6.1.1 R A firm must establish, implement and maintain adequate policies and procedures sufficient to ensure compliance of the firm including its managers, employees and appointed representatives (or where appropriate, tied agents) with its obligations under the regulatory system and for countering the risk that the firm might be used to further financial crime.

[Note: article 13(2) of MiFID and article 12(1)(a) of the UCITS Directive]

6.1.2 R A common platform firm and a management company must, taking into account the nature, scale and complexity of its business, and the nature and range of investment services and activities financial services and activities undertaken in the course of that business, establish, implement and maintain adequate policies and procedures designed to detect any risk of failure by the firm to comply with its obligations under the regulatory system, as well as associated risks, and put in place adequate measures and procedures designed to minimise such risks and to enable the FSA to exercise its powers effectively under the regulatory system and to enable any other competent authority to exercise its powers effectively under MiFID or the UCITS Directive.

[Note: article 6(1) of the MiFID implementing Directive and article 10(1) of the UCITS implementing Directive]

6.1.3 R A common platform firm and a management company must maintain a permanent and effective compliance function which operates

[Note: article 6(2) of the MiFID implementing Directive and article 10(2) of the UCITS implementing Directive]

(1) the compliance function must have the necessary authority, resources, expertise and access to all relevant information;

(2) a compliance officer must be appointed and must be responsible for the compliance function and for any reporting as to compliance required by SYSC 4.3.2R;

(3) the relevant persons involved in the compliance function must not be involved in the performance of services or activities they monitor;

(4) the method of determining the remuneration of the relevant persons involved in the compliance function must not compromise their objectivity and must not be likely to do so.

[Note: article 6(3) first paragraph of the MiFID implementing Directive and article 10(3) of the UCITS implementing Directive]

6.1.5 R  A common platform firm and a management company need not comply with SYSC 6.1.4R(3) or SYSC 6.1.4R(4) if it is able to demonstrate that in view of the nature, scale and complexity of its business, and the nature and range of (for a common platform firm) investment services and activities or (for every other firm) financial services and activities, the requirements under those rules are not proportionate and that its

Types of conflicts

10.1.4 R For the purposes of identifying the types of conflict of interest that arise, or may arise, in the course of providing a service and whose existence may entail a material risk of damage to the interests of a client, a common platform firm and a management company must take into account, as a minimum, whether the firm or a relevant person, or a person directly or indirectly linked by control to the firm:

…

(2A) in the case of a management company providing collective portfolio management services for a UCITS scheme, (2) also applies where the service is provided to, or the transaction is carried out on behalf of, a client other than the UCITS scheme;
carries on the same business as the \textit{client} or in the case of a \textit{management company}, carries on the same activities for the \textit{UCITS scheme} and for another \textit{client} or \textit{clients} which are not \textit{UCITS schemes}; or

... The conflict of interest may result from the \textit{firm} or \textit{person} providing a service referred to in SYSC 10.1.1R or engaging in any other activity or, in the case of a \textit{management company}, whether as a result of providing \textit{collective portfolio management services} or otherwise.

\textbf{10.1.10} \textbf{R} \hspace{1em} (1) \hspace{1em} A \textit{common platform firm and a management company} must establish, implement and maintain an effective conflicts of interest policy that is set out in writing and appropriate to the size and organisation of the \textit{firm} and the nature, scale and complexity of its business.

(2) Where the \textit{common platform firm or the management company} is a member of a \textit{group}, the policy must also take into account any circumstances, of which the \textit{firm} is or should be aware, which may give rise to a conflict of interest arising as a result of the structure and business activities of other members of the \textit{group}.
Contents of policy

10.1.11 R (1) The **conflicts of interest policy** must include the following content:

(a) it must identify in accordance with SYSC 10.1.3R and SYSC 10.1.4R, by reference to the specific services and activities carried out by or on behalf of the common platform firm or management company, the circumstances which constitute or may give rise to a conflict of interest entailing a material risk of damage to the interests of one or more clients; and

(a) be designed to ensure that relevant persons engaged in different business activities involving a conflict of interest of the kind specified in paragraph (1)(a) carry on those activities at a level of independence appropriate to the size and activities of the common platform firm or the management company and of the group to which either of them respectively belongs, and to the materiality of the risk of damage to the interests of clients; and

(b) include each of the following as are necessary and appropriate for the common platform firm or the management company to ensure the requisite degree of independence:

…

Additional requirements for a management company

10.1.17 R A **management company**, when identifying the types of conflict of interests for the purposes of SYSC 10.1.4R, must take into account:

(1) the interests of the firm, including those deriving from its belonging to a group or from the performance of services and activities, the
interests of the clients and the duty of the firm towards the UCITS scheme or EEA UCITS scheme it manages; and

(2) where it manages two or more UCITS schemes or EEA UCITS schemes, the interests of all of them.

[Note: article 17(2) of the UCITS implementing Directive]

10.1.18  G  For a management company, references to client in SYSC 10.1.4R and in the other rules in this section should be construed as referring to any UCITS scheme or EEA UCITS scheme managed by that firm or which it intends to manage, and with or for the benefit of which the relevant activity is to be carried on.

Structure and organisation of a management company

10.1.19  R  A management company must be structured and organised in such a way as to minimise the risk of a UCITS scheme’s, EEA UCITS scheme’s or client’s interests being prejudiced by conflicts of interest between the management company and its clients, between two of its clients, between one of its clients and a UCITS scheme or an EEA UCITS scheme, or between two such schemes.

[Note: articles 12(1)(b) and 14(1)(d) of the UCITS Directive]

10.1.20  R  A management company must try to avoid conflicts of interest and, when they cannot be avoided, ensure that the UCITS schemes and EEA UCITS schemes it manages are fairly treated.

[Note: articles 12(1)(b) and 14(1)(d) of the UCITS Directive]

Disclosure of conflicts of interest for a management company

10.1.21  R  (1) Where the organisational or administrative arrangements made by a management company for the management of conflicts of interest are not sufficient to ensure, with reasonable confidence, that risks of damage to the interests of the UCITS scheme or EEA UCITS scheme it manages or of its unitholders will be prevented, the senior personnel or other competent internal body of the firm must be promptly informed in order for them to take any necessary decision to ensure that in all cases the firm acts in the best interests of the scheme and of its unitholders.

(2) A management company must report situations referred to in (1) to the unitholders of the UCITS scheme or EEA UCITS scheme it manages by any appropriate durable medium and give reasons for its decision.

Amendments to the Prudential sourcebook for UCITS Firms (UPRU)

In this Annex, underlining indicates new text and striking through indicates deleted text.

1.1 Introduction

... 

1.1.3 G This sourcebook only applies to UCITS firms. UCITS investment firms are BIPRU limited licence firms and the prudential requirements for those firms are set out in the Prudential sourcebook for banks, building societies and investment firms and the General prudential sourcebook. The difference between the two types of UCITS management companies is that a UCITS investment firm in addition to carrying on the activities permitted by Article 5.2 6(2) of the UCITS Directive (scheme management), may also carry on the activities permitted by Article 5.3 6(3) such as portfolio management.

1.2 Purpose

Part 3: Guidance

9 UCITS Directive: effect on territorial scope

9.1 The UCITS Directive covers undertakings for collective investment in transferable securities (UCITS) meeting the requirements of the Directive, and their management companies and depositaries. The rules in this sourcebook within the Directive’s scope (all of which will apply to a management company) are those in:

(1) COBS 2.1 (Acting honestly, fairly and professionally);
(2) COBS 2.3 (Inducements);
(3) COBS 4.2.1R (The fair, clear and not misleading rule);
(4) COBS 4.3.1R (Financial promotions to be identifiable as such);
(5) COBS 4.13 (UCITS);
(6) COBS 11.2 (Best execution);
(7) COBS 11.3 (Client order handling);
(8) COBS 11.7 (Personal account dealing);
(9) COBS 14 (Providing product information to clients) relating to the distribution of a simplified prospectus key investor information by the management company (in addition to applying to a management company, COBS 14.2 also applies to an ICVC that is a UCITS scheme); and

Those rules are the responsibility of the Home State of the UCITS. The Directive explicitly permits other EEA States in which a UCITS is marketed to continue to apply rules, including marketing and advertising rules, outside the field
governed by the Directive. The Directive also applies certain rules derived from MiFID to management companies in relation to certain business activities. (See articles 1(6) and 44 of the UCITS Directive).

(10) COBS 16.2 (Occasional reporting).

9.1A G The majority of the COBS rules referred to in paragraph 9.1 are rules of conduct which each EEA State must draw up under article 14.1 of the UCITS Directive which management companies authorised in that State must observe at all times. The exceptions are COBS 4 and COBS 14 in so far as they relate to a UCITS scheme, which form part of the FSA’s fund application rules and which are the responsibility of the UCITS Home State (for a UCITS scheme, the FSA – see COLL 12.3.5R (COLL fund rules under the management company passport: the fund application rules) and article 19 of the UCITS Directive).

9.1B G Where a management company is providing collective portfolio management services for a UCITS established in a different EEA State, responsibility for its compliance with the applicable rules of conduct drawn up under article 14 will generally be for the management company’s Home State, but when a branch is established it will be the responsibility of the Host Member State (UCITS Home State) (see articles 17(4) and 17(5) of the UCITS Directive).

9.1C G Under the UCITS Directive certain Host State marketing and MiFID-specific rules might also apply to a management company providing collective portfolio management services for a UCITS established in a different EEA State. Consequently, an EEA UCITS management company should note that, under COBS, certain of the FSA’s rules apply to it, including the financial promotion rules. COBS 4.13 (UCITS) is concerned with marketing communications for UCITS schemes and EEA UCITS schemes.

9.1D G EEA UCITS management companies should be aware that there is a special narrower application of COBS for scheme management activity provided for by COBS 18.5 (Operators of collective investment schemes).

9.2 G Accordingly, the territorial scope of this sourcebook is modified so that:

(1) the rules relating to the distribution of a simplified prospectus apply to the management company (operator) of a UCITS whose Home State is the United Kingdom when marketing in other EEA States;

(2) those rules do not apply to a management company of a
UCITS whose Home State is another EEA State when marketing in the United Kingdom; other rules, such as the financial promotion rules and the information-gathering and suitability rules (see COBS 9 Suitability (including basic advice)) apply without modification of this territorial scope, but subject to section 266 of the Act. [deleted]

9.3 G The Directive does not affect the territorial scope of rules as they apply to an intermediary (that is not a management company) selling units of a UCITS.

(1) references to a client, were references to any UCITS it manages; and

4.7.5 G COLL 4.6.12R requires an authorised fund manager to ensure that its financial promotions, which contain an invitation to purchase the units in a UCITS scheme, indicate that a simplified prospectus and a full prospectus exist, and the places where they may be obtained by the public or how the public may have access to them. [deleted]

4.7.5A G COBS 4.13.2R (Marketing communications relating to UCITS schemes or EEA UCITS schemes) and COBS 4.13.3R (Marketing communications relating to feeder UCITS) contain additional disclosure requirements for firms in relation to marketing communications (other than key investor information) that concern particular investment strategies of a UCITS scheme or EEA UCITS scheme.

After COBS 4.12 insert the following new section. The text is not underlined.

4.13 UCITS

Application

4.13.1 R (1) This section applies to a firm in relation to a communication to a client, including an excluded communication, that is a marketing communication within the meaning of the UCITS Directive.
This section does not apply to:

(b) the instrument constituting the scheme, the prospectus, the key investor information (or alternatively the simplified prospectus or EEA simplified prospectus) or the periodic reports and accounts of either a UCITS scheme or an EEA UCITS scheme.

[Note: recital (58) of the UCITS Directive]

Marketing communications relating to UCITS schemes or EEA UCITS schemes

4.13.2 R (1) A firm must ensure that a marketing communication that comprises an invitation to purchase units in a UCITS scheme or EEA UCITS scheme and that contains specific information about the scheme:

(a) makes no statement that contradicts or diminishes the significance of the information contained in the prospectus and the key investor information document or EEA key investor information document for the scheme;

(b) indicates that a prospectus exists for the scheme and that the key investor information document or EEA key investor information document is available; and

(c) specifies where and in which language such information or documents may be obtained by investors or potential investors or how they may obtain access to them.

(2) Where a UCITS scheme or an EEA UCITS scheme may invest more than 35% of its scheme property in transferable securities and money market instruments issued or guaranteed by an EEA State, one or more of its local authorities, a third country or a public international body to which one or more EEA States belong, the firm must ensure that a marketing communication relating to the scheme contains a prominent statement drawing attention to the investment policy and indicating the particular EEA States, local authorities, third countries or public international bodies in the securities of which the scheme intends to invest or has invested more than 35% of its scheme property.

(3) Where a UCITS scheme or EEA UCITS scheme invests principally in units in collective investment schemes, deposits or derivatives, or replicates a stock or debt securities index in accordance with COLL 5.2.31R (Schemes replicating an index) or equivalent national measures implementing article 53 of the UCITS Directive, the firm must ensure that a marketing communication relating to the scheme contains a prominent statement drawing attention to the investment policy.
Where the net asset value of a UCITS scheme or EEA UCITS scheme has, or is likely to have, high volatility owing to its portfolio composition or the portfolio management techniques that are or may be used, the firm must ensure that a marketing communication relating to the scheme contains a prominent statement drawing attention to that characteristic.

[Note: articles 54(3), 70(2), 70(3) and 77 of the UCITS Directive]

Marketing communications relating to a feeder UCITS

4.13.3 R A firm must ensure that a marketing communication (other than a key investor information document or EEA key investor information document) relating to a feeder UCITS contains a statement that the feeder UCITS permanently invests at least 85% in value of its assets in units of its master UCITS.

(c) the firm provides the client with a key features document or a simplified prospectus, a key investor information document or EEA key investor information document, in accordance with COBS 14, provided that the firm discloses to the client the actual amount or value of commission or equivalent within five business days of effecting the transaction.

11.1 Application

...

Application of section on personal account dealing
11.1.5 G The EEA territorial scope rule modifies the default territorial scope of the section on personal account dealing (see COBS 11.7) to the extent necessary to be compatible with European law (see paragraph 1.1RG of Part 3 of COBS 1 Annex 1). This means that the section on personal account dealing also applies to passported activities carried on by a UK MiFID investment firm or a UK UCITS management company from a branch in another EEA state, but does not apply to the UK branch of an EEA MiFID investment firm in relation to its MiFID business or of an EEA UCITS management company in relation to activities it is entitled to carry on in the United Kingdom under the UCITS Directive.

11.2 Best execution

Obligation to execute orders on terms most favourable to the client

Execution of decisions by UCITS management companies to deal on behalf of the schemes they manage

11.2.1A R A management company must, in relation to each UCITS scheme or EEA UCITS scheme it manages, act in the best interests of the scheme when executing decisions to deal on its behalf in the context of the management of its portfolio, and COBS 11.2.1R applies in relation to all such decisions.

Management companies: execution and transmission of orders

11.2.5A G (1) A management company should, for each UCITS scheme or EEA UCITS scheme it manages, act in the best interests of the scheme when directly executing orders to deal on its behalf or when transmitting those orders to third parties.

(2) When executing orders on behalf of any such scheme it manages, a management company is expected to take all reasonable steps to
obtain the best possible result for the scheme on a consistent basis, taking into account price, costs, speed, likelihood of execution and settlement, size and nature of the order or any other consideration relevant to the execution of the order.

[Note: recital (19) to the UCITS implementing Directive]

Best execution criteria

11.2.6 R When executing a client order, a firm must take into account the following criteria for determining the relative importance of the execution factors:

…

(4) the characteristics of the execution venues to which that order can be directed; and

(5) for a management company, the objectives, investment policy and risks specific to the UCITS scheme or EEA UCITS scheme, as indicated in its prospectus or instrument constituting the scheme.

[Note: article 44(1) of the MiFID implementing Directive and article 25(2) second sentence of the UCITS implementing Directive]

…

Requirement for order execution arrangements including an order execution policy

11.2.14 R A firm must establish and implement effective arrangements for complying with the obligation to take all reasonable steps to obtain the best possible result for its clients. In particular, the firm must establish and implement an order execution policy to allow it to obtain, for its client orders, the best possible result in accordance with that obligation.

(2) In the case of a management company providing collective portfolio management services for an ICVC that is a UCITS scheme, or for an EEA UCITS scheme that is structured as an investment company, the management company must obtain the prior consent of the ICVC or investment company to the execution policy.

(3) In the case of a management company that is the ACD of an ICVC that is a UCITS scheme, (2) does not apply where the ACD is the sole director of the ICVC.

[Note: paragraph 2 of article 21(3) of MiFID and article 25(3) first part of the second paragraph of the UCITS implementing Directive]

Monitoring the effectiveness of execution arrangements and policy

11.2.27  R  A firm must monitor the effectiveness of its order execution arrangements and execution policy in order to identify and, where appropriate, correct any deficiencies. In particular, it must assess on a regular basis, whether the execution venues included in the order execution policy provide for the best possible result for the client or whether it needs to make changes to its execution arrangements. The firm must notify clients of any material changes to their order execution arrangements or execution policy.

[Note: article 21(4) of MiFID and article 25(4) first paragraph of the UCITS implementing Directive]

Review of the order execution policy

11.2.28  R  (1) A firm must review annually its execution policy, as well as its order execution arrangements.

(2) This review must also be carried out whenever a material change occurs that affects the firm’s ability to continue to obtain the best possible result for the execution of its client orders on a consistent basis using the venues included in its execution policy.

[Note: article 46(1) of the MiFID implementing Directive and article 25(4) second paragraph of the UCITS implementing Directive]

Demonstration of execution of orders in accordance with execution policy

11.2.29  R  (1) A firm other than a management company must be able to demonstrate to its clients, at their request, that it has executed their orders in accordance with its execution policy.
(2) A management company must be able to demonstrate that it has executed orders on behalf of any UCITS scheme or EEA UCITS scheme it manages in accordance with its execution policy.

[Note: article 21(5) of MiFID and article 25(5) of the UCITS implementing Directive]

Duty of portfolio managers, and receivers and transmitters and management companies to act in clients’ best interests

11.2.30 R A firm must, when providing the service of portfolio management or, for a management company, collective portfolio management, comply with the obligation to act in accordance with the best interests of its clients when placing orders with other entities for execution that result from decisions by the firm to deal in financial instruments on behalf of its client.

[Note: article 45(1) of MiFID implementing Directive and article 26(1) of the UCITS implementing Directive]

... 

11.2.32 R In order to comply with the obligation to act in accordance with the best interests of its clients when it places an order with, or transmits an order to, another entity for execution, a firm must:

[Note: article 45(3) of the MiFID implementing Directive and article 26(1) of the UCITS implementing Directive]

(1) take all reasonable steps to obtain the best possible result for its clients taking into account the execution factors. The relative importance of these factors must be determined by reference to the execution criteria and, for retail clients, to the requirement to determine the best possible result in terms of the total consideration (see COBS 11.2.7R).

A firm satisfies its obligation to act in accordance with the best interests of its clients, and is not required to take the steps mentioned above, to the extent that it follows specific instructions from its client when placing an order with, or transmitting an order to, another entity for execution;

[Note: paragraph 1 and 2 of article 45(4) of the MiFID implementing Directive and article 26(2) first paragraph of the UCITS implementing Directive]

(2) establish and implement a policy to enable it to comply with the obligation to take all reasonable steps to obtain the best possible result for its clients. The policy must identify, in respect of each class of instruments, the entities with which the orders are placed or to which the firm transmits orders for execution. The entities identified must have execution arrangements that enable the firm
to comply with its obligations under this section or, for a management company, must only enter into arrangements for execution where those arrangements are consistent with the requirements of this section, when it places an order with, or transmits an order to, that entity for execution;

[Note: paragraph 1 of article 45(5) of the MiFID implementing Directive and article 26(2) second paragraph of the UCITS implementing Directive]

(3) provide appropriate information to its clients on the policy established in accordance with COBS 11.2.32R(2) or, for a management company, make available to unitholders appropriate information on that policy and on any material changes to it;

[Note: paragraph 2 of article 45(5) of the MiFID implementing Directive and article 26(2) second paragraph last sentence of the UCITS implementing Directive]

(4) monitor on a regular basis the effectiveness of the policy and, in particular, the execution quality of the entities identified in that policy and, where appropriate, correct any deficiencies; and

[Note: first paragraph of article 45(6) of the MiFID implementing Directive and article 26(3) first paragraph of the UCITS implementing Directive]

(5) review the policy annually. This review must also be carried out whenever a material change occurs that affects the firm’s ability to continue to obtain the best possible result for its clients.

