resources at any time in accordance with table 13.3.10 on the basis of the balance sheet drawn up by the firm at that time.

FCA

(2) A firm must recognise an asset or liability, and measure its amount, in accordance with the relevant accounting principles applicable to it for the purpose of preparing its annual financial statements unless a rule requires otherwise.

**Short Term Subordinated Loans**

13.3.11 R A category B firm may treat a subordinated loan as capital resources, as specified in rules 13.3.13R and 13.3.14R, if the short term subordinated loan is eligible for such treatment in accordance with rule 13.3.12R;

13.3.12 R A short term subordinated loan is eligible for such treatment if:

FCA

(1) it has an original maturity of at least two years or, if it has no fixed term, it is subject to two years’ notice of repayment;
(2) payment of interest is not permitted under the loan agreement unless after such payment a firm meets 120% of its capital resource requirement;
(3) repayment, prepayment or termination is only permitted under the loan agreement

(a) on maturity, or on expiration of the period of notice, if after such payment or termination a firm meets 120% of its capital resources requirement; or

(b) on winding up after the claims of all other creditors and all outstanding debts have been settled;

(4) it is in the standard form for short term subordinated loans prescribed by the FCA.

Restrictions

13.3.13 R A category B firm must calculate:

FCA

(1) the aggregate amount of its short term subordinated loans and its preference shares which are not redeemable within two years; and

(2) the amount of the firm’s total capital and reserves excluding preference share capital, less the amount of its intangible assets, multiplied by 200%.

13.3.14 R A category B firm must treat as a liability in the calculation of its capital resources any amount by which the sum of 13.3.13R(1) exceeds the product of 13.3.13R(2).
Appendix 13(1): Defined terms for Chapter 13

**Exchange**  
a recognised investment exchange or designated investment exchange.

**low resource firm**  
a Category B3 firm which is not a network, has fewer than 26 financial advisers or representatives and is not permitted to:

(a) carry on discretionary portfolio management;

(b) establish, operate or wind up a personal pension scheme; or

(c) delegate the activities in (a) or (b) to an investment firm.

**net current assets**  
the total, at a particular date, of all assets which are not intended for use on a continuing basis in the firm’s business (i.e. current assets), less all the liabilities payable within 12 months of that date.

**properly secured**  
fully secured by a first charge in favour of the firm on land and buildings, or on a readily realisable investment where the firm has in its possession or under its control a document of title or a document evidencing title to that investment.
14.1 APPLICATION

14.1.1 R Subject to rule 14.1.2, consolidated supervision and this chapter apply to a firm which is a member of a group if:

(1) It is:

(a) a securities and futures firm, subject to the financial rules in Chapter 3, which is a broad scope firm but not a venture capital firm; and

(b) [deleted]

(c) [deleted]

(2) It is not a BIPRU firm.

(3) [Deleted]

(4) [Deleted]

(5) [Deleted]

Cases where consolidated supervision under this chapter will not apply

14.1.2 R A firm is not subject to consolidated supervision under the rules in this Chapter where any of the following conditions are fulfilled:

(1) the firm is included in the supervision on a consolidated basis of the group of which it is a member by a competent authority other than the FCA; or

(2) the firm is a member of a UK consolidation group already included in the supervision on a consolidated basis of the group of which it is a member by the FCA or PRA under BIPRU 8.

14.1.3 G (1) [Deleted]

14.1.3 FCA (2) [Deleted]

(3) Where there is more than one authorised firm in the group, subject to the rules of this chapter, one consolidated supervision return may be submitted on behalf of all the firms in the group in accordance with SUP 16.3.25G.
Exemption from consolidated supervision

14.1.4 R A firm need not meet the requirements in rules 14.3.1 and 14.3.2 if:

1. there is no credit institution in the group;
2. no firm in the group deals in investments as principal, except where it is dealing solely as a result of its activity of operating a collective investment scheme, or where the firm’s positions fulfil the CAD Article 3 exempting criteria;
3. [Deleted]
4. the firm notifies the FCA of any serious risk that could undermine the financial stability of the group as soon as it becomes aware of that risk;
5. the firm reports to the FCA all group large exposures as at the end of each quarter, and within the period specified in SUP 16;
6. the firm meets the conditions in rule 14.1.5; and
7. the firm has first notified the FCA in writing that it intends to rely on this rule.

14.1.5 R If the firm notifies the FCA under rule 14.1.4 that it will not apply the rules in this section, it must:

1. submit to FCA a consolidated supervision return within the time period specified by SUP 16, together with a consolidated profit and loss account;
2. ensure that each firm in the group deducts from its solo financial resources any quantifiable contingent liability in respect of other group entities;
3. ensure that the solo financial resources requirement of each firm in the group incorporates the full value of the expenditures of the firm wherever they are incurred on behalf of the firm; and
4. make a note in its audited financial statements that it is not subject to regulatory consolidated capital requirements.

14.1.6 G (1) [Deleted]

14.1.6 FCA (2) The conditions in rule 14.1.5 aim to ensure that the firm is protected
from weaknesses in other group entities.

(3) In rule 14.1.5(2), contingent liabilities includes direct and indirect guarantees.

(4) 14.1.5(3) aims to ensure that the expenditure-based requirement incorporates the firm's actual ongoing annual expenditures (including any share of depreciation on fixed assets) where these have been met by another group entity.

(5) The FCA may require further information from the firm if it considers that the firm's consolidated financial position raises undue risks to consumers. It may also seek reassurance that the firm has sufficiently robust client money and asset controls - for example, it may require a skilled person's report. The FCA may also use its own initiative power to impose conditions on the firm. This could include raising additional capital or further limitations on the firm's intra-group exposures.

(6) Rule 14.1.4(5) refers to large exposures, which should be measured against group consolidated own funds or (if this would result in all exposures being classified as large exposures) by aggregating all the exposures of the individual entities in the group and measuring them against the own funds of the individual firm giving rise to the consolidated supervision requirement. If there is more than one firm in the group giving rise to the consolidated supervision requirement, the group large exposures should be measured against the firm with the smallest own funds.

14.2 SCOPE OF CONSOLIDATION

14.2.1 R For the purposes of the rules in this chapter, a firm’s group means the firm and:

FCA

(1) any EEA parent in the group which is a financial holding company, a credit institution, or an investment firm;

(2) any credit institution, investment firm or financial institution which is a subsidiary either of the firm or of the firm’s EEA parent as defined in (1); and

(3) any credit institution, investment firm or financial institution in which the firm or one of the entities in (1) or (2) holds a participation.

14.2.2 R If a group exists under rule 14.2.1, the firm must also include in the scope of consolidation any ancillary services undertaking and asset management company in the group.

FCA

14.2.3 G Rule 14.1.1 states what type of firm may be subject to consolidated supervision (trigger firm). Rule 14.2.1 states what type of relationship triggers the existence of a group for consolidated supervision purposes. Rules 14.2.1 and 14.2.2 specify what entities should be included in the scope of...
consolidated supervision.

14.2.4 A firm's parent is a financial holding company if it is either a financial institution or a securities and futures firm that is subject to the financial rules in Chapter 3 and that is a broad scope firm (but not a venture capital firm) and if its subsidiary undertakings carry out mainly listed activities, activities of a credit institution or activities undertaken by a Chapter 3 broad scope firm. For this purpose the FCA interprets the phrases 'mainly' or 'main business' to mean where the balance of business is over 40% of the relevant group or sub-group's balance sheet (measured on the basis of total assets) or profit and loss statement (measured on the basis of gross income). In addition, if the firm's parent has significant holdings in insurance undertakings or reinsurance undertakings, it is a mixed financial holding company, and the firm is subject to the rules in GENPRU 3.1 instead of the rules in this chapter. This is because a parent cannot be a financial holding company and a mixed financial holding company at the same time. GENPRU 3.1 sets out what constitutes significant insurance holdings (broadly more than 10% of the financial sector activities of the group). A firm's parent is a financial holding company and not regarded as a mixed financial holding company unless:

(a) the parent has been notified by its coordinator that the group it heads is a financial conglomerate (in accordance with Article 4(2) of the Financial Groups Directive); and

(b) it has not been notified that the coordinator and the relevant competent authorities have agreed not to treat the group as a financial conglomerate in accordance with Article 3(3) of the Financial Groups Directive.

(2) A firm with an ultimate non-EEA parent may also be subject to the provisions in GENPRU 3.2.

(3) In the case where undertakings are linked to the domain of consolidation by a relationship within the meaning of article 12(1) of Directive (83/349/EEC), the FCA will determine how consolidation is to be carried out.

Exclusions

14.2.5 A firm may, having first notified the FCA in writing, exclude from its group the following:

(1) any entity the total assets of which are less than the smaller of the following two amounts:

(a) 10 million euros; or

(b) 1% of the total assets of the group's parent or the undertaking that holds the participation;

provided that the total assets of such entities do not collectively breach these limits.
any entity the inclusion of which within the group would be misleading or inappropriate for the purposes of consolidated supervision.

14.2.6 G (1) The FCA may require a firm to provide information about the position in the group of any undertaking excluded from the consolidation under rule 14.2.5.

(2) An exclusion under rule 14.2.5(2) would normally be appropriate when an entity would be excluded from the scope of consolidation under the relevant UK generally accepted accounting principles.

14.3 CONSOLIDATED SUPERVISION REQUIREMENT

14.3.1 R A firm must at all times ensure that its group maintains group financial resources in excess of its group financial resources requirement.

14.3.2 R A firm, other than one which is defined in rule 14.1.1(1), must at all times comply with large exposures limits applied on a group basis.

14.4 GROUP FINANCIAL RESOURCES

14.4.1 R A firm must calculate its group financial resources on the basis of the consolidated accounts of the relevant group, subject to the adjustments in rule 14.4.2 and on the basis specified in rule 14.4.3.

14.4.2 R (1) If more than one firm in the group is subject to the rules of this chapter, group financial resources are defined according to the relevant rules applicable to the main firm in the group to which this chapter applies, with Tier 1 minority interests being allowed as Group Tier 1 capital and Tier 2 minority interests being allowed as Group Tier 2 capital.

(2) In calculating the group financial resources, deductions should be made for intangible assets, material unaudited losses incurred since the balance sheet date and investments in own shares.

(3) Material holdings and material insurance holdings must be recalculated on a group basis and deducted in arriving at the group financial resources.

14.4.3 R Financial resources will be defined based upon the main firm in the group to which this chapter applies as follows:
(1) if a broad scope securities and futures firm (excluding a venture capital firm), Table 3-61R;

(2) [Deleted]

(3) [Deleted]

(4) [deleted]

(5) [deleted]

14.4.4  FCA

(1) The FCA interprets ‘main’ by reference to the share of the firm’s business in the group, its contribution to the group’s balance sheet (measured on the basis of total assets) or profit and loss statement (measured on the basis of gross income).

(2) The form in SUP 16 Ann 19 R, together with the guidance in SUP 16 Ann 20G, shows the mechanics of the calculation.

14.4.5  FCA

A firm may apply for a waiver of rule 14.4.1 to permit an aggregation approach to determine group financial resources. Any waiver application should guarantee future compliance with any relevant own funds limit.

14.5  G

GROUP FINANCIAL RESOURCES REQUIREMENT

14.5.1  R

A firm must calculate its group financial resources requirement as the aggregate of:

(1) the sum of the financial resources requirements of all group entities within the scope of consolidation calculated in accordance with rule 14.5.2, except that:

   (a) requirements in respect of intra-group balances with other entities within the scope of consolidation should be excluded; and

   (b) [deleted]

(2) the sum of any adjustments that are made to each firm’s financial resources, calculated on a solo basis in accordance with rule 14.4.3, in order to arrive at the amount of financial resources used to meet its solo financial resources requirement. These adjustments must exclude deductions in respect of the investment in and other relationships with other entities that are included within the scope of consolidation.

(3) [deleted]

The financial resources requirements of entities in which the
group holds a *participation* must be included proportionately.

14.5.2 R Financial resources requirements for individual entities in the group are:

FCA

1. for *firms* regulated by the FCA, their regulatory capital requirement under FCA rules;

2. for entities regulated by an *EEA regulator* and which is subject to the local regulatory capital requirement of that regulator, that local regulatory capital requirement;

2A. for entities that are *recognised third country credit institutions or recognised third country investment firms* and which is subject to the local regulatory capital requirement of that regulator, that local regulatory capital requirement;

2B. for entities not in (2A) that are regulated by a *third country competent authority* named in the table in BIPRU 8 Annex 3R ad which is subject to the local regulatory capital requirement of that regulator, that local regulatory capital requirement; and

3. for other entities in the group, a notional financial resources requirement calculated as if the entity were regulated by the FCA.

14.5.3 G (1) For the purposes of rule 14.5.2(3) the notional financial resources requirements of group entities should normally be calculated as if the entities were subject to the financial rules in IPRU(INV) relevant to the main *firm* in the group. The interpretation of ‘main’ given in 14.4.4 G applies here.

(2) For the purposes of calculating an expenditure-based requirement, no account should be taken of expenses that have been recharged to another entity included in the scope of consolidation. For example, in calculating the notional requirement for a service company, the expenditure-based requirement should be calculated net of recharged expenses. This is to avoid double counting of the expenses.

(3) [deleted]

14.5.4 G A *firm* may apply for a waiver of rule 14.5.1R, to permit a line-by-line approach to determine its *group financial resources requirement*. A *firm* should also demonstrate that calculating its requirement in this way does not result in a distortion of the *group financial resources requirement*.

Annex A: LIMITED LIABILITY PARTNERSHIPS: ELIGIBLE MEMBERS’ CAPITAL

Introduction

Application

1.1 R This annex applies to any firm:

(1) that is a limited liability partnership; and

(2) that is a kind of firm to whom the provisions of this sourcebook apply.

1.2 R In this annex, an expression in italics has the meaning given in the Handbook Glossary.

1.3 G (1) Firms are reminded that a limited liability partnership incorporated under the Limited Liability Partnership Act 2000 is a body corporate with legal personality separate to that of its members and is not therefore a form of partnership for the purposes of this sourcebook.

(2) A limited liability partnership is not a separate prudential categorisation under this sourcebook but a kind of firm for whom the appropriate provisions of this sourcebook are modified to the extent indicated in this annex.

Purpose

1.4 G The purpose of this annex is to amplify Principle 8 (Financial resources) which requires a firm to maintain adequate financial resources to meet its investment business commitments and to withstand the risks to which its business is subject. This annex imposes various conditions that must be satisfied for members’ capital to count as “Tier 1” or equivalent grade capital in meeting the limited liability partnership’s financial resources requirement. These conditions are made up of conditions specific to limited liability partnerships and general conditions based for the most part on those set out in article 57 of the Banking Consolidation Directive. This assists in the achievement of the statutory objective of consumer protection.

1.5 G The following rules allow inclusion of members’ capital within a firm’s capital if it meets the conditions in this annex:

<table>

2. **CONDITIONS FOR USE OF MEMBERS’ CAPITAL**

**Members’ capital of a limited liability partnership**

2.1 R In this sourcebook, members’ capital of a *limited liability partnership* may be included within a *firm’s resources* if it complies with:

1. the specific conditions; and
2. the general conditions.

