

Chapter 7

Commission Implementing Regulation (EU) 2016/1055

Article 2 Means for public disclosure of
inside information

(1) Issuers and

UKFCA 2021/16

emission allowance market participants shall disclose inside information pursuant to
Article 17 of Regulation (EU) No 596/2014 using technical means that ensure:

(a) inside information is disseminated:

(i) to as wide a public as possible on a non-discriminatory basis;

(ii) free of charge;

(iii) simultaneously throughout the UK;

(b) inside information is communicated, directly or through a third party, to the media
which are reasonably relied upon by the public to ensure its effective dissemination.
That communication shall be transmitted using electronic means that ensure that the
completeness, integrity and confidentiality of the information is maintained during the
transmission, and it shall clearly identify:

(i) that the information communicated is inside information;

(ii) the identity of the issuer or

UKFCA 2021/16

emissions allowance market participant: full legal name;

(iii) the identity of the person making the notification: name, surname, position
within the issuer or

UKFCA 2021/16

emission allowance market participant;

(iv) the subject matter of the inside information;

(v) the date and time of the communication to the media.

Issuers and

UK FCA 2021/16

allowance market participants shall ensure the completeness, integrity and confidentiality by remedying any failure or disruption in the communication of inside information without delay.

(2) Emission

UK emissionFCA 2021/16

allowance market participants required to disclose inside information in accordance with Article 4 of Regulation (EU) No 1227/2011 may use the technical means established for the purpose of disclosing inside information under that Regulation for the disclosure of inside information under Article 17(2) of Regulation (EU) No 596/2014 provided the inside information required to be disclosed has substantially the same content and the technical means used for the disclosure ensure that the inside information is communicated to the relevant media.