[Note: second paragraph of article 45(6) of the MiFID implementing Directive and article 26(3) second paragraph of the UCITS implementing Directive]

11.2.32A R A management company must be able to demonstrate that it has placed orders on behalf of any UCITS scheme or EEA UCITS scheme it manages in accordance with the policy referred to in COBS 11.2.32R(2).

[Note: article 26(4) of the UCITS implementing Directive]

11.2.33 G …

11.2.34 R The provisions applying to a firm which places orders with, or transmits orders to, other entities for execution (see COBS 11.2.30R to COBS 11.2.33G) will not apply when the firm which provides the services of portfolio management or collective portfolio management and/or service of reception and transmission of orders also executes the orders received or the decisions to deal on behalf of its client’s portfolio. In those cases the requirements of this section for firms who execute orders apply (see COBS 11.2.1R to COBS 11.2.29R).

11.3 Client order handling

General principles

11.3.1 R  (1) A firm (other than a management company providing collective portfolio management services) which is authorised to execute orders on behalf of clients must implement procedures and arrangements which provide for the prompt, fair and expeditious execution of client orders, relative to other orders or the trading interests of the firm.

[Note: paragraph 1 of article 22(1) of MiFID]

(2) …

(3) A management company providing collective portfolio management services, must establish and implement procedures and arrangements in respect of all client orders it carries out which provide for the prompt, fair and expeditious execution of portfolio transactions on behalf of the UCITS scheme or EEA UCITS scheme it manages.

[Note: article 27(1) first paragraph of the UCITS implementing Directive]

11.3.2 R A firm must satisfy the following conditions when carrying out client orders:

…

[Note: article 47(1) of MiFID implementing Directive, and article 19(1) of MiFID and article 27(1) second paragraph of the UCITS implementing Directive]

…

11.3.4 R Where a firm is responsible for overseeing or arranging the settlement of an executed order or executes the order itself in the course of providing collective portfolio management services, it must take all reasonable steps to ensure that any client financial instruments or client funds received in settlement of that executed order are promptly and correctly delivered to the account of the appropriate client.

[Note: article 47(2) of MiFID implementing Directive, and article 19(1) of MiFID and article 27(1) third paragraph of the UCITS implementing Directive]
11.3.5 R A firm must not misuse information relating to pending client orders, and shall take all reasonable steps to prevent the misuse of such information by any of its relevant persons.

[Note: article 47(3) of MiFID implementing Directive, and article 19(1) of MiFID and article 27(2) of the UCITS implementing Directive]

... Aggregation and allocation of orders

11.3.7 R A firm is not permitted to carry out a client order or a transaction for own account in aggregation with another client order unless the following conditions are met:

1. it must be unlikely that the aggregation of orders and transactions will work overall to the disadvantage of any client whose order is to be aggregated;

2. it must be disclosed to each client whose order is to be aggregated that the effect of aggregation may work to its disadvantage in relation to a particular order;

3. an order allocation policy must be established and effectively implemented, providing in sufficiently precise terms for the fair allocation of aggregated orders and transactions, including how the volume and price of orders determines allocations and the treatment of partial executions.

[Note: article 48(1) of MiFID implementing Directive, and article 19(1) of MiFID and article 28(1) of the UCITS implementing Directive]

11.3.8 R If a firm aggregates a client order with one or more other orders and the aggregated order is partially executed, it must allocate the related trades in accordance with its order allocation policy.

[Note: article 48(2) of MiFID implementing Directive, and article 19(1) of MiFID and article 28(2) of the UCITS implementing Directive]

Aggregation and allocation of transactions for own account

11.3.9 R A firm which has aggregated transactions for own account with one or more client orders must not allocate the related trades in a way which is detrimental to a client.

[Note: article 49(1) of MiFID implementing Directive, and article 19(1) of MiFID and article 28(3) of the UCITS implementing Directive]

11.3.10 R (1) If a firm aggregates a client order with a transaction for own account and the aggregated order is partially executed, it must allocate the related trades to the client in priority to the firm.
(2) However, if the firm is able to demonstrate on reasonable grounds that without the combination it would not have been able to carry out the order on such advantageous terms, or at all, it may allocate the transaction for own account proportionally, in accordance with its order allocation policy.

[Note: article 49(2) of MiFID implementing Directive, and article 19(1) of MiFID and article 28(4) of the UCITS implementing Directive]

... 11.3.13 G In this section, carrying out client orders includes:

[Note: in respect of (5) and (6) (7), articles 1, 33(1) and 44 and 80 of the UCITS Directive]

Provision of key investor information document

14.2.1A R (1) This rule applies to an authorised fund manager of a UCITS scheme that is either an authorised unit trust or an ICVC, and an ICVC that is a UCITS scheme.

(2) An authorised fund manager and an ICVC in (1) that sells units in a UCITS scheme directly, or through another natural or legal person who acts on its behalf and under its full and unconditional responsibility, must ensure that investors are provided with the key investor information document for the scheme.

(3) An authorised fund manager and an ICVC in (1) that does not sell units in a UCITS scheme directly, or through another natural or legal person who acts on its behalf and under its full and unconditional responsibility, must ensure that the key investor information document for the scheme is provided on request to product manufacturers and intermediaries selling, or advising investors on, potential investments in those UCITS schemes or in products offering exposure to them.

(4) The key investor information document must be provided to investors free of charge.

(5) An authorised fund manager and an ICVC in (1) may, instead of providing the key investor information document to investors in paper copy in accordance with (2), provide it in a durable medium other than paper or by means of a website that meets the website conditions, in which case the authorised fund manager and ICVC must:

(a) deliver a paper copy of the key investor information document to the investor on request and free of charge; and

(b) make available an up-to-date version of the key investor information document to investors on the website of the ICVC or authorised fund manager.

[Note: articles 80 and 81 of the UCITS Directive]

…
Exception to the provision rules: key features documents, simplified prospectuses and key investor information documents

14.2.5 R A firm is not required to provide:

…

(4) a simplified prospectus if:

(a) another person is required to offer the simplified prospectus to the client by the rules of another EEA State; or [deleted]

(b) …

…

[Note: in respect of (4), articles 1, 33(1) and 44 of the UCITS directive]

…

Exception to the provision rules: key features documents, key features illustrations, simplified prospectuses and key investor information documents

14.2.9 R A firm is not required to provide a key features document, a key features illustration or a simplified prospectus for a key features scheme or simplified prospectus scheme if:

…

[Note: articles 1, 33(1) and 44 of the UCITS directive]

14.2.9A R For the purposes of the provision rules in relation to a key investor information document, a firm:

(1) may satisfy the requirement to provide the document to the investor by providing it to a person who has written authority to make investment decisions on that investor’s behalf; and

(2) is not required to consider as a new transaction:

(a) a subscription to units in a UCITS scheme or an EEA UCITS scheme in which the client already holds units; or

(b) a series of connected transactions undertaken as the consequence of a single investment decision; or

(c) a decision by the client to switch from one class of units to another in the same scheme;

if an up-to-date version of the key investor information document for the scheme or the relevant class of units has already been provided
to that client.

[Note: article 80 of the UCITS Directive]

14.2.10 G (1) Although a firm is not always required to provide a simplified prospectus to a client (COBS 14.2.9R), the obligation to offer the prospectus to the client (COBS 14.2.1R(5)) remains.

(2) The FSA would regard a decision to subscribe to a regular monthly savings plan as a single investment decision for the purpose of COBS 14.2.9AR(2)(b). However, a subsequent decision by the client to increase the amount of the regular contributions to be invested in units of a particular scheme or to direct the contributions to a different scheme, would in each case constitute a new transaction.

Exception to the provision rules: aggregated scheme documents

14.2.11 R A firm may provide a single document, which describes more than one key features scheme, or simplified prospectus scheme or EEA simplified prospectus scheme, or any combination of those schemes, if:

... 

(3) (in the case of a simplified prospectus scheme or an EEA simplified prospectus scheme) the firm also offers copies a copy of the relevant prospectuses prospectus to the client.

[Note: article 33(1) of the UCITS directive]

... 

The timing rules

14.2.14 R When the rules in this section require a firm to:

(1) offer a simplified prospectus or an EEA simplified prospectus scheme to a client, that prospectus must be offered free of charge before the conclusion of the contract; or

(2) provide a key features document, a simplified prospectus, an EEA simplified prospectus scheme or any other document or information to a client, the document or information must be provided free of charge and in good time before the firm carries on the relevant business; or

(3) provide a key investor information document or EEA key investor information document to a client, it must be provided in good time before the client’s proposed subscription for units in the scheme.

[Note: article 33(1) 80 of the UCITS directive]
Exception to the timing rules: distance contracts and voice telephony communications

14.2.16 R (1) A firm may provide a document, or the information required to be provided by the rules in this section, in a durable medium immediately after the conclusion of a distance contract, if the contract has been concluded at a client's request using a means of distance communication that does not enable the document or information to be provided in that form in good time before the client is bound by the contract.

(2) The exception in (1) does not apply in relation to the provision of an EEA key investor information document or a key investor information document required to be provided under COBS 14.2.1R and COBS 14.2.1AR.

14.2.17 R (1) Where the rules in this section require a document or information to be provided, in the case of a voice telephony communication, a firm must:

(1) if the client gives explicit consent to receiving only limited information, provide the abbreviated distance marketing disclosure information (COBS 5 Annex 2R) orally to the client;

(2) if the client does not give explicit consent to only receiving limited information, and the parties wish to proceed by voice telephony communication, provide the distance marketing information (COBS 5 Annex 1R) orally to the client;

(3) in the case of (1)(a) or (2)(b), send the documents or information to the client in a durable medium immediately after the contract is concluded.

(2) The exception in (1) does not apply in relation to the provision of an EEA key investor information document or a key investor information document required to be provided under COBS 14.2.1R and COBS 14.2.1AR.

14.3 Information about designated investments

14.3.7 G Providing a key features document, key investor information document, EEA key investor information document or simplified prospectus may satisfy the requirements of the rules in this section.
Information about UCITS schemes

14.3.11 R If a firm provides a client with a simplified prospectus or an EEA simplified prospectus, a key investor information document or EEA key investor information document that meets the requirements of article 28, articles 78 and 79 of the UCITS Directive (see COLL 4.7 (Key investor information and marketing communications)) and the KII Regulation, it will have provided appropriate information for the purpose of the requirement to disclose information on:

14.3.12 G A simplified prospectus provides key investor information document and EEA key investor information document provide sufficient information in relation to the costs and associated charges in respect of the UCITS scheme itself. However, a firm distributing units in a UCITS scheme should also inform a client about all of the other costs and associated charges related to the provision of its services in relation to units in the UCITS scheme.

16.2 Occasional reporting

Execution of orders other than when managing investments

16.2.1 R …

(6) In relation to subscription and redemption orders for units in a UCITS scheme or EEA UCITS scheme executed by an authorised fund manager, paragraphs (1), (3) and (5) of this rule apply as if references to:

(a) a client and to a retail client were references to a unitholder in the scheme; and

(b) trade confirmation information in paragraphs (1)(b) and (5)(b) were to the information in paragraph (7).

(7) The notice referred to in paragraph (1)(b) must, where applicable, for subscription and redemption orders for units in a UCITS scheme or EEA UCITS scheme executed by an authorised fund manager, include the following information:

(a) the identification of the management company;

(b) the name or other designation of the unitholder;

(c) the date and time of receipt of the order and method of
payment:

(d) the date of execution;
(e) the identification of the *UCITS scheme* or *EEA UCITS scheme*;
(f) the nature of the order (subscription or redemption);
(g) the number of *units* involved;
(h) the *unit* price at which the *units* were subscribed or redeemed;
(i) the reference valuation date;
(j) the gross value of the order including charges for subscription or net amount after charges for *redemptions*; and
(k) the total sum of the commissions and expenses charged and where the investor so requests, an itemised breakdown.

[Note: article 40 paragraphs (1) to (4) of the *MiFID implementing Directive* and article 24 of the *UCITS implementing Directive*]

18.5 Operators of collective investment schemes

... Additional application of COBS rules for management companies

18.5.2A R A management company must:

(1) in addition to complying with the COBS rules specified in COBS 18.5.2R, comply with COBS 11.7 (Personal account dealing); and

(2) comply with COBS 2.3 (Inducements) as modified by COBS 2.3.2AR.

[Note: article 13(1) to 13(4) of the *UCITS implementing Directive*]

18.9 ICVCs

18.9.1 R (1) Only the financial promotion rules in COBS apply to an ICVC, except that COBS 4.13 (UCITS) applies only to an ICVC that is a *UCITS scheme*.

(2) COBS 14.2 (Providing product information to clients) applies to an ICVC that is a *UCITS scheme*.

Full name of firm

Purpose of this form

You should complete this form if you are a UK firm that wishes to exercise a passport right to establish your first branch in a particular EEA State. You should also use this form if you are a UK firm that wishes to notify us – the FSA – of changes to the details of your current branch.

Important information you should read before completing this form

A UK firm can only use this form if it is entitled to establish a branch in another EEA State subject to the conditions of a relevant single market directive (see Schedule 3 of the Financial Services and Markets Act 2000 (FSMA)). By completing this form, you are confirming this is the case. UK firms should consult the legislation or take their own legal advice both in the UK and in the relevant EEA State(s) if they are in any doubt.

We give guidance on this in Chapter 13 of the Supervision manual (SUP). In particular, a UK firm that wants to exercise an EEA right must have the specific activity included in its Scope of Permission (unless the UK firm is a subsidiary of a firm which is a credit institution that meets the criteria set out in the Banking Consolidation Directive).

Filling in the Form

1. If you are using your computer to complete the form, use the TAB key to move from question to question and press SHIFT TAB to move back to the previous question. Once completed, print the relevant sections and sign the declaration in section 10.

9.2 Please give details of the firm’s programme of operations

**Note to Question 9.2**

Provide a programme of operations setting out the activities and services envisaged according to article 6(2) and (3) and the organisational structure of the branch which must include a description of the risk management process.

Provide also a description of the procedures and arrangements for dealing properly with investor complaints, including how it is ensured that there are no restrictions on investors exercising such rights and the arrangements for making information available at the request of the public or the competent authority of the UCITS Home State.

For a suggested template firms may adhere to question 4.2 when preparing a programme of operations.
Note: Other Requirements for UCITS management companies

In addition to the submission of this notice to the FSA, management companies should note, where the application is to manage a UCITS in another EEA State, they will be required by the rules of the competent authority of the UCITS Home State implementing article 20 of the UCITS Directive to provide them with:

(1) the written agreement that has been entered into with the depositary; and

(2) information on delegation arrangements regarding the functions of investment management and administration, as referred to in Annex II to the UCITS Directive.

If the management company already manages other UCITS of the same type as the company is proposing to manage in the UCITS Home State, article 20 provides that reference to the documentation already provided shall be sufficient for the purposes of (1) and (2).

9.3 Please confirm if the information referred to above has been submitted to the competent authority of the UCITS Home State. If it has not been submitted or if article 20 is not applicable please explain why, including (if applicable) when it is expected that the information will be provided.

13 Annex 6R  Passorting: UCITS Directive
Purpose of this form

You should complete this form if you are a UK firm that wishes to exercise a passport right to provide cross border services in another EEA State under the Undertakings for Collective Investment in Transferable Securities Directive ("the UCITS Directive").

You may also use this form if you are a UK firm that wishes to notify us (the FSA) of changes to the details of its current cross border services.

Important information you should read before completing this form

A UK firm can only use this form if it is entitled to provide cross border services into another EEA State subject to the conditions of the UCITS Directive (see Schedule 3 to the Financial Services and Markets Act 2000 (FSMA)). By completing this form, you are confirming this is the case. UK firms should consult the legislation or take legal advice both in the UK and in the relevant EEA State(s) if they are in any doubt.

We give guidance on this in Chapter 13 of the Supervision manual (SUP). In particular, a UK firm that wants to exercise an EEA right must have the specific activity included in its Scope of Permission.

Filling in the form

1. If you are using your computer to complete the form, use the TAB key to move from question to question and press SHIFT TAB to move back to the previous question. Once completed, print the relevant sections and sign the declaration in section 4.

2. If you are filling in the form by hand, use black ink, write clearly and, once you have completed the relevant sections, sign the declaration in section 4.

3. If there is not enough space on the form, you may need to use separate sheets of paper. Clearly, mark each separate sheet of paper with the relevant question number.

13A.3 Qualifications for authorisation under the Act

...  

13A.3.1C G (1) Under paragraph 15A(1) of Part II of Schedule 3 to the Act, an EEA UCITS management company intending to exercise an EEA right to provide collective portfolio management services for a UCITS scheme must, before it undertakes that activity, obtain the FSA’s approval to manage that UCITS scheme. Firms should use the application form set out in SUP 13A Annex 3R (EEA UCITS management companies: application for approval to manage a UCITS scheme established in the United Kingdom) for this purpose.

(2) If the FSA refuses the application referred to in (1), it will give a notice to the firm and the firm’s Home State regulator in accordance with paragraph 15A of Part II of Schedule 3 to the Act. Before refusing an application, the FSA will consult with the firm’s Home State regulator.

(3) Under paragraph 15B(1) of Part II of Schedule 3 to the Act, if any representations are made to the FSA by a firm to which the notice referred to in (2) has been given, the FSA is required to decide whether to withdraw that notice. If the FSA decides not to withdraw that notice it must give the firm a decision notice.

(4) For details of the FSA’s procedures for the giving of notices see DEPP 2 (Statutory notices and allocation of decision making).

(2) (a) Paragraph (1) does not apply to the activity of dealing in units in a collective investment scheme in the United Kingdom where:

(i) the firm is an EEA UCITS management company;

(ii) the firm satisfies the establishment conditions in SUP 13A.4.1G; and

(iii) the FSA notifies the EEA firm and the EEA firm’s Home State regulator that the way in which it intends to market a relevant scheme in the United Kingdom does not comply with the law in force in the United Kingdom.
(b) The FSA’s notice under (2)(a)(iii) has to be given to the EEA firm within two months of receiving the consent notice (see paragraph 13(1) of Part II of Schedule 3 to the Act) and will be similar to a warning notice.

(c) For details of the FSA’s procedures for the giving of warning notices see DEPP 2 (Statutory notices and allocation of decision making). [deleted]

Application of the common platform requirements in SYSC to EEA MiFID investment firms
Whilst the common platform requirements (located in SYSC 4 – SYSC 10) do not generally apply to incoming EEA firms (but for EEA UCITS management companies, see 8A below), EEA MiFID investment firms must comply with the common platform record-keeping requirements in relation to a branch in the United Kingdom.

### Application of SYSC to EEA UCITS management companies

8A SYSC 1 Annex 1 (Detailed application of SYSC), Part 2, 2.7AG provides guidance on the application of the common platform requirements to the UK branch of an EEA UCITS management company.

11B A management company which provides collective portfolio management services on a cross-border basis by establishing a branch in another EEA State or under the freedom to provide services must comply with the rules of the UCITS Home State which relate to the constitution and functioning of the UCITS. Where the UCITS Home State is the United Kingdom, the applicable rules that the EEA UCITS management company must comply with are as follows:

1. **COLL 12.3.4R** (Provision of documentation to the FSA: EEA UCITS management companies);
2. the fund application rules (see **COLL 12.3.5R** (COLL fund rules under the management company passport: the fund application rules)); and
3. **COLL 12.3.6R** (Requirement to make information available to the public or the FSA).

11C A management company, however, which provides collective portfolio management services from a branch in another EEA State, is obliged under article 17(4) to comply with the applicable rules of the Host State regulator drawn up under article 14(1) that require a management company to:

Annex I

Amendments to the Dispute Resolution: Complaints sourcebook (DISP)

In this Annex, underlining indicates new text and striking through indicates deleted text.

INTRO 1  Introduction

Chapter 1: Treating complainants fairly

DISP 1 contains rules and guidance on how respondents should deal with complaints promptly and fairly, including complaints that could be referred to the FOS. Some of these rules also apply to certain branches of firms elsewhere in the EEA and certain EEA firms carrying out activities in the United Kingdom under the freedom to provide cross border services.

1.1  Purpose and application

Purpose

1.1.1  G  This chapter contains rules and guidance on how respondents should deal promptly and fairly with complaints in respect of business carried on from establishments in the United Kingdom or by certain branches of firms in the EEA or by certain EEA firms carrying out activities in the United Kingdom under the freedom to provide cross border services. It is also relevant to those who may wish to make a complaint or refer it to the Financial Ombudsman Service.

Application to firms

1.1.3  R  …

(3)  The complaints data publication rules do not apply in respect of activities carried on from a branch of an EEA firm in the United Kingdom or activities carried on by an EEA firm in the United Kingdom under the freedom to provide cross border services.

