3-173A(1) R …

(a) …

(b) after notifying the FSA in writing, in accordance with rule 10-174, in accordance with rule 3-173B.

The following text is all new and is not underlined.

After 3-173A(9), insert 3-173B as follows:

3-173B CRR for derivative transactions under 3-173A(1)(b)

General rule
3-173B(1) R  A firm must calculate for each derivative transaction a CRR by multiplying the counterparty exposure calculated in accordance with (2) and (3) below, by the appropriate percentage in Table 3-173B(5) below.

Collateral

3-173B(2) R  A firm may:

(a) reduce the counterparty exposure on which its CRR is calculated to the extent that it holds acceptable collateral to cover that exposure; and

(b) where it does not have an ACMP, may continue to multiply the counterparty exposure by 8% multiplied by the counterparty weight, to the extent that the firm holds adequate collateral to cover that exposure.

Counterparty exposure

3-173B(3) R  A firm must calculate the counterparty exposure on derivative transactions in accordance with either (a), (b) or (c) below:

(a) where a counterparty has not fully paid a margin requirement on a derivative transaction listed on an exchange or cleared through a clearing house, or met it through the deposit of acceptable collateral not otherwise used, a firm must calculate the counterparty exposure as the shortfall;

(b) where a firm sells or writes an option to a counterparty or buys an option on behalf of a counterparty and the counterparty has not paid the full option premium, or met it through the deposit of acceptable collateral not otherwise used, it must calculate the counterparty exposure as the uncovered premium on the transaction; or

(c) a firm must calculate the counterparty exposure arising from a derivative transaction other than a written or sold option or a derivative transaction listed on an exchange or cleared through a clearing house, as the credit equivalent amount calculated in accordance with Table 3-173B(3A), not covered by the deposit of acceptable collateral not otherwise used.

**Notes**

*FRAs, swaps, futures, purchased options, and other contracts for differences*

\( A \) = the replacement cost of the contract

\( N \) = the notional or actual principal amount or value underlying the contract

For contracts with multiple exchanges of principal, the % of N has to be multiplied by the remaining number of payments still to be made according to the contract.

In the case of a derivative referenced on a bond which satisfies the criteria for a *qualifying debt security*, the %N applicable to interest rate derivatives may be utilised to calculate the credit equivalent amount. For a derivative referenced on a ‘non-qualifying’ bond, the credit equivalent amount must be calculated with reference to the %N applicable to equity derivatives.

For contracts that are structured to settle outstanding exposure following specified payment dates and where the terms are reset such that the market value of the contract is zero on these specified dates, the residual maturity would be equal to the time until the next reset date. In the case of interest-rate...
contracts that meet these criteria and have a remaining maturity of over one year, the percentage is no lower than 0.5%.

If a *firm* uses the modified maturity ladder approach to calculate *PRR*, it may use Table 3-173B(3B).

Sums due for payment or owed on closed out derivative transactions

3-173B(4) R When a counterparty has not fully met amounts owed to a firm arising out of losses on closed out derivative transactions through the deposit of acceptable collateral not otherwise used, or has not fully settled amounts owed in respect of periodic or final settlement of transactions, a firm must calculate CRR equal to the unpaid loss multiplied by the appropriate percentage from the Table 3-173B(5) below.

3-173B(4A) R In the case of a failed FX transaction (whether originally contracted for forward settlement, or undertaken in the spot market) where the firm has released funds to its counterparty, but has not received the funds in the alternative currency, the CRR must be calculated as the gross value of the funds not received, multiplied by the appropriate percentage from Table 3-173B(5) below.

CRR percentages

3-173B(5) R A firm must multiply the counterparty exposure by the appropriate percentage from the table below, but:

(a) may opt to calculate CRR using the highest available credit percentage in the table below in order to avoid undue complication; and

(b) may reduce the counterparty weight applicable to counterparty exposures calculated in accordance with (3)(c) above to 50%, where the counterparty would normally attract a counterparty weight of 100% in accordance with Table 1 in Appendix 47.

