5.2 Certification regime

Issuing and renewing certificates

5.2.12 G (1) The Act says that a certificate is valid for a period of 12 months, beginning with the day on which it is issued.

(2) The FCA believes that the Act allows a firm to draft a certificate to expire after fewer than 12 months. The FCA interprets the Act in this way because to require a firm to make a certificate last longer than the firm thinks best is likely to make it harder for the firm to ensure the fitness of its certification employees. That would undermine the purpose of the certification regime in the Act.

(3) A certificate cannot be drafted to last more than 12 months.

5.2.17 G ... 5.2.17A G (1) This paragraph gives further guidance on the flexibility a firm has in drafting its certificates.

(2) A certificate may cover functions that a certification employee is not currently performing, as long as the firm has assessed the employee’s fitness for these additional functions. This is subject to (3).

(3) When a firm is deciding what a certificate can cover beyond the functions that the certification employee is currently performing, it should take the factors in SYSC 5.2.17G(1) into account. A certificate should not normally cover an additional function if SYSC 5.2.17G(1) would require the firm to consider the employee’s fitness before allowing them to perform it.

(4) A firm may, if it wishes, restrict a certificate to the functions that the certification employee is currently performing rather than drafting the
certificate more widely as described in (2) and (3).

(5) SYSC 5.2.12G deals with the flexibility a firm has in choosing the period for which a certificate lasts.

Scope: territorial scope

5.2.19 R (1) …

(2) …

(3) Paragraph (1) does not apply to FCA-specified significant-harm function (7) (material risk takers). For a UK relevant authorised person, FCA-specified significant-harm function (7) applies without any territorial limitation.

5.2.20 G …

5.2.20A G The FCA interprets the phrase ‘a client of the firm in the United Kingdom’ in SYSC 5.2.19R as referring to:

(1) for a client which is a body corporate, its office or branch in the United Kingdom; or

(2) for a client who is an individual, a client who is in the United Kingdom at the time of the dealing.

Scope: employees

5.2.21 G …

5.2.22 G …

Scope: effect of PRA requirements

5.2.23 G …

…

5.2.28 G …

Scope: temporary UK role (the 30-day rule)

5.2.28A R (1) None of the FCA-specified significant-harm functions extend to an individual (“P”) in relation to a firm if:

(a) P is based outside the United Kingdom for the firm; and

(b) in a 12-month period, P spends no more than 30 days performing what would otherwise be an FCA-specified significant-harm function for that firm within the territorial scope of this section as...
described in SYSC 5.2.19R.

(2) Paragraph (1) only applies to the extent that P is appropriately supervised by:

(a) one of the firm's SMF managers; or

(b) one of the firm's certification employees whose certificate covers the FCA-specified significant-harm function that is to be disapplied under (1).

(3) This rule does not apply to any FCA-specified significant-harm function to the extent that it involves:

(a) giving advice or performing related activities in connection with pension transfers, pension conversions or pension opt-outs for retail clients; or

(b) giving advice to a person to become, or continue or cease to be, a member of a particular Lloyd's syndicate.

(4) In the case of a UK relevant authorised person, this rule does not apply to FCA-specified significant-harm function (7) (material risk takers).

5.2.28B G SYSC 5 Annex 1G gives examples of how SYSC 5.2.28AR works.

5.2.28C G (1) The FCA would expect an individual from overseas using the temporary UK role rule in SYSC 5.2.28AR to be accompanied on a visit to a customer in the United Kingdom.

(2) An individual benefiting from the temporary UK role rule in SYSC 5.2.28AR may still be subject to the requirements of TC (Training and competence). However, TC 2.1.9R gives an exemption from certain qualification requirements in TC to an individual benefiting from the temporary UK role rule.

Scope: FCA-specified significant-harm functions

...
matter that the job also involves *FCA-specified significant-harm function* (5), to which the territorial limitation does apply.