Application to UCITS management companies

1.1.10E  R  For complaints related to collective portfolio management services of a UK UCITS management company for a UCITS scheme or an EEA UCITS scheme, DISP 1.1.3R(1) applies, except where modified as follows:
(1) the consumer awareness rules, complaints handling rules and complaints record rule apply in respect of complaints from unitholders rather than from eligible complainants; and

(2) the consumer awareness rules, the complaints handling rules and the complaints record rule, as modified in (1), also apply where the services are provided from a branch in another EEA State (and any reference to respondent in the consumer awareness rules includes such a branch):

1.1.10F R For complaints related to collective portfolio management services of an EEA UCITS management company for a UCITS scheme, DISP 1.1.3R(1) applies, except where modified as follows:

(1) where the services are provided from a branch in the United Kingdom, the consumer awareness rules, complaints handling rules and complaints record rule apply in respect of complaints from unitholders rather than from eligible complainants; and

(2) this chapter, except the consumer awareness rules, complaints handling rules, complaints record rule and complaints data publication rules, also applies to an EEA UCITS management company providing services in the United Kingdom under the freedom to provide cross border services.

1.1.12 R (1) A firm, payment service provider or electronic money issuer falling within the Compulsory Jurisdiction which does not conduct business with eligible complainants and has no reasonable likelihood of doing so, can, by written notification to the FSA, claim exemption from the rules relating to the funding of the Financial Ombudsman Service, and from the remainder of this chapter.

(2) Notwithstanding (1),

(a) the complaints handling rules and complaints record rule will continue to apply in respect of complaints concerning MiFID business; and

(b) the consumer awareness rules, the complaints handling rules and the complaints record rule will continue to apply in respect of complaints concerning the provision of collective portfolio management services.

Compulsory Jurisdiction

2.6.1  R  (1) The Compulsory Jurisdiction covers only complaints about the activities of a firm (including its appointed representatives), of a payment service provider (including agents of a payment institution) or of an electronic money issuer (including agents of an electronic money institution) carried on from an establishment in the United Kingdom.

(2) The Compulsory Jurisdiction also covers complaints about collective portfolio management services provided by an EEA UCITS management company managing a UCITS scheme from an establishment in another EEA State under the freedom to provide cross border services.

2.6.2  G  This:

(1) includes incoming EEA firms, incoming EEA authorised payment institutions, incoming EEA authorised electronic money institutions and incoming Treaty firms; but

(2) excludes complaints about business conducted in the United Kingdom on a services basis from an establishment outside the United Kingdom (other than complaints about collective portfolio management services provided by an EEA UCITS management company in managing a UCITS scheme).

Annex J

Amendments to the Compensation sourcebook (COMP)

In this Annex, underlining indicates new text and striking through indicates deleted text, unless otherwise stated.

5.5.2 R COMP 5.5.1R only applies if the protected investment business was carried on from:

(1) an establishment of the relevant person in the United Kingdom; or

(2) a branch of a UK firm which is:
   (a) a MiFID investment firm established in another EEA State; or
   (b) a UCITS management company established in another EEA State (but only in relation to managing investments (other than of a collective investment scheme collective portfolio management), advising on investments or safeguarding and administering investments);

and the claim is an ICD claim; or

(3) both (1) and (2); or

(4) (a) a UK branch of an EEA UCITS management company; or
   (b) an establishment of such an EEA UCITS management company in its Home State from which cross border services are being carried on;

and in either case the management company is providing collective portfolio management services for a UCITS scheme but only if the claim relates to that activity.

...
relevant person to the extent that it carries on those services.

(3) An EEA UCITS management company carrying on the activities of managing investments (other than collective portfolio management), advising on investments or safeguarding and administering investments, is not a relevant person in relation to those activities, unless it has top-up cover.

...

14.1.4 G (1) An incoming EEA firm, which is a credit institution, an IMD insurance intermediary, or an MiFID investment firm or a UCITS management company, is not a participant firm in relation to its passported activities unless it “tops-up” into the compensation scheme (for a UCITS management company, this is only for certain passported activities). This reflects section 213(10) of the Act (The compensation scheme) and regulation 2 of the Electing Participants Regulations (Persons not to be regarded as relevant persons). If an incoming EEA firm also carries on non-passported activities (or, for a UCITS management company, certain passported activities) for which the compensation scheme provides cover, it will be a participant firm in relation to those activities and will be covered by the compensation scheme for those activities in the usual way.

(2) Whether an incoming EEA firm which is an EEA UCITS management company is a participant firm in relation to its passported activities depends on the nature of its activities. In so far as it carries on the activities of managing investments (other than collective portfolio management), advising on investments or safeguarding and administering investments, it is not a participant firm unless it “tops-up” into the compensation scheme. To the extent that such a firm provides collective portfolio management services for a UCITS scheme from a branch in the United Kingdom or under the freedom to provide cross border services, it is a participant firm in respect of those services.

14.1.5 G In relation to an incoming EEA firm’s passported activities, its Home State compensation scheme must provide compensation cover in respect of business within the scope of the Deposit Guarantee Directive, Investors Compensation Directive and article 5(3) article 6(3) of the UCITS Directive, whether that business is carried on from a UK branch or on a cross border services basis. (For an EEA UCITS management company, this is only for certain passported activities, namely managing investments (other than collective portfolio management), advising on investments or safeguarding and administering investments.) …

...

14.2.3 G A notice under COMP 14.2.1R should include details confirming that the incoming EEA firm falls within a prescribed category. In summary:
(1) the firm must be:

(a) a credit institution;
(b) an IMD insurance intermediary;
(c) a MiFID investment firm;
(d) a UCITS management company that carries on the activities of managing investments (other than collective portfolio management), advising on investments or safeguarding and administering investments;

(2) the firm must have established a branch in the United Kingdom in the exercise of an EEA right; and

(3) the scope and/or level of cover provided by the firm’s Home State compensation scheme must be less than that provided by the compensation scheme.

After COMP 14.4 insert the following new section. The text is not underlined.

14.5 EEA UCITS management companies

14.5.1 Where an EEA UCITS management company provides collective portfolio management services for a UCITS scheme from a branch in the United Kingdom, or under the freedom to provide cross border services, the FSCS must allocate the firm to the sub-class or sub-classes which seems to the FSCS to be most appropriate, taking into account the nature of the firm’s business activities.
Annex K

Amendments to the Collective Investment Schemes sourcebook (COLL)

In this Annex, underlining indicates new text and striking through indicates deleted text, unless otherwise stated.

Application

1.1.1  G  (1) This sourcebook, except for COLL 9 (Recognised schemes), applies to:

…

(b) ACDs, other directors and depositaries of ICVCs; and

(c) managers and trustees of authorised unit trust schemes (AUTs); and

(d) to the extent indicated, UK UCITS management companies operating EEA UCITS schemes.

(2) …

(3) COLL 11.5 (Auditors) also applies to auditors of master UCITS and feeder UCITS which are UCITS schemes.

(4) This sourcebook also applies to EEA UCITS management companies of UCITS schemes to the extent required by the UCITS Directive.

…

EEA territorial scope: compatibility with European law

1.1.1B  R  (1) The territorial scope of this sourcebook is modified to the extent necessary to be compatible with European law.

(2) This rule overrides every other rule in this sourcebook.

EEA UCITS management companies of UCITS schemes

1.1.1C  G  An EEA UCITS management company that is providing collective portfolio management services for a UCITS scheme from a branch in the United Kingdom, or under the freedom to provide cross border services, is advised that where it operates a UCITS scheme as its designated management company, it meets the Glossary definition of an “ACD” of an ICVC or a “manager” of an AUT which in either case is a UCITS scheme. Such firms should be aware that provisions in this sourcebook that apply to an ACD or a manager of a UCITS scheme accordingly apply to them, unless otherwise indicated: see COLL 12.3 (EEA UCITS management companies) for further details.
Purpose

1.1.2 G …

(2) In addition, this sourcebook implements part of the requirements of the UCITS Directive to meet EU law obligations relevant to authorised funds and management companies, with other requirements implemented in other parts of the Handbook.

UCITS management company and product passport

1.1.2A G COLL 12 provides for the application of COLL in relation to the management company passport under the UCITS Directive. It explains how the passporting regime applies to both UK UCITS management companies and EEA UCITS management companies when providing collective portfolio management services on a cross-border basis. It also explains how the product passport (for UCITS) operates and how UCITS schemes may be marketed in other EEA States.

…

Umbrella schemes

1.2.1A G Any authorised fund may be structured as an umbrella with separate sub-funds.

[Note: article 1(2) second paragraph of the UCITS Directive]

…

UCITS schemes

1.2.3 R A UCITS scheme is deemed to be established in the United Kingdom, irrespective of whether it has been established under the laws of England and Wales, Scotland or Northern Ireland.

[Note: article 4 of the UCITS Directive]

Master UCITS

1.2.4 R A master UCITS that has two or more feeder UCITS as its only unitholders satisfies the requirement that a UCITS scheme must invest capital raised from the public.

[Note: article 58(4) of the UCITS Directive]

…

Application by an EEA UCITS management company to manage a UCITS scheme

2.1.5 G An EEA UCITS management company that proposes to act as the manager of an AUT or the ACD of an ICVC that is a UCITS scheme, should be aware that
it is required under paragraph 15A(1) of Schedule 3 to the Act to apply to the FSA for approval to do so. The form that the firm must use for this purpose is set out in SUP 13A Annex 3R (EEA UCITS management companies: application for approval to manage a UCITS scheme established in the United Kingdom). In addition, those firms are required to provide to the FSA certain fund documentation, as specified by COLL 12.3.4R (Provision of documentation to the FSA: EEA UCITS management companies).

25A In the case of a feeder UCITS, the following information:

(a) a declaration that the feeder UCITS is a feeder of a particular master UCITS and as such permanently invests at least 85% in value of the scheme property in units of that master UCITS;

(b) the investment objective and policy, including the risk profile; and whether the performance records of the feeder UCITS and the master UCITS are identical, or to what extent and for which reasons they differ, including a description of how the balance of the scheme property which is not invested in units of the master UCITS is invested in accordance with COLL 5.8.3R (Balance of scheme property: investment restrictions on a feeder UCITS);

(c) a brief description of the master UCITS, its organisation, its investment objective and policy, including the risk profile, and an indication of how the prospectus of the master UCITS may be obtained;

(d) a summary of the master-feeder agreement or where applicable, the internal conduct of business rules referred to in COLL 11.3.2R(2) (Master-feeder agreement and internal conduct of business rules);

(e) how the unitholders may obtain further information on the master UCITS and the master-feeder agreement;

(f) a description of all remuneration or reimbursement of costs payable by the feeder UCITS by virtue of its investment in units of the master UCITS, as well as the aggregate charges of the feeder UCITS and the master UCITS; and

Appointment of a new ACD or manager

4.3.6A R (1) In the case of a UCITS scheme, the appointment of a new ACD of an ICVC under COLL 6.5.3R (Appointment of an ACD) or the replacement of the manager of an AUT who proposes to retire under COLL 6.5.8R (Retirement of a manager of an AUT) must, if in either case the new authorised fund manager is established in a different EEA State to the outgoing authorised fund manager, be treated as a significant change in accordance with COLL 4.3.6R.

(2) Paragraph (1) does not apply:

(a) if the appointment of the new authorised fund manager is the subject of an extraordinary resolution approved by a meeting of unitholders; or

(b) following the termination of the appointment of the ACD of an ICVC under COLL 6.5.4R(2) or (3) (Termination of appointment of an ACD), if the directors of the ICVC other than the ACD, or the depositary if there are no such directors, consider that it would be in the best interests of unitholders to appoint a new ACD without delay.

Guidance on significant changes

4.3.7 G …

(4) The requirement in COLL 4.3.6AR(1) applies in all cases where the outgoing authorised fund manager (whether established in the United Kingdom or in another EEA State) is to be replaced by an authorised fund manager established in any other EEA State (including the United Kingdom).

…

Appointment of an AFM without prior written notice to unitholders

4.3.10 R (1) In the case of a UCITS scheme, the appointment of a new authorised fund manager as a result of:

(a) in the case of an ICVC, the termination of the appointment of the previous ACD under COLL 6.5.4R(2) or (3) (Termination of
appointment of an ACD); or

(b) in the case of an AUT, the replacement of the manager under COLL 6.5.7R(2) (Replacement of a manager):

must, if the new authorised fund manager is established in a different EEA State to the outgoing authorised fund manager, be notified to unitholders.

(2) The new authorised fund manager must immediately notify unitholders of its appointment under (1) in an appropriate manner.

Change events relating to feeder UCITS

4.3.11 R Where the authorised fund manager of a UCITS scheme which is a feeder UCITS is notified of any change in respect of its master UCITS which has the effect of a change to the feeder UCITS, the authorised fund manager must:

(1) classify it as a fundamental change, significant change or a notifiable change to the feeder UCITS in accordance with the rules in this section; and

(2) (a) for a fundamental change, obtain approval from the unitholders by way of an extraordinary resolution;

(b) for a significant change, give written notice to unitholders of that change; or

(c) for a notifiable change, comply with COLL 4.3.8R.

4.3.12 R The actions required by COLL 4.3.11R(2) (a) and (b) must be carried out as soon as reasonably practicable after the authorised fund manager of the feeder UCITS has been informed of the relevant change to the master UCITS.

4.3.13 G (1) The authorised fund manager of the feeder UCITS should assess the change to the master UCITS in terms of its impact on the feeder UCITS. For example, a change to the investment objective and policy of the master UCITS that alters its risk profile would constitute a fundamental change for the feeder UCITS. In order for the feeder UCITS to continue investing in the master UCITS, the authorised fund manager of the feeder UCITS should obtain the approval of unitholders by way of an extraordinary resolution, or else make a proposal to invest in a different master UCITS in accordance with COLL 11.2.2R (Application for approval of an investment in a master UCITS).

(2) Not all changes affecting the master UCITS will have the same significance for the feeder UCITS and its unitholders. For example, a change to how the prices of the units in the master UCITS are published might not be a significant change for the feeder UCITS if the prices of its own units continue to be published in the same way.
Where the \textit{authorised fund manager} of the \textit{feeder UCITS} receives insufficient notice of the intended change to the \textit{master UCITS} to be able to seek the prior approval of \textit{unitholders} to any fundamental change or to inform them at least 60 days in advance of any significant change, it should nevertheless use reasonable endeavours to inform them of the change as soon as possible so that they can make an informed judgement about the merits of continuing to invest in the \textit{feeder UCITS}.

Contents of a short report

4.5.5 R (1) The short report for an \textit{authorised fund}, or for a \textit{scheme} which is an \textit{umbrella}, its \textit{sub-fund}, must contain for the relevant period:

(a) \hspace{1em} (i) the name of the \textit{scheme or sub-fund};

(ii) its stated investment objectives and the policy and strategy pursued for achieving those objectives;

(iii) a brief assessment of its risk profile;

(iv) in the case of a \textit{UCITS scheme}, the figure for the \textit{synthetic risk and reward indicator} disclosed in its most up-to-date \textit{key investor information document} and any subsequent changes to that figure during that period; and

(v) the name and address of the \textit{authorised fund manager};

(1A) The short report of a \textit{UCITS scheme} which is a \textit{feeder UCITS} must also include:

(a) a statement on the aggregate charges of the \textit{feeder UCITS} and the \textit{master UCITS};

(b) a description of how the annual and half-yearly long reports of its \textit{master UCITS} can be obtained; and

(c) where the \textit{master UCITS} is a \textit{UCITS scheme}, a description of how its annual and half-yearly short reports can be obtained.

[Note: article 63(2) of the \textit{UCITS Directive}]

Significant information to be contained in the short report

4.5.6 G For the purpose of \textit{COLL} 4.5.5R(1)(d) and \textit{COLL} 4.5.5R(1)(e) the \textit{authorised fund manager} should consider including the following as sufficient and
significant information:

…

(4) the total expense ratio at the end of the period or, in the case of a UCITS scheme, the ongoing charges figure together with (where appropriate) any performance-related fee payable to the authorised fund manager or any investment adviser, as disclosed in the most up-to-date key investor information:

…

Contents of the annual long report

4.5.7 R …

(5) An annual long report of a UCITS scheme which is a feeder UCITS must also include:

(a) a statement on the aggregate charges of the feeder UCITS and the master UCITS; and

(b) a description of how the annual long report of its master UCITS can be obtained.

[Note: article 63(2) of the UCITS Directive]

Contents of the half-yearly long report

4.5.8 R …

(4) The half-yearly long report of a UCITS scheme which is a feeder UCITS must also include a description of how the half-yearly and annual reports of its master UCITS can be obtained.

…

Authorised fund manager’s report

4.5.9 R The matters set out in (1) to (13) must be included in any authorised fund manager’s report, except where otherwise indicated:

…

(9A) in the case of a UCITS scheme, the figure for the synthetic risk and reward indicator disclosed in its most recent key investor information document and any changes to that figure that have taken place during the period:

…
Publication and availability of annual and half-yearly long report

4.5.14 R …

(2) The reports referred to in (1) must:

(d) be sent to the FSA and, if the UCITS scheme is managed by an EEA UCITS management company, to that company’s Home State regulator on request.

Provision of annual and half-yearly long reports for master and feeder UCITS

4.5.15 R (1) The authorised fund manager of a UCITS scheme which is a feeder UCITS must:

(a) where requested by an investor, provide copies of the annual and half-yearly long reports of its master UCITS free of charge; and

(b) file copies of the annual and half-yearly long reports of its master UCITS with the FSA.

(2) Except where an investor requests paper copies or the use of electronic communications is not appropriate, the annual and half-yearly long reports of its master UCITS may be provided in a durable medium other than paper or by means of a website that meets the website conditions.

After COLL 4.6 insert the following new sections. The text is not underlined.

4.7 Key investor information and marketing communications

Application

4.7.1 R This section applies to an ICVC, an authorised fund manager of an AUT or ICVC and any other director of an ICVC where, in each case, the AUT or ICVC is a UCITS scheme.

Key investor information

4.7.2 R (1) An authorised fund manager must, for each UCITS scheme which it manages, draw up a short document in English containing key investor information (a “key investor information document”) for investors.
(2) The words “key investor information” must be clearly stated in this document.

(3) Key investor information must include appropriate information about the essential characteristics of the UCITS scheme which is to be provided to investors so that they are reasonably able to understand the nature and risks of the investment product that is being offered to them and, therefore, to take investment decisions on an informed basis.

(4) Key investor information must provide information on the following essential elements in respect of the UCITS scheme:

(a) identification of the scheme;
(b) a short description of its investment objectives and investment policy;
(c) past performance presentation or, where relevant, performance scenarios;
(d) costs and associated charges; and
(e) risk/reward profile of the investment, including appropriate guidance and warnings in relation to the risks associated with investments in the scheme.

(5) The essential elements referred to in (4) must be comprehensible to the investor without any reference to other documents.

(6) A key investor information document must clearly specify where and how to obtain additional information relating to the proposed investment, including but not limited to where and how the prospectus and the annual and half-yearly reports can be obtained on request and free of charge at any time, and the language in which that information is available to investors.

(7) Key investor information must be written in a concise manner and in non-technical language. It must be drawn up in a common format, allowing for comparison, and must be presented in a way that is likely to be understood by retail investors.

(8) Key investor information must be used without alterations or supplements, except translation, in each EEA State where a UCITS marketing notification has been made so as to enable the marketing of the scheme’s units in that State.

[Note: article 78 of the UCITS Directive]

Form and content of a key investor information document

4.7.3 G The KII Regulation sets out the form and content of a key investor information
Translation of a key investor information document

4.7.4 G While the original key investor information document is required by COLL 4.7.2R to be drawn up in English, an authorised fund manager may prepare an accurate translation of it into any language for the purpose of marketing the units of the UCITS scheme in the United Kingdom. Any such translation should be prepared without alterations or supplements.

Pre-contractual information

4.7.5 R The key investor information document must:

(1) constitute pre-contractual information (see COBS 14.2.1AR (Provision of key investor information document));

(2) be fair, clear and not misleading; and

(3) be consistent with the relevant parts of the prospectus.

[Note: article 79(1) of the UCITS Directive]

4.7.6 G (1) Section 90ZA of the Act (Liability for key investor information) provides that a person will not incur civil liability solely on the basis of the key investor information document, including any translation of it, unless it is misleading, inaccurate or inconsistent with the relevant parts of the prospectus.

(2) Article 20 of the KII Regulation prescribes the wording of a warning to investors that must be included in the “practical information” section of the key investor information document. It states that an authorised fund manager may be held liable solely on the basis of any statement contained in the document that is misleading, inaccurate or inconsistent with the relevant parts of the prospectus for the UCITS scheme.