A firm may offset counterparty exposures arising on derivative transactions calculated in accordance with (2), (3) and (4) above before it multiplies the residual exposure by the appropriate CRR percentage as follows:

(a) variation margin payable to a counterparty against an initial margin requirement or variation margin requirement receivable from a counterparty;

(b) variation margin payable to a counterparty against a positive “A” as calculated in accordance with Table 3-173B(3A);

(c) a negative “A” as calculated in accordance with Table 3-173B(3A) against an initial margin requirement or variation margin requirement receivable from a counterparty;

(d) a negative “A” against a positive “A” in each case as calculated in accordance with Table 3-173B(3A);

(e) loss on a closed out derivative transaction which has not been settled against variation margin payable to a counterparty;

(f) loss on a closed out derivative transaction which has not been settled against negative “A” calculated in accordance with Table 3-173B(3A);

(g) profit on a closed out derivative transaction which has not been settled against an initial margin requirement or variation margin requirement receivable from a counterparty;

(h) profit on a closed out derivative transaction which has not been settled against a loss on a closed out derivative transaction;

(i) profit on a closed out derivative transaction which has not been settled against a positive “A” as calculated in accordance with Table 3-173B(3A);

(j) premium receivable in respect of written options against variation margin payable, initial margin payable or a closed out profit payable to the counterparty or a negative “A” as calculated in accordance with Table 3-173B(3A);

(k) where the firm has received the premium due for a written option, a negative “A” (the replacement cost) for the written option against a positive “A” in each case as calculated in accordance with Table 3-173B(3A); or

(l) in the case of perfectly matched contracts these may be treated as a single contract with a notional principal equivalent to the net
receipts; or

(m) where transactions are subject to (3)(c) above, the potential future credit exposures (PFCE) on transactions with the same counterparty (i.e. % o N) may be netted in accordance with Table 3-173B(6) below,

provided that:

(i) the exposures arise on transactions with the same counterparty; and

(ii) the firm has a written agreement, supported by a legal opinion obtained in accordance with rule 3-170(11).

Notes:

NGR = (net replacement cost) / (gross replacement cost)

The NGR must be calculated on all contracts included in a legally valid bilateral netting agreement with a given counterparty.

Equivalent contracts

3-173B R Rule 3-173B(3)(c) also applies to contracts, which, although they are listed on an exchange are fully dependent upon the issuer for performance (e.g. covered warrants).

Sub-total

3-173B R The sum of the amounts calculated in accordance with this rule is the firm’s CRR for derivative transactions.

(a) cash;

(b) standby letters of credit and unconditional, irrevocable first on demand guarantees to the extent of their face value, issued by a Zone A credit institution which is not the counterparty nor an associate of the counterparty, and which is not an affiliated company, associate or a controller of the firm;

(c) standby letters of credit and unconditional, irrevocable first on demand guarantees to the extent of their face value, issued
by a bank which is not a Zone A credit institution (not being the counterparty nor an associate of the counterparty) which

an affiliated company, associate or a controller of the firm;

(d) certificates of deposit;

(e) gold and silver bullion and coinage;

(f) securities;

(g) physical commodities; and

(h) the performance guarantees issued in support of the securities
lending and borrowing programmes of Euroclear and

(i) the firm must have an unconditional right to apply or realise
the collateral for the purpose of repaying the counterparty’s
obligations to the firm; and

(ii) securities must -

(aa) be marked to market daily using the valuation
principles in rule 3-41(9); and

(bb) not be issued by the counterparty nor by an

the firm or intermediate broker would be required to pay under the

(a) meet any marked to market losses occurring on contracts
undertaken for that counterparty at that time; or

(b) as an initial margin fidelity deposit in respect of all the
counterparty's open positions at that time,

on the assumption that those transactions were the only transactions
undertaken on the exchange or clearing house by the firm or
intermediate broker at that time;

_option_ (for the purposes of rule 3-173B) means a contract which confers the
right to buy or sell a security, contractually based investment,

Annex K

Amendments to the Supervision manual (SUP)

In this Annex, underlining indicates new text and striking through indicates deleted text.

