INVESTMENT FIRMS PRUDENTIAL REGIME (No. 2) INSTRUMENT 2021

Powers exercised

A. The Financial Conduct Authority ("the FCA") makes this instrument in the exercise of the following powers and related provisions in the Financial Services and Markets Act 2000 ("the Act");

1. section 137A (The FCA’s general rules);
2. section 137T (General supplementary powers);
3. section 138D (Actions for damages);
4. section 139A (Power of the FCA to give guidance);
5. section 143D (Duty to make rules applying to parent undertakings);
6. section 143E (Powers to make rules applying to parent undertakings);
7. section 143Y (Statement of policy for penalties under section 143W); and
8. section 395 (The FCA’s and PRA’s procedures).

B. The rule-making provisions listed above are specified for the purposes of section 138G(2) (Rule-making instruments) of the Act.

Commencement

C. This instrument comes into force on 1 January 2022.

Amendments to the Handbook

D. The modules of the FCA Handbook listed in column (1) below are amended in accordance with the Annexes to this instrument listed in column (2).

<table>
<thead>
<tr>

E. The FCA confirms and remakes in the Glossary of definitions any defined expressions used in the rules and guidance in the modules of the Handbook referred to in paragraph D where the defined expressions relate to UK legislation that has been amended since those defined expressions were last made.

Notes

F. In the annexes to this instrument, the “notes” (indicated by “Note:” or “Editor’s note:”) are included for the convenience of readers, but do not form part of the legislative text.
Citation

G. This instrument may be cited as the Investment Firms Prudential Regime (No. 2) Instrument 2021.

By order of the Board
25 November 2021
Annex A

Amendments to the Glossary of definitions

In this Annex, underlining indicates new text and striking through indicates deleted text, unless otherwise stated.

Insert the following new definitions in the appropriate alphabetical position. The text is not underlined.

</table>
relevant body (in MIFIDPRU) a general meeting of the shareholders of a firm or an equivalent meeting of the owners of a firm.

similar institution a similar institution as defined in MIFIDPRU 3 Annex 7.5R.

Solvency 2 Regulations 2015 the Solvency 2 Regulations 2015 (SI 2015/575).

third country insurance undertaking a third country insurance undertaking as defined in regulation 2 of the Solvency 2 Regulations 2015.

third country reinsurance undertaking a third country reinsurance undertaking as defined in regulation 2 of the Solvency 2 Regulations 2015.

tier 1 capital (in MIFIDPRU) the sum of a firm’s common equity tier 1 capital and additional tier 1 capital.

valuation exposure means the amount of a valuation position that is sensitive to the movement in a valuation input.

valuation input means a market observable or non-observable parameter or matrix of parameters that influences the fair value of a valuation position.

valuation position means a financial instrument or commodity or portfolio of financial instruments or commodities, which are measured at fair value.

Amend the following definitions as shown.

financial sector entity has the meaning in article 4(1)(27) of the UK CRR, any of the following:

(a) a financial sector entity as defined in article (4)(1)(27) of the UK CRR;

(b) a MIFIDPRU investment firm; or

(c) an ancillary services undertaking included in the consolidated financial situation of a MIFIDPRU investment firm.

management body (1) …

…

(3) (in relation to an operator of an electronic system in relation to lending) the governing body with ultimate decision-making authority comprising the supervisory
and the managerial function or, if the two functions are separated, only the managerial function.

[Note: article 2(1)(s) of the *UCITS Directive*

(4) (in relation to a non-authorised parent undertaking of an FCA investment firm) the board of directors, committee of management or other governing body of the undertaking and senior personnel who are empowered to set the undertaking’s strategy, objectives and overall direction, and which oversee and monitor management decision-making in the undertaking.
Annex B

Amendments to the Senior Management Arrangements, Systems and Controls sourcebook (SYSC)

In this Annex, underlining indicates new text and striking through indicates deleted text, unless otherwise stated.

19G   MIFIDPRU Remuneration Code

19G.1 General application

... Application: where the application of SYSC 19G.1.1R changes in relation to a firm

19G.1.8 R ... (3) The notification in (2)(b) must be submitted through the online notification and application system using the form in MIFIDPRU Annex 3R 7 Annex 3R.

... 19G.4 Fixed and variable components of remuneration

Categorising fixed and variable remuneration...

19G.4.2 G ... (3) The FCA considers that:

(a) fixed remuneration:

(i) should primarily reflect a staff member’s professional experience and organisational responsibility as set out in the staff member’s job description and terms of employment; and

(ii) should be permanent, pre-determined, non-discretionary, non-revocable and not dependent on performance; and

(b) variable remuneration:

(i) should be based on performance or, in exceptional cases, other conditions;
(ii) where based on performance, should reflect the long-term performance of the staff member as well as performance in excess of the staff member’s job description and terms of employment; and

(iii) includes discretionary pension benefits; and

(iv) includes carried interest, as referred to in SYSC 19G.1.27R.
Annex C

Amendments to the Prudential sourcebook for MiFID Investment Firms (MIFIDPRU)

In this Annex, underlining indicates new text and striking through indicates deleted text, unless otherwise stated.

1 Application

1.1 Application and purpose

... 

1.1.9 G (1) If a firm applies stricter measures than those required under MIFIDPRU in accordance with MIFIDPRU 1.1.8R, the firm must still ensure that it meets the basic requirements of MIFIDPRU. This is illustrated by the following two examples:

(a) Example 1: A firm decides to hold own funds of 0.03% of its average AUM, rather than 0.02% as required under MIFIDPRU 4.7.5R. This would be a stricter measure that still meets the basic requirements of MIFIDPRU and therefore would be permitted under MIFIDPRU 1.1.8R.

(b) Example 2: A firm decides to hold a significant amount of additional own funds instead of applying the deductions from its common equity tier 1 capital required under MIFIDPRU 3.3.6R. This is on the basis that the additional own funds far exceed the estimated value of the required deductions and the firm considers that the deduction calculations are too onerous. While the firm may consider that holding these additional own funds is a stricter measure, this approach would not meet the basic requirements of MIFIDPRU, which require the firm to calculate and apply the deductions. In addition, the failure to apply the correct deductions to common equity tier 1 capital may result in the firm incorrectly applying the concentration risk requirements and limits in MIFIDPRU 5. This approach would therefore not be permitted under MIFIDPRU 1.1.8R because it does not meet the basic requirements of MIFIDPRU.

(2) If a firm wishes to apply a stricter measure but is unsure of whether that measure would meet the basic requirements of MIFIDPRU, it should discuss the proposal with the FCA before applying the measure.
Notifications and applications under MIFIDPRU for which there is no dedicated form

1.1.10 R (1) This rule applies where:

(a) a notification or an application for permission is required under a provision in (2); and

(b) the provisions in MIFIDPRU do not specify that a particular notification or application form must be used for that purpose.

(2) The relevant provisions in (1) are:

(a) a rule in MIFIDPRU;

(b) a provision of the UK CRR that is applied by MIFIDPRU; or

(c) a provision in binding technical standards made for the purposes of the UK CRR where those binding technical standards are applied by MIFIDPRU.

(3) Where this rule applies, a firm, UK parent entity or GCT parent undertaking that is subject to the relevant provision in (2) must:

(a) where the provision requires a notification, complete the notification form in MIFIDPRU 1 Annex 5R and submit it to the FCA using the online notification and application system; or

(b) where the provision requires an application for permission, complete the application form in MIFIDPRU 1 Annex 6R and submit it to the FCA using the online notification and application system.

…
Insert the following new annexes, MIFIDPRU 1 Annex 5R and MIFIDPRU 1 Annex 6R, after MIFIDPRU 1 Annex 4R (Notification under MIFIDPRU 1.2.16R that a firm no longer qualifies to be classified as an SNI investment firm). The new text is not underlined.

Application for a permission under MIFIDPRU for which there is no dedicated application form

1 Annex [Editor’s note: the form can be found at this address: https://www.fca.org.uk/publication/forms/[xxx]]

Application for a permission under MIFIDPRU for which there is no dedicated application form

**NOTE:** This application form must not be used to apply for or vary a permission where MIFIDPRU contains a dedicated application form for that permission. In that case, the dedicated form must be used instead. This form is relevant only to MIFIDPRU permissions for which no other application form is provided.

Name of Senior Manager responsible for this application:

*If the application is being made in respect of a MIFIDPRU investment firm or another SMCR firm, we would expect the individual responsible for it to hold a senior management function (SMF).*

<td></td>
</tr>
</tbody>
</table>

1. Please confirm which of the following the applicant is:
   - ☐ MIFIDPRU investment firm that is not a consolidating UK parent entity or a GCT parent undertaking
   - ☐ MIFIDPRU investment firm that is a consolidating UK parent entity
   - ☐ MIFIDPRU investment firm that is a GCT parent undertaking
   - ☐ Consolidating UK parent entity (other than a MIFIDPRU investment firm)
   - ☐ GCT parent undertaking (other than a MIFIDPRU investment firm)

2. If this application is being made on behalf of other entities within the same group, please identify those other entities below:

<table>
<thead>
<tr>
<th>Entity name</th>
<th>FRN (if applicable)</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>
3. Please identify below the rule in MIFIDPRU that relates to the permission you are requesting. Where the permission relates to a provision of the UK CRR (or a binding technical standard originally made under the UK CRR) that is applied by a rule in MIFIDPRU, please identify the UK CRR provision or provision of the binding technical standard and the MIFIDPRU rule that applies it.

<table>

<th>Binding technical standard provision (if applicable)</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

4. Are you applying for the variation of an existing permission that has previously been granted under MIFIDPRU?

☐ Yes  Please provide the reference number below of the previous permission

☐ No

5. Is your application based on a precedent published written permission notice?

☐ Yes  Please provide the reference number of the precedent permission and an explanation of why you consider the precedent to be relevant to your application.

<table>
<thead>
<tr>
<th>Permission reference number</th>
<th>Relevance of the precedent permission to this application</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>

☐ No

6. Please explain why you are applying for the MIFIDPRU permission (or a variation of the existing MIFIDPRU permission). Please give details of how the permission will affect your business, including the activities to which it relates and the types of clients or counterparties who may be affected.

☐
7. Please explain how any requirements in the MIFIDPRU rule and, if applicable, the UK CRR provision or binding technical standard provision you identified in question 0 above are met.

Where the relevant provisions contain multiple requirements, you must explain how each separate requirement is met. This includes any requirements that may be applied by cross-references to other MIFIDPRU rules or provisions of the UK CRR. If you attach supporting documents to support your application, please tick the box below.

☐ Supporting document(s) attached
Notification under MIFIDPRU for which there is no dedicated notification form

NOTE: This form must not be used to:

- submit a notification where MIFIDPRU contains a separate dedicated form for that notification. In that case, the dedicated form must be used instead; or
- make a notification for purposes that are not connected with MIFIDPRU. A firm that needs to make a notification for other purposes should refer to the provisions in SUP 15.

This form is relevant only to notifications under MIFIDPRU for which no other notification form is provided.

Name of Senior Manager responsible for this notification:

If the notification is being made in respect of a MIFIDPRU investment firm or another SMCR firm, we would expect the individual responsible for it to hold a senior management function (SMF).

</tbody>
</table>

4. Please provide details of the matter to which this notification relates.

Where a MIFIDPRU rule, UK CRR provision or binding technical standard provision that you have identified in question 3 requires particular information to be provided in the notification, you must include that information.

If you attach supporting documents relating to this notification, please tick the box below.

☐ Supporting document(s) attached
Amend the following as shown.

2 Level of application of requirements

...  

2.4 Investment firm groups: general

...  

2.4.19 G In the FCA’s view, where an investment firm group includes one or more undertakings that are connected undertakings (other than connected undertakings due to a participation in accordance with MIFIDPRU 2.4.15R), that are material (either individually or in aggregate), it is unlikely that the investment firm group will be sufficiently simple to be able to apply the group capital test. This is because the relationship between the relevant member of the investment firm group and the connected undertaking is likely to be more complex and because the group capital test can only apply to holdings in instruments issued by, or claims on, an entity. Therefore, prudential consolidation under MIFIDPRU 2.5 is likely to be more appropriate in such circumstances.

Notifications relating to membership of a consolidation group or financial conglomerate

2.4.20 R (1) A MIFIDPRU investment firm must notify the FCA immediately if the firm becomes aware that:

(a) it has become a member of an investment firm group;
(b) it has ceased to be a member of an investment firm group;
(c) there has been a change in the composition of an investment firm group of which that firm forms a part;
(d) it has become a member of a financial conglomerate; or
(e) it has ceased to be a member of a financial conglomerate.

(2) A firm must:

(a) notify the FCA under (1) using the form in MIFIDPRU 2 Annex 8R and submit it using the online notification and application system; and
(b) as part of the notification in (a):

(i) identify any entity that is becoming a member of the investment firm group or financial conglomerate;
(ii) identify any existing members of the investment firm group or financial conglomerate that continue to be members of that investment firm group or financial conglomerate;

(iii) identify any entity that is ceasing to be a member of the investment firm group or financial conglomerate; and

(iv) where applicable, confirm that the investment firm group or financial conglomerate has ceased to exist.

(3) A firm (“X”) is not required to notify the FCA under (1) if:

(a) another member of the relevant investment firm group or financial conglomerate (“Y”) has notified the FCA under (1); and

(b) the notification submitted by Y includes information that accurately reflects X’s relationship to the investment firm group or financial conglomerate and any other information required under (2)(b).

...  

Prudential consolidation – main requirements

2.5.7 R A UK parent entity must comply with the following on the basis of its consolidated situation:
(1) MIFIDPRU 3 (Own funds);

(2) MIFIDPRU 4 (Own funds requirements);

(3) MIFIDPRU 5 (Concentration risk); and

(4) MIFIDPRU 8 (Disclosure); and [deleted]

(5) MIFIDPRU 9 (Reporting).

2.5.10 R (1) When applying MIFIDPRU 3 on a consolidated basis, the requirements in Title II of Part Two of the UK CRR shall also apply with the modifications in this rule.

(2) When applying the provisions of article 84(1), article 85(1) and article 87(1) of the UK CRR under (1): A reference in Title II of Part Two of the UK CRR to an entity or person included within the “consolidation pursuant to Chapter 2 of Title II of Part One” is a reference to an entity or person included in the consolidated situation of the investment firm group under MIFIDPRU 2.5.

(a) where those provisions refer to other provisions of the UK CRR that impose own funds requirements, only the references to article 92(1) of the UK CRR apply; and

(b) the references to article 92(1) of the UK CRR must be read as if they were references to the own funds requirement under MIFIDPRU.

(3) The relevant subsidiaries for the purposes of articles 81(1)(a) and 82(a) of the UK CRR are:

(a) a MIFIDPRU investment firm;

(b) a designated investment firm; and

(c) a UK credit institution that is included in the consolidated situation under MIFIDPRU 2.5 because it is a connected undertaking.

(4) The modifications in (5) apply where the following provisions of the UK CRR apply to a subsidiary that is a MIFIDPRU investment firm:

(a) article 84(1)(a)(i);

(b) article 85(1)(a)(i); and

(c) article 87(1)(a)(i).
(5) The modifications referred to in (4) are as follows:

(a) the relevant amount of common equity tier 1 capital in article 84(1)(a)(i) is the sum of:

(i) the amount of common equity tier 1 capital required to meet the firm's own funds threshold requirement; and

(ii) any other requirements that apply to the firm under additional local supervisory regulations in third countries to the extent that those requirements must be met by common equity tier 1 capital;

(b) the relevant amount of tier 1 capital in article 85(1)(a)(i) is the sum of:

(i) the amount of tier 1 capital required to meet the firm's own funds threshold requirement; and

(ii) any other requirements that apply to the firm under additional local supervisory regulations in third countries to the extent that those requirements must be met by tier 1 capital; and

(c) the relevant amount of own funds in article 87(1)(a)(i) is the sum of:

(i) the amount of own funds required to meet the firm’s own funds threshold requirement; and

(ii) any other requirements that apply to the firm under additional local supervisory regulations in third countries to the extent that those requirements must be met by own funds.

(6) The following provisions of the UK CRR are modified as follows:

(a) article 84(1)(a)(ii) applies as if it refers to the sum of:

(i) the amount of consolidated common equity tier 1 capital that relates to the subsidiary that is required on a consolidated basis to meet the requirement in MIFIDPRU 2.5; and

(ii) any other requirements that apply to the subsidiary under additional local supervisory regulations in third countries to the extent that those requirements must be met by common equity tier 1 capital;
capital:

(b) article 85(1)(a)(ii) applies as if it refers to the sum of:

(i) the amount of consolidated tier 1 capital that relates to the subsidiary that is required on a consolidated basis to meet the requirement in MIFIDPRU 2.5; and

(ii) any other requirements that apply to the subsidiary under additional local supervisory regulations in third countries to the extent that those requirements must be met by tier 1 capital; and

(c) article 87(1)(a)(ii) applies as if it refers to the sum of:

(i) the amount of consolidated own funds that relates to the subsidiary that is required on a consolidated basis to meet the requirement in MIFIDPRU 2.5; and

(ii) any other requirements that apply to the subsidiary under additional local supervisory regulations in third countries to the extent that those requirements must be met by own funds.

2.5.10A G MIFIDPRU 3 Annex 7.57G and MIFIDPRU 3 Annex 7.58R contain supplementary provisions that may be relevant when a firm is applying MIFIDPRU 2.5.10R.

...

Prudential consolidation in practice: disclosure by investment firms

2.5.49 G [This provision has been intentionally left blank] [deleted]

...
Insert the following annex after MIFIDPRU 2 Annex 7R (Application under MIFIDPRU 2.5.41R for permission to include portfolio of a third country entity in consolidated K-CMG). The text is not underlined.

**Notification under MIFIDPRU 2.4.20R relating to membership of an investment firm group and/or a financial conglomerate**

2 Annex 8R

[Editor’s note: the form can be found at this address: https://www.fca.org.uk/publication/forms/[xxx]]

**Notification under MIFIDPRU 2.4.20R of membership of an investment firm group and/or a financial conglomerate**

Under MIFIDPRU 2.4.20R(3), a firm (X) is not required to submit this form if another member of the investment firm group or financial conglomerate (Y) has notified the FCA of any relevant changes and the information provided by Y includes information about X and all other information required under MIFIDPRU 2.4.20R.

1. Please confirm to which of the following this notification relates:

</tr>
</thead>
<tbody>
<tr>
<td>Group reference number (GRN)</td>
</tr>
</tbody>
</table>

   B. [For notifications relating to new investment firm groups] Please provide the following information:

   | Specify a name for the investment firm group |
   | (We suggest the name of the UK parent entity, plus the word "group") |
   | Date on which the investment firm group was/will be created |

**Firms ceasing to be part of an investment firm group**

5. Please provide the following information in relation to the investment firm group of which the firm is ceasing to be a part.
6. Please confirm whether the investment firm group you have identified in question 4 will continue to exist after the firm ceases to be part of the investment firm group.

