(4) paragraph 9 (Record-keeping and reporting requirements relating to relevant transitional complaints) of the Financial Services and Markets Act 2000 (Transitional Provisions) (Complaints relating to General Insurance and Mortgages) Order 2004, (SI 2004/454);

(6) the powers of direction, guidance and related provisions in or under the following provisions of the Financial Services and Markets Act 2000 (Markets in Financial Instruments) Regulations 2017, (SI 2017/701):

(a) regulation 27 (Power to require information);
(b) paragraph 7 of Schedule 1 (Guidance);
(c) paragraph 8 of Schedule 1 (Reporting requirements);
(d) paragraph 14 of Schedule 1 (Statements of policy); and
(e) paragraph 22 of Schedule 1 (Application of Part 26 of the Act);

(7) the powers of direction, guidance and related provisions in or under the following provisions in or under the following provisions of the Data Reporting Services Regulations 2017, (SI 2017/699):

(a) regulation 20 (Guidance);
(b) regulation 21 (Reporting requirements);
(c) regulation 27 (Statement of policy); and
(d) regulation 37 (Application of Part 26 of the Act); and

(8) the other rule and guidance making powers listed in Schedule 4 (Powers exercised) to the General Provisions of the Handbook.

B. The rule-making powers listed above are specified for the purpose of section 138G(2) (Rule-making instruments) of the Act.

Commencement

C. Save for the provisions set out in (1) to (5), this instrument comes into force on 3 January 2018, immediately after those parts of the Markets and Organisational Requirements (MiFID 2) Instrument 2017 which also come into force on the same day:

(1) GEN TP 1.3 in Annex E (General provisions), which relates to the making of notifications and applications and the undertaking of administrative
procedures in relation to MiFID, equivalent third country or optional exemption business to be carried on from 3 January 2018, which comes into force on 3 July 2017;

(2) MAR 10.4.1G and MAR 10.4.11G, which relates to provision of position limit reports to the FCA, which come into force on 3 July 2017;

(3) SUP 17A2.1AG and SUP 17A.2.1BG, which relates to provision of reference data to the FCA, which come into force on 3 July 2017;

(4) SUP 12.7.1R in Annex J (Supervision manual), which relates to the appointment of appointed representatives and tied agents, which comes into force on 3 July 2017; and

5 Employees, agents and other relevant persons

5.1 Skills, knowledge and expertise

... Application to a common platform firm

5.1.-2 G For a common platform firm:

(1) ...

(2) the rules and guidance apply as set out in the table below:
Subject | Applicable rule or guidance
---|---
Competent employees rule, knowledge and competence and Segregation segregation of functions | SYSC 5.1.2G to SYSC 5.1.5AG, SYSC 5.1.5AAR, SYSC 5.1.5ABR, SYSC 5.1.5ACG to SYSC 5.1.5AEG, SYSC 5.1.7R, SYSC 5.1.8G to SYSC 5.1.11G

... Segregation of functions Competent employees rule ...

5.1.5A G If a firm requires employees who are not subject to a qualification requirement in TC to pass a relevant examination from the list of recommended examinations, appropriate qualifications maintained by the Financial Skills Partnership FCA, or for the purposes of meeting its obligations under SYSC 5.1.5ABR, the FCA will take that into account when assessing whether the firm has ensured that the employee satisfies the knowledge component of the competent employees rule.

... Knowledge and competence ...

5.1.5AA R SYSC 5.1.5ABR applies to a common platform firm and a third country firm:

1. in relation to its MiFID or equivalent third country business;

2. in respect of any natural persons (“relevant individuals”) who, on behalf of the firm:

   a. make personal recommendations to clients in relation to financial instruments or structured deposits; or

   b. provide information to retail clients or professional clients about financial instruments, structured deposits, investment services or ancillary services; or

who are otherwise responsible for the supervision of a relevant individual who has not acquired the necessary knowledge and competence to act in a capacity prescribed in (a) or (b).

[Note: article 25(1) of MiFID]
A firm must ensure, and be able to demonstrate to the FCA, at the FCA’s request, that any relevant individuals possess the necessary knowledge and competence so as to ensure that the firm is able to meet its obligations under:

1. those rules which implement articles 24 and 25 of MiFID (including those rules which implement related provisions under the MiFID Delegated Directive); and

2. related provisions of the MiFID Org Regulation.

[Note: article 25(1) of MiFID]

The rules which implement articles 24 and 25 of MiFID can be found in COBS and PROD and are identified with a ‘Note:’.

ESMA has issued guidelines specifying the criteria for the assessment of knowledge and competence for the purposes of SYSC 5.1.5ABR. The ESMA guidelines can be found at https://www.esma.europa.eu/document/guidelines-assessment-knowledge-and-competence.

(1) The FCA expects a firm to act consistently with the ESMA guidelines referred to in SYSC 5.1.5ADG in relation to its MiFID or equivalent third country business.

(2) The FCA is required to publish various information on its website in relation to firms’ assessment of relevant individuals’ knowledge and competence. That information can be found at [Editor’s note: The content of the link to follow - https://www.fca.org.uk/firms/training-competence ].

(3) A firm to which the Training and Competence sourcebook (TC) applies may satisfy its knowledge and competence obligations under SYSC 5.1.5ABR in relation to a relevant individual by way of compliance with its obligations in TC.

Application of conflicts of interest rules to non-common platform firms when producing investment research or non-independent research
10.1.16 R The rules relating to:

(1) types of conflict (see SYSC 10.1.4R);

(2) records of conflicts (see SYSC 10.1.6R); and

(3) conflicts of interest policies (see SYSC 10.1.10R and SYSC 10.1.11R);

also apply to a firm which is not a common platform firm when it produces, or arranges for the production of, investment research that is intended or likely to be subsequently disseminated to clients of the firm or to the public in accordance with COBS 12.2, and when it produces or disseminates non-independent research, in accordance with COBS 12.3 12.2.

...

After SYSC 10 (Conflicts of interest) insert the following new chapter. All the text is new and is not underlined.

10A Recording telephone conversations and electronic communications

10A.1 Application

Application

10A.1.1 R Subject to the exemptions in SYSC 10A.1.4R, this chapter applies to a firm:

(1) that is a:

(a) UK MiFID investment firm; or

(b) full-scope UK AIFM; or

(c) small authorised UK AIFM or residual CIS operator; or

(d) incoming EEA AIFM; or

(e) UCITS management company; or

(f) MiFID optional exemption firm, performing activities covered by the exemption; or

(g) EEA MiFID investment firm; or

(h) third country investment firm; or

(i) that carries on activities referred to in the general application rule related to:
(i) commodity futures; or

(ii) commodity options; or

(iii) contracts for differences related to an underlying commodity; or

(iv) other futures or contracts for differences which are not related to commodities, financial instruments or cash,

which are not MiFID or equivalent third country business and energy market activity or oil market activity, but excluding the following firms:

(v) a depositary when acting as such; and

(vi) an authorised professional firm with respect to its non-mainstream regulated activities; or

(j) that carries on energy market activity or oil market activity; and

(2) that carries out any of the following activities, in investments that are financial instruments:

(a) arranging (bringing about) deals in investments;

(b) dealing in investments as agent;

(c) dealing in investments as principal;

(d) managing investments;

(e) managing a UCITS to the extent that this comprises the function of investment management referred to in Annex II of the UCITS Directive;

(f) managing an AIF to the extent that this comprises the function of portfolio management referred to in Annex I of the AIFMD;

(g) establishing, operating or winding up a collective investment scheme to the extent that this comprises scheme management activity,

only with respect to a firm’s activities carried on from an establishment (including a branch) maintained by the firm in the United Kingdom.

[Note: article 16(7) and 16(11) of MiFID]
10A.1.2 G Where this chapter applies to a third country investment firm, it applies in conjunction with GEN 2.2.22AR, to ensure that such firms are not treated in a more favourable way than an EEA firm.

10A.1.3 R For a firm in SYSC 10A.1.1R(1) (other than a MiFID investment firm or a third country investment firm) MiFIR, and any EU Regulation adopted under MiFIR or MiFID, apply to the extent relevant to the subject matter of this chapter as if it were a MiFID investment firm providing investment services or performing investment activities in accordance with article 16(7) of MiFID.

10A.1.4 R This chapter does not apply to the carrying on of:

(1) activities between operators and depositaries, of the same fund (when acting in that capacity); or

(2) energy market activity and oil market activity which is not MiFID or equivalent third country business but which, if the firm carrying it on were not authorised, would not be a regulated activity because of article 16 of the Regulated Activities Order (Dealing in contractually based investments) or article 22 of the Regulated Activities Order (Deals with or through authorised persons etc.); or

(3) any activity referred to in SYSC 10A.1.1R(2), to the extent that it is carried out by a firm that is not a MiFID investment firm, MiFID optional exemption firm or third country investment firm, in financial instruments that are not:

(a) admitted to trading on a trading venue; or

(b) traded on a trading venue; or

(c) instruments for which a request has been made for admission to trading on a trading venue; or

(d) instruments covered by paragraph (a), (b) or (c), but the price or value of which depends on, or has an effect on, the price or value of a financial instrument referred to in those paragraphs; or

(4) activities which comprise:

(a) underwriting of financial instruments on a firm commitment basis; or

(b) placing of financial instruments with or without a firm commitment basis,

within the meaning of section A(6) or A(7) of Annex 1 of MiFID.

(5) ancillary services.
10A.1.5 G Firms should refer to article 76 of the MiFID Org Regulation, which contains additional requirements on recording of telephone conversations or electronic communications, in addition to this chapter.

Obligations for telephone and electronic communications

10A.1.6 R A firm must take all reasonable steps to record telephone conversations, and keep a copy of electronic communications, that relate to the activities in financial instruments referred to in SYSC 10A.1.1R(2) (and that are not excluded by SYSC 10A.1.4R), and that are made with, sent from, or received on, equipment:

(1) provided by the firm to an employee or contractor; or

(2) the use of which by an employee or contractor has been accepted or permitted by the firm.

[Note: article 16(7) of MiFID, third subparagraph]

10A.1.7 R A firm must take all reasonable steps to prevent an employee or contractor from making, sending, or receiving relevant telephone conversations and electronic communications on privately-owned equipment which the firm is unable to record or copy.

[Note: article 16(7) of MiFID, eighth subparagraph]

10A.1.8 R The telephone conversations and electronic communications referred to in SYSC 10A.1.6R include those that are intended to result in the performance of the activities in financial instruments referred to in SYSC 10A.1.1R(2), even if those conversations or communications do not in fact result in the performance of such activities.

[Note: article 16(7) of MiFID, second subparagraph]

10A.1.9 R A MiFID optional exemption firm that provides services solely or mainly to retail clients is not required to comply with the requirements of SYSC 10A.1.6R, SYSC 10A.1.7R and SYSC 10A.1.11R in relation to telephone conversations, subject to compliance with the following requirements:

(1) a telephone conversation that would be subject to SYSC 10A.1.6R must be recorded instead using a written minute or note; and

(2) the minute or note must include all relevant, and at least the following, information:

(a) date and time of the conversation;

(b) identity of the individual participants in the conversation;

(c) initiator of the conversation; and
(d) relevant information about the client order, including the price, volume, type of order and when it will be transmitted or executed.

10A.1.10 G A MiFID optional exemption firm that chooses to take advantage of the provisions in SYSC 10A.1.9R should set out its decision in its recording policy. Further, any minute or note made in accordance with SYSC 10A.1.9R should contain all relevant substantive details of the conversation, as well as the information set out in SYSC 10A.1.9R(4)(a)-(d). MiFID optional exemption firms should note that the effect of SYSC 10A.1.3R is to require their compliance, as relevant, with article 76 of the MiFID Org Regulation, including that records must be:

1. stored in a durable medium which allows them to be replayed or copied; and
2. retained in a format that does not allow the original record to be altered or deleted.

Notification

10A.1.11 R A firm must notify new and existing clients that telephone communications or conversations between the firm and its clients that result or may result in activities in financial instruments referred to in SYSC 10A.1.1R(2) (and that are not excluded by SYSC 10A.1.4R) will be recorded. The notification must be made before the provision of any investment services to new and existing clients.

[Note: article 16(7) of MiFID, fourth subparagraph]

10A.1.12 G A notification referred to in SYSC 10A.1.11R is only required to be made by the firm once, at the following times:

1. to a new client prior to the provision of any investment services; and
2. to an existing client prior to the provision of any investment services following:
   (a) the commencement of these rules; or
   (b) the firm otherwise becoming subject to these rules, after the date of commencement.

[Note: article 16(7) of MiFID, fifth subparagraph]

Obligation for other communications

10A.1.13 R Client instructions given otherwise than by telephone must be made in a durable medium such as by mail, faxes, emails or documentation of client instructions issued at meetings. In particular, the content of relevant face-to-face conversations with a client may be recorded by using written minutes or
notes.

[Note: article 16(7) of MiFID, seventh subparagraph]

Record-keeping

10A.1.14 R The records kept in accordance with this chapter must be:

(1) provided by the firm to the client involved upon request; and

(2) kept for a period of five years and, where requested by the FCA, for a period of up to seven years.

[Note: article 16(7) of MiFID, ninth subparagraph]

Annex C

Amendments to the Fit and Proper test for Approved Persons and specified significant-harm functions (FIT)

In this Annex, underlining indicates new text and striking through indicates deleted text.

1 General

...

1.2 Introduction

...

1.2.4A Under Article 521(1)(d) of the MiFID Implementing Directive and articles 34 34 and 32 35 of MiFID, the requirement to employ personnel with the knowledge, skills and expertise necessary for the discharge of the responsibilities allocated to them is reserved to the firm’s Home State. Therefore, in assessing the fitness and propriety of:

(a) a person to perform a controlled function; or

(b) a certification employee;

solely in relation to the MiFID business of an incoming EEA firm, the appropriate regulator FCA will not have regard to that person’s competence and capability.

(2) Where the controlled function relates to:

(a) matters outside the scope of MiFID, for example money laundering responsibilities (see CF11) or activities related to a specified benchmark function (CF 40), the benchmark administration function (and CF 50), and the benchmark submission and administration FCA-specified significant-harm functions (see SYSC 5.2.33R); or

(b) business outside the scope of the MiFID business of an incoming EEA firm, for example insurance mediation activities in relation to life policies;

(c) matters within the responsibility of the FCA as the Host State regulator, for example money laundering responsibilities (see the money laundering reporting function (CF11 and SMF17))
or (3) below:

the FCA will have regard to a candidate’s person’s competence and capability as well as his their honesty, integrity, reputation and financial soundness.

(3) The FCA will have regard to a natural person’s competence and capability to the extent they give a personal recommendation or information about financial instruments, structured deposits, investment services or ancillary services on behalf of a UK branch of:

(a) an investment firm authorised under MiFID;

(b) an AIFM investment firm carrying out activities under article 6(4) of the AIFMD (provision of additional services);

(c) a UCITS investment firm carrying out activities under article 6(3) of the UCITS Directive (provision of additional services); or

(d) a credit institution.

(4) (3) is the result of the combined effect of articles 25(1) (Assessment of suitability and appropriateness and reporting to clients) and 35(8) (Establishment of a branch) of MiFID.

(5) (1) to (4) are also relevant to the matters an EEA relevant authorised person should take into account when assessing any staff being assessed under FIT. Where, under (1) to (4):

(a) the FCA will have regard to a person’s competence and capability, so should a firm when assessing any staff being assessed under FIT; and

(b) the FCA will not have regard to a person’s competence and capability, a firm need not do so either when assessing any staff being assessed under FIT.

Amendments to the Training and Competence sourcebook (TC)

In this Annex, underlining indicates new text and striking through indicates deleted text, unless indicated otherwise.

1 Application and Purpose

1.1 Who, what and where?

Who and what?

1.1.1 R The application of this sourcebook is modified for a MiFID investment firm and a third country investment firm by the provisions in TC 4.1 where its employee carries on an activity in TC App 1 which is also an activity in TC 4.1.2R.

1.1.1A R

1.1.1B G ESMA has issued guidelines specifying criteria for the assessment of knowledge and competence. The ESMA guidelines can be found at https://www.esma.europa.eu/document/guidelines-assessment-knowledge-and-competence.

Purpose

1.1.3 G The competent employees rule is the main Handbook requirement relating to the competence of employees. The purpose of this sourcebook is to support the FCA’s supervisory function by supplementing the competent employees rule for retail activities.

Insert the following new chapter after TC 3 (Record keeping). All the text is new and is not underlined.

4 Specified modified requirements

4.1 Specified requirements for MiFID investment firms and for third country investment firms

4.1.1 R For a firm in relation to its MiFID or equivalent third country business the rules set out in column 1 of the table in TC 4.1.4R below are amended as
4.1.2 R In this section, references to relevant individuals are natural persons who, on behalf of the firm:

(1) make personal recommendations to retail clients in relation to financial instruments; or

(2) provide information to retail clients about financial instruments, investment services or ancillary services; or

who are otherwise responsible for the supervision of a relevant individual who has not acquired the necessary knowledge and competence to act in a capacity prescribed in (1) or (2).

4.1.3 R References in TC 4.1.4R to a relevant individual’s knowledge and competence are to the knowledge and competence necessary to ensure that the firm, on behalf of which the relevant individual acts, is able to meet its obligations under:

(1) those rules which implement articles 24 and 25 of MiFID (including those rules which implement related provisions under the MiFID Delegated Directive); and

(2) related provisions of the MiFID Org Regulation.

4.1.4 R Unless the context requires otherwise the rules in column 1 of the table are amended as set out in column 2:

“In addition, a firm must not assess a relevant individual as competent unless the firm has satisfied itself that the relevant individual possesses the knowledge and competence to enable the firm to meet its obligations under SYSC 5.1.5ABR. This means that the relevant individual has also:

(a) obtained appropriate experience which means that the relevant individual has successfully demonstrated the ability to carry on the activities through previous work experience. This work must have been performed, on a full-time equivalent basis, for a minimum period of 6 months; and

(b) attained an appropriate qualification which means a qualification or other test or training |
course that meets the criteria set out by the ESMA guidelines.

The level of knowledge and competence needed to fulfil the firm’s obligations reflects the scope and degree of the activities, as described in TC 4.1.2R above, carried out by the relevant individual.”

**Structured deposits: further provisions**

1.1.1AA R  Except in COBS 6.2B, in the rules referred to in COBS 1.1.1AR(1) (and in any related guidance), references to:

1. **investment services and designated investment business** include selling, or advising clients in relation to, structured deposits; and

2. **financial instruments and designated investments** include structured deposits.

1.1.1AB EU Article 1(2) of the MiFID Org Regulation specifies how its provisions should be read where they apply to firms selling, or advising on, structured deposits.

1(2) References to investment firms shall encompass credit institutions and references to financial instruments shall encompass structured deposits in relation to all the requirements referred to in Article 1(3) and 1(4) of Directive 2014/65/EU and their implementing provisions as set out under this Regulation.
1.1.1AC  R  A third country investment firm and a MiFID optional exemption firm must also comply with the provisions of the MiFID Org Regulation which relate to the articles of MiFID referred to in COBS 1.1.1AR(2), as modified by article 1(2) of the MiFID Org Regulation, when selling, or advising a client in relation to, a structured deposit.

1.1.1AD  G  The provisions of MiFID and the MiFID Delegated Directive referred to in COBS 1.1.1AR(2) can be found in the chapters of COBS in the following table and are followed by a ‘Note:’.

(3) In this sourcebook, where a reproduced provision of an article of the MiFID Org Regulation refers to another part of the MiFID Org Regulation, that other provision must also be read with reference to the table in (2).

1.2.4 G Firms to which provisions of the MiFID Org Regulation are applied as if they were rules should use the text of any preamble to the relevant provision marked “EU” to assist in interpreting any such references or cross-references.

### Interpretation – “in good time”

1.2.5 G (1) Certain of the provisions in this sourcebook which implement MiFID require firms to provide clients with information “in good time”.

(2) In determining what constitutes the provision of information “in good time”, a firm should take into account, having regard to the urgency of the situation, the client’s need for sufficient time to read and understand the information before taking an investment decision.

(3) A client is likely to require more time to review information given on a complex or unfamiliar product or service, or a product or service a client has no experience with, than a client considering a simpler or more familiar product or service, or where the client has relevant prior experience.

1.3 G In particular, certain chapters of this sourcebook apply only to firms in relation to their MiFID, equivalent third country or optional exemption business while others apply only to firms’ designated investment business which is not MiFID, equivalent third country or optional exemption business.

1.4 G COBS 18 (Specialist regimes) contains specialist regimes which modify the application of the provisions in this sourcebook for particular types of firm and business. To the extent that they are in conflict, the rules in COBS 18 on the application of the provisions in this sourcebook should be understood as overriding any other provision (whether in COBS 1 or an individual chapter) on the application of COBS. For the avoidance of doubt, nothing in COBS 18 modifies the effect of the EEA territorial scope rule.

2. The Single Market Directives and other directives

...  ...

2.2 G ... If the answer to all three questions is ‘yes’, the EEA territorial scope rule may change the effect of the general application rule general application of this sourcebook.

...  ...

3. MiFID: effect on territorial scope

3.1 G PERG 13 contains general guidance on the persons and businesses to which MiFID applies.

3.2 G This guidance concerns the rules within the scope of MiFID including those rules which are in the same subject area as the implementing rules. A rule is within the scope of MiFID if it is followed by a ‘Note:’ indicating the article of MiFID or the MiFID implementing Directive MiFID Delegated Directive which it implements.

3.3 G For a UK MiFID investment firm, rules in this sourcebook that are within the scope of MiFID generally apply to its MiFID business carried on from an establishment in the United Kingdom. They also generally apply to its MiFID business carried on from an establishment in another EEA State, but only where that business is not carried on within the territory of that State. (See articles 34(4), 34(1), and 32(4), 35(1) and (7), 35(8) of MiFID)

3.4 G For an EEA MiFID investment firm, rules in this sourcebook that are within the scope of MiFID generally apply only to its MiFID business if that business is carried on from an establishment in, and within the territory of, the United Kingdom. (See article 32(4), 35(1) and (7), 35(8) of MiFID)

3.5 G However, the rules on investment research and non-independent research (COBS 12.2 and 12.3, except for COBS 12.2.18EU) and the rules on
| 3.6 | G | Firms to which MiFID applies or which are subject to requirements in MiFID (including MiFID optional exemption firms) should also have regard to the rules and guidance in COBS 1.2. |

| 9.1 | G | The UCITS Directive covers undertakings for collective investment in transferable securities (UCITS) meeting the requirements of the Directive, and their management companies and depositaries. The rules in this sourcebook within the Directive’s scope (all of which will apply to a management company) are those in: |
| 9.1D | G | EEA UCITS management companies should be aware that there is a special narrower application of COBS for scheme management activity provided for by COBS 18.5B (Residual CIS operators, UCITS management companies and AIFMs). |

| 10.4 | G | Incoming EEA AIFM branches should be aware that there is a special narrower application of COBS for AIFM investment management functions provided for by COBS 18.5A (Residual CIS operators, UCITS management companies and Full-scope UK AIFMs and incoming EEA AIFM branches). |

2 Conduct of business obligations

2.1 Acting honestly, fairly and professionally

The client’s best interests rule
2.1.1 R (1) A firm must act honestly, fairly and professionally in accordance with the best interests of its client (the client’s best interests rule).

(2) This rule applies in relation to designated investment business carried on:

(a) for a retail client; and

(b) in relation to MiFID or equivalent third country business, for any other client.

[Note: article 19(1) 24(1) of MiFID and article 14(1)(a) and (b) of the UCITS Directive]

Business with eligible counterparties

2.1.1A R In relation to its eligible counterparty business, a firm must act honestly, fairly and professionally, taking into account the nature of the eligible counterparty and its business.

2.2 Information disclosure before providing services (non-MiFID provisions)

Application

2.2.-1 R (1) This section applies in relation to MiFID or equivalent third country business, [deleted]

(2) This section applies in relation to other designated investment business other than MiFID, equivalent third country or optional exemption business, carried on for a retail client:

(a) in relation to a derivative, a warrant, a non-readily realisable security, a P2P agreement, or stock lending activity, but as regards the matters in COBS 2.2.1R(1)(b) only; and

(b) in relation to a retail investment product, but as regards the matters in COBS 2.2.1R(1)(a) and (d) only.

After COBS 2.2 (Information disclosure before providing services (non-MiFID provisions)) insert the following new section. All the text is new and is not underlined.

2.2A Information disclosure before providing services (MiFID provisions)

Application

2.2A.1 R This section applies to a firm in relation to its MiFID, equivalent third country or optional exemption business.

Information disclosure in good time

2.2A.2 R (1) A firm must provide appropriate information in good time to a client with regard to:

(a) the firm and its services;
(b) the financial instruments and proposed investment strategies;
(c) execution venues; and
(d) all costs and related charges.

[Note: article 24(4) of MiFID]

(2) That information may be provided in a standardised format.

2.2A.3 R (1) A firm must provide the information required by this section in a comprehensible form in such a manner that a client is reasonably able to understand the nature and risks of the investment service and of the specific type of financial instrument that is being offered and, consequently, to take investment decisions on an informed basis.

(2) That information may be provided in a standardised format.

[Note: article 24(5) of MiFID]
Related rules

2.2A.4 G A firm to which the rule on providing appropriate information (COBS 2.2A.2R) applies should also consider the rules on disclosing information about a firm, its services, costs and associated charges and financial instruments in COBS 6.1ZA and COBS 14.3A.

Disclosure of commitment to the Financial Reporting Council’s Stewardship Code

2.2A.5 R A firm must comply with the rule in COBS 2.2.3R (Disclosure of commitment to the Financial Reporting Council’s Stewardship Code).

2.3 Inducements relating to business other than MiFID, equivalent third country or optional exemption business

... Application

2.3.-1A R This section does not apply to:

(1) giving advice, or providing services, to an employer in connection with a group personal pension scheme or group stakeholder pension scheme where that scheme is a qualifying scheme; or

(2) a firm in relation to MiFID, equivalent third country or optional exemption business (but see COBS 2.3A (Inducements relating to MiFID, equivalent third country or optional exemption business)).

...  

2.3.-1C G This section does not apply to the provision of independent advice or restricted advice on a retail investment product in the course of MiFID, equivalent third country or optional exemption business. A firm providing such a service should refer instead to COBS 2.3A (Inducements relating to MiFID, equivalent third country or optional exemption business) and COBS 6.1A (Adviser charging and remuneration).

Rule on inducements

2.3.1 R A firm must not pay or accept any fee or commission, or provide or receive any non-monetary benefit, in relation to designated investment business or, in the case of its MiFID or equivalent third country business, another ancillary service, carried on for a client other than:

...
(2) a fee, commission or non-monetary benefit paid or provided to or by a third party or a person acting on behalf of a third party, if:

... 

(b) the existence, nature and amount of the fee, commission or benefit, or, where the amount cannot be ascertained, the method of calculating that amount, is clearly disclosed to the client, in a manner that is comprehensive, accurate and understandable, before the provision of the service;

(i) this requirement only applies to business other than MiFID or equivalent third country business the carrying on by a UK UCITS management company or EEA UCITS management company of the collective portfolio management activities of investment management and administration for the relevant scheme if it includes:

... 

(ii) where this requirement applies to business other than MiFID or equivalent third country business the carrying on by a UK UCITS management company or EEA UCITS management company of the collective portfolio management activities of investment management and administration for the relevant scheme, a firm is not required to make a disclosure to the client in relation to a non-monetary benefit permitted under (a) and which falls within the table of reasonable non-monetary benefits in COBS 2.3.15G as though that table were part of this rule-for this purpose only;

(iii) ... 

(c) in relation to MiFID or equivalent third country business the carrying on by a UK UCITS management company or EEA UCITS management company of the collective portfolio management activities of investment management and administration for the relevant scheme or when carrying on a regulated activity in relation to a retail investment product, or when advising on P2P agreements, the payment of the fee or commission, or the provision of the non-monetary benefit is designed to enhance the quality of the service to the client; or

(3) proper fees which enable or are necessary for the provision of designated investment business or ancillary services, such as custody costs, settlement and exchange fees, regulatory levies or legal fees, and which, by their nature, cannot give rise to conflicts with the firm’s duties to act honestly, fairly and professionally in accordance with the
best interests of its clients.

[Note: article 26 of the MiFID implementing Directive and articles 29(1) and 29(2) of the UCITS implementing Directive]

[Note: The European Securities and Markets Authority has issued recommendations on inducements under MiFID]

2.3.1 R C O B S 2.3.1R applies to a UK UCITS management company and EEA UCITS management company when providing collective portfolio management services, as if:

(1) references to a client, were references to any UCITS it manages; and

(2) in (2)(b) and (c) and (3) of that rule, references to MiFID or equivalent third country business were also references to the collective portfolio management activities of investment management and administration for the scheme.

[Note: article 29(1) of the UCITS implementing Directive]

2.3.2 R ... [Note: article 26 of the MiFID implementing Directive and article 29(2) of the UCITS implementing Directive]

... Guidance on inducements ...

2.3.4 G COBS 11.6 (Use of dealing commission) deals with the acceptance of certain inducements by investment managers and builds upon the requirements in this section. Investment managers should ensure they comply with this section and COBS 11.6. [deleted]

2.3.4A G A UCITS management company is subject to specific rules on inducements and research in COBS 18.5B when executing orders for financial instruments for, or on behalf of, the UCITS it manages (see COBS 18.5B.6R and COBS 18 Annex 1).

... 2.3.6 G For the purposes of this section, the receipt by an investment firm of a commission in connection with a personal recommendation or a general recommendation, in circumstances where the advice or recommendation is not biased as a result of the receipt of commission, should be considered as designed to enhance the quality of the recommendation to the client. [deleted]

[Note: recital 39 of MiFID implementing Directive]
2.3.7 G The fact that a fee, commission or non-monetary benefit is paid or provided to or by an appointed representative or, where applicable, by a tied agent, does not prevent the application of the rule on inducements.

2.3.8 G The rule on inducements is applicable to a firm and those acting on behalf of a firm in relation to the provision of an investment service or ancillary service to a client. Small gifts and minor hospitality received by an individual in their personal capacity below a level specified in the firm’s conflict of interest policy, will not be relevant for the purpose of the rule on inducements. Reasonable non-monetary benefits

2.3.16A G ...

Application of guidance on reasonable non-monetary benefits

2.3.16B R The guidance on reasonable non-monetary benefits in COBS 2.3.14G to COBS 2.3.16AG does not apply to a firm which:

(1) makes personal recommendations to retail clients in relation to retail investment products or P2P agreements, and to which COBS 6.1A (Adviser charging and remuneration) applies; or

(2) is a retail investment product provider, a platform service provider or a firm which is an operator of an electronic system in relation to lending to which COBS 6.1B (Retail investment product provider, operator of an electronic system relating to lending, and platform service provider requirements relating to adviser charging and remuneration) applies.

2.3.16C G However, COBS 6.1A and COBS 6.1B do permit minor non-monetary benefits which meet the relevant requirements set out in COBS 6.1A.5AR(2).

2.3A  Inducements relating to MiFID, equivalent third country or optional exemption business

Application

2.3A.1  R  This section applies to a firm in relation to its MiFID, equivalent third country or optional exemption business.

Relationship with the adviser charging, product provider and platform service provider rules in COBS 6.1A, COBS 6.1B and COBS 6.1E

2.3A.2  G  A firm which makes a personal recommendation to a retail client in the United Kingdom in relation to a retail investment product in the course of carrying on MiFID, equivalent third country or optional exemption business with or for that client is also required to comply with the rules in COBS 6.1A (Adviser charging and remuneration).

2.3A.3  G  COBS 6.1A provides, amongst other things, that a firm must only be remunerated for a personal recommendation (and any other related services provided by the firm) by adviser charges.

2.3A.4  G  Where:

(1)  the firm:

   (a)  is a retail investment product provider or a platform service provider; and

   (b)  carries on MiFID, equivalent third country or optional exemption business in relation to those activities; and

(2)  the client is a retail client in the United Kingdom,

the firm is required to comply with the rules in this section and in COBS 6.1B (Retail investment product provider, operator of an electronic system relating to lending, and platform service provider requirements relating to adviser charging and remuneration) and, where relevant, COBS 6.1E (Platform services: platform charges using a platform service for advising).

Rules on inducements relating to the provision of investment services and ancillary services

2.3A.5  R  Except where COBS 2.3A.6R applies, a firm must not:

(1)  pay to or accept from any party (other than the client or a person on behalf of the client) any fee or commission in connection with the provision of an investment service or an ancillary service; or
(2) provide to or receive from any party (other than the client or a person on behalf of the client) any non-monetary benefit in connection with the provision of an investment service or an ancillary service.

[Note: article 24(9) of MiFID]

2.3A.6 R (1) COBS 2.3A.5R does not apply to:

(a) a fee, commission or non-monetary benefit which:

   (i) is designed to enhance the quality of the relevant service to the client (see COBS 2.3A.8R); and

   (ii) does not impair compliance with the firm’s duty to act honestly, fairly and professionally in the best interests of the client;

(b) a payment or benefit which enables or is necessary for the provision of an investment service by the firm, such as custody costs, settlement and exchange fees, regulatory levies or legal fees and which, by its nature, cannot give rise to conflicts with the firm’s duty to act honestly, fairly and professionally in the best interests of the client; or

(c) third party research received in accordance with COBS 2.3B (see COBS 2.3B.3R).

(2) Where a firm pays, provides, accepts or receives, a fee, commission or non-monetary benefit which falls within (1)(a), the firm must clearly disclose to the client:

(a) the existence and nature of the payment or benefit; and

(b) the amount of the payment or benefit or, where the amount cannot be ascertained, the method for calculating that amount.

(3) That information must be disclosed:

(a) prior to the provision of the relevant service; and

(b) in a manner that is comprehensive, accurate and understandable (see also COBS 2.3A.10R (Disclosure of payments or benefits received from, or paid to, third parties)).

(4) Where applicable, a firm must inform a client of the mechanisms for transferring to the client the fee, commission, monetary or non-monetary benefit received in relation to the provision of the relevant service.

[Note: article 24(9) of MiFID]
2.3.7 E A firm which fails to comply with COBS 2.3A.5R is to be regarded as not fulfilling its obligations in relation to:

1. conflicts of interest (see SYSC 10); and
2. acting honestly, fairly and professionally in accordance with the best interests of its clients (see COBS 2.1.1R).

[Note: article 24(9) of MiFID]

Fees, commissions or non-monetary benefits which are designed to enhance the quality of a service

2.3.8 R (1) For the purposes of COBS 2.3A.6R(1)(a)(i), a fee, commission or non-monetary benefit is designed to enhance the quality of the relevant service to a client only if:

(a) it is justified by the provision of an additional or higher level service to the client and is proportional to the level of inducements received;

(b) it does not directly benefit the recipient firm, its shareholders or employees without tangible benefit to the client;

(c) it is justified by the provision of an ongoing benefit to the client in relation to an ongoing inducement; and

(d) the provision of the service by the firm to the client is not biased or distorted as a result of the fee, commission or non-monetary benefit.

(2) A firm must fulfil these conditions on an ongoing basis as long as the firm continues to pay or receive the fee, commission or non-monetary benefit.

[Note: article 11(2) and (3) of the MiFID Delegated Directive]

2.3.9 R A fee, commission or non-monetary benefit may be justified for the purposes of COBS 2.3A.8R(1)(a) where, for example, the firm provides:

1. restricted advice on, and access to, a wide range of suitable financial instruments including an appropriate number of financial instruments from third party product providers having no close links with the firm; or

2. restricted advice combined with:

(a) an offer to the client, at least on an annual basis, to assess the continuing suitability of the financial instruments in which the client has invested; or
(b) another ongoing service that is likely to be of value to the client such as advice about the suggested optimal asset allocation of the client; or

(3) access, at a competitive price, to a wide range of financial instruments that are likely to meet the needs of the client, including an appropriate number of financial instruments from third party product providers having no close links with the firm, together with either the provision of added-value tools, such as objective information tools helping the client to take investment decisions or enabling the client to monitor, model and adjust the range of financial instruments in which they have invested, or providing periodic reports of the performance and costs and charges associated with the financial instruments.

[Note: article 11(2) of the MiFID Delegated Directive]

[Note: further guidance on this is contained in the FCA’s Finalised Guidance on ‘Supervising retail investment advice: inducements and conflicts of interest’ (FG14/1), available at: https://www.fca.org.uk/publication/finalised-guidance/fg14-01.pdf]

Disclosure of payments or benefits received from, or paid to, third parties

2.3A.10 R

(1) Prior to the provision of the relevant service, the firm must disclose to the client the information set out in COBS 2.3A.6R(2) and, where applicable, COBS 2.3A.6R(4).

(2) For these purposes, minor non-monetary benefits may be described in a generic way, but other non-monetary benefits received or paid by the firm in connection with a service provided to the client must be priced and disclosed separately.

[Note: article 11(5)(a) of the MiFID Delegated Directive]

2.3A.11 R

Where a firm is unable to ascertain on an ex-ante basis the amount of any payment or benefit to be received or paid, and instead discloses to the client the method of calculating the relevant amount, the firm must also inform the client of the exact amount of the payment or benefit received or paid on an ex-post basis.

[Note: article 11(5)(b) of the MiFID Delegated Directive]

2.3A.12 R

(1) Where inducements are received by the firm on an ongoing basis in relation to an investment service provided to a client, the firm must inform, at least annually, that client about the actual amount of payments or benefits received.

(2) For these purposes, minor non-monetary benefits may be described in a generic way.

[Note: article 11(5)(c) of the MiFID Delegated Directive]
2.3A.13 R In implementing the requirements of COBS 2.3A.10R to COBS 2.3A.12R, a firm must take into account the costs and charges rules set out in article 24(4)(c) of MiFID and article 50 of the MiFID Org Regulation (see COBS 6.1ZA.2.7R to 6.1ZA.2.9R and 6.1ZA.2.10EU).

[Note: article 11(5) of the MiFID Delegated Directive]

2.3A.14 R Each firm involved in a distribution channel which provides an investment service or ancillary service must comply with its obligations to make disclosures to its clients.

[Note: article 11(5) of the MiFID Delegated Directive]

Inducements relating to the provision of independent advice, restricted advice and portfolio management services to retail clients in the United Kingdom

2.3A.15 R (1) This rule applies where a firm provides a retail client in the United Kingdom with:

(a) independent advice; or

(b) restricted advice; or

(c) portfolio management services.

(2) The firm must not accept any fees, commission, monetary or non-monetary benefits which are paid or provided by:

(a) any third party; or

(b) a person acting on behalf of a third party,

in relation to the provision of the relevant service to the client.

(3) Paragraph (2) does not apply to:

(a) acceptable minor non-monetary benefits (see COBS 2.3A.19R); or

(b) third party research received in accordance with COBS 2.3B.3R.

[Note: see articles 24(7)(b) and 24(8) of MiFID; article 12(2) of the MiFID Delegated Directive]

Inducements relating to the provision of independent advice and portfolio management services to retail clients outside the United Kingdom or to professional clients

2.3A.16 R (1) This rule applies where a firm provides independent advice or portfolio management services to:
(a) a retail client outside the United Kingdom; or

(b) a professional client.

(2) In relation to the provision of the relevant service to the client, the firm must not:

(a) accept and retain any fees, commission or monetary benefits; or

(b) accept any non-monetary benefits other than acceptable minor non-monetary benefits (see COBS 2.3A.19R) or third party research received in accordance with COBS 2.3B (see COBS 2.3B.3R),

where these are paid or provided by any third party or a person acting on behalf of a third party.

(3) With regard to paragraph (2), the firm must:

(a) return to the client as soon as reasonably possible after receipt any fees, commission or any monetary benefits paid or provided by any third party or a person acting on behalf of a third party in relation to the services provided to that client;

(b) transfer in full to the client all fees, commission or monetary benefits received from third parties in relation to the services provided to the client;

(c) establish and implement a policy to ensure that any fees, commission or any monetary benefits paid or provided by any third party or a person acting on behalf of a third party in relation to the provision of the services to the client are allocated and transferred to that client; and

(d) inform the client about the fees, commission or any monetary benefits transferred to them, such as through the periodic reporting statements provided to the client.

[Note: articles 24(7)(b) and 24(8) of MiFID; article 12(1) and (2) of the MiFID Delegated Directive]

2.3A.17 G SYSC 4.1 (General requirements) sets out further organisational requirements relating to firms.

Fees, commission, and non-monetary benefits paid or provided by a person on behalf of the client

2.3A.18 G Fees, commission or non-monetary benefits paid or provided by a person on behalf of the client are acceptable only if that person is aware that such payments have been made on that client’s behalf and the amount and frequency of any payment is agreed between the client and the firm and not
determined by a third party. This could be the case where:

(1) a client pays a firm’s invoice directly or it is paid by an independent third party who has no connection with the firm regarding the investment service provided to the client and is acting only on the instructions of the client; or

(2) cases where the client negotiates a fee for a service provided by a firm and pays that fee.

This would generally be the case for accountants or lawyers acting under a clear payment instruction from the client or where a person is acting as a mere conduit for the payment.

[Note: recital 75 to MiFID]

Acceptable minor non-monetary benefits

2.3A.19 R An acceptable minor non-monetary benefit is one which:

(1) is clearly disclosed prior to the provision of the relevant service to the client, which the firm may describe in a generic way (where applicable, in accordance with article 11(5)(a) of the MiFID Delegated Directive (see COBS 2.3A.10R));

(2) is capable of enhancing the quality of service provided to the client;

(3) is of a scale and nature that it could not be judged to impair the firm’s compliance with its duty to act honestly, fairly and professionally in the best interests of the client;

(4) is reasonable, proportionate and of a scale that is unlikely to influence the firm’s behaviour in any way that is detrimental to the interests of the relevant client; and

(5) consists of:

(a) information or documentation relating to a financial instrument or an investment service, that is generic in nature or personalised to reflect the circumstances of an individual client;

(b) written material from a third party that is commissioned and paid for by a corporate issuer or potential issuer to promote a new issuance by the company, or where the third party firm is contractually engaged and paid by the issuer to produce such material on an ongoing basis, provided that the relationship is clearly disclosed in the material and that the material is made available at the same time to any firms wishing to receive it, or to the general public;

(c) participation in conferences, seminars and other training events on the benefits and features of a specific financial instrument or
an investment service;

(d) hospitality of a reasonable de minimis value, such as food and drink during a business meeting or a conference, seminar or other training events mentioned under paragraph (c);

(e) research relating to an issue of shares, debentures, warrants or certificates representing certain securities by an issuer, which is:

(i) produced:

(A) prior to the issue being completed; and

(B) by a person that is providing underwriting or placing services to the issuer on that issue; and

(ii) made available to prospective investors in the issue; or

(f) research that is received so that the firm may evaluate the research provider’s research service, provided that:

(i) it is received during a trial period that lasts no longer than three months;

(ii) no monetary or non-monetary consideration is due (whether during the trial period, before or after) to the research provider for providing the research during the trial period;

(iii) the trial period is not commenced with the research provider within 12 months from the termination of an arrangement for the provision of research (including any previous trial period) with the research provider; and

(iv) the firm makes and retains a record of the dates of any trial period accepted under this rule, as well as a record of how the conditions in (i) to (iii) were satisfied for each such trial period.

[Note: articles 24(7)(b) and 24(8) of MiFID; article 12(2) and (3) of the MiFID Delegated Directive and article 72(3) of the MiFID Org Regulation]

2.3A.20 G COBS 2.3A.8R sets out the conditions to be met if a fee, commission or non-monetary benefit is designed to enhance the quality of the service to a client. Those conditions are also likely to be relevant to firms considering whether a fee, commission or non-monetary benefit is capable of enhancing the quality of the service to a client.

[Note: articles 24(7) and (8) of MiFID refer to minor non-monetary benefits that are capable of enhancing the quality of service provided to the client]
2.3A.21 G A non-monetary benefit that involves a third party allocating valuable resources to the firm is not a minor non-monetary benefit and accordingly is considered to impair compliance with the firm’s duty to act in the client’s best interest.

[Note: recital 30 to the MiFID Delegated Directive]

2.3A.22 G For the purposes of COBS 2.3A.19R(4) and (5)(a), non-substantive material or services consisting of short term market commentary on the latest economic statistics or company results or information on upcoming releases or events which are provided by a third party and which:

(1) contain only a brief unsubstantiated summary of the third party’s own opinion on the information; and

(2) do not include any substantive analysis (e.g. where the third party simply reiterates a view based on an existing recommendation or substantive research),

can be deemed to be information relating to a financial instrument or investment service of a scale and nature such that it constitutes an acceptable minor non-monetary benefit.

[Note: recital 29 to the MiFID Delegated Directive]

Paying commission on non-advised sales of packaged products

2.3A.23 G The following guidance and evidential provisions provide examples of arrangements the FCA believes will breach the client’s best interests rule if a firm sells or arranges the sale of a packaged product for a retail client.

2.3A.24 E (1) If a firm is required to disclose commission (see COBS 6.4 (Disclosure of charges, remuneration and commission)) to a client in relation to the sale of a packaged product (other than in relation to arrangements between firms that are in the same immediate group) the firm should not enter into any of the following:

(a) volume overrides, if commission paid in respect of several transactions is more than a simple multiple of the commission payable in respect of one transaction of the same kind; and

(b) an agreement to indemnify the payment of commission on terms that would or might confer an additional financial benefit on the recipient in the event of the commission becoming repayable.

(2) Contravention of (1) may be relied upon as tending to establish contravention of COBS 2.3A.5R.

2.3A.25 G If a firm enters into an arrangement with another firm under which it makes or receives a payment of commission in relation to the sale of a packaged product that is increased in excess of the amount disclosed to the client, the

firm is likely to have breached the rules on disclosure of charges, remuneration and commission (see COBS 6.4) and, where applicable, the rules on inducements in COBS 2.3A.6R(2) and (3), unless the increase is attributable to an increase in the premiums or contributions payable by that client.

Providing credit and other benefits to firms that advise retail clients on retail investment products

2.3A.26 G The following guidance and evidential provisions provide examples of arrangements the FCA believes will breach the client’s best interests rule in relation to a personal recommendation of a retail investment product to a retail client.

2.3A.27 E (1) This evidential provision applies in relation to a holding in, or the provision of credit to, a firm which holds itself out as making personal recommendations to retail clients on retail investment products, except where the relevant transaction is between persons who are in the same immediate group.

(2) A retail investment product provider should not take any step which would result in it:

(a) having a direct or indirect holding of the capital or voting power of a firm in (1); or

(b) providing credit to a firm in (1) (other than continuing to facilitate the payment of an adviser charge or consultancy charge where it is no longer payable by the retail client, as described in COBS 6.1A.5G or COBS 6.1C.6G);

unless all the conditions in (4) are satisfied. A retail investment product provider should also take reasonable steps to ensure that its associates do not take any step which would result in it having a holding as in (a) or providing credit as in (b).

(3) A firm in (1) should not take any step which would result in a retail investment product provider having a holding as in (2)(a) or providing credit as in (2)(b), unless all the conditions in (4) are satisfied.

(4) The conditions referred to in (2) and (3) are that:

(a) the holding is acquired, or credit is provided, on commercial terms, that is terms objectively comparable to those on which an independent person unconnected to a retail investment product provider would, taking into account all relevant circumstances, be willing to acquire the holding or provide credit;

(b) the firm (or, if applicable, each of the firms) taking the step has reliable written evidence that (a) is satisfied;
(c) there are no arrangements, in connection with the holding or credit, relating to the channelling of business from the firm in (1) to the retail investment product provider; and

(d) the retail investment product provider is not able, and none of its associates is able, because of the holding or credit, to exercise any influence over the personal recommendations made in relation to retail investment products given by the firm.

(5) In this evidential provision, in applying (2) and (3) any holding of, or credit provided by, a retail investment product provider’s associate is to be regarded as held by, or provided by, that retail investment product provider.

(6) Contravention of (2) or (3) may be relied upon as tending to establish contravention of COBS 2.3A.15R.

2.3A.28 G Where a retail investment product provider, or its associate, provides credit to a retail client of a firm making personal recommendations in relation to retail investment products, this may create an indirect benefit for the firm and, to the extent that this is relevant, the provider of retail investment products may need to consider the examples in COBS 2.3A.27E as if it had provided the credit to the firm.

2.3A.29 G In considering the compliance of arrangements between members of the same immediate group with COBS 2.3A.15R, firms may wish to consider the evidential provisions in COBS 2.3A.24E and COBS 2.3A.27E, to the extent that these are relevant.

Guidance on inducements

2.3A.30 G A firm which fails to comply with the rules on inducements will not meet its obligations in relation to conflicts of interest (see SYSC 10) or the obligation to act honestly, professionally and fairly in accordance with the best interests of its clients.

[Note: article 24(9) of MiFID]

2.3A.31 G A firm is unlikely to meet its obligations relating to best execution (see COBS 11.2A), inducements (in this section), and conflicts of interest (see SYSC 10) where it receives payment, remuneration or commission from third parties (including those entities to whom or which it directs orders for execution) in relation to the execution of client orders. Firms should also have regard to the FSA’s Guidance on the practice of ‘Payment for Order Flow’.

Record keeping: inducements

2.3A.32 R A firm must hold evidence that any fees, commission or non-monetary benefits paid or received by the firm are designed to enhance the quality of the relevant service to the client by:

(1) keeping an internal list of all fees, commission and non-monetary benefits received by the firm from a third party in relation to the provision of the service; and

(2) recording how the fees, commission and non-monetary benefits paid or received by the firm, or that the firm intends to use, enhance the quality of the services provided to the relevant clients and the steps taken in order not to impair the firm’s compliance with the duty to act honestly, fairly and professionally in the best interests of the client.

[Note: article 11(4) of the MiFID Delegated Directive]

2.3A.33 G In relation to the MiFID business of a firm, article 72 and Annex 1 of the MiFID Org Regulation also make provision for the keeping of records on inducements.

[Note: article 72 and Annex 1 of the MiFID Org Regulation]

2.3A.34 R In relation to the equivalent business of a third country investment firm and MiFID optional exemption business, information disclosed to the client in accordance with COBS 2.3A.6R(2), (3) and (4) and COBS 2.3A.10R to COBS 2.3A.12R must be retained in a medium that allows the storage of information in a way accessible for future reference by the FCA, and in such a form and manner that:

(1) the FCA is able to access it readily and to reconstitute each key stage of the processing of each transaction;

(2) it is possible for any corrections or other amendments, and the contents of the records prior to such corrections or amendments, to be easily ascertained;

(3) it is not possible for the records otherwise to be manipulated or altered;

(4) it can be exploited through information technology or any other efficient method of exploitation when analysis of the data cannot be easily carried out due to the volume and nature of the data; and

(5) the firm’s arrangements comply with the record keeping requirements irrespective of the technology used.

After COBS 2.3A (Inducements relating to MiFID, equivalent third country or optional exemption business) insert the following new sections COBS 2.3B (Inducements and
2.3B Inducements and research

Application

2.3B.1 R This section applies to a firm carrying on MiFID, equivalent third country or optional exemption business.

2.3B.2 G (1) A firm providing independent advice, restricted advice or portfolio management services to retail clients in the United Kingdom, or which provides independent advice or portfolio management services to retail clients outside the United Kingdom or to professional clients is prohibited from receiving inducements (other than acceptable minor non-monetary benefits) in relation to those services under COBS 2.3A.15R and COBS 2.3A.16R. Compliance with COBS 2.3B allows such a firm to receive third party research without breaching that prohibition.

(2) In addition, COBS 2.3B enables investment firms other than those in (1) to receive research without subjecting it to an assessment under the inducements rule in COBS 2.3A, as research acquired in accordance with this section will not constitute an inducement.

Receiving third party research without it constituting an inducement

2.3B.3 R Third party research that is received by a firm providing investment services or ancillary services to clients will not be an inducement under COBS 2.3A.5R, COBS 2.3A.15R or COBS 2.3A.16R if it is received in return for either of the following:

(1) direct payments by the firm out of its own resources; or

(2) payments from a separate research payment account controlled by the firm, provided that the firm meets the requirements in COBS 2.3B.4R relating to the operation of the account.

[Note: article 13(1)(a) and (b)(excl. (i) – (iv)) of the MiFID Delegated Directive]

Conditions relating to the operation of the research payment account

2.3B.4 R The requirements referred to in COBS 2.3B.3R(2) for the operation of a research payment account are:

(1) the research payment account must only be funded by a specific research charge to clients, which must:

(a) only be based on a research budget set by the firm for the
purpose of establishing the amount needed for third party research in respect of investment services rendered to its clients; and

(b) not be linked to the volume or value of transactions executed on behalf of clients;

(2) (a) the firm must set and regularly assess a research budget as an internal administrative measure as part of establishing a research payment account and agreeing the research charge with its clients; and

(b) the research budget must comply with COBS 2.3B.7R, COBS 2.3B.8R(2) and COBS 2.3B.11R;

(3) the firm must be fully responsible for the research payment account; and

(4) the firm must regularly assess the quality of the research purchased, based on robust quality criteria, and its ability to contribute to better investment decisions for the clients who pay the research charge.

[Note: article 13(1)(b)(i-iv) and (2)(a) and (b) of the MiFID Delegated Directive]

2.3B.5 R A firm using a research payment account must provide the following information to clients:

(1) before the provision of an investment service or ancillary service to clients, information about the budgeted amount for research and the amount of the estimated research charge for each of them; and

(2) annual information on the total costs that each of them has incurred for third party research.

[Note: article 13(1) second subparagraph of the MiFID Delegated Directive]

2.3B.6 G In accordance with Principle 7 (communications with clients), a firm should inform clients in the annual information in COBS 2.3B.5R(2) that they are entitled to request the information set out in COBS 2.3B.20R(1).

2.3B.7 R A firm must ensure that:

(1) the total amount of research charges collected from clients under COBS 2.3B.4R(1) does not exceed the research budget established under COBS 2.3B.4R(2) (and, where relevant, amended under COBS 2.3B.8R(2)); and

(2) the research budget and research payment account are not used to fund research generated internally by the firm itself.

[Note: article 13(4) and (6) of the MiFID Delegated Directive]
2.3B.8 R (1) A firm must agree with clients, in the firm’s investment management agreement or general terms of business:

(a) the research charge as budgeted by the firm; and

(b) the frequency with which the specific research charge will be deducted from the resources of the client over the year.

(2) A firm must not increase its research budget unless it has provided, in advance, clear information to relevant clients about such intended increases.

(3) If there is a surplus in a research payment account at the end of a period, the firm must have a process to:

(a) rebate those funds to relevant clients; or

(b) offset it against the research budget and charge for relevant clients calculated for the following period.

[Note: article 13(5) of the MiFID Delegated Directive]

(4) In calculating a rebate or offset as set out in (3), a firm must take reasonable steps to maintain a fair allocation of costs between clients.

2.3B.9 G Information on increases in the research budget under COBS 2.3B.8R(2) should be provided to relevant clients in good time before such increases are to take effect.

2.3B.10 G A firm that operates arrangements for collecting research charges by deducting charges from those clients’ resources should ensure that those arrangements comply with CASS 8 (Mandates), as applicable.

Governance and oversight of research payment accounts

2.3B.11 R For the purposes of COBS 2.3B.4R(2), a firm must ensure that:

(1) the research budget is managed solely by the firm and is based on a reasonable assessment of the need for third party research;

(2) the allocation of the research budget to purchase third party research is subject to appropriate controls and senior management oversight to ensure it is managed and used in the best interests of the firm’s clients; and

(3) the controls under (2) include a clear audit trail of:

(a) payments made to research providers; and

(b) how the amounts paid were determined with reference to:

(i) the quality criteria required by COBS 2.3B.4R(4); and
(ii) the firm’s policy for using third party research established under COBS 2.3B.12R.

[Note: article 13(6) of the MiFID Delegated Directive]

2.3B.12 R (1) A firm using a research payment account must establish a written policy that sets out how the firm will:

(a) comply with all elements of COBS 2.3B.4R(4); and

(b) address the extent to which research purchased through the research payment account may benefit clients’ portfolios, including, where relevant, by taking into account investment strategies applicable to various types of portfolios, and the approach the firm will take to allocate such costs fairly to the various clients’ portfolios.

(2) A firm must provide the policy established under (1) to their clients.

[Note: article 13(8) of the MiFID Delegated Directive]

2.3B.13 G A firm should retain control over the overall spending for research, the collection of client research charges and the determination of payments.

[Note: recital (28) to the MiFID Delegated Directive]

2.3B.14 G In setting a budget under COBS 2.3B.4R(2), and in light of the obligation to fairly allocate costs under COBS 2.3B.12R(1)(b), a firm may wish to consider setting a budget for a group of clients who would benefit from the same research, for example because they have portfolios that are managed according to similar investment strategies. It may be appropriate to operate a dedicated research payment account for such a group.

2.3B.15 G Where a firm charges a client under COBS 2.3B.4R(1), that charge should be for an amount of money owed to the firm. Therefore, provided it is collected by the firm only when that charge becomes due and payable, that money will not be client money held by the firm for the client who owed that charge (see CASS 7.11.25R).

Other operational arrangements for research payment accounts

2.3B.16 R If a firm uses an operational arrangement for the collection of the charge under COBS 2.3B.4R(1) where that charge is not collected separately but alongside a transaction commission, the firm must still indicate a separately identifiable research charge and ensure that the arrangements comply fully with the conditions in COBS 2.3B.4R and COBS 2.3B.5R.

[Note: article 13(3) of the MiFID Delegated Directive]

2.3B.17 G A firm should ensure that the cost of research funded by client charges is not:
(1) linked to the volume or value of services or benefits that are not research; or

(2) used to cover anything other than research, such as charges for execution.

[Note: recital 27 to the MiFID Delegated Directive]

2.3B.18 R For the purposes of COBS 2.3B.3R and COBS 2.3B.4R, a firm may delegate the administration of the research payment account to a third party, provided that the arrangement facilitates payments to research providers, in the name of the firm, for the purchase of third party research, without any undue delay and in accordance with the firm’s instruction.

[Note: article 13(7) of the MiFID Delegated Directive]

2.3B.19 G (1) In order that a firm retains sufficient control, and is responsible for, a research payment account when relying on a third party to administer it, the firm should consider whether its arrangements with that third party will ensure that:

(a) the firm can collect client research charges relating to a specific research budget into a separate research payment account for that budget, as cleared funds, without undue delay (and, in any event, no later than 30 days after deduction from the client’s account);

(b) the firm retains sole, full and absolute discretion over the use of the account and the making of payments or rebates;

(c) research payment account monies are ring-fenced and separately identifiable from the assets of the third party or, where the third party administrator is a bank, are held on deposit for the firm; and

(d) the third party provider has, or its creditors on insolvency have, no right of access or recourse to the research payment account for its own benefit, for example to offset other fees owed by the firm or for use as collateral.

(2) The firm remains fully responsible for discharging all of its obligations to its clients set out in COBS 2.3B regardless of any arrangements it makes with third parties, and should ensure it acts in the best interests of its clients when deducting research charges from their accounts and procuring research.

Disclosure on request of payments made from a research payment account

2.3B.20 R (1) Where a firm operates a research payment account, it must provide on request to its clients a summary of:
(a) the providers paid from this account;
(b) the total amount they were paid over a defined period;
(c) the benefits and services received by the firm; and
(d) how the total amount spent from the account compares to the budget set by the firm for that period, noting any rebate or carry-over if residual funds remain in the account.

(2) A firm must also be able to provide the information in paragraph (1) to the FCA on request for all research payment accounts.

[Note: article 13(2) of the MiFID Delegated Directive]

Research for the purposes of research payment accounts

2.3B.21 R A firm must only use monies in a research payment account established under COBS 2.3B.3R(2) to pay for research or to pay a rebate to clients in accordance with COBS 2.3B.8R(3)(a).

2.3B.22 G A firm should also consider whether the goods or services it is looking to receive are acceptable minor non-monetary benefits under COBS 2.3A.19R or COBS 2.3A.22G, which can be received without breaching the inducements rules under COBS 2.3A.15R or COBS 2.3A.16R.

2.3B.23 G Examples of goods or services that the FCA does not regard as research, and as a result could not be paid for from research payment accounts, include:

(1) post-trade analytics;
(2) price feeds or historical price data that have not been analysed or manipulated in order to present the firm with meaningful conclusions;
(3) services relating to the valuation or performance measurement of portfolios;
(4) seminar fees;
(5) corporate access services;
(6) subscriptions for publications;
(7) travel, accommodation or entertainment costs;
(8) order and execution management systems;
(9) membership fees to professional associations;
(10) direct money payments; and
(11) administration of a research payment account.
2.3B.24 A firm should not enter into any arrangements relating to the receipt of, and payment for, third party research, whether acquired in accordance with COBS 2.3B.3R(1) or (2), that would compromise its ability to meet its best execution obligations as applicable under COBS 11.2A.

2.3C Research and execution services

Application

2.3C.1 This section applies to an investment firm providing execution services to:

(1) a firm carrying on MiFID, equivalent third country or optional exemption business; or

(2) an investment firm authorised under MiFID that is not within (1); or

(3) a UCITS management company; or

(4) a full-scope UK AIFM; or

(5) a small authorised UK AIFM; or

(6) a residual CIS operator; or

(7) an incoming EEA AIFM branch.

Requirement on a firm that executes orders and provides research to price and supply services separately

2.3C.2 A firm providing execution services must:

(1) identify separate charges for its execution services that only reflect the cost of executing the transaction;

(2) subject each other benefit or service (other than an acceptable minor non-monetary benefit in COBS 2.3A.19R) which it provides to persons listed in COBS 2.3C.1R(1) to (6) to a separately identifiable charge; and

(3) ensure that the supply of, and charges for, other benefits or services under (2) is not influenced or conditioned by levels of payment for execution services.

[Note: article 13(9) of the MiFID Delegated Directive]

2.3C.3 A firm providing both execution and research services must price and supply them separately.
2.3C.4 G Compliance with COBS 2.3C.2R is intended to enable a firm subject to COBS 2.3A.15R and COBS 2.3A.16R to comply with its obligation not to accept and retain fees, commissions or any monetary or non-monetary benefits paid or provided by any third party or a person acting on behalf of a third party in relation to the provision of the service to clients.

[Note: recital 26 to the MiFID Delegated Directive]

Amend the following as shown.

2.4 Agent as client and reliance on others

2.4.1 R This section applies to a firm that is conducting designated investment business or ancillary activities or, in the case of MiFID or equivalent third country business MiFID, equivalent third country or optional exemption business, other ancillary services.

2.4.2 G This section is not relevant to, nor does it affect:

(1) the question of who is the firm’s counterparty for prudential purposes and it does not affect; or

(2) any obligation a firm may owe to any other person under the general law; or

(3) any obligation imposed on a firm by article 26 of MiFIR or RTS 22.

Agent as client

2.4.3 R …

(3) If there is an agreement under (2)(a) in relation to more than one C2 represented by C1, F may discharge any requirement to notify, obtain consent from, or enter into an agreement with each C2 by sending to, or receiving from, C1 a single communication expressed to cover each C2, except that the following will be required for each C2:

…

(b) separate confirmations under the requirements on occasional reporting (COBS 16.3 16.2 or COBS 16A.3); and

…

Reliance on other investment firms: MiFID and equivalent business
2.4.4 R (1) This rule applies if a firm (F1), in the course of performing MiFID or equivalent third country business, receives an instruction to perform an investment or ancillary service on behalf of a client (C) through another firm (F2), if F2 is:

... 

(3) F2 will remain responsible for:

(a) 

(b) the appropriateness suitability for C of any advice or recommendations provided to C.

[Note: article 20 26 of MiFID]

2.4.5 G (1) If F1 is required to perform a suitability assessment or an appropriateness assessment under COBS 9 9A or COBS 10 10A, it may rely upon a suitability assessment performed by F2, if F2 was subject to the requirements for assessing suitability in COBS 9 9A (excluding the basic advice rules) or equivalent requirements in another EEA State in performing that assessment.

(2) If F1 is required to perform an appropriateness assessment under COBS 10 10A, it may rely upon an appropriateness assessment performed by F2, if F2 was subject to the requirements for assessing appropriateness in COBS 10.2 10A.2 or equivalent requirements in another EEA State in performing that assessment.

3 Client categorisation

3.1 Application

...

3.1.2 G ...

3.1.2A R Subject to COBS 3.1.3R and COBS 3.6.4CR, in this chapter provisions marked “EU” apply to a firm’s business other than MiFID business as if they were rules.

...

Mixed business

3.1.4 R If a firm conducts business for a client involving both:
(1) MiFID or equivalent third country business; and

(2) other regulated activities subject to this chapter;

it must categorise that client for such business in accordance with the provisions in this chapter that apply to MiFID or equivalent third country business, including those provisions applied to equivalent third country business as a result of COBS 3.1.2AR.

3.1.5 G (1) For example, the requirement concerning mixed business will apply if a MiFID investment firm or third country investment firm advises a client on whether to invest in a scheme or a life policy. This is because the former is within the scope of MiFID and the latter is not. In such a case, the MiFID client categorisation requirements prevail.

3.2 Clients

General definition

3.2.1 R (1) A person to whom a firm provides, intends to provide or has provided:

(a) a service in the course of carrying on a regulated activity; or

(b) in the case of MiFID or equivalent third country business, an ancillary service,

is a “client” of that firm.

(2) A “client” includes a potential client.

(3) In relation to the financial promotion rules, a person to whom a financial promotion is or is likely to be communicated is a “client” of a firm that communicates or approves it.

(4) A client of an appointed representative or, if applicable, a tied agent, is a “client” of the firm for whom that appointed representative, or tied agent, acts or intends to act in the course of business for which that firm has accepted responsibility under the Act or MiFID (see sections 39 and 39A of the Act and SUP 12.3.5R).

[Note: article 4(1)(4)(9) of MiFID]

3.3 General notifications

3.3.1 R A firm must:
(1) notify a new client of its categorisation as a retail client, professional client, or eligible counterparty in accordance with this chapter; and

(2) prior to the provision of services, inform a client in a durable medium about:

(a) any right that the client has to request a different categorisation; and

(b) any limitations to the level of client protection that such a different categorisation would entail. [deleted]

[Note: paragraph 2 of section I of annex II to MiFID and articles 28(1) and (2) and the second paragraph of article 50(2) of the MiFID implementing Directive]

3.3.1A EU Articles 45(1) and (2) of the MiFID Org Regulation require firms to provide clients with specified information concerning client categorisation.

45 (1) Investment firms shall notify new clients, and existing clients that the investment firm has newly categorised as required by Directive 2014/65/EU, of their categorisation as a retail client, a professional client or an eligible counterparty in accordance with that Directive.

(2) Investment firms shall inform clients in a durable medium about any right that client has to request a different categorisation and about any limitations to the level of client protection that a different categorisation would entail.

[Note: articles 45(1) and (2) of the MiFID Org Regulation]

3.3.1B R The information referred to in article 45(2) of the MiFID Org Regulation (as reproduced at COBS 3.3.1A EU) must be provided to clients prior to any provision of services.

3.5.1 R A professional client is a client that is either a per se professional client or an elective professional client.

Per se professional clients

3.5.2 R Each of the following is a per se professional client unless and to the extent it is an eligible counterparty or is given a different categorisation under this chapter:

... (3) in relation to business that is not MiFID or equivalent third country business a large undertaking meeting any of the following conditions:

... (e) a trustee of an occupational pension scheme or SSAS, or a trustee or operator of a personal pension scheme or stakeholder pension scheme where the scheme has (or has had at any time during the previous two years):

... (ii) assets under management of at least £10 million (or its equivalent in any other currency at the relevant time);

(f) a local authority or public authority.

(4) a national or regional government, including a public body that manages public debt at national or regional level, a central bank, an international or supranational institution (such as the World Bank, the IMF, the ECP, the EIB) or another similar international organisation;

...
Elective professional clients

3.5.3 R A firm may treat a client other than a local public authority or municipality as an elective professional client if it complies with (1) and (3) and, where applicable, (2):

...
acting in that capacity.

3.5.3C R (1) This rule applies where a firm is subjecting a UK local public authority or municipality to the tests and is following the procedure required as a result of COBS 3.5.3BR in respect of the firm’s business carried on in relation to that person’s:

(a) business in the course of or connected to its administration of a pension scheme; and

(b) other business as a local public authority or municipality.

(2) A firm must apply the qualitative and quantitative tests required as a result of COBS 3.5.3BR separately and independently in relation to the client’s business under (1)(a) and (1)(b).

(3) A firm must follow the procedure in COBS 3.5.3R(3) required as a result of COBS 3.5.3BR separately and independently in relation to the client’s business under (1)(a) and (1)(b).

3.5.3D G As a result of COBS 3.5.2BR and COBS 3.5.3CR, and depending on the outcome of the qualitative and quantitative tests required as a result of COBS 3.5.3BR, a firm may be required to categorise a UK local public authority or municipality differently in relation to the two sorts of business described at COBS 3.5.3CR(1)(a) and (b).

3.5.3E R (1) A firm may treat a non-UK local public authority or municipality as an elective professional client if it complies with COBS 3.5.3R(1) and COBS 3.5.3R(3) and, in addition, applies the relevant “quantitative test” under paragraph (2).

