EEA Firms

10. In broad terms, incoming EEA firms carrying on regulated activities through a branch in the United Kingdom are not required to complete the sections of the RMAR in the following table.

<table>
<thead>
<tr>
<th>Consultancy charges</th>
<th>Section L</th>
</tr>
</thead>
</table>

11. Firms that only carry on reinsurance mediation are not required to complete sections C, K or L.

Authorised professional firms

14. Where APFs authorised professional firms are required to submit financial information (i.e. sections A to E), they should do so in relation to all of their regulated activities. Sections F, and K and L should also be completed in relation to all regulated activities. Other sections (G to I) need not include information in relation to non-mainstream regulated activities. However, APFs authorised professional firms may complete all sections on the basis of all of their regulated activities if this approach is more cost effective.

Section L: Consultancy charges

In this section we are seeking data from firms in relation to consultancy charges (COBS 6.1C). We will use the data we collect to monitor and analyse the way retail investment firms implement the rules on consultancy charges.

Consultancy charges are payable on behalf of an employee to a firm or other intermediary in respect of advice given or services provided in connection with group personal pensions schemes (including a group SIPP) and group stakeholder pension schemes.
Consultancy charge data should be reported on a cumulative basis throughout the firm’s financial year, with the exception of the highest, lowest and typical consultancy charges. All the data in this section should only be in respect of retail investment products. Firms are asked to split the data on revenue from consultancy charges by payment mechanism, i.e. whether the consultancy charges have been received directly as a fee from the employer, via product providers, or via platform service providers. COBS 6.1D.9R allows for firms to facilitate the payment of consultancy charges from a retail investment product or otherwise by means of a third party such as a platform service provider. Firms that have appointed representatives should include their appointed representatives as well as the firm itself in the information submitted in this section.

Data elements are referred to by row first, then by column, so data element 2B will be the element numbered 2 in column B.