☐ Investment firm group will continue to exist

☐ Investment firm group will cease to exist

**Information on membership of the investment firm group**

7. Please provide the information in the following tables in relation to the investment firm group.

A. New entities joining the investment firm group

Note: For a new investment firm group, this should include all entities in that investment firm group

| FRN (if applicable) | Entity name | Type of group undertaking (select one):
|--------------------|-------------|-------------------------------------------------|
|                     |             | - UK parent entity
|                     |             | - intermediate parent
|                     |             | - subsidiary (non-parent undertaking)
|                     |             | - connected undertaking
| Sub-type of group undertaking (select one):
|                     |             | - MIFIDPRU investment firm
|                     |             | - PRA designated investment firm
|                     |             | - credit institution
|                     |             | - other financial institution
|                     |             | - ancillary services undertaking
|                     |             | - tied agent
| Location (type country name) |
| Principal place of business and, separately, place of incorporation (if different) |

B. Entities ceasing to be part of the investment firm group

Note: If an investment firm group is ceasing to exist, this should include all entities in that investment firm group
8. *Where the investment firm group will continue to exist following this notification* Please attach a group structure chart showing the position of each entity in that investment firm group.

☐ Attached

**Firms becoming part of a financial conglomerate**

9. Please confirm if the firm is becoming part of an existing financial conglomerate or if a new financial conglomerate is being created.

☐ Existing financial conglomerate

☐ New financial conglomerate

10. *If you selected “Existing financial conglomerate” in response to question 9* Please confirm whether the Classification of Groups form in GENPRU 3 Annex 3G has previously been provided to the FCA in relation to that financial conglomerate:

☐ Yes

☐ No

11. *If you selected “No” in response to question 10* Please complete the Classification of Groups form in GENPRU 3 Annex 3G in relation to the financial conglomerate and attach it to this notification.

☐ Attached
12. [If you selected "New financial conglomerate" in response to question 9] Please complete the Classification of Groups form in GENPRU 3 Annex 3G in relation to the financial conglomerate and attach it to this notification.

☐ Attached

13. Please provide a group structure chart showing each entity that will be part of the financial conglomerate following this notification.

☐ Attached

**Firms ceasing to part of a financial conglomerate**

14. Please confirm whether the financial conglomerate the firm is ceasing to be a part of will continue to exist after the firm ceases to be part of it.

☐ Financial conglomerate will continue to exist

☐ Financial conglomerate will cease to exist

15. [If you selected "Financial conglomerate will continue to exist"] Please provide a group structure chart showing each entity that will be part of the financial conglomerate following this notification.

Amend the following as shown.

3 Own funds

3.1 Application and purpose

…

Purpose

3.1.4 G This chapter contains requirements for the calculation of a MIFIDPRU investment firm’s own funds. These requirements are based on the provisions in Title I of Part Two of the UK CRR, but with the modifications set out in this chapter.

Supplementary provisions

3.1.5 G MIFIDPRU 3 Annex 7R (Additional provisions relating to own funds) and MIFIDPRU 3 Annex 8R (Prudent valuation and additional valuation adjustments) contain supplementary provisions that are relevant to certain rules in this chapter or certain requirements in the UK CRR that are cross-applied by rules in this chapter. A firm, UK parent entity or GCT parent undertaking that is applying a relevant rule in this chapter should therefore also refer to those annexes.

…

3.3 Common equity tier 1 capital

3.3.1 R (1) A firm must determine its common equity tier 1 capital in accordance with Chapter 2 of Title I of Part Two of the UK CRR, as modified by the rules in this section.

(2) Any reference to the UK CRR in this section is to the UK CRR as applied by (1) and modified by the rules in this section.

3.3.1A R Article 34 of the UK CRR (Additional valuation adjustments) applies only in relation to positions held in a firm’s trading book.

3.3.1B G (1) MIFIDPRU 3 Annex 7R contains supplementary provisions that may be relevant when a firm is calculating its common equity tier 1 capital under MIFIDPRU 3.3.1R.

(2) MIFIDPRU 3 Annex 8R contains supplementary provisions that apply when a firm is calculating any additional valuation adjustments under article 34 of the UK CRR (as applied by MIFIDPRU 3.3.1AR).

…

3.3.4 G (1) …
(3) The FCA generally expects to receive a notification of a subsequent issuance of an existing form of *common equity tier 1 capital* instruments under article 26(3) of the *UK CRR* at least 20 business days before the firm intends to classify that issuance as *common equity tier 1 capital*.

Close correspondence between the value of a firm’s covered bonds and the value of its assets

3.3.4A R When determining whether there is a close correspondence between the value of a firm’s covered bonds and the value of the firm’s assets for the purposes of article 33(3)(c) of the *UK CRR*, the *Covered Bonds RTS* applies with the following modifications:

(1) any reference to an “institution” is a reference to the *firm*; and

(2) any reference to “Regulation (EU) No 575/2013” is a reference to the *UK CRR* as applied and modified by the rules in *MIFIDPRU*.

[Note: article 33(4) of the *UK CRR* and BTS 523/2014.]

...Deductions from common equity tier 1 capital...

3.3.6 R A *MIFIDPRU* investment firm must deduct the following from its common equity tier 1 items:

(1) …

... (9) the amount of items required to be deducted from additional tier 1 items under article 56 of the *UK CRR* that exceeds the additional tier 1 items of the *firm*; and

(10) any tax charge relating to common equity tier 1 items foreseeable at the moment of its calculation, except where the *firm* suitably adjusts the amount of common equity tier 1 items insofar as such tax charges reduce the amount up to which those items may be used to cover risks or losses; and

(11) where a *firm* is a partnership or a *limited liability partnership*, the amount by which the aggregate of any amounts withdrawn by its partners or members exceeds the profits of the *firm*, except to the extent that the amount:
(a) has already been deducted from the firm’s own funds as a loss under (1);

(b) was repaid in accordance with MIFIDPRU 3.3.16R(2) or MIFIDPRU 3.3.17R(2); or

(c) is already reflected in a reduction of the firm’s own funds that was permitted under articles 77 and 78 of the UK CRR, as applied in accordance with MIFIDPRU 3.6 (General requirements for own funds instruments).

3.4 Additional Tier 1 capital

3.4.1 R (1) A firm must determine its additional tier 1 capital in accordance with Chapter 3 of Title I of Part Two of the UK CRR, as modified by the rules in this section.

(2) Any reference to the UK CRR in this section is to the UK CRR as applied by (1) and modified by the rules in this section.

3.4.1A G MIFIDPRU 3 Annex 7R contains supplementary provisions relating to the calculation of a firm’s additional tier 1 capital and to write-down and conversion requirements for additional tier 1 instruments.

3.5 Tier 2 capital

3.5.1 R (1) A firm must determine its tier 2 capital in accordance with Chapter 4 of Title I of Part Two of the UK CRR, as modified by the rules in this section.

(2) Any reference to the UK CRR in this section is to the UK CRR as applied by (1) and modified by the rules in this section.

3.5.1A G MIFIDPRU 3 Annex 7R contains additional provisions relating to the calculation of a firm’s tier 2 capital.

3.6 General requirements for own funds instruments

3.6.1 R (1) A firm must comply with Chapter 6 of Title I of Part Two of the UK CRR, as modified by the rules in this section.

(2) Any reference to the UK CRR in this section is to the UK CRR as applied by (1) and modified by the rules in this section.

3.6.1A G MIFIDPRU 3 Annex 7R contains additional provisions relating to the eligibility of instruments to be classified as own funds and to the
reduction of own funds.
MIFIDPRU 3 Annex 2R (Application under MIFIDPRU 3.3.3R(1) – permission to classify capital instruments as CET1) is replaced with the form below. The new text is not underlined.

Application under MIFIDPRU 3.3.3R for permission to classify an issuance of capital instruments as common equity tier 1 (CET1) capital

1. Please confirm which of the following the applicant firm is:

   a. MIFIDPRU investment firm that is not a consolidating UK parent entity or a GCT parent undertaking
      ☐

   b. MIFIDPRU investment firm that is a consolidating UK parent entity
      ☐

   c. MIFIDPRU investment firm that is a GCT parent undertaking
      ☐

   d. Consolidating UK parent entity (other than a MIFIDPRU investment firm)
      ☐

   e. GCT parent undertaking (other than a MIFIDPRU investment firm)
      ☐

If the application concerns more than one firm in the investment firm group, please submit separate applications for each firm.

For applications on consolidated basis, references to firm/institution should be interpreted as to a consolidated situation of the UK parent.

2. For the instrument you would like to classify as CET1 capital, please provide the following information:

   a. Type of instrument (e.g. ordinary shares, partnership capital):

   b. If there is more than one class of the instrument, please list the different instrument classes:

   c. Total number of shares/units of instrument that have been issued or will be issued:

   d. Nominal value per share/unit of instrument:
e. Share premium per share, if applicable: £

f. Total amount of capital being raised: £

e. Proposed date to be issued: 

f. Total expected CET 1 after the inclusion of the amounts to which this application relates (please complete for all that apply):

| MIFIDPRU investment firm (solo CET1) | £  
| GCT parent undertaking (expected value of own funds instruments as specified in MIFIDPRU 2.6.2R(1)) | £  
| Consolidating UK parent undertaking basis (consolidated CET1) | £  

3. For capital instruments to qualify as CET 1 instruments, the following conditions must be met (see article 28 of the UK CRR). Please confirm whether these conditions are met:

a. The instruments are issued directly by your institution, with prior approval of the owners or, if permitted by national law, the management body of the institution: 

   [Yes/No]

b. The instruments are paid up and their purchase is not funded directly or indirectly by your institution (indirect funding is defined in MIFIDPRU 3 Annex 7.20R):

   [Yes/No]

c. The instruments meet all of the following conditions as regards their classification:

   i. they qualify as capital within the meaning of Art 28(1)(c)(i) of the UK CRR:
ii. they are classified as equity within the meaning of the applicable accounting framework:

Yes/No

iii. they are classified as equity capital for the purposes of determining balance sheet insolvency, where applicable under national insolvency law:

Yes/No

d. The instruments are clearly and separately disclosed on the balance sheet in the financial statements of your institution:

Yes/No

e. The instruments are perpetual:

Yes/No

f. The principal amount of the instruments may not be reduced or repaid except in the following cases:

i. the liquidation of your institution; or

ii. discretionary repurchases of the instruments or other discretionary means of reducing capital (e.g. call, redemption or repayment), where your institution has been granted prior permission of the competent authority under article 77 of the UK CRR:

Yes/No

g. The provisions governing the instruments do not indicate expressly or implicitly that the principal amount of the instruments would or might be reduced or repaid other than in the liquidation of your institution, and your institution does not otherwise provide such an indication prior to or at issuance of the instruments:

Yes/No

h. The instruments meet the following conditions regarding distributions:

i. there is no preferential distribution treatment regarding the order of distribution payments, including in relation to other Common Equity Tier 1 instruments, and the terms governing the instruments do not provide preferential rights to payment of distributions:

Yes/No
ii. distributions to holders of the instruments may be paid only out of distributable items:

Yes/No

iii. the conditions governing the instruments do not include a cap or other restriction on the maximum level of distributions:

Yes/No

iv. the level of distributions is not determined on the basis of the amount for which the instruments were purchased at issuance:

Yes/No

v. the conditions governing the instruments do not include any obligation for your institution to make distributions to their holders and your institution is not otherwise subject to such an obligation:

Yes/No

vi. non-payment of distributions does not constitute an event of default of your institution:

Yes/No

vii. the cancellation of distributions imposes no restrictions on your institution:

Yes/No

i. Compared to all the capital instruments issued by your institution, the instruments absorb the first and proportionately greatest share of losses as they occur, and each instrument absorbs losses to the same degree as all other Common Equity Tier 1 instruments:

Yes/No

j. The instruments rank below all other claims in the event of insolvency or liquidation of your institution:

Yes/No

k. The instruments entitle their owners to a claim on the residual assets of your institution, which, in the event of its liquidation and after the payment of all senior claims, is proportionate to the amount of the instruments issued and is not fixed or subject to a cap:
Yes/No

l. The instruments are not secured, or subject to a guarantee that enhances the seniority of the claim by any of the following: (Answer yes if the instruments are not secured in this way)

i. your institution or its subsidiaries:

ii. the parent undertaking of your institution or its subsidiaries:

iii. the parent financial holding company or its subsidiaries:

iv. the mixed activity holding company or its subsidiaries:

v. the mixed financial holding company and its subsidiaries:

vi. any undertaking that has close links with the entities referred to in points i. to v.:

Yes/No

m. The instruments are not subject to any arrangement, contractual or otherwise, that enhances the seniority of claims under the instruments in insolvency or liquidation: (Answer “yes” if the instruments are not subject to any arrangement in this way)

Yes/No

4. Partnership capital (this section should only be completed by partnerships).

Is the capital contributed in accordance with MIFIDPRU 3.3.15R or MIFIDPRU 3.2.16R?

Yes/No

Material on how UK CRR article 28(1)(e) and (f) may be complied with can be found in MIFIDPRU 3.3.15R and 3.3.16R.

5. Please confirm whether the capital issuance to which this application relates meets the criteria required by the UK CRR (as applied by MIFIDPRU 3), including any relevant requirements in MIFIDPRU 3 Annex 7R.

Yes/No

Please note that the FCA may request a copy of the terms of the instrument, or further information.
Insert the following new annexes, MIFIDPRU 3 Annex 7R and MIFIDPRU 3 Annex 8R, after MIFIDPRU 3 Annex 6R (Notification under MIFIDPRU 3.6.5R of issuance of additional tier 1 or tier 2 instruments). The text is not underlined.

3 Annex Additional provisions relating to own funds

7 Application and purpose

7.1 R This annex applies to any of the following entities when that entity is determining its own funds under MIFIDPRU 3:

(1) a MIFIDPRU investment firm;
(2) a UK parent entity; and
(3) a GCT parent undertaking.

7.2 G This annex contains additional rules and guidance that supplement the requirements in MIFIDPRU 3 and UK CRR (as applied by MIFIDPRU 3) relating to the calculation of own funds.

7.3 R Any reference in this annex to the UK CRR is to the UK CRR as applied and modified by MIFIDPRU 3.

Definition of cooperative societies and similar undertakings

7.4 R For the purposes of article 27(1)(a)(ii) of the UK CRR, a firm is a cooperative society where the following conditions are met:

(1) the firm is a registered society within the meaning of the Cooperative and Community Benefit Societies Act 2014, or a society registered or treated as registered under the Cooperative and Community Benefit Societies Act (Northern Ireland) 1969;

(2) with respect to common equity tier 1 capital, the firm is able to issue, under the applicable law of the United Kingdom (or any part of it) or the firm’s statutes, at the level of the legal entity, only capital instruments referred to in article 29 of the UK CRR;

(3) where, under the applicable law of the United Kingdom (or any part of it), the holders of the firm’s common equity tier 1 instruments (whether they are members or non-members of the firm) have the ability to resign and return the capital instrument to the firm, this must be subject to any applicable restrictions under the following:

(a) the law of the United Kingdom (or any part of it);

(b) the statutes of the firm;
(c) any provision of the UK CRR that is applied by MIFIDPRU; and  
(d) any provision of the Handbook.

[Note: article 4 of BTS 241/2014]

7.5 R For the purposes of article 27(1)(a)(iv) of the UK CRR, a firm is a similar institution where the following conditions are met:

(1) with respect to common equity tier 1 capital, the firm is able to issue, under the applicable law of the United Kingdom (or any part of it) or the firm’s statutes, at the level of the legal entity, only capital instruments referred to in article 29 of the UK CRR; and

(2) at least one of the following applies:

(a) where the holders of the firm’s common equity tier 1 instruments (whether they are members or non-members of the firm) have the ability to resign under the applicable law of the United Kingdom (or any part of it) and have the right to put the capital instrument back to the firm, this must be subject to any applicable restrictions under the following:

(i) the law of the United Kingdom (or any part of it);

(ii) the statutes of the firm;

(iii) any provision of the UK CRR that is applied by MIFIDPRU; and

(iv) any provision of the Handbook;

(b) the sum of capital, reserves and interim or year-end profits is not allowed, under the applicable law of the United Kingdom (or any part of it), to be distributed to holders of the common equity tier 1 instruments of the firm, except where:

(i) the common equity tier instruments grant the holders, on a going concern basis, a right to a part of the profits and reserves that is proportionate to their contribution to the capital and reserves of the firm or is otherwise determined in accordance with an alternative arrangement, and in either case, this is permitted under applicable law;

(ii) the common equity tier 1 instruments grant the holders, in the case of the insolvency or
liquidation of the firm, the right to reserves that need not be proportionate to the contribution to capital and reserves, provided that the conditions in article 29(4) and article 29(5) of the UK CRR are met; or

(iii) the total amount or a partial amount of the sum of capital and reserves is owned by members of the firm who do not, in the ordinary course of business, benefit from direct distribution of the reserves, in particular through the payment of dividends.

[Note: article 7 of BTS 241/2014.]

7.6 R MIFIDPRU 3 Annex 7.4R(3) and MIFIDPRU 3 Annex 7.5(2)(a) do not prevent the firm from issuing, whether under the law of the United Kingdom (or any part of it) or of a third country, common equity tier 1 instruments to members or non-members that comply with article 29 of the UK CRR and do not grant a right to return the capital instrument to the firm.

[Note: article 4(4) and article 7(4)(a) of BTS 241/2014.]

Distributions constituting disproportionate drags on capital or preferential distributions

7.7 R (1) This rule applies for the purpose of determining whether a distribution on an instrument intended to qualify as a common equity tier 1 capital instrument constitutes a disproportionate drag on capital under article 28(1)(h)(iii) and 28(3) of the UK CRR.

(2) References in this rule to the “dividend multiple” are to the dividend multiple referred to in article 28(3) of the UK CRR.

(3) Distributions on an instrument will not constitute a disproportionate drag on capital for the purposes of (1) where:

(a) the dividend multiple is a multiple of the distribution paid on the voting instruments and is not a predetermined fixed amount;

(b) the dividend multiple is set contractually or under the statutes of the firm;

(c) the dividend multiple is not revisable;

(d) the same dividend multiple applies to all instruments with a dividend multiple;
(e) the amount of distribution on one instrument with a dividend multiple does not represent more than 125% of the amount of the distribution on one voting common equity tier 1 instrument, as determined in accordance with the formula in (6);

(f) the total amount of the distributions paid on all common equity tier 1 instruments during a one-year period does not exceed 105% of the amount that would have been paid if instruments with fewer or no voting rights received the same distributions as voting instruments, as determined in accordance with the formula in (7).

(4) Where the conditions in (3)(a) to (3)(e) are not met, all outstanding instruments with a dividend multiple shall be deemed to cause a disproportionate drag on capital for the purposes of (1).

(5) Where the condition in (3)(f) is not met, only the amount of the instruments with a dividend multiple that exceeds the threshold in that provision shall be deemed to cause a disproportionate drag on capital for the purposes of (1).