**Specific conditions for eligibility**

2.2 R The specific conditions are that:

1. members’ capital is made up of the members’ capital account; and
2. the members’ capital account is an account:
   
   a. into which capital contributed by the members is paid; and
   
   b. from which under the terms of the *limited liability partnership* agreement an amount representing capital may be withdrawn by a member only if:

   i. he ceases to be a member and an equal amount is transferred to another such account by his former fellow members or any person replacing him as a member;

   ii. the *limited liability partnership* is wound up or otherwise dissolved; or
(iii) the firm has ceased to be authorised or no longer has a Part 4A permission.

General conditions for eligibility

2.3 [FCA] R The general conditions in respect of the members’ capital are that:

1. it is fully paid and the proceeds are immediately and fully available to the firm;

2. it is not capable of being redeemed at all (otherwise than in the circumstances set out in the specific conditions) or can only be redeemed on a winding up of the firm;

3. any coupon is non-cumulative;

4. it is able to absorb losses to allow the firm to continue trading;

5. the amount of the item included is net of any foreseeable tax charge;

6. it is available to the firm for unrestricted and immediate use to cover risks and losses as soon as they occur;

7. it ranks for repayment on a winding up of the firm no higher than a share of a company incorporated under the Companies Act 2006 (whether or not it is such a share); and

8. the firm is under no obligation to pay a coupon on it at any time.

Surplus eligible LLP members’ capital

2.4 [FCA] G If a firm has surplus eligible LLP members’ capital that it wishes to repay in circumstances otherwise than those in the specific conditions, it may apply to the FCA for a waiver to allow it to do so. If a firm applies for such a waiver the information that the firm supplies to support the application might include:

1. a demonstration that the firm would have sufficient financial resources to meet its financial resources requirement immediately after the repayment; and

2. a two to three year capital plan demonstrating that the firm would be able to meet the requirements in (1) and (2) at all times without needing further capital injections.

Limited liability partnership excess drawings

2.5 [FCA] R A firm which is a limited liability partnership must in calculating its tier one capital in accordance with the requirements of any chapter of this sourcebook deduct the amount by which the aggregate of the amounts withdrawn by its members exceeds the profits of that firm (“excess LLP members’ drawings”). Amounts of eligible LLP
members’ capital repaid in accordance with the specific conditions are not to be included in this calculation.

FORM OF BOND FOR AUTHORISED PROFESSIONAL FIRMS
(SEE IPRU (INV) 2)

BY THIS BOND AS A DEED WE [ ] of [ ] (“the Principal”) and [ ] of [ ] (“the Surety”) as witnessed by its common seal (so that the Surety whose seal is affixed below shall alone be bound) are jointly and severally bound upon the terms and conditions herein set out to [ ] (“the Trustee”) in the sum of £[ ] ([sum in words]) or such other sum as may from time to time be agreed between the Surety and the Principal (“the Penalty Sum”).

WHEREAS:-

(1) The Trustee has consented to enter into this bond as trustee and to hold the rights and benefits under this bond upon trust for any Customer of the Principal in accordance with the terms of this bond.

(2) The Surety at the request of the Principal has agreed to be bound in the Penalty Sum upon the terms and conditions hereinafter contained.

NOW THIS DEED WITNESSES as follows:-

(1) For the purposes of this bond a claim shall arise if the following conditions are satisfied:-
   a. the Scheme has determined the Principal to be in default;
   b. the Trustee has determined to pay compensation to an eligible claimant whose claim is in respect of a Civil Liability incurred by the Principal in connection with its carrying on of Regulated Activities; and
   c. the claim in question relates to a Loss.

(2) The Surety and the Principal are held and firmly bound to the Trustee for the payment of any sum arising out of any claim under the provisions of Clause 1 hereof to the extent that any such claim exceeds the sum of fifty thousand pounds (£50,000) provided that the aggregate of any such sum or sums does not exceed the Penalty Sum.

(3) The Trustee hereby declares that it holds all its rights and benefits under this bond upon trust for the Customers in respect of whom or for which such claim or claims were made absolutely.

(4) The Trustee shall, insofar as it may lawfully do so, notify the Surety of any claim or Matter of which the Trustee is aware which may give rise to any claim hereunder such notice to be addressed to the Surety in writing at its address set out above or to such other address as may have been notified to the
Trustee in writing by the Surety and any such information which the Trustee shall when serving such notice designate as confidential shall be held and retained by the Surety in confidence.

(5) Payment of any sum to the Trustee in respect of any claim shall be due thirty (30) days after the giving of notice thereof pursuant to Clause 4 hereof the Surety shall pay any such sum or sums on demand.

(6) The Surety may give written notice to the Trustee sent by recorded delivery service to the address set out above or such other address as the Trustee shall from time to time advise in writing (and serving a copy of such notice upon the Principal) terminating its liability under this bond which liability shall accordingly cease sixty (60) days after receipt by the Trustee in writing of such notice ("the Termination Date") save in respect of any claim rising out of anything notified by the Trustee to the Surety pursuant to Clause 4 prior to or within the period of six months after the Termination Date.

(7) Notwithstanding the Release or Discharge of the Principal the Surety shall remain liable in respect of any claim arising during the period in which this bond was in force or which shall be made within six months of the Termination Date.

(8) The Principal and its executors administrators or representatives whosoever jointly and severally agree and covenant with the Surety and the Trustee as follows:-

a. That they shall and will from time to time and notwithstanding the Release or Discharge of the Principal indemnify the Surety and its successors and assigns from and against all claims losses costs and expenses which the Surety shall or otherwise might at any time sustain or be put to under or by virtue of this bond.

b. That the Principal is an authorised professional firm which has Permission under the Act to carry on Regulated Activities and will give notice forthwith to the Surety in writing if it shall cease to have such Permission or if it shall become aware of any Matter which might give rise to it being declared in default by the Scheme.

c. That the Principal will calculate the Penalty Sum that may be required under this bond from time to time so as to ensure that it complies with the Rules.

d. That the persons named herein are duly authorised for an on behalf of the Principal to execute this bond in the manner appearing below.

e. That the Trustee is irrevocably authorised to provide such information to the Surety as it shall think fit or as may be required for the purpose of making any claim and the Surety is irrevocably authorised to provide such information to the Trustee in relation to the obligations of the
Principle secured by this bond as it shall think fit.

f. That the Principal will duly and promptly pay the annual premium due in respect of this bond.

(9) In this bond words and expressions having capitalised initial letters shall have the meanings set out in this bond and where not so defined shall have the meanings set out in the Glossary annexed to the General Provisions Instrument 2001 and as the same may hereafter be varied amended or supplemented from time to time

C. Standard Terms

Interpretation

1 (1) In this Agreement -

“Advance” means, where this Agreement is for a loan facility, an amount drawn or to be drawn down by the Borrower or otherwise made available by the Lender under this Agreement as that amount may be reduced from time to time by any repayment or prepayment permitted under this Agreement;

“Borrower” means the person identified as such in the Variable Terms and includes its permitted successors and assigns and, where the Borrower is a partnership, each Partner;

“Business Day” means any day except Saturday, Sunday or a bank or public holiday in England;

“Effective Date” means the date on which this Agreement is to take effect being the date of this Agreement unless otherwise stated in the Variable Terms;

“Excluded Liabilities” means Liabilities which are expressed to be and, in the opinion of the Insolvency Officer of the Borrower, do, rank junior to the Subordinated Liabilities in the Insolvency of the Borrower;

“Facility” means the loan facility referred to in paragraph 2(2);

“Financial Resources” has the meaning given in the Financial Rules;

“Financial Resources Requirement” has the meaning given it in the Financial Rules;

“Financial Rules” means the rules in IPRU(INV) Chapter 3 in the Handbook;

“Insolvency” means and includes liquidation, winding up, bankruptcy, sequestration, administration, rehabilitation and dissolution (whichever term may apply to the Borrower) or the equivalent in any other jurisdiction to which the Borrower may be subject;

“Insolvency Officer” means and includes any person duly appointed to administer and distribute assets of the Borrower in the course of the Borrower’s Insolvency;
1 (1) “Lender” means the person identified as such in the Variable Terms and includes its permitted successors and assigns;

“Liabilities” means all present and future sums, liabilities and obligations payable or owing by the Borrower (whether actual or contingent, jointly or severally or otherwise howsoever);

“Loan” means the indebtedness of the Borrower to the Lender referred to in paragraph 2(1) as that indebtedness may be reduced from time to time by any repayment or prepayment permitted under this Agreement;

“Partner” means, where the Borrower is a partnership, each and every partner of the Borrower as a partner and as an individual (see also paragraph 8);

“Senior Liabilities” means all Liabilities except the Subordinated Liabilities and Excluded Liabilities;

“Subordinated Liabilities” means all Liabilities to the Lender in respect of the Loan or each Advance made under this Agreement and all interest payable thereon.

“the FCA” means The Financial Conduct Authority Limited whose registered office is at 25 The North Colonnade, Canary Wharf, London, E14 5HS; and

(2) Any reference to any rules of the FCA is a reference to them as in force from time to time.

(3) Reference to any gender includes a reference to all other genders.

(4) Reference to a paragraph is to a paragraph of these Standard Terms, unless otherwise indicated.

The Loan or Facility

2 (1) Where as indicated in the Variable Terms this Agreement is for a loan, the Borrower hereby acknowledges its indebtedness to the Lender in the sum mentioned in the Variable Terms as an unsecured loan upon and subject to the terms and conditions of this Agreement.

(2) Where, as indicated in the Variable Terms this Agreement is for a loan facility -

(a) the maximum aggregate principal amount of each Advance outstanding at any time under the Facility shall not exceed the maximum amount specified in the Variable Terms or such other amount as may be agreed between the Borrower and the Lender from time to time;

(b) the Facility will be available until the last available date specified in the Variable Terms; and
(2) (c) any specific terms dealing with the mechanics of drawdown are contained in the Variable Terms.

(3) The Lender and the Borrower undertake to provide the FCA, immediately upon request, with details in writing of all principal and interest in respect of the Loan or each Advance outstanding for the time being and all payments of any amount made in the period specified by the FCA in the request.

Interest

3 Subject to the provisions of paragraphs 4 and 5, until repayment of the Loan or each Advance in full, the Borrower will pay to the Lender interest on the Loan or each Advance (or on any part or parts of it or them for the time being outstanding under this Agreement) calculated and payable in the manner set out in the Variable Terms.

Repayment

4 (1) The provisions of this paragraph are subject in all respects to the provisions of paragraph 5(subordination).

(2) The terms concerning repayment are set out in the Variable Terms but are subject to paragraph 4(3).

(3) (a) Unless the FCA otherwise permits, no repayment or prepayment of the Loan or any Advance may be made, in whole or in part, until five Business Days have elapsed from the FCA confirming in writing to the Borrower receipt of the Borrower’s written notice of his intention to do so, except that -

(i) where, immediately after repayment or prepayment, the Borrower’s Financial Resources would be less than or equal to 120% of its Financial Resources Requirement, the prior written approval of the FCA shall be obtained before any repayment or prepayment;

(ii) any notice under this sub-paragraph or the terms referred to in subparagraph (2) above shall be ineffective if -

(aa) the Insolvency of the Borrower commences before the date on which such notice expires; or

(bb) the FCA notifies the Borrower orally or in writing of its refusal to consent to such repayment or prepayment by the time such notice period expires.

(b) Payments of interest at a rate not exceeding the rate provided for in paragraph 3 may be made without notice to or consent of the FCA, except that where -

(i) immediately after payment, the Borrower’s Financial Resources would be less than or equal to 120% of its Financial Resources Requirement; or
(3) (b) (ii) before payment, the Insolvency of the Borrower commences, no such payment may be made without the prior written approval of the FCA.

(4) If in respect of the Loan or any Advance default is made for a period of -

(a) seven days or more in the payment of any principal due, or

(b) 14 days or more in the payment of any interest due,

the Lender may, at its discretion and after taking such preliminary steps or actions as may be necessary, enforce payment by instituting proceedings for the Insolvency of the Borrower after giving seven Business Day’s prior written notice to the FCA of its intention to do so.

(5) Subject to (6) below, the Lender may at its discretion, subject as provided in this Agreement, institute proceedings for the Insolvency of the Borrower to enforce any obligation, condition or provision binding on the Borrower under this Agreement (other than any obligation for the payment of principal moneys or interest in respect the Loan or any Advance) PROVIDED THAT the Borrower shall not by virtue of the institution of any such proceedings for the Insolvency of the Borrower be obliged to pay any sum or sums sooner than the same would otherwise have been payable by it.

(6) The Lender may only institute proceedings for the Insolvency of the Borrower to enforce the obligations referred to in (5) above if -

(a) a default under those obligations is not remedied to the satisfaction of the Lender within 60 days after notice of such default has been given to the Borrower by the Lender requiring such default to be remedied;

(b) the Lender has taken all preliminary steps or actions required to be taken by it prior to the institution of such proceedings; and

(c) the Lender has given seven Business Days’ prior written notice to the FCA of its intention to institute such proceedings.

(7) No remedy against the Borrower other than as specifically provided by this paragraph 4 shall be available to the Lender whether for the recovery of amounts owing under this Agreement or in respect of any breach by the Borrower of any of its obligations under this Agreement.
Subordination

5   (1) Notwithstanding the provisions of paragraph 4, the rights of the Lender in respect of the Subordinated Liabilities are subordinated to the Senior Liabilities and accordingly payment of any amount (whether principal, interest or otherwise) of the Subordinated Liabilities is conditional upon -

   (a) (if an order has not been made or an effective resolution passed for the Insolvency of the Borrower and, being a partnership, the Borrower has not been dissolved) the Borrower being in compliance with not less than 120% of its Financial Resources Requirement immediately after payment by the Borrower and accordingly no such amount which would otherwise fall due for payment shall be payable except to the extent that -

      (i) paragraph 4(3) has been complied with; and

      (ii) the Borrower could make such payment and still be in compliance with such Financial Resources Requirement;

   (b) (if an order has been made or effective resolution passed for the Insolvency of the Borrower or, if a partnership, the Borrower is to be dissolved) the Borrower being “solvent” at the time of, and immediately after, the payment by the Borrower and accordingly no such amount which would otherwise fall due for payment shall be payable except to the extent that the Borrower could make such payment and still be “solvent”.

(2) For the purposes of sub-paragraph (1)(b) above, the Borrower shall be “solvent” if it is able to pay its debts (other than the Subordinated Liabilities) in full disregarding -

   (a) obligations which are not payable or capable of being established or determined in the Insolvency of the Borrower, and

   (b) the Excluded Liabilities.

(3) Interest will continue to accrue at the rate specified pursuant to paragraph 3 on any payment which does not become payable under this paragraph 5.

(4) For the purposes of sub-paragraph (1)(b) above, a report given at any relevant time as to the solvency of the Borrower by its Insolvency Officer, in form and substance acceptable to the FCA, shall in the absence of proven error be treated and accepted by the FCA, the Lender and the Borrower as correct and sufficient evidence of the Borrower’s solvency or Insolvency.
(5) Subject to the provisions of sub-paragraphs (6), (7) and (8) below, if the Lender shall receive from the Borrower payment of any sum in respect of the Subordinated Liabilities -

(a) when any of the terms and conditions referred to in sub-paragraph (1) above is not satisfied, or

(b) where such payment is prohibited under paragraph 4(3), the payment of such sum shall be void for all purposes.

(6) Any sum referred to in sub-paragraph (5) above shall be received by the Lender upon trust to return it to the Borrower.

(7) Any sum so returned shall then be treated for the purposes of the Borrower’s obligations hereunder as if it had not been paid by the Borrower and its original payment shall be deemed not to have discharged any of the obligations of the Borrower hereunder.