Revision and filing of key investor information

4.7.7 R (1) An authorised fund manager must keep up to date the essential elements of the key investor information document for each UCITS scheme which it manages.

(2) An authorised fund manager must file the key investor information document for each UCITS scheme which it manages, and any amendments thereto, with the FSA.
(3) An authorised fund manager of a feeder UCITS must, in addition to (1) and (2), file the key investor information of its master UCITS, and any amendments thereto, with the FSA.

[Note: articles 63(3) and 82 of the UCITS Directive]

Synthetic risk and reward indicators and ongoing charges disclosures in the KII

4.7.8 G (1) Authorised fund managers are advised that CESR issued two separate guidelines regarding the methodology that should be used in calculating the synthetic risk and reward indicator and the ongoing charges figure, both of which must be disclosed in the key investor information document for each UCITS scheme which they manage.

(2) In line with the KII Regulation, firms in producing their key investor information documents should take account of CESR’s methodologies in calculating the figures for the synthetic risk and reward indicators and for ongoing charges to be disclosed in those documents. For ease of reference links to these guidelines are shown below, as follows:

Methodology for the calculation of the synthetic risk and reward indicator in the KII (CESR/10-673)

Methodology for the calculation of the ongoing charges figure in the KII (CESR/10-674)

(3) Firms should note that these methodologies may in due course become directly applicable obligations in the light of the European Securities and Markets Authority’s powers to develop implementing technical standards in this area.

4.7.9 G Authorised fund managers are further advised that CESR issued guidelines in relation to several other matters concerning key investor information. These are:

Guidelines – Selection and presentation of performance scenarios in the Key Investor Information document (KII) for structured UCITS (CESR/10-1318)

Guidelines – Transition from the Simplified Prospectus to the Key Investor Information document (CESR/10-1319)

CESR’s guide to clear language and layout for the Key Investor Information document (CESR/10-1320)

CESR’s template for the Key Investor Information document (CESR/10-1321)

CESR’s guidelines on a common definition of European money market funds, which refer to matters that should be included in the key investor information for money market funds and short-term money market funds (CESR/10 – 049)

Marketing communications

4.7.10  G  COBS 4.13.2R(1)(b) and (c) (Marketing communications relating to UCITS schemes or EEA UCITS schemes) require an authorised fund manager to ensure that its marketing communications that contain an invitation to purchase units in a UCITS scheme or EEA UCITS scheme, indicate that a prospectus and key investor information exist, specifying where they may be obtained by the public or how the public may have access to them.

4.8  Notifications for UCITS master-feeder arrangements

Application

4.8.1  R  This section applies to an ICVC, an authorised fund manager of an AUT or ICVC and any other director of an ICVC where, in each case, the AUT or ICVC is a UCITS scheme.

Purpose

4.8.2  G  The purpose of this section is to explain the type, form and timing of the notifications that are required before an existing UCITS scheme can begin to operate as a feeder UCITS for the first time, or an existing feeder UCITS can change to a different master UCITS. The process for making those changes is set out in COLL 11.2 (Approval of a feeder UCITS).

Information to be provided to unitholders

4.8.3  R  (1)  An authorised fund manager of a UCITS scheme that has been approved by the FSA to operate as a feeder UCITS, including as a feeder UCITS of a different master UCITS, must provide the following information to its unitholders at least 30 calendar days before the date when the feeder UCITS is to start to invest in units of the master UCITS or, if it has
already invested in them, the date when its investment will exceed the limit applicable under COLL 5.2.11R(9) (Spread: general):

(a) a statement that the FSA has approved the investment of the feeder UCITS in units of that master UCITS;

(b) the key investor information of the feeder UCITS and the master UCITS;

(c) the date when the feeder UCITS is to start to invest in units of the master UCITS or, if it has already invested in them, the date when its investment will exceed the limit applicable under COLL 5.2.11R(9);

(d) a statement that the unitholders have the right, for 30 calendar days from the moment this information is provided, to request the repurchase or redemption of their units without any charges other than those retained by the UCITS scheme to cover disinvestment costs.

(2) Where a UCITS marketing notification has been made in relation to a feeder UCITS, the authorised fund manager of the feeder UCITS must ensure that an accurate translation of the information in (1) is provided to unitholders in:

(a) the official language, or one of the official languages, of the feeder UCITS’ Host State; or

(b) a language approved by the Host State regulator.

[Note: article 64 first and second paragraphs of the UCITS Directive]

Method of providing information

4.8.4 R The authorised fund manager of the feeder UCITS must provide to unitholders the information required under COLL 4.8.3R in a durable medium.

[Note: article 29 of the UCITS implementing Directive No 2]

Amend the following as shown.

Application

5.1.1 R (1) Subject to 1(A), COLL 5.1 to COLL 5.5 apply to the authorised fund manager and the depositary of an authorised fund, and to an ICVC, which is or ever has been a UCITS scheme.

(1A) The only sections of COLL 5 that apply to the authorised fund manager and the depositary of a feeder UCITS, and to an ICVC which is a feeder UCITS, are COLL 5.3 and COLL 5.8, although particular
rules in COLL 5.1, COLL 5.2 and COLL 5.5 are incorporated by reference.

...

Application

5.2.1  R  (1)  This section applies to an ICVC, an ACD, a manager of an AUT, a depositary of an ICVC and a trustee of an AUT, where such ICVC or AUT is a UCITS scheme, in accordance with COLL 5.2.2R (Table of application).

(2)  COLL 5.2.23CR (Valuation of OTC derivatives) also applies to a UK UCITS management company providing collective portfolio management services for an EEA UCITS scheme from a branch in another EEA State or under the freedom to provide cross border services.

5.2.11 R ...

(11) For the purpose of calculating the limits in (7) and (10), the exposure in respect of any OTC derivative may be reduced to the extent that
collateral is held in respect of it if the collateral meets each of the conditions specified in (12). [deleted]

(12) The conditions referred to in (11) are that the collateral:

(a) is marked to market on a daily basis and exceeds the value of the amount at risk;
(b) is exposed only to negligible risks (e.g., government bonds of first credit rating or cash) and is liquid;
(c) is held by a third party custodian not related to the provider or legally secured from the consequences of a failure of a related party; and
(d) can be fully enforced by the UCITS scheme at any time. [deleted]

(13) For the purpose of calculating the limits in (7) and (10), OTC derivative positions with the same counterparty may be netted provided that the netting procedures:

(a) comply with the conditions set out in Section 3 (Contractual netting (Contracts for novation and other netting agreements)) of Annex III to the Banking Consolidation Directive; and
(b) are based on legally binding agreements. [deleted]

(14) In applying this rule, all derivatives transactions are deemed to be free of counterparty risk if they are performed on an exchange where the clearing house meets each of the following conditions:

(a) it is backed by an appropriate performance guarantee; and
(b) it is characterised by a daily mark-to-market valuation of the derivative positions and an at least daily margining. [deleted]

[Note: article 22 52 of the UCITS Directive]

Guidance on spread: general

(2) The attention of authorised fund managers is specifically drawn to condition (d) in COLL 5.2.11R(12) under which the collateral has to be
legally enforceable at any time. It is the FSA’s view that it is advisable for an authorised fund manager to undertake a legal due diligence exercise before entering into any financial collateral arrangement. This is particularly important where the collateral arrangements in question have a cross-border dimension. Depositaries will also need to exercise reasonable care to review the collateral arrangements in accordance with its duties under COLL 6.6.4R (General duties of the depositary). [deleted]

(3) In applying the spread …

Counterparty risk and issuer concentration

5.2.11B R (1) An authorised fund manager of a UCITS scheme must ensure that counterparty risk arising from an OTC derivative transaction is subject to the limits set out in COLL 5.2.11R(7) and (10).

(2) When calculating the exposure of a UCITS scheme to a counterparty in accordance with the limits in COLL 5.2.11R(7), the authorised fund manager must use the positive mark-to-market value of the OTC derivative contract with that counterparty.

(3) An authorised fund manager may net the OTC derivative positions of a UCITS scheme with the same counterparty, provided:

(a) it is able legally to enforce netting agreements with the counterparty on behalf of the UCITS scheme; and

(b) the netting agreements in (a) do not apply to any other exposures the UCITS scheme may have with that same counterparty.

(4) An authorised fund manager of a UCITS scheme may reduce the exposure of the scheme property to a counterparty to an OTC derivative transaction through the receipt of collateral. Collateral received must be sufficiently liquid so that it can be sold quickly at a price that is close to its pre-sale valuation.

(5) An authorised fund manager of a UCITS scheme must take collateral into account in calculating exposure to counterparty risk in accordance with the limits in COLL 5.2.11R(7) when it passes collateral to the counterparty to an OTC derivative transaction on behalf of the UCITS scheme.

(6) Collateral passed in accordance with (5) may be taken into account on a net basis only if the authorised fund manager is able legally to enforce netting arrangements with this counterparty on behalf of the UCITS scheme.
An authorised fund manager of a UCITS scheme must calculate the issuer concentration limits referred to in COLL 5.2.11R on the basis of the underlying exposure created through the use of OTC derivatives in accordance with the commitment approach.

In relation to exposures arising from OTC derivative transactions, as referred to in COLL 5.2.11R(10), the authorised fund manager must include in the calculation any counterparty risk relating to the OTC derivative transactions.

[Note: article 43 of the UCITS implementing Directive]

Investment in collective investment schemes

5.2.13 R A UCITS scheme must not invest in units in a collective investment scheme (“second scheme”) unless the second scheme satisfies all of the following conditions, and provided that no more than 30% of the value of the UCITS scheme is invested in second schemes within (1)(b) to (e):

1. the second scheme must:

   …

   (c) be authorised as a non-UCITS retail scheme (provided the requirements of article 49 50(1)(e) of the UCITS Directive are met); or

   (d) be authorised in another EEA State (provided the requirements of article 49 50(1)(e) of the UCITS Directive are met); or

   …

   (provided the requirements of article 49 50(1)(e) of the UCITS Directive are met);

   …

Qualifying non-UCITS collective investment schemes

5.2.14 G …

2. Article 49 50 of the UCITS Directive sets out the general investment limits. So, a non-UCITS retail scheme, or its equivalent EEA scheme which has the power to invest in gold or immovables would not meet the criteria set in COLL 5.2.13R(1)(c) and COLL 5.2.13R(1)(d).

3. In determining whether a scheme meets the requirements of article 49 50(1)(e) of the UCITS Directive for the purposes of COLL 5.2.13R(1)(d) or COLL 5.2.13R(1)(e), the authorised fund manager should consider the following factors before deciding that the scheme
provides a level of protection for unitholders which is equivalent to that provided to unitholders in a UCITS scheme:

…

[Note: article 26 of CESR's UCITS eligible assets guidelines with respect to article 49 50(1)(e) of the UCITS Directive]

(4) The requirement for supervisory equivalence, as described in article 49 50(1)(e) (first indent) of the UCITS Directive, also applies to schemes (that are not UCITS schemes) established in other EEA States. In considering whether the second scheme satisfies this requirement, the authorised fund manager should have regard to the first section of article 26 of CESR's UCITS eligible assets guidelines.

…

Derivatives: general

5.2.19  R  (1) A transaction in derivatives or a forward transaction must not be effected for a UCITS scheme unless:

(a) …

(b) the transaction is covered, as required by COLL 5.3.3R (Cover for transaction in derivatives and forward transactions) 5.3.3AR (Cover for investment in derivatives and forward transactions).

…

…

Guidance on financial indices underlying derivatives

5.2.20B  G  (1) …

(2) If the composition of an index is not sufficiently diversified in order to avoid undue concentration, its underlying assets should be combined with the other assets of the UCITS scheme when assessing compliance with the requirements on cover for transactions in derivatives and forward transactions set out in COLL 5.3.3R 5.3.3AR and spread set out in COLL 5.2.11R.

…

Requirement to cover sales

5.2.22  R  …

(3) Paragraph (1) does not apply where:

(a) the risks of the underlying financial instrument of a derivative
can be appropriately represented by another financial instrument and the underlying financial instrument is highly liquid; or

(b) the authorised fund manager or the depositary has the right to settle the derivative in cash, and cover exists within the scheme property which falls within one of the following asset classes:

(i) cash;

(ii) liquid debt instruments (e.g. government bonds of first credit rating) with appropriate safeguards (in particular, haircuts); or

(iii) other highly liquid assets having regard to their correlation with the underlying of the financial derivative instruments, subject to appropriate safeguards (e.g. haircuts where relevant). [deleted]

(4) In the asset classes referred to in (3), an asset may be considered as liquid where the instrument can be converted into cash in no more than seven business days at a price closely corresponding to the current valuation of the financial instrument on its own market. [deleted]

Guidance on requirement to cover sales

5.2.22A G COLL 5.2.22R(3) to (4) reflect the provisions of Article 7 of the Commission Recommendation on the use of financial derivative instruments. [deleted]

(1) In the FSA’s view the requirement in COLL 5.2.22R(1)(a) can be met where:

(a) the risks of the underlying financial instrument of a derivative can be appropriately represented by another financial instrument and the underlying financial instrument is highly liquid; or

(b) the authorised fund manager or the depositary has the right to settle the derivative in cash, and cover exists within the scheme property which falls within one of the following asset classes:

(i) cash;

(ii) liquid debt instruments (e.g. government bonds of first credit rating) with appropriate safeguards (in particular, haircuts); or

(iii) other highly liquid assets having regard to their correlation with the underlying of the financial derivative instruments, subject to appropriate safeguards (e.g. haircuts where relevant).
(2) In the asset classes referred to in (1), an asset may be considered as liquid where the instrument can be converted into cash in no more than seven business days at a price closely corresponding to the current valuation of the financial instrument on its own market.

Valuation of OTC derivatives

5.2.23C R (1) For the purposes of COLL 5.2.23R(2), an authorised fund manager of a UCITS scheme or a UK UCITS management company of an EEA UCITS scheme must:

(a) establish, implement and maintain arrangements and procedures which ensure appropriate, transparent and fair valuation of the exposures of a UCITS scheme or an EEA UCITS scheme to OTC derivatives; and

(b) ensure that the fair value of OTC derivatives is subject to adequate, accurate and independent assessment.

(2) Where the arrangements and procedures referred to in (1) involve the performance of certain activities by third parties, the authorised fund manager or UK UCITS management company must comply with the requirements in SYSC 8.1.13R (Additional requirements for a management company) and COLL 6.6A.4R(5) and (6) (Due diligence requirements of AFMs of UCITS schemes and EEA UCITS schemes) or, where appropriate, the equivalent requirements of the UCITS Home State regulator implementing article 5(2) and article 23(4), second subparagraph, of the UCITS implementing Directive.

(3) The arrangements and procedures referred to in this rule must be:

(a) adequate and proportionate to the nature and complexity of the OTC derivative concerned; and

(b) adequately documented.

[Note: article 51(1) second paragraph of the UCITS Directive and articles 44(2) and 44(4) of the UCITS implementing Directive]

Risk management

5.2.24 R (1) An authorised fund manager must use a risk management process enabling it to monitor and measure as frequently as appropriate the risk of a scheme’s positions and their contribution to the overall risk profile of the scheme. [deleted]

(2) The following details of the risk management process must be notified by the authorised fund manager to the FSA in advance of the use of the process as required by (1):
(a) the methods for estimating risks in derivative and forward transactions; and

(b) the types of derivatives and forwards to be used within the scheme together with their underlying risks and any relevant quantitative limits. [deleted]

(3) The authorised fund manager must notify the FSA in advance of any material alteration to the details in (2)(a) or (b). [deleted]

Risk management process

5.2.25 G

(1) The risk management process should take account of the investment objectives and policy of the scheme as stated in the most recent prospectus. [deleted]

(2) The depositary should take reasonable care to review the appropriateness of the risk management process in line with its duties under COLL 6.6.4R (General duties of the depositary) and COLL 6.6.14R (Duties of the depositary and authorised fund manager: investment and borrowing powers), as appropriate. [deleted]

(3) An authorised fund manager is expected to demonstrate more sophistication in its risk management process for a scheme with a complex risk profile than for one with a simple risk profile. In particular, the risk management process should take account of any characteristic on non-linear dependence in the value of a position to its underlying. [deleted]

(4) An authorised fund manager should take reasonable care to establish and maintain such systems and controls as are appropriate to its business as required by SYSC 4.1 (General requirements). [deleted]

(5) The risk management process should enable the analysis required by COLL 5.2.24R to be undertaken at least daily or at each valuation point whichever is the more frequent. [deleted]

(6) Firms carrying out the risk management process should note the methodologies set out in Article 3 ( Appropriately calibrated standards to measure market risk) of the Commission Recommendation on the use of financial derivative instruments. [deleted]

(7) In assessing the risk of OTC derivatives, firms should note the methodologies set out in Article 5.3 (Invitation to use standards laid down in Directive 2000/12/EC as a first reference) of the Commission Recommendation on the use of financial derivative instruments. [deleted]

(8) An authorised fund manager should undertake the risk assessment with the highest care when the counterparty to the derivative is an associate of the authorised fund manager or the credit issuer. [deleted]
Disclosure requirements in relation to UCITS schemes or EEA UCITS schemes that employ particular investment strategies

5.2.34 G

Authorized fund managers of UCITS schemes or EEA UCITS schemes should bear in mind that where a UCITS scheme, or an EEA UCITS scheme that is a recognised scheme under section 264 of the Act, employs particular investment strategies such as investing more than 35% of its scheme property in government and public securities, or investing principally in units in collective investment schemes, deposits or derivatives, or replicating an index, COBS 4.13.2R (Marketing communications relating to UCITS schemes or EEA UCITS schemes) and COBS 4.13.3R (Marketing communications relating to a feeder UCITS) contain additional disclosure requirements in relation to marketing communications that concern those investment strategies.

Introduction

5.3.2 G

(1) …

(2) … COLL 5.3.3R (Cover for transactions in derivatives and forward transactions) This section sets out detailed requirements for cover of a scheme.

Cover for transactions in derivatives and forward transactions

5.3.3 R

(1) A transaction in derivatives or forward transaction may be entered into only if the maximum exposure, in terms of the principal or notional principal created by the transaction to which the scheme is or may be committed by another person, is covered globally under (2). [deleted]

(2) Exposure is covered globally if adequate cover from within the scheme property is available to meet the scheme’s total exposure, taking into account the value of the underlying assets, any reasonably foreseeable market movement, counterparty risk, and the time available to liquidate any positions. [deleted]

(3) Cash not yet received into the scheme property but due to be received within one month is available as cover for the purposes of (2). [deleted]

(4) Property the subject of a transaction under COLL 5.4 (Stock lending) is only available for cover if the authorised fund manager has taken
reasonable care to determine that it is obtainable (by return or re-acquisition) in time to meet the obligation for which cover is required. [deleted]

(5) The global exposure relating to derivatives held in a UCITS scheme may not exceed the net value of the scheme property (Article 2(1) of the Commission Recommendation 2004/383/EC). [deleted]

Cover for investment in derivatives and forward transactions

5.3.3A R The authorised fund manager of a UCITS scheme must ensure that its global exposure relating to derivatives and forward transactions held in the UCITS scheme does not exceed the net value of the scheme property.

[Note: article 51(3) first paragraph of the UCITS Directive]

Daily calculation of global exposure

5.3.3B R An authorised fund manager of a UCITS scheme must calculate its global exposure on at least a daily basis.

[Note: article 41(2) of the UCITS implementing Directive]

5.3.3C R For the purposes of this section, exposure must be calculated taking into account the current value of the underlying assets, the counterparty risk, future market movements and the time available to liquidate the positions.

[Note: article 51(3) second paragraph of the UCITS Directive]

Guidance on cover

5.3.4 G (1) An authorised fund manager should note that the scope of COLL 5.3.3R COLL 5.3.3CR is extended in relation to underwriting commitments by COLL 5.5.8R(4) (General power to accept or underwrite placings).

(2) Property the subject of a transaction under COLL 5.4 (Stock lending) should not be considered as available for cover unless the authorised fund manager has taken reasonable care to determine that it is obtainable (by return or re-acquisition) in time to meet the obligation for which cover is required.

Continuing nature of limits and requirements

5.3.6 R (1) An authorised fund manager must, (as frequently as necessary), re-calculate the amount of cover required in respect of derivatives and forward positions already in existence under this section. [deleted]

(2) Derivatives and rights under forward transaction may be retained in the scheme property only so long as they remain covered globally under
Calculation of global exposure

5.3.7 R An **authorised fund manager** must calculate the global exposure of any **UCITS scheme** it manages either as:

(1) the incremental exposure and leverage generated through the use of derivatives and forward transactions (including embedded derivatives as referred to in **COLL 5.2.19R(3A) (Derivatives: general)**), which may not exceed 100% of the net value of the scheme property; or

(2) the market risk of the scheme property.