(6) The formula referred to in (3)(e) is:

\[ l \leq 1.25 \times k \]

where:

\[ k = \text{the amount of the distribution on one instrument without a dividend multiple; and} \]

\[ l = \text{the amount of the distribution on one instrument with a dividend multiple.} \]

(7) The formula referred to in (3)(f) applies on a one-year basis and is as follows:

\[ kX + lY \leq (1.05) \times k \times (X + Y) \]

\[ k = \text{the amount of the distribution on one instrument without a dividend multiple;} \]

\[ l = \text{the amount of the distribution on one instrument with a dividend multiple;} \]

\[ X = \text{the number of voting instruments; and} \]

\[ Y = \text{the number of non-voting instruments.} \]

[Note: article 7a of BTS 241/2014.]
7.8 A distribution on a common equity tier 1 instrument referred to in article 28 of the UK CRR shall be deemed to be a preferential distribution under article 28(1)(h)(i) of the UK CRR relative to other common equity tier 1 instruments where there are differentiated levels of distributions, unless the conditions in MIFIDPRU 3 Annex 7.7R are met.

[Note: article 7b(1) of BTS 241/2014.]

7.9 (1) This rule applies where:

(a) a common equity tier 1 instrument has been issued by a firm that is a cooperative society or a similar institution;

(b) the instrument in (a) has fewer or no voting rights when compared to a common equity tier 1 instrument of the firm with full voting rights;

(c) the distribution on the instrument in (a) is a multiple of the distribution on the voting instruments; and

(d) the distribution in (c) is set contractually or under statute.

(2) Where this rule applies, a distribution on the instrument in (1)(a) is deemed not to be preferential relative to the common equity tier 1 instrument in (1)(b) for the purposes of article 28(1)(h)(i) of the UK CRR where:

(a) the dividend multiple is a multiple of the distribution paid on the voting instruments and not a predetermined fixed amount;

(b) the dividend multiple is set contractually or under the statutes of the firm;

(c) the dividend multiple is not revisable;

(d) the same dividend multiple applies to all instruments with a dividend multiple;

(e) the amount of the distribution on one instrument with a dividend multiple does not represent more than 125% of the amount of the distribution on one voting common equity tier 1 instrument, as determined in accordance with the formula in (5); and

(f) the total amount of distributions paid on all common equity tier 1 instruments during a one-year period does not exceed 105% of the amount that would have been paid if instruments with fewer or no voting rights received the same distributions as the voting instruments, as determined in accordance with the formula in (6).
(3) Where any of the conditions in (2)(a) to (2)(e) are not met, all outstanding instruments with a dividend multiple shall be disqualified from the common equity tier 1 capital of the firm.

(4) Where the condition in (2)(f) is not met, only the amount of the instruments with a dividend multiple that exceeds the threshold defined in that provision shall be disqualified from the common equity tier 1 capital of the firm.

(5) Subject to (7), the formula referred to in (2)(e) is:

\[ l \leq 1.25 \times k \]

where:

\[ k = \text{the amount of the distribution on one instrument without a dividend multiple; and} \]

\[ l = \text{the amount of the distribution on one instrument with a dividend multiple.} \]

(6) Subject to (7), the formula referred to in (2)(f) applies on a one-year basis and is as follows:

\[ kX + lY \leq (1.05) \times k \times (X + Y) \]

where:

\[ k = \text{the amount of the distribution on one instrument without a dividend multiple;} \]

\[ l = \text{the amount of the distribution on one instrument with a dividend multiple;} \]

\[ X = \text{the number of voting instruments; and} \]

\[ Y = \text{the number of non-voting instruments.} \]

(7) Where the distributions on common equity tier 1 instruments (whether for voting or non-voting instruments) are expressed with reference to the purchase price of the instrument at issuance, the formulae in (5) and (6) shall be adapted as follows for those instruments:

(a) \( l \) shall represent the amount of the distribution on one instrument without a dividend multiple divided by the purchase price at issuance of that instrument; and

(b) \( k \) shall represent the amount of the distribution on one instrument with a dividend multiple divided by the purchase price at issuance of that instrument.
(8) The one-year period referred to in (6) shall be deemed to end on the date of the last financial statements of the firm.

[Note: article 7b(2) to 7b(5) of BTS 241/2014.]

7.10 R (1) This rule applies where:

(a) a common equity tier 1 instrument has been issued by a firm that is a cooperative society or a similar institution;

(b) the instrument in (a) has fewer or no voting rights when compared to a common equity tier 1 instrument of the firm with full voting rights; and

(c) the distribution on the instrument in (a) is not a multiple of the distribution on the voting instruments.

(2) Where this rule applies, a distribution on the instrument in (1)(a) shall be deemed not to be preferential relative to the common equity tier 1 instrument in (1)(b) for the purposes of article 28(1)(h)(i) of the UK CRR where:

(a) either of the conditions in (3) is met; and

(b) both of the conditions in (5) are met.

(3) The relevant conditions in (2)(a) are that either:

(a) both of the following points are satisfied:

(i) the instrument with fewer or no voting rights can only be subscribed and held by the holders of voting instruments; and

(ii) the number of the voting rights of any single holder is limited, as specified in (4); or

(b) the distributions on the voting instruments issued by the firm are subject to a cap set out under the applicable law of the United Kingdom (or any part of it), or of a third country.

(4) For the purposes of (3)(a)(ii), the voting rights of any single holder shall be deemed to be limited in the following cases:

(a) where each holder only receives one voting right irrespective of the number of voting instruments for any holder;

(b) where the number of voting rights is capped irrespective of the number of voting instruments held by any holder;
(5) The relevant conditions in (2)(b) are that:

(a) the average of the distributions on voting instruments of the firm during the preceding 5 years is low in relation to other comparable instruments; and

(b) the payout ratio as calculated under MIFIDPRU 3 Annex 7.12R is under 30%.

(6) A firm must assess compliance with the conditions in (3) and (5) and notify the FCA of the results of that assessment in the following situations:

(a) every time the firm takes a decision on the amount of distributions on common equity tier 1 instruments; and

(b) every time the firm issues a new class of common equity tier 1 instruments with fewer or no voting rights when compared with common equity tier 1 instruments of the firm with full voting rights.

(7) A firm must make the notification in (6) by completing the form in MIFIDPRU 1 Annex 6R and submitting it to the FCA using the online notification and application system.

(8) Where neither of the conditions in (3) are met, the distributions on all outstanding non-voting instruments are deemed to be preferential unless they meet the conditions in MIFIDPRU 3 Annex 7.9R(2).

(9) Where the condition in (5)(a) is not met, the distributions on all outstanding non-voting instruments shall be deemed to be preferential unless they meet the conditions in MIFIDPRU 3 Annex 7.9R(2).

(10) Where the condition in (5)(b) is not met, only the amount of the non-voting instruments for which distributions exceed the threshold specified in that provision shall be deemed to entail preferential distributions.

[Note: article 7b(6) to 7b(14) of BTS 241/2014.]

7.11 G A firm may apply under section 138A of the Act for a waiver of the requirements in MIFIDPRU 3 Annex 7.10R(3)(a)(i) or MIFIDPRU 3...
Annex 7.10R(5)(b) where:

1. the firm is in breach of, or due to a rapidly deteriorating financial condition, is likely in the near future to be in breach of, the requirements in MIFIDPRU (other than those in MIFIDPRU 3 Annex 7.10R(3)(a)(i) or MIFIDPRU 3 Annex 7.10R(5)(b));

2. the FCA has required the firm to increase its common equity tier 1 capital within a specified period; and

3. the firm considers that it will not be able to rectify or avoid the breach of MIFIDPRU within that specified period unless the relevant requirement in MIFIDPRU 3 Annex 7.10R(3)(a)(i) or MIFIDPRU 3 Annex 7.10R(5)(b) is waived.

[Note: article 7b(15) of BTS 241/2014.]

7.12 R (1) A firm must calculate the payout ratio under MIFIDPRU 3 Annex 7.10R(5)(b) using the following formula:

\[ R = \frac{D}{P} \]

where:

- \( R \) = the payout ratio;
- \( D \) = the sum of the distributions related to total common equity tier 1 instruments over the previous 5 yearly periods; and
- \( P \) = the sum of profits related to the previous 5 yearly periods.

(2) For the purposes of paragraph (1), profits shall be:

(a) in the case of a period for which the firm submitted data item FSA030 (Income Statement), the amount of profit after taxation reported in cell 25A of that data item;

(b) in the case of a period for which the firm submitted data item FSA002 (Income Statement), the amount of net profit reported in cell 46B of that data item; and

(c) in the case of a period for which the firm submitted FINREP return F02.00 (Statement of profit or loss), whether under IFRS or GAAP, the amount of profit after tax reported in row 670.

[Note: article 7c of BTS 241/2014.]

7.13 R For the purposes of article 28 of the UK CRR, a distribution on a common equity tier 1 instrument shall be deemed to be preferential relative to
other common equity tier 1 instruments regarding the order of
distribution payments where at least one of the following conditions is met:

1. distributions are decided at different times;
2. distributions are paid at different times;
3. there is an obligation on the firm to pay the distributions on one
type of common equity tier 1 instruments before paying the
distributions on another type of common equity tier 1 instruments; or
4. a distribution is paid on some common equity tier 1 instruments
but not on others, unless the condition in MIFIDPRU 3 Annex 7.10R3(a) is satisfied.

[Note: article 7d of BTS 241/2014.]

Deduction of foreseeable dividends from interim or year-end profits to be
recognised as CET1 items

7.14 R (1) This rule applies for the purpose of determining the amount
of any foreseeable dividend that must be deducted by a MIFIDPRU
investment firm from its interim or year-end profits under article 26(2)(b) of the UK CRR.

(2) Where the firm’s management body has formally taken a
decision or proposed a decision to the firm’s relevant body
regarding the amount of dividends to be distributed, that amount
must be deducted from the corresponding interim or year-end
profits.

(3) Before the firm’s management body has formally taken a
decision or proposed a decision to the firm’s relevant body on the
distribution of dividends, the amount of foreseeable dividends to
be deducted by the firm from the interim or year-end profits must
equal the amount of interim or year-end profits multiplied by the
dividend payout ratio (as calculated in accordance with
MIFIDPRU 3 Annex 7.16R).

(4) Where the firm pays an interim dividend, the residual amount of
interim profit which is to be added to the firm’s common equity
tier 1 items must be reduced (taking into account the requirement
in (3)), by the amount of any foreseeable dividend which can be
expected to be paid out from that residual interim profit with the
final dividends for the full business year.

(5) This rule is subject to MIFIDPRU 3 Annex 7.15R.

[Note: article 2 of BTS 241/2014.]
7.15 R (1) Where a foreseeable dividend is to be paid in a form that does not reduce the common equity tier 1 items of the firm (such as through a scrip dividend), the amount of that dividend does not need to be deducted from a firm’s interim or year-end profits for the purposes of article 26(2) of the UK CRR.

(2) Where a firm is subject to a regulatory restriction on the amount of any dividend it can pay, the amount of any foreseeable dividend to be deducted must be determined taking into account that restriction.

[Note: article 2(9) and 2(10) of BTS 241/2014.]

7.16 R (1) This rule applies for the purposes of determining the dividend payout ratio referred to in MIFIDPRU 3 Annex 7.14R(3).

(2) Subject to (3), the dividend payout ratio must be determined on the basis of the dividend policy approved for the relevant period by the firm’s management body or relevant body.

(3) Where the firm’s dividend policy in (2) contains a payout range instead of a fixed value, the upper end of the range must be used when determining the dividend payout ratio.

(4) Where the firm does not have an approved dividend policy, the dividend payout ratio is the higher of the following:

   (a) the average dividend payout ratio over the three years prior to the year under consideration; or

   (b) the dividend payout ratio of the year preceding the year under consideration.

(5) The dividend payout ratio in (4)(a) and (4)(b) must be calculated using the following formula:

\[ R = \frac{D}{N} \]

where:

\( R \) = the dividend payout ratio for the relevant period;

\( D \) = the sum of distributions made by the firm during the relevant period; and

\( N \) = the net income of the firm during the relevant period.

[Note: article 2(4) to 2(6) of BTS 241/2014.]
7.17 G (1) The FCA may require a firm to use the alternative calculation of the dividend payout ratio in MIFIDPRU 3 Annex 7.16R(4) where, even though the firm has an approved dividend policy, the FCA considers that:

(a) the firm would not apply the dividend policy in practice; or

(b) the policy is not a prudent basis on which to determine the amount to be deducted from interim or year-end profits for the purposes of MIFIDPRU 3 Annex 7.14R.

(2) In the circumstances in (1), the FCA will normally invite the firm to apply for the imposition of a requirement on the firm under section 55L(5) of the Act to apply the alternative calculation. Alternatively, the FCA may seek to impose such a requirement on its own initiative under section 55L(3) of the Act.

[Note: article 2(7) of BTS 241/2014.]

7.18 G A firm may apply to the FCA under section 138A of the Act for a modification of MIFIDPRU 3 Annex 7.16R(4) to exclude exceptional dividends where the firm has paid those dividends during the period for which the dividend payout ratio is being determined. The FCA will consider whether including those dividends in the calculation would be unduly onerous or would otherwise fail to achieve the purpose of that rule. This is likely to depend on whether the firm can demonstrate that the dividends are genuinely exceptional in nature.

[Note: article 2(8) of BTS 241/2014.]

Deduction of foreseeable charges from interim or year-end profits to be recognised as CET1 items

7.19 R (1) This rule applies for the purpose of determining the amount and timing of any foreseeable charge that must be deducted by a MIFIDPRU investment firm from its interim or year-end profits under article 26(2)(b) of the UK CRR.

(2) The amount of foreseeable charges to be deducted must include the following:

(a) any taxes;

(b) any amounts resulting from obligations or circumstances that may arise during the related reporting period where:

(i) those amounts are likely to reduce the profits of the firm; and

(ii) the firm has not made all necessary value
adjustments or provisions, including AVAs under article 34 of the UK CRR, to cover such amounts.

(3) Where the firm has not already taken a foreseeable charge into account in the profit and loss account, the charge must be assigned to the interim period during which it was incurred.

(4) For the purposes of (3), where a charge was incurred during more than one interim period, the firm must allocate the amount so that each interim period bears a reasonable amount of the relevant charge.

(5) A charge that occurs from a material or non-recurrent event must be allocated in full without delay to the interim period during which the event arises.

[Note: article 3 of BTS 241/2014.]

Prohibition on direct or indirect funding of own funds instruments

7.20 R (1) This rule applies for the purpose of determining when an instrument has been funded indirectly by a firm for the purposes of any of the following provisions of the UK CRR:

(a) article 28(1)(b);  
(b) article 52(1)(c); or  
(c) article 63(c).

(2) Funding will be indirect funding for the purposes of (1) when it is not direct funding as defined in (3).

(3) Direct funding is either of the following:

(a) a situation where a firm has granted a loan or other funding in any form to an investor that is used to purchase the firm’s capital instruments; or  
(b) funding granted by the firm for purposes other than those in (a) to any natural or legal person in the following situations, where the conditions in (4) are not met:

(i) the person has a qualifying holding (as defined in article 4(1)(36) of the UK CRR) in the firm; or  
(ii) the person is deemed to be a related party within the meaning of the definitions in paragraph 9 of International Accounting Standard 24 on Related Party Disclosures, as applied by UK-adopted international accounting standards on 1 January
2022.

(4) The conditions in (3)(b) are:

(a) the transaction is realised at similar conditions to other transactions with third parties; and

(b) the natural or legal person does not have to rely on the distributions or on the sale of the capital instruments held to support the payment of interest or the repayment of the funding granted by the firm.

[Note: article 8 of BTS 241/2014.]

7.21 R

(1) The following are non-exhaustive examples of indirect funding for the purposes of the provisions of the UK CRR listed in MIFIDPRU 3 Annex 7.20R(1) where the condition in (2) is also satisfied:

(a) funding of an investor’s purchase, at issuance or thereafter, of a firm’s capital instruments by entities over which the firm has direct or indirect control, or by entities included in any of the following:

(i) the scope of accounting or prudential consolidation of the firm; or

(ii) the scope of supplementary supervision of the firm under Directive 2002/87/EC UK law;

(b) funding of an investor’s purchase, at issuance or thereafter, of a firm’s capital instruments by external entities that are protected by a guarantee or by the use of a credit derivative or are secured in some other way so that the credit risk is transferred to the firm or to any entities on which the firm has a direct or indirect control or any entities included in any of the following:

(i) the scope of accounting or prudential consolidation of the firm; or

(ii) the scope of supplementary supervision of the firm under Directive 2002/87/EC UK law;

(c) funding of a borrower that passes the funding on to the ultimate investor for the purchase, at issuance or thereafter, of a firm’s capital instruments.

(2) The relevant condition is that the investor or, where applicable, the external entity is not included in any of the following:
(a) the scope of accounting or prudential consolidation of the firm; or

(b) the scope of supplementary supervision of the firm under Directive 2002/87/EC UK law.

[Note: article 9(1) and 9(2) of BTS 241/2014.]

7.22 R When establishing whether the purchase of a capital instrument involves direct or indirect funding for the purposes of MIFIDPRU 3 Annex 7.20R, the amount to be considered must be net of any individually assessed impairment allowance made.

[Note: article 9(3) of BTS 241/2014.]

7.23 R To prevent a loan or other form of funding or guarantee being classified as direct or indirect funding for the purposes of MIFIDPRU 3 Annex 7.20R, the firm must:

(1) where the loan, funding or guarantee is granted to any natural or legal person referred to in MIFIDPRU 3 Annex 7.20R(3)(b)(i) or (ii), ensure on an ongoing basis that the loan, funding or guarantee has not been provided for the purpose of subscribing directly or indirectly for the firm’s capital instruments; and

(2) where the loan, funding or guarantee has been granted to other types of parties, use the firm’s best efforts to avoid providing the loan, funding or guarantee for the purpose of subscribing directly or indirectly for the firm’s capital instruments.

[Note: article 9(4) of BTS 241/2014.]

7.24 R (1) This rule applies to a firm that is:

(a) a cooperative society; or

(b) a similar institution.

(2) Where a firm in (1) has an obligation under the law of the United Kingdom (or any part of it) or the statutes of the firm for a customer to subscribe for capital instruments in the firm in order to receive a loan, that loan shall not be considered as direct or indirect funding for the purposes of MIFIDPRU 3 Annex 7.20R where the following conditions are met:

(a) the value of the subscription amount is not material;

(b) the purpose of the loan is not the purchase of capital instruments in the firm; and

(c) subscription for one or more capital instruments of the
firm is necessary for the customer to become a member of the firm.

[Note: article 9(5) of BTS 241/2014.]

Requirements relating to the reduction of own funds instruments

7.25 R For the purposes of MIFIDPRU 3.6.4R(1), terms will be sustainable for the income capacity of the firm where:

(1) the profitability of the firm will continue to be sound and will not see any negative change in the foreseeable future after the replacement of the original own funds instruments with own funds instruments of equal or higher quality; and

(2) the assessment of profitability in the foreseeable future in (1) takes into account the firm’s profitability in stressed situations.

[Note: article 27 of BTS 241/2014.]

7.26 R Where the prior permission of the FCA is required for the redemption, repurchase or reduction of own funds instruments under article 77 of the UK CRR, a firm must not announce the redemption, repurchase or reduction to holders of the relevant own funds instruments until it has obtained that permission.

[Note: article 28(1) of BTS 241/2014.]

7.27 R (1) A firm must deduct from the corresponding elements of its own funds any amounts of its own funds instruments to be reduced, redeemed or repurchased as soon as the following conditions are met:

(a) where required, the firm has obtained permission from the FCA under article 78 of the UK CRR; and

(b) the reduction, redemption or repurchase is expected to take place with sufficient certainty.