(2) The relevant “quantitative test” under this rule is either:

(a) where the local public authority or municipality is established in an EEA State and the EEA State has adopted alternative or additional criteria to those listed in the fifth paragraph to section II.1 of annex II to MiFID, those criteria as set out in the law or measures of that EEA State; or

(b) in any other case the same “quantitative test” that is applied in relation to MiFID or equivalent third country business under COBS 3.5.3R(2).

…

3.5.6 R Before deciding to accept a request for re-categorisation as an elective professional client a firm must take all reasonable steps to ensure that the client requesting to be treated as an elective professional client satisfies the qualitative test and, where applicable, the relevant quantitative test.

3.5.8 G Professional client clients are responsible for keeping the firm informed about any change that could affect their current categorisation.

[Note: article 2430(1) of MiFID]

Per se eligible counterparties

3.6.2 R Each of the following is a per se eligible counterparty (including an entity that is not from an EEA State that is equivalent to any of the following) unless and to the extent it is given a different categorisation under this chapter:

…

(7) an undertaking exempted from the application of MiFID under either Article 2(1)(k) (certain own account dealers in commodities or commodity derivatives) or Article 2(1)(l) (locals) of that directive;
[deleted]

(8) a national government or its corresponding office, including a public body that deals with the public debt at national level;

(9) a central bank; and

…

[Note: first paragraph of article 2430(2) and first paragraph of article 2430(4) of MiFID]

…

Elective eligible counterparties

3.6.4 R A firm may treat a client as an elective eligible counterparty in relation to business other than MiFID or equivalent third country business if:

(1) the client is an undertaking and:

(a) is a per se professional client (except for a client that is only a
*per se professional client* because it is an institutional investor under *COBS* 3.5.2R(5)) and, in relation to business other than MiFID or equivalent third country business:

(i) …

(ii) meets the criteria in the rule on meeting two quantitative tests (*COBS* 3.5.2R(3)(b)); or and

(b) requests such categorisation and is an *elective professional client*, but only in respect of the services or transactions for which it could be treated as a *professional client*; and

(2) the *firm* has, in relation to MiFID or equivalent third country business, obtained express confirmation from the prospective counterparty that it agrees to be treated as an *eligible counterparty* the *firm* adheres to the procedure set out at *COBS* 3.6.4BEU.

3.6.4A EU Article 71(1) of the *MiFID Org Regulation* explains which sorts of *per se professional clients* may be treated as *elective eligible counterparties*.

71 (1) In addition to the categories which are explicitly set out in Article 30(2) of Directive 2014/65/EU, Member States may recognise as eligible counterparty, in accordance with Article 30(3) of that Directive, an undertaking falling within a category of clients who are to be considered professional clients in accordance with paragraphs 1, 2 and 3 of Section I of Annex II to that Directive.

3.6.4B EU Article 71(5) of the *MiFID Org Regulation* sets out the procedure to be followed where a *client* requests to be treated as an *eligible counterparty*.

71 (5) Where a client requests to be treated as an eligible counterparty, in accordance with Article 30(3) of Directive 2014/65/EU, the following procedure shall be followed:

(a) the investment firm shall provide the client with a clear written warning of the consequences for the client of such a request, including the protections they may lose;

(b) the client shall confirm in writing the request to be treated as an eligible counterparty either generally or in respect of one or more investment services or a transaction or type of transaction or product and that they are aware of the consequences of the protection they may have lost as a result of the request.

3.6.4C R (1) *COBS* 3.6.4AEU and *COBS* 3.6.4BEU apply in relation to *equivalent third country business*. 
(2) \( COBS \) 3.6.4AEU and \( COBS \) 3.6.4BEU do not apply in relation to any other business that is not \( MiFID \) business.

\begin{tabular}{|l|}
\hline
45 (3) Investment firms may, either on their own initiative or at the request of the client concerned treat a client in the following \\
\hline
\end{tabular}
manner:

(a) as a professional or retail client where that client might otherwise be classified as an eligible counterparty pursuant to Article 30(2) of Directive 2014/65/EU;

(b) a retail client where that client is considered a professional client pursuant to Section I of Annex II to Directive 2014/65/EU.

3.7.3B EU Article 71(2) to (4) of the MiFID Org Regulation sets out provisions applying to eligible counterparties requesting a higher level of protection.

71 (2) Where, pursuant to the second subparagraph of Article 30(2) of that Directive 2014/65/EU, an eligible counterparty requests treatment as a client whose business with an investment firm is subject to Articles 24, 25, 27 and 28 of that Directive, the request should be made in writing, and shall indicate whether the treatment as retail client or professional client refers to one or more investment services or transactions, or one or more types of transaction or product.

(3) Where an eligible counterparty requests treatment as a client whose business with an investment firm is subject to Articles 24, 25, 27 and 28 of Directive 2014/65/EU, but does not expressly request treatment as a retail client, the firm shall treat that eligible counterparty as a professional client.

(4) Where the eligible counterparty expressly requests treatment as a retail client, the investment firm shall treat the eligible counterparty as a retail client, applying the provisions in respect of requests of non-professional treatment specified in the second, third and fourth sub-paragraphs of Section I of Annex II to Directive 2014/65/EU.

3.7.4 R If a per se eligible counterparty requests treatment as a client whose business with the firm is subject to conduct of business protections, but does not expressly request treatment as a retail client and the firm agrees to that request, the firm must treat that eligible counterparty as a professional client. ... 4. Communicating with clients, including financial promotions 4.1 Application  

Who? What? 4.1.1 R This chapter applies to a firm:  

(1) communicating with a client in relation to its designated investment business;  

...  

(3) when a MiFID investment firm or a credit institution is communicating in connection with selling, or advising clients in relation to, structured deposits as specified by COBS 1.1.1AAR.

... 4.1.4 G (1) In COBS 4.3.1R, COBS 4.5.8R and COBS 4.7.1R, the defined term “financial promotion” and “direct offer financial promotion”
includes, in relation to MiFID or equivalent third country business, all communications that are marketing communications within the meaning of MiFID.

(2) In the case of MiFID or equivalent third country business, certain requirements in this chapter are subject to an exemption for the communication of a third party prospectus in certain circumstances (see recital 73 of the MiFID Org Regulation). This has a similar effect to the exemption in article 70(1)(c) of the Financial Promotion Order, which is referred to in the definition of an excluded communication.

4.1.5 G 4.1.5 G

A firm communicating with an eligible counterparty should have regard to the application of COBS to eligible counterparty business (COBS 1 Annex 1 Part 1).

(2) This chapter does not apply in relation to communicating with an eligible counterparty other than the section on compensation information (see COBS 4.4) but elements of the requirements in PRIN may apply.

4.1.6 G

Approving a financial promotion without communicating it (which includes causing it to be communicated) is not MiFID or equivalent third country business. Communicating a financial promotion to a person, such as a corporate finance contact or a venture capital contact, who is not a client within the meaning of COBS 3.2.1R(1), COBS 3.2.1R(2) or COBS 3.2.1R(4) in respect of the MiFID or equivalent third country business to which the financial promotion relates, is also not MiFID or equivalent third country business. Further guidance on what amounts to MiFID business may be found in PERG 13.

4.1.7 G

A reference in this chapter to MiFID or equivalent third country business includes a reference to communications that occur before an agreement to perform services in relation to MiFID or equivalent third country business.

[Note: see recital 82 16 to the MiFID implementing Directive MiFID Org Regulation]

4.2 Fair, clear and not misleading communications

The fair, clear and not misleading rule
4.2.1  R  (1) A firm must ensure that a communication or a financial promotion is fair, clear and not misleading.

(2) This rule applies in relation to:

(a) a communication by the firm to a client in relation to designated investment business other than a third party prospectus;

(aa) a communication to an eligible counterparty that is in relation to MiFID or equivalent third country business, other than a third party prospectus:

…

(3) As part of complying with (1), a firm must take into account the nature of the client.

[Note: article 19(2) of MiFID, recital 52 to the MiFID implementing Directive article 24(3) and article 30(1) of MiFID and article 77 of the UCITS Directive]

4.2.2  G  (1) The fair, clear and not misleading rule applies in a way that is appropriate and proportionate taking into account the means of communication, and the information the communication is intended to convey and the nature of the client and of its business, if any. So a communication addressed to a professional client or an eligible counterparty may not need to include the same information, or be presented in the same way, as a communication addressed to a retail client.

(2) …

[Note: article 30(1) of MiFID and recital 65 to the MiFID Org Regulation]

…

4.3  Financial promotions to be identifiable as such

4.3.1  R  (1) …

[Note: article 49(2) 24(3) of MiFID and article 77 of the UCITS Directive]

(2) If a financial promotion relates to a firm’s MiFID or equivalent third country business MiFID, equivalent third country or optional exemption business, this rule does not apply to the extent that the financial promotion is a third party prospectus.

…
4.5 Communicating with retail clients (non-MiFID provisions)

Application

4.5.1 R (1) Subject to (2) and (3), this section applies to a firm in relation to:

(a) the provision of information in relation to its designated investment business; and

(b) the communication or approval of a financial promotion;

where such information or financial promotion is addressed to, or disseminated in such a way that it is likely to be received by, a retail client.

(2) If a communication relates to a firm’s MiFID or equivalent third country business, this section does not apply. This section does not apply to a firm communicating in relation to its MiFID, equivalent third country or optional exemption business.

(a) to the extent that it is a third party prospectus;

(b) if it is image advertising.

(3) If a communication relates to a firm’s business that is not MiFID or equivalent third country business, this section does not apply in relation to a communication:

General rule

4.5.2 R A firm must ensure that information:

(1) includes the name of the firm;

(2) is accurate and in particular does not emphasise always gives a fair and prominent indication of any relevant risks when referencing any potential benefits of relevant business or a relevant investment without also giving a fair and prominent indication of any relevant risks;

(3) is sufficient for, and presented in a way that is likely to be understood by, the average member of the group to whom it is directed, or by whom it is likely to be received; and

(4) does not disguise, diminish or obscure important items, statements or warnings;

(5) uses a font size in the indication of relevant risks that is at least equal
to the predominant font size used throughout the information provided, as well as a layout that ensures that such indication is prominent;

(6) is consistently presented in the same language throughout all forms of information and marketing materials that are provided to each client, unless the client has agreed to receive information in more than one language; and

(7) is up-to-date and relevant to the means of communication used.

[Note: article 27(2) of the MiFID implementing Directive]

4.5.5 When communicating information, a firm should consider whether omission of any relevant fact will result in the information being insufficient, unclear, unfair or misleading.

Comparative information

4.5.6 If information compares relevant business, relevant investments, or persons who carry on relevant business, a firm must ensure that:

(a) the comparison is meaningful and presented in a fair and balanced way; and

(b) in relation to MiFID or equivalent third country business:

(i) the sources of the information used for the comparison are specified; and

(ii) the key facts and assumptions used to make the comparison are included.

(2) In this rule, in relation to MiFID or equivalent third country business, ancillary services are to be regarded as relevant business.

[Note: article 27(3) of the MiFID implementing Directive]

Referring to tax

4.5.7 [Note: article 27(7) of the MiFID implementing Directive]

(2) This rule applies in relation to MiFID or equivalent third country business or, otherwise, to a financial promotion. However, it does not apply to a financial promotion except to the extent that it relates to:

(a) [deleted]
(b) a pure protection contract that is a long-term care insurance contract.

Consistent financial promotions

4.5.8 R (1) A firm must ensure that information contained in a financial promotion is consistent with any information the firm provides to a retail client in the course of carrying on designated investment business or, in the case of MiFID or equivalent third country business, ancillary services.

[Note: article 29(7) of the MiFID implementing Directive]

(2) This rule does not apply to a financial promotion to the extent that it relates to:

(a) [deleted]

(b) a pure protection contract that is a long-term care insurance contract.

...

After COBS 4.5 (Communicating with retail clients (non-MiFID provisions)) insert the following new section. All the text is new and is not underlined.

4.5A Communicating with clients (including past, simulated past and future performance) (MiFID provisions)

Application

4.5A.1 R (1) This section applies to a firm in relation to:

(a) the provision of information; or

(b) the communication of a financial promotion,

which relates to the firm's MiFID, equivalent third country or optional exemption business.

(2) This section does not apply to a communication:

(a) to the extent that it is a third party prospectus; or

(b) if it is image advertising.

[Note: article 24(3) of MiFID]

4.5A.2 R Provisions in this section marked “EU” apply in relation to MiFID optional
exemption business as if they were rules (see COBS 1.2.2G).

4.5A.2A G The effect of GEN 2.2.22AR is that provisions in this section marked “EU” also apply in relation to the equivalent business of a third country investment firm as if they were rules.

General requirements

4.5A.3 EU 44(1) Investment firms shall ensure that all information they address to, or disseminate in such a way that it is likely to be received by, retail or professional clients or potential retail or professional clients, including marketing communications, satisfies the conditions laid down in paragraphs 2 to 8.

44(2) Investment firm shall ensure that the information referred to in paragraph 1 complies with the following conditions:

(a) the information includes the name of the investment firm,

(b) the information is accurate and always gives a fair and prominent indication of any relevant risks when referencing any potential benefits of an investment service or financial instrument,

(c) the information uses a font size in the indication of relevant risks that is at least equal to the predominant font size used throughout the information provided, as well as a layout ensuring such indication is prominent,

(d) the information is sufficient for, and presented in a way that is likely to be understood by, the average member of the group to whom it is directed, or by whom it is likely to be received,

(e) the information does not disguise, diminish or obscure important items, statements or warnings,

(f) the information is consistently presented in the same language throughout all forms of information and marketing materials that are provided to each client, unless the client has accepted to receive information in more than one language,

(g) the information is up-to-date and relevant to the means of communication used.

[Note: article 44(1) and (2) of the MiFID Org Regulation]

4.5A.4 G The name of the firm may be a trading name or shortened version of the legal name of the firm, provided the client can identify the firm communicating the information.

4.5A.5 G In deciding whether, and how, to communicate information to a particular target audience, a firm should take into account the nature of the product or
business, the risks involved, the client’s commitment, the likely information needs of the average recipient, and the role of the information in the sales process.

4.5A.6 G When communicating information, a firm should consider whether omission of any relevant fact will result in the information being insufficient, unclear, unfair or misleading.

Comparative information

4.5A.7 EU 44(3) Where the information compares investment or ancillary services, financial instruments, or persons providing investment or ancillary services, investment firms shall ensure that the following conditions are satisfied:

(a) the comparison is meaningful and presented in a fair and balanced way;

(b) the sources of the information used for the comparison are specified;

(c) the key facts and assumptions used to make the comparison are included.

[Note: article 44(3) of the MiFID Org Regulation]

Referring to tax

4.5A.8 EU 44(7) Where the information refers to a particular tax treatment, it shall prominently state that the tax treatment depends on the individual circumstances of each client and may be subject to change in the future.

[Note: article 44(7) of the MiFID Org Regulation]

Consistent financial promotions

4.5A.9 EU 46(5) Investment firms shall ensure that information contained in a marketing communication is consistent with any information the firm provides to clients in the course of carrying on investment and ancillary services.

[Note: article 46(5) of the MiFID Org Regulation]

Past performance

4.5A.10 EU 44(4) Where the information contains an indication of past performance of a financial instrument, a financial index or an investment service, investment firms shall ensure that the following conditions are satisfied:

(a) that indication is not the most prominent feature of the
communication;

(b) the information must include appropriate performance information which covers the preceding 5 years, or the whole period for which the financial instrument has been offered, the financial index has been established, or the investment service has been provided where less than five years, or such longer period as the firm may decide, and in every case that performance information is based on complete 12-month periods;

(c) the reference period and the source of information is clearly stated;

(d) the information contains a prominent warning that the figures refer to the past and that past performance is not a reliable indicator of future results;

(e) where the indication relies on figures denominated in a currency other than that of the Member State in which the retail client or potential retail client is resident, the currency is clearly stated, together with a warning that the return may increase or decrease as a result of currency fluctuations;

(f) where the indication is based on gross performance, the effect of commissions, fees or other charges are disclosed.

[Note: article 44(4) of the MiFID Org Regulation]

4.5A.11 G The obligations relating to describing performance should be interpreted in the light of their purpose and in a way that is appropriate and proportionate taking into account the means of communication and the information the communication is intended to convey. For example, a periodic statement in relation to managing investments that is sent in accordance with the rules on reporting information to clients (see COBS 16 and COBS 16A) may include past performance as its most prominent feature.

[Note: recital 65 to the MiFID Org Regulation]

Simulated past performance

4.5A.12 EU 44(5) Where the information includes or refers to simulated past performance, investment firms shall ensure that the information relates to a financial instrument or a financial index, and the following conditions are satisfied:

(a) the simulated past performance is based on the actual past performance of one or more financial instruments or financial indices which are the same as, or substantially the same as, or underlie, the financial instrument concerned;
(b) in respect of the actual past performance referred to in point (a), the conditions set out in points (a) to (c), (e) and (f) of paragraph 4 are satisfied;

(c) the information contains a prominent warning that the figures refer to simulated past performance and that past performance is not a reliable indicator of future performance.

[Note: article 44(5) of the MiFID Org Regulation]

4.5A.13 G For the purposes of COBS 4.5A.12EU, the conditions referred to in article 44(5)(b) can be found reproduced in COBS 4.5A.10EU.

Future performance

4.5A.14 EU 44(6) Where the information contains information on future performance, investment firms shall ensure that the following conditions are satisfied:

(a) the information is not based on or refer to simulated past performance;

(b) the information is based on reasonable assumptions supported by objective data;

(c) where the information is based on gross performance, the effect of commissions, fees or other charges is disclosed;

(d) the information is based on performance scenarios in different market conditions (both negative and positive scenarios), and reflects the nature and risks of the specific types of instruments included in the analysis;

(e) the information contains a prominent warning that such forecasts are not a reliable indicator of future performance.

[Note: article 44(6) of the MiFID Org Regulation]

4.5A.15 G A firm should not provide information on future performance if it is not able to obtain the objective data needed to comply with the requirements regarding information on future performance in COBS 4.5A.14EU. For example, objective data in relation to EIS shares may be difficult to obtain.

Information that uses the name of any competent authority

4.5A.16 EU 44(8) The information shall not use the name of any competent authority in such a way that would indicate or suggest endorsement or approval by that authority of the products or services of the investment firm.

[Note: article 44(8) of the MiFID Org Regulation]
Amend the following as shown.

4.6 Past, simulated past and future performance (non-MiFID provisions)

Application

4.6.1 R (1) Subject to (2) and (3), this section applies to a firm in relation to:

(a) the provision of information in relation to its MiFID or equivalent third country business; [deleted]

(b) the communication or approval of a financial promotion,

where such information or financial promotion is addressed to, or disseminated in such a way that it is likely to be received by, a retail client.

(2) If a communication relates to a firm’s MiFID or equivalent third country business, this section does not apply: This section does not apply to a firm communicating in relation to its MiFID, equivalent third country or optional exemption business

(a) to the extent that the communication is a third party prospectus;

(b) if it is image advertising.

(3) If a communication relates to a firm’s business that is not MiFID or equivalent third country business, this section does not apply in relation to a communication:

…

(d) to the extent that it relates to a deposit that is not a structured deposit (see also COBS 4.1.1R(3));

…

Past performance

4.6.2 R A firm must ensure that information that contains an indication of past performance of relevant business, a relevant investment or a financial index, satisfies the following conditions:

…

(2) the information includes appropriate performance information which covers at least the immediately preceding five years, or the whole
period for which the investment has been offered, the financial index has been established, or the service has been provided if (where less than five years, or such longer period as the firm may decide), and in every case that performance information must be based on and show complete 12-month periods;

... [Note: article 27(4) of the MiFID implementing Directive]

Simulated past performance

4.6.6 R A firm must ensure that information that contains an indication of simulated past performance of relevant business, a relevant investment or a financial index, satisfies the following conditions:

... (2) the simulated past performance is based on the actual past performance of one or more investments or financial indices which are the same as, substantially the same as, or underlie, the investment concerned;

(3) in respect of the actual past performance referred to in (2), the conditions set out in paragraphs (1) to (3), (5) and (6) of the rule on past performance (COBS 4.6.2R) are complied with; and

... [Note: article 27(5) of the MiFID implementing Directive]

Future performance

4.6.7 R (1) A firm must ensure that information that contains an indication of future performance of relevant business, a relevant investment, a structured deposit or a financial index, satisfies the following conditions:

... (c) it discloses the effect of commissions, fees or other charges if where the indication is based on gross performance, the effect of commissions, fees or other charges is disclosed; and

(ca) it is based on performance scenarios in different market conditions (both negative and positive scenarios), and reflects the nature and risks of the specified types of investments included in the analysis; and

(d) ...
(2) Other than in relation to MiFID or equivalent third country business, this rule only applies in relation to financial promotions that relate to a financial instrument (or a financial index that relates exclusively to financial instruments) or a structured deposit.

[Note: article 27(6) of the MiFID implementing Directive]

### 4.7 Direct offer financial promotions

**Application**

4.7.-1 COBS 4.7.-1AEU to COBS 4.7.1R contain provisions on the communication of direct offer financial promotions.

(2) In broad terms:

(a) COBS 4.7.-1AEU is relevant to a firm communicating a direct offer financial promotion in relation to its MiFID, equivalent third country or optional exemption business; and

(b) COBS 4.7.1R is relevant to a firm communicating a direct offer financial promotion that does not relate to its MiFID, equivalent third country or optional exemption business.

(3) However, a MiFID investment firm, third country investment firm or MiFID optional exemption firm which is subject to the requirements in COBS 4.7.-1AEU may be subject to the rule in COBS 4.7.1R to the extent that it communicates a direct offer financial promotion:

(a) which is not a marketing communication; or

(b) which does not relate to its MiFID, equivalent third country or optional exemption business.

Direct offer financial promotions relating to MiFID, equivalent third country or optional exemption business

4.7.-1A EU 46(6) Marketing communications containing an offer or invitation of the following nature and specifying the manner of response or including a form by which any response may be made, shall include such of the information referred to in Articles 47 to 50 as is relevant to that offer or invitation:

(a) an offer to enter into an agreement in relation to a financial instrument or investment service or ancillary service with any person who responds to the communication;

(b) an invitation to any person who responds to the communication to make an offer to enter into an agreement in relation to a financial instrument or investment service or
ancillary service.

However, the first subparagraph shall not apply if, in order to respond to an offer or invitation contained in the marketing communication, the potential client must refer to another document or documents, which, alone or in combination, contain that information.

[Note: article 46(6) of the MiFID Org Regulation]

Effect of provisions marked “EU” for third country investment firms and MiFID optional exemption firms

4.7.-1B  R  Provisions in this section marked “EU” apply in relation to MiFID optional exemption business as if they were rules (see COBS 1.2.2G).

4.7.-1C  G  The effect of GEN 2.2.22AR is that provisions in this section marked “EU” also apply in relation to the equivalent business of a third country investment firm as if they were rules.

4.7.-1D  G  For the purposes of COBS 4.7.-1AEU, the provisions of articles 47 to 50 of the MiFID Org Regulation can be found reproduced in COBS 6.1ZA and COBS 14.3A.

Other direct offer financial promotions

4.7.1  R  (1) Subject to (3) and (4), a firm must ensure that a direct offer financial promotion that is addressed to, or disseminated in such a way that it is likely to be received by, a retail client contains:

(a) such of the information referred to in the rules on information disclosure (COBS 6.1.4R, COBS 6.1.6R, COBS 6.1.7R, COBS 6.1.9R, COBS 14.3.2R, COBS 14.3.3R, COBS 14.3.4R and COBS 14.3.5R) as is relevant to that offer or invitation; and

[Note: article 29(8) of the MiFID implementing Directive, the rules listed implement Articles 30 to 33 of the MiFID implementing Directive]

(b) if it does not relate to MiFID or equivalent third country business, additional appropriate information about the relevant business and relevant investments so that the client is reasonably able to understand the nature and risks of the relevant business and relevant investments and consequently to take investment decisions on an informed basis.

(2) …

(3) If This section does not apply in relation to a marketing communication that relates to a firm’s MiFID or equivalent third country business, this section does not apply: MiFID, equivalent
third country or optional exemption business

(a) to the extent that it is a third party prospectus;

(b) if it is image advertising.

(4) If a communication relates to a firm’s business that is not MiFID or equivalent third country business, this section does not apply in relation to a communication:

…

4.12 Restrictions on the promotion of non-mainstream pooled investments

Advice and preliminary assessment of suitability

(1) Where a firm communicates any promotion of a non-mainstream pooled investment in the context of advice, it should have regard to and comply with its obligations under COBS 9 or 9A (as applicable). Firms should also be mindful of the appropriateness requirements in COBS 10 and 10A which apply to a wide range of non-advised services.

(2) …

(b) There is no duty to communicate the preliminary assessment of suitability to the client. If the firm does so, it must not do so in a way that amounts to making a personal recommendation unless it complies with the rules in COBS 9 or 9A (as applicable) on suitability.

(c) The requirement for a preliminary assessment of suitability does not extend to a full suitability assessment, unless advice is being offered in relation to the non-mainstream pooled investment being promoted, in which case the requirements in COBS 9 or 9A apply (as applicable). However, it requires that the firm takes reasonable steps to acquaint itself with the client’s profile and objectives in order to ascertain whether the non-mainstream pooled investment under contemplation is likely to be suitable for that client. The firm should not promote the non-mainstream pooled investment to the client if it does not consider it likely to be suitable for that client following such preliminary assessment.

6 Information about the firm, its services and remuneration

6.1 Information about the firm and compensation information (non-MiFID provisions)

Application
6.1.1 R (1) This section applies to a firm that carries on designated investment business, other than MiFID, equivalent third country or optional exemption business, for:

(a) a retail client; and

(b) in the case of MiFID or equivalent third country business, a client.

(2) If expressly provided, this section also applies to ancillary services not covered by (1), but only in the course of MiFID or equivalent third country business carried on with or for a client. [deleted]

Information about a firm and its services

6.1.4 R A firm must provide a retail client with the following general information, if relevant:

consequences for the client of the insolvency of the third party.

49(3) Where financial instruments of the client or potential client may, if permitted by national law, be held in an omnibus account by a third party, the investment firm shall inform the client of this fact and shall provide a prominent warning of the resulting risks.

49(4) The investment firm shall inform the client or potential client where it is not possible under national law for client financial instruments held with a third party to be separately identifiable from the proprietary financial instruments of that third party or of the investment firm and shall provide a prominent warning of the resulting risks.

49(5) The investment firm shall inform the client or potential client where accounts that contain financial instruments or funds belonging to that client or potential client are or will be subject to the law of a jurisdiction other than that of a Member State and shall indicate that the rights of the client or potential client relating to those financial instruments or funds may differ accordingly.

6.1ZA.2.6 G Firms subject to either or both the custody rules and the client money rules are reminded of the information requirements concerning custody assets and client money in CASS 9.3 (Prime brokerage agreement disclosure annex) and CASS 9.4 (Information to clients concerning custody assets and client money).

Information about costs and associated charges

6.1ZA.2.7 R COBS 2.2A.2R requires a firm to provide a client with information about all costs and related charges. That information must include:
(1) information relating to both investment services and ancillary services;

(2) where relevant, the cost of any investment advice;

(3) the cost of the financial instrument recommended or marketed to the client;

(4) information on how the client may pay; and

(5) details of any third party payments.

[Note: article 24(4)(c) of MiFID]

6.1ZA.2.8 R (1) A firm must aggregate the information about costs and charges required by COBS 2.2A.2R and COBS 6.1ZA.2.7R, where those costs and charges are not caused by the occurrence of underlying market risk. This is to allow the client to understand the overall cost, and the cumulative effect on the return, of the investment.

(2) A firm must provide the client with an itemised breakdown of the costs and charges information required by (1) and COBS 6.1ZA.2.7R when requested by the client.

(3) The information must, where applicable, be provided to the client on a regular basis, and at least annually, during the life of the investment.

[Note: article 24(4) of MiFID]

6.1ZA.2.9 R (1) A firm must provide the information required by COBS 6.1ZA.2.7R and COBS 6.1ZA.2.8R in a comprehensible form in such a manner that the client is reasonably able to understand the nature and risks of the investment service and of the specific type of financial instrument that is being offered and, consequently, to take investment decisions on an informed basis.

(2) That information may be provided in a standardised format.

[Note: article 24(5) of MiFID]

6.1ZA.2.1 EU 0 50(1) For the purposes of providing information to clients on all costs and charges pursuant to Article 24(4) of Directive 2014/65/EU, investment firms shall comply with the detailed requirements in paragraphs 2 to 10.

Without prejudice to the obligations set out in Article 24(4) of Directive 2014/65/EU, investment firms providing investment services to professional clients shall have the right to agree to a limited application of the detailed requirements set out in this Article with these clients. Investment firms shall not be allowed to agree such limitations when the services of investment advice or
portfolio management are provided or when, irrespective of the investment service provided, the financial instruments concerned embed a derivative.

Without prejudice to the obligations set out in Article 24(4) of Directive 2014/65/EU, investment firms providing investment services to eligible counterparties shall have the right to agree to a limited application of the detailed requirements set out in this Article, except when, irrespective of the investment service provided, the financial instruments concerned embed a derivative and the eligible counterparty intends to offer them to its clients.

50(2) For ex-ante and ex-post disclosure of information on costs and charges to clients, investment firms shall aggregate the following:

(a) all costs and associated charges charged by the investment firm or other parties where the client has been directed to such other parties, for the investment services(s) and/or ancillary services provided to the client; and

(b) all costs and associated charges associated with the manufacturing and managing of the financial instruments.

Costs referred to in points (a) and (b) are listed in Annex II to this Regulation. For the purposes of point (a), third party payments received by investment firms in connection with the investment service provided to a client shall be itemised separately and the aggregated costs and charges shall be totalled and expressed both as a cash amount and as a percentage.

50(3) Where any part of the total costs and charges is to be paid in or represents an amount of foreign currency, investment firms shall provide an indication of the currency involved and the applicable currency conversion rates and costs. Investments firms shall also inform about the arrangements for payment or other performance.

50(4) In relation to the disclosure of product costs and charges that are not included in the UCITS KIID, the investment firms shall calculate and disclose these costs, for example, by liaising with UCITS management companies to obtain the relevant information.

50(5) The obligation to provide in good time a full ex-ante disclosure of information about the aggregated costs and charges related to the financial instrument and to the investment or ancillary service provided shall apply to investment firms in the following situations:

(a) where the investment firm recommends or markets financial instruments to clients; or

(b) where the investment firm providing any investment services is required to provide clients with a UCITS KIID or PRIIPs KID in relation to the relevant financial
50(6) Investment firms that do not recommend or market a financial instrument to the client or are not obliged to provide the client with a KID/KIID in accordance with relevant Union legislation shall inform their clients about all costs and charges relating to the investment and/or ancillary service provided.

50(7) Where more than one investment firm provides investment or ancillary services to the client, each investment firm shall provide information about the costs of the investment or ancillary services it provides. An investment firm that recommends or markets to its clients the services provided by another firm, shall aggregate the cost and charges of its services together with the cost and charges of the services provided by the other firm. An investment firm shall take into account the costs and charges associated to the provision of other investment or ancillary services by other firms where it has directed the client to these other firms.

50(8) Where calculating costs and charges on an ex-ante basis, investment firms shall use actually incurred costs as a proxy for the expected costs and charges. Where actual costs are not available, the investment firm shall make reasonable estimations of these costs. Investment firms shall review ex-ante assumptions based on the ex-post experience and shall make adjustment to these assumptions, where necessary.

50(9) Investment firms shall provide annual ex-post information about all costs and charges related to both the financial instrument(s) and investment and ancillary service(s) where they have recommended or marketed the financial instrument(s) or where they have provided the client with the KID/KIID in relation to the financial instrument(s) and they have or have had an ongoing relationship with the client during the year. Such information shall be based on costs incurred and shall be provided on a personalised basis. Investment firms may choose to provide such aggregated information on costs and charges of the investment services and the financial instruments together with any existing periodic reporting to clients.

50(10) Investment firms shall provide their clients with an illustration showing the cumulative effect of costs on return when providing investment services. Such an illustration shall be provided both on an ex-ante and ex-post basis. Investment firms shall ensure that the illustration meets the following requirements:

(a) the illustration shows the effect of the overall costs and charges on the return of the investment;

(b) the illustration shows any anticipated spikes or
fluctuations in the costs; and
(c) the illustration is accompanied by a description of the illustration.

6.1ZA.2.1 G The rules on inducements in COBS 2.3A may also require a firm to disclose information to a client in relation to the benefits provided to a firm.

Information about costs and charges of different services or products

6.1ZA.2.1 R (1) This rule applies to a firm that offers an investment service with another service or product or as part of a package or as a condition of the same agreement or package.

(2) The firm must inform the client whether it is possible to buy the different components separately and must provide information on the costs and charges of each component.

(3) If the agreement or package is offered to a retail client, the firm must:

(a) inform that retail client if the risks resulting from the agreement or package are likely to be different from the risks associated with the components when taken separately; and

(b) provide that retail client with an adequate description of the different components of the agreement or package and the way in which its interaction modifies the risks.

[Note: article 24(11) of MiFID]

Timing of disclosure

6.1ZA.2.1 EU 46(2) Investment firms shall, in good time before the provision of investment services or ancillary services to clients or potential clients, to provide the information required under Articles 47 to 50.

[Note: article 46(2) of the MiFID Org Regulation]

6.1ZA.2.1 G The following provisions of COBS reproduce the information requirements contained in Articles 47 to 50 of the MiFID Org Regulation: COBS 6.1ZA.2.1EU, COBS 6.1ZA.2.4EU, COBS 6.1ZA.2.5EU, COBS 6.1ZA.2.10EU, and COBS 14.3A.5EU.

Medium of disclosure

6.1ZA.2.1 EU 46(3) The information referred to in paragraphs 1 and 2 shall be provided in a durable medium or by means of a website (where it does not constitute a durable medium) provided that the conditions specified in Article 3(2) are satisfied.
Keeping the client up to date

**6.1ZA.2.1 EU 46(4)** Investment firms shall notify a client in good time about any material change to the information provided under Articles 47 to 50 which is relevant to a service that the firm is providing to that client. That notification shall be given in a durable medium if the information to which it relates is given in a durable medium.

*[Note: article 46(4) of the MiFID Org Regulation]*

Existing clients

**6.1ZA.2.1 G (1)** A firm need not treat each of several transactions in respect of the same type of financial instrument as a new or different service and so does not need to comply with the disclosure rules in this chapter in relation to each transaction.

*[Note: recital 69 to the MiFID Org Regulation]*

(2) A firm should ensure that the client has received all relevant information in relation to a subsequent transaction, such as details of product charges that differ from those disclosed in respect of a previous transaction.

Compensation information

**6.1ZA.2.1 R (1)** A firm must make available to a client, who has used or intends to use a firm’s services, information necessary for the identification of the compensation scheme or any other investor-compensation scheme of which the firm is a member (including, if relevant, membership through a branch) or any alternative arrangement provided for in accordance with the Investor Compensation Directive.

(2) The information under (1) must include the amount and scope of the cover offered by the compensation scheme and any rules laid down by the EEA State pursuant to article 2(3) of the Investor Compensation Directive.

(3) A firm must provide, on the client’s request, information concerning the conditions governing compensation and the formalities which must be completed to obtain compensation.

(4) The information provided for in this rule must be made available in a durable medium or via a website if the website conditions are satisfied in the official language or languages of the EEA State.

*[Note: article 10(1) and (2) of the Investor Compensation Directive]*
Amend the following as shown.

6.1A Adviser charging and remuneration

... Requirement to be paid through adviser charges

6.1A.4 Except as specified in COBS 6.1A.4AR, COBS 6.1A.4ABR, COBS 6.1A.4ACG, and COBS 6.1A.4BR and COBS 6.1A.5AR(1), a firm must:

... 

6.1A.5 Acceptable minor non-monetary benefits

6.1A.5A For the purposes of COBS 6.1A.4R(2), a firm or its associate may solicit or accept minor non-monetary benefits which meet the requirements of:

(a) COBS 2.3A.15R, in relation to the provision of investment services; or

(b) COBS 6.1A.5AR(2), in relation to other business.

(2) An acceptable minor non-monetary benefit is one which:

(a) is clearly disclosed prior to the provision of the relevant service to the client, which the firm may describe in a generic way;

(b) is capable of enhancing the quality of service provided to the client;

(c) is of a scale and nature that it could not be judged to impair the firm's compliance with its duty to act honestly, fairly and professionally in the best interests of the client;

(d) is reasonable, proportionate and of a scale that is unlikely to influence the firm's behaviour in any way that is detrimental
to the interests of the relevant client; and

(e) consists of:

(i) information or documentation relating to a specific retail investment product or a service provided in the course of carrying on related designated investment business, that is generic in nature or personalised to reflect the circumstances of an individual client;

(ii) written material from a third party that is commissioned and paid for by a corporate issuer or potential issuer to promote a new issuance by the company, or where the third party firm is contractually engaged and paid by the issuer to produce such material on an ongoing basis, provided that the relationship is clearly disclosed in the material and that the material is made available at the same time to any firms wishing to receive it, or to the general public;

(iii) participation in conferences, seminars and other training events on the benefits and features of a specific retail investment product or a service provided in the course of carrying on related designated investment business; and

(iv) hospitality of a reasonable de minimis value, such as food and drink during a business meeting or a conference, seminar or other training events mentioned under (iii).

(v) research relating to an issue of shares, debentures, warrants or certificates representing certain securities by an issuer, which is:

(A) produced:

(1) prior to the issue being completed; and

(2) by a person that is providing underwriting or placing services to the issuer on that issue; and

(B) made available to prospective investors in the issue; or

(vi) research that is received so that the firm may evaluate the research provider’s research service, provided that:
(A) it is received during a trial period that lasts no longer than three months;

(B) no monetary or non-monetary consideration is due (whether during the trial period, before or after) to the research provider for providing the research during the trial period;

(C) the trial period is not commenced with the research provider within 12 months from the termination of an arrangement for the provision of research (including any previous trial period) with the research provider; and

(D) the firm makes and retains a record of the dates of any trial period accepted under this rule, as well as a record of how the conditions in (A) to (C) were satisfied for each such trial period.

6.1A.5B G COBS 2.3A.8R sets out the conditions to be met if a fee, commission or non-monetary benefit is designed to enhance the quality of the service to a client in relation to MiFID, equivalent third country or optional exemption business. For the purposes of COBS 2.3A.19R(2) and COBS 6.1A.5AR(2), those conditions are also likely to be relevant to firms considering whether a fee, commission or non-monetary benefit is capable of enhancing the quality of the service to a client in relation to the restriction in COBS 6.1A.4R(2).

[Note: articles 24(7) and (8) of MiFID refer to minor non-monetary benefits that are capable of enhancing the quality of service provided to the client]

6.1B Retail investment product provider, operator of an electronic system in relation to lending, and platform service provider requirements relating to adviser charging and remuneration

Requirement not to offer commissions

6.1B.5 R (1) Except as specified in COBS 6.1B.5AR, a firm must not offer or pay (and must ensure that none of its associates offers or pays) any commissions, remuneration or benefit of any kind to another firm, or to any other third party for the benefit of that firm, in relation to a personal recommendation (or any related services), except those that facilitate the payment of adviser charges from a retail client’s investments in accordance with this section.
(2) Paragraph (1) does not apply to minor non-monetary benefits which meet the requirements of:

(a) COBS 2.3A.19R, in connection with the provision of investment services; or

(b) COBS 6.1A.5AR(2), in connection with other business.

After the deleted COBS 6.2A insert the following new section COBS 6.2B. All the text is new and is not underlined.

6.2B Describing advice services

Application

6.2B.1 R (1) This section applies to a firm that provides:

(a) investment advice in the course of MiFID, equivalent third country or optional exemption business to clients in relation to financial instruments or structured deposits; or

(b) investment advice to retail clients in the United Kingdom in relation to financial instruments, structured deposits or other retail investment products; or

(c) basic advice to retail clients in the United Kingdom.

6.2B.2 R (1) This section does not apply to a firm when it makes a personal recommendation or provides basic advice to an employee, if that recommendation or advice is provided under the terms of an agreement between the firm and that employee’s employer which is subject to the rules on consultancy charges (COBS 6.1C).

(2) This section does not apply to a firm when it makes a personal recommendation to a retail client in relation to a Holloway sickness policy, provided that the Holloway policy special application conditions are met.

6.2B.3 G P2P agreements are neither financial instruments nor retail investment products. This section does not apply to a firm when it is advising on P2P agreements.

6.2B.4 G (1) This section applies in accordance with the territorial scope of the general application of this sourcebook as modified in COBS 1 Annex 1.

(2) But the effect of COBS 6.2B.1R(1) and COBS 6.2B.6R to COBS 6.2B.9R includes that:

(a) this section does not apply to a firm that provides investment advice to a retail client in relation to a retail investment product that is not a financial instrument if the retail client is outside the United Kingdom; and

(b) a firm that carries on MiFID or equivalent third country business with a retail client outside the United Kingdom need only have regard to financial instruments and
structured deposits (and not other retail investment products) in conducting its assessment for the purposes of COBS 6.2B.11R.

Introduction

6.2B.5 G This section transposes provisions in MiFID on describing advice services relating to financial instruments and structured deposits for all clients and reproduces a number of provisions of the directly applicable MiFID Org Regulation as explained in COBS 1.2. The requirements apply in relation to MiFID, equivalent third country or optional exemption business. The requirements are extended to apply to other investment advice and cover other retail investment products when the client is a retail client in the United Kingdom.

Interpretation of rules and guidance: relevant products

6.2B.6 R In this section a “relevant product” is:

(1) where the client is a retail client in the United Kingdom, a financial instrument, structured deposit or other retail investment product; or

(2) otherwise, a financial instrument or structured deposit.

[Note: article 1(4) of MiFID]

Interpretation of EU provisions: MiFID business

6.2B.7 R A firm must treat obligations in relation to financial instruments as extending to other retail investment products when complying with the provisions in this section marked “EU” in the course of MiFID business with a retail client in the United Kingdom.

6.2B.8 G References to financial instruments include structured deposits (but not other retail investment products) when a firm is complying with the provisions in this section marked “EU” in the course of MiFID business with a retail client outside the United Kingdom or with a professional client.

[Note: article 1(2) of the MiFID Org Regulation]

Interpretation of EU provisions: non-MiFID business

6.2B.9 R In relation to business that is not MiFID business, a firm must comply with provisions in this section marked “EU” as if they were rules but:

(1) reading references to financial instruments as including structured deposits and (if the client is a retail client in the United Kingdom) other retail investment products;

(2) (for business that is not equivalent business of a third country
investment firm or MiFID optional exemption business) the firm need not comply with the following provisions of the MiFID Org Regulation:

(a) the requirement in paragraph 2 of article 52(1) of the MiFID Org Regulation (reproduced in COBS 6.2B.32EU) not to give undue prominence to their independent advice services;

(b) the requirement in article 52(4) of the MiFID Org Regulation (reproduced in COBS 6.2B.36EU) to distinguish the range of financial instruments issued or provided by entities not being closely linked with the firm; and

(c) the requirement in article 53(3)(c) of the MiFID Org Regulation (reproduced in COBS 6.2B.29EU) that a firm does not allow a natural person to provide both independent advice and restricted advice.

Interpretation: non-independent advice and restricted advice

6.2B.10  G  This section refers to both “restricted advice” and “non-independent advice”. These terms have the same meaning.

Firms holding themselves out as independent

6.2B.11  R  If a firm informs a client that it provides independent advice, that firm must assess a sufficient range of relevant products available on the market which must:

(1) be sufficiently diverse with regard to their:

(a) type; and

(b) issuers or product providers,

to ensure that the client’s investment objectives can be suitably met; and

(2) not be limited to relevant products issued or provided by:

(a) the firm itself or by entities having close links with the firm; or

(b) other entities with which the firm has such close legal or economic relationships, including contractual relationships, as to present a risk of impairing the independent basis of the advice provided.

[Note: article 24(7)(a) of MiFID]

6.2B.12  R  COBS 6.2B.11R does not apply to group personal pension schemes if a firm discloses information to a client in accordance with the rule on group
personal pension schemes (COBS 6.1C.20AR).

6.2B.13 G The combined effect of COBS 6.2B.6R and COBS 6.2B.11R is that the assessment undertaken by a firm for the purpose of COBS 6.2B.11R must:

(1) where the client is a retail client in the United Kingdom, include a sufficient range of financial instruments, structured deposits and other retail investment products; or otherwise

(2) include a sufficient range of financial instruments and structured deposits,

which in each case must meet the requirements as to diversity and scope in COBS 6.2B.11R(1) and (2) respectively.

Requirements for firms providing focused independent advice

6.2B.14 G A firm that holds itself out as providing independent advice may provide broad and general advice or specialist and specific advice.

[Note: recital 71 to the MiFID Org Regulation]

6.2B.15 EU 53(2) An investment firm that provides investment advice on an independent basis and that focuses on certain categories or a specified range of financial instruments shall comply with the following requirements:

(a) the firm shall market itself in a way that is intended only to attract clients with a preference for those categories or range of financial instruments;

(b) the firm shall require clients to indicate that they are only interested in investing in the specified category or range of financial instruments; and

(c) prior to the provision of the service, the firm shall ensure that its service is appropriate for each new client on the basis that its business model matches the client’s needs and objectives, and the range of financial instruments that are suitable for the client. Where this is not the case the firm shall not provide such a service to the client.

[Note: article 53(2) of the MiFID Org Regulation]

6.2B.16 G (1) COBS 6.2B.15EU means that a firm providing independent advice need not provide advice on all relevant products. A firm may market itself as, for example, an independent stockbroker that provides independent advice on shares only. A firm might alternatively market itself on the basis of providing independent advice on a particular product market such as ethical and socially responsible investments. The requirements in COBS 6.2B.15EU apply to ensure that clients of a firm that provides
independent advice on a focused basis properly understand the nature of the advice that they will receive and that the service is appropriate.

(2) A firm that provides independent advice in respect of a relatively narrow market should not hold itself out as acting independently in a broader sense. A firm which specialises in providing advice in respect of a particular market might include reference to the provision of independent investment advice in its name. However, it would need to be clear in any marketing materials, and when describing its service, that it only provides independent advice in respect of that particular product market.

Sufficient range

6.2B.17 G The extent of the assessment which a firm is required to undertake in order to meet the requirement to assess a sufficient range of relevant products will depend on:

(1) the nature of the independent advice service provided by the firm (general or focused) for the purposes of COBS 6.2B.15EU;

(2) the investment objectives of the client (COBS 6.2B.11R(1)); and

(3) the firm’s close links and relationships with product providers and issuers (COBS 6.2B.11R(2)).

6.2B.18 EU 53(1) Investment firms providing investment advice on an independent basis shall define and implement a selection process to assess and compare a sufficient range of financial instruments available on the market in accordance with Article 24(7)(a) of Directive 2014/65/EU. The selection process shall include the following elements:

(a) the number and variety of financial instruments considered is proportionate to the scope of investment advice services offered by the independent investment adviser;

(b) the number and variety of financial instruments considered is adequately representative of financial instruments available on the market;

(c) the quantity of financial instruments issued by the investment firm itself or by entities closely linked to the investment firm itself is proportionate to the total amount of financial instruments considered; and

(d) the criteria for selecting the various financial instruments shall include all relevant aspects such as risks, costs and complexity as well as the characteristics of the investment firm’s clients, and shall ensure that the selection of the
instruments that may be recommended is not biased.

Where such a comparison is not possible due to the business model or the specific scope of the service provided, the investment firm providing investment advice shall not present itself as independent.

[Note: article 53(1) of the MiFID Org Regulation]

6.2B.19 G

(1) COBS 6.2B.11R does not require a firm providing independent advice to assess every relevant product available on the market before making a personal recommendation.

[Note: recital 73 to MiFID]

(2) Notwithstanding (1), since the assessment conducted by the firm must be such as to ensure the client’s investment objectives can be suitably met, a firm providing independent advice should be in a position to advise on all types of relevant product within the scope of the market (for the purposes of COBS 6.2B.15EU) on which it provides advice. When the client is a retail client in the United Kingdom, this means being in a position to advise on all types of financial instrument, structured deposit and other retail investment products.

(3) For example, a firm providing independent advice on personal pension schemes should be in a position to consider all personal pension schemes. What will constitute a sufficient range of personal pension schemes to be considered before providing a client with a personal recommendation will, however, depend upon the investment objectives of that client.

(4) A firm not specialising in a particular market would generally be expected to be in a position to consider all relevant product types which would be capable of meeting the investment objectives of its clients.

(5) If a firm that provides focused independent advice is not able to recommend a financial instrument that would meet the investment objectives of a client, the firm should not provide that client with a personal recommendation. For example, if a firm providing independent advice on shares considered that a client’s investment objectives would be better met by way of investment in an accumulation product, it should not provide that client with a personal recommendation.

Guidance on the independence standard

6.2B.20 G

A personal recommendation on a relevant product that invests in a number of underlying relevant products would not of itself enable the firm providing the personal recommendation to satisfy the requirement to have considered a sufficient range of relevant products which are sufficiently
diverse (COBS 6.2B.11R), even if the relevant product invests in a wide range of underlying investments.

6.2B.21  G The effect of COBS 6.2B.11R(2) is that a firm which is subject to any form of agreement with an issuer or provider of relevant products that confines that firm to providing advice on relevant products issued or provided by that other person only will not be in a position to provide independent advice.

6.2B.22  G The fact that a firm is owned by, or owns, in whole or in part, the issuer or provider of relevant products does not prevent that firm from providing independent advice, provided that the firm’s assessment of relevant products is:

1. not limited to relevant products issued or provided by that related issuer or provider (COBS 6.2B.11R(2));
2. proportionate; and
3. not biased (COBS 6.2B.18EU).

6.2B.23  G In providing independent advice to a retail client in the United Kingdom a firm should consider financial products other than relevant products which are capable of meeting the investment needs and objectives of that retail client, examples of which could include national savings and investments (ns&i) products and cash deposit ISAs.

Use of platforms

6.2B.24  R A firm which:

1. holds itself out to a retail client in the United Kingdom as acting independently; and
2. relies upon a single platform service to facilitate the majority of its personal recommendations,

must ensure that, as appropriate, the selection of relevant products made available by the platform service provider is such as to enable the firm to satisfy the requirements of COBS 6.2B.11R.

6.2B.25  G When a firm considers whether a platform service provider’s selection of relevant products enables it to satisfy the requirements of COBS 6.2B.11R, a firm should take into account any fees, commission or non-monetary benefits the platform service provider receives in relation to those relevant products.

Use of panels

6.2B.26  G A firm providing independent advice may satisfy the requirement to assess a sufficient range of relevant products which are sufficiently diverse (COBS 6.2B.11R) by using ‘panels’. Such a firm would need to
ensure that any panel is sufficiently broad in its composition to enable the firm to make personal recommendations based on an assessment of a sufficient range of relevant products available on the market which are sufficiently diverse. The firm would need to review the panel regularly and ensure that the client’s investment objectives can be suitably met.

6.2B.27 G When using a panel a firm may exclude a certain type or class of relevant product from the panel if, after review, there is a valid reason, consistent with this section and the client’s best interests rule, for doing so.

6.2B.28 G If a firm providing independent advice chooses to engage a third party to conduct an assessment of the relevant products available on the market, the firm remains responsible for complying with the requirements of COBS 6.2B.11R to ensure that its advice is based on an assessment of a sufficient range of relevant products which are sufficiently diverse as to ensure that the client’s investment objectives can be suitably met.

Requirements for firms providing both independent and restricted advice

6.2B.29 EU 53(3) An investment firm offering investment advice on both an independent basis and on a non-independent basis shall comply with the following obligations:

(a) in good time before the provision of its services, the investment firm has informed its clients, in a durable medium, whether the advice will be independent or non-independent in accordance with Article 24(4)(a) of Directive 2014/65/EU and the relevant implementing measures;

(b) the investment firm has presented itself as independent for the services for which it provides investment advice on an independent basis; and

(c) the investment firms has adequate organisational requirements and controls in place to ensure that both types of advice services and advisers are clearly separated from each other and that clients are not likely to be confused about the type of advice that they are receiving and are given the type of advice that is appropriate for them. The investment firm shall not allow a natural person to provide both independent and non-independent advice.

[Note: article 53(3) of the MiFID Org Regulation]

6.2B.30 G A firm that offers an unlimited range of regulated mortgage contracts, or gives advice in relation to contracts of insurance on the basis of a fair analysis, but offers restricted advice on relevant products should not hold itself out as acting independently for its business as a whole, for example by holding itself out as an independent financial adviser. However, it may disclose that it offers an unlimited range of regulated mortgage contracts
or gives advice in relation to *contracts of insurance* on the basis of a fair analysis provided it makes clear in accordance with the *fair, clear and not misleading* rule (*COBS* 4.2.1R) that it provides *restricted advice* on relevant products.

6.2B.31 G A firm that provides *basic advice* on *stakeholder products* may still use the facilities and stationery it uses for other business in accordance with the rule on basic advice on stakeholder products: other issues (*COBS* 9.6.17 R (2)).

6.2B.32 EU 52(1) Where advice is offered or provided to the same client on both an independent and non-independent basis, investment firms shall explain the scope of both services to allow investors to understand the differences between them and not present itself as an independent investment adviser for the overall activity. Firms shall not give undue prominence to their independent investment advice services over non-independent investment services in their communications with clients.

[Note: article 52(1) of the *MiFID Org Regulation*]

Disclosing the nature of advice provided

6.2B.33 R (1) A firm must disclose to a client, in good time before the provision of *investment advice* or *basic advice*:

- whether its advice will be:
  - independent advice; or
  - restricted advice;

- whether the advice will be based on a broad or more restricted analysis of different types of relevant products; and

- where the advice will be restricted advice, whether the range will be limited to relevant products issued or provided by entities having close links with the firm or any other legal or economic relationships, such as contractual relationships, so as to present a risk of impairing the independent basis of the advice provided.

[Note: article 24(4)(a)(i) and (ii) of *MiFID*]

(2) A firm must include the term “independent advice” or “restricted advice” or both, as relevant, in the disclosure.

6.2B.34 R (1) A firm must provide the information required by *COBS* 6.2B.33R in a comprehensible form in such a manner that the client is reasonably able to understand the nature and risks of the investment service and of the specific type of financial instrument that is being offered and,
consequently, to take investment decisions on an informed basis.

(2) That information may be provided in a standardised format.

Additional oral disclosure for firms providing restricted advice
6.2B.38 R If a firm provides restricted advice and engages in spoken interaction with the retail client, in addition to the disclosure required by COBS 6.2B.33R, a firm must disclose orally in good time before the provision of its investment advice that it provides restricted advice and the nature of that restriction.

6.2B.39 G Examples of statements which would comply with COBS 6.2B.38R include:

(1) “I am a [Firm X] adviser offering restricted advice, which means that my advice is restricted to advice on [Firm X] [products/stakeholder products] only”; or

(2) “I am a [Firm X] adviser offering restricted advice, which means that my advice is restricted to advice on [products/stakeholder products] from a limited number of companies that [Firm X] has selected”.

(2) A firm providing restricted advice should take reasonable care to establish and maintain appropriate systems and controls to ensure that if there is no relevant product in the firm’s range of products which meets the investment needs and objectives of the client, no personal recommendation should be made.

(3) A firm specialising in a particular market should take reasonable care to establish and maintain appropriate systems and controls to ensure that it does not make a personal recommendation if there is a relevant product outside the market on which it provides investment advice which would meet the investment needs and objectives of the client.

8.1 Client agreements: non-MiFID designated investment business

Providing a client agreement

8.1.1 R (1) This chapter applies to a firm in relation to designated investment business carried on for:

(a) a retail client; and

(b) in relation to MiFID or equivalent third country business, a professional client.

(2) If expressly provided, this chapter also applies to a firm in relation to other ancillary services carried on for a client, but only in relation to its MiFID or equivalent third country business. [deleted]

(3) But this chapter does not apply to:

(a) a firm in relation to its MiFID, equivalent third country or optional exemption business; or

(b) a firm to the extent that it is effecting contracts of insurance in relation to a life policy issued or to be issued by the firm as principal.

8.1.3 R (1) A firm must, in good time before a retail client is bound by any agreement relating to designated investment business or ancillary services or before the provision of those services, whichever is the earlier, provide that client with:

(a) the terms of any such agreement; and

(b) the information about the firm and its services relating to that agreement or to those services required by COBS 6.1.4R, including information on communications, conflicts of
interest and authorised status.

Application and purpose provisions

8A.1.1 R This chapter applies to a firm in relation to its MiFID, equivalent third country or optional exemption business.

8A.1.2 R Provisions in this chapter marked “EU” apply to MiFID optional exemption firms as if they were rules.

8A.1.3 G In order to provide legal certainty and enable clients to better understand the nature of the services provided, investment firms that provide investment or ancillary services to clients should enter into a written basic agreement with the client, setting out the essential rights and obligations of the firm and the client.

[Note: recital 90 to the MiFID Org Regulation]

Providing a client agreement: retail and professional clients

8A.1.4 EU 58 Investment firms providing any investment service or the ancillary service referred to in Section B(1) of Annex I to Directive 2014/65/EC to a client after the date of application of this Regulation shall enter into a written basic agreement with the client, in paper or another durable medium, with the client setting out the essential rights and obligations of the firm and the client. Investment firms providing investment advice shall comply with this obligation only where a periodic assessment of the suitability of the financial instruments or services recommended is performed.

The written agreement shall set out the essential rights and obligations of the parties, and shall include the following:

(a) a description of the services, and where relevant the nature and extent of the investment advice, to be provided;

(b) in case of portfolio management services, the types of financial instruments that may be purchased and sold and the types of transactions that may be undertaken on behalf of the client, as well as any instruments or transactions prohibited; and

(c) a description of the main features of any services referred to in Section B(1) of Annex I to Directive 2014/65/EC to be provided, including where applicable the role of the firm with respect to corporate actions relating to client instruments and the terms on which securities financing transactions involving client securities will generate a return for the client.

General requirement for information to clients

8A.1.5 EU 46(1) Investment firms shall, in good time before a client or potential client is bound by any agreement for the provision of investment services or ancillary services or before the provision of those services, whichever is the earlier to provide that client or potential client with the following information:

(a) the terms of any such agreement;

(b) the information required by Article 47 relating to that agreement or to those investment or ancillary services.

[Note: article 46(1) of the MiFID Org Regulation]

8A.1.6 EU 46(2) Investment firms shall, in good time before the provision of investment services or ancillary services to clients or potential clients, to provide the information required under Articles 47 to 50.

[Note: article 46(2) of the MiFID Org Regulation]

8A.1.7 EU 46(3) The information referred to in paragraphs 1 and 2 shall be provided in a durable medium or by means of a website (where it does not constitute a durable medium) provided that the conditions specified in Article 3(2) are satisfied.

[Note: article 46(3) of the MiFID Org Regulation]

Avoiding duplicate information

8A.1.8 G (1) Articles 47 to 50 of the MiFID Org Regulation require a firm to provide a client with information about:

(a) the firm and its services for clients and potential clients (including information on communications, conflicts of interest and authorised status);

(b) financial instruments;

(c) safeguarding of client financial instruments or client funds; and

(d) costs and associated charges.

(2) Provided the information referred to in (1) is communicated to a client in good time before the provision of the service, a firm does not need to provide it either separately or by incorporating it in a client agreement.

(3) The requirements for firms to provide clients with the information
referred to in (1) are set out at COBS 6.1ZA.

[Note: recital 84 to MiFID]

Record keeping: client agreements

8A.1.9  R  A firm must establish a record that includes the document or documents agreed between it and a client which set out the rights and obligations of the parties, and the other terms on which it will provide services to the client.

Making personal recommendations Application
9.1.1 R This chapter applies to a firm which:

(a) makes a personal recommendation to a retail client in relation to a designated investment;

(b) manages investments of a retail client of the firm;

(c) manages the assets of an occupational pension scheme, stakeholder pension scheme or personal pension scheme, other than in relation to its MiFID, equivalent third country or optional exemption business.

9.1.1A G COBS 9A contains suitability requirements which apply in respect of a firm’s MiFID, equivalent third country or optional exemption business involving the provision of investment advice or portfolio management.

Application

9A.1.1  R  This chapter applies to a firm which provides investment advice or portfolio management in the course of MiFID, equivalent third country or optional exemption business.

Effect of provisions marked “EU” for third country investment firms and MiFID optional exemption firms

9A.1.2  R  Provisions in this chapter marked “EU” apply in relation to MiFID optional exemption business as if they were rules.

9A.1.3  G  The effect of GEN 2.2.22AR is that provisions in this chapter marked “EU” also apply in relation to the equivalent business of a third country investment firm as if they were rules.

9A.2  Assessing suitability

Assessing suitability: the obligations

9A.2.1  R  When providing investment advice or portfolio management a firm must:

(1)  obtain the necessary information regarding the client's:

(a)  knowledge and experience in the investment field relevant to the specific type of financial instrument or service;

(b)  financial situation including his ability to bear losses; and

(c)  investment objectives including his risk tolerance,

so as to comply with (2);

(2)  recommend investment services and financial instruments, or take the decision to trade, which is suitable for the client and, in
particular, in accordance with the client’s risk tolerance and ability to bear losses.

[Note: first paragraph of article 25(2) of MiFID]

9A.2.2  G  Firms should undertake a suitability assessment not only when making a personal recommendation to buy a financial instrument but for all decisions whether to trade, including making any personal recommendations about whether or not to buy, hold or sell an investment.

[Note: recital 87 to the MiFID Org Regulation]

9A.2.3  G  Where a firm providing a portfolio management service makes a recommendation or request, or provides advice, to a client to the effect that the client should give or alter a mandate to the firm that defines the limits of the firm’s discretion, that recommendation, request or advice should be considered a recommendation for the purposes of COBS 9A.2.1R. A firm should therefore undertake a suitability assessment in relation to any such recommendation, request or advice.

[Note: recital 89 to the MiFID Org Regulation]

Assessing the extent of the information required

9A.2.4  EU 54(2)  Investment firms shall determine the extent of the information to be collected from clients in light of all the features of the investment advice or portfolio management services to be provided to those clients. Investment firms shall obtain from clients or potential clients such information as is necessary for the firm to understand the essential facts about the client and to have a reasonable basis for determining, giving due consideration to the nature and extent of the service provided, that the specific transaction to be recommended, or entered into in the course of providing a portfolio management service, satisfies the following criteria:

(a) it meets the investment objectives of the client in question, including client’s risk tolerance;

(b) it is such that the client is able financially to bear any related investment risks consistent with his investment objectives;

(c) it is such that the client has the necessary experience and knowledge in order to understand the risks involved in the transaction or in the management of his portfolio.

[Note: article 54(2) of the MiFID Org Regulation]

Professional clients
9A.2.5 EU 54(3) Where an investment firm provides an investment service to a professional client it shall be entitled to assume that in relation to the products, transactions and services for which it is so classified, the client has the necessary level of experience and knowledge for the purposes of point (c) of paragraph 2.

Where that investment service consists in the provision of investment advice to a professional client covered by Section 1 of Annex II to Directive 2014/65/EU, the investment firm shall be entitled to assume for the purposes of point (b) of paragraph 2 that the client is able financially to bear any related investment risks consistent with the investment objectives of that client.

[Note: article 54(3) of the MiFID Org Regulation]

Obtaining information about knowledge and experience

9A.2.6 EU 55(1) Investment firms shall ensure that the information regarding a client’s or potential client’s knowledge and experience in the investment field includes the following, to the extent appropriate to the nature of the client, the nature and extent of the service to be provided and the type of product or transaction envisaged, including their complexity and the risks involved:

(a) the types of service, transaction and financial instrument with which the client is familiar;

(b) the nature, volume, and frequency of the client’s transactions in financial instruments and the period over which they have been carried out;

(c) the level of education, and profession or relevant former profession of the client or potential client.

[Note: article 55(1) of the MiFID Org Regulation]

Obtaining information about a client’s financial situation

9A.2.7 EU 54(4) The information regarding the financial situation of the client or potential client shall include, where relevant, information on the source and extent of his regular income, his assets, including liquid assets, investments and real property, and his regular financial commitments.

[Note: article 54(4) of the MiFID Org Regulation]

Obtaining information about a client’s investment objectives

9A.2.8 EU 54(5) The information regarding the investment objectives of the client or potential client shall include, where relevant,
information on the length of time for which the client wishes to hold the investment, his preferences regarding risk taking, his risk profile, and the purposes of the investment.

[Note: article 54(5) of the MiFID Org Regulation]

Reliability of information

9A.2.9 EU 54(7) Investment firms shall take reasonable steps to ensure that the information collected about their clients or potential clients is reliable. This shall include, but shall not be limited to, the following:

(a) ensuring clients are aware of the importance of providing accurate and up-to-date information;

(b) ensuring all tools, such as risk assessment profiling tools or tools to assess a client’s knowledge and experience, employed in the suitability assessment process are fit-for-purpose and are appropriately designed for use with their clients, with any limitations identified and actively mitigated through the suitability assessment process;

(c) ensuring questions used in the process are likely to be understood by clients, capture an accurate reflection of the client’s objectives and needs, and the information necessary to undertake the suitability assessment; and

(d) taking steps, as appropriate, to ensure the consistency of client information, such as by considering whether there are obvious inaccuracies in the information provided by clients.

[Note: article 54(7) of the MiFID Org Regulation]

Maintaining adequate and up-to-date information

9A.2.10 EU 54(7) Investment firms having an on-going relationship with the client, such as by providing an on-going advice or portfolio management service, shall have, and be able to demonstrate, appropriate policies and procedures to maintain adequate and up-to-date information about clients to the extent necessary to fulfil the requirements under paragraph 2.

[Note: article 54(7) of the MiFID Org Regulation]

Discouraging the provision of information

9A.2.11 EU 55(2) An investment firm shall not discourage a client or potential client from providing information required for the purposes of Article 25(2) and (3) of Directive 2014/65/EU.
Reliance on information

9A.2.12 EU 55(3) An investment firm shall be entitled to rely on the information provided by its clients or potential clients unless it is aware or ought to be aware that the information is manifestly out of date, inaccurate or incomplete.

[Note: article 55(2) of the MiFID Org Regulation]

Insufficient information

9A.2.13 EU 54(8) Where, when providing the investment service of investment advice or portfolio management, an investment firm does not obtain the information required under Article 25(2) of Directive 2014/65/EU, the firm shall not recommend investment services or financial instruments to the client or potential client.

[Note: article 55(3) of the MiFID Org Regulation]

9A.2.14 G Although a firm may not be permitted to make a personal recommendation or take a decision to trade because it does not have the necessary information, its client may still ask the firm to provide another service such as, for example, to arrange a deal or to deal as agent for the client. If this happens, the firm should ensure that it receives written confirmation of the instructions. The firm should also bear in mind the client’s best interests rule and any obligation it may have under the rules relating to appropriateness when providing the different service (see COBS 10A (Appropriateness (for non-advised services in relation to MiFID provisions))).

Identifying the subject of a suitability assessment

9A.2.15 EU 54(6) Where a client is a legal person or a group of two or more natural persons or where one or more natural persons are represented by another natural person, the investment firm shall establish and implement policy as to who should be subject to the suitability assessment and how this assessment will be done in practice, including from whom information about knowledge and experience, financial situation and investment objectives should be collected. The investment firm shall record this policy.

Where a natural person is represented by another natural person or where a legal person having requested treatment as professional client in accordance with Section 2 of Annex II to Directive 2014/65/EU is to be considered for the suitability assessment, the financial situation and investment objectives shall be those of the legal person or, in relation to the natural person, the underlying client rather than of the representative. The knowledge and experience shall be that of the representative.
of the natural person or the person authorised to carry out transactions on behalf of the underlying client.

[Note: article 54(6) of the MiFID Org Regulation]

Bundled packages

9A.2.16 R Where a firm provides a personal recommendation recommending a package of services or products bundled pursuant to COBS 6.1ZA.2.12R, the firm must ensure that the overall bundled package is suitable for the client.

[Note: second paragraph of article 25(2) of MiFID]

9A.2.17 G When considering the suitability of a particular financial instrument which is linked directly or indirectly to any form of loan, mortgage or home reversion plan, a firm should take account of the suitability of the overall transaction. The firm should have regard to any applicable suitability rules in MCOB.

Switching

9A.2.18 EU 54(11) When providing investment advice or portfolio management services that involve switching investments, either by selling an instrument and buying another or by exercising a right to make a change in regard to an existing instrument, investment firms shall collect the necessary information on the client’s existing investments and the recommended new investments and shall undertake an analysis of the costs and benefits of the switch, such that they are reasonably able to demonstrate that the benefits of switching are greater than the costs.

[Note: article 54(11) of the MiFID Org Regulation]

Adequate policies and procedures

9A.2.19 EU 54(9) Investment firms shall have, and be able to demonstrate, adequate policies and procedures in place to ensure that they understand the nature, features, including costs and risks of investment services and financial instruments selected for their clients and that they assess, while taking into account cost and complexity, whether equivalent investment services or financial instruments can meet their client’s profile.

[Note: article 54(9) of the MiFID Org Regulation]

Unsuitability

9A.2.20 EU 54(10) When providing the investment service of investment advice or portfolio management, an investment firm shall not recommend or decide to trade where none of the services or instruments are
suitable for the client.