[Note: article 41(1) of the **UCITS implementing Directive**]

5.3.8 R (1) An **authorised fund manager** must calculate the global exposure of a **UCITS scheme** by using:

(a) the commitment approach; or

(b) the value at risk approach.

(2) An **authorised fund manager** must ensure that the method selected in (1) is appropriate, taking into account:

(a) the investment strategy pursued by the **UCITS scheme**;

(b) the types and complexities of the derivatives and forward transactions used; and

(c) the proportion of the scheme property comprising derivatives and forward transactions.

(3) Where a **UCITS scheme** employs techniques and instruments including repo contracts or stock lending transactions in accordance with **COLL 5.4 (Stock lending)** in order to generate additional leverage or exposure to market risk, the **authorised fund manager** must take those transactions into consideration when calculating global exposure.

(4) For the purposes of (1), value at risk means a measure of the maximum expected loss at a given confidence level over the specific time period.

[Note: articles 41(3) and 41(4) of the **UCITS implementing Directive**]

Commitment approach

5.3.9 R Where an **authorised fund manager** of a **UCITS scheme** uses the commitment approach for the calculation of global exposure, it must:

(1) ensure that it applies this approach to all derivative and forward transactions (including embedded derivatives as referred to in **COLL...**
5.2.19R(3A) (Derivatives: general)), whether used as part of the scheme’s general investment policy, for the purposes of risk reduction or for the purposes of efficient portfolio management in accordance with the rules of this chapter; and

(2) convert each derivative or forward transaction into the market value of an equivalent position in the underlying asset of that derivative or forward (standard commitment approach).

[Note: articles 42(1) and 42(2) first paragraph of the UCITS implementing Directive]

5.3.10 R (1) An authorised fund manager of a UCITS scheme may apply other calculation methods which are equivalent to the standard commitment approach.

(2) An authorised fund manager may take account of netting and hedging arrangements when calculating global exposure of a UCITS scheme, where those arrangements do not disregard obvious and material risks and result in a clear reduction in risk exposure.

(3) Where the use of derivatives or forward transactions does not generate incremental exposure for the UCITS scheme, the underlying exposure need not be included in the commitment calculation.

(4) Where the commitment approach is used, temporary borrowing arrangements entered into on behalf of the UCITS scheme in accordance with COLL 5.5.4R (General power to borrow) need not form part of the global exposure calculation.

6.12 Risk management policy and risk measurement

Application

6.12.1 R This section applies to:

(1) an authorised fund manager and a depositary of a UCITS scheme; and

(2) a UK UCITS management company providing collective portfolio management services for an EEA UCITS scheme from a branch in another EEA State or under the freedom to provide cross border services.

6.12.2 G In the FSA’s view the requirements relating to risk management policy and risk measurement set out in this section are the regulatory responsibility of the management company’s Home State regulator but to the extent that they constitute fund application rules, are also the responsibility of the UCITS’ Home State regulator. As such, these responsibilities may overlap between the competent authorities of the Home and Host States. EEA UCITS management companies providing collective portfolio management services for a UCITS scheme, whether from a branch in the United Kingdom or under the freedom to provide cross border services, are therefore advised that they will be expected to comply with the requirements of this section, except for COLL 6.12.3R(2) which, as a notification requirement, is a matter reserved for the rules of the management company’s Home State.

Risk management process

6.12.3 R (1) An authorised fund manager of a UCITS scheme or a UK UCITS management company of an EEA UCITS scheme must use a risk management process enabling it to monitor and measure at any time the risk of the scheme’s positions and their contribution to the overall risk profile of the scheme.

(2) An authorised fund manager (excluding the EEA UCITS management company of a UCITS scheme) or a UK UCITS management company of an EEA UCITS scheme must regularly notify the following details of the risk management process to the FSA and at least on an annual basis:

(a) a true and fair view of the types of derivatives and forward transactions to be used within the scheme together with their underlying risks and any relevant quantitative limits; and

(b) the methods for estimating risks in derivative and forward transactions.

[Note: article 51(1), first and third paragraphs, of the UCITS Directive and article 45(1) of the UCITS implementing Directive]
6.12 G  (1) The risk management process in COLL 6.12.3R should take account of the investment objectives and policy of the scheme as stated in the most recent prospectus.

(2) The depositary of a UCITS scheme should take reasonable care to review the appropriateness of the risk management process in line with its duties under COLL 6.6.4R (General duties of the depositary) and COLL 6.6.14R (Duties of the depositary and authorised fund manager: investment and borrowing powers), as appropriate.

(3) An authorised fund manager or a UK UCITS management company is expected to demonstrate more sophistication in its risk management process for a scheme with a complex risk profile than for one with a simple risk profile. In particular, the risk management process should take account of any characteristic of non-linear dependence in the value of a position to its underlying.

(4) An authorised fund manager or a UK UCITS management company should take reasonable care to establish and maintain such systems and controls as are appropriate to its business as required by SYSC 4.1 (General requirements).

(5) The risk management process should enable the analysis required by COLL 6.12.3R to be undertaken at least daily or at each valuation point, whichever is more frequent.

(6) An authorised fund manager or a UK UCITS management company of an EEA UCITS scheme should undertake the risk assessment required by COLL 5.2.20R(7)(d) (Permitted transactions (derivatives and forwards)) with the highest care when the counterparty to the derivative transaction is an associate of the authorised fund manager, the UK UCITS management company or the credit issuer.

[Note: CESR’s UCITS eligible assets guidelines with respect to article 8(2)(d) of the UCITS eligible assets Directive]

Risk management policy

6.12.5 R  (1) An authorised fund manager of a UCITS scheme or a UK UCITS management company of an EEA UCITS scheme must establish, implement and maintain an adequate and documented risk management policy for identifying the risks to which that scheme is or might be exposed.

(2) The risk management policy must comprise such procedures as are necessary to enable the authorised fund manager or UK UCITS management company to assess the exposure of each UCITS it manages to market risk, liquidity risk and counterparty risk, and to all other risks, including operational risk, that might be material for that scheme.
(3) The risk management policy must address at least the following elements:

(a) the techniques, tools and arrangements that enable the 
   authorised fund manager or UK UCITS management company 
   to comply with the obligations set out in this section and COLL 
   5.3 (Derivative exposure);

(b) the allocation of responsibilities within the authorised fund 
   manager or UK UCITS management company pertaining to risk 
   management; and

(c) the terms, contents and frequency of reporting of the risk 
   management function referred to in COLL 6.11.2R (Permanent 
   risk management function) to the governing body, senior 
   personnel and, where appropriate, to the supervisory function.

(4) To meet its obligations in (1), (2) and (3) an authorised fund manager or 
    a UK UCITS management company must take into account the nature, 
    scale and complexity of its business and of the UCITS it manages.

[Note: article 38 of the UCITS implementing Directive]

6.12.6 G UK UCITS management companies operating EEA UCITS schemes are advised 
    that to the extent that the matters referred to in COLL 6.12.5R(3)(a) are viewed 
    by the UCITS Home State regulator as falling under its responsibility, they will 
    be expected to comply with the UCITS Home State measures implementing 
    articles 40 and 41 of the UCITS implementing Directive.

Monitoring of risk management policy

6.12.7 R (1) An authorised fund manager of a UCITS scheme or a UK UCITS 
    management company of an EEA UCITS scheme must assess, monitor 
    and periodically review:

(a) the adequacy and effectiveness of the risk management policy 
    and of the arrangements, processes and techniques referred to in 
    COLL 6.12.5R;

(b) the level of compliance by the authorised fund manager or the 
    UK UCITS management company with the risk management 
    policy and with those arrangements, processes and techniques 
    referred to in COLL 6.12.5R; and

(c) the adequacy and effectiveness of measures taken to address 
    any deficiencies in the performance of the risk management 
    process.
(2) The authorised fund manager (excluding an EEA UCITS management company of a UCITS scheme) or a UK UCITS management company of an EEA UCITS scheme must notify the FSA of any material changes to the risk management process.

[Note: article 39(1) and 39(2) of the UCITS implementing Directive]

6.12.8 G UK UCITS management companies are advised that when they applied for authorisation from the FSA under the Act, their ability to comply with the requirements in COLL 6.12.7R would have been assessed by the FSA as an aspect of their fitness and properness in determining whether the threshold conditions set out in Schedule 6 (Threshold conditions) of the Act were met. Firms are further advised that their compliance with these requirements is subject to review by the FSA on an ongoing basis in determining whether they continue to meet the threshold conditions.

[Note: article 39(3) of the UCITS implementing Directive]

Measurement and management of risk

6.12.9 R (1) An authorised fund manager of a UCITS scheme or a UK UCITS management company of an EEA UCITS scheme must adopt adequate and effective arrangements, processes and techniques in order to:

(a) measure and manage at any time the risks to which that UCITS is or might be exposed; and

(b) ensure compliance with limits concerning global exposure and counterparty risk, in accordance with COLL 5.2.11BR (Counterparty risk and issuer concentration) and COLL 5.3 (Derivative exposure).

(2) For the purposes of (1), the authorised fund manager or a UK UCITS management company must take the following actions for each UCITS it manages:

(a) put in place such risk measurement arrangements, processes and techniques as are necessary to ensure that the risks of positions taken and their contribution to the overall risk profile are accurately measured on the basis of sound and reliable data and that the risk measurement arrangements, processes and techniques are adequately documented;

(b) conduct, where appropriate, periodic back-tests in order to review the validity of risk measurement arrangements which include model-based forecasts and estimates;

(c) conduct, where appropriate, periodic stress tests and scenario analyses to address risks arising from potential changes in market conditions that might adversely impact the UCITS;
(d) establish, implement and maintain a risk limit system for each 
UCITS;

(e) ensure that the current level of risk complies with that risk limit 
system; and

(f) establish, implement and maintain adequate procedures that, in 
the event of actual or anticipated breaches to that risk limit 
system, result in timely remedial actions in the best interests of 
unitholders.

(3) The arrangements, processes and techniques referred to in (1) should be 
proportionate in view of the nature, scale and complexity of the business 
of the authorised fund manager or the UK UCITS management 
company and the UCITS it manages and be consistent with the UCITS’ 
risk profile.

[Note: articles 40(1) and 40(2) of the UCITS implementing Directive]

6.12.10 G UK UCITS management companies operating EEA UCITS schemes are advised 
that to the extent that the matters referred to in COLL 6.12.9R(1)(b) are viewed 
by the UCITS Home State regulator as falling under its responsibility, they will 
be expected to comply with the UCITS Home State measures implementing 
articles 41 and 43 of the UCITS implementing Directive.

6.12.11 R (1) An authorised fund manager or a UK UCITS management company of 
an EEA UCITS scheme must employ an appropriate liquidity risk 
management process in order to ensure that each UCITS it manages is 
able to comply at any time with COLL 6.2.16R (Sale and redemption) or 
the equivalent UCITS Home State measures implementing article 84(1) 
of the UCITS Directive.

(2) Where appropriate, the authorised fund manager or UK UCITS 
management company must conduct stress tests to enable it to assess the 
liquidity risk of the UCITS under exceptional circumstances.

[Note: article 40(3) of the UCITS implementing Directive]

6.12.12 R An authorised fund manager or a UK UCITS management company of an EEA 
UCITS scheme must ensure that, for each UCITS it manages, the liquidity 
profile of the investments of the scheme is appropriate to the redemption policy 
laid down in the instrument constituting the scheme or the prospectus.

(3) COLL 7.6.2R(3) to (6) apply to a domestic UCITS merger and cross-border UCITS merger. Arrangements constituting any such merger are in addition subject to the requirements of COLL 7.7 (UCITS mergers), implementing the requirements of the UCITS Directive.

After COLL 7.6 insert the following new section. The text is not underlined.

7.7 UCITS mergers

Application

7.7.1 R This section applies to an ICVC, an authorised fund manager of an AUT or ICVC, any other director of an ICVC and the depositary of any such scheme where, in each case, the AUT or ICVC is a UCITS scheme that is a party to:

(1) a domestic UCITS merger; or

(2) a cross-border UCITS merger.

7.7.2 G (1) The effect of COLL 7.7.1R, and in particular the narrow Glossary definition of domestic UCITS merger which is drafted in accordance with article 2.1(r) of the UCITS Directive, is that this section will not apply to a merger in the United Kingdom between two or more UCITS schemes unless one of them has been the subject of a UCITS marketing notification.

(2) For arrangements to constitute a cross-border UCITS merger, at least two of the relevant UCITS must be:

(a) established in different EEA States; or

(b) established in the same EEA State and be merging into a newly constituted UCITS established in another EEA State.

References to a UCITS scheme

7.7.3 R In this section references to:

(1) a UCITS scheme, a merging UCITS, a receiving UCITS or to an EEA UCITS scheme include the sub-fund of any such scheme;

(2) the management company of an EEA UCITS scheme are to the operator of the scheme.

[Note: article 37 of the UCITS Directive]

UCITS mergers
7.7.4 R A **domestic UCITS merger** between two or more **UCITS schemes**, or a **cross-border UCITS merger** between one or more **UCITS schemes** which is or are the **merging UCITS** and one or more **EEA UCITS schemes**, is permissible provided:

1. it is effected in accordance with the requirements of:
   a. the **UCITS Regulations 2011**, which include the need for the **FSA** to have made a prior order approving the proposed merger (which may be made subject to (2)); and
   b. this chapter; and

2. in the case of a **UCITS scheme** that is:
   a. a **merging UCITS** in a **domestic or cross-border UCITS merger**, an **extraordinary resolution** is approved by **unitholders** in accordance with **COLL 7.6.2R(3) and (4)** (Schemes of arrangement: requirements); and
   b. a **receiving UCITS** in a **domestic or cross-border UCITS merger**, the **manager** and **trustee** of the **AUT** and the **directors** of the **ICVC** comply with **COLL 7.6.2R(5) and (6)**.

**[Note: articles 39(1), 39(4) and 44 first paragraph of the UCITS Directive]**

Meetings of unitholders

7.7.5 G (1) The effect of **COLL 7.7.4R(2)(a)** is that the 75% majority that is needed in support for an **extraordinary resolution** of **unitholders** to be passed is without prejudice to the presence quorum that is required by **COLL 4.4.6R** (Quorum).

(2) Any meeting of **unitholders** that is needed to give effect to a proposed **UCITS merger** is subject to the requirements of **COLL 4.4** (Meeting of unitholders and service of notices).

**UCITS Regulations 2011**

7.7.6 G (1) The requirements and the process which must be followed to give effect to a proposal for a **UCITS merger** as specified by Chapter VI of the **UCITS Directive** (see articles 37 to 48) have been implemented in the **United Kingdom** by the provisions of Part 4 of the **UCITS Regulations 2011**. The main features of the regime as set out in those provisions include:

a. the different types of merger operation that will be recognised for a **UCITS merger**;

b. the need for the **FSA** to give prior approval to the proposed merger under regulation 9 (Application for authorisation) of the **UCITS Regulations 2011**, where the arrangements proposed constitute either:
(i) a domestic UCITS merger; or

(ii) a cross-border UCITS merger in which the merging UCITS is a UCITS scheme (a UK UCITS);

(c) the information that has to be given to the FSA in order to obtain the approval under (b);

(d) the need for draft terms of merger to be prepared;

(e) the role of the relevant depositaries and auditors;

(f) the need for appropriate and accurate information to be prepared for the benefit of unitholders;

(g) rights of redemption and suspension of dealing in units in the relevant UCITS; and

(h) the consequences of the proposed merger.

(2) Firms are advised that they do not need to seek approval from the FSA under section 251 (Alteration of schemes and changes of manager or trustee) of the Act or, as the case may be, regulation 21 (The Authority’s approval for certain changes in respect of a company) of the OEIC Regulations where they are required to obtain the prior approval of the FSA to a proposed merger under regulation 9 of the UCITS Regulations 2011.

(3) A summary of how the regime for UCITS mergers operates is to be found in COLLG.

Common draft terms of merger

7.7.7 R (1) The authorised fund manager of a UCITS scheme that is a merging UCITS or a receiving UCITS in a proposed UCITS merger, must in conjunction with any other authorised fund manager or, as the case may be, management company of an EEA UCITS scheme that is a party to the proposed merger, draw up common draft terms of the proposed UCITS merger.

(2) The common draft terms in (1) must set out the following particulars:

(a) an identification of the type of UCITS merger and of the UCITS involved;

(b) the background to and the rationale for the proposed UCITS merger;

(c) the expected impact of the proposed UCITS merger on the unitholders of both the merging UCITS and the receiving UCITS;
(d) the criteria adopted for valuation of the assets and, where applicable, the liabilities of the UCITS on the date for calculating the exchange ratio as referred to in regulation 13 (Consequences of a merger) of the UCITS Regulations 2011;

(e) the calculation method of the exchange ratio;

(f) the planned effective date of the UCITS merger;

(g) the rules applicable respectively to the transfer of assets and the exchange of units; and

(h) in the case of a UCITS merger where the receiving UCITS or the sub-fund is being specially formed for the purpose, the instrument constituting the scheme of the newly constituted receiving UCITS.

[Note: article 40(1) of the UCITS Directive]

7.7.8 G The management companies of the merging UCITS and the receiving UCITS may decide to include further items in the common draft terms of the UCITS merger.

[Note: article 40(2) of the UCITS Directive]

Verification by the depositary

7.7.9 R The depositary of a UCITS scheme that is either a merging UCITS or a receiving UCITS in a proposed UCITS merger must verify that the statements in the common draft terms of merger required under COLL 7.7.7R (2)(a), (f) and (g), to the extent they relate to the scheme for which it is the depositary, conform with the provisions of the regulatory system and the instrument constituting the scheme.

[Note: article 41 of the UCITS Directive]

Information to be given to unitholders

7.7.10 R (1) The authorised fund manager of a UCITS scheme that is a merging UCITS or a receiving UCITS in a proposed UCITS merger must ensure that a document containing appropriate and accurate information on the merger is provided to the unitholders of that scheme so as to enable them to:

(a) make an informed judgment about the impact of the proposal on their investment;

(b) exercise their rights under regulation 12 (Right of redemption) of the UCITS Regulations 2011; and

(c) where applicable, exercise their right to vote on whether or not to approve the merger in accordance with COLL 7.7.4R(2)(a) (UCITS mergers).
(2) Where a UCITS scheme is the merging UCITS in a domestic UCITS merger or cross-border UCITS merger, its authorised fund manager must provide the information document in (1):

(a) to the unitholders of the merging UCITS and (in the case of a domestic UCITS merger) the receiving UCITS only after the FSA has given its approval to the UCITS merger proposal under regulation 9 of the UCITS Regulations 2011; and

(b) where the receiving UCITS (in the case of a cross-border UCITS merger) is an EEA UCITS scheme, to the unitholders of that scheme only after the Home State regulator of each merging UCITS has authorised the UCITS merger proposal under national measures implementing article 39 of the UCITS Directive;

and in either case must do so at least 30 days before the last date by which unitholders may request repurchase or redemption of their units or, where applicable, conversion without additional charge.

(3) The information document to be provided to the unitholders of the merging UCITS and the receiving UCITS under (1) must include the following:

(a) the background to and the rationale for the proposed UCITS merger;

(b) the possible impact of the proposed UCITS merger on unitholders, including but not limited to any material differences in respect of investment policy and strategy, costs, expected outcome, periodic reporting, possible dilution in performance, and, where relevant, a prominent warning to investors that their tax treatment may be changed following the UCITS merger;

(c) any specific rights unitholders have in relation to the proposed UCITS merger, including but not limited to:

(i) the right to obtain additional information;

(2) In the case of a proposed *cross-border UCITS merger*, the *authorised fund manager* of the *UCITS scheme*, being either the *merging UCITS* or the *receiving UCITS* respectively, must explain in plain language any terms or procedures relating to the *EEA UCITS scheme* which differ from those commonly used in the *United Kingdom*.

(3) The information to be provided to the *unitholders* of the *merging UCITS* must meet the needs of investors who have no prior knowledge of the features of the *receiving UCITS* or of the manner of its operation, drawing their attention to the *key investor information* of the *receiving UCITS* and emphasising the desirability of reading it.

(4) The information to be provided to the *unitholders* of the *receiving UCITS* must focus on the operation of the merger and its potential impact on the *receiving UCITS*.