(2) For the purposes of (1)(b), a situation in which sufficient certainty will exist includes, but is not limited to, where the firm has publicly announced its intention to redeem, reduce or repurchase an own funds instrument.

[Note: article 28(2) of BTS 241/2014.]

7.28 R (1) This rule applies for the purposes of limitations on redemption applied by any of the following under article 29(2)(b) of the UK CRR or article 78(3) of the UK CRR:

(a) a cooperative society; or
(2) A firm may issue common equity tier 1 instruments with a possibility to redeem only where permitted by the applicable law of the United Kingdom (or any part of it) or of a third country.

(3) The ability of a firm to limit the redemption of a capital instrument under article 29(2)(b) or article 78(3) of the UK CRR includes:

(a) the right to defer the redemption; and

(b) the right to limit the amount to be redeemed.

(4) There is no specific limit on the period of time for which a firm may defer the redemption of a capital instrument or may limit the amount to be redeemed under (3), but the firm must comply with the requirement in (5).

(5) The extent of the limitations on redemption included in the provisions governing the instruments must be determined by the firm on the basis of its prudential situation at any time, having regard in particular to the following non-exhaustive factors:

(a) the overall financial, liquidity and solvency situation of the firm;

(b) the amount of the firm’s common equity tier 1 capital, tier 1 capital and total own funds compared to the firm’s own funds requirement.

(6) A firm must:

(a) document any decision to limit the redemption of a capital instrument under this rule; and

(b) notify the FCA of the decision by completing the form in MIFIDPRU 1 Annex 6R and submitting it via the online notification and application system, explaining the reasons for the limitation and how the factors in (5) apply.

[Note: article 10 and article 11(3) and 11(4) of BTS 241/2014.]

Gains on a sale

7.29 R (1) This rule applies for the purpose of defining the concept of a gain on sale under article 32(1)(a) of the UK CRR.

(2) A gain on sale is any recognised gain on sale for the firm that:

(a) is recorded as an increase in any element of own funds;
and

(b) is associated with future margin income arising from a sale of securitised assets when they are removed from the firm’s balance sheet in the context of a securitised transaction.

(3) The recognised gain on sale must be determined as the difference between the following, as determined by applying the relevant accounting framework:

(a) the net value of the assets received (including any new asset obtained) less any other asset given or any new liability assumed; and

(b) the carrying amount of the securitised assets or of the part derecognised.

(4) The recognised gain on sale which is associated with the future margin income is the expected future express spread, which is determined as the finance charge collections and other fee income received in respect of the securitised exposures net of costs and expenses.

[Note: article 12 of BTS 241/2014.]

Deductions from own funds

7.30 R (1) Subject to (3), for the purpose of calculating its common equity tier 1 capital during the year, and irrespective of whether the firm closes its financial accounts at the end of each interim period, the firm must determine its profit and loss accounts and deduct any resulting losses from common equity tier 1 items under MIFIDPRU 3.3.6R(1) as they arise.

(2) For the purpose of determining a firm’s profit or loss accounts under (1), a firm must:

(a) determine its income and expenses under the same process and on the basis of the same accounting standards as those used for the year-end financial report;

(b) prudently estimate income and expenses and assign them to the interim period in which they are incurred so that each interim period bears a reasonable amount of the anticipated annual income and expenses; and

(c) consider material or non-recurrent events in full and without delay in the interim period during which they arise.
Where losses for the current financial year have already reduced the firm’s common equity tier 1 items as a result of an interim or a year-end financial report, a deduction is not required.

For the purposes of this rule, a “financial report” means that the profit and losses have been determined after a closing of the interim or the annual accounts in accordance with the applicable accounting framework.

This rule applies in the same manner to gains and losses included in accumulated other comprehensive income.

[Note: article 13 of BTS 241/2014.]

7.31 R (1) This rule applies for the purposes of determining the deduction of deferred tax assets that rely on future profitability under MIFIDPRU 3.3.6R(3).

(2) The offsetting between deferred tax assets and associated deferred tax liabilities must be done separately for each taxable entity.

(3) Associated deferred tax liabilities must be limited to those that arise from the tax law of the same jurisdiction as the deferred tax assets.

(4) For the calculation of deferred tax assets and liabilities at consolidated level, a taxable entity includes any number of entities which are members of the same tax group, fiscal consolidation, fiscal unity or consolidated tax return under any applicable law of the United Kingdom or of a third country.

(5) The amount of associated deferred tax liabilities which are eligible for offsetting deferred tax assets that rely on future profitability is equal to the difference between the following:

(a) the amount of deferred tax liabilities as recognised under the applicable accounting framework;

(b) the amount of associated deferred tax liabilities arising from intangible assets and from defined benefit pension fund assets.

[Note: article 14 of BTS 241/2014.]

7.32 R (1) This rule defines an intermediate entity for the purposes of MIFIDPRU 3 Annex 7.33R to MIFIDPRU 3 Annex 7.40R.

(2) An intermediate entity is any of the following entities, where that entity holds capital instruments of a financial sector entity:
(a) a collective investment undertaking;

(b) a pension fund other than a defined benefit pension fund;

(c) a defined benefit pension fund, where the firm is supporting the investment risk and where the defined benefit pension fund is not independent from its sponsoring institution in accordance with (4);

(d) an entity that is directly or indirectly under the control or under significant influence of one of the following:
   
   (i) the firm or its subsidiaries;
   
   (ii) the parent undertaking of the firm or the subsidiaries of that parent undertaking;
   
   (iii) the parent financial holding company of the firm or the subsidiaries of that parent financial holding company;
   
   (iv) the parent investment holding company of the firm or the subsidiaries of that parent investment holding company;
   
   (v) the parent mixed-activity holding company of the firm or the subsidiaries of the parent mixed activity holding company; or
   
   (vi) the parent mixed financial holding company of the firm or the subsidiaries of the parent mixed financial holding company;

(e) a special purpose entity;

(f) an entity whose activity is to hold financial instruments of financial sector entities; and

(g) an entity that is used for the purpose of circumventing the rules relating to the deduction of indirect and synthetic holdings.

(3) Except where (2)(g) applies, the following are not intermediate entities:

(a) mixed-activity holding companies;

(b) institutions;

(c) MIFIDPRU investment firms;
(d) insurance undertakings;

(e) reinsurance undertakings;

(f) financial sector entities (other than those in (a) to (e)) that are supervised and required to deduct the following from their regulatory capital:

(i) direct and indirect holdings of their own capital instruments; and

(ii) holdings of capital instruments of financial sector entities.

(4) For the purposes of (2)(c), a defined benefit pension fund will be deemed to be independent from its sponsoring institution where the following conditions are met:

(a) the defined benefit pension fund is legally separate from the sponsoring institution and its governance is independent;

(b) either:

(i) the statutes, the instruments of incorporation and the internal rules of the specific pension fund, as applicable, have been approved by an independent regulator; or

(ii) the rules governing the incorporation and functioning of the defined benefit pension fund, as applicable, are established in the applicable law of the relevant country;

(c) the trustees or administrators of the defined pension fund have an obligation under applicable national law to:

(i) act impartially in the best interests of the scheme beneficiaries instead of those of the sponsor;

(ii) manage assets of the defined pension fund prudently; and

(iii) conform to the restrictions set out in the statutes, the instruments of incorporation and the internal rules of the specific pension fund, as applicable, or statutory or regulatory framework described in point (b); and

(d) the statutes or the instruments of incorporation or the rules governing the incorporation and functioning of the
defined benefit pension fund referred to in point (b) include restrictions on investments that the defined pension scheme can make in own funds instruments issued by the sponsoring institution.

(5) Where a defined benefit pension fund referred to in (2)(c) holds own funds instruments of the sponsoring institution, the sponsoring institution must:

(a) treat that holding as an indirect holding of its own common equity tier 1 instruments, own additional tier 1 instruments or own tier 2 instruments, as applicable; and

(b) determine the amount to be deducted from its common equity tier 1 items, additional tier 1 items or tier 2 items (as applicable) in accordance with MIFIDPRU 3 Annex 7.34R and MIFIDPRU 3 Annex 7.39R.

[Note: article 15a of BTS 241/2014.]

7.33 R (1) The following financial products are synthetic holdings of capital instruments for the purposes of MIFIDPRU 3.3.6R(5), (7) and (8):

(a) derivative instruments that have capital instruments of a financial sector entity as their underlying or have the financial sector entity as their reference entity;

(b) guarantees or credit protection provided to a third party in respect of the third party's investments in a capital instrument of a financial sector entity.

(2) The financial products in (1) include the following:

(a) investments in total return swaps on a capital instrument of a financial sector entity;

(b) call options purchased by the firm on a capital instrument of a financial sector entity;

(c) put options sold by the firm on a capital instrument of a financial sector entity or any other actual or contingent contractual obligation of the firm to purchase its own funds instruments; and

(d) investments in forward purchase agreements on a capital instrument of a financial sector entity.

[Note: article 15b of BTS 241/2014.]

7.34 R (1) The amount of indirect holdings that a firm must deduct from its common equity tier 1 items under MIFIDPRU 3.3.6R(5), (7) or
(8) must be calculated in one of the following ways:

(a) according to the default approach set out in MIFIDPRU 3 Annex 7.35R; or

(b) subject to (3), with the prior permission of the FCA, the structure-based approach in MIFIDPRU 3 Annex 7.36R.

(2) To obtain the permission in (1)(b), a firm must:

(a) complete the application form in MIFIDPRU 1 Annex 5R and submit to the FCA using the online notification and application system; and

(b) demonstrate to the satisfaction of the FCA that it would be impractical or excessively complex to apply the default approach in MIFIDPRU 3 Annex 7.35R.

(3) A firm must not use the structure-based approach to calculate deductions in relation to investments in the intermediate entities in MIFIDPRU 3 Annex 7.32R(2)(d) and (e).

[Note: article 15c of BTS 241/2014.]

7.35 R (1) This rule contains the default approach for the deduction of indirect holdings under MIFIDPRU 3 Annex 7.34R(1)(a).

(2) A firm must calculate the amount of indirect holdings of common equity tier 1 instruments to be deducted as follows:

(a) where the exposures of all investors to the intermediate entity rank pari passu, the amount shall be equal to the percentage of funding multiplied by the amount of common equity tier 1 instruments of the financial sector entity held by the intermediate entity;

(b) where the exposures of all investors to the intermediate entity do not rank pari passu, the amount shall be equal to the percentage of funding multiplied by the lower of the following amounts:

(i) the amount of common equity tier 1 instruments of the financial sector entity held by the intermediate entity;

(ii) the firm's exposure to the intermediate entity together with all other funding provided to the intermediate entity that rank pari passu with the firm's exposure.

(3) A firm must use the calculation method in (2)(b) for each tranche of funding that ranks pari passu with the funding provided by the firm.
(4) The percentage of funding in (2) is calculated as the firm’s exposure to the intermediate entity divided by the sum of the firm’s exposure to the intermediate entity and all other exposures to the intermediate entity that rank pari passu with the firm’s exposure.

(5) A firm must carry out the calculation in (2) separately for each holding in a financial sector entity held by each intermediate entity.

(6) Where a firm holds investments in common equity tier 1 instruments of a financial sector entity indirectly through several intermediate entities, the firm must determine the percentage of funding in (2) by dividing the amount in (a) below by the amount in (b):

(a) the result of the multiplication of amounts of funding provided by the firm to intermediate entities by the amounts of funding provided by these intermediate entities to subsequent intermediate entities and by amounts of funding provided by these subsequent intermediate entities to the financial sector entity;

(b) the result of the multiplication of amounts of capital instruments or other instruments as relevant, issued by each intermediate entity.

(7) The percentage of funding referred to in (6) must be calculated separately for each holding in a financial sector entity held by intermediate entities and for each tranche of funding that ranks pari passu with the funding provided by the firm and the subsequent intermediate entities.

[Note: article 15d of BTS 241/2014.]

7.36 R (1) This rule contains the structure-based approach for the deduction of indirect holdings under MIFIDPRU 3 Annex 7.34R(1)(b).

(2) The amount to be deducted from common equity tier 1 items referred to in MIFIDPRU 3.3.6R(5) shall be equal to the percentage of funding, as defined in MIFIDPRU 3 Annex 7.35R(4), multiplied by the amount of common equity tier 1 instruments of the firm held by the intermediate entity.

(3) The amount to be deducted from common equity tier 1 items referred to in MIFIDPRU 3.3.6R(7) and (8) shall be equal to the percentage of funding, as defined in MIFIDPRU 3 Annex 7.35R(4), multiplied by the aggregate amount of common equity tier 1 instruments of financial sector entities held by the
intermediate entity.

(4) For the purposes of (2) and (3), a firm must calculate separately for each intermediate entity the aggregate amount of common equity tier 1 instruments of the firm that the intermediate entity holds and the aggregate amount of common equity tier 1 instruments of other financial sector entities that the intermediate entity holds.

(5) The firm must treat the amount of holdings in common equity tier 1 instruments of financial sector entities calculated in accordance with (3) as a significant investment referred to in article 43 of the UK CRR and must deduct the amount in accordance with MIFIDPRU 3.3.6R(8).

(6) Where investments in common equity tier 1 instruments are held indirectly through subsequent or several intermediate entities, MIFIDPRU 3 Annex 7.35R(6) and (7) apply.

(7) Where a firm is not able to identify the aggregate amounts that the intermediate entity holds in common equity tier 1 instruments of the firm or in common equity tier 1 instruments of financial sector entities, the firm must estimate the amounts it cannot identify by using the maximum amounts that the intermediate entity is able to hold on the basis of its investment mandates.

(8) Subject to (9), where the firm is not able to determine, on the basis of the investment mandate, the maximum amount that the intermediate entity holds in common equity tier 1 instruments of the institution or in common equity tier 1 instruments of financial sector entities, the firm must treat the amount of funding that it holds in the intermediate entity as an investment in its own common equity tier 1 instruments and must deduct them in accordance with MIFIDPRU 3.3.6R(5).

(9) By way of derogation from (8), the firm must treat the amount of funding that it holds in the intermediate entity as a non-significant investment and must deduct that investment in accordance with MIFIDPRU 3.3.6R(7), where all of the following conditions are met:

(a) the amounts of funding are less than 0.25% of the firm’s common equity tier 1 capital;

(b) the amounts of funding are less than £10 million;

(c) the firm cannot reasonably determine the amounts of its own common equity tier 1 instruments that the intermediate entity holds.

(10) Where funding to the intermediate entity is in the form of units
or shares of a CIU, the firm may rely on the third parties referred to in article 132(5) of the UK CRR, and under the conditions set by that article, to calculate and report the aggregate amounts referred to in (7).

[Note: article 15e of BTS 241/2014.]

7.37 R (1) The amount of synthetic holdings to be deducted from common equity tier 1 items under MIFIDPRU 3.3.6R(5), (7) and (8) is determined as follows:

(a) for holdings in the trading book:
   (i) for options, the delta equivalent amount of the relevant instruments calculated in accordance with Title IV of Part III of the UK CRR; and
   (ii) for any other synthetic holdings, the nominal or notional amount, as applicable; and

(b) for holdings that are not in the trading book:
   (i) for call options, the current market value; and
   (ii) for any other synthetic holdings, the nominal or notional amount, as applicable.

(2) A firm must deduct the synthetic holdings in (1) from the date of signature of the contract between the firm and the counterparty.

[Note: article 15f of BTS 241/2014.]

7.38 R (1) For the purposes of MIFIDPRU 3.3.6R(8), in order to assess whether a firm owns more than 10% of the common equity tier 1 instruments issued by a financial sector entity in accordance with article 43(a) of the UK CRR, a firm must add together:

(a) its gross long positions in direct holdings in the financial sector entity; and

(b) its indirect holdings in the financial sector entity, as calculated in accordance with MIFIDPRU 3 Annex 7.32R(2)(d) to (g).

(2) A firm must take into account any indirect or synthetic holdings when assessing whether the conditions in article 43(b) or (c) of the UK CRR are met.

[Note: article 15g of BTS 241/2014.]

7.39 R (1) The methodology in MIFIDPRU 3 Annex 7.32R to MIFIDPRU 3 Annex 7.38R also applies with the modifications in (2) for the
purposes of the requirements relating to:

(a) the deductions of holdings in additional tier 1 instruments in article 56(a), (c) and (d) of the UK CRR; and

(b) the deductions of holdings in tier 2 instruments in article 66(a), (c) and (d) of the UK CRR.

(2) When applying MIFIDPRU 3 Annex 7.32R to MIFIDPRU 3 Annex 7.38R:

(a) for the purpose in (1)(a), references to “common equity tier 1” are references to “additional tier 1”; and

(b) for the purpose in (1)(b), references to “common equity tier 1” are references to “tier 2”.

[Note: article 15h of BTS 241/2014.]

7.40 R (1) Subject to (2) and (3), where an intermediate entity holds common equity tier 1 instruments, additional tier 1 instruments or tier 2 instruments of financial sector entities:

(a) the common equity tier 1 instruments must be deducted first;

(b) the additional tier 1 instruments must be deducted second; and

(c) the tier 2 instruments must be deducted last.

(2) Where the intermediate entity holds own funds instruments of the firm, when applying (1), the firm must deduct the holdings of the firm’s own funds instruments first.

(3) Where a firm holds capital instruments of financial sector entities indirectly, the amount to deducted from the firm’s own funds is limited to the lower of the following amounts:

(a) the total funding provided by the firm to the intermediate entity; or

(b) the amount of own funds instruments held by the intermediate entity in the financial sector entity.

[Note: article 15i of BTS 241/2014.]

7.41 R (1) This rule applies for the purposes of the deduction of foreseeable tax charges under MIFIDPRU 3.3.6R(10) and article 56(f) of the UK CRR.

(2) A firm may proceed on the basis that foreseeable tax charges
have already been taken into account, and therefore no further deduction is required, where:

(a) the firm applies an accounting framework and accounting policies that provide for the full recognition of current and deferred tax liabilities related to transactions and other events recognised in the balance sheet or the profit and loss account; and

(b) all other necessary deductions have been made under applicable accounting standards or other adjustments.

(3) Where the firm is calculating its common equity tier 1 capital on the basis of financial statements made in accordance with UK-adopted international accounting standards, the conditions in (2) are deemed to be met.

(4) Where the firm does not meet, and has not been deemed to meet, the conditions in (2), it must decrease its common equity tier 1 items by the estimated amount of current and deferred tax charges not yet recognised in:

(a) the balance sheet profit and loss account related to transactions; and

(b) other events in the balance sheet profit and loss account.

(5) The estimated amount of current and deferred tax charges in (4) must be determined using an approach equivalent to the one provided by UK-adopted international accounting standards.

(6) The estimated amount of deferred tax charges in (4) may not be netted against deferred tax assets that are not recognised in the financial statements.

[Note: article 16 of BTS 241/2014.]