(8) A request to the Lender for return of any sum referred to in sub-paragraph (5) shall be in writing and shall be made by or on behalf of the Borrower or, as the case may be, its Insolvency Officer.

Representations and undertakings of Borrower

From and after the date of this Agreement (or the Effective Date if earlier), the Borrower shall not without the prior written consent of the FCA -

(a) secure all or any part of the Subordinated Liabilities;

(b) redeem, purchase or otherwise acquire any of the Subordinated Liabilities;

(c) amend any document evidencing or providing for the Subordinated Liabilities;

(d) repay any of the Subordinated Liabilities otherwise than in accordance with the terms of this Agreement;

(e) take or omit to take any action whereby the subordination of the Subordinated Liabilities or any part thereof to the Senior Liabilities might be terminated, impaired or adversely affected; or

(f) arrange or permit any contract of suretyship (or similar agreement) relating to its liabilities under this Agreement to be entered into, and

other than as disclosed in writing to the FCA, the Borrower represents that it has not done so before the date of this Agreement (or the Effective Date if earlier).
Representations and undertakings of Lender

7 From and after the date of this Agreement (or the Effective Date if earlier), the Lender shall not without the prior written consent of the FCA -

(a) assign, transfer, dispose of or encumber the whole or any part of the Subordinated Liabilities or purport to do so in favour of any person;

(b) purport to retain or set off at any time any amount payable by it to the Borrower against any amount of the Subordinated Liabilities except to the extent that payment of such amount of the Subordinated Liabilities would be permitted at such time by this Agreement, and the Lender shall immediately pay an amount equal to any retention or set off in breach of this provision to the Borrower and such retention or set off shall be deemed not to have occurred;

(c) amend or waive the terms of any document evidencing or providing for the Subordinated Liabilities;

(d) attempt to obtain repayment of any of the Subordinated Liabilities otherwise than in accordance with the terms of this Agreement;

(e) take or omit to take any action whereby the subordination of the Subordinated Liabilities or any part of them to the Senior Liabilities might be terminated, impaired or adversely affected; or

(f) take or enforce any security, guarantee or indemnity from any person for all or any part of the Subordinated Liabilities, and the Lender shall, upon obtaining or enforcing any security, guarantee or indemnity notwithstanding this undertaking, hold the same (and any proceeds thereof) on trust for the Borrower, and

other than as disclosed in writing to the FCA, the Lender represents that it has not done so before the date of this Agreement (or the Effective Date if earlier).

Borrower being a partnership

8 Where the Borrower is a partnership -

(a) this Agreement shall subsist in full force and effect notwithstanding any change which may take place from time to time in the constitution or title of the Borrower by the retirement of the present Partners or any of them or the assumption of new Partners or by a change of name PROVIDED THAT -

(i) a retired Partner shall continue to be liable for the payment of all sums due under this Agreement and implementation of all other obligations in this Agreement until the Lender and the remaining Partner(s) shall agree in writing to release a retired Partner from those obligations and the FCA has agreed in writing to the release; and
8  (a) (ii) in the event of a new Partner being assumed as a partner of the Borrower
the other Partners shall procure that said assumed Partner shall become bound
to the Lender as a party to this Agreement and shall execute such addendum
hereto as the Lender and the FCA may consider necessary;

(b) the obligations and undertakings of the Borrower under this Agreement shall
bind the Borrower and the Partners jointly and severally.

Partial invalidity

9  If any of the provisions of this Agreement is or becomes invalid, illegal or
unenforceable under any law, the validity, legality and enforceability of the
remaining provisions shall not in any way be affected or impaired.

The FCA and indemnity

10 The FCA shall not, by virtue of having rights under this Agreement, be taken to
be a trustee for, or have any obligations to, any person to whom some or all of the
Senior Liabilities are owed. Each of the Lender and Borrower shall on demand
indemnify the FCA against all claims, losses, costs, expenses and other liabilities
made against or incurred by the FCA as a consequence of it having rights, or
taking action under this Agreement.

Additional terms

11 Any additional terms agreed between the parties are set out in the Variable Terms
provided that, if there is any inconsistency between the Variable Terms and the
Standard Terms, the Standard Terms shall prevail.

Entire agreement

12 This Agreement forms the entire agreement as to the Subordinated Liabilities. If
there are any other terms relating to the Subordinated Liabilities existing at the
date hereof and not comprised in this Agreement such terms shall be of no further
force and effect.

Amendments

13 Any amendments to this Agreement must be made by the prescribed Deed of
Variation and any amendments made or purported to be made without the consent
of the FCA shall be void. For the avoidance of doubt, nothing in this paragraph
requires the FCA to be a party to this Agreement.
Notices to the FCA

14 A notice given to the FCA under this Agreement shall have no effect, and time shall not start to run in connection with that notice, until the FCA has given to the sender written confirmation of its receipt.

Law

15 This Agreement is governed by English law.

Jurisdiction

16 For the benefit of the FCA solely, each of the Borrower and the Lender irrevocably submits to the jurisdiction of the English Courts and, to the extent that it does not have a place of business within the jurisdiction, appoints the process agent specified in the Variable Terms as agent for receipt of service of process in such courts. Such jurisdiction shall be non-exclusive except to the extent that non-exclusivity prejudices the submission to the jurisdiction.

Rights of the FCA

17 Although not a party to the Agreement, the FCA may in its own right enforce a term of the Agreement to the extent that it purports to confer upon the FCA a benefit.

3.4 FORM OF GUARANTOR UNDERTAKING

This undertaking is entered into the [ ] day of [ ] 20[ ] by

[ ] (the “Guarantor”) of [ ] in favour of

The Financial Conduct Authority Limited (“the FCA”) whose registered office is at 25 The North Colonnade, Canary Wharf, London, E14 5HS.

WHEREAS:-

(A) By a subordinated loan agreement (the “Loan Agreement”) [made on / of even date] between [ ] (the “Lender”), [ ] (the “Borrower”) and the FCA, the Lender made available to the Borrower a loan [facility] on the terms and conditions contained in the Loan Agreement.

(B) By a guarantee (the “Guarantee”) made [of even date] between the Guarantor and the Lender, the Guarantor guaranteed the obligations of the Borrower to the Lender under the Loan Agreement on the terms and conditions contained in the Guarantee.

IT IS HEREBY AGREED as follows:-

1 The Guarantor hereby undertakes to the FCA that all and any rights which the Guarantor may have against the Borrower in respect of the Guarantee (whether by subrogation or otherwise howsoever) shall be subordinated on the same terms and conditions (mutatis mutandis) set out in the Loan Agreement (as amended from time to time) and further undertakes and confirms that the Guarantor will be bound by the terms of the Loan Agreement as if the Guarantor were a party to it in place of the Lender.

2 This undertaking is governed by English law.

3.5 Guidance Notes on Completion of Agreements

A  GENERAL

Introduction

1. These Notes are designed to accompany the Approved Forms of Subordinated Loan Agreement, each of which is in four parts: the front page, the Variable Terms in Schedule 1, the Standard Terms in Schedule 2 and the signature page. The parties will need to set out details of themselves and the transaction in the Variable Terms and complete the signature page. The front page and the Standard Terms should remain unaltered.

2. All communications with the FCA regarding the proposed Agreement should in the first instance be via the firm’s usual contact.

3. Firms are advised to ensure that the appropriate form of subordinated loan agreement is used (Chap 9/Chap 3). This is, of course, dependent on the firm’s authorisation categorisation. Should the firm’s categorisation change, this should be discussed with the firm’s usual contact as it is likely that any subordinated loan agreement in place will have to be revised.

Preparation of the Agreement

4. (a) The form containing the Variable Terms may be completed or re-typed according to preference.

(b) Rather than re-type the Standard Terms (Schedule 2), firms should simply photocopy Schedule 2 of the FCA precedent (or print it from the website) and include it as part of the original Agreement.

5. [Deleted]

Financial Rule IPRU(INV) 3-63

6. Firms are referred to rule IPRU(INV) 3-63 on the use of subordinated loans, including restrictions on approved lenders, repayment provisions and gearing limits.

B  NOTES ON VARIABLE TERMS

Dates
7. If the **Effective Date of the Agreement** is to be different from the Date of the Agreement, care should be taken to record this in paragraph 2. Where this is the case, the Effective Date will normally be expected to be later than the Date of the Agreement. If the Effective Date is to be a date prior to the date of the Agreement (for example because the loan was drawn down before the Agreement was put in place), the firm will be expected to provide a reasonable explanation to the FCA as to why it was not possible to document the loan more promptly.

**Addresses**

8. Paragraphs 4 and 6: The address given should be the firm’s registered office or equivalent.

**Partnerships**

9. Paragraph 5: Where the Borrower is a partnership, insert "See Additional Terms, paragraph 10( ) below" and in paragraph 10 of Schedule 1, insert the names and addresses of each of the partners.

**The Loan or Facility**

10. Paragraph 7: Check that paragraph 2 of the Standard Terms accurately reflects the intentions of the parties.

11. Suggested wording for a loan is:

"This is an agreement for the Loan of £[ ]."
12. **Suggested wording for a facility is:**

"This is an agreement for a Facility under which the Lender is committed to make
Advances in pounds sterling to the Borrower up to a maximum amount of £[ ]
until the last available date of the Facility being [................(date) ].

The terms (if any) agreed between the parties on the mechanics of drawdown are
as follows - *.

* For example, the parties may wish to provide that:

“Advances may be drawndown in integral multiples of £100,000.”.

**Interest**

13. Paragraph 8: the FCA will be concerned if an excessive rate of interest compared
with the market rate is charged. Broadly speaking a rate of interest will be
regarded by the FCA as excessive if it is not a commercial one. Compound
interest is not acceptable.

**Repayment**

14. Irrespective of the form of agreement being used, the specified notice period runs
from the date of drawdown and, therefore, where a loan is in the form of a facility,
each advance must be for a minimum of the required period.

15. Repayment clauses have given rise to confusion in the past. Sample wordings are
set out below.

16. Under rule IPRU(INV) 3-63(5), an amount repayable within three months of the
effective date of the loan or advance is only acceptable as an eligible capital substitute
in the absence of a waiver. A notice period of less than three months will accordingly
require a waiver which will not normally be given. In many cases the most convenient
approach is to provide for repayment on the expiry of three months written notice, such
notice to be given to the FCA as well as to the other party to the agreement.

17. Paragraph 9: Examples of suggested wordings for either a fixed repayment date or
repayment on notice in relation to IPRU(INV) 3 are as follows:

(a) "The Borrower shall repay [the Loan/each Advance made to it] on the date which
falls three months after the date of drawdown of the [Loan/relevant Advance]."

(b) "The Borrower shall repay [the Loan/each Advance made to it] three
months after the date on which:

(a) the Borrower gives written notice to the Lender and to the FCA; or

(b) the Lender gives written notice to the Borrower and to the FCA."
Note: either (a) or (b) above by itself is sufficient.

(c) "[The Loan / Each Advance made to the Borrower] shall be repayable on the date specified by notice in writing given by the Lender to the Borrower and to the FCA or notice in writing given by the Borrower to the Lender and to the FCA, in either case that date being not less than three months after the date on which the notice is given."

**Additional terms**

18. Paragraph 10: Additional terms may be agreed between the borrower and lender such as those relating to -

- representations and warranties
- provision of financial and other information
- covenants
- costs and expenses
- taxes and increased costs
- mechanics of payment
- notices
- termination provisions.

However, they should not be inconsistent with the Agreement or the FCA rules. For example, any terms dealing with additional payments by the borrower (eg to compensate for taxes or increased costs) should be subject to the FCA’s prior written consent. Covenants and additional representations and warranties should not be inconsistent with the existing representations and warranties in paragraphs 6 and 7 of the Standard Terms. Similarly, any notices clause should take into account paragraph 14 of the Standard Terms (notices to the FCA of no effect until receipt confirmed). Any inconsistency between the Variable Terms and the Standard Terms is resolved in favour of the Standard Terms (paragraph 11 of the Standard Terms).

The lender and borrower should note that the action which can be taken by the lender in response to any breach of representation, warranty or covenant by the borrower is considerably constrained by paragraphs 4 and 5 of the Standard Terms. Therefore the value to the lender of including additional representations, warranties or covenants is very limited.
19. See also note 9 above for the situation where the borrower is a partnership and notes 24-25 below for additional terms relating to law and jurisdiction.

**Law and jurisdiction**

20. If the borrower or lender is resident in another jurisdiction and does not have a branch office within the United Kingdom, paragraph 11 of the Variable Terms should be completed.

21. The borrower should not be appointed agent for service of process on the lender in case a dispute arises between them.

**C NOTES ON STANDARD TERMS**

**Representations and undertakings**

22. Paragraphs 6(f) and 7(f): The guarantor or other provider of security must waive its right of subrogation against the borrower until all Senior Liabilities of the borrower have been paid in full. A form of deed for this purpose is available from the FCA.

23. On the effect of other terms relating to the subordinated liabilities not contained in this Agreement, see also paragraph 12 of the Standard Terms.

**D SIGNATURE PAGE**

**Arrangements for execution post FCA approval**

25. Two identical original Agreements (i.e. the front page, the two Schedules and the signature page, each copy stapled or otherwise bound together) should be prepared for signature. Firms and lenders may use any of the execution forms set out in Notes 34-35 below.
E DEEDS OF VARIATION/ DEEDS OF TERMINATION

26. Firms are advised to ensure that the appropriate standard form is used. These forms are available from the FCA on request.

27. The recitals to the deed should refer to the amount of the loan/ each advance and where applicable, briefly summarise the effect of any previous variation of the agreement and of variation of the original agreement which is currently proposed.

28. A variation or termination of a subordinated loan agreement can only be effected by the execution of a further deed. In particular, this means that the formalities for executing a deed (see note 34-36 below) must be observed for all deeds of variation or termination and that all parties to the original agreement must also be parties to the subsequent deed of variation or termination. Only the forms set out at Notes 35(1) and (2) or 36(2) below are appropriate for execution as a deed.

29. A deed of variation will be required where the parties wish to change the terms of a subordinated loan agreement eg. where the amount of the loan or advance is to be increased. A deed of termination is needed where the parties wish to bring to terminate an agreement that is in place before it would otherwise come to an end. This could occur, for example, where the firm wants to substitute a new lender. Please note that where a subordinated loan agreement is terminated in this way, all obligations and liabilities of the parties arising before the date of termination remain in effect.

FORM OF APPROVED BANK BOND   
"A"

1. This Bond is issued by [ ] of [ ] ("the Bank") for the benefit of [ ] ("the Firm").

2. The Bank hereby IRREVOCABLY AND UNCONDITIONALLY undertakes to the Firm that forthwith upon receipt of a notice of demand in the form referred to in paragraph 3 of this Bond it shall pay to the Firm the sum of £[ ] ("the Bonded Amount").

3. The notice of demand referred to in paragraph 2 of this Bond is a notice duly executed by The Financial Conduct Authority Limited ("the FCA") on behalf of the Firm (pursuant to the power of attorney executed contemporaneously herewith) which :-
   
   (i) is deposited at any time during the currency of this Bond at the address of the Bank set out in paragraph 1 of this Bond (or such other address as may be notified by the Bank in writing to the FCA for this purpose from time to time);
   
   (ii) demands payment in full of the Bonded Amount; and
   
   (iii) certifies that the Firm is in default of its financial resources requirement as determined in accordance with the rules in IPRU(INV) 3 in the Handbook ("the Financial Rules") as in force at the relevant time. The Bank shall not be entitled to inquire into or require proof of the facts stated in the notice of demand which, as between the Bank, the FCA and the Firm, shall be conclusive.