[Note: article 54(10) of the MiFID Org Regulation]

Guidance on assessing suitability

9A.2.21 G (1) A transaction may be unsuitable for a client due to the risks of the associated financial instruments, the type of transaction, the characteristics of the order or the frequency of the trading.

(2) A series of transactions, each of which are suitable when viewed in isolation may be unsuitable if the recommendation or the decisions to trade are made with a frequency that is not in the best interests of the client.

(3) In the case of portfolio management, a transaction might be unsuitable if it would result in an unsuitable portfolio.

[Note: recital 88 to the MiFID Org Regulation]

Investments subject to restrictions on retail distribution

9A.2.22 G (1) Firms should note that restrictions and specific requirements apply to the retail distribution of certain financial instruments:

(a) non-mainstream pooled investments are subject to a restriction on financial promotions (see section 238 of the Act and COBS 4.12);

(b) non-readily realisable securities are subject to a restriction on direct offer financial promotions (see COBS 4.7);

(c) mutual society shares are subject to specific requirements in relation to dealing and arranging activities (see COBS 22.2);

(d) contingent convertible instruments and CoCo funds are subject to a restriction on sales and on promotions (see COBS 22.3).

(2) A firm should be satisfied that an exemption is available before recommending a financial instrument subject to a restriction on distribution to a retail client, noting in particular that a personal recommendation to invest will generally incorporate a financial promotion.

(3) In addition to assessing whether the promotion is permitted, a firm giving advice on a financial instrument subject to a restriction on distribution should comply with their obligations in COBS 9A and ensure any personal recommendation is suitable for its client.

(4) In considering its obligations under COBS 9A, a firm purchasing a financial instrument subject to a restriction on distribution on behalf
of a retail client as part of a discretionary management agreement should exercise particular care to ensure the transaction is suitable and in the client’s best interests, having regard to the FCA’s view that such financial instruments pose particular risks of inappropriate distribution.

(5) A restriction on promotion does not affect a transaction where there has been no prior communication with the client in connection with the investment by the firm or a person connected to the firm. Nonetheless, if promotion of a financial instrument to a retail client would not have been permitted, then the discretionary manager’s decision to purchase it on behalf of the retail client should be supported by detailed and robust justification of his assessment of suitability.

Automated or semi-automated systems

9A.2.23 EU 54(1) Where investment advice or portfolio management services are provided in whole or in part through an automated or semi-automated system, the responsibility to undertake the suitability assessment shall lie with the investment firm providing the service and shall not be reduced by the use of an electronic system in making the personal recommendation or decision to trade.

[Note: second paragraph of article 54(1) of the MiFID Org Regulation]

9A.3 Information to be provided to the client

Explaining the reasons for assessing suitability

9A.3.1 EU 54(1) Investment firms shall not create any ambiguity or confusion about their responsibilities in the process when assessing the suitability of investment services or financial instruments in accordance with Article 25(2) of Directive 2014/65/EU. When undertaking the suitability assessment, the firm shall inform clients or potential clients, clearly and simply, that the reason for assessing suitability is to enable the firm to act in the client’s best interest.

[Note: first paragraph of article 54(1) of the MiFID Org Regulation]

Suitability reports

9A.3.2 R (1) This rule applies in relation to investment advice given to a retail client.

(2) When providing investment advice, a firm must, before the transaction is concluded, provide the client with a suitability report in a durable medium specifying the advice given and how that advice
meets the preferences, objectives and other characteristics of the client.

(3) Where the agreement to buy or sell a financial instrument is concluded using a means of distance communication which prevents the prior delivery of the suitability report, the firm may provide the suitability report in a durable medium immediately after the client is bound by any such agreement, provided both the following conditions are met:

(a) the client has consented to receiving the suitability report without undue delay after the conclusion of the transaction; and

(b) the firm has given the client the option of delaying the transaction in order to receive the suitability report in advance.

(4) Where a firm provides a portfolio management service or has informed the client that it will carry out periodic assessment of suitability, the periodic report, provided under COBS 16A.2.1R, must contain an updated statement of how the client's investments meet the preferences, objectives and other characteristics of the client.

[Note: second, third and fourth paragraphs of article 25(6) of, and recital 82 to, MiFID]

Providing a suitability report

9A.3.3 EU 54(12) When providing investment advice, investment firms shall provide a report to the retail client that includes an outline of the advice given and how the recommendation provided is suitable for the retail client, including how it meets the client’s objectives and personal circumstances with reference to the investment term required, client’s knowledge and experience and client’s attitude to risk and capacity for loss.

Investment firms shall draw clients’ attention to and shall include in the suitability report information on whether the recommended services or instruments are likely to require the retail client to seek a periodic review of their arrangements.

Where an investment firm provides a service that involves periodic suitability assessments and reports, the subsequent reports after the initial service is established may only cover changes in the services or instruments involved and/or the circumstances of the client and may not need to repeat all the details of the first report.

[Note: article 54(12) of the MiFID Org Regulation]
9A.3.4 G When providing a suitability report, a firm should consider the requirements in COBS 4.2.1R to ensure that the contents of the suitability report are fair, clear and not misleading.

9A.3.5 G Situations that are likely to require a retail client to seek a periodic review of their arrangements include where a client is likely to need to seek advice to bring a portfolio of investments back in line with the original recommended allocation where there is a probability that the portfolio could deviate from the target asset allocation.

[Note: recital 85 to the MiFID Org Regulation]

Periodic assessments

9A.3.6 R A firm must, in good time before it provides its investment advice, inform the client whether it will provide the client with a periodic assessment of the suitability of the financial instruments recommended to the client.

[Note: article 24(4)(a)(iii) of MiFID]

9A.3.7 G COBS 9A.3.6R supplements COBS 2.2A.2R (information disclosure before providing services (MiFID provisions)).

9A.3.8 EU 52(5) Investments firms providing a periodic assessment of the suitability of the recommendations provided pursuant to Article 54(12) shall disclose all of the following:

(a) the frequency and extent of the periodic suitability assessment and where relevant, the conditions that trigger that assessment;

(b) the extent to which the information previously collected will be subject to reassessment; and

(c) the way in which an updated recommendation will be communicated to the client.

[Note: article 52(5) of the MiFID Org Regulation]

9A.3.9 EU 54(13) Investment firms providing a periodic suitability assessment shall review, in order to enhance the service, the suitability of the recommendations given at least annually. The frequency of this assessment shall be increased depending on the risk profile of the client and the type of financial instruments recommended.

[Note: article 54(13) of the MiFID Org Regulation]

9A.4 Record keeping and retention periods for suitability records
9A.4.1 G A firm to which SYSC 9 applies is required to keep orderly records of is business and internal organisation (see SYSC 9, General rules on recording-keeping). The records may be expected to reflect the different effect of the requirements in this chapter depending on whether the client is a retail client or a professional client; for example, in respect of information about the client which the firm must obtain and whether the firm is required to provide a suitability report.

9A.4.2 G A firm should refer to SYSC 9 for its obligations in relation to record keeping.

[Note: article 16(7) of MiFID]

Amend the following as shown.

10 Appropriateness (for non-MiFID non-advised services) (non-MiFID provisions)

10.1 Application and purpose provisions

10.1.1 R This chapter applies to a firm which provides investment services in the course of MiFID or equivalent third country business other than making a personal recommendation and managing investments. [deleted]

10.1.2 R This chapter applies to a firm which arranges or deals in relation to a non-readily realisable security, derivative or a warrant with or for a retail client, other than in the course of MiFID or equivalent third country business, and the firm is aware, or ought reasonably to be aware, that the application or order is in response to a direct offer financial promotion.

10.1.3 R This chapter applies to a firm which assesses appropriateness on behalf of another MiFID investment firm so that the other firm may rely on the assessment under COBS 2.4.4R (Reliance on other investment firms: MiFID and equivalent business). [deleted]

Related rules

10.1.4 G A firm that is carrying on a regulated activity on a non-advised basis, whether or not the rules in this chapter apply to its activities, should also consider whether other rules in COBS apply. For example, a firm carrying on insurance mediation activity in relation to a life policy that does not involve the provision of advice, should have regard to COBS 7 (Insurance mediation).

10.2 Assessing appropriateness: the obligations
10.2.1 R …

(2) When assessing appropriateness, a firm:

(a) must determine whether the client has the necessary experience and knowledge in order to understand the risks involved in relation to the product or service offered or demanded;

(b) may assume that a professional client has the necessary experience and knowledge in order to understand the risks involved in relation to those particular investment services or transactions, or types of transaction or product, for which the client is classified as a professional client.

No duty to communicate firm’s assessment of knowledge and experience

10.2.8 G If a firm is satisfied that the client has the necessary experience and knowledge in order to understand the risks involved in relation to the product or service, there is no duty to communicate this to the client. If the firm does so, it must not do so in a way that amounts to making a personal recommendation unless it complies with the rules in COBS 9 on suitability. 10.4 Assessing appropriateness: when it need not be done

10.4.1 A firm is not required to ask its client to provide information or assess appropriateness if:

(a) the service only consists of execution and/or the reception and transmission of client orders, with or without ancillary services, it relates to particular financial instruments and is provided at the initiative of the client;

(2) The financial instruments referred to in (1)(a) are:

(a) shares admitted to trading on a regulated market or an equivalent third country market (that is, one which is included in the list which is published by the European Commission and updated periodically); or [deleted]

(c) units in a scheme authorised under the UCITS directive; or [deleted]

(d) other non-complex financial instruments.

(3) A financial instrument is non-complex if it satisfies the following criteria:

[Note: article 19(6) of MiFID and article 38 of the MiFID implementing Directive]

10.4.2 If a client engages in a course of dealings involving a specific type of product or service through the services of a firm, the firm is not required to make a new assessment on the occasion of each separate transaction. A firm complies with the rules in this chapter provided that it makes the necessary appropriateness assessment before beginning that service.

[Note: recital 59 to the MiFID implementing Directive]

10.4.3 A client who has engaged in a course of dealings involving a specific type of product or service beginning before 1 November 2007 is presumed to have the necessary experience and knowledge in order to understand the risks involved in relation to that specific type of product or service. [deleted]
10.5 Assessing appropriateness: guidance

The initiative of the client

10.5.1 A service should be considered to be provided at the initiative of a client (see COBS 10.4.1R(1)(a)) unless the client demands it in response to a personalised communication from or on behalf of the firm to that particular client which contains an invitation or is intended to influence the client in respect of a specific financial instrument or specific transaction.

[Note: recital 59 of the MiFID implementing Directive]

10.5.2 A service can be considered to be provided at the initiative of a client notwithstanding that the client demands it on the basis of any communication containing a promotion or offer of financial instruments investments made by any means that by its very nature is general and addressed to the public or a larger group or category of clients.

[Note: recital 30 to MiFID]

Personalised communications

10.5.3 …

(2) Communications addressed to a client (such as, for example, an email, a telephone call or a letter), may or may not be personalised depending on the content.

10.6 When a firm need not assess appropriateness

Application

10A.1.1 R This chapter applies to a firm which provides investment services in the course of MiFID or equivalent third country business other than making a personal recommendation or carrying out portfolio management.

10A.1.2 R This chapter applies to a firm which assesses appropriateness on behalf of a MiFID investment firm so that the other firm may rely on the assessment under COBS 2.4.4R (Reliance on other investment firms: MiFID and equivalent business).

Effect of provisions marked EU

10A.1.3 R The effect of GEN 2.2.22AR is that provisions in this chapter marked “EU” also apply in relation to the equivalent business of a third country investment firm as if they were rules.

10A.2 Assessing appropriateness: the obligations

10A.2.1 R When providing a service to which this chapter applies, a firm must ask the client to provide information regarding that client’s knowledge and experience in the investment field relevant to the specific type of product or service offered or demanded to enable the firm to assess whether the service
or product envisaged is appropriate for the client.

[Note: article 25(3) of MIFID]

Bundled packages

10A.2.2 R Where a bundle of services or products is envisaged pursuant to COBS 6.1ZA.2.12R, the assessment made pursuant to COBS 10A.2.1R must consider whether the overall bundled package is appropriate.

[Note: article 25(3) of MiFID]

Assessing a client’s knowledge and experience

10A.2.3 EU 56(1) Investment firms, shall determine whether that client has the necessary experience and knowledge in order to understand the risks involved in relation to the product or investment service offered or demanded when assessing whether an investment service as referred to in Article 25(3) of Directive 2014/65/EU is appropriate for a client.

An investment firm shall be entitled to assume that a professional client has the necessary experience and knowledge in order to understand the risks involved in relation to those particular investment services or transactions, or types of transaction or product, for which the client is classified as a professional client.

[Note: article 56(1) of the MiFID Org Regulation]

Information regarding a client’s knowledge and experience

10A.2.4 EU 55(1) Investment firms shall ensure that the information regarding a client's or potential client’s knowledge and experience in the investment field includes the following, to the extent appropriate to the nature of the client, the nature and extent of the service to be provided and the type of product or transaction envisaged, including their complexity and the risks involved:

(a) the types of service, transaction and financial instrument with which the client is familiar;

(b) the nature, volume, and frequency of the client’s transactions in financial instruments and the period over which they have been carried out;

(c) the level of education, and profession or relevant former profession of the client or potential client.

[Note: article 55(1) of the MiFID Org Regulation]

Discouraging the provision of information
10A.2.5 EU 55(2) An investment firm shall not discourage a client or potential client from providing information required for the purposes of Article 25(2) and (3) of Directive 2014/65/EU.

[Note: article 55(2) of the MiFID Org Regulation]

Reliance on information

10A.2.6 EU 55(3) An investment firm shall be entitled to rely on the information provided by its clients or potential clients unless it is aware or ought to be aware that the information is manifestly out of date, inaccurate or incomplete.

[Note: article 55(3) of the MiFID Org Regulation]

Use of existing information

10A.2.7 G When assessing appropriateness, a firm may use information it already has in its possession.

Knowledge and experience

10A.2.8 G Depending on the circumstances, a firm may be satisfied that the client’s knowledge alone is sufficient for him to understand the risks involved in a product or service. Where reasonable, a firm may infer knowledge from experience.

Increasing the client’s understanding

10A.2.9 G If, before assessing appropriateness, a firm seeks to increase the client’s level of understanding of a service or product by providing information to him, relevant considerations are likely to include the nature and complexity of the information and the client’s existing level of understanding.

No duty to communicate firm’s assessment of knowledge and experience

10A.2.10 G If a firm is satisfied that the client has the necessary experience and knowledge in order to understand the risks involved in relation to the product or service, there is no duty to communicate this to the client. If the firm does so, it must not do so in a way that amounts to making a personal recommendation unless it complies with the rules in COBS 9A (MiFID provisions)).

10A.3 Warning the client

10A.3.1 R (1) If a firm considers, on the basis of information received to enable it to assess appropriateness, that the product or service is not appropriate for the client, the firm must warn the client.
(2) This warning may be provided in a standardised format.

[Note: article 25(3) of MiFID]

10A.3.2 R (1) If the client does not provide the information to enable the firm to assess appropriateness, or if the client provides insufficient information regarding their knowledge and experience, the firm must warn the client that the firm is not in a position to determine whether the service or product envisaged is appropriate for the client.

(2) This warning may be provided in a standardised format.

[Note: article 25(3) of MiFID]

10.A.3.3 G If a client asks a firm to go ahead with a transaction, despite being given a warning by the firm, it is for the firm to consider whether to do so having regard to the circumstances.

10A.4 Assessing appropriateness: when it need not be done

10A.4.1 R (1) A firm is not required to ask its client to provide information or assess appropriateness if:

(a) the service:

(i) only consists of execution or reception and transmission of client orders, with or without ancillary services, excluding ancillary service (2) in section B of Annex I to MiFID (granting of credits or loans), where the relevant credits or loans do not comprise existing credit limits of loans, current accounts and overdraft facilities of clients;

(ii) relates to particular financial instruments; and

(iii) is provided at the initiative of the client;

(b) the client has been clearly informed (whether in a standardised format or not) that, in the provision of this service, the firm is not required to assess the appropriateness of the financial instrument or service provided or offered and that therefore the client does not benefit from the protection of the rules on assessing appropriateness; and

(c) the firm complies with its obligations in relation to conflicts of interest.

(2) The financial instruments referred to in (1)(a)(ii) are any of the following:
(a) shares in companies admitted to trading on:

(i) a regulated market; or

(ii) an equivalent third country market; or

(iii) an MTF,

except shares that embed a derivative and units in a collective investment undertaking that is not a UCITS; or

(b) bonds or other forms of securitised debt admitted to trading on:

(i) a regulated market; or

(ii) an equivalent third country market; or

(iii) an MTF,

except those that embed a derivative or incorporate a structure which makes it difficult for the client to understand the risk involved; or

(c) money-market instruments, excluding those that embed a derivative or incorporate a structure which makes it difficult for the client to understand the risk involved; or

(d) shares or units in a UCITS, excluding structured UCITS as referred to in the second subparagraph of article 36(1) of the KII Regulation; or

(e) structured deposits, excluding those that incorporate a structure which makes it difficult for the client to understand the risk of return or the cost of exiting the product before term; or

(f) other non-complex financial instruments.

(3) For the purposes of this rule, a third country market is considered to be equivalent to a regulated market if it is a market in relation to which the Commission has adopted an affirmative equivalence decision in accordance with the requirements in article 4(1)(c) of Directive 2003/71/EC and the condition in article 4(1)(d) of Directive 2003/71/EC is satisfied.

[Note: article 25(4) of MIFID]

[Note: ESMA has published guidelines which specify criteria for the assessment of (i) debt instruments incorporating a structure which makes it difficult for the client to understand the risk involved, and (ii) structured deposits incorporating a structure which makes it difficult for the client to understand the risk of return or the cost of exiting the product before term. The guidelines can be found here: ]
Non-complex financial instruments

10A.4.2 EU 57 A financial instrument which is not explicitly specified in Article 25(4)(a) of Directive 2014/65/EU shall be considered as non-complex for the purposes of Article 25(4)(a)(vi) of Directive 2014/65/EU if it satisfies the following criteria:

(a) it does not fall within Article 4(1)(44)(c) of, or points (4) to (11) of Section C of Annex I to Directive 2014/65/EU;

(b) there are frequent opportunities to dispose of, redeem, or otherwise realise that instrument at prices that are publicly available to market participants and that are either market prices or prices made available, or validated, by valuation systems independent of the issuer;

(c) it does not involve any actual or potential liability for the client that exceeds the cost of acquiring the instrument;

(d) it does not incorporate a clause, condition or trigger that could fundamentally alter the nature or risk of the investment or pay out profile, such as investments that incorporate a right to convert the instrument into a different investment;

(e) it does not include any explicit or implicit exit charges that have the effect of making the investment illiquid even though there are technically frequent opportunities to dispose of, redeem or otherwise realise it;

(f) adequately comprehensive information on its characteristics is publicly available and is likely to be readily understood so as to enable the average retail client to make an informed judgment as to whether to enter into a transaction in that instrument.

[Note: article 57 of the MiFID Org Regulation]

10A.5 Assessing appropriateness: guidance

The initiative of the client

10A.5.1 G A service should be considered to be provided at the initiative of a client (see COBS 10A.4.1R(1)(a)(iii)), unless the client demands it in response to a personalised communication from or on behalf of the firm to that client which contains an invitation or is intended to influence the client in respect of a specific financial instrument or specific transaction.
[Note: recital 85 to MIFID]

10A.5.2 G A service can be considered to be provided at the initiative of a client notwithstanding that the client demands it on the basis of any communication containing a promotion for, or offer of, financial instruments made by any means and that by its very nature is general and addressed to the public or a larger group or category of clients.

[Note: recital 85 to MIFID]

Personalised communications

10A.5.3 G (1) Communications to the world at large, such as those in newspapers or in billboards, are likely to be by their very nature general and therefore not personalised communications.

(2) Communications addressed to a client (such as, for example, an email, telephone call or letter), may or may not be personalised depending on the content.

(3) A communication is not personalised solely because it contains the name and address of the client or because a mailing list has been filtered.

(4) If a firm is satisfied that a communication does not contain any personalised content, it may wish to make clear that it does not intend the communication to be personalised and that the personal circumstances of the recipient have not been taken into account.

10A.6 When a firm need not assess appropriateness

10A.6.1 G A firm need not assess appropriateness if it is receiving or transmitting an order in relation to which it has assessed suitability under COBS 9A (Suitability (MiFID, equivalent third country and optional exemption business)).

10A.6.2 G A firm may not need to assess appropriateness if it is able to rely on a recommendation made by an investment firm (see COBS 2.4.5G (Reliance on other investment firms: MiFID and equivalent business)).

10A.7 Record keeping and retention periods for appropriateness records

10A.7.1 G A firm is required to keep orderly records of its business and internal organisation, including all services and transactions undertaken by it. The records may be expected to include the client information a firm obtains to assess appropriateness and should be adequate to indicate what the assessment was.
10A.7.2 EU 56(2) Investment firms shall maintain records of the appropriateness assessments undertaken which shall include the following:

(a) the result of the appropriateness assessment;

(b) any warning given to the client where the investment service or product purchase was assessed as potentially inappropriate for the client, whether the client asked to proceed with the transaction despite the warning and, where applicable, whether the firm accepted the client’s request to proceed with the transaction;

(c) any warning given to the client where the client did not provide sufficient information to enable the firm to undertake an appropriateness assessment, whether the client asked to proceed with the transaction despite this warning and, where applicable, whether the firm accepted the client’s request to proceed with the transaction.

[Note: article 56(2) of the MiFID Org Regulation]

10A.7.2 G A firm should refer to SYSC 9 for its obligations in relation to record keeping. This requires records kept for the purposes of this chapter to be retained for a period of at least five years.

Amend the following as shown.

11 Dealing and managing

11.1 Application

... 

11.1.2 R In Save as may be provided in the relevant sections, in this chapter, provisions marked “EU” apply to a firm which is not a MiFID investment firm as if they were rules.

Application to section on the use of dealing commission

11.1.3 R The section on the use of dealing commission applies to a firm that acts as an investment manager. [deleted]

... 

11.1.5 G The EEA territorial scope rule modifies the default territorial scope of the section on personal account dealing (see COBS 11.7 and COBS 11.7A) to the extent necessary to be compatible with European law. This means that the relevant section on personal account dealing also applies to passported
activities carried on by a **UK MiFID investment firm or a UK UCITS management company from a branch** in another EEA State, but does not apply to the **UK branch of an EEA MiFID investment firm** in relation to its MiFID business or of an **EEA UCITS management company** in relation to activities it is entitled to carry on in the **United Kingdom under the UCITS Directive**.

11.1.6  
R  The section on best execution (*COBS 11.2A*) does not apply to a **firm** when:

...  

11.1.7  
R  The section on best execution (*COBS 11.2 or COBS 11.2B, as applicable*) does not apply to a **firm** when, acting in the capacity of **operator of a collective investment scheme**, it purchases or sells units in that **scheme**.

### 11.2  
**Best execution for AIFMs and residual CIS operators**

#### Application

11.2.-7  
G  This section applies to:

1. **a small authorised UK AIFM and a residual CIS operator** in accordance with *COBS 18.5.2R*; and

2. **a full-scope UK AIFM and an incoming EEA AIFM branch**, in accordance with *COBS 18.5A.3R*.

11.2.-6  
G  In accordance with *COBS 18.5.4R*, this section does not apply to a **small authorised UK AIFM** of an **unauthorised AIF** or a **residual CIS operator** of a **fund** whose fund documents include a statement that best execution does not apply in relation to the **fund** and in which:

1. **no investor is a retail client**; or

2. **no current investor in the fund** was a **retail client** when it invested in the **fund**.

11.2.-5  
G  In accordance with *COBS 18.5A.8R*, only the following provisions of this section apply to a **full-scope UK AIFM** and an **incoming EEA AIFM branch**:

1. **COBS 11.2.5G**;

2. **COBS 11.2.17G**;

3. **COBS 11.2.23AR**;

4. **COBS 11.2.24R**;

5. **COBS 11.2.25R(1)** and **COBS 11.2.26R**, but only where an **AIF** itself has a governing body which can provide prior consent; and
(6) COBS 11.2.27R, but only regarding the obligation on an AIFM to notify the AIF of any material changes to its order execution arrangements or execution policy.

11.2.-4 G A firm to which this section applies may comply with its obligations under this section by complying with the rules in COBS 11.2B (Best execution for UCITS management companies).

Modifications

11.2.-3 G In accordance with COBS 18.5.3R(1) and COBS 18.5A.5R, references in this section to customer or client are to any fund for which the firm is acting or intends to act.

11.2.-2 G In accordance with COBS 18.5.1AR and COBS 18.5.3R(2), in the case of a small authorised UK AIFM of an unauthorised AIF which is a collective investment scheme, or a residual CIS operator, when a firm is required by the rules in this section to provide information to, or obtain consent from, a fund, the firm must ensure that the information is provided to, or consent obtained from, an investor or a potential investor in the fund as the case may be.

11.2.-1 G In accordance with COBS 18.5.3R(3) and COBS 18.5A.9R, references to the service of portfolio management in this section are to be read as references to the management by a firm of financial instruments held for or within the fund.

11.2A Best execution – MiFID provisions

11.2A.1 R (1) Subject to (2) and (3), the following provisions apply to a firm’s business other than MiFID business as if they were rules:

(a) provisions within this chapter marked “EU”; and

(b) COBS 11 Annex 1EU.

(2) The following provisions do not apply to MiFID optional exemption firm’s business:

(a) the part of the first sub-paragraph of article 65(6) to the MiFID Org Regulation (reproduced at COBS 11.2A.34EU) that reads:

“In particular, when the investment firm select other firms to provide order execution services, it shall summarise and
make public, on an annual basis, for each class of financial
instruments, the top five investment firms in terms of
trading volumes where it transmitted or placed client
orders for execution in the preceding year and information
on the quality of execution obtained. The information
shall be consistent with the information published in
accordance with the technical standards developed under
Article 27(10)(b) of Directive 2014/65/EU.”; and

(b) COBS 11 Annex 1EU.

(3) This chapter does not apply to UCITS management companies,
which are subject to COBS 11.2B.

(4) This chapter does not apply to AIFMs and residual CIS operators,
which are subject to COBS 11.2.

Obligation to execute orders on terms most favourable to the client

11.2A.2 R (1) A firm must take all sufficient steps to obtain, when executing
orders, the best possible results for its clients taking into account
the execution factors.

(2) The execution factors to be taken into account are price, costs,
speed, likelihood of execution and settlement, size, nature or any
other consideration relevant to the execution of an order.

[Note: article 27(1) of MiFID]

Application of best execution obligation

11.2A.3 G The obligation to take all sufficient steps to obtain the best possible result
for its clients (see COBS 11.2A.2R) should apply where a firm owes
contractual or agency obligations to the client.

[Note: recital 91 to, and article 27(1) of, MiFID]

11.2A.4 G Dealing on own account with clients by a firm should be considered as the
execution of client orders, and therefore subject to the requirements under
MiFID, in particular, those obligations in relation to best execution.

[Note: first sentence, recital 103 to the MiFID Org Regulation]

11.2A.5 G Dealing on own account when executing client orders includes the
execution by firms of orders from different clients on a matched principal
basis (back-to-back trading). Such activities are regarded as acting as
principal and are subject to the requirements of this chapter in relation to
both execution of orders on behalf of clients and dealing on own account.

[Note: recital 24 to MiFID]

11.2A.6 G However if a firm provides a quote to a client and that quote would meet
the firm’s obligations to take all sufficient steps to obtain the best possible result for its clients under COBS 11.2A.2R if the firm executed that quote at the time it was provided, then the firm will meet those same obligations if it executes its quote after the client accepts it, provided that, taking into account the changing market conditions and the time elapsed between the offer and acceptance of the quote, the quote is not manifestly out of date.

[Note: second sentence, recital 103 to the MiFID Org Regulation]

11.2A.7 G The obligation to deliver the best possible result when executing client orders applies in relation to all types of financial instruments. However, given the differences in market structures and the structure of financial instruments, it may be difficult to identify and apply a uniform standard of, and procedure for, best execution that would be valid and effective for all classes of instrument. Best execution obligations should therefore be applied to take into account the different circumstances surrounding the execution of orders for particular types of financial instruments. For example, transactions involving a customised OTC financial instrument with a unique contractual relationship tailored to the circumstances of the client and the firm may not be comparable for best execution purposes with transactions involving shares traded on centralised execution venues. As best execution obligations apply to all financial instruments, irrespective of whether they are traded on trading venues or OTC, firms should gather relevant market data in order to check whether the OTC price offered for a client is fair and delivers on the best execution obligation.

Best execution criteria

For the purpose of this Article and Articles 65 and 66, ‘execution venue’ includes a regulated market, an MTF, an
OTF, a systematic internaliser, or a market maker or other liquidity provider or an entity that performs a similar function in a third country to the function performed by any of the foregoing.

(2) An investment firm satisfies its obligation under Article 27(1) of Directive 2014/65/EU to take all sufficient steps to obtain the best possible result for a client to the extent that it executes an order or a specific aspect of an order following specific instructions from the client relating to the order or the specific aspect of the order.

(3) Investment firms shall not structure or charge their commissions in such a way as to discriminate unfairly between execution venues.

(4) When executing orders or taking decision to deal in OTC products including bespoke products, the investment firm shall check the fairness of the price proposed to the client, by gathering market data used in the estimation of the price of such product and, where possible, by comparing with similar or comparable products.

Role of price

11.2A.9 R Where a firm executes an order on behalf of a retail client, the best possible result must be determined in terms of the total consideration, representing the price of the financial instrument and the costs related to execution, which must include all expenses incurred by the client which are directly related to the execution of the order, including execution venue fees, clearing and settlement fees and any other fees paid to third parties involved in the execution of the order.

[Note: article 27(1) of MiFID]

11.2A.10 G When a firm executes a retail client’s order in the absence of specific client instructions, for the purposes of ensuring that the firm obtains the best possible result for the client, the firm should take into consideration all factors that will enable it to deliver the best possible result in terms of the total consideration, representing the price of the financial instrument and the costs related to execution.

[Note: recital 101 to the MiFID Org Regulation]

11.2A.11 G Speed, likelihood of execution and settlement, the size and nature of the order, market impact and any other implicit transaction costs may be given precedence over the immediate price and cost consideration only insofar as they are instrumental in delivering the best possible result in terms of the total consideration to the retail client.
[Note: recital 101 to the MiFID Org Regulation]

Following specific instructions from a client

11.2A.12 R Whenever there is a specific instruction from the client, a firm must execute the order following the specific instruction.

[Note: article 27(1) of MiFID]

11.2A.13 G When a firm executes an order following specific instructions from the client, it should be treated as having satisfied its best execution obligations only in respect of the part or aspect of the order to which the client instructions relate. The fact that the client has given specific instructions which cover one part or aspect of the order should not be treated as releasing the firm from its best execution obligations in respect of any other parts or aspects of the client order that are not covered by such instructions.

[Note: recital 102 to the MiFID Org Regulation]

11.2A.14 G A firm should not induce a client to instruct it to execute an order in a particular way, by expressly indicating or implicitly suggesting the content of the instruction to the client, when the firm ought reasonably to know that an instruction to that effect is likely to prevent it from obtaining the best possible result for that client. However, this should not prevent a firm inviting a client to choose between two or more specified trading venues, provided that those venues are consistent with the execution policy of the firm.

[Note: recital 102 to the MiFID Org Regulation]

Delivering best execution where there are competing execution venues

11.2A.15 R A firm’s own commissions and the costs for executing an order in each of the eligible execution venues must be taken into account when assessing and comparing the results that would be achieved for a client by executing the order on each of the execution venues listed in the firm’s execution policy that is capable of executing that order.

[Note: article 27(1) of MiFID]

11.2A.16 G The obligation to deliver best execution for a retail client where there are competing execution venues is not intended to require a firm to compare the results that would be achieved for its client on the basis of its own execution policy and its own commissions and fees, with results that might be achieved for the same client by any other firm on the basis of a different execution policy or a different structure of commissions or fees. Nor is it intended to require a firm to compare the differences in its own commissions which are attributable to differences in the nature of the services that the firm provides to clients.

[Note: recital 93 to MiFID]
11.2A.17 G A firm would be considered to structure or charge its commissions in a way which discriminates unfairly between execution venues if it charged a different commission or spread to clients for execution on different execution venues and that difference did not reflect actual differences in the cost to the firm of executing on those venues.

[Note: recital 95 to MiFID]

11.2A.18 G The provisions of this section which provide that costs of execution include a firm’s own commission or fees charged to the client for the provision of an investment service should not apply for the purpose of determining what execution venues must be included in the firm’s execution policy in accordance with COBS 11.2A.21R.

[Note: recital 94 to MiFID]

11.2A.19 R A firm must not receive any remuneration, discount or non-monetary benefit for routing client orders to a particular trading venue or execution venue which would infringe the requirements on conflicts of interests (as set out in SYSC 10) or inducements as set out in COBS 2.3 (for firms carrying on business other than MiFID, equivalent third country or optional exemption business) and in COBS 2.3A, COBS 2.3B and COBS 2.3C (for firms carrying on MiFID, equivalent third country or optional exemption business).

[Note: article 27(2) of MiFID]

Requirement for order execution arrangements including an order execution policy

11.2A.20 R A firm must establish and implement effective arrangements for complying with the obligation to take all sufficient steps to obtain the best possible results for its clients. In particular, the firm must establish and implement an order execution policy to allow it to obtain, in accordance with COBS 11.2A.2R, the best possible result for the execution of client orders.

[Note: article 27(4) of MiFID]

11.2A.21 R The order execution policy must include, in respect of each class of financial instruments, information on the different execution venues where the firm executes its client orders and the factors affecting the choice of execution venue. It must at least include those execution venues that enable the firm to obtain on a consistent basis the best possible result for the execution of client orders.

[Note: article 27(5) of MiFID]

11.2A.22 R (1) A firm must provide appropriate information to its clients on its order execution policy.

(2) That information must explain clearly how orders will be executed
by the firm for the clients.

(3) The information must include sufficient details and be provided in a way that can be easily understood by clients.

[Note: article 27(5) of MiFID]

11.2A.23 R (1) A firm must obtain the prior consent of its clients to the execution policy.

[Note: article 27(5) of MiFID]

11.2A.24 R (1) Where a firm’s order execution policy provides for the possibility that client orders may be executed outside a trading venue, a firm must, in particular, inform its clients about that possibility.

(2) A firm must obtain the express prior consent of its clients before proceeding to execute their orders outside a trading venue.

(3) A firm may obtain such consent either in the form of a general agreement or in respect of individual transactions.

[Note: article 27(5) of MiFID]

11.2A.25 EU Article 66 of the MiFID Org Regulation sets out requirements concerning execution policies

66 (1) Investment firms shall review, at least on an annual basis execution policy established pursuant to Article 27(4) of Directive 2014/65/EU, as well as their order execution arrangements.

Such a review shall also be carried out whenever a material change as defined in Article 65(7) occurs that affects the firm’s ability to continue to obtain the best possible result for the execution of its client orders on a consistent basis using the venues included in its execution policy. An investment firm shall assess whether a material change has occurred and shall consider making changes to the relative importance of the best execution factors in meeting the overarching best execution requirement.

(2) The information on the execution policy shall be customised depending on the class of financial instrument and type of the service provided and shall include information set out in paragraphs 3 to 9.

(3) Investment firms shall provide clients with the following details on their execution policy in good time prior to the provision of the service:

(a) an account of the relative importance the
investment firm assigns, in accordance with the criteria specified in Article 59(1), to the factors referred to in Article 27(1) of Directive 2014/65/EU, or the process by which the firm determines the relative importance of those factors.

(b) a list of the execution venues on which the firm places significant reliance in meeting its obligation to take all reasonable steps to obtain on a consistent basis the best possible result for the execution of client orders and specifying which execution venues are used for each class of financial instruments, for retail client orders, professional client orders and SFTs;

(c) a list of factors used to select an execution venue, including qualitative factors such as clearing schemes, circuit breakers, scheduled actions, or any other relevant consideration, and the relative importance of each factor; The information about the factors used to select an execution venue for execution shall be consistent with the controls used by the firm to demonstrate to clients that best execution has been achieved in a consistent basis when reviewing the adequacy of its policy and arrangements;

(d) how the execution factors of price costs, speed, likelihood of execution and any other relevant factors are considered as part of all sufficient steps to obtain the best possible result for the client;

(e) where applicable, information that the firm executes orders outside a trading venue, the consequences, for example counterparty risk arising from execution outside a trading venue, and upon client request, additional information about the consequences of this means of execution;

(f) a clear and prominent warning that any specific instruction from a client may prevent the firm from taking the steps that it has designed and implemented in its execution policy to obtain the best possible result for the execution of those orders in respect of the elements covered by those instructions;
(g) a summary of the selection process for execution venues, execution strategies employed, the procedures and process used to analyse the quality of execution obtained and how the firms monitor and verify that the best possible results were obtained for clients.

That information shall be provided in a durable medium, or by means of a website (where that does not constitute a durable medium) provided that the conditions specified in Article 3(2) are satisfied.

(4) Where investment firms apply different fees depending on the execution venue, the firm shall explain these differences in sufficient detail in order to allow the client to understand the advantages and the disadvantages of the choice of a single execution venue.

(5) Where investment firms invite clients to choose an execution venue, fair, clear and not misleading information shall be provided to prevent the client from choosing one execution venue rather than another on the sole basis of the price policy applied by the firm.

(6) Investment firms shall only receive third-party payments that comply with Article 24(9) of Directive 2014/65/EU and shall inform clients about the inducements that the firm may receive from the execution venues. The information shall specify the fees charged by the investment firm to all counterparties involved in the transaction, and where the fees vary depending on the client, the information shall indicate the maximum fees or range of the fees that may be payable.

(7) Where an investment firm charges more than one participant in a transaction, in compliance with Article 24(9) of Directive 2014/65/EU and its implementing measures, the firm shall inform its client of the value of any monetary or non-monetary benefits received by the firm.

(8) Where a client makes reasonable and proportionate requests for information about its policies or arrangements and how they are reviewed to an investment firm, that investment firm shall answer clearly and within a reasonable time.

(9) Where an investment firm executes orders for retail clients, it shall provide those clients with a summary of the relevant policy, focused on the total cost they incur. The summary shall also provide a link to the most recent
execution quality data published in accordance with Article 27(3) of Directive 2014/65/EU for each execution venue listed by the investment firm in its execution policy.

11.2A.26 G (1) When establishing its execution policy in accordance with COBS 11.2A.20R a firm should determine the relative importance of the factors mentioned in COBS 11.2A.2R(2), or at least establish the process by which it determines the relative importance of these factors, so that it can deliver the best possible result to its clients.

(2) Ordinarily, the FCA would expect that price will merit a high relative importance in obtaining the best possible result for professional clients. However, in some circumstances for some clients, orders, financial instruments or markets, the policy may appropriately determine that other execution factors are more important than price in obtaining the best possible execution result.

(3) In order to comply with the obligation of best execution, a firm, when applying the criteria for best execution for professional clients, will typically not use the same execution venues for securities financing transactions and other transactions. This is because the securities financing transactions are used as a source of funding subject to a commitment that the borrower will return equivalent securities on a future date and the terms of the securities financing transactions are typically defined bilaterally between the counterparties ahead of the execution. Therefore, the choice of execution venues for securities financing transactions is more limited than in the case of other transactions, given that it depends on the particular terms defined in advance between the counterparties and on whether there is a specific demand on those execution venues for the financial instruments involved. As a result, the order execution policy established by firms should take into account the particular characteristics of securities financing transactions and it should list separately execution venues used for securities financing transactions.

[Note: recital 99 to the MiFID Org Regulation]

11.2A.27 G A firm should apply its execution policy to each client order that it executes with a view to obtaining the best possible result for the client in accordance with that policy.

[Note: recital 99 to the MiFID Org Regulation]

11.2A.28 G The obligation to take all sufficient steps to obtain the best possible result for the client should not be treated as requiring a firm to include in its execution policy all available execution venues.
11.2A.29 G An investment firm executing orders should be able to include a single execution venue in their policy only where they are able to show that this allows them to obtain best execution for their clients on a consistent basis. Investment firms should select a single execution venue only where they can reasonably expect that the selected execution venue will enable them to obtain results for clients that are at least as good as the results that they could reasonably expect from using alternative execution venues. This reasonable expectation must be supported by relevant data published in accordance with:

(1)  COBS 11.2A.38G;

(2)  COBS 11.2A.39R;

(3)  COBS 11.2C; and

(4)  by other internal analyses conducted by investment firms.

[Note: recital 108 to the MiFID Org Regulation]

11.2A.30 G The provisions of this section as to execution policy are without prejudice to the general obligation of a firm to monitor the effectiveness of its order execution arrangements and policy and assess the execution venues in its execution policy on a regular basis.

[Note: recital 105 to the MiFID Org Regulation]

Monitoring and review of the order execution arrangements including the order execution policy

11.2A.31 R (1) A firm must monitor the effectiveness of its order execution arrangements and execution policy to identify and, where appropriate, correct any deficiencies. In particular it must assess, on a regular basis, whether the execution venues included in the order execution policy provide for the best possible result for the client or whether it needs to make changes to its execution arrangements taking into account the information published in accordance with:

(a)  COBS 11.2A.38G;

(b)  COBS 11.2A.39R; and

(c)  COBS 11.2C.

(2) The firm must notify clients of any material changes to its order execution arrangements or execution policy.

[Note: article 27(7) of MiFID]

11.2A.32 R (1) A firm must be able to demonstrate to its clients, at their request, that it has executed their orders in accordance with its execution policy.
(2) A firm must be able to demonstrate to the FCA, at the request of that authority, its compliance with COBS 11.2A.2R and with the related provisions in this chapter which require firms to execute orders on terms most favourable to the client.

[Note: article 27(8) of MiFID]

11.2A.33 G In order to obtain the best execution for a client, a firm should compare and analyse relevant data, including that made public in accordance with COBS 11.2A.38G, COBS 11.2C and article 27(3) of MiFID and respective implementing measures.

[Note: recital 107 to the MiFID Org Regulation]

Duty of portfolio managers, receivers and transmitters to act in client’s best interest

11.2A.34 EU Article 65 of the MiFID Org Regulation sets out the duty of firms carrying out certain activities to act in the best interests of the client.

65 (1) Investment firms, when providing portfolio management, shall comply with the obligation under Article 24(1) of Directive 2014/65/EU to act in accordance with the best interests of their clients when placing orders with other entities for execution that result from decisions by the investment firm to deal in financial instruments on behalf of its client.

(2) Investment firms, when providing the service of reception and transmission of orders, shall comply with the obligation under Article 24(1) of Directive 2014/65/EU to act in accordance with the best interests of their clients when transmitting client orders to other entities for execution.

(3) In order to comply with paragraphs 1 or 2, investment firms shall comply with paragraphs 4 to 7 of this Article and Article 64(4).

(4) Investment firms shall take all sufficient steps to obtain the best possible result for their clients taking into account the factors referred to in Article 27(1) of Directive 2014/65/EU. The relative importance of these factors shall be determined by reference to the criteria set out in Article 64(1) and, for retail clients, to the requirement under Article 27(1) of Directive 2014/65/EU.

An investment firm satisfies its obligations under paragraph 1 or 2, and is not required to take the steps mentioned in this paragraph, to the extent that it follows specific instructions from its client when placing an order with, or transmitting an order to, another entity for execution.
(5) Investment firms shall establish and implement a policy that enables them to comply with the obligation in paragraph 4. The policy shall identify, in respect of each class of instruments, the entities with which the orders are placed or to which the investment firm transmits orders for execution. The entities identified shall have execution arrangements that enable the investment firm to comply with its obligations under this Article when it places or transmits orders to that entity for execution.

(6) Investment firms shall provide information to their clients on the policy established in accordance with paragraph 5 and paragraphs 2 to 9 of Article 66. Investment firms shall provide clients with appropriate information about the firm and its services and the entities chosen for execution. In particular, when the investment firm select other firms to provide order execution services, it shall summarise and make public, on an annual basis, for each class of financial instruments, the top five investment firms in terms of trading volumes where it transmitted or placed client orders for execution in the preceding year and information on the quality of execution obtained. The information shall be consistent with the information published in accordance with the technical standards developed under Article 27(10)(b) of Directive 2014/65/EU.

Upon reasonable request from a client, investment firms shall provide its clients or potential clients with information about entities where the orders are transmitted or placed for execution.

(7) Investment firms shall monitor on a regular basis the effectiveness of the policy established in accordance with paragraph 5 and, in particular, shall monitor the execution quality of the entities identified in that policy and, where appropriate, correct any deficiencies.

Investment firms shall review the policy and arrangements at least annually. Such a review shall also be carried out whenever a material change occurs that affects the firm’s ability to continue to obtain the best possible result for their clients.

Investment firms shall assess whether a material change has occurred and shall consider making changes to the execution venues or entities on which they place significant reliance in meeting the overarching best execution requirement.

A material change shall be a significant event that could impact parameters of best execution such as cost, price, speed, likelihood of execution and settlement, size, nature or any other consideration relevant to the execution of the
(8) This Article shall not apply where the investment firm that provides the service of portfolio management or reception and transmission of orders also executes the orders received or the decisions to deal on behalf of its client’s portfolio. In those cases Article 27 of Directive 2014/65/EU shall apply.

11.2A.35  G This section is not intended to require a duplication of effort as to best execution between a firm which provides the service of reception and transmission of orders or portfolio management and any firm to which that firm transmits its orders for execution.

[Note: recital 106 to the MiFID Org Regulation]

11.2A.36  G A firm transmitting or placing orders with other entities for execution may select a single entity for execution only where the firm is able to show that this provides the best possible result for their clients on a consistent basis and where they can reasonably expect that the selected entity will enable them to obtain results for clients that are at least as good as the results that could reasonably be expected from using alternative entities for execution. This reasonable expectation should be supported by relevant data published in accordance with:

(1)  COBS 11.2A.38G;
(2)  COBS 11.2A.39R;
(3)  COBS 11.2C; and
(4)  by internal analysis conducted by investment firms.

[Note: recital 100 to the MiFID Org Regulation]

Providing information to clients on order execution

11.2A.37  R Following the execution of a transaction on behalf of a client a firm must inform the client of where the order was executed.

[Note: article 27(3) of MiFID]

Publishing information on execution quality

11.2A.38  G Execution venues (other than market makers and other liquidity providers to which COBS 11.2C applies) are reminded of the need to comply with the following provisions:

(1)  MAR 5.3.1A R(5);
(2)  MAR 5A.4.2R(3);
(3)  MAR 6.3A.1R; and
(4) paragraph 4C of the Schedule to the Recognition Requirements Regulations.

[Note: article 27(3) of MiFID and MiFID RTS 27]

11.2A.39 R In accordance with the requirements of COBS 11 Annex 1EU, a firm which executes client orders must summarise and make public on an annual basis, for each class of financial instruments, the top five execution venues in terms of trading volumes, where they executed client orders in the preceding year, together with information on the quality of execution obtained.

[Note: article 27(6) of MiFID and MiFID RTS 28]

11.2B Best execution for UCITS management companies

Application

11.2B.1 G This section applies to a UCITS management company when carrying on scheme management activity, in accordance with COBS 18.5B.2R.

11.2B.2 G A firm that is subject to COBS 11.2 (Best execution for AIFMs and residual CIS providers) may comply with its obligations under COBS 11.2 by complying with the rules in this chapter.

11.2B.3 G References in this chapter to a scheme are to a UCITS scheme or an EEA UCITS scheme.

Obligation to execute orders on terms most favourable to the scheme

11.2B.4 R A management company must act in the best interests of each scheme it manages when executing decisions to deal on behalf of the scheme.

[Note: article 25(1) of the UCITS implementing Directive]

11.2B.5 R A management company must take all sufficient steps to obtain, when executing decisions to deal, the best possible result for each scheme it manages, taking into account:

(1) price;
(2) costs;
(3) speed;
(4) likelihood of execution;
(5) likelihood of settlement;
(6) order size and nature; and
(7) any other consideration relevant to the execution of the decision to
deal,

(together the “execution factors”).

[Note: article 25(2) first sentence of the UCITS implementing Directive]

11.2B.6 G (1) The obligation to deliver the best possible result applies for all types of financial instrument. However, given the differences in market structures and the structure of financial instruments, it may be difficult to identify and apply a uniform standard of, and procedure for, best execution that would be valid and effective for all types of financial instrument.

(2) Best execution obligations should therefore be applied to take into account the different circumstances surrounding the execution of orders for particular types of financial instrument. For example, transactions involving a customised OTC financial instrument with a unique contractual relationship tailored to the circumstances of the scheme and the management company may not be comparable for best execution purposes with transactions involving shares traded on centralised execution venues.

(3) As best execution obligations apply to all financial instruments, irrespective of whether they are traded on trading venues or OTC, management companies should gather relevant market data to check whether the OTC price offered for a scheme is fair and delivers on the best execution obligation.

11.2B.7 R A management company must determine the relative importance of the execution factors, taking into account the following criteria:

(1) the objectives, investment policy and risks specific to the scheme, as indicated in its prospectus or instrument constituting the fund;

(2) the characteristics of the order, including where the order involves a securities financing transaction;

(3) the characteristics of the financial instruments that are the subject of that order; and

(4) the characteristics of the execution venues to which that order can be directed.

[Note: article 25(2) second sentence of the UCITS implementing Directive]

11.2B.8 R A management company must take into account its own commissions and costs for executing an order, when assessing and comparing the results that would be achieved for a scheme by executing the order on each of the execution venues listed in the management company’s execution policy that is capable of executing that order.
11.2B.9 G The requirement in COBS 11.2B.8R that costs of execution include a management company’s own commission or fees charged to the scheme should not apply for the purpose of determining which execution venues are included in the firm’s execution policy in accordance with COBS 11.2B.18R.

11.2B.10 R A management company must not receive any remuneration, discount or non-monetary benefit for routing orders to a particular trading venue or execution venue which would infringe the requirements on conflicts of interest (in SYSC 10) or inducements (in COBS 2.3 and COBS 18 Annex 1).

11.2B.11 R A management company must not structure or charge its commission in a way that discriminates unfairly between execution venues.

11.2B.12 G A management company would be considered to discriminate unfairly between execution venues if it charged a different commission or spread to schemes for execution on different execution venues and that difference did not reflect actual differences in the cost to the management company of executing on those venues.

11.2B.13 R When executing orders or taking decisions to deal in OTC products including bespoke products, the management company must check the fairness of the price proposed to the scheme, by gathering market data used to estimate the price of such products and, where possible, by comparing with similar or comparable products.

Placing orders to deal on behalf of the scheme with other entities for execution

11.2B.14 R A management company must act in the best interests of each scheme it manages when placing orders to deal on behalf of that scheme with other entities for execution.

[Note: article 26(1) of the UCITS implementing Directive]

11.2B.15 R (1) A management company must take all sufficient steps to obtain the best possible result for each scheme it manages when placing orders to deal on behalf of that scheme with other entities, taking into account the execution factors.

(2) A management company must determine the relative importance of the execution factors in accordance with COBS 11.2B.7R.

[Note: article 26(2) first and second sentences of the first paragraph of the UCITS implementing Directive]

11.2B.16 G This section is not intended to require a duplication of effort as to best execution between a management company and any firm with which that management company places its orders for execution.

Requirement for order execution arrangements including an order execution
11.2B.17 R  (1) A management company must establish and implement effective arrangements for complying with the obligation to take all sufficient steps to obtain the best possible result for each scheme it manages.

(2) In particular, the management company must establish and implement an order execution policy to allow it to obtain the best possible result for each scheme it manages when:

(a) executing orders on behalf of the scheme (in accordance with COBS 11.2B.5R); and

(b) placing orders with other entities for execution (in accordance with COBS 11.2B.15R(1)).

[Note: articles 25(3) first paragraph and 26(2) third sentence of the first paragraph of the UCITS implementing Directive]

11.2B.18 R  (1) The order execution policy must include, for each type of financial instrument, information on the different execution venues where the management company executes its scheme orders and the factors affecting the choice of execution venue.

(2) It must at least include execution venues that enable the management company to obtain the best possible result for the execution of scheme orders on a consistent basis.

11.2B.19 G  The obligation in COBS 11.2B.17R does not require a management company to include all available execution venues in its execution policy.

11.2B.20 G  (1) When establishing its execution policy in accordance with COBS 11.2B.17R(2), a management company should determine the relative importance of the execution factors, or at least establish the process by which it determines the relative importance of these factors.

(2) Ordinarily, the FCA would expect that price will merit a high relative importance in obtaining the best possible result. However, in some circumstances for some schemes, orders, financial instruments or markets, the policy may appropriately determine that other execution factors are more important than price in obtaining the best possible result.

(3) A management company, when applying the criteria for best execution, will typically not use the same execution venues for securities financing transactions and other transactions. As a result, the order execution policy should take into account the particular characteristics of securities financing transactions and it should list separately execution venues used for securities financing transactions.
11.2B.21 R (1) The order execution policy must identify, for each type of financial instrument, the entities with which orders are placed or to which the management company transmits orders for execution.

(2) The entities identified must have execution arrangements that enable the management company to comply with its obligations under this section when it places or transmits orders to that entity for execution.

[Note: article 26(2) fourth sentence of the first paragraph and first sentence of the second paragraph]

11.2B.22 G (1) A management company may specify a single execution venue, or a single entity with which it places orders for execution, in its execution policy where it:

(a) is able to show that this allows it to obtain best execution, or, when placing orders for execution, the best possible result, for the schemes it manages on a consistent basis; and

(b) can reasonably expect that the selected execution venue or entity will enable it to obtain results for each scheme that are at least as good as the results that it could reasonably expect from using alternative execution venues or entities.

(2) The reasonable expectation in (1)(b) should be supported by:

(a) relevant data published in accordance with COBS 11.2A.39R, COBS 11.2B.36R, COBS 11.2C and the provisions referred to in COBS 11.2B.30G; or

(b) other internal analyses conducted by the management company.

11.2B.23 R A management company must be able to demonstrate that it has executed or placed orders on behalf of each scheme it manages in accordance with its execution policy.

[Note: articles 25(5) and 26(4) of the UCITS implementing Directive]

11.2B.24 G A management company should apply its execution policy to each scheme order that it executes with a view to obtaining the best possible result for the scheme in accordance with that policy.

11.2B.25 G The provisions of this section relating to execution policy are in addition to the general obligation of a management company to monitor the effectiveness of its order execution arrangements and policy and assess the execution venues in its execution policy on a regular basis.

11.2B.26 R (1) A management company of an ICVC that is a UCITS scheme, or an EEA UCITS scheme that is structured as an investment company,
must obtain the prior consent of the ICVC or investment company to the execution policy.

(2) In the case of a management company that is the ACD of an ICVC that is a UCITS scheme, (1) does not apply where the ACD is the sole director of the ICVC.

[Note: article 25(3) first sentence of the second paragraph of the UCITS implementing Directive]

Monitoring and review of the order execution arrangements including the order execution policy

11.2B.27 R (1) A management company must monitor the effectiveness of its order execution arrangements and policy on a regular basis to identify and, where appropriate, correct any deficiencies.

(2) A management company that places orders with other entities for execution must in particular monitor the execution quality of those entities on a regular basis to identify and, where appropriate, correct any deficiencies.

(3) A management company must assess, on a regular basis:

(a) whether the execution venues included in the order execution policy provide for the best possible result for the schemes it manages; and

(b) whether it needs to make changes to its execution arrangements taking into account the information published in accordance with COBS 11.2A.39R, COBS 11.2B.36R, COBS 11.2C and the provisions referred to in COBS 11.2B.30G.

[Note: article 25(4) first sentence, and article 26(3) first paragraph of the UCITS implementing Directive]

11.2B.28 R A management company must:

(1) (a) assess whether a material change has occurred in its order execution arrangements; and

(b) if so, consider making changes to the execution venues or entities on which it places significant reliance in meeting the overarching best execution requirement; and

(2) review its execution policy, as well as its order execution arrangements:

(a) at least annually; and

(b) whenever a material change occurs that affects the
management company’s ability to continue to obtain the best possible result for the scheme.

[Note: article 25(4) second sentence, and article 26(3) second paragraph of the UCITS implementing Directive]

11.2B.29  G  For the purposes of COBS 11.2B.28R, a material change is a significant event that could impact parameters of best execution such as cost, price, speed, likelihood of execution and settlement, size, nature or any other consideration relevant to the execution of the order.

11.2B.30  G  A management company should compare and analyse relevant data, including that made public in accordance with:

(1)  MAR 5.3.1AR(5) (Functioning of an MTF);

(2)  MAR 5A.4.2R(3) (Functioning of an OTF);

(3)  MAR 6.3A.1R (Quality of execution); and

(4)  paragraph 4C of the Schedule to the Recognition Requirements Regulations.

Information requirements

11.2B.31  R  A management company must make available to the unitholders of each scheme it manages appropriate information on its execution policy and on any material changes to that policy.

[Note: articles 25(3) second sentence of the second paragraph and 26(2) second sentence of the second paragraph of the UCITS implementing Directive]

11.2B.32  R  The information on the execution policy must:

(1)  be customised depending on the type of financial instrument and type of service provided; and

(2)  include the information in COBS 11.2B.33R and COBS 11.2B.35R(1) to (4).

11.2B.33  R  A management company must make available the following details on its execution policy:

(1)  an account of the relative importance the management company assigns to the execution factors, or the process by which the management company determines the relative importance of the execution factors;

(2)  a list of the execution venues on which the management company places significant reliance in meeting its obligation to take all reasonable steps to obtain the best possible result for the execution
of scheme orders on a consistent basis, specifying which execution venues are used for each type of financial instrument and SFT;

(3) appropriate information about the management company and the entities chosen for execution;

(4) a list of the factors used to select an execution venue which:

(a) includes:

(i) qualitative factors such as clearing schemes, circuit breakers, scheduled actions, or any other relevant consideration; and

(ii) the relative importance of each factor; and

(b) is consistent with the controls used by the management company to demonstrate that best execution has been achieved on a consistent basis, when reviewing the adequacy of its policy and arrangements;

(5) how the execution factors of price, costs, speed, likelihood of execution and any other relevant factors are considered as part of all sufficient steps to obtain the best possible result for the scheme;

(6) where applicable:

(a) confirmation that the management company executes orders outside a trading venue;

(b) the consequences of this, for example counterparty risk arising from execution outside a trading venue; and

(c) a statement that additional information about the consequences of this means of execution is available on request; and

(7) a summary of:

(a) the selection process for execution venues;

(b) the execution strategies employed;

(c) the procedures and process used to analyse the quality of execution obtained; and

(d) how the management company monitors and verifies that the best possible results were obtained for the schemes it manages.

11.2B.34 R A management company must make the information in COBS 11.2B.31R available to unitholders or potential unitholders:
(1) in a *durable medium*; or

(2) by means of a website (where that does not constitute a *durable medium*) provided that the *website conditions* are satisfied; or

(3) in the *prospectus* of the *scheme*.

11.2B.35 R (1) A *management company* must make information available about the inducements that the *management company* may receive from *execution venues* in accordance with *COBS* 2.3 and *COBS* 18 Annex 1.

(2) The information in (1) must at least:

   (a) specify the fees charged by the *management company* to all counterparties involved in the transaction; and

   (a) where the fees vary depending on the *scheme*, indicate the maximum fees or range of the fees that may be payable.

(3) Where a *management company* applies different fees depending on the *execution venue*, a *management company* must explain these differences in sufficient detail to allow *unitholders* to understand the advantages and the disadvantages of the choice of a particular *execution venue*.

(4) Where a *management company* charges more than one participant in a transaction, the *firm* must make information available about the value of any monetary or non-monetary benefits received by the *firm*, in compliance with *COBS* 2.3.1R.

(5) Where a *unitholder* makes a reasonable and proportionate request to a *management company* for information about its policies or arrangements and how they are reviewed, that *management company* must answer clearly and within a reasonable time.

11.2B.36 R (1) Where a *management company* executes *scheme* orders or selects other *firms* to provide order execution services, it must summarise and make public, on an annual basis, for each type of *financial instrument*:

   (a) the top five *execution venues* or *investment firms* where it transmitted or placed orders for execution in terms of trading volumes in the preceding year; and

   (b) information on the quality of execution obtained.

(2) The information must be consistent with the information published in accordance with *COBS* 11 Annex 1EU (Regulatory technical standard 28) (which applies as *rules* in accordance with *COBS* 18.5B.2R).
11.2B.37 R Upon reasonable request from a unitholder or potential unitholder, a management company must provide information about entities where orders are transmitted or placed for execution.

11.2C Quality of execution

11.2C.1 R A market maker or other liquidity provider must make available the data detailed in COBS 11.2C.2R to the public in the following manner:

(1) at least on an annual basis; and

(2) without any charges.

11.2C.2 R COBS 11.2C.1R applies to data relating to the quality of execution of transactions by that market maker or other liquidity provider, including details about price, costs, speed and likelihood of execution for individual financial instruments.

Amend the following as shown.

11.3 Client order handling

General principles

11.3.1 R (1) A firm (other than a UCITS management company providing collective portfolio management services) which is authorised to execute orders on behalf of clients must implement procedures and arrangements which provide for the prompt, fair and expeditious execution of client orders, relative to other orders or the trading interests of the firm.

[Note: paragraph 1 of article 22(1) of MiFID]

(2) These procedures or arrangements must allow for the execution of otherwise comparable orders in accordance with the time of their reception by the firm.

[Note: paragraph 2 of article 22(1) of MiFID]

(3) A UCITS management company providing collective portfolio management services, must establish and implement procedures and arrangements in respect of all client orders it carries out which provide for the prompt, fair and expeditious execution of portfolio transactions on behalf of the UCITS scheme or EEA UCITS scheme.
it manages.

[Note: article 27(1) first paragraph of the UCITS implementing Directive]

11.3.1A  R

(1) Subject to (2) and (3) in this chapter provisions marked “EU” apply to a firm’s business other than MiFID business as if they were rules.

(2) Provisions marked “EU” which derive from recitals to MiFID or the MiFID Org Regulation apply to all firms as guidance.

(3) COBS 11.3.4AEU, which reproduces article 67(2) of the MiFID Org Regulation, does not apply to a UCITS management company.

11.3.2  R

A firm must satisfy the following conditions when carrying out client orders:

(1) it must ensure that orders executed on behalf of clients are promptly and accurately recorded and allocated;

(2) it must carry out otherwise comparable orders sequentially and promptly unless the characteristics of the order or prevailing market conditions make this impracticable, or the interests of the client require otherwise; and

(3) it must inform a retail client about any material difficulty relevant to the proper carrying out of orders promptly upon becoming aware of the difficulty. [deleted]

[Note: article 47(1) of the MiFID implementing Directive, article 19(1) of MiFID and article 27(1) second paragraph of the UCITS implementing Directive]

11.3.2A  EU

Article 67(1) of the MiFID Org Regulation requires firms to satisfy conditions when carrying out client orders.

67 (1) Investment firms shall satisfy the following conditions when carrying out client orders:

(a) ensure that orders executed on behalf of clients are promptly and accurately recorded and allocated;

(b) carry out otherwise comparable client orders sequentially and promptly unless the characteristics of the order or prevailing market conditions make this impracticable, or the interests of the client require otherwise;

(c) inform a retail client about any material difficulty relevant to the proper carrying out of orders promptly upon becoming aware of the difficulty.

11.3.3  G

For the purposes of the provisions of this section, orders should not be
treated as otherwise comparable if they are received by different media and it would not be practicable for them to be treated sequentially.

[Note: recital 78 110 to the MiFID implementing Directive Org Regulation]

11.3.4 R Where a firm is responsible for overseeing or arranging the settlement of an executed order or management company executes the order itself in the course of providing collective portfolio management services, it must take all reasonable steps to ensure that any client financial instruments or client funds received in settlement of that executed order are promptly and correctly delivered to the account of the appropriate client UCITS scheme.

[Note: article 47(2) of the MiFID implementing Directive, article 19(1) of MiFID and article 27(1) third paragraph of the UCITS implementing Directive]

11.3.4A EU Article 67(2) of the MiFID Org Regulation places requirements on firms which are responsible for overseeing and arranging the settlement of an executed order.

67 (2) Where an investment firm is responsible for overseeing or arranging the settlement of an executed order, it shall take all reasonable steps to ensure that any client financial instruments or client funds received in settlement of that executed order are promptly and correctly delivered to the account of the appropriate client.

11.3.5 R A firm must not misuse information relating to pending client orders, and shall take all reasonable steps to prevent the misuse of such information by any of its relevant persons. [deleted]

[Note: article 47(3) of the MiFID implementing Directive, article 19(1) of MiFID and article 27(2) of the UCITS implementing Directive]

11.3.5A EU Article 67(3) of the MiFID Org Regulation sets out requirements concerning the use of information relating to pending client orders.

67 (3) An investment firm shall not misuse information relating to pending client orders, and shall take all reasonable steps to prevent the misuse of such information by any of its relevant persons.

11.3.6 G Without prejudice to the Market Abuse Regulation, for the purposes of the rule provision on the misuse of information (see COBS 11.3.5RAEU), any use by a firm of information relating to a pending client order in order to deal on own account in the financial instruments to which the client order relates, or in related financial instruments, should be considered a misuse of that information. However, the mere fact that market makers or bodies authorised to act as counterparties confine themselves to pursuing their legitimate business of buying and selling financial instruments, or that
persons authorised to execute orders on behalf of third parties confine themselves to carrying out an order dutifully, should not in itself be deemed to constitute a misuse of information.

[Note: recital 78 110 to the MiFID implementing Directive Org Regulation]

Aggregation and allocation of orders

11.3.7 R A firm is not permitted to carry out a client order or a transaction for own account in aggregation with another client order unless the following conditions are met:

1. it must be unlikely that the aggregation of orders and transactions will work overall to the disadvantage of any client whose order is to be aggregated;

2. it must be disclosed to each client whose order is to be aggregated that the effect of aggregation may work to its disadvantage in relation to a particular order;

3. an order allocation policy must be established and effectively implemented, providing for the fair allocation of aggregated orders and transactions, including how the volume and price of orders determines allocations and the treatment of partial executions. [deleted]

[Note: article 48(1) of the MiFID implementing Directive, article 19(1) of MiFID and article 28(1) of the UCITS implementing Directive]

11.3.7A EU Article 68(1) of the MiFID Org Regulation sets out requirements to be met where a firm carries out a client order or a transaction for own account in aggregation with another client order.

68 (1) Investment firms shall not carry out a client order or a transaction for own account in aggregation with another client order unless the following conditions are met:

(a) it is unlikely that the aggregation of orders and transactions will work overall to the disadvantage of any client whose orders is to be aggregated;

(b) it is disclosed to each client whose order is to be aggregated that the effect of aggregation may work to its disadvantage in relation to a particular order;

(c) an order allocation policy is established and effectively implemented, providing for the fair allocation of aggregated orders and transactions, including how the volume and price of orders determines allocations and the treatment of partial
11.3.7B  
A management company must ensure that the order allocation policy referred to in article 68(1)(c) of the MiFID Org Regulation, reproduced at COBS 11.3.7AEU, is in sufficiently precise terms.

[Note: article 28(1) of the UCITS implementing Directive]

11.3.8  
If a firm aggregates a client order with one or more other orders and the aggregated order is partially executed, it must allocate the related trades in accordance with its order allocation policy. [deleted]

[Note: article 48(2) of the MiFID implementing Directive, article 19(1) of MiFID and article 28(2) of the UCITS implementing Directive]

11.3.8A  
Article 68(2) of the MiFID Org Regulation sets out requirements concerning partial execution of aggregated client orders.

68 (2) Where an investment firm aggregates an order with one or more other client orders and the aggregated order is partially executed, it shall allocate the related trades in accordance with its order allocation policy.

Aggregation and allocation of transactions for own account

11.3.9  
A firm which has aggregated transactions for own account with one or more client orders must not allocate the related trades in a way which is detrimental to a client. [deleted]

11.3.9A  
Article 69(1) of the MiFID Org Regulation sets out requirements concerning aggregated transactions.

69 (1) Investment firms which have aggregated transactions for own account with one or more client orders shall not allocate the related trades in a way that is detrimental to a client.

11.3.10  
If a firm aggregates a client order with a transaction for own account and the aggregated order is partially executed, it must allocate the related trades to the client in priority to the firm.

(2) However, if the firm is able to demonstrate on reasonable grounds that without the combination it would not have been able to carry out the order on such advantageous terms, or at all, it may allocate the transaction for own account proportionally, in accordance with its order allocation policy. 11.4 Client limit orders

11.4.1 R In this chapter provisions marked “EU” apply to a firm’s business other than MiFID business as if they were rules.

Obligation to make unexecuted client limit orders public

11.4.1 R Unless a client expressly instructs otherwise, a firm must, in the case of a client limit order in respect of shares admitted to trading on a regulated market or traded on a trading venue which is not immediately executed under prevailing market conditions, take measures to facilitate the earliest possible execution of that order by making public immediately that client limit order in a manner which is easily accessible to other market
participants.