Deduction of holdings of capital instruments issued by financial institutions

7.42 R Subject to MIFIDPRU 3 Annex 7.43R, for the purposes of article 36(3) of the UK CRR, a firm must deduct its holdings of capital instruments of financial institutions as follows:

(1) the firm must deduct from its common equity tier 1 items any instruments of the financial institution that meet the following conditions:

(a) the instruments qualify as capital under the company law applicable to the financial institution; and

(b) where the financial institution is subject to solvency requirements, the instruments are included in the highest
quality tier of regulatory own funds without any limits; or

(c) where the financial institution is not subject to solvency requirements, the instruments:

(i) are perpetual;

(ii) absorb the first and proportionately greatest share of losses as they occur;

(iii) rank below all other claims in the event of insolvency and liquidation; and

(iv) have no preferential or predetermined distributions;

(2) the firm must deduct its holdings of subordinated capital instruments of the financial institution on the following basis:

(a) where the subordinated instruments absorb losses on a going-concern basis (including where the issuer has the discretion to cancel coupon payments), the firm must:

(i) deduct them from the firm’s additional tier 1 items; and

(ii) if the value of the subordinated instruments exceeds the value of the firm’s additional tier 1 capital, deduct the excess amount from the firm’s common equity tier 1 items;

(b) the firm must deduct all other subordinated instruments not included in (a) on the following basis:

(i) the firm must first deduct them from the firm’s tier 2 items; and

(ii) if the value of the subordinated instruments exceeds the value of the firm’s tier 2 capital, the firm must deduct the excess amount from the firm’s additional tier 1 items; and

(iii) if the additional tier 1 items are not sufficient, the firm must deduct the remaining excess amount from the firm’s common equity tier 1 items;

(3) the firm must deduct its holdings of any other instruments of the financial institution from the firm’s common equity tier 1 items where:

(a) the instruments are included in the financial institution’s own funds under the prudential framework applicable to
the financial institution; and

(b) the instruments do not meet the conditions to be deducted under (a) or (b).

[Note: article 36(3) of the UK CRR and article 17(1) of BTS 241/2014.]

7.43 R (1) In the cases set out in (2):

(a) the deductions in MIFIDPRU 3 Annex 7.42R do not apply; and

(b) a firm must instead apply the deductions in MIFIDPRU 3 and the UK CRR (as applied by MIFIDPRU 3) for holdings of capital instruments based on the approach that would apply to the same component of capital for which those instruments would qualify if they were issued by the firm itself.

(2) The relevant cases are where the financial institution is:

(a) a UK AIFM;

(b) a management company;

(c) an authorised payment institution;

(d) an authorised electronic money institution; or

(e) an entity that is authorised and supervised by an overseas regulator, provided that the firm applying the deduction is able to apply the approach in (1)(b) in relation to that entity.

[Note: article 17(2) and 17(3) of BTS 241/2014.]

7.44 R (1) This rule applies to a firm’s holdings of capital instruments in a third country insurance undertaking or a third country reinsurance undertaking where either of the following conditions are met:

(a) the third country insurance undertaking or third country reinsurance undertaking is subject to a solvency regime that:

(i) before IP completion day, had been assessed as non-equivalent to that laid down in Title I, Chapter VI of the Solvency II Directive according to the procedure set out in article 227 of that directive; and

(ii) has not subsequently been subject to a
determination of equivalence by HM Treasury under article 379A of the Solvency II Delegated Regulation (EU) 2015/35 or by the PRA under regulation 19 of the Solvency 2 Regulations 2015; or

(b) the third country insurance undertaking or third country reinsurance undertaking is subject to a solvency regime that has not been assessed for equivalence:

(i) before IP completion day, in accordance with the procedure in (a)(i); and

(ii) on or after IP completion day, in accordance with either of the procedures in (a)(ii).

(2) Where this rule applies, a firm must deduct holdings in the capital instruments of the third country insurance undertaking or third country reinsurance undertaking in (1) as follows:

(a) all instruments qualifying as capital under the company law applicable to the third country insurance undertaking or third country reinsurance undertaking that issued them, and which are included in the highest quality tier of regulatory own funds without any limits under the third country regime, must be deducted from the firm’s common equity tier 1 items;

(b) for subordinated instruments absorbing losses on a going-concern basis (including where the issuer has discretion to cancel coupon payments):

(i) the amount must first be deducted from the firm’s additional tier 1 items; and

(ii) where the amount of the subordinated instruments exceeds the amount of the firm’s additional tier 1 capital, the excess amount must be deducted from the firm’s common equity tier 1 items;

(c) for any subordinated instruments other than those in (b):

(i) the amount must first be deducted from the firm’s tier 2 items;

(ii) where the amount of those subordinated instruments exceeds the amount of the firm’s tier 2 capital, the excess amount must be deducted from the firm’s additional tier 1 items; and

(iii) where the excess amount exceeds the amount of
the firm’s additional tier 1 capital, the remaining excess amount must be deducted from the firm’s common equity tier 1 items;

(d) any holdings of other instruments of the third country insurance undertaking or third country reinsurance undertaking must be deducted from the firm’s common equity tier 1 items where:

(i) the third country insurance undertaking or third country reinsurance undertaking is subject to prudential solvency requirements;

(ii) the instruments are included in the third country insurance undertaking or third country reinsurance undertaking’s own funds under the applicable solvency regime; and

(iii) the instruments do not meet the conditions to be deducted under (a) to (c).

[Note: article 18(1) of BTS 241/2014.]

7.45 R (1) This rule applies to a firm’s holdings of capital instruments in a third country insurance undertaking or a third country reinsurance undertaking where the third country solvency regime, including requirements on own funds, applicable to the third country insurance undertaking or third country reinsurance undertaking meets either of the following conditions:

(a) before IP completion day, it has been assessed as equivalent to the requirements laid down in Title I, Chapter VI of the Solvency II Directive, according to the procedure set out in article 227 of that directive, and that assessment has not been revoked by HM Treasury on or after IP completion day; or

(b) on or after IP completion day, it has been assessed as equivalent to the requirements laid down in the law of the United Kingdom that implemented Title I, Chapter VI of the Solvency II Directive, according to the procedure set out in article 379A of the Solvency II Delegated Regulation (EU) 2015/35, or has been assessed as equivalent by the PRA according to the procedure in regulation 19 of the Solvency 2 Regulations 2015.

(2) Where this rule applies, a firm must:

(a) treat the relevant holdings of capital instruments as holdings of the capital instruments of insurance undertakings or reinsurance undertakings (as each is
defined in section 417(1) of the Act; and

(b) apply the deductions in article 44(b), article 58(b) and article 68(b) of the UK CRR, as applicable, to the holdings in (a).

[Note: article 18(2) and (3) of BTS 241/2014.]

7.46 R A firm must deduct holdings of capital instruments of undertakings falling within article 4(1)(27)(k) of the UK CRR as follows:

(1) a firm must deduct instruments meeting the following conditions from the firm's common equity tier 1 capital:

(a) the instruments qualify as capital under the company law applicable to the undertaking that issued them; and

(b) the instruments are included in the highest quality tier of regulatory own funds of the undertaking that issued them without any limits;

(2) a firm must deduct any subordinated instruments that absorb losses on a going-concern basis (including where the issuer has discretion to cancel coupon payments) on the following basis:

(a) first, the instruments must be deducted from the firm's additional tier 1 items; and

(b) if the amount of the subordinated instruments exceeds the amount of the firm's additional tier 1 capital, the excess amount must be deducted from the firm's common equity tier 1 items;

(3) a firm must deduct any subordinated instruments other than those in (2) on the following basis:

(a) first, the instruments must be deducted from the firm's tier 2 items;

(b) if the amount of the subordinated instruments exceeds the amount of the firm's tier 2 capital, the excess amount must be deducted from the firm's additional tier 1 items; and

(c) if the excess amount exceeds the firm's additional tier 1 capital, the remaining excess amount must be deducted from the firm's common equity tier 1 items; and

(4) a firm must deduct any other holdings of instruments issued by the undertaking from the firm's common equity tier 1 capital where the instruments:
(a) are included in the undertaking’s own funds under the solvency regime applicable to that undertaking; and

(b) do not fall within (1) to (3) above.

[Note: article 19 of BTS 241/2014.]

Conversion and write-down of additional tier 1 instruments

7.47 R (1) This rule applies for the purposes of:

(a) any write-down of the principal amount of an additional tier 1 instrument under article 52(1)(n) of the UK CRR; and

(b) any subsequent write-up of the principal amount of an additional tier 1 instrument for the purposes of article 52(2)(c) of the UK CRR.

(2) The write-down of the principal amount of an additional tier 1 instrument of a firm must apply on a pro rata basis to all holders of additional tier 1 instruments that include a similar write-down mechanism and an identical trigger level.

(3) For a write-down to be considered temporary, all of the following conditions must be met:

(a) any distributions payable after a write-down must be based on the reduced amount of the principal;

(b) any write-up must be based on profits after the firm has taken a formal decision confirming the final profits;

(c) any write-up of the instrument or payment of coupons on the reduced amount of the principal must be operated at the full discretion of the firm, subject to the constraints arising from (d) to (f) below, and there must be no obligation for the firm to operate or accelerate a write-up under specific circumstances;

(d) a write-up must be operated on a pro rata basis among similar additional tier 1 instruments of the firm that have been subject to a write-down;

(e) the maximum amount to be attributed to the sum of the write-up of the additional tier 1 instruments, together with the payment of coupons on the reduced amount of the principal of additional tier 1 instruments, must be calculated according to the following formula, which must be applied at the time that the write-up operates:
\[ M = P \times \frac{A}{T} \]

where:

- \( M \) = the maximum amount to be attributed to the write-up, together with the payment of coupons on the reduced amount of principal;
- \( P \) = the profit of the firm;
- \( A \) = the sum of the nominal value (before write-down) of all additional tier instruments of the firm that have been subject to a write-down; and
- \( T \) = the tier 1 capital of the firm;

(f) the sum of any write-up amounts and payments of coupons on the reduced amount of the principal of the additional tier 1 instruments must be treated as a payment that reduces the common equity tier 1 capital of the firm.

[Note: article 21 of BTS 241/2014.]

7.48 R (1) This rule applies for the purposes of specifying the procedures and timing for determining that a trigger event has occurred in relation to an additional tier 1 instrument under article 52(1)(n) of the UK CRR.

(2) Where a firm establishes that its common equity tier 1 capital has fallen below the level of the trigger event of an additional tier 1 instrument:

(a) the management body or any other relevant body of the firm must, without delay, determine that a trigger event has occurred; and

(b) the firm is under an irrevocable obligation to write-down or convert the additional tier 1 instrument.

(3) The amount to be written down or converted must be determined as soon as possible and in any case, within a maximum period of one month from the time that the firm has determined that a trigger event had occurred under (2).

(4) If the terms of the additional tier 1 instrument require an independent review of the amount to be written down or converted, the management body or other relevant body of a firm must ensure that the review:

(a) is commenced immediately;
(b) is completed as soon as possible; and

(c) does not create impediments to the firm writing-down or converting the additional tier 1 instrument or to meeting the requirement in (3).

[Note: article 22(1), (2) and (4) of BTS 241/2014.]

7.49 G In appropriate cases, the FCA may exercise its powers under:

(1) section 55L of the Act to impose a requirement on a firm to determine the required write-down or conversion amount more quickly than the one-month period in MIFIDPRU 3 Annex 7.48R(3); or

(2) section 166 of the Act to require the firm to commission an independent review of the amount to be written down or converted for the purposes of MIFIDPRU 3 Annex 7.48R.

[Note: article 22(3) and (4) of BTS 241/2014.]

7.50 R For the purposes of article 52(1)(o) of the UK CRR, features that could hinder the recapitalisation of a firm include provisions that require the firm to compensate existing holders of capital instruments where a new capital instrument is issued.

[Note: article 23 of BTS 241/2014.]

Incentives to redeem

7.51 R (1) For the purposes of article 52(1)(g) and article 63(h) of the UK CRR, an incentive to redeem means any feature that provides, at the date of issuance of a capital instrument, an expectation that the capital instrument is likely to be redeemed.

(2) An incentive to redeem under (1) includes:

(a) a call option combined with an increase in the credit spread of the instrument if the call is not exercised;

(b) a call option combined with a requirement or an investor option to convert the instrument into a common equity tier 1 instrument where the call is not exercised;

(c) a call option combined with a change in reference rate where the credit spread over the second reference rate is greater than the initial payment rate minus the swap rate;

(d) a call option combined with an increase of the redemption amount in the future;
(e) a remarketing option combined with an increase in the credit spread of the instrument or a change in reference rate where the credit spread over the second reference rate is greater than the initial payment rate minus the swap rate where the instrument is not remarketed; and

(f) a marketing of the instrument in a way which suggests to investors that the instrument will be called.

[Note: article 20 of BTS 241/2014.]

Use of special purpose vehicles for indirect issuance of own funds

7.52 R (1) This rule applies for the purposes of article 52(1)(p) and article 63(n) of the UK CRR.

(2) Where the firm issues a capital instrument that is subscribed for by a special purpose entity, the capital instrument must not be recognised by the firm as capital of a higher quality than the lowest quality of:

(a) the capital issued to the special purpose entity; and

(b) the capital issued to third parties by the special purpose entity.

(3) Where another entity (“A”) within the same consolidated situation as the firm issues a capital instrument that is subscribed for by a special purpose entity, the capital instrument must not be recognised by A as capital of a higher quality than the lowest quality of:

(a) the capital issued to the special purpose entity; and

(b) the capital issued to third parties by the special purpose entity.

(4) The requirement in (2) also applies on an equivalent basis to a UK parent entity for the purposes of determining its consolidated own funds, with the reference to the “firm” being read as a reference to the UK parent entity.

(5) The rights of the holders of instruments issued by a special purpose entity in (2), (3) or (4) must be no more favourable than if the instrument was issued directly by the firm, A or the UK parent entity, as applicable.

[Note: article 24 of BTS 241/2014.]

Distributions on own funds instruments
This rule contains the definition of a broad market index for the purpose of article 73(5) of the UK CRR.

An interest rate index is a broad market index if it fulfils all of the following conditions:

(a) it is used to set interbank lending rates in one or more currencies;

(b) it is used as a reference rate for floating rate debt issued by the firm in the same currency, where applicable;

(c) it is calculated as an average rate by a body independent of the institutions or MIFIDPRU investment firms that are contributing to the index (a “panel”);

(d) each of the rates set under the index is based on quotes submitted by a panel of institutions or MIFIDPRU investment firms active in that interbank market; and

(e) the composition of the panel referred to in point (c) ensures a sufficient level of representativeness of institutions or MIFIDPRU investment firms present in the United Kingdom.

For the purposes of (2)(e), a sufficient level of representativeness will be deemed to exist in either of the following cases:

(a) where the panel in (2)(c) includes at least six different contributors before any discount of quotes is applied for the purposes of setting the rate; or

(b) where both of the following conditions are met:

(i) the panel in (2)(c) includes at least four different contributors before any discount of quotes is applied for the purposes of setting the rate; and

(ii) the contributors to the panel in (2)(c) represent at least 60% of the related market.

The related market referred to in (3)(b)(ii) is calculated by dividing the amount in (a) by the amount in (b):

(a) the sum of the assets and liabilities of the effective contributors to the panel in the domestic currency;

(b) the sum of assets and liabilities in the domestic currency of credit institutions in the United Kingdom, including branches established in the United Kingdom, and money market funds in the United Kingdom.
(5) A stock index is deemed to be a broad market index where it is appropriately diversified in accordance with article 344 of the UK CRR.

[Note: article 24a of BTS 241/2014.]

Indirect holdings arising from index holdings

7.54 R (1) This rule applies for the purpose of determining whether an estimate is sufficiently conservative for the purposes of article 76(2) of the UK CRR.

(2) An estimate is sufficiently conservative where either of the following conditions are met:

(a) the investment mandate of the index specifies that a capital instrument of a financial sector entity that is part of the index cannot exceed a maximum percentage of that index and the firm uses that percentage as an estimate of the value of the holdings that must be deducted from:

   (i) its common equity tier 1 capital, additional tier 1 capital or tier 2 capital (as applicable) in accordance with MIFIDPRU 3 Annex 7.43R(1)(b); or

   (ii) its common equity tier 1 capital where the firm cannot determine the precise nature of the holding; or

(b) if the firm is unable to determine the maximum percentage referred to in (a) and the index includes capital instruments of financial sector entities (as evidenced by its investment mandate or other relevant information), the firm deducts the full amount of the index holdings from:

   (i) its common equity tier 1 capital, additional tier 1 capital or tier 2 capital (as applicable) in accordance with MIFIDPRU 3 Annex 7.43R(1)(b); or

   (ii) its common equity tier 1 capital where the firm cannot determine the precise nature of the holding.

(3) For the purposes of (2):

(a) an indirect holding arising from an index holding consists of the proportion of the index invested in the common equity tier 1 instruments, additional tier 1 instruments and tier 2 instruments of financial sector entities included in the index; and
(b) an index includes, but is not limited to, index funds, equity or bond indices or any other scheme where the underlying instrument is a capital instrument issued by a financial sector entity.

[Note: article 25 of BTS 241/2014.]

7.55 G (1) Under article 76(3) of the UK CRR, a firm may apply for permission to use the conservative estimate approach in article 76(2) of the UK CRR (as supplemented by MIFIDPRU 3 Annex 7.54R) where the firm has demonstrated that it would be operationally burdensome to monitor its underlying exposure to the items referred to in articles 76(2)(a) and (b) of the UK CRR.

(2) For these purposes, “operationally burdensome” means situations in which the look-through approach to capital holdings in financial sector entities on an ongoing basis would be unjustified. When considering whether a situation is operationally burdensome, the FCA will take into account whether the firm’s index holding:

(a) is immaterial when compared with the firm’s own funds; and

(b) has a short holding period or is highly liquid in nature.

[Note: article 26 of BTS 241/2014.]

Temporary waiver of deduction from own funds

7.56 G (1) In accordance with article 79 of the UK CRR (as applied by MIFIDPRU 3.6.1R), the FCA may waive the requirement for a firm to deduct holdings of capital instruments or subordinated loans that the firm has granted that qualify as common equity tier 1 instruments, additional tier 1 instruments or tier 1 instruments of a financial sector entity where:

(a) the firm will hold the capital instruments or subordinated loans only temporarily; and

(b) the FCA considers that the holdings are for the purposes of a financial assistance operational designed to reorganise and save the financial sector entity.

(2) A firm that wishes to apply for a waiver for the purposes of article 79 of the UK CRR should apply for a waiver of MIFIDPRU 3.6.1R (insofar as it applies that article) under section 138A of the Act.

(3) When considering an application for a waiver under (2), the FCA considers that the conditions for a waiver will be unlikely to be
met where:

(a) the duration of the waiver exceeds the timeframe envisaged under the financial assistance operation plan or exceeds five years;

(b) the waiver is not limited to new holdings of instruments in the financial sector entity;

(c) the financial assistance operation has not been discussed with and, where necessary, approved by the FCA; or

(d) the financial assistance operation does not clearly state phases, timing and objectives and does not specify the interaction between the firm’s temporary holdings and the broader financial assistance operation.

[Note: article 79 of the UK CRR and article 33 of BTS 241/2014.]