4. The Bank shall have no recourse to the assets of the Firm in respect of the Bonded Amount and no other person shall have recourse to the assets of the Firm in respect of the Bonded Amount until payment in respect of all present and future sums, liabilities and obligations payable or owing by the Firm (whether actual or contingent, jointly or severally or otherwise howsoever) has been made in full to all other creditors.

5. The Bank may not terminate the Bond unless -
   
   (i) the Firm will have financial resources equal to at least 120% of its financial resources requirement as determined in accordance with the Financial Rules of the FCA as in force at the relevant time immediately after termination of the Bond; or
   
   (ii) the Bank is authorised by the FCA to terminate the Bond.

6. This Bond will not be terminated before the date specified in paragraph 8 below through any act or default of the Firm or otherwise.

7. This Bond shall not be affected by any change in:-
   
   (i) the constitution of the Bank or the Firm; or
   
   (ii) the provisions of the Financial Rules of the FCA.
8. This Bond shall remain valid from the date of its issue until [ ] [and the Bank[and the Firm] hereby irrevocably submit to the non exclusive jurisdiction of the English courts and irrevocably appoint [ ] as agents for the service of process in the said jurisdiction].*

9. This Bond shall be governed by and construed and take effect in all respects in accordance with English law.

3.7 APPROVED FORM OF UNDERTAKING

THIS UNDERTAKING is entered into the [ ] day of [ ] 20[ ] BETWEEN:

(1) [ ] of [ ] ("the Covenantor");
(2) THE FINANCIAL CONDUCT AUTHORITY LIMITED ("the FCA") whose registered office is 25 The North Colonnade, Canary Wharf, London, E14 5HS; and
(3) [ ] of [ ] ("the Principal") [and [ ] of [ ], [ ] of [ ], and [ ] of [ ]] the individual partners of the Principal as such partners and as individuals **].

WHEREAS:

(A) The Principal is authorised to carry on one or more regulated activities in the United Kingdom (as defined under the Financial Services and Markets Act 2000) by the FCA.

(B) The Principal is required pursuant to the Financial Rules to maintain a Financial Resources Requirement (and the FCA has agreed that such Financial Resources Requirement may in part be represented by one or more undertakings in the form hereof to the extent that any undertaking(s) will not exceed the excess of 30% of the Principal’s Base Requirement over the value of any Approved Bank Bond.

(C) The Principal has requested the Covenantor to give an undertaking to the FCA for the purposes of the Principal's Financial Resources Requirement which the Covenantor has agreed to do.

NOW IT IS HEREBY AGREED AND DECLARED as follows:

1. Definitions

In this Undertaking:

"Base Requirement" has the meaning given in the Financial Rules;

"Business Day" means a day on which The International Stock Exchange of the United Kingdom Limited is open for business;

"Excluded Liabilities" means Liabilities which are expressed to be and in the opinion of the Insolvency Officer of the Principal [or, where relevant, the Insolvency Officer of a Partner**], do, rank junior to the Subordinated Liabilities in the insolvency of the Principal;

"Financial Resources" has the meaning given in the Financial Rules;

"Financial Resources Requirement" has the meaning given in the Financial Rules;

"the Financial Rules" means the rules in IPRU(INV) 3 of the Handbook;

"Insolvency" means and includes liquidation, winding up, bankruptcy and sequestration, administration, rehabilitation and dissolution (whichever term may apply to the Principal) or the equivalent in any other jurisdiction to which the Principal may be subject;
"Insolvency Officer" means and includes any person duly appointed to administer and distribute assets of the Principal in the course of the Principal's insolvency;

"Liabilities" means all present and future sums, liabilities and obligations payable or owing by the Principal [or any Partner**] (whether actual or contingent, jointly or severally or otherwise howsoever); ["Partner" means an individual partner of the Principal**];

"Senior Liabilities" means all Liabilities except all Liabilities in respect of any sums paid to the Principal under the terms of this Undertaking and Excluded Liabilities;

"Subordinated Liabilities" means all Liabilities to the Covenantor in respect of repayment of any sums paid to the Principal under the terms of this Undertaking. Any reference to any rules of the FCA is a reference to them as already amended and includes a reference to any revoked rules which may be remade with or without amendments, and to any future rules and/or amendments of them.

2. In consideration of the FCA agreeing to take this Undertaking into account for the purpose of determining compliance by the Principal with its Financial Resources Requirement the Covenantor with intent to bind its successors and assigns and any body corporate with which it may amalgamate or merge HEREBY UNDERTAKES with and to the FCA and the Principal that at any time after the occurrence of any Event of Default specified in paragraph 6 hereof ("Event of Default") and notwithstanding that any other Event of Default may have occurred prior thereto the Covenantor will on demand in writing made upon it by the FCA accompanied by a certificate of the FCA as referred to in paragraph 9 hereof ("the Certificate") pay to the Principal or as the case may be the FCA (as determined in accordance with paragraph 3 below) the sum of £[ ] ("the Specified Amount").

3. In the case of an Event of Default falling within any of sub-paragraphs (1)(a), (1)(b) or (1)(c) of paragraph 6 below the sum to be paid pursuant to paragraph 2 above shall be paid to the FCA to be used at its discretion for any lawful purpose of the FCA , and in the case of an Event of Default falling within sub-paragraph (1)(d) of paragraph 6 below the sum to be paid pursuant to paragraph 2 above shall be paid to the Principal.

4. The liability of the Covenantor hereunder shall not be affected or discharged and the Covenantor shall not be released from its obligations hereunder by any act, omission, matter or thing whatsoever whereby, if the Covenantor was treated as a surety, guarantor or cautions for the Principal, its liability would or might have been so affected or discharged or it might have been so released.

5. the FCA may without notification to or the consent of the Covenantor and without affecting or discharging the Covenantor's liability hereunder or releasing the Covenantor from its obligations hereunder from time to time waive or omit or fail to exercise or delay exercising its rights hereunder in respect of any Event of Default and any such waiver, omission, failure or delay shall not prejudice or affect the FCA 's rights hereunder in respect of that Event of Default (except in the case of a waiver) or any other or further Event of Default (whether or not of the same kind).

6. (1) The following shall be Events of Default for the purposes hereof:

   (a) the Principal is deemed to be insolvent (as determined in accordance with sub-paragraph (2) below);
   (b) the Principal is unable or admits its inability to pay its debts as they fall due or makes a general assignment for the benefit of, or a compensation with, its creditors;
(c) an encumbrancer takes possession or a receiver, judicial factor, or similar officer is appointed over all or any part of the undertaking or assets of the Principal;

(d) the Principal shall in the bona fide opinion of the FCA have failed to maintain an excess of Financial Resources over its Financial Resources Requirement and in the bona fide opinion of the FCA shall not have remedied the same within seven days after being required by the FCA to restore the deficiency.

[(2) The Principal is deemed to become insolvent:

(a) on the making of a winding-up order against it; or

(b) on the passing of a resolution for a voluntary winding up in a case in which no statutory declaration has been made under Section 89 of the Insolvency Act 1986 or Article 534 of the Companies (Northern Ireland) Order 1986; or

(c) on the holding of a creditors meeting summoned under Section 95 of that Act or Article 54 of that Order; or

(d) on the appointment of an administrator for it under Section 9 of that Act; or

(e) the occurrence of an event corresponding as nearly as may be to any of those mentioned in sub-paragraphs (a) to (d) above in any other jurisdiction to which the Principal may be subject.*]

[(2) The Principal is deemed to become insolvent:

(a) in England and Wales on the making of a winding-up order against it under any provision of the Insolvency Act 1986 as applied by an order under Section 420 of that Act; or

(b) in Scotland, on the making of an award of sequestration on the estate of the partnership; or

(c) in Northern Ireland, on the making of an adjudication of bankruptcy against any one of the partners; or

(d) elsewhere on the occurrence of an event corresponding as nearly as may be to any of those mentioned above in this sub-paragraph.**]

[(2) The Principal is deemed to become insolvent if:

(a) in England and Wales, a bankruptcy order is made against him; or in Scotland, an award of sequestration is made on his estate; or

(b) in Scotland, and award of sequestration is made on his estate; or

(c) in Northern Ireland, an adjudication of bankruptcy is made against him; or

(d) elsewhere than in the United Kingdom, there occurs in relation to him any event corresponding to those mentioned above in this paragraph. * * *]
7. This Undertaking shall be a continuing undertaking and shall apply irrespective of, and shall not be affected or discharged by, any matter relating to the compliance at any time by the Principal with its Financial Resources Requirement and in particular (but without limitation) the fact (if such be the case) that the Principal at any time complies or is able to comply with the Financial Resources Requirement without making use of this Undertaking or taking the same into account for the purposes of its Financial Resources Requirement.

8. This Undertaking shall apply in relation to any Event of Default occurring at or before the close of business on the earliest (if any) to occur of the following dates ("the Termination Date"):

   (a) if the Covenantor gives the FCA not less than six months' written notice of its desire to terminate this Undertaking with effect from the date (being a date falling on or after the second anniversary of the date hereof) specified therein, such specified date;

   (b) if the FCA and the Covenantor agree in writing to terminate this Undertaking with effect from the date specified in such agreement, such specified date; and

   (c) if this Undertaking shall cease with effect from any day to be eligible to represent (in whole or in part) the Financial Resources Requirement to be maintained by the Principal pursuant to the Financial Rules, the date falling two business days after such day:

provided that no demand may be made upon the Covenantor hereunder later than midnight on the thirtieth business day after the Termination Date.

9. (a) In any demand proceedings or otherwise under this Undertaking the occurrence of any Event of Default shall be conclusively proved by a certificate signed by a duly authorised signatory of the FCA which shall specify the Event of Default which has occurred and to which the certificate relates and shall give brief particulars thereof.

   (b) If the FCA requires the Principal to remedy a breach of its Financial Resources Requirement as referred to in paragraph 6(1)(d) hereof, it shall notify the Covenantor thereof as soon as reasonably practicable thereafter.

10. A demand shall be duly made upon the Covenantor hereunder if it is signed by a duly authorised signatory of the FCA (accompanied by evidence reasonably satisfactory to the Covenantor of the signatory's authority) and is addressed to the Covenantor at its registered office [principal place of business in the United Kingdom] and posted by first-class mail and (if it has not been received prior thereto) the Covenantor shall be taken to have received such demand forty-eight hours after it is posted.

11. (1) The rights of the Covenantor to repayment of any sums paid to the Principal or, as the case may be, reimbursement by the Principal of any sums paid to the FCA under the terms of this Undertaking are subordinated to the Senior Liabilities and accordingly repayment of any such sums is conditional upon:

   (a) (if an order has not been made or an effective resolution passed for the insolvency of the Principal) the Principal being in compliance with its Financial Resources Requirement prevailing at the time of payment by the Principal, and accordingly no such amount which would otherwise fall due for payment shall be payable except to the extent that, subject to sub-paragraph (2) below, the Principal could make such payment and still be in compliance with such Financial Resources Requirement immediately thereafter;

   (b) (if an order has been made or effective resolution passed for the insolvency of the Principal) [or if the Principal shall be
dissolved**] the Principal being solvent at the time of payment by the Principal, and accordingly no such amount which would otherwise fall due for payment shall be payable except to the extent that the Principal could make such payment and still be solvent immediately thereafter. For the purposes of this sub-paragraph, the Principal shall be solvent if it is able to pay its debts in full and in determining whether the Principal is solvent there shall be disregarded obligations which are not payable or capable of being established or determined in the insolvency of the Principal and the Excluded Liabilities.

(2) No payment of the Subordinated Liabilities shall be made at any time pursuant to sub-paragraph (1)(a) above unless:

(a) the Principal has given to the FCA prior written notification that it proposes to make such payment; and

(b) the FCA has notified the Principal in writing that it consents to such proposed payment.

The Principal shall give or procure that there are given to the FCA such information and auditor's certificate in relation to such proposed payment as the FCA may require.

(3) For the purposes of sub-paragraph (1)(b) above a report given at any relevant time as to the solvency of the Principal by its Insolvency Officer, in form and substance acceptable to the FCA, shall in the absence of proven error be treated and accepted by the FCA, the Covenantor and the Principal as correct and sufficient evidence thereof.

(4) If the Covenantor shall receive from the Principal [or any Partner**] payment of any sum in respect of the Subordinated Liabilities when any of the terms and conditions referred to in sub-paragraphs (1) or (2) above is not satisfied the payment of such sum shall be void for all purposes and [such sums shall be received by the Covenantor upon trust to return the same to the Principal+++] the Covenantor shall at any time thereafter be bound to return such sum to the Principal or, as the case may be, its Insolvency Officer (and any sums so returned shall then be treated for the purposes of the Principal's obligations hereunder as if they had not been paid by the Principal and its original payment shall be deemed not to have discharged any of the obligations of the Principal hereunder). A request to the Covenantor for return of any sum under the foregoing provisions of this sub-paragraph (4) shall be in writing and shall be made by or on behalf of the Principal or, as the case may be, its Insolvency Officer.

12. The Covenantor will not without the prior written consent of the FCA:

(i) assign or purport to assign to any person the whole or any part of the Subordinated Liabilities;

(ii) purport to retain or set off at any time any amount payable by it to the Principal [or any Partner*] against any amount of the Subordinated Liabilities except to the extent that payment of such amount of the Subordinated Liabilities would be permitted at such time by this Undertaking; amend any document evidencing or providing for the Subordinated Liabilities;

(iii) amend any document evidencing or providing for the Subordinated Liabilities;
(iv) attempt to obtain repayment of any of the Subordinated Liabilities otherwise than in accordance with the terms of this Undertaking;

(v) take or omit to take any action whereby the subordination of the Subordinated Liabilities or any part thereof to the Senior Liabilities might be terminated, impaired or adversely affected;

(vi) take any security from any person for all or any part of the Subordinated Liabilities, and the Covenantor shall, upon obtaining security in breach of this Undertaking, hold the same [on trust for] as agent of and for the benefit of the Principal.

13. The Covenantor acknowledges that the FCA would seek to enforce any breach of the undertaking of the Covenantor contained in Clause 2 hereof by seeking an order for specific performance thereof and the Covenantor acknowledges that an order for specific performance would be the remedy appropriate to be granted to the FCA for such a breach.

14. This Undertaking forms the entire agreement as to the agreement of the Covenantor to provide an undertaking in relation to the Principal's Financial Resources Requirement. If there are any other terms relating thereto existing at the date hereof and not comprised in this Undertaking such terms shall be of no further force and effect. No variation of or amendment to this Undertaking shall be of any effect unless it is in writing subscribed by all the parties hereto. Any amendment to this Undertaking made or purported to be made without the consent of the FCA shall be void.