7.7.13  R  (1)  Where the merging UCITS is a UCITS scheme, the information document that its authorised fund manager must provide to its unitholders under COLL 7.7.10R(3)(b) must also include:

(a) details of any differences in the rights of unitholders of the merging UCITS before and after the proposed UCITS merger takes effect;

(b) if the key investor information of the merging UCITS and the receiving UCITS show synthetic risk and reward indicators in different categories, or identify different material risks in the accompanying narrative, a comparison of those differences;

(c) a comparison of all charges, fees and expenses for both schemes, based on the amounts disclosed in their respective key investor information;

(d) if the merging UCITS applies a performance-related fee, an explanation of how it will be applied up to the point at which the merger becomes effective;

(e) if the receiving UCITS applies a performance-related fee, how it will subsequently be applied to ensure fair treatment of those unitholders who previously held units in the merging UCITS;

(f) in cases where costs associated with the preparation and the completion of the merger may be charged to either the merging or the receiving UCITS or any of their unitholders, details of how those costs are to be allocated; and

(g) an explanation of whether the authorised fund manager of the merging UCITS itself intends to undertake any rebalancing of the portfolio before the merger takes effect.

(2) The information to be provided under COLL 7.7.10R(3)(c) must also include:

(a) details of how any accrued income in each scheme is to be treated; and

(b) an indication of how the report of the independent auditor or the depositary may be obtained.

(3) The information to be provided in accordance with COLL 7.7.10R(3)(d) must include:

made to inform them of the outcome;

(b) the details of any intended suspension of dealing in units to enable the merger to be carried out efficiently; and

(c) when the merger will take effect in accordance with regulation 13 of the UCITS Regulations 2011.

(4) The information to be provided to the unitholders of the merging UCITS must include:

(a) the period during which those unitholders will be able to continue making subscriptions and requesting redemptions of units in the scheme;

(b) the time when those unitholders not making use of their rights granted under regulation 12 of the UCITS Regulations 2011, within the relevant time limit, will be able to exercise their rights as unitholders of the receiving UCITS; and

(c) an explanation that once the merger proposal is approved by the resolution of a general meeting of the unitholders of the merging UCITS, those unitholders who vote against the proposal or who do not vote at all, and who do not make use of their rights granted under regulation 12 of the UCITS Regulations 2011 within the relevant time limit, will become unitholders of the receiving UCITS.

(5) If a summary of the key points of the merger proposal is provided at the beginning of the document providing information on the merger proposal, it must cross-refer to the parts of the document where further information is provided.

[Note: article 4 of the UCITS implementing Directive No 2]

Specific rules regarding the content of merger information to be provided to unitholders of the receiving UCITS

7.7.14 R (1) Where the receiving UCITS is a UCITS scheme, the information that its authorised fund manager must provide to its unitholders under COLL 7.7.10(3)(b) must also include an explanation of whether the authorised fund manager expects the merger to have any material effect on the portfolio of the receiving UCITS, and whether it intends to undertake any rebalancing of the portfolio either before or after the merger takes effect.

(2) In addition to (1), the authorised fund manager of the receiving UCITS must provide to its unitholders the information referred to in COLL 7.7.13R(2), (3), and (5).

[Note: article 4 of the UCITS implementing Directive No 2]
7.7.15  G  

(1) An authorised fund manager may add other information to that which is required by COLL 7.7.12R to COLL 7.7.14R if it considers that it is relevant in the context of the proposed UCITS merger. For example, it may be appropriate for the information provided in accordance with COLL 7.7.13R(3)(a) to contain a recommendation by the respective manager of an AUT or the directors of an ICVC as to the course of action the unitholders should take.

(2) Where an authorised fund manager chooses to include a summary of the key points as allowed by COLL 7.7.13R(5), its inclusion does not relieve the authorised fund manager of its obligation to avoid the use of long or technical explanations in the rest of the document.

Key investor information

7.7.16  R  
The authorised fund manager of a merging UCITS must provide an up-to-date version of the key investor information of the receiving UCITS to its existing unitholders.

[Note: article 5(1) of the UCITS implementing Directive No 2]

7.7.17  R  

(1) Where a UCITS scheme is the receiving UCITS in a cross-border UCITS merger, its authorised fund manager must ensure that an up-to-date version of the key investor information document of the receiving UCITS is made available to the management company of the merging UCITS for the purpose of providing it to investors in that UCITS.

(2) Where the key investor information document of the receiving UCITS has been amended for the purpose of (1), the authorised fund manager of the receiving UCITS must also provide it to all its existing unitholders.

[Note: article 5(2) of the UCITS implementing Directive No 2]

New unitholders

7.7.18  R  
Between the date when the information required under COLL 7.7.10R is provided to unitholders and the date when the merger takes effect, the information document and the up-to-date key investor information of the receiving UCITS must be provided to each person who purchases or subscribes for units in either the merging UCITS or the receiving UCITS or who asks to receive copies of the instrument constituting the scheme, prospectus or key investor information of either scheme.

[Note: article 6 of the UCITS implementing Directive No 2]

Method of providing merger information to unitholders

7.7.19  R  
The authorised fund manager of the merging UCITS and the receiving UCITS...
must provide the information required by COLL 7.7.10R to COLL 7.7.14R to
unitholders in a durable medium.

[Note: article 7 of the UCITS implementing Directive No 2]

7.7.20 R The authorised fund manager of a UCITS scheme that is either a merging UCITS
or a receiving UCITS must ensure that any legal, advisory, administrative or any
other costs associated with the preparation and completion of the UCITS merger

accordance with regulation 9 of the UCITS Regulations 2011.

(2) For a UCITS scheme which is the receiving UCITS in a cross-border
UCITS merger, the effective date of the merger will be the date agreed by
the FSA and the merging UCITS’ Home State regulator.

(3) For a UCITS scheme which is the receiving UCITS in a domestic UCITS
merger or a cross-border UCITS merger:

(a) the date for calculating the exchange ratio of units of the merging
UCITS into units of the receiving UCITS and, where applicable,
for determining the relevant net asset value for cash will be the
date specified in the common terms of merger for that purpose;
and

(b) the FSA will publish the entry into effect of the merger in the
record it keeps under section 347 (The record of authorised
persons etc) of the Act in accordance with regulation 14 of the
UCITS Regulations 2011.

(4) For a UCITS scheme which is the merging UCITS in a cross-border
UCITS merger, the dates referred to in (2) and (3)(a) will be determined
by the laws of the receiving UCITS Home State. Those dates will be after
the date on which the merger proposal has been approved in accordance
with COLL 7.7.4R (2)(a) (UCITS mergers).

7.7.22 R The authorised fund manager of a UCITS scheme that is the receiving UCITS in either a domestic or cross-border UCITS merger must confirm in writing to the depositary of the UCITS scheme and the FSA that the merger transfer is complete.

[Note: article 48(4) of the UCITS Directive]

7.7.23 G Regulation 13 of the UCITS Regulations 2011 sets out the conditions that must be fulfilled for a merger transfer to be considered complete.

**Note 1:** “x” means “applies”, but not every paragraph in every provision referred to will necessarily apply.

**Note 2:** COLL 11.5 (with the exception of COLL 11.5.6R) applies to auditors.

**Purpose**

11.1.3 G (1) This chapter sets out:

(a) the notification requirements for a UCITS scheme to be approved as a feeder UCITS under section 283A (Master-feeder structures) of the Act; and

(b) the requirements which apply to a feeder UCITS where its master UCITS is wound up, merges with another UCITS or is divided into one or more UCITS.

(2) This chapter also ensures there is a flow of information and documents between a feeder UCITS and its master UCITS. In particular, it allows the authorised fund manager, depositary and auditor of a feeder UCITS to obtain all information and documents necessary to perform their functions.

(3) COLL 11.5 (Auditors) also imposes requirements on auditors of a master UCITS and a feeder UCITS.

(4) In this section references to:

(a) a UCITS scheme, a feeder UCITS, a master UCITS, or EEA UCITS scheme include the sub-fund of any such scheme and references to winding up a scheme are to be read as also applying to the termination of a sub-fund; and

(b) the management company of an EEA UCITS scheme are to the
11.2 Approval of a feeder UCITS

Explanation

11.2.1 G (1) Section 283A(1) (Master-feeder structures) of the Act, in implementation of article 59(1) of the UCITS Directive, provides that the operator of a UCITS scheme may not invest a higher proportion of scheme property in units of another UCITS than is permitted by rules made by the FSA implementing article 55 of the UCITS Directive, unless the investment is approved by the FSA in accordance with that section.

(2) The FSA has implemented article 55(1) of the UCITS Directive in COLL 5.2.11R(9), which provides that not more than 20% in value of a scheme is to consist of the units of any one collective investment scheme.

Application for approval of an investment in a master UCITS

11.2.2 R (1) An application for approval of an investment in a master UCITS under section 283A of the Act must be accompanied by the following documents:

(a) the instrument constituting the scheme of the feeder UCITS and of the master UCITS;

(b) the prospectus and the key investor information referred to in COLL 4.7.2R (Key investor information) of the feeder UCITS and of the master UCITS;

(c) the master-feeder agreement or the internal conduct of business rules in accordance with COLL 11.3.2R(2) (Master-feeder agreement and internal conduct of business rules);

(d) where applicable, the information to be provided to unitholders in accordance with COLL 4.8.3R (Information to be provided to unitholders);

(e) if the master UCITS and the feeder UCITS have different depositaries, the information-sharing agreement in accordance with COLL 11.4.1R(2) (Information-sharing agreement between depositaries); and

(f) if the master UCITS and the feeder UCITS have different auditors, the information-sharing agreement in accordance with COLL 11.5.1R (Information-sharing agreement between auditors).

(2) Where the master UCITS is an EEA UCITS scheme, the application for approval must also be accompanied by an attestation by the master
UCITS’s Home State regulator that the master UCITS:

(a) is an EEA UCITS scheme or a sub-fund of it; and

(b) fulfils the conditions set out in article 58(3)(b) and (c) of the UCITS Directive.

(3) The documents referred to in (1) and (2) must be provided in English.

[Note: article 59(3) of the UCITS Directive]

11.3 Co-ordination and information exchange for master and feeder UCITS

Authorised fund manager of a master UCITS: provision of documentation

11.3.1 R The authorised fund manager of a UCITS scheme that is a master UCITS must provide the management company of its feeder UCITS with all documents and information necessary for the latter to meet its regulatory obligations under the UCITS Directive.

[Note: article 60(1) first paragraph first sentence of the UCITS Directive]

Master-feeder agreement and internal conduct of business rules

11.3.2 R (1) The authorised fund manager of a UCITS scheme that is a feeder UCITS must enter into a master-feeder agreement which, at a minimum, complies with COLL 11 Annex 1R.

(2) Where a master UCITS and a feeder UCITS are managed by the same management company, the master-feeder agreement may be replaced by internal conduct of business rules which, at a minimum, comply with COLL 11 Annex 2R.

(3) The authorised fund manager of a feeder UCITS must not invest in units of the master UCITS in excess of the limit applicable under COLL 5.2.11R(9) (Spread: general) (20%) until the period of 30 calendar days referred to in COLL 4.8.3R(1) (Information to be provided to unitholders) has elapsed and the following have become effective:

(a) the master-feeder agreement, or, if applicable under (2), the internal conduct of business rules;

(b) the information-sharing agreement of the depositaries in accordance with COLL 11.4.1R(2) (Information-sharing agreement between depositaries); and

(c) the information-sharing agreement of the auditors in accordance with COLL 11.5.1R (Information-sharing agreement between auditors).
An authorised fund manager of a feeder UCITS must make a copy of the master-feeder agreement or, where applicable, the internal conduct of business rules, available to unitholders free of charge on their request.

[Note: article 60(1) first paragraph last sentence, second and third paragraphs, article 61(1) second paragraph, article 62(1) second paragraph and article 64 third paragraph of the UCITS Directive]

Where an authorised fund manager of a feeder UCITS enters into a master-feeder agreement or, if applicable, internal conduct of business rules, with the management company of an EEA UCITS scheme, references in COLL 11 Annex 1R and COLL 11 Annex 2R to COLL rules implementing provisions in the UCITS Directive which are the responsibility of the EEA UCITS scheme’s Home State regulator should be read as referring to the corresponding provisions in the laws and regulations of that EEA State.

In relation to the requirements in COLL 11 Annex 1(3) and Annex 2(2), where the dealing arrangements between a master UCITS and a feeder UCITS do not differ from those applying to all non-feeder UCITS unitholders of the master UCITS, the master-feeder agreement or the internal conduct of business rules do not have to replicate those standard dealing arrangements, but may cross-refer to the relevant parts of the prospectus of the master UCITS.

[Note: recital (8) to the UCITS implementing Directive No 2]

Law applicable to the master-feeder agreement

Where the feeder UCITS and the master UCITS are UCITS schemes, the master-feeder agreement must provide that the law of a specified part of the United Kingdom applies to the agreement and that both parties agree to the exclusive jurisdiction of the courts of that part of the United Kingdom.

Where the feeder UCITS and the master UCITS are established in different EEA States, the master-feeder agreement must provide that the applicable law shall be either:

(a) the law of the EEA State in which the feeder UCITS is established;

(b) the law of the EEA State in which the master UCITS is established;

and that both parties agree to the exclusive jurisdiction of the courts of the EEA State whose law they have stipulated to be applicable to the agreement.

[Note: article 14 of the UCITS implementing Directive No 2]
11.3.6  R  (1) The **authorised fund managers** of a **master UCITS** and its **feeder UCITS** must take appropriate measures to co-ordinate the timing of their net asset value calculation and publication, including the publication of **dealing prices**, in order to avoid market timing in their **units**, preventing arbitrage opportunities.

(2) Where either the **master UCITS** or **feeder UCITS** is an **EEA UCITS scheme** managed by an **EEA UCITS management company**, the **authorised fund manager** must co-ordinate with that management company.

[Note: article 60(2) of the **UCITS Directive**]

Obligations of the feeder UCITS

11.3.7  R  (1) An **authorised fund manager** of a **feeder UCITS** must monitor effectively the activity of the **master UCITS**.

12 Management company and product passports under the UCITS Directive

12.1 Introduction

Application

12.1.1 R (1) COLL 12.1 (Introduction) – COLL 12.3 (EEA UCITS management companies) apply to:

(a) a UK UCITS management company that operates an EEA UCITS scheme; and

(b) (i) an EEA UCITS management company that acts as:

(A) the manager of an AUT; or

(B) the ACD of an ICVC;

(ii) any other director of an ICVC; and

(iii) an ICVC;

that is a UCITS scheme.

(2) COLL 12.4 (UCITS product passport) applies in accordance with COLL 12.4.1R (Application).

Purpose

12.1.2 G (1) This chapter contains rules and guidance relating to the operation of the management company passport under the UCITS Directive and explains how the passporting regime applies to:

(a) a UK UCITS management company that operates an EEA UCITS scheme; and

(b) an EEA UCITS management company that acts as the manager of an AUT or the ACD of an ICVC that is a UCITS scheme;

whether from a branch it establishes in an EEA State other than its Home State or under the freedom to provide cross border services.

(2) COLL 12.4 (UCITS product passport) contains rules and guidance relating to the operation of the product passport under the UCITS Directive under which a UCITS scheme established in the United Kingdom may passport into and be marketed in another EEA State (the Host State).

12.1.3 G Where an authorised fund manager wishes to market the units of a UCITS scheme it operates in a Host State, without establishing a branch or pursuing
any other activities in that State, a management company passport is not required for those marketing activities. A UCITS marketing notification should be made for the relevant UCITS scheme (see COLL 12.4 (UCITS product passport) in order to access the market of the Host State. The marketing must be carried on in conformity with the laws and regulations of that Host State implementing Chapter XI of the UCITS Directive.

[Note: article 16(1) second paragraph of the UCITS Directive]

12.2 UK UCITS management companies

Application

12.2.1 R This section applies to a UK UCITS management company that operates an EEA UCITS scheme by establishing a branch in another EEA State or under the freedom to provide cross-border services.

References in COLL to authorised fund manager

12.2.2 R Where this section refers to rules in any other part of this sourcebook, references in those rules and any relevant guidance to an authorised fund manager, AFM or operator of a UCITS scheme are to be interpreted as if they are referring to a UK UCITS management company of the EEA UCITS scheme.

Home State/Host State split of regulatory and supervisory responsibilities for UK UCITS management companies operating under a passport

12.2.3 R A UK UCITS management company that operates an EEA UCITS scheme must in relation to that activity comply with the rules which relate to:

(1) the organisation of the management company, including delegation arrangements;
(2) risk-management procedures;
(3) prudential rules and supervision;
(4) operating conditions; and
(5) reporting requirements.

[Note: article 19(1) of the UCITS Directive]

Arrangements and organisational decisions

12.2.4 R A UK UCITS management company that operates an EEA UCITS scheme must decide and be responsible for adopting and implementing all the arrangements and organisational decisions that are necessary to ensure compliance with rules drawn up by the EEA State in which that scheme is established, in implementation of its obligations under articles 19(3) and 19(4) of the UCITS
12.2.5 G The FSA’s equivalent rules under articles 19(3) and 19(4) of the Directive are set out in COLL 12.3.5R (COLL fund rules under the management company passport: the fund application rules) and COLL 6.6.3R (Functions of the authorised fund manager).

Rules of conduct: UK UCITS management companies operating in another Member State

12.2.6 G (1) Each EEA State, including the United Kingdom, is required to implement article 14 of the UCITS Directive by drawing up rules of conduct which management companies authorised in that State must observe at all times, except as explained in (3).

(2) UK UCITS management companies operating an EEA UCITS scheme under the freedom to provide cross border services (otherwise than by establishing a branch in that State) are advised that, as provided for elsewhere in the Handbook, they are required to comply with the following rules and guidance in relation to such business, as follows:

(a) COLL 6.6A.2R (Duties of AFMs of UCITS schemes and EEA UCITS schemes to act in the best interests of the scheme and its unitholders);

(b) COLL 6.6A.4R (Due diligence requirements of AFMs of UCITS schemes and EEA UCITS schemes);

(c) COLL 6.6A.5R (Compliance with the regulatory requirements applicable to the conduct of business activities of a UCITS management company);

(d) SYSC, to the extent indicated in column A+ (Application to a management company) of Part 3 of SYSC 1 Annex 1 (Detailed application of SYSC); and

(e) COBS, to the extent indicated at paragraph 9.1 of Part 3 of COBS 1 Annex 1 (Application).

(3) Rules of conduct drawn up by a Host State under article 14 of the UCITS Directive are for branch operations reserved to that State under article 17(4) of that Directive. A UK UCITS management company operating an EEA UCITS scheme from a branch in an EEA State other than the United Kingdom, should be aware that it will be expected to comply with the relevant requirements of its Host State regulator that correspond to the rules referred to at (2)(a) to (c) and (e). Further guidance on the COBS position may be found at paragraph 9 of Part 3 of COBS 1 Annex 1 (Application). As explained at paragraph 2.16AR of Part 2 of SYSC 1 Annex 1 (Detailed application of SYSC), SYSC, to the
extent indicated in column A+ (Application to a management company) of Part 3 of SYSC 1 Annex 1, applies to a UK UCITS management company in relation to passported activities carried on by it from a branch in another EEA State, reflecting that responsibility for such matters is shared between the management company’s Home and Host State regulators.

[Note: articles 14, 17(4) and 18(3) of the UCITS Directive]

Notification to the UCITS Home State regulator

12.2.7 G (1) A UK UCITS management company which applies to operate an EEA UCITS scheme in another EEA State is advised that it must comply with the requirements of the Host State regulator regarding provision to them of the following documents:

(a) the written agreement it has entered into with the depositary of the EEA UCITS scheme, as referred to in articles 23 and 33 of the UCITS Directive; and

(b) information on delegation arrangements (if any), regarding functions of investment management and administration which are to be delegated to a third party.

(2) If the UCITS management company already manages other UCITS of the same type in the EEA State referred to in (1), reference to the documents already provided should be sufficient.

(3) Any subsequent material modifications of the documents referred to in (1) must be notified by the UK UCITS management company to the Host State regulator.

[Note: article 20(1) and 20(4) of the UCITS Directive]

Requirement to make information available to the public or the competent authority of the scheme’s Home Member State

12.2.8 G A UK UCITS management company that operates an EEA UCITS scheme is advised that in accordance with the requirements of the Host State regulator it must establish appropriate procedures and arrangements to make information available at the request of the public or that regulator.

12.3 EEA UCITS management companies

Application

12.3.1 R This section applies to an EEA UCITS management company that provides collective portfolio management services in the United Kingdom by acting as the manager of an AUT or the ACD of an ICVC which is a UCITS scheme, either by establishing a branch or under the freedom to provide cross border
services.

Purpose

12.3.2 G  (1) An EEA UCITS management company may be the manager of an AUT, or the ACD of an ICVC, that is a UCITS scheme (see SUP 13A (Qualifying for authorisation under the Act)).