Own funds instruments issued by special purpose entities

7.57 G (1) Under article 83(1) of the UK CRR (as applied by MIFIDPRU 2.5.10R(1)), a UK parent entity may include additional tier 1 instruments, tier 2 instruments issued by a special purpose entity, and their related share premium accounts, in qualifying own funds under Title II of Part Two only where the conditions in article 83(1) are met.

(2) Under article 83(1)(d) of the UK CRR, one of the conditions is that the only asset of the special purpose entity is its investment in the own funds of the parent undertaking or a subsidiary of that parent undertaking that is included within the same prudential consolidation group.

(3) Article 83 of the UK CRR permits the FCA to waive the condition in article 83(1)(d) where the assets of the relevant special purpose entity (other than its investment in the own funds of the parent undertaking or subsidiary) are minimal and insignificant for that entity.

(4) The FCA expects that a firm that wishes to obtain the waiver in (3) will make an application under section 138A of the Act to waive the application of MIFIDPRU 2.5.10R(1), insofar as it applies the condition in article 83(1)(d) of the UK CRR. When considering any such application, the FCA will normally consider, among other factors, whether the assets of the special purpose entity (other than the investments in the own funds of the parent undertaking or subsidiary within the same prudential consolidation group):

(a) are limited to cash assets dedicated to the payment of
coupons and redemption of the *own funds instruments* that are due; and

(b) are no higher than 0.5% of the average total assets of the special purpose entity over the last three years.

(5) The FCA considers that it may be appropriate to grant a *firm* a waiver when a special purpose entity has a higher percentage of assets than that specified in (4)(b) provided that:

(a) the higher percentage is necessary exclusively to cover the running costs of the special purpose entity; and

(b) the corresponding nominal amount of those assets does not exceed £500,000.

[Note: article 83(1) of the *UK CRR* and article 34 of BTS 241/2014.]

7.58 R (1) For the purpose of the sub-consolidation calculation required under articles 84(2), 85(2) and 87(2) of the *UK CRR*, the qualifying minority interests of a subsidiary referred to in article 81 of the *UK CRR* (“X”) that is itself a *parent undertaking* of an entity referred to in article 81(1) of the *UK CRR* must be calculated in accordance with the remainder of this rule.

(2) Where X complies with either of the following on the basis of its consolidated situation, the treatment in (3) applies:

(a) *MIFIDPRU* 4 and 5; or

(b) Part Three of the *UK CRR*.

(3) The relevant treatment in (2) is as follows:

(a) the *common equity tier 1 capital* of X on a consolidated basis (as referred to in article 84(1)(a) of the *UK CRR*) shall be taken to include the eligible minority interests that arise from X’s own subsidiaries calculated under article 84 of the *UK CRR* and *MIFIDPRU* 3 Annex 7R;

(b) for the purpose of the sub-consolidation calculation, the amount of *common equity tier 1 capital* required under article 84(1)(a)(i) of the *UK CRR* is the amount required to meet X’s *common equity tier 1 capital* requirements at the level of its consolidated situation calculated in accordance with article 84(1)(a) of the *UK CRR*;

(c) for the purpose of the sub-consolidation calculation, the specific own funds requirements in article 84(1)(a)(i) of the *UK CRR* are:
(i) any amount in excess of X’s own funds requirement that X is required to hold to meet its own funds threshold requirement; or

(ii) any amount specified by the PRA under regulation 34 of the Capital Requirements Regulations 2013 in relation to X;

(d) the amount of consolidated common equity tier 1 capital required under article 84(1)(a)(ii) of the UK CRR is the contribution of X on the basis of its consolidated situation to the common equity tier 1 own funds requirements of the firm for which the eligible minority interests are calculated on a consolidated basis (“Y”);

(e) for the purpose of calculating the contribution of X under (d):

(i) all intra-group transactions between undertakings included in the scope of prudential consolidation of Y must be eliminated; and

(ii) X must not include capital requirements arising from its subsidiaries that are not included in the scope of prudential consolidation of Y.

(4) Where a UK parent entity has an intermediate subsidiary that meets the following conditions, the treatment in (5) applies:

(a) the intermediate subsidiary is not referred to in article 81(1) of the UK CRR; and

(b) the intermediate subsidiary has subsidiaries that are referred to in article 81(1) of the UK CRR.

(5) Where (4) applies, the UK parent entity:

(a) may include in its common equity tier 1 capital the amount of minority interests arising from those subsidiaries calculated in accordance with article 84(1) of the UK CRR; but

(b) must not include in its common equity tier 1 capital any minority interests arising from a subsidiary that is not referred to in article 81(1) of the UK CRR.

(6) This rule applies on an equivalent basis to the calculation of:

(a) qualifying tier 1 instruments under article 85 of the UK CRR, in which case references to “common equity tier 1” in this rule are references to “tier 1”; and
(b) qualifying own funds under article 87 of the UK CRR, in which case references to “common equity tier 1” in this rule are references to “own funds”.

[Note: article 34a of BTS 241/2014.]

3 Annex 8R Prudent valuation and additional valuation adjustments

Application and purpose

8.1 R (1) This annex applies for the purposes of calculating additional valuation adjustments under article 34 of the UK CRR (as applied by MIFIDPRU 3.3.1AR).

(2) Any reference to the UK CRR in this annex is to the UK CRR as applied and modified by MIFIDPRU 3.3.1R.

8.2 G (1) Under article 34 of the UK CRR, a firm must apply the requirements of article 105 of the UK CRR to the firm’s assets measured at fair value when calculating the amount of its own funds.

(2) Under MIFIDPRU 3.3.1AR, a firm is only required to apply article 34 of the UK CRR to positions held within its trading book.

Sources of market data

8.3 R (1) Where a firm calculates an AVA based on market data, it must consider the same range of market data as the data used in the independent price verification process referred to in article 105(8) of the UK CRR, subject to the adjustments in this rule.

(2) A firm must consider the full range of available and reliable market data sources to determine a prudent value, including each of the following to the extent relevant:

(a) exchange prices in a liquid market;

(b) trades in the financial instrument or a very similar instrument, either from the firm’s own records or, where available, trades from across the market;

(c) tradable quotes from brokers and other market participants;

(d) consensus service data;

(e) indicative broker quotes; and
(f) counterparty collateral valuations.

[Note: article 3 of BTS 2016/101.]

Determination of AVAs

8.4 R (1) A firm must calculate the value of assets for which the firm must determine AVAs in accordance with this rule.

(2) The value in (1) is the sum of the absolute value of fair-valued assets and liabilities, as stated in the firm’s financial statements in accordance with the applicable accounting framework, modified as follows:

(a) exactly matching offsetting fair-valued and liabilities must be excluded; and

(b) where a change in the accounting valuation of fair-valued assets and liabilities would:

(i) only be partially reflected in common equity tier 1 capital, the value of those assets or liabilities must only be included in proportion to the impact of the relevant valuation change on common equity tier 1 capital; or

(ii) have no impact on common equity tier 1 capital, the value of those assets or liabilities must be excluded.

[Note: article 4 of BTS 2016/101.]

8.5 R A firm’s total AVAs are 0.1% of the sum of the assets calculated under MIFIDPRU 3 Annex 8.4R(1).

[Note: articles 5 and 6 of BTS 2016/101.]

Documentation, systems and controls

8.6 R A firm must appropriately document its prudent valuation methodology and its policies on the following:

(1) the range of methodologies for quantifying AVAs for each valuation position;

(2) the hierarchy of methodologies for each asset class, product, or valuation position;

(3) the hierarchy of market data sources used in the AVA methodology;
(4) the required characteristics of market data to justify a zero AVA for each asset class, product, or valuation position; and

(5) the fair-valued assets and liabilities for which a change in accounting valuation has a partial or no impact on common equity tier 1 capital according to MIFIDPRU 3 Annex 8.4R(2)(b).

[Note: article 18(1) of BTS 2016/101.]

8.7 R The firm must ensure that the documentation and policies in MIFIDPRU 3 Annex 8.6R are:

(1) reviewed at least annually; and

(2) approved by the firm’s senior management following each review.

[Note: article 18(3) of BTS 2016/101.]

8.8 R A firm must:

(1) maintain records to allow the calculation of AVAs at valuation exposure level to be analysed; and

(2) ensure that the senior management of the firm are provided with information from the AVA calculation process to permit them to understand the level of valuation uncertainty on the firm’s portfolio of fair-valued positions.

[Note: article 18(3) of BTS 2016/101.]

Systems and controls requirements

8.9 R A firm must ensure that AVAs are authorised and subsequently monitored by an independent control function.

[Note: article 19(1) of BTS 2016/101.]

8.10 R (1) A firm must have:

(a) effective controls related to the governance of all fair-valued positions; and

(b) adequate resources to implement the controls in (a) and ensure robust valuation processes even during a stressed period.

(2) The controls and processes in (1) must include the following:

(a) a review of the performance of the firm’s valuation model
at least annually;

(b) approval by senior management of all significant changes to valuation policies;

(c) a clear statement of the firm’s risk appetite for exposure to positions subject to valuation uncertainty, which must be monitored at an aggregate firm-wide level;

(d) independence in the valuation process between risk-taking and internal control functions; and

(e) a comprehensive internal audit process relating to valuation processes and controls.

[Note: article 19(2) of BTS 2016/101.]

8.11 R (1) A firm must:

(a) have effective and consistently applied controls relating to the valuation process for all fair-valued positions; and

(b) ensure that the controls in (a) are subject to regular internal audit review.

(2) The controls in (1) must include the following:

(a) a precisely defined firm-wide product inventory, ensuring that every valuation position is uniquely mapped to a product definition;

(b) valuation methodologies for each product in the inventory covering:

(i) the choice and calibration of model;

(ii) fair value adjustments;

(iii) independent price verification;

(iv) AVAs;

(v) the methodologies applicable to the product; and

(vi) the measurement of valuation uncertainty.

(c) a validation process ensuring that, for each product, both the risk-taking and relevant control functions approve the product-level methodologies described in point (b) and certify that they reflect the actual practice for every valuation position mapped to the product;
(d) defined thresholds based on observed market data for determining when valuation models are no longer sufficiently robust;

(e) a formal independent price verification process based on prices independent from the relevant trading desk;

(f) a new product approval process referencing the product inventory and involving all internal stakeholders relevant to risk measurement, risk control, financial reporting and the assignment and verification of valuations of financial instruments; and

(g) a new deal review process to ensure that pricing data from new trades are used to assess whether valuations of similar valuation exposures remain appropriately prudent.

[Note: article 19(3) of BTS 2016/101.]

Amend the following as shown.

4 Own funds requirements

...

4.12 K-NPR requirement

...

4.12.2 R...

(3) When applying the UK CRR in accordance with (1):

(a) any provision in the UK CRR relating to the effect that the market risk of a position has on the “own funds requirement” should be interpreted as relating instead to the effect that the position has on the K-NPR requirement of the MIFIDPRU investment firm;

(b) article 363 of the UK CRR does not apply;

(c) any reference in Title IV of Part Three of the UK CRR to:

(i) article 363 of the UK CRR (permission to use internal models) refers to MIFIDPRU 4.12.4R to MIFIDPRU 4.12.7R; and

(ii) permissions granted under article 363 of the UK CRR refers to equivalent permissions granted under MIFIDPRU 4.12.4R to MIFIDPRU
4.12.7R.

4.12.2A R (1) When applying the UK CRR for the purposes of this section, a firm must apply the following, as modified by (2):

(a) the Appropriately Diversified Indices RTS;

(b) the Market Definition RTS; and

(c) the Non-Delta Risk of Options RTS.

(2) The relevant modifications are as follows:

(a) a reference to an “institution” is a reference to the firm;

(b) a reference to “Regulation (EU) No 575/2013” is a reference to the UK CRR as modified by the rules in MIFIDPRU;

(c) a reference to an “own funds requirement” is a reference to the contribution of a position to the firm’s K-NPR requirement; and

(d) a reference to the calculation of requirements “on a consolidated basis” is a reference to the calculation of those requirements on a consolidated basis under MIFIDPRU 2.5.

[Note: BTS 525/2014, BTS 528/2014 and BTS 945/2014.]

4.12.2B R Where a provision in Title IV of Part Three of the UK CRR requires a firm to determine a risk weighting by reference to the Standardised Approach to credit risk, for the purposes of this section, a firm must:

(1) apply the provisions in the UK CRR relating to the Standardised Approach to credit risk in the form in which they stood on 31 December 2021; but

(2) for the purposes of determining any mapping of credit quality steps under the provisions in (1), use the ECAI mappings applied by the PRA for the purposes of the rules in the PRA Rulebook relating to the Standardised Approach to credit risk for CRR firms, as amended from time to time.

[Note: BTS 2016/1799.]

4.12.2C G (1) Certain market risk provisions in the UK CRR (in the form in which it stood on 31 December 2021) require a firm to consider the underlying credit risk attaching to a position under the UK CRR Standardised Approach to credit risk. In certain cases, the credit risk rules require a firm to determine the risk attaching to the position by reference to “credit quality steps”, which are
mapped to credit ratings issued by particular credit rating agencies. As the credit risk requirements in the UK CRR are no longer directly relevant under MIFIDPRU, the FCA will no longer be maintaining an FCA version of the ECAI credit quality step mappings in BTS 2016/1799 for these purposes.

(2) The effect of MIFIDPRU 4.12.2BR is that where a firm needs to determine the underlying credit risk of a position for the purposes of the K-NPR requirement by reference to credit quality steps, the firm should use the updated ECAI mappings maintained by the PRA for the purposes of the Standardised Approach to credit risk as it applies to CRR firms under the PRA Rulebook.

4.12.2D R A firm may treat the currency pairs listed in MIFIDPRU 4 Annex 13R as closely correlated for the purposes of article 354(1) of the UK CRR.

... Permission to use internal models ...

4.12.6 R (1) A firm that has a permission under MIFIDPRU 4.12.4R for an internal model must obtain approval from the FCA before it:

(a) implements a material change to the use of the model; or

(b) makes a material extension to the use of the model.

(2) To determine if a change or extension is material for the purposes of (1), a firm must apply the criteria and methodology set out in articles article 3 (to the extent that it relates to the Internal Models Approach (IMA)), articles 7a and 7b and Annex III of the Market Risk Model Extensions and Changes RTS.

(3) To obtain the approval in (1), a firm must:

(a) complete the application form in MIFIDPRU 4 Annex 3R and submit it to the FCA using the online notification and application system; and

(b) perform an initial calculation of stressed value-at-risk in accordance with article 365(2) of the UK CRR on the basis of the model as changed or extended and submit the results as part of the application in (a).
MIFIDPRU 4 Annex 6R (Application under MIFIDPRU 4.12.66R to use sensitivity models to calculate interest rate risk on derivative instruments) is replaced with the form below. The new text is not underlined.

Application under MIFIDPRU 4.12.66R for permission to use sensitivity models to calculate interest rate risk on derivative instruments in accordance with article 331(1) of the UK CRR

1. Please list all group undertakings in respect of which this application is being made.

<table>
<thead>
<tr>
<th>FRN</th>
<th>Undertaking name</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>

2. Please confirm the scope of the consolidated application for the model:

- ☐ Not applicable, as the model will only be applied at solo level
- ☐ The use of the model at solo and consolidated level will involve the same types of instruments
- ☐ The consolidated application for a model will include a wider range of instrument types than those covered by the model at solo level ▶ Give details below

For group applications, the below section (questions 3 to 7) must be completed separately for each entity requiring the permission, including for the consolidated situation of the consolidating UK parent if the application concerns a consolidated application of the model. Questions 5 and onwards must be completed separately for each set of instruments for which a net sensitivity position, weighted by maturity, is computed.

3. Please confirm the FRN and name of the MIFIDPRU investment firm or consolidating UK parent this section relates to:

<table>
<thead>
<tr>
<th>FRN of firm</th>
<th>Name of firm</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>

4. Please give a brief description of the nature of the firm’s business and a full and clear explanation of why it is applying for this permission.
5. Please provide summary information for each of the items listed in the below table. For some items you are required to attach additional documentation.

<table>
<thead>
<tr>
<th>Item</th>
<th>Summary Information</th>
</tr>
</thead>
<tbody>
<tr>
<td>a. Description of the current methodology used for interest rate risk on derivative instruments covered in articles 328 to 330 UK CRR.</td>
<td></td>
</tr>
<tr>
<td>b. Description of the sensitivity models used to calculate interest rate risk under article 331 UK CRR.</td>
<td></td>
</tr>
<tr>
<td>c. Product scope of the requested permission – please indicate the instruments for which net sensitivity positions are used and the currencies in which those positions are denominated.</td>
<td></td>
</tr>
<tr>
<td>d. For the product scope requested, confirm that the interest rate risk is managed on a discounted cashflow basis.</td>
<td></td>
</tr>
<tr>
<td>e. For the product scope requested, briefly indicate any growth plans for the exposures.</td>
<td></td>
</tr>
<tr>
<td>f. Capital impact of changing the calculation methodology from the existing approach (i.e. the capital impact of applying article 331 UK CRR) and total capital and market risk capital held at the same date.</td>
<td></td>
</tr>
<tr>
<td>g. Provide worked examples of capital calculation under the current methodology and the new (article 331 UK CRR) methodology for a test portfolio composed of:</td>
<td></td>
</tr>
<tr>
<td>• Long 100,000 1Y ATM equity index call option</td>
<td></td>
</tr>
<tr>
<td>• Short 100,000 1Y ATM equity index put option</td>
<td></td>
</tr>
<tr>
<td>• Long 100,000 2Y ATM equity index call option</td>
<td></td>
</tr>
<tr>

4 Annex K-NPR requirement - provisions on closely correlated currencies

13R

Application and purpose

13.1 R This annex specifies currency pairs that may be treated as closely correlated for the purposes of article 354(1) of the UK CRR (as applied by MIFIDPRU 4.12.2R) when a MIFIDPRU investment firm or UK parent entity is calculating its K-NPR requirement.

13.2 R The following table lists closely correlated currencies for the purposes of MIFIDPRU 4 Annex 13.1R:

<table>

5.8 Procedures to prevent investment firms from avoiding the K-CON own funds requirement

...  

5.8.2 R A firm must maintain systems which ensure that any closing out or transfer that is prohibited by MIFIDPRU 5.8.1R is immediately reported to the FCA in accordance with SUP 15.7 (Form and method of notification) MIFIDPRU 1.1.10R.

7.2  

**Internal governance**  

...  

**Governance for risk management**  

7.2.3 R  

(1) The *management body* of a *MIFIDPRU investment firm* has overall responsibility for risk management. It must devote sufficient time to the consideration of risk.

(2) The *management body* of a *MIFIDPRU investment firm* must be actively involved in, and ensure that adequate resources are allocated to, the management of all material risks, including the
valuation of assets, the use of external ratings and internal models relating to those risks.

(3) A MIFIDPRU investment firm must establish reporting lines to the management body that cover all material risks and risk management policies and changes thereof.

7.2.4 R (1) A MIFIDPRU investment firm must ensure that the management body in its supervisory function and any risk committee that has been established have adequate access to information on the risk profile of the firm and, if necessary and appropriate, to the risk management function and to external expert advice.

(2) The management body in its supervisory function and any risk committee that has been established must determine the nature, the amount, the format, and the frequency of the information on risk which they are to receive.