[15. This Undertaking shall subsist in full force and effect notwithstanding any change which may take place from time to time in the constitution or title of the Principal by the retirement of the present partners or [either] any of them or the assumption of new partners or by a change of name it being provided that:

(a) A retired partner shall continue to be liable for the payment of all sums due hereunder and implementation of all other obligations herein contained until such time as the Bank and the remaining partner[s] shall agree in writing to release a retired partner from such obligations; and

(b) In the event of a new partner being assumed as a partner of the Principal the other partners shall procure that said assumed partner shall become bound to the Covenantor as a party to these presents and shall execute such addendum hereto as the Covenantor and the FCA may consider necessary. **] +]

[16. The Principal and the Partners hereby acknowledge to the Covenantor and the FCA that subject to the foregoing provisions of the Agreement they will be jointly and severally liable to the Covenantor for any sum paid by the Covenantor hereunder and that irrespective of whether such sum was paid by the Covenantor to the Principal or to the FCA . **] +]

17. This Undertaking is governed by [English law] [the law of Scotland] [Northern Irish law] [, and for the benefit of the FCA solely the Covenantor irrevocably submits to the jurisdiction of the [English Courts] [Court of Session, Scotland] [Northern Irish Courts] and appoints [ ] as agent for receipt of service of process in such courts. Such jurisdiction shall be non-exclusive except to the extent that such non-exclusivity prejudices the submission to such jurisdiction].

Notes:
(1) To be executed by the Covenantor under seal - other parties to execute either under seal or under hand.

(2) Words in brackets throughout this document marked with a single asterisk are for use where the Principal is a corporation, those marked with a double asterisk are for use where the Principal is a partnership, and those marked with a triple asterisk where the Principal is an individual.

(3) Words in brackets marked with a single cross are for use where the agreement is governed by Scottish law, with two crosses where the agreement is governed by either Scottish or Northern Irish law, three crosses where it is governed by either English or Northern Irish law, four crosses where it is governed by Northern Irish law and five crosses where it is governed by English law. Thus, for instance, words marked ++* * would be for use where the Borrower is a partnership and the agreement is governed by either Scottish or Northern Irish law.

(4) Words in brackets in paragraph 17 above only required where either the Covenantor or the Principal (or both) are not incorporated in any part of the United Kingdom.

THIS SUBORDINATED LOAN AGREEMENT is made the _____day of _____20_____
between:

(1) [ _____] of [ _____] (“the Lender” which term includes its permitted successors
and assigns);

(2) [_____ ] of [ _____] (“the Borrower” which term includes its permitted successors
and assigns).

WHEREAS

(A) The Borrower is [has applied to be] regulated by FCA.

(B) The Borrower is required to maintain financial resources to meet the
provisions of Chapter 5 of the Interim Prudential Sourcebook as they
apply to the Borrower at any particular time.

(C) The Lender has agreed to lend [has lent] to the Borrower an amount as
set out herein upon and subject to the terms and conditions contained in
this Agreement.

NOW IT IS HEREBY AGREED as follows:

1. Definitions

In this Agreement:

“Business Day”
means a day on which banks are open for all banking
business in London;

“FCA”
means the Financial Conduct Authority;

“Interest Amount”
in respect of an Interest Period means the amount of
interest payable in respect of such Interest Period
calculated by applying the Rate of Interest in respect
of such Interest Period to the average amount
(calculated on a daily basis) of the principal of the
Loan (together with any interest due but unpaid)
outstanding during such Interest Period and
multiplying the resulting sum by a fraction of which
the numerator is equal to the actual number of days
in the Interest Period concerned and the denominator
is equal to 365;
“Interest Payment Date”
means [ ] and [ ] in each year;

“Interest Period”
means the period starting on the day following an Interest Payment Date and ending on the next following Interest Payment Date provided that the First Interest Period shall commence on the date hereof and end on the next following Interest Payment Date;

“Interim Prudential Sourcebook”
means the Interim Prudential Sourcebook for Investment Businesses made by the FCA;

“LIBOR”
in respect of an Interest Period means the rate determined by such London clearing bank as the Lender and Borrower shall agree to be the arithmetic mean (rounded to the nearest 1/16 of one per cent) of the offered quotations for 6 months sterling deposits in the London inter bank market at 11.00am (London time) on the Business Day prior to the commencement of such Interest Period;

“Loan”
means the Principal Amount (as defined in Clause 2) together with interest accrued thereon as may be outstanding from time to time;

“Rate of Interest”
in respect of an Interest Period means an amount expressed as a percentage per annum equal to the sum of LIBOR in respect of such Interest Period (expressed as a percentage per annum) and [ ] per cent per annum;
“Senior Creditors”

means all such persons who are:

(a) unsubordinated creditors of the Borrower; or

(b) subordinated creditors of the Borrower other than those whose claims are expressed to rank and do rank, pari passu with or junior to the claims of the Lender hereunder.

Clause headings in this Agreement are inserted for ease of reference only and shall not affect the construction of this Agreement.

2. The Loan

(a) The Lender [hereby agrees to advance]/[has on [ ]
advanced] to the Borrower by way of loan the principal amount of [ ] (the “Principal Amount”) upon and subject to the terms and conditions contained in this Agreement.

[(b) [Upon signature hereof]/[On [ ] the Lender shall pay, or
procure the payment of, the Principal Amount to the
Borrower in freely available funds at its account number
[ ] with [ ] bank.]

3. Interest

(a) Subject to the provisions of Clause 7 of this Agreement:

(i) the Borrower will until repayment of the Loan in full pay to the Lender interest on the Loan or on any part or parts thereof for the time being remaining due hereunder in accordance with a written notice given by the Lender to the Borrower;

(ii) on each Interest Payment Date the Borrower shall pay to the Lender the Interest Amount in respect of the Interest Period ending on such Interest Payment Date;

provided that at no time during the continuance of this Agreement shall the Rate of Interest exceed an annual rate of 5 per cent above LIBOR.
(b) No payment on account of interest shall be made at any time to the extent that such payment would cause the Borrower to be in breach of rule 5.2.1(1) of Chapter 5 of the Interim Prudential Sourcebook (or any equivalent Rule for the time being in force). Any amount of interest whose payment is deferred under this provision shall be paid when and to the extent that the Borrower would not be in breach of rule 5.2.1(1) of the Interim Prudential Sourcebook after such payment. [The Agreement may make provision for interest on interest.]

4. Early Repayment

Subject to the provisions of Clause 7 of this Agreement the Borrower may make an early repayment of the whole or any part of the Loan provided that:

(a) the written consent of FCA to such repayment is first obtained by the Borrower;

(b) the Borrower must give to the Lender not less than one Business Day’s prior notice of its intention to make such repayment, specifying the amount thereof and the date on which it is to be made (such notice to be ineffective if the winding up of the Borrower commences before the date on which such notice expires); and

(c) the Borrower shall simultaneously pay all interest accrued to the date of repayment.

5. Repayment of the Loan

Subject to the provisions of Clause 7 of this Agreement the Loan shall be repayable upon the expiry of [ ] months’ written notice given by the Lender to the Borrower provided that:

(a) such notice shall expire on a day falling after [five] [two] years from the date of [drawdown] [hereof]; and

(b) the prior written consent of FCA to the repayment has first been obtained by the Borrower and not withdrawn; but

(c) such notice shall cease to have effect if the winding up of the Borrower commences before the date on which such notice expires.

6. Event of Default

Subject to the provisions of Clauses 7 and 10 of this Agreement:

(a) if default is made for a period of five Business Days or more in the payment of any of the principal amount of the Loan [or for a period of 15 Business Days or more in the payment of any of the interest due in respect of the Loan] the Lender may, after taking such preliminary steps or actions as may be necessary, institute proceedings to wind up the Borrower;
7. Subordination

Notwithstanding the provisions of Clauses 4, 5 and 6 of this Agreement, the rights of the Lender in respect of the Loan are subordinated in all respects to the rights of Senior Creditors in respect of amounts outstanding to them payable by the Borrower (“Senior Liabilities”) and accordingly payment of any amount (whether in respect of principal, interest or otherwise and whether by way of repayment or prepayment) of the Loan shall be in all respects conditional upon compliance with the provisions below:

(a) The written consent of FCA to such payment is first obtained by the Borrower.

(b) (i) If at any time or from time to time an order has been made or an effective resolution passed for the winding up of the Borrower, then any payment of any amount (whether in respect of principal, interest or otherwise and whether by way of repayment or prepayment) of the Loan which under any other Clause of this Agreement would fall due for payment whilst the Borrower was insolvent or in insolvent liquidation will not fall so due, and instead such payment will become due for payment only if and when and to the extent that the Borrower could make such payment in whole or in part and still be solvent (whether or not it was in liquidation) thereafter. [Interest pursuant to Clause 3 hereof will continue to accrue on each and every such payment which is suspended under this Clause. Any payment suspended under this Clause but ultimately made will be made according to the amount of principal or interest (as the case may be) due to the Lender and in the event of both principal and interest being so suspended, payment will be made on account of principal before any payment is made on account of interest, but such alteration in order of payment will not prejudice the right of the Lender (which the Borrower acknowledges and confirms) to receive, subject to this Clause 7(b)(i) the full amount to which it would have been entitled if monies from time to time available for payment had been applied instead on account of interest before principal].
(ii) For the purposes of Clause 7(a) and (b) the Borrower may, and will whenever requested by the Lender whilst any payment remains suspended, procure a report or opinion by its auditors or (if it is in liquidation) by its liquidator as to whether or not the Borrower would be solvent at any time in any circumstances or whether or to what extent any payment in respect of the Loan could be made without infringing the provisions of this Sub-Clause and in the absence of proven error such report or opinion shall be treated and accepted by the Borrower and the Lender as correct and sufficient evidence of such fact.

(iii) Nothing in this Clause shall prevent the Lender from presenting or supporting any petition to wind up the Borrower, and the Borrower shall not put forward or rely on the provisions of this Clause as a ground for opposing any petition presented or supported by the Lender.

8. Payments Subject to the provisions of Clause 7 of this Agreement:

(a) all payments to be made by the Borrower hereunder shall be made in immediately available funds before [ ] on the date on which payment is due in such manner as the Lender may from time to time direct;

(b) if any sum becomes due for payment pursuant to this Agreement on a day which is not a Business Day, such payment shall be made on the next succeeding Business Day and interest shall be adjusted accordingly;

(c) all sums payable by the Borrower hereunder shall be paid in full without set off or counter claim and free and clear of and without deduction or withholding for or on account of any present or future taxes, duties or other charges. If any payment shall be subject to any such tax or if the Borrower shall be required by law to make any such deduction or withholding, the Borrower will pay such tax, will ensure that such payment, deduction or withholding, will not exceed the minimum legal liability therefore and will simultaneously pay to the Lender such additional amounts as will result in the Lender receiving a net amount equal to the full amount which the Lender would have received had no such payment, deduction or withholding been required.
9. **Regulatory Consent**  The Lender will not without the prior written consent of FCA:

   (a) assign or purport to assign to any person this Agreement or the whole or any part of its rights against the Borrower in respect of the Loan;

   (b) purport to retain or set off at any time any amount of the Loan against any amount otherwise payable by it to the Borrower except to the extent that payment of such amount of the Loan would be permitted at such time by this Agreement;

   (c) amend or waive or concur in amending or waiving the terms of this Agreement;

   (d) attempt to obtain repayment of the whole or any part of the Loan otherwise than in accordance with the terms of this Agreement;

   (e) take or omit to take any action whereby the subordination of the Loan or any part thereof as provided for in Clause 7 of this Agreement might be terminated, impaired or adversely affected; or

   (f) take any security from any person for all or any part of the Loan and so that the Lender shall, upon obtaining security in breach of this Clause, hold the same on trust for the Borrower.

10. **Sole Remedy**  The Lender shall not be entitled to any remedy against the Borrower in respect of any default by the Borrower in repayment or prepayment of the Loan, or to enforce any other term of this Agreement, other than to institute proceedings to wind up the Borrower, provided always that the Borrower shall not, by the institution of such proceedings, become or be obliged to pay any sums or sum sooner than the same would otherwise have been payable by it pursuant to this Agreement.

11. **Trust**  Any amounts paid by the Borrower or received or recovered by the Lender or any security taken from any person in respect of the Loan in breach of the provisions of this Agreement and any distributions of any kind or character in respect of the Loan received or recovered by the Lender otherwise than in accordance with the provisions of this Agreement shall be held on trust by the Lender to return the same to the Borrower, or where applicable, the liquidator or other similar such officer.
12. **Entire Agreement**  The Borrower and the Lender acknowledge that this Agreement forms the entire agreement relating to the Loan. If there are any other terms relating to the Loan existing at the date hereof and not comprised in this Agreement such terms shall be of no further force and effect.

13. **Continuing Obligations**  The obligations of the Borrower and Lender hereunder shall be continuing obligations and shall be and remain fully effective until the repayment of the Loan in full in accordance with the provisions of this Agreement.

14. **Governing Law**  This Agreement shall be governed by and construed in accordance with the laws of England and each of the parties hereby irrevocably submits to the non-exclusive jurisdiction of the Courts of England and Wales, Scotland and Northern Ireland.

15. **Rights of the FCA**  Although not a party to the agreement, the FCA may in its own right enforce a term of the agreement to the extent that it purports to confer upon the FCA a benefit.

16. **Notices**  Any notice of demand to be given or made hereunder may be delivered by hand or sent by first class registered or pre-paid post to the recipient at the address first above mentioned or such other address as it shall last notify to each of the other parties hereto. Such notice shall be deemed to have been received:

   (a) if delivered by hand, on the day of delivery;

   (b) if sent by first class registered or pre-paid post three days after the date of despatch (as to which the sender’s certificate shall be conclusive).

17. **Counterparts**  This Agreement may be executed in any number of counterparts and by the different parties hereto on separate counterparts, each of which when so executed and delivered shall be an original, but all the counterparts shall together constitute one and the same instrument.

IN WITNESS whereof the parties hereto have executed this Agreement as a deed the day and date first above written.

PRESCRIBED QUALIFYING UNDERTAKING

THIS UNDERTAKING IS ENTERED INTO

THE DAY OF 20 BETWEEN

(1) [ ] of [ ] (“the Bank” or “Holding Company”)

(2) FINANCIAL CONDUCT AUTHORITY whose registered office is at 25 The North Colonnade, Canary Wharf, London E14 5HS (“FCA”) and

(3) [ ] of [ ] (“the Principal”)

WHEREAS

(A) The Principal is regulated by FCA

(B) The Principal is required to maintain financial resources to meet the provisions of Chapter 5 of the Interim Prudential Sourcebook as they apply to the Principal and FCA has agreed that the Financial Resources Requirement may in part be represented by one or more undertakings in the form hereof

(C) The Principal has requested the Bank or Holding Company to give an undertaking to FCA for the purposes of the Principal’s Financial Resources Requirement which the Bank or Holding Company has agreed to do

NOW THESE PRESENT WITNESS and it is hereby agreed and declared as follows:

1. In this Undertaking:

   “Business Day” means a day on which the Bank or Holding Company is open for business;

   “Excluded Liabilities” means Liabilities which are expressed to be and in the opinion of the liquidator of the Principal, do, rank junior to the Subordinated Liabilities in such liquidation;

   “Financial Resources Requirement” means the amount of liquid capital which the Principal is, pursuant to the Rules, required to maintain at any particular time;

   “Interim Prudential Sourcebook” means the Interim Prudential Sourcebook for Investment Businesses made by the FCA;

   “Liabilities” means all present and future sums, liabilities and obligations payable or owing by the Principal (whether actual or contingent, jointly or severally or otherwise howsoever);

   “Senior Liabilities” means all Liabilities except all Liabilities in respect of any sums paid to the Principal under the terms of this Undertaking and Excluded Liabilities;
“Subordinated Liabilities”
means all Liabilities of the Principal to the Bank or Holding Company in respect of repayment of any sums paid to the Principal under the terms of this Undertaking;

“the Rules”
means the Rules of FCA from time to time; the term

“liquid capital”
has the meaning ascribed to it in the Rules;

any reference to an enactment is a reference to it as already amended and includes a reference to any repealed enactment which it may re-enact, with or without amendments, and to any future re-enactment and/or amendment of it.