...
(5) Firm X is a non-UK relevant authorised person. A is employed by Firm X and is based in one of its offices outside the UK. A wants to work in the UK branch for 10 days.

The rule applies to non-UK relevant authorised persons. It does not matter that A is not employed by the UK branch and instead is employed by another part of Firm X. It does not make a difference whether A is based in an office of Firm X in its home state or one in a third country.

(6) A is based in one of Firm X’s overseas offices. Firm X then decides to relocate A to the UK, where A will be certified to perform an FCA-specified significant-harm function for Firm X. Firm X wants to rely on the temporary UK role rule for the first 30 days while Firm X goes through the certification process for A.

The rule does not allow this. A is no longer based in an overseas office and so the rule does not apply.

(7) A is based in the overseas branch of a UK relevant authorised person. A is to be promoted, so that A will be performing the material risk taker FCA-specified significant-harm function. Firm X wants to rely on the temporary UK role rule for the first 30 days while Firm X goes through the certification process for A.

The rule does not allow this because it does not apply to the material risk taker FCA-specified significant-harm function when it is performed for a UK relevant authorised person.

A reference in this table to an FCA-specified significant-harm function is to a function that would have been an FCA-specified significant-harm function but for SYSC 5.2.28AR (temporary UK role).

Amend the following as shown.

18.4 The whistleblowers’ champion

18.4.1 G (1) A UK relevant authorised person is required under SYSC 4.5.25R(1) 4.7.5R(1) to allocate the FCA-prescribed senior management responsibility for acting as the firm’s whistleblowers’ champion.

5.2.44 R A person ("P") performs the client-dealing FCA-specified significant-harm function for a firm if:

(1) P is carrying out any of the activities in the table in SYSC 5.2.45R; and

(2) those activities will involve P dealing with:

(a) a person with or for whom those activities are carried out; or

(b) the property of any such person;

in a manner substantially connected with the carrying on of regulated activities by the firm.

(a) and (b) do not include **dealing or arranging (bringing about) deals in investments in a non-investment insurance contract**.

For the activity in this row (3), **SYSC 5.2.44R(2)(a) and (b) are expanded to cover also**:

### (5) Acting as a 'bidder's representative' in relation to **bidding in emissions auctions**.

Acting as a 'bidder's representative' has the meaning in subparagraph 3 of article 6(3) of the **auction regulation**.
5.2.46 G SYSC 5.2.20G (the FCA interprets the phrase ‘dealing with’ as including having contact with and extending beyond ‘dealing’ as used in ‘dealing in investments’) applies to SYSC 5.2.44R.

5.2.47 G The client-dealing FCA-specified significant-harm function generally involves dealing with any person with or for whom the activities in the table in SYSC 5.2.45R are carried out (or their property). That person need not be a client of the firm.

5.2.48 G The restrictions in SYSC 5.2.18R (FCA-specified significant-harm function should require the person performing it to be involved in one or more aspects of the firm’s affairs so far as they relate to regulated activities) also applies to the client-dealing FCA-specified significant-harm function.

Algorithmic trading function

5.2.49 R (1) Each of the following is an FCA-specified significant-harm function:

(a) approving the deployment of:

(i) a trading algorithm or a part of one; or

(ii) an amendment to a trading algorithm or a part of one; or

(iii) a combination of trading algorithms; and

(b) each of the following functions:

(i) having significant responsibility for the management of monitoring whether or not a trading algorithm; and

(ii) deciding whether or not a trading algorithm is, or remains, compliant with the firm’s obligations.

(2) The firm’s obligations in (1)(b) include:

(a) the firm’s regulatory obligations; and

(b) the rules and requirements of the trading venues to which the firm’s trading systems are connected.

5.2.50 R (1) A trading algorithm means a computer algorithm used in algorithmic trading.

5.2.51 G Algorithmic trading is not limited to high-frequency algorithmic trading.

5.2.52 G Deploying a trading algorithm includes deploying one on a trading venue on
which the firm has not traded before where the firm is already using that trading algorithm on another trading venue.