[Note: article 28(2) of MiFID]

11.4.2 G In respect of transactions executed between eligible counterparties, the obligation to disclose client limit orders should only apply where the counterparty is explicitly sending a limit order to a firm for its execution.

[Note: recital 42 to MiFID]

How client limit orders may be made public

11.4.3 EU An investment firm shall be considered to disclose client limit orders that are not immediately executable if it transmits the order to a regulated market or MTF that operates an order book trading system, or ensures that the order is made public and can be easily executed as soon as market conditions allow. [deleted]

[Note: article 31 of MiFID Regulation]

11.4.3A EU Article 70(1) of the MiFID Org Regulation provides when client limit orders shall be considered as being available to the public.

70 (1) A client limit order in respect of shares admitted to trading on a regulated market or traded on a trading venue which have not been immediately executed under prevailing market condition as referred to in Article 28(2) of Directive 2014/65/EU shall be considered available to the public when the investment firm has been submitted the order for execution to a regulated market or a MTF or the order has been published by a data reporting services provider located in one Member State and can be easily executed as soon as market conditions allow.

11.4.4 G MAR 5.8.2EU sets out the conditions required for an arrangement to make client limit orders public under this section. MAR 5.8.3G and MAR 5.8.4G provide guidance on these conditions. [deleted]

11.4.4A G Firms may comply with the obligations in COBS 11.4.1R, to make public unexecuted client limit orders, by transmitting the client limit order to a trading venue.

[Note: article 28(2) of MiFID]

Orders that are large in scale

11.4.5 R The obligation in COBS 11.4.1R to make public a limit order will not apply to a limit order that is disappplied in respect of transactions that are large in scale compared with normal market size as determined under article 4 of MiFIR.

Record keeping: client orders and transactions

11.5A.1  R  (1)  Subject to (2), in this chapter provisions marked “EU” apply to a firm’s business other than MiFID business as if they were rules.

(2)  Provisions in this chapter which are marked “EU” do not apply to corporate finance business carried on by a firm which is not a MiFID investment firm.

11.5A.2  EU  Article 74 of the MiFID Org Regulation, together with Section 1 of Annex IV to that Regulation which is reproduced at COBS 11.5A.4EU, makes provision for record keeping of initial orders from clients.

74  An investment firm shall, in relation to every initial order received from a client and in relation to every initial decision to deal taken, immediately record and keep at the disposal of the competent authority at least the details set out in Section 1 of Annex IV [reproduced below at COBS 11.5A.4EU] to this Regulation to the extent they are applicable to the order or decision to deal in question.

Where the details set out in Section 1 of Annex IV to this Regulation are also prescribed under Articles 25 and 26 of Regulation No (EU) 600/2014, these details should be maintained in a consistent way and according to the same standards prescribed under Articles 25 and 26 of Regulation No (EU) 600/2014.

11.5A.3  EU  Article 75 of the MiFID Org Regulation, together with Section 2 of Annex IV to that Regulation which is reproduced at COBS 11.5A.5EU, makes provision for record keeping in relation to transactions and order processing.

75  Investment firms shall, immediately after receiving a client order or
making a decision to deal to the extent they are applicable to the order or decision to deal in question, record and keep at the disposal of the competent authority at least the details set out in Section 2 of Annex IV [reproduced below at COBS 11.5A.5EU].

Where the details set out in Section 2 of Annex IV are also prescribed under Articles 25 and 26 of Regulation No (EU) 600/2014, they shall be maintained in a consistent way and according to the same standards prescribed under Articles 25 and 26 of Regulation (EU) No 600/2014.

11.5A.4 EU Annex IV Section 1 of the MiFID Org Regulation makes provision for record keeping of client orders and decisions to deal.

**Rule on personal account dealing**

11.7.1 R A firm that conducts designated investment business must establish, implement and maintain adequate arrangements aimed at preventing the following activities in the case of any relevant person who is involved in activities that may give rise to a conflict of interest, or who has access to inside information as defined in the Market Abuse Regulation or to other confidential information relating to clients or transactions with or for clients by virtue of an activity carried out by him or her on behalf of the firm:

(1) …

…

(3) disclosing, other than in the normal course of his or her employment or contract for services, any information or opinion to any other person if the relevant person knows, or reasonably ought to know, that as a result of that disclosure that other person will or would be likely to take either of the following steps:

(a) to enter into a transaction in designated investments, designated investments which, if a personal transaction of the relevant person, would be covered by (1) or a relevant
... provision;

(b) to advise or procure another person to enter into such a transaction.

[Note: article 12(1) of MiFID implementing Directive and article 13(1) of the UCITS implementing Directive]

11.7.2 R For the purposes of this section, the relevant provisions are:

(1) the rules article 37(2)(a) and (b) of the MiFID Org Regulation on personal transactions undertaken by financial analysts in COBS 12.2.5R (1) and (2) copied out in COBS 12.2.21EU which apply as rules a result of COBS 12.2.15R;

(2) the rule article 67(3) of the MiFID Org Regulation on the misuse of information relating to pending client orders in COBS 11.3.5R copied out in COBS 11.3.5AEU which applies as a rule as a result of COBS 11.3.1AR.

11.7A  Personal account dealing relating to MiFID, equivalent third country or optional exemption business

Application

11.7A.1 R This chapter applies to a firm in relation to its MiFID, equivalent third country or optional exemption business.

11.7A.2 R (1) Subject to (2), in this chapter provisions marked “EU” apply to a firm in relation to its equivalent third country or optional exemption business as if they were rules.

(2) In this chapter, provisions marked “EU” which derive from recitals to MiFID or the MiFID Org Regulation apply to a firm in relation to its equivalent third country or optional exemption business as guidance.

11.7A.3 R A firm that conducts designated investment business must establish appropriate rules governing personal transactions undertaking by managers, employees and tied agents.

[Note: article 16(2) of MiFID]

Scope of personal transactions

11.7A.4 EU Article 28 of the MiFID Org Regulation sets out the scope of personal transactions.

28 For the purposes of the Article 29 and Article 37, a personal transaction be a trade in a financial instrument effected by or on behalf of a relevant person, where at least one of the following criteria are met:

(a) the relevant person is acting outside the scope of the activities he carries out in this professional capacity;

(b) the trade is carried out for the account of any of the following persons:

   (i) the relevant person;

   (ii) any person with who he has a family relationship, or with whom he has close links;

   (iii) a person in respect of whom the relevant person has a direct or indirect material interest in the outcome of the trade, other than obtaining a fee or commission for the execution of the trade.
Article 29 of the MiFID Org Regulation sets out detailed provision concerning personal transactions.

29 (1) Investment firms shall ensure that relevant persons do establish, implement and maintain adequate arrangements aimed at preventing the activities set out in paragraphs 2 and 3 in the case of any relevant person who is involved in activities that may give rise to a conflict of interest, or who has access to inside information within the meaning of Article 7(1) of Regulation (EU) No 596/2014 or to other confidential information relating to clients or transactions with of for clients by virtue of an activity carried out by him on behalf of the firm.

(2) Investment firms shall not enter into a personal transaction which meets at least one of the following criteria:

(a) that person is prohibited from entering into it under Regulation (EU) No 596/2014;

(b) it involves the misuse or improper disclosure of that confidential information;

(c) it conflicts or is likely to conflict with an obligation of the investment firm under Directive 2014/65/EU.

(3) Investment firms shall ensure that relevant persons do not advise or recommend, other than in the proper course of employment or contract for services, any other person to enter into a transaction in financial instruments which, if it were a personal transaction of the relevant person, would be covered by point (a) or Article 37(2)(a) or (b) or Article 67(3);

(4) Without prejudice to Article 10 (1) of Regulation (EU) No 596/2014, investment firms shall ensure that relevant persons do not disclose, other than in the normal course of his employment or contract for services, any information or opinion to any other person where the relevant person knows, or reasonably ought to know, that as a result of that disclosure that other person will or would be likely to take either of the following steps:

(a) to enter into a transaction in financial instruments which, if it were a personal transaction of the relevant person, would be covered by point (a) or Article 37(2)(a) or (b) or Article 67(3);

(b) to advise or procure another person to enter into such a transaction.

(5) The arrangements required under paragraph 1 shall be
designed to ensure that:

(a) each relevant person covered by paragraphs 1, 2, 3 and 4 is aware of the restrictions on personal transactions, and of the measures established by the investment firms in connection with personal transactions and disclosure, in accordance with paragraphs 1, 2, 3 and 4;

(b) the firm is informed promptly of any personal transaction entered into by a relevant person, either by notification of that transaction or by other procedures enabling the firm to identify such transactions;

(c) a record is kept of the personal transaction notified to the firm of identified by it, including any authorisation or prohibition in connection with such a transaction.

In the case of outsourcing arrangements, the investment firm shall ensure that the firm to which the activity is outsourced maintains a record of personal transactions entered into by any relevant person and provides that information to the investment firm promptly on request.

(6) Paragraphs 1 to 5 shall not apply to the following personal transactions:

(a) personal transactions effected under a discretionary portfolio management service where there is no prior communication in connection with the transaction between the portfolio manager and the relevant person or other person for whose account the transaction is executed;

(b) personal transactions in undertakings for collective investments in transferable securities (UCITS) or AIFs that are subject to supervision under the law of a Member State which requires an equivalent level of risk spreading in their assets, where the relevant person and any other person for whose account the transactions are effected are not involved in the management of that undertaking.

11.7A.6 R (1) Where successive personal transactions are carried out on behalf of a person in accordance with prior instructions given by that person, the obligations under this section do not apply:

(a) separately to each successive transaction if those instructions remain in force and unchanged; or
(b) to the termination or withdrawal of such instructions, provided that any financial instruments which had previously been acquired pursuant to the instructions are not disposed of at the same time as the instructions terminate or are withdrawn.

(2) Obligations under this section do apply in relation to a personal transaction, or the commencement of successive personal transactions, that are carried out on behalf of the same person if those instructions are changed or if new instructions are issued.

COMMISSION DELEGATED REGULATION (EU) .../... of 8.6.2016 supplementing Directive 2014/65/EU of the European Parliament and of the Council with regard to regulatory technical standards for the annual publication by investment firms of information on the identity of execution venues and on the quality of execution (Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Whereas:

(1) It is essential to enable the public and investors to evaluate the quality of an investment firm’s execution practices and to identify the top five execution venues in terms of trading volumes where investment firms executed client orders in the preceding year. In order to make meaningful comparisons and analyse the choice of top five execution venues it is necessary that information is published by investment firms specifically in respect of each class of financial instruments. In order to be able to fully evaluate the order flow of client orders to execution venues, investors and the public should be able to clearly identify if the investment firm itself was one of the top five execution venues for each class of financial instrument.

(2) In order to fully assess the extent of the quality of execution being obtained on execution venues used by investment firms to execute client orders, including execution venues in third countries, it is appropriate that investment firms publish information required under this Regulation in relation to trading venues, market makers or other liquidity providers or any entity that performs a similar function in a third country to the functions performed by any of the foregoing.

(3) In order to provide precise and comparable information, it is necessary to set out classes of financial instruments based on their characteristics relevant for publication purposes. A class of financial instruments should be narrow enough to reveal differences in order execution behaviour between classes but at the same time broad enough to ensure that the reporting obligation on investment firms is proportionate. Given the breadth of the equity class of financial instruments, it is appropriate to divide this class into subclasses based on liquidity. As liquidity is an essential factor governing execution behaviours and as execution venues are often competing to attract flows of the most frequently traded stocks, it is appropriate that equity instruments are classified according to their liquidity as determined under the tick size regime as set out in Directive 2014/65/EU of the European Parliament and the Council.

(4) When publishing the identity of the top five execution venues on which they execute client orders it is appropriate for investment firms to publish information on the volume and number of orders executed on each execution venue, so that investors may be able to form an opinion as to the flow of client orders from the firm to execution venue. Where, for one or several classes of financial instruments, an investment firm only executes a very small number of orders, information on the top five execution venues would not be very meaningful nor representative of order execution arrangements. It is therefore appropriate to require investment firms to clearly indicate the classes of financial instruments for which they execute a very small number of orders.

(5) To prevent potentially market sensitive disclosures on the volume of business being conducted by the investment firm, the volume of execution and the number
of executed orders should be expressed as a percentage of the investment firm’s total execution volumes and total number of executed orders in that class of financial instrument, respectively, rather than as absolute values.

(6) It is appropriate to require investment firms to publish information which is relevant to their order execution behaviour. To ensure that investment firms are not held accountable for order execution decisions for which they are not responsible, it is appropriate for investment firms to disclose the percentage of orders executed on each of the top five execution venues where the choice of execution venue has been specified by clients.

(7) There are several factors which may potentially influence the order execution behaviour of investment firms such as close links between investment firms and execution venues. Given the potential materiality of these factors it is appropriate to require analysis of such factors in assessing the quality of execution obtained on all execution venues.

(8) The different order types can be an important factor in explaining how and why investment firms execute orders on a given execution venue. It may also impact the way an investment firm will set its execution strategies, including programming of smart order routers to meet the specific objectives of those orders. It is therefore appropriate that a distinction between the different categories of order types be clearly marked in the report.

(9) In order to properly analyse information it is important that users are in a position to differentiate between execution venues used for professional client orders and execution venues used for retail client orders, given the notable differences in how investment firms obtain the best possible result for retail clients as compared to professional clients, namely that investment firms must predominantly assess the factors of price and cost when executing orders from retail clients. Therefore it is appropriate that information on the top five execution venues be provided separately for retail clients and for professional clients respectively, permitting a qualitative assessment to be made of the order flow to such venues.

(10) In order to comply with the legal obligation of best execution, investment firms, when applying the criteria for best execution for professional clients, will typically not use the same execution venues for securities financing transactions (SFTs) and other transactions. This is because the SFTs are used as a source of funding subject to a commitment that the borrower will return equivalent securities on a future date and the terms of SFTs are typically defined bilaterally between the counterparties ahead of the execution. Therefore, the choice of execution venues for SFTs is more limited than in the case of other transactions, given that it depends on the particular terms defined in advance between the counterparties and on whether there is a specific demand on those execution venues for the financial instruments involved. It is therefore appropriate that
investment firms summarise and make public the top five execution venues in terms of trading volumes where they executed SFTs in a separate report so that a qualitative assessment can be made of the order flow to such venues. Due to the specific nature of SFTs, and given that their large size would likely distort the more representative set of client transactions (namely, those not involving SFTs), it is also necessary to exclude them from the tables concerning the top five execution venues on which investment firms execute other client orders.

(11) It is appropriate that investment firms should publish an assessment of quality of execution obtained on all venues used by the firm. This information will provide a clear picture of the execution strategies and tools used to assess the quality of execution obtained on those venues. This information will also allow investors to assess the effectiveness of the monitoring carried out by investment firms in relation to those execution venues.

(12) In specifically assessing the quality of execution obtained on all execution venues in relation to cost, it is appropriate that an investment firm also performs an analysis of the arrangements it has with these venues in relation to payments made or received and to discounts, rebates or non-monetary benefits received. Such an assessment should also allow the public to consider how such arrangements impact the costs faced by the investor and how they comply with Article 27(2) of Directive 2004/65/EC.

(13) It is also appropriate to determine the scope of such publication and its essential features, including the use that investment firms make of the data on execution quality available from execution venues under Commission Delegated Regulation (EU) 2017/575.

(14) Information on identity of execution venues and on the quality of execution should be published annually and should refer to order execution behaviour for each class of financial instruments in order to capture relevant changes within the preceding calendar year.

(15) Investment firms should not be prevented from adopting an additional level of reporting which is more granular, provided that in such case the additional report complements and does not replace what is required under this Regulation.

(16) For reasons of consistency and in order to ensure the smooth functioning of the financial markets, it is necessary that the provisions laid down in this Regulation and the related national provisions transposing Directive 2014/65/EU apply from the same date.

(17) This Regulation is based on the draft regulatory technical standards submitted by the European Securities and Markets Authority (ESMA) to the Commission.
(18) ESMA has conducted open public consultations on the draft regulatory technical standards on which this Regulation is based, analysed the potential related costs and benefits and requested the opinion of the Securities and Markets Stakeholder Group established by Article 37 of Regulation (EU) No 1095/2010 of the European Parliament and of the Council.

HAS ADOPTED THIS REGULATION:

Article 1 Subject matter
This Regulation lays down rules on the content and the format of information to be published by investment firms on an annual basis in relation to client orders executed on trading venues, systematic internalisers, market makers or other liquidity providers or entities that perform a similar function to those performed by any of the foregoing in a third country.

Article 2 Definitions
(a) ‘Passive order’ means an order entered into the order book that provided liquidity;
(b) ‘Aggressive order’ means an order entered into the order book that took liquidity;
(c) ‘Directed order’ means an order where a specific execution venue was specified by the client prior to the execution of the order.

Article 3 Information on the top five execution venues and quality of execution obtained
1. Investment firms shall publish the top five execution venues in terms of trading volumes for all executed client orders per class of financial instruments referred to in Annex I. Information regarding retail clients shall be published in the format set out in Table 1 of Annex II and information regarding professional clients shall be published in the format set out in Table 2 of Annex II. The publication shall exclude orders in Securities Financing Transactions (SFTs) and shall contain the following information:
(a) class of financial instruments;
(b) venue name and identifier;
(c) volume of client orders executed on that execution venue expressed as a percentage of total executed volume;
(d) number of client orders executed on that execution venue expressed as a percentage of total executed orders;
(e) percentage of the executed orders referred to in point (d) that were passive and aggressive orders;
(f) percentage of orders referred to in point (d) that were directed orders;
(g) confirmation of whether it has executed an average of less than one trade per business day in the previous year in that class of financial instruments.
2. Investment firms shall publish the top five execution venues in terms of trading volumes for all executed client orders in SFTs for class of financial instruments referred to in Annex I in the format set out in Table 3 of Annex II. The publication shall contain the following information:

(a) volume of client orders executed on that execution venue expressed as a percentage of total executed volume;

(b) number of client orders executed on that execution venue expressed as a percentage of total executed orders;

(c) confirmation of whether the investment firm has executed an average of less than one trade per business day in the previous year in that class of financial instruments.

3. Investment firms shall publish for each class of financial instruments, a summary of the analysis and conclusions they draw from their detailed monitoring of the quality of execution obtained on the execution venues where they executed all client orders in the previous year. The information shall include:

(a) an explanation of the relative importance the firm gave to the execution factors of price, costs, speed, likelihood of execution or any other consideration including qualitative factors when assessing the quality of execution;

(b) a description of any close links, conflicts of interests, and common ownerships with respect to any execution venues used to execute orders;

(c) a description of any specific arrangements with any execution venues regarding payments made or received, discounts, rebates or non-monetary benefits received;

(d) an explanation of the factors that led to a change in the list of execution venues listed in the firm’s execution policy, if such a change occurred;

(e) an explanation of how order execution differs according to client categorisation, where the firm treats categories of clients differently and where it may affect the order execution arrangements;

(f) an explanation of whether other criteria were given precedence over immediate price and cost when executing retail client orders and how these other criteria were instrumental in delivering the best possible result in terms of the total consideration to the client;

(g) an explanation of how the investment firm has used any data or tools relating to the quality of execution, including any data published under Commission Delegated Regulation (EU) 2017/575;

(h) where applicable, an explanation of how the investment firm has used output of a consolidated tape provider established under Article 65 of Directive 2014/65/EU.

Article 4 Format

Investment firms shall publish the information required in accordance with Article 3(1) and 3(2) on their websites, by filling in the templates set out in Annex II, in a machine-readable electronic format, available for
downloading by the public and the information required in accordance with Article 3(3) shall be published on their websites in an electronic format available for downloading by the public.

Article 5 Entry into force and application

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

It shall apply from the date that appears first in the second subparagraph of Article 93(1) of Directive 2014/65/EU.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

### 11A Underwriting and placing
General requirements concerning underwriting and placing

11A.1.1 R (1) This chapter applies only to MiFID or equivalent third country business.

(2) Subject to (3), in this chapter provisions marked “EU” apply to the equivalent business of a third country investment firm as if they were rules.

(3) In this chapter, provisions marked “EU” which derive from recitals to MiFID or the MiFID Org Regulation apply to the equivalent business of a third country investment firm as guidance.

11A.1.2 EU Article 38(1) of the MiFID Org Regulation sets out requirements for firms to provide specified information to issuer clients before accepting a mandate to manage an offering.

38 (1) Investment firms which provide advice on corporate finance strategy, as set out in Section B(3) of Annex I, and provide the service of underwriting or placing of financial instruments, shall, before accepting a mandate to manage the offering, have arrangements in place to inform the issuer client of the following:

(a) the various financing alternatives available with the firm, and an indication of the amount of transaction fees associated with each alternative;

(b) the timing and the process with regard to the corporate finance advice on pricing of the offer;

(c) the timing and the process with regard to the corporate finance advice on placing of the offering;

(d) details of the targeted investors, to whom the firm intends to offer the financial instruments;

(e) the job titles and departments of the relevant persons individuals involved in the provision of corporate finance advice on the price and allotment; and

(f) firm’s arrangements to prevent or manage conflicts of interest that may arise where the firm places the relevant financial instruments with its investment clients of with its own proprietary book.

11A.1.3 EU Article 38(2) and (3) of the MiFID Org Regulation sets out requirements to identify all underwriting and placing operations of a firm and to ensure that adequate controls are in place to manage any potential conflicts of interest.
Investment firms shall have in place a centralised process to identify all underwriting and placing operations of the firm and record such information, including the date on which the firm was informed of potential underwriting and placing operations. Firms shall identify all potential conflicts of interest arising from other activities of the investment firm, or group, and implement appropriate management procedures. In cases where an investment firm cannot manage a conflict of interest by way of implementing appropriate procedures, the investment firm shall not engage in the operation.

Investment firms providing execution and research services as well as carrying out underwriting and placing activities shall ensure adequate controls are in place to manage any potential conflicts of interest between these activities and between their different clients receiving those services.

Article 39(1) of the MiFID Org Regulation sets out additional requirements in relation to pricing of offerings in relation to issuance of financial instruments.

Investment firms shall have in place systems, controls and procedures to identify and prevent or manage conflicts of interest that arise in relation to possible under-pricing or over-pricing of an issue or involvement of relevant parties in the process. In particular, investment firms shall as a minimum requirement establish, implement and maintain internal arrangements to ensure both of the following:

(a) that the pricing of the offer does not promote the interests of other clients or firm’s own interests, in a way that may conflict with the issuer client’s interests; and

(b) the prevention or management of a situation where persons responsible for providing services to the firm’s investment clients are directly involved in decisions about corporate finance advice on pricing to the issuer client.

Article 39(2) of the MiFID Org Regulation sets out additional requirements concerning the provision of information.

Investment firms shall provide clients with information about how the recommendation as to the price of the offering and the timings involved is determined. In particular, the firm shall inform and engage with the issuer client about any hedging or stabilisation strategies it intends to undertake with respect to the offering, including how these strategies may
impact the issuer clients’ interests. During the offering process, firms shall also take all reasonable steps to keep the issuer client informed about developments with respect to the pricing of the issue.

11A.1.6 EU Article 40 of the MiFID Org Regulation sets out additional requirements in relation to placing.

| 40 | (1) Investment firms placing financial instruments shall establish, implement and maintain effective arrangements to prevent recommendations on placing from being inappropriately influenced by any existing or future relationships. |
| 40 | (2) Investment firms shall establish, implement and maintain effective internal arrangements to prevent or manage conflicts of interests that arise where persons responsible for providing services to the firm’s investment clients are directly involved in decisions about recommendations to the issuer client on allocation. |
| 40 | (3) Investment firms shall not accept any third-party payments or benefits unless such payments or benefits comply with the inducements requirements laid down in Article 24 or Directive 2014/65/EU. In particular, the following practices shall be considered not compliant with those requirements and shall therefore be considered not acceptable: |
|    | (a) an allocation made to incentivise the payment of disproportionately high fees for unrelated services provided by the investment firm (‘laddering’), such as disproportionately high fees or commissions paid by an investment client, or disproportionately high volumes of business at normal levels of commission provided by the investment client as a compensation for receiving an allocation of the issue; |
|    | (b) an allocation made to a senior executive or a corporate officer of an existing or potential issuer client, in consideration for the future or past award of corporate finance business (‘spinning’); |
|    | (c) an allocation that is expressly or implicitly conditional on the receipt of future orders or the purchase of any other service from the investment firm by an investment client, or any entity of which the investor is a corporate officer. |
| 40 | (4) Investment firms shall establish, implement and maintain an allocation policy that sets out the process for developing |
allocation recommendations. The allocation policy shall be provided to the issuer client before agreeing to undertake any placing services. The policy shall set out relevant information that is available at that stage, about the proposed allocation methodology for the issue.

(5) Investment firms shall involve the issuer client in discussions about the placing process in order for the firm to be able to understand and take into account the client’s interests and objectives. The investment firm shall obtain the issuer client’s agreement to its proposed allocation per type of client for the transaction in accordance with the allocation policy.

11A.1.7 EU Article 41 of the MiFID Org Regulation sets out additional requirements in relation to advice, distribution and self-placement.

41 (1) Investment firms shall have in place systems, controls and procedures to identify and manage the conflicts of interest that arise when providing investment service to an investment client to participate in a new issue, where the investment firm receives commissions, fees or any monetary or non-monetary benefits in relation to arranging the issuance. Any commissions, fees or monetary or non-monetary benefits shall comply with the requirements in Article 24(7), 24(8) and 24(9) of Directive 2014/65/EU and be documented in the investment firm’s conflicts of interest policies and reflected in the firm’s inducements arrangements.

(2) Investment firms engaging in the placement of financial instruments issued by themselves or by entities within the same group, to their own clients, including their existing depositor clients in the case of credit institutions, or investment funds managed by entities of their group, shall establish, implement and maintain clear and effective arrangements for the identification, prevention or management of the potential conflicts of interest that arise in relation to this type of activity. Such arrangements shall include consideration of refraining from engaging in the activity, where conflicts of interest cannot be appropriately managed so as to prevent any adverse effects on clients.

(3) When disclosure of conflicts of interest is required, investment firms shall comply with the requirements in Article 34(4), including an explanation of the nature and source of the conflicts of interest inherent to this type of activity, providing details about the specific risks related to such practices in order to enable clients to make an informed investment decision.

11A.1.8 EU Article 42 of the MiFID Org Regulation sets out additional requirements in relation to lending on provision of credit in the context of underwriting or placement.

41 (1) Where any previous lending or credit to the issuer client by an investment firm, or an entity within the same group, may be repaid with the proceeds of an issue, the investment firm shall have arrangements in place to identify and prevent or manage any conflicts of interest that may arise as a result.

(2) Where the arrangements taken to manage conflicts of interest prove insufficient to ensure that the risk of damage to the issuer client would be prevented, investment firms shall disclose to the issuer client the specific conflicts of interest that have arisen in relation to their, or group entities’, activities in a capacity of credit provider, and their activities related to the securities offering.

(3) Investment firms’ conflict of interest policy shall require the sharing of information about the issuer’s financial situation with group entities acting as credit providers, provided this would not breach information barriers set up by the firm to protect the interests of a client.

11A.1.9 EU Article 43 of the MiFID Org Regulation sets out record keeping requirements in relation to underwriting or placing.

---

Investment firms shall keep records of the content and timing of instructions received from clients. A record of the allocation decisions taken for each operation shall be kept to provide for a complete audit trail between the movements registered in clients’ accounts and the instructions received by the investment firm. In particular, the final allocation made to each investment client shall be clearly justified and recorded. The complete audit trail of the material steps in the underwriting and placing process shall be made available to competent authorities upon request.

12 Investment research

12.1 Purpose and application

... Application: Where?

12.1.3 G The EEA territorial scope rule modifies the general rule of application to the extent necessary to be compatible with European law (see paragraph 1.1 of Part 2 of COBS 1 Annex 1). This means that COBS 12.2 and COBS 12.3.4G also apply to passported activities carried on by a UK MiFID investment firm from a branch in another EEA state, but do not apply to the United Kingdom branch of an EEA MiFID investment firm in relation to its MiFID business.

12.2 Investment research and non-independent research

Application

12.2.1 R This section applies to a firm which produces, or arranges for the
production of, *investment research* that is intended or likely to be subsequently disseminated to *clients* of the *firm* or to the public, under its own responsibility or that of a member of its *group*. [deleted]

[Note: article 25(1) of the MiFID implementing Directive]

12.2.2 G The concept of dissemination of *investment research* to *clients* or to the public is not intended to include dissemination exclusively to *persons* within the *group* of the *firm*. [deleted]

[Note: recital 33 of the MiFID implementing Directive]

**Measures and arrangements required for investment research**

12.2.3 R **A firm must ensure the implementation of all of the measures for managing conflicts of interest in SYSC 10.1.11R in relation to the financial analysts involved in the production of investment research and other relevant persons whose responsibilities or business interests may conflict with the interests of the persons to whom investment research is disseminated.** [deleted]

[Note: article 25(1) of the MiFID implementing Directive]

12.2.4 G **Persons whose responsibilities or business interests may reasonably be considered to conflict with the interests of the persons to whom investment research is disseminated include corporate finance personnel and persons involved in sales and trading on behalf of clients or the firm.** [deleted]

[Note: recital 30 of the MiFID implementing Directive]

12.2.5 R **A firm must have in place arrangements designed to ensure that the following conditions are satisfied:** [deleted]

(1) if a *financial analyst* or other *relevant person* has knowledge of the likely timing or content of *investment research* which is not publicly available or available to *clients* and cannot readily be inferred from information that is so available, that *financial analyst* or other *relevant person* must not undertake personal transactions or trade on behalf of any other *person*, including the *firm*, other than as *market maker* acting in good faith and in the ordinary course of market making or in the execution of an unsolicited *client* order, in *financial instruments* to which the *investment research* relates, or in any related *financial instruments*, until the recipients of the *investment research* have had a reasonable opportunity to act on it;

[Note: article 25(2)(a) of the MiFID implementing Directive]

(2) in circumstances not covered by (1), *financial analyst* and any other *relevant persons* involved in the production of *investment research* must not undertake personal transactions in *financial instruments* to which the *investment research* relates, or in any related *financial instrument*, contrary to current recommendations, except in
exceptional circumstances and with the prior approval of a member of the firm’s legal or compliance function;

[Note: article 25(2)(b) of the MiFID implementing Directive]

(3) the firm itself, financial analysts, and other relevant persons involved in the production of investment research must not accept inducements from those with a material interest in the subject matter of the investment research;

[Note: article 25(2)(c) of the MiFID implementing Directive]

(4) the firm itself, financial analysts, and other relevant persons involved in the production of investment research must not promise issuers favourable research coverage; and

[Note: article 25(2)(d) of the MiFID implementing Directive]

(5) issuers, relevant persons other than financial analysts, and any other persons must not, before the dissemination of investment research, be permitted to review a draft of the investment research for the purpose of verifying the accuracy of factual statements made in that investment research, or for any other purpose other than verifying compliance with the firm’s legal obligations, if the draft includes a recommendation or a target price.

[Note: article 25(2)(e) of the MiFID implementing Directive]
12.2.8 G Small gifts or minor hospitality below a level specified in the firm’s conflicts of interest policy and mentioned in the description of that policy that is made available to clients in accordance with COBS 6.1.4R(8) should not be considered as inducements for the purposes of COBS 12.2.5R(3).

[Note: recital 31 of the MiFID implementing Directive]

12.2.9 G A financial analyst should not become involved in activities other than the preparation of investment research where such involvement is inconsistent with the maintenance of the financial analyst’s objectivity. The following should ordinarily be considered as inconsistent with the maintenance of a financial analyst’s objectivity:

1. participating in investment banking activities such as corporate finance business and underwriting; or
2. participating in ‘pitches’ for new business or ‘road shows’ for new issues of financial instruments; or
3. being otherwise involved in the preparation of issuer marketing.

[Note: recital 32 of the MiFID implementing Directive]

12.2.10 R A firm which disseminates investment research produced by another person to the public or to clients is exempt from complying with the requirements in COBS 12.2.3R and COBS 12.2.5R if the following criteria are met:

1. the person that produces the investment research is not a member of the group to which the firm belongs;
2. the firm does not substantially alter the recommendations within the investment research;
3. the firm does not present the investment research as having been produced by it; and
4. the firm verifies that the producer of the investment research is subject to requirements equivalent to those in COBS 12.2.3R and COBS 12.2.5R in relation to the production of that investment research, or has established a policy setting such requirements.

[Note: article 25(3) of the MiFID implementing Directive]
Means and timing of publication of investment research

12.2.11 G The FCA would expect a firm’s conflicts of interest policy to provide for investment research to be published or distributed to its clients in an appropriate manner. For example, the FCA considers it will be:

(1) appropriate for a firm to take reasonable steps to ensure that its investment research is published or distributed only through its usual distribution channels; and

(2) inappropriate for an employee (whether or not a financial analyst) to communicate the substance of any investment research, except as set out in the firm’s conflicts of interest policy. [deleted]

12.2.12 G The FCA would expect a firm to consider whether or not other business activities of the firm could create the reasonable perception that its investment research may not be an impartial analysis of the market in, or the value or prospects of, a financial instrument. A firm would therefore be expected to consider whether its conflicts of interest policy should contain any restrictions on the timing of the publication of investment research. For example, a firm might consider whether it should restrict publication of relevant investment research around the time of an investment offering. [deleted]

Investment research for internal use

12.2.13 G The FCA considers that the significant conflicts of interest which could arise are likely to mean it is inappropriate for a financial analyst or other relevant person to prepare investment research which is intended firstly for internal use for the firm’s own advantage, and then for later publication to its clients (in circumstances in which it might reasonably be expected to have a material influence on its clients’ investment decisions). [deleted]

Application

12.2.14 G This section applies to a firm that:

(1) produces, or arranges for the production of, investment research that is intended or likely to be subsequently disseminated to clients of the firm or to the public, under its own responsibility or that of a member of its group; or

(2) produces or disseminates non-independent research.

12.2.15 R Where this section applies to a firm in relation to business other than its MiFID business, provisions in this section marked “EU” shall apply as if they were rules, other than those that copy out recitals, which shall apply as if they were guidance.

12.2.16 G (1) This section applies to both investment research and non-independent research.
(2) **Non-independent research** is not presented as objective or independent and is accordingly considered a marketing communication.

(3) Both **investment research** and **non-independent research** are sub-categories of the type of information defined as an **investment recommendation** in COBS 12.4.

Conflicts of interest

12.2.19 EU Article 37(1) of the MiFID Org Regulation requires firms to apply the conflicts requirements set out in article 34(3) of the MiFID Org Regulation to persons involved in the production of investment research and non-independent research. Recitals 51, 52 and 55 to the MiFID Org Regulation relate to the required measures and arrangements.

37(1) Investment firms which produce, or arrange for the production of, investment research that is intended or likely to be subsequently disseminated to clients of the firm or to the public, under their own responsibility or that of a member of their group, shall ensure the implementation of all the measures set out in Article 34(3) in relation to the financial analysts involved in the production of the investment research and other relevant persons whose responsibilities or business interests may conflict with the interests of the persons to whom the investment research is disseminated.

The obligations in the first subparagraph shall also apply in relation to recommendations referred to in Article 36(2).

Recital 51

The measures and arrangements adopted by an investment firm to manage the conflicts of interests that might arise from the production and dissemination of material that is presented as investment research should be appropriate to protect the objectivity and independence of financial analysts and of the investment research they produce. Those measures and arrangements should ensure that financial analysts enjoy an adequate degree of independence from the interests of persons whose responsibilities or business interests may reasonably be considered to conflict with the interests of the persons to whom the investment research is disseminated.

Recital 52

Persons whose responsibilities or business interests may reasonably be considered to conflict with the interests of the persons to whom investment research is disseminated should include corporate finance personnel and persons involved in sales and trading on behalf of clients or the firm.

Recital 55

The concept of dissemination of investment research to clients or the public should not include dissemination exclusively to persons within the group of the investment firm. Current recommendations should be considered to be those recommendations contained in investment research which have not been withdrawn and which have not lapsed. The substantial alteration of investment research produced by a third party should be governed by the same requirements as the production of
(1) Firms which produce, or arrange for the production of, investment research or non-independent research are also reminded of their obligations under SYSC 10 (Conflicts of interest).

(2) COBS 12.2.19EU relates to the management of conflicts of interest in relation to investment research.

(3) In relation to non-independent research, firms may wish to consider whether conflicts arise in relation to:

(a) relevant persons trading in financial instruments that are the subject of non-independent research which they know the firm has published or intends to publish before clients have had a reasonable opportunity to act on it (other than when the firm is acting as market maker in good faith and in the ordinary course of market making, or in the execution of an unsolicited client order); and

(b) the preparation of non-independent research which is intended first for internal use by the firm and then for later publication to clients.

Measures and arrangements required for investment research

Article 37(2) of the MiFID Org Regulation requires firms to put arrangements in place around the production of investment research to ensure the conditions set out in that article are satisfied. Recitals 53, 54 and 56 relate to those arrangements and the article 37(2) conditions.

37(2) Investment firms referred to in the first subparagraph of paragraph 1 shall have in place arrangements designed to ensure that the following conditions are satisfied:

(a) financial analysts and other relevant persons do not undertake personal transactions or trade, other than as market makers acting in good faith and in the ordinary course of market making or in the execution of an unsolicited client order, on behalf of any other person, including the investment firm, in financial instruments to which investment research relates, or in any related financial instruments, with knowledge of the likely timing or content of that investment research which is not publicly available or available to clients and cannot readily be inferred from information that is so available, until the recipients of the investment research have had a reasonable opportunity to act on it;

(b) in circumstances not covered by point (a), financial analysts and any other relevant persons involved in the
production of investment research do not undertake personal transactions in financial instruments to which the investment research relates, or in any related financial instruments, contrary to current recommendations, except in exceptional circumstances and with the prior approval of a member of the firm's legal or compliance function:

(c) a physical separation exists between the financial analysts involved in the production of investment research and other relevant persons whose responsibilities or business interests may conflict with the interests of the persons to whom the investment research is disseminated or, when considered not appropriate to the size and organisation of the firm as well as the nature, scale and complexity of its business, the establishment and implementation of appropriate alternative information barriers;

(d) the investment firms themselves, financial analysts, and other relevant persons involved in the production of the investment research do not accept inducements from those with a material interest in the subject-matter of the investment research;

(e) the investment firms themselves, financial analysts, and other relevant persons involved in the production of the investment research do not promise issuers favourable research coverage;

(f) before the dissemination of investment research issuers, relevant persons other than financial analysts, and any other persons are not permitted to review a draft of the investment research for the purpose of verifying the accuracy of factual statements made in that research, or for any purpose other than verifying compliance with the firm's legal obligations, where the draft includes a recommendation or a target price.

For the purposes of this paragraph, ‘related financial instrument’ shall be any financial instrument the price of which is closely affected by price movements in another financial instrument which is the subject of investment research, and includes a derivative on that other financial instrument.

Recital 53

Exceptional circumstances in which financial analysts and other persons connected with the investment firm who are involved in the production of investment research may, with prior written approval, undertake personal transactions in instruments to which the research relates should include those circumstances where, for personal reasons relating to financial hardship, the financial analyst or other person is required to liquidate a
Recital 54

Fees, commissions, monetary or non-monetary benefits received by the firm providing investment research from any third party should only be acceptable when they are provided in accordance with requirements specified in Article 24(9) of Directive 2014/65/EU and Article 13 of Commission Delegated Directive (EU) .../... [to be inserted before adoption] of XXX supplementing Directive 2014/65/EU of the European Parliament and of the Council with regard to safeguarding of financial instruments and funds belonging to clients, product governance obligations and the rules applicable to the provision or reception of fees, commissions or any monetary or non-monetary benefits.

Recital 56

Financial analysts should not engage in activities other than the preparation of investment research where engaging in such activities are inconsistent with the maintenance of that person’s objectivity. These include participating in investment banking activities such as corporate finance business and underwriting, participating in ‘pitches’ for new business or ‘road shows’ for new issues of financial instruments; or being otherwise involved in the preparation of issuer marketing.

Investment firms which disseminate investment research produced by another person to the public or to clients shall be exempt from complying with paragraph 1 if the following criteria are met:

(a) the person that produces the investment research is not a member of the group to which the investment firm belongs;

(b) the investment firm does not substantially alter the recommendations within the investment research;

(c) the investment firm does not present the investment research as having been produced by it;

(d) the investment firm verifies that the producer of the research is subject to requirements equivalent to the requirements under this Regulation in relation to the production of that research, or has established a policy setting such requirements.

The FCA would expect a firm’s conflicts of interest policy to provide for investment research to be published or distributed to its clients in an
appropriate manner. For example, the FCA considers it will be:

(1) appropriate for a firm to take reasonable steps to ensure that its investment research is published or distributed only through its usual distribution channels;

(2) inappropriate for an employee (whether or not a financial analyst) to communicate the substance of any investment research, except as set out in the firm’s conflicts of interest policy; and

(3) inappropriate for a financial analyst or other relevant person to prepare investment research which is intended first for internal use for the firm’s own advantage, and then for later publication to its clients (in circumstances in which it might reasonably be expected to have a material influence on its clients’ investment decisions).

12.2.24 The FCA would expect a firm to consider whether or not other business activities of the firm could create the reasonable perception that its investment research may not be an impartial analysis of the market in, or the value or prospects of, a financial instrument. A firm would therefore be expected to consider whether its conflicts of interest policy should contain any restrictions on the timing of the publication of investment research. For example, a firm might consider whether it should restrict publication of relevant investment research around the time of an investment offering.

COBS 12.3 (Non-independent research) is deleted in its entirety as shown below.

12.3 Non-independent research [deleted]

Application

12.3.1 This section applies to a firm that produces or disseminates non-independent research.

[Note: article 24(2) of the MiFID implementing Directive]

Labelling of non-independent research

12.3.2 A firm which produces or disseminates non-independent research must ensure that it:

(1) is clearly identified as a marketing communication; and

(2) contains a clear and prominent statement that (or, in the case of an oral recommendation, to the effect that) it:

(a) has not been prepared in accordance with legal requirements designed to promote the independence of investment research; and
(b) is not subject to any prohibition on dealing ahead of the dissemination of investment research.

[Note: article 24(2) of the MiFID implementing Directive]

12.3.3 R The financial promotion rules apply to non-independent research as though it were a marketing communication.

[Note: article 24(2) of the MiFID implementing Directive]

Management of conflicts of interest in area of non-independent research

12.3.4 G In accordance with SYSC 10, a firm will be expected to take reasonable steps to identify and manage conflicts of interest which may arise in the production of non-independent research. Situations where conflicts of interest can arise include:

(1) relevant persons trading in financial instruments that are the subject of non-independent research which they know the firm has published or intends to publish before clients have had a reasonable opportunity to act on it (other than when the firm is acting as market maker in good faith and in the ordinary course of market making, or in the execution of an unsolicited client order); and

(2) preparation of non-independent research which is intended firstly for internal use by the firm and then for later publication to clients.

13 Preparing product information

... 

13.4 Contents of a key features illustration

... 

13.4.5 G Although there may be no obligation to include a projection in a key features illustration, where a firm chooses to include one, the projection must follow the appropriate requirements, as outlined in this section, or for financial instruments under COBS 4.6.7R should:

(1) Comply with the requirements in this section unless the projection relates to an investment that is a financial instrument.

(2) Where the projection relates to a financial instrument, the firm should comply with either:

(a) the requirements in article 44(6) of the MiFID Org Regulation (see COBS 4.5A.14EU where the firm is carrying on MiFID, equivalent third country or optional exemption business); or
13.5 Preparing product information: other projections

Exceptions to the projection rules: projections for more than one product

13.5.3 A firm that communicates a projection of benefits for a packaged product which is not a financial instrument, as part of a combined projection where other benefits being projected include those for a financial instrument or structured deposit, is not required to comply with the projection rules in COBS 13.4, COBS 13.5 and COBS 13 Annex 2 to the extent that it the combined projection complies with the future performance rule (COBS 4.6.7R) requirements in either:

1. article 44(6) of the MiFID Org Regulation (see COBS 4.5A.14EU) where the firm is carrying on MiFID, equivalent third country or optional exemption business; or

2. COBS 4.6.7R where the firm is not carrying on MiFID, equivalent third country or optional exemption business.

13.5.4 The general requirement that communications be fair, clear and not misleading will nevertheless mean that a firm that elects to comply with the future performance rule in COBS 4.6.7R, or, if applicable, the requirement in article 44(6) of the MiFID Org Regulation (see COBS 4.5A.14EU), will need to explain how the combined projection differs from other information that has been or could be provided to the client, including a projection provided under the projection rules in COBS 13.4, COBS 13.5 and COBS 13 Annex 2, and in particular, the firm should identify where a projection in real terms is required under COBS 13.

14 Providing product information to clients

14.3 Information about designated investments (non-MiFID provisions)

Application

14.3.1 R This section applies to a firm in relation to:

1. MiFID or equivalent third country business; and
(2) any of the following regulated activities when carried on for a retail client:

(a) making a personal recommendation about a designated investment; or

(b) managing investments that are designated investments (other than a P2P agreement); or

(c) arranging (bringing about) or executing a deal in a warrant, non-readily realisable security or derivative; or

(d) engaging in stock lending activity; or

(e) operating an electronic system in relation to lending, but only in relation to facilitating a person becoming a lender under a P2P agreement,

except to the extent that the carrying on of such a regulated activity constitutes MiFID, equivalent third country or optional exemption business.

14.3.1A G A firm carrying on MiFID, equivalent third country or optional exemption business should consider whether the requirements in articles 46 and 48 of the MiFID Org Regulation apply; see COBS 14.3A (Information about financial instruments (MiFID provisions)).

14.3.12 G …

[Note: recital 55 to the MiFID implementing Directive]

After COBS 14.3 (Information about designated investments (non-MiFID provisions)) insert the following new section. All the text is new and is not underlined.

14.3A Information about financial instruments (MiFID provisions)
Application

14.3A.1 R This section applies to a firm in relation to its MiFID, equivalent third country or optional exemption business.

Effect of provisions marked “EU” for third country investment firms and MiFID optional exemption firms

14.3A.2 R Provisions in this section marked “EU” apply in relation to MiFID optional exemption business as if they were rules (see COBS 1.2.2G).

14.3A.2 G The effect of GEN 2.2.22AR is that provisions in this section marked “EU” also apply in relation to the equivalent business of a third country investment firm as if they were rules.

Providing a description of the nature and risks of financial instruments

14.3A.3 R A firm must provide a client with:

(1) appropriate guidance on, and warnings of, the risks associated with investments in financial instruments or in respect of particular investment strategies;

(2) information on whether a particular financial instrument is intended for retail or professional clients, taking account of the identified target market in accordance with the rules in PROD 3; and

(3) the information required by this section in a comprehensible form in such a manner that the client is reasonably able to understand the nature and risks of the investment service and of the specific type of financial instrument that is being offered and, consequently, to take investment decisions on an informed basis. That information may be provided in a standardised format.

[Note: article 24(4)(b) and article 25 of MiFID]

14.3A.4 G COBS 14.3A.3R supplements COBS 2.2A.2R (Information disclosure before providing services (MiFID provisions)).

14.3A.5 EU 48(1) Investment firms shall provide clients or potential clients in good time before the provision of investment services or ancillary services to clients or potential clients with a general description of the nature and risks of financial instruments, taking into account, in particular, the client’s categorisation as either a retail client, professional client or eligible counterparty. That description shall explain the nature of the specific type of instrument concerned, the functioning and performance of the financial instrument in different market conditions, including both positive and negative conditions, as well as the risks particular to that specific type of instrument in sufficient detail to enable the client to take investment decisions on an informed basis.
The description of risks referred to in paragraph 1 shall include, where relevant to the specific type of instrument concerned and the status and level of knowledge of the client, the following elements:

(a) the risks associated with that type of financial instrument including an explanation of leverage and its effects and the risk of losing the entire investment including the risks associated with insolvency of the issuer or related events, such as bail in;

(b) the volatility of the price of such instruments and any limitations on the available market for such instruments;

(c) information on impediments or restrictions for disinvestment, for example as may be the case for illiquid financial instruments or financial instruments with a fixed investment term, including an illustration of the possible exit methods and consequences of any exit, possible constraints and the estimated time frame for the sale of the financial instrument before recovering the initial costs of the transaction in that type of financial instruments;

(d) the fact that an investor might assume, as a result of transactions in such instruments, financial commitments and other additional obligations, including contingent liabilities, additional to the cost of acquiring the instruments;

(e) any margin requirements or similar obligations, applicable to instruments of that type.

Where an investment firm provides a retail client or potential retail client with information about a financial instrument that is the subject of a current offer to the public and a prospectus has been published in connection with that offer in accordance with Directive 2003/71/EC, that firm shall in good time before the provision of investment services or ancillary services to clients or potential clients inform the client or potential client where that prospectus is made available to the public.

Where a financial instrument is composed of two or more different financial instruments or services, the investment firm shall provide an adequate description of the legal nature of the financial instrument, the components of that instrument and the way in which the interaction between the components affects the risks of the investment.

In the case of financial instruments that incorporate a guarantee or capital protection, the investment firm shall provide a client or a potential client with information about the scope and nature of such guarantee or capital protection. When the guarantee is provided by
a third party, information about the guarantee shall include sufficient detail about the guarantor and the guarantee to enable the client or potential client to make a fair assessment of the guarantee.

[Note: article 48 of the MiFID Org Regulation]

Satisfying the provision rules

14.3A.6 G  (1) Where a firm is required to provide information to a client before the provision of a service, each transaction in respect of the same type of financial instrument should not be considered as the provision of a new or different service.

[Note: recital 69 to the MiFID Org Regulation]

(2) But a firm should ensure that the client has received all relevant information in relation to a transaction which subsequently takes place, such as details of product charges that differ from those disclosed in respect of the prior transaction or transactions.

Timing of disclosure

14.3A.7 EU 46(2) Investment firms shall, in good time before the provision of investment services or ancillary services to clients or potential clients, to provide the information required under Articles 47 to 50.

[Note: article 46(2) of the MiFID Org Regulation]

14.3A.8 G  The provisions in COBS that reproduce the information requirements contained in articles 47 to 50 of the MiFID Org Regulation are: COBS 6.1ZA.2.1 EU, COBS 6.1ZA.2.4EU, COBS 6.1ZA.2.5 EU, COBS 6.1ZA.2.10EU and COBS 14.3A.5EU.

Medium of disclosure

14.3A.9 EU 46(3) The information referred to in paragraphs 1 and 2 shall be provided in a durable medium or by means of a website (where it does not constitute a durable medium) provided that the conditions specified in Article 3(2) are satisfied.

[Note: article 46(3) of the MiFID Org Regulation]

Keeping the client up-to-date

14.3A.10 EU 46(4) Investment firms shall notify a client in good time about any material change to the information provided under Articles 47 to 50 which is relevant to a service that the firm is providing to that client. That notification shall be given in a durable medium if the information to which it relates is given in a durable medium.

[Note: article 46(4) of the MiFID Org Regulation]
Information provided in accordance with the UCITS Directive and the PRIIPs Regulation

14.3A.11 EU 51 Investment firms distributing units in collective investment undertakings or PRIIPs shall additionally inform their clients about any other costs and associated charges related to the product which may have not been included in the UCITS KID or PRIIPs KID and about the costs and charges relating to their provision of investment services in relation to that financial instrument.

14 Annex 1 Lifetime ISA information

4 Projections

4.1 R Where a firm chooses to provide a projection, including a personal projection, in relation to investing in a lifetime ISA in addition to the information in COBS 14 Annex 1 3 (Example outcome of retirement saving by a retail client in a lifetime ISA), a firm must ensure that:

... 

(2) where a firm that communicates a projection for a lifetime ISA in relation to its MiFID or equivalent third country business, the projection complies with the future performance rule in COBS 4.6.7R requirements in article 44(6) of the MiFID Org Regulation (see COBS 4.5A.14EU); and

...

Amend the following as shown.
16.1.2 R This chapter applies in relation to designated investment business other than MiFID, equivalent third country or optional exemption business.

Special cases

16.2.6 R In relation to business that is not MiFID or equivalent third country business, a firm need not despatch a confirmation if:

…

Record keeping: occasional reporting

16.2.7 R A firm must retain a copy of any confirmation despatched to a client under this section:

(a) for MiFID or equivalent third country business, for a period of at least five years; or

(b) for business that is not MiFID or equivalent third country business, for a period of at least three years;

from the date of despatch.

[Note: see article 51(3) of the MiFID implementing Directive]

16.3 Periodic reporting

Provision by the firm and contents
16.3.1 R (1) If a firm is managing investments on behalf of a client, it must provide the client with a periodic statement in a durable medium unless:

(a) such a statement is provided by another person; or

(b) all of the conditions in (1A) are satisfied.

(1A) The conditions are that:

(a) the firm provides the client with access to an online system which qualifies as a durable medium;

(b) the online system provides the client with easy access to:

(i) up-to-date valuations of the client’s designated investments and client money; and

(ii) the information that would otherwise be contained in a periodic statement; and

(c) the firm has evidence that the client has accessed a valuation of their designated investments or client money at least once during the previous quarter.

16.3.10 R In relation to business that is not MiFID or equivalent third country business, a firm need not provide a periodic statement:

…

Record keeping: periodic reporting

16.3.11 R A firm must make, and retain, a copy of any periodic statement:

(1) for MiFID or equivalent third country business, for a period of at least five years; or

(2) for business that is not MiFID or, for a period of at least three years; from the date of despatch.

[Note: see article 51(3) of the MiFID implementing Directive]

16.4 Statements of client designated investments or client money

16.4.1 R (1) A firm that holds client designated investments or client money for a client must send that client at least once a year a statement in a durable medium of those designated investments or that client money unless:

(a) such a statement has been provided in a periodic statement;

or

(b) the firm:

(i) provides the client with access to an online system, which qualifies as a durable medium, where up-to-date statements of a client’s designated investments or client money can be easily accessed by the client; and
(ii) the firm has evidence that the client has accessed an up-to-date statement at least once during the previous quarter.

... 

(3) This rule does not apply in relation to a firm holding client designated investments or client money under a personal pension scheme or a stakeholder pension scheme where doing so is not MiFID or equivalent third country business.

(4) A CTF account provider holding client designated investments or client money under a CTF where doing so is not MiFID or equivalent third country business must provide a statement but need not do so more frequently than required by Regulation 10 of the CTF Regulations.

[Note: article 43(1) of the MiFID implementing Directive]

16.4.2 R A firm must include the following information in a statement of client assets referred to under this section: the following information:

16 Annex Information to be included in a Periodic periodic report

This annex forms part of COBS 16.3.1R.

[Note: article 41(2) of MiFID implementing Directive]

After COBS 16 (Reporting information to clients (non-MiFID provisions)) insert the following new chapter. All the text is new and is not underlined.

16A Reporting information to clients (MiFID provisions)

16A.1 Application

16A.1.1 R  This chapter applies to a firm in relation to its MiFID, equivalent third country or optional exemption business.

Effect of provisions marked “EU” for third country investment firms and MiFID optional exemption firms

16A.1.2 R  Provisions in this chapter marked “EU” apply in relation to MiFID optional exemption business as if they were rules (see COBS 1.2.2G).

16A.1.2A G  The effect of GEN 2.2.22AR is that provisions in this chapter marked “EU” also apply in relation to the equivalent business of a third country investment firm as if they were rules.
16A.2 General client reporting and record keeping requirements

16A.2.1 R (1) A firm must provide a client with adequate reports on the service provided in a durable medium.

(2) The reports must include:

(a) periodic communications to the client, taking into account the type and the complexity of the financial instruments involved and the nature of the service provided to the client; and

(b) where applicable, the costs associated with the transactions and services undertaken on behalf of the client.

[Note: article 25(6) of MIFID]

16A.2.2 G A firm should refer to SYSC 9 (Record-keeping) for the requirements that apply in relation to the retention of records.

16A.3 Occasional reporting

Execution of orders other than when undertaking portfolio management

16A.3.1 EU 59(1) Investment firms having carried out an order on behalf of a client, other than for portfolio management, shall, in respect of that order:

(a) promptly provide the client, in a durable medium, with the essential information concerning the execution of that order;

(b) send a notice to the client in a durable medium confirming execution of the order as soon as possible and no later than the first business day following execution or, where the confirmation is received by the investment firm from a third party, no later than the first business day following receipt of the confirmation from the third party.

Point (b) shall not apply where the confirmation would contain the same information as a confirmation that is to be promptly dispatched to the client by another person.

Points (a) and (b) shall not apply where orders executed on behalf of clients relate to bonds funding mortgage loan agreements with the said clients, in which case the report on the transaction shall be made at the same time as the terms of the mortgage loan are communicated, but no later than one month after the execution of the order.

59(2) In addition to the requirements under paragraph 1, investment
firms shall supply the client, on request, with information about
the status of his order.

59(3) In the case of client orders relating to units or shares in a
collective investment undertaking which are executed
periodically, investment firms shall either take the action
specified in point (b) of paragraph 1 or provide the client, at least
once every six months, with the information listed in paragraph 4
in respect of those transactions.

59(4) The notice referred to in point (b) of paragraph 1 shall include
such of the following information as is applicable and, where
relevant, in accordance with the regulatory technical standards on
reporting obligations adopted in accordance with Article 26 of
Regulation (EU) No 600/2014:

(a) the reporting firm identification;
(b) the name or other designation of the client;
(c) the trading day;
(d) the trading time;
(e) the type of the order;
(f) the venue identification;
(g) the instrument identification;
(h) the buy/sell indicator;
(i) the nature of the order if other than buy/sell;
(j) the quantity;
(k) the unit price;
(l) the total consideration;
(m) a total sum of the commissions and expenses charged and,
where the client so requests, an itemised breakdown
including, where relevant, the amount of any mark-up or
mark-down imposed where the transaction was executed by
an investment firm when dealing on own account, and the
investment firm owes a duty of best execution to the client;
(n) the rate of exchange obtained where the transaction
involves a conversion of currency;
(o) the client’s responsibilities in relation to the settlement of
the transaction, including the time limit for payment or
delivery as well as the appropriate account details where these details and responsibilities have not previously been notified to the client;

(p) where the client’s counterparty was the investment firm itself or any person in the investment firm’s group or another client of the investment firm, the fact that this was the case unless the order was executed through a trading system that facilitates anonymous trading.

For the purposes of point (k), where the order is executed in tranches, the investment firm may supply the client with information about the price of each tranche or the average price. Where the average price is provided, the investment firm shall supply the client with information about the price of each tranche upon request.

59(5) The investment firm may provide the client with the information referred to in paragraph 4 using standard codes if it also provides an explanation of the codes used.

[Note: article 59 of the MiFID Org Regulation]

16A.3.2 G In determining what is essential information, a firm should consider including:

(1) for transactions in a derivative:

(a) the maturity, delivery or expiry date of the derivative;

(b) in the case of an option, a reference to the last exercise date, whether it can be exercised before maturity and the strike price; and

(c) if the transaction closes out an open futures position, all essential details required in respect of each contract comprised in the open position and each contract by which it was closed out and the profit or loss to the client arising out of closing out that position (a difference account);

(2) for the exercise of an option:

(a) the date of exercise, and either the time of exercise or that the client will be notified of that time on request;

(b) whether the exercise creates a sale or purchase in the underlying asset; and

(c) the strike price of the option (for a currency option, the rate of exchange will be the same as the strike price) and, if applicable, the total consideration from or to the client; and
(3) the fact that the transaction involves any dividend or capitalisation or other right which has been declared, but which has not been paid, allotted or otherwise become effective in respect of the investment, and under the terms of the transaction the benefit of which will not pass to the purchaser.

Guidance on the requirements

16A.3.3 G Where a firm executes an order in tranches, the firm may, where appropriate, indicate the trading time and the execution venue in a way that is consistent with this, such as, “multiple”. In accordance with the client’s best interests rule, a firm should provide additional information at the client’s request.

16A.3.4 G In accordance with COBS 2.4.9R, a firm may dispatch confirmation to an agent, other than the firm or an associate of the firm, nominated by the client in writing.

Reporting obligations in respect of eligible counterparties

16A.3.5 EU 61 The requirements applicable to reports for retail and professional clients under Articles 49 and 59 shall apply unless investment firms enter into agreements with eligible counterparties to determine content and timing of reporting.

[Note: article 61 of the MiFID Org Regulation]

16A.4 Periodic reporting

Provision by a firm and contents

16A.4.1 EU 60(1) Investments firms which provide the service of portfolio management to clients shall provide each such client with a periodic statement in a durable medium of the portfolio management activities carried out on behalf of that client unless such a statement is provided by another person.

60(2) The periodic statement required under paragraph 1 shall provide a fair and balanced review of the activities undertaken and of the performance of the portfolio during the reporting period and shall include, where relevant, the following information:

(a) the name of the investment firm;

(b) the name or other designation of the client’s account;

(c) a statement of the contents and the valuation of the portfolio, including details of each financial instrument held, its market value, or fair value if market value is unavailable and the cash balance at the beginning and at the...
end of the reporting period, and the performance of the portfolio during the reporting period;

(d) the total amount of fees and charges incurred during the reporting period, itemising at least total management fees and total costs associated with execution, and including, where relevant, a statement that a more detailed breakdown will be provided on request;

(e) a comparison of performance during the period covered by the statement with the investment performance benchmark (if any) agreed between the investment firm and the client;

(f) the total amount of dividends, interest and other payments received during the reporting period in relation to the client’s portfolio;

(g) information about other corporate actions giving rights in relation to financial instruments held in the portfolio;

(h) for each transaction executed during the period, the information referred to in Article 59(4)(c) to (l) where relevant, unless the client elects to receive information about executed transactions on a transaction-by-transaction basis, in which case paragraph 4 of this Article shall apply.

60(3) The periodic statement referred to in paragraph 1 shall be provided once every three months, except in the following cases:

(a) where the investment firm provides its clients with access to an online system, which qualifies as a durable medium, where up-to-date valuations of the client’s portfolio can be accessed and where the client can easily access the information required by Article 63(2) and the firm has evidence that the client has accessed a valuation of their portfolio at least once during the relevant quarter;

(b) in cases where paragraph 4 applies, the periodic statement must be provided at least once every 12 months;

(c) where the agreement between an investment firm and a client for a portfolio management service authorises a leveraged portfolio, the periodic statement must be provided at least once a month.

The exception provided for in point (b) shall not apply in the case of transactions in financial instruments covered by Article 4(1)(44)(c) of, or any of points 4 to 11 of Section C in Annex I to Directive 2014/65/EU.

60(4) Investment firms, in cases where the client elects to receive information about executed transactions on a transaction-by-
transaction basis, shall provide promptly to the client, on the execution of a transaction by the portfolio manager, the essential information concerning that transaction in a durable medium.

The investment firm shall send the client a notice confirming the transaction and containing the information referred to in Article 59(4) no later than the first business day following that execution or, where the confirmation is received by the investment firm from a third party, no later than the first business day following receipt of the confirmation from the third party.

The second subparagraph shall not apply where the confirmation would contain the same information as a confirmation that is to be promptly dispatched to the client by another person.

[Note: article 60 of the MiFID Org Regulation]

16A.4.2 G In accordance with COBS 2.4.9R, a firm may dispatch a periodic statement (as required by article 60(1) of the MiFID Org Regulation, see COBS 16A.4.1EU) to an agent, other than the firm or an associate of the firm, nominated by the client in writing.

Additional reporting obligations for portfolio management or contingent liability transactions

16A.4.3 EU 62(1) Investment firms providing the service of portfolio management shall inform the client where the overall value of the portfolio, as evaluated at the beginning of each reporting period, depreciates by 10% and thereafter at multiples of 10%, no later than the end of the business day in which the threshold is exceeded or, in a case where the threshold is exceeded on a non-business day, the close of the next business day.

62(2) Investment firms that hold a retail client account that includes positions in leveraged financial instruments or contingent liability transactions shall inform the client, where the initial value of each instrument depreciates by 10% and thereafter at multiples of 10%. Reporting under this paragraph should be on an instrument-by-instrument basis, unless otherwise agreed with the client, and shall take place no later than the end of the business day in which the threshold is exceeded or, in a case where the threshold is exceeded on a non-business day, the close of the next business day.

[Note: article 62 of the MiFID Org Regulation]

16A.4.4 G For the purposes of this section, a contingent liability transaction should be understood as being a transaction that involves any actual or potential liability for the client that exceeds the cost of acquiring the instrument.

[Note: recital 96 to the MiFID Org Regulation]
Guidance on contingent liability transactions

16A.4.5  G  When providing a periodic statement to a retail client, a firm should consider whether to include:

(1) the collateral value in respect of any contingent liability transaction in the client’s portfolio during the relevant period; and

(2) option account valuations in respect of each open option written by the client in the client’s portfolio at the end of the relevant period; stating:

(a) the share, future, index or other investment involved;

(b) the trade price and date for the opening transaction, unless the valuation statement follows the statement for the period in which the option was opened;

(c) the market price of the contract; and

(d) the exercise price of the contract.

(3) Option account valuations may show an average trade price and market price in respect of an option series if the client buys a number of contracts within the same series.

16A.5  Statements of client financial instruments or client funds

16A.5.1  EU  63(1)  Investment firms that hold client financial instruments or client funds shall send at least on a quarterly basis, to each client for whom they hold financial instruments or funds, a statement in a durable medium of those financial instruments or funds unless such a statement has been provided in any other periodic statement. Upon client request, firms shall provide such statement more frequently at a commercial cost.

The first subparagraph shall not apply to a credit institution authorised under Directive 2000/12/EC of the European Parliament and of the Council in respect of deposits within the meaning of that Directive held by that institution.

63(2)  The statement of client assets referred to in paragraph 1 shall include the following information:

(a) details of all the financial instruments or funds held by the investment firm for the client at the end of the period covered by the statement;
(b) the extent to which any client financial instruments or client funds have been the subject of securities financing transactions;

(c) the extent of any benefit that has accrued to the client by virtue of participation in any securities financing transactions, and the basis on which that benefit has accrued;

(d) a clear indication of the assets or funds which are subject to the rules of Directive 2014/65/EU and its implementing measures and those that are not, such as those that are subject to Title Transfer Collateral Agreement;

(e) a clear indication of which assets are affected by some peculiarities in their ownership status, for instance due to a security interest;

(f) the market or estimated value, when the market value is not available, of the financial instruments included in the statement with a clear indication of the fact that the absence of a market price is likely to be indicative of a lack of liquidity. The evaluation of the estimated value shall be performed by the firm on a best effort basis.

In cases where the portfolio of a client includes the proceeds of one or more unsettled transactions, the information referred to in point (a) may be based either on the trade date or the settlement date, provided that the same basis is applied consistently to all such information in the statement.

The periodic statement of client assets referred to in paragraph 1 shall not be provided where the investment firm provides its clients with access to an online system, which qualifies as a durable medium, where up-to-date statements of client’s financial instruments or funds can be easily accessed by the client and the firm has evidence that the client has accessed this statement at least once during the relevant quarter.

63(3) Investment firms which hold financial instruments or funds and which carry out the service of portfolio management for a client may include the statement of client assets referred to in paragraph 1 in the periodic statement it provides to that client pursuant to Article 60(1).

18.5.2-B G (1) For activities which are not scheme management activity or, for an AIFM, AIFM investment management functions, the COBS rules apply under the general application rule, as modified in COBS 1 Annex 1.

(2) This may include, for example, activities relating to the administration of the fund and marketing.

Additional application of COBS rules for management companies

18.5.2A R A management company must:

(1) in addition to complying with the COBS rules specified in COBS 18.5.2R, comply with COBS 11.7 (Personal account dealing); and

(2) comply with COBS 2.3 (Inducements) as modified by COBS 2.3.2AR [deleted]

[Note: article 13(1) to 13(4) of the UCITS implementing Directive]

General modifications

18.5.3 R Where COBS rules specified in the table in COBS 18.5.2R apply to a firm carrying on scheme management activities or, for an AIFM, AIFM investment management functions, the following modifications apply:

(1) subject to (2), references to customer or client are to be construed as references to any fund in respect of for which the firm is acting or intends to act, and with or for the benefit of which the relevant activity is to be carried on;

(2) in the case of a small authorised UK AIFM of an unauthorised AIF or a residual CIS operator, when a firm is required by the rules in COBS to provide information to, or obtain consent from, a customer or client, the firm must ensure that the information is provided to, or consent obtained from, an investor or a potential investor in the fund as the case may be; and

(3) references to the service of portfolio management in COBS 11.2 (Best execution for AIFMs and residual CIS operators) and 11.3 (Client order handling) and COBS 11.5 (Record keeping: client
orders and transactions) are to be read as references to the management by a firm of financial instruments held for or within the fund; and

(4) references to investment firm in COBS 11.5 are to be read as references to small authorised UK AIFM or residual CIS operator.

[deleted]

18.5.3A  G (1) COBS 1.2 (Markets in Financial Instruments Directive) contains modifications to the text of the MiFID Org Regulation where this is applied as rules to firms that are not subject to those provisions directly.

(2) These modifications apply to COBS 11.3 (Client order handling), which is applied in the table at COBS 18.5.2R.

Research and inducements

18.5.3B  R Subject to COBS 18.5.3CR, a firm must comply with COBS 18 Annex 1 (Research and inducements for collective portfolio managers) when executing orders, or placing orders with other entities for execution, that relate to financial instruments for, or on behalf of, the fund.