2. (a) In consideration of FCA agreeing to take this Undertaking into account for the purpose of determining compliance by the Principal with its Financial Resources Requirement the Bank or Holding Company with intent to bind its successors and assigns and any body corporate with which it may amalgamate or merge HEREBY UNDERTAKES with and to FCA and the Principal that at any time after the occurrence of any Event of Default specified in paragraph 5 hereof (“Event of Default”) and notwithstanding that any other Event of Default may have occurred prior thereto the Bank or Holding Company will on demand in writing made upon it by FCA accompanied by a certificate of FCA as referred to in paragraph 8 hereof (“the Certificate”) pay to the Principal the sum of £[ ] (“the Specified Amount”).

(b) The Bank or Holding Company shall pay the Specified Amount to such account of the Principal as FCA may specify.

3. The liability of the Bank or Holding Company hereunder shall not be affected or discharged and the Bank or Holding Company shall not be released from its obligations hereunder by any act, omission, matter or thing whatsoever whereby, if the Bank or Holding Company was treated as a surety or guarantor for the Principal, its liability would or might have been so affected or discharged or it might have been so released.

4. FCA may without notification to or the consent of the Bank or Holding Company and without affecting or discharging the Bank’s or the Holding Company’s liability hereunder or releasing the Bank or Holding Company from its obligations hereunder from time to time waive or omit or fail to exercise or delay exercising its rights hereunder in respect of any Event of Default and any such waiver, omission, failure or delay shall not prejudice or affect FCA’s rights hereunder in respect of that Event of Default (except in the case of a waiver) or any other or further Event of Default (whether or not of the same kind).
5. The following shall be Events of Default for the purposes hereof:
   (a) the Principal is deemed to be unable to pay its debts in accordance with Section 123 of the Insolvency Act 1986;
   (b) the Principal is unable or admits its inability to pay its debts as they fall due or makes a general assignment for the benefit of, or a composition with, its creditors;
   (c) an encumbrancer takes possession, or a receiver, administrator or similar officer is appointed, of all or any part of the undertaking or assets of the Principal;
   (d) the Principal shall in the opinion of FCA be in breach of its Financial Resources Requirement and in the opinion of FCA shall not have remedied such breach within 5 Business Days after being required by FCA to restore the deficiency.

6. This Undertaking shall be a continuing undertaking and shall apply irrespective of, and shall not be affected or discharged by, any matter relating to the compliance at any time by the Principal with its Financial Resources Requirement and in particular (but without limitation) the fact (if such be the case) that the Principal at any time complies or is able to comply with the Financial Resources Requirement without making use of this Undertaking or taking the same into account for the purposes of its Financial Resources Requirement.

7. This Undertaking shall apply in relation to any Event of Default occurring at or before the close of business on the earliest (if any) to occur of the following dates (“the Termination Date”):
   (a) if the Bank or Holding Company gives FCA not less than six months’ written notice of its desire to terminate this Undertaking with effect from the date (being a date falling on or after the second anniversary of the date hereof) specified therein, such specified date;
   (b) if FCA and the Bank or Holding Company agree in writing to terminate this Undertaking with effect from the date specified in such agreement, such specified date; and
   (c) if this Undertaking shall cease with effect from any day to be eligible to represent (in whole or in part) the Financial Resources Requirement to be maintained by the Principal pursuant to the Rules, the date falling two Business Days after such day. Provided that no demand may be made upon the Bank or Holding Company hereunder later than midnight on the thirtieth Business Day after the Termination Date.

8. (a) In any demand proceedings or otherwise under this Undertaking the occurrence of any Event of Default shall be conclusively proved by a certificate signed by a duly authorised signatory of FCA which shall specify the Event of Default which has occurred and to which the certificate relates and shall give brief particulars thereof.
   (b) If FCA requires the Principal to remedy a breach of its Financial Resources Requirement as referred to in paragraph 5(d) hereof, it shall notify the Bank or Holding Company thereof as soon as reasonably practicable thereafter.
9. A demand shall be duly made upon the Bank or Holding Company hereunder if it is signed by a duly authorised signatory of FCA (accompanied by evidence reasonably satisfactory to the Bank or Holding Company of the signatory’s authority) and is addressed to the Bank or Holding Company at its registered office [principal place of business in the UK] and posted by first class mail and (if it has not been received prior thereto) the Bank or Holding Company shall be taken to have received such demand forty-eight hours after it is posted.

10. (a) The rights of the Bank or Holding Company to repayment of any sums paid to the Principal under the terms of this Undertaking are subordinated to the Senior Liabilities and accordingly repayment of any such sums is conditional upon:

   (i) (if an order has not been made or an effective resolution passed for the winding up of the Principal) the Principal being in compliance with its Financial Resources Requirement prevailing at the time of payment by the Principal and no such payment which would otherwise fall due will fall so due except to the extent that, subject to sub-paragraph (b) below, the Principal could make such payment and still be in compliance with such Financial Resources Requirement immediately thereafter;

   (ii) (if an order has been made or effective resolution passed for the winding up of the Principal) the Principal being solvent at the time of payment by the Principal and accordingly no such payment which would otherwise fall due for payment will fall due except to the extent that the Principal could make such payment and still be solvent immediately thereafter. For the purposes of this sub-paragraph, the Principal shall be solvent if it is able to pay its debts in full and in determining whether the Principal is solvent for the purposes of this sub-paragraph there shall be disregarded obligations which are not payable or capable of being established or determined in the winding up of the Principal and the Excluded Liabilities.

   (b) No payment of the Subordinated Liabilities shall be made at any time pursuant to sub-paragraph (a)(i) above unless:

      (i) the Principal has given to FCA prior written notification that it proposes to make such payment; and

      (ii) FCA has notified the Principal in writing that it consents to such proposed payment.

   The Principal shall give or procure that there are given to FCA such information and auditor’s certificate in relation to such proposed payment as FCA may require.

   (c) For the purposes of sub-paragraph (a)(ii) above a report given at any relevant time as to the solvency of the Principal by its liquidator, in form and substance acceptable to FCA, shall in the absence of proven error be treated and accepted by FCA, the Bank or Holding Company and the Principal as correct and sufficient evidence thereof.
(d) If the Bank or Holding Company shall receive from the Principal payment of any sum in respect of the Subordinated Liabilities when any of the terms and conditions referred to in sub-paragraphs (a) or (b) above is not satisfied the payment of such sum shall be void for all purposes and such sums shall be received by the Bank or Holding Company upon trust to return the same to the Principal and the Bank or Holding Company shall at any time thereafter be bound to return such sum to the Principal or, as the case may be, its liquidator (and any sums so returned shall then be treated for the purposes of the Principal’s obligations hereunder as if they had not been paid by the Principal and its original payment shall be deemed not to have discharged any of the obligations of the Principal hereunder. A request to the Bank or Holding Company for return of any sum under the foregoing provisions of this sub-paragraph (d) shall be in writing and shall be made by or on behalf of the Principal or, as the case may be, its liquidator.

11. The Bank or Holding Company will not without the prior written consent of FCA:
   (i) assign or purport to assign to any person the whole or any part of the Subordinated Liabilities;
   (ii) purport to retain or set-off at any time any amount payable by it to the Principal against any amount of the Subordinated Liabilities except to the extent that payment of such amount of the Subordinated Liabilities would be permitted at such time by this Undertaking;
   (iii) amend any document evidencing or providing for the Subordinated Liabilities;
   (iv) attempt to obtain repayment of any of the Subordinated Liabilities otherwise than in accordance with the terms of this Undertaking;
   (v) take or omit to take any action whereby the subordination of the Subordinated Liabilities or any part thereof to the Senior Liabilities might be terminated, impaired or adversely affected;
   (vi) take any security from any person for all or any part of the Subordinated Liabilities, and the Bank or Holding Company shall, upon obtaining security in breach of this undertaking, hold the same on trust for the Principal.

12. The Bank or Holding Company acknowledges that FCA would seek to enforce any breach of the Undertaking of the Bank or Holding Company contained in Clause 2 hereof by seeking an order for specific performance thereof and the Bank or Holding Company acknowledges that an order for specific performance would be the remedy appropriate to be granted to FCA for such a breach.

13. This Undertaking forms the entire Agreement as to the agreement of the Bank or Holding Company to provide an undertaking in relation to the Principal’s Financial Resources Requirement. If there are any other terms relating thereto existing at the date hereof and not comprised in this Undertaking such terms shall be of no further force and effect. No variation of or amendment to this Undertaking shall be of any effect unless it is in writing subscribed by all the parties hereto. Any amendment to this Undertaking made or purported to be made without the consent of FCA shall be void.
14.  This Undertaking is governed by English law [and for the benefit of FCA solely the Bank or Holding Company irrevocably submits to the jurisdiction of the Courts of England and Wales, Scotland and Northern Ireland and appoints [ ] as agent for receipt of service of process in such courts. Such jurisdiction shall be non-exclusive except to the extent that such non-exclusivity prejudices the submission to such jurisdiction].

(l)  To be executed by the Bank or Holding Company under seal—other parties to execute either under seal or under hand.

(2)  Words in brackets in 9 and 14 above are required only where either the Bank or Holding Company or the Principal (or both) are not incorporated in any part of the UK.

(3)  Where the Principal is not a company, the provisions of the Undertaking shall (in agreement with FCA) be amended as appropriate to reflect the legal status of the Principal.

Interpretation

1 (1) In this Agreement -

“Advance” means, where this Agreement is for a loan facility, an amount drawn or to be drawn down by the Borrower or otherwise made available by the Lender under this Agreement as that amount may be reduced from time to time by any repayment or prepayment permitted under this Agreement;

“Borrower” means the person identified as such in the Variable Terms and includes its permitted successors and assigns and, where the Borrower is a partnership, each Partner;

“Business Day” means any day except Saturday, Sunday or a bank or public holiday in England;

“Effective Date” means the date on which this Agreement is to take effect being the date of this Agreement unless otherwise stated in the Variable Terms;

“Excluded Liabilities” means Liabilities which are expressed to be and, in the opinion of the Insolvency Officer of the Borrower, do, rank junior to the Subordinated Liabilities in any Insolvency of the Borrower;

“Facility” means the loan facility referred to in paragraph 2(2);

“Financial Resources” has the meaning given in the Financial Rules;

“Financial Resources Requirement” has the meaning given it in the Financial Rules;

“Financial Rules” means the rules in IPRU(INV) Chapter 9 in the handbook;

“Insolvency” means and includes liquidation, winding up, bankruptcy, sequestration, administration, rehabilitation and dissolution (whichever term may apply to the Borrower) or the equivalent in any other jurisdiction to which the Borrower may be subject;

“Insolvency Officer” means and includes any person duly appointed to administer and distribute assets of the Borrower in the course of the Borrower’s Insolvency;
1 (1) “Lender” means the person identified as such in the Variable Terms and includes its permitted successors and assigns;

   “Liabilities” means all present and future sums, liabilities and obligations payable or owing by the Borrower (whether actual or contingent, jointly or severally or otherwise howsoever);

   “Loan” means the indebtedness of the Borrower to the Lender referred to in paragraph 2(1) as that indebtedness may be reduced from time to time by any repayment or prepayment permitted under this Agreement;

   “Partner” means, where the Borrower is a partnership, each and every partner of the Borrower as a partner and as an individual (see also paragraph 8);

   “Senior Liabilities” means all Liabilities except the Subordinated Liabilities and Excluded Liabilities;

   “Subordinated Liabilities” means all Liabilities to the Lender in respect of the Loan or each Advance made under this Agreement and all interest payable thereon.

   “the FCA” means The Financial Conduct Authority Limited whose registered office is at 25 The North Colonnade, Canary Wharf, London, E14 5HS; and

(2) Any reference to any rules of the FCA is a reference to them as in force from time to time.

(3) Reference to any gender includes a reference to all other genders.

(4) Reference to a paragraph is to a paragraph of these Standard Terms, unless otherwise indicated.

The Loan or Facility

2 (1) Where as indicated in the Variable Terms this Agreement is for a loan, the Borrower hereby acknowledges its indebtedness to the Lender in the sum mentioned in the Variable Terms as an unsecured loan upon and subject to the terms and conditions of this Agreement.

(2) Where, as indicated in the Variable Terms this Agreement is for a loan facility -

   (a) the maximum aggregate principal amount of each Advance outstanding at any time under the Facility shall not exceed the maximum amount specified in the Variable Terms or such other amount as may be agreed between the Borrower and the Lender from time to time;

   (b) the Facility will be available until the last available date specified in the Variable Terms; and
(2) (c) any specific terms dealing with the mechanics of drawdown are contained in the Variable Terms.

(3) The Lender and the Borrower undertake to provide the FCA, immediately upon request, with details in writing of all principal and interest in respect of the Loan or each Advance outstanding for the time being and all payments of any amount made in the period specified by the FCA in the request.

Interest

3 Subject to the provisions of paragraphs 4 and 5, until repayment of the Loan or each Advance in full, the Borrower will pay to the Lender interest on the Loan or each Advance (or on any part or parts of it or them for the time being outstanding under this Agreement) calculated and payable in the manner set out in the Variable Terms.

Repayment

4 (1) The provisions of this paragraph are subject in all respects to the provisions of paragraph 5(subordination).

(2) The terms concerning repayment are set out in the Variable Terms but are subject to paragraph 4(3).

(3) (a) Except where the FCA otherwise permits, no repayment or prepayment of the Loan or any Advance may be made, in whole or in part, before the relevant repayment date provided for in paragraph 9 of the Variable Terms.

(b) At the request of the Borrower, the FCA may permit the early repayment or prepayment of the Loan or any Advance, in whole or in part, only where, immediately after such repayment or prepayment, the Borrower’s Financial Resources would be greater than 100% of its Financial Resources Requirement.

(c) Payments of interest at a rate not exceeding the rate provided for in paragraph 3 may be made without notice to or consent of the FCA, except that where -

(i) immediately after payment, the Borrower’s Financial Resources would be less than or equal to 120% of its Financial Resources Requirement; or

(ii) before payment, the Insolvency of the Borrower commences,

no such payment may be made without the prior written consent of the FCA.

(4) If in respect of the Loan or any Advance default is made for a period of -

(a) seven days or more in the payment of any principal due, or

(b) 14 days or more in the payment of any interest due,
(4) The Lender may, at its discretion and after taking such preliminary steps or actions as may be necessary, enforce payment by instituting proceedings for the Insolvency of the Borrower after giving seven Business Day’s prior written notice to the FCA of its intention to do so.

(5) Subject to (6) below, the Lender may at its discretion, subject as provided in this Agreement, institute proceedings for the Insolvency of the Borrower to enforce any obligation, condition or provision binding on the Borrower under this Agreement (other than any obligation for the payment of principal moneys or interest in respect of the Loan or any Advance) PROVIDED THAT the Borrower shall not by virtue of the institution of any such proceedings for the Insolvency of the Borrower be obliged to pay any sum or sums sooner than the same would otherwise have been payable by it.

(6) The Lender may only institute proceedings for the Insolvency of the Borrower to enforce the obligations referred to in (5) above if -

(a) a default under those obligations is not remedied to the satisfaction of the Lender within 60 days after notice of such default has been given to the Borrower by the Lender requiring such default to be remedied;

(b) the Lender has taken all preliminary steps or actions required to be taken by it prior to the institution of such proceedings; and

(c) the Lender has given seven Business Days’ prior written notice to the FCA of its intention to institute such proceedings.