5.2.53 G SYSC 5.2.49R(1)(b) (monitoring or deciding whether or not a trading algorithm is compliant) includes testing, such as validation and stress testing.

5.2.54 G (1) Sometimes an approval or a decision involves sign-off from different people about different aspects of the decision or approval.

(2) If this is the case, all will have given the approval or decision for the purposes of SYSC 5.2.49R.

5.2.55 G (1) Sometimes an approval or decision involves sign-off by a number of people of different levels of seniority about the same aspects of the decision.

(2) If this is the case, only the most senior decision-taker gives the approval or decision for the purposes of SYSC 5.2.49R.

(3) Where the firm’s procedures do not require the more senior person to carry out a detailed review of the decision of the more junior, both the junior and the senior person will give the approval or decision.

5.2.56 G A firm may have deployed an algorithm even though:

(1) it has not yet actually been used in the generation or acceptance of orders; or

(2) it is not actually being used in the generation or acceptance of orders at the moment; or

(3) it is not currently being used in the generation or acceptance of orders because the circumstances have not arisen for it to start doing so.

5.2.57 G In the examples in SYSC 5.2.56G the algorithm is capable of being used in the generation or acceptance of orders but is not actually generating or accepting them at the moment. However, a firm does not deploy an algorithm if the algorithm is not yet capable of generating or accepting orders because, for example, it is still in development.

1 Application and purpose

1.1 Application

To whom does it apply?

1.1.2 R (1) 
COCON applies to:

…

(e) an employee of a relevant authorised person who would be a certification employee but for SYSC 5.2.27R(1) (Scope: emergency appointments) or SYSC 5.2.28AR (Scope: temporary UK role); and

…

Where does it apply?

1.1.9 R (1) 
COCON applies to the conduct of a senior conduct rules staff member set out in (2) wherever it is performed.

(2) This rule applies to:

   (a) a senior conduct rules staff member; and

   (b) a certification employee performing FCA-specified significant-harm function (7) (material risk takers) in the table in SYSC 5.2.30R for a UK relevant authorised person.

1.1.10 R (1) 
This rule applies to members of a firm’s conduct rules staff apart from conduct rules staff in COCON 1.1.9R. Subject to (2), COCON only applies to the conduct of persons other than senior conduct rules staff members if that conduct:

   (a) is performed from an establishment maintained in the United Kingdom by:

      (i) (for a relevant authorised person) that person’s employer, or
(ii) (for a Solvency II firm) the firm in relation to whom that person carries out controlled functions; or

(b) involves dealing with a client in the United Kingdom from an establishment overseas.

(2) Paragraph (1)(b) does not apply to non-UK relevant authorised persons. Subject to (3), COCON only applies to the conduct of persons to whom this rule applies (as set out in (1)) if that conduct:

(a) is performed from an establishment maintained in the United Kingdom by:

(i) (for a relevant authorised person) that person’s employer; or

(ii) (for a Solvency II firm) the firm in relation to whom that person carries out controlled functions; or

(b) involves dealing with a client of the firm in the United Kingdom from an establishment overseas.

(3) Paragraph (2)(b) only applies to a UK relevant authorised person.

1.1.11 G The FCA interprets the phrase ‘a client of the firm in the United Kingdom’ in COCON 1.1.10R as referring to:

(1) for a client which is a body corporate, its office or branch in the United Kingdom; or

(2) for a client who is an individual, a client who is in the United Kingdom at the time of the dealing.

2.4 Reporting of breaches

...

2.4.2 G SYSC 18 (Whistleblowing) contains requirements on UK relevant authorised persons and certain insurers (see SYSC 18.1.1AR) in relation to the adoption and communication of appropriate internal procedures for handling reportable concerns as part of an effective risk management system. SYSC 18.1.1CG provides that firms not otherwise subject to SYSC 18 may nonetheless wish to adopt the provisions in that chapter as best practice.