Part 1: Changes which come into force on 6 October 2007

1.2.1 G (1) The Authorisation manual *(AUTH)*, the Supervision manual *(SUP)* ...

(2) *AUTH* sets out the relationships between the FSA and applicants for *PART IV permission* and persons wishing to exercise EEA rights, Treaty rights or UCITS directive rights. [deleted]

3.2.2 G The Act, together with other legislation such as the Companies Acts 1985, 1989 and 2006, the Building Societies Act 1986 and the Friendly Societies Act 1992, provides the statutory framework for firms’ and auditors’ obligations.

6.2.1 G … A firm’s *Part IV permission* specifies all or some of the following elements (as detailed in *AUTH* 3.3.3G (When is Part IV permission required and what does it contain?) see *PERG* 2 Annex 2 (Regulated activities and the permission regime) and the FSA website “How do I get authorised”: http://www.fsa.gov.uk/Pages/Doing/how/index.shtml): …

6.3.3 G In applying for a variation of *Part IV permission*, a branch of a firm from outside the EEA should be mindful of any continuing requirements referred to in *AUTH* 3.18 and, for insurers, *AUTH* 3.12 the rest of the Handbook.

6.3.5 G … For example, the FSA will not grant a variation of *Part IV permission* to allow a friendly society to carry on reinsurance business (see *AUTH* 3.12.5G) as this is not permitted under the Friendly Societies Acts 1974 and 1992. A firm should refer to *AUTH* 3 for details of any restriction or discuss its plans with its usual supervisory contact at the FSA.

6.3.13 G … Firms should note that, as explained in *AUTH* 3.9.29G(3), the FSA will not use the power described in *AUTH* 3.9.29G(2) to grant *Part IV permission* for *insurance business* which has not been included in the application although the FSA is able in principle to use its power to give *Part IV permission* for an applicant to carry on a *regulated activity* for which it did not originally apply, this is not possible under the Insurance Directives, which set out minimum information requirements for an application for *authorisation* including information on the specified investments the applicant proposes to deal in.

6.3.20 G … In these circumstances, the FSA may require the firm to complete appropriate parts of the full application pack (see *AUTH* 3 the FSA website “How do I get authorised”):
http://www.fsa.gov.uk/Pages/Doing/how/index.shtml), as directed by the FSA. Applications for variation involving significant changes may be processed by the firm’s usual supervisory contact at the FSA, in conjunction with the Corporate Authorisations Permissions department. ….

6.3.30 G The FSA will also consider the specific requirements that apply to certain types of activity (see AUTH 3.11 to AUTH 3.20) as these may not allow certain combinations of activity.

6.3.31 G In considering whether to grant a firm’s application to vary its Part IV permission, the FSA will also have regard, under section 49(1) of the Act (Persons connected with an applicant), to any person appearing to be, or likely to be, in a relationship with the firm which is relevant (see AUTH 3.9.22G to AUTH 3.9.24G (Connected persons)). The Financial Groups Directive Regulations make special consultation provisions where the FSA is exercising its functions under Part IV of the Act (Permission to carry on regulated activities) for the purposes of carrying on supplementary supervision (see AUTH 3.9.22G(1A)). Broadly, where the FSA, in the course of carrying on supplementary supervision, is considering varying the Part IV permission of a person who is a member of a group which is a financial conglomerate, the consultation provisions in section 49(2) of the Act are disapplied. In their place, the regulations impose special obligations, linked to the Financial Groups Directive, to obtain the consent of the relevant competent authorities, to consult those authorities and to consult with the group itself.

The FSA’s powers in respect of application for variation of Part IV permission

6.3.32 G The FSA’s power to vary a Part IV permission after it receives an application from a firm extends to including in the Part IV permission as varied any provision that could be included as though a fresh permission was being given in response to an application under section 40 of the Act (Application for permission), see AUTH 3. ….

7.2.1 G … (See AUTH 3.6 and AUTH 3.7 for a further explanation of potential limitations and requirements on a firm’s permission.)

10.6.5 G … Such a person is defined in section 741 251 of the Companies Act 1985 2006 as a “shadow director”. …

11.4.11 G The steps that the FSA expects a firm to take to comply with SUP 11.4.10R include, if applicable:

…

(2) monitoring notifications to the firm in accordance with Part 34 22 of the Companies Act 1985 2006;

…

13.12.1 G …
(2) An applicant for Part IV permission which is submitting a notice of intention with its application for such permission (see AUTH 3.20 (Specific obligations: applicants seeking to establish a branch in, or provide services into, another EEA State) should contact the Authorisation Permissions department (020 7066 3954) in the first instance (see AUTH 1.9 (Next steps)).