(7) No remedy against the Borrower other than as specifically provided by this paragraph 4 shall be available to the Lender whether for the recovery of amounts owing under this Agreement or in respect of any breach by the Borrower of any of its obligations under this Agreement.

Subordination

(1) Notwithstanding the provisions of paragraph 4, the rights of the Lender in respect of the Subordinated Liabilities are subordinated to the Senior Liabilities and accordingly payment of any amount (whether principal, interest or otherwise) of the Subordinated Liabilities is conditional upon -

(a) (if an order has not been made or an effective resolution passed for the Insolvency of the Borrower and, being a partnership, the Borrower has not been dissolved) the Borrower being in compliance with not less than 120% of its Financial Resources Requirement immediately after payment by the Borrower and accordingly no such amount which would otherwise fall due for payment shall be payable except to the extent that -

(i) paragraph 4(3) has been complied with; and
(1) (a) (ii) the Borrower could make such payment and still be in compliance with such Financial Resources Requirement; and

(b) the Borrower being “solvent” at the time of, and immediately after, the payment by the Borrower and accordingly no such amount which would otherwise fall due for payment shall be payable except to the extent that the Borrower could make such payment and still be “solvent”.

(2) For the purposes of sub-paragraph (1)(b) above, the Borrower shall be “solvent” if it is able to pay its Liabilities (other than the Subordinated Liabilities) in full disregarding -

(a) obligations which are not payable or capable of being established or determined in the Insolvency of the Borrower, and

(b) the Excluded Liabilities.

(3) Interest will continue to accrue at the rate specified pursuant to paragraph 3 on any payment which does not become payable under this paragraph 5.

(4) For the purposes of sub-paragraph (1)(b) above, a report given at any relevant time as to the solvency of the Borrower by its Insolvency Officer, in form and substance acceptable to the FCA, shall in the absence of proven error be treated and accepted by the FCA, the Lender and the Borrower as correct and sufficient evidence of the Borrower’s solvency or Insolvency.

(5) Subject to the provisions of sub-paragraphs (6), (7) and (8) below, if the Lender shall receive from the Borrower payment of any sum in respect of the Subordinated Liabilities -

(a) when any of the terms and conditions referred to in sub-paragraph (1) above is not satisfied, or

(b) where such payment is prohibited under paragraph 4(3), the payment of such sum shall be void for all purposes.

(6) Any sum referred to in sub-paragraph (5) above shall be received by the Lender upon trust to return it to the Borrower.

(7) Any sum so returned shall then be treated for the purposes of the Borrower’s obligations hereunder as if it had not been paid by the Borrower and its original payment shall be deemed not to have discharged any of the obligations of the Borrower hereunder.

(8) A request to the Lender for return of any sum referred to in sub-paragraph (5) shall be in writing and shall be made by or on behalf of the Borrower or, as the case may be, its Insolvency Officer.
Representations and undertakings of Borrower

6 From and after the date of this Agreement (or the Effective Date if earlier), the Borrower shall not without the prior written consent of the FCA -

(a) secure all or any part of the Subordinated Liabilities;

(b) redeem, purchase or otherwise acquire any of the Subordinated Liabilities;

(c) amend any document evidencing or providing for the Subordinated Liabilities;

(d) repay any of the Subordinated Liabilities otherwise than in accordance with the terms of this Agreement;

(e) take or omit to take any action whereby the subordination of the Subordinated Liabilities or any part thereof to the Senior Liabilities might be terminated, impaired or adversely affected; or

(f) arrange or permit any contract of suretyship (or similar agreement) relating to its liabilities under this Agreement to be entered into, and other than as disclosed in writing to the FCA, the Borrower represents that it has not done so before the date of this Agreement (or the Effective Date if earlier).

Representations and undertakings of Lender

7 From and after the date of this Agreement (or the Effective Date if earlier), the Lender shall not without the prior written consent of the FCA -

(a) assign, transfer, dispose of or encumber the whole or any part of the Subordinated Liabilities or purport to do so in favour of any person;

(b) purport to retain or set off at any time any amount payable by it to the Borrower against any amount of the Subordinated Liabilities except to the extent that payment of such amount of the Subordinated Liabilities would be permitted at such time by this Agreement, and the Lender shall immediately pay an amount equal to any retention or set off in breach of this provision to the Borrower and such retention or set off shall be deemed not to have occurred;

(c) amend or waive the terms of any document evidencing or providing for the Subordinated Liabilities;

(d) attempt to obtain repayment of any of the Subordinated Liabilities otherwise than in accordance with the terms of this Agreement;

(e) take or omit to take any action whereby the subordination of the Subordinated Liabilities or any part of them to the Senior Liabilities might be terminated, impaired or adversely affected; or
7 (f) take or enforce any security, guarantee or indemnity from any person for all or any part of the Subordinated Liabilities, and the Lender shall, upon obtaining or enforcing any security, guarantee or indemnity notwithstanding this undertaking, hold the same (and any proceeds thereof) on trust for the Borrower, and

other than as disclosed in writing to the FCA, the Lender represents that it has not done so before the date of this Agreement (or the Effective Date if earlier).

Borrower being a partnership

8 Where the Borrower is a partnership -

(a) this Agreement shall subsist in full force and effect notwithstanding any change which may take place from time to time in the constitution or title of the Borrower by the retirement of the present Partners or any of them or the assumption of new Partners or by a change of name PROVIDED THAT -

(i) a retired Partner shall continue to be liable for the payment of all sums due under this Agreement and implementation of all other obligations in this Agreement until the Lender and the remaining Partner(s) shall agree in writing to release a retired Partner from those obligations and the FCA has agreed in writing to the release; and

(ii) in the event of a new Partner being assumed as a partner of the Borrower the other Partners shall procure that said assumed Partner shall become bound to the Lender as a party to this Agreement and shall execute such addendum hereto as the Lender and the FCA may consider necessary;

(b) the obligations and undertakings of the Borrower under this Agreement shall bind the Borrower and the Partners jointly and severally.

Partial invalidity

9 If any of the provisions of this Agreement is or becomes invalid, illegal or unenforceable under any law, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired.

The FCA and indemnity

10 The FCA shall not, by virtue of having rights under this Agreement, be taken to be a trustee or other fiduciary for, or have any obligations to, any person to whom some or all of the Senior Liabilities are owed. Each of the Lender and Borrower shall on demand indemnify the FCA against all claims, losses, costs, expenses and other liabilities made against or incurred by the FCA as a consequence of it having rights, or taking action under this Agreement.
Additional terms

11 Any additional terms agreed between the parties are set out in the Variable Terms provided that, if there is any inconsistency between the Variable Terms and the Standard Terms, the Standard Terms shall prevail.

Entire agreement

12 This Agreement forms the entire agreement as to the Subordinated Liabilities. If there are any other terms relating to the Subordinated Liabilities existing at the date hereof and not comprised in this Agreement such terms shall be of no further force and effect.

Amendments

13 Any amendments to this Agreement must be made by the prescribed Deed of Variation and any amendments made or purported to be made without the consent of the FCA shall be void. For the avoidance of doubt, nothing in this paragraph requires the FCA to be a party to this Agreement.

Notices to the FCA

14 A notice given to the FCA under this Agreement shall have no effect, and time shall not start to run in connection with that notice, until the FCA has given to the sender written confirmation of its receipt.

Law

15 This Agreement is governed by English law.

Jurisdiction

16 For the benefit of the FCA solely, each of the Borrower and the Lender irrevocably submits to the jurisdiction of the English Courts and, to the extent that it does not have a place of business within the jurisdiction, appoints the process agent specified in the Variable Terms as agent for receipt of service of process in such courts. Such jurisdiction shall be non-exclusive except to the extent that non-exclusivity prejudices the submission to the jurisdiction.

Rights of the FCA

17 Although not a party to the Agreement, the FCA may in its own right enforce a term of the Agreement to the extent that it purports to confer upon the FCA a benefit

9.5 FORM OF GUARANTOR UNDERTAKING

This undertaking is entered into the [ ] day of [ ] 20[ ] by

[ ] (the “Guarantor”) of [ ] in favour of

The Financial Conduct Authority Limited (“the FCA”) whose registered office is at 25 The North Colonnade, Canary Wharf, London, E14 5HS.

WHEREAS:-

(A) By a subordinated loan agreement (the “Loan Agreement”) made [of even date] between [ ] (the “Lender”), [ ] (the “Borrower”) and the FCA, the Lender made available to the Borrower a loan [facility] on the terms and conditions contained in the Loan Agreement.

(B) By a guarantee (the “Guarantee”) made [of even date] between the Guarantor and the Lender, the Guarantor guaranteed the obligations of the Borrower to the Lender under the Loan Agreement on the terms and conditions contained in the Guarantee.

IT IS HEREBY AGREED as follows:-

1 The Guarantor hereby undertakes to the FCA that all and any rights which the Guarantor may have against the Borrower in respect of the Guarantee (whether by subrogation or otherwise howsoever) shall be subordinated on the same terms and conditions (mutatis mutandis) set out in the Loan Agreement (as amended from time to time) and further undertakes and confirms that the Guarantor will be bound by the terms of the Loan Agreement as if the Guarantor were a party to it in place of the Lender.

2 This undertaking is governed by English law.

IN WITNESS whereof this deed has been executed by the Guarantor on the date first above written.

9.8 Guidance Notes on Completion of Agreements

A GENERAL

Introduction

1. These Notes are designed to accompany the Approved Forms of Subordinated Loan Agreement, each of which is in four parts: the front page, the Variable Terms in Schedule 1, the Standard Terms in Schedule 2 and the signature page. The parties will need to set out details of themselves and the transaction in the Variable Terms and complete the signature page. The front page and the Standard Terms should remain unaltered.

2. All communications with the FCA regarding the proposed Agreement should in the first instance be via the firm’s inspector.

3. Firms are advised to ensure that the appropriate form of subordinated loan agreement is used (Chap 9/Chap 3). This is, of course, dependent on the firm’s authorisation categorisation. Should the firm’s categorisation change, this should be discussed with the firm’s usual contact as it is likely that any subordinated loan agreement in place will have to be revised.

Preparation of the Agreement

4. (a) The form containing the Variable Terms may be completed or re-typed according to preference.

(b) Rather than re-type the Standard Terms (Schedule 2), firms should simply photocopy Schedule 2 of the FCA precedent or print it from the website and include it as part of the original Agreement.

5. [Deleted]

Financial Rules

6. Firms are referred to rule IPRU(INV) 9.5 on the use of subordinated loans, including restrictions on approved lenders, repayment provisions and gearing limits.

B NOTES ON VARIABLE TERMS

Dates

7. If the Effective Date of the Agreement is to be different from the Date of the Agreement, care should be taken to record this in paragraph 2. Where this is the case,
the Effective Date will normally be expected to be later than the Date of the Agreement. If the Effective Date is to be a date prior to the date of the Agreement (for example because the loan was drawn down before the Agreement was put in place), the firm will be expected to provide a reasonable explanation to the FCA as to why it was not possible to document the loan more promptly.

**Addresses**

8. Paragraphs 4 and 6: The address given should be the firm’s registered office or equivalent.

**Partnerships**

9. Paragraph 5: Where the Borrower is a partnership, insert "See Additional Terms, paragraph 10( ) below" and in paragraph 10 of Schedule 1, insert the names and addresses of each of the partners.

**The Loan or Facility**

10. Paragraph 7: Check that paragraph 2 of the Standard Terms accurately reflects the intentions of the parties.

11. Suggested wording for a loan is:

   "This is an agreement for the Loan of £[ ]."

12. Suggested wording for a facility is:

   "This is an agreement for a Facility under which the Lender is committed to make Advances in pounds sterling to the Borrower up to a maximum amount of £[ ] until the last available date of the Facility being [...............(date) ].

   The terms (if any) agreed between the parties on the mechanics of drawdown are as follows - ".

* For example, the parties may wish to provide that:

   “Advances may be drawndown in integral multiples of £100,000.”.

**Interest**

13. Paragraph 8: the FCA will be concerned if an excessive rate of interest compared with the market rate is charged. Broadly speaking a rate of interest will be regarded by the FCA as excessive if it is not a commercial one. Compound interest is not acceptable.

**Repayment**
14. Irrespective of the form of agreement being used, the specified notice period runs from the date of drawdown and, therefore, where a loan is in the form of a facility, each advance must be for a minimum of the required period.

15. Repayment clauses have given rise to confusion in the past. The wording of such clauses will differ depending on which form is being used. Sample wordings for each of these forms of agreement are set out below.

**Long-term form**

16. Firms are advised that for a long-term form the repayment date must be a specified date not less than 5 years from one or more of:

- the date of drawdown;
- the borrower giving notice in writing to the lender and the FCA; or
- the lender giving notice in writing to the borrower and the FCA.

17. Paragraph 9: Examples of suggested wordings for either a fixed repayment date or repayment on notice for a long-term form are as follows:

(a) "The Borrower shall repay [the Loan/each Advance made to it] on the [date which falls five years after the date] [fifth anniversary] of drawdown of the [Loan/relevant Advance]."

(b) "The Borrower shall repay [the Loan/each Advance made to it] five years after the date on which:

(a) the Borrower gives written notice to the Lender and to the FCA; or

(b) the Lender gives written notice to the Borrower and to the FCA."

Note: either (a) or (b) above by itself is sufficient.

(c) "[The Loan / Each Advance made to the Borrower] shall be repayable on the date specified by notice in writing given by the Lender to the Borrower and to the FCA or notice in writing given by the Borrower to the Lender and to the FCA, in either case that date being not less than five years after the date on which the notice is given."

18. [deleted]

19. [deleted]

**Additional terms**
20. Paragraph 10: Additional terms may be agreed between the borrower and lender such as those relating to -

- representations and warranties
- provision of financial and other information
- covenants
- costs and expenses
- taxes and increased costs
- mechanics of payment
- notices
- termination provisions.

However, they should not be inconsistent with the Agreement or the FCA rules. For example, any terms dealing with additional payments by the borrower (e.g., to compensate for taxes or increased costs) should be subject to the FCA’s prior written consent. Covenants and additional representations and warranties should not be inconsistent with the existing representations and warranties in paragraphs 6 and 7 of the Standard Terms. Similarly, any notices clause should take into account paragraph 14 of the Standard Terms (notices to the FCA of no effect until receipt confirmed). Any inconsistency between the Variable Terms and the Standard Terms is resolved in favour of the Standard Terms (paragraph 11 of the Standard Terms).

21. The lender and borrower should note that the action which can be taken by the lender in response to any breach of representation, warranty or covenant by the borrower is considerably constrained by paragraphs 4 and 5 of the Standard Terms. Therefore the value to the lender of including additional representations, warranties or covenants is very limited.

22. See also note 9 above for the situation where the borrower is a partnership and notes 24-25 below for additional terms relating to law and jurisdiction.

Law and jurisdiction

23. If the borrower or lender is resident in another jurisdiction and does not have a branch office within the United Kingdom, paragraph 11 of the Variable Terms should be completed.

24. The borrower should not be appointed agent for service of process on the lender in case a dispute arises between them.

C NOTES ON STANDARD TERMS

Representations and undertakings
25. Paragraphs 6(f) and 7(f): The guarantor or other provider of security must waive its right of subrogation against the borrower until all Senior Liabilities of the borrower have been paid in full. A form of deed for this purpose is available from the FCA.