7.2A Risk management function

7.2A.1 R MIFIDPRU 7.2A.2R and MIFIDPRU 7.2A.3R apply to a non-SNI MIFIDPRU investment firm that has a risk management function in accordance with article 23 of the MIFID Org Regulation.

7.2A.2 R (1) A firm must ensure that its risk management function is independent from its operational functions and has sufficient authority, stature, resources and access to the management body.

(2) The risk management function in (1) must ensure that all material risks are identified, measured and properly reported. It must be actively involved in elaborating the firm’s risk strategy and in all material risk management decisions, and it must be able to deliver a complete view of the whole range of risks of the firm.

(3) A firm in (1) must ensure that its risk management function is able to report directly to the management body in its supervisory function, independent from senior management, and that it can raise concerns and warn the management body, where appropriate, where specific risk developments affect or may affect the firm, without prejudice to the responsibilities of the management body in its supervisory and/or managerial functions.

7.2A.3 R The head of the risk management function must be an independent senior manager with distinct responsibility for the risk management function. Where the nature, scale and complexity of the activities of the MIFIDPRU investment firm do not justify a specially appointed person, another senior person within the firm may fulfil that function, provided there is no conflict of interest. The head of the risk management function must not be removed without prior approval of the management body and must be able to have direct access to the management body where necessary.
7.3 Risk, remuneration and nomination committees

Risk committee

7.3.1 R (1) Subject to (2), a non-SNI MIFIDPRU investment firm to which this rule applies must establish a risk committee.

…

(5A) In order to assist in the establishment of sound remuneration policies and practices, the risk committee must, without prejudice to the tasks of the remuneration committee, examine whether incentives provided by the remuneration system take into consideration risk, capital, liquidity and the likelihood and timing of earnings.

…

The following text replaces the text of MIFIDPRU 8 (Disclosure). The text is not underlined.

8 Disclosure

8.1 Application

8.1.1 R (1) Subject to (2) and (3), the requirements in this chapter apply to a non-SNI MIFIDPRU investment firm.

(2) MIFIDPRU 8.2 (Risk management objectives and policies), MIFIDPRU 8.4 (Own funds) and MIFIDPRU 8.5 (Own funds requirements) also apply to an SNI MIFIDPRU investment firm that has additional tier 1 instruments in issue.

(3) MIFIDPRU 8.6 (Remuneration policies and practices) applies to every MIFIDPRU investment firm.

(4) MIFIDPRU 8.7 (Investment policy) applies only to a non-SNI MIFIDPRU investment firm that does not fall within MIFIDPRU 7.1.4R(1).

8.1.2 G The requirements in MIFIDPRU 8.6 (Remuneration policies and practices) apply to all MIFIDPRU investment firms, with certain exceptions that are explained in that section.

8.1.3 G The basic conditions to be classified as an SNI MIFIDPRU investment firm are set out in MIFIDPRU 1.2.1R. MIFIDPRU 1.2.13R explains the circumstances in which a non-SNI MIFIDPRU investment firm will be reclassified as an SNI MIFIDPRU investment firm.
8.1.4 R Where a non-SNI MIFIDPRU investment firm is reclassified as an SNI MIFIDPRU investment firm, it must comply with the disclosure obligations that apply to a non-SNI MIFIDPRU investment firm in relation to the financial year in which it is reclassified.

8.1.5 R Where an SNI MIFIDPRU investment firm is reclassified as a non-SNI MIFIDPRU investment firm, it must comply with the disclosure obligations that apply to an SNI MIFIDPRU investment firm in relation to the financial year in which it ceased to be an SNI MIFIDPRU investment firm.

8.1.6 G Where an SNI MIFIDPRU investment firm is reclassified as a non-SNI MIFIDPRU investment firm, it may choose to comply with the higher disclosure requirements applicable to a non-SNI MIFIDPRU investment firm in relation to the financial year in which it is reclassified.

Application: Level of application

8.1.7 R A MIFIDPRU investment firm must comply with the rules in this chapter on an individual basis, unless the firm is exempt in accordance with MIFIDPRU 2.3.1R.

Application: proportionality

8.1.8 R In complying with the rules in this chapter, a MIFIDPRU investment firm must provide a level of detail in its qualitative disclosures that is appropriate to its size and internal organisation, and to the nature, scope, and complexity of its activities.

8.1.9 G By way of example, applying a proportionate approach to the qualitative disclosure requirements in MIFIDPRU 8.6 (Remuneration policies and practices) means that the FCA would expect a non-SNI MIFIDPRU investment firm with a detailed remuneration policy to disclose more information than an SNI MIFIDPRU investment firm.

Application: when?

8.1.10 R As a minimum, a firm must publicly disclose the information specified in this chapter annually on:

(1) the date it publishes its annual financial statements; or

(2) where it does not publish annual financial statements, the date on which its annual solvency statement is submitted to the FCA in accordance with requirements in SUP 16.12.

8.1.11 G The FCA considers it would be appropriate for a firm to consider making more frequent public disclosure where particular circumstances demand it, for example, in the event of a major change to its business model or where a merger has taken place.
8.1.12 G A MIFIDPRU investment firm is reminded of the transitional provisions for disclosure requirements in MIFIDPRU TP 12.

Application: how?

8.1.13 R A firm must publish the information required by this chapter in a manner that:

(1) is easily accessible and free to obtain;
(2) is clearly presented and easy to understand;
(3) is consistent with the presentation used for previous disclosure periods or otherwise allows a reader of the information to make comparisons easily; and
(4) highlights in a summary any significant changes to the information disclosed, when compared with previous disclosure periods.

8.1.14 G A firm should consider the best way to make the disclosed information easy to understand, for example, by using tables, charts or diagrams, or cross-references to other information where relevant.

8.1.15 R A firm is not required to comply with MIFIDPRU 8.1.13R to the extent that compliance would breach the law of another jurisdiction.

8.1.16 E Making the disclosures required by this chapter available on a website will tend to establish compliance with the rule in MIFIDPRU 8.1.13R.

8.1.17 G Whilst the FCA’s expectation is that a firm will use a website for the purpose of complying with MIFIDPRU 8.1.13R, if a firm does not maintain a website, or cannot use a website to publish some or all of the information required without breaching the law of another jurisdiction, it must nonetheless ensure that the alternative method of disclosure used complies with the overarching requirement in MIFIDPRU 8.1.13R.

8.2 Risk management objectives and policies

8.2.1 R A firm must disclose its risk management objectives and policies for the categories of risk addressed by:

(1) MIFIDPRU 4 (Own funds requirements);
(2) MIFIDPRU 5 (Concentration risk); and
(3) MIFIDPRU 6 (Liquidity).

8.2.2 R The risk management objectives and policies for each of the items listed in MIFIDPRU 8.2.1R must include:
(1) a concise statement approved by the firm’s governing body describing the potential for harm associated with the business strategy; and

(2) a summary of the strategies and processes used to manage each of the categories of risk listed in MIFIDPRU 8.2.1R and how this helps to reduce the potential for harm.

8.2.3 G In complying with MIFIDPRU 8.2.2R, a firm may consider that information drawn from the ICARA process is a relevant and useful way of disclosing:

(1) the firm’s approach to risk management by reference to its risk management policies;

(2) details of the firm’s risk management structure and operations, for example, the senior management responsible for each area of risk (where applicable), and any relevant committees and their responsibilities;

(3) how the firm sets its risk appetite; and

(4) a summary of how the firm assesses the effectiveness of its risk management processes.

8.3 Governance arrangements

8.3.1 R A non-SNI MIFIDPRU investment firm must disclose the following information regarding internal governance arrangements:

(1) an overview of how the firm complies with the requirement in SYSC 4.3A.1R to ensure the management body defines, oversees and is accountable for the implementation of governance arrangements that ensure effective and prudent management of the firm, including the segregation of duties in the organisation and the prevention of conflicts of interest, and in a manner that promotes the integrity of the market and the interests of clients;

(2) subject to MIFIDPRU 8.3.2R, the number of directorships (executive and non-executive) held by each member of the management body;

(3) where relevant, whether the FCA has granted a modification or waiver of SYSC 4.3A.6R(1)(a) or (b) in order to allow a member of the management body to hold additional directorships;

(4) a summary of the policy promoting diversity on the management body, including explanations of:

(a) the objectives of the policy and any target(s) set out in the policy; and
(b) the extent to which the objectives and any target(s) have been achieved; and

(c) where the objectives or target(s) have not been achieved:
   (i) the reasons for the shortfall; and
   (ii) the firm's proposed actions to address the shortfall; and
   (iii) the proposed timeline for taking those actions;

(5) whether the firm has a risk committee; and

(6) whether the firm:
   (a) is required by MIFIDPRU 7.3.1R to establish a risk committee; or
   (b) would have been required by MIFIDPRU 7.3.1R to establish a risk committee, but that obligation has been removed as a result of a waiver or modification granted by the FCA.

8.3.2 R The following directorships are not within the scope of MIFIDPRU 8.3.1R(2):

(1) executive and non-executive directorships held in organisations which do not pursue predominantly commercial objectives; and

(2) executive and non-executive directorships held within the same group or within an undertaking (including a non-financial sector entity) in which the firm holds a qualifying holding.

8.3.3 G When deciding what information to disclose to satisfy the obligations in MIFIDPRU 8.3.1R(1), a firm may find it helpful to consider:

(1) the requirements in SYSC 4.3A.1R(1) to (7) regarding the responsibilities of the management body; and

(2) the requirements in SYSC 4.3A.3R regarding the necessary skills and attributes of members of the management body.

8.4 Own funds

8.4.1 R (1) Subject to (2), a firm must disclose the following information regarding its own funds:

(a) a reconciliation of common equity tier 1 items, additional tier 1 items, tier 2 items, and the applicable filters and
deductions applied in order to calculate the own funds of the firm;

(b) a reconciliation of (a) with the capital in the balance sheet in the audited financial statements of the firm; and

(c) a description of the main features of the common equity tier 1 instruments, additional tier 1 instruments and tier 2 instruments issued by the firm.

(2) A firm that is not required to publish annual financial statements is only required to disclose the information specified at (1)(a) and (c).

8.4.2 R A firm must use the template available at MIFIDPRU 8 Annex 1R in order to disclose the information requested at MIFIDPRU 8.4.1R.

8.5 Own funds requirements

8.5.1 R A firm must disclose the following information regarding its compliance with the requirements set out in MIFIDPRU 4.3 (Own funds requirement):

(1) the K-factor requirement, broken down as follows:

(a) the sum of the K-AUM requirement, the K-CMH requirement and the K-ASA requirement;

(b) the sum of the K-COH requirement and the K-DTF requirement; and

(c) the sum of the K-NPR requirement, the K-CMG requirement, the K-TCD requirement and the K-CON requirement; and

(2) the fixed overheads requirement.

8.5.2 R A firm must disclose its approach to assessing the adequacy of its own funds in accordance with the overall financial adequacy rule in MIFIDPRU 7.4.7R.

8.6 Remuneration policy and practices

Application: general

8.6.1 R The rules in this section apply to all MIFIDPRU investment firms, unless otherwise specified.

Qualitative disclosures

8.6.2 R A MIFIDPRU investment firm must disclose a summary of:
(1) its approach to *remuneration* for all staff (“staff” interpreted according to SYSC 19G.1.24G);

(2) the objectives of its financial incentives;

(3) the decision-making procedures and governance surrounding the development of the *remuneration* policies and practices the firm is required to adopt in accordance with the *MIFIDPRU Remuneration Code*, to include, where applicable:

(a) the composition of and mandate given to the *remuneration* committee; and

(b) details of any external consultants used in the development of the *remuneration* policies and practices.

8.6.3 G In complying with *MIFIDPRU* 8.6.2R(1), a firm may consider it appropriate to disclose:

(1) the principles or philosophy guiding the firm’s *remuneration* policies and practices;

(2) how the firm links variable *remuneration* and performance;

(3) the firm’s main performance objectives; and

(4) the categories of staff eligible to receive variable *remuneration*.

8.6.4 R A non-SNI *MIFIDPRU* investment firm must disclose the types of staff it has identified as *material risk takers* under SYSC 19G.5, including any criteria in addition to those in SYSC 19G.5.3R that the firm has used to identify *material risk takers*.

8.6.5 R A *MIFIDPRU* investment firm must disclose the key characteristics of its *remuneration* policies and practices in sufficient detail to provide the reader with:

(1) an understanding of the risk profile of the firm and/or the assets it manages; and

(2) an overview of the incentives created by the *remuneration* policies and practices.

8.6.6 R For the purpose of *MIFIDPRU* 8.6.5R, a firm must disclose at least the following information:

(1) the different components of *remuneration*, together with the categorisation of those *remuneration* components as fixed or variable;
(2) a summary of the financial and non-financial performance criteria used across the firm, broken down into the criteria for the assessment of the performance of:

(a) the firm;

(b) business units; and

(c) individuals.

(3) for a non-SNI MIFIDRU investment firm:

(a) the framework and criteria used for ex-ante and ex-post risk adjustment of remuneration, including a summary of:

(i) current and future risks identified by the firm;

(ii) how the firm takes into account current and future risks when adjusting remuneration; and

(iii) how malus (where relevant) and clawback are applied;

(b) the policies and criteria applied for the award of guaranteed variable remuneration; and

(c) the policies and criteria applied for the award of severance pay.

(4) for a non-SNI MIFIDPRU investment firm not falling within SYSC 19G.1.1R(2):

(a) details of the firm’s deferral and vesting policy, including as a minimum:

(i) the proportion of variable remuneration that is deferred;

(ii) the deferral period;

(iii) the retention period;

(iv) the vesting schedule; and

(v) an explanation of the rationale behind each of the policies referred to in (i) to (iv).

Where the firm’s deferral and vesting policy differs for different categories of material risk takers, the information should be presented and sub-divided accordingly.
(b) a description of the different forms in which fixed and variable remuneration are paid, for example, whether paid in:

(i) cash;

(ii) share-linked instruments;

(iii) equivalent non-cash instruments;

(iv) options; or

(v) short or long-term incentive plans.

8.6.7 G In complying with MIFIDPRU 8.6.6R(1), a firm is reminded of the rules and guidance in SYSC 19G.4 on categorising fixed and variable remuneration.

Quantitative disclosures

8.6.8 R (1) Subject to (7), a MIFIDPRU investment firm must disclose the quantitative information required by (2) to (6) for the financial year to which the disclosure relates.

(2) An SNI-MIFIDPRU investment firm must disclose the total amount of remuneration awarded to all staff, split into:

(a) fixed remuneration; and

(b) variable remuneration.

(3) A non-SNI MIFIDPRU investment firm must disclose the total number of material risk takers identified by the firm under SYSC 19G.5.

(4) A non-SNI MIFIDPRU investment firm must disclose the following information, split into categories for senior management, other material risk takers, and other staff:

(a) the total amount of remuneration awarded;

(b) the fixed remuneration awarded; and

(c) the variable remuneration awarded.

(5) A non-SNI MIFIDPRU investment firm must disclose the following information, split into categories for senior management and other material risk takers:
(a) the total amount of guaranteed variable remuneration awards made during the financial year and the number of material risk takers receiving those awards;

(b) the total amount of the severance payments awarded during the financial year and the number of material risk takers receiving those payments; and

(c) the amount of the highest severance payment awarded to an individual material risk taker.

(6) A non-SNI MIFIDPRU investment firm not meeting the conditions in SYSC 19G.1.1R(2) must disclose the following information, split into categories for senior management, and other material risk takers:

(a) the amount and form of awarded variable remuneration, split into cash, shares, share-linked instruments and other forms of remuneration, with each form of remuneration also split into deferred and non-deferred;

(b) the amounts of deferred remuneration awarded for previous performance periods, split into the amount due to vest in the financial year in which the disclosure is made, and the amount due to vest in subsequent years;

(c) the amount of deferred remuneration due to vest in the financial year in respect of which the disclosure is made, split into that which is or will be paid out, and any amounts that were due to vest but have been withheld as a result of performance adjustment;

(d) information on whether the firm uses the exemption for individual material risk takers set out in SYSC 19G.5.9R, together with details of:

(i) the provisions in SYSC 19G.5.9R(2) in respect of which the firm relies on the exemption;

(ii) the total number of material risk takers who benefit from an exemption from each provision referred to in (i); and

(iii) the total remuneration of those material risk takers who benefit from an exemption, split into fixed and variable remuneration.

(7) (a) For the purposes of (4), (5)(a), (5)(b) and (6), a non-SNI MIFIDPRU investment firm must aggregate the information to be disclosed for senior management and other material risk takers, where splitting the information
between those two categories would lead to the disclosure of information about one or two people.

(b) Where aggregation in accordance with (a) would still lead to the disclosure of information about one or two people, a non-SNI MIFIDPRU investment firm is not required to comply with the obligation in (4), (5)(a), (5)(b) or (6).

8.6.9 R A non-SNI MIFIDPRU investment firm that relies on MIFIDPRU 8.6.8R(7) must include a statement in the main body of its remuneration disclosure that:

(1) explains the obligations in relation to which it has relied on the exemption; and

(2) confirms that the exemption is relied on to prevent individual identification of a material risk taker.

8.6.10 G The purpose of the exemption referred to in MIFIDPRU 8.6.8R(7) is to avoid firms having to disclose information:

(1) that would enable a material risk taker to be identified; or

(2) that could be associated with a particular material risk taker.

8.6.11 G (1) When considering the exemptions in MIFIDPRU 8.6.8R(7), the non-SNI MIFIDPRU investment firm should apply the conditions to each information item separately. Where the information contained in at least one of the categories of senior management and other material risk takers relates to one or two material risk takers, the non-SNI MIFIDPRU investment firm is exempt from the requirement to split the information into these categories, and should aggregate the information. Where the aggregated information still relates to only one or two individuals, the non-SNI MIFIDPRU investment firm is exempt from the requirement to disclose that information.

(2) The guidance in (1) is illustrated by the following example:

(a) Firm A does not meet the conditions in SYSC 19G.1.1R(2). It has identified eight material risk takers under SYSC 19G.5.

(b) In relation to the information items required in MIFIDPRU 8.6.8R(4), five of the material risk takers are senior management, and three are other material risk takers. Firm A cannot rely on the exemption in MIFIDPRU 8.6.8R(7) because neither of the categories of senior management and other material risk takers contains one or two individuals. It must disclose the remuneration information required at MIFIDPRU 8.6.8R(4) broken down into the categories of
senior management, other material risk takers, and other staff.

(c) In relation to the information items required in MIFIDPRU 8.6.8R(5)(a), Firm A has awarded guaranteed remuneration to two material risk takers. Both are also senior management. The information in the category of senior management therefore relates to only two individuals. If Firm A aggregates the information from the senior management and other material risk taker categories in line with MIFIDPRU 8.6.8R(7), the figure is still two. Therefore, Firm A can rely on the exemption in MIFIDPRU 8.6.8R(7). It is exempt from the requirement to disclose the information on guaranteed remuneration required at MIFIDPRU 8.6.8(5)(a).