18.5.3C  R COBS 18 Annex 1 does not apply in relation to an AIF or CIS which in accordance with its core investment policy:

(1) does not generally invest in financial instruments that can be:

(a) registered in a financial instruments account opened in the books of a depositary; or

(b) physically delivered to the depositary; or

(2) generally invests in issuers or non-listed companies to potentially acquire control over such companies, either individually or jointly with other funds.

Modification of best execution

18.5.4  R The best execution provisions applying in COBS 11.2 (Best execution for AIFMs and residual CIS operators) do not apply to a small authorised UK AIFM of an unauthorised AIF or a residual CIS operator do not apply in relation to of a fund whose fund documents include a statement that best execution does not apply in relation to the fund and in which:

(1) no investor is a retail client; or

(2) no current investor in the fund was a retail client when it invested in the fund.

18.5.4A  R Only the following provisions in COBS 11.2 apply to a full-scope UK AIFM.
(1) COBS 11.2.5G;

(2) COBS 11.2.17G;

(3) COBS 11.2.23AR, but references to management company should be read as references to an AIFM and references to Unitholders read as references to investors. This obligation only applies for the execution policy required under article 27(3) of the AIFMD level 2 regulation (Execution of decisions to deal on behalf of the managed AIF);

(4) COBS 11.2.24R;

(5) COBS 11.2.25R(1) and COBS 11.2.26R, but only where an AIF itself has a governing body which can provide prior consent; and

(6) COBS 11.2.27R, but only regarding the obligation on an AIFM to notify the AIF of any material changes to their order execution arrangements or execution policy. [deleted]

...Modification of dealing commission rules for internally managed AIFs

18.5.4C R Only COBS 11.6.1G to COBS 11.6.11G apply to a full-scope UK AIFM that is an internally managed AIF and references to an investment manager in COBS 11.6 are to be read as including an internally managed AIF which manages designated investments on its own account and references to a customer order as a decision by an internally managed AIF to execute a transaction for these purposes. [deleted]

18.5.4D G To be an investment manager, a person needs to manage designated investments on a discretionary or non-discretionary basis under the terms of a management agreement. The purpose of COBS 18.5.4CR is to modify COBS 11.6.1G to COBS 11.6.11G so that these provisions apply to a full-scope UK AIFM that is an internally managed AIF because such firms manage designated investments on their own account rather than under the terms of a management agreement. [deleted]

...Adequate information

18.5.10 E (1) In order to provide adequate information to describe how the fund is governed, a small authorised UK AIFM of an unauthorised AIF or a residual CIS operator should include in the fund documents a provision about each of the items of relevant information set out in the following table (Content of fund documents).

(2) Compliance with (1) may be relied on as tending to establish compliance with COBS 18.5.5R.
(3) Contravention of (1) may be relied on as tending to establish contravention of COBS 18.5.5R.

Application of COBS 18.5.10E to a full-scope UK AIFM

18.5.10 R A full-scope UK AIFM which markets an unauthorised AIF to a retail client must, in addition to providing the information in FUND 3.2, take reasonable steps to offer and, if requested, provide to that potential investor information about the following items in the COBS 18.5.10E table (content of fund documents): [deleted]

(1) (1) (Regulator);
(2) (4) (Commencement);
(3) (5) (Accounting);
(4) (6) (Termination method);
(5) (7) (Complaints procedure);
(6) (8) (Compensation);
(7) (13) (Exchange rates);

(11) (23) (Underwriting commitments);
(12) (24) (Investments in other funds); and
(13) (25) (Investments in securities underwritten by the firm).

18.5.10B G Where a full-scope UK AIFM is required to publish a key information document, only information that is additional to that contained in the key information document needs to be disclosed under COBS 18.5.10AR.

18.5A Full-scope UK AIFMs and incoming EEA AIFM branches

Application

18.5A.1 R Subject to COBS 18.5A.2R, this section applies to a firm which is:

(1) a full-scope UK AIFM of:
   (a) a UK AIF;
   (b) an EEA AIF; and
   (c) a non-EEA AIF; or
(2) an incoming EEA AIFM branch.

18.5A.2 R The adequate information provisions in COBS 18.5A.11R do not apply to a full-scope UK AIFM of:

(1) a UK ELTIF or an EEA ELTIF; or
(2) an unauthorised AIF which is not a collective investment scheme.

Application or modification of general COBS rules

18.5A.3 R A firm when it is carrying on AIFM investment management functions:

(1) must comply with the COBS rules specified in the table, as modified by this section; and
(2) need not comply with any other rule in COBS.

18.5A.4 G (1) For activities that are not AIFM investment management functions, the COBS rules apply under the general application rule, as modified in COBS 1 Annex 1.

(2) This may include, for example, activities relating to the administration of the AIF, marketing and activities related to the assets of the AIF.

General modifications

18.5A.5 R Where COBS rules specified in the table in COBS 18.5A.3R apply to a firm carrying on AIFM investment management functions, references to customer or client are to be construed as references to any AIF for which the firm is acting or intends to act.

Research and inducements

18.5A.6 R Subject to COBS 18.5A.7R, a firm must comply with COBS 18 Annex 1 (Research and inducements for collective portfolio managers) when
executing orders, or placing orders with other entities for execution, that relate to financial instruments for, or on behalf of, the fund.

18.5A.7 R COBS 18 Annex 1 does not apply in relation to an AIF which in accordance with its core investment policy:

1. does not generally invest in financial instruments that can be:
   a. registered in a financial instruments account opened in the books of a depositary; or
   b. physically delivered to the depositary; or

2. generally invests in issuers or non-listed companies to potentially acquire control over such companies either individually or jointly with other funds.

Modification of best execution

18.5A.8 R Only the following provisions in COBS 11.2 apply:

1. COBS 11.2.5G;

2. COBS 11.2.17G;

3. COBS 11.2.23AR;

4. COBS 11.2.24R;

5. COBS 11.2.25R(1) and COBS 11.2.26R, but only where an AIF itself has a governing body which can provide prior consent; and

6. COBS 11.2.27R, but only regarding the obligation on an AIFM to notify the AIF of any material changes to its order execution arrangements or execution policy.

18.5A.9 R References to the service of portfolio management in COBS 11.2 (Best execution for AIFMs and residual CIS operators) are to be read as references to the management by a firm of financial instruments held for or within the AIF.

Distance marketing

18.5A.10 G Firms should also be aware that if they are carrying on distance marketing activity from an establishment in the UK, with or for a consumer in the UK or another EEA State, COBS 5.1 applies specific requirements for that activity.

Adequate information

18.5A.11 R A full-scope UK AIFM that markets an unauthorised AIF to a retail client must, in addition to providing the information in FUND 3.2 (Investor
information), take reasonable steps to offer and, if requested, provide to that potential investor information about the following items:

(1) regulator – the firm’s statutory status in accordance with GEN 4 Annex 1R (Statutory status disclosure);

(2) commencement – when and how the firm is appointed;

(3) accounting – the arrangements for accounting to the AIF or investors in the AIF for any transaction effected;

(4) termination method – how the appointment of the firm may be terminated;

(5) complaints procedure – how to complain to the firm and a statement that the investors in the AIF may subsequently complain directly to the Financial Ombudsman Service;

(6) compensation – whether or not compensation may be available from the compensation scheme should the firm be unable to meet its liabilities, and information about any other applicable compensation scheme; and for each applicable compensation scheme, the extent and level of cover and how further information can be obtained;

(7) exchange rates – if a liability of the AIF in one currency is to be matched by an asset in a different currency, or if the services to be provided to the firm for the AIF may relate to an investment denominated in a currency other than the currency in which the investments of the AIF are valued, a warning that a movement of exchange rates may have a separate effect, unfavourable or favourable, on the gain or loss otherwise made on the portfolio of the AIF;

(8) stabilised investments – if it is the case, that the firm will have the right under the AIF documents to effect transactions in investments, the prices of which may be the subject of stabilisation;

(9) research and inducements – how the firm intends to pay for research. For example, whether the firm proposes to pay for research directly or to use a research payment account;

(10) acting as principal – if it is the case, that the firm may act as principal in a transaction with the AIF;

(11) underwriting commitments – if it is the case, that the firm may for the account of the portfolio of the AIF underwrite or sub-underwrite any issue or offer for sale of securities, and:

(a) whether there are any restrictions on the categories of securities which may be underwritten and, if so, what these restrictions are; and
(b) whether there are any financial limits on the extent of the underwriting and, if so, what these limits are;

(12) investments in other funds – whether or not the AIF may invest in funds either managed or advised by the firm or by an associate of the firm or in a fund which is not a regulated collective investment scheme; and

(13) investments in securities underwritten by the firm – whether or not the portfolio of the AIF may contain securities of which any issue or offer for sale was underwritten, managed or arranged by the firm or by an associate of the firm during the preceding 12 months.

18.5A.12 G Where a full-scope UK AIFM is required to publish a key information document, only information that is additional to that contained in the key information document needs to be disclosed under COBS 18.5A.11R.

### 18.5B UCITS management companies

**Application**

18.5B.1 R This section applies to a UCITS management company.

**Application or modification of general COBS rules**

18.5B.2 R A firm when it is carrying on scheme management activity:

1. must comply with the COBS rules specified in the table, as modified by this section; and

2. need not comply with any other rule in COBS.

18.5B.3 G (1) For activities which are not *scheme management activity*, the *COBS rules* apply under the general application rule, as modified in *COBS 1* Annex 1.

(2) This may include, for example, activities relating to the administration and *marketing* of the *scheme*.

**General modifications**

18.5B.4 R Where *COBS rules* specified in the table in *COBS 18.5B.2R* apply to a *firm* carrying on *scheme management activities*, the following modifications apply:

(1) subject to (2), references to *customer or client* are to be construed as references to any *scheme* in respect of which the *firm* is acting or intends to act; and

(2) references to the service of *portfolio management* in *COBS 11.3* (Client order handling) are to be read as references to *collective portfolio management*.

18.5B.5 G (1) *COBS 1.2* (Markets in Financial Instruments Directive) contains modifications to the text of the *MiFID Org Regulation* where this is applied as *rules to firms* that are not subject to those provisions directly.

(2) These modifications apply to the following sections that are applied in the table in *COBS 18.5B.2R*:

(a) *COBS 11.3* (Client order handling); and
Research and inducements

18.5B.6 R  A firm must comply with COBS 18 Annex 1 (Research and inducements for collective portfolio managers) when executing orders, or placing orders with other entities for execution, that relate to financial instruments for, or on behalf of, the fund.

Distance marketing

18.5B.7 G  Firms should also be aware that if they are carrying on distance marketing activity from an establishment in the UK, with or for a consumer in the UK or another EEA State, COBS 5.1 applies specific requirements for that activity.

Amend the following as shown. Underlining indicates new text and striking though indicates deleted text.

18.9  ICVCs

... 18.9.2 G  Firms should note that the operator of an ICVC when it is undertaking scheme management activity will be subject to:

(1)  COBS 18.5.2R if the operator is a small authorised UK AIFM; or
(2)  COBS 18.5A.3R if the operator is a full-scope UK AIFM or an incoming EEA AIFM branch; or
(3)  COBS 18.5B.2R if the operator is a UCITS management company.

18.11  Authorised professional firms

... 18.11.1 G  In certain respects, the application of COBS to an authorised professional firm will be determined by the firm’s status as a MiFID investment firm, a MiFID optional exemption firm or a firm to which MiFID does not apply.

...  

After COBS 18.11 (Authorised professional firms) insert the following new Annexes. The text is all new and is not underlined.
## Annex 1

### 1 Application

1.1 G This section applies to:

1. **a small authorised UK AIFM and a residual CIS operator**, in accordance with COBS 18.5.2R;

2. **a full-scope UK AIFM and an incoming EEA AIFM branch**, in accordance with COBS 18.5A.3R;

3. **a UCITS management company**, in accordance with COBS 18.5B.2R.

1.2 G In accordance with COBS 18.5.3CR and COBS 18.5A.7R, this section does not apply in relation to an AIF or CIS which in accordance with its core investment policy:

1. **does not generally invest in financial instruments** that can be:

   - (a) registered in a financial instruments account opened in the books of a depositary; or
   - (b) physically delivered to the depositary; or

2. **generally invests in issuers or non-listed companies** to potentially acquire control over such companies either individually or jointly with other funds.

### 2 Rule on research and inducement

2.1 R When executing orders, or placing orders with other entities for execution, that relate to financial instruments for, or on behalf of, the fund, a firm must not:

1. accept and retain any fees, commissions or monetary benefits; or

2. accept any non-monetary benefits,

where these are paid or provided by any third party or a person acting on behalf of a third party.

2.2 R A firm must:

1. return to the fund as soon as reasonably possible after receipt any fees, commissions or any monetary benefits paid or provided by any third party or a person acting on behalf of a third party in relation to the services provided to that fund; and
(2) inform the investors in the *fund* about the fees, commissions or any monetary benefits transferred to them (see paragraph 2.4G).

### 2.3 R
Paragraph 2.1R does not apply to:

1. **minor non-monetary benefits** that are:
   1. capable of enhancing the quality of service provided to the *fund* (see paragraph 3.1R); and
   2. of a scale and nature such that they could not be judged to impair the *firm’s* compliance with its duty to act honestly, fairly and professionally in the best interests of the *fund*; and

2. *research* if the requirements of COBS 2.3B (Inducements and research) as modified by paragraph 4 are met.

### 2.4 G
A *firm* may inform investors in the *fund* about the fees, commissions or monetary benefits transferred to them through:

1. the periodic reporting statements provided to *participants* in an *unregulated collective investment scheme* in accordance with COBS 18.5.11R for a *small authorised UK AIFM* or a *residual CIS operator*; or

2. the annual reports provided on request to investors, for a *small authorised UK AIFM* in relation to an *authorised AIF*, a *full-scope UK AIFM*, an *incoming EEA AIFM branch* or a *UCITS management company*.

### 3 Acceptable minor non-monetary benefits

### 3.1 R
A *firm* must not accept a non-monetary benefit unless it is a minor non-monetary benefit which is reasonable, proportionate and of a scale that is unlikely to influence the *firm’s* behaviour in any way that is detrimental to the interests of the *fund*, and which consists of:

1. information or documentation relating to a *financial instrument* that is generic in nature; or

2. written material from a third party that:
   1. is either:
      1. commissioned and paid for by a corporate *issuer* or potential *issuer* to promote a new issuance by the company; or
      2. produced on an ongoing basis, where the third party is contractually engaged and paid by the *issuer*;
(b) clearly discloses the relationship between the third party and the 
issuer; and

(c) is made available at the same time to any firm wishing to receive 
it, or to the general public; or

(3) participation in conferences, seminars and other training events on the 
benefits and features of a specific financial instrument; or

(4) hospitality of a reasonable de minimis value, such as food and drink 
during a business meeting or another training event mentioned under 
(3); or

(5) research relating to an issue of shares, debentures, warrants or 
certificates representing certain securities by an issuer, which is:

(a) produced by a person that is providing underwriting or placing 
services to the issuer on that issue;

(b) made available to prospective investors in the issue; and

(c) disseminated before the issue is completed; or

(6) free sample research provided for a limited trial period where:

(a) the trial period lasts no longer than three months;

(b) the trial period is not commenced with a provider within 12 
months from the termination of an arrangement for the provision of 
research (including a previous trial period) with that provider;

(c) the research provider offering the free trial has no existing 
relationship with the recipient firm for the provision of research 
or execution services; and

(d) the recipient firm keeps records of the dates of any trial periods, 
and sufficient records to demonstrate compliance with the 
conditions in (a) to (c) above.

3.2 G An acceptable minor non-monetary benefit consisting of information or 
documentation relating to a financial instrument that is generic in nature may 
include material provided by a third party that:

(1) consists of:

(a) short term market commentary on the latest economic statistics; 
or

(b) company results or information on upcoming releases or events;

(2) contains only a brief unsubstantiated summary of the third party’s own

(b) the reference to “COBS 2.3A.15R or COBS 2.3A” is to be construed as a reference to “COBS 18 Annex 1 2.1R”; and

(5) in COBS 2.3B.24G, the reference to COBS 11.2A is to be construed as a reference to:

(a) COBS 11.2 for small authorised UK AIFMs, residual CIS operators, full-scope UK AIFMs and incoming EEA AIFM branches; and

(b) COBS 11.2B for UCITS management companies.

4.4 R COBS 2.3B.8R(1) and the reference to “agreeing the research charge with its clients” in COBS 2.3B.4R(2)(a) only apply if the fund has its own governing body which is independent of the firm.

4.5 G (1) An example of a fund that has its own governing body which is independent of the firm is a fund that is a body corporate where the firm is not a director of the fund.

(2) An example of a fund that does not have its own governing body which is independent of the firm is a fund that is a body corporate where the firm is the sole director of the fund.

4.6 G In accordance with COBS 18.5.3R(1), COBS 18.5A.5R and COBS 18.5B.4R(1), references to client are to be construed as references to any fund in respect of which the firm is acting or intends to act.

Disapplication of disclosure provisions

4.7 R The following provisions do not apply and references to them in COBS 2.3B are to be ignored:

(1) COBS 2.3B.5R;

(2) COBS 2.3B.6G;

(3) COBS 2.3B.8R(2);

(4) COBS 2.3B.9G;

(5) COBS 2.3B.12R; and

(6) COBS 2.3B.20R.

Prior disclosure of the research account to investors

4.8 R A firm using a research payment account must set out in writing:

(1) how the firm will comply with the elements of COBS 2.3B.4R(4);
(2) how research purchased through the research payment account may benefit the fund, taking into account its investment objective, policy and strategy;

(3) the approach the firm will take to allocate the costs of research fairly among the funds it manages;

(4) the manner in which, and the frequency at which, the research charge will be deducted from the assets of the fund; and

(5) a statement as to where up-to-date information on the matters covered in COBS 18 Annex 1 4.11R can be obtained.

4.9 R An authorised fund manager of an authorised fund must publish the information in paragraph 4.8 in the fund’s prospectus.

4.10 G (1) A full-scope UK AIFM of an unauthorised AIF may wish to publish the information in paragraph 4.8 with the information to be made available about AIFs in accordance with FUND 3.2.2R(9) (Prior disclosure of information to investors).

(2) A small authorised UK AIFM of an unauthorised AIF or a residual CIS operator may wish to publish the information in paragraph 4.8 with the information to be made available about AIFs in accordance with COBS 18.5.5R (Scheme documents for an unauthorised fund).

4.11 R (1) A firm using a research payment account must publish:

(a) the budgeted amount for research; and

(b) the amount of the estimated research charge for each fund.

(2) A firm must not increase its research budget or research charge unless it has provided clear information about the increase in good time before it is to take effect.

(3) The information in (1) and (2) must be made available to investors and potential investors in the fund.

Periodic disclosure of the research payment account to investors

4.12 R A firm using a research payment account must, for each fund it manages, provide information to investors on the total costs the fund has incurred for third-party research in the most recent annual accounting period.

4.13 R An authorised fund manager of an authorised fund must publish the information in paragraph 4.12 in the annual long report of the authorised fund.

4.13 G A full-scope UK AIFM of an unauthorised AIF may wish to publish the information in paragraph 4.12 with the information to be made available about AIFs in accordance with FUND 3.3 (Annual report of an AIF).
4.14 R  A firm using a research payment account must, on request, make available a summary of the following information to investors for the most recent annual accounting period:

3 Record-keeping of transactions

3.1 R Immediately after executing a client order, or, in the case of firms that transmit orders to another person for execution, immediately after receiving confirmation that an order has been executed, firms must record the following details of the transaction in question:

(1) the name or other designation of the client;

(2) the details specified in points (1) to (10) of the table in 4.1R;

(3) the total price, being the product of the unit price and the quantity;

(4) the nature of the transaction if other than buy or sell; and

(5) the natural person who executed the transaction or who is responsible for the execution.

3.2 R If a firm transmits an order to another person for execution, the firm must immediately record the following details after making the transmission:

(1) the name or other designation of the client whose order has been transmitted;

(2) the name or other designation of the person to whom the order was transmitted;

(3) the terms of the order transmitted; and

November 2007. In many cases, they allow a client to be automatically provided with the nearest equivalent categorisation under COBS 3 to their previous categorisation.

COBS TP 1.3 explains how the transitional provisions for client categorisation relate to the requirement for a firm to act if it becomes aware that an elective professional client no longer satisfies the initial conditions for its categorisation. The default provisions do not prevent a firm categorising such a client differently in accordance with COBS 3.

COBS TP 1.4 provides guidance on how some of the procedural requirements in COBS 3 apply in some such cases.

COBS TP 1.5 contains transitional notification obligations, which apply if the default provisions do not allow that client to be provided with the nearest equivalent categorisation or a firm chooses not to take advantage of those provisions in relation to a client.

COBS TP 1.6 contains a transitional notification obligation that applies to a firm that, in relation to MiFID or equivalent third country business, takes advantage of the default transitional categorisation provisions to classify a client as a per se professional client.

Amendments to the Banking: Conduct of Business sourcebook (BCOBS)

In this Annex, underlining indicates new text and striking through indicates deleted text, unless otherwise stated.

1 Application

1.1 General application

... Limitations on the general application rule

1.1.2 R The general application rule is modified:

(1) in the chapters of this sourcebook for particular purposes; and

(2) in BCOBS 1 Annex 1 for certain types of firm in relation to the sale of structured deposits.

... Structured deposits

1.1.8 G A firm that carries on the activity of accepting deposits which are structured deposits should refer to BCOBS 1 Annex 1.

Insert the following new Annex after BCOBS 1 (Application). All the text is new and is not underlined.

1 Annex Structured deposit business

1 Application of BCOBS to firms selling structured deposits

1.1 R The BCOBS provisions shown below do not apply to a MiFID investment firm, a third country investment firm or a MiFID optional exemption firm in relation to the sale of structured deposits subject to the rules specified in COBS 1.1.1AR(2).

Financial promotions relating to structured deposits

1.4 G (1) *BCOBS* 2 contains *rules* which apply to a *firm* when it communicates a *financial promotion* that is not an *excluded communication* or when the *firm* approves a *financial promotion*.

(2) If a *financial promotion* relates to a *structured deposit*, *rules* relating to past, simulated past and future performance in *COBS* 4.5A or *COBS* 4.6 will also apply.

Structured deposits as PRIIPs

1.5 G *Firms* are reminded that *structured deposits* are PRIIPs and that the provisions of the PRIIPs Regulation are also relevant to such products. The PRIIPs Regulation requires a *person* who advises on, or sells, a PRIIP to provide a retail investor (as defined in the PRIIPs Regulation) with the *key information document* for that PRIIP.

1.6 G Where a *firm* is required to provide information in a *key information document*, it will not be required to provide the same information under *BCOBS* 4.1.

apply to a MiFID investment firm, a third country investment firm or a MiFID optional exemption firm in relation to the sale of structured deposits. A MiFID investment firm, a third country investment firm or a MiFID optional exemption firm is subject to the rules specified in COBS 1.1.1AR(2) in relation to the sale of structured deposits.

2.3 Other general requirements for communications and financial promotions

2.3.6 G The Credit Institutions (Protection of Deposits) Regulations 1995 Depositor Protection Part of the PRA Rulebook may apply in relation to communications with a banking customer.

2.4 Structured deposits, cash Cash deposit ISAs and cash deposit CTFs

2.4.1 G If a financial promotion relates to a structured deposit, rules in COBS 4.6 (Past, simulated past and future performance) will also apply. [deleted]

1 Application and general provisions

1.4 Application: particular activities

...

Auction regulation bidding

1.4.9 R Where a firm carries on auction regulation bidding it may elect to comply with CASS (but not CASS 5) in respect of this activity, subject to the general modifications in CASS 1.4.10R. [deleted]

1.4.10 R Where a firm has made an election in accordance with CASS 1.4.9R, CASS is modified so that in relation to that firm: [deleted]

(1) each reference to:
   (a) designated investments;
   (b) safe custody assets; and
   (c) contingent liability investments;

   includes a reference to a two-day emissions spot;

(2) each reference to designated investment business includes auction regulation bidding;

(3) each reference to safeguarding and administering investments, including safeguarding and administration of assets (without arranging) and arranging safeguarding and administration of assets, includes those activities where they are carried on in relation to a two-day emissions spot; and

(4) the reference in CASS 6.2.3AR to an ‘emissions auction product that is a financial instrument’ includes a two-day emissions spot;

1.4.11 G The effect of CASS 1.4.10R is that when a firm makes an election in accordance with CASS 1.4.9R: [deleted]
(1) a two-day emissions spot falls within the scope of each chapter in CASS (save for CASS 5), for example:

(a) the reference in CASS 6.1.1R(1)(b) to safeguarding and administering investments is modified to include the activity of safeguarding and administering a two-day emissions spot; and

(b) any money that the firm receives or holds for or on behalf of a client in the course of or in connection with its auction regulation bidding activities will be treated as client money and so will need to be dealt with in accordance with the client money rules; and

(2) that election also has effect in relation to rules and guidance elsewhere in the Handbook, including:

(a) COBS 3 (Client categorisation);
(b) COBS 6.1.7R (Information concerning safeguarding of designated investments belonging to clients and client money);
(c) COBS 6.1.11R (Timing of disclosure);
(d) COBS 16.4 (Statements of client designated investments or client money);
(e) SUP 3 (Auditors);
(f) SUP 10A.4.4R (the table of controlled functions) and SUP 10A.7.9R (CASS operational oversight function (CF10a));
(fa) SUP 10 (Table of FCA-controlled functions for relevant authorised persons), SYSC 5.2.30R (Table: FCA-specified significant-harm functions) and SYSC 5.2.32R (CASS oversight and the certification regime); and

(g) SUP 16.14 (Client money and asset return).

1.4.12 G The option to elect to comply with CASS set out in CASS 1.4.9R only applies to the extent the firm is carrying on auction regulation bidding. Where a firm is carrying on MiFID business bidding, CASS applies to it in accordance with the general application rules in CASS for a firm that is carrying on MiFID business: [deleted]

1.4.13 R Where a firm makes an election in accordance with CASS 1.4.9R it must: [deleted]

(1) make a written record of the election, including the date from which the election is to be effective, on the date it makes the election;
(2) keep that record from the date that it is made for a period of five years after ceasing to use the opt in.

1.4.14 R Where a firm that has opted in to CASS under CASS 1.4.9R subsequently decides to cease its use of that opt in it must: [deleted]

(1) make a written record of this decision, including the date from which the decision is to be effective, on the date it takes the decision;

(2) keep that record from the date that it is made for a period of five years after the date it is to be effective; and

(3) discharge any outstanding fiduciary obligations that had arisen because the firm had elected to comply with CASS.

1A.3.1A R A CASS medium firm and a CASS large firm must allocate to a single director or senior manager of sufficient skill and authority the function of:

…

[Note: article 7, first paragraph of the MiFID Delegated Directive]

…

1A.3.2A R Where a firm allocates the responsibilities in CASS 1A.3.1R or CASS 1A.3.1AR (“the CASS oversight responsibilities”) to a director or senior manager (“P”), the firm must not allocate any other responsibilities to P in addition to the CASS oversight responsibilities, unless the firm is satisfied on
reasonable grounds that:

(1) P will still be able to discharge the CASS oversight responsibilities effectively; and

(2) the firm’s full compliance with CASS will not be compromised.

[Note: article 7, second paragraph of the MiFID Delegated Directive]

1A.3.2B R A firm may allow the CASS oversight responsibilities to be shared amongst one or more directors or senior managers where this is done as part of a job share between those persons.

3 Collateral

3.2 Requirements

3.2.4 G When appropriate, firms that enter into the arrangements with retail clients covered in this chapter will be expected to identify in the statement of custody assets sent to the client in accordance with COBS 16.4 (Statements of client designated investments or client money), article 63 of the MiFID Org Regulation (see COBS 16A.5) or CASS 9.5 (Reporting to clients on request) details of the assets which form the basis of the arrangements. Where the firm utilises global netting arrangements, a statement of the assets held on this basis will suffice.

6 Custody rules

6.1 Application

6.1.1 R This chapter (the custody rules) applies to a firm:

(1E) in respect of any arrangement for a client to transfer full ownership of a safe custody asset (or an asset which would be a safe custody asset but for the arrangement) to the firm which is:

(a) in the course of, or in connection with, the firm’s designated investment business; and

(b) for the purpose of securing or otherwise covering present or future, actual or contingent or prospective obligations,
but and the application of the custody rules to a firm under this paragraph is limited to set out in the rules and guidance in CASS 6.1.6R to CASS 6.1.9G; and

...
firm in respect of an asset which is subject to a TTCA and which would otherwise be a safe custody asset.

[Note: recital 52 to MiFID]

6.1.6A R (1) Subject to (2), where a firm makes arrangements for the purpose of securing or otherwise covering present or future, actual, contingent or prospective obligations of a retail client those arrangements must not provide for the taking of a transfer of full ownership of any of that client’s safe custody assets. [deleted]

(2) The application of (1) is confined to the taking of a transfer of full ownership:

(a) whose purpose is to secure or otherwise cover that retail client’s obligations under a contract for differences or a rolling spot forex contract that is a future, and in either case where that contract is entered into with a firm acting as market maker; and

(b) which is made to that firm or to any other person arranging on its behalf.

6.1.6B R (1) A firm must ensure that any arrangement relating to the transfer of full ownership of a client’s safe custody asset to the firm for the purposes set out in CASS 6.1.6R(1) and CASS 6.1.6AR(1) TTCA is the subject of a written agreement made on a durable medium between the firm and the client.

…

6.1.6D R (1) A firm must properly consider and document the use of TTCAs in the context of:

(a) the relationship between the client’s obligation to the firm; and

(b) the safe custody assets subjected to TTCAs by the firm.

(2) A firm must be able to demonstrate that it has complied with the requirement under (1).

(3) When considering, and documenting, the appropriateness of the use of TTCAs, a firm must take into account the following factors:

(a) whether there is only a very weak connection between the client’s obligation to the firm and the use of TTCAs, including whether the likelihood of a client’s liability to the firm is low or negligible;
the extent by which the amount of safe custody assets subject to a TTCA is in excess of the client’s obligations (including where the TTCA applies to all safe custody assets from the point of receipt by the firm) and whether the client might have no obligations at all to the firm; and

whether all the client’s safe custody assets are made subject to TTCA, without consideration of what obligation the client has to the firm.

Where a firm uses a TTCA, it must highlight to the client the risks involved and the effect of any TTCA on the client’s safe custody assets.

[Note: article 6 of the MiFID Delegated Directive]

6.1.6E G A firm may choose to combine its client communication under CASS 6.1.6DR(4) with any communication made in order to comply with article 15.1(a)(ii) of the SFTR or CASS 9.3.1R(2)(d).

6.1.7 G A title transfer financial collateral arrangement under the Financial Collateral Directive is a type of transfer of instruments to cover obligations where the financial instrument will not be regarded as belonging to the client. [deleted]

Termination of title transfer collateral arrangements

6.1.8A R (1) If a client communicates to a firm that it wishes (whether pursuant to a contractual right or otherwise) to terminate an arrangement relating to the transfer of full ownership of its safe custody asset to a firm for the purposes set out in CASS 6.1.6R(1) and CASS 6.1.6AR(1) a TTCA and the client’s communication is not in writing, the firm must make a written record of the client’s communication which also records the date the communication was received.

(3) (a) If a firm agrees to the termination of an arrangement relating to the transfer of full ownership of its safe custody asset to a firm a TTCA, it must notify the client of its agreement in writing. The notification must state when the termination is to take effect and whether or not the client’s safe custody asset will be held under the custody rules by the firm thereafter.

(b) If a firm does not agree to terminate an arrangement relating to the transfer of full ownership of a client’s safe custody asset to the firm a TTCA, it must notify the client of its disagreement in writing.
6.1.8B G CASS 6.1.8AR(3)(a) refers only to a firm’s agreement to terminate an arrangement relating to the transfer of full ownership of a client’s safe custody asset to the TTCA. Such agreement by a firm does not necessarily need to amount to the termination of its entire agreement with the client.

6.1.8C G When a firm notifies a client under CASS 6.1.8AR(3)(a) of when the termination of an arrangement relating to the transfer of full ownership of the safe custody asset to a firm TTCA is to take effect, it should take into account:

6.1.8D R If an arrangement relating to the transfer of full ownership of safe custody assets to a firm for the purposes set out in CASS 6.1.6R(1) and CASS 6.1.6AR(1) a TTCA is terminated, then the exemption at CASS 6.1.6R(1) (4) no longer applies.

6.1.8E G (1) Following the termination of an arrangement relating to the transfer of full ownership of safe custody assets to a firm for the purposes set out in CASS 6.1.6R(1) and CASS 6.1.6AR(1) a TTCA, where a firm does not immediately return the safe custody assets to the client the firm should consider whether the custody rules apply in respect of the safe custody assets pursuant to CASS 6.1.1R(1A) to CASS 6.1.1R(1C).

(2) Where the custody rules apply to a firm for safe custody assets in these circumstances then the firm is required to comply with those rules and should, for example, update the registration under CASS 6.2 (Holding of client assets), update its records under CASS 6.6 (Records, accounts and reconciliations) and treat any shortfall in accordance with CASS 6.6.54R (in each case as appropriate).

6.1.9 G Firms are reminded that, in certain cases, the collateral rules apply where a firm receives collateral from a client in order to secure the obligations of the client.

6.2 Holding of client assets

Requirement to protect clients’ safe custody assets

6.2.1 R A firm must, when holding safe custody assets belonging to clients, make adequate arrangements so as to safeguard clients’ ownership rights, especially in the event of the firm’s insolvency, and to prevent the use of safe custody assets belonging to a client on the firm’s own account except with the client’s express consent.
[**Note:** article 13(7) 16(8) of MiFID]

Requirement to have adequate organisational arrangements

6.2.2 R A *firm* must introduce adequate organisational arrangements to minimise the risk of the loss or diminution of *clients’ safe custody assets*, or the rights in connection with those *safe custody assets*, as a result of the misuse of the *safe custody assets*, fraud, poor administration, inadequate record-keeping or negligence.

[**Note:** article 16(1)(f) 2(1)(f) of the MiFID implementing Delegated Directive]

6.3 Depositing assets and arranging for assets to be deposited with third parties

Depositing safe custody assets with third parties

6.3.1 R …

(3) When a *firm* makes the selection, appointment and conducts the periodic review referred to under this *rule*, it must take into account:

…

(b) any legal requirements or market practices related to the holding of those *safe custody assets* that could adversely affect *clients’ rights*.

…

[**Note:** article 17 3(1) of the MiFID implementing Delegated Directive]

6.3.2 G In discharging its obligations under CASS 6.3.1R, a *firm* should also consider, as appropriate, together with any other relevant matters:

…

(2) …

(2A) market practices related to the holding of the *safe custody asset* that could adversely affect *clients’ rights*.

…

…

6.3.4 R (1) Subject to (2), a *firm* must only deposit *safe custody assets* with a third party in a jurisdiction which specifically regulates and supervises the safekeeping of *safe custody assets* for the account of another *person* with a third party who is subject to such
(2) A firm must not deposit safe custody assets held on behalf of a client with a third party in a country that is not an EEA State (third country) and the third country which does not regulate the holding and safekeeping of safe custody assets for the account of another person unless:

(a) the nature of the safe custody assets or of the investment services connected with those safe custody assets requires them to be deposited with a third party in that third country;

(b) the safe custody assets are held on behalf of a professional client and the client requests the firm in writing to deposit them with a third party in that third country.

(4) The requirements under paragraphs (1) and (2) of this rule also apply when the third party has delegated any of its functions concerning the holding and safekeeping of safe custody assets to another third party.

[Note: article 17(2) and (3) 3(2)(4) of the MiFID implementing Delegated Directive]

6.3.4A-2 G CASS 6.3.4R(4) applies to a firm which deposits a safe custody asset into an account opened with a third party under CASS 6.3.1R(1). It is therefore possible for more than one firm in a chain of custody to be subject to CASS 6.3.4R(4) in respect of the same safe custody asset.

6.3.4A-1 R A firm must take the necessary steps to ensure that any client’s safe custody assets deposited with a third party are identifiable separately from the applicable assets belonging to the firm and from the applicable assets belonging to that third party, by means of differently titled accounts on the books of the third party or other equivalent measures that achieve the same level of protection.

[Note: article 17(2) and (3) 3(2)(4) of the MiFID implementing Delegated Directive]

6.3.5 R Subject to CASS 6.3.6R, in relation to a third party with which a firm deposits safe custody assets belonging to a client, a firm must ensure that any agreement with that third party relating to the custody of those assets does not include the grant to that party, or to any other person, of a lien or a right of retention or sale over the safe custody assets, or a right of set-off over any client money derived from those safe custody assets. [deleted]

6.3.6 R A firm may conclude an agreement with a third party relating to the custody of safe custody assets which confers on that party, or on another person
instructed by that party to provide custody services for those assets, a lien, right of retention or sale, or right of set-off in favour of that party or that other person only if that lien or right: [deleted]

(1) is confined to those safe custody assets held in an account with that third party or that other person and extends only to properly incurred charges and liabilities arising from the provision of custody services in respect of safe custody assets held in that account; or

(2) arises under the operating terms of a securities depository, securities settlement system or central counterparty in whose account safe custody assets are recorded or held, and provided that it does so for the purpose only of facilitating the settlement of trades involving the assets held in that account; or

(3) arises in relation to those safe custody assets held in a jurisdiction, outside the United Kingdom provided that:

(a) it does so as a result of local applicable law in that jurisdiction or is necessary for that firm to gain access to the local market in that jurisdiction; and

(b) in respect of each client to which those assets belong, either:

(i) the firm has taken reasonable steps to determine that holding those assets subject to that lien or right is in the best interests of that client; or

(ii) where a client is a professional client, the firm is instructed by that client to hold those assets in that jurisdiction notwithstanding the existence of that lien or right.

6.3.6A  R  (1) A firm must not grant any security interest, lien or right of set-off to another person over clients’ safe custody assets that enable that other person to dispose of the safe custody assets in order to recover debts unless condition (a) or (b) is satisfied:

(a) those debts relate to:

(i) one or more of the firm’s clients; or

(ii) the provision of services by that other person to one or more of the firm’s clients; or

(b) to the extent those debts relate to anything else then:

(i) the security interest, lien or right of set-off is required by applicable law in a third country jurisdiction in which the safe custody assets are held.
(ii) the firm discloses information to the client so that the client is informed of the risks associated with these arrangements; and

(iii) the firm has taken reasonable steps to determine that holding safe custody assets subject to that security interest, lien or right of set-off is in the best interests of the firm’s clients.

(2) Where security interests, liens or rights of set-off are granted by a firm over safe custody assets, or where the firm has been informed that they are granted, these must be recorded in client contracts and the firm’s own books and records to make the ownership status of safe custody assets clear, such as in the event of an insolvency.

[Note: article 2(4) of the MiFID Delegated Directive]

6.3.6B G Under CASS 6.3.6AR(1)(a), a security interest, lien or right of set-off to facilitate the clearing or settlement of transactions referring to clients of the firm may be regarded as being granted in order to recover debts that relate to the provision of services to one or more clients.

6.3.6C G (1) Under CASS 6.3.6AR(1)(b)(i) a security interest, lien or right of set-off may be regarded as being required by applicable law in a third country for example where:

(a) because of applicable law it is mandatory for such a security interest, lien or right of set-off to be given in order for the safe custody assets to be held in that third country; or

(b) (i) in the context of the service being provided for the firm’s client the applicable law of that third country requires the use of a central securities depositary, securities settlement system or central counterparty;

(ii) the rules of that central securities depositary, securities settlement system or central counterparty are subject to the oversight of a regulator that performs that function under the applicable law; and

(iii) those rules require such a security interest, lien or right of set-off to be given.

(2) But a firm should not grant a security interest, lien or right of set-off under CASS 6.3.6AR(1)(b)(i) that is wider than that under CASS 6.3.6AR(1)(a) where another person in a third country simply requests or demands this as a condition of business.

6.3.6D G To comply with CASS 6.3.6AR(2) and in relation to any security interests, liens or rights of set-off over safe custody assets, a firm should ensure that:
(1) the written terms of its client contracts include the client’s agreement to another person having such a security interest, lien or right of set-off over the client’s assets; and

(2) its books and records are able to show the safe custody assets in respect of which the firm is aware that such security interests, liens, or rights of set-off exist.

6.3.7 G A firm will be considered to be acting on the instructions of its professional client under CASS 6.3.6R (3)(b)(ii) where: [deleted]

(1) the firm has received an individual instruction or has a standing instruction in its terms of business which results in it holding safe custody assets in the relevant jurisdiction; and

(2) prior to acting on the instruction, the firm has expressly informed the client that holding that client’s safe custody assets in the relevant jurisdiction will involve the granting of a lien or right over those assets. The firm may do this by discussing the lien or right individually with the client or by including reference to it in terms of business (which may themselves cross refer to a separate list of relevant jurisdictions to which CASS 6.3.6R(3)(a) applies maintained on the firm’s website in a form accessible to clients) or by a similar method.

6.3.8 R For the purpose of CASS 6.3.6R, references to a safe custody asset include any client money derived from that safe custody asset. Client money derived from a safe custody asset may be regarded as held in the same account as that safe custody asset even though that money and those assets may be recorded separately. [deleted]

...
otherwise use safe custody assets held in such an account for its own account or for the account of another client any other person unless, in addition to the conditions set out in (1):

(a) each client whose safe custody assets are held together in an omnibus account has given express prior consent in accordance with (1)(a); or

(b) the firm has in place systems and controls which ensure that only safe custody assets belonging to clients who have given express prior consent in accordance with the requirements of (1)(a) are so used.

(3) For the purposes of obtaining the express prior consent of a retail client under this rule, the consent must be clearly evidenced in writing and the signature of the retail client or an equivalent alternative mechanism means of affirmative execution is required.

[Note: article 49 5(1) and (2) of the MiFID implementing Delegated Directive]

6.4.1A G The FCA expects firms which enter into arrangements under CASS 6.4.1R with retail clients to only enter into securities financing transactions and not otherwise use retail client's clients' safe custody assets.

6.4.1B G (1) Prior express consent by clients should be given and recorded by firms in order to allow the firm to demonstrate clearly what the client agreed to and to help clarify the status of safe custody assets.

(2) Clients’ consent may be given once at the start of the commercial relationship, as long as it is sufficiently clear that the client has consented to the use of their safe custody assets.

(3) Where a firm is acting on a client instruction to lend safe custody assets and where this constitutes consent to entering into the transaction, the firm should hold evidence to demonstrate this.

[Note: recital 10 to the MiFID Delegated Directive]

6.4.1C R A firm must take appropriate measures to prevent the unauthorised use of safe custody assets for its own account or the account of any other person, such as:

(1) the conclusion of agreements with clients on measures to be taken by the firm in case the client does not have enough provision on its account on the settlement date, such as borrowing of the corresponding securities on behalf of the client or unwinding the position;

(2) the close monitoring by the firm of its projected ability to deliver on the settlement date;
(3) the putting in place of remedial measures if the firm cannot deliver on the settlement date; and

(4) the close monitoring and prompt requesting of undelivered securities outstanding on the settlement day and beyond.

[Note: article 5(3) of the MiFID Delegated Directive]

6.4.1D G Examples of remedial measures in CASS 6.4.1.CR(2) can be found in CASS 6.6.54R.

...  

6.4.2A R A firm must adopt specific arrangements for all clients to ensure that the borrower of client safe custody assets provides the appropriate collateral and that the firm monitors the continued appropriateness of such collateral and takes the necessary steps to maintain the balance with the value of the client safe custody assets.

[Note: article 5(4) of the MiFID Delegated Directive]

6.4.2B G The requirement to monitor collateral under CASS 6.4.2AR applies to a firm where it is party to a securities financing transaction, including when acting as an agent for the conclusion of a securities financing transaction or in the case of a tripartite transaction between a borrower, a client and the firm.

[Note: recital 9 to the MiFID Delegated Directive]

6.4.3 R Where a firm uses safe custody assets as permitted in this section, the records of the firm must include details of the client on whose instructions the use of the safe custody assets has been effected, as well as the number of safe custody assets used belonging to each client who has given consent, so as to enable the correct allocation of any loss.

[Note: article 19(2), 5(2), second sub-paragraph of the MiFID implementing Delegated Directive]

...  

6.6 Records, accounts and reconciliations

...  

6.6.2 R A firm must keep such records and accounts as necessary to enable it at any time and without delay to distinguish safe custody assets held for one client from safe custody assets held for any other client, and from the firm’s own applicable assets.

[Note: article 16(1)(a), 2(1)(a) of the MiFID implementing Delegated Directive]
6.6.3 R A firm must maintain its records and accounts in a way that ensures their accuracy, and in particular their correspondence to the safe custody assets held for clients and that they may be used as an audit trail.

[Note: article 16(1)(b) 2(1)(b) of the MiFID implementing Delegated Directive]

6.6.4 R A firm must maintain a client-specific safe custody asset record.

6.6.5 G (1) The requirements in CASS 6.6.2R to CASS 6.6.4R are for a firm to keep internal records and accounts of clients’ safe custody assets. Therefore any records falling under those requirements should be maintained by the firm, and should be separate to any records the firm may have obtained from any third parties, such as those with whom it may have deposited, or through whom it may have registered legal title to, clients’ safe custody assets.

(2) The FCA expects that compliance by a firm with CASS 6.6 as a whole (to the extent applicable to that firm) will be sufficient to comply with the requirement under CASS 6.6.3R to maintain its records and accounts in a way that ensures they may be used as an audit trail.

External custody reconciliations

...

6.6.34 R A firm must conduct, on a regular basis, reconciliations between its internal records and accounts of safe custody assets held by the firm for clients and those of any third parties by whom those safe custody assets are held.

[Note: article 16(1)(c) 2(1)(c) of the MiFID implementing Delegated Directive]

7 Client money rules

...

7.10 Application and purpose

...

Credit institutions and approved banks

7.10.16 R In relation to the application of the client money rules (and any other rule in so far as it relates to matters covered by the client money rules) to the firms referred to in (1) and (2), the following is not client money:
(1) any deposits within the meaning of the CRD held by a CRD credit institution; and

[Note: article 13(8) 16(9) of MiFID and article 18(1) 4(1) of the MiFID implementing Delegated Directive]

... 7.10.23 G Firms carrying on MiFID business are reminded of their obligation to supply investor compensation scheme information to clients under COBS 6.1.16 R or COBS 6.1ZA.2.18R (Compensation Information).

... 7.11 Treatment of client money

Title transfer collateral arrangements

7.11.1 R (1) Where a client transfers full ownership of money to a firm for the purpose of securing or otherwise covering present or future, actual or contingent or prospective obligations, such money should no longer be regarded as client money. [deleted]

[Note: recital 27 to MiFID]

(2) Excepted from (1) is a transfer of the full ownership of money:

(a) belonging to a retail client;

(b) whose purpose is to secure or otherwise cover that client’s present or future, actual, contingent or prospective obligations under a contract for differences or a rolling spot forex contract that is a future, and in either case where that contract is entered into with a firm acting as market maker; and

(e) which is made to that firm or to any other person arranging on its behalf. [deleted]

(3) (a) A firm must not enter into a TTCA in respect of money belonging to a retail client.

(b) Where a firm entered into a TTCA in respect of money belonging to a retail client (or money which would belong to a retail client but for the arrangement) before 3 January 2018, the firm must terminate that TTCA.

[Note: article 16(10) of MiFID and article 5(5) of the MiFID Delegated Directive]

(4) Money that is subject to a TTCA does not amount to client money, provided that the TTCA is not with a retail client.
7.11.2 R (1) Subject to (2), where a firm makes arrangements for the purpose of securing or otherwise covering present or future, actual, contingent or prospective obligations of a retail client those arrangements must not provide for the taking of a transfer of full ownership of any of that client’s money. [deleted]

(2) The application of (1) is confined to the taking of a transfer of full ownership:

(a) whose purpose is to secure or otherwise cover that retail client’s obligations under a contract for differences or a rolling spot forex contract that is a future, and in either case where that contract is entered into with a firm acting as market maker; and

(b) which is made to that firm or to any other person arranging on its behalf.

7.11.3 R (1) A firm must ensure that any arrangement relating to the transfer of full ownership of a client’s money to the firm for the purposes set out in CASS 7.11.1 R(1) and CASS 7.11.2 R(1) TTCA is the subject of a written agreement made on a durable medium between the firm and the client.

... 

7.11.4A R (1) A firm must properly consider and document the use of TTCA in the context of the relationship between the client’s obligation to the firm and the money subjected to TTCA by the firm.

(2) A firm must be able to demonstrate that it has complied with the requirement under (1).

(3) When considering, and documenting, the appropriateness of the use of TTCA, a firm must take into account the following factors:

(a) whether there is only a very weak connection between the client’s obligation to the firm and the use of TTCA, including whether the likelihood of a liability arising is low or negligible;

(b) the extent by which the amount of money subject to a TTCA is in excess of the client’s obligations (including where the TTCA applies to all money from the point of receipt by the firm) and whether the client might have no obligations at all to the firm; and

[Note: recital 52 to MiFID]
(c) whether all the client's money is made subject to TTCAs, without consideration of what obligation the client has to the firm.

(4) Where a firm uses a TTCA, it must highlight to the client the risks involved and the effect of any TTCA on the client's money.

[Note: article 6 of the MiFID Delegated Directive]

7.11.5 G A title transfer financial collateral arrangement under the Financial Collateral Directive is an example of a type of transfer of money to cover obligations where that money will not be regarded as client money. [deleted]

…

7.11.8 G Pursuant to the client's best interests rule, a firm should ensure that where a retail client transfers full ownership of money to a firm: [deleted]

(1) the client is notified that full ownership of the money has been transferred to the firm and, as such, the client no longer has a proprietary claim over this money and the firm can deal with it on its own right;

(2) the transfer is for the purposes of securing or covering the client's obligations;

(3) an equivalent transfer is made back to the client if the provision of collateral by the client is no longer necessary; and

(4) there is a reasonable link between the timing and the amount of the collateral transfer and the obligation that the client owes, or is likely to owe, to the firm.

Termination of title transfer collateral arrangements

7.11.9 R (1) If a client communicates to a firm that it wishes (whether pursuant to a contractual right or otherwise) to terminate an arrangement relating to the transfer of full ownership of its money to the firm for the purposes set out in CASS 7.11.1.R(1) and CASS 7.11.2R(1) a TTCA, and the client's communication is not in writing, the firm must make a written record of the client's communication, which also records the date the communication was received.

…

(3) (a) If a firm agrees to the termination of an arrangement relating to the transfer of full ownership of a client's money to the firm a TTCA, it must notify the client of its agreement in writing. The notification must state when the termination is to take effect and whether or not the client's money will be treated as client money by the firm thereafter.
(b) If a firm does not agree to terminate an arrangement to the transfer of full ownership of a client’s money to the firm a TTCA, it must notify the client of its disagreement in writing.

7.11.10 G CASS 7.11.9 R(3)(a) refers only to a firm’s agreement to terminate an existing arrangement relating to the transfer of full ownership of a client’s money to the firm TTCA. Such agreement by a firm does not necessarily need to amount to the termination of its entire agreement with the client.

7.11.11 G When a firm notifies a client under CASS 7.11.9R(3)(a) of when the termination of an arrangement relating to the transfer of full ownership of the client’s money to the firm a TTCA is to take effect, it should take into account:

7.11.12 R (1) If an arrangement relating to the transfer of full ownership of a client’s money to a firm for the purposes set out in CASS 7.11.1R(1) and CASS 7.11.2R(1) a TTCA is terminated then, unless otherwise permitted under the client money rules and notified to the client under CASS 7.11.9R(3)(a), the firm must treat that money as client money from the start of the next business day following the date of termination as set out in the firm’s notification under CASS 7.11.9R (3)(a).

(2) Where the firm’s notification under CASS 7.11.9R(3)(a) does not state when the termination of the arrangement will take effect, the firm must treat that money as client money from the start of the next business day following the date on which the firm’s notification is made.

7.11.15 G The exclusion from the client money rules for delivery versus payment transactions under CASS 7.11.14R is an example of an exclusion from the client money rules which is permissible by virtue of recital 26 of 51 to MiFID.

7.12 Organisational requirements: client money

Requirement to protect client money

7.12.1 R A firm must, when holding client money, make adequate arrangements to safeguard the client’s rights and prevent the use of client money for its own account.
Requirement to have adequate organisational arrangements

7.12.2 R A firm must introduce adequate organisational arrangements to minimise the risk of the loss or diminution of client money, or of rights in connection with client money, as a result of misuse of client money, fraud, poor administration, inadequate record-keeping or negligence.

[Note: article 16(1)(f) 2(1)(f) of the MiFID implementing Delegated Directive]

7.13 Segregation of client money

... Depositing client money

7.13.3 R A firm, on receiving any client money, must promptly place this money into one or more accounts opened with any of the following:

(1) a central bank;
(2) a CRD credit institution;
(3) a bank authorised in a third country third country;
(4) a qualifying money market fund.

[Note: article 18(1) 4(1) of the MiFID implementing Delegated Directive]

... Selection, appointment and review of third parties

7.13.8 R (1) A firm that does not deposit client money with a central bank must exercise all due skill, care and diligence in the selection, appointment and periodic review of the CRD credit institution, bank or qualifying money market fund where the money is deposited and the arrangements for the holding of this money.

(2) The firm must consider the need for diversification as part of its due diligence under (1).

[Note: article 18(3) 4(2) first sub-paragraph of the MiFID implementing Delegated Directive]

...
review of a CRD credit institution, a bank or a qualifying money market fund, it must take into account:

(1) the expertise and market reputation of the third party with a view to ensuring the protection of clients’ rights; and

(2) any legal or regulatory requirements or market practices related to the holding of client money that could adversely affect clients’ rights.

[Note: article 48(3) 4(2) second sub-paragraph of the MiFID implementing Delegated Directive]

... Client bank accounts

7.13.12 R A firm must take the necessary steps to ensure that client money deposited, in accordance with CASS 7.13.3R, in a central bank, a credit institution, a bank authorised in a third country or a qualifying money market fund is held in an account or accounts identified separately from any accounts used to hold money belonging to the firm.

[Note: article 16(1)(e) 2(1)(e) of the MiFID implementing Delegated Directive]

... Diversification of client money

7.13.20- G (1) In CASS 7.13.20R to CASS 7.13.25R client money means money deposited under CASS 7.13.3R and therefore includes money deposited under CASS 7.13.3R:

(a) in an account opened with a qualifying money market fund; or

(b) invested in units or shares of a qualifying money market fund.

(2) But client money held under CASS 7.14.2R does not fall within the scope of the diversification provisions at CASS 7.13.20R to CASS 7.13.25R.

7.13.20 R Notwithstanding the requirement at CASS 7.13.22R a firm must limit the funds that it deposits or holds with a relevant group entity or combination of such entities so that the value of those funds do not at any point in time exceed 20 per cent of the total of all the client money held by the firm in its client bank accounts under CASS 7.13.3R.

[Note: article 4(3) first sub-paragraph of the MiFID Delegated Directive]

7.13.21 R For the purpose of CASS 7.13.20R an entity is a relevant group entity if it is:

(1) (a) a CRD credit institution; or
(b) a bank authorised in a third country; or

(c) a qualifying money market fund; or

(d) the entity operating or managing the qualifying money market fund; and

(2) a member of the same group as that firm.

[Note: article 4(3) first sub-paragraph of the MiFID Delegated Directive]

7.13.21 R (1) A firm need not comply with CASS 7.13.20R if, following an assessment, it is able to demonstrate that the requirement under that rule is not proportionate, in view of:

(a) the small balance of client money that it holds;

(b) the nature, scale and complexity of its business; and

(c) the safety offered by the relevant third parties referred to under CASS 7.13.20R.

(2) A firm must review any assessment it makes under (1) periodically.

(3) A firm must notify its assessment under (1) and its reviewed assessments under (2) to the FCA in accordance with CASS 7.13.21CR.

[Note: article 4(3) second sub-paragraph of the MiFID Delegated Directive]

7.13.21 G (1) In relation to the requirement to take account of a firm's “small balance” of client money at CASS 7.13.21AR(1)(a):

(a) the FCA expects a firm that would not qualify to be a CASS small firm under the rules in CASS 1A.2, ignoring any safe custody assets that it holds, to have difficulty in justifying using the approach in CASS 7.13.21AR(1);

(b) a firm should calculate its client money balance for these purposes in the same way required under CASS 1A.2.3R, and base its assessment under CASS 7.13.21AR(1)(a) on either:

(i) the highest total amount of client money that it held during the year ending on the date of the assessment; or

(ii) if it did not hold client money in the previous calendar year, the highest total amount of client money that the firm projects it will hold during the year starting on the date of the assessment;

Page 319 of 524
(c) this means that it may be possible for a CASS medium firm or a CASS large firm to justify using the approach in CASS 7.13.21AR(1) on the basis of small client money balances; and

(d) in any case, a firm seeking to take that approach should also consider the points at CASS 7.13.21AR(1)(b) and (c) as part of its assessment.

(2) In relation to the requirement under CASS 7.13.21AR(2) to review the assessment under CASS 7.13.21AR(1):

(a) a firm should undertake a review and, where appropriate, consider whether to cease to use the approach in CASS 7.13.21AR(1) when it becomes aware of a change in the circumstances that might have led the firm to a different conclusion on its previous assessment; and

(b) in any case a firm should undertake a review at least one year after its previous assessment until it ceases to use the approach in CASS 7.13.21AR(1).

(3) A firm may, subject to paragraph (2)(a), wish to perform the assessment and any periodic reviews under CASS 7.13.21AR when the obligations under CASS 1A.2.9R arise.

(4) Firms are reminded that, independent of CASS 7.13.21AR, each firm is required by CASS 1A.2.2R to determine once every year whether it is a CASS large firm, CASS medium firm or CASS small firm.

7.13.21 R (1) Where a firm decides following an assessment under CASS 7.13.21AR(1) that it intends to use the approach under that rule, the firm must give the FCA notice of this upon reaching that decision and before it starts to use that approach.

(2) Where, following a review under CASS 7.13.21AR(2) a firm decides that it will either cease to use the approach under CASS 7.13.21AR(1) or continue to use it, it must give the FCA notice of this upon reaching that decision.

7.13.22 R Subject to the requirement at CASS 7.13.20R, and in accordance with Principle 10 and CASS 7.12.1R, a firm must:

(1) periodically assess review whether it is appropriate to diversify (or further diversify) the third parties with which it deposits some or all of the client money that the firm holds; and

(2) whenever it concludes that it is appropriate to do so, it must make adjustments accordingly to the third parties it uses and to the amounts of client money deposited with them.
[Note: article 4(2) first sub-paragraph of the MiFID Delegated Directive]

7.13.23 G In complying with the requirement in CASS 7.13.22R to periodically assess review whether diversification (or further diversification) is appropriate, a firm should have regard to:

...

Qualifying money market funds

7.13.26 R Where a firm deposits client money with a qualifying money market fund, the firm’s holding of those units or shares in that fund will be subject to any applicable requirements of the custody rules.

[Note: recital 23 4 to the MiFID implementing Delegated Directive]

...

7.13.28 R (1) A firm must inform a client that money placed with a qualifying money market fund will not be held in accordance with the requirements for holding client money.

(2) A firm must give a client the right to oppose the placement of his money in a qualifying money market fund ensure that, having provided the information to the client under (1), the client gives its explicit consent to the placement of their money in a qualifying money market fund.

[Note: article 18(3) 4(2) third sub-paragraph to the MiFID implementing Delegated Directive]

7.13.29 G If a firm that intends to place client money in a qualifying money market fund is subject to the requirement to disclose information before providing services, it should, in compliance with that obligation, notify the client that:

[deleted]

(1) money held for that client will be held in a qualifying money market fund; and

(2) as a result, the money will not be held in accordance with the client money rules; and

(3) if it is the case, that the units will be held as the client’s safe custody assets in accordance with the custody rules.

7.13.29 G A firm may comply with CASS 7.13.28 R(1) by informing the client that the units or shares in the qualifying money market fund will be held as safe custody assets.
7.15 Records, accounts and reconciliations

7.15.2 R A firm must keep such records and accounts as are necessary to enable it, at any time and without delay, to distinguish client money held for one client from client money held for any other client, and from its own money.

[Note: article 46(1)(a) 2(1)(a) of the MiFID implementing Delegated Directive]

7.15.3 R A firm must maintain its records and accounts in a way that ensures their accuracy, and in particular their correspondence to the client money held for clients and that they may be used as an audit trail.

[Note: article 46(1)(b) 2(1)(b) of the MiFID implementing Delegated Directive]

7.15.4 G (1) The requirements in CASS 7.15.2R to CASS 7.15.3R are for a firm to keep internal records and accounts of client money. Therefore, any records falling under those requirements should be maintained by the firm and should be separate to any records the firm may have obtained from any third parties, such as those with or through whom it may have deposited, or otherwise allowed to hold, client money.

(2) Where a firm complies with CASS 7.15 as a whole (to the extent applicable to that firm) this will be sufficient to comply with the specific duty in CASS 7.15.3R to maintain its records and accounts in a way that ensures that they can be used as an audit trail.

External client money reconciliations

7.15.20 R A firm must conduct, on a regular basis, reconciliations between its internal records and accounts and those of any third parties which hold client money.

(ii) the record-keeping obligations in CASS 6.3.6R(3)(b)(i) 6.3.6AR.

9.4 Information to clients concerning custody assets and client money

9.4.1 G (1) Firms to which COBS 6.1 applies are reminded that, under COBS 6.1.7R, a firm that holds client designated investments or client money must provide its clients with specific information about how the firm holds those client designated investments and client money and how certain arrangements might give rise to specific consequences or risks for those client designated investments and client money.

(2) COBS 6.1 (Information about the firm and compensation information (non-MiFID provisions)) applies to a firm in relation to its designated investment business, other than MiFID, equivalent third country or optional exemption business, for a retail client.

9.4.2 R A firm to which COBS 6.1 applies that holds custody assets or client money must, in relation to its business for which COBS 6.1 applies:

…

9.4.2A G (1) Firms to which COBS 6.1ZA applies are reminded of the requirements under article 49 of the MiFID Org Regulation (which are directly applicable to some firms and which are also applied to firms in other circumstances under COBS 6.1ZA.1.3R) to provide certain information to a client when the firm is holding the client’s financial instruments or funds (see COBS 6.1ZA.2.5EU).

(2) COBS 6.1ZA (Information about the firm and compensation information (MiFID provisions)) applies to a firm in relation to its MiFID, equivalent third country or optional exemption business for a client.

9.4.2B R A firm to which COBS 6.1ZA applies that holds custody assets or client money must, in relation to its business for which COBS 6.1ZA applies:

(1) provide the information referred to in paragraphs 2 to 7 of article 49 of the MiFID Org Regulation for any custody asset that the firm may
hold for a client, including:

(a) any custody asset which is a designated investment but not a financial instrument; and

(b) any custody asset which is neither a designated investment nor a financial instrument; and

(2) provide the information in (1) to each of its clients.

9.4.3 G A firm should provide the information required in CASS 9.4.2R or CASS 9.4.2BR (as applicable) to any client for whom it holds custody assets or client money, including a retail client, a professional client and an eligible counterparty.

9.4.4 G (1) …

(2) Firms are also reminded of the requirements in respect of communications made to retail clients under COBS 4.5 and clients under article 44 of the MiFID Org Regulation and COBS 4.5A (as applicable).

9.5 Reporting to clients on request

9.5.1 G (1) Firms to which COBS 16.4 applies are reminded that, under COBS 16.4, they are required to send to each of their clients at least once a year a statement in a durable medium of those designated investments and/or client money they hold for that client. A firm which manages investments may provide this statement in its periodic statement, as required under COBS 16.3.

(2) COBS 16.4 (Statements of client designated investments or client money) applies, in accordance with COBS 16.1.2R, to a firm carrying on designated investment business other than MiFID, equivalent third country or optional exemption business.

9.5.2 G Firms are reminded that the requirements in COBS 16.4, article 63 of the MiFID Org Regulation and COBS 16A.4 only set out the minimum frequency at which firms must report to their clients on their holdings of designated investments and/or client money. Firms may choose to report to their clients more frequently.

9.5.3 G Subject to CASS 9.5.5AR and CASS 9.5.6R, CASS 9.5.4R, CASS 9.5.4BR and CASS 9.5.5R require firms to comply with a client’s request for information on the custody assets and/or client money the firm holds for a client under CASS 6 and/or CASS 7, and such request may be made by a client at any time.

9.5.4 R When a firm to which COBS 16.4 applies receives a request, made by a client, or on a client’s behalf, for a statement of the custody assets and/or client money that the firm holds for that client, the firm must provide the
client with the statement requested in a durable medium.

9.5.4A  G  (1)  Firms to which COBS 16A applies are reminded of the requirements under article 63 of the MiFID Org Regulation (which are directly applicable to some firms and which are also applied to firms in other circumstances under COBS 16A.1.2R) in relation to quarterly statements when the firm is holding a client’s financial instruments or funds (see COBS 16A.4.1EU and COBS 16A.5.1EU).

(2)  COBS 16A (Reporting information to clients (MiFID provisions) applies to a firm in relation to its MiFID, equivalent third country or optional exemption business.

9.5.4B  R  When a firm to which COBS 16A applies receives a request, made by a client, or on a client’s behalf, for a statement of the custody assets that the firm holds for that client, it must provide the client with a statement in a durable medium in relation to any custody assets that are not financial instruments.

9.5.4C  G  A firm to which COBS 16A applies may combine the statement required under CASS 9.5.4BR with a statement issued in response to a request made under the last sentence of the first sub-paragraph of article 63(1) of the MiFID Org Regulation.

9.5.5A  R  A firm is not required to provide a client with a statement under CASS 9.5.4R or CASS 9.5.4BR, or a copy of a statement under CASS 9.5.5R (as applicable) where the following conditions are met:

(1)  the firm provides the client with access to an online system, which qualifies as a durable medium;

(2)  up-to-date statements of the client’s custody assets and/or client money can be easily accessed by the client via the system under (1); and

(3)  the firm has evidence that the client has accessed this statement at least once during the relevant quarter.

9.5.6  R  Any charge agreed between the firm and the client for providing the statements in CASS 9.5.4R and CASS 9.5.4BR or CASS 9.5.5R (as applicable) must reasonably correspond to the firm’s actual costs be at a commercial cost.

9.5.7  G  Any statement provided to a client under CASS 9.5.4R or CASS 9.5.5R (as applicable) may, although it is not required to, be in the same form as the statement a firm is required to provide to a client under COBS 16.4 or, if appropriate, COBS 16.3.
9.5.9 G Firms are reminded that under CASS 3.2.4G firms that enter into arrangements with retail clients covered by CASS 3 (Collateral) should, when appropriate, identify in any statement of custody assets sent to the client under COBS 16.4 (Statements of client designated investments or client money), article 63 of the MiFID Org Regulation or COBS 16A.4 (as applicable) or this section, the details of the assets which form the basis of that collateral arrangement.

10.1 Application, purpose and general provisions

…

Purpose

10.1.2 G The purpose of the CASS resolution pack is to ensure that a firm maintains and is able to retrieve information that would:

(1) in the event of its insolvency, assist an insolvency practitioner in achieving a timely return of client money and safe custody assets held by the firm to that firm’s clients; and

(2) in the event of its or another firm’s resolution, assist the Bank of England in its capacity as resolution authority under the RRD; and

(3) in either case, assist the FCA.

…

10.1.7 R In relation to each document in a firm’s CASS resolution pack a firm must:

(1) put in place adequate arrangements to ensure that an administrator, receiver, trustee, liquidator or analogous officer appointed in respect of it or any material part of its property is able to retrieve each document as soon as practicable and in any event within 48 hours of that officer’s appointment; and

(2) ensure that it is able to retrieve each document as soon as practicable, and in any event within 48 hours, where it has taken a decision to do so or as a result of an FCA or Bank of England request.

[Note: article 2(5) of the MiFID Delegated Directive]

…

10.3 Existing records forming part of the CASS resolution pack

10.3.1 R A firm must include, as applicable, within its CASS resolution pack the
records required under:

(1) …

(1A) CASS 6.3.6AR (third party rights over client assets);

(2) …

…

(11) COBS 8.1.4R or COBS 8A.1.9R (retail and professional client agreements).

…

12.2 Treatment of client money

…

12.2.2 G The FCA understands that in complying with condition 2(g) of the Part 30 exemption order, a firm is representing that it will not:

…

(3) enter into any arrangement relating to the transfer of full ownership of the client’s money to the firm for the purposes set out in CASS 7.11.1R(1) TTCA under CASS 7.11;

in relation to business conducted pursuant to the Part 30 exemption order.

Annex I

Amendments to the Market Conduct sourcebook (MAR)

In this Annex, underlining indicates new text.

After MAR 5A (Organised trading facilities) insert the following new chapter. All the text is new and is not underlined.

**5AA**  Multilateral systems

**5AA.1**  Operation of a multilateral system as an MTF or OTF

5AA.1.1  R Where a firm operates a multilateral system from an establishment in the United Kingdom it must operate it as a multilateral trading facility or an organised trading facility.