13A.1.2 G This chapter does not apply to:

(1) an EEA firm …; in this case the EEA firm requires a “top-up permission” under Part IV of the Act and should refer to AUTH 3 (Applications for Part IV permission) (see the FSA website “How do I get authorised”: http://www.fsa.gov.uk/Pages/Doing/how/index.shtml); or …

13A.3.11 G …

(2) … Otherwise, it will have to seek a Part IV permission (see AUTH 3 (Applications for Part IV permission) the FSA website “How do I get authorised”: http://www.fsa.gov.uk/Pages/Doing/how/index.shtml).

13A.6.3 G … An EEA firm or Treaty firm should read AUTH 6 (Approved persons) but also refer to SUP 10.1 (Application) which sets out the territorial provisions of the approved persons regime.

13A.7.1 G If a person established in the EEA: …

to carry on a particular regulated activity in the United Kingdom, it must seek Part IV permission from the FSA to do so (see AUTH 3 the FSA website “How do I get authorised”: http://www.fsa.gov.uk/Pages/Doing/how/index.shtml). …

13A.7.4 G For guidance on how to apply for Part IV permission under the Act, see AUTH 3 (Applications for Part IV permission) the FSA website “How do I get authorised”: http://www.fsa.gov.uk/Pages/Doing/how/index.shtml. …

14.6.8 G Where the FSA gives a direction referred to in SUP 14.6.4G, the incoming EEA firm may apply for Part IV permission (see AUTH 3 (Applications for Part IV permission) the FSA website “How do I get authorised”: http://www.fsa.gov.uk/Pages/Doing/how/index.shtml) to take effect not earlier than the date that its qualification for authorisation is cancelled (as specified in the direction).

18.2.12 G … In any case the FSA will need time to:

(1) consider the application, if an application by the transferee for a Part IV permission or a variation of permission is necessary (AUTH and SUP 6 provide guidance on this);
Appendix 2

2.10.1 G The FSA may ask a firm seeking a grant or variation of permission to provide a scheme of operations as part of the application process (see AUTH 3.9.9G(1) and SUP 6.3.25G). ...

2.13.1 R A firm which has submitted a scheme of operations to the FSA, whether required by SUP App 2.4, SUP App 2.5 or SUP App 2.8, or as part of an application under SUP 6.3 (see SUP 6.3.25G), SUP 6.4 (see SUP 6 Annex 4), AUTH 3.9 (see AUTH 3.9.9G(1)) or SUP 11.5 (see SUP 11.5.5G), or an amended scheme of operations, must during the period covered by that scheme of operations: ...

Appendix 3

3.10.1 G The guidance in AUTH 3.10 and Table 3 describes in broad outline ...

3.10.13 G … The insurance undertaking will, therefore, generally be able to qualify for permission as a Treaty Firm firm for its reinsurance business if it follows the procedure provided for by Schedule 4 (see SUP 13A.3.4G to SUP 13A.3.11G (Treaty Firms) and also AUTH 3.21 (Treaty firms applying for Part IV permission). ...

Part 2: Changes which come into force on 15 December 2007

Bureau de Change Money service business and trust or company service providers

15.8.4 G (1) In accordance with article 25 31 of the Money Laundering Regulations, with effect from 1 April 2004 15 December 2007, a firm is required to notify the FSA:

(a) before it begins or within 28 days of it beginning; and

(b) as soon as reasonably practicable immediately after it ceases;

to operate a money service business or a trust or company service provider bureau de change (within (a) of money service business).

(2) The notification referred to in (1) should be made in accordance with the requirements in SUP 15.7 (Form and method of notification). ...

15.8.5 G A firm which is already operating a bureau de change money service business or a trust or company service provider as at 1 April 2004 15 December 2007 and intends to continue doing so is required by the Money Laundering Regulations to notify the FSA of that fact and should do so in the manner specified in SUP 15.8.4G(2) before 15 January 2008.