(2) An EEA UCITS management company that acts as the manager of an AUT, or the ACD of an ICVC, that is a UCITS scheme may conduct its business from a branch in the United Kingdom or under the freedom to provide cross border services (without establishing a branch in the United Kingdom).

(3) The Glossary definition of an “authorised fund manager” includes an EEA UCITS management company.

(4) This section provides for the application of the FSA Handbook to such a firm.

[Note: article 16(1) of the UCITS Directive]

Further reading on the UCITS management company passport regime

12.3.3 G  A summary of how the passport for UCITS management companies established by the UCITS Directive is intended to operate, including the processes for applying for the necessary approvals and describing the regulatory split of responsibilities between the competent authorities of the relevant Home State and Host State, is to be found in COLLG.

Provision of documentation to the FSA: EEA UCITS management companies

12.3.4 R  (1) An EEA UCITS management company which applies to manage a UCITS scheme under paragraph 15A(1) of Schedule 3 to the Act must provide the FSA with the following documents:

(a) the written agreement that has been entered into with the depositary of the scheme, as referred to in COLL 6.6.4R(6) (General duties of the depositary);

(b) information on any delegation arrangements it has made regarding the functions of investment management and administration, as referred to in Annex II of the UCITS Directive; and

(c) the form required under SUP 13A Annex 3R (EEA UCITS management companies: application for approval to manage a UCITS established in the United Kingdom).

(2) If the EEA UCITS management company already manages other UCITS schemes of the same type in the United Kingdom and under the same arrangements, reference to the documents already provided to the FSA is
sufficient compliance with (1)(a) and (b).

(3) If any subsequent material modification is made to any of the documents referred to in (1)(a) and (b), the EEA UCITS management company must promptly notify the FSA of those changes.

[Note: article 20(1) first and second paragraphs and article 20(4) of the UCITS Directive]

COLL fund rules under the management company passport: the fund application rules

12.3.5 R An EEA UCITS management company that manages a UCITS scheme must comply with the rules of the Handbook which relate to the constitution and functioning of the UCITS scheme (the fund application rules), as follows:

(1) the setting up and authorisation of the UCITS scheme (COLL 1 (Introduction), COLL 2 (Authorised fund applications), COLL 3 (Constitution), COLL 6.5 (Appointment and replacement of the authorised fund manager and the depositary), COLL 6.6 (Powers and duties of the scheme, the authorised fund manager and the depositary) (unless disapplied), COLL 6.7 (Payments), COLL 6.9.1R (Application) to COLL 6.9.8G (Undesirable or misleading names: umbrellas – guidance) and COLL 6.9.11R (Notification to the FSA in its role as registrar of ICVCs));

Requirement to make information available to the public or the FSA

12.3.6 R (1) An \textit{EEA UCITS management company} that manages a \textit{UCITS scheme} must establish appropriate procedures and arrangements to make information available at the request of the public or the FSA.

(2) The \textit{EEA UCITS management company} must ensure that the procedures and arrangements it establishes in accordance with \(1\), enable the FSA to obtain any information it requests directly from the \textit{management company}.

\[\textbf{Note:}\] article 15 second paragraph and article 21(2) third paragraph, of the \textit{UCITS Directive}

EEA UCITS management companies: compliance with FSA rules

12.3.7 G An \textit{EEA UCITS management company} that operates a \textit{UCITS scheme} is advised that in particular it needs to comply with:
(1) **COLL 6.6.3R** (Functions of the authorised fund manager) requiring it to fulfil the obligations placed on it by the *instrument constituting the scheme* and the *prospectus* of that scheme;

(2) Dispute resolution: Complaints sourcebook (*DISP* - see *DISP* 1 Annex 2G for a summary of the relevant requirements that apply, which include the *complaints handling rules* (under which the *management company* is required to be subject to the *Compulsory Jurisdiction* of the UK’s *Financial Ombudsman Service*), as set out in *DISP* 2 and 3, but note that the application of many of the requirements in *DISP* differs depending on whether the *collective portfolio management* services are being provided from a *branch* in the UK or under the freedom to provide *cross border services*);

(3) and to the extent applicable, the Compensation sourcebook (*COMP*) requiring it to participate in the UK’s *Financial Services Compensation Scheme* which provides compensation cover where valid claims relating to a *UCITS scheme* arise from the default of a *management company*.

[Note: article 16(3), 19(4) and 19(6) of the *UCITS Directive*]

**EEA UCITS management companies: conduct of business rules**

12.3.8 G (1) In addition to the requirements of this section, an *EEA UCITS management company* that provides *collective portfolio management services* from a *branch* in the *United Kingdom* must comply with the following *rules* that implement the requirements of article 14(1) of the *UCITS Directive*:

(a) **COLL 6.6A.2R** (Duties of AFMs of UCITS schemes and EEA UCITS schemes to act in the best interests of the scheme and its unitholders);

(b) **COLL 6.6A.4R** (Due diligence requirements of AFMs of UCITS schemes and EEA UCITS schemes);

(c) **COLL 6.6A.5R** (Compliance with the regulatory requirements applicable to the conduct of business activities of a UCITS management company);

(d) **SYSC**, to the extent indicated in column A+ (Application to a management company) of Part 3 of **SYSC** 1 Annex 1 (Detailed application of **SYSC**); and

(e) **COBS**, to the extent indicated at paragraph 9.1 of Part 3 of **COBS** 1 Annex 1 (Application).

(2) The effect of article 18(3) of the *UCITS Directive* is that an *EEA UCITS management company* managing a *UCITS scheme* under the freedom to provide *cross border services* without establishing a *branch* in the *United Kingdom*, has to comply with the relevant conduct of business
rules drawn up by its Home State regulator that implement the requirements of article 14(1) of the Directive. So the rules set out at (1) do not apply to such a management company. However, such management companies must comply in all respects with the fund application rules referred to in COLL 12.3.5R.

[Note: articles 14, 16(3), 17(4), 18(3) and article 19(3) of the UCITS Directive]

12.4 UCITS product passport

Application

12.4.1 R (1) This section applies to:

(a) an authorised fund manager of an AUT or ICVC;

(b) any other director of an ICVC; and

(c) an ICVC;

which is a UCITS scheme whose units may be marketed in another EEA State (the Host State).

(2) The marketing of units of a UCITS scheme in the Host State may not commence until the FSA has, in accordance with paragraph 20B(5) (Notice of intention to market) of Schedule 3 to the Act, notified the authorised fund manager, in response to the application of that firm, that it has transmitted a UCITS marketing notification to the appropriate Host State regulator.

12.4.2 G The effect of article 58(4) (b) of the UCITS Directive is that a UCITS scheme that is a master UCITS which only has one or more feeder UCITS in another EEA State and therefore does not raise capital directly from the public in that EEA State will not thereby be exercising its right to market its units in that Host State in accordance with Chapter XI of the UCITS Directive.

[Note: article 58(4)(b) of the UCITS Directive]

Availability of facilities

12.4.3 G The authorised fund manager of a UCITS scheme whose units are being marketed in a Host State should be aware that it may be required by the laws, regulations and administrative provisions of the Host State regulator to maintain facilities in that State, including for making payments to unitholders, repurchasing or redeeming units and making available the information which is required to be provided in relation to the scheme.

[Note: article 92 of the UCITS Directive]
Keeping fund documentation up to date and notification of changes

12.4.4 R (1) The authorised fund manager of a UCITS scheme whose units are being marketed in the Host State must ensure that:

(a) its instrument constituting the scheme, its prospectus and, where appropriate, its latest annual report and any subsequent half-yearly report; and

(b) its key investor information document;

(3) In the event of a change in the information regarding the arrangements made for marketing, communicated in the notification letter submitted to the FSA under paragraph 20B of Schedule 3 to the Act, or a change regarding the classes of units to be marketed, the authorised fund manager must give written notice of the change to each relevant Host State regulator before implementing the change.

(4) For the purposes of (2) and (3), the authorised fund manager may give written notice of the change by sending an e-mail to the e-mail address maintained by each relevant Host State regulator.

(5) The e-mail referred to in (4) notifying the update or amendment may:

(a) describe the update or the amendment that has been made; or

(b) provide the new version of the document as an attachment, in which case it must be provided in a commonly used electronic format.

Appendix 1EU: KII Regulation

COMMISSION REGULATION (EU) No 583/2010 of 1 July 2010 implementing Directive 2009/65/EC of the European Parliament and of the Council as regards key investor information and conditions to be met when providing key investor information or the prospectus in a durable medium other than paper or by means of a website (Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Directive 2009/65/EC of the European Parliament and of the Council of 13 July 2009 on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities (UCITS) (OJ L 302, 17.11.2009, p. 32), and in particular Article 75(4), Article 78(7), and Article 81(2) thereof,

Whereas:

(1) Directive 2009/65/EC specifies the main principles that should be followed in preparing and providing key investor information, including requirements concerning its format and presentation, its objectives, the main elements of the information that is to be disclosed, who should deliver the information to whom, and the methods that should be used for such delivery. Details on the content and format have been left to be developed further by means of implementing measures, which should be specific enough to ensure that investors receive the information they need in respect to particular fund structures.

(2) The form of a Regulation is justified as this form alone can ensure that the exhaustive content of key investor information is harmonised. Furthermore, a key investor information document will be more efficient where requirements applicable to it are identical in all Member States. All stakeholders should benefit from a harmonised regime on the form and content of the disclosure, which will ensure that information about investment opportunities in the UCITS’ market is consistent and comparable.

(3) In some cases, key investor information can be delivered more effectively when the key investor information document is provided to investors through a website, or where the key investor information document is attached to another document when it is given to the potential investor. In these cases, however, the context in which the key investor information document appears should not undermine the key investor information document, or imply that it is an item of promotional literature or that accompanying items of promotional literature are of equal or greater relevance to the retail investor.

(4) It is necessary to ensure that the content of the information is relevant, the organisation of the information is logical and the language appropriate for retail investors. To address these concerns, this Regulation should ensure that the key
investor information document is able to engage investors and aid comparisons through its format, presentation and the quality and nature of the language used. This Regulation aims to ensure consistency in the format of the document, including a common running order with identical headings.

(5) This Regulation specifies the content of the information on investment objectives and the investment policy of UCITS so that investors can easily see whether or not a fund is likely to be suitable for their needs. For this reason, the information should indicate whether returns can be expected in the form of capital growth, payment of income, or a combination of both. The description of the investment policy should indicate to the investor what the overall aims of the UCITS are and how these objectives are to be achieved. With regard to the financial instruments in which investments are to be made, only those which may have a material impact on UCITS’ performance need to be mentioned, rather than all possible eligible instruments.

(6) This Regulation lays down detailed rules on the presentation of the risk and reward profile of the investment, by requiring use of a synthetic indicator and specifying the content of narrative explanations of the indicator itself and risks which are not captured by the indicator, but which may have a material impact on the risk and reward profile of the UCITS. In applying the rules on the synthetic indicator account should be taken of the methodology for the calculation of the synthetic indicator as developed by competent authorities working within the Committee of European Securities Regulators. The management company should decide on a case-by-case basis which specific risks should be disclosed by analysing the particular characteristics of each fund, bearing in mind the need to avoid over-burdening the document with information that retail investors will find difficult to understand. In addition the narrative explanation of the risk and reward profile should be limited in size in terms of the amount of space it occupies within the key investor information document. It should be possible to have cross-references to the prospectus of the UCITS where full details of its risks are disclosed.

(7) Consistency should be ensured between the explanation of risks in the key investor information document and the management company’s internal processes related to risk management, established in accordance with Commission Directive 2010/43/EU of 1 July 2010 implementing Directive 2009/65/EC of the European Parliament and the Council as regards organisational requirements, conflicts of interests, conduct of business, risk management and content of the agreement between a depositary and a management company (see page 42 of this Official Journal). For instance, so as to ensure consistency, the permanent risk management function should where appropriate be given the opportunity to review and comment on the risk and reward profile section of the key investor information document.

(8) This Regulation specifies the common format for the presentation and explanation of charges, including relevant warnings, so that investors are appropriately informed about the charges they will have to incur and their proportion to the amount of capital actually invested into the fund. In applying these rules, account should be taken of the work on the methodology for the calculation of charges figures as developed by competent authorities working within the Committee of European Securities Regulators.

It should be recognised that cross-referring to information might be useful to the investor but it is essential that the key investor information document should contain all information necessary for the investor to understand the essential elements of the UCITS. If cross-references to sources of information other than the prospectus and periodic reports are used, it should be made clear that the prospectus and periodic reports are the primary sources of additional information for investors, and the cross-references should not downplay their significance.

The key investor information document should be reviewed and revised as appropriate and as frequently as is necessary to ensure that it continues to meet the requirements for key investor information specified in Articles 78(2) and 79(1) of Directive 2009/65/EC. As a matter of good practice, management companies should review the key investor information document before entering into any initiative that is likely to result in a significant number of new investors acquiring units in the fund.

The form or content of key investor information may need to be adjusted to specific cases. Consequently, this Regulation tailors the general rules applicable to all UCITS so as to take into account the specific situation of certain types of UCITS, namely those having different investment compartments or share classes, those with fund of funds structures, those with master-feeder structures, and those that are structured, such as capital protected or comparable UCITS.

With regard to UCITS having different share classes, there should be no obligation to produce a separate key investor information document for every such share class, so long as investors’ interests are not compromised. The details of two or more classes may be combined into a single key investor information document only where this can be done without making the document too complicated or crowded. Alternatively, a representative class may be selected, but only in cases where there is sufficient similarity between the classes such that information about the representative class is fair, clear and not misleading as regards the represented class. In determining whether the use of a representative class is fair, clear and not misleading, regard should be had to the characteristics of the UCITS, the nature of the differences represented by each class, and the range of choices on offer to each investor or group of investors.

In the case of a fund of funds, the right balance is kept between the information on the UCITS that the investor invests in and its underlying collectives. The key investor information document of a fund of funds should therefore be prepared on the basis
that the investor does not wish or need to be informed in detail about the individual features of each of the underlying collectives, which in any case are likely to vary from time to time if the UCITS is being actively managed. However, in order for the key investor information document to deliver effective disclosure of the fund of funds’ objective and investment policy, risk factors, and charging structure, the characteristics of its underlying funds should be transparent.

(15) In the case of master-feeder structures, the description of the feeder UCITS’ risk and reward profile should not be materially different to that of the corresponding section in the master UCITS’ key investor information document so that the feeder can copy information from the key investor information document of the master wherever it is relevant. However, this information should be supplemented by relevant statements or duly adjusted in those cases where ancillary assets held by the feeder might modify the risk profile compared to the master, addressing the risks inherent in these ancillary assets, for instance where derivatives are used. The combined costs of investing in the feeder and the master should be disclosed to investors in the feeder.

(16) With regard to structured UCITS, such as capital protected and other comparable UCITS, the provision of prospective performance scenarios in place of past performance information is required. Prospective performance scenarios involve calculating the expected return of the fund under favourable, adverse, or neutral hypotheses regarding market conditions. These scenarios should be chosen so as to effectively illustrate the full range of possible outcomes according to the formula.

(17) Where the key investor information and the prospectus are to be provided in a durable medium other than paper or by means of a website, additional safety measures are necessary for investor protection reasons, so as to ensure that investors receive information in a form relevant to their needs, and so as to maintain the integrity of the information provided, prevent alterations that undermine its comprehensibility and effectiveness, and avoid manipulation or modification by unauthorised persons. This Regulation contains a reference to rules on durable medium laid down in the Commission Directive 2006/73/EC of 10 August 2006 implementing Directive 2004/39/EC of the European Parliament and of the Council as regards organisational requirements and operating conditions for investment firms and defined terms for the purposes of that Directive (OJ L 241, 2.9.2006, p. 26) in order to ensure the equal treatment of investors and a level playing field in financial sectors.

(18) In order to allow management companies and investment companies to adapt to the new requirements contained in this Regulation in an efficient and effective manner, the starting date of application of this Regulation should be aligned with the transposition of Directive 2009/65/EC.

(20) The measures provided for in this Regulation are in accordance with the opinion of the European Securities Committee,

CHAPTER III

CONTENT OF SECTIONS OF THE KEY INVESTOR INFORMATION DOCUMENT

SECTION 1

Objectives and investment policy

Article 7

Specific contents of the description

1. The description contained in the ‘Objectives and investment policy’ section of the key investor information document shall cover those essential features of the UCITS about which an investor should be informed, even if these features do not form part of the description of objectives and investment policy in the prospectus, including:

   (a) the main categories of eligible financial instruments that are the object of investment;

   (b) the possibility that the investor may redeem units of UCITS on demand, qualifying that statement with an indication as to the frequency of dealing in units;

   (c) whether the UCITS has a particular target in relation to any industrial, geographic or other market sectors or specific classes of assets;

   (d) whether the UCITS allows for discretionary choices in regards to the particular investments that are to be made, and whether this approach includes or implies a reference to a benchmark and if so, which one;

   (e) whether dividend income is distributed or reinvested.

For the purposes of point (d), where a reference to a benchmark is implied, the degree of freedom available in relation to this benchmark shall be indicated, and where the UCITS has an index-tracking objective, this shall be stated.

2. The description referred to in paragraph 1 shall include the following information, so long as it is relevant:

   (a) where the UCITS invests in debt securities, an indication of whether they are issued by corporate bodies, governments or other entities, and, if applicable, any minimum rating requirements;

   (b) where the UCITS is a structured fund, an explanation in simple terms of all elements necessary for a correct understanding of the pay-off and the factors that are expected to determine performance, including references, if necessary,
to the details on the algorithm and its workings which appear in the prospectus;

(c) where the choice of assets is guided by specific criteria, an explanation of those criteria, such as ‘growth’, ‘value’ or ‘high dividends’;

(d) where specific asset management techniques are used, which may include hedging, arbitrage or leverage, an explanation in simple terms of the factors that are expected to determine the performance of the UCITS;

(e) where the impact of portfolio transaction costs on returns is likely to be material due to the strategy adopted by the UCITS, a statement that this is the case, making it also clear that portfolio transaction costs are paid from the assets of the fund in addition to the charges set out in Section 3 of this Chapter;

(f) where a minimum recommended term for holding units in the UCITS is stated either in the prospectus or in any marketing documents, or where it is stated that a minimum holding period is an essential element of the investment strategy, a statement with the following wording:

‘Recommendation: this fund may not be appropriate for investors who plan to withdraw their money within [period of time]’.

3. Information included under paragraphs 1 and 2 shall distinguish between the broad categories of investments as specified under paragraphs 1(a), (c) and 2(a) and the approach to these investments to be adopted by a management company as specified under paragraphs 1(d) and 2(b), (c) and (d).

4. The ‘Objectives and investment policy’ section of the key investor information document may contain elements other than those listed in paragraph 2, including the description of the UCITS’ investment strategy, where these elements are necessary to adequately describe the objectives and investment policy of the UCITS.

SECTION 2

Risk and reward profile

Article 8

Explanation of potential risks and rewards, including the use of an indicator

1. The ‘Risk and reward profile’ section of the key investor information document shall contain a synthetic indicator, supplemented by:

(a) a narrative explanation of the indicator and its main limitations;

(b) a narrative explanation of risks which are materially relevant to the UCITS and which are not adequately captured by the synthetic indicator.
2. The synthetic indicator referred to in paragraph 1 shall take the form of a series of categories on a numerical scale with the UCITS assigned to one of the categories. The presentation of the synthetic indicator shall comply with the requirements laid down in Annex I.

3. The computation of the synthetic indicator referred to in paragraph 1, as well as any of its subsequent revisions, shall be adequately documented.

Management companies shall keep records of these computations for a period of not less than five years. This period shall be extended to five years after maturity for the case of structured funds.

4. The narrative explanation referred to in paragraph 1(a) shall include the following information:

(a) a statement that historical data, such as is used in calculating the synthetic indicator, may not be a reliable indication of the future risk profile of the UCITS;

(b) a statement that the risk and reward category shown is not guaranteed to remain unchanged and that the categorisation of the UCITS may shift over time;

(c) a statement that the lowest category does not mean a risk-free investment;

(d) a brief explanation as to why the UCITS is in a specific category;

(e) details of the nature, timing and extent of any capital guarantee or protection offered by the UCITS, including the potential effects of redeeming units outside of the guaranteed or protected period.