[Note: article 1(7) of MiFID]

5AA.1.2  G In our view, any system that merely receives, pools, aggregates and broadcasts indications of interest, bids and offers or prices should not be considered a multilateral system. This means that a bulletin board should not be considered a multilateral system. The reason is that there is no reaction of one trading interest to another other within these types of facilities. However, operating such a facility may amount to performing the activity of making arrangements with a view to transactions in investments (see PERG 2.7.7BG).

Insert the new section MAR 5.10 after MAR 5.9 (Post-trade transparency requirements for shares). All the text is new and is not underlined.

**5.10**  Operation of an SME growth market

Registering an MTF as an SME growth market

5.10.1  R A firm may apply to the FCA to have an MTF registered as an SME growth market.

[Note: article 33(1) of MiFID]

5.10.2  R For an MTF to be eligible for registration as an SME growth market, the firm must have effective rules, systems and procedures which ensure that:

(1) at least 50% of the issuers whose financial instruments are admitted to trading on the MTF are small and medium-sized enterprises at the
time when the MTF is registered as an SME growth market, and in any calendar year thereafter;

(2) appropriate criteria are set for initial and ongoing admission to trading of financial instruments of issuers on the market;

(3) on initial admission to trading of financial instruments on the market, there is sufficient information to enable investors to make an informed judgement about whether or not to invest in the financial instruments published in either:

(a) an appropriate admission document; or

(b) a prospectus, if the Prospectus Directive is applicable in respect of a public offer being made in conjunction with the initial admission to trading of the financial instrument on the MTF;

(4) there is appropriate ongoing periodic financial reporting by, or on behalf of, an issuer on the market, for example through audited annual reports;

(5) the following comply with the Market Abuse Regulation as applicable to each of them:

(a) issuers on the market as defined in point (21) of article 3(1) of the Market Abuse Regulation;

(b) persons discharging managerial responsibilities as defined in point (25) of article 3(1); and

(c) persons closely associated with them as defined in point (26) of article 3(1);

(6) regulatory information concerning the issuers on the market is stored and disseminated to the public; and

(7) there are effective systems and controls aiming to prevent and detect market abuse on that market as required under the Market Abuse Regulation.

[Note: articles 33(2) and 33(3) of MiFID]

The contents of an application for registration as an SME growth market

5.10.3 G The requirements specified in MAR 5.10.2R:

(1) are subject to the provisions of the MiFID Org Regulation, further specifying the requirements laid down in article 33(3) of MiFID; and

(2) do not detract from other obligations relevant to an MTF under this chapter, but a firm may impose additional requirements to those
specified in MAR 5.10.2R.

[Note: articles 33(4) and 33(8) of MiFID, and articles 78 and 79 of the MiFID Org Regulation]

5.10.4 G (1) The FCA expects an application for registration as an SME growth market to be accompanied by:

(a) a copy of the rules, systems and procedures supporting the applicant’s compliance with the requirements specified in MAR 5.10.2R; and

(b) such other information as the FCA may reasonably require to determine the application in accordance with MAR 5.10.2R and MAR 5.10.3R.

(2) A firm intending to apply for registration as an SME growth market may wish to contact the Infrastructure and Trading Firms Department at the FCA for further advice on the preparation, timing and practical aspects of an application to register.

5.10.5 R (1) Where a financial instrument of an issuer is admitted to trading on one SME growth market, the financial instrument must not be traded on another SME growth market unless the issuer has been informed and has not objected.

(2) In the case of (1), the issuer shall not be subject to any obligation relating to corporate governance or initial, ongoing or ad hoc disclosure with regard to the latter SME growth market.

[Note: article 33(7) of MiFID]

5.10.6 G The issuer of the financial instrument referred to in MAR 5.10.5R should be informed by notice in writing that another SME growth market wishes to admit the instrument to trading, and should generally be given no less than 28 days to object.

Deregistering an MTF as an SME growth market

5.10.7 R An MTF registered as an SME growth market may be deregistered by the FCA in the following cases:

(1) the firm operating the market applies for its deregistration; or

(2) the requirements in MAR 5.10.2R are (subject to MAR 5.10.3G(1)) no longer complied with.

[Note: article 33(5) of MiFID and article 79 of the MiFID Org Regulation]

(2) A firm subject to MAR 10.4.8D(2) or MAR 10.4.10D(3) may use a third party technology provider to submit to the FCA the report referred to in MAR 10.4.8 D(2) provided that it does so in a manner consistent with MiFID. It will retain responsibility for the completeness, accuracy and timely submission of the report and should populate field 5 of MiFID ITS 4 Annex II with its own reporting entity identification. It should be the applicant for, and should complete and sign, the FCA MDP on-boarding application form.

(3) MAR 10.4.11.G(2) applies to a trading venue subject to MAR 10.4.
(4) A firm subject to MAR 10.4.8D(2) or MAR 10.4.10D(3) may arrange for the trading venue where that commodity derivative or emission allowance is traded to provide the FCA with the report provided that it does so in a manner consistent with MiFID. The firm will retain responsibility for the completeness, accuracy and timely submission of the report, submitted on its behalf. The firm should populate field 5 of MiFID ITS 4 Annex II with its own reporting entity identification.

12 Appointed representatives

12.1 Application and purpose

Application General application

12.1.1 R …

Territorial application: compatibility with EU law

12.1.1A R (1) The territorial scope of SUP 12 is modified to the extent necessary to be compatible with EU law (see SUP 12.1.1BG and 12.1.1CG for guidance on this).

\[(2) \text{ This rule overrides every other rule in this chapter.}\]

12.1.1B G For a UK MiFID investment firm, in our view, rules in this chapter that are within the scope of MiFID apply to its MiFID business carried on from an establishment in the United Kingdom or another EEA State.

\[[\text{Note: articles 34(1) and 35(1) and (8) of MiFID}]\]

12.1.1C G For an EEA MiFID investment firm, in our view, rules in this chapter that are within the scope of MiFID apply only to its MiFID business to the extent
they relate to the knowledge and competence of one or more of its **UK tied agents**. An **EEA MiFID investment firm** should complete the Appointed representative appointment form in **SUP 12 Annex 3R** when appointing a **UK tied agent** to carry on **MiFID business** on its behalf.

**[Note: article 29(3) of MiFID]**

**Interaction of SUP 12 and other modules in relation to MiFID business**

12.1.1D G In addition to those rules in **SUP 12** relating to the **MiFID business** of **appointed representatives** and **tied agents**, there are other MiFID obligations in the **Handbook** relevant to the knowledge and competence of **tied agents** and related compliance obligations (see **SYSC 5.1, TC** and **FIT** (in respect of **appointed representatives** that are **approved persons**)). These provisions are subject to the territorial application requirements in their respective chapters.

**Purpose**

...

12.1.4 G The **FCA** has produced a leaflet entitled “Becoming an appointed representative” which provides a comprehensive summary of some of the main features of the appointed representative regime. You may download a copy of this leaflet from our website at http://www.fca.org.uk/your-fca/documents/factsheet-becoming-an-appointed-representative. FCA’s website includes information about becoming and appointing an **appointed representative**. This information can be found at https://www.fca.org.uk/firms/appointed-representatives-principals.

12.1.5 G This chapter also sets out:

1. **guidance** about section 39A of the Act, which is relevant to a **UK MiFID investment firm** that is considering appointing an **FCA registered tied agent**; and

2. It also sets out the **FCA’s rules**, and **guidance** on those rules, in relation to the appointment of:

   (a) an **EEA tied agent** by a **UK MiFID investment firm**;

   (b) a **MiFID optional exemption appointed representative**; and

   (c) a **structured deposit appointed representative**.

12.2 **Introduction**

What is an appointed representative?

12.2.1 G …
(3) If an appointed representative is also a tied agent or a MiFID optional exemption appointed representative he must also satisfy the condition in section 39(1A) of the Act in order to be an exempt person. See SUP 12.4.12G and SUP 12.4.13G for guidance on that condition and SUP 12.2.16G for more general guidance about tied agents and SUP 12.2.17G for guidance about MiFID optional exemption appointed representatives.

(3A) If an appointed representative is also a structured deposit appointed representative he must also satisfy the condition in section 39(1AA) of the Act in order to be an exempt person. See SUP 12.4.12G and SUP 12.4.13G for guidance on that condition and SUP 12.2.18G for guidance about structured deposit appointed representatives.

Business for which an appointed representative is exempt

12.2.7 G (1) The Appointed Representatives Regulations are made by the Treasury under sections 39(1), (1C) and (1E) of the Act. These regulations describe, among other things, the business for which an appointed representative may be exempt or to which sections 20(1) and (1A) and 23(1A) of the Act may not apply, which is business which comprises any of:

... 

(b) arranging (bringing about) deals in investments (article 25(1) of the Regulated Activities Order) (that is in summary, deals in a designated investment (other than a P2P agreement), structured deposit, funeral plan contract, pure protection contract, general insurance contract or right to or interest in a funeral plan);

(c) making arrangements with a view to transactions in investments (article 25(2) of the Regulated Activities Order) (that is in summary, transactions in a designated investment (other than a P2P agreement), structured deposit, funeral plan contract, pure protection contract, general insurance contract or right to or interest in a funeral plan);

... 

(i) advising on investments (except P2P agreements) (article 53(1) of the Regulated Activities Order) (that is in summary, on any designated investment (other than a P2P agreement), structured deposit, funeral plan contract, pure protection contract, general insurance contract or right to or interest in a funeral plan);
(2) If the appointed representative is also a tied agent of an EEA firm, the business for which the appointed representative may be exempt includes the following additional activities:

What is a tied agent?

12.2.16 G ...

(7) Under MiFID, an EEA State may prohibit the appointment of tied agents by MiFID investment firms for which it is the Home State. A tied agent must be registered with the competent authority of the EEA State in which it is established. If a UK MiFID investment firm appoints a tied agent established in such an EEA State, the UK but that does not, and is not likely to, conduct any business as a tied agent in the UK. That tied agent must be registered with the FCA. Such an EEA tied agent is referred to in the Handbook as an FCA registered tied agent.

(8) If a UK MiFID investment firm appoints a tied agent established in an EEA State that allows MiFID investment firms for which it is the Home State to appoint tied agents other than the UK, the tied agent must be registered with the competent authority of the EEA State in which it is established. Such an EEA tied agent is referred to in the Handbook as an EEA registered tied agent.

What is a MiFID optional exemption appointed representative?

12.2.17 G (1) A MiFID optional exemption appointed representative is a person who acts for and under the responsibility of a MiFID optional exemption firm. Such appointed representatives are not also tied agents since they do not act on behalf of a MiFID investment firm in respect of MiFID business.

(2) Unless otherwise provided, this chapter applies to a firm that appoints a MiFID optional exemption appointed representative in the same way as it applies to the appointment of any other appointed representative.

(3) The rules in this chapter which apply with respect to UK tied agents appointed by UK firms also apply to a firm that appoints a MiFID optional exemption appointed representative.

What is a structured deposit appointed representative?

12.2.18 G (1) If a MiFID investment firm or a third country investment firm
appoints a person to act under its full and unconditional responsibility but only for the purpose of selling, or advising clients in relation to, structured deposits (and not any of the activities within article 4(1)(29) of MiFID), that person will not be a tied agent in respect of that activity.

(2) Unless otherwise provided, this chapter applies to a firm that appoints a structured deposit appointed representative in the same way as it applies to the appointment of any other appointed representative.

(3) The rules in this chapter which apply with respect to UK tied agents appointed by UK firms also apply to a firm that appoints a structured deposit appointed representative.

12.3 What responsibility does a firm have for its appointed representatives or EEA tied agent agents?

... Responsibility for EEA tied agents

12.3.5 R A UK MiFID investment firm must not appoint an EEA registered tied agent or allow such an agent to continue to act for it unless it accepts or has accepted responsibility in writing for the agent’s activities in acting as its EEA registered tied agent.

[Note: paragraph 1 of article 23(2) 29(2) of MiFID]

... 12.4 What must a firm do when it appoints an appointed representative or an EEA tied agent?

... Appointment of an appointed representative (other than an introducer appointed representative)

... 12.4.2A R (1) A firm must ensure that:

(a) a tied agent that is an appointed representative; or

(b) a MiFID optional exemption appointed representative; or

(c) a structured deposit appointed representative,

is of sufficiently good repute and that it possesses appropriate
general, commercial and professional knowledge and competence so as to be able to communicate accurately all relevant information regarding the proposed service to the client or potential client. This does not limit a firm’s obligations under SUP 12.4.2R.

(2) A firm must ensure that its tied agent or MiFID optional exemption appointed representative also possesses appropriate general, commercial and professional knowledge and competence so as to be able to deliver the investment service or ancillary service for which the firm has accepted responsibility.

[Note: paragraphs 3 2 and 4 3 of article 23(3) 29(3) of MiFID]

12.4.2B G (1) A firm to which SUP 12.4.2AR applies should also have regard to SYSC 5.1 (Skills, knowledge and expertise). The requirements of the Training and Competence sourcebook (TC) and guidance in the Fit and Proper Test for Approved Persons and specified significant-harm functions (FIT) may also be relevant.

(2) ESMA has issued guidelines for MiFID investment firms specifying the criteria for the assessment of knowledge and competence. These guidelines are relevant to tied agents (see SYSC 5.1.5ADG).

Appointment of an FCA registered tied agent

12.4.11 R If a UK MiFID investment firm appoints an FCA registered tied agent, SUP 12.4.2R and SUP 12.4.2AR apply to that firm as though the FCA registered tied agent were an appointed representative.

[Note: paragraphs 3 2 and 4 3 of article 23(3) 29(3) of MiFID]

Tied agents

12.4.12 G (1) A tied agent that is an appointed representative may not start to act as a tied agent until it is included on the applicable register (section 39(1A) of the Act). If the tied agent is established in the UK, the register maintained by the FCA is the applicable register for these purposes. If the tied agent is established in another EEA State, it should consult section 39(1B) of the Act to determine the applicable register is that maintained by the competent authority in the EEA State in which the tied agent is established.

…

(4) If the tied agent is not established in the UK and is appointed by an EEA MiFID investment firm, it cannot commence acting as a tied agent until it is included on the public register of tied agents in the EEA State in which it is established (or in certain cases, of the Home State of the firm).
MiFID optional exemption appointed representatives and structured deposit appointed representatives

12.4.13 G (1) A MiFID optional exemption appointed representative or a structured deposit appointed representative may not start to act as such until it is included on the Financial Services Register (sections 39(1A) and 39(1AA) of the Act).

(2) A firm must notify the FCA of the appointment of a MiFID optional exemption appointed representative or a structured deposit appointed representative before such appointed representative starts acting in that capacity (SUP 12.7.1R).

12.5 Contracts: required terms

Required contract terms for all appointed representatives

... 12.5.2 G ...

(2) Under the Appointed Representatives Regulations, an appointed representative is treated as representing other counterparties if, broadly, it:

... where an “investment transaction” means a transaction to buy, sell, subscribe for or underwrite a security or a relevant investment (that is, a designated investment (other than a P2P agreement), structured deposit (where applicable), funeral plan contract, pure protection contract, general insurance contract or right to or interest in a funeral plan; or

... 12.5.2A G ...

(1) a UK MiFID investment firm or a third country investment firm appoints an appointed representative that is a tied agent or a MiFID optional exemption appointed representative, regulation 3(6) of the Appointed Representatives Regulations requires the contract between the firm and the appointed representative to contain a provision that the representative is only permitted to provide the services and carry on the activities referred to in Article 4(1)(25) article 4(1)(29) of...
MiFID while entered on the Register.

(2) A firm appoints an appointed representative that is a structured deposit appointed representative, regulation 3(6) of the Appointed Representatives Regulations requires the contract between the firm and the appointed representative to contain a provision that the representative is only permitted to sell, or advise clients on, structured deposits while entered on the Register.

12.5.6 G (1) If the appointed representative is appointed to give advice on investments to retail clients concerning packaged products, the firm should also satisfy itself that the contract requires compliance with the rules in COBS 6 or COBS 6.1ZA (Information about the firm and compensation information).

Prohibition of multiple principals for certain activities

12.5.6A R ... [Note: articles 4(1)(25) 4(1)(29) and 23(1) 29(1) of MiFID]

Required contract terms for EEA tied agents

12.5.8 R If a UK MiFID investment firm appoints an EEA tied agent, SUP 12.5.6AR(1A) applies to that firm as though the EEA tied agent were an appointed representative. 

[Note: articles 4(1)(25) 4(1)(29) and 23(1) 29(1) of MiFID]

12.6 Continuing obligations of firms with appointed representatives or EEA tied agents

Suitability etc. of appointed representatives

... 

12.6.1A R A firm that is a principal principal of a tied agent that is an appointed representative must monitor the activities of that tied agent so as to ensure the firm complies with obligations imposed under MiFID (or equivalent obligations relating to the equivalent business of a third country investment firm) when acting through that tied agent.

[Note: paragraph 3 of Article 23(2) article 29(2) of MiFID]
Obligations of firms under the training and competence rules

12.6.10 G A firm that is a principal of a tied agent should also refer to the guidelines for MiFID investment firms issued by ESMA specifying criteria for the assessment of knowledge and competence (see SYSC 5.1.5ADG).

Continuing obligations of firms with tied agents

12.6.13 R A firm must ensure that its tied agent discloses the capacity in which he is acting and the firm he is representing when contacting a client or potential client or before dealing with a client or potential client.

[Note: paragraph 1 of article 23(2) 29(2) of MiFID]

12.6.14 R A firm must take adequate measures in order to avoid any negative impact of the activities of its tied agent not covered by the scope of MiFID (or relating to the equivalent business of a third country investment firm) could have on the activities carried out by the tied agent on behalf of the firm.

[Note: paragraph 1 of article 23(4) 29(4) of MiFID]

12.6.15 R …

Continuing obligations of firms with MiFID optional exemption appointed representatives or structured deposit appointed representatives

12.6.15 R A If a firm appoints a MiFID optional exemption appointed representative or a structured deposit appointed representative, that firm must:

(1) monitor the activities of the appointed representative to ensure that the firm complies with those obligations which implement provisions of MiFID and to which it is subject when acting through its appointed representative;

(2) ensure that its appointed representative discloses the capacity in which it is acting and the firm it is representing when contacting a client or potential client or before dealing with a client or potential client; and

(3) take adequate measures to avoid any negative impact that the activities of its appointed representative not covered by the scope of MiFID could have on the activities carried out by the appointed representative on behalf of the firm.

12.6.15B G In SUP 12.6.15AR(1), the obligations which implement relevant provisions
of MiFID to which a firm is subject include:

(1) in the case of a MiFID optional exemption firm appointing a MiFID optional exemption appointed representative, those conduct requirements which are imposed pursuant to article 3(2) of MiFID; and

(2) in the case of a firm appointing a structured deposit appointed representative, those requirements which are imposed pursuant to article 1(4) of MiFID.

12.7 Notification requirements

Notification of appointment of an appointed representative

12.7.1 R (1) This rule applies to a firm which intends to appoint:

(a) an appointed representative to carry on insurance mediation activities; or

(b) a tied agent; or

(c) an appointed representative to carry on MCD credit intermediation activity; or

(d) a MiFID optional exemption appointed representative; or

(e) a structured deposit appointed representative.

12.7.5 G To contact the Individuals, Mutuals and Policy Department FCA’s Contact Centre with appointed representatives enquiries:

(1) telephone on 020 7066 0019 0300 500 0597; fax on 020 7066 1099 0017; or

(2) write to: Individuals, Mutuals and Policy Department Customer Contact Centre, The Financial Conduct Authority, 25 The North Colonnade, Canary Wharf, London E14 5HS; or

(3) email iva@fca.org.uk firm.queries@fca.org.uk.

Notification of changes in information given to the FCA

12.7.7 R …
(1A) If:

(a)

(i) the scope of appointment changes such that the appointed representative acts as a tied agent, MiFID optional exemption appointed representative or structured deposit appointed representative for the first time; and

(ii) the appointed representative is not included on the Financial Services Register; or

(b) the appointed representative ceases to act as a tied agent, MiFID optional exemption appointed representative or structured deposit appointed representative;

the appointed representative’s principal must give written notice to the FCA of that change before the appointed representative begins to act as a tied agent, MiFID optional exemption appointed representative or structured deposit appointed representative (see SUP 12.4) or as soon as the appointed representative ceases to act as a tied agent, MiFID optional exemption appointed representative or structured deposit appointed representative.

Submission in the event of failure of FCA information technology systems

12.7.10 G If the FCA’s information technology systems fail and online submission is unavailable for 24 hours or more, the FCA will endeavour to publish a notice on its website confirming that online submission is unavailable and that firms, other than credit unions, should use the alternative methods of submission set out in SUP 12.7.1AR(3) and SUP 12.7.8AR(3) (as appropriate), and SUP 15.7.4R to SUP 15.7.9G, addressing applications for the attention of the Individuals Approved Persons, Passporting and Mutuals Team.

(a) GEN 4 does not apply to the extent that the firm is subject to equivalent rules imposed by its Home State (GEN 4.1.1R(3)), and  
(b) GEN 6 only applies to business that can be regulated under sections 137A and 137G of the Act (The FCA’s General rules) and (The PRA’s General rules), respectively. It does not therefore apply if, or to the extent that, responsibility has been reserved to an incoming firm’s Home State regulator by an EU instrument. Only GEN 4.5 applies in relation to MiFID or equivalent third country business (see GEN 4.1.1R). The FCA has supervisory responsibility in respect of a branch of a MiFID investment firm under article 44(8) of the MiFID Org Regulation relating to the prohibition on using the name of a competent authority to suggest its endorsement of the firm’s products or services.  
GEN 4 does not apply if the firm has permission only for cross-border services and does not carry on regulated activities in the United Kingdom (see GEN 4.1.1R). Otherwise, as column (2) except in relation to article 44(8) of the MiFID Org Regulation. |

### SUP 17 (Transaction reporting)

Applies to UK branches of incoming EEA firms which are MiFID investment firms in respect of reportable transactions executed in the course of services provided, whether within in the United Kingdom and outside. (SUP 17.1.1R and SUP 17.1.3AG)

A MiFID investment firm (other than a collective portfolio management investment firm) reports transactions executed wholly or partly through its branch to the competent authority of its Home State unless otherwise agreed by that competent authority and the FCA, in which case it will report to the FCA.

---

### PROD

Applies in respect of the rules which implement article 24(2) MiFID and articles 9 and 10 of the MiFID Delegated Directive in relation to the activities of a branch within the territory of the UK.

---

### DEPP

... ...

---

### DISP

Generally applies (DISP 1.1.1G) but in a limited way in relation to MiFID business.

In relation to MiFID business carried on from the branch of an EEA firm, the provisions in DISP relating to MiFID complaints generally apply (subject to some limitations, see DISP 1.1A.7R), as do the directly applicable provisions of the MiFID Org Regulation relating to complaints.

Generally does not apply (DISP 1.1.1G).

However, DISP applies (subject to some limitations, see DISP 1.1.3R and DISP 1.1.5R) to:

(a) an incoming EEA firm which is a UCITS management company managing a UCITS scheme; or

(b) an AIFM managing an
handling.

... 

authorised AIF or a UK ELTIF other than a body corporate that is not a collective investment scheme.

... 

Notes to Annex 1

Note 1: The following modules or chapters are relevant to firms in both the PRA Handbook and the FCA Handbook: PRIN, SYSC, COCON, APER, FIT, GEN, FEES, GENPRU, BIPRU, MIPRU, IPRU(INV), SUP 2 to 6, 8, 11, 13 to 16, 18 & Appendix 2 and COMP.

PRA-authorised persons should also refer to the relevant parts of the PRA Rulebook.

Note 2: The following modules or chapters are relevant in the FCA Handbook only: COND, INSPRU, COBS, ICOBS, MCOB, CASS, MAR, TC, SUP 1A, 7, 9, 10A, 12 & 17, DEPP, DISP, COLL, FUND, PROF, LR, PR, DTR, and EG.

The effect of article 35(1) and 35(8) of MiFID (when read with article 1(3) of MiFID) is that if an EEA MiFID investment firm establishes a branch in the UK exercising an EEA right under MiFID or CRD, the FCA has supervisory responsibility for the services and activities provided or performed by the branch within the UK in relation to the rules implementing articles 24, 25, 27 and 28 of MiFID.

13A

Matters reserved to a Home State regulator

Introducction

1. [FCA/PR A] 

Requirements in the interest of the general good

2. [FCA/PR A] 

The Single Market Directives, and the Treaty (as interpreted by the European Court of Justice) adopt broadly similar approaches to reserving responsibility to the Home State regulator. To summarise, the FCA or PRA, as Host State regulator, is entitled to impose requirements with respect to activities carried on within the United Kingdom if these can be justified in the interests of the “general good” and are imposed in a non-discriminatory way. This general proposition is subject to the following in relation to activities passported under the Single Market Directives:
(1) The Single Market Directives expressly reserve responsibility for the prudential supervision of a MiFID investment firm, CRD credit institution, UCITS management company, AIFM or passporting Solvency II firm to the Firm’s Home State regulator in respect of prudential matters within the scope of the respective Single Market Directives. The Insurance Mediation Directive and the MCD reach the same position without expressly referring to the concept of prudential supervision. Accordingly, the FCA, as Host State regulator, is entitled to regulate only the conduct of the firm’s business within the United Kingdom;

(3) for a CRD credit institution, the PRA or FCA, as Host State regulator, is jointly responsible with the Home State regulator under article 156 of the CRD for supervision of the liquidity of a branch in the United Kingdom; [deleted]

(4) for a MiFID investment firm including a CRD credit institutions institution which is a MiFID investment firm), the protection of clients’ money and clients’ assets is reserved to the Home State regulator under MiFID; and

3. It is necessary to refer to the case law of the European Court of Justice to interpret the concept of the “general good”. To summarise, to satisfy the general good test, Host State rules must come within a field which has not been harmonised at EU level, satisfy the general requirements that they pursue an objective of the general good, be non-discriminatory, be objectively necessary, be proportionate to the objective pursued and not already be safeguarded by rules to which the firm is subject in its Home State.

Application of SYSC 2 and SYSC 3

4. …

5. …

6. This Annex represents the FCA’s and PRA’s views, but a firm is also advised to consult the relevant EU instrument and, where necessary, seek legal advice.
Application of the common platform requirements in SYSC to EEA MiFID investment firms

8. \[FCA/PR A\]

Whilst the common platform requirements (located in SYSC 4 - SYSC 10) do not generally apply to incoming EEA firms (but for EEA UCITS management companies, see 8A below), EEA MiFID investment firms must comply with the common platform record-keeping requirements in relation to a branch in the United Kingdom and SYSC 10A (Recording telephone communications and electronic communications).

Application of SYSC to EEA UCITS management companies

8A. \[FCA\]

Requirements under MiFID

9. \[FCA/PR A\]

Article 31(1) Article 34(1) of MiFID prohibits Member States from imposing additional requirements on a MiFID investment firm in relation to matters covered by MiFID if the firm is providing services on a cross-border basis. Such firms will be supervised by their Home State regulator.

10. \[FCA/PR A\]

Article 32 Article 35(8) of MiFID requires the FSA FCA as the Host State regulator to apply certain obligations to an incoming EEA firm with an establishment in the UK. In summary, these are Articles articles:

1. 19 (conduct of business obligations); 24 of MiFID (General principles and information to clients);

1A. 25 of MiFID (Assessment of suitability and appropriateness and reporting to clients);

2. 24 27 of MiFID (execution of orders on terms most favourable to the client);

3. 22 (client order handling) 28 of MiFID (client order handling rules);

4. 25 (upholding the integrity of markets, reporting transactions and maintaining records);

5. 27 (making public firm quotes); and

6. 28 (post-trade disclosure).
In addition, the FCA assumes responsibility for supervision of articles 14 to 26 of MiFIR although article 14 of RTS 22 permits a firm to report transactions executed wholly or partly through its branch to the competent authority of its Home State unless otherwise agreed by that competent authority and the FCA. The remaining obligations under MiFID and MiFIR are reserved to the Home State regulator other than requirements in MAR 10.2 in relation to commodity derivative position limits.

11. **MiFID** is more highly harmonising than other Single Market Directives. Article 4 of the MiFID implementing Directive Directive 2006/73 permitted Member States to impose additional requirements only where certain tests were met. The FSA has made certain requirements that fell within the scope of Article 4, some of which have been retained by the FCA, for example in COBS. MiFID retains an ability for Member States to impose additional requirements in the areas of client assets and investor protection. The FCA has made some further requirements which fall within the scope of these provisions. These requirements apply to an EEA MiFID investment firm with an establishment in the United Kingdom as they apply to a UK MiFID investment firm, in the circumstances contemplated by article 32(7) 35(8) MiFID.

12. Further guidance on the territorial application of the Handbook can be found at PERG 13.6 and PERG 13.7. [deleted]

17A Transaction reporting and supply of reference data

... 17A.2 Connectivity with FCA systems

17A.2.1 R ...
17A.2.1A  G  The FCA expects a systematic internaliser that will be supplying the FCA with financial instrument reference data in respect of a financial instrument traded on its system that is not admitted to trading on a regulated market or traded on an MTF or OTF to establish a technology connection with the FCA for the supply of that reference data.

17A.2.1B  G  A firm in SUP 17A.1.1.R(4) may use a third party technology provider to submit to the FCA financial instrument reference data in respect of a financial instrument traded on its system provided that it does so in a manner consistent with MiFID and MiFIR. Firms will retain responsibility for the completeness, accuracy and timely submission of the data. A firm should be the applicant for, and should complete and sign, the FCA MDP on-boarding application form.

App 3  Guidance on passporting issues

App 3.3  Background

Interpretative communications

3.3.6  G  (1) The European Commission has not produced an interpretative communication on MiFID. It is arguable, however, that the principles in the communication on the Second Banking Directive can be applied to investment services and activities. This is because Chapter II of Title II of MiFID (containing provisions relating to operating conditions for investment firms) also applies to the investment services and activities of firms operating under the Banking Consolidation Directive, which is repealed and replaced by the CRD.

App 3.6  Freedom to provide services

Place of supply

App 3.6.7  G  In respect of banking services, the European Commission believes that “…to determine where the activity was carried on, the place of provision...
of what may be termed the ‘characteristic performance’ of the service i.e.
the essential supply for which payment is due, must be determined’”
(Commission interpretative communication: Freedom to provide services
and the interests of the general good in the Second Banking Directive
(97/C/209/04)). In the view of the FCA and PRA, this requires
consideration of where the service is carried out in practice.

App 3.6.8 G The FCA and PRA are of the opinion that UK firms that are credit
institutions and MiFID investment firms should apply the ‘characteristic
performance’ test (as referred to in SUP App 3.6.7G) when considering
whether prior notification is required for services business. Firms should
note that other EEA States may take a different view. Some EEA States
may apply a solicitation test. This is a test as to whether it is the consumer
or the provider that initiates the business relationship.

Monitoring procedures

App 3.6.15 G The FCA and PRA considers that, in order to comply with
Principle 3: Management and control (see PRIN 2.1.1R), a firm should
have appropriate procedures to monitor the nature of the services provided
to its customers. Where a UK firm has non-resident customers but has not
notified the EEA State in which the customers are resident that it wishes to
exercise its freedom to provide services, the FCA and PRA would expect
the firm’s systems to include appropriate controls. Such controls would
include procedures to prevent the supply of services covered by the Single
Market Directives in the EEA State in which the customers are resident if a
notification has not been made and it is proposed to provide services
otherwise than by remote communication. In respect of insurance
business, the insurer’s records should identify the location of the risk at
the time the policy is taken out or last renewed. That will, in most cases,
remain the location of the risk thereafter, even if, for example, the
policyholder changes his habitual residence after that time.

Membership of regulated markets trading venues

App 3.6.25 G (1) The FCA and PRA are of the opinion that where a UK firm
becomes a member of:

(a) a regulated market that has its registered office or, if it has
no registered office, its head office, in another EEA State;
or

(b) an MTF or OTF operated by a MiFID investment firm or a
market operator in another EEA State,

the same principles as in the ‘characteristic performance’ test
should apply. Under this test, the fact that a UK firm has a screen
displaying the regulated market’s or the MTF’s or the OTF’s prices in its UK office does not mean that it is dealing within the territory of the Home State of the regulated market or of the MTF or OTF.

(2) In such a case, the FCA and PRA would consider that:

(a) the market operator operating the regulated market or the MTF or the OTF is providing a cross-border service into the UK and so, provided it has given notice to its Home State regulator in accordance with articles 42 53(6) or 34(5) 34(6) of MiFID, it will be exempt from the general prohibition in respect of any regulated activity carried on as part of the business of the regulated market or of operating an MTF, of operating a multilateral trading facility or of operating an organised trading facility (see section 312A of the Act);

(b) the MiFID investment firm operating the MTF or OTF is providing a cross-border service into the UK and so needs to comply with SUP 13A.

App 3.6.26 G Firms are reminded of their rights, under article 33 36 of MiFID, to become members of, or have access to, the regulated markets in other Member States.

App 3.6.27 G Firms should note that, in circumstances where the FCA or PRA take the view that a notification would not be required, other EEA States may take a different view.

App 3.9 Mapping of MiFID, CRD, AIFMD, UCITS Directive and Insurance Mediation Directive to the Regulated Activities Order

App 3.9.1 G The following Tables 1, 2, 2ZA, 2A and 2B provide an outline of the regulated activities and specified investments that may be of relevance to firms considering undertaking passported activities under the CRD, MiFID, AIFMD, the UCITS Directive, the MCD and the Insurance Mediation Directive. The tables may be of assistance to UK firms that are thinking of offering financial services in another EEA State and to EEA firms that may offer those services in the United Kingdom.

App 3.9.3 G In considering the issues raised in the tables, firms should note that:

(1) article 64 of the Regulated Activities Order (Agreeing to carry on specific kinds of activity) applies may apply in respect of agreeing to undertake the specified activity (see PERG 2.7.21G); and
(2) article 89 of the *Regulated Activities Order* (Rights to or interests in investments) applies in respect of rights to and interests in the types of *investments* to which the category applies.

designated credit reference agencies

1.12 R (1) …

(2) Notwithstanding (1):

(a) the complaints handling rules and complaints record rule will continue to apply in respect of complaints concerning MiFID business DISP 1.1A will continue to apply to MiFID complaints; and

(b) …

…

Insert the following new section after DISP 1.1 (Purpose and application). All the text is new and is not underlined.

1.1A Complaints handling requirements for MiFID complaints

Application: Who? What?

1.1A.1 R This section:

(1) applies to the MiFID complaints of a MiFID investment firm and does not apply to complaints that are not MiFID complaints;

(2) also applies to the MiFID complaints of a third country investment firm received from a retail client or an elective professional client but does not apply to complaints that are not MiFID complaints; and

(3) applies certain other provisions in DISP 1 to such complaints.

1.1A.2 R For the MiFID complaints of a third country investment firm, the provisions marked “EU” shall apply as rules.

1.1A.3 G A MiFID complaint is, amongst other things, a complaint to which article 26 of the MiFID Org Regulation applies, being a complaint about:

(1) the provision of investment services or ancillary services to a client by an investment firm;

(2) the provision of one or more investment services to a client by a CRD credit institution;

(3) selling structured deposits to clients, or advising clients on them, where the sale or advice is provided by an investment firm or a CRD credit institution;
(4) the activities permitted by article 6(3) of the *UCITS Directive* when carried on by a *collective portfolio management investment firm*; and

(5) the activities permitted by article 6(4) of the *AIFMD* when carried on by a *collective portfolio management investment firm*.

[Note: see article 1(1), 1(3) and 1(4) of *MiFID*, and article 1 of the *MiFID Org Regulation*]

1.1A.4 G A *MiFID complaint* is also a complaint about the *equivalent business of a third country investment firm*.

[Note: see articles 39 and 41 of *MiFID*]

1.1A.5 G In contrast to the other provisions in *DISP 1* which generally apply to *complaints* from *eligible complainants*, subject to *DISP 1.1A.6R*:

(1) the obligations in this section that apply to the *MiFID complaints* of *MiFID investment firms*, apply to complaints from “clients” as defined in *MiFID* (which includes *retail clients*, *professional clients* and (in relation to *eligible counterparty business*) *eligible counterparties*; and

(2) the obligations in this section that apply to the *MiFID complaints* of *third country investment firms*, apply to complaints from *retail clients* and *elective professional clients*.

[Note: see recital (103) and article 4(1)(9) of *MiFID* for the definition of “client”]

1.1A.6 R (1) Only the provisions in this section marked “EU” and *DISP 1.1A.39R* apply to a *MiFID complaint* received from a *retail client*, *professional client* or an *eligible counterparty* that is not an *eligible complainant*.

(2) But where the *retail client*, *professional client* or *eligible counterparty* is also an *eligible complainant*, all of the provisions in this section apply.

**Application: Where?**

1.1A.7 R The table below sets out how *DISP 1.1A* applies to *MiFID complaints* relating to:

(1) the activities of a *MiFID investment firm* carried on from an establishment in the *United Kingdom*;

(2) the *equivalent business of a third country investment firm* where the complaint is received from a *retail client* or an *elective professional client*; and

(3) activities carried on from a *branch* of a *UK firm* in another *EEA State*; and
(4) activities carried on from a branch of an EEA firm in the United Kingdom.

**Notes**

(1) The provisions marked “EU” in the table are ‘directly applicable’ which means they apply to all MiFID investment firms in relation to MiFID complaints by virtue of the MiFID Org Regulation.

(2) This table should be read in conjunction with the rules and guidance in DISP 1.1A.1R to DISP 1.1A.6R.

**Interpretation of this section**

1.1A.8 G This section contains a number of provisions marked with the status letters “EU”, which have been selectively reproduced from the MiFID Org.
1.1A.9 G References in column (1) to a word or phrase used in those provisions marked “EU” have the meaning indicated in column (2) of the table below:

Consumer awareness

1.1A.10 EU Investment firms shall publish the details of the process to be followed when handling a complaint. Such details shall include information about the complaints management policy and the contact details of the complaints management function. This information shall be provided to clients or potential clients, on request, or when acknowledging a complaint.

[Note: article 26(2) of the MiFID Org Regulation]

1.1A.11 R A MiFID investment firm must provide information to eligible complainants, in a clear, comprehensible and easily accessible way, about the Financial Ombudsman Service (including the Financial Ombudsman Service’s website address):

(1) on its website, where one exists; and

(2) if applicable, in the general conditions of its contracts with eligible complainants.

[Note: subject to a few minor changes reflecting its amended application, this provision replicates DISP 1.2.1R(4)]

[Note: article 13(2) of the ADR Directive, article 14(1) of the ODR Regulation, and regulation 19 of the ADR Regulations]

Complaints handling

1.1A.12 EU Investment firms shall establish, implement and maintain effective and transparent complaints management policies and procedures for the prompt handling of clients’ or potential clients’ complaints.

[Note: first paragraph, article 26(1) of the MiFID Org Regulation]

1.1A.13 EU The complaints management policy shall provide clear, accurate and up-to-date information about the complaints-handling process. This policy shall be endorsed by the firm’s management body.
1.1A.14 G The complaints management policy should be set out in a written document e.g. as part of a general fair treatment policy. It should be made available to all relevant staff of the firm through appropriate internal channels.

[Note: second paragraph, article 26(1) of the MiFID Org Regulation]

1.1A.15 G The firm’s senior management should be responsible for the implementation of the complaints management policy and for monitoring compliance with it.

[Note: guideline 1(b) and (c) of the complaints handling guidelines for the securities (ESMA) and banking (EBA) sectors. See https://www.eba.europa.eu/documents/10180/732334/JC+2014+43+-+Joint+Committee+-+Final+report+complaints-handling+guidelines.pdf/312b02a6-3346-4dff-a3c4-41c987484e75]

1.1A.16 EU Investment firms shall enable clients and potential clients to submit complaints free of charge.

[Note: article 26(2) of the MiFID Org Regulation]

1.1A.17 EU Investment firms shall establish a complaints management function responsible for the investigation of complaints. This function may be carried out by the compliance function.

[Note: article 26(3) of the MiFID Org Regulation]

1.1A.18 EU Investment firms’ compliance function shall analyse complaints and complaints-handling data to ensure that they identify and address any risks or issues.

[Note: article 26(7) of the MiFID Org Regulation]

1.1A.19 G MiFID complaints should be handled effectively and in an independent manner.

[Note: recital (38) of the MiFID Org Regulation]

Complaints resolution

1.1A.20 R Once a MiFID complaint has been received by a MiFID investment firm, the firm must:

(1) investigate the complaint competently, diligently and impartially, obtaining additional information as necessary;
(2) assess fairly, consistently and promptly:

(a) the subject matter of the complaint;

(b) whether the complaint should be upheld;

(c) what remedial action or redress (or both) may be appropriate; and

(d) if appropriate, whether it has reasonable grounds to be satisfied that another respondent may be solely or jointly responsible for the matter alleged in the complaint; and

(3) comply promptly with any offer of remedial action or redress accepted by the complainant.

[Note: subject to a few minor changes reflecting its amended application, this provision replicates DISP 1.4.1R(1), (2) and (5).]

1.1A.21 G Factors that may be relevant in the assessment of a MiFID complaint under DISP 1.1A.20R(2) include the following:

(1) all the evidence available and the particular circumstances of the complaint;

(2) similarities with other complaints received by the respondent;

(3) relevant guidance published by the FCA, other relevant regulators, the Financial Ombudsman Service or former schemes; and

(4) appropriate analysis of decisions by the Financial Ombudsman Service concerning similar complaints received by the MiFID investment firm.

[Note: subject to a few minor changes reflecting its amended application, this provision replicates DISP 1.4.2G.]

1.1A.22 R Where a MiFID complaint against a MiFID investment firm is referred to the Financial Ombudsman Service, the MiFID investment firm must cooperate fully with the Financial Ombudsman Service and comply promptly with any settlements or awards made by it.

[Note: subject to a few minor changes reflecting its amended application, this provision replicates DISP 1.4.4R.]

Complaints resolved by close of the third business day

1.1A.23 R If a MiFID investment firm resolves a MiFID complaint by close of business on the third business day following the day on which it is received, it may choose to comply with DISP 1.1A.24EU to DISP 1.1A.27G rather than with DISP 1.1A.28R to DISP 1.1A.34G.
1.1A.24 EU When handling a complaint, investment firms shall communicate with clients or potential clients clearly, in plain language that is easy to understand and shall reply to the complaint without undue delay.

[Note: article 26(4) of the MiFID Org Regulation]

1.1A.25 EU Investment firms shall communicate the firm’s position on the complaint to clients or potential clients and inform the clients or potential clients about their options, including that they may be able to refer the complaint to an alternative dispute resolution entity, as defined in Article 4(h) of Directive 2013/11/EU of the European Parliament and Council on consumer ADR or that the client may be able to take civil action.

1.1A.26 R The explanation given by MiFID investment firms to clients or potential clients in accordance with DISP 1.1A.25EU must also:

1. refer to the fact that the complainant has made a MiFID complaint and inform the complainant that the MiFID investment firm now considers the MiFID complaint to have been resolved;

2. inform the complainant that if, still dissatisfied with the resolution of the MiFID complaint, the complainant may be able to refer it to the Financial Ombudsman Service;

3. indicate whether or not the respondent consents to waiving the relevant time limits in DISP 2.8.2R or DISP 2.8.7R (Was the complaint referred to the Financial Ombudsman Service in time?) by including the appropriate wording set out in DISP 1 Annex 3R;

4. provide the website address of the Financial Ombudsman Service; and

5. refer to the availability of further information on the website of the Financial Ombudsman Service.

[Note: article 13 of the ADR Directive]

1.1A.27 G The information regarding the Financial Ombudsman Service required to be provided in a communication sent under DISP 1.1A.25EU and referred to in DISP 1.1A.26R should be set out clearly, comprehensibly, in an easily accessible way and prominently within the text of those responses.

[Note: article 13 of the ADR Directive]

Complaints time limits

1.1A.28 R On receipt of a MiFID complaint, a MiFID investment firm must:
(1) send the complainant a prompt written acknowledgement providing early reassurance that it has received the MiFID complaint and is dealing with it; and

(2) ensure the complainant is kept informed thereafter of the progress of the measures being taken for the MiFID complaint’s resolution.

[Note: subject to a few minor changes reflecting its amended application, this provision replicates DISP 1.6.1R.]

1.1A.29 EU When handling a complaint, investment firms shall communicate with clients or potential clients clearly, in plain language that is easy to understand and shall reply to the complaint without undue delay.

[Note: article 26(4) of the MiFID Org Regulation]

1.1A.30 EU Investment firms shall communicate the firm’s position on the complaint to clients or potential clients and inform the clients or potential clients about their options, including that they may be able to refer the complaint to an alternative dispute resolution entity, as defined in Article 4(h) of Directive 2013/11/EU of the European Parliament and Council on consumer ADR or that the client may be able to take civil action.

1.1A.31 R The explanation given by MiFID investment firms to clients or potential clients in accordance with DISP 1.1A.30EU must also:

(1) enclose a copy of the Financial Ombudsman Service's standard explanatory leaflet;

(2) provide the website address of the Financial Ombudsman Service;

(3) inform the complainant that if, still dissatisfied with the respondent’s response, the complaint may now be referred to the Financial Ombudsman Service; and

(4) indicate whether or not the respondent consents to waiving the relevant time limits in DISP 2.8.2R or DISP 2.8.7R (Was the complaint referred to the Financial Ombudsman Service in time?) by including the appropriate wording set out in DISP 1 Annex 3R.

[Note: article 13 of the ADR Directive]

1.1A.32 G The information regarding the Financial Ombudsman Service required to be provided in a final response sent under DISP 1.1A.30EU and referred to in DISP 1.1A.31R should be set out clearly, comprehensibly, in an easily accessible way and prominently within the text of those responses.
When assessing a MiFID investment firm’s response to a MiFID complaint, the FCA may have regard to a number of factors, including, the quality of response, as against the above rules, as well as the speed with which it was made.

DISP 2.8.1R sets out the circumstances in which the Ombudsman can consider a complaint, including where eight weeks have elapsed since its receipt by the MiFID investment firm and where the MiFID investment firm consents (subject to the other requirements of DISP 2.8.1R(4)).

Complaints forwarding

DISP 1.7 also applies to a MiFID complaint received by a MiFID investment firm.

Complaints time barring

If a MiFID investment firm receives a MiFID complaint which is outside the time limits for referral to the Financial Ombudsman Service (see DISP 2.8) it may reject the MiFID complaint without considering the merits, but must explain this to the complainant in a final response.

Complaints records

Investment firms shall keep a record of the complaints received and the measures taken for their resolution.

Complaints reporting

Investment firms shall provide information on complaints and complaints-handling to the relevant competent authorities and, where applicable under national law, to an alternative dispute resolution (ADR) entity.

The complaints reporting rules also apply to the MiFID complaints of a firm, except that the relevant parts of the report which the firm must provide to the FCA under DISP 1.10.1R must, in relation to MiFID complaints, include information about such complaints received from retail clients, professional clients, and (where relevant) eligible counterparties rather than
eligible complainants.

Complaints data publication

1.1A.40 R The complaints data publication rules apply to the MiFID complaints of a firm.

1.1A.41 G The effect of the complaints data publication rules and DISP 1.1A.37EU is that, for the purposes of complying with those rules, a firm’s complaints data summary should include relevant data about any MiFID complaints received by the firm.

ADR entities and branches of UK MiFID investment firms in other EEA States

1.1A.42 R A branch of a UK MiFID investment firm in another EEA State must adhere to one or more relevant ADR entities in that EEA State in respect of consumer disputes concerning investment services and ancillary services.

[Note: article 75 of MiFID]

Amend the following as shown.

1.3 Complaints handling rules

Complaints handling procedures for respondents

1.3.1 R …

[Note: article 10 of the MiFID implementing Directive and article 6(1) of the UCITS implementing Directive]

…

Further requirements for all respondents

1.3.3 R In respect of complaints that do not relate to MiFID business, a respondent must put in place appropriate management controls and take reasonable steps to ensure that in handling complaints it identifies and remedies any recurring or systemic problems, for example, by:

…

1.3.4 G In respect of complaints that relate to MiFID business, a firm should put in place appropriate management controls and take reasonable steps, in the same way as for complaints that do not relate to MiFID business (see DISP 1.3.3R and DISP 1.3.3BG), in order to detect and minimise any risk of compliance failures (SYSC 6.1) and to comply with Principle 6 (Customers’ interests). [deleted]
Complaints record rule

1.9.1 A firm, including, in the case of MiFID business or collective portfolio management services for a UCITS scheme or an EEA UCITS scheme, a branch of a UK firm in another EEA state, must keep a record of each complaint received and the measures taken for its resolution, and retain that record for:

1. at least five years where the complaint relates to MiFID business or collective portfolio management services for a UCITS scheme or an EEA UCITS scheme; and

2. three years for all other complaints;

from the date the complaint was received.

2 Jurisdiction of the Financial Ombudsman Service

...  

2.3 To which activities does the Compulsory Jurisdiction apply?

Activities by firms

2.3.1 R ...  

2.3.1A R The Ombudsman can also consider a complaint under the Compulsory Jurisdiction if it relates to an act or omission by:

1. an investment firm authorised under MiFID when providing investment services or ancillary services;

2. a CRD credit institution when providing one or more investment services;

3. an investment firm authorised under MiFID or a CRD credit institution when selling structured deposits to clients, or advising clients on them;

4. a collective portfolio management investment firm when providing the activities permitted by article 6(3) of the UCITS Directive; and

5. a collective portfolio management investment firm when providing the activities permitted by article 6(4) of the AIFMD.
[Note: see article 1(1), 1(3) and 1(4) and article 75 of MiFID, and articles 1 and 26(5) of the MiFID Org Regulation]

2.3.1B G  For the purposes of DISP 2.3.1AR, the Ombudsman can consider a complaint about an act carried out by a MiFID investment firm that is preparatory to the provision of an investment service or ancillary service which is an integral part of such a service. This includes, for example, generic advice given by a MiFID investment firm to a client prior to, or in the course of, the provision of investment advice or another investment service or ancillary service.

Annex T

Product Intervention and Product Governance Sourcebook (PROD)

All the text in this Annex is new and is not underlined.

1 Application and purpose

1.1 Purpose

1.1.1 The purpose of PROD is to improve firms’ product oversight and governance processes and to set out the FCA’s statement of policy on making temporary product intervention rules.

1.1.2 Product oversight and governance refers to the systems and controls firms have in place to design, approve, market and manage products throughout the products’ lifecycle to ensure they meet legal and regulatory requirements.

1.1.3 Good product governance should result in products that:

(1) meet the needs of one or more identifiable target markets;

(2) are sold to clients in the target markets by appropriate distribution channels; and

(3) deliver appropriate client outcomes.

1.2 Application of PROD 2

1.2.1 PROD 2 sets out the FCA’s approach to issuing temporary product intervention rules. It is of relevance to all firms.

1.3 Application of PROD 3

General: Who? What?

1.3.1 PROD 3 applies to:

(1) a MiFID investment firm;

(2) a CRD credit institution;

(3) a MiFID optional exemption firm; and

(4) branches of third country investment firms;
with respect to:

(5) manufacturing financial instruments and structured deposits; and

(6) distributing financial instruments, structured deposits and investment services.

[Note: articles 1(3), 1(4), 16(3), 24(2) and 41(2) of MiFID]

Other firms manufacturing or distributing financial instruments or structured deposits

1.3.2 R Other firms which manufacture or distribute financial instruments or structured deposits should take account of PROD 3 as if it were guidance on the Principles and other relevant rules and as if “should” appeared in PROD 3 rules instead of “must”.

Eligible counterparty business

1.3.3 R PROD 3.3.1R does not apply to eligible counterparty business.

[Note: article 30(1) of MiFID]

Where?

1.3.4 R PROD 3 applies to a firm with respect to activities carried on from an establishment maintained by it, or its appointed representative, in the United Kingdom.

1.3.5 R (1) PROD 3 also applies to a firm with respect to activities from an establishment overseas with a client in the United Kingdom.

(2) But PROD 3 does not apply to those activities if the office from which the activity is carried on were a separate person and the activity:

(a) would fall within the overseas persons exclusions in article 72 of the Regulated Activities Order; or

(b) would not be regarded as being carried on in the United Kingdom.

EEA territorial scope rule: compatibility with European law

1.3.6 R (1) The territorial scope of this sourcebook is modified to the extent necessary to be compatible with European law (see PROD 1.3.7G to PROD 1.3.10G for guidance on this).

(2) This rule overrides every other rule in this sourcebook.

Effects of the EEA territorial scope rule
1.3.7 G One of the effects of PROD 1.3.6R is to override the application of this sourcebook to the overseas establishments of EEA firms in circumstances covered by MiFID.

1.3.8 G The guidance in this chapter provides a general overview only and is not comprehensive.

1.3.9 G When considering the impact of a directive on the territorial application of a rule, a firm will first need to consider whether the relevant situation involves a non-UK element. PROD 1.3.6R is unlikely to apply if a UK firm is doing business in a UK establishment for a client located in the United Kingdom in relation to a UK product, in other words PROD 3 will apply to the UK firm. However, if there is a non-UK element, the firm should consider whether:

1. it is subject to the directive (in general, directives only apply to UK firms and EEA firms, but the implementing provisions may not treat non-EEA firms more favourably than EEA firms);

2. the business it is performing is subject to the directive; and

3. the particular rule is within the scope of the directive.

If the answer to all three questions is ‘yes’, PROD 1.3.6R may change the application of the rules in this sourcebook.

1.3.10 G When considering a particular situation, a firm should also consider whether two or more directives apply.

MiFID: effect on territorial scope

1.3.11 G PERG 13 contains general guidance on the persons and businesses to which MiFID applies.

1.3.12 G For a UK MiFID investment firm, rules in this sourcebook that are within the scope of MiFID generally apply to its MiFID business carried on from an establishment in the United Kingdom. They also generally apply to its MiFID business carried on from an establishment in another EEA State, although in the case of rules that implement article 24(2) MiFID only where that business is not carried on within the territory of that EEA State. Where a MiFID investment firm carries on MiFID business from a branch in another EEA State, organisational requirements, including rules implementing product manufacture obligations under article 16 MiFID are home state requirements and therefore FCA responsibility (see SUP 13A Annex 1G).

[Note: see articles 34(1) and 35(1) and (8) of MiFID]

1.3.13 G For an EEA MiFID investment firm, rules in this sourcebook that are within the scope of MiFID generally apply only to its MiFID business if that business is carried on from an establishment in, and within the territory of, the United Kingdom and only to the extent that the rules implement article 24(2) of MiFID.
Electronic Commerce Directive: effect on territorial scope

1.3.14 G The guidance on the *Electronic Commerce Directive* in COBS 1 Annex 1, Part 3, paragraph 7 applies equally in relation to the rules in PROD 3.

Interaction of PROD 3 and the RPPD Guide

1.3.15 G A firm to which PROD 3 applies need not apply the guidance in RPPD for matters covered by PROD if the firm has complied with PROD 3.

2 Statement of policy with respect to the making of temporary product intervention rules

*[Editor’s note: This chapter does not take account of any changes that may be required as a result of MiFIR or Regulation (EU) 1286/2014 (PRIIPs)]*

2.1 Purpose

2.1.1 G This chapter explains the FCA’s policy with respect to the making of *temporary product intervention rules* under sections 137D and 138M of the Act. This statement of policy replaces the “Statement of Policy for making temporary product intervention rules” published in Policy Statement PS13/03 (see https://www.fca.org.uk/publication/policy/fsa-ps13-03.pdf).

*[Note: see section 138N of the Act]*

2.1.2 G Product intervention *rules* are *rules* made under section 137D of the Act which apply to specific products (or types of products), product features or marketing practices relating to specific products.

2.1.3 G Product intervention *rules* may be made without consultation under section 138M of the Act but are limited to a maximum duration of 12 *months* and are referred to as “*temporary product intervention rules*”.

2.2 General rule making and product intervention rules

2.2.1 G The Act empowers the FCA to make general *rules* as appear necessary or expedient for the purpose of advancing one or more of its *operational objectives*.

*[Note: see section 137A of the Act]*

2.2.2 G The Act also provides that the FCA may use its general *rule*-making power to make product intervention rules prohibiting *authorised persons* from, among other things, entering into specified agreements (section 137D of the
Act). These rules may be made to advance:

(1) the consumer protection objective; or
(2) the competition objective; or
(3) the market integrity objective.

2.2.3 G Section 137D(2) of the Act sets out that the FCA may prohibit authorised persons from:

(1) entering into specified agreements with any person or specified person (specified person means a person who meets the description specified by FCA rules);

(2) entering into specified agreements with any person or specified person unless requirements specified in the rules have been satisfied;

(3) doing anything that would or might result in the entering into of specified agreements by persons or specified persons, or the holding by them of a beneficial or other kind of economic interest in specified agreements; and

(4) doing anything within paragraph (3) unless requirements specified in the rules have been satisfied.

2.2.4 G Section 137D of the Act makes it clear that a range of options would be available to us in making rules prohibiting authorised persons from entering into specified agreements.

2.2.5 G The extent of the rules which are made will generally depend on the type of intervention deemed necessary to address the issues identified, having regard to whether the intervention would be a proportionate response to the perceived risk to consumers, competition issues or market integrity issues.

2.2.6 G Rules may include:

(1) requiring certain product features to be included, excluded or changed; or

(2) requiring amendments to promotional materials; or

(3) the imposition of restrictions on sales or marketing of the product; or

(4) in more serious cases, a ban on sales or marketing of a product in relation to all or some types of client.

2.2.7 G Where the product is provided by a business outside of the UK, rules may be made targeting regulated activities by authorised persons in the UK that would lead to a specified agreement being formed.

[Note: see sections 137D(2)(c) and (d) of the Act]
2.3 Agreements made in breach of product intervention rules

2.3.1 G In relation to agreements entered into in breach of product intervention rules, section 137D(7) sets out that the rules may:

(1) provide for a relevant agreement or obligation to be unenforceable against any person or specified person;

(2) provide for the recovery of any money or other property paid or transferred under a relevant agreement or obligation by any person or specified person; and

(3) provide for the payment of compensation for any loss sustained by any person or specified person as a result of paying or transferring any money or other property under a relevant agreement or obligation.

2.3.2 G Where a rule provides for a relevant agreement or obligation to be unenforceable, the relevant agreement or obligation would only be unenforceable if the sale of the product was made after the introduction of the rules and there was a contravention of those rules. Clients with products bought after the introduction of rules incorporating unenforceability provisions would generally need to seek redress through the usual channels of complaints to the firm and to the Financial Ombudsman Service, or legal action against the firm.

2.3.3 G Arrangements made before the introduction of the rules would not be affected by the unenforceability and compensation provisions. Clients holding contracts made before these rules were in place would still be able to seek redress through the usual channels of complaints to the firm and to the Financial Ombudsman Service or legal action against the relevant firm. These clients would need to establish their claim to redress in the usual way, for example by demonstrating that the advice they received was unsuitable, or that they bought the product after receiving a misleading financial promotion.

2.4 Temporary product intervention rules

2.4.1 G Normally the FCA must consult the public before making any rules. However, the Act allows a general exemption in section 138L where the FCA considers that the delay involved in complying with the requirement to consult would be prejudicial to the interests of consumers.

2.4.2 G There is also a specific exemption to the consultation requirement in relation to making temporary product intervention rules (section 138M of the Act). The FCA may make temporary product intervention rules without consultation if it considers that it is necessary or expedient not to comply with such a requirement to advance:
(1) the consumer protection objective, or
(2) the competition objective, or
(3) the market integrity objective.

2.4.3 G The FCA’s discretion to act under section 138M is therefore wider than under section 138L.

2.4.4 G Decisions to make any rules, including temporary product intervention rules, will be taken by the FCA Board. In doing so, the FCA Board will have regard to all the available, relevant evidence, as well as the impact of the measure to be introduced by the rule.

2.4.5 G The FCA Board will consider whether the evidence is sufficient to support the proposed measure and whether the measure is a proportionate response to the issue identified.

2.4.6 G In publishing temporary product intervention rules the FCA will also publish the rationale for these rules.

2.5 Factors the FCA will consider when making temporary product intervention rules

2.5.1 G In general terms the FCA will consider a product intervention rule where we identify a risk of consumer detriment, a threat to market integrity or ineffective competition arising from a particular product, type of product, or practices associated with a particular product or type of product.

2.5.2 G In deciding whether the rule should be made as a temporary product intervention rule, the FCA’s main consideration will generally be whether prompt action is deemed necessary in seeking to reduce or prevent consumer detriment or a threat to market integrity or ineffective competition arising from that product, type of product or practices.

2.6 General considerations for product intervention rules

2.6.1 G Together with the considerations in PROD 2.5, when making temporary or permanent product intervention rules, the FCA will have regard to the regulatory principles set out in section 3B of the Act, (see PROD 2.9).

2.6.2 G The FCA will also take into account general considerations that include, but are not limited to, whether the proposed rules are:

(1) an appropriate and effective means of addressing actual or potential consumer detriment associated with a particular product or group of products;
(2) a proportionate and deliverable means of addressing actual or potential detriment;

(3) compatible with the FCA’s duty to promote effective competition in the interests of consumers (section 1B(4) of the Act);

(4) supported by sufficient and appropriate evidence;

(5) transparent in their aim and operation;

(6) likely to be beneficial for clients when taken as a whole; and

(7) compatible (where relevant) with other applicable law, for example EU law.

2.6.3 In accordance with the Equality Act 2010, the FCA will have due regard to the need to:

(1) eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under the Equality Act 2010;

(2) advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it; and

(3) foster good relations between persons who share a relevant protected characteristic and persons who do not share it;

when making temporary or permanent product intervention rules.

2.7 Contextual considerations for product intervention rules

2.7.1 When the FCA is considering whether to make temporary or permanent product intervention rules in response to an identified issue with a product, the following factors may be taken into account:

(1) The potential scale of detriment in the market. Issues involving products with a large or potentially large client base are more likely to require product intervention.

(2) The potential scale of detriment to individual clients. Issues that may lead to high detriment for individual clients are more likely to require product intervention.

(3) The social context. Issues that may lead to detriment for particular groups of clients (such as, in particular, vulnerable client groups) are more likely to require product intervention.

(4) The market context. Market mechanisms such as information disclosure and competition do not always work to protect consumers.
(5) Possible unintended consequences. Whether the use of product intervention rules or the timing of the intervention would in itself create undue risk of further consumer detriment, including harm to existing clients and in the market (although this will not necessarily comprise a full cost benefit analysis).

2.8 Competition considerations for temporary product intervention rules

2.8.1 G When making a temporary or permanent product intervention rule, the FCA will seek to promote effective competition in the interests of consumers where doing so is compatible with its consumer protection objective or integrity objective.

2.8.2 G In accordance with section 1E of the Act the FCA also has a competition objective and may make rules, including temporary product intervention rules, specifically to advance competition.

2.8.3 G Relevant competition-related considerations for the FCA in the context of temporary or permanent product intervention rules are likely to include:

(1) Whether there is reasonable scope for the rules under consideration to promote effective competition in the interests of consumers, for instance by addressing consumer behaviours that impair their ability to benefit from competition, by reducing information asymmetries or by correcting misaligned incentives.

(2) Whether the rule under consideration may have a negative impact on competition factors such as product innovation and barriers to entry for new market participants.

(3) Whether any negative impact on competition factors is proportionate, having regard to the aims of the rule under consideration.

(4) Whether alternative solutions may deliver the same intended outcome while having a more positive impact on competition.

(5) The overall effect of a proposed rule upon the operation of effective competition in the market for financial services, having regard to the interests of consumers.

2.9 Regulatory principles

2.9.1 G The FCA will have regard to the regulatory principles set out in section 3B of the Act when making temporary product intervention rules.

2.9.2 G As part of the FCA’s consideration of issues including the desirability of facilitating innovation, we will consider the potential deterrent effect on
entry to the market and innovation when making temporary product intervention rules against the potential for reducing anticipated consumer detriment.

2.10 Process for making temporary product intervention rules

2.10.1 G Once initial proposals have been discussed, a paper will be prepared at working group level for a committee (the Committee) with appropriate authority to propose temporary product intervention rules to the FCA Board.

2.10.2 G The Committee will either endorse the proposals and recommend that they are taken to the Board, or suggest rethinking or amending the proposals and coming back at a later date. A decision may be taken to use a different regulatory tool, or not to proceed.

2.10.3 G If the Committee decides that the proposals should go to the Board, the paper will be taken to the next available scheduled Board meeting, unless the matter is of great importance or there is an emergency, in which case the Board may convene specifically to consider the issue.

2.10.4 G If the Board makes a decision to act on the policy proposals the FCA will publish the temporary product intervention rules on its website and take the necessary follow-up actions.

2.11 Consulting the panels

2.11.1 G The FCA will generally seek the views of the Financial Services Practitioner Panel, the Smaller Businesses Practitioner Panel and the Financial Services Consumer Panel during the process for making temporary product intervention rules if there is sufficient time to do so.

2.12 Consulting the PRA

2.12.1 G Before any proposed product intervention rules are made (whether temporary or not) the FCA will consult the PRA.

2.13 Communication, publication and post-implementation review of temporary product intervention rules

2.13.1 G Before making a temporary product intervention rule, the Committee will consider how affected firms and clients are to be informed of the rule in good time.
2.13.2 G The FCA will publish a statement on its website explaining why it is introducing the rule. The FCA may choose to invite feedback, but this will not amount to a consultation exercise.

2.13.3 G The FCA may choose to review a temporary product intervention rule during the term for which the rule is in force. Such a review will generally depend on the perceived risk the rule seeks to mitigate. These reviews may be informed by market monitoring and feedback from stakeholders, including product manufacturers, distributors and clients.

2.13.4 G Where the FCA perceives potential uncertainty about how the rule operates, it may consider publishing guidance.

2.13.5 G Reviews are likely to consider whether a rule is functioning as intended, including whether:

1. there have been any breaches of the rule; or
2. there are any unintended consequences, such as an impact on products that were not intended to be caught by the rule; or
3. there is evidence suggesting firms are avoiding or seeking to avoid the rule rather than complying with it, for instance where new products enter the market or new features are added to existing products that expose clients to the same or similar potential detriment; or,
4. new evidence demonstrates that the rule is not necessary or detriment is unlikely.

2.13.6 G As a result of these reviews, where necessary, the FCA may:

1. revoke a temporary product intervention rule; or
2. amend the rule, for example where a rule specifies certain criteria under which the sale of a product may continue, change these criteria.

2.13.7 G Subsequent changes to a temporary product intervention rule will be communicated by issuing a new statement containing the revised rule and the rationale for the changes. Such changes will not extend the lifespan of the temporary product intervention rule.

2.13.8 G However, the FCA may consult on a new rule to replace the temporary product intervention rule from the date on which the temporary product intervention rule ceases to have effect. This exercise would be subject to the FCA’s standard rule-making procedure including market failure analysis, cost benefit analysis and consultation to which all stakeholders, including manufacturers, distributors and clients would be invited to reply.

2.14 Revocation or replacement of rules
2.14.1 When making temporary product intervention rules the FCA will state the duration of the rule and the date from which it will be effective. Temporary product intervention rules will have a maximum duration of 12 months from when the rule is made, but the FCA may decide on a shorter duration for a rule.

2.14.2 The FCA may review or revoke temporary product intervention rules at any time before the end of the period for which they apply.

2.14.3 Rules may be revoked or amended for a number of reasons, including but not limited to:

(1) new rules are introduced on a permanent basis following a consultation exercise; or

(2) industry initiatives are developed that specify sufficient minimum standards to address the sources of consumer detriment; or

(3) further evidence is submitted that demonstrates that consumer detriment will not occur; or

(4) demand for, or supply of, the relevant product disappears and is deemed unlikely to return; or

(5) the FCA identifies unforeseen negative effects of the rule which outweigh any positive impact upon consumer protection.

2.14.4 Where temporary product intervention rules have been made, the FCA may not make further temporary product intervention rules containing the same, or substantially the same, provisions within 12 months beginning on the day on which the limited duration of the initial rules ends (whether or not the rules were revoked early). This period does not apply to rules that are not temporary product intervention rules, (i.e. rules which had been made subject to consultation, whether or not of set duration).

3 Product governance: MiFID

3.1 General

Interpretation: financial instruments and structured products

3.1.1 For the purposes of PROD 3, references to financial instruments include structured deposits.

Proportionate application of rules

3.1.2 (1) A firm must, when manufacturing financial instruments or deciding on the range of financial instruments and investment services it intends to distribute to clients, comply, in a way that is appropriate
and proportionate, with the requirements set out in this chapter.

(2) In complying with these requirements, a firm must take into account:

(a) the nature of the financial instrument or investment service; and

(b) the target market for the financial instrument.

[Note: articles 9(1) and 10(1) of the MiFID Delegated Directive]

3.1.3 G A proportionate application of the requirements in this chapter may mean that complying with the rules could be relatively simple for simple financial instruments distributed on an execution-only transaction basis where such financial instruments would be compatible with the needs and characteristics of the mass retail market.