26. On the effect of other terms relating to the subordinated liabilities not contained in this Agreement, see also paragraph 12 of the Standard Terms.

27. Paragraphs 15 and 16: See Notes 24-25 above.

D SIGNATURE PAGE

Arrangements for execution

28. Two identical original Agreements (i.e. the front page, the two Schedules and the signature page, each copy stapled or otherwise bound together) should be prepared for signature. Firms and lenders may use any of the execution forms set out in Notes 34-35 below.

E DEEDS OF VARIATION/ DEEDS OF TERMINATION

30. Firms are advised to ensure that the appropriate standard the FCA form is used. These forms are available from the FCA on request.

31. The recitals to the deed should refer to the amount of the loan/ each advance and where applicable, briefly summarise the effect of any previous variation of the agreement and of variation of the original agreement which is currently proposed.

32. A variation or termination of a subordinated loan agreement can only be effected by the execution of a further deed. In particular, this means that the formalities for executing a deed (see note 34-36 below) must be observed for all deeds of variation or termination and that all parties to the original agreement must also be parties to the subsequent deed of variation or termination. Only the forms set out at Notes 35(1) and (2) or 36(2) below are appropriate for execution as a deed.

33. A deed of variation will be required where the parties wish to change the terms of a subordinated loan agreement eg. where the amount of the loan or advance is to be increased. A deed of termination is needed where the parties wish to bring to terminate an agreement that is in place before it would otherwise come to an end. This could occur, for example, where the firm wants to substitute a new lender. Please note that where a subordinated loan agreement is terminated in this way, all obligations and liabilities of the parties arising before the date of termination remain in effect.

F Execution
34. In the case of English, Welsh and Northern Irish companies, reference is made to section 43 of the Companies Act 2006 under which a company may contract:

- by writing under its common seal, or
- through any person acting under its authority, express or implied.

Section 44 of the Companies Act 2006 governs the execution of documents by English, Welsh, and Northern Irish companies.

13.1 FORM OF SUBORDINATED LOAN AGREEMENT FOR PERSONAL INVESTMENT FIRMS (SEE IPRU (INV) 13)

NOTES FOR COMPLETION OF THIS DOCUMENT

This subordinated loan Agreement is to be used for injecting additional funds into a firm on a semi-permanent basis. This loan should normally be made in cash. You should speak to FCA before completing the Agreement if you intend to make the loan by a transfer or assignment of assets.

(1) This is the standard form prescribed by FCA for long term or short term subordinated loans. A long term subordinated loan must have an original maturity of at least five years or, where it has no fixed term, be subject to five years’ notice of repayment; a short term subordinated loan must have an original maturity of at least two years or, where it has no fixed term, be subject to two years’ notice of repayment. Delete from the heading and from paragraph 4(2) (Repayment of the Loan) whichever period in brackets is not relevant.

(2) In paragraph 2, you should insert the Effective Date of the Loan, that is, the date on which the Lender will make the advance, if this differs from the date of the Agreement.

(3) Words in brackets marked with a double asterisk ** are for use where the Borrower is a partnership.

(4) Words in round brackets in paragraph 10 are only required where either the Lender or Borrower (or both) is not incorporated in any part of the United Kingdom.

(5) You should speak to FCA before changing or amending this standard form (for example, by adding provisions relating to the terms of the Loan to be made to the Borrower by the Lender). FCA reserves the right to make a charge for considering any non-standard agreement.
THIS SUBORDINATED LOAN AGREEMENT IS MADE ON

BETWEEN:-

(1) [ ] of [ ]
    (the “Lender” which term includes its permitted successors and assigns); and

IT IS AGREED AS FOLLOWS:-

1. DEFINITIONS

In this agreement:-

“Effective Date” means the date on which this Agreement is to take effect being the date of the Agreement unless otherwise stated in paragraph 2;

“Excluded Liabilities” means Liabilities which are expressed to be and, in the opinion of the Insolvency Officer of the Borrower, do rank junior to the Subordinated Liabilities in any Insolvency of the Borrower;

“Financial Resource Requirement” means 120 per cent. of the minimum amount of financial resources which the Borrower is required by FCA to maintain at any particular time in compliance with the Rules in chapter 13 of the Interim Prudential Sourcebook (“IPRU (INV)”) and any provisions amending or replacing them;

“Insolvency” means and includes liquidation, winding up, bankruptcy, sequestration, administration or dissolution (whichever term may apply to the Borrower) or the equivalent in any other jurisdiction to which the Borrower may be subject;

“Insolvency Officer” means and includes any person duly appointed to administer and distribute assets of the Borrower in the course of the Borrower’s Insolvency;

“Liabilities” means all present and future sums, liabilities and obligations payable or owing by the Borrower [or any Partner **] (whether actual or contingent, jointly or severally or otherwise howsoever);
“Loan” means the indebtedness of the Borrower to the Lender referred to in paragraph 2 as that indebtedness may be reduced from time to time by any repayment or prepayment permitted under this Agreement;

[“Partner” means an individual partner of the Borrower**];

“Rules” means the Rules of FCA from time to time in force;

“Senior Liabilities” means all Liabilities except the Subordinated Liabilities and Excluded Liabilities;

“Subordinated Liabilities” means all Liabilities to the Lender in respect of the Loan and all interest payable thereon.

2. LOAN

The Borrower hereby acknowledges its indebtedness to the Lender in the sum of

[ ] as an unsecured loan upon and subject to the terms and conditions of this Agreement.

[Note: This paragraph may be adapted to reflect the actual basis on which the unsecured Loan arises and, if applicable, how it is to be drawn down. Members are requested to specify clearly the Effective Date of the Loan if it will differ from the date of the Agreement.]

3. INTEREST

Subject to the provisions of paragraphs 4 and 5, until repayment of the Loan in full the Borrower will [the Borrower and the partners hereby bind and oblige themselves jointly and severally to ] pay to the Lender interest on the Loan or on any part or parts of it for the time being remaining due under this Agreement such interest to be calculated and to be payable as provided below.

[Enter details of interest calculations and manner and time of payments. The rate of interest is not to exceed an annual rate of five per cent. above the London Inter-Bank Offered Rate for deposits of the currency in question for the relevant interest period or (where a fixed rate of interest is charged) give per cent. per annum above such rate at the date the Loan is first taken out.]

4. REPAYMENT OF THE LOAN

(1) The provisions of this paragraph are subject to the provisions of paragraph 5.

(2) Except where the Borrower has obtained FCA’s prior written consent and that consent has not been withdrawn, no repayment or prepayment of the Loan shall be made, in whole or in part, earlier than a date:

(a) not less than [five years] [two years] from the date on which the Loan was first made; or
(b) not less than [five years] [two years] from the date on which the Borrower gave notice in writing to the Lender and FCA, or

(c) not less than [five years] [two years] from the date on which the Lender gave notice in writing to the Borrower and FCA.

(3) If default is made for a period of 7 days or more in the payment of any principal due in respect of the Loan or for a period of 14 days or more in the payment of any interest due in respect of the Loan the Lender may, in order to enforce payment, at its discretion and after taking such preliminary steps as may be necessary and after notifying FCA, institute proceedings for the Insolvency of the Borrower [or the Insolvency of all or any Partners**]. If an order is made or an effective resolution is passed for the winding up of the Borrower, the Loan shall become repayable.

(4) The Lender may at its discretion, subject to the provisions which follow, institute proceedings for the Insolvency of the Borrower [or the Insolvency of all or any Partners**] to enforce any obligation, condition or provision binding on the Borrower [or on all or any Partners**+] under this Agreement (other than any obligation for the payment of principal moneys or interest in respect of the Loan) provided that the borrower [or any Partner**] shall not by virtue of the institution of any such proceedings be obliged to pay any sum or sums sooner than the same would otherwise have been payable by it. The Lender may only institute such proceedings to enforce the obligations referred to above if (i) the default is not remedied to the satisfaction of the Lender within 60 days after notice of such default has been given to the Borrower by the Lender (with a copy to FCA) requiring the default to be remedied and (ii) the Lender has taken all preliminary steps required to be taken by it prior to the institution of such proceedings.

(5) No remedy against the Borrower [or any Partner**] other than as specifically provided by this paragraph shall be available to the Lender whether for the recovery of amounts owing under this Agreement or in respect of any breach by the Borrower [or any Partners**] of any of its obligations under this Agreement.

5. **SUBORDINATION**

(1) Notwithstanding the provisions of paragraph 4, the rights of the Lender in respect of the Subordinated Liabilities are subordinated to the Senior Liabilities and accordingly payment of any amount whether principal (by way of repayment or prepayment), interest or otherwise, of the Subordinated Liabilities is conditional upon:-

(a) (if an order has not been made or an effective resolution passed for the Insolvency of the Borrower) the Borrower being in compliance with its Financial Resource Requirement prevailing at the time of payment by the Borrower; and accordingly no such amount which would otherwise
fall due for payment shall be payable except to the extent that repayment under paragraph 4(2) above is permitted and the Borrower could make such payment and still be in compliance with its Financial Resource Requirement immediately thereafter; and

(b) if an order has been made or an effective resolution has been passed for the Insolvency of the Borrower [or if the Borrower shall be dissolved**] the Borrower being solvent at the time of payment by the Borrower; and accordingly no such amount which would otherwise fall due for payment shall be payable except to the extent that the Borrower could make such payment and still be solvent immediately thereafter. For the purposes of this sub-paragraph, the Borrower shall be solvent if it is able to pay its debts in full and in determining whether the Borrower is solvent for the purposes of this sub-paragraph there shall be disregarded obligations which are not payable or capable of being established or determined in the Insolvency of the Borrower.

(2) (a) No payment of the Subordinated Liabilities (other than in respect of interest) shall be made at any time under sub-paragraph (1) above unless the Borrower has obtained FCA’s prior written consent to such payment and that consent has not been withdrawn.

(b) The Borrower shall give or ensure that there are given to FCA such information and auditor’s certificate in relation to the proposed payment as FCA may require.

(3) Payments of interest at a rate not exceeding the rate provided in paragraph 3 may be made to the extent permitted by sub-paragraph (1) above without prior notification to FCA.

(4) For the purposes of sub-paragraph (1)(b) above a report given at any relevant time as to the solvency of the Borrower by its Insolvency Officer, in form and substance acceptable to FCA, shall in the absence of proven error be treated and accepted by FCA, the Lender and the Borrower as correct and sufficient evidence of the Borrower’s solvency.

(5) If the Lender shall receive from the Borrower [or any Partner**] payment of any sum in respect of the Subordinated Liabilities where repayment is prohibited under paragraph 4(2) or when any of the terms and conditions referred to in sub-paragraphs (1) or (2) above is not satisfied the payment of such sum shall be void for all purposes and [any such sum shall be received by the Lender upon trust to return the same to the Borrower+] [the Lender shall at any time thereafter be bound to return such sum to the Borrower, or, as the case may be, its Insolvency Officer+] (and any sum so returned shall then be treated for the purposes of the Borrower’s obligations under this Agreement as if it had not been paid by the Borrower and its original payment shall be deemed not to have discharged any of the obligations of the Borrower). A request to the Lender for return of any sum under the foregoing provisions of this sub-paragraph (5) shall be in writing and shall be made by or on behalf of the Borrower or, as the case may be, its Insolvency Officer.
6. UNDERTAKINGS OF BORROWER

   From and after the date of this Agreement (or the Effective Date if earlier), the Borrower will not [and no Partner will**] without the prior written consent of FCA:-

   (1) secure all or any part of the Subordinated Liabilities;

   (2) redeem, purchase or otherwise acquire any of the Subordinated Liabilities;

   (3) amend any document evidencing or providing for the Subordinated Liabilities;

   (4) repay any of the Subordinated Liabilities otherwise than in accordance with the terms of this Agreement;

   (5) take or omit to take any action whereby the subordination of the Subordinated Liabilities or any part of them to the Senior Liabilities might be terminated, impaired or adversely affected.

7. DOCUMENTATION

   This Agreement forms the entire agreement as to the Subordinated Liabilities. If there are any other terms relating to the Subordinated Liabilities existing at the date of this Agreement and not comprised in it such terms shall be of no further force and effect. No variation of or amendment to this Agreement shall be of any effect unless it is in writing signed by all the parties. Any amendment to this Agreement made or purported to be made without the consent of FCA shall be void. For the avoidance of doubt, nothing in this paragraph requires the FCA to be a party to this agreement.

8. UNDERTAKINGS OF LENDER

   The Lender will not without the prior written consent of FCA:-

   (1) assign or purport to assign to any person the whole or any part of the Subordinated Liabilities;

   (2) purport to retain or set-off at any time any amount payable by it to the Borrower [or any Partner**] against any amount of the Subordinated Liabilities except to the extent that payment of such amount of the Subordinated Liabilities would be permitted at such time by this Agreement, and the Lender shall immediately pay an amount equal to any retention or setoff in breach of this provision to the Borrower and such retention or setoff shall be deemed not to have occurred;

   (3) amend or waive the terms of any document evidencing or providing for the Subordinated Liabilities;

   (4) attempt to obtain repayment of any of the Subordinated Liabilities otherwise than in accordance with the terms of this Agreement;
(5) take or omit to take any action whereby the subordination of the Subordinated Liabilities or any part of them to the Senior Liabilities might be terminated, impaired or adversely affected;

(6) take or enforce any security, guarantee or indemnity from any person for all or any part of the Subordinated Liabilities, and the Lender shall, upon obtaining security, guarantee or indemnity in breach of this undertaking, hold the same [on trust for +++] [as agent of and for the benefit of ++] the Borrower.

[Note: Before giving its consent to a transaction falling under paragraph 8(6), FCA will need to be satisfied that the provider of security has waived his rights of subrogation against the Borrower until all Senior Liabilities of the Borrower have been paid in full.]

9. [This Agreement shall subsist in full force and effect notwithstanding any change which may take place from time to time in the constitution or title of the Borrower by the retirement of the present partners or [either] [any] of them or the assumption of new Partners or by a change of name it being provided that:-

(a) a retired Partner shall continue to be liable for the payment of all sums due under this Agreement and implementation of all other obligation contained in it until such time as the Lender and the remaining Partner[s] shall agree in writing to release a retired Partner from such obligations and FCA has given its written consent to the release; and

(b) in the event of a new partner being assumed as a Partner of the Borrower the other partners shall procure that the said assumed Partner shall become bound to the Lender as a party to this Agreement and shall execute such addendum to it as the Lender and FCA may consider necessary.

The obligations and undertakings of the Borrower under this Agreement shall bind the Borrower and the Partners jointly and severally. +++

10. LAW [AND JURISDICTION]

(1) This Agreement is governed by [English law ++++] [the law of Scotland +] [the law of Northern Ireland ++++] and, for the benefit of FCA solely, each of the Borrower and the Lender irrevocably submits to the jurisdiction of the [English Courts ++++] [Court of Session, Scotland +] [Northern Irish Courts ++++] (and, to the extent that it does not have a place of business within this jurisdiction, appoints [name and address of agent for service] as agent for receipt of service of process in such courts). Such jurisdiction shall be non-exclusive except to the extent that such non-exclusivity prejudices the submission to such jurisdiction.

(2) Although not a party to the agreement, the FCA may in its own right enforce a term of the agreement to the extent that it purports to confer upon the FCA a benefit.

IN WITNESS whereof the parties hereto have duly executed this Agreement as a Deed the day and year first above written.