5. The narrative explanation referred to in paragraph 1(b) shall include the following categories of risks, where these are material:

(a) credit risk, where a significant level of investment is made in debt securities;

(b) liquidity risk, where a significant level of investment is made in financial instruments, which are by their nature sufficiently liquid, yet which may under certain circumstances have a relatively low level of liquidity, so as to have an impact on the level of liquidity risk of the UCITS as a whole;

(c) counterparty risk, where a fund is backed by a guarantee from a third party, or where its investment exposure is obtained to a material degree through one or more contracts with a counterparty;

(d) operational risks and risks related to safekeeping of assets;

(e) impact of financial techniques as referred to in Article 50(1)(g) of Directive 2009/65/EC such as derivative contracts on the UCITS’ risk profile where
such techniques are used to obtain, increase or reduce exposure to underlying assets.

Article 9

Principles governing the identification, explanation and presentation of risks

The identification and explanation of risks referred to in Article 8(1)(b) shall be consistent with the internal process for identifying, measuring and monitoring risk adopted by the UCITS’ management company as laid down in Directive 2010/43/EU. Where a management company manages more than one UCITS, the risks shall be identified and explained in a consistent fashion.

SECTION 3

Charges

Article 10

Presentation of charges

1. The ‘Charges’ section of the key investor information document shall contain a presentation of charges in the form of a table as laid down in Annex II.

2. The table referred to in paragraph 1 shall be completed in accordance with the following requirements:

   (a) entry and exit charges shall each be the maximum percentage which might be deducted from the investor’s capital commitment to the UCITS;

   (b) a single figure shall be shown for charges taken from the UCITS over a year, to be known as the ‘ongoing charges,’ representing all annual charges and other payments taken from the assets of the UCITS over the defined period, and based on the figures for the preceding year;

   (c) the table shall list and explain any charges taken from the UCITS under certain specific conditions, the basis on which the charge is calculated, and when the charge applies.

Article 11

Explanation of charges and a statement about the importance of charges

1. The ‘Charges’ section shall contain a narrative explanation of each of the charges specified in the table including the following information:

   (a) with regard to entry and exit charges:
(i) it shall be made clear that the charges are always maximum figures, as in some cases the investor might pay less;

(ii) a statement shall be included stating that the investor can find out the actual entry and exit charges from their financial adviser or distributor;

(b) with regard to ‘ongoing charges’, there shall be a statement that the ongoing charges figure is based on the last year’s expenses, for the year ending [month/year], and that this figure may vary from year to year where this is the case.

2. The ‘Charges’ section shall contain a statement about the importance of charges which shall make clear that the charges an investor pays are used to pay the costs of running the UCITS, including the costs of marketing and distributing the UCITS, and that these charges reduce the potential growth of the investment.

Article 12

Additional requirements

1. All of the elements of the charging structure shall be presented as clearly as possible to allow investors to consider the combined impact of the charges.

2. Where the impact of portfolio transaction costs on returns is likely to be material due to the strategy adopted by the UCITS, this shall be stated within the ‘Objectives and investment policy’ section, as indicated in Article 7(2)(e).

3. Performance fees shall be disclosed in accordance with Article 10(2)(c). The amount of the performance fee charged during the UCITS’ last financial year shall be included as a percentage figure.

Article 13

Specific cases

1. Where a new UCITS cannot comply with the requirements contained in Article 10(2)(b) and Article 11(1)(b), the ongoing charges shall be estimated, based on the expected total of charges.

2. Paragraph 1 shall not apply in the following cases:

   (a) for funds which charge a fixed all-inclusive fee, where instead that figure shall be displayed;

   (b) for funds which set a cap or maximum on the amount that can be charged, where instead that figure shall be disclosed so long as the management company gives a commitment to respect the published figure and to absorb any costs that would otherwise cause it to be exceeded.

Article 14
Cross-referencing

The ‘Charges’ section shall include, where relevant, a cross-reference to those parts of the UCITS prospectus where more detailed information on charges can be found, including information on performance fees and how they are calculated.

SECTION 4

Past performance

Article 15

Presentation of past performance

1. The information about the past performance of the UCITS shall be presented in a bar chart covering the performance of the UCITS for the last 10 years.

The size of the bar chart referred to in the first subparagraph shall allow for legibility, but shall under no circumstances exceed half a page in the key investor information document.

2. UCITS with performance of less than 5 complete calendar years shall use a presentation covering the last 5 years only.

3. For any years for which data is not available, the year shall be shown as blank with no annotation other than the date.

4. For a UCITS which does not yet have performance data for one complete calendar year, a statement shall be included explaining that there is insufficient data to provide a useful indication of past performance to investors.

5. The bar chart layout shall be supplemented by statements which appear prominently and which:

(a) warn about its limited value as a guide to future performance;

(b) indicate briefly which charges and fees have been included or excluded from the calculation of past performance;

(c) indicate the year in which the fund came into existence;

(d) indicate the currency in which past performance has been calculated.

The requirement laid down in point (b) shall not apply to UCITS which do not have entry or exit charges.

6. A key investor information document shall not contain any record of past performance for any part of the current calendar year.
Article 16

Past performance calculation methodology

The calculation of past performance figures shall be based on the net asset value of the UCITS, and they shall be calculated on the basis that any distributable income of the fund has been reinvested.

Article 17

Impact and treatment of material changes

1. Where a material change occurs to a UCITS’ objectives and investment policy during the period displayed in the bar chart referred to in Article 15, the UCITS’ past performance prior to that material change shall continue to be shown.

2. The period prior to the material change referred to in paragraph 1 shall be indicated on the bar chart and labelled with a clear warning that the performance was achieved under circumstances that no longer apply.

Article 18

Use of a benchmark alongside the past performance

1. Where the ‘Objectives and investment policy’ section of the key investor information document makes reference to a benchmark, a bar showing the performance of that benchmark shall be included in the chart alongside each bar showing the UCITS’ past performance.

2. For UCITS which do not have past performance data over the required five or 10 years, the benchmark shall not be shown for years in which the UCITS did not exist.

Article 19

Use of ‘simulated’ data for past performance

1. A simulated performance record for the period before data was available shall only be permitted in the following cases, provided that its use is fair, clear and not misleading:

   (a) a new share class of an existing UCITS or investment compartment may simulate its performance by taking the performance of another class, provided the two classes do not differ materially in the extent of their participation in the assets of the UCITS;

   (b) a feeder UCITS may simulate its performance by taking the performance of its master UCITS, provided that one of the following conditions are met:

       (i) the feeder’s strategy and objectives do not allow it to hold assets other than units of the master and ancillary liquid assets;
(ii) the feeder’s characteristics do not differ materially from those of the master.

2. In all cases where performance has been simulated in accordance with paragraph 1, there shall be prominent disclosure on the bar chart that the performance has been simulated.

3. A UCITS changing its legal status but remaining established in the same Member State shall retain its performance record only where the competent authority of the Member State reasonably assesses that the change of status would not impact the UCITS’ performance.

4. In the case of mergers referred to in Article 2(1)(p)(i) and (iii) of Directive 2009/65/EC, only the past performance of the receiving UCITS shall be maintained in the key investor information document.

SECTION 5

Practical information and cross-references

Article 20

Content of ‘practical information’ section

1. The ‘Practical information’ section of the key investor information document shall contain the following information relevant to investors in every Member State in which the UCITS is marketed:

(a) the name of the depositary;

(b) where and how to obtain further information about the UCITS, copies of its prospectus and its latest annual report and any subsequent half-yearly report, stating in which language(s) those documents are available, and that they may be obtained free of charge;

(c) where and how to obtain other practical information, including where to find the latest prices of units;

(d) a statement that the tax legislation of the UCITS’ home Member State may have an impact on the personal tax position of the investor;

(e) the following statement:

‘[Insert name of investment company or management company] may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant part of the prospectus for the UCITS.’
2. Where the key investor information document is prepared for a UCITS investment compartment, the ‘Practical information’ section shall include the information specified in Article 25(2) including on investors’ rights to switch between compartments.

3. Where applicable, the ‘Practical information’ section of the key investor information document shall state the information required about available share classes in accordance with Article 26.

Article 21

Use of cross-references to other sources of information

1. Cross-references to other sources of information, including the prospectus and annual or half-yearly reports, may be included in the key investor information document, provided that all information fundamental to the investors’ understanding of the essential elements of the investment is included in the key investor information document itself.

Cross-references shall be permitted to the website of the UCITS or the management company, including a part of any such website containing the prospectus and the periodic reports.

2. Cross-references referred to in paragraph 1 shall direct the investor to the specific section of the relevant source of information. Several different cross-references may be used within the key investor information document but they shall be kept to a minimum.

SECTION 6

Review and revision of the key investor information document

Article 22

Review of key investor information

1. A management company or investment company shall ensure that a review of key investor information is carried out at least every twelve months.

2. A review shall be carried out prior to any proposed change to the prospectus, the fund rules or the instrument of incorporation of the investment company where these changes were not subject to review as referred to in paragraph 1.

3. A review shall be carried out prior to or following any changes regarded as material to the information contained in the key investor information document.

Article 23

Publication of the revised version
1. Where a review referred to in Article 22 indicates that changes need to be made to the key investor information document, its revised version shall be made available promptly.

2. Where a change to the key investor information document was the expected result of a decision by the management company, including changes to the prospectus, fund rules or the instrument of incorporation of the investment company, the revised version of the key investor information document shall be made available before the change comes into effect.

3. A key investor information document with duly revised presentation of past performance of the UCITS shall be made available no later than 35 business days after 31 December each year.

Article 24

Material changes to the charging structure

1. The information on charges shall properly reflect any change to the charging structure that results in an increase in the maximum permitted amount of any one-off charge payable directly by the investor.

2. Where the ‘ongoing charges’ calculated in accordance with Article 10(2)(b) are no longer reliable, the management company shall instead estimate a figure for ‘ongoing charges’ that it believes on reasonable grounds to be indicative of the amount likely to be charged to the UCITS in future.

This change of basis shall be disclosed through the following statement:

‘The ongoing charges figure shown here is an estimate of the charges. [Insert short description of why an estimate is being used rather than an ex-post figure.] The UCITS’ annual report for each financial year will include detail on the exact charges made.’

CHAPTER IV

PARTICULAR UCITS STRUCTURES

SECTION 1

Investment compartments

Article 25

Investment compartments
1. Where a UCITS consists of two or more investment compartments a separate key investor information document shall be produced for each individual compartment.

2. Each key investor information document referred to in paragraph 1 shall indicate within the ‘practical information’ section the following information:

   (a) that the key investor information document describes a compartment of a UCITS, and, if it is the case, that the prospectus and periodic reports are prepared for the entire UCITS named at the beginning of the key investor information document;

   (b) whether or not the assets and liabilities of each compartment are segregated by law and how this might affect the investor;

   (c) whether or not the investor has the right to exchange his investment in units in one compartment for units in another compartment, and if so, where to obtain information about how to exercise that right.

3. Where the management company sets a charge for the investor to exchange his investment in accordance with paragraph 2(c), and that charge differs from the standard charge for buying or selling units, that charge shall be stated separately in the ‘Charges’ section of the key investor information document.

SECTION 2

Share classes

Article 26

Key investor information document for share classes

1. Where a UCITS consists of more than one class of units or shares, the key investor information document shall be prepared for each class of units or shares.

2. The key investor information pertinent to two or more classes of the same UCITS may be combined into a single key investor information document, provided that the resulting document fully complies with all requirements as laid down in Section 2 of Chapter II, including as to length.

3. The management company may select a class to represent one or more other classes of the UCITS, provided the choice is fair, clear and not misleading to potential investors in those other classes. In such cases the ‘Risk and reward profile’ section of the key investor information document shall contain the explanation of material risk applicable to any of the other classes being represented. A key investor information document based on the representative class may be provided to investors in the other classes.

4. Different classes shall not be combined into a composite representative class as referred to in paragraph 3.
5. The management company shall keep a record of which other classes are represented by the representative class referred to in paragraph 3 and the grounds justifying that choice.

Article 27

Practical information section

If applicable, the ‘Practical information’ section of the key investor information document shall be supplemented by an indication of which class has been selected as representative, using the term by which it is designated in the UCITS’ prospectus.

That section shall also indicate where investors can obtain information about the other classes of the UCITS that are marketed in their own Member State.

SECTION 3

Fund of funds

Article 28

Objectives and investment policy section

Where the UCITS invests a substantial proportion of its assets in other UCITS or other collective investment undertakings as referred to in Article 50(1)(e) of Directive 2009/65/EC, the description of the objectives and investment policy of that UCITS in the key investor information document shall include a brief explanation of how the other collective undertakings are to be selected on an ongoing basis.

Article 29

Risk and reward profile

The narrative explanation of risk factors referred to in Article 8(1)(b) shall take account of the risks posed by each underlying collective undertaking, to the extent that these are likely to be material to the UCITS as a whole.

Article 30

Charges section

The description of the charges shall take account of any charges that that UCITS will itself incur as an investor in the underlying collective undertakings. Specifically, any entry and exit charges and ongoing charges levied by the underlying collective undertakings shall be reflected in the UCITS’ calculation of its own ongoing charges figure.
SECTION 4

Feeder UCITS

Article 31

Objectives and investment policy section

1. The key investor information document for a feeder UCITS, as defined in Article 58 of Directive 2009/65/EC, shall contain, in the description of objectives and investment policy, information about the proportion of the feeder UCITS’ assets which is invested in the master UCITS.

2. There shall also be a description of the master UCITS’ objectives and investment policy, supplemented as appropriate by either of the following:

   (i) an indication that the feeder UCITS’ investment returns will be very similar to those of the master UCITS; or

   (ii) an explanation of how and why the investment returns of the feeder and master UCITS may differ.

Article 32

Risk and reward profile section

1. Where the risk and reward profile of the feeder UCITS differs in any material respect from that of the master, this fact and the reason for it shall be explained in the ‘Risk and reward profile’ section of the key investor information document.

2. Any liquidity risk and the relationship between purchase and redemption arrangements for the master and feeder UCITS shall be explained in the ‘Risk and reward profile’ section of the key investor information document.

Article 33

Charges section

The ‘Charges’ section of the key investor information document shall cover both the costs of investing in the feeder UCITS and any costs and expenses that the master UCITS may charge to the feeder UCITS.

In addition, it shall combine the costs of both the feeder and the master UCITS in the ongoing charges figure for the feeder UCITS.

Article 34

Practical information section
1. The key investor information document for a feeder UCITS shall contain in the ‘Practical information’ section information specific to the feeder UCITS.

2. The information referred to in paragraph 1 shall include:

   (a) a statement that the master UCITS’ prospectus, key investor information document, and periodic reports and accounts are available to investors of the feeder UCITS upon request, how they may be obtained, and in which language(s);

   (b) whether the items listed in point (a) are available in paper copies only or in other durable media, and whether any fee is payable for items not subject to free delivery in accordance with Article 63(5) of Directive 2009/65/EC;

   (c) where the master UCITS is established in a different Member State to the feeder UCITS, and this may affect the feeder’s tax treatment, a statement to this effect.

Article 35

Past performance

1. The past performance presentation in the key investor information document of the feeder UCITS shall be specific to the feeder UCITS, and shall not reproduce the performance record of the master UCITS.

2. Paragraph 1 shall not apply:

   (a) where a feeder UCITS shows the past performance of its master UCITS as a benchmark; or

   (b) where the feeder was launched as a feeder UCITS at a later date than the master UCITS, and where the conditions of Article 19 are satisfied, and where a simulated performance is shown for the years before the feeder existed, based on the past performance of the master UCITS; or

   (c) where the feeder UCITS has a past performance record from before the date on which it began to operate as a feeder, its own record being retained in the bar chart for the relevant years, with the material change labelled as required by Article 17(2).

SECTION 5

Structured UCITS

Article 36

Performance scenarios
1. The key investor information document for structured UCITS shall not contain the ‘Past performance’ section.

For the purposes of this Section, structured UCITS shall be understood as UCITS which provide investors, at certain predetermined dates, with algorithm-based payoffs that are linked to the performance, or to the realisation of price changes or other conditions, of financial assets, indices or reference portfolios or UCITS with similar features.

2. For structured UCITS, the ‘Objectives and investment policy’ section of the key investor information document shall include an explanation of how the formula works or how the pay-off is calculated.

3. The explanation referred to in paragraph 2 shall be accompanied by an illustration, showing at least three scenarios of the UCITS’ potential performance. Appropriate scenarios shall be chosen to show the circumstances in which the formula may generate a low, a medium or a high return, including, where applicable, a negative return for the investor.

4. The scenarios referred to in paragraph 3 shall enable the investor to understand fully all the effects of the calculation mechanism embedded in the formula.

They shall be presented in a way that is fair, clear and not misleading, and that is likely to be understood by the average retail investor. In particular, they shall not artificially magnify the importance of the final performance of the UCITS.

5. The scenarios referred to in paragraph 3 shall be based on reasonable and conservative assumptions about future market conditions and price movements.

However, whenever the formula exposes investors to the possibility of substantial losses, such as a capital guarantee that functions only under certain circumstances, these losses shall be appropriately illustrated, even if the probability of the corresponding market conditions is low.

6. The scenarios referred to in paragraph 3 shall be accompanied by a statement that they are examples that are included to illustrate the formula, and do not represent a forecast of what might happen. It shall be made clear that the scenarios shown may not have an equal probability of occurrence.

**Article 37**

**Length**

The key investor information document for structured UCITS shall not exceed three pages of A4-sized paper when printed.
CHAPTER V

DURABLE MEDIUM

Article 38

Conditions applying to the provision of a key investor information document or a prospectus in a durable medium other than paper or by means of a website

1. Where, for the purposes of Directive 2009/65/EC, the key investor information document or prospectus is to be provided to investors using a durable medium other than paper the following conditions shall be met:

   (a) the provision of the key investor information document or the prospectus using such a durable medium is appropriate to the context in which the business between the management company and the investor is, or is to be, carried on; and

   (b) the person to whom the key investor information document or the prospectus is to be provided, when offered the choice between information on paper or in that other durable medium, specifically chooses that other medium.

2. Where the key investor information document or the prospectus is to be provided by means of a website and that information is not addressed personally to the investor, the following conditions shall also be satisfied:

   (a) the provision of that information in that medium is appropriate to the context in which the business between the management company and the investor is, or is to be, carried on;

   (b) the investor must specifically consent to the provision of that information in that form;

   (c) the investor must be notified electronically of the address of the website, and the place on the website where the information may be accessed;

   (d) the information must be up to date;

   (e) the information must be accessible continuously by means of that website for such period of time as the client may reasonably need to inspect it.

3. For the purposes of this Article, the provision of information by means of electronic communications shall be treated as appropriate to the context in which the business between the management company and the investor is, or is to be, carried on if there is evidence that the investor has regular access to the Internet. The provision by the investor of an e-mail address for the purposes of the carrying on of that business shall be treated as such evidence.
CHAPTER VI

Annex M

Amendments to the Disclosure Rules and Transparency Rules sourcebook (DTR)

In this Annex, underlining indicates new text and striking through indicates deleted text.

5.4.9  R  Undertakings whose registered office is in a third country which would have required authorisation in accordance with Article 5(4) 6(1) of the UCITS Directive or with regard to portfolio management under point 4 of section A of Annex 1 to MiFID if it had its registered office or, only in the case of an investment firm, its head office within the EEA, shall be exempted from aggregating holdings with the holdings of its parent undertaking under this rule provided that they comply with equivalent conditions of independence as management companies or investment firms.

[Article 23(6) TD]
Annex N

Amendments to the Perimeter Guidance manual (PERG)

In this Annex, underlining indicates new text and striking through indicates deleted text.

13.1 Introduction

…

MiFID scope

…

In addition to investment firms, MiFID is also relevant to credit institutions providing investment services or performing investment activities (see Q5) and UCITS management companies to which article 5(4) 6.4 of the UCITS Directive applies (in other words, UCITS investment firms).

…

13.2 General

…

Q6. We are a UCITS management company that, in addition to managing unit trusts and investment companies, provides portfolio management services to third parties. How does MiFID apply to us?

If you are the management company of a UCITS scheme with a permission to manage investments including MiFID financial instruments pursuant to article 5.3 article 6.3 of the UCITS Directive, certain MiFID provisions apply to you when you provide investment services to third parties (see article 5.4 article 6.4 UCITS Directive). These include initial capital endowment, organisational and conduct of business requirements. You are a UCITS investment firm for the purposes of the FSA Handbook. Article 5.4 Article 6.4 of the UCITS Directive is reflected in paragraph (3) of the Handbook definition of “MiFID investment firm”.

…

13.5 Exemptions from MiFID

…

Q43. Are we right in thinking that MiFID does not apply to collective investment undertakings and their operators?
... 

In the case of *UCITS management companies*, some MiFID provisions will apply to those who provide portfolio management services (*other than collective portfolio management*), investment advice or safekeeping and administration services in relation to *units* to third parties, by virtue of article 5(4) 6(4) of the *UCITS Directive* (see Q6).