3.2 Manufacture of products

General

3.2.1 R A manufacturer must:

(1) ensure that the financial instruments it manufactures are designed to meet the needs of an identified target market of end clients within the relevant category of clients (see COBS 3 for client categories);

(2) ensure that the strategy for distribution of the financial instruments is compatible with the identified target market; and

(3) take reasonable steps to ensure that the financial instrument is distributed to the identified target market.

[Note: article 24(2) of MiFID]

3.2.2 G Consideration of target market factors should permeate all aspects of product development and distribution, as well as ensuring the selection of appropriate distribution channels and the promotion of the financial instruments are accompanied by sufficient and correct information.

Product governance arrangements

3.2.3 R A manufacturer must maintain, operate and review a process for the approval of:

(1) each financial instrument, and

(2) significant adaptations of existing financial instruments,

in each case before they are marketed or distributed to clients.
3.2.4 R For each financial instrument the product approval process must:

(1) specify an identified target market of end clients within the relevant category of clients (see COBS 3 for client categories);

(2) ensure that all relevant risks to the identified target market are assessed; and

(3) ensure that the intended distribution strategy is consistent with the identified target market.

[Note: article 16(3) of MiFID]

3.2.5 G When designing financial instruments, a firm should have in place systems and controls to manage adequately the risks posed by financial instrument design.

Manufacture by more than one firm

3.2.6 R Where firms collaborate to manufacture a financial instrument, only one target market needs to be identified.

[Note: article 9(9) of the MiFID Delegated Directive]

3.2.7 R Where firms collaborate, including with entities which are not authorised and supervised in accordance with MiFID or third country investment firms, to create, develop, issue and/or design a financial instrument, they must outline their mutual responsibilities in a written agreement.

[Note: article 9(8) of the MiFID Delegated Directive]

Target market

3.2.8 R Manufacturers must identify the potential target market for each financial instrument at a sufficiently granular level and must:

(1) specify the type or types of client for whose needs, characteristics and objectives the financial instrument is compatible; and

(2) identify any group or groups of client for whose needs, characteristics and objectives the financial instrument is not compatible.

[Note: article 9(9) of the MiFID Delegated Directive]

3.2.9 G The level of granularity of the target market and the criteria used to define the target market and determine the appropriate distribution strategy should be relevant for the financial instrument and should make it possible to assess which clients fall within the target market. For simpler, more common financial instruments, the target market could be identified with less detail.
while for more complicated financial instruments such as bail-inable instruments or less common financial instruments, the target market should be identified with more detail.

[Note: recital 19 of the MiFID Delegated Directive]

3.2.10 R Manufacturers must determine for each financial instrument they manufacture, whether it meets the identified needs, characteristics and objectives of the target market, and in doing so must include an examination of the following elements:

(1) whether the financial instrument’s risk/reward profile is consistent with the target market; and

(2) whether the design of the financial instrument is driven by features that benefit the client and not by a business model which relies on poor client outcomes to be profitable.

[Note: article 9(11) of the MiFID Delegated Directive]

3.2.11 R Manufacturers of financial instruments that are distributed through other firms must determine the needs and characteristics of the clients for whom the product is compatible based on:

(1) their theoretical knowledge of, and past experience with, the financial instrument or similar financial instruments;

(2) the financial markets, and

(3) the needs, characteristics and objectives of potential end clients.

[Note: article 9(9) of the MiFID Delegated Directive]

Product testing

3.2.12 R Manufacturers must undertake a scenario analysis of their financial instruments to assess:

(1) the risks of poor outcomes for end clients posed by the financial instrument; and

(2) in which circumstances those poor outcomes may occur.

[Note: article 9(10) MiFID Delegated Directive]

3.2.13 R In conducting the scenario analysis manufacturers must assess their financial instruments under negative conditions covering what would happen if, for example:

(1) the market environment deteriorated; or
(2) the manufacturer or a third party involved in manufacturing and/or the functioning of the financial instrument experiences financial difficulties or other counterparty risk materialises; or

(3) the financial instrument fails to become commercially viable; or

(4) demand for the financial instrument is much higher than anticipated, putting a strain on the firm’s resources and/or on the market of the underlying financial instrument.

[Note: article 9(10) MiFID Delegated Directive]

3.2.14 R Manufacturers must consider the charging structure proposed for each financial instrument, including examination of the following:

(1) whether the financial instrument’s costs and charges are compatible with the needs, objectives and characteristics of the target market;

(2) whether the charges undermine the financial instrument’s return expectations, such as where the costs or charges equal, exceed or remove almost all the expected tax advantages linked to a financial instrument; and

(3) whether the charging structure of the financial instrument is appropriately transparent for the target market, such as that it does not disguise charges or is too complex to understand.

[Note: article 9(12) of the MiFID Delegated Directive]

3.2.15 R Manufacturers must consider whether the financial instrument may represent a threat to the orderly functioning, or to the stability, of financial markets before deciding to proceed with the launch of the financial instrument.

[Note: article 9(4) of the MiFID Delegated Directive]

Information disclosure to distributors

3.2.16 R A manufacturer must make available to any distributor of that financial instrument:

(1) all appropriate information on the financial instrument;

(2) all appropriate information on the product approval process;

(3) the identified target market of the financial instrument, including information about the target market assessment undertaken;

(4) information about the appropriate channels for distribution of the financial instrument;
and must ensure that the information is of an adequate standard to enable distributors to understand and recommend or sell the financial instrument properly.

[Note: article 16(3) of MiFID II and 9(13) of the MiFID Delegated Directive]

3.2.17 G When providing information to distributors, a manufacturer should make it clear if that information is not intended for end client use.

3.2.18 G Manufacturers may consider, for example, with regard to each distribution channel or type of distributor what information distributors of that type already have, their likely level of knowledge and understanding, their information needs and what form or medium would best meet those needs (which could include discussions, written material or training as appropriate).

Review of financial instruments

3.2.19 R (1) A manufacturer must regularly review the financial instruments it manufactures taking into account any event that could materially affect the potential risk to the identified target market.

(2) In doing so, a manufacturer must assess for each financial instrument at least the following:

(a) whether the financial instrument remains consistent with the needs, characteristics and objectives of the identified target market;

(b) whether the intended distribution strategy remains appropriate;

(c) whether the financial instrument is being distributed to the target market; and

(d) whether the financial instrument is reaching clients for whose needs, characteristics and objectives the financial instrument is not compatible.

[Note: article 16(3) of MiFID II and article 9(14) of the MiFID Delegated Directive]

3.2.20 G In carrying out the reviews in PROD 3.2.19R manufacturers should collect and analyse appropriate management information to detect patterns in distribution as compared with the planned target market in order to assess the performance of the distribution channels through which a financial instrument is being distributed.

3.2.21 G (1) When reviewing the financial instruments it manufactures, a firm should communicate to the end client contractual “breakpoints” such as the end of a long tie-in period that may have a material impact on
the end client that the end client cannot reasonably be expected to recall or know about already.

(2) If the manufacturer does not know the identity of the end client, it should communicate any contractual breakpoints to the distributor.

3.2.22 R Manufacturers must:

(1) review financial instruments prior to any further issue or re-launch if they are aware of any event that could materially affect the potential risk to clients; and

(2) identify crucial events that would affect the potential risk or return expectations of the financial instrument.

3.2.23 G Crucial events that would affect the potential risk or return expectations of the financial instrument include:

(1) the crossing of a threshold that will affect the return profile of the financial instrument; or

(2) the solvency of certain issuers whose securities and guarantees may impact the performance of the financial instrument.

3.2.24 R When a crucial event affecting the potential risk or return expectation of the financial instrument occurs, a manufacturer must take appropriate action, which may consist of:

(1) the provision of any relevant information on the event and its consequences on the financial instrument to the clients or distributors of the financial instrument if the manufacturer does not offer or sell the financial instrument directly to the clients;

(2) changing the product approval process;

(3) stopping further issuance of the financial instrument;

(4) changing the financial instrument to avoid unfair contract terms;

(5) considering whether the sales channels through which the financial instrument is sold are appropriate where the manufacturer becomes aware that the financial instrument is not being sold as envisaged;

(6) contacting the distributor to discuss a modification of the distribution process;

(7) terminating the relationship with the distributor; or

(8) informing the relevant competent authority.

3.2.25 R Manufacturers must review financial instruments at regular intervals to assess whether they function as intended.
3.2.26 R Manufacturers must determine how regularly to review their financial instruments based on relevant factors including factors linked to the complexity or the innovative nature of the investment strategies pursued.

[Note: article 9(15) of the MiFID Delegated Directive]

Conflicts of interest

3.2.27 R Manufacturers must establish, implement and maintain procedures and measures to ensure the manufacture of financial instruments complies with the requirements on proper management of conflicts of interest (see SYSC 10.1.7R), including remuneration.

3.2.28 R Manufacturers must ensure that the design of each financial instrument, including its features, does not:

(1) adversely affect end clients; or

(2) lead to problems with market integrity by enabling the firm to mitigate and/or dispose of its own risks or exposure to the underlying assets of the product where the firm already holds the underlying assets on own account.

[Note: article 9(2) of the MiFID Delegated Directive]

3.2.29 R Each time a financial instrument is manufactured manufacturers must analyse potential conflicts of interests.

3.2.30 R In analysing potential conflicts of interest manufacturers must assess whether the financial instrument creates a situation where end clients may be adversely affected if end clients take:

(1) an exposure opposite to the one previously held by the manufacturer itself; or

(2) an exposure opposite to the one that the manufacturer wants to hold after the sale of the product.

[Note: article 9(3) of the MiFID Delegated Directive]

Oversight and training requirements

3.2.31 R Manufacturers must ensure that their management bodies have effective control over their product governance process.

3.2.32 R The development and periodic review of product governance arrangements must be monitored by the person allocated the compliance oversight function of a firm in order to detect any risk of failure by the manufacturer to comply with applicable provisions of PROD.

[Note: article 9(6) and article 9(7) of the MiFID Delegated Directive]
3.2.33 R All relevant staff involved in the manufacturing of financial instruments must possess the necessary expertise to understand the characteristics and risks of the financial instruments they intend to manufacture.

[Note: article 9(5) of the MiFID Delegated Directive]

3.2.34 G Firms should have regard to SYSC 5.1, and in particular SYSC 5.1.5AB R, when considering whether their relevant staff have the necessary expertise.

Compliance reports

3.2.35 R Compliance reports to the management body must include information about the financial instruments that the firm has manufactured, including information on the distribution strategy.

3.2.36 R Manufacturers must make the compliance reports available to their competent authority on request.

[Note: article 9(6) MiFID Delegated Directive]

3.3 Distribution of products and investment services

General

3.3.1 R A distributor must:

(1) understand the financial instruments it distributes to clients;

(2) assess the compatibility of the financial instruments with the needs of the clients to whom it distributes investment services, taking into account the manufacturer’s identified target market of end clients; and

(3) ensure that financial instruments are distributed only when this is in the best interests of the client (see COBS 2.1.1R(1)).

[Note: article 24(2) of MiFID]

3.3.2 G A distributor should consider what impact the selection of a given manufacturer could have on the end client in terms of charges or the financial strength of the manufacturer, or possibly, where information is available to the distributor, how efficiently and reliably the manufacturer will deal with the distributor or end client at the point of sale (or subsequently, such as when queries/complaints arise, claims are made, or a financial instrument reaches maturity).

Obtaining information from manufacturers

3.3.3 R Distributors must obtain from MiFID manufacturers information to gain the necessary understanding and knowledge of the financial instruments they
intend to distribute in order to ensure that the financial instruments will be distributed in accordance with the needs, characteristics and objectives of the target market.

[Note: article 16(3) MiFID and article 10(2) MiFID Delegated Directive]

3.3.4 G In ensuring that they have obtained sufficient information about the financial instruments they distribute and in ensuring they understand the financial instruments or investment services distributed, distributors:

(1) should consider whether they understand the materials provided by the manufacturer or distributor earlier in the sales chain;

(2) should ask the manufacturer to supply additional information or training where this seems necessary to understand the financial instrument or investment service adequately;

(3) should not distribute the financial instrument or investment service if they do not understand it sufficiently; and

(4) when providing information to another distributor in a distribution chain, should consider how the further distributor will use the information, such as whether it will be given to end clients. Firms should consider what information the further distributor requires and the likely level of knowledge and understanding of the further distributor and what medium may suit it best for the transmission of information.

Distributing financial instruments manufactured by non-MiFID firms, including third country firms

3.3.5 R (1) Distributors must take all reasonable steps to comply with PROD 3.3 when distributing financial instruments manufactured by any firm to which MiFID manufacturer product governance requirements (PROD 3.2 or equivalent requirements of another EEA State) do not apply.

(2) As part of this, distributors must put in place effective arrangements to ensure that they obtain sufficient, adequate and reliable information from the manufacturer about the financial instruments to ensure that they will be distributed in accordance with the characteristics, objectives and needs of the target market.

(3) This rule applies to financial instruments sold on either the primary or secondary market.

3.3.6 R The obligation to obtain adequate and reliable information applies proportionately depending on:

(1) the degree to which publicly available information is obtainable; and
(2) the complexity of the financial instrument.

[Note: articles 10(1) and 10(2) of the MiFID Delegated Directive]

3.3.7 R Where information relevant to the obligation in PROD 3.3.5R is not publicly available, distributors must take all reasonable steps to obtain such relevant information from the manufacturer or its agent.

3.3.8 G Acceptable publicly available information is information which is clear, reliable and produced to meet regulatory requirements, such as disclosure requirements under the transparency rules or the prospectus rules.

[Note: article 10(2) of the MiFID Delegated Directive]

Target market and distribution strategy

3.3.9 R Distributors must determine the target market for the respective financial instrument, even if the target market was not defined by the manufacturer.

[Note: article 10(1) of the MiFID Delegated Directive]

3.3.10 R Distributors must identify the target market and their distribution strategy using:

(1) the information obtained from manufacturers; and

(2) information they have on their own clients.

3.3.11 G In identifying the target market and creating a distribution strategy, distributors should consider:

(1) the nature of the financial instruments to be offered or recommended and how they fit with end clients’ needs and risk appetite;

(2) the impact of charges on end clients;

(3) the financial strength of the manufacturer; and

(4) where information is available on the manufacturer’s processes, how efficiently and reliably the manufacturer will deal with the end client at the point of sale or subsequently, such as when complaints arise, claims are made or the financial instrument reaches maturity.

3.3.12 G The target market identified by distributors for each financial instrument should be identified at a sufficiently granular level.

3.3.13 G Where a distributor is part of a distribution chain, the information referred to in PROD 3.3.10R(2) should include information on the intended end client.

3.3.14 R Where a firm acts both as a manufacturer and a distributor, only one target market assessment is required.
3.3.15 R (1) Distributors must have in place adequate product governance arrangements to ensure that:

(a) the financial instruments and investment services they intend to distribute are compatible with the needs, characteristics and objectives of the identified target market; and

(b) the intended distribution strategy is consistent with the identified target market.

(2) Distributors must appropriately identify and assess the circumstances and needs of the clients they intend to focus on to ensure that their clients’ interests are not compromised as a result of commercial or funding pressures.

(3) Distributors must identify any groups of end clients for whose needs, characteristics and objectives the financial instrument or investment service is not compatible.

[Note: article 10(2) of the MiFID Delegated Directive]

3.3.16 R Distributors must periodically review their product governance arrangements under PROD 3.3.15R and must take appropriate actions where necessary to ensure they remain robust and fit for their purpose.

[Note: article 16(3) of MiFID and article 10(4) of the MiFID Delegated Directive]

3.3.17 G In the design of investment services, to help clients make an informed investment decision, firms should consider the support clients need before they reach the product selection part of the process.

3.3.18 R Distributors must have in place procedures and measures to ensure that when deciding the range of financial instruments and investment services to be distributed, and the target market, all applicable rules are complied with, including but not limited to:

(1) disclosure (see COBS 4 and COBS 14.3A);

(2) suitability (see COBS 9A);

(3) appropriateness (see COBS 10A);

(4) inducements (see COBS 2.3A); and

(5) conflicts of interest (see SYSC 10.1).

3.3.19 G Distributors should take particular care to ensure compliance with PROD 3.3.18R when they intend to distribute new financial instruments or there
are variations to the *investment services* they provide.

[Note: article 10(3) of the *MiFID Delegated Directive*]

Oversight and training requirements

3.3.20 R The development and periodic review of product governance arrangements must be monitored by the *person* allocated the *compliance oversight function* of a *firm* in order to detect any risk of failure by the *distributor* to comply with applicable provisions of *PROD*.

[Note: article 10(6) of the *MiFID Delegated Directive*]

3.3.21 R The *management body* of a *distributor* must have effective control over the *firm’s* product governance process to determine:

1. the range of *financial instruments* the *firm* offers or recommends; and

2. the *investment services* provided to the respective target markets.

[Note: article 10(8) of the *MiFID Delegated Directive*]

3.3.22 R All relevant staff must possess the necessary expertise to understand:

1. the characteristics and risks of the *financial instruments* that the *firm* intends to *distribute*;

2. the *investment services* provided by the *firm*; and

3. the needs, characteristics and objectives of the identified target market.

[Note: article 10(7) of the *MiFID Delegated Directive*]

3.3.23 G *Firms* should have regard to *SYSC 5.1*, and in particular *SYSC 5.1.5AB R*, when considering whether their relevant staff have the necessary expertise.

Compliance reports

3.3.24 R Compliance reports to the *management body* must include information about the *financial instruments distributed* by the *firm* and the *investment services* provided.

3.3.25 R A *distributor* shall make the compliance reports available to *competent authorities* on request.

[Note: article 10(8) of the *MiFID Delegated Directive*]

Post-sale review

3.3.26 R *Distributors* must regularly review the *financial instruments* they *distribute* and the *investment services* they provide, taking into account any event that
could materially affect the potential risk to the identified target market.

3.3.27 R In carrying out the review in PROD 3.3.26R, distributors must assess at least:

(1) whether the financial instrument or investment service remains consistent with the needs, characteristics and objectives of the identified target market; and

(2) whether the intended distribution strategy remains appropriate.

3.3.28 R If a distributor becomes aware that it has wrongly identified the target market for a specific financial instrument or investment service, or the financial instrument or investment service no longer meets the circumstances of the identified target market, it must take appropriate steps, including at least:

(1) reconsidering the target market; and/or

(2) updating its product governance arrangements.

3.3.29 G A distributor may need to take action under PROD 3.3.28R in circumstances where the financial instrument becomes very illiquid or very volatile due to market changes.

[Note: article 16(3) of MiFID and article 10(5) of the MiFID Delegated Directive]

Information sharing

3.3.30 R To support the reviews carried out by manufacturers under PROD 3.2.19R to PROD 3.2.26R, a distributor must provide to the manufacturer of each financial instrument it distributes:

(1) information on sales; and

(2) where appropriate, information on the reviews carried out under PROD 3.3.26R to PROD 3.3.28R.

3.3.31 G (1) Information on sales should include information on any sales made outside the target market.

(2) In complying with PROD 3.3.30R it is not necessary to report every sale to the manufacturer. Distributors should provide the data necessary for the manufacturer to review the financial instrument and check that it remains consistent with the needs, characteristics and objectives of the target market defined by the manufacturer. Relevant information could include:

(a) summary information of the types of clients;

(b) a summary of complaints received; and
(c) responses from clients to questions suggested by the manufacturer for the purposes of obtaining feedback from a client sample.

(3) In determining when providing information on the reviews carried out under PROD 3.3.26R to PROD 3.3.28R is appropriate, a distributor should have regard to the requirements on the manufacturer in PROD 3.2. Information on the reviews should be shared if the manufacturer requests it.

[Note: article 10(9) of and recital 20 to the MiFID Delegated Directive]

Responsibilities in chains of distributors

3.3.32 R (1) A firm which distributes financial instruments or investment services to end clients is responsible for ensuring that the obligations in this chapter are met in respect of any financial instrument or investment service it distributes to an end client.

(2) A firm which distributes financial instruments to clients which are not end clients must, in addition to complying with the rules in this chapter, consider if they are also undertaking a manufacturing role and, if they are, also apply PROD 3.2.

3.3.33 R A distributor which distributes financial instruments to other distributors must:

(1) ensure that relevant product information is passed from the manufacturer to the final distributor in the chain; and

(2) if the manufacturer requires information on product sales in order to comply with its obligations under PROD 3.2, enable them to obtain it.

Amendments to the Perimeter Guidance manual (PERG)

In this Annex, underlining indicates new text and striking through indicates deleted text.

1 Introduction to the Perimeter Guidance manual

…

1.5 What other guidance about the perimeter is available from the FCA?

1.5.1 General guidance on the perimeter is also contained in various FCA documents (mainly fact sheets and frequently asked questions) that are available on the FCA website at www.fca.org.uk. These documents, and the URL on which they may be accessed, include:

…

(11) joint guidance by the FSA and the Office of Fair Trading titled “Payment protection products” (January 2013) which includes discussion whether debt freezes and debt waivers are contracts of insurance (www.fca.org.uk/your-fca/documents/finalised-guidance/fsa-fg132 https://www.fca.org.uk/publication/finalised-guidance/fsa-fg13-02.pdf); and

(12) the FSA’s views on whether members of the NHBC who provide insurance to buyers of properties in accordance with the Buildmark scheme carry out insurance mediation, contained in a letter to NHBC’s solicitors and put onto the FSA’s Freedom of Information Act register in December 2012 (www.fca.org.uk/your-fca/documents/fsa-foi2707-request-information https://www.fca.org.uk/publication/foi/fsa-foi2707-info.pdf).

2 Authorisation and regulated activities

…

2.3 The business element

…

2.3.2 There is power in the Act for the Treasury to change the meaning of the business element by including or excluding certain things. They have exercised this power (see the Financial Services and Markets Act 2000 (Carrying on Regulated Activities by Way of Business) Order 2001 (SI 2001/1177), the Financial Services and Markets Act 2000 (Regulated
Activities) (Amendment) (No.2) Order 2003 (SI 2003/1476), the Financial Services and Markets Act 2000 (Carrying on Regulated Activities by Way of Business) (Amendment) Order 2005 (SI 2005/922), the Financial Services and Markets Act 2000 (Carrying on Regulated Activities by Way of Business) (Amendment) Order 2011 (SI 2011/2304) and the Financial Services and Markets Act 2000 (Regulated Activities) (Amendment) (No 2) Order 2013 as amended from time to time). The result is that the business element differs depending on the activity in question. This in part reflects certain differences in the nature of the activities:

... (2) Except as stated in PERG 2.3.2G(2A) and PERG 2.3.2G(3), the business element is not to be regarded as satisfied for any of the following regulated activities unless a person carries on the business of engaging in one or more of them:

(a) regulated activities carried on in relation to securities or contractually based investments;

(b) (or for those regulated activities carried on in relation to ‘any property’);

(c) the regulated activities listed in PERG 2.7.2-BG (Accepting deposits and other regulated activities applying to deposits) so far as they relate to structured deposits;

(d) unless a person carries on the business of engaging in one or more of the activities. This also applies to the regulated activities of advising on P2P agreements, advising on a home finance transaction and arranging a home finance transaction.

This is a narrower test than that of carrying on regulated activities by way of business (as required by section 22 of the Act), as it requires the regulated activities to represent the carrying on of a business in their own right.

This is a narrower test than that of carrying on regulated activities by way of business (as required by section 22 of the Act), as it requires the regulated activities to represent the carrying on of a business in their own right.

... 2.5 Investments and activities: general

... 2.5.4A G The UK has exercised part of the optional exemption in article 3 of MiFID. Further information about this exemption is contained in Q48 to 53 in PERG
13.5. It is a requirement of article 3 MiFID that the activities of firms relying on the exemption are "regulated at national level". The investment services to which article 3 apply (namely reception and transmission of orders and investment advice in relation to either transferable securities or units in collective investment undertakings) correspond to regulated activities (see PERG 13 Annex 2 Tables 1 and 2).

2.5.5 G … These relate to the exclusions concerned with: …

(2A) issuing own securities (see PERG 2.8.4G(4)); …

(3A) arranging for the issue of your own securities PERG 2.8.6AG(11); …

2.5.6 G …

Wider definition of certain specified investments when carrying on some kinds of EU business

2.5.7 G Some specified investments are defined so that certain products only come within that specified investment when a person is providing services under certain EU legislation in relation to that product.

2.5.8 G When PERG 2.5.7G applies, the product is only treated as falling within the definition of the specified investment concerned if (in relation to that product):

(1) one of the following persons:

(a) a MiFID investment firm; or

(b) a third country investment firm; or

(c) a CRD credit institution; or

(d) a credit institution that would qualify to be a CRD credit institution if its registered or head office were in the EEA; provides or performs investment services and/or activities on a professional basis; or

(2) a UCITS investment firm is providing certain investment services and/or activities under article 6.3 of the UCITS Directive (provision of services in addition to UCITS management); or
(3) a market operator (or someone who would be a market operator if it was based in the EEA) is providing the investment services and/or activities of operating a multilateral trading facility or organised trading facility (these activities are described in Q24 and Q24A in PERG 13.3); or

(4) an AIFM investment firm is providing services under article 6.4 of the AIFMD (provision of services in addition to AIF management).

2.5.9 PERG 2.5.7G only applies to the following specified investments:

(1) an emission allowance (see PERG 2.6.19DG for more details);
(2) an option (see PERG 2.6.20G for more details);
(3) a future (see PERG 2.6.22AG for more details);
(4) a credit derivative treated as a contract for differences (see PERG 2.6.23G for more details); and
(5) a binary or fixed outcomes derivative treated as a contract for differences (see PERG 2.6.24AG for more details, which also explains that in certain circumstances PERG 2.5.7G does not apply to this product).

2.5.10 When deciding whether a person is a MiFID investment firm or a third country investment firm for the purposes of PERG 2.5.8G(1), it is necessary to take into account the services that that person is providing in relation to the product concerned.

(2) For example, say that a UK person does business in an option product to which PERG 2.5.7G applies. When deciding whether that product is a regulated option, it is not necessary for that person already to be:

(a) a MiFID investment firm; or

(b) authorised under the Act;

because of its other activities.

(3) Therefore, when deciding whether the UK person in (2) is a MiFID investment firm and whether it needs to be authorised under the Act, it is necessary to take into account all the business it does, including business in that option product.

2.6 Specified investments: a broad outline

...
2.6.4 A structured deposit is a kind of deposit.

(1) A structured deposit is a deposit which is fully repayable at maturity on terms under which interest or a premium will be paid or is at risk, according to a formula involving factors such as:

(a) an index or combination of indices; or

(b) a financial instrument or combination of financial instruments; or

(c) a commodity or combination of commodities or other physical or non-physical non-fungible assets; or

(d) a foreign exchange rate or combination of foreign exchange rates.

(2) A variable rate deposit whose return is directly linked to an interest rate index such as Euribor or Libor is not a structured deposit under paragraph (2)(a).

(3) (3) applies whether or not the interest is predetermined and whether it is fixed or variable.

The reason why there is a definition of a structured deposit is that there are a number of regulated activities that apply to structured deposits that do not apply to other kinds of deposit. See PERG 2.7.2-BG for a list.

Although the definition of a structured deposit specifically requires that the principal amount be fully repayable, that does not imply that this feature only applies to structured deposits. In the FCA’s view, capital certainty is a feature of any kind of deposit.

Greenhouse gas emissions emission allowances

2.6.19D There are two specified investments relating to the scheme for greenhouse gas emission allowance trading within the EU:

(a) the first kind comprises emissions allowances that are auctioned as financial instruments or two-day emissions spots (together, emissions auction products); and

(b) the second kind is an emission allowance itself, subject to (2)).
(2) An emission allowance is only a specified investment under (1)(b) if PERG 2.5.7G (Wider definition of certain specified investments when carrying on some kinds of EU business) applies.

(3) An emission allowance can also be the underlying for an option, future or contract for differences.

2.6.19E G The emissions auction product specified investment relates only to the regulated activity of bidding in emissions auctions (whereby a bid is received, transmitted and submitted on an auction platform) and captures the two forms of allowance products that may be auctioned under article 4(2) of the auction regulation: a two-day spot or a five-day future.

2.6.19F G For the purposes of the RAO, this specified investment is not See PERG 2.7.6DG for more about:

(1) how the RAO deals with the overlap between emission allowances and emissions auction products; and
(2) whether these products are a security, a contractually-based investment or a relevant investment.

2.6.19G G This specified investment incorporates definitions from other EU directives or regulations which can be summarised as follows. Some other points about emission allowances are:

(1) Emissions Emission allowance means an allowance as defined in article 3(a) of Directive 2003/87/EC which established the scheme for greenhouse gas emissions emission allowance trading within the EU. That article provides that an allowance is an allowance to emit one tonne of carbon dioxide equivalent during a specified period, only valid for the purpose of meeting the requirements of Directive 2003/87/EC and only transferable in accordance with the provisions of that directive (emissions emission allowance).

(3) A financial instrument is defined as any instrument listed in Section C of Annex I to MiFID. Recital 14 of the auction regulation explains that a two-day spot is not a financial instrument whereas a five-day future is (see PERG 13.4, Q34). A five-day future is defined in article 3(4) of the auction regulation as an allowance auctioned as a financial instrument for delivery at an agreed date no later than the fifth trading day from the day of the auction.

(4) The distinction between emission allowances that are auctioned as financial instruments and those auctioned as two-day spots is no longer relevant as all emissions auction products are financial instruments. When this part of the Regulated Activities Order was brought into force, a two-day emissions spot was not a financial instrument. Changes in EU legislation since then mean that it is one
Options

2.6.20 G The specified investment category of options comprises:

\[\ldots\]

(2) options to acquire or dispose of other property and falling within paragraphs 5, 6, 7 or 10 of Section C of Annex 1 to MiFID (see article 83(2) of the Regulated Activities Order and PERG 13, Q32 Q33A to Q34 for guidance about these instruments), but only where they are options in relation to which a MiFID investment firm or a third country investment firm provides or performs investment services and activities on a professional basis PERG 2.5.7G (Wider definition of certain specified investments when carrying on some kinds of EU business) applies; and

(3) options to acquire or dispose of an option to which (2) applies. See, but only where PERG 2.5.7G applies (see article 83(1)(e) of the Regulated Activities Order).

2.6.20A G It follows therefore that options not falling within PERG 2.6.20G(1), for example physically settled options on non-precious metals, such as copper options, will not be options unless they meet the conditions in PERG 2.6.20G(2). Moreover, where the option in question is one to which PERG 2.6.20G(2) applies, it will be an option only in relation to the investment services and activities, or ancillary services where relevant services referred to in PERG 2.5.8G, provided by that person. The same applies in the case of options falling within PERG 2.6.20G(3), for example an option on a physically settled copper option traded on a regulated market.

Futures

\[\ldots\]

2.6.22A G As with options, there is an additional category of instruments which are futures only when they are the object of investment services or activities provided or performed by certain persons in limited circumstances. These are contracts as described in PERG 2.6.21G:

(1) \[\ldots\]

(2) that:

(a) fall within paragraph 4 of Section C of Annex 1 to MiFID and relate to currencies (see PERG 13, Q31A to Q31S for guidance about these derivatives); or

(b) fall within paragraphs 5, 6, 7 or 10 of Section C of Annex 1 to MiFID (see PERG 13, Q32 Q33A to Q34 for guidance
about these derivatives); and

(3) in relation to which a MiFID investment firm or a third country investment firm provides or performs investment services and activities on a professional basis PERG 2.5.7G (Wider definition of certain specified investments when carrying on some kinds of EU business) applies.

See article 84(1A)-(1D) of the Regulated Activities Order.

2.6.22B G The transposition of MiFID does not have the effect of turning spot or forward foreign exchange contracts into financial instruments where such instruments satisfy the commercial purpose test in article 84(2) of the Regulated Activities Order. In our view, very few instruments are likely to fall within PERG 2.6.22AG in practice, given that this category only applies in the case of instruments not falling within PERG 2.6.22G. An example of an instrument falling within PERG 2.6.22AG could be rights under a contract for a derivative which provides for physical delivery of a commodity at a future date and which is entered into on a multilateral trading facility. [deleted]

Contracts for differences

2.6.23 G The specified investment category of contracts for differences covers:

…

(3) other derivative contracts for the transfer of credit risk (not within (1) or (2)) falling within paragraph 8 or 9 of Section C of Annex 1 to MiFID, that is derivative instruments for the transfer of credit risk (see PERG 13, Q30 to Q31 for guidance about these instruments), but only where a MiFID investment firm or a third country investment firm provides or performs investment services and activities on a professional basis PERG 2.5.7G (Wider definition of certain specified investments when carrying on some kinds of EU business) applies.

…

2.6.24 G …

2.6.24A G (1) A binary or other fixed outcomes bet is also treated as contract for differences. This is defined as something that meets the following conditions:

(a) it is a derivative contract of a binary or other fixed outcomes nature;

(b) it is not covered by PERG 2.6.23G(1) or (2);

(c) it is settled in cash:
(d) it is a financial instrument that falls within paragraphs 4, 5, 6, 7 or 10 of Section C of Annex 1 to MiFID (see PERG 13, Q31A to Q34 for guidance about these instruments); and

(e) one of the following requirements is met:

(i) PERG 2.5.7G (Wider definition of certain specified investments when carrying on some kinds of EU business) applies; or

(ii) a person is making arrangements with a view to transactions in investments in relation to it.

(2) A product is binary (see PERG 2.6.24AG(1) (a)) only if the payout is all or nothing. That is, the overall result will be that one party will pay the other a fixed sum. It is a sort of fixed odds bet.

(3) The main example of a binary product is a binary or digital option.

(4) A simple example is a contract between X and Y under which:

(a) at the start, X pays Y a fixed sum (equivalent to the stake in a bet);

(b) if shares in ABC PLC close above £5.20 per share at close of trading five days later, Y pays X a fixed sum (a multiple of X's original stake), the result being that Y pays X a fixed sum in net terms;

(c) if shares in ABC PLC close at or below £5.20 per share at close of trading five days later, X gets nothing, the result being that X pays Y a fixed sum.

(5) A simple binary sporting bet is not a contract for differences as:

(a) it is not covered by MiFID and so it does not meet the condition in PERG 2.6.24AG(1)(d); and

(b) it does not come under any other part of the definition of a contract for differences.

(6) A product that has fixed outcomes but is not binary (see PERG 2.6.24AG(1)(a)):

(a) is like a binary product in that there are fixed number of possible payouts and they are all known in advance; but

(b) differs from a binary contract in that the number of possible payouts is three or more rather than just two.

(7) A simple example of a contract in (6) (although it may not be
common in practice) is a contract between X and Y under which:

(a) at the start, X pays Y a fixed sum (equivalent to the stake in a bet);

(b) if shares in ABC PLC close above £5.20 per share at close of trading five days later and (c) does not apply, Y pays X a fixed sum (a multiple of X’s original stake), the result being that Y pays X a fixed sum in net terms;

(c) if shares in ABC PLC close above £5.20 per share at close of trading five days later and the market as a whole rises by more than ten percent, Y pays X a fixed sum that is:

(i) a multiple of X’s original stake; but

(ii) a different (and usually smaller) multiple from the one in (b);

the result being that Y pays X a fixed sum in net terms;

(d) if shares in ABC PLC close at or below £5.20 per share at close of trading five days later, X gets nothing, the result being that X pays Y a fixed sum.

2.6.24B G (1) Any derivative under MiFID will be an option, future or contract for differences where PERG 2.5.7G (Wider definition of certain specified investments when carrying on some kinds of EU business) applies.

(2) So for example the following contract between X and Y would be a contract for differences.

(a) At the start, X pays Y a fixed sum (equivalent to a stake in a bet).

(b) If the ABC index closes above 6,500 when the contract expires, Y pays X a fixed sum being the stake and an additional pay out (determined on the opening of the contract), the result of the contract being that Y pays X a fixed sum.

(c) If the ABC index closes below 6,500 when the contract expires, X gets nothing (and pays Y the stake paid when X opened the contract), the result of the contract being that X pays Y a fixed sum.

(d) If the ABC index was trading at 6,500 when the contract was opened and closes at 6,500 when the contract expires, Y pays X a fixed sum (being a proportion of the amount paid by X to Y on opening of the contract), the result of the contract being
that X pays Y a fixed sum.

2.7 Activities: a broad outline

Accepting deposits and other regulated activities applying to deposits

2.7.2 In general, accepting deposits is the only regulated activity that applies to deposits, except for those regulated activities that can apply to property or assets that are not specified investments. However, structured deposits are an exception to this.

2.7.2-B The following regulated activities apply to deposits that are structured deposits in addition to the regulated activity of accepting deposits:

(1) dealing in investments as agent;
(2) arranging (bringing about) deals in investments;
(3) making arrangements with a view to transactions in investments;
(4) managing investments; and
(5) advising on investments.

2.7.2-C The activities in PERG 2.7.2-BG may be carried out by the person accepting the structured deposit or another person. However the activities in PERG 2.7.2-BG(1) to (3) are unlikely to be relevant to the person accepting the structured deposit because:

(1) the dealing activity in PERG 2.7.2-BG(1) only applies to an agent; and
(2) the exclusion described in PERG 2.8.6AG(3) (arranging transactions to which the arranger is to be a party) may apply to the activities in PERG 2.7.2-BG(2) and (3).

Dealing in investments (as principal or agent)

Both the activities of dealing in investments as principal and dealing in investments as agent are defined in terms of ‘buying, selling, subscribing for or underwriting’ certain investments. These investments are:
(2) for dealing in investments as agent, securities, structured deposits and relevant investments (except rights under a funeral plan contract).

Bidding in emissions emission auctions

2.7.6B  G The RAO and the auction regulation together generate three broad categories of person in relation to bidding for emissions emission allowances on an auction platform:

(1) The first category consists of an investment firm to which MiFID applies, and a BCD CRD credit institution and a third country credit institution where either the firm is bidding on behalf of its clients for emissions auction products or bidding on its own account for emissions auction products that are financial instruments. For these purposes a third country credit institution refers to a credit institution that would qualify to be a CRD credit institution if its registered or head office were in the EEA.

(1A) This The first category also consists of a person that is exempt from MiFID under article 2(1) (i) (j) where it is bidding on behalf of a client of its main business or bidding on its own account (further information on the article 2(1) (i) (j) exemption from MiFID is in PERG 13.5, Q44).

(1B) A person in this first category is entitled to bid on an auction platform but requires permission from the FCA for bidding in emissions auctions to do so.

(2) The second category consists of an investment firm to which MiFID applies and a BCD credit institution where either is bidding on its own account for two day emissions spot. This category also consists of operators or aircraft operators bidding on their own account as well as group entities or business groupings of those operators or public bodies or state-owned entities of Member States that control any of those operators (as set out in article 18 of the auction regulation). A person or entity in this category is entitled to bid on an auction platform but does not require permission from the FCA to do so as a result of an exclusion from the regulated activity of bidding in emissions auctions in article 24B of the RAO.

(3) …

(4) Article 24B(2) of the RAO includes in the second category (see (2)) an investment firm to which MiFID applies, a CRD credit institution or a third country credit institution where it is bidding on its own account for emissions auction products that are not financial
instruments under MiFID. This part of the RAO no longer has effect as all emissions auction products are now financial instruments. When it was brought into force, a two-day emissions spot was not a financial instrument.

2.7.6C G A person may fall into both the first and the second category. For example, a person might be both exempt from MiFID under article 2(1)(j) (within the first category) and be a group entity of an operator (within the second category). In this case, that person does not require permission for activities that cause that person to fall into the second category because those activities are excluded from the activity of bidding in emissions auctions.

2.7.6D G (1) As explained in PERG 2.6.19DG, an emission allowance and an emissions auction product are both specified investments. The Regulated Activities Order deals with this as follows.

(2) A person in the first category in PERG 2.7.6BG requires permission from the FCA for bidding in emissions auctions but does not require any other permission to do so.

(3) A person in the second category in PERG 2.7.6BG does not require any permission from the FCA for bidding.

(4) Article 24A(2) of the RAO is the main provision that deals with (2) and (3). It provides that bidding in emissions auctions does not form part of any other regulated activity and so, although in the FCA’s view this activity broadly equates to the regulated activities of dealing in investments as principal, dealing in investments as agent, arranging (bringing about) deals in investments, or making arrangements with a view to transactions in investments, a person seeking to carry on this bidding activity will only require permission for bidding in emissions auctions to do so and will not require permission for any other regulated activities. Except for this exclusion, in the FCA’s view, bidding in emissions auctions would broadly equate to the following regulated activities:

(a) dealing in investments as principal;

(b) dealing in investments as agent;

(c) arranging (bringing about) deals in investments; or

(d) making arrangements with a view to transactions in investments.

(5) An emission allowance is a security. This means that any person wishing to carry out any activity in relation to it will need to consider whether any of the regulated activities relating to securities apply (subject to (8)).

(6) A derivative on an emission allowance is potentially a contractually based investment and a relevant investment. Therefore any person
wishing to carry out any activity in relation to it will need to consider whether any of the regulated activities relating to contractually based investments and relevant investments apply (subject to (8)).

(7) An emission allowance auctioned under the auction regulation, as well as being a specified investment in its own right (an emissions auction product) may also be included in the emission allowance category of specified investment (subject to (8)). It is unlikely to be a contractually based investment or a relevant investment.

(8) However (as explained in (2) to (4)), for a firm that is bidding under the auction regulation:

(a) the only regulated activity is bidding in emissions auctions; and
(b) the only specified investment is an emissions auction product.

(9) (7) means that a person may need permission to carry out activities in relation to emission allowances that are auctioned under the auction regulation other than bidding activities, such as:

(a) buying and selling them in the secondary market; or
(b) advising a client about buying or selling them.

(10) Where (9) applies, the specified investment involved will be an emission allowance or one of the contractually based investments. The emissions auction product category of specified investment is only relevant to the regulated activity of bidding in emissions auctions.

(11) (9) applies to a person in (2) or (3) as well as anyone else wanting to carry out such activities.

Arranging deals in investments and arranging a home finance transaction

... 

2.7.7A G These are ten arranging activities that are regulated activities under the Regulated Activities Order. These are:

(1) arranging (bringing about) deals in investments which are securities, relevant investments, structured deposits or the underwriting capacity of a Lloyd’s syndicate or membership of a Lloyd’s syndicate (article 25(1));

(2) making arrangements with a view to transactions in investments which are securities, relevant investments, structured deposits or the underwriting capacity of a Lloyd’s syndicate or membership of a Lloyd’s syndicate (article 25(2));
Operating a multilateral trading facility

2.7.7D G Guidance on the MiFID investment service of operating a multilateral trading facility is given in PERG 13, Q24. So far as an activity that comes within the regulated activity of operating a multilateral trading facility is concerned, this does not comprise the activities come within the regulated activities of dealing in investments as agent, dealing in investments as principal; or arranging deals in investments. Where a firm carries on one or more of these activities in addition to operating a multilateral trading facility, these are separate regulated activities for which it requires permission.

2.7.7DA G The definition of a multilateral trading facility covers:

(1) a multilateral trading facility as defined by MiFID (see PERG 13, Q24) operated by an investment firm, a credit institution or a market operator; or

(2) a facility which:

(a) is operated by an investment firm, a credit institution or a market operator that is set up outside the EEA; and

(b) would come within (1) if its operator was set up in the EEA.

Operating an organised trading facility

2.7.7DB G Guidance on the MiFID investment service of operating an organised trading facility is given in PERG 13, Q24A. An activity that comes within the regulated activity of operating an organised trading facility does not come within the regulated activities of dealing in investments as agent, dealing in investments as principal or arranging deals in investments.

2.7.7DC G The definition of an organised trading facility covers:

(1) an organised trading facility as defined by MiFID (see PERG 13, Q24A) operated by an investment firm, a credit institution or a market operator; or

(2) a facility which:

(a) is operated by an investment firm, a credit institution or a market operator that is set up outside the EEA; and

(b) would come within the MiFID definition if its operator was set up in the EEA.
2.7.7DD G (1) The regulated activity of operating an organised trading facility only covers a trading facility on which non-equity MiFID instruments are traded.

(2) Subject to (3), a non-equity MiFID instrument means:

(a) a debenture, an alternative debenture, a government and public security, a warrant, a certificate representing certain securities, a unit, an emission allowance, an option, a future or a contract for differences; or

(b) rights to or interests in investments relating to anything in (a).

(3) However, a product in (2) is only a non-equity MiFID investment if it also falls into one of the following categories:

(a) a bond; or

(b) a structured finance product; or

(c) an emission allowance; or

(d) an instrument falling within paragraphs 4 to 10 of Section C of Annex 1 of MiFID (these are described in PERG 13.4) if the instrument is a transferable security.

Managing investments

2.7.8 G The regulated activity of managing investments includes several elements.

... 

(3) Third, the property that is managed must consist of (or include) securities, structured deposits or contractually based investments. Alternatively, discretionary management will generally be caught if it is possible that the property could consist of or include such securities or investments products. This is the case even if there never has been any investment in these products, as long as there have been representations that there would be.

... 

Advising on investments

... 

2.7.15 G The regulated activity of advising on investments (except P2P agreements) under article 53(1) of the Regulated Activities Order applies to advice on
securities, structured deposits or relevant investments. It does not, for example, include giving advice about deposits (except structured deposits), or about things that are not specified investments for the purposes of the Regulated Activities Order. …

Agreeing

2.7.21 G Agreeing to carry on most regulated activities is itself a regulated activity. But this is not the case if the underlying activities to which the agreement relates are those of accepting deposits, issuing electronic money, effecting or carrying out contracts of insurance, operating a multilateral trading facility, operating an organised trading facility, managing dormant account funds, the meeting of repayment claims, managing a UCITS, acting as depositary trustee or depositary of a UCITS, managing an AIF, acting as trustee or depositary of an AIF, establishing, operating or winding up a collective investment scheme, establishing, operating or winding up a stakeholder pension scheme or establishing, operating or winding up a personal pension scheme. A person will need to make sure that he it has appropriate authorisation at the stage of agreement and before he it actually carries on the underlying activity (such as the dealing or arranging).

Exclusions applicable to particular regulated activities

Dealing in investments as principal

2.8.4C G The exclusions referred to in PERG 2.8.4G(1), (2), (4), (5) and (6)(b), (c) and (d) will not be available to persons who, when carrying on the activity of dealing in investments as principal, are MiFID investment firms or third country investment firms (see PERG 2.5.4G to PERG 2.5.5G (Investment services and activities)).

Arranging deals in investments and arranging a home finance transaction

2.8.6B G The exclusions referred to in PERG 2.8.6AG(4), PERG 2.8.6AG(11) and PERG 2.8.6AG(13)(b), (c), (d), (e) and (l) will not be available to persons who, when carrying on an arranging activity, are MiFID investment firms or third country investment firms (see PERG 2.5.4G to PERG 2.5.5G (Investment services and activities)).
2.9 Regulated activities: exclusions applicable in certain circumstances

2.9.1 G The various exclusions outlined below deal with a range of different circumstances.

(1) Each set of circumstances described in PERG 2.9.3G to PERG 2.9.17G has some application to several regulated activities relating to securities, structured deposits, relevant investments or home finance transactions. …

Overseas persons

2.9.15 G This group of exclusions applies, in specified circumstances, to the regulated activities of:

…

(3B) …

(3C) operating an organised trading facility;

…

2.9.17B G (1) The exclusion for overseas persons described in PERG 2.9.17G does not apply to an investment firm or credit institution set up in a third country that has been found equivalent under article 46 or 47 of MiFIR, as described in more detail in the rest of this paragraph.

(2) Article 46 of MiFIR has a mechanism under which ESMA may register a third country investment firm or a third country credit institution without a branch in the EEA. Registration allows the third country investment firm or third country credit institution to provide certain services to certain customers within the EEA without the need for further authorisation by an EEA State.

(3) (2) only applies where the European Commission has made a formal assessment that the legal and supervisory arrangements of that third country ensure that investment firms and credit institutions authorised in that third country comply with legally binding prudential and conduct of business requirements which have equivalent effect to MiFID, MiFIR and CRD.

(4) Under article 47 of MiFIR an investment firm or credit institution
that:

(a) has a branch in an EEA State and is authorised in that EEA State; and

(b) is set up in a third country that is subject to an equivalence assessment in (3);

may provide certain services to certain clients in other EEA States without the need for further authorisation.

(5) The exclusion for overseas persons described in PERG 2.9.17G does not apply to investment services or activities provided by an investment firm or credit institution in (1) if:

(a) it is registered as described in (2); or

(b) its branch is authorised in an EEA State other than the United Kingdom as described by (4); or

(c) it provides the investment services or activities at the initiative of certain EEA-based clients.

(6) However, (5) only applies from three years after the equivalence decision in (3). For the first three years following the equivalence decision, the exclusion for overseas persons described in PERG 2.9.17G continues to apply in the normal way.

(7) The purpose of the three year period is to implement article 54 of MiFIR (transitional provisions) under which the national regimes of EEA States continue to apply for three years after the equivalence decision in (3).

(8) There are currently no special provisions in the Act or related legislation such as the Regulated Activities Order dealing expressly and specifically with the treatment of third country investment firms and third country credit institutions under the general prohibition after the overseas persons exclusion is switched off at the end of the three year period in (6).

7  Periodical publications, news services and broadcasts: applications for certification

7.3  Does the activity require authorisation?

7.3.1 G Under article 53(1) of the Regulated Activities Order (Advising on investments), advising a person is a specified kind of activity if:

(1) the advice is given to the person in his capacity as an investor or potential investor, or in his capacity as agent for an investor or a
potential investor; and

(2) is advice on the merits of his doing any of the following (whether as principal or agent):

(a) buying, selling, subscribing for or underwriting a particular investment which is a security, structured deposit or a relevant investment; or

(b) exercising any right conferred by such an investment to buy, sell, subscribe for or underwrite such an investment.

Carrying on the regulated activity by way of business

7.3.3 G Under section 22 of the Act (Regulated activities), for an activity to be a regulated activity it must be carried on ‘by way of business’. There is power in the Act for the Treasury to change the meaning of the business test by including or excluding certain things. It has exercised this power (through the Financial Services and Markets Act 2000 (Carrying on Regulated Activities by Way of Business) Order 2001 (SI 2001/1177) (the Business Order), This has been as amended from time to time by article 18 of the Financial Services and Markets Act 2000 (Regulated Activities) (Amendment) (No 2) Order 2003 (SI 2003/1476), by article 28 of the Financial Services and Markets Act 2000 (Regulated Activities) (Amendment) (No 2) Order 2006 (SI 2006/2383) and article 27 of the Financial Services and Markets Act 2000 (Regulated Activities) (Amendment) Order 2009 (SI 2009/1342) as explained in PERG 7.3.3AG.

7.3.7 G … Also, the general prohibition will not be contravened if the exclusion for overseas persons in article 72 of the Regulated Activities Order (Overseas persons) applies. That exclusion applies in relation to the giving of advice on securities, structured deposits or relevant investments by an overseas person as a result of a ‘legitimate approach’ (defined in article 72(7)). …

8 Financial promotion and related activities

8.13 Exemptions applying to financial promotions concerning deposits and certain contracts of insurance

8.13.1 G The exemptions in Part V of the Financial Promotion Order concern financial promotions relating to deposits and contracts of insurance other than life policies. The exemptions may be combined with exemptions in Part
IV and Part VI (see PERG 8.11.3G (Types of exemption under the Financial Promotion Order). The exemptions in Part V do not apply to life policies or structured deposits.

8.21 Company statements, announcements and briefings

8.21.13 G Article 67 exempts any financial promotion other than an unsolicited real time financial promotion which relates to shares, debentures, alternative debentures, government and public securities, warrants or certificates representing certain securities which are permitted to be traded or dealt in on a relevant market. A relevant market for the purposes of article 67 is one which meets the criteria in Part I of, or is specified in or established under the rules of an exchange specified in Part II or Part III of, schedule 3 to the Financial Promotion Order. This includes recognised investment exchanges and EEA regulated markets that are exempt persons under article 36 of the Exemption Order, together with various other overseas markets (including OFEX (UK)). The financial promotion must, however, be required or permitted to be communicated by the rules of the market or by a body which either regulates the market or regulates offers or issues of investments to be traded on the market.

8.24 Advising on investments

8.24.1 G Under article 53(1) of the Regulated Activities Order, advising on investments (except P2P agreements) covers advice which:

(1) is given to a person in his capacity as an investor or potential investor, or in his capacity as agent for an investor or a potential
is advice on the merits of his (whether as principal or agent) *buying, selling*, subscribing for or underwriting a particular *investment* which is a *security, structured deposit* or a *relevant investment* or exercising any right conferred by such an *investment* to *buy, sell, subscribe for* or underwrite such an *investment*.

8.24.2 G The effect of advice being given in the circumstances referred to in *PERG 8.24.1G* is that:

(1) it must relate to an *investment* which is a *security, structured deposit* or a *relevant investment*;

...

8.25 Advice must relate to an investment which is a security or contractually based investment

8.25.1 G For the purposes of article 53(1) of the *Regulated Activities Order*, a *security* or *relevant investment* is any one of the following:

...

(7) ...

(7A) *emission allowances*;

...

8.25.2 G Article 53(1) does not apply to advice given on any of the following:

(1) *deposit* or other *bank or building society* accounts (but note that providing basic advice on a stakeholder product including stakeholder deposit accounts is a separate *regulated activity* under article 52A of the *Regulated Activities Order*—see the guidance in *PERG 2.7.14AG* (Providing basic advice on stakeholder products) for more about this).

...

8.25.3 G (1) There are some circumstances in which giving advice about a *deposit* is a *regulated activity*. 

(2) *Providing basic advice on a stakeholder product* is a separate *regulated activity* under article 52A of the *Regulated Activities Order*. A *stakeholder product* includes a stakeholder deposit account. See the guidance in *PERG 2.7.14AG* (Providing basic advice on stakeholder products) for more about this.
(3) Article 53(1) does apply to advice on structured deposits.

... 8.32 Arranging deals in investments

8.32.1 G Under article 25 of the Regulated Activities Order, arranging deals in investments covers:

(1) making arrangements for another person (whether as principal or agent) to buy, sell, subscribe for or underwrite a particular investment which is:

(a) a security or a structured deposit; or

10 Guidance on activities related to pension schemes

10.4A The application of EU Directives

Q41A. Are pension scheme trustees and administration service providers likely to be subject to authorisation under the Markets in Financial Instruments Directive or subject to the Directive on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms?

This is possible, but in many instances it is likely that pension scheme trustees and service providers will either not be providing an investment service for the purposes of, or otherwise be exempt under article 2.1 of, the Markets in Financial Instruments Directive. The following table expands on this in broad terms.

As for the CRD, this will only apply to persons who are MiFID investment firms or CRD credit institutions.

Detailed guidance on the scope of MiFID and the CRD and EU CRR is in PERG 13.

The depositary of the scheme will not be exempt under article 2.1(h) (i). The manager and depositary are those persons charged with responsibility for managing the fund or safeguarding its assets and not persons to whom such functions may be delegated or outsourced.

| b. Pension scheme service provider advising trustees or members or prospective members |

MiFID will potentially apply where the advice concerns MiFID financial instruments (such as shares, debt securities or units) and so may apply to advice given to the trustees about scheme assets. However, beneficial interests in financial instruments held under the trusts of a pension scheme will not themselves be financial instruments under MiFID. And rights under a personal pension or stakeholder pension scheme are also not financial instruments. So, advice given to scheme members or prospective members should not be investment advice under MiFID.

MiFID will not apply to trustees who are advising their fellow trustees for the purposes of the trust provided they are not additionally remunerated for providing investment advisory services.

Also, trustees will be exempt under article 2.1(h) (i) in respect of anything they do in the capacity of manager or depositary of a pension fund (including advising their fellow trustees).

If a service provider is acting as the operator of a stakeholder or personal pension scheme, he should also be exempt under article 2.1(h) (i) as manager of a pension fund if he gives advice to the trustees.

Where the service provider is providing advice to a corporate trustee who is a member of its group, the exemption in article 2.1(b) may apply (and may be combined with the exemption for...

13.1 Introduction

The purpose of this chapter is to help UK firms consider:

- whether they fall within the scope of the Markets in Financial Instruments Directive 2004/39/EC 2014/65/EU (‘MiFID’) and therefore are subject to its requirements;

- If so, which category of investment firm they are for the purposes of the transposition of the recast CAD or CRD and the EU CRR.

This chapter is mostly aimed at questions that are relevant to someone who wants to know whether they need to be authorised under the Act. This means that this chapter does not cover those types of persons for whom MiFID or MIFIR requirements are applied outside the authorisation regime under the Act, such as:

- a data reporting service provider;
- those subject to position limit requirements in derivatives markets;
- those subject to an obligation to trade in derivatives on a regulated market, OTF or MTF;
- persons with a proprietary interest in benchmarks who are obliged to provide access to certain information; or
- central counterparties subject to the requirements about non-discriminatory access for financial instruments.

Background

MiFID replaces the Markets in Financial Instruments Directive 2004/39/EC (MiFID 1), which in turn replaced the Investment Services Directive (ISD). It expands the kinds of business which must be regulated in the UK to include, in particular, activities relating to a wider range of commodity and other non-financial derivatives. As a result of MiFID, the categories of firm which can
exercise passporting rights and the categories of business for which the passport is available are wider than under the ISD. In particular, whereas investment advice was a non-core service under ISD, it is an investment service in its own right under MiFID and so can be provided on a cross-border basis as a standalone business.

MiFID is complemented by regulation (EU) No. 600/2014 on markets in financial instruments (‘MiFIR’). MiFID is and MiFIR are supplemented by “Level 2 measures”, Commission Regulation (EC) No 1287/2006 (MiFID Regulation) and Commission Directive 2006/73/EC (MiFID Implementing Directive). The most relevant for the purposes of this chapter are Commission Delegated Regulation (EU) 2017/565 (the MiFID Org Regulation) and Commission Delegated Regulation (EU) 2017/592 (regulatory technical standards for the criteria to establish when an activity is considered to be ancillary to the main business). These implementing measures amplify and supplement certain of the concepts and requirements specified in MiFID and MiFIR.

We have also included guidance in the form of flow charts to help firms decide whether MiFID and the CRD and the EU CRR (which allow the recast CAD to apply to certain firms) apply to them as well as permission maps indicating which regulated activities and specified investments correspond to MiFID investment services, activities and MiFID financial instruments (see PERG 13 Annex 1, PERG 13 Annex 2, and PERG 13 Annex 3, PERG 13 Annex 4).

13.2 General

Q1. Why does it matter whether or not we fall within the scope of MiFID?

Depending on whether or not you fall within the scope of MiFID, you may be subject to:

- domestic legislation implementing MiFID (for example, FCA rules);
- directly applicable legislation made by the European Commission (the MiFID Regulation and MiFIR, EU CRR and EU regulations made under them or under MiFID; and
- domestic legislation implementing the CRD (see PERG 13.6).

Q3. How much can we rely on these Q and As?

The answers given in these Q and As represent the FCA’s views but the interpretation of financial services legislation is ultimately a matter for the courts. How the scope of MiFID and the CRD and the EU CRR affect the regulatory position of any particular person will depend on his individual circumstances. If
you have doubts about your position after reading these Q and As, you may wish
to seek legal advice. The Q and As are not a substitute for reading the relevant
provisions in MiFID, the CRD and the EU CRR (and the recast CAD for certain
firms), the MiFID implementing measures and The Treasury’s implementing
legislation, including the statutory instruments listed in Annex 4 (‘Principal
Statutory Instruments relating to MiFID scope issues’).

Moreover, although MiFID and the CRD and the EU CRR set out most of the key
provisions and definitions relating to scope, some provisions may be subject to
further legislation by the European Commission. In addition to FCA guidance,
MiFID’s scope provisions may also be the subject of guidance or communications by the European Commission or the European Securities and
Markets Authority (‘ESMA’). Similarly, the CRD and the EU CRR provisions
may be the subject of technical standards and guidance or communications by the
European Commission or and the European Banking Authority (‘EBA’).

…

Q5. We are a credit institution. How does MiFID apply to us?

If you are an EEA credit institution, article 4.2 1.3 MiFID provides that selected
MiFID provisions apply to you, including organisational and conduct of business
requirements, when you are providing investment services to your clients or
performing investment activities. In our view, MiFID will apply when you are
providing ancillary services in conjunction with investment services. Where you
provide ancillary services on a standalone basis, MiFID will not apply in relation
to those services. Article 4.2 1.3 MiFID is reflected in paragraph (2) of the
Handbook definition of “MiFID investment firm”.

In addition, article 1.4 MiFID provides that various MiFID provisions apply when
selling or advising clients about structured deposits (see Q34B).

…

Q7. We provide investment services to our clients. How do we know whether
we are an investment firm for the purposes of article 4.1(1) MiFID?

…

Where you are a firm with more than one business, you can still be an investment
firm. We expect that the vast majority of firms which were subject to the
requirements of the ISD are subject to MiFID requirements where they continue
to provide the same investment services. We also expect some firms that were not
subject to the ISD (for example, certain commodity dealers) to be investment
firms for the purposes of MiFID and subject to MiFID based requirements. What
amounts to a “professional basis” depends on the individual circumstances and in
our view relevant factors will include the existence or otherwise of a commercial
element and the scale of the relevant activity.

Q8. We do not provide investment services to others but we do buy and sell
financial instruments (for example, shares and derivatives) on a regular
basis. Are we an investment firm for the purposes of MiFID?

Yes, if you are trading in MiFID financial instruments for your own account as a regular occupation or business on a “professional basis”. You can be an investment firm even if you are not providing investment services to others; this is a change from the position under the ISD, arising from the fact that you are also an investment firm under MiFID where you perform investment activities on a professional basis.

Even if you are an investment firm you may still be able to rely on one or more exemptions in article 2 MiFID, in which case MiFID will not apply (see PERG 13.5 and in particular article 2.1(d) (see Q40 and to Q41)), and 2.1(i)(j) (see Q44 and to Q45) and 2.1(k) (see Q46).

…

Q11. How will we know whether we are a tied agent (article 4.1(25)(29))?  

A tied agent under MiFID is a similar concept to an appointed representative under the Act. A tied agent does not require authorisation for the purposes of MiFID, just as an appointed representative does not require authorisation under the Act. In our view, you will only be a tied agent if your principal is an investment firm (including a credit institution) to which MiFID applies. So, if you act for a principal that is subject to an exemption in either article 2 or 3 of MiFID (as implemented by The Treasury – see Q48 and Q49), you are not a tied agent for the purposes of MiFID although you may be an appointed representative for domestic purposes. You will still not require authorisation under MiFID, either because you are not performing investment services and activities or, if you are, because you fall within an exemption in article 2 or 3 of MiFID.

MiFID says that firms exempt under article 3 should be subject to requirements which are at least analogous to the MiFID regime for tied agents of investment firms. This has been implemented in the UK through the appointed representative regime. If you are an appointed representative of a principal who is exempt under article 3 you will also be exempt under MiFID. Q48 to Q53 deal with the article 3 exemption.

Assuming your principal is an investment firm to which MiFID applies, if you are registered as an appointed representative on the Financial Services Register and carry on the activities of arranging (bringing about) deals in investments or advising on investments, in either case in relation to MiFID financial instruments, you are likely to be a tied agent for the purposes of article 4.1(25)(29).

…

13.3 Investment Services and Activities

Introduction

Q12. Where do we find a list of MiFID services and activities?
In Section A of Annex 1 to MiFID. There are eight investment services and activities in Section A (A1 to A8 A9), four of which are further defined in article 4 MiFID. Those activities that are further defined are defines some of them in more detail:

- …
- portfolio management (article 4.1(9)(8) MiFID).

A further provision relating to investment advice is contained in article 52 of the MiFID implementing Directive 9 of the MiFID Org Regulation.

As explained in PERG 13.1, this chapter only covers the MiFID activities dealt with through the authorisation regime under the Act. The other activities covered by MiFID and MiFIR are not dealt with in section A of Annex 1.

**Q12A. We carry out the activity of bidding in emissions auctions. Is this a MiFID service or activity? [deleted]**

Article 6(5) of the auction regulation deems as an investment service or activity the reception, transmission and submission of a bid for a financial instrument (the ‘five-day future’ auction product - see PERG 2.6.19GG(3)) on an auction platform by an investment firm to which MiFID applies or a CRD credit institution. It does not specify which investment service or activity. In the FCA’s view, it is likely to be the reception and transmission of orders in relation to one or more financial instruments, execution of orders on behalf of clients or dealing on own account.

As a result of some of bidding in emissions auctions being MiFID business, the regulated activity of bidding in emissions auctions is divided for the purposes of the Handbook, and the different requirements that apply, into two parts: MiFID business bidding and auction regulation bidding.

**Reception and transmission**

**Q13. When might we be receiving and transmitting orders in relation to one or more financial instruments? (A1 and recital 20 44)?**

The extended meaning of the service only applies if the firm brings together two or more investors, and a person issuing new securities, including a collective investment undertaking, should not be considered to be an ‘investor’ for this purpose of this extended meaning. This limitation does not apply though to However, an issuer may be an investor for the purpose of the general definition of the service. Accordingly whilst an arrangement whereby a person, on behalf of a client, receives and transmits an order to an issuer will, in our view, amount to reception and transmission, one in which it simply brings together an issuer with a potential source of funding for investment in a company, will not.
Where you are receiving, transmitting and submitting bids on an auction platform in relation to financial instruments on behalf of your clients, you may be receiving and transmitting orders in relation to one or more financial instruments.

Executing orders

Q15. When might we be executing orders on behalf of clients? (A2, article 4.1(5) and recital 24 45) ?

Where you bid on behalf of your client on an auction platform for a financial instrument, you may be executing orders on behalf of clients. This activity includes the issue of their own financial instruments by an investment firm or a credit institution.

Q15A. Is every issue of financial instruments a MiFID investment service?

No. Although the answer to Q15 says that executing client orders includes issuing your own financial instruments, not every issue of financial instruments amounts to the MiFID investment service of execution of orders on behalf of clients. This is explained in more detail in the rest of this answer.

One difficult question is whether the extension of the executing orders service only applies to firms that are already investment firms because of other services and activities they provide or whether this part of the definition is also relevant to someone who is deciding whether they are an investment firm in the first place.

In the FCA’s view, this part of the definition is not limited to someone that is already an investment firm because of its other activities and services. This is because the risks at which recital 45 of MiFID says this part of the definition is aimed apply whether or not the issuer is already an investment firm for another reason. For example, there is no reason why a firm that issues its own complicated securities to the retail market should not need authorisation if a firm that distributes ones issued by another firm requires authorisation.

On the other hand, it cannot be the case that raising capital by issuing its own capital causes an ordinary commercial company to become an investment firm. The reasons why this should not be the case include the following:

- If you do not issue financial instruments on a professional basis and do not otherwise execute orders on behalf of clients, you will generally not need permission or authorisation to do this. See Q8 for more information.
- The investor may not be your client. For example, an ordinary commercial company issuing debt securities to financial investors is unlikely to be providing a service; it is more likely to be receiving one.
Recital 45 of MiFID confirms that the definition is intended to catch issuers when distributing their own financial instruments. Thus if you get another investment firm or credit institution to distribute your financial instruments, you will not be executing client orders.

**Dealing on own account**

Q16. What is dealing on own account? (A3 and, article 4.1(6) and recital 24)?

Dealing on own account is trading against proprietary capital resulting in the conclusion of transactions in one or more MiFID financial instruments. In most cases, if you were a firm who was dealing for own account under the ISD, the FCA would expect you to be dealing on own account for the purposes of MiFID if you continue to perform the same activities.

…

If a firm executes client orders by standing between clients on a matched principal basis (back-to-back trading), it is both dealing on own account and executing orders on behalf of clients. In our view, where you are a A firm which is still dealing on own account under MiFID if it meets all of the conditions of article 29(2) of CRD (see Q61) or article 5.2 of the recast CAD, as applicable under the CRD and the EU CRR to certain firms (see Q58A), you will not be dealing on own account. However, a firm which meets all the conditions of these articles of CRD or the recast CAD will not be considered as dealing on own account when determining which category of firm it is for the purposes of the FCA’s base own funds requirements (see PERG 13.6).

Where you bid for your own account on an auction platform for a financial instrument, you may be dealing on own account.

**Portfolio management**

Q17. What is portfolio management under MiFID? (A4 and article 4.1(9 8))?

…

**Investment advice**

Q18. What is investment advice under MiFID? (A5 and article 4.1(4))?

…

Q19. What is a ‘personal recommendation’ for the purposes of MiFID (article 52 of the MiFID implementing Directive) (article 9 of the MiFID Org Regulation)?

A personal recommendation is one given to a person a recommendation that meets the following conditions:
● it is given to a person in his capacity as an investor, or potential investor, or as agent for either which is: ; and

● it:

  o is presented as suitable for him or based on a consideration of his personal circumstances; and

  o constitutes a recommendation to him to do one or more of the following:

    - buy, sell, subscribe for, exchange, redeem, hold or underwrite a particular financial instrument; or

    - exercise, or not to exercise, any right conferred by a particular financial instrument to buy, sell, subscribe for, exchange, or redeem a financial instrument.

…

Q20. Can you give us some other practical examples of what are not personal recommendations under MiFID?