(d) In relation to the information items required in MIFIDPRU 8.6.8R(5)(b), Firm A has awarded severance payments to four material risk takers, of which three are members of senior management and one is another material risk taker. Because the category of other material risk takers relates only to one individual, Firm A can rely on the exemption in MIFIDPRU 8.6.8R(7). It should aggregate the total for both categories and disclose the information on severance payments required at MIFIDPRU 8.6.8(5)(b) as a single item. Firm A cannot rely on the exemption in MIFIDPRU 8.6.8R(7) because the aggregated total of senior management and other material risk takers is more than two.

(e) Firm A is not in scope of the disclosure requirements in MIFIDPRU 8.6.8R(6) because it meets the conditions in SYSC 19G.1.1R(2).

8.7 Investment policy

8.7.1 A non-SNI MIFIDPRU investment firm not meeting the conditions in MIFIDPRU 7.1.4R must disclose:

(1) the proportion of voting rights attached to the shares held directly or indirectly by the firm, broken down by country or territory; and

(2) a complete description of voting behaviour in the general meetings of companies the shares of which are held in accordance with MIFIDPRU 8.7.4R, including:

(a) an explanation of the votes; and

(b) the ratio of proposals put forward by the administrative or governing body of the company that the firm has approved; and
(3) an explanation of the use of proxy adviser firms; and

(4) a summary of the voting guidelines regarding the companies in which the shares referred to in (1) are held with links to supporting non-confidential documents where available.

8.7.2 R A firm must use the template available at MIFIDPRU 8 Annex 2R in order to disclose the information requested at MIFIDPRU 8.7.1R.

8.7.3 R The disclosure requirements in MIFIDPRU 8.7.1R(2) do not apply if the contractual arrangements of all shareholders represented by the firm at the shareholders’ meeting only authorise the firm to vote on their behalf when express voting orders are given by the shareholders after receiving the meeting’s agenda.

8.7.4 R (1) To the extent that any data item required by MIFIDPRU 8.7 is treated as proprietary information in accordance with (2), or confidential information in accordance with (3), a firm may refuse to disclose it, noting on the template available at MIFIDPRU 8 Annex 2R which item has not been disclosed and why.

(2) A firm may only treat information as proprietary information if sharing that information with the public would have a material adverse effect upon its business.

(3) A firm may only treat information as confidential information if there are obligations to customers or other counterparty relationships binding the firm to confidentiality.

8.7.5 R Where a firm refuses to disclose information in reliance on MIFIDPRU 8.7.4 R(2), the firm should record why the information is considered proprietary and make that information available to the FCA if requested.

8.7.6 R A firm referred to in MIFIDPRU 8.7.1R must comply with that rule:

(1) only in respect of a company whose shares are admitted to trading on a regulated market;

(2) only where the proportion of voting rights that the MIFIDPRU investment firm directly or indirectly holds in that company is greater than 5% of all voting rights attached to the shares issued by the company; and

(3) only in respect of shares in that company to which voting rights are attached.

8.7.7 R The voting rights referred to in MIFIDPRU 8.7.6R(2) must be calculated on the basis of all shares to which voting rights are attached, even if the exercise of any of those voting rights is suspended.
8.7.8 G For the purpose of complying with MIFIDPRU 8.7.1R and MIFIDPRU 8.7.6R:

(1) reference to "directly or indirectly" held shares means that:

(a) a firm directly holds the shares on its balance sheet or the balance sheet of another group member; or

(b) the firm may exercise a voting right attaching to a share in a fiduciary capacity;

(2) in the circumstances described in (1), the disclosure requirement will apply where the voting rights are attached to shares held in the name of the firm and to shares held by clients where the firm exercises those voting rights;

(3) the fact that a firm has voting rights but chooses not to exercise them doesn’t remove its obligation to comply with MIFIDPRU 8.7.1R and MIFIDPRU 8.7.6R; and

(4) “greater than 5% of all voting rights” means that the firm holds at least 5% of shares with voting rights plus one share, and the requirement is triggered when the firm meets this threshold at any point during the course of the year.
Disclosure template for information required under MIFIDPRU 8.4.1R in respect of own funds

8 Annex  [Editor’s note: The form can be found at this address: 1R  https://www.fca.org.uk/publication/forms/[xxx]]

**Own funds: reconciliation of regulatory own funds to balance sheet in the audited financial statements**

Flexible template - rows to be reported in line with the balance sheet included in the audited financial statements of the investment firm.

Columns should be kept fixed, unless the investment firm has the same accounting and regulatory scope of consolidation, in which case the volumes should be entered in column (a) only.

Figures should be given in GBP thousands unless noted otherwise.

Insert the following Annexes after MIFIDPRU TP 10 (Transitional capital and liquidity requirements for former IFPRU investment firms, BIPRU firms or their groups with ICG or ILG issued before 1 January 2022). The text is not underlined.

**TP 11 Prudential reporting with a reference date before 1 January 2022**

11.1 R Except where the context otherwise requires, a reference in MIFIDPRU TP 11 to any provision of SUP is to that provision as it applied on 31 December 2021.

11.2 R MIFIDPRU TP 11 applies where the following conditions are met:

(1) the reference date for a data item under SUP 16.12 was before 1 January 2022;

(2) the submission date under SUP 16.12 for the data item in (1) fell on or after 1 January 2022; and

(3) a firm is no longer required to submit the data item in (1) due to amendments to SUP 16.12 that took effect on 1 January 2022.

11.3 R Where MIFIDPRU TP 11 applies to a firm in relation to a data item, the firm must submit the data item to the FCA in accordance with the provisions of SUP 16.12 (as applied under MIFIDPRU TP 11.1R).

11.4 G (1) As a result of the introduction of the MIFIDPRU regime for MIFIDPRU investment firms, SUP 16.12 was amended with effect from 1 January 2022 to introduce updated prudential reporting requirements.

(2) The effect of MIFIDPRU TP 11 is that where the reference date for a report falls on or before 31 December 2021, but the submission date for that report falls on after 1 January 2022, the firm must still submit the report in accordance with the reporting and submission requirements that applied on 31 December 2021.

(3) The purpose of MIFIDPRU TP 11 is to ensure that the FCA receives appropriate information on the prudential position of firms during the transition from previous prudential regimes to the MIFIDPRU regime.

(4) MIFIDPRU TP 11 does not apply to remuneration reporting. This is because SYSC TP 11.4R(1) requires a firm that was subject to any of the remuneration codes listed in SYSC TP 11.4R(2) on 31 December 2021 to comply with any reporting requirements relating to remuneration awarded for performance periods before the performance period to which the MIFIDPRU Remuneration Code first applies.

11.5 G (1) The following is an example of how MIFIDPRU TP 11 applies
in practice.

(2) A BIPRU firm is required to report data item FSA003 (Capital adequacy) under SUP 16.12.11R. The reporting reference date for FSA003 is determined by reference to the firm’s accounting reference date. Under SUP 16.12.13R, the firm has 30 business days after the reporting reference rate to submit the relevant data item to the FCA. The firm’s accounting reference date is 1 December 2021.

(3) The reporting reference date for the firm’s FSA003 return (i.e. 1 December 2021) falls before 1 January 2022. The submission date for the return (which is 30 business days later on 17 January 2022) falls after 1 January 2022. SUP 16.12 was amended on 1 January 2022 to delete the requirement for firms to submit data item FSA003.

(4) Under MIFIDPRU TP 11, the firm must still submit data item FSA003 to the FCA, reflecting the firm’s position as at 1 December 2021. The data item must be submitted in accordance with the relevant rules in SUP 16.12 that applied on 31 December 2021.

TP 12 Disclosure requirements: transitional provisions

12.1 R MIFIDPRU TP 12 applies to a MIFIDPRU investment firm.

12.2 R For the purposes of MIFIDPRU TP 12, the “reference date” in relation to a set of disclosures means the date by reference to which those disclosures are prepared, being:

(1) in relation to disclosures showing the position of a firm at a fixed point in time, that point in time; and

(2) in relation to disclosures that must be prepared by reference to a period, the last day of that period.

Delayed application of rules for a commodity and emission allowance dealer

12.3 R (1) This rule applies until 31 December 2026.

(2) A commodity and emission allowance dealer is exempt from the following requirements in this chapter:

(a) MIFIDPRU 8.2 (Risk management objectives and policies);

(b) MIFIDPRU 8.3 (Governance arrangements);

(c) MIFIDPRU 8.4 (Own funds);
(d) **MIFIDPRU** 8.5 (Own funds requirements), and

(e) **MIFIDPRU** 8.6 (Remuneration policies and practices).

Disclosures under BIPRU 11 or Part Eight of the UK CRR that have a publication date on or after 1 January 2022

12.4 R (1) This rule applies to disclosures required under either of the following, where the conditions in (2) are met:

(a) **BIPRU** 11; or

(b) Part Eight of the **UK CRR**.

(2) The conditions referred to in (1) are that:

(a) the reference date for the relevant disclosures in (1) is before 1 January 2022;

(b) the deadline to publish the disclosures in (1) falls on or after 1 January 2022; and

(c) as a result of one of the following, a firm is no longer required to publish the disclosures in (1):

(i) the deletion of the **BIPRU** sourcebook with effect from 1 January 2022; or

(ii) changes to the scope of the **UK CRR** that took effect on 1 January 2022.

(3) Where this rule applies, a firm must publish the relevant disclosures by no later than the deadline that would have applied under **BIPRU** 11 or Part Eight of the **UK CRR** (as applicable) if the firm had continued to be subject to those rules or that legislation in the form in which it stood immediately before 1 January 2022.

(4) A firm may comply with this rule by being included within disclosures made on a **consolidated basis** where that would have been permitted by **BIPRU** 11 or Part Eight of the **UK CRR** (as applicable) in the form in which those rules or that legislation stood immediately before 1 January 2022.

12.5 G The effect of **MIFIDPRU** TP 12.4R is that where a firm is required by **BIPRU** 11 or Part Eight of the **UK CRR** to makes disclosures with a reference date before 1 January 2022, it must still publish those disclosures even if the permitted deadline for publication falls on or after 1 January 2022. The deletion of **BIPRU** 11 or the removal of **MIFIDPRU** investment firms from the scope of the **UK CRR** with effect from 1 January 2022 does not relieve the firm of its obligation to make
those disclosures in accordance with the original deadline.

Disclosures under MIFIDPRU 8 with a reference date falling on or before 30 December 2022

12.6 R (1) This rule applies to disclosures required under MIFIDPRU 8 for which the reference date falls on or before 30 December 2022.

(2) Where this rule applies, a firm is not required to disclose the information required by the following:

(a) MIFIDPRU 8.2 (Risk management objectives and policies);

(b) MIFIDPRU 8.7 (Investment policy).

12.7 G (1) The effect of MIFIDPRU TP 12.6R is that for disclosures that have a reference date under MIFIDPRU 8 that falls on or before 30 December 2022, a firm is not required to disclose the information about its risk management or its investment policy that would ordinarily be required by that chapter. The reference date under MIFIDPRU 8 is the firm's accounting reference date.

(2) This means that for firms with an accounting reference date other than 31 December, their first disclosures under MIFIDPRU 8 in respect of the accounting year ending in 2022 do not need to include the information required under MIFIDPRU 8.2 or MIFIDPRU 8.7. Their disclosures for all subsequent accounting years must include all of the information required by MIFIDPRU 8.

(3) Conversely, for firms with an accounting reference date of 31 December, their first disclosures under MIFIDPRU 8 in respect of the accounting year ending on 31 December 2022 must include all of the information required by MIFIDPRU 8 (i.e. including the information required by MIFIDPRU 8.2 and MIFIDPRU 8.7), except for remuneration disclosures to which MIFIDPRU TP 12.8R applies. This is because MIFIDPRU will have been in force for an entire calendar year by that date and the firm should therefore have all of the information required to produce a complete disclosure reflecting the position as at 31 December 2022.

Remuneration disclosures that relate to a performance period that began before and ends after 1 January 2022

12.8 R (1) This rule applies to remuneration disclosures required under either of the following, where the conditions in (2) are met:

(a) BIPRU 11.5.18R to BIPRU 11.5.20R;
(b) article 450 of the *UK CRR*.

(2) The conditions referred to in (1) are that:

(a) the performance period to which the relevant disclosures in (1) relate;

(i) began before 1 January 2022, and

(ii) ends on or after 1 January 2022; and

(b) as a result of one of the following, a *firm* is no longer required to publish the disclosures in (1):

(i) the deletion of the *BIPRU* sourcebook with effect from 1 January 2022; or

(ii) changes to the scope of the *UK CRR* that took effect on 1 January 2022.

(3) Where this *rule* applies, a *firm*:

(a) is not required to publish the information specified in *MIFIDPRU* 8.6 for the performance period in (2)(a); and

(b) must publish the relevant disclosures that would have been required for that performance period under the rules in (1)(a) or (1)(b) (as applicable) if the *firm* had continued to be subject to those *rules* or that legislation in the form in which they stood immediately before 1 January 2022.

(4) A *firm* may comply with this *rule* by the remuneration disclosures required under (3)(b) being included within disclosures made on a *consolidated basis* where that would have been permitted by *BIPRU* 11 or article 450 of the *UK CRR* (as applicable) in the form in which those *rules* or that legislation stood immediately before 1 January 2022.

12.9 G (1) The effect of *MIFIDPRU* 12.8R is that for disclosures that relate to a remuneration performance period that begins before 1 January 2022 and ends on or after 1 January 2022, a *firm* is not required to disclose the information about its remuneration policies and practices that would ordinarily be required by *MIFIDPRU* 8.6. Instead, the *firm* must publish the remuneration information specified in the disclosure requirements that applied to the *firm* at the time at which the relevant performance period began (i.e. the remuneration information required either by *BIPRU* 11.5 or article 450 of the *UK CRR*, as applicable).

(2) For the first full performance period starting after 1 January 2022, a *MIFIDPRU* *investment firm* will be required to make its
first disclosures under *MIFIDPRU* 8.6 (Remuneration policies and practices) on the next occasion following the end of the relevant performance period on which:

(a) the firm publishes its annual *financial statements*; or

(b) where it does not publish annual *financial statements*, the date on which its annual solvency statement is submitted to the *FCA* in accordance with the requirements in *SUP* 16.12.

Insert the following schedule after MIFIDPRU Schedule 5 (Rules that can be waived or modified). The text is not underlined.

**Sch 6 List of Part 9C rules**

Sch 6.1 G This schedule contains a list of Part 9C rules (as defined in section 143F(1) of the Act) for the purposes of section 143F(2) of the Act.

Sch 6.2 G (1) Except as specified in (2), each of the following is a Part 9C rule:

(a) *every rule* in *MIFIDPRU*; and

(b) *every rule* in SYSC 19G (MIFIDPRU Remuneration Code).

(2) The following provisions are not Part 9C rules:

(a) *MIFIDPRU* 4.4.1R(3);

(b) *MIFIDPRU* 4.4.3R(2)(c);

(c) *MIFIDPRU* 4.4.4R(2)(c); and

(d) *MIFIDPRU* 4.4.6R.

6A The power to impose a suspension, restriction, condition limitation or disciplinary prohibition

6A.1 Introduction

6A.1.1 G DEPP 6A sets out the FCA’s statement of policy with respect to:

(1) The imposition of suspensions or restrictions under sections 88A, 89Q, 143W and 206A of the Act, and the period for which
those suspensions or restrictions are to have effect, as required by sections 88C(1), 89S(1) and 210(1) of the Act;

...

6A.1.2 G ...

(2) “restriction” refers to limitations or other restrictions in relation to:

...

(c) the performance of services to which a sponsor’s approval relates (under section 88A(2)(c) of the Act); and;

(d) the dissemination of regulated information by a primary information provider (under section 89Q(2)(c) of the Act); and

(e) the exercising of functions by a person of an FCA investment firm or a parent undertaking of an FCA investment firm (under section 143W(5) of the Act).

...

6A.1.3 G ...

(1) ...

...

(3) we may impose a restriction on the exercise of the functions by a person of an FCA investment firm or a parent undertaking of an FCA investment firm.

6A.1.4 G The powers to impose a suspension, restriction, condition or limitation in relation to authorised persons and approved persons, to impose a restriction on non-authorised parent undertakings of FCA investment firms, members of the management body and employees of non-authorised parent undertakings who are knowingly concerned in contravention of FCA rules and to impose a disciplinary prohibition in relation to individuals, are disciplinary measures; where the FCA considers it necessary to take action, for example, to protect consumers from an authorised person, the FCA will seek to cancel or vary the authorised person’s permissions.

...

...
6A.3 Determining the appropriate length of the period of suspension, restriction, condition or disciplinary prohibition

... 

6A.3.2 G ... 

(1) ... 

... 

(4) The impact of suspension, restriction, condition or disciplinary prohibition on the person in breach

The following considerations may be relevant to the assessment of the impact of suspension or restriction on an authorised person, sponsor, or primary information provider or non-authorised parent undertaking:

(a) the authorised person’s, sponsor’s, or primary information provider’s, or non-authorised parent undertaking’s expected lost revenue and profits from not being able to carry out the suspended or restricted activity;

(b) the cost of any measures the authorised person, sponsor, primary information provider or non-authorised parent undertaking must undertake to comply with the suspension or restriction;

... 

(d) the effect on other areas of the authorised person’s, sponsor’s, or primary information provider’s or non-authorised parent undertaking’s business; and

(e) whether the suspension or restriction would cause the authorised person, sponsor, or primary information provider or non-authorised parent undertaking serious financial hardship.

The following considerations may be relevant to the assessment of the impact of suspension or condition on an approved person or the impact of a disciplinary prohibition or restriction on an individual:

... 

... 

6A.3.3 G The FCA may delay the commencement of the period of suspension, restriction or disciplinary prohibition. In deciding whether this is
appropriate, the FCA will take into account all the circumstances of a case. Considerations that may be relevant in respect of an *authorised person, sponsor, or primary information provider or non-authorised parent undertaking* include:

... 

(2) any practical measures the *authorised person, sponsor, or primary information provider or non-authorised parent undertaking* needs to take before the period of suspension or restriction begins, for example, changes to its systems and controls to enable it to stop or limit the activity in question;

(3) the impact of the suspension or restriction on other costs incurred by the *authorised person, sponsor or primary information provider or non-authorised parent undertaking*, for example, cancelling suppliers or suspending employees.

... 

**Sch 3**  Fees and other required payments

... 

3.2 G  The FCA’s power to impose financial penalties is contained in:

... 

section 131G (Power to impose penalty or issue censure) of the *Act*

Section 143W (Disciplinary powers for non-authorised parent undertakings) of the *Act*.

... 

**Sch 4**  Powers Exercised

4.1 G  The following powers and related provisions in or under the *Act* have been exercised by the FCA to make the statements of policy in *DEPP*:

... 

Section 139A (Power of the FCA to give guidance)

Section 143Y (Statement of policy for penalties under section 143W)

...
Annex F

Amendments to the Enforcement Guide (EG)

In this Annex, underlining indicates new text and striking through indicates deleted text.

7 Financial penalties and other disciplinary sanctions

7.1 The FCA’s use of sanctions

7.1.2 The FCA has the following powers to impose sanctions.

(1) ... 

... 

(3) It may impose a suspension, limitation or other restriction:

... 

(c) on a primary information provider under section 89Q of the Act;

(d) on an authorised person under sections 123B or 206A of the Act;

(e) on a non-authorised parent undertaking under section 143W of the Act.

...