A recommendation is not a personal recommendation if it is issued exclusively through distribution channels or to the public (article 52 9 of the MiFID implementing Directive MiFID Org Regulation) and a 'distribution channel' is one through which information is, or is likely to become, publicly available because a large number of people have access to it. Advice about financial instruments in a newspaper, journal, magazine, publication, internet communication addressed to the public in general or in a radio or television broadcast should not amount to a personal recommendation for the purposes of MiFID (recital 79 to the MiFID implementing Directive). However, use of the internet does not automatically mean that a communication is not a personal recommendation on the grounds that it is made to the public. Therefore, for instance, while advice through a generally accessible website is unlikely to be a personal recommendation, an email communication provided to a specific person, or to several persons, may amount to investment advice.

…

If you provide an investment research service to your clients or otherwise provide recommendations intended for distribution channels or the public generally, this is not MiFID investment advice (A5) although it may be an ancillary service (B5) for the purposes of MiFID and may also amount to the regulated activity of advising on investments for which you are likely to require authorisation.

Q21. Is generic advice investment advice for the purposes of MiFID (recitals 79 and 81 MiFID implementing Directive 15 to 17 to the MiFID Org Regulation)?

…
If you are an investment firm to which MiFID applies, however, the generic advice that you provide may be subject to MiFID-based requirements. For example, if you recommend to a client that it should invest in equities rather than bonds and this advice is not in fact suitable, you are likely, depending on the circumstances of the case, to contravene MiFID requirements to:

- act honestly, fairly and professionally in accordance with the best interests of your clients; and
- provide information to clients that is fair, clear and not misleading.

Acts carried out by an investment firm that are preparatory to the provision of a MiFID investment service or activity are an integral part of that service or activity. This would include the provision of generic advice. Therefore if a person provides generic advice to a client or a potential client prior to or in the course of the provision of investment advice or any other MiFID investment service or activity, that generic advice is part of that MiFID investment service or activity.

Providing a general recommendation about a transaction in a financial instrument or a type of financial instrument is an ancillary service within Section B(5) of Annex I of MiFID.

**Underwriting and firm commitment placing**

Q22. What is underwriting of financial instruments and/or placing of financial instruments on a firm commitment basis? (A6)

... 

**Placing without a firm commitment**

Q23. When might placing of financial instruments without a firm commitment basis arise (A7)?

...

**Operating a multilateral trading facility**

Q24. What is a multilateral trading facility? (A8, article 4.1(15 22) and recital 6 7 of MiFIR)

The concept of a multilateral trading facility (MTF) draws on standards, issued by CESR (now known as ESMA), on which the FSA’s previous alternative trading system regime was based. It includes A multilateral trading facility involves a multilateral trading system (for example, a trading platform) operated either by an investment firms or by a market operators which brings together multiple buyers and sellers of financial instruments (for more on multilateral systems, see the answer to Q24B).

As was the case with the alternative trading systems regime, in our view a A multilateral trading facility does not include bilateral systems where an investment
firm enters into every trade on own account (as opposed to acting as a riskless counterparty interposed between the buyer and the seller).

For there to be an MTF, the buying and selling of MiFID financial instruments in these systems must be governed by non-discretionary rules in a way that results in contracts. As the rules must be non-discretionary, once orders and quotes are received within the system an MTF operator must have no discretion in determining how they interact. The MTF operator instead must establish rules governing how the system operates and the characteristics of the quotes and orders (for example, their price and time of receipt in the system) that determine the resulting trades. An MTF may be contrasted with an OTF (see Q24A for OTFs) in this regard, because the operator of an OTF is required to carry out order execution on a discretionary basis.

In our view, a firm can be an MTF operator whether or not it performs any other MiFID investment service or activity listed in A1 to A7.

**Operating an organised trading facility**

**Q24A. What is an organised trading facility (A9, article 4.1(23) and recitals 8 and 9 of MiFIR)?**

An OTF is a multilateral system which is not a regulated market or an MTF and in which multiple third-party buying and selling interests in certain products are able to interact in the system in a way that results in a contract (for more on multilateral systems, see the answer to Q24B).

Only bonds, structured finance products, emission allowances and derivatives may be traded. Equity instruments may not be traded on an OTF.

Order execution must be carried out on an OTF on a discretionary basis. By contrast with the operation of an MTF or regulated market, the operator of the OTF must exercise discretion in either of, or both:

- placing/retracting client orders; or
- matching client orders.

In exercising its discretion, the operator must comply with the requirement under article 18 of MiFID to establish objective criteria for the efficient execution of orders, and must also comply with the best execution requirements under article 27 of MiFID.

**Multilateral system**

**Q24B. Where can I find more information about what a multilateral system is (article 4.1(19))?**

There is some guidance on multilateral systems in MAR 5AA.1.2G.
13.4 Financial Instruments instruments

Introduction

Q27. Where do we find a list of MiFID financial instruments?

In Section C of Annex 1 to MiFID. There are ten categories of financial instruments in Section C (C1 to C10). Transferable securities (C1) and money market instruments (C2) are defined in article 4. Further provisions relating to certain derivatives under C7 and C10. Some financial instruments are contained further defined in articles 38 and 39 of the MiFID Regulation and the MiFID Org Regulation.

Transferable securities

Q28. What are transferable securities? (C1 and article 4.1(18)(44))?

...

Money market instruments

Q28A. What are money market instruments (C2 and article 4.1(17) of MiFID and article 11 of the MiFID Org Regulation)?

This means those classes of instruments which are normally dealt in on the money market. Examples include treasury bills, certificates of deposit and commercial paper. A money market instrument does not include an instrument of payment.

An instrument is only a money market instrument if it also meets the following conditions:

- it has a value that can be determined at any time;
- it does not fall into sections C4 to C10 of Annex 1 to MiFID (derivatives); and
- it has a maturity at issuance of 397 days or less.

Collective investment undertakings

Q29. What are units in collective investment undertakings (C3)?

This category of financial instrument includes units in regulated and unregulated collective investment schemes and units or shares in an AIF (whether or not the AIF is also a collective investment scheme). In our view, in accordance with article 1.2(a) and 2.1(o) of the Prospectus Directive, units or shares in an AIF include shares in closed-ended corporate schemes, such as shares in investment trust companies, and so are also units in collective investment undertakings for this purpose (as well as being transferable securities). There is guidance on what an AIF is in chapter 16 of PERG (Scope of the Alternative Investment Fund Managers Directive).
Derivatives: general

Q30. Which types of financial derivative fall within MiFID scope (C4, C8 and C9)?

The scope of financial following derivatives fall under MiFID is wider than under the ISD and includes the following:

- derivative instruments relating to securities, currencies, interest rates or yields, or other derivative instruments, financial indices or measures, that may be settled physically or in cash (C4), emission allowances or certain other underlyings (see Q31A to Q31S);
- commodity derivatives (see Q32 to Q33C);
- derivative instruments for the transfer of credit risk (C8) (see Q31); and
- financial contracts for differences (C9), (these are included in paragraph 9 of Section C of Annex 1 to MiFID); and
- derivatives on miscellaneous underlyings (see Q34).

The scope of C4, C8 and C9 these derivatives does not extend to spot transactions, transactions which are not derivatives (such as forwards entered into for commercial purposes) and sports spread bets. In our view, neither C4 nor C9 comprise forward foreign exchange instruments unless they are caught by the scope of the Regulated Activities Order (see PERG 2.6.22BG). A non-deliverable currency forward which is not a “future” for the purposes of the Regulated Activities Order because it is made for commercial purposes will likewise fall outside the scope of MiFID.

Credit derivatives

Q31. What are derivative instruments for the transfer of credit risk (C8)?

...

General financial and emission derivatives (C4): General

Q31A. Which types of financial derivative fall within this heading?

The C4 category of financial instruments covers:

- options;
- futures;
- swaps;
- forward rate agreements; and
- any other derivative contracts;
relating to:

- securities;
- currencies;
- interest rates or yields;
- emission allowances; or
- other derivatives instruments, financial indices or financial measures.

A derivative contract is covered whether it is settled physically or in cash.

**General financial and emission derivatives (C4): Treatment of foreign exchange contracts**

Q31B. Is every foreign exchange contract caught by MiFID (article 10 of the MiFID Org Regulation)?

No. There are two exclusions:

- There is an exclusion for spot contracts (see the answer to Q31C).
- There is an exclusion for a foreign exchange transaction connected to a payment transaction (see the answer to Q31G).

Technically these exclusions relate to the other “any other derivative contracts” type of C4 derivative contract listed in the answer to Q31A. However in the FCA’s view no contract that has the benefit of one of these exclusions could be a C4 future either.

These exclusions do not apply to an option or a swap on a currency, regardless of the duration of the swap or option and regardless of whether it is traded on a trading venue or not (recital 13 to the MiFID Org Regulation).

Q31C. What is the exclusion for foreign exchange spot contracts mentioned in Q31B?

A contract for the exchange of one currency against another currency is excluded if under its terms delivery is scheduled to be made within a specified number of trading days. The number of trading days depends on the type of contract. For these purposes, there are three types of contract.

The first type of contract is one for the exchange of one major currency against another major currency. The contract is exempt if under its terms delivery is scheduled to be made within two trading days.

The second type of contract is one for the exchange of a non-major currency against either another non-major currency or against a major currency. The contract is excluded if under its terms delivery is scheduled to be made within the
longer of:

- two trading days; and
- the period generally accepted in the market for that currency pair as the standard delivery period.

The third type of contract is one used for the main purpose of the sale or purchase of a transferable security or a unit in a collective investment undertaking. The contract is excluded if under its terms delivery is scheduled to be made within whichever is the shorter of the following:

- the period generally accepted in the market for the settlement of that security or unit as the standard delivery period; or
- five trading days.

An example of this third category is as follows. Say that X buys a share in Country P for delivery in four days’ time (the standard settlement time in Country P for share purchases). X wishes to pay for the shares (and for associated taxes and costs) in local currency. The exclusion applies if X enters into the contract for the purchase of the local currency four or fewer days before the share settlement date.

If a foreign exchange contract falls into the third category (contract for the purpose of purchase of securities) it may also fall into one of the other two categories. As a result there are potentially two maximum delivery periods. Where this is the case, the longer of the two delivery periods applies for the purpose of deciding whether the exclusion applies.

If there is an understanding between the parties to the contract that delivery of the currency is to be postponed beyond the date specified in contract, it is the longer period that is used to calculate the delivery period.

Physical settlement does not require the use of paper money. It can include electronic settlement.

This exclusion only applies if there is a direct and unconditional exchange of the currencies being bought and sold (recital 13 to the MiFID Org Regulation). However a contract may still benefit from the exclusion if the exchange of the currencies involves converting them through a third currency.

See the answer to Q31E for what major and non-major currency means and see the answer to Q31F for what a trading day means.

Q31D. How are contracts for multiple exchanges of currency treated under the exclusion for foreign exchange spot contracts mentioned in Q31C?

The exclusion can cover a single contract with multiple exchanges of currencies. In such a contract, each exchange of a currency should be treated separately for the purpose of the exclusion (recital 13 to the MiFID Org Regulation).
Q31E. What are the major currencies referred to in the answer to Q31C?

The major currencies for these purposes are the US dollar, euro, Japanese yen, Pound sterling, Australian dollar, Swiss franc, Canadian dollar, Hong Kong dollar, Swedish krona, New Zealand dollar, Singapore dollar, Norwegian krone, Mexican peso, Croatian kuna, Bulgarian lev, Czech koruna, Danish krone, Hungarian forint, Polish złoty and Romanian leu.

All other currencies are non-major currencies for these purposes.

Q31F. What does a trading day mean in the answer to Q31C?

A day is a trading day if it is a day of normal trading in the jurisdiction of both the currencies that are exchanged.

If either of the following conditions is met:

- the exchange of the currencies involves converting them through a third currency for the purposes of liquidity; or
- the standard delivery period for the exchange of the currencies references the jurisdiction of a third currency;

a day is a trading day if it is a day of normal trading in the jurisdiction of both the currencies that are exchanged and also in the jurisdiction of that third currency.

Q31G. What is the second exclusion for foreign exchange contracts mentioned in Q31B?

A contract is excluded if:

- it is a means of payment (see the answer to Q31H for what this means); and
- it must be settled physically (although non-physical settlement is permissible by reason of a default or other termination event); and
- at least one of the parties is not a financial counterparty as defined in article 2(8) of EMIR; and
- it is entered into in order to facilitate payment for identifiable goods, services or direct investment; and
- it is not traded on a trading venue.

The table in the answer to Q31M gives some examples of what is and is not covered by the exclusion.

Q31H. What do identifiable and means of payment as referred to in the answer to Q31G mean?

The most straightforward example (Example (1) of what this means is a contract where one of the parties to the contract:
sells currency to the other party which that other party will use to pay for specific goods or services or to make a direct investment; or

buys currency from the other party which the first party will use to achieve certainty about the level of payments that it is going to receive:

- for specific goods or services that it is selling; or
- by way of a direct investment.

See Example (10) in Q31M (Can you give me some more examples of how the means of payment exclusion referred to in the answer to Q31G works?) for an example of the second type of foreign exchange contract in Example (1) (contract to achieve certainty about the level of payments).

The table in the answer to Q31M gives some more examples of what identifiable goods and services means.

The MiFID Org Regulation says that the foreign exchange contract must be a means of payment. Therefore the exclusion requires that not only should the currency contract facilitate payment for identifiable goods, services or direct investment but that it should also be a means of payment. This combined requirement does not mean that there has to be a three-party arrangement between the buyer and seller of goods or services and the foreign exchange supplier. So, for example, if a UK company (A) is buying goods from an exporter in Germany (B) and is paying in euro and A buys the euro forward from a bank (C), there is no need for C to issue some sort of instrument to B (Example (2)).

Instead this combined requirement means that the currency contract that is to be excluded should facilitate the payment in the way described in Example (1) at the start of this answer or that there should be an equivalent close connection between the currency contract and the payment transaction.

Even though there is no requirement for a formal instrument of payment, the exclusion can cover such arrangements. So in Example (2) in this answer, the exclusion may apply to an arrangement that involves bank C issuing a euro letter of credit at the request of A for the benefit of B.

**Q31I. What do goods, services and direct investment mean in the answer to Q31G?**

The reference to goods and services should be interpreted widely. It can cover, for example, intellectual property (such as computer software and patents) and land.

However, in the FCA’s view MiFID investments are only covered by the exclusion if they constitute a direct investment.

In the FCA’s view, making a direct investment means making a capital investment in an enterprise to obtain a lasting interest in that enterprise. A lasting interest implies the existence of a long-term relationship between the direct investor and the enterprise, and an investor’s significant influence on the
management of the enterprise.

The requirement for the investment to be direct does not prevent the investor acquiring an investment in a wholly-owned subsidiary of a holding company by making the investment in the holding company. However this requirement does mean that the investor should acquire its investment from the enterprise or holding company itself rather than by acquiring a stake through the secondary market.

A foreign exchange contract connected to the purchase of a MiFID investment may still be covered by the exclusion for spot contracts if the payment instrument exclusion does not apply. The spot exclusion makes particular provision for purchases of transferable securities and units in a collective investment undertaking (see the answer to Q31C). The result is that the means of payment exclusion does not undermine the specific provisions of the spot contract exclusion dealing with such transactions.

Q31J. How is an agent treated under the means of payment exclusion referred to in the answer to Q31G?

This question is about a foreign exchange contract carried out through agents where:

- at least one of the principals is a non-financial counterparty (see the answer to Q31G for what a financial counterparty means);
- both the agents are financial counterparties; and
- the contract would otherwise meet the exclusion conditions.

If the agents contract with each other on a principal-to-principal basis with back-to-back contracts with their respective clients, the exclusion is not available for the contract between the two agents. It may be available for the contracts between the agent and its client.

If the arrangement is made in such a way that there is a single contract, to which the two principals are party and which is entered into on their behalf by the agents, the exclusion is available.

Q31K. How do I know whether the conditions for the means of payment exclusion described in the answer to Q31G are met?

A financial counterparty (A) selling currency to a client may want to know whether the client (B) is going to use the foreign currency in a way that meets the exclusion conditions. This may be relevant to whether MiFID conduct of business obligations apply.

A non-financial counterparty (A) may sell currency to another non-financial counterparty (B) in circumstances where the currency that A buys is not being used in a way that qualifies for the exclusion. A may therefore want to rely on B using the currency that B purchases in a way that would qualify.
In each example, the application of the exclusion depends on the use to which the other party is going to put the currency.

In these examples A may rely on B’s assurances about the purpose of the currency purchase as long as it has no reason to doubt what B says. Such an assurance could be given in several ways:

Option 1  A may ask B to explain to A what the purpose of the transaction is, leaving it to A to work out whether the exclusion applies.

Option 2  B may tell A that the exclusion applies to the transaction in question (for instance by way of a representation in the forward contract). A should only rely on such an assurance if satisfied that B is sufficiently expert to understand what the exclusion means.

Option 3  B may give A an assurance or representation that applies to all foreign exchange transactions that may take place between them from time to time (which might be included in a master agreement governing all forward currency contracts between them). In this case:

- Option 2 (B should have sufficient expertise) applies.
- In addition, A should be satisfied that B has procedures in place for B to consider whether the exclusion applies in particular cases. This may include for example a procedure under which B:
  - should tell A that a particular proposed transaction does not qualify for the exclusion; or
  - is obliged not to ask A to enter into a contract under that master agreement that will be outside the exclusion.

Where B is an ordinary individual consumer or a small business, A may not be able to rely on B’s judgement about whether the exclusion applies. In that case A should decide whether the exclusion applies based on questions A asks B (Option 1).

Q31L. Can a flexible forward come within the means of payment exclusion described in the answer to Q31G?

A forward contract may have a flexible delivery date. For example a forward contract may:

- say that delivery can take place at any point in a two-week period rather than on a fixed date; or
- have an expiry date by which delivery has to be taken but part, or parts, of the delivery can take place before that date.

A flexible delivery date within a defined and reasonably short window can still
benefit from the exclusion. If the delivery period is very long, it is doubtful whether the requirement for the contract to facilitate payment for identifiable goods, services or direct investment (see the answer to Q31G) can be met.

These examples provide for delivery of the full amount by the end of the delivery period. There might also be a contract under which the purchaser may choose not to take delivery of part. An example of this kind of foreign exchange contract is as follows:

A UK importer of goods buys from a German seller and has to pay in euro. The importer may not know exactly how much it wants to import during the next quarter but may want to fix its foreign exchange risk in advance. The foreign exchange contract allows the importer to take delivery of no more than it needs to pay the exporter. Any balance not needed to pay for imports is cancelled and is not available to the importer.

In the FCA’s view, if the contract meets the conditions of the exclusion (and in particular the need for there to be identifiable goods or services) the exclusion potentially applies.

The requirement for there to be identifiable goods or services means that the maximum amount that can be drawn down under the flexible forward contract should be a reasonable estimate of what is payable under an identified potential payment transaction or transactions. The table in the answer to Q31M gives examples of what a reasonable estimate means.

An argument against the availability of the means of payment exclusion is that a flexible forward contract is an option and that the exclusion is not available for an option. However in the FCA’s view, the approach in the answer to Q31B applies. That is, a flexible forward contract that meets all the conditions of the exclusion is not a traditional option but rather a hybrid contract that is in the “any other derivative” contract category listed in the answer to Q31A (Types of C4 derivative contracts), even in the example in which the unused balance is cancelled.

Another argument against the availability of the exclusion for a flexible forward under which the unused balance is cancelled is that it does not meet the requirement for the contract to be settled physically. In the FCA’s view this argument is not correct because this requirement is aimed at preventing net cash settlement and does not deal with the cancellation of the contract resulting in there being no need for any kind of settlement.

Q31M. Can you give me some more examples of how the means of payment exclusion referred to in the answer to Q31G works?

to facilitate payment for identifiable goods or services.

If, as is likely to be the case, the foreign exchange contract is a swap or a non-deliverable forward, that is another reason for the exclusion not being available as the exclusion does not apply to this sort of contract (see the answers to Q31B and Q31R).

(2) A UK customer (X) of a UK payment institution (Y) has a sterling account with a bank (P) in the United Kingdom and a separate euro bank account with another bank (Q) in the Eurozone. X wishes to pay its supplier in euro in 3 months. X enters into a forward contract with Y and requests that the euro be sent to its euro account with Q rather than directly to the supplier. The sterling that X pays under the foreign exchange contract comes from its account with P. Q makes the payment to the supplier for X.

The exclusion is potentially available as the foreign exchange transaction facilitates payment for identifiable goods, even though Y does not itself pay the suppliers.

The exclusion can cover an arrangement in which the firm selling the foreign currency is not the firm that makes the payment on behalf of the customer buying the identifiable goods.

(3) A UK importer has bought €100,000 worth of goods. The supplier has not yet issued an invoice and the sum is not yet due from the importer. However the importer knows the price. It buys the euro forward.

The issue here is whether the forward exchange contract relates to identifiable goods as referred to in the answer to Q31G (What is the second exclusion for foreign exchange contracts mentioned in Q31B?).

The exclusion is potentially available. There is no need for the invoice to have been issued or the sum yet to be due.

(4) A UK importer of goods has ordered a specific quantity of an identified type of goods from the supplier. The price will be payable in euro but the euro price has not yet been fixed. The UK importer makes an estimate of the euro price and buys the euro forward.

The issue here is whether the forward exchange contract relates to identifiable goods as referred to in the answer to Q31G (What is the second exclusion for foreign exchange contracts mentioned in Q31B?).

The exclusion is potentially available. There is no need for the amount to be paid under the foreign exchange contract to match precisely the amount of the payment that it is facilitating. An estimate is permissible. The goods are specifically identifiable by purchase order.

(5) A UK importer knows that it wants to purchase €100,000 worth of goods from an identified Eurozone supplier in the next quarter but it has not yet entered into a

(15) A UK importer (A) has bought €100,000 worth of goods. The supplier has issued an invoice but the sum is not yet due from A. A buys €200,000 forward. A will use other €100,000 for purposes that do not meet the exclusion conditions.

The exclusion is not available where A uses part of the currency it buys for purposes that do not meet the conditions of the exclusion. The contract should not be treated as partly excluded and partly as a C4 currency derivative.

If however A enters into two foreign exchange contracts, each for €100,000, the exclusion may apply to one of them. Also see example (16).

(16) A UK importer (A) has bought €100,000 worth of goods. The supplier has issued an invoice but the sum is not yet due from the importer. A buys the €100,000 forward. Later A buys another €100,000 forward.

The exclusion is not available for the second contract. The first contract should be taken into account when deciding whether A may rely on the exclusion for second contract.

See the answer to Q31N (How do the examples in the table in the answer to Q31M apply to an exporter or importer with a large portfolio of contracts?) for an example of where the exclusion can apply in similar circumstances.

(17) A UK importer (A) has bought €100,000 worth of goods. The supplier has issued an invoice but the sum is not yet due A. A decides to meet the payment out of its own resources. Later A changes its mind and buys the €100,000 forward.

The exclusion is potentially available. The currency contract and the contract generating the payment obligation do not need to be entered into at the same time.

(18) A UK importer (A) has bought €100,000 worth of goods. The supplier has issued an invoice but the sum is not yet due from A. A buys the US dollar equivalent of €100,000 forward.

The exclusion will not generally be available because the currency contract is not a means of payment facilitating the payment due from A to the supplier. This is because the payment is due in euro and so the dollar contract is not sufficiently connected to the payment transaction.

mentioned in Q31B?).
The exclusion may not be available. This is because the payment may not be linked to any specific goods or services being sold or bought by the farmer.

However it is possible that the farmer is going to use the payments under the scheme to purchase goods or stock for their farming business. If there is an identifiable payment transaction in accordance with the examples in this table the exclusion will potentially be available.

If the exclusion is not available it is unlikely that the farmer will be carrying on MiFID business for the reasons described in the answer to Q7 (We provide investment services to our clients. How do we know whether we are an investment firm for the purposes of article 4.1(1) MiFID?).

(20) An overseas student is given a grant by their home country in their local currency to study at a UK university, payable in six months’ time. As the fees are payable in sterling, the student wishes to book a forward with a currency provider to sell their home state currency and buy sterling in six months’ time. They wish to enter into the forward contract to guarantee the amount of sterling they will receive.

The issue here is whether the forward exchange contract relates to identifiable goods and services as referred to in the answer to Q31G (What is the second exclusion for foreign exchange contracts mentioned in Q31B?).

The exclusion may be available because the grant helps the student to pay for the UK university’s fees.

The exclusion is still available if some of the grant is to meet living costs and the student has not yet decided what exactly they will need to buy (see the answer to Q31Q (holiday spending money) for more on this).

(21) A hedge fund manager has investors in the UK and a fund which is made up of euro denominated securities. The value of the fund to the investor will fluctuate due to the market value of the securities but it will also go up or down in accordance with the euro/sterling exchange rate. The fund manager seeks to hedge this risk by purchasing a forward contract to sell euro and buy sterling for three months in the future. The purpose of the trade is to ensure the investors will not be subject to currency volatility affecting the value of their

The exclusion is not available because the currency transaction is not linked to any payment for specific goods, services or direct investment.
| (22) A UK importer (A) wishes to buy some machinery from a Eurozone seller in three months for €500,000. A enters into a three-month forward for the purchase of €500,000 using sterling. However, the machinery purchase is delayed and A asks to extend the forward contract. This may involve A paying more money for the euro depending on the exchange rate at the date of the contract extension. | The fact that the currency forward is later amended by mutual consent to match the changed payment date for the machinery does not prevent the exclusion from applying as long as the amended version meets the exclusion conditions in the light of the changed circumstances. If the foreign exchange provider refuses to amend the contract the exclusion is not lost as long as the exclusion conditions were met at the time the foreign exchange contract was entered into. |
| (23) A UK importer (A) wishes to buy some machinery from a Eurozone seller in three months for €500,000. A enters into a three-month forward for the purchase of €500,000 using sterling. The machinery purchase falls through but A wants to extend the contract length as they have identified replacement machinery with a similar price. | The answer to (22) applies. As explained in the answer to (7), the exclusion may be available for the proposed new machinery contract even though the precise details are not yet known. |
| (24) A UK importer (A) wishes to buy some machinery from a Eurozone seller in three months for €500,000. A enters into a three-month forward for the purchase of €500,000 using sterling. However, the machinery purchase is delayed and the specifications are changed. The currency contract therefore no longer facilitates payment under the machinery contract. A decides to close out the existing currency contract. A also enters into a new forward contract with another currency provider that matches the revised machinery contract. | The exclusion is potentially available for the close out contract and also for the new currency contract. If A decides to meet the payment due under the revised machinery contract out of its own resources, the exclusion is still potentially available for the close out contract. |

(27) A customer asks a UK payment institution to make a payment to a family member living abroad. The payment is to be made in the currency of the country where the family member lives. The customer buys the foreign currency on a forward basis.

The exclusion is not necessarily available. The exclusion is only available if the family member is going to use the currency for a purpose that comes within the exclusion.

(28) A UK firm (A) has employees abroad. A pays them in local currency. A buys forward the currency with which it will pay its employees.

The exclusion potentially applies.

Q31N. How do the examples in the table in the answer to Q31M apply to an exporter or importer with a large portfolio of contracts?

This question deals with the fact that the examples in the table in the answer to Q31M have relatively simple facts, where the purchaser of the foreign currency only has one or a few payment obligations. In many cases a seller or buyer of goods will have frequent payment transactions for which it needs foreign exchange and it may not wish to meet this need by having a separate currency contract for each import or export contract.

The exclusion can still apply in these cases. This is because, as the examples in the table in the answer to Q31M illustrate, there is some flexibility in the amount and timing of currency contracts, the ability to estimate currency needs, the ability to close out currency contracts and the use of different currency providers.

However the requirements of the exclusion still apply, including the need to show that the currency contract is a means of payment that is entered into in order to facilitate payment for identifiable goods, services or direct investment. This means that it will be necessary to look at all the importer or exporter’s incoming and outgoing payments and currency resources each time the importer or exporter enters into a new currency contract to see whether the exclusion is available for that new currency contract.

Say:

- a UK importer (A) has bought €100,000 worth of goods under a contract with a Eurozone supplier (Contract P);
- the supplier has issued an invoice but the sum is not yet due from A;
- A buys the €100,000 forward; and
- later A buys another €100,000 forward.

When A enters into the second currency contract, changes to Contract P or to A’s
payment profile may mean that:

- the new currency contract will better facilitate the payment obligation under Contract P and the first currency contract will facilitate another identified payment obligation; or

- the first contract no longer facilitates the payment under Contract P and A needs the new currency contract to allow it to make the payments due under Contract P.

When deciding whether the exclusion applies to the second currency contract entered into by A there is no need to treat the first currency contract as tied to the payment under Contract P just because the payment due under Contract P justified the application of the exclusion when A entered into the first currency contract. Instead it is necessary to look again at all A’s incoming and outgoing payments and currency resources at the time A enters into the second currency contract (including both currency contracts).

Q31O. I am a payment services provider under the Payment Services Regulations. How do the spot contract and means of payment exclusions referred to in the answers to Q31C and Q31G apply to me?

(See PERG 15 (Guidance on the scope of the Payment Services Regulations 2009) for the Payment Services Regulations)

This answer only relates to a payment service provider authorised under the Payment Services Regulations. It does not cover, for example, banks that are subject to the conduct of business requirements of those Regulations.

The Payment Services Regulations allow you to provide foreign exchange services that are closely related and ancillary to your payment services. That right does not allow you to provide foreign exchange derivative services that would otherwise require authorisation under MiFID. You therefore need to consider the availability of MiFID exclusions for your foreign exchange business.

The most common sort of foreign exchange contract you are likely to carry out is where you execute a payment for your customer that involves a currency conversion. For example, you may make a payment for your customer in euros from the customer’s sterling payment account to a payee’s payment account. The foreign exchange part of this transaction is separate from the payment part of the transaction (see Q12 in PERG 15.2 (We provide electronic foreign exchange services to our customers/clients. Will this be subject to the PSD regulations?).)

The foreign exchange part of this example may involve a MiFID C4 derivative if it has a forward element. However in practice it is likely that such foreign exchange transactions will fall outside MiFID because the spot exclusion applies.

The following are examples of how the delivery period should be calculated for the MiFID spot exclusion. They are all based on a payment being made in one currency funded from a payment account in another currency.
● If your customer asks for the payment to be made immediately, the delivery period starts on the date of request.

● If your customer asks for the payment to be made some time after the request and the foreign exchange conversion is to be carried out at the spot rate on the transfer date, the delivery period starts on that transfer date.

● If your customer asks for the payment to be made some time after the request and the foreign exchange conversion rate is fixed on the date the customer gives you your instructions, the delivery period starts on that instruction date.

● The date on which the payment is received by the payee’s payment services provider should normally be treated as the delivery date.

● If you debit your customer’s payment account after receipt by the payee’s payment services provider and the foreign exchange conversion rate is fixed on the debit date, the availability of the exclusion is based on the gap between the debit date and the payment to the payee’s payment services provider.

If your customer wants to make a foreign currency transfer some time in the future and buys the foreign currency from you in advance at the spot rate and immediately credits it to a payment account with you, the spot exclusion should apply.

If the delivery period is too long for the spot contract exclusion to apply, the means of payment exclusion is potentially available because you are not a financial counterparty for the purposes of that exclusion.

However, the means of payment exclusion only applies if the payment by your customer meets the requirements about identifiable goods, services or direct investments described in the answer to Q31G.

**Q31P. Can a non-deliverable forward come within the exclusion for spot foreign exchange contracts in the answer to Q31C or the means of payment exclusion in the answer to Q31G?**

**No.**

A non-deliverable forward is a cash-settled foreign exchange contract relating to a thinly traded or non-convertible foreign currency against a freely traded currency. The first currency may be non-convertible for example because of exchange controls or restrictions on currency dealing. On the contracted settlement date, the profit or loss is adjusted between the two counterparties based on the difference between the contracted rate for the non-deliverable currency and the prevailing spot rate. The price for the convertible currency may be expressed in terms of a second convertible currency.

As settlement is for the difference between an exchange rate agreed before delivery and the actual spot rate at maturity, a non-deliverable forward is not a
spot contract, regardless of the settlement period (recital (12) of the MiFID Org Regulation), and the means of payment exclusion is also not available. See the answer to Q31R about why settlement for a difference does not come within either exclusion.

**Q31Q. How is holiday spending money treated under the spot contract and means of payment exclusions referred to in the answers to Q31C and Q31G?**

One way of buying holiday currency is for the holidaymaker to order currency to be collected, for example, a week after the order, to be paid for at the currency seller’s spot rate on the day of collection. This contract is not a MiFID investment either because it does not fall into the category C4 type of derivative in the first place or because the spot contract exclusion described in the answer to Q31C applies.

Another way of buying holiday money is for the holidaymaker to order currency to be collected, for example, a week after the order, to be paid for at the currency seller’s spot rate on the day the currency is ordered. This type of contract is potentially within the C4 type of derivative. However the means of payment exclusion is potentially available. The holiday can be treated as identifiable goods or services even though the holidaymaker may not know what restaurant they are going to eat at or what tourist attractions they are going to visit.

In either case the seller of the holiday money may agree to buy back any unused currency at a price fixed at the same time as the rate at which the holidaymaker is to buy the currency is fixed and linked to the original rate. Such an arrangement may also benefit from the means of payment exclusion. This is because the promise to buy back the currency is so closely connected to the original purchase that it can be seen as being an integral part of the same transaction.

These answers are relevant to whether the currency seller requires authorisation under MiFID. The holidaymaker will of course not require authorisation because a holiday-maker buying holiday money is not acting on a professional basis in the way described in the answer to Q7.

**Q31R. How does netting affect the exclusions for foreign exchange contracts in the answers to Q31C and Q31G?**

A foreign exchange contract may involve a valuation of the currencies being bought and sold for the purposes of settlement and a single payment being made.

The spot contract exclusion described in the answer to Q31C requires there to be exchange and delivery. The means of payment exclusion described in the answer to Q31G requires there to be physical settlement delivery. Therefore neither exclusion applies to a contract involving this type of netting. An instrument that provides for a single payment like this is more like a swap, which is outside the scope of the exclusions.

The fact that a foreign exchange contract provides for early termination and netting on default does not mean that the exclusions cannot apply. Similarly, the existence of force majeure provisions dealing with bona fide inability to settle
physically does not prevent a contract from benefiting from the exclusions.

The parties to a foreign exchange contract may also have entered into other foreign exchange or financial contracts with each other. The result may be that the parties exchange multiple cash flows during a given day. In order to reduce operational and settlement risks they may agree to net those cash flows into one payment for each currency (payment netting). For example the parties may each have to make and receive multiple payments in sterling, euro and US dollars on the same day. The result of payment netting is that there will only be three payments to be made on that day, one in each of the three currencies. This sort of payment netting is compatible with the exclusions.

**Q31S. I enter into my foreign exchange contracts on a trading venue. What exclusions or exemption can I rely on?**

The spot contract exclusion described in the answer to Q31C may be available.

The means of payment exclusion described in the answer to Q31G will not be available.

If neither exclusion is available, and the contract is a C4 derivative, you may find the own account exemption described in the answer to Q40 helpful. Although that exemption is usually unavailable to those who have direct electronic access to a trading venue, this is not the case where the contract is for hedging purposes.

**Commodity derivatives**

**Q32. Which types of commodity derivative fall within MiFID scope?**

Broadly speaking, the following commodity derivatives fall within the scope of MiFID:

- …
- cash-settled commodity derivatives (including physically settled derivatives that provide for settlement in cash at the option of one of the parties other than in the event of default or termination, as explained in more detail in Q33A) (C5);
- physically settled commodity derivatives traded on a regulated market or MTF certain markets or facilities (as explained in more detail in Q33B) (C6); and
- other commodity derivatives capable of physical settlement and not for commercial purpose, that is standardised contracts subject to clearing house or margin arrangements so long as they fall into one of the following categories purposes (as explained in more detail in Q33C) (C7);
  - instruments traded on a non-EEA trading facility that performs an analogous function to a regulated market or MTF;
The definition of commodity derivative in MiFIR also includes derivatives falling into paragraph C10 of Section A of Annex 1 to MiFID (see the answer to Q34 for this type of derivative).

Q33. What is a commodity for the purposes of MiFID?

“Commodity” means any goods of a fungible nature that are capable of being delivered, including metals and their ores and alloys, agricultural products and energy such as electricity (article 2.6 of the MiFID Regulation). The fact that energy products, such as gas or electricity, may be “delivered” by way of a notification to an energy network (such as notifications under the Network Code or the Balancing and Settlement Code) does not prevent them being “capable of being delivered” for these purposes. If a good is freely replaceable by another of a similar nature or kind for the purposes of the relevant contract (or is normally regarded as such in the market), the two goods will be fungible in nature for these purposes. Gold bars are a classic example of fungible goods. In our view, the concept of commodity does not include services or other items that are not goods, such as currencies or rights in real estate, or that are entirely intangible (recital 26 of the MiFID Regulation).

Q33A. Can you tell me more about category C5 commodity derivatives?

This type of commodity derivative is one that must be settled in cash or one that provides for settlement in cash at the option of one of the parties. A derivative that only allows a party to opt for cash in the event of default or termination is not included.

Q33B. Can you tell me more about category C6 commodity derivatives?

This type of commodity derivative is one that:

• can be physically settled; and

• is traded on a regulated market, an MTF or an OTF.

The category C6 type of commodity derivative excludes a wholesale energy product traded on an OTF that must be physically settled. The MiFID Org Regulation defines physical settlement in more detail.

Article 6 of the MiFID Org Regulation has special definitions for what types of oil, coal and wholesale energy products are included in the C6 category of commodity derivative.
A contract that can be physically settled but which is not traded on a regulated market, MTF or OTF might still fall within the C5 or C7 category of commodity derivative even though it falls outside category C6.

Q33C. Can you tell me more about category C7 commodity derivatives (recital 5 to, and article 7 of, the MiFID Org Regulation)?

This type of commodity derivative is one that meets all the following conditions:

● It can be physically settled.

● It is not a C6 commodity derivative.

● It is not a spot contract. A spot contract means one under the terms of which delivery is scheduled to be made within the longer of the following periods:

  o two trading days; or

  o the period generally accepted in the market for that commodity, asset or right as the standard delivery period.

For these purposes a contract is not a spot contract where, irrespective of its explicit terms, there is an understanding between the parties to the contract that delivery of the underlying is to be postponed and not to be performed within the spot period described earlier in this answer.

● It meets one of the following criteria:

  o it is traded on a non-EEA trading venue that performs a similar function to a regulated market, an MTF or an OTF (an “equivalent third country trading venue”); or

  o it is expressly stated to be traded on, or is subject to the rules of, a regulated market, an MTF, an OTF or an equivalent third country trading venue; or

  o it is equivalent to a contract traded on a regulated market, MTF, OTF or equivalent third country trading venue. Equivalence is judged by reference to the price, the lot, the delivery date and other contractual terms such as quality of the commodity or place of delivery.

● It is standardised so that the price, the lot, the delivery date and other terms are determined principally by reference to regularly published prices, standard lots or standard delivery dates.

Certain contracts entered into with or by an operator or administrator of an energy transmission grid, energy balancing mechanism or pipeline network are excluded from the C7 category of commodity derivative.
Miscellaneous derivatives (C10)

Q34. Are there any other derivatives subject to MiFID regulation? What types of derivatives fall into the C10 category?

There is a miscellaneous category of derivatives in C10, which is supplemented by articles 38 7 and 39 8 of the MiFID Regulation MiFID Org Regulation. These relate to:

... 
• emissions allowances;

... 
• any other asset or right of a fungible nature, other than a right to receive a service, that is capable of being transferred; or

• an index or measure related to the price or volume of transactions in any asset, right, service or obligation; or

• an index or measure based on actuarial statistics.

C10 derivatives must also meet at least one of the following criteria:

• ... 

• the contract is traded in a regulated market, or an MTF, an OTF or a non-EEA trading venue that performs a similar function; or

• the contract is standardised, subject to clearing house or margin arrangements and falls into one or more of the categories described under the fourth bullet point in Q32 above meets the following criteria in the answer to Q33C:
  o it is not a spot contract;
  o it meets the requirements about trading on (or being stated to be traded on), being subject to the rules of or being equivalent to contracts traded on, certain trading venues;
  o standardisation; and
  o it does not fall within the exclusion about transmission grids, energy balancing mechanisms or pipeline networks.

All these criteria are explained in more detail in the answer to Q33C.

In relation to emissions auction products, recital 14 together with the definitions of ‘two-day spot’ and ‘five-day future’ in article 3(3) and 3(4) of the auction regulation, indicate that a ‘five-day future’ (one of two forms of auction product permitted under the auction regulation) falls within this category of derivative.
A contract of insurance or reinsurance is not a C10 commodity derivative (recital 6 to the MiFID Org Regulation). Neither is a contract falling under one of the other paragraphs of section C of Annex 1 to MiFID.

Emission allowances

Q34A. How are emission allowances treated?

They are covered in the following ways:

- Article 6(5) of the auction regulation deems as an investment service or activity the reception, transmission and submission of a bid for a financial instrument on an auction platform by an investment firm to which MiFID applies or a CRD credit institution.

- The auction regulation regulates bids for allowances in the form of two-day spot contracts or five-day futures.

- The auction regulation allows the following to bid:
  - aircraft operators and others referred to in (5) below;
  - investment firms and credit institutions; and
  - a person exempt under article 2(1)(j) of MiFID (see Q44 to Q45 for more on this exemption).

- An emission allowance is itself a financial instrument (C11).

- An option, future, swap, forward rate agreement or any other derivative contract relating to emission allowances is included as a C4 derivative.

It is not always clear how all this overlapping legislation fits together but in the FCA’s view, it works like this:

1. An emission allowance auctioned as a five-day future or a two-day spot contract is regulated under the auction regulation.

2. The five-day future auction product is a financial instrument and is regulated under MiFID. It is included under C4 and C11.

3. The two-day spot contract product is also a financial instrument. It is included under C11. It is therefore also regulated under MiFID.

4. In the FCA’s view an emission allowance (including when auctioned under the auction regulation) will not come within C1.

5. The auction regulation provides certain exemptions for aircraft operators and operators of plant and other installations. These exemptions continue to apply whether or not a MiFID exemption is available, but only for bidding activities covered by the auction regulation.
Thus for example, article 18 of the auction regulation allows business groupings of operators in (5) to submit bids. The MiFID exemption in (12) below may not cover all such persons but they are still entitled to submit bids under the auction regulation without obtaining MiFID authorisation.

The mere fact of being exempt under MiFID does not allow someone to bid under the auction regulation. The auction regulation regulates who can and cannot bid.

The auction regulation covers the reception, transmission and submission of a bid. This corresponds to the MiFID activities of the reception and transmission of orders in relation to one or more financial instruments, execution of orders on behalf of clients and dealing on own account.

Therefore the auction regulation activities of receiving, transmitting and submitting a bid are all also covered by MiFID, whether the emission allowance is auctioned as a five-day future or a two-day spot contract. However, a person exempt under (5) is not subject to MiFID when bidding (subject to (10)).

If a person who is allowed to bid under the auction regulation is authorised under MiFID (because for example it wants to carry out other activities for which it needs MiFID authorisation), MiFID will apply to its bidding activities.

The MiFID activities that apply to a product covered by the auction regulation are not limited to the bidding activities listed in paragraph (8) of this list. All the MiFID investment services and activities apply to emission allowances auctioned as a financial instrument. Therefore, for example, giving personal recommendations about bids for emission allowances is covered by MiFID. Anyone wishing to carry out such activities will need to be authorised as a MiFID firm, unless some other exemption is available.

Article 2.1(e) of MiFID exempts an operator with compliance obligations under Directive 2003/87/EC (Emissions Trading Scheme) from MiFID.

(a) The exemption covers some of the same ground as the exemption in the auction regulation described in (5) to (7) above. However this overlap neither extends nor narrows the effect of the auction regulation exemption.

(b) The article 2.1(e) exemption also covers activities not covered by the auction regulation. So, for example, the article 2.1(e) exemption covers buying and selling the underlying emission allowance or the five-day future or two-day spot auction product in the secondary market.

(c) See the answer to Q35A for more details about the conditions of the exemption.
**Structured deposits**

**Q34B. How are structured deposits covered?**

Article 1.4 of MiFID applies certain provisions of MiFID to an investment firm or credit institution that sells or advises on structured deposits.

A structured deposit is not a financial instrument. This means, for example, that a firm does not become a MiFID firm by advising on or selling them.

**Insurance**

Q36. We are an insurer. Does MiFID apply to us?

...

**Intra-group activities**

Q37. We are a non-financial services group company providing investment services to other companies in the same group. Are we exempt under the group exemption in article 2.1(b)?

Yes, if you provide these services exclusively for your parent company, your subsidiaries and those of your parent company. This means that providing investment services for the benefit of group companies must be the only investment service that you undertake. The exemption is narrower than the corresponding exclusion in article 69 of the Regulated Activities Order (groups and joint enterprises) insofar, for example, as it does not apply to investment services supplied to a joint venture participant (see PERG 2.9.10G).

Q38. We also buy and sell financial instruments for ourselves. Are we still able to use the group exemption?

Yes. The group exemption applies to investment services and not investment activities. So, as long as your own account dealing does not involve you providing an investment service (to which MiFID applies) to non-group entities, you can still rely on the group exemption in respect of the services you provide solely to other group companies.
So far as your own account dealing is concerned, you may be able to rely upon the exemption in article 2.1(i) 2.1(d) (see Q39) or 2.1(j) (see Q44 and to Q45) if you meet the relevant conditions. The ability to combine reliance on article 2.1(b) and article 2.1(i) 2.1(d) or 2.1(j) could be relevant to companies performing group treasury functions.

The answer to Q46 (Is it possible to combine article 2 exemptions?) explains why it is possible to combine exemptions.

Incidental services as part of a professional activity

Q39. We provide investment services as a complement to our main professional activity. Are we exempt (article 2.1(c) of MiFID and article 4 of the MiFID Org Regulation)?

Yes, you will be exempt under article 2.1(c) MiFID if:

- you provide these services in an incidental manner in the course of your professional activity;

- a close and factual connection exists between your professional activity and the provision of the investment service to the same client, such that the investment service can be regarded as accessory to your main professional activity;

- the provision of investment services to the clients of your main professional activity does not aim to provide a systematic source of income to you;

- you do not market or otherwise promote your ability to provide investment services, except where these are disclosed to clients as being accessory to your main professional activity; and

- that your professional activity is regulated by legal or regulatory provisions or a code of ethics that do not exclude the provision of investment services. The meaning of ‘incidental’ is potentially subject to further Commission legislation pursuant to article 2.3 MiFID.

This exemption is relevant, for example, to firms belonging to designated professional bodies, such as accountants, actuaries and solicitors, to whom Part XX of the Act applies. It could also apply to authorised professional firms which provide investment services in an incidental manner in the course of their professional activity. In our view, the criteria set out in PROF 2.1.14G in relation to section 327(4) of the Act are also relevant to considering whether a firm can rely on this MiFID exemption in article 2.1(c) of MiFID, as they were in relation to the corresponding ISD exemption (see further guidance in PROF 2.1.16G).

…

Own account
Q40. We regularly buy and sell financial instruments ourselves but never as a service to third parties. Are there any exemptions which might apply to us?

Yes, you could fall within the article 2.1(d) MiFID exemption but not if you:

- are a market maker (please see Q41 below); or

- deal on own account outside a regulated market or an MTF on an organised, frequent and systematic basis by providing a system accessible to third parties in order to engage in dealings with them. A system for these purposes might include a trading platform, website or other mechanism that functions on the basis of a set of rules; are a member of, or a participant in, a regulated market or an MTF (except that non-financial entities can be members or participants as described in the answer to Q40A);

- have direct electronic access to a regulated market, an MTF or an OTF (except that non-financial entities can have such access, as described in the answer to Q40A);

- apply a high-frequency algorithmic trading technique (see Q41A); or

- deal on own account when executing client orders.

You cannot rely, however, on the article 2.1(d) MiFID exemption if you provide any investment services or activities other than dealing on own account. If buying and selling MiFID financial instruments is not your main business, or, as the case may be, the main business of your group, you might though wish to consider further the exemption in article 2.1(i) MiFID (see Q44 and Q45).

This exemption does not apply to dealing on own account in commodity derivatives, emission allowances or derivatives thereof (the exemption discussed in the answer to Q44 (Activities in relation to commodity derivatives) is relevant instead).

MiFID says that persons exempt under the commodities exemption described in the answer to Q44 are not required to meet the conditions laid down in the own account exemption described in this answer in order to be exempt. In the FCA’s view that does not mean that you can do business of the type covered by the article 2.1(d) exemption without meeting the exemption conditions described in this answer just because you qualify for the commodities exemption. Recital 22 to MiFID confirms that the two exemptions apply cumulatively. Another reason for this conclusion is that articles 2.1(d) and (j) apply to different asset classes and there does not seem to be any reason apparent from MiFID why exemption under article 2.1(j) should be relevant to the asset classes in article 2.1(d).

See the answer to Q46 for more information about combining this exemption with other exemptions, particularly the exemption for commodity derivatives business.

Q40A. When can a non-financial entity have direct electronic access to or be a participant in a trading venue without losing the benefit of the own account exemption described in the answer to Q40?
The article 2.1(d) exemption can still be available if you are a member of, or a participant in, a regulated market or an MTF or you have direct electronic access to a regulated market, an MTF or an OTF, as long as:

- you are a non-financial entity; and
- your transactions are objectively measurable as reducing risks directly relating to your commercial or treasury financing activity, or the commercial or treasury financing activity of your group.

**Q40B. What does direct reduction of risk mean in the answer to Q40A?**

The second condition described in the answer to Q40A (objectively measurable reduction of risks) is designed to allow a non-financial business to hedge without losing the exemption. The following points are relevant to whether hedging meets this second condition:

- The exception covers hedging for commercial activities as well as treasury activities. It can therefore cover risks to a change in value of your group’s assets, services, inputs, products, commodities or liabilities.
- Hedging may cover potential indirect impacts on your business as well as direct ones.
- A transaction may qualify as risk-reducing taken on its own or in combination with other hedging transactions.
- A transaction may be treated as risk-reducing even though it is not a perfect hedge. Thus for example your group may use proxy hedging through a closely correlated instrument to cover an exposure, such as an instrument with a different but very close underlying in terms of economic behaviour.
- If your group uses portfolio or macro hedging, it may not be able to establish a one-to-one link between a specific hedging transaction and a specific risk directly related to the commercial and treasury financing activities being hedged. The risks related to the commercial and treasury financing activities may be complex. For example, the risks may cover several geographic markets, products, time horizons or entities. Nevertheless, macro or portfolio hedging used to hedge a risk in relation to your group’s overall risks may be treated as risk-reducing.
- Positions do not qualify as risk-reducing solely on the grounds that they form part of a risk-reducing portfolio on an overall basis. In such cases your group’s risk management systems should prevent such transactions from being categorised as risk-reducing.
- A risk may evolve over time and, in order to adapt to the evolution of the risk, a hedging transaction initially executed for reducing risk may have to be offset through the use of additional hedging transactions. As a result, hedging of a risk may be achieved by a combination of hedging...
transactions and offsetting transactions that close out earlier hedging transactions that have become unrelated to the risk.

- If a transaction originally qualifies as risk-reducing it does not stop being treated as risk-reducing just because the risk it hedges has since evolved.

**Q40C. What does non-financial entity mean in the answer to Q40A?**

In the FCA’s view, non-financial entity means the same thing as it does in MiFID RTS 21.

**Q41. What is a market maker?**

A market maker is “a person who holds himself out on the financial markets on a continuous basis as being willing to deal on own account by buying and selling financial instruments against his that person’s proprietary capital at prices defined by him that person” (article 4.1(8) MiFID). This is likely to be the case if you are recognised or registered as a market maker on an investment exchange. However, in in our view anyone who satisfies the definition will be a market maker for the purposes of MiFID, even if they are not under an obligation to make quotes, for example retail service providers who make a market in shares traded on the Stock Exchange Electronic Trading Service (“SETS”) but without doing so as registered market makers under the rules of the London Stock Exchange have not entered into the agreement with the regulated market required by article 48(2) of MiFID (Systems resilience, circuit breaker and electronic trading).

**Q41A. What is a high-frequency algorithmic trading technique?**

This question is included here because it is relevant to the own account exemption described in the answer to Q40 and to the commodities exemption described in the answer to Q44.

A high-frequency algorithmic trading technique is a type of algorithmic trading technique.

Article 4.1(40) of MiFID defines a high-frequency algorithmic trading technique as an algorithmic trading technique characterised by:

- infrastructure intended to minimise network and other types of latencies, including at least one of the following facilities for algorithmic order entry:
  - co-location;
  - proximity hosting; or
  - high-speed direct electronic access;
● system-determination of order initiation, generation, routing or execution without human intervention for individual trades or orders; and

● high message intraday rates which constitute orders, quotes or cancellations.

**Employee share and company pension schemes**

**Q42. Is there an exemption, as there was under the ISD, relating to employee share schemes and company pension schemes?**

Yes, there is an exemption in article 2(1)(e)(f) MiFID for persons providing investment services consisting exclusively in the administration of employee-participation schemes, for example employee share schemes and company pension schemes. In our view, whilst administration for these purposes could extend to services comprising reception and transmission or execution of orders on behalf of clients or placing, it would not include personal recommendations in relation to, or managing, the assets of employee share schemes or company pension schemes.

This exemption can also be combined with the “group exemption” in article 2.1(b) of MiFID, by virtue of article 2.1(e) (g) of MiFID. In our view, it may also be combined with the exemption in article 2.1(i) MiFID if a firm is dealing on own account in financial instruments as an ancillary activity to its main business, or, as the case may be, the main business of its group. See the answer to Q46 for more about combining exemptions.

**Collective investment undertakings**

**Q43. Are we right in thinking that MiFID does not apply to collective investment undertakings and their operators?**

… To the extent that it also provides investment services or performs investment activities in a different capacity, for example, if it provides investment advice to, or manages the assets of, an individual third party, these services and activities fall outside the scope of the article 2.1(h) this exemption.

…

**Exemption for commodity derivatives business**

**Q44. Who can rely on the exemption in article 2.1(i) (j)?**

You may be able to rely on the exemption if:

● you deal on own account in MiFID financial instruments commodity derivatives or emission allowances or derivatives thereof; or

● provide other investment services in commodity derivatives or C10 derivative contracts emission allowances or derivatives thereof to clients or suppliers of your main business (or if you are part of a group, the group’s main business); or
This exemption can include someone dealing on own account as a market maker.

If you deal on own account when executing client orders you can only meet the exemption condition if the client is a client or supplier of your group’s main business.

The article 2.1(i) exemption does not apply to you if you apply a high frequency algorithmic trading technique.

However, the exemption will only apply if what you do is ancillary to your main business (see Q45 for more about this).

and that the exemption is not available if your group’s main business is any of the following (see the answer to Q44A for what main business means in this context):

- neither the provision of investment services nor; or
- the provision of banking services; or
- acting as a market maker in relation to commodity derivatives. If you are part of a group, what you do must be ancillary to the main business of your group whose main business is neither the provision of investment services nor banking services.

In our view, a firm which is part of a group whose main business is not investment or banking services and which provides, for example, as a stand-alone business, investment services in commodity derivatives or C10 contracts for its own clients (who are not clients of the group’s main business), is likely to fall outside the scope of the article 2.1(i) exemption.

Q44A. How do I know whether my main business is investment, banking or commodities?

When considering what is a firm’s or group’s ‘main business’ for the purpose of the requirement described in the answer to Q44 that your main business should not be investment services, banking services or commodity derivatives market making, in our view various factors are likely to be relevant including turnover, profit, capital employed, numbers of employees and time spent by employees. These factors should then be considered in the round in deciding whether any one operation or business line amounts to a firm’s or your group’s main business. In our view, a similar approach can be applied when determining a firm’s ‘main business’ for the purposes of article 2.1(k) (see Q46).

The determination of your main business as described in this answer is not directly related to the test for deciding whether your commodities business is ancillary to your main business (the ancillary test is referred to in the answer to Q45). This is because the ancillary test compares the size of your commodities business with the rest of your business but does not specify how to identify what
your main business is within your non-commodities business.

Q44B. Are there any formalities for using the commodities exemption?

It is a condition of the commodities exemption described in the answer to Q44 that you:

- should notify annually the relevant competent authority that you make use of this exemption; and
- upon request, report to the competent authority the basis on which you consider that the requirement for the commodities business to be ancillary is met.

If you are a UK firm, the FCA is the relevant competent authority for these purposes.

If you carry out some occasional commodity derivatives activities you may not need to rely on this exemption. See the answer to Q7 (We provide investment services to our clients. How do we know whether we are an investment firm for the purposes of article 4.1(1) MiFID?) for more on this.

Q44C. Can the commodities exemption be combined with other exemptions?

Yes.

There is no requirement that someone relying on this exemption must not carry on an activity covered by one of the other exemptions. In particular, this exemption can be combined with the exemption for own account transactions described in the answer to Q40 (see recital 22 to MiFID). For more on combining exemptions, please see the answer to Q46.

Q45. What is an ancillary activity for these purposes of the commodities exemption?

The meaning of ‘ancillary’ for the purposes of the commodities exemption described in the answer to Q44 is potentially subject to further European Commission legislation pursuant to article 2.3 MiFID. For an activity to be ‘ancillary’ for these purposes, in our view, it must at least be both directly related and subordinate to the main business of the group. Where, for example, a commodity producer buys or sells commodity derivatives for the purposes of limiting an identifiable risk of its main business, for instance in circumstances where the risk management exclusion in article 19 of the Regulated Activities Order would apply, in our view this would qualify as ancillary for the purposes of this exemption. On the other hand, where a commodity producer deals on own account for speculative purposes, it is unlikely that this would be ancillary to the main business in the case of article 2.1(i) MiFID. This activity may fall, however, within the article 2.1(k) MiFID exemption (see Q46 in Commission Delegated Regulation (EU) 2017/592 (regulatory technical standards for the criteria to establish when an activity is considered to be ancillary to the main business).
This answer does not give a full summary as the definition is too detailed for PERG. Instead this answer summarises the broad approach.

There are two tests. The exemption only applies if you meet both tests. Both are based on commodities trading activities in the EEA.

The first test looks at the size of trading activities of members of your group in various asset classes. For each class, this is calculated by comparing their trading activities in that class with the overall trading activity in the EEA for that class.

The asset classes are made up of emission allowances and various types of commodity derivatives. The emission allowances asset class includes emission allowances to which the exemption for emission allowances in article 2.1(e) (see the table in the answer to Q35A) applies and any bidding under the auction regulation.

For this test to be met, the trading level of persons within your group needs to be below the maximum amount for each asset class. There is a different maximum amount for each class.

Certain privileged transactions are excluded from the calculation:

- intra-group transactions that serve group-wide liquidity or risk management purposes;
- transactions in derivatives that reduce risks directly relating to commercial activity or treasury financing activity in accordance with criteria set out in Commission Delegated Regulation (EU) 2017/592 (regulatory technical standards for the criteria to establish when an activity is considered to be ancillary to the main business);
- transactions in commodity derivatives and emission allowances entered into to fulfil obligations to provide liquidity on a trading venue, where such obligations are required by:
  - regulatory authorities in accordance with EEA law;
  - national laws, regulations and administrative provisions; or
  - those trading venues; and
- transactions executed by a group member authorised under MiFID or the CRD.

The second test has two calculation methods. If the result of either calculation is that you fall below the specified threshold, you meet the second test.

- One method is based on the size of group trading activities in commodity derivatives and emission allowances.
- The second measure compares the estimated capital employed for carrying out commodity derivative and emission allowance activities with group
Q46. Our main business is producing commodities and we buy and sell commodity derivatives. We are a member of a non-financial services group. Are we exempt from MiFID Is it possible to combine article 2 exemptions?

Yes. You will be exempt under article 2.1(k) MiFID because you are a person:

- whose main business consists of dealing on own account in commodities and/or commodity derivatives; and
- who is not part of a group whose main business is the provision of other investment services or banking services.

The question of what is your main business for the purposes of the first bullet point above is determined on an entity basis and not on a group basis (which is different from the approach taken in article 2.1(i) MiFID). You should also note that the article 2.1(k) MiFID exemption refers to commodities and/or commodity derivatives but not C10 derivatives.

Recital 22 of the MiFID Regulation indicates that the exemptions in article 2.1(i) and (k) MiFID could be expected to exclude significant numbers of commercial producers and consumers of energy and other commodities, including energy suppliers and commodity merchants.

Various other answers to questions in this section deal with certain detailed combinations of exemptions:

- Q42 deals with employee share schemes and company pension schemes.
- It is possible to combine the exemption for own account dealing in article 2.1(d) and the exemption for commodity derivatives in article 2.1(j). The answer to Q40 deals with the treatment of the commodity derivatives business of a firm relying on article 2.1(d). The answer to Q44C deals with the treatment of business within article 2.1(d) for a firm relying on the commodity derivatives exemption in article 2.1(j).

In certain cases a firm will not need to combine exemptions. For example an insurer relying on the exemption described in the answer to Q36 (We are an insurer. Does MiFID apply to us?) does not need to rely on any other exemption.

The answer to this question (Q46) is about whether there is a more general principle that article 2 exemptions can be combined.

There is an argument that the drafting of some of the exemptions does not allow this approach. For example, the group exemption (see the answer to Q37) says that the exemption is available to persons providing investment services exclusively for their fellow group members. However in the FCA’s view it is generally possible to combine article 2 exemptions. Recital 22 to MiFID says that exemptions apply cumulatively and that the ability to combine the exemptions in articles 2.1(d) (own account dealing) and 2.1(j) (commodity derivatives) is just an example of this principle. This is consistent with the point that there is no reason
apparent from MiFID why combining exemptions should not be allowed.

Where an exemption is only available if the person only carries on a limited range of investment services or activities (as is the case for example with the group exemption) it can be argued that this restriction does not cover a service or activity which is covered by another exemption. This is on the basis that an exempt activity is not an investment service or activity for these purposes. The European Commission’s Q&A’s dealing with MiFID I take this approach.

Treating an exempt activity as not being a MiFID investment service or activity in this way only applies for the purpose of article 2 of MiFID, meaning that it is only relevant for deciding whether a person is a MiFID investment firm.

Q46A. Is it possible to combine the article 2 and article 3 exemptions?

The FCA does not believe that it is generally possible to combine the exemptions in article 2 with the exemption in article 3. However in the FCA’s view, a firm that relies on the article 2(1)(i) exemption (see Q43) can combine this with article 3 in relation to business falling outside the article 2(1)(i) exemption.

If however you are subject to the UCITS Directive or the AIFMD you may be restricted in your ability to carry out all the activities within the article 3 exemption.

Locals

Q47. We traded on an investment exchange as a local firm and were exempt from the ISD MiFID 1. Are we exempt under MiFID?

Yes. If you fell within the exemption in article 2.2(j) ISD for local firms and continue to perform the same services and activities, you should generally fall within the exemption in article 2.1(l) MiFID. If you provide personal recommendations in relation to MiFID financial instruments, however, you will not be able to rely upon the exemption in article 2.1(l) MiFID. The exemption for locals in MiFID 1 no longer applies. It is unlikely that the own account exemption in article 2.1(d) will be available as that exemption does not apply to members of, or participants in, a regulated market (see Q40).

The article 3 exemption

Q48. Article 3 is an optional exemption. Will the exemption apply to UK firms?

Yes, in part, the optional exemption in articles 3.1(a) to (c) has been exercised by The Treasury. The answers to Q49 to Q53 explain the exemption in more detail.

Articles 3.1(d) and (e) of MiFID provide additional optional exemptions, but they have not been implemented in the UK.

Q49. Which firms might fall within this exemption?
The exemption applies to persons who meet all the following conditions:

- they do not hold clients’ funds or securities and do not, for that reason, at any time, place themselves in debit with their clients;

... 

- they transmit orders only to one or more of the following:

  ... 

  o branches of third country investment firms or credit institutions complying which are subject to, and comply with, prudential rules considered by the FCA appropriate regulator to be at least as stringent as those laid down in MiFID, or the CRD and or the EU CRR;

... 

Q53. What is the practical effect of exercising the optional exemption for those firms falling within its scope?

You are not a firm to which MiFID applies and so are not a MiFID investment firm for the purposes of the Handbook. As such you are not subject to the requirements of the CRD as transposed in the Handbook and the EU CRR and cannot exercise passporting rights.

Article 3.2 of MiFID applies certain MiFID requirements to firms making use of the article 3 exemption. These are implemented in the Handbook and the Act.

... 

13.6 CRD IV 

... 

Q55. Are we subject to the CRD and the EU CRR?

... 

Despite being subject to the requirements of MiFID, broadly speaking, if you are one of the following investment firms, CRD and the EU CRR will only apply to you in a limited way:

... 

- a firm that:

  ...

  – is not authorised to provide the following investment investment
services: (a) to deal in any financial instruments for its own account; (b) to underwrite issues of financial instruments on a firm commitment basis; (c) to place financial instruments without a firm commitment basis; and (d) to operate a multilateral trading facility; and (e) to operate an organised trading facility;

...

There is also a special exemption under the EU CRR for locals that do not fall within the exemption for local firms under MiFID (see Q47). However, we do not think that UK regulated firms that were subject to the regulatory regime for locals prior to MiFID implementation are likely to fall within the exemption under the EU CRR. This is because they are likely to fall within article 2.1(l) MiFID local firms.

...

Q58. How do we know whether we are an exempt CAD firm and what does this mean in practice?

...

If you are an exempt CAD firm which has opted into MiFID legislation (see Q52), you will need to consider whether you are subject to the audit requirements of companies legislation (see Part VII of the Companies Act 1985 and Part 16 of the Companies Act 2006). You can benefit from the auditing exemption for small companies in companies legislation if you fulfil the conditions of regulation 4C(3) of the Financial Services and Markets Act 2000 (Markets in Financial Instruments Regulations) 2007. In other words, if you continue to meet the conditions of the article 3 MiFID exemption (notwithstanding that you are an exempt CAD firm), you can benefit from the auditing exemption for small companies, as provided for in companies legislation. For further details, see The Markets in Financial Instruments Directive (Consequential Amendments) Regulations 2007 (SI 2007/2932). The same regulations also contain a transitional regime which has the effect of exempting exempt CAD firms from statutory audit requirements in relation to a financial year beginning before 1 November 2007 and ending on or after that date, where the exempt CAD firm was not an ISD investment firm.

Q58A. How do we know whether we are a BIPRU firm and what does that mean in practice?

This category may be relevant to you if you have permission to execute orders on behalf of clients and/or carry out portfolio management in relation to MiFID financial instruments. In summary, a BIPRU firm:

...

- is not authorised to provide the investment investment services of dealing in any financial instruments for its own account, underwriting issues of financial instruments on a firm commitment basis, placing financial
Q64. Are we a limited licence firm?

A limited licence firm is one that is not authorised to:

- underwrite and/or place financial instruments on a firm commitment basis (see Q22).

For the purpose of the definition of a limited licence firm, a firm does not deal on own account when executing client orders by matching them on a matched principal basis (back-to-back trading) if its activities are consistent with the conditions of article 29(2) of CRD (see Q61) or article 5.2 of the recast CAD (see Q58A).

Generally, you cannot be a limited licence firm if you are an IFPRU 730K firm. However, you may be a limited licence firm if you operate a multilateral trading facility or an organised trading facility (and therefore are an IFPRU 730K firm) and do not have a dealing in investments as principal permission enabling you to deal on own account or to underwrite or place financial instruments on a firm commitment basis. Therefore if you deal on own account under article 20(3) of MiFID (Specific requirements for OTFs) you will not be a limited licence firm.

<td>C1- Transferable securities</td>
<td>… contract for differences (excluding a spread bet and a rolling spot forex contract and a binary bet) spread bet</td>
<td>Transferable securities are securities negotiable on the capital market excluding instruments of payment and include: (a) shares in companies; (b) bonds; (e) depositary receipts; (d) warrants; and (e) miscellaneous securitised derivatives. Transferable securities comprise various categories of derivatives in the permission regime: for example, options (excluding commodity options and options on commodity futures); futures (excluding commodity futures and rolling spot forex contracts); contracts for differences (excluding spread bets and rolling spot forex contracts). The permission investment categories above in column 2 (Part 4A permission category), however, are wider than the MiFID definition of transferable securities, as they comprise both securitised and non-securitised instruments. An instrument is not a transferable security under MiFID if it is not negotiable on the capital market. Therefore an investment listed in column (2) will not always be a transferable security.</td>
</tr>
</tbody>
</table>
Firms with permissions containing any of the Part 4A permission investment categories in column (2) will fall outside the article 3 MiFID exemption as transposed in domestic legislation, where they provide investment services in relation to financial instruments which are non-securitised investments (for example, OTC derivatives concluded by a confirmation under an ISDA master agreement).

It is possible in theory that options, futures and contracts for differences under the RAO that are not mentioned in column (2) could be a MiFID transferable security. However column (2) includes the main RAO derivatives that the FCA thinks may in practice be transferable securities.

In our view, the categories of financial instrument in C1 to C10 C11 are not mutually exclusive, so a financial instrument may fall within more than one category. For example, an interest in an investment trust company falls within C1 and C3.
